Note 27 - Financial Instruments

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

** The Company considers that the carrying amount of these financial instruments recognised in the financials statements approximate their fair values.

Fair value of Investments

Investments represent investment by the Company in units of HDFC Cash Management Fund. The closing value at the end of each accounting period represents NAV as per HDFC Cash Management Fund and hence no separate fair valuation.

Financial Risk Management Framework

The Company's activities expose it to financial risks - credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The company has only one client for whom the operation and maintenance services are rendered. The Company has reached a settlement with its customers and has a approved payment schedule in place and also revenue terms for the future period.

(ii) The Company has invested in units of HDFC Cash Management Fund which has the NAV of Rs. 3,75,243 as at the end of the reporting period(Previous year Rs. 3,62,193). HDFC has been regular in dividend payments and the credit risk on the investment is minimal.

The Company is not subject to any externally imposed capital requirements.

There is no change in estimation techniques or significant assumptions during the reporting period.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amounts disclosed in the table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	Rupees	Rupees	Rupees	Rupees
Non-derivative financial liabilities				
31-Mar-22				
Non-interest bearing	**1,56,48,917**	–	–	–

31-Mar-21				
Non-interest bearing	1,52,00,161	–	–	–
Total	1,52,00,161	–	–	–

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	Rupees	Rupees	Rupees	Rupees

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Note 29 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 24,45,294 /- (2021 : Rs.22,17,790 /-) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increase in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan particpants will increase the plan's liability.

Note: An entity shall disclose description of any plan amendments, curtailments and settlements.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-Mar-22	31-Mar-21
Discount rate(s)	**7.20%**	6.80%
Expected rate(s) of salary increase	**8.00%**	8.00%
Expected rate of return on plan assets	**7.20%**	6.80%

Attrition rate

	Valuation as at

5. Contributions by employer (including benefit payments)	**7,03,018**	2,14,152
6. Benefit payments	**(22,212)**	(5,25,000)
7. Fair value of plan assets at the end of the year	**99,63,571**	86,84,109
IV. The Major categories of plan assets		
– Insurer managed funds (Non Quoted Value)	**99,63,571**	86,84,109

Notes:

The current service cost and net interest expenses for the year is included in the “Employee benefits expenses” line item in the statement of profit and loss.

The remeasurernent of the net defined benefit liability is Included-in other comprehensive income.

V The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount rate	2022	89,16,328	1,09,23,241
	2021	81,28,484	1,01,54,120
Salary growth rate	2022	1,09,03,898	89,14,731
	2021	1,01,30,110	81,30,085

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

VI Maturity profile of defined benefit obligation:

	2022	2021
Expected benefits for year 1	**5,80,670**	3,03,838
Expected benefits for year 2	**5,27,421**	5,54,493
Expected benefits for year 3	**19,47,180**	5,01,044
Expected benefits for year 4	**3,87,026**	14,52,865
Expected benefits for year 5	**2,80,700**	3,69,058
Expected benefits for year 6	**4,74,356**	2,62,190
Expected benefits for year 7	**7,71,560**	4,51,660
Expected benefits for year 8	**8,32,381**	7,52,953
Expected benefits for year 9	**11,59,103**	8,12,871
Expected benefits for year 10	**1,72,38,348**	1,70,65,681

VII Plan Assets

The fair value of Company’s pension plan asset as of March 31, 2021 and 2020 category are as follows:

	2022	2021
Asset category:		
Cash and cash equivalents	**–**	–
Debt instruments (quoted)	**–**	–
Debt instruments (unquoted)	**–**	–
Equity instruments (quoted)	**–**	–
Deposits with Insurance companies	**99,63,571**	86,84,109
	99,63,571	86,84,109

The Company’s policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at March 31, 2022 is 10.14 years (2021: 11.12 years)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

VIII. Experience Adjustments :

	Year ended				
	2022	2021	2020	2019	2018
			Gratuity		
1. Defined Benefit Obligation	98,40,497	90,57,817	87,11,920	73,66,597	66,84,418
2. Fair value of plan assets	99,63,571	86,84,109	84,34,228	78,78,790	73,74,778
3. Surplus/(Deficit)	1,23,074	(3,73,708)	(2,77,692)	5,12,193	6,90,360
4. Experience adjustment on plan liabilities [(Gain)/Loss]	(1,74,523)	(5,15,677)	(5,67,173)	(1,83,710)	(2,13,107)
5. Experience adjustment on plan assets [Gain/(Loss)]	(18,467)	(9,505)	11,077	54,216	(1,09,471)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Note 30 - Related Party Transactions

Name of the related party	Relationship
Mahindra & Mahindra Limited	Ultimate Holding Company
Mahindra Lifespace Developers Limited	Parent of the Holding Company
Mahindra Infrastructure Developers Limited	Holding Company

Note: Relationships between a parent and its subsidiaries shall be disclosed irrespective of whether there have been transactions between them. An entity shall disclose the name of its parent and, if different, the ultimate controlling party. If neither the entity's parent nor the ultimate controlling party produces consolidated financial statements available for public use, the name of the next most senior parent that does so shall also be disclosed.

INDEPENDENT AUDITORS' REPORT

To the Members of

MAHINDRA WORLD CITY DEVELOPERS LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Mahindra World City Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, of its loss and total comprehensive loss, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year and hence provisions of Section 197 of the Companies Act, 2013 are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements. (Refer Note 28 to the Standalone Financial Statements)

      (ii) The Company did not have any long- term contracts which has any material foreseeable losses. The Company did not have any derivative contracts.

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      (iv) The management of the Company have represented to us respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (v) The management of the Company is represented to us that, to the best of their knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

      (vi) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us nothing has come to our notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

      (vii) The Company has not declared any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Mahindra World City Developers Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. In respect of its Property, Plant and Equipment:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment.

(b) The Property, Plant and Equipment were physically verified during the year by the Management and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) With respect to immoveable properties of land that are freehold, according to the information and explanations given to us and the records examined by us and based on the examination of the original title deeds / Land Delivery Receipts (LDR's) issued by Government provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.

ii. a) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds are done at reasonable intervals and no material discrepancies were noticed on physical verification.

b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC Bank Limited on the basis of security of the current assets of the Company excluding Inventories during the year. The Cashflow statements filed by the Company with HDFC Bank Limited on a quarterly basis are in agreement with the unaudited books of account as certified by the management.

iii. According to the information and explanations given to us, the Company has not made any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act with respect to investments made. The Company has not granted any loans or provided any guarantee or security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

(c) The details of dues of Service Tax which has not been deposited as on March 31, 2022 on account of disputes are given below:

Name of Statue	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount Unpaid (Rs. in Lakhs)
Finance Act, 1994	Service Tax	CESTAT	2008-2017	455.23
The Income Tax Act, 1961	Income Tax	Hon'ble High Court of Madras	2016-17	10,100

viii. According to the information and explanations given to us and on the basis of our examination of books and records of the Company, the Company has not defaulted in the repayment of loans or borrowings to financial institutions and banks. The Company has not taken any loans or borrowings from Government and has not issued any debentures.

ix. a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

c) In our opinion and according to the information and explanations given to us, the term loans have been applied for the purpose for which the loans were obtained.

d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date.

e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. a) During the course of our examination of books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company, Associate, Joint venture or persons connected with them during the year and hence provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under (xv) of the Order is not applicable to the Company.

xvi. a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause (xvi) of the Order is not applicable to the Company.

b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) and (d) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 1699 lakhs during the current financial year and Rs. 678 lakhs in the immediately preceding financial year

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

xxi. According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

1. General Information

Mahindra World City Developers Limited ("the Company") was incorporated on February 19, 1997. The Company is in the business of land development for industrial, commercial and residential use. The Company acquires land and incurs expenditure on its development and related infrastructure facilities for lease / sale. The Company also maintains the Industrial Park for which it collects operation and maintenance charges from the lessees. The Company has developed and operates an integrated business city "Mahindra World City" at Chengalpattu taluk near Chennai.

Promoted in a Public Private Partnership by the Mahindra Group and Tamilnadu Industrial Development Corporation Limited (A Government of Tamil Nadu Undertaking), Mahindra World City surpasses the conventional definition of a business space - it is a business eco-system, carefully linked and integrated to function with efficiency. Mahindra World City, Chennai is India's first integrated City and Corporate India's first operational SEZ.

Etching its name on India's business map, Mahindra World City Chennai, has attracted corporate giants such as BMW, B.Braun, Capgemini, Holiday Inn Express, Infosys, BASF, Lincoln Electric, Parker Hannifin, Renault-Nissan, Tesa SE, Federal Mogul, Fujitec, NTN Corporation, Timken, TVS Group of Companies and Wipro among others.

The Registered office of the company is located at Ground Floor, Mahindra Towers, 17/18, Patulous Road, Chennai, Tamil Nadu -600 002.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

2.2 Basis of Measurement

2.2.1 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2.2 Exemption from preparation of consolidated financial statements

The Company has investments in an Associate and a Joint venture. The Holding company, Mahindra Lifespaces Developers Limited, having its registered office at 5th floor, Mahindra Towers, Worli, Mumbai 400 018 are presenting the consolidated financial statements. The Company has therefore availed the exemption under paragraph 4(a) of Ind AS 110 having satisfied the conditions for exemption from preparing consolidated financial statements as per Companies (Accounts) Amendments Rules, 2016 and thereby does not present consolidated financial statements.

Consequently, the accounting policies mentioned herein relate to the standalone financial statements of the Company.

2.2.3 Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

2.2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 1 year for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

— Expected to be realised or intended to be sold or consumed in normal operating cycle

— Held primarily for the purpose of trading

— Expected to be realised within twelve months after the reporting period, or

— Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

— It is expected to be settled in normal operating cycle

— It is held primarily for the purpose of trading

— It is due to be settled within twelve months after the reporting period, or

— There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Sale of land

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements.

2.3.3 Project Management fee

Project Management Fees receivable on fixed period contracts is accounted over the tenure of the contract / agreement. Where the fee is linked to the input costs, revenue is recognised as a proportion of the work completed based on progress claims submitted. Where the management fee is linked to the revenue generation from the project, revenue is recognised on the percentage of completion basis. .

2.3.4 Income from Operation and Maintenance (O&M)

Income from operation and maintenance charges and water charges are recognized on an accrual basis as per terms of the agreement with the lessees.

