Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our

auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
   e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
   a) The Company has disclosed the impact of pending litigations as at 31 March 2022 on its financial position in its financial statements - Refer Note 22 to the financial statements.
   b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
   c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
   d) (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
      - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
      - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

      (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
      - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
      - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.

      (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.
   e. The Company has neither declared nor paid any dividend during the year.

   (C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

   In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

With reference to the Annexure A referred to in paragraph 1 of our report to the members of the Company on the financial statements for the year ended 31 March 2022, we report that:

(i) (a) (A) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any Property, Plant and Equipment. Accordingly, clause 3(i)(a)(A) of the Order is not applicable.

(B) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any intangible assets. Accordingly, clause 3(i)(a)(B) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any Property, Plant and Equipment. Accordingly, clause 3(i)(b) of the Order is not applicable.

(c) The Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Right of Use assets during the year. Further, the Company did not have any Property, Plant and Equipment and intangible assets.

(e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company did not hold any physical inventories during the year. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments and provided guarantee to a company in respect of which the requisite information is as below. The Company has not made any investment or not provided any guarantee to firms, limited liability partnership or any other parties during the year.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has stood guarantee, aggregating to rupees 9,500 lakhs to one of its subsidiaries. Such guarantee was closed as at the end of the year.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made and guarantees provided during the year and the terms and conditions of the guarantees provided during the year are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans. Accordingly, clause 3(iii)(c), (d), (e) and (f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made and guarantees given by the Company, in our opinion the provisions of Section 185 and 186 of the Companies Act, 2013 (the Act") have been complied with. Further, the Company has not given any loans or provided any security as specified under Section 185 and 186 of the Act.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the activities carried on by the Company during the year. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST') and Income-Tax and other statutory dues have been regularly deposited by the Company with the appropriate authorities.

As explained to us, the Company did not have any dues on account of Provident fund, Employees' State Insurance,Duty of Customs and Cess.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Services Tax ('GST') and Income-Tax dues were in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Act.The Company does not hold any investment in any associate or joint venture during the year ended 31 March 2022.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. The Company does not hold any investment in any associate or joint venture (as defined under Companies Act, 2013) during the year ended 31 March 2022.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Based on the information and explanations provided to us, the Company does not have a vigil mechanism and is not required to have a vigil mechanism as per the Act.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clauses 3(xii)(a), (b) and (c)of the Order are not applicable.

(xiii) The Company is a private limited company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business. Also, refer b below.

(b) Based on the information and explanations provided to us, no internal audit was conducted during the year and hence, the Internal Audit Reports could not be considered by us.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. However, the Company is exempted from registration as CIC and continues to meet the criteria for such exemption.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 6 CICs as part of the Group (including 3 CICs which are in the process of getting merged with another group company).

(xvii) The Company has incurred cash losses of Rs. 15.13 lakhs in the current financial year. However, the Company has not incurred cash losses in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA AEROSPACE PRIVATE LIMITED FOR THE PERIOD ENDED 31 MARCH 2022.

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph (2A(f)) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements ofMahindra Aerospace Private Limited("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Noteand the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controlswith reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statementswere established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statementsis a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on thefinancial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference tofinancial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR MARCH 31, 2022

1. Corporate Information

Mahindra Aerospace Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P.K Kurne Chowk, Worli, Mumbai - 400018. The Company was incorporated on February 28, 2008, under the provisions of the Indian Companies Act, 1956. Presently the Company is holding investments in subsidiaries engaged in the business of manufacturing aircrafts and Aerostructures and design and development of 5 seat aircraft.

2. Basis of preparation and Significant accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 26 Apr 2022.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value

D. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3 leases: whether an arrangement contains a lease and lease classification

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2022 is included in the following notes:

Note 22 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

Note 29 - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Notes 4 and 5 - impairment of financial assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

- Note 21 - financial instruments.

2.2 Significant accounting policies

a) Property Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. **Depreciation**

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value using straight line method over the useful lives of assets estimated by the Company based on an internal technical evaluation performed by the management and is recognised in the statement of profit and loss. Depreciation for assets purchased / sold during the period is proportionately charged.

The range of estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life
Plant and Machinery, Office equipment, furniture & fixtures	2 years, 5 years, 10 years, 15 years
Vehicles	5 years

The Company believes the useful lives as given above best represent the useful lives of these assets based on internal assessment where necessary, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

b) **Intangible Assets**

Internally generated: Research and development

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses.

Others:

Other intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight - line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life
Computer software	3-5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

c) **Impairment of assets**

i. **Financial Assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12- month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

ii. **Non-financial assets**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

d) **Investment in subsidiaries**

The company accounts for its investment in subsidiaries at cost less accumulated impairment, if any.

e) **Other Income**

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss.

f) **Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, modified retrospectively, with the cumulative effect of initially applying the Standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Company has not restated the comparative information.

As a lessee:

For transition, the Company has elected not to apply the requirements of Ind AS 116 leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

The difference between the future minimum lease rental commitments towards non-cancellable operating leases reported as at March 31, 2019 compared to the lease liability as accounted as at April 1, 2019 is primarily due to inclusion of present value of the lease payments for the cancellable term of the leases, reduction due to discounting of the lease liabilities as per the requirement of Ind AS 116 to which the Company has chosen to apply the practical expedient as per the standard.

g) Financial Instruments

A. Recognition and initial measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

B. Classification and subsequent measurement

i. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Investment in subsidiaries, joint venture and associates

Investment in subsidiaries, joint venture and associates Investment in subsidiaries, joint venture and associates is carried at cost in the financial statements.

C. De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

h) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

i) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in Statement of profit and loss in the period in which they are incurred.

k) Business combination

Business combinations arising from transfers of interest in entities that are under the control of the shareholder that controls the Company are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established; for this purpose comparatives are revised. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved and they appear in the financial statements of the Company in the same form in which they appeared in the financial statements of the acquired entity. The difference, if any, between the value of net assets and the consequent reduction in value of investment held by the Company is transferred to the capital reserve or to the accumulated balance of profit and loss.

l) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

AA disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

m) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

n) Employee benefits

i. Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

ii. Post-employment benefits

Contributions to defined contribution schemes such as Provident Fund, employee state insurance scheme, Pension Fund, etc., are considered as defined contribution plans and are recognised as expenses in the period in which the employee renders the related service.

The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the Statement of Profit and Loss.

iii. Other long-term employee benefits

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at 31 March every year using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

o) Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

p) Earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit / (loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit / (loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

q) Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

r) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2022.

	Nos	**%**	Nos	%
Mahindra and Mahindra Limited and its nominees*	**835,630,306**	**91.59%**	835,630,306	91.59%
Kotak Mahindra Trustee Limited (Trustee of Kotak India Growth Fund II)	**55,478,722**	**6.08%**	55,478,722	6.08%

* Includes 8 shares (2021: 8 shares) held by nominees jointly with Mahindra & Mahindra Limited

Mahindra & Mahindra Limited is the Promoter of the Company and there is no change in the shareholding during the year.

3) Rights, preferences and restrictions attached to shares:

a) Equity Shares:

The company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

b) 5% Non-Cumulative Compulsorily Convertible Preference shares (compound financial instruments):

50,00,000, 5% Non-Cumulative Compulsorily Convertible Preference shares (NCCCPS) of Rs. 10 each were issued in March 2015 to the holding Company, Mahindra & Mahindra Ltd. The NCCCPS holders will not be entitled to any of the rights and privileges available to the members of the company including the right to receive notices of or to attend and vote at General Meetings or to receive annual reports of the company. The NCCCPS holders shall not have the rights of participation in surplus assets and profits, on winding up which may remain after the entire capital has been repaid. The NCCCPS of Rs. 10 each shall have a preferential right to payment of divided and repayment, in the case of winding up or repayment of capital. The NCCCPS are convertible in to equity shares within a period of 3 years at a price to be determined as per terms of the issue.

During the year ended March 31, 2018, the company had extended the tenure of preference shares for the period of 3 years. The preference shares shall be compulsorily convertible into equity shares on or before March 30, 2021 at a price/rate which is discount of 18% to the price at which the above mentioned next round of funding happens. The IRR discount of 18% shall be adjusted to the extent of the dividend paid to the NCCCPS holders. In the event of equity infusion does not happen on or before March 30, 2021, then these NCCCPS shall be compulsorily converted into equity shares at par on March 30, 2021.

The said NCCCPS were converted into equity shares at par on March 30, 2021

4a) During previous year ended March 31, 2021, the company has made a rights issue offer of 35,000,000 equity shares of Rs. 10 each for cash at par. The offer period was from April 27, 2020 to May 11, 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, the Rights Issue Committee of the Board of Directors offered 3,576,714 unsubscribed shares to other existing shareholder of the Company. At the exipry of this offer period, 15,00,000 equity shares were not subscribed

The Rights Issue Committee of Board of Directors through circular resoltion dated June 6, 2020, approved the cancellation of the said unsubscribed shares.

4b) During previous year ended 31 March 2021, the company has made a rights issue offer of 2,75,60,000 equity shares of Rs. 10 each for cash at par. The offer period was from June 2, 2020 to June 19, 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, the Rights Issue Committee of the Board of Directors offered 2,816,407 unsubscribed shares to other existing shareholder of the Company.

The Rights Issue Committee of Board of Directors through circular resolution dated July 21, 2020, approved for allotment of 2,75,60,000 equity shares of Rs. 10 each for cash at par.

4c) During previous year ended March 31, 2021, the company has made a rights issue offer of 110,658,300 equity shares of Rs. 10 each for cash at par. The offer period was from September 23, 2020 to October 7, 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, or on receipt of intimation declining the said offer, the Board of Directors may offer such shares to the other existing shareholder of the Company.

The Rights Issue Committee of Board of Directors through circular resoltion dated October 28, 2020, approved the cancellation of 15,458,300 unsubscribed shares.

5) The Company has not allotted any fully paid equity shares by way of bonus shares nor has bought back any class of equity shares during the period of five years immediately preceding the balance sheet date nor has issued shares for consideration other than cash.

Securities premium reserve :

Securities premium reserve is used to record the premium received on issue of shares. The reserve is utilized in accordance with the provisions of the Act.

Retailed earnings:

The cumulative gain or loss arising from the operations which is retained by the Company is recognized and accumulated under the heading of retained earnings. At the end of the year, the profit / (loss) after tax is transferred from the Statement of profit and loss to retained earnings.

Other comprehensive income:

Differences between the interest income on plan assets and return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognized in 'Other equity' and subsequently not reclassified to the Statement of profit and loss.

Equity component of 5% Non-Cumulative Compulsorily Convertible Preference shares:

This represents fair valuation of equity portion of the NCCCPS which is routed through other comprehensive income.

Note 19: Employee benefits

(a) Defined Contribution Plan:

The Company's contribution to Provident Fund and others aggregating Rs. NIL (2021: Rs. NIL) has been recognised in the Statement of Profit or Loss under the head employee benefits expense.

(b) Defined Benefit Plans:
Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund. However, during the year, the company did not had any eligible employees to whom the gratuity was payable and accordingly, no actuarial valuation was carried out. The receivable from the Gratuity trust of the Company has been recognised in these financial statements under Note 9, as the Company has right to recover the surplus available in the trust.

A Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities as at 31 March 2021, including their levels in the fair value hierarchy.

Rs in Lakhs

Particulars	Note	Carrying amount					Fair value			
		FVTPL	FVOCI	Other financial assets -amortised cost	Other financial liabilities	Total carrying amount	Level 1	Level 2	Level 3	Total
Financial assets not measured at fair value										
Investments	4			19,514.00		19,514.00				
Cash and cash equivalents	8	–	–	11.29	–	11.29	–	–	–	–
Security deposits	5	–	–	3.60	–	3.60	–	–	–	–
Fixed Deposits	8A			285.00		285.00				
Interest accrued on deposits	5			–		–				
		–	–	19,813.89	–	19,813.89	–	–	–	–

Rs in Lakhs

Particulars	Note	FVTPL	FVOCI	Other financial assets -amortised cost	Other financial liabilities	Total carrying amount	Level 1	Level 2	Level 3	Total
		Carrying amount					Fair value			
Financial liabilities not measured at fair value										
Trade payables	12	–	–	–	3.00	3.00	–	–	–	–
		–	–	–	3.00	3.00	–	–	–	–

The following table shows the carrying amounts and fair values of financial assets and financial liabilities as at March 31, 2021, including their levels in the fair value hierarchy.

Rs in Lakhs

Particulars	Note	FVTPL	FVOCI	Other financial assets -amortised cost	Other financial liabilities	Total carrying amount	Level 1	Level 2	Level 3	Total
		Carrying amount					Fair value			
Financial assets not measured at fair value										
Investments	4			19,514.00		19,514.00				
Cash and cash equivalents	8	–	–	14.27	–	14.27	–	–	–	–
Security deposits	5	–	–	3.60	–	3.60	–	–	–	–
Fixed Deposits	8A			293.00		293.00				
Interest accrued on deposits	5			8.98		8.98				
		–	–	19,833.85	–	19,833.85	–	–	–	–
Financial liabilities not measured at fair value										
Trade payables	12	–	–	–	3.92	3.92	–	–	–	–
		–	–	–	3.92	3.92	–	–	–	–

The fair value of cash and cash equivalents, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value.

Investment in equity shares of subsidiaries are not appearing as financial asset in the table above being investment in subsidiaries accounted under Ind AS 27, Separate Financial Statements which is scoped out under Ind AS 109.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, other receivables, deposits and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:

– Market risk

– Credit risk

– Liquidity risk

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at March 31, 2022 and March 31, 2021. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2022 and March 31, 2021.

a. Interest rate risk

The company doesn't have borrowings. Hence interest rate risk is not applicable.

b. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's does not have any exposure to the risk of changes in foreign exchange rates as there are no operations being carried out (revenue or expense is denominated in a foreign currency) by the company.

c. Foreign currency sensitivity

The company doesn't have any foreign currency exposure outstanding as at balance sheet date. Hence foreign currency sensitivity risk is not applicable.

(ii) Credit risk

Company does not have any operations and hence credit risk is not applicable.

Financial Instrument and Cash Deposit

Credit risk from balances with banks and financial institutions is managed by the Company's operation department in accordance with the Company's policy. Investments of surplus funds are made only with approved Banks within the limits assigned. These limits are reviewed by the Company's Board of Directors as and when required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss and potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31st March 2022 and 2021 is the carrying amounts.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

Rs in lakhs

	On demand	Less than 1 year	1 to 2 Year	2 to 5 year	More than 5 Years	Total
Year ended March 31, 2022						
Trade payables	–	3.00	–	–	–	3.00
	–	**3.00**	**–**	**–**		**3.00**
Year ended March 31, 2021						
Trade payables	–	3.92	–	–	–	3.92
	–	**3.92**	**–**	**–**	**–**	**3.92**

D Capital management:

The Company's capital management objectives are:

– to ensure the Company's ability to continue as a going concern.

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity and profit and loss account as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. The Company is not subject to externally enforced capital regulation. The Company's capital requirements are substantially met through the issue of equity to the holding companies.

There is no change in the overall capital risk management strategy of the Company compared to last year.

22. Contingent liabilities:

(a) Corporate Guarantees issued in respect of borrowings availed by subsidiary company – Rs. NIL (2021: Rs. 9,500 Lakhs)

(b) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution form the date of Supreme court order. The probable obligation for past periods amounting to Rs. 0.30 Lakhs has been considered by the Company as contingent liability.

(c) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs. Nil (2021: Rs. Nil)

Note: The Company is contesting the demands and the management believes that its position will likely be upheld in the various appellate authorities/courts and the ultimate outcome will not have a material adverse effect on the Company's financial position and results of operations.

23. Earnings per share

Basic earnings per share amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders by the weighted average number of Equity Shares outstanding during the year.

Rs in Lakhs

Sr. No.	Particulars	**For the year ended March 31, 2022**	For the year ended March 31, 2021
(a)	Earnings attributable to equity shareholders	**(16.67)**	(24,033.38)
(b)	Weighted average number of equity shares outstanding during the year	**912,389,607**	837,239,580
(c)	Basic Earnings per share (Rs.)	**(0.00)**	(2.87)
(d)	Diluted Earnings per share (Rs.)	**(0.00)**	(2.87)

Weighted average no of shares (basic & diluted)

Sr. No.	Particulars	**For the year ended March 31, 2022**	For the year ended March 31, 2021
(a)	Opening Balance	**912,389,607**	751,129,607
(b)	Effect of fresh issue of shares	**–**	86,109,973
(c)	Weighted average no of shares	**912,389,607**	837,239,580

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings/(loss) per share as follows:

Particulars	**For the year ended March 31, 2022**	For the year ended March 31, 2021
Weighted average number of equity shares used in the calculation of Basic EPS	**912,389,607**	837,239,580
Add: Effect of potential equity shares	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**912,389,607**	837,239,580

24. Dues to micro and small enterprises

There are no micro and small enterprises to which the Company owes dues, which are outstanding for more than 45 days as at March 31, 2022. This information as required under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.

25. NM5 Project

During November 2008, erstwhile M/S. Plexion Technologies India Pvt. Ltd., which was later on merged with Mahindra Engineering Services Limited (MESL), had entered into a Collaboration Agreement with Council of Scientific Industrial Research (CSIR), represented by National Aerospace Laboratories (NAL) for Joint Development, Commercial Production and Marketing of a 4-Seater Aircraft (NM 5 Project). By virtue of a Deed of Assignment dated 28th May, 2008, signed between MESL, the Company and Council of Scientific Industrial Research (CSIR), the rights, obligations and benefits of MESL under the said Collaboration Agreement was assigned to the Company by MESL and duly affirmed by CSIR. As per the Collaboration Agreement, the Company jointly owns the Intellectual Property Rights arising from joint development of the aircraft. Such Intellectual Property Rights arising from joint development of the aircraft will be a jointly held intangible asset. The Company has built a prototype of the aircraft which has carried out a successful test flight.

The Company had so far incurred an expenditure of Rs. 274.63 Lakhs (2021 : Rs. 274.63 Lakhs) on tools and jigs and Rs. 2,098.63 Lakhs (2021 : Rs. 2,098.63 Lakhs) towards the design & development and building one prototype aircraft and these were included under 'Capital work in progress' and 'Intangible assets under development' respectively.

The Management had evaluated the carrying value of above mentioned assets based on the projections of the project and recognized a cumulative impairment of Rs. 2,373.26 Lakhs (2021: Rs. 2,373.26 Lakhs)

26. The Company's Management assesses the operations of the subsidiaries, including the future projections, to identify indications of diminution, other than temporary, in the value of the investments recorded in the books of account. The Company based on market conditions and business projections, assessed the recoverable amount for investment in Mahindra Aerospace Australia PTY Ltd (wholly owned subsidiary in Australia) and Mahindra Aerostructures Limited, which individually represents cash generating unit (CGU).

Accordingly during the current year, the Company recognised a provision of Rs. NIL (2021: Rs. 12,011.03 Lakhs) for diminution in value of investment in Mahindra Aerospace Australia PTY Ltd, resulting entire investment to be fully impaired and Rs. NIL (2021: Rs 12,050.00 Lakhs) in value of investment in Mahindra Aerostructures Private Limited, both being 100% subsidiaries of the company.

During the previous year ended March 31, 2021, the Board of Directors of Company's subsidiary Mahindra Aerospace Pty Ltd approved appointment of Advisors for sale of entire 100% equity ownership and/or sale of all assets or business of/or shares of Mahindra Aerospace Australia Pty Ltd and its Subsidiaries namely - GippsAero Pty Ltd., Airvan10 Pty Ltd., GA8 Airvan Pty Ltd., GA200 Pty Ltd., Airvan Flight Services Pty Ltd and Nomad TC Pty Ltd

27. Segment Reporting:

The Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by industry classes. Accordingly, segment information has been presented for industry classes.

