Tech Mahindra partners with global cybersecurity leader to provide holistic cybersecurity services for customers globally

New Delhi – July 8th, 2021: Tech Mahindra, a leading provider of digital transformation, consulting and business re-engineering services announced the Managed Security Services Provider (MSSP) partnership with Palo Alto Networks, a global cybersecurity leader. This agreement leads to the expansion of Tech Mahindra's global partnership with the company to provide a full suite of Managed Security Services.

As a Palo Alto Networks NextWave Partner, Tech Mahindra is working towards the creation of specialised industry solutions and IP, leveraging the best of breed Palo Alto Networks solutions covering all major security solutions towers. As an MSSP, Tech Mahindra would offer complete visibility and control of the network, endpoint and cloud security including value added services like risk assessment, posture management, workload protection, orchestration etc. to global customers.

Rajesh Chandiramani, Global Business Head ESRM (Enterprise Security Risk Management), Artificial Intelligence, Data & Analytics, Cloud, Tech Mahindra, said, “Tech Mahindra is committed to providing

world-class security, delivering trusted and mission-critical services to customers globally. This partnership with Palo Alto Networks is in line with our NXT.NOW framework, to bring a global scale with cybersecurity experts along with its MSSP services – covering security for cloud, endpoint, network and application managed by Artificial Intelligence (AI), Automation.”

With this specialisation, Tech Mahindra will amplify its MSSP offerings with a wide variety of services catering to all solution towers like application security, network security and cloud security. Further, it will bring different security services under a single and flexible customisable offering.

“With the increased adoption of the hybrid work model, it is critical for organisations to ensure that infrastructure and resources essential for work remain available and secure. This partnership with Tech Mahindra will help provide an end-to-end approach towards cybersecurity, and meet customer needs in a dynamic security market, helping organisations simply and securely navigate digital transformation.” said **Anil Valluri, Regional Vice President for India and SAARC at Palo Alto Networks.**

As part of NXT.NOW framework, which aims to enhance ‘Human Centric Experience’, Tech Mahindra focuses on investing in emerging technologies and solutions that enable digital transformation and meet the evolving needs of the customer.