2.3.5 Dividend and interest income

Dividend income from investments from Joint ventures and Associates is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.4.1 The Company as a Lessor

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

2.4.2 The Company as a Lessee

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. The assets given by the Company on operating leases are capitalised in the books as fixed assets. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.5 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.5.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.5.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.5.3 Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture and Fixtures and Office equipments are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 .

2.8 *Impairment of tangible and intangible asset other than Goodwill*

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of profit and loss.

2.9 *Inventories*

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Work in progress includes cost of land and all expenditure incurred in connection with, or attributable to the project, and, being a long-term project, includes interest.

2.10 *Cash and cash equivalents (for purposes of Cash Flow Statement)*

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 *Cash flow statement*

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.12 *Provisions, contingent liabilities and contingent assets*

2.12.1 *Provisions*

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.12.2 *Onerous contracts*

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.12.3 *Contingent liabilities*

Contingent liability is disclosed in case of:

a. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b. a present obligation arising from past events, when no reliable estimate is possible.

2.12.4 *Contingent assets*

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.13 *Financial instruments*

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

2.14 *Foreign currency transactions and translations*

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the statement of profit and loss ..

2.15 *Financial assets*

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.15.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in statement of profit and loss for Financial assets at fair value through other comprehensive income (FVTOCI) debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to statement of profit and loss.

All other financial assets are subsequently measured at fair value.

The Management assessed that fair value of cash and short-term deposits, trade receivables, other current assets, trade payables, book overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

2.15.2 The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The fair-value of the financial-instruments factor the uncertainties arising out of COVID-19, where applicable.

2.15.3 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at financial assets at fair value through profit or loss ("FVTPL"). Interest income is recognised in statement of profit and loss and is included in the "Other income" line item.

2.15.4 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right Offsetting Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.15.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension,

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

In addition, the Company has also considered credit reports and other credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19. The Company believes that the carrying amount of allowance for expected credit loss with respect to trade receivables, unbilled revenue and other financial assets is adequate.

2.15.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.15.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency, denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in statement of profit and loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.16 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.16.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.16.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.16.1.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.16.1.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

2.17 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.18 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.19 Insurance Claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.20 Goods and Services tax input credit

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.21 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The Company has used the principles of prudence in applying judgments, estimates and assumptions including sensitivity analysis

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

and based on the current estimates, the Company expects to fully recover the carrying amount of trade receivables including unbilled receivables, goodwill, intangible assets and investments. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the standalone financial statements.

Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after considering inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the standalone financial statements.

(The above amount is based on demand raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of this claim would depend on the outcome of the decision of the appellate authorities and Company's rights for future appeals.)		
Total Contingent Liabilities	**10,675.14**	493.21

* The National Faceless Assessment Centre, Delhi passed an assessment Order under Section 147 r.w.s 144 of the IT Act on 29.03.2022 for an amount of Rs 101.82 Crs including an interest of Rs 42 Crs. The company filed a Writ petition on 21st April 2022 (Filing Number is WMP/43619/2022 in WP(SR) 43616/2022) pleading to stay all further proceedings pursuant to the Impugned Order and issue orders for fresh hearing u/s 147.

29. Employee Benefits

a) Defined Contribution plans

The Company makes Provident fund contribution to defined contribution plans for the employees. Under the scheme, the company is required to contribute a specified percentage of the payroll cost to the fund the benefits. The Company recognized Rs. 15.95 Lakhs (PY Rs. 16.46 Lakhs) for Provident fund & Other funds contributions in the statement of profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

b) Defined Benefit Plans

The Company's obligation towards gratuity is defined benefit plan. The gratuity expense is included under 'Employee Benefit Expenses' in Note 22 Employee benefits expense. The company has funded the gratuity Liability through LIC Scheme. The details of actuarial valuation are given below:

Gratuity:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund. Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

(Amounts in INR Lakhs)

		Gratuity (Funded) 2021-22	2020-21
a.	**Net Liabilities recognized in the balance sheet**		
	Present Value of Defined Benefit Obligation	**53.56**	46.97

	Expected return on plan assets	**3.69**	2.01
	Contributions made	–	–
	Benefits paid and Charges	**(1.37)**	(0.23)
	Present value of plan assets at the end of the year	**29.62**	27.30

(Amounts in INR Lakhs)

		Gratuity (Funded) 2021-22	2020-21
e.	**Principal actuarial assumptions**		
	Discount Rate	**6.03%**	6.29%
	Expected return on plan assets	**6.03%**	6.29%
	Expected rate of Salary increase	**10.00%**	8.00%
	Attrition Rate	**20.00%**	10.00%
	Mortality	LIC (2006-08) Ultimate mortality tables	
f.	**Estimate of amount of contribution in the immediate next year**	**23.94**	19.67

g. Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

h. Basis used to determine expected rate of return - The Gratuity Fund is managed by the Life Insurance Corporation of India and they have not made available the information on major categories of plan assets and the expected rate of return on each class of plan assets.

(Amounts in INR Lakhs)

i.	Experience adjustment as provided by actuary:	for the years 2021-22	2020-21	2019-20	2018-19	2017-18
	Present value of DBO	**53.56**	46.97	53.69	41.37	28.64
	Fair value of plan assets	**29.61**	27.30	25.52	24.19	22.14
	Experience gain / (loss) adjustments on plan liabilities	**(2.85)**	(2.01)	(1.44)	(2.19)	(1.01)
	Experience gain / (loss) adjustments on plan assets	**0.44**	0.24	(0.32)	0.52	(0.51)

Long-Term Compensated Absences
Actuarial assumptions:

Particulars	For the year ended 31 March, 2022	For the year ended 31 March, 2021
Discount rate	**6.03%**	6.47%
Expected return on plan assets	**6.03%**	6.47%
Salary escalation	**10.00%**	10.00%
Attrition	**20.00%**	10.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Amounts in INR Lakhs)

	Year	Change in Assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount Rate	**2022**	0.50%	52.79	54.34
	2021	0.50%	45.89	48.10
Salary Growth Rate	**2022**	0.50%	54.12	53.00
	2021	0.50%	47.76	46.20

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

(Amounts in INR Lakhs)

	As at 31 March, 2022	As at 31 March, 2021
Year 1	26.00	4.56
Year 2	5.80	20.45
Year 3	5.17	2.74
Year 4	4.57	2.69
Year 5	3.94	2.62
Next 5 Years	15.96	19.56

Plan of Assets

The fair value of Company's pension plan asset as of 31 March, 2022 and 31 March, 2021 by category are as follows:

Asset Category	**As at 31 March, 2022**	As at 31 March, 2021
Deposits with Insurance companies	100%	100%

30 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

COVID -19 Impact assessment :
The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance. The business activities were temporarily suspended owing to lock down during the year and post phased out lifting of the lock down, the activities have commenced in a gradual manner. The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

31. Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total debt divided by total equity. Total liabilities and total equity are based on the amounts stated in the financial statements.

The Company is not subject to externally enforced regulation.

Debt-to-equity ratio as of 31st March, 2022 and 31st March, 2021 is as follows:

(Amounts in INR Lakhs)

	31 March, 2022	31 March, 2021
Debt (A)	**33,705.25**	30,693.31
Equity (B)	**11,013.17**	13,046.01
Debt Equity Ratio (A/B)	**3.06**	2.35

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

The amount of trade receivable from Land leasing, Industrial park maintenance service and property leasing activities as appearing in the balance sheet of the company shows the amount due from the customers to whom the Industrial park Maintenance charges, water charges and property Lease services are provided. Company executes Land leasing agreement with customers only, entire lease premium is paid by customers and hence no risk of credit loss in dues relating to Land leasing premium. Further, As per the company's policy, every customer has to deposit 3 to 6 months of Maintenance charges and/or monthly lease rentals with the company and as per the terms of the agreement with the customer's, company is entitled to adjust the pending dues against the deposits taken from customer and hence, company is not exposed to any credit loss risk. Further there has been no instance in past which shows that the company has written off any significant dues pending and is not exposed to a credit risk. During the year to the extent where recoverability of debt is doubtful the company has made provision for expected credit loss.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(Amounts in INR Lakhs)

Particulars	Less than 1 Year	1–3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
31 March, 2022

Total	8,783.28	18,792.52	4,062.50	1.54

The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the arrangement.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(Amounts in INR Lakhs)

Particulars	31 March, 2022	31 March, 2021
Secured Bank Overdraft facility		
– Expiring within one year	**2,234.75**	1,361.70
Secured Bank Guarantee Limit (sub limit of CC Credit facility)		
– Expiring within one year	**20.00**	20.00
	2,254.75	1,381.70

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(Amounts in INR Lakhs)

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
31 March, 2022				
Non-interest bearing				
Non Current Investment	–	–	–	**11,500.00**
Security Deposits	–	–	–	–

Cash and Cash equivalents	**1,360.95**	–	–	–
Other Current Financial Assets	–	**5.02**	–	–
Total	**1,763.99**	**5.02**	–	**11,500.00**
31 March, 2021				
Non-interest bearing				
Non Current Investment	–	–	–	11,500.00
Trade Receivables	439.52	–		
Cash and Cash equivalents	198.39	–	–	–
Other Current Financial Assets	–	5.02	–	–
Total	637.91	5.02	–	11,500.00

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchange fluctuations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

			(Amounts in INR Lakhs)
Year	**Currency**	**Increase/ decrease in basis points**	**Effect on financials**

34 Ratios

a) Current Ratio

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Current Assets (A)	**32,829.14**	31,680.40	
Current Liabilities (B)	**35,998.12**	9,240.17	
Ratio (A / B)	**0.91**	3.43	(73%)

Variance in current ratio is mainly on account of Proceeds from short-term borrwings from related parties

b) Debt Equity Ratio

Particulars	2021-22	2020-21	Variance %
Total Debt including interest accrued (A)	**33,908.49**	30,777.59	
Equity (B)	**11,013.17**	13,046.01	
Debt Equity Ratio (A / B)	**3.08**	2.36	31%

Variance in Debt Equity Ratio is mainly on account of loss reported during the year. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

c) Debt Service Coverage Ratio (DSCR)