The operating segment of the Company is identified to be "design, development and manufacturing of aircrafts and Aerostructures" as the CODM reviews business performance at an overall Company level as one segment.

Note 28- Key Ratios

Ratio	Numerator	Denominator	Current period	Previous period	% Variance	Reason for Variance
Current ratio	308.64	7.29	42.34	31.93	33%	Reduction in current liabilities during the current year

Trade Receivables Turnover ratio	Net Credit Sales / Avg receivables
Trade Payables Turnover ratio	Net Credit purchases / Avg trade payables
Net capital turnover ratio	Net Sales / working capital
Net profit ratio	Net Profit / Net Sales
Return on capital employed	Net profit after taxes+finance cost/(Tangible Net Worth + Total Debt + Deferred Tax liability)

Note 29 Income taxes

The Company has carried out its deferred tax computation in accordance with Ind AS 12 'Income Taxes' notified under the Companies (Indian Accounting Standards) Rules, 2015.

(a) Significant components & classification of deferred tax assets and liabilities are as follows:

Particulars	**As at March 31, 2022**	As at March 31, 2022
Deferred tax liabilities		
Related to depreciation of fixed assets	**–**	1.31
Total deferred tax liability (a)	**–**	1.31
Deferred tax assets		
Provision for diminution of Investments	**25,703.67**	25,703.67
Provision for service tax credit and others	**36.87**	36.87
Provision for goods and service tax input credit	**6.54**	9.55
Carry forward losses	**4.72**	1.16
Others	**0.23**	0.23
Total deferred tax assets (b)	**25,752.04**	25,751.49
Net deferred tax assets/(liabilities) (b-a)	**25,752.04**	25,750.18

Having regard to the accumulated losses, the Company has not recognised the net deferred tax assets in the absence of reasonable certainty at this stage that there will be sufficient future taxable income available to realize such assets.

(b) Amount reocognised in statement of profit and loss

Particulars	**For the year ended March 31, 2022**	For the year ended March 31, 2022
Current Tax	**–**	9.00
Tax charge/ (credit) of earlier years	**2.86**	0.92
Deferred tax	**–**	–

(c) Reconciliation of effective tax rate

Particulars	**As at March 31, 2022**		As at March 31, 2021	
Profit/(loss) before tax		**(13.81)**		(24,023.46)
Income tax expense calculated at domestic tax rates applicable to profits	**26.00%**	**(3.59)**	26.00%	(6,246.10)
Tax effects of:				
Permanent difference	**-1.63%**	**0.23**	-26.05%	**6,257.11**
Timing differences	**1.39%**	**(0.19)**	0.05%	**(11.01)**
Deferred tax asset not recognised in statement of profit and loss		**(3.56)**		**–**
Income tax expense		**–**		9.00
Tax charge/ (credit) of earlier years		**2.86**		0.92
Effective tax rate		**0.00%**		26.00%

(d) Tax losses

Particulars	**As at March 31, 2022**	**Expiry date**	As at March 31, 2021	Expiry date
Loss from business	**4.47**	**March 31, 2025**	4.47	March 31, 2025
	13.68	**March 31, 2031**		
Total	**18.16**		4.47	
Potential tax benefit	**4.72**		1.16	

30. In view of pandemic relating to COVID-19, the company has considered internal and external information and has performed sensitivity analysis based on current estimates in assessing the recoverability of receivables and other assets. The company has also assessed the impact of this whole situation on its capital and financial resources, profitability, liquidity position, internal financial reporting controls etc. and is of the view that based on its present assessment, this situation does not materially impact the financial result as on March 31,2022. However, the actual impact of COVID-19 on the company's financial statements, in future may differ from that estimated and the company will continue to closely monitor any material changes to future economic conditions.

31. In the view of the losses for the three immediately preceding financial years, the Company is not required to spend any amount on CSR activities during the current financial year.

32. The Company did not have any transactions with any struck-off companies during the year (2021: NIL).

33. During the year ended March 31, 2022, no material foreseeable loss (2021: Nil) was incurred for any long-term contract including derivative contracts.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Aerostructures Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Aerostructures Private Limited (the "Company"), which comprise the balance sheet as at 31 March 2022, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as Financial Statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Board report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit / loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we

are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a) The Company has disclosed the impact of pending litigations as at 31 March 2022 on its financial position in its financial statements - Refer Note 30 to the financial statements.

   b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

   (d) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

   - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
   - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

   (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

   - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
   - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.

(iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.

e) The Company has neither declared nor paid any dividend during the year.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

With reference to the Annexure A referred to in paragraph 1 of our report to the members of the Company on the financial statements for the year ended 31 March 2022, we report that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(a) (B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified every year. In accordance with this programme, property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. The discrepancies noticed on such verification were not material and have been properly dealt with in the books of account.

(c) The Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company. The Company did not have any sanctioned working capital limits from financial institutions.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues were in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in lakhs)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Customs Act, 1962	Custom duty and penalty	2,598.85 (232.14)*	FY 2014-15	Custom, Excise and Service Tax Appellate Tribunal, Chennai	
Customs Act, 1962	Custom duty (excluding interest)	41.36 (45.33)*	FY 2014-15	Joint Commissioner of Customs, Chennai	

* figures in brackets represent amounts paid under protest

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under Companies Act, 2013) during the year ended 31 March 2022. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under Companies Act, 2013) during the year ended 31 March 2022. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clauses 3(xii)(a), (b) and (c) of the Order are not applicable.

(xiii) The Company is a private limited company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business. Also, refer b below.

(b) Based on the information and explanations provided to us, no internal audit was conducted during the year and hence, the Internal Audit Reports could not be considered by us.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve

Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 6 CICs as part of the Group (including 3 CICs which are in the process of getting merged with another group company).

(xvii) The Company has not incurred cash losses in the current financial year. However, the Company has incurred cash losses of Rs. 463.22 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA AEROSTRUCTURES PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2022.

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph (2A(f)) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Aerostructures Private Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. Corporate Information

Mahindra Aerostructures Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P.K Kurne Chowk, Worli, Mumbai – 400 018. The Company was incorporated on January 27, 2011 under the provisions of the Indian Companies Act, 1956. The Company is primarily involved in the business of manufacture and sale of aircraft components, assemblies and Aerostructures.

2. Basis of preparation and Significant accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The Financial Statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The Financial Statements were authorised for issue by the Company's Board of Directors on 26 April 2022.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgements

In preparing these Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3A – leases: whether an arrangement contains a lease and lease classification

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2022 is included in the following notes:

Note 27 – measurement of defined benefit obligations: key actuarial assumptions;

Note 30 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

Note 36 – recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Note 3 – useful life of property, plant and equipment

Notes 7 and 10 - impairment of Financial Assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

- Note 29 - financial instruments.

2.2 Significant accounting policies

a) Property Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value using straight line method over the useful lives of assets estimated by the Company based on an internal technical evaluation performed by the management and is recognised in the statement of profit and loss. Depreciation for assets purchased / sold during the period is proportionately charged.

The range of estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life
Factory Buildings – Roads, Compound Wall*	5 years to 30 years
Plant and Machinery*	2 years, 3 years, 5 years, 10 years and 15 years
Electrical Installations	10 years
Office Equipment's	3 years, 5 years and 10 years
Computers	3 years
Furniture and Fixtures	10 years
Vehicles	5 years

* The Company believes the useful lives as given above best represent the useful lives of these assets based on internal assessment where necessary, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

b) Intangible Assets

Internally generated: Research and development

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses.

Others:

Other intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight - line method and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life
Computer software	3-5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

c) Impairment of assets

i. Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12- month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

ii. Non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

d) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, modified retrospectively, with the cumulative effect of initially applying the Standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Company has not restated the comparative information.

As a lessee:

For transition, the Company has elected not to apply the requirements of Ind AS 116 leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

The difference between the future minimum lease rental commitments towards non-cancellable operating leases reported as at March 31, 2019 compared to the lease liability as accounted as at April 1, 2019 is primarily due to inclusion of present value of the lease payments for the cancellable term of the leases, reduction due to discounting of the lease liabilities as per the requirement of Ind AS 116 to which the Company has chosen to apply the practical expedient as per the standard.

e) Inventories

Inventories are valued at the lower of cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition) and estimated net realisable value, after providing for obsolescence, where appropriate. The comparison of cost and net realisable value is made on an item-by-item basis. The net realisable value of materials in process is determined with reference to the selling prices of related finished goods. Raw materials, packing materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

The provision for inventory obsolescence is assessed regularly based on estimated usage and shelf life of products.

Raw materials and stores and spares are valued at cost computed on moving weighted average basis. The cost includes purchase price, inward freight and other incidental expenses net of refundable duties, levies and taxes, where applicable.

Stock-in-trade is valued at the lower of net realisable value and cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition), computed on a moving weighted average basis.

Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Finished goods are valued at cost or net realisable value whichever is lower.

f) Financial Instruments

A. Recognition and initial measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

B. Classification and subsequent measurement

i. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

C. De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

g) Revenue Recognition

The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue (“contract liability”) is recognised when there is billings in excess of revenues.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

Product development income is recognized once the first articles are approved by the customers or achievement of mile stones as per customer contract.

Job work Income: Revenue from the rendering of services is recognised upon the delivery of service to the customers. In contracts involving the rendering of services, revenue is recognised pro-rata over the period contract as and when services are rendered.

h) Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss. Duty drawback and other incentives are recognized on accrual basis in the Statement of Profit and Loss.

i) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

j) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company’s monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

k) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate.

l) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in Statement of profit and loss in the period in which they are incurred.

m) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

n) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Director - Operations.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

o) Employee benefits

i. Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

ii. Post-employment benefits

Contributions to defined contribution schemes such as Provident Fund, employee state insurance scheme, Pension Fund, etc., are considered as defined contribution plans and are recognised as expenses in the period in which the employee renders the related service.

The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the Statement of Profit and Loss.

iii. Other long-term employee benefits

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at 31 March every year using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

p) Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

q) Earnings Per Share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit / (loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit / (loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

r) Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

s) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2022.

	Total	**46,45,00,000**	**46,450.00**	46,45,00,000	46,450.00

Notes:

1) The above 46,45,00,000 (2021: 46,45,00,000) shares are held by Mahindra Aerospace Private Limited, the holding company, Including shares held jointly with nominees.

2) Details of shareholders holding more than 5% shares in the Company:

Name of the shareholder	As at March 31, 2022 Nos	As at March 31, 2022 %	As at March 31, 2021 Nos	As at March 31, 2021 %
Mahindra Aerospace Private Limited and its nominees*	**46,45,00,000**	**100.00%**	46,45,00,000	100.00%

* Includes 8 shares (2021: 8 shares) held by nominees jointly with Mahindra Aerospace Private Limited

Mahindra Aerospace Private Limited is the Promoter of the Company and there is no change in the shareholding during the year

3) Rights, preferences and restrictions attached to equity shares:

The company has one class of equity shares having a par value of Rs.10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

4a) During previous year ended March 31, 2021, the company has made a rights issue offer of 3,35,00,000 equity shares of Rs. 10 each for cash at par. The offer period was from June 1, 2020 to June 15, 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, the Rights Issue Committee of the Board of Directors alloted 3,35,00,000 shares.

4b) During previous year ended March 31, 2021 the company has made a rights issue offer of 21,40,000 equity shares of Rs. 10 each for cash at par. The offer period was from October 30, 2020 to November 13, 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, the Rights Issue Committee of the Board of Directors alloted 21,40,000 shares.

5) The Company has not allotted any fully paid equity shares by way of bonus shares nor has bought back any class of equity shares during the period of five years immediately preceding the balance sheet date nor has issued shares for consideration other than cash.

Note 13: Other equity

Note 27: Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and others aggregating Rs.103.01 Lakhs (2021 : Rs. 94.09 Lakhs) has been recognised in the Statement of Profit and Loss under the head employee benefits expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit is payable as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Plan Assets:

The details with respect to the investment made by Fund manager (Life Insurance Corporation) into major categories of plan assets have not been disclosed, as the same has not been provided by the Fund manager to the Company.

Actuarial Assumptions:

The principal assumptions used in determining defined benefit obligations and fair value of asset for gratuity and leave encashment are:

Particulars	31-Mar-22	31-Mar-21
Discount rate	**7.14%**	7.19%
Future salary increases	**6.00%**	6.00%
Attrition rate	**11.12%**	11.12%
Estimated rate of return on plan assets	**7.14%**	7.19%
Mortality	Indian Assured Lives Mortality (2012-14) (Ultimate)	Indian Assured Lives Mortality (2012-14) (Ultimate)

A quantitative sensitivity analysis for significant assumption as at 31 March 2022 are as below

	Gratuity						
Assumptions	Discount Rate		Further Salary Increase		Attrition		Mortality
Sensitivity Level	1% Increase	1% Decrease	1% Increase	1% Decrease	1% Increase	1% Decrease	10% Up
Impact on defined benefit obligation - Gratuity (Rs. in Lakhs)	(16.66)	19.57	19.10	(16.49)	0.61	(0.74)	0.01
Percentage change	(8.24%)	9.68%	9.45%	(8.16%)	0.30%	(0.37%)	0.00%

A quantitative sensitivity analysis for significant assumption as at 31 March 2021 are as below

	Gratuity						
Assumptions	Discount Rate		Further Salary Increase		Attrition		Mortality
Sensitivity Level	1% Increase	1% Decrease	1% Increase	1% Decrease	1% Increase	1% Decrease	10% Up
Impact on defined benefit obligation - Gratuity (Rs.in Lakhs)	(14.00)	16.50	16.11	(13.86)	0.36	(0.48)	0.010
Percentage change	(8.72%)	10.28%	10.04%	(8.63%)	0.23%	(0.30%)	0.01%

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions by the Company to the defined benefit plan in future years:

Rs. In lakhs

	Gratuity	
Particulars	31-Mar-22	31-Mar-21
Within the next 12 months	**13.50**	9.20
Between 2 and 5 years	**55.47**	38.25
Between 6 and 10 years	**47.02**	34.12

Other financial liabilities	**101.07**	**101.07**	42.06	42.06	–	–	–	–

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of cash and cash equivalents, trade receivables, loans, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value. Based on this evaluation, the Company records allowance for estimated losses on these receivables. As of March 31, 2022 and March 31, 2021, the carrying value of such receivables, net of allowances approximates the fair value.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:
– Market risk
– Credit risk
– Liquidity risk

The note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at March 31, 2022 and March 31, 2021. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2022 and March 31, 2021.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

b. Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Average Interest Rate	Increase/ decrease in base points	Effect on profit before tax
March 31, 2022			
Interest rates increased by 50 bps	2.36%	+50	Increase in interest by Rs. 5.63 Lakhs
Interest rates reduced by 50 bps	2.36%	-50	Reduction in interest by Rs. 5.63 Lakhs
March 31, 2021			
Interest rates increased by 50 bps	1.38%	+50	Increase in interest by Rs. 3.02 Lakhs
Interest rates reduced by 50 bps	1.38%	-50	Reduction in interest by Rs. 3.02 Lakhs

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

c. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

d. Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, GBP, EUR and SGD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The Company's exposure to foreign currency changes for all other currencies are not material.

Rs. In lakhs

	31-Mar-22		31-Mar-21	
Particulars	**Increase / decrease in basis points**	**Effect on profit before tax**	Increase / decrease in basis points	Effect on profit before tax-
USD	**+50**	**10.41**	+50	9.63
EUR	**+50**	**(0.10)**	+50	0.78
GBP	**+50**	**–**	+50	(0.03)
SGD	**+50**	**(0.01)**	+50	(0.01)
USD	**-50**	**(10.41)**	–50	(9.63)
EUR	**-50**	**0.10**	–50	(0.78)
GBP	**-50**	**–**	–50	0.03
SGD	**-50**	**0.01**	–50	0.01

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in US dollars, where the functional currency of the entity is a currency other than US dollars.

(ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

a. Trade Receivable

Trade Receivables: The credit period on sales ranges between 30 to 120 days. No interest is charged on trade receivables. The company's customers are reputed Aerospace industry companies having good financial position and there is no past default experience of the counter parties. Trade receivables disclosed below includes the amounts that are past due at the end of the reporting period for which the company has not recognised an allowance for doubtful debts because there has not been a significant change in credit quality and amounts are still considered recoverable.

Rs. In lakhs

Particulars	**31-Mar-22**	31-Mar-21
Not Due	**2,300.38**	1,806.84
< 30 days due	**470.03**	15.62
30-60 days due	**2.13**	0.61
61-180 days due	**0.14**	–
181-360 days due	**–**	–
> 360 days due	**–**	–
Total	**2,772.68**	1,823.07

Information about major customers:

Revenue from single external customer is Rs. 2,547.48 Lakhs (2021: Rs. 1,572.51 Lakhs) representing 26% (2021: 24%) of Company's total revenue from operations for the year ended March 31, 2022. Receivables from single external customer is approximately Rs. 875.99 Lakhs (2021: Rs. 373.15 Lakhs) representing 32% (2021: 20%) of Company's total receivables as at March 31, 2022. Apart from the aforesaid single customer, the Company does not have a significant credit risk exposure to any other single counterparty.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

Rs. In lakhs

	On demand	**Less than 1 year**	**1 to 2 Year**	**2 to 5 year**	**More than 5 Years**	**Total**

Other financial liabilities	–	42.06	–	–	–	42.06
	1,289.49	725.04	–	–	–	2,014.53

Financial assets carried at amortised cost as at March 31, 2022 is Rs. 4,391.23 Lakhs (2021: Rs. 4,577.48 Lakhs) carried at amortised cost is in the form of cash and cash equivalents, bank deposits, earmarked balances with banks, security deposits etc. where the Company has assessed the counterparty credit risk. Trade receivables of Rs. 2,772.68 Lakhs as at March 31, 2022 forms a significant part of the financial assets carried at amortised cost which is valued considering provision for allowance using expected credit loss method (if any). In addition to the historical pattern of credit loss, we have considered the likelihood of increased credit risk and consequential default considering emerging situations due to COVID-19. This assessment is not based on any mathematical model but an assessment considering the impact immediately seen in the demand outlook and the financial strength of the customers in respect of whom amounts are receivable. The Company has specifically evaluated the potential impact with respect to Aerospace Sector. The Company closely monitors its customers who are being impacted.

Basis this assessment, the Management believes Company is not required to provide for doubtful trade receivables as at March 31, 2022.

D Capital management

For the purpose of the company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

		Rs. In lakhs	
	As at March 31, 2022	As at March 31, 2021	% change
Total equity (A)	**17,383.89**	17,912.32	(2.95)
Current loans and borrowings	**1,672.31**	1,289.49	
Non current loans and borrowings	**–**	–	
Current maturities of long-term loans	**–**	–	
Total loans and borrowings (B)	**1,672.31**	1,289.49	29.69
Total capital (loans and borrowings and equity) (C)	**19,056.20**	19,201.81	
As percentage of total capital (B/C)	**8.78**	6.72	
Total loans and borrowings as percentage of Total equity (B/A)	**9.62**	7.20	

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Ultimate Holding/ Parent company will provide financial support in the future to enable them to settle their obligation as and when they fall due and operate as a going concern.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

30. Commitments and contingent liabilities

a) The Company entered into a lease-cum-sale agreement ('Agreement') for a period of 10 years with KIADB for 20 acres of land allotted in Narasapura Industrial area, Kolar District, Karnataka, for the setting up of aerospace component manufacturing facility. The title of the land will be transferred to the Company during the current lease term or at the end of 10 year or extended period, if any, after fulfilling all conditions stipulated in the said Agreement.

