# Introduction

**Our** country has been evident to the origin of the Gurukul Education system. Since then, the importance of education has been very evident to all.

Education has played a very crucial role in shaping individuals' thought processes. Similarly, the Vishal Mumbai Shikshan Prasarak Mandal under the aegis of Mr. J.M. Abhyankar came up with an idea to renovate the existing school campus to provide holistic education to students.

The school has access to all the required resources that can help students to grow, making the school independent and ensuring the sustainability of the project.

## About

The project is an initiative launched under the guidance of the Mr. J.M. Abhyankar..

## Project Location

Goregaon (West), Mumbai, Maharashtra

## Capacity

The school can now accommodate close to 3000 students

# About Project – Adarsh Vidyalaya

- To provide students with stimulating, supportive & inspirational environments where they are valued & encouraged to succeed as lifelong learners.
- Create a generation of confident, independent, resilient, global citizens.

## Established

in Year 1960, it has been a model of excellence for more than 60 years now.

The school provides education to students from pre-primary to 10<sup>th</sup> grade.

## Teachers & Students

Close to 100 teachers will be responsible for the learning and growth of students.

The school can now accommodate more than 3000 students.

## Area

- The entire premises is constructed on 1,41,069 sq ft.
- School now has 48 classrooms and 20 laboratories.
- The premises will have a basement, ground +7 floors.

## Medium of Instruction

Initially established to run only in SSC Marathi Medium.

Later the school added English as a medium of education and currently has both the mediums.

## HIGHLIGHTS OF THE PROJECT

Adarsh Vidyalaya has been established to continue the legacy of providing holistic education and as a launch pad to fulfil the aspirations of students. The project has ensured access to better facilities for children coming from economically weaker sections of the society.

The existing school building was inadequate to accommodate the increasing number of students and meet their growing requirements.

01

Mahindra and Mahindra provided support for the construction of the school building in FY 20, FY 21, FY 22 under its CSR initiative.

02

1. Enhanced infrastructure
2. Increased capacity
3. Improved learning environment
4. Better safety and security
5. Long-term sustainability

# IRECS Evaluation

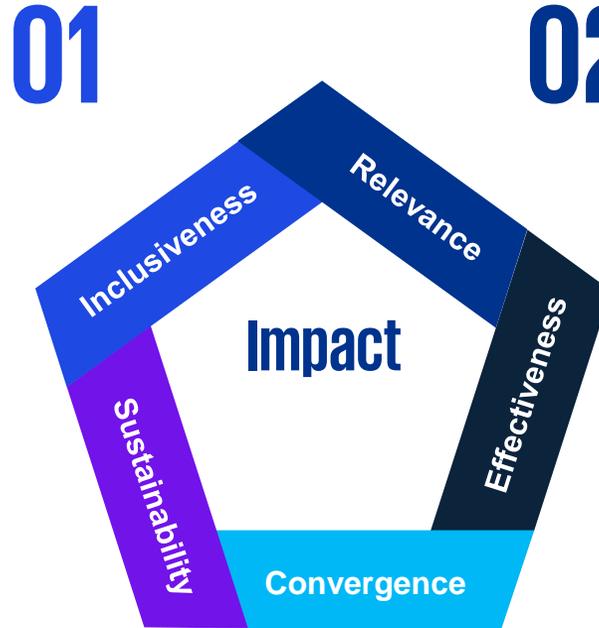

The overall impact assessment findings may be mapped as per the criteria of the IRECS framework as follows:

## Inclusiveness

The school ensures that students from diverse sections of the community are provided with an opportunity to study in the school. Students from economically weaker sections also have an opportunity to study in Marathi as well as English medium school.

## Sustainability

Access to better curriculum and facilities will ensure the project is independent and requires minimal support from the external sources.

01

02

## Relevance

The existing school building was inadequate to accommodate the increasing number of students and meet their growing requirements.

03

## Effectiveness

Holistic curriculum ensures the growth of students in all the areas.

04

## Convergence

The School engages with the parents from the local community as part of its parents teacher engagement process. It is delivering State Board's education curriculum in Marathi as well as English medium.

05

# Thank You