Particulars	2021-22	2020-21	Variance %
Profit After Tax	**(2,032.03)**	(1,016.82)	
Depreciation	**332.94**	338.04	
Interest (Charged to P&L)	**2,711.98**	2,007.65	
Non Cash Expense	**94.77**	48.68	
Earnings available for Debt Service (A)	**1,107.66**	1,377.55	
Debt Service			
Interest Payments	**2,572.10**	2,609.72	
Pricipal Repayments	**31,976**	1,385	
Total Debt Serviced (B)	**34,548**	3,995	
Debt Service Coverage Ratio (DSCR) (A / B)	**0.03**	0.34	(91%)

Reduction in Earning available for Debt Service and Debt service coverage ratio is mainly on account of loss reported during the year and the repayment of the term loans during the year. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

d) Return of Equity (ROE)

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Profit After Tax	**(2,032.03)**	(1,016.82)	
Networth	**12,029.59**	13,551.73	
Ratio (A / B)	**(16.89%)**	(7.50%)	125.13%

Reduction in ROE is mainly on account of loss reported during the year. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

e) Inventory Turnover ratio

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Cost of Land leased (A)	–	626.89	
Average Inventory (B)	**27,672.25**	27,632	
Ratio (A / B)	–	0.02	(100%)

Reduction in Inventory Turnover Ratio is mainly on account of no Cost of Land Leased booked during the year. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

f) Trade Receivables turnover ratio

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Turnover (credit) (A)	**2,862.40**	4,696.37	
Trade Receiavables (Average) (B)	**421.28**	510.69	
Ratio (A / B)	**6.79**	9.20	(26%)

Variance in Trade Receivables Ratio is mainly on account of loss reported during the year. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

g) Trade Payable turnover ratio

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Project Development Expenses and other expenses (excluding interest) (A)	**5,746.97**	5,532.10	
Average Trade payable (B)	**851.35**	819.75	
Ratio (A / B)	**6.75**	6.75	0%

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

h) Net capital turnover ratio,

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Turnover (A)	**2,862.40**	4,696.37	
Working Capital (B)	**(3,169)**	22,440	
Ratio (A / B)	**(1)**	5	(123%)

Variance in Net Capital Turnover Ratio is mainly on account of loss reported during the year & Proceeds from the short term borrowings from related parties. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

i) Net profit ratio

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Profit After Tax (A)	**(2,032)**	(1,017)	
Revenue (B)	**2,862**	4,696	
Ratio (A / B)	**(70.99%)**	(21.65%)	228%

Variance in Net Profit Ratio is mainly on account of loss reported during the year & Proceeds from the short term borrowings from related parties. The company has not recorded any revenue from land lease premium & Sale of land during the financial year as against INR 18.39 crores of revenue in the previous year

j) Return on Capital employed

(Amounts in INR Lakhs)

Particulars	2021-22	2020-21	Variance %
Earnings before Interest and Tax (A)	**(172.59)**	1,171.92

The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries

e) Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

f) Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

g) Registration of Charges or satisfaction with Registrar of Companies (ROC)

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period

h) Whistle Blower-

During the year ended March 31, 2022 and till the date of adoption of financial statements by board of directors, the Company did not received any whistle blower compliants.

35b Discrepancies between books of accounts & quarterly statements submitted to banks

The company has complied with the requirement of filing of quarterly returns/statements of current assets with the banks or financial institutions, wherever applicable, and these returns were in agreement with the books of accounts for the period ended 30 June 2021, 30 September 2021 and 31 December 2021.

(Amounts in INR Lakhs)

Bank	Quarter	Particulars	Amount as per books of account	Amount as reported in the quarterly return/statement
HDFC Bank	Apr'21 to June'21	Actual CFS	3,567	3,567
HDFC Bank	July'21 to Sep'21	Actual CFS	1,941	1,941
HDFC Bank	Oct'21 to Dec'21	Actual CFS	1,116	1,116

35c Merger of Mahindra Integrated Township Ltd (MITL) and Mahindra Residential Developers Ltd (MRDL) with Mahindra World City Developers Ltd (MWCDL)

Pursuant to approval received from the Boards of Mahindra Integrated Township Ltd (MITL), Mahindra Residential Developers Ltd (MRDL), and Mahindra World City Developers Ltd (MWCDL) for merger of MITL and MRDL with MWCDL, an application under Section 230 to 232 of the Companies Act, 2013 has been filed with National Company Law Tribunal, Chennai on 24th December, 2021 for seeking directions from NCLT, Chennai.

35d Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment -

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets –

The amendment specifies that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

36. Other Notes

i. The Company has disclosed the impact of pending litigations on its financial position in these financial statements.

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts. The company did not have any material foreseeable losses on long term contracts. The company has not entered into any derivative contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company does not have foreign exchange exposure as at 31 March, 2022.

37. Leases

The Company has not applied the requirement of IND AS 116 to short-term leases of all assets that have a lease term of 12 months or less. Amount recognised as expense in Statement of Profit and Loss is Rs. 10.49 Lakhs(FY 2020-21 Rs 9.10 Lakhs).

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2022

38. Events after the Reporting period

No material events have occurred after the Balance sheet date and up to the approval of Financial statements.

39. Regrouping and Reclassification

Previous period / year figures have been regrouped / reclassified where found necessary, to conform to current period / year classification.

40. Approval of Financial Statements

The financial statements were approved for issue by the board of directors in the meeting on 23rd April, 2022.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
MAHINDRA WORLD CITY (JAIPUR) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra World City (Jaipur) Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 32 to the Financial Statements;
      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee,

security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement; and

(v) The final dividend proposed in the previous year and declared and paid during the year by the Company is in compliance with Section 123 of the Act.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra World City (Jaipur) Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment and investment property by which the property, plant and equipment and investment property are verified by the management according to a programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment property. In accordance with the programme, the Company has physically verified property, plant and equipment and investment properties during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, in respect of the leasehold land on which the properties are constructed by the Company, based on examination of the registered lease deeds provided to us, we report that the lease agreements are in the name of the Company as at the Balance Sheet date where the Company is the lessee in the agreement.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment and investment property or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of lease deeds, certificate received from third party confirming the inventory, site visits by the management and certification of extent of work completion by competent persons, is carried out at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC Bank Limited on the basis of security of accounts receivables during the year. The statements of accounts receivables filed by the Company with HDFC Bank Limited on a quarterly basis are materially in agreement with the unaudited books of account as certified by the management.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, specified by the Central Government under sub-section (1) of Section 148 of the Act and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2022, which have not been deposited with the appropriate authorities on account of any dispute. According to the information and explanations given to us and records of the Company examined by us, the particulars of dues of Urban Land Tax and Income Tax which have not been deposited as on March 31, 2022 on account of disputes are as under:

Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which the Amount relates	Amount unpaid (Rs. In Lakhs)
The Jaipur Development Authority Act 1982	Urban Land Tax (Shahri Jamabandi)	Jaipur Development Authority	2006-2016	32,179.39
The Income Tax Act, 1961	Income Tax	Commissioner of Income Tax (Appeals)	Assessment Year 2011-2012	32.16

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(e) of the Order is not applicable to the Company.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

1. General Information

Mahindra World City (Jaipur) Limited ("the Company") is engaged in the business of development of an Industrial park with Special Economic Zone (SEZ) and Domestic Tariff Area (DTA). The Company acquires land under lease, incurs expenditure on its development and related infrastructure facilities and gives them on a long-term lease for industrial, commercial and residential use. The Company also maintains the Industrial Park for which it collects operation and maintenance charges from the lessees.

The registered office of the Company is located at 4th Floor, 411, Neelkanth Tower, Bhawani Singh Road, C-Scheme, Jaipur – 302001, Rajasthan.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2021 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Companies Act, 2013 ("the Act"). The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on April 22, 2022.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Income from properties

Income from properties and other assets given under operating lease is recognised based on the terms of lease agreement on a straight-line basis over the non-cancellable lease period.

2.3.3 Income from Operations and Maintenance (O&M)

Income from operation & maintenance charges and water charges are recognized over time on an accrual basis as per terms of the agreement with the lessees.

2.3.4 Other income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.5 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

2.5.1 The Company as a Lessee

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.5.2 Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the way the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.8 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.9 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties used in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Certain plant and equipment are depreciated over a period of 12 years based on technical evaluation of useful life by management.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.11 Investment Property:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, Investment properties are measured in accordance with requirement of IND AS 16 for cost model.

Investment property includes leasehold land and building. Depreciation on investment property has been provided on pro-rata basis, on the straight-line method as per the useful life of such property. Buildings are depreciated over the period of 60 years considering this period as the useful life for the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated at the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.12 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also, allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.13 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Provisions, contingent liabilities and contingent assets

2.14.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.14.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.14.3 Contingent liabilities

Contingent liability is disclosed in case of:

a. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b. a present obligation arising from past events, when no reliable estimate is possible.

2.14.4 Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.15 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.16 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.16.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

Interest income is recognised in profit or loss for Fair Value through Other Comprehensive Income (FVTOCI) debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.16.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.16.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument by- instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition, it is part of a portfolio of identified financial instruments
- that the Company manages together and has a recent actual pattern of short term
- profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or
- a financial guarantee.

2.16.4 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right Offsetting Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.16.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.16.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency, denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.16.8 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.16.9 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.16.9.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.16.9.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.16.9.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.17 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the profit and loss account.

2.18 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.19 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences etc.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.20 Insurance Claims:

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.21 Goods and Services tax input credit:

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.22 Use of estimates and judgements

The Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

Management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Actuarial Valuation

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

C. COVID -19 Impact assessment:

The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance . The business activities were temporarily suspended owing to lock down during the year and post phased out lifting of the lock down, the activities have commenced in a gradual manner . The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

Fair value disclosure on Company's investment properties

(i) The Company's investment properties consist of land and building with current rentable area of 4.30 Lakhs sq. ft. Management determined that the investment properties consist of two classes of assets – Land and Building – based on the nature, characteristics and risks of each property.

(ii) As at March 31, 2022 and March 31, 2021, the fair values of the properties are Rs. 18,027.64 Lakhs and Rs. 16,128.11 Lakhs respectively (Level 3). These valuations are based on valuations performed by Purshotam Khandelwal who is registered with an authority which governs the valuers in India and has appropriate qualification and experience in the valuation of properties.