During the year ended March 31, 2012, the company incurred Rs. 870.51 Lakhs towards allotment consideration and other related expenses in connection with the said lease-cum-sale agreement. The said amount is disclosed under non-current assets.

As per the agreement, an amount of Rs. 134.00 lakhs is payable to KIADB towards implementation of water supply scheme. However, during 2014 the KIADB raised a demand for Rs. 410.00 lakhs. Further during the current year, the KIADB revised the demand to Rs. 337.64 lakhs i.e. an increase of Rs. 203.64 lakhs. The Company had disputed the amount to be paid and the matter is pending with KIADB.

b) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs. 1,047.85 lakhs (2021: Rs. 176.01 lakhs)

c) Customs duty and penalty of Rs. 2,598.85 lakhs (2021: 2,598.85 lakhs) along with the applicable interest payable against the order issued by the Commissioner of Customs in the matter of import of certain pre-owned equipment. The Company has filed an appeal and the same is pending with the CESTAT.

d) Customs duty of Rs. 41.36 lakhs along with the applicable interest (2021: Rs. 41.36 lakhs) payable against the Demand Cum show cause notice issued by the Directorate of Revenue Intelligence in the matter of certain imports relating to installation of certain equipment, for which the company has submitted reply and the same is pending with Joint Commissioner of Customs.

e) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution form the date of Supreme court order. The probable obligation for past periods amounting to Rs. 83.75 Lakhs has been considered by the Company as contingent liability.

Note: The Company is contesting the demands and the management believes that its position will likely be upheld in the various appellate authorities/courts and the ultimate outcome will not have a material adverse effect on the Company's financial position and results of operations.

31. Dues to micro , small and medium enterprises

The information as required under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company. This information has been relied upon by the Auditors. The disclosures relating to Micro, Small and Medium Enterprises as at the year ends are as under: -

			Rs. in Lakhs
Sr. No.	**Particulars**	**As at March 31, 2022**	As at March 31, 2021
A	The principal amount remaining unpaid to supplier as at the end of the year	382.90	115.76
B	The interest due thereon remaining unpaid to supplier as at the end of the year	5.19	0.42
C	Interest paid in terms of Section 16 of the Act along with the amount of payment made to the supplier beyond the appointed day during the year		
	- Principal paid beyond the appointed date	1,260.95	625.56
	- Interest paid in terms of the Section 16 of the Act	7.29	9.85
D	The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under this Act	–	–
E	Further interest due and payable even in the succeeding year, until such date when the interest due as above are actually paid to the small enterprises	12.09	13.04
F	The amount of interest accrued during the year and remaining unpaid at the end of the year	6.90	2.25

32. Earnings Per Share:

Basic earnings per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of Equity Shares outstanding during the year.

			Rs. in Lakhs
Sr. No.	**Particulars**	**For the year ended March 31, 2022**	For the year ended March 31, 2021
(a)	Earnings attributable to equity shareholders	**(521.44)**	(2,296.77)
(b)	Weighted average number of equity shares outstanding during the year	**46,45,00,000**	45,69,39,726
(c)	Basic Earnings per share (Rs.)	**(0.11)**	(0.50)
(d)	Dilutive Earnings per share (Rs.)	**(0.11)**	(0.50)

Weighted average no of shares (basic & diluted)

Rs. In lakhs

Sr. No.	Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
(a)	Opening Balance	**46,45,00,000**	42,88,60,000
(b)	Effect of fresh issue of shares	**–**	2,80,79,726
(c)	Weighted average no. of shares	**46,45,00,000**	45,69,39,726

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings/(loss) per share as follows:

Rs. In lakhs

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Weighted average number of equity shares used in the calculation of Basic EPS	**46,45,00,000**	45,69,39,726
Add: Effect of potential equity shares	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**46,45,00,000**	45,69,39,726

33. During the previous year ended March 31, 2021, management has carried out technical evaluation of certain Plant and machinery which are specialized equipments used for specific purposes. Based on such evaluation, management noted that these assets are not likely to be used due to capability limitations and are not expected to generate any future economic benefits to the Company. Management has performed a cost benefit analysis and identified that the refurbishing cost to bring these assets into use is significantly higher as compared to replacement cost of new assets. Accordingly, management has decided to charge accelerated depreciation of Rs. 570.30 Lakhs, resulting in the closing written down value of such asset to be Nil.

34. **Segment Reporting:**

The Company primarily operates in the aerospace segment. The Activities of the Company includes “Sale of aircraft components and sub assemblies”.

The Managing Director & CEO of the Company, who has been identified as being the chief operating decision maker (CODM), evaluates the Company’s performance, allocate resources based on the analysis of the various performance indicator of the Company as a single unit.

Therefore, based on the guiding principles given in Ind AS 108 on ‘Operating Segments’, the Company’s business activity fall within a single operating segment, namely aerospace segment . Accordingly, the disclosure requirements of Ind AS 108 are not applicable.

Entity wide disclosure details as per Ind AS 108 on Operating segments are given below:

Revenue from Operations

	Domestic	Overseas	Total
2021-22	**121.91**	**9,700.02**	**9,821.93**
2020-21	172.00	6,481.57	6,653.57

a) Domestic & Overseas segments include Component sales, job work services and product development income to customers located in India & Out side India

b) There are no assets located outside India.

c) Customers contributing 10% or more of Company’s revenue (Five customers amounting to Rs 8,547.04 Lakhs in 2021-22 and Four customers amounting to Rs 4,903.82 Lakhs in 2020-21)

Note 35: Impact of COVID-19

While the Company believes strongly that it has a rich portfolio of capabilities to partner with customers, the impact on future revenue streams could come from

- Reduction in customer requirement arising from overall reduction from Aerospace sector

The Company has assessed that customers in Manufacturing verticals are more prone to immediate impact due to disruption in supply chain and drop in demand. The Company has considered such impact to the extent known and available currently. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration.

The Company has taken steps to assess the cost budgets required to complete its performance obligations in respect of contracts and have noted that there is no significant impact of likely delays / increased cost in meetings its obligations as at March 31, 2022. The Company has also assessed the impact of any delays and inability to meet contractual commitments and has taken actions such as engaging with the customers to agree on revised SLAs in light of current crisis, invoking of force-majeure clause etc., to ensure that revenue recognition in such cases reflect realisable values.

36. The Company has incurred losses in current and earlier years. The Company expects growth in its operations in coming years and is taking measures to improve its operational efficiency. Basis the continued financial support provided by the shareholders, undrawn borrowing facilities from the banks and cash flow projections, the use of going concern assumption has been considered appropriate in preparation of financial statements of the company. The Company’s current assets exceed its current liabilities as at March 31, 2022.

Note 37: Income taxes

The Company has carried out its deferred tax computation in accordance with Ind AS 12 ‘Income Taxes’ notified under the Companies (Indian Accounting Standards) Rules, 2015.

(a) Significant components & classification of deferred tax assets and liabilities are as follows:

Rs. In lakhs

Particulars	As at March 31, 2022	As at March 31, 2021
Deferred tax liabilities		
Related to depreciation of fixed assets	**624.40**	626.29
Total deferred tax liability (a)	**624.40**	626.29
Deferred tax assets		
Provision for gratuity	**7.00**	3.65
Provision for leave encashment	**32.95**	26.16
Provision for inventory	**37.47**	49.95
Provision for service tax credit	**323.52**	327.29
Unabsorbed Depreciation	**3,205.37**	3,080.59
Carry forward losses	**3,742.92**	3,935.92
Others	**7.62**	6.08
Total deferred tax assets (b)	**7,356.85**	7,429.65
Net deferred tax assets (b-a)	**6,732.45**	6,803.36

Having regard to the accumulated losses, the Company has not recognised the net deferred tax assets in the absence of reasonable certainty at this stage that there will be sufficient future taxable income available to realize such assets.

(b) Reconciliation of effective tax rate:

Particulars	As at March 31, 2022		As at March 31, 2021	
Profit/(loss) before tax		**(521.44)**		(2,296.77)
Income tax expense calculated at domestic tax rates applicable to profits	**26.00%**	**(135.57)**	26.00%	(597.16)
Tax effects of:				
Permanent differences	**-1.02%**	**5.32**	-0.11%	2.59
Timing differences	**-2.68%**	**13.97**	-3.95%	90.74
Deferred tax asset not recognised in statement of profit and loss		**(116.28)**		(503.83)
Income tax expense		**–**		–
Effective tax rate		**0.00%**		0.00%

(c) Tax losses

Particulars	March 31, 2022	Expiry date	March 31, 2021	Expiry date
Loss from business	**14,395.85**	31 March 2022 to 31 March 2031	15,138.17	31 March 2021 to 31 March 2030
Unabsorbed depreciation	**12,328.33**	Carried forward indefinitely	11,848.43	Carried forward indefinitely
Total	**26,724.18**		26,986.60	
Potential tax benefit	**6,948.29**		7,016.52	

38. The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company has updated the documentation for the international as well as specified domestic transactions entered into with the associated enterprise during the previous year ended March 31, 2021. The Management is of the opinion that its international as well as specified domestic transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

Note 39: Key Ratios

Ratio	Numerator	Denominator	Current period	Previous period	% Variance	Reason for Variance
Current ratio	9,260.40	3,718.26	2.49	3.40	-27%	Due to Increase in operations and higher turnover
Debt-Equity ratio	1,672.31	17,383.89	0.10	0.07	34%	Increase in working capital borrowings in line with increase in operations
Debt Service Coverage ratio	845.87	43.60	19.40	(19.62)	-199%	Due to improved profitability on account of increase in turnover

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA AEROSPACE AUSTRALIA PTY LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report, being a special purpose financial report of Mahindra Aerospace Australia Pty Ltd, "the Company", which comprises the statement of financial position as at 31 March 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Mahindra Aerospace Australia Pty Ltd, is in accordance with the *Corporations Act 2001*, including:

(a) giving a true and fair view of the Company's financial position as at 31 March 2022 and of its financial performance for the year then ended; and

(b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* "the Code" that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Non-Going Concern Basis of Preparation

We draw attention to Note 1(b) in the financial report which indicates that the financial report has been prepared on a non-going concern basis, given the Company's intention to sell, dispose of, or transfer its equity ownership and/or dispose of its assets. Our opinion is not modified in respect to this matter.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist Mahindra Aerospace Australia Pty Ltd to meet the requirements of *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Company's directors' report for the year ended 31 March 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S INDEPENDENCE DECLARATION

TO THE DIRECTORS OF MAHINDRA AEROSPACE AUSTRALIA PTY LTD

In relation to the independent audit for the year ended 31 March 2022, to the best of my knowledge and belief there have been:

(i) no contraventions of the auditor independence requirements of the *Corporations Act 2001*; and

(ii) no contraventions of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)*.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Accordingly, this financial report is a special purpose financial report, which has been prepared to satisfy the financial reporting requirements of the *Corporations Act 2001*.

The financial report covers Mahindra Aerospace Australia Pty Ltd as an individual entity. Mahindra Aerospace Australia Pty Ltd is a company limited by shares, incorporated and domiciled in Australia. Mahindra Aerospace Australia Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the *Corporations Act 2001*, the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of:

AASB 101: Presentation of Financial Statements
AASB 107: Statement of Cash Flows
AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors
AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Non-going concern

The company is seeking to sell, dispose of, or transfer 100% of the equity ownership in the company and/or its subsidiaries, and/or dispose of all assets. Accordingly, this financial report has been prepared on a non- going concern basis.

Under a non-going concern basis of accounting, the recognition and measurement required by all Australian Accounting Standards and Interperetations are applied in the context of the GippsAero Pty Ltd ceasing to be a going concern. This includes testing assets for impairment and considering whether existing contractual commitments have become onerous contracts at the reporting date. Where necessary, to comply with the requirements of the Australian Accounting Standards and Interperetations, assets have been written down to recoverable amounts and liabilities for obligations that exist at the reporting date have been recognised and/or measured as appropriate.

(c) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks.

(d) Investments in subsidiaries

Non-current investments are recorded at cost. The carrying amount of the investments is reviewed annually by directors to ensure it is not in excess of the recoverable amount of these investments.

(e) Impairment of non-financial assets

Goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are not subject to amortisation and are therefore tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

For impairment assessment purposes, assets are generally grouped at the lowest levels for which there are largely independent cash flows ('cash generating units'). Accordingly, most assets are tested for impairment at the cash-generating unit level. Because it does not generate cash flows independently of other assets or groups of assets, goodwill is allocated to the cash generating unit or units that are expected to benefit from the synergies arising from the business combination that gave rise to the goodwill.

Assets other than goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are assessed for impairment whenever events or circumstances arise that indicate the asset may be impaired.

An impairment loss is recognised when the carrying amount of an asset or cash generating unit exceeds the asset's or cash generating unit's recoverable amount. The recoverable amount of an asset or cash generating unit is defined as the higher of its fair value less costs to sell and value in use (where 'value in use' is determined as the present value of the future cash flows expected to be derived from an asset or cash-generating unit).

Impairment losses in respect of individual assets are recognised immediately in profit or loss unless the asset is measured at a revalued amount, in which case the impairment loss is treated as a revaluation decrease and is recognised in other comprehensive income to the extent that it does not exceed the amount in the revaluation surplus for the same asset. Impairment losses in respect of cash generating units are allocated first against the carrying amount of any goodwill attributed to the cash generating unit with any remaining impairment loss allocated on a pro rata basis to the other assets comprising the relevant cash generating unit.

A reversal of an impairment loss for an asset measured at cost is recognised in profit or loss. A reversal of an impairment loss for an asset measured at a revalued amount is treated as a revaluation increase and is recognised in other comprehensive income, except to the extent that an impairment loss on the same asset was previously recognised in profit or loss, in which case a reversal of that impairment loss is also recognised in profit or loss.

(f) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current period disclosures.

DIRECTORS' DECLARATION

The directors have determined that the entity is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the entity declare that:

1. In the directors opinion, the financial statements and notes, as set out on pages herein, are in accordance with the *Corporations Act 2001*, including:
   (a) complying with Accounting Standards in Australia as detailed in Note 1 to the financial statements and the *Corporations Regulations 2001*; and
   (b) giving a true and fair view of the financial position as at 31 March 2022 and performance for the year ended on that date of the entity in accordance with the accounting policies described in Note 1 to the financial statements.
2. In the directors' opinion there are reasonable grounds to believe that the entity will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared for use by the directors and members of the company. The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. GA8 Airvan Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the recognition and measurement criteria of all applicable Accounting Standards, with the exception of the disclosure requirements of:

AASB 101: Presentation of Financial Statements
AASB 112: Income Taxes
AASB 124: Related Party Disclosures
AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Non-Going concern

The company is seeking the sale/ disposal/ transfer of 100% of the equity ownership in the company and/or disposal of its CASA type certificate. Accordingly, this financial report has been prepared on a non-going concern basis.

Under a non-going concern basis of accounting, the recognition and measurement required by all Australian Accounting Standards and Interpretations are applied in the context of the company ceasing to be a going concern. This includes testing assets for impairment and considering whether existing contractual commitments have become onerous contracts at the reporting date. Where necessary, to comply with the requirements of the Australian Accounting Standards and interpretations, assets have been written down to recoverable amounts and liabilities for obligations that exist at the reporting date have been recognised and/or measured as appropriate.

(c) Foreign currency translations and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

(d) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

AASB 112: Income Taxes

AASB 124: Related Party Disclosures

AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Non-Going concern

The company is seeking the sale/ disposal/ transfer of 100% of the equity ownership in the company and/or disposal of its CASA type certificate. Accordingly, this financial report has been prepared on a non-going concern basis.

Under a non-going concern basis of accounting, the recognition and measurement required by all Australian Accounting Standards and Interpretations are applied in the context of the company ceasing to be a going concern. This includes testing assets for impairment and considering whether existing contractual commitments have become onerous contracts at the reporting date. Where necessary, to comply with the requirements of the Australian Accounting Standards and interpretations, assets have been written down to recoverable amounts and liabilities for obligations that exist at the reporting date have been recognised and/or measured as appropriate.

(c) Foreign currency translations and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

(d) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

NOTE 2: CASH AND CASH EQUIVALENTS

	2022 $	2021 $

Accumulated losses at end of period	(9,593)	(9,170)

NOTE 6: EVENTS SUBSEQUENT TO REPORTING DATE

There has been no matter or circumstance, which has arisen since 31 March 2022 that has significantly affected or may significantly affect:

(a) The operations, in financial year subsequent to 31 March 2022, of the company, or

(b) the results of those operations, or

(c) the state of affairs, in financial year subsequent to 31 March 2022, of the company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GIPPSAERO PTY LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report, being a special purpose financial report of GippsAero Pty Ltd, "the Company", which comprises the statement of financial position as at 31 March 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of GippsAero Pty Ltd, is in accordance with the *Corporations Act 2001*, including::

(a) giving a true and fair view of the Company's financial position as at 31 March 2022 and of its financial performance for the year then ended; and

(b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* "the Code" that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Non-Going Concern Basis for Preparation

We draw attention to Note 1(b) in the financial report which indicates that the financial report has been prepared on a non-going concern basis, given the company's intention to sell, dispose of, or transfer its equity ownership and/or dispose of all of its business and/or assets. Our opinion is not modified in respect to this matter.

Emphasis of Matter - Basis of Accounting, *Corporations Act 2001*

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist GippsAero Pty Ltd to meet the requirements of *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Company's directors' report for the year ended 31 March 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Auditor's Responsibilities for the Audit of the Financial Report (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

DIRECTORS' DECLARATION

The directors have determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the company declare that:

1. In the directors opinion, the financial statements and notes, as set out on pages herein, are in accordance with the *Corporations Act 2001*, including:

   (a) complying with Accounting Standards in Australia as detailed in Note 1 to the financial statements and the *Corporations Regulations 2001*; and

   (b) giving a true and fair view of the financial position as at 31 March 2022 and performance for the year ended on that date of the company in accordance with the accounting policies described in Note 1 to the financial statements.

2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Accordingly, this financial report is a special purpose financial report, which has been prepared to satisfy the financial reporting requirements of the *Corporations Act 2001*.

The financial report covers GippsAero Pty Ltd as an individual entity. GippsAero Pty Ltd is a company limited by shares, incorporated and domiciled in Australia. GippsAero Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the *Corporations Act 2001*, the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of:

AASB 101: Presentation of Financial Statements

AASB 107: Statement of Cash Flows

AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) (b) Non-going concern

The company is seeking to sell, dispose of, or transfer 100% of the equity ownership in the company and/or dispose of all of its business and/or assets. Accordingly, this financial report has been prepared on a non-going concern basis.

Under a non-going concern basis of accounting, the recognition and measurement required by all Australian Accounting Standards and Interperetations are applied in the context of GippsAero Pty Ltd ceasing to be a going concern. This includes testing assets for impairment and considering whether existing contractual commitments have become onerous contracts at the reporting date. Where necessary, to comply with the requirements of the Australian Accounting Standards and interpretations, assets have been written down to recoverable amounts and liabilities for obligations that exist at the reporting date have been recognised and/or measured as appropriate.

(c) Foreign currency transactions and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

Transactions and Balances

Transactions undertaken in foreign currencies are recognised in the company's functional currency, using the spot rate at the date of the transaction.

Foreign currency monetary items that are outstanding at the reporting date (other than monetary items arising under foreign currency contracts where the exchange rate for that monetary item is fixed in the contract) are restated to the spot rate at the reporting date.

Except for certain foreign currency hedges, all exchange gains or losses are recognised in profit or loss for the period in which they arise.

(d) Revenue from contracts with customers

Revenue from contracts with customers

The company derives revenue from the sale of aircraft and spare parts. Revenue is recognised as, or when, goods or services are transferred to the customer, and is measured at an amount that reflects the consideration to which the company expects to be entitled in exchange for the goods or services.

