Over 11,000 Mahindra Lifespaces® families can now avail Extramarks’ online learning solutions at preferential rates

Mumbai, October 8, 2020: Mahindra Lifespaces®, the real estate arm of Mahindra Group, has partnered with Extramarks Education, a global Ed-tech leader, to make rich-media based online learning content and services available at special rates for its customers, residents, channel partners and employees. This first-of-its-kind initiative by a corporate real estate developer in India draws inspiration from the insight that tech-enabled learning at home is one of the few activities that has continued uninterrupted despite the lock-down; and that the right built environment is imperative for effective and joyful learning.

As part of the special initiative, Mahindra Lifespaces® families across India can avail discounts of up to 50% on online learning programs and modules offered by Extramarks, as well as free trial vouchers and coupons every fortnight. Extramarks is a learning companion for students through all stages of education - pre-school, school learning (kindergarten through Class 12, and spanning all subjects) and competitive exam preparation (JEE, NEET, etc.). Extramarks’ Learning App, Test App and Live Digital Classes provide a fun and engaging experience for learning anytime, anywhere.

Arvind Subramanian, Managing Director and CEO, Mahindra Lifespace Developers Ltd., said, “We are deeply cognizant of the continually evolving lifestyle needs of our customers, for whom the home is now at the centre of their day-to-day lives and experiences. Our partnership with Extramarks is the first of multiple initiatives that will help us create long-term value for our stakeholders via a range of services and offerings that improve overall quality of life.”

Atul Kulshrestha, Founder and CMD, Extramarks Education, added, “Extramarks is delighted to partner with Mahindra Lifespaces to spread the Joy of Learning among Mahindra families. Since its inception, Extramarks has devoted itself to making learning a joyous and fun experience for students, along with ensuring complete and holistic access to education anytime, anywhere. Through this initiative, we hope the philosophy of Extramarks reaches the homes of many more learners and helps add a renewed vigour to the rest of 2020.”