(iii) The Company has no restrictions on the realisability of its investment properties and no contractual obligations to either purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Description of valuation techniques used and key inputs to valuation on investment properties:

Valuation technique- Income Approach Method

	Range (weighted average)	
Significant unobservable Inputs	**As at 31st March, 2022**	As at 31st March, 2021

Interest on Advance Tax	**11.50**	–
Others	**28.85**	(9.27)
Total	**4,355.52**	777.99
Income tax expense recognised in statement of profit and loss	**4,355.52**	777.99

Note No. 30 - Earnings per Share

Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021
Profit for the year attributable to owners of the Company	**13,702.91**	3,240.91
Weighted average number of equity shares (No.s)	**150,000,000**	150,000,000
Basic and diluted earnings per share (In rupees per share) of Face Value- Rs. 10 Per Share	**9.14**	2.16

Note No. 31 - Segment information

The Company operates in only one business segment, i.e. 'lease of land and properties constructed thereon' based on the nature of the services and products, the risks and returns etc. This has been determined in a manner consistent with the internal reporting provided to the Chief Executive Officer of the Company who are regarded as Chief Operating Decision Maker ("CODM"). The Company operates only in India and considering that the conditions prevailing in India being uniform, no separate geographical disclosure within India is considered necessary.

Note No. 32 - Contingent liabilities and commitments

Particulars	As at 31st March, 2022	As at 31st March, 2021
(i) Contingent liabilities (to the extent not provided for)		
(a) Other Matters disputed:		
Shahri Jamabandi (Urban Assessment/Ground rent demanded by Jaipur Development Authority, Government of Rajasthan)	**32,179.39**	32,179.39
Note: The above amount is based on demand raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of this claim would depend on the outcome of the decision of the appellate authorities and Company's rights for future appeals. No reimbursements are expected.		
(b) Other money for which the Company is contingently liable (Income Tax Matter under appeal)	**32.16**	32.16

Note No. 33 - Disclosures required under Section 22 of the Micro Small and Medium Enterprises Development Act 2006

Particulars	As at 31st March, 2022	As at 31st March, 2021
(a) Dues remaining unpaid	**28.67**	3.09
- Principal	**28.67**	3.09
- Interest	**–**	–

(i) Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information available with the Company.

(ii) There are no overdue amounts any time during the year and hence no interest amount is due or paid during the year.

Note No. 34 - Leases

The Company has not applied the requirement of IND AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. Amount recognised in statement of Profit and Loss Account is Rs. 10.72 Lakhs (PY - Rs. 11.55 Lakhs).

Note No. 35 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 23.39 lakhs (31st March, 2021 : Rs. 21.04 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

All amounts are in Lakhs unless otherwise stated

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Valuation as at 31st March, 2022	31st March, 2021
Discount rate(s)	**7.35%**	6.70%
Expected rate(s) of salary increase	**9.00%**	9.00%
Attrition Rate	**5.00%**	5.00%
Average Longevity	**IALM (2012-14) Ultimate**	IALM (2012-14) Ultimate

Retirement age is considered to be 60 years.

Defined benefit plans (unfunded) – As per Actuarial Valuation

Particulars	Defined Benefit Plan (Unfunded) Gratuity 31st March, 2022	31st March, 2021
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Current Service Cost	**11.47**	15.08
Net interest expense	**4.50**	5.30
Components of defined benefit costs recognised in profit or loss	**15.97**	20.38
Actuarial (Gain)/Loss on obligation	**(12.44)**	(16.90)
Components of defined benefit costs recognised in other comprehensive income	**(12.44)**	(16.90)
Total	**3.53**	3.48
I. Net Asset/(Liability) recognised in the Balance Sheet as at March 31		
1. Present value of defined benefit obligation as at 31 March	**61.10**	67.76
2. Surplus/(Deficit)	**(61.10)**	(67.76)
3. Current portion of the above	**1.10**	1.22
4. Non current portion of the above	**60.00**	66.54
II. Change in the obligation during the year ended March 31		
1. Present value of defined benefit obligation at the beginning of the year	**67.76**	79.18
2. Expenses Recognised in Profit and Loss Account		
- Current Service Cost	**11.47**	15.08
- Interest Expense (Income)	**4.50**	5.30
3. Recognised in Other Comprehensive Income		
Remeasurement gains/(losses):		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	–
ii. Financial Assumptions	**(5.07)**	0.60
iii. Experience Adjustments	**(7.37)**	(17.50)
4. Benefit payments	**(10.19)**	(14.90)
5. Present value of defined benefit obligation at the end of the year	**61.10**	67.76

The sensitivity of the defined benefit obligation to changes by in the weighted principal assumptions is:

Principal assumptions	Year	Impact on defined benefit obligation: Increase in assumption by 1%	Decrease in assumption by 1%
Discount rate	**2022**	**54.27**	**69.14**
	2021	59.82	77.13
Salary growth rate	**2022**	**68.90**	**54.34**
	2021	76.49	59.94

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous period.

Maturity profile of defined benefit obligation:	March 31, 2022	March 31, 2021
Within 1 year	**0.94**	1.22
1 - 2 year	**1.13**	0.99
2 - 3 year	**1.20**	1.03
3 - 4 year	**0.83**	1.00
4 - 5 year	**0.91**	0.73
5 - 10 years	**27.21**	26.65

Note No. 38 - Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2022 and 31 March 2021 is as follows:

	31st March, 2022	31st March, 2021
Debt (A)*	**15,530.10**	21,419.02
Equity (B)	**42,889.83**	33,678.10
Debt Equity Ratio (A/B)	**0.36**	0.64

* Debt includes Borrowings (Note No. 16 - Borrowings).

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counter party defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company enteres into an agreement with each customer. The agreement has a termination clause by which the Company can terminate the agreement and secure the receivable. The trade redeivables are also reviewed by the Management regularly and necessary actions are taken in order to collect any amount outstanding from customers. Being a Develper, a unit needs certain NOC and permission in respect of commencement and operation of the business and as per the agreement signed with customer, the developer gives the required NOC and permission after clearing the outstanding dues alongwith interest.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Customer creditibility is researched before leasing the land to ensure only credit worthiness of the clients.

The credit risk on liquid funds is limited because the counterparties are banks and debt mutual funds with high credit-ratings assigned.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year	1 Year to 3 Years	3 Years to 5 Years	More than 5 years

Note No. 39 - Disclosure Of Struck Off Companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2022

All amounts are in Lakhs unless otherwise stated

Note No. 40 - COVID-19 Impact analysis

The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance . The business activities were only temporarily suspended owing to initial lock down during the year. Post the lifting of the lock down, the activities have commenced in a regular manner. The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

Note No. 41 - Dividend

In respect of the current year, the Board at its meeting held on April 22, 2022 has recommended a dividend of Rs. 3.50 per share on equity shares of Rs. 10 each subject to approval by shareholders at the Annual General Meeting. The same has not been included as a liability in these financial statements. The proposed equity dividend is payable to all shareholders on the Register of Members on book closure date. The total estimated equity dividend to be paid is Rs. 5,250 lakhs.

Note No. 42 - Expenditure on Corporate Social Responsibility (CSR)

Gross Amount required to be spent by the company for the year ended 31st March, 2022 (as certified by the Company) : Rs. 85.02 Lakhs (Previous Year Rs. 86.02 lakhs).

Note No. 43 - Events after the reporting period

No material events have occurred after the Balance Sheet date and upto the approval of financial statements.

Note No. 44 - Previous Year Figures

The figures of previous years have been regrouped/reclassified wherever necessary to conform to current year's grouping/classification.

INDEPENDENT AUDITOR'S REPORT

To the members of Mahindra Bloomdale Developers Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Bloomdale Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Emphasis of Matter

We draw attention to Note XX to the financial statements which indicates that the Company has incurred a net loss of Rs. 8.73 crores for the year ended 31 March 2022 and the accumulated losses as on 31 March 2022 amounting to Rs. 18.33 crores which has fully eroded the net worth as on date. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note XX to the Financial Statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management of the Company have represented to us respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management of the Company has represented to us that, to the best of their knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us nothing has come to our notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Bloomdale Developers Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

(a) (B) The Company does not have any intangible assets. Hence, reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Company has a regular programme of physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 2 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property under Property Plant and Equipment. Hence, reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals and no material discrepancies were noticed on physical verification.

(b) According to the information and explanations given to us, the Company has renewed the sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC bank on the basis of security of stocks and book debts – pari pasu charge on current assets during the year. The stock and book debts statements filed by the Company with HDFC Bank on a monthly basis are in agreement with the unaudited books of account as certified by the management.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, dues in respect of service tax as at 31 March 2022, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of the statute	Nature of the dues	Amount (Rs)*	Period to which the amount relates	Forum where dispute is pending
MVAT	ITC Credit Claimed	42,00,648	FY 2010-11	Joint Commissioner (Appeals)
GST	ITC Credit Claimed	46,92,295	FY 2017-18	SCN Received
Income Tax Act, 1961	Marginal Relief on Surcharge not given, MAT Credit not allowed and short credit of TDS	43,19,940	FY 2014-15	Case is not open on Income Tax Portal. Need to file to Income Tax for Rectification

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us, the company has not raised any money by way of term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

(xiv) The Company did not have an internal audit system for the period under audit. Hence, reporting under Clause 3(xiv) of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 868.78 lakhs during the current financial year and Rs. 0.65 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) According to the information and explanations given to us, CSR is not applicable to the Company. Hence, reporting under Clause 3(xx) is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

1. General Information

Mahindra Bloomdale Developers Limited (Earlier known as Mahindra Bebanco Developers Limited), a wholly own subsidiary of Mahindra Lifespace Developers Ltd.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The principal activity of the Company is development of residential complexes in MIHAN Nagpur.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

- Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.8 Impairment of tangible and intangible assets other than goodwill

AAt the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.9 Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

2.12 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of ‘Reserve for debt instruments through other comprehensive income’. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.13.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the ‘Reserve for equity instruments through other comprehensive income’. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.14.2.1Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.5 Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.6 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

2.14.2.7 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3. Significant accounting judgements, estimates and assumptions

3.1 Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on a careful analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has generally concluded that the overtime criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

3.2 Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

Defect Liability Provisions:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect residential units given under perpectual lease, the extimated cost of which is accrued during the period of construction, upon sale of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under the defect liability period limited to 5 years from the date of handover of residential units.

1. Contract Balances

Amounts received before the related performance obligation is satisified are included in the balance sheet (Contract liability) as "Advances received from Customers". Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables.