Revenue from the sale of aircraft and spare parts

Revenue from the sale of aircraft and spare parts is recognised at the point in time when control of the goods is transferred to the customer, which generally occurs when the beneficial ownership passes to the customer. Customers have no right to return purchased goods. Revenue is measured net of any discounts, rebates and other price concessions. Customers are required to pay for all goods purchased in line with the terms of contract of sale.

Consideration included in the measurement of revenue

The consideration to be received from customers for sale of aircrafts include fixed amounts. Where the contract includes a right to variable consideration, the company estimates the amount of variable consideration using the most likely amount approach on a contract-by-contract basis. Variable consideration is included in the measurement of revenue only to the extent that it is highly probable, based on flight hours, that a significant reversal of the cumulative amount recognised will not occur when the uncertainty associated with the variability is subsequently resolved.

Warranty obligations

The company provides a general warranty for all goods sold, as required by law. The company does not provide customers with the option to purchase an additional or extended warranty. Warranty obligations are recognised as a provision, and are measured at the company's estimate of the expenditure required to fulfil its warranty obligations at the reporting date. The company updates the measurement of the warranty provision at the end of each reporting period for changes in expectations.

(e) Income tax

Current income tax expense or revenue is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities.

Deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are expected to be recovered or liabilities are settled. Deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not recognised if it arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

(f) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position.

(g) Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of manufactured products includes direct material, direct labour and a proportion of manufacturing overheads based on normal operating capacity. Inventories include raw materials, work in progress and finished goods.

Raw materials are valued at a moving average cost price.

Work in progress ("WIP") is valued at cost, which includes both variable and fixed costs relating to specific items, and those costs that are attributable to the WIP activity in general that can be allocated on a reasonable basis.

(h) Financial instruments

Classification of financial assets

Financial assets recognised by the company are subsequently measured in their entirety at either amortised cost or fair value, subject to their classification and whether the company irrevocably designates the financial asset on initial recognition at fair value through other comprehensive income (FVtOCI) in accordance with the relevant criteria in AASB 9.

Financial assets not irrevocably designated on initial recognition at FVtOCI are classified as subsequently measured at amortised cost, FVtOCI or fair value through profit or loss (FVtPL) on the basis of both:

(a) the company's business model for managing the financial assets; and

(b) the contractual cash flow characteristics of the financial asset.

Classification of financial liabilities

Financial liabilities include trade payables, other creditors and loans from third parties including inter- company balances and loans from or other amounts due to director-related entities. Non-derivative financial liabilities are subsequently measured at amortised cost, comprising original debt less principal payments and amortisation. Financial liabilities are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

Trade and other receivables

Receivables from contracts with customers

Trade and other receivables arise from the company's transactions with its customers and are normally settled within 30-90 days.

Consistent with both the company's business model for managing the financial assets and the contractual cash flow characteristics of the assets, trade and other receivables are subsequently measured at amortised cost.

The company applies the simplified approach under AASB 9 to measuring the allowance for credit losses for receivables from contracts with customers. Under the AASB 9 simplified approach, the company determines the allowance for credit losses for receivables from contracts with customers on the basis of the lifetime expected credit losses of the receivable. Lifetime expected credit losses represent the expected credit losses that are expected to result from default events over the expected life of the receivable.

(i) Property, plant and equipment

Each class of plant and equipment is measured at cost or fair value less, where applicable, any accumulated depreciation and any accumulated impairment losses.

Plant and equipment

Plant and equipment is measured at cost, less accumulated depreciation and any impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal.

Depreciation

The depreciable amount of all property, plant and equipment is depreciated over their estimated useful lives commencing from the time the asset is held available for use, consistent with the estimated consumption of the economic benefits embodied in the asset.

Class of fixed asset	Depreciation rates	Depreciation basis
Hangar at cost	5 - 20%	Straight line
Leasehold improvements at cost	9 - 11%	Straight line
Plant and equipment at cost	6 - 21%	Straight line
Aircrafts at cost	10%	Straight line
Motor vehicles at cost	5 - 13%	Straight line
Computer equipment at cost	22 - 100%	Straight line

(j) Intangible assets

Goodwill

Goodwill represents the future economic benefits arising from other assets acquired in a business combination that are not individually identifiable or separately recognised.

Goodwill is not amortised, but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less any accumulated impairment losses.

Intangible assets

Except for indefinite useful life intangible assets, which are not amortised but are tested annually for impairment, intangible assets are amortised over their estimated useful lives commencing from the time the asset is available for use. The amortisation method applied to an intangible asset is consistent with the estimated consumption of economic benefits of the asset.

Patents

Patents are recognised at cost and are not amortised, but are tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and are carried at cost less any accumulated impairment losses.

(k) Research and development expenditure

Expenditure on research activities is recognised as an expense when incurred.

Development costs are capitalised when the company can demonstrate all of the following: the technical feasibility of completing the asset so that it will be available for use or sale; the intention to complete the asset and use or sell it; the ability to use or sell the asset; how the asset will generate probable future economic benefits; the availability of adequate technical, financial and other resources to complete the development and to use or sell the asset; and the ability to measure reliably the expenditure attributable to the asset during its development. Capitalised development costs are amortised over their estimated useful lives commencing from the time the asset is available for use. The amortisation method applied to capitalised development costs is consistent with the estimated consumption of economic benefits of the asset. Subsequent to initial recognition, capitalised development costs are measured at cost, less accumulated amortisation and any accumulated impairment losses.

Other development expenditure is recognised as an expense when incurred.

Project expenses are capitalised as incurred once identified as relating to a project that will deliver future economic benefits that can be measured reliably.

(l) Impairment of non-financial assets

Goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are not subject to amortisation and are therefore tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

For impairment assessment purposes, assets are generally grouped at the lowest levels for which there are largely independent cash flows ('cash generating units'). Accordingly, most assets are tested for impairment at the cash-generating unit level. Because it does not generate cash flows independently of other assets or groups of assets, goodwill is allocated to the cash generating unit or units that are expected to benefit from the synergies arising from the business combination that gave rise to the goodwill.

Assets other than goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are assessed for impairment whenever events or circumstances arise that indicate the asset may be impaired.

An impairment loss is recognised when the carrying amount of an asset or cash generating unit exceeds the asset's or cash generating unit's recoverable amount. The recoverable amount of an asset or cash generating unit is defined as the higher of its fair value less costs to sell and value in use (where 'value in use' is determined as the present value of the future cash flows expected to be derived from an asset or cash-generating unit).

Impairment losses in respect of individual assets are recognised immediately in profit or loss unless the asset is measured at a revalued amount, in which case the impairment loss is treated as a revaluation decrease and is recognised in other comprehensive income to the extent that it does not exceed the amount in the revaluation surplus for the same asset. Impairment losses in respect of cash generating units are allocated first against the carrying amount of any goodwill attributed to the cash generating unit with any remaining impairment loss allocated on a pro rata basis to the other assets comprising the relevant cash generating unit.

A reversal of an impairment loss for an asset measured at cost is recognised in profit or loss. A reversal of an impairment loss for an asset measured at a revalued amount is treated as a revaluation increase and is recognised in other comprehensive income, except to the extent that an impairment loss on the same asset was previously recognised in profit or loss, in which case a reversal of that impairment loss is also recognised in profit or loss.

(m) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Warranty obligations

The company provides warranty for all aircrafts, the warranty period covers earlier of two years or up 2,000 flight hours. Warranty obligations are recognised as a provision, and are measured at the company's estimate of the expenditure required to fulfil its warranty obligations at the reporting date. The company updates the measurement of the warranty provision at the end of each reporting period for changes in expectations.

(n) Leases

At the commencement date of a lease (other than leases of 12-months or less and leases of low value assets), the group recognises a lease asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

Lease assets

Lease assets are initially recognised at cost, comprising the amount of the initial measurement of the lease liability, any lease payments made at or before the commencement date of the lease, less any lease incentives received, any initial direct costs incurred by the group, and an estimate of costs to be incurred by the group in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequent to initial recognition, lease assets are measured at cost (adjusted for any remeasurement of the associated lease liability), less accumulated depreciation and any accumulated impairment loss.

Lease assets are depreciated over the shorter of the lease term and the estimated useful life of the underlying asset, consistent with the estimated consumption of the economic benefits embodied in the underlying asset.

Lease liabilities

Lease liabilities are initially recognised at the present value of the future lease payments (i.e., the lease payments that are unpaid at the commencement date of the lease). These lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined, or otherwise using the group's incremental borrowing rate.

Subsequent to initial recognition, lease liabilities are measured at the present value of the remaining lease payments (i.e., the lease payments that are unpaid at the reporting date). Interest expense on lease liabilities is recognised in profit or loss (presented as a component of finance costs). Lease liabilities are remeasured to reflect changes to lease terms, changes to lease payments and any lease modifications not accounted for as separate leases.

Variable lease payments not included in the measurement of lease liabilities are recognised as an expense when incurred.

Leases of 12-months or less and leases of low value assets

Lease payments made in relation to leases of 12-months or less and leases of low value assets (for which a lease asset and a lease liability has not been recognised) are recognised as an expense on a straight-line basis over the lease term.

(o) Employee benefits

(i) Short-term employee benefit obligations

Liabilities arising in respect of wages and salaries, annual leave and other employee benefits (other than termination benefits) expected to be settled wholly before twelve months after the end of the reporting period are measured at the (undiscounted) amounts based on remuneration rates which are expected to be paid when the liability is settled. The expected cost of short-term employee benefits in the form of compensated absences such as annual leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables in the statement of financial position.

(ii) Long-term employee benefit obligations

The provision for other long-term employee benefits, including obligations for long service leave which are not expected to be settled wholly before twelve months after the end of the reporting period, are measured at the present value of the estimated future cash outflow to be made in respect of the services provided by employees up to the reporting date. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee turnover, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation. For currencies in which there is no deep market in such high quality corporate bonds, the market yields (at the end of the reporting period) on government bonds denominated in that currency are used. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the change occurs.

Other long-term employee benefit obligations are presented as current liabilities in the statement of financial position if the company does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur. All other long-term employee benefit obligations are presented as non-current liabilities in the statement of financial position.

(p) Borrowing costs

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of lease arrangements, and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs are expensed as incurred.

(q) Goods and services tax (GST)

Revenues, expenses and purchased assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(r) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

(a) Warranty provision

The company provides a warranty for all aircraft sales, the warranty period covers earlier of two years or 2,000 flight hours, whichever comes first.

Warranty obligations are recognised as a provision, and are measured at the company's estimate of the expenditure required to fulfil its warranty obligations at the reporting date. The company updates the measurement of the warranty provision at the end of each reporting period for changes in expectations.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared for use by the directors and members of the company. The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Airvan Flight Services Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the recognition and measurement criteria of all applicable Accounting Standards, with the exception of the disclosure requirements of:

AASB 101: Presentation of Financial Statements

AASB 112: Income Taxes

AASB 124: Related Party Disclosures

AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Non-Going concern

The company is seeking the sale/ disposal/ transfer of 100% of the equity ownership in the company and/or disposal of its Air Operators Certificate. Accordingly, this financial report has been prepared on a non-going concern basis.

Under a non-going concern basis of accounting, the recognition and measurement required by all Australian Accounting Standards and Interpretations are applied in the context of the company ceasing to be a going concern. This includes testing assets for impairment and considering whether existing contractual commitments have become onerous contracts at the reporting date. Where necessary, to comply with the requirements of the Australian Accounting Standards and interpretations, assets have been written down to recoverable amounts and liabilities for obligations that exist at the reporting date have been recognised and/or measured as appropriate.

(c) Foreign currency translations and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

(d) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Waste to Energy Solutions Limited
Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Waste to Energy Solutions Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards as prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

   (g) The Company has not paid any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared or paid any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date on the Financial Statements of Mahindra Waste to Energy Solutions Limited for the year ended March 31, 2022]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company does not have any intangible assets and hence the provisions of this clause are not applicable.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified all of its property, plant and equipment during the year and no material discrepancies were noticed on such verification.

   (c) According to the information and explanations given to us, there are no immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) held in the name of the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) According to the information and explanations given to us, the Company does not hold any inventory at the end of the year. Accordingly, the reporting under Clause 3(ii) (a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues as at 31 March 2022, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) In our opinion and according to the information and explanations given to us, the total funds raised were Rs. 275 lakhs out of which Rs. 31 Lakhs were utilised during the year and balance remain unutilised.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

   (e) and (f) The Company does not have any subsidiaries or associates and hence the reporting under Clause (ix) (e) and (f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

    (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

    (b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

    (c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding, or subsidiary company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

    (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

    (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

    (d) Based on the information and explanations given to us, we report that the Group has Six Core Investment Companies

17. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 93,13,901 during the current financial year and Rs. 1,11,53,069 in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets

and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. (a) According to the information and explanations given to us, provisions of section 135 of the Act is not applicable to the company and hence reporting under the provisions of clause (XX) (a) and (b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Financial Statements of XXX Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1 Corporate information:

Mahindra Waste to Energy Solutions Limited is a public limited company incorporated in Mumbai, India under the Companies Act 2013. The company is a subsidiary of Mahindra & Mahindra Limited as on 31st March,2022. The company is engaged, inter alia in the business of construction, operation and maintenance of the biogas plants and sale of biogas and manure generated from the biogas plants

2 Significant Accounting Policies followed by the Company:

2.1 Statement of compliance and basis of preparation and presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

2.2 Financial Assets and Financial Liabilities:

Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

2.3 Property, plant and equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Certain items of Plant and machinery individually costing more than Rs. 5,000 – over useful lives (2 years, 3 years, 5 years, 8 years, 10 years, 15 years, 20 years or 25 years as the case may be), Vehicles 5 years, Assets below Rs.5,000/- 1 year as determined by the company.

2.4 Inventories:

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials and bought out components are valued at the lower of cost or net realizable value. Cost is determined on the basis of the weighted average method.

Finished goods produced, manufactured components are carried at cost or net realizable value whichever is lower.

Stores, spares and tools other than obsolete and slow-moving items are carried at cost. Obsolete and slow-moving items are valued at cost or estimated net realizable value, whichever is lower.

2.5 Employee benefits:

(i) Defined Contribution Plan:

The Company's contributions paid/payable during the year to Provident Fund and Superannuation Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

(ii) Defined Benefit Plan / Leave encashment:

The Company's liability towards gratuity and leave encashment is determined using the projected unit credit method which considers each period of service as giving rights to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognised on straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the Statement of other comprehensive income as income or expense. Obligation is measured at the present value of estimated future cash flow using discounted rate i.e. determined by reference to the market yield at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

(iii) Other Benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

2.6 Leases:

Ind AS 116 is replaced the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The amendment is effective for annual periods beginning on or after 01st April 19.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

2.7 Revenue Recognition:

In view of INDAS 115, Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenues, companies apply the following five step approach:

(1) identify the contract with a customer

(2) identify the performance obligations in the contract

(3) determine the transaction price

(4) allocate the transaction price to the performance obligations in the contract

(5) recognize revenues when a performance obligation is satisfied.

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation based on their selling price.

Carbon Credit:

During the year, the company had applied for Carbon Credits with Verra/ Verified Carbon Standard & had booked carbon credit revenue for the credits transferred as per the agreement. The revenue is booked at the agreed rate of transfer between both the parties on realisation basis.

2.8 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

2.9 Taxes on Income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax:

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted

2.10 Measurement of fair values:

The company's accounting policies and disclosures require the measurement of fair values. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.11 Use of estimates and judgements:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

2.12 Cash and cash equivalents:

Cash comprises demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.13 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the period.

2.15 Interest Income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Note No. 26 - Financial Instruments

29.1 Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a program that performs monitoring of and responding to risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. Financial instruments that are subject to credit risk, principally consists of trade receivables and investment in fixed deposits etc. The Company has adopted a policy of only dealing with creditworthy counterparties. Credit risk does not arise on investment in fixed deposits, as they are currently placed with corporate banks having high net worth and good credit ratings and hence management does not anticipate any credit risk.

LIQUIDITY RISK

(i) Liquidity risk management

The company has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Market risk is the risk value that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk : currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to mange and control market risk exposure within acceptable parameters, while optimising the return. Future specific market movements cannot be normally predicted with reasonable accuracy.

(i) Currency risk

The Company has not undertaken transactions denominated in foreign currencies; consequently, no exposures to exchange rate fluctuations arise.

The carrying amounts of the company's foreign currency denominated monetary assets and monetary liabilities at the end of the year is Rs. Nil (31st March, 2021 :Rs. Nil)

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company is not exposed to the risk of changes in market interest rates as the company does not have any long term debt obligations with floating interest rate.

(iii) Other price risk

The company is not exposed to equity price risks.

Note No. 29 - Employee Benefits

(A) Defined Contribution Plan

Amount recognised as an expense in the Statement of Profit and Loss is Rs. 2,97,917 (31st March,2021 Rs. 4,91,457).

(B) Defined benefit plan:

The defined benefit plan comprise of gratuity

The company operates a gratuity plan covering qualifying employees . The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act or the company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. The current service cost and the net interest expense for the year are included in the employee benefits and expenses during the year provided is Rs. 2,97,917 (31st March,2021 Rs. 4,91,457).

Through its defined benefit plans the company is exposed to a number of risks, the most significant of which are detailed below :

Discount Rate Risk:

A decrease in government bond yields will increase plan liabilities.

Longevity Risk:

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk:

The present value of defined benefit plan liability is calculated by reference to the future salaries plan participants. As such, an increase in the salary of the plan participants will increase the plans's liability.

Note:

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practise this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change.

In Indian Rupees

(K) Maturity profile of defined benefit obligation:	**2022**	2021
Within 1 year	**7,88,550**	2,91,162
2 - 5 years	**10,54,115**	8,88,005
6 - 9 years	**7,02,277**	4,73,343
10 years & above	**3,28,329**	4,07,543

(L) The weighted average duration of the defined benefit obligation as at 31st March, 2022 is 3.67 years (31st March, 2021 : 4.73 years)

Note No. 35 - Segment Reporting

The company business activity falls within a single business segment viz. sale of biogas and manure. All other activities of the company revolve around its main business . Hence, there are no separate reportable primary segments.

Note No. 36 - In the opinion of the Board, all of the assets other than fixed assets and non-current investments, have a value on realization in the ordinary course of business at least equal to the amount at which they are stated.

Note No. 37 - Deferred Tax Asset/ Liabilities

The company is in the fourth year of operation , there is no certainty of future tax profits to absorb the deferred tax asset/liability , hence deferred tax asset/liability has not been recognized during the current year.

Note No. 38 - Previous period's figures are regrouped / reclassified wherever necessary to conform with those of the current year.

The Company, based on internal & external sources of information including market research, economic forecast and other information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2022 as at the date of approval of these financial statements.

Note No. 39 - Previous period's figures are regrouped / reclassified wherever necessary to conform with those of the current year.

INDEPENDENT AUDITOR'S REPORT

To the members of Mahindra Telecom Energy Management Services Private Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Telecom Energy Management Services Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the

Company's internal financial controls with reference to Financial Statements.

(g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which will impact its financial positions.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared/ paid/ declared and paid any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Telecom Energy Management Services Private Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITORS' REPORT

[Referred to in Clause 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

i. According to the information and explanations given to us, the Company does not have property, plant and equipment and intangible asset. Accordingly, the reporting under Clauses 3(i)(a) to 3(i)(e) of the Order is not applicable to the Company.

(f) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) According to the information and explanations given to us, the Company does not have inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. (a) According to the information and explanations given to us, the Company has not provided advance in the nature of loan or stood guarantee or provided security to any other entity. During the year, the Company has granted loans in the form of inter corporate deposits (ICDs) to its subsidiary company Mahindra Solarize Private Limited (subsidiary company) amounting to Rs. 61,00,00,000 and is fully repaid during the year. Therefore, there is no balance outstanding as at the balance sheet date.

(b) According to the information and explanations given to us, the Company has not provided guarantee, given security or granted an advance in the nature of loan to any other entity. According to the information and explanation given to us, during the year the Company has made an investment in its subsidiary company. During the year, the Company has also granted loans in the form of ICDs to its subsidiary company. According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions of loans granted and investment made by the Company into its subsidiary company are not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us, the subsidiary company has been regular in repayment of principal amounts and payments of interest as per the stipulated terms.

(d) According to the information and explanations given to us, for a loan given to an associate company as mentioned in paragraph (c) above, the Company has regularly received its principal amounts and payments of interest as per the stipulated terms and has not noted any delay.

(e) According to the information and explanations given to us, the loans granted to subsidiary company as mentioned in paragraph (a) above have fallen due during the year but have not been renewed or extended nor fresh loans were granted to settle any overdues of existing loans given to the same party.

(f) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the

Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2022, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanation given to us, the Company has not obtained any term loan during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us, the Company has not raised funds on short-term basis during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act. Accordingly, the reporting under Clauses 3(xiv)(a) and 3(xiv)(b) of the Order is not applicable to the Company.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 1,23,350 in the immediately preceding financial year but has not incurred cash losses in the current financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, the Company is not required to spend any amount as per the provisions of Section 135 of the Act. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1 Corporate information:

Mumbai Telecom Energy Management Services Limited is a public limited company incorporated in Mumbai, India on 25 June, 2017 under the Companies Act 2013. The company is wholly owned subsidiary of Mahindra & Mahindra Limited as on 31st March, 2022. The company is engaged, inter alia in the business of energy management services of telecom towers.

2 Significant Accounting Policies followed by the Company:

2.1 Statement of compliance and basis of preparation and presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

2.2 Financial Assets and Financial Liabilities:

Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

2.3 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

2.4 Taxes on Income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the period:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax:

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.5 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.6 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.7 Earnings Per Share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the period.

2.8 Use of estimates and judgements:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a program that performs monitoring of and responding to risk factors.

Credit Risk

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties.

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management on net assets basis.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

CURRENCY RISK

The Company has not undertaken transactions denominated in foreign currencies; consequently, no exposures to exchange rate fluctuations arise.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting year is Nil

Note No. 18 - Deferred Tax Asset/ Liabilities

Deferred tax asset/liability has not been recognized during the current year

INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF,

MAHINDRA CONSTRUCTION COMPANY LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Construction Company Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (”the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the ‘Auditors’ Responsibilities for the Audit of the Financial Statements’ section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“the ICAI”) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Materiality Uncertainty Related to Going Concern

We draw attention to Note 25 in the financial statements, as on 31st March 2022 date, the Company’s current liabilities exceeded its total assets by Rs. 2246.68 lakhs. As stated in Note 25, these events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Company’s ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors’ Report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors’ Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

(g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Construction Company Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

<u>Annexure to the Auditor's Report referred to in our report of even date:</u>

i. a) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(b) of the Order is not applicable to the Company.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) of the Order is not applicable to the Company.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under subsection (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Income-tax, and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues as at March 31, 2022, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) In our opinion and according to the information and explanations given to us, the funds raised by the term loans were not required to be utilised during the year (as the projects/assets were funded by owned capital). The amounts raised remain unutilised at the end of the year.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) and (f) The Company does not have any subsidiaries or associates and hence the reporting under Clause (ix) (e) and (f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding, or subsidiary company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group has Six Core Investment Companies

xvii. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses during the current financial year but has incurred cash losses of Rs. 1.58 lakhs in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. As more fully explained in Note 25 to the financial statements and according to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, we are of the opinion that a material uncertainty exists as on the date of the audit report that the Company would be capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date.

xx. (a) According to the information and explanations given to us, provisions of section 135 of the Act is not applicable to the company and hence reporting under the provisions of clause (XX) (a) and (b) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1 Company overview

Mahindra Construction Company Limited is a Limited Company incorporated and domiciled in India. The Company's registered office is at Mumbai, Maharashra, India. These financial statements correspond to the stand alone financial statments of the Company.

2 Basis of preparation

a. Statement of compliance and basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The Company's financial statements upto and for the year ended 31 March 2016 were prepared in accordance with the Standards as per Companies (Accounting Standards) Rules, 2006, notified under Section 133 of the Act and other relevant provisions of the Act which was the previous GAAP (IGAAP).

b. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

d. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment and intangible assets
- estimation of define benefit obligation
- provision for warranty claims
- income taxes - current and deferred taxes
- fair value of unlisted securities
- impairment of trade receivables

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset ot liability that are not based on observable market data (unobservable inputs).

4 Significant accounting policies

a. Revenue Recognition

- Dividend and interest income

  Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

  Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Financial instruments

'Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI

All other financial assets are subsequently measured at fair value

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) *Credit risk management*

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned.

LIQUIDITY RISK

(i) *Liquidity risk management*

"Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) *Maturities of financial liabilities*

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

k)	Return on Investment	PAT	Capital Employed	NA	NA	NA

Note 27: Investment in New Tirupur Development Corporation Limited

The Capital of New Tirupur Area Development Corporation Limited (NTADCL) as on 31st March 2021 has been almost fully eroded by past losses. It was exploring the option of supplying substantial volume of industrial water to a textile park proposed to be set up by the State Government which would have contributed substantially to its topline. Information forthcoming in the last few months suggest that there are likely to be delays and the possibility of NTADCL recovering its past losses does not seem very promising. In view of this, the Company has provided for its entire investment of Rs.7,00,00,000 in the equity shares of NTADCL during the year.

Note 28:

Accumulated losses of the company as on 31st March 2022 exceeds the paid up share capital of the company. Though the Company has made a provision in respect of its investment in NTADCL, there is no intention of disposing off these investments. Presently, the company is actively pursuing claims and litigations in respect of projects completed and is hopeful of recovering the claims made by it against the parties, which will be recognised as revenue in the year of receipt. The Company is exploring various business opportunities including restructuring. Supported by its Parent Company, in the opinion of the management, the company will be able to continue as going conern for the foreseeable future.

Having regard to the above factors, the accounts are prepared on going concern basis.

Note 29:

The 10% Non-Cumulative Redeemable Participating Preference Shares ("The Shares") were redeemable at par on 13th March 2015. The Company has continued to incur losses during the year and, as on 31st March 2021, its accumulated losses exceeded the paid up share capital and free reserves of the Company. The Company is not in a position to redeem The Shares.

Note 30:

The Company had taken unsecured loans of Rs.994.42 lakhs in earlier years. Based on the Letters for waiver of interest issued by the lenders from year to year, since 2005 the Company was not for interest payable on these loans. On 1st April 2014 the lenders of the aforesaid unsecured loans opted to call for repayment of the principal amount. Further, the lenders are not agreeable to renew the unsecured loans, despite the Company expressing its inability to repay the same because of its financial situation. Since the unsecured loans have not been renewed, no provision has been made in the accounts for interest of Rs.84.14 lakhs for the year payable on these loans.

INDEPENDENT AUDITOR'S REPORT

To the Members of Meru Travel Solutions Private Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Meru Travel Solutions Private Limited** ("the Company"), which comprise the standalone Balance Sheet as at March 31, 2022, and the standalone statement of Profit and Loss (including Other Comprehensive Income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the standalone Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The standalone Balance Sheet, the standalone Statement of Profit and Loss including other comprehensive Income, the standalone Cash Flow Statement and the standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

   (g) In our opinion and according to the information and explanation given to us, the Company has not paid any remuneration to its directors and thus the provisions of Section 197 of the Act are not applicable to the Company. Accordingly, reporting under section 197 (16) of the Act is not applicable in case of the Company.

   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The company does not have any pending litigations which will impact its financial positions.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provided any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of it's knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provided any guarantee, security or the like on behalf of the Ultimate beneficiaries; and

(c) Based on such audit procedures that the auditor has considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

v. The Company have not declared or paid dividend during the financial year.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Meru Travel Solutions Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the standalone financial statements of **Meru Travel Solutions Private Limited** for the year ended March 31, 2022

Annexure to the Auditor's Report referred to in our report of even date:

i. (a) According to information and explanation to given us, the Company does not hold any Property, Plant and Equipment and Intangible assets. Accordingly, Clause 3(i)(a) to 3(i)(e) of the Order is not applicable to the Company.

ii. (a) Company is into service industry and does not hold any inventory, thus Clause 3(ii)(a) of the Order is not applicable to the company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2022, which have not been deposited with the appropriate authorities on account of any dispute. The statutory dues in respect of Income-tax as at March 31. 2022, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of the statute	**Nature of the dues**	**Amount (Rs)***	**Period to which the amount relates**	**Forum where dispute is pending**
Income Tax Act, 1961	Tax deducted at Source	18,830	Various Years	Traces

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) In our opinion and according to the information and explanations given to us, Company has not availed any term loans during the year and thus, Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us, and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has made private placement of shares during the year in compliance with the requirements of Section 42 and Section 62 of the Act. In our opinion, total money raised aggregating Rs. 3 lakhs have been utilised till March 31, 2022 for the purposes for which the funds were raised.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 177 and 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. The Company has not obtained registration with the Reserve Bank of India since the Company continues to fulfill the criteria of being exempted from registration as a CIC as at the date of our audit report.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 28.59 Lakhs during the current financial year and Rs. 58.55 Lakhs in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, Section 135 of the Act does not applicable to the company. Accordingly, the reporting Clause 3(xx) of the Order is not applicable to the Company.

xxi. We have considered the Auditors' Reports of the subsidiaries of the Company, included in the consolidated financial statements. We have observed that there are no qualifications or adverse remarks in the report under the Companies (Auditor's Report) Order, 2020.

Note

(i) Equity component of preference shares

During the year ended March 31, 2013, the Company issued 31,489 cumulative redeemable preference shares (CRPS) of INR 10 each fully paid-up at a premium of INR 25,000 per share to True North Trusteeship Company Private Limited (formerly known as 'IVF Trustee Company Private Limited') as nominee shareholder of True North Fund IIIA (formerly known as 'India

Value Fund IIIA'). The preference shares carry cumulative dividend @ 0.01% p.a. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. Holders of the cumulative redeemable preference shares have no voting rights with respect to any matters which may be brought for shareholders action in connection with the business and affairs of the Company, except in respect of matters which directly affect the rights of redeemable preference shareholders subject to the provisions of the Act.

The cumulative redeemable preference shares were redeemable at a premium of INR 53,414 per share on December 31, 2016, During the previous year ended March 31, 2017, the redemption period of these preference shares was extended by 1 year to December 31, 2017 at a premium of INR 61,427 per share or at such earlier date and at such value (representing fair market value prevailing at that relevant point in time) as may be decided by the Board of Directors.

During the previous year ended March 31, 2018, the 0.01% Cumulative redeemable preference shares were converted into 0.01% Optionally convertible optionally redeemable preference shares (the option being with the Board of Directors of the Company) and extended the redemption period of these preference shares by 10 years to December 31, 2027 at the same redemption price i.e. INR 61,427 per share or at such earlier date and at such value as may be decided by the Board of Directors. In case Board of Directors decides to convert the preference shares to equity, such conversion shall be based on fair market value prevailing at that relevant point in time. The 0.01% Optionally convertible optionally redeemable preference shares is classified as a financial liability subsequently measured at amortised cost. It has been recorded at fair value on initial recognition and the difference between fair value and the book value is recorded under Other equity as 'Equity component on preference shares'.

During the year ended March 31, 2020, 31,489 0.01% Optionally convertible optionally redeemable preference shares (the option being with the Board of Directors of the Company) was converted into 1,489 (one thousand four hundred eighty nine), Equity Shares of the Company of face value INR 10 (Rupees Ten only), ranking pari passu with all the then existing Equity Shares of the Company and 30,000 Redeemable Optionally Convertible Non-Cumulative Redeemable Preference Shares ("OCRPS") of the Company for a period of 6 years from Dec 5, 2019.

The redemption amount of these OCRPS will be decided based on the outcome of the ongoing proceedings during its term. If as per the decision of ongoing proceedings no amount is payable to the Company, these preference shares will be redeemed at face value subject to applicable laws or they will be converted into 1 equity share of the Company. If as per the decision of ongoing proceedings, any amount is received by the Company, the Company shall redeem these OCRPS at face value + Premium, where premium will the amount received minus any cost and taxes payable on the amount received.

During the year, these OCRPS have been redeemed at face values, from the proceeds of issueance of fresh equity share capital, as per the requirement of the Act.

(ii) Securities premium: Securities premium is credited when shares are issued at a premium. The securities premium can be utilized as per the provisions of the Companies Act, 2013 for specified purposes such as to issue bonus shares, to provide for premium on redemption of shares or debentures etc.

(iii) Retained earnings: Retained earnings represents the amount of accumulated earnings at each Balance Sheet date of the Company.

(iv) Capital reserve:

(i) Capital reserve is created out of transaction between the Company and BCCL on account of issue of shares and cancellation of share warrants and Line of credit ('LOC') availed by subsidiary Rs. 665.40 Lakhs.

(ii) Capital reserve is created on the conversion of financial liability component of 0.01% Optionally convertible optionally redeemable preference shares to 0.01% Redeemable Optionally Convertible Non-Cumulative Preference Shares ("OCRPS") of Rs 89.24 Lakhs.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. Corporate information

Meru Travel Solutions Private Limited ('the Company') is registered as a private limited company incorporated on December 4, 2006 under the Companies Act, 1956 and having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from December 5, 2019. The Company operates through its three subsidiaries, to undertake business of owning, operating and maintaining vehicle fleets for transportation of passengers in form of tourist vehicles, radio taxis and to acquire and operate similar existing business.

On November 19, 2014, the name of the Company was changed to Meru Travel Solutions Private Limited and on January 13, 2015 the Company was converted to a Public Limited Company and the name of the Company was changed to Meru Travel Solutions Limited. Subsequently on July 23, 2015, the Company was converted back to Private Limited Company and the name changed to Meru Travel Solutions Private Limited.

These financial statements were authorized for issue in accordance with a Board resolution of April 25, 2022.

2A. Significant accounting policies

2A.1 Statement of Compliance

The Financial Statements have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial Statements are separate Financial Statements.

2A.2 Basis of preparation and presentation

These financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2A. Significant accounting policies (continued)

2A.2 Basis of preparation and presentation (continued)

The Financial Statements are prepared in Indian Rupee (INR) and denominated in Lakhs.

The principal accounting policies are set out below.

2A.3 Borrowing costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalised as a part of the cost of the such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the revenue in the year of incurrence.

2A.4 Taxation

Income Tax expense represents the sum of tax currently payable and deferred tax.

2A.4.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2A.4.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.4.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2A.5 Provisions, Contingent liability & Contingent assets

Provision are recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2A.6 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits, if any, with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above.

2A.7 Investment in subsidiaries

Investments in subsidiaries are recorded at cost as defined in Ind AS 27.

2A.8 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2A.9 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2A.9.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2A.9.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

2A.9.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2A.9.3 Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other Income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.9.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2A.9.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2A.10 Financial liabilities & Equity instruments

2A.10.1 Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2A.10.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2A.10.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2A.10.4 Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2A.11 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2A, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Impairment of investment in subsidiary

The Company performs impairment testing for investment in subsidiaries where there are indicators of impairment. If such an indicator exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. The recoverable amount is the higher of value in use and fair value less costs of disposal. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Company's Statement of profit and loss. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of the recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately as a credit to the Company's Statement of profit and loss.

During the year, the Company has recorded / (reversed) impairment charge in respect of the investment in all three subsidiaries at the value at which it has agreed to Sale its subsidiaries to Mahindra Logistics Limited ('MLL') as per the Share Purchase Agreement ('SPA') signed on November 9, 2021.

Note 3: Investment in subsidiaries

	As at March 31, 2022	As at March 31, 2021
Investments in unquoted equity instruments of subsidiaries:		
Meru Mobility Tech Private Limited *[formerly known as Meru Cab Company Private Limited]* ('MMTPL')

	1.18	1.18

Note 10: Income Taxes

The major components of income tax expense for the years ended

	March 31, 2022	March 31, 2021
Current income tax:		
Current income tax charge	**–**	–
Adjustments in respect of current income tax of previous year	**–**	–
Deferred tax:		
Relating to origination and reversal of temporary differences	**–**	–
Income tax expense reported in the statement of profit or loss	**–**	–

	March 31, 2022	March 31, 2021
Net loss/(gain) on remeasurements of defined benefit plans	**–**	–
Income tax expense charged to OCI	**–**	–

Reconciliation of tax expense and the accounting profit / (loss) multiplied by India's domestic tax rate for the year ended

	March 31, 2022	March 31, 2021
Accounting loss before income tax	**(7,508.54)**	(58.55)
At India's statutory income tax rate of 26.00% (March 31, 2021: 26%)	**(1,952.22)**	(15.22)
Adjustments in respect of current income tax of previous years	**–**	–
Effect of current year losses for which no deferred tax asset is recognised	**1,952.22**	15.22
At the effective income tax rate	**–**	–
Income tax expense reported in the statement of profit and loss	**–**	–

Deferred tax working for the year ended:

	Balance Sheet	
	March 31, 2022	March 31, 2021
Tax effect of items constituting deferred tax liabilities		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	**–**	–
Tax effect of items constituting deferred tax assets		
Carry forward Unabsorbed business losses	**40.95**	34.03
Deferred tax expense	**40.95**	34.03
Net deferred tax assets	**40.95**	34.03
Net deferred tax assets\(liabilities) recognised	**–**	–

	Statement of Profit & Loss	
	March 31, 2022	March 31, 2021
Tax effect of items constituting deferred tax liabilities		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	**–**	–
Tax effect of items constituting deferred tax assets		
Carry forward Unabsorbed business losses	**(6.92)**	(1.05)
Deferred tax expense/(income)	**(6.92)**	(1.05)
Net deferred tax assets\(liabilities) recognised in profit and loss	**–**	–

The Company has a net deferred tax asset position as at March 31, 2022 and March 31, 2021. However, in terms of Ind AS 12, the Company has not recognised the net deferred tax assets as there is no reasonable certainty supported by convincing evidence that the Company will have adequate taxable profits in the future against which the carried forward tax losses may be offset.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

The Company has following tax losses which arose in India that are available for offsetting against future taxable profits.

	March 31, 2022	March 31, 2021
Losses that expire - Carry forward business losses	**157.50**	130.87

* The carry forward tax losses would expire beginning from the financial year 2022-23 up to 2029-30.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

Note 12: Financial instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts of financial instruments.

Particulars	Notes	Carrying value\Fair Value	
		March 31, 2022	March 31, 2021
Financial assets carried at amortised cost			
Cash and cash equivalents	4	**0.08**	14.53
Total		**0.08**	14.53
Financial liabilities carried at amortised Cost			
Liability portion of Preference shares			
Non-current portion	6	**–**	3.00
Trade and other Payables	7	**22.77**	9.29
Total		**22.77**	12.29

B] Fair Value Measurement

The management assessed that cash and cash equivalents, current liability portion of preference shares and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the Company's preference shares is determined by using DCF method using the Company's incremental borrowing rate and the fair value determined on initial recognition is categorised as Level 2 in the fair value hierarchy.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

(i) Liquidity risk

The Company's liquidity risk mainly arises from preference shares issued to the parent company and insignificant routine expenses which are paid by Company's subsidiaries on its behalf as and when required. Subsequently, on receipt of funds by Company from its Parent on issue of equity shares for onward investment in its subsidiaries, Company generally settles the inter-company payables first and invests balance amounts in its Subsidiaries when needed. With regard to its preference shares, Company re-negotiates the terms of preference shares with its Parent company depending upon its financial condition on each redemption date. During the year, these preference shares are redeemed.