During the year, the Company recognised Revenue of Rs.1318.17 lakhs from opening contract liability (after Ind AS 115 adoption) of Rs 7814.31 lakhs and during previous year company recognised revenue of Rs. 1889.30 Lakhs from opening contract liability (after Ind AS 115 adoption) of Rs. 6272.76 Lakhs

There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

Amounts previously recorded as Trade receivables increase due to further milestone based invoices raised during the year and decrease due to colelctions during the year.

The aggregate value of performance obligations that are completely or partially unsatisfied as at March 31, 2022 is Rs. 20,394.03 lakhs (PY Rs. 16,664.54 Lakhs). Out of this, the Company expects to recognize revenue of around 100% within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

Capital management

The Company's capital management objectives are:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital.

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

Credit Risk

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents, investments carried at amortised cost, deposits with banks and financial institutions as well as credit exposures to customers including outstanding receivables.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31ST, 2022

Trade Receivables:

The Companys trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Balances with Banks, mutual funds and other financial assets:

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	As at 31st March, 2022	As at 31st March, 2021
Secured Cash Credit facility		
- Expiring within one year	**408.59**	725.35
Total	**408.59**	725.35

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

Note No. 29 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 9.28 lakhs (2021 : Rs. 4.25 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Principal Actuarial Assumptions

Current service cost	**2.33**	2.58
Past Service Cost	**–**	
Interest cost	**0.81**	0.87
Total expense recognised in the statement of profit and loss	**3.14**	3.45

Rs. In Lakhs

Components of other comprehensive income	Year ended 31st March 2022	Year ended 31st March 2021
Actuarial Loss on obligation	**(1.99)**	(2.87)
Components of defined benefit costs recognised in other comprehensive income	**(1.99)**	(2.87)

Rs. In Lakhs

Net Asset/(Liability) recognised in the Balance Sheet	Year ended 31st March 2022	Year ended 31st March 2021
Present value of defined benefit obligation as at 31st March	**12.86**	13.53
Fair value of plan assets as at 31st March	**-**	-
Surplus/(Deficit)	**(12.86)**	(13.53)
Current portion of the above	**(2.00)**	(1.63)
Non current portion of the above	**(10.86)**	(11.90)

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. In Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of increase in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of decrease in assumption
Discount rate	2022	1.00%	7.57	8.51
	2021	1.00%	10.80	12.20

Rs. In Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of increase in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of decrease in assumption
Salary growth rate	2022	1.00%	8.41	7.64
	2021	1.00%	12.06	10.91

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

Note - 30 - Micro Small and Medium Enterprises Development Act 2006

The amount due to Micro and Small Enterprises as defined in the " Micro, Small and Medium Enterprises Development, Act, 2006" has been determined to the extent such parties have been identified on the basis of information available with the Company. The disclosure relating to Micro and Small Enterprises as at 31st March 2018 are as under:

INDEPENDENT AUDITOR'S REPORT

To The Members of Mahindra Industrial Park Chennai Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Mahindra Industrial Park Chennai Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's Report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- Based on the work we have performed, we conclude that we have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the financial statements.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company and so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company did not have any pending litigations which would impact its financial position.

      ii. The Company did not have material foreseeable losses in respect of long–term contracts and the Company did not have any derivative contracts.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub–clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph “f” under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub–section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Mahindra Industrial Park Chennai Limited** (“the Company”) as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us , the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Capital Work in Progress.

(a) (B) As the Company does not hold any intangible assets, reporting under clause (i)(a)(B) of the Order is not applicable.

(b) The Property, Plant and Equipment and Capital Work in Progress, were physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. No material discrepancy was noticed on such verification.

(c) According to the information and explanation given to us, immovable properties of land, whose title deeds have been mortgaged as security for loans are held in the name of the Company as per the Memorandum of Deposit of Title deeds executed by the Company.

(d) The Company has not revalued any of its Property, Plant and Equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations and no discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Having regard to the nature of the Company’s business / activities, reporting under clause (vi) of the Order relating to maintenance of cost records is not applicable.

(vii) (a) According to the information and explanations given to us, in respect of statutory dues:

Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income–tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Employees’ State Insurance Act, 1948 are not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income–tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

(b) There are no statutory dues referred in sub–clause (a) above which have not been deposited on account of disputes as on March 31, 2022.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an examination of the financial statements of the Company and as represented to us by the Management, the company has not raised funds on short-term basis.

(e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.

(f) The Company did not have any subsidiary or joint venture or associate during the year and hence reporting on clause (ix)(f) of the Order relating to loans raised during the year on pledge of securities held in its subsidiaries, joint ventures or associate companies is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub–section (12) of section 143 of the Companies Act has been filed in Form ADT–4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit report issued to the Company covering the period April 2021 to January 2022 and the internal audit report was issued on 19 April 2022.

(xv) In our opinion during the year the Company has not entered into any non–cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45–IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi) (a), (b), (c) of the Order is not applicable.

(xvi) (d) The Group has more than one Core Investment Company (CIC) as part of the group. There are six CIC forming part of the group.

(xvii) The Company has incurred cash losses amounting to Rs.92,892,068 in the financial year covered by our audit but had not incurred cash losses in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

(xxi) This is relating to Consolidated Financial Statements. Accordingly, reporting under this clause (xxi) is not applicable to the company.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. General Information

Mahindra Industrial Park Chennai Limited (“the Company”) was incorporated on December 22, 2014. The Company is in the business of land development for industrial, commercial and residential use. The Company acquires land and incurs expenditure on its development and related infrastructure facilities for lease/sale. The Company is developing a 260–acre Industrial Park in North Chennai on NH 15.

The Company is a joint venture between Mahindra World City Developers Limited and Sumitomo Corporation SC of Japan.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with IND AS notified under the Companies (Indian Accounting Standards) Rules, 2015 to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 (to the extent notified and applicable). The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Income from sale of land

Revenue from sale is recognized upon transfer of title to the acquirer.

2.3.3 Income from Operation & Maintenance (O&M)

Income from operation & maintenance charges and water charges are recognized on an accrual basis as per terms of the agreement with the lessees.

2.3.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder’s right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

2.4 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.4.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates applicable for the financial year.

2.4.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.4.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.5 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight–line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.6 Goods and Services Tax (GST)

GST credit on materials purchased/services availed for construction / Input services are taken into account at the time of purchase. GST input credit is accounted for in the books in the period in which the underlying service / goods received is accounted and when there is no uncertainty in availing/ utilising the credits. GST credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST credits so taken are utilised for payment of GST on sale of land. The unutilised GST credit is carried forward in the books.

2.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Work in progress includes cost of land and all expenditure incurred in connection with, or attributable to the project, and, being a long–term project, includes interest.

2.9 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short–term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non–cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.12 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year–end as applicable, and gain / loss arising out of such translation is adjusted to the Statement of profit and loss.

2.14 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.14.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.14.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.14.3 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.14.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit–adjusted effective interest rate for purchased or originated credit–impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12–month expected credit losses. 12–month expected credit losses are portion of the life–time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12–month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward–looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.14.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.15 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.15.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.15.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

2.15.1.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held–for–trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.15.1.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.16 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post–employment medical benefits.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognized in the other comprehensive income is reflected immediately in the retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Short–term employee benefits

The undiscounted amount of short–term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non–accumulating compensated absences, when the absences occur.

Long–term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Non current borrowing						**1,45,05,74,011**	1,29,35,67,083

Term Loan from HDFC Limited

(i) Term Loan carries an interest of HDFC CPLR – 825 points. Principal to be repaid in 16 equal quarterly instalments, commencing from June 2023, after a moratorium of 72 months. Current rate of interest is 8.95% payable annually at the end of every September.

(ii) In December 2021 the company availed a term loan under Emergency Credit Line Gurantee Scheme (ECLGS) from HDFC Limited of INR. 22.81 Crores at a prescribed percentage of the loan outstanding from HDFC as refered in (i) above. The loan is repayable at 48 monthly installments of INR 4,753,334 each from 13th month of the draw down, i.e. from January 2023. The loan carries an Interst rate of HDFC's CFPLR – 275 basis points and payable on a monthly basis.

(iii) In November 2019, HDFC Ltd has mandated opening of an Escrow account in which all lease proceeds shall be deposited, of which 30% shall be adjusted against the principal outstanding and accordingly 30% of lease premium since received has been used in repayment of principal.

(iv) The Term loan is secured by equitable Mortgage by deposit of title deeds of 229.115 acres of land at Origins, Gummidipoondi taluk. The charge on land gets released by the banker as when the company enters into a lease agreeement. The loan availed under ECLGS is secured by way of first charge created on assets acquried or created out of the scheme and second charge on the security offered for the existing term loan from HDFC.

(v) There are no defaults in case of payment of interest or principal repayments in respect of the above borrowings.

(vi) There have no charges or satisfaction pending to be registered with Register of Companies beyond the statutory period.

(vii) The Company has not been declared as a wilful defaulter by any bank or financial institution or government or any government authority.

(viii) Term loans availed by the Company were applied by the Company during the year for the purposes for which the loans were obtained.