The Company did not have drawn or undrawn borrowing facilities as at each reporting date.

The table below summarises the maturity profile of the Companys' financial liabilities based on contractual undiscounted payments.

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended - March 31, 2022						
Trade payables to related parties	12.75	–	–	–	–	**12.75**
Other trade payables	10.02	–	–	–	–	**10.02**
	22.77	**–**	**–**	**–**	**–**	**22.77**

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended - March 31, 2021						
0.01% optionally convertible optionally redeemable preference shares	–	–	–	–	3.00	**3.00**
Trade payables	9.29	–	–	–	–	**9.29**
	9.29	**–**	**–**	**–**	**3.00**	**12.29**

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, preference shares, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder's value. Since Company is non-revenue generating entity, Company monitors its capital considering requirements at Group level after including all subsidiaries' capital requirements as mentioned below.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flows as at each period end and identify need for additional funding from the existing / new share holders to meet the outstanding commitments and future cash flow requirements to meet the business plan for 1 year to 3 years. The Company includes within net debt, interest bearing loans and borrowings (excluding redeemable preference share), less cash and cash equivalents (Including intercorporate deposits & liquid mutual fund units).

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

Note 15: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2022	March 31, 2021
(Loss) attributable to equity holders	**(7,508.54)**	(58.55)
Number of Shares outstanding at the beginning of the year	**97,118,058**	87,057,696
Add: Shares issued during the year	**19,738**	10,060,362
Number of Shares outstanding at the end of the year	**97,137,796**	97,118,058
Weighted average number of Equity shares for basic EPS	**97,135,092**	88,628,766
Basic and diluted EPS (INR Rupees)	**(7.73)**	(0.07)

Note 16: Impairment in value of Investment in subsidiary

During the year ended March 31, 2022, the Company has recorded / (reversed) impairment charge in respect of the investment in all three subsidiaires at the value at which it has agreed to Sale its subsidiaries to Mahindra Logistics Limited ('MLL') as per the Share Purchase Agreement ('SPA') signed on November 9, 2021.

Note 17: Segment reporting

The Company operates through its subsidiaries and does not have any operational business activity. Hence the requirements of the Indian Accounting Standard 108 – "Operating Segments", are not applicable to the Company.

Note 18: Going Concern

As at March 31, 2022, the Company has accumulated losses of INR 56,370.68 Lakhs (March 31, 2021: INR 48,862.14 million) and a positive net worth of INR 5,024.63 Lakhs (March 31, 2021: INR 12.530.17 Lakhs). The Holding Company Mahindra & Mahindra Limited ('M&M') has committed to provide continued financial and/or operational support to the Group for its continued operations for the foreseeable future through itself or through its subsidiay.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

Note 19: Other Matter

During the year, the Company and its subsidiaries i.e. MMTPL, VFSPL and VASPL, M&M and MLL have entered in SPA, whereby the shares of all the three subsidiaries will be transferred by the Company to MLL and the shares of the Company will be transferred by M&M to MLL.

Note 20: Subsequent Events

There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the balance sheet date.

Note 21: All amounts disclosed in the financial statements and notes has been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Note 22: The figures for the previous year have been regrouped/rearranged wherever necessary to make them comparable with the current period's figures.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Meru Mobility Tech Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Meru Mobility Tech Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Emphasis of Matter

We draw attention to Note No 32 to the financial statements which describes the probable / potential impact of the outbreak of COVID 19 on the business operations of the group. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in this matter.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

    (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

    (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

    (g) In our opinion and according to the information and explanation given to us, the Company has not paid any remuneration to its directors and thus the provisions of Section 197 of the Act are not applicable to the Company. Accordingly, reporting under section 197 (16) of the Act is not applicable in case of the Company.

    (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

        (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 29 (c) to the Ind AS Financial Statements;

        (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

        (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

        (iv) (a) The management has represented that, to the best of its knowledge and belief, except as disclosed in notes to accounts in note no. 40, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities

("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared any dividend during the year.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Meru Mobility Tech Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the Ind AS Financial Statements of **MERU Mobility Tech Private limited** for the year ended March 31, 2022

Annexure to the Auditor's Report referred to in our report of even date:

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of the physical verification is reasonable having regard to the size of the Company and nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property under Property Plant and Equipment. Hence, reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) Company is into service industry and does not hold any inventory, hence, reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from Axis bank on the basis of security of Current Assets (First pari-passu charge) during the year. During the year, there were no amounts disbursed from the above facility taken by the Company.

iii. (a) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to firms or any other parties. During the year, the Company has granted loans to one fellow subsidiary company, the details of which are as under:

Particulars	Amount
Aggregate amount of loans given during the year: - V-Link Fleet Solutions Private Limited (Fellow Subsidiary)	Rs. 96,60,007/-
Balance outstanding at the balance sheet date - V-Link Fleet Solutions Private Limited (Fellow Subsidiary)	Rs. 14,22,47,687/-

(b) According to the information and explanations given to us, the terms and conditions of the loans granted by the Company to a fellow subsidiary company is not prejudicial to the Company's interest.

(c) According to the information and explanation given to us, there was no amount due during the year in respect of the loan given to fellow subsidiary. Hence, reporting under Clause 3(iii)(c) to 3(iii)(f) of the Order is not applicable to the company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2022, which have not been deposited with the appropriate authorities on account of any dispute. The statutory dues in respect of Income-tax, Service Tax and GST as at 31 March 2022, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of the statute	Nature of the dues	Amount (Rs)*	Period to which the amount relates	Forum where dispute is pending
Service Tax	Service Tax	57,56,20,706	October 2014 to June 2017	Commissioner Of CGST & Central Excise
Goods and Service Tax	Interest on Reverse Charge Liability on unregistered suppliers	1,19,95,650	July 1, 2017 to October 12, 2017	Directorate General of GST Intelligence
Income Tax Act, 1961	Tax Deducted at Source	6,76,680	Various Years	Traces

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) The Company has not raised any term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Ind AS Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the Ind AS Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

xiv. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 1212.45 Lakhs million during the current financial year and Rs. 1933.77 Lakhs in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Ind AS Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, company is not liable to adhere compliance under section 135 of the Companies Act, 2013. Accordingly, the reporting Clause 3(xx)of the Order is not applicable to the Company.

xxi. According to the information and explanations given to us, company does not have any subsidiary company. Accordingly, the reporting Clause 3(xxi)of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. Corporate information

Meru Mobility Tech Private Limited ('the Company') is registered as a private limited company incorporated on December 4, 2006 under the Companies Act, 1956 and having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from December 5, 2019. The Company is mainly engaged in the business of owning, operating and maintaining vehicle fleet for transportation of passengers in form of taxis, providing taxi aggregator services and to acquire and operate similar existing businesses.

On May 29, 2018, the name of the Company was changed from Meru Cab Company Private Limited to Meru Mobility Tech Private Limited.

These financial statements were authorized for issue in accordance with a Board resolution of April 25, 2022.

2A. Significant accounting policies

2A.1 Statement of Compliance

The Financial Statements have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial Statements are separate Financial Statements.

2A.2 Basis of preparation and presentation

These financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statements are prepared in Indian Rupee (INR) and denominated in lakhs.

The principal accounting policies are set out below.

2A.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2A.4 Revenue recognition

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

The following specific recognition criteria must also be met before revenue is recognized.

Income from services:

i. Revenue from taxi services, convenience fees, airport charges

Revenue from taxi services represents revenue earned from transportation of passengers as part of metered tax operations. Revenue from taxi services is measured as per the contractual terms and is recognised on completion of each trip. Convenience fees are charged to customer for facilitating booking of taxi services through the Company. Convenience fees are recognised as revenue at completion of trip. Airport charges are recovered from customers towards the airport charges incurred at airports as per the contractual terms. Airport charges are recognised as revenue at completion of trip.

ii. Revenue from taxi aggregator services

Revenue from taxi aggregator services is recognised net off the share of revenue paid to drivers, as and when the services are rendered as per the terms of the contract. Taxi aggregator services involve the Company providing a platform to facilitate booking of taxi services by passengers with third party independent taxi service providers.

iii. Revenue from employee transportation

Revenue from employee transportation represents revenue earned from providing taxi services to corporates for employee transportation. Revenue is measured as per the contractual terms and recognised as and when the service is rendered as per contract terms.

iv. Revenue from car rental services

Revenue from car rental services represents revenue earned from letting cars on hire to customers for specific period of time (generally short periods of time ranging from a few hours to a day). Revenue is measured as per the contractual terms and is recognized on completion of each trip.

v. Advertisement revenue

Revenue from advertisement contracts are recognised pro-rata over the period of contract as and when services are rendered. Revenue is measured as per the contractual terms

The Company generally does not offer a credit period in respect of its billing to drivers. In respect of corporate customers, the Company credit period offered generally ranged from 30 days to 90 days.

Dividend and Interest income:

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2A.5 Leasing

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
    a) the Company as a lessee has the right to operate the asset; or
    b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to contracts entered into, or modified, on or after April 01, 2019.

<u>As a lessee</u>

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is re -measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

<u>Short-term leases and leases of low-value assets</u>

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

<u>As a Lessor</u>

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

Transition

The Company has adopted Ind AS 116 using the modified retrospective approach with effect from initially applying this standard from April 01, 2019. Accordingly, the information presented for previous year ended March 31, 2019 has not been restated and continues to be reported under IAS 17. The Company has adopted modified retrospective approach where lease liability measured at present value of remaining lease payment discounted at the incremental borrowing rate at the date of initial application and right to use asset is equal to lease liability adjusted by the amount of any prepaid or accrued lease payments.

<u>As a lessee</u>

<u>Operating leases</u>

For transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. Single discount rate to a portfolio of leases with similar characteristics.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

2A.6 Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupees (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost in a foreign currency are are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

2A.7 Borrowing costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalised as a part of the cost of the such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the revenue in the year of incurrence.

2A.8 Employee benefits

2A.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. Net interest expense or income; and

c. Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2A.8.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2A.9 Taxation

Income Tax expense represents the sum of tax currently payable and deferred tax.

2A.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2A.9.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2A.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2A.10 Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the asset to its working condition for the intended use. Subsequent cost are included in the asset's carrying amount or recognised as as separate asset, as appropriate only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on tangible asset is charged on a Straight-Line Method (SLM) in accordance with the useful life specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

iii. Mobile Phones (included in Office Equipment) in 1 - 2 years.

iv. Motor Cars (included in Vehicles) in 3 to 5 years as the case may be

v. Assets capitalised which are attached to the leasehold office premises shall be depreciated upto 75% of its value over the lease period assuming a realisable value of 25% after the end of original lease period.

The estimated useful lives, residual values, and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain and loss arising on disposal or retirement of an item of property, plant and equipment are determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss

2A.11 Intangible assets

2A.11.1 Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2A.11.2. Useful lives of intangible assets

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

Certain softwares added during the year are amortised over a period of 36 months.

Taxi permits (Leased):

Taxi permits are amortised using the straight-line method over a period of 8 years or contractual life whichever is lower.

Software:

ERP software is amortised using the straight-line method over a period of 5 years and other software are amortised using the straight-line method over a period of 3 years or contractual life, whichever is lower.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2A.12 Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2A.13 Provisions, Contingent liability & Contingent assets

Provision are recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2A.14 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2A.15 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2A.15.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2A.15.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.15.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2A.15.3 Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other Income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2A.15.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2A.15.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2A.15.6 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2A.16 Financial liabilities & Equity instruments

2A.16.1 Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.16.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2A.16.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2A.16.4 Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2A.17 Segment reporting

The CEO monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in Financial Statements

2A.17.1 Identification of Operating Segments

The operating segments have been identified based on its services and has two reportable segments, as follows:

i. **Taxi Services (including taxi aggregator services): Providing taxi services to retail passengers. (which includes taxi aggregator services)**

ii. **Employee transport service: Provides employee transportation and rent a cab services to corporate customers.**

2A.17.2 Accounting of Operating Segments

Accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenues and expenses, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis and inter-segment revenue and expenses, have been included under "Unallocated Corporate Expenses/Eliminations".

2A.18 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

a) Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss / reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2A, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

i. Useful lives of intangibles and property, plant and equipment:

As described in note 2A.10 The Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each annual reporting period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

ii. Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

iv. Estimated Lead Time for determining completion of performance obligation

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

v. Contracts with Driver - Whether the arrangement with drivers contains a lease:

Significant judgement is required to apply lease accounting rules under Appendix C of Ind AS 17 - Determining whether an arrangement contains a lease. In assessing the applicability to arrangements entered into by the Company, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforceable arrangements and other significant terms and conditions of the arrangements to conclude whether the arrangements meet the criteria under Appendix C.

vi. Leases

Ind AS 116 requires lessees to determine the lease term as the non- cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

vii. Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)

Based on assessment and on the basis of available information of the impact of COVID-19, the Management has considered the possible effects, if any, that may result from the pandemic on the carrying amounts of current assets after considering internal and external sources of information as at the date of approval of these financial statements. The actuals may differ from the estimates considered in these financial statements.

viii. Trade Receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

ix. Revenue from Contracts with Customers

The Company assesses in accordance with Ind AS 115 as to whether it is acting as principal or agent in respect of the revenue arrangements entered. The Company has assessed that it is acting as an agent in case of revenue from taxi aggregator services arrangements and dealing on principal to principal basis for revenue from other services in terms of the principles of Ind AS 115.

The Company has evaluated the impact of COVID-19 resulting from (i) the possible constraints to continue its operations and revisions in costs to fulfill the pending obligations (ii) onerous obligations (iii) penalties, if any, relating to breaches of agreements and (iv) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

(Currency in INR lakhs)

Note 27: Financial instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts (net off any provision for impairment) of financial instruments.

Particulars	Notes	Carrying value/ Fair Value	
		March 31, 2022	March 31, 2021
Financial assets carried at amortised cost			
Security deposits	6	**532.79**	514.81
Loans to related parties - Inter-corporate deposits	5	**1,422.48**	1,445.05
Loans to employees	5	**1.08**	2.20
Balances with banks held as margin money (non-current)	6	**37.90**	36.00
Advances recoverable in cash	6	**19.19**	51.94
Accrued interest	6	**0.56**	2.32
Receivables towards assets given on finance lease	6	**82.04**	152.94
Trade Receivables	10	**884.10**	842.76
Cash and cash equivalents and other bank balances	11, 12	**206.79**	246.25
Financial assets classified at FVTPL			
Investments	9	**166.57**	1,153.65
Total		**3,353.48**	4,447.93
Financial liabilities carried at amortised cost			
Borrowings	15	**3,033.47**	3,145.09
Current Maturities of long term Borrowings	18	**139.03**	152.32
Other financial liabilities	18	**762.96**	951.71
Trade payables	17	**897.83**	489.46
Total		**4,833.29**	4,738.57

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, loans, other financial assets trade payables, borrowings and other financial liability approximate their carrying amounts largely due to the short-term maturities of these instruments.

Investments in mutual funds are recorded at fair value. The fair value is determined at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of investments in mutual fund units is based on Net Asset Value (NAV) on the balance sheet date as published by the mutual fund. The fair value is categorised as Level 2 in the fair value measurement hierarchy.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

- Market risk - interest rate risk
- Credit risk
- Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings are all in fixed rate instruments and there is no investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), liquid mutual fund units, inter corporate deposits, cash deposits and other financial instruments.

Trade receivables

The Company's Management divides its customers primarily into following two categories for purposes of monitoring credit risk:

Trade receivables from subscribers

Credit risk relating to subscribers is managed in accordance with the Company's established policy, procedures and controls relating to driver credit risk management. Trade receivables are non-interest bearing. Outstanding receivables are regularly monitored. The Company recognises impairment of trade receivables from drivers based on outstanding receivable, its historical experience and its expectation of credit losses in the future except to the extent the trade receivables are secured by way of deposits received from customers.

	March 31, 2022	March 31, 2021
Gross Trade receivables from subscribers	**204.63**	677.83
Less: Impairment allowance doubtful trade receivables	**(95.41)**	(131.67)
Net Trade receivables from subscribers	**109.21**	546.16
Security deposits received from above subscribers held as at the respective reporting dates	**129.13**	362.20

Trade receivables from other customers

Credit risk relating to other customers is managed in accordance with the Company's established policy, procedures and controls relating to other customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from other customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

	March 31, 2022	March 31, 2021
Gross Trade receivables from other customers	**1,028.48**	714.79
Less: Impairment allowance doubtful trade receivables	**(253.60)**	(418.18)
Net Trade receivables from other customers	**774.89**	296.61
Ageing of gross trade receivables relating to other customers:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR lakhs)

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behaviour.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 27A. The Company has assessed the concentration risk with respect to trade receivables as low for its business.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations including deposits received from drivers.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

		Undiscounted amount				
Year ended - March 31, 2022	**Carrying Value**	**Payable within 1 year**	**Payable within 1 to 2 years**	**Payable within 2 to 3 years**	**Payable within 3 to 4 years**	**Total**

* The carrying amount of borrowings is net of transaction costs including bank fees.

D] Capital management

For the purpose of capital management, the Company considers capital to include issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the loan covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flows as forecasts at each period end and identifies need for additional funding from the share holders to meet the outstanding commitments and future cash flow requirements to meet the business plans. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents and liquid mutual fund units.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR lakhs)

Particulars	March 31, 2022	March 31, 2021
Borrowings	**221.39**	402.77
Less: Cash and Cash Equivalent and liquid mutual fund units	**373.36**	1,399.90
Net Debt/(Surplus funds)	**(151.96)**	(997.13)

Note 28: Employee benefits

a. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 23 under "Contribution to provident and other funds":

Particulars	March 31, 2022	March 31, 2021
Contribution to employees provident fund	**51.98**	68.88
Contribution to ESI	**4.28**	4.71
Total	**56.26**	73.59

b. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

Liability recognised in the Balance Sheet in respect of Gratuity

	March 31, 2022	March 31, 2021
Present value of the defined benefit obligation at the end of the year	**96.12**	122.50
	96.12	122.50

Changes in the present value of the defined benefit obligation are as follows :

	March 31, 2022	March 31, 2021
Defined benefit obligation at beginning of the year	**122.50**	130.10
Current service cost	**12.02**	16.27
Interest cost	**5.74**	6.70
Past Service cost	**–**	–
Sub-total included in statement of profit and loss	**17.76**	22.97
<u>Remeasurement (gains)/losses recorded in OCI</u>		
Actuarial changes arising from changes in demographic assumptions	**–**	–
Actuarial changes arising from changes in financial assumptions	**(2.66)**	3.14
Experience adjustments	**(0.07)**	(6.04)
Sub-total included in OCI	**(2.73)**	(2.90)
Acquisition Adjustment	**2.47**	3.11
Benefits paid	**(43.88)**	(30.78)
Defined benefit obligation at the end of the year	**96.12**	122.50

Following table summarises the principal assumptions used for actuarial valuation of gratuity obligation for each reporting period:

Actuarial assumptions	March 31, 2022	March 31, 2021
Discount rate	**5.25%**	4.60%
Future salary increases	**8.00%**	8.00%
Attrition rate (% p.a.)	**refer note below**	refer note below

Note : Call center – 60%, Non Call center – 35%, Management committee –10%

The estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Demographic Assumptions :

Mortality in Service: Indian Assured Lives Mortality 2012-14 (March 31, 2021: Mortality in Service: Indian Assured Lives Mortality 2012-14) Mortality in Retirement : 58 Years

A quantitative sensitivity analysis for significant assumptions as at each reporting date is as shown below:

	Discount rate assumption	
	March 31, 2022	March 31, 2021
Gratuity plan:		
Impact of increase of 1% p.a. on defined benefit obligation	**(3.82)**	(5.60)
Impact of decrease of 1 % p.a. on defined benefit obligation	**4.16**	6.17

	Future salary increase assumption	
	March 31, 2022	March 31, 2021
Gratuity plan:		
Impact of increase of 1% p.a. on defined benefit obligation	**3.14**	4.43
Impact of decrease of 1 % p.a. on defined benefit obligation	**(3.18)**	(4.29)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 5 years (March 31, 2021: 5 years).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR lakhs)

The following are expected contributions over the future years (valued on undiscounted basis):

	March 31, 2022	March 31, 2021
Within the next 1 year (next annual reporting period)	**26.91**	28.76
Between 2 to 5 years	**53.98**	63.04
Between 6 to 10 years	**21.51**	38.74
Beyond 10 years	**20.80**	26.57
Total expected payments	**123.20**	157.11

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2022 INR (1.27) Lakh (March 31, 2021: INR 38.3 Lakhs).