Particulars	For the year ended 31 March, 2022	For the year ended 31 March, 2021
Profit for the year attributable to owners of the Company	**(7,28,99,892)**	90,77,844
Weighted average number of equity shares	**17,00,00,000**	17,00,00,000
Earnings per share from continuing operations - Basic/Diluted	**(0.43)**	0.05

25. Employee Benefits

a) Defined Contribution plans

The Company makes Provident fund contribution to defined contribution plans for the employees. Under the scheme, the company is required to contribute a specified percentage of the payroll cost to fund the benefits. The Company recognized INR 4,58,152 (Previous Year : INR 4,90,283) for Provident fund & Other funds contributions in the Statement of Profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

b) Defined Benefit Plans

The Company's obligation towards gratuity is defined benefit plan. The gratuity expense is included under 'Employee Benefit Expenses' in Note 21 Employee benefits expense. The details of actuarial valuation are given below:

(Amounts in INR)

		Gratuity (Un–Funded) 2021–22	2020–21
i.	**Net Asset/ (Liability) recognized in the balance sheet**		
	Present Value of Defined Benefit Obligation	**4,57,358**	6,30,209
	Fair Value of Plan assets	**–**	–
	Liability (Asset) recognised in the balance sheet	**4,57,358**	6,30,209
ii.	**Expense recognized in the Statement of Profit & Loss**		
	Past service cost	**–**	–
	Current Service cost	**1,78,886**	2,06,901
	Interest cost	**41,216**	34,502
	Expected return on plan assets	**–**	–
	Actuarial (gains)/Losses	**(3,92,953)**	(1,41,995)
	Total expenses	**(1,72,851)**	99,408
iii.	**Amounts recognized in other comprehensive income**	**–**	–
iv.	**Change in present value of Defined Benefit obligation**		
	Present Value of the obligation at the beginning of the year	**6,30,209**	5,30,801
	Past service cost	**–**	–
	Current Service cost	**1,78,886**	2,06,901
	Interest Cost	**41,216**	34,502
	Actuarial (Gains) /Losses	**(3,92,953)**	(1,41,995)
	Benefits Paid	**–**	–
	Present value of the obligation as at the end of the year	**4,57,358**	6,30,209
v.	**Principal actuarial assumptions**		
	Discount Rate	**6.20%**	6.54%
	Salary Growth Rate	**10.00%**	8.00%
	Attrition rate	**20.00%**	10.00%

vi Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Year	Change in Assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount Rate **	**2022**	**0.50%**	**4,46,175**	**4,69,102**
	2021	0.50%	6,02,035	6,60,476
Salary Growth Rate	**2022**	**0.50%**	**4,69,671**	**4,45,511**
	2021	0.50%	6,61,210	6,01,701

Maturity profile of defined benefit obligation:

	2021–22	2020–21
Year 1	**73,985**	26,211
Year 2	**65,042**	31,384
Year 3	**57,178**	42,138
Year 4	**58,846**	59,904
Year 5	**52,832**	60,969
Next 5 Years	**1,82,125**	2,80,066

c) Compensated Absences

The key assumptions used in the computation of provision for long term compensated absences as per the Actuarial Valuation are as given below:

Particulars	For the year ended 31 March, 2022	For the year ended 31 March, 2021
Discount rate	**6.20%**	6.54%
Salary Growth rate	**10.00%**	8.00%
Attrition rate	**20.00%**	10.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

(Amounts in INR)

Nature of Balances with Related Parties	Balance as on	Mahindra World City Developers Limited	Sumitomo Corporation, Japan
Payable	**31–Mar–22**	**5,19,969**	–
	31–Mar–21	3,34,363	52,64,291

27. Fair Values

The following tables show the carrying amount and fair values of financial assets and financial liabilities by categories:

(Amounts in INR)

	Carrying Value		Fair value as at	
Particulars	**31–Mar–22**	31–Mar–21	**31–Mar–22**	31–Mar–21
Financial assets				
Cash and Cash Equivalents	**19,27,11,344**	1,71,47,610	**19,27,11,344**	1,71,47,610
Other Financial Assets	**8,80,160**	4,57,352	**8,80,160**	4,57,352
Trade Receivables	**46,77,060**	32,94,28,954	**46,77,060**	32,94,28,954
Total financial assets	**19,82,68,564**	34,70,33,916	**19,82,68,564**	34,70,33,916
Financial liabilities				
Borrowings	**1,45,05,74,011**	1,29,35,67,083	**1,45,05,74,011**	1,29,35,67,083
Short Term Loans	–	–	–	–
Trade Payables	**70,40,631**	3,68,95,312	**70,40,631**	3,68,95,312
Other Financial Liabilities	**19,24,77,897**	19,90,91,947	**19,24,77,897**	19,90,91,947
Total financial liabilities	**1,65,00,92,539**	1,52,95,54,342	**1,65,00,92,539**	1,52,95,54,342

The management assessed that the fair value of cash and cash equivalents, trade receivables, other financial assets and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the Company's interest–bearing borrowings are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

28. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Management's impact assessment on the COVID -19 pandemic and going concern considerations:

The company assessed its performance and future business projections in light of the pandemic worldwide and has reassessed the impact that it may further cause on the company's financial and operational performance. Though the company's business leads and prospects have not been affected, there have been delays in getting the deals concluded. The situation has improved from January 2022 and the turnaround time of lead conversion has been improving. The company expects to meet the project costs and settle the dues to vendors and bankers out of balances with banks carried forward at the year end and internal accruals estimated from lease of land in the immediate 12 months from the date of approval of these financial statements. Based on the above assessment, the management is of the view that the company will be able to continue as a 'Going Concern' while maximising the return to the stakeholders through optimisation of its debt and equity balance.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the significant effect on the amounts recognised in the financial statements:

Estimates

Estimation uncertainty relating to the global health pandemic on COVID-19

In assessing the recoverability of receivables and contract costs, the Company has considered internal and external information up to the date of approval of these financial statements including Government policies, commitments made during the Global Investors' Meet in Tamilnadu, credit reports and various economic forecasts. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company will continue to closely monitor any material changes to future economic conditions.

Taxes

Deferred tax assets are recognised for unused tax losses and other temporary differences leading to deferred tax assets to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Estimation of net realisable value for inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value of inventories under development is assessed with reference to the market prices at the reporting date less estimated costs to complete the development and less an estimate of the time value of money to the date of completion if material. The market prices bear reference to the recent selling prices. The costs to complete the development are estimated by management.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

29. Ratios

a) Current Ratio

Amount (In INR)

Particulars	**2021-22**	2020-21	Variance %
Current Assets (A)	**3,02,76,79,528**	3,06,94,53,120	
Current Liabilities (B)	**20,13,18,768**	29,64,33,121	
Ratio (A / B)	**15.04**	10.35	45%

Improvement in current ratio is mainly on account of

(i) Increase in deposits with original maturity of less than three months with banks due to temporary investments made from the proceeds received from ECLGS loan in the month of December 2021 by INR 19 crores.

(ii) Reduction in current liabilities during the CY i.e. statutory dues payables at the end of FY 2021-22 is lesser than FY 2020-21 by INR 6 crores

b) Debt Equity Ratio

Amount (In INR)

Particulars	**2021-22**	2020-21	Variance %
Total Debt including interest accrued (A)	**1,51,94,93,008**	1,29,35,67,083	
Equity (B)	**1,66,77,76,449**	1,74,06,76,341	
Debt Equity Ratio (A / B)	**0.91**	0.74	23%

c) Debt Service Coverage Ratio (DSCR)

Amount (In INR)

Particulars	**2021-22**	2020-21	Variance %
Profit After Tax	**(7,28,99,892)**	90,77,844	
Depreciation	**37,67,275**	7,24,034	
Interest (Charged to P&L)	**3,54,77,342**	3,94,85,227	
Non Cash Expense	**7,31,789**	–	
Earnings available for Debt Service (A)	**(3,29,23,486)**	4,92,87,105	
Debt Service			
Interest Payments	**11,52,53,356**	12,17,65,573	
Pricipal Repayments	**8,33,44,500**	5,99,94,750	
Total Debt Serviced (B)	**19,85,97,856**	18,17,60,323	
Debt Service Coverage Ratio (DSCR) (A / B)	**(0.17)**	0.27	(161%)

Reduction in Earning available for Debt Service and Debt service coverage ratio is mainly on account of loss reported during the year. The company has not recorded any revenue from land lease premium during the financial year as against INR 40.78 crores of revenue in the previous year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

d) Return of Equity (ROE)

Amount (In INR)

Particulars	2021-22	2020-21	Variance %
Profit After Tax	(7,28,99,892)	90,77,844	
Networth	1,70,42,26,395	1,73,61,37,419	
Ratio (A / B)	(4.28%)	0.52%	(918.09%)

Reduction in ROE is mainly on account of loss reported during the year. The company has not recorded any revenue from land lease premium during the financial year as against INR 40.78 Crores of revenue in the year 2020-21

e) Inventory Turnover ratio

Amount (In INR)

Particulars	2021-22	2020-21	Variance %
Cost of Land leased (A)	–	26,99,35,822	
Average Inventory (B)	2,76,55,46,028	2,78,56,54,011	
Ratio (A / B)	–	0.10	(100%)

Ratio (A / B)	0.04	1.99	(98%)

g) Trade Payable turnover ratio

Amount (In INR)

Particulars	2021-22	2020-21	Variance %
Project Development Expenses and other expenses (excluding interest) (A)	93,62,556	6,23,58,049	
Average Trade payable (B)	2,19,67,972	15,39,98,822	
Ratio (A / B)	0.43	0.40	5%

h) Net capital turnover ratio,

Amount (In INR)

Particulars	2021-22	2020-21	Variance %
Turnover (A)	66,93,361	40,97,12,227	
Working Capital (B)	2,82,63,60,760	2,77,30,19,999	
Ratio (A / B)	422	7	6139%

i) Net profit ratio

Amount (In INR)

Particulars	2021-22	2020-21	Variance %
Profit After Tax (A)	(7,28,99,892)	90,77,844	
Revenue (B)	66,93,361	40,97,12,227	
Ratio (A / B)	(1089.14%)	2.22%	(49256%)

j) Return on Capital employed

Amount (In INR)

Particulars	2021-22	2020-21	Variance %
Earnings before Interest and Tax (A)	1,67,73,610	12,87,38,323	
Net worth	1,66,77,76,449	1,74,06,76,341	
Borrowing	1,46,48,34,013	1,29,35,67,083	
Capital employed (B)	3,13,26,10,462	3,03,42,43,424	
Ratio (A / B)	0.54%	4.24%	(87%)

k) Return on investment.

Amount (In INR)

Particulars	2021-22	2020-21
Not applicable as the Company does not have any investments		

In respect of ratios (e), (f) and (h) to (k) the ratios in the current year are significantly impacted due to the following:

The company has not recorded any revenue from land lease premium during the current year as against INR 40.78 Crores of revenue in the year 2020-21.

30. Disclosure of Struck-Off Companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

31. Discrepancies between books of accounts & quarterly statements submitted to banks

The Company has availed term loan from HDFC towards project development activities which is secured by way of equitable mortgage by deposit of title deeds and accordingly no quarterly statements are to be submitted by the Company to HDFC

32. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company's objective when managing capital are to :

- Safeguard their ability to continue as a going concern, so that they can continue to provide return for shareholders and benefits for other stakeholders and
- Maintain an optimal capital structure to reduce the weighted cost of capital.

In order to maintain or adjust the capital structure , the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares, or sell non-core assets to reduce the debt.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Debt-to-equity ratio as of 31 March, 2022 and 31 March, 2021 is as follows:

(Amounts in INR)

	31-Mar-2022	31-Mar-2021
Debt (A)	**1,51,94,93,008**	1,29,35,67,083
Equity (B)	**1,66,77,76,449**	1,74,06,76,341
Debt Equity Ratio (A/B)	**0.91**	0.74

33. Financial Risk Management Framework

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents that are directly derived out of equity.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company.

Credit risk related to financial instruments

Credit risk from balances with banks and financial institutions is managed in accordance with the Company's policy. The Company has not created any Investments of surplus funds in any other instruments as of date and hence the company is not exposed to any credit risk in this respect.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(Amounts in INR)

Particulars	Less than 1 Year	1–3 Years	3 Years to 5 Years	5 years and above

Total	**3,68,95,312**	**64,67,83,542**	**64,67,83,542**	–

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency Risk

The Company undertakes transactions denominated in foreign currencies only for the purchases of the components which are required to be imported for carry out the construction activities; consequently, exposures to exchange rate fluctuations arise, but the same is very nominal in nature as compared to the size of the operations if the Company.

The Company manages its foreign currency risk by forward contracts that are expected to occur within a maximum 12 month from the entering of a contract.

The Company's exposure to foreign currency changes for all other currencies is not material.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

As at 31st March, 2022 and 31st March, 2021 100% of borrowings are at Variable interest rate.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Amounts in INR)

	Increase/ decrease in basis points	Effect on financial statements* (Increase)/ Decrease
31-Mar-22		
INR	**+50**	(73,24,170)
INR	**-50**	73,24,170
31-Mar-21		
INR	+50	(64,67,835)
INR	-50	64,67,835

* Since the finance cost of the company is being capitalised to qualifying assets, the impact as above will be on the carrying value of inventory in addition to profits for the year.

34. Capital & other Commitments

Estimated amount of contracts remaining to be executed towards construction of capital assets as at March 31, 2022 - NIL (As at March 31, 2021- INR 42,42,009).

35. Segment information

Based on the internal reporting provided to the Chief Operating Decision Maker (CODM), business of acquiring, development and maintenance of industrial parks is the only reportable segment of the Company. Accordingly, the amounts appearing in these financial statements relate to this operating segment. Further the company does not have any separate geographic segment other than India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

36. Other Notes

i. The Company does not have any pending litigations which will impact its financial position as at March 31, 2022

ii. The Company did not have material foreseeable losses in respect of long-term contracts and the Company did not have any derivative contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has not made any donations to Political parties during the year

v. As the Company does not meet any of the criteria prescribed under Section 135(1) of the Companies Act, 2013, the provisions relating to Corporate Social Responsibility (CSR) are currently not applicable to the Company.

vi. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year

vii. The Company has an no unhedged foreign exchange exposure as at March 31, 2022 and the same as at 31 March 2021 is as follows:

Particulars	Currency	Amount in Foreign Currency	Amount in INR.
Trade Payable- as at March 31, 2021.................	USD	72,541	52,64,291

37. Approval of financial statements

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA HOMES PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Mahindra Homes Private Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the financial statements and our auditor's report thereon.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
   e) On the basis of the written representations received from the directors as on 31 March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.
   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (Refer Note 32 in financial statements)
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
      iv. (a) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the notes to the accounts (Note No. 35) no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

         (b) The Management has represented, that, to the best of it's knowledge and belief, as disclosed in the notes to accounts (Note No. 35), no funds (which are material either individually or in the aggregate) have been received by the

Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Homes Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the members of Mahindra Homes Private Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) As the Company does not hold any intangible assets, reporting under clause 3(i)(a) of the Order is not applicable.

(b) Some of the Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant and Equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties of freehold or leasehold land and building other than administrative block and project facilities, temporarily constructed at project sites and capitalized as Buildings, hence reporting under clause 3(i)(c) of the Order is not applicable.

(d) The Company has not revalued any of its property, plant and equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations. For stock of raw materials held with third parties at the year-end, written confirmations have been obta ined. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of certain current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising unaudited financial results and Unhedged foreign currency exposures filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters ended June 30, 2021, September 30, 2021 and December 31, 2021 and no material discrepancies have been observed. The Company is yet to submit the statement for the quarter ended March 31, 2022 with the banks.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3 (iii) of the Order is not applicable.

(iv) According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 of the Act, and provisions of Section 186 of the Act are not applicable to the Company, being a Company engaged in the business of providing infrastructure facilities, hence reporting under clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

(b) Details of Statutory Dues referred to in sub clause (a) above which have not been deposited as on March 31, 2022 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount (Rs. in Lakh)	Period to which the Amount Relates	Forum where Dispute is Pending
Finance Act, 1994	Service Tax	153.76	FY 2015-16 to FY 2017-18	Joint Commissioner
Finance Act, 1994	Service Tax	74.58	FY 2014-15 to FY 2017-18	Commissioner (Appeals)
Finance Act, 1994	Service Tax	51.20	FY 2014-15 to FY 2017-18	Additional Commissioner
Finance Act, 1994	Service Tax	1,885.00	FY 2013-14 to FY 2017-18	Principal Commissioner
Income Tax Act, 1961	Income Tax	30.06#	FY 2013-14	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	761.44	FY 2015-16	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	1,362.59^	FY 2016-17	Income Tax Appellate Tribunal

^ Net of Rs. 182.63 Lakhs paid under protest

Net of Amount adjusted against refund of AY 2019-20 of Rs.30.06 Lakhs and Net of Rs.7.51 Lakhs paid under protest

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) Loans amounting to Rs. 1,050.50 Lakhs outstanding as at 31 March 2022 are repayable on demand. According to the information and explanations given to us, such loans have not been demanded for repayment during the financial year. Considering the above, in our opinion, the Company has not defaulted in the repayment of loans (including loans repayable on demand) or other borrowings, or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, *prima facie*, not been used during the year for long-term purposes by the Company.

(e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.

(f) The Company does not have any subsidiary or associate or joint venture and hence, reporting under clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year (and upto the date of this report)

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company (during the year) covering the period upto January 2022, for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(xvi) (d) The Group has more than one Core Investment Company (CIC) as part of the group. There are six CIC forming part of the group.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, the provision of sub-section (5) and sub-section (6) of section 135 of the Act are not applicable to the Company for the year. Accordingly, reporting under clause (xx) of the Order is not applicable.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. General Information

Mahindra Homes Private Limited is a private company domiciled in India and was incorporated on June 2, 2010 under the provisions of the Companies Act, 1956 applicable in India. The registered office of the company is located at 5th Floor, Mahindra Tower, Worli, Mumbai – 400018. The company is engaged in the business of development of residential complexes. The Company is currently engaged in the development of residential projects in Gurugram and Bengaluru.

2. Significant accounting policies

2.1 Statement of compliance and basis of preparation and presentation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the act.

These aforesaid financial statements were approved by Company's Board of Directors and authorised for issue in the meeting held on April 21, 2022.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of Fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.3 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.4 Revenue from Contracts with Customers

2.4.1 Revenue from Projects

- The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed i.e. Completed contract method of accounting as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.
- The Company invoices the customers for construction contracts based on achieving performance-related milestones.
- For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.
- Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

amortised upon recognition of revenue from the related property sale contract.

- Contract assets is the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time

2.4.2 Dividend and Interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Foreign exchange transactions and translation

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred

2.7 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. Identification of a lease requires significant judgment.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

<u>Company as a lessee</u>

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term and a corresponding lease liability at the lease commencement date i.e. the date at which the leased asset is available for use by the Company. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant, and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.8 Employee Benefits

2.8.1 Defined contribution plans

The Company's contribution paid/payable during the year to Superannuation Fund and Provident fund is recognised in profit or loss.

2.8.2 Defined benefit plan

The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

2.8.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet. Remeasurements are not reclassified to profit or loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long-term benefits are recognised in profit or loss.

2.8.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.9 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

Current tax payable is determined as the amount of tax payable in respect of taxable profit for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.10 Property, plant, and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant, and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture and Fixtures and Office equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets is provided on pro-rata basis on the straight-line method as per the useful life prescribed in Schedule

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

II to the Companies Act, 2013 except for certain assets as indicated below -

	Useful lives estimated by the management (years)
Computers	3 to 6
Furniture	5
Building - Office/Commercial constructed at site	5

2.11 Impairment of tangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.12 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.13 Cost of Construction / Development:

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed Properties.

2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.15 Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on ‘Earnings per Share’.

Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

2.16 Provisions and Contingent Liabilities

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.16.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.16.2 Contingent liabilities

Contingent liability is disclosed in case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- a present obligation arising from past events when no reliable estimate is possible.

2.17 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.17.1 Classification and subsequent movement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on their respective classification.

On initial recognition, a financial asset is classified as – measured at:

- Amortised cost; or
- Fair Value through Profit or Loss (FVTPL)

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All Financial assets are not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial Assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment loss. Interest income and impairment loss are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

2.17.2 Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss on financial assets.

Loss allowance for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the party does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

2.17.3 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expires, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all the risks and rewards of the transferred assets, the transferred assets are not derecognised

2.18 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.18.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of directly attributable transaction costs.

2.18.2 Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.18.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled, or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.19 Offsetting

Financial assets and liabilities are offset and the net amount presented in the balance sheet when and only when, the Company currently has legally enforceable rights to set off the amount and it intended either to settle them on a net basis or to realise the assets and settle liability simultaneously.

3. Use of estimates and judgements

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the following judgements, which have the significant effect on the amounts recognised in the financial statements.

A. Estimation of net realisable value for inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value of inventories under construction is assessed with reference to the market prices at the reporting date less estimated costs to complete the construction and less an estimate of the time value of money to the date of completion if material. The market prices bear reference to the recent selling prices. The costs to complete the construction are estimated by management.

B. Useful lives of Depreciable/amortisable assets

The Company reviews the useful life of depreciable/amortisable assets at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

C. Taxes

Deferred tax assets are recognised for unused tax losses and other temporary differences leading to deferred tax assets to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

D. Determining the timing of revenue recognition on the sale of completed and under development property

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

E. Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

* Construction Work-in-Progress represents materials at site and construction cost incurred for the projects.

The Company is executing residential projects at NCR and Bengaluru. The residential project in NCR is a Joint Development with the land owner. The project saw a successful launch in 2015 in a buoyant market. The market has thereafter seen muted demand and declining prices. While valuing its balance inventory as per its accounting policies, the Company had taken an impact of Rs. 19,641 lakhs and Rs. 10.68 Lakhs in year ended March 31, 2020 and March 31, 2021 respectively. The impact for the year ended March 31, 2022 is Nil.