Note 29: Commitments and contingencies

A. Leases

a. Lease commitments

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application.

Following are the changes in the carrying value of right of use assets for the year ended March 31, 2022

Particulars	ROU Assets Building	Total
Balance as at March 31, 2020	**40.82**	40.82
Additions	**–**	–
Deletions	**–**	–
Balance as at March 31, 2021	**40.82**	40.82
Additions	**–**	–
Deletions	**(40.82)**	(40.82)
Balance as at March 31, 2022	**–**	–

The following is the movement in lease liabilities for the year ended March 31, 2022

Particulars	March 31, 2022	March 31, 2021
Balance at the beginning	**–**	19.60
Additions	**–**	–
Finance cost accrued during the period	**–**	0.91
Deletions	**–**	–
Payment of lease liabilities	**–**	(20.51)
Balance at the end	**–**	–

Depreciation on right-of-use assets is as follow

	Year ended March 31, 2022	Year ended March 31, 2021
Depreciation		
Building	**–**	18.74
Total	**–**	18.74

During the year ended March 31, 2022, the Company has paid INR 184.81 lakhs (March 31, 2021 : INR 214.61 lakhs) towards short-term lease payments. This has been recorded under Rent expense in the statement of profit and loss.

b. Finance lease - where the Company is lessor

The Company has taken taxi permits on finance lease by paying the consideration upfront as a onetime payment.

The Company has leased out 31 vehicles (March 31, 2021 : 36) on finance lease. The lease term is for 3 years and is non-renewable, after which the legal title is passed to the lessee. There is no escalation clause in the lease agreement.

<u>Gross investments</u>	March 31, 2022	March 31, 2021
Within one year	**54.32**	63.25
After one year but not more than five years	**35.30**	131.37
More than five years	**–**	–
	89.63	194.61
Less: Unearned finance income	**(7.59)**	(41.67)
Present value of minimum lease payments	**82.04**	152.94
<u>**Present value of future rentals**</u>

B. Commitments

The Company has entered into License Agreements/Contracts with Airport authorities at some locations. These agreements are for periods of 1 to 4 years and include non-cancellable period of 1 to 2 years. Under the contracts, the Company guarantees a certain minimum payment to the airports each month. Management believes that it would perform its obligations for the entire period of these contracts taking into account the past experience and management's intent and future business plans. Management has disclosed contractual commitments under these contracts below based on the total contractual period.

	As at March 31, 2022	As at March 31, 2021
Minimum commitment to Airports		
Delhi Airport Terminal 1	**145.80**	–
Delhi Airport Terminal 2	**218.70**	–
Delhi Airport Terminal 3	**437.40**	–
Hyderabad Airport	**543.40**	1,121.51
	1,345.30	1,121.51

C] Contingent liabilities

Particulars	**As at March 31, 2022**	As at March 31, 2021
Claims against the Company not acknowledged as debts (Refer note a below)	**16.06**	142.35
Advertisement tax	**55.40**	55.40
	71.46	197.75

Note:

a) Claims against the Company pertain to various legal claims filed against the Company by customers/ third parties. The Company has contested these claims and the same are pending adjudication at various judicial forums. The timing of any possible cash outflows with regard to the aforesaid matters depends upon the final outcome of the respective litigations and exhaustion of remedies available to the Company under the law and hence the Company is not able to reasonably ascertain the timing of the possible outflow, if any.

Note 30: Income Taxes

* less than Rs. 5,000

Terms and conditions of transactions with related parties

All the related party transaction during the year were in ordinary course of business. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. The loans receivable and payable are all repayable on demand.

Note 32:

The outbreak of coronavirus (COVID 19) pandemic globally is causing a slowdown of economic activity. Measures are being taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to business worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR lakhs)

The Company has made a detailed assessment of its liquidity position for next one year and the recoverability and carrying value of its assets including Property, Plant and Equipment, Trade receivables and Investment as at the Balance sheet date and has concluded that no material adjustments are required in the financial statements. Management believes that it has taken into account all possible impacts of known events arising from COVID 19 pandemic in preparation of these financial statements.

The impact of coronavirus on the business will depend on future developments that cannot be reliably predicted. The impact of global health pandemic, might be different from that estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

Note 33: Operating Segments Reporting

A. Basis for segmentation

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the company other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Operating EBITDA is the Management's measure of the segment results.

The Group has two reportable segments, as described below, which are the Group's strategic business units. These business units offer different services and are managed separately because they require different technologies and marketing strategies. For each of the business units the CODM reviews internal management reports on monthly basis.

The following summary describes the operations in each of the company reportable segments:

a. **Taxi services (includes taxi aggregator services):** Provide taxi services to retail passengers (which includes taxi aggregator services).

b. **Employee transport service:** Provides employee transportation and rent a cab services to corporate customers.

B. Information about reportable segments

Information regarding the results of each reportable segments is included below.

Note 34.3: Financial Ratios

Ratio	Numerator	Denominator	Year ended March 31, 2022	Year ended March 31, 2021	Variance %	Reason for variance
Current Ratio	Total current assets	Total current liabilities	1.55	1.3	19%	
Debt-Equity Ratio	Debt	Total equity	(0.23)	0.35	-166%	The change is on account of current year losses.
Debt Service Coverage Ratio	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Debt service= Lease payments	(5.79)	(4.80)	21%	
Return on Equity Ratio	Profit for the year less Preference dividend (if any)	Average total equity	217.00%	-274.00%	-179%	As last year, we had positive networth and loss
Trade Receivables turnover ratio	Revenue from operations	Average trade receivables	5.60	3.57	57%	As the credit revenues has gone up during the year, ratio has increased.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR lakhs)

Ratio	Numerator	Denominator	Year ended March 31, 2022	Year ended March 31, 2021	Variance %	Reason for variance
Trade payables turnover ratio	Operating expenses + Other expenses	Average trade payables	7.97	7.01	14%	
Net capital turnover ratio	Revenue from operations	Average working capital (i.e. Total current assets less Total current liabilities)	9.57	1.56	513%	As the revenues has gone up during the year, ratio has increased.
Net profit ratio	Profit for the year	Revenue from operations	-34%	-69%	-51%	Ratio has reduced as there is lower loss in current year
Return on Capital employed	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	-324%	-102%	218%	Ratio has gone upto due to losses in current year
Return on investment	Income generated from invested funds	Average invested funds in treasury investments	0.68%	0.76%	-10%	

Note 35: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2022	March 31, 2021
Profit/(Loss) attributable to equity holders	**(1,928.24)**	(2,846.64)
Number of Shares outstanding at the beginning of the year	**1,73,695**	1,48,195
Add: Shares issued during the year	**–**	25,500
Number of Shares outstanding at the end of the year	**1,73,695**	1,73,695
Weighted average number of Equity shares for basic EPS and diluted	**1,73,695**	1,48,894
Basic and diluted EPS calculations	**(1,110.13)**	(1,911.86)
Weighted average number of Equity shares adjusted for the effect of dilution	**–**	–

Note 36: As at March 31, 2022, the Company has accumulated losses of INR 32,389.47 lakhs (March 31, 2021: INR 30,463.96 lakhs) and a negative net worth of INR 886.94 lakhs (March 31, 2021 : positive networth INR 1038.57 lakhs). The ultimate holding Company Mahindra & Mahindra Limited has committed to provide continuing financial and/or operational support to the Company for its continued operations for the foreseeable future through itself or through its subsidiary.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

Note 37: Based on the contracts with taxi operators under the taxi aggregator services, the Company's revenue is determined as a share of the total passenger revenue of INR 2,828.3 lakhs (March 31, 2021: INR 944.39 lakhs) generated by these taxi operators.

Note 38: During the previous year, the Company has identified that one of its ex-employee handling paperwork for owned Motor Vehicles of the Company, was involved in fraudulent activity, and was submitting fake documents with the Company, the same has resulted into loss to the Company of INR 61.8 lakhs. The Company is in the process of filling FIR against him and recorded provision for expenses for correcting the above paperwork.

Note 38: During the year, the Company, its holding Company i.e. MTSPL, utlimate holding Company i.e. M&M and its fellow subsidiaries i.e. VFSPL and VASPL, have entered in Share Purchase Agreement, whereby the shares of the Company, VASPL and VFSPL, will be transferred by MTSPL to MLL and the shares of MTSPL will be transferred by M&M to MLL.

Note 40: The Company has given Loan to VFSPL of INR 1445.05 Lakhs in the earlier years out of the money borrowed from V-Link Automotive Services Private Limited. The balance outstanding as on March 31, 2022 is INR 1422.48 Lakhs receivable from V-Link Fleet Solutions Private Limited and INR 2969.50 Lakhs payable to V-Link Automotive Services Private Limited..

Note 41: All amounts disclosed in the financial statements and notes has been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Note 42: The figures for the previous year have been regrouped/rearranged wherever necessary to make them comparable with the current period's figures.

INDEPENDENT AUDITORS' REPORT

To the Members of
V-Link Automotive Services Private Limited

Report on the audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Financial Statements of **V-Link Automotive Services Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Sdection 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) In our opinion and according to the information and explanation given to us, the Company has not paid any remuneration to its directors and thus the provisions of Section 197 of the Act are not applicable to the Company. Accordingly, reporting under section 197 (16) of the Act is not applicable in case of the Company.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The company does not have any pending litigations which will impact its financial positions;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared any dividend during the year.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **V-Link Automotive Services Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the Ind AS Financial Statements of **V-Link Automotive Services Private Limited** for the year ended March 31, 2022.

Annexure to the Auditor's Report referred to in our report of even date:

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company does not have any intangible asset. Hence, reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of the physical verification is reasonable having regard to the size of the Company and nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property under Property Plant and Equipment. Hence, reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) Company is into service industry and does not hold any inventory, hence, reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. (a) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to firms or any other parties. During the year, the Company has granted loans to one fellow subsidiary company, the details of which are as under:

Particulars	Amount
Aggregate amount during the year: - Fellow Subsidiary (Meru Mobility Tech Private Limited)	1,36,07,977
Balance outstanding at the balance sheet date - Fellow Subsidiary (Meru Mobility Tech Private Limited)	29,69,50,111

(b) According to the information and explanations given to us, the terms and conditions of the loans granted by the Company to a fellow subsidiary company is not prejudicial to the Company's interest.

(c) According to the information and explanation given to us, there was no amount due during the year in respect of the loan given to fellow subsidiary. Hence, reporting under Clause 3(iii)(c) to 3(iii)(f) of the Order is not applicable to the company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2022, which have not been deposited with the appropriate authorities on account of any dispute. The statutory dues in respect of Income-tax and Service tax as at March 31, 2022, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of the statute	**Nature of the dues**	**Amount (Rs)***	**Period to which the amount relates**	**Forum where dispute is pending**
Service Tax	Service Tax on Mutual fund dealings	18,41,382	April 2015 to June 2017	Commissioner Of CGST & Central Excise
Service Tax	Service Tax	12,51,36,770	April 2015 to June 2017	Commissioner Of CGST & Central Excise
Income Tax Act, 1961	Tax deducted at Source	2,20,820	Various Years	Traces

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) The Company does not have any loans or borrowings outstanding at any time during the year. Accordingly, reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) The Company has not raised any term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Ind AS Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the Ind AS Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

xiv. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Ind AS Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, company is not liable to adhere compliance under section 135 of the Companies Act, 2013. Accordingly, the reporting Clause 3(xx)of the Order is not applicable to the Company.

xxi. According to the information and explanations given to us, company does not have any subsidiary company. Accordingly, the reporting Clause 3(xxi)of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. Company information

V-Link Automotive Services Private Limited ('the Company') is registered as a private limited company domiciled in India having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from December 5, 2019. The Company is mainly engaged in the business of owning, operating and maintaining vehicle fleet for transportation of passengers in form of taxis, providing taxi aggregator services and to acquire and operate similar existing businesses.

These financial statements were authorized for issue in accordance with a Board resolution of April 25, 2022.

2A. Significant accounting policies

2A.1 Statement of Compliance

The Financial Statements have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial Statements are separate Financial Statements.

2A.2 Basis of preparation and presentation

These financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statements are prepared in Indian Rupee (INR) and denominated in crores.

The principal accounting policies are set out below.

2A.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2A.4 Revenue recognition

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

The following specific recognition criteria must also be met before revenue is recognized.

Income from services:

i. Revenue from taxi aggregator services, convenience fees, airport charges, services

Revenue from taxi aggregator services is recognised net off the share of revenue paid to drivers, as and when the services are rendered as per the terms of the contract. Taxi aggregator services involve the Company providing a platform to facilitate booking of taxi services by passengers with third party independent taxi service providers. Convenience fees are charged to customer for facilitating booking of taxi services through the Company. Convenience fees are recognised as revenue at completion of trip. Airport charges are recovered from customers towards the airport charges incurred at airports as per the contractual terms. Airport charges are recognised as revenue at completion of trip.

ii. Revenue from car rental services

Revenue from car rental services represents revenue earned from letting cars on hire to customers for specific period of time (generally short periods of time ranging from a few hours to a day). Revenue is measured as per the contractual terms and is recognized on completion of each trip.

iii. Advertisement revenue

Revenue from advertisement contracts are recognised pro-rata over the period of contract as and when services are rendered. Revenue is measured as per the contractual terms

The Company generally does not offer a credit period in respect of its billing to drivers. In respect of corporate customers, the Company credit period offered generally ranged from 30 days to 90 days.

Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.5 Taxation

Income Tax expense represents the sum of tax currently payable and deferred tax.

2A.5.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2A.5.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2A.5.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2A.6 Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the asset to its working condition for the intended use. Subsequent cost are included in the asset's carrying amount or recognised as as separate asset, as appropriate only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on tangible asset is charged on a Straight-Line Method (SLM) in accordance with the useful life specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

iii. Mobile Phones (included in Office Equipment) in 1 - 2 years.

iv. Motor Cars (included in Vehicles) in 3 to 5 years as the case may be

v. Assets capitalised which are attached to the leasehold office premises shall be depreciated upto 75% of its value over the lease period assuming a realisable value of 25% after the end of original lease period.

The estimated useful lives, residual values, and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain and loss arising on disposal or retirement of an item of property, plant and equipment are determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss

2A.7 Intangible assets

2A.7.1 Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2A.7.2. Useful lives of intangible assets

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

Certain softwares added during the year are amortised over a period of 36 months.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.8 Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2A.9 Borrowing costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalised as a part of the cost of the such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the revenue in the year of incurrence.

2A.10 Provisions, Contingent liability & Contingent assets

Provision are recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2A.11 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2A.12 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2A.12.1 <u>Classification of financial assets</u>

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2A.12.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

2A.12.2 <u>Effective interest method</u>

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2A.12.3 <u>Financial assets at Fair value through Profit and Loss</u>

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

any dividend or interest earned on the financial asset and is included in the 'Other Income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2A.12.4 <u>Impairment of financial assets</u>

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2A.12.5 <u>Derecognition of financial assets</u>

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2A.12.6 <u>Foreign exchange gains and losses</u>

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2A.13 Financial liabilities & Equity instruments

2A.13.1 <u>Classification as debt or equity</u>

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2A.13.2 <u>Equity instruments</u>

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

2A.13.3 **Compound financial instruments**

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2A.13.4 **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2A.14 Segment reporting

The CEO monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in Financial Statements

2A.14.1 **Identification of Operating Segments**

The operating segments have been identified based on its services and has two reportable segments, as follows:

i. **Taxi Services (including taxi aggregator services) : Providing taxi services to retail passengers.(which includes taxi aggregator services)**

ii. **Employee transport service: Provides employee transportation and rent a cab services to corporate customers.**

2A.14.2 **Accounting of Operating Segments**

Accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenues and expenses, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis and inter-segment revenue and expenses, have been included under "Unallocated Corporate Expenses/Eliminations".

2A.15 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

2A.16 Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss / reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2A, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

i. **Contracts with Driver - Whether the arrangement with drivers contains a lease:**

Significant judgement is required to apply lease accounting rules under Appendix C of Ind AS 17 - Determining whether an arrangement contains a lease. In assessing the applicability to arrangements entered into by the Company, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforceable arrangements and other significant terms and conditions of the arrangements to conclude whether the arrangements meet the criteria under Appendix C.

ii. **Useful lives of intangibles and property, plant and equipment:**

As described in note 2A.6 The Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each annual reporting period.

iii. **Fair Value of financial assets and liabilities and investments**

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

iv. **Estimated Lead Time for determining completion of performance obligation**

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

v. **Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)**

Based on assessment and on the basis of available information of the impact of COVID-19, the Management has considered the possible effects, if any, that may result from the pandemic on the carrying amounts of current assets after considering internal and external sources of information as at the date of approval of these financial statements. The actuals may differ from the estimates considered in these financial statements.

vi. **Trade Receivables**

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

vii. **Revenue from Contracts with Customers**

The Company assesses in accordance with Ind AS 115 as to whether it is acting as principal or agent in respect of the revenue arrangements entered. The Company has assessed that it is acting as an agent in case of revenue from taxi aggregator services arrangements and dealing on principal to principal basis for revenue from other services in terms of the principles of Ind AS 115.

The Company has evaluated the impact of COVID-19 resulting from (i) the possible constraints to continue its operations and revisions in costs to fulfill the pending obligations (ii) onerous obligations (iii) penalties, if any, relating to breaches of agreements and (iv) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

Cash and cash equivalents	8	**7.49**	15.49
Accrued Interest	5	**0.02**	0.75
Total		**3,029.95**	2,997.64
Financial liabilities carried at amortized cost			
Other financial liabilities	12	**97.52**	97.30
Trade payables	11	**11.52**	19.81
Total		**109.05**	117.11

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, trade payables, security deposits and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has given interest free inter corporate deposits to fellow subsidiaries. Further The Company does not have any exposure to interest rate risks since there is no borrowings and investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables), liquid mutual fund units, inter corporate deposits, cash deposits and other financial instruments.

Trade receivables

The Company's Management divides its customers primarily into following two categories for purposes of monitoring credit risk:

Trade receivables from Subscribers

Trade receivables from subscriber credit risk is managed in accordance with the company established policy, procedures and controls relating to driver credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. The Company recognises impairment of trade receivable from drivers based on outstanding receivable net of corresponding deposit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

	March 31, 2022	March 31, 2021
Gross trade receivables from subscribers	**97.42**	97.89
Less: Impairment allowance for doubtful trade receivables	**(63.36)**	(63.36)
Net trade receivables from subscribers	**34.06**	34.53
Security deposits received from above subscribers held as at the respective reporting dates	**34.06**	34.58

Trade receivables from other customers

Credit risk relating to other customers is managed in accordance with the Company's established policy, procedures and controls relating to corporate customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from other customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

	March 31, 2022	March 31, 2021
Gross Trade receivables from other customers	**17.78**	9.76
Less: Impairment allowance for doubtful trade receivables	**–**	(3.61)
Net Trade receivables from other customers	**17.78**	6.15
Ageing of gross trade receivables relating to other customers:		
Within 6 months	**17.78**	6.15
More than 6 months	**–**	3.61
	17.78	9.76

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behaviour.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations including deposits received from drivers.

The table below summarises the maturity profile of the company financial liabilities based on contractual undiscounted payments.

		Undiscounted amount				
Year ended - March 31, 2022	**Carrying Value**	**Payable within 1 year**	**Payable within 1 to 2 years**	**Payable within 2 to 3 years**	**Payable within 3 to 4 years**	**Total**

Trade Payables	19.81	19.81	–	–	–	19.81
	117.11	117.11	–	–	–	117.11

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may issue new shares. The company manages its capital, considering the net debt position and rolling cash flows as at each period end and identify need for additional funding from the shareholders to meet the outstanding commitments and future cash flow requirements to meet the future business plans. The company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents (Including intercorporate deposits), excluding discontinued operations.

Particulars	**March 31, 2022**	March 31, 2021
Borrowings	**–**	–
Less: Cash and Cash Equivalent (Including intercorporate deposits)	**2,977.99**	2,955.22
Net Debt/(Surplus funds)	**(2,977.99)**	(2,955.22)

Note 22: Employee benefits

a. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. As there is no employee in the Company, during the year, disclosure are made with Nil value.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Currency in INR Lakhs)

The Company has recognised the following amount as an expense and included in the Note 17 under “Contribution to provident and other funds”:

Particulars	**March 31, 2022**	March 31, 2021
Contribution to employees provident fund	–	0.60
Contribution to ESI	–	0.07
Total	–	0.67

b. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month’s salary for each year of completed service at the time of retirement. As there is no employee in the Company, during the year, disclosure are made with Nil value.

Liability recognised in the Balance Sheet in respect of Gratuity

Particulars	**March 31, 2022**	March 31, 2021
Present value of the defined benefit obligation at the end of the year	–	–
Total	–	–

Changes in the present value of the defined benefit obligation are, as follows :

	March 31, 2022	March 31, 2021
Defined benefit obligation at beginning of the year	–	3.38
Current service cost	–	0.02
Interest cost	–	–

Sub-total included in OCI	–	–
Transfer of liability to fellow subsidiary	–	(3.41)
Benefits paid	–	–
Defined benefit obligation at the end of the year	–	–

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. As there is no employee in the Company, during the year, disclosure are made with Nil value. The charge towards compensated absences for the year ended March 31, 2022: INR NIL (March 31, 2021: INR 0.01 Lakh).

Note 23: Commitments and contingencies

A] Lease commitments

During the year, the adoption of the new standard resulted in recognition of ‘Right of Use’ asset of and lease liability of Rs NIL. The effect of this adoption is insignificant on profit for the period and earnings per share. IndAS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

The weighted average incremental borrowing rate applied to lease liabilities as at 12.45% p.a.

Following are the changes in the carrying value of right of use assets for the year ended March 31, 2022

Note 26: Operating Segments Reporting

A. Basis for segmentation

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the company other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Operating EBITDA is the Management's measure of the segment results.

The Company has two reportable segments, as described below, which are the Company's strategic business units. These business units offer different services and are managed seperately because they require different technologies and marketing strategies. For each of the business units the CODM reviews internal management reports on monthly basis.

The following summary describes the operations in each of the company reportable segments:

a. **Taxi services (includes taxi aggregator services): Provide taxi services to retail passengers (which includes taxi aggregator services).**

b. **Rent a cab services: Provides employee transportation and rent a cab services to corporate customers.**

B. Information about reportable segments

Information regarding the results of each reportable segments is included below.

Net profit ratio	Profit for the year	Revenue from operations	0.32	(0.27)	(218%)	
Return on Capital employed	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	0.01	(0.00)	(434%)	
Return on investment	Income generated from invested funds	Average invested funds in treasury investments	n/a	n/a	n/a	

Note 28: Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2022	March 31, 2021
Profit attributable to equity holders	**19.58**	(6.42)
Number of Shares outstanding at the beginning of the year	**13,294**	13,294
Add: Shares issued during the year	**–**	–
Number of Shares outstanding at the end of the year	**13,294**	**13,294**
Weighted average number of Equity shares for basic and diluted EPS	**13,294**	**13,294**
Basic and diluted EPS	**147.28**	**(48.26)**

Note 29: Based on the contracts with taxi operators under the taxi aggregator services, the Company's revenue is determined as a share of the total passenger revenue of INR 10.07 Lakhs (March 31, 2021 INR 10.34 Lakhs) generated by these taxi operators.

Note 30: During the year, the Company, its holding Company i.e. MTSPL, utlimate holding Company i.e. M&M and its fellow subsidiaries i.e. MMTPL and VFSPL , have entered in Share Purchase Agreement, whereby the shares of the Company, MMTPL and VFSPL, will be transferred by MTSPL to MLL and the shares of MTSPL will be transferred by M&M to MLL.

Note 31: Subsequent Events

There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the balance sheet date.

Note 32: All amounts disclosed in the financial statements and notes has been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Note 33: The figures for the previous period/year have been regrouped/ rearranged wherever necessary to make them comparable with the current period's figures.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
V-LINK FLEET SOLUTIONS PRIVATE LIMITED

Report on the audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **V-Link Fleet Solutions Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Ind AS Financial Statements

or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Ind AS Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Ind AS Financial Statements.

   (g) In our opinion and according to the information and explanation given to us, the Company has not paid any remuneration to its directors and thus the provisions of Section 197 of the Act are not applicable to the Company. Accordingly, reporting under section 197 (16) of the Act is not applicable in case of the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The company does not have any pending litigations which will impact its financial positions;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

      (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

      (v) The Company has not declared any dividend during the year.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **V-Link Fleet Solutions Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the financial statements of **V-Link Fleet Solutions limited** for the year ended March 31, 2022

Annexure to the Auditor's Report referred to in our report of even date:

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company does not have any intangible asset. Hence, reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of the physical verification is reasonable having regard to the size of the Company and nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property under Property Plant and Equipment. Hence, reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) Company is into service industry and does not hold any inventory, hence, reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. (a) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2022, which have not been deposited with the appropriate authorities on account of any dispute. The statutory dues in respect of Income-tax as at 31 March 2022, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of the statute	Nature of the dues	Amount (Rs)*	Period to which the amount relates	Forum where dispute is pending
Goods and Services Tax	Interest on Reverse Charge Liability on unregistered suppliers	13,31,589	July 1, 2017 to October 12, 2017	Directorate General of GST Intelligence
Income Tax Act, 1961	Tax deducted at Source	1,02,310	Various Years	Traces

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) The Company has not raised any term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the standalone (remove if there is no consolidation) financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

xiv. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 4.83 Lakhs during the current financial year and Rs. 124.07 Lakhs in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, company is liable to adhere compliance under section 135 of the Companies Act, 2013. Accordingly, the reporting Clause 3(xx)of the Order is not applicable to the Company.

xxi. According to the information and explanations given to us, company does not have any subsidiary company. Accordingly, the reporting Clause 3(xxi)of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

1. Company information

V-Link Fleet Solutions Private Limited ('the Company') is registered as a private limited company domiciled in India having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from December 5, 2019. The Company is mainly engaged in the business of employee transportation and operates a fleet of vehicles which are aggregated from third parties.

These financial statements were authorized for issue in accordance with a Board resolution of April 25, 2022.

2A. Significant accounting policies

2A.1 Statement of Compliance

The Financial Statements have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial Statements are separate Financial Statements.

2A.2 Basis of preparation and presentation

These financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statements are prepared in Indian Rupee (INR) and denominated in crores.

The principal accounting policies are set out below.

2A.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2A.4 Revenue recognition

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

The following specific recognition criteria must also be met before revenue is recognized.

Income from services:

Revenue from transportation services

Revenue from transportation services represents revenue earned from providing taxi services to corporates for employee transportation. Revenue is measured as per the contractual terms and recognised as and when the service is rendered as per contract terms.

Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2A.5 Leasing

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

  This policy is applied to contracts entered into, or modified, on or after April 01, 2019.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is re -measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

Transition

The Company has adopted Ind AS 116 using the modified retrospective approach with effect from initially applying this standard from April 01, 2019. Accordingly, the information presented for previous year ended March 31, 2019 has not been restated and continues to be reported under IAS 17. The Company has adopted modified retrospective approach where lease liability measured at present value of remaining lease payment discounted at the incremental borrowing rate at the date of initial application and right to use asset is equal to lease liability adjusted by the amount of any prepaid or accrued lease payments.

As a lessee

Operating leases

For transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. Single discount rate to a portfolio of leases with similar characteristics.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

2A.6 Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupees (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost in a foreign currency are are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

2A.7 Borrowing costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalised as a part of the cost of the such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the revenue in the year of incurrence.

2A.8 Employee benefits

2A.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. Net interest expense or income; and

c. Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2A.8.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2A.9 Taxation

Income Tax expense represents the sum of tax currently payable and deferred tax.

2A.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2A.9.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2A.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2A.10 Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the asset to its working condition for the intended use. Subsequent cost are included in the asset's carrying amount or recognised as as separate asset, as appropriate only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

'Depreciation on tangible asset is charged on a Straight-Line Method (SLM) in accordance with the useful life specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

iii. Mobile Phones (included in Office Equipment) in 1 to 2 years.

iv. Motor Cars (included in Vehicles) in 3 to 5 years as the case may be

v. Assets capitalised which are attached to the leasehold office premises shall be depreciated upto 75% of its value over the lease period assuming a realisable value of 25% after the end of original lease period.

The estimated useful lives, residual values, and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain and loss arising on disposal or retirement of an item of property, plant and equipment are determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss

2A.11. Intangible assets

2A.11.1 Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2A.11.2. Useful lives of intangible assets

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

Certain softwares added during the year are amortised over a period of 36 months.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2A.12 Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2A.13 Provisions, Contingent liability & Contingent assets

Provision are recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2A.14 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2A.15 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2A.15.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2A.17.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

2A.15.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2A.15.3 Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other Income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2A.15.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2A.15.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other Comprehensive Income and accumulated in equity is recognised in profit

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2A.15.6 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2A.16 Financial liabilities & Equity instruments

2A.16.1 Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2A.16.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2A.16.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2A.16.4 Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2A.17 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

2A.18 Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit/(loss) from continuing operations. In its measurement, the company

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss/reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2A, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

i. Useful lives of intangibles and property, plant and equipment:

As described in note 2A.10 The Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each annual reporting period.

ii. Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

iv. Estimated Lead Time for determining completion of performance obligation

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

v. Leases

Ind AS 116 requires lessees to determine the lease term as the non- cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

vi. Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)

Based on assessment and on the basis of available information of the impact of COVID-19, the Management has considered the possible effects, if any, that may result from the pandemic on the carrying amounts of current assets after considering internal and external sources of information as at the date of approval of these financial statements. The actuals may differ from the estimates considered in these financial statements.

vii. Trade Receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

viii. Revenue from Contracts with Customers

The Company assesses in accordance with Ind AS 115 as to whether it is acting as principal or agent in respect of the revenue arrangements entered. The Company has assessed that it is acting as an agent in case of revenue from taxi aggregator services arrangements and dealing on principal to principal basis for revenue from other services in terms of the principles of Ind AS 115.

The Company has evaluated the impact of COVID-19 resulting from (i) the possible constraints to continue its operations and revisions in costs to fulfill the pending obligations (ii) onerous obligations (iii) penalties, if any, relating to breaches of agreements and (iv) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

Trade payables	15	**18.66**	42.96
Total Financial liability measured at amortized cost		**1,443.04**	1,488.87

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, trade payables and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Market risk - interest rate risk

– Credit risk

– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings are all in fixed rate instruments and there is no investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and other financial instruments.

Trade receivables from customers

Credit risk relating to customers is managed in accordance with the Company's established policy, procedures and controls relating to customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

	March 31, 2022	March 31, 2021
Gross Trade receivables from	**15.06**	174.49
Less: Provision for doubtful	–	(150.33)
Net Trade receivables from	**15.06**	24.16
Ageing of gross trade receivables relating to customers:		
Within 6 months	**15.06**	24.16
More than 6 months	–	150.33
	15.06	174.49

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behavior and future expectations.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Year ended - March 31, 2022	Carrying Value	Undiscounted amount Payable within 1 year	Payable within 1 to 2 years	Payable within 2 to 3 years	Payable within 3 to 4 years	Total

	1,488.86	1,488.86	–	–	–	1,488.86

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flow forecasts as at each period end and identifies need for additional funding from the share holders to meet the outstanding commitments and future cash flow requirements to meet the future business plans. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents, trade receivables and unbilled revenue.

Particulars	March 31, 2022	March 31, 2021
Borrowings	**1,422.48**	1,445.04
Less: Cash and Cash Equivalent (Including Trade receivables less Trade)	**(0.60)**	(6.92)
Net Debt	**1,423.08**	1,451.96

Note 25: Employee benefits

A. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 20 under the head "Contribution to provident fund".

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Contribution to employees provident fund	**0.95**	5.72
Contribution to ESI	**0.10**	0.75
Total	**1.05**	6.47

B. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

i) Liability recognised in the Balance Sheet in respect of Gratuity

	As at March 31, 2022	As at March 31, 2021
Present value of the defined benefit obligation at the end of the year	**1.91**	6.78
Total	**1.91**	6.78

ii) Changes in the present value of the defined benefit obligation are as follows :

	Year ended March 31, 2022	Year ended March 31, 2021
Defined benefit obligation at beginning of the year	**6.78**	9.50
Current service cost	**0.25**	1.21
Interest cost	**0.20**	0.49
Sub-total included in statement of profit and loss	**0.45**	1.70
Remeasurement losses \ (gains) recorded in OCI		
Actuarial changes arising from changes in demographic assumptions	**(0.03)**	0.11
Experience adjustments	**(0.70)**	(2.47)
Sub-total included in OCI	**(0.73)**	(2.36)
Transfer of liability to fellow subsidiary	**(2.47)**	–
Benefits paid	**(2.12)**	(2.06)
Defined benefit obligation at the end of the year	**1.91**	6.78

iii) Following table summarises the principal assumptions used for actuarial valuation of gratuity obligations for each reporting period:

Actuarial assumptions	Year ended March 31, 2022	Year ended March 31, 2021
Discount rate	**5.25%**	4.65%
Future salary increases	**8.00%**	8.00%
Attrition	**35.00%**	35.00%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

(Currency in INR Lakhs)

Demographic Assumptions :

Mortality in Service: Indian Assured Lives Mortality 2012-14 [March 31, 2021: Indian Assured Lives Mortality 2012-14]

Mortality in Retirement : 58 Years

A quantitative sensitivity analysis for significant assumption as at each reporting date is as shown below:

	Discount rate assumption	
Gratuity plan:	**Year ended March 31, 2022**	Year ended March 31, 2021
Impact of increase of 1% p.a. on defined benefit obligation	**(0.04)**	(0.21)
Impact of decrease of 1% p.a. on defined benefit obligation	**0.07**	0.22

	Future salary increase assumption	
Gratuity plan:	**Year ended March 31, 2022**	Year ended March 31, 2021
Impact of increase of 1% p.a. on defined benefit obligation	**0.06**	0.21
Impact of decrease of 1 % p.a. on defined benefit obligation	**(0.04)**	(0.21)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 2 years (March 31, 2021: 3 years).

The following are expected contributions over the future years (valued on undiscounted basis):

	Year ended March 31, 2022	Year ended March 31, 2021
Within the next 1 year (next annual reporting period)	**0.67**	1.77
Between 2 to 5 years	**1.20**	4.62
Between 6 to 10 years	**0.31**	1.30
Beyond 10 years	**0.06**	0.26
Total expected payments	**2.25**	7.95

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2022 INR (1.40) Lakhs (March 31, 2021: INR 0.23 Lakhs)

Note 26: Income Taxes

Net deferred tax assets/(liabilities) recognised	–	–

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

(Currency in INR Lakhs)

	Statement of Profit and Loss	
	Year ended March 31, 2022	Year ended March 31, 2021
Tax effect of items constituting deferred tax liabilities		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	–	–
Tax effect of items constituting deferred tax assets		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	**(3.55)**	(6.66)
Provisions (Doubtful debts/Impairment/ Advances)	**(71.67)**	8.41
Impact of expenditure charged to the statement of profit and loss in the current year but allowed for tax purposes on payment basis	**(2.33)**	(1.14)
Carryforward Tax loss		
Unabsorbed depreciation	**5.99**	7.57
Unabsorbed business losses	**81.55**	64.51
Deferred tax expense	**9.99**	72.69

The Company has a net deferred tax asset position as at March 31, 2022 and March 31, 2021. However, in terms of Ind AS 12, the Company has not recognised the net deferred tax assets as there is no reasonable certainty supported by convincing evidence that the Company will have adequate taxable profits in the future against which the carried forward tax losses/unabsorbed depreciation may be offset.

The Company has following tax losses/unabsorbed depreciation which arose in India that are available for offsetting against future taxable profits.

	Year ended March 31, 2022	Year ended March 31, 2021
Losses that expire - Carry forward business losses *	**1,441.75**	1,128.08
Losses that never expire - Unabsorbed depreciation	**325.78**	302.74

* *The carry forward tax losses would expire beginning from the financial year 2022-23 up to 2029-30*

Note 27: Leases

a] Finance lease - where the Company is lessor

The Company has leased out Nil vehicles (March 31, 2021 : 8) on finance lease. The lease term was for 3 - 4 years and is non-renewable, after which the legal title has been passed to the lessee. There was no escalation clause in the lease agreement.

	March 31, 2022	March 31, 2021

Terms and conditions of transactions with related parties

All the related party transaction during the year were in ordinary course of business. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. The outstanding loans payable are repayable on demand. The Group has not recorded any impairment of receivables relating to amounts owed by related parties as at each reporting period. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Note 29: Segment reporting

In accordance with the requirements of Indian Accounting Standard 108 – “Operating Segments”, the Company has determined that it operates only in one operating segment i.e. provision of transportation services. Thus, the financial statements reflect the results of only one operating segment. The Company’s operations are based only in India.

Note 31: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2022	March 31, 2021
Loss attributable to equity holders	**(13.46)**	(131.99)
Number of Shares outstanding at the beginning of the year	**12,050**	12,050
Add: Shares issued during the year	–	–
Number of Shares outstanding at the end of the year	**12,050**	12,050
Weighted average number of Equity shares for basic EPS	**12,050**	12,050
Basic and diluted EPS calculations	**(111.73)**	(1,095.37)

Note 32: As at March 31, 2022, the Company has accumulated losses of INR 1,762.36 Lakhs (March 31, 2021: INR 1749.63 Lakhs) and a negative net worth of INR 1350.48 Lakhs (March 31, 2021 INR 1337.75 Lakhs). The ultimate holding Company M&M has committed to provide continuing financial and/or operational support to the Company for its continued operations for the foreseeable future through itself or throught its subsidiary.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

Note 33: During the year, the Company, its holding Company i.e. MTSPL, utlimate holding Company i.e. M&M and its fellow subsidiaries i.e. MMTPL and VASPL, have entered in Share Purchase Agreement, whereby the shares of the Company, MMTPL and VASPL, will be transferred by MTSPL to Mahindra Logistics Limited ('MLL') and the shares of MTSPL will be transferred by M&M to MLL.

Note 34: All amounts disclosed in the financial statements and notes has been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Note 35: The figures for the previous year have been regrouped/rearranged wherever necessary to make them comparable with the current period's figures.