The Company has availed overdraft/cash credit/Working Capital Demand Loan facilities which are secured by hypothecation of inventories.

This Note covers the equity component of the issued convertible preference shares

* Represents Rs. 20/- (As at March 31, 2021 Rs. 20/-)

(a) Terms/ rights attached to equity shares

The Company has three classes of equity shares. The details are as follows :-

Each holder of Class A Equity Share is entitled to one vote per share, shall not carry any dividend and shall not carry any economic rights. The Series A Equity Shares shall rank subordinate to the Compulsorily Convertible Preference Shares, the Series A OCRPS, the Series B OCRPS, the Series B Equity Shares and the Series C Equity Shares with respect to distribution rights and rights on liquidation, dissolution and winding up of the affairs of the Company.

Each holder of Class B Equity Share shall be non voting and entitled to dividend. The economic rights on Series B Equity Shares shall be for the entire Series B as a whole, with economic rights equal to 50% of the total economic rights of the Shareholders of the Company, until the Series B shareholder has achieved a 17% Internal Rate of Return (IRR) on the Investment Subscription Amount. On achieving 17% IRR by the Series B shareholder, the Series B Equity Shares to carry 35% share of the total economic rights of the Shareholders of the Company.

Each holder of Class C Equity Share shall be non voting and entitled to dividend. The economic rights on Series C Equity Shares shall be for the entire Series C as a whole, with economic rights equal to 50% of the total economic rights of the Shareholders of the Company, until the Series C shareholder has achieved a 17% IRR on the Investment Subscription Amount. On achieving 17% IRR by Series C shareholder, the Series C Equity Shares to carry 65% share of the total economic rights of the Shareholders of the Company.

(b) Terms of conversion/ redemption of Optionally Convertible Redeemable Preference Shares (OCRPS)

The Series A OCRPS shall carry a dividend, as and when declared, at the rate of 0.01% per annum (“Fixed Dividends”). The Series A OCRPS shall be non-cumulative and not carry any voting rights. One Series A OCRPS shall convert to one Series A Equity Share at the conversion Ratio at the option of the holder of the Series A OCRPS. The Series A OCRPS shall be optionally redeemable at par. In the event of liquidation of the Company, Series A OCRPS shall be deemed to have been converted into Series A Equity Shares.

(c) Terms of conversion/ redemption of Compulsorily Convertible Preference Shares (CCPS)

CCPS shall carry a dividend, as and when declared, at the rate of 0.01% per annum (Fixed Dividend). The CCPS shall be non-cumulative and shall not carry any voting rights. One CCPS Share shall convert to one Series B Equity Share. The CCPS shall be deemed to have automatically and mandatorily converted to Series B Equity Shares at the Conversion Ratio at the expiry of 12 years from the date of allotment. CCPS can be voluntarily converted to Series B Equity Shares at the option of the holder. In the event of liquidation of the Company, the CCPS shall be deemed to have been converted into Series B Equity Shares.

(d) Aggregate number of equity shares issued for consideration other than cash and shares bought back during the period of five years immediately preceding the reporting date:

Leave Encashment	**2.28**	–
Other Current Provisions		
Provision for Defect Liabilities	**888.23**	218.97
Total	**893.81**	218.97

Defect Liability Provisions:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units when control over the property has been transferred to the customer, the estimated cost of which is accrued during the period of construction, upon sale of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under a the defect liability period limited to 5 year from the date when control over the property has been transferred to the customer.

The movement in provision for defect liabilities is as follows:

(Rs. in Lakh)

Particulars	Provision for Defect Liability

Total	**988.97**	11,407.38

* There are no amounts due and outstanding to be credited to the Investor Education and Protection Fund.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

17. Current tax liability (net)

(Rs. in Lakh)

Particulars	As at March 31, 2022	As at March 31, 2021
Current tax liability (net of Advance tax paid)	–	–
Total	**–**	41.71

18. Revenue from Operations

(Rs. in Lakh)

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Revenue from Contracts with Customers		
Revenue from Projects	**24,239.02**	24,401.23
Total	**24,239.02**	24,401.23

Revenue from operations for the year ended March 31, 2022 is net of Rs. 205.65 Lakhs (March 31, 2021 -Rs. 3.84 Lakhs) towards input tax credit benefits passed on to the customers as per the provisions of section 171 on Anti-Profiteering of CGST Act, 2017. The treatment is as per the prevailing Indian Accounting Standards.

Notes:

a) Contract Balances

i) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as "Advances received from Customers" in note 16- Other Current Liabilities. Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables in note 7- Trade Receivables.

ii) During the year, the Company recognised Revenue of Rs. 8,661.57 lakhs from opening contract liability (after Ind AS 115 adoption) of Rs. 11,360.28 lakhs (recognised in previous year- Rs. 2,814.42 lakhs out of Rs. 9,754 lakhs). Contract Liability of Rs. 1,219.98 Lakhs reversed due to cancellation of units sold during the year (previous year- Rs. 1,771.66 Lakhs out of Rs. 9,754 lakhs).

iii) There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing, sales cancellations and revenue recognition.

iv) Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

v) Amounts previously recorded as Trade receivables increase due to further milestone based invoices raised during the year and decrease due to collections during the year.

vi) There are no contract assets outstanding at the end of the year.

vii) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as at March 31, 2022, is Rs. 793.68 lakhs (March 31, 2021- Rs. 22,311.49 lakhs). Out of this, the Company expects, based on current projections, to recognize revenue of around 100% within the next one year. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

b) Reconciliation of revenue recognised with the contracted price is as follows:

(Rs. in Lakh)

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Contracted price	**24,461.67**	24,413.19
Adjustments on account of cash discounts or early payment rebates, deferred payment schemes etc.	**(222.65)**	(11.96)
Revenue recognised as per Statement of Profit & Loss	**24,239.02**	24,401.23

c) Contract Costs

(Rs. in Lakh)

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Contract costs included in Prepaid expenses in Note 5- Other Assets	**24.94**	384.45

The Company incurs commissions that are incremental costs of obtaining a contract with a customer. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under note no. 5 - Other Assets and amortises it upon completion of the related property sale contract.

For the year ended March 31, 2022, amortisation amounting to Rs. 1,920.33 lakhs (Previous Year - Rs. 1,019.30 lakhs) was recognised as brokerage cost in note 21- Other expenses. There was no impairment loss in relation to the costs capitalised.

24. Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit/(loss) attributable to equity holders of the Company (after adjusting for dividend on preference shares) by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the profit/(loss) and share data used in the basic and diluted EPS computations:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Profit after tax for the year (in Rs. Lakh)	**449.06**	1,185.25
Weighted average number of Class A equity shares in calculating EPS*	**822,507**	822,507
Weighted average number of Class B equity shares in calculating EPS	**59,400**	64,423
Weighted average number of Class C equity shares in calculating EPS	**59,400**	64,423
Conversion of Compulsory Convertible Preference Shares	**1**	1
Conversion of Optionally Convertible Redeemable Preference Shares	**1**	1
Face Value of Class B Equity Shares	**10**	10
Face Value of Class C Equity Shares	**10**	10
Earnings per Class B Equity share - Basic (in Rs.)	**378.00**	919.89
Earnings per Class C Equity share - Basic (in Rs.)	**378.00**	919.89
Earnings per Class B Equity share - Diluted (in Rs.)	**377.99**	919.89
Earnings per Class C Equity share - Diluted (in Rs.)	**377.99**	919.89

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Capital management

The Company's capital management objectives are:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents and other financial assets.

Trade Receivables

The Company's trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of directors who have established an appropriate liquidity risk management framework for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Currency Risk

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The Company undertakes transactions in foreign currencies only for purchase of components which are required to be imported to carry out construction

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

activities or for travelling and sales promotion activities; consequently, exposing to exchange rate fluctuations, but the same is not material in nature as compared to the size of the operations of the Company.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's financial statements are affected through the impact on floating rate borrowings, as follows:

(Rs. in Lakh)

Particulars	Increase/ decrease in basis points	Effect on financial statements*
As at March 31, 2022		
INR	**+100**	**(10.51)**
INR	**-100**	**10.51**
As at March 31, 2021		
INR	+100	(49.82)
INR	-100	49.82

* The effect as mentioned above will have impact on the carrying value of Inventories and Profit/(Loss) Before Tax.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(Rs. in Lakh)

Particulars	As at March 31, 2022	As at March 31, 2021
Secured Bank Overdraft facility		
Expiring within one year	**5,949.50**	4,018.22
Total	**5,949.50**	4,018.22

28. Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 4.38 lakhs (31st March, 2021- Nil) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The scheme is unfunded as on March 31, 2022.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate(s)	**5.85%**	–
Expected rate(s) of salary increase	**10.00%**	–
Attrition Rate	**0 to 42: 20%**	–
Mortality	**IALM (2012-14) ULT.**	–
Retirement age of the employees is assumed to be 60 years.		

Defined benefit plans – as per actuarial valuation on 31st March, 2022

Rs. in Lakhs

Particulars	Un-funded Gratuity Plan For the year ended March 31, 2022	For the year ended March 31, 2021
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost		
Current Service Cost	**7.37**	–
Past service cost and (gains)/losses on transfer of employees from holding company as at 1st October, 2021	**–**	–
Net interest expense	**0.74**	–
Components of defined benefit costs recognised in profit or loss	**8.11**	–
Remeasurement on the net defined benefit liability		
Actuarial (gains)/loss arising from demographic assumptions	**–**	–
Actuarial (gains)/loss arising from changes in financial assumptions	**–**	–
Actuarial (gains)/loss arising from experience adjustments	**(7.74)**	–
Components of defined benefit costs recognised in other comprehensive income	**(7.74)**	–
Total	**0.37**	–

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Rs. in Lakhs

Particulars	Un-funded Gratuity Plan For the year ended March 31, 2022	For the year ended March 31, 2021
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March, 2022		
1. Present value of defined benefit obligation as at 31st March, 2022	**25.79**	–
2. Fair value of plan assets as at 31st March, 2022	**–**	–
3. Surplus/(Deficit)	**(25.79)**	–
4. Current portion of the above	**(3.30)**	–
5. Non current portion of the above	**(22.49)**	–
II. Movements in the present value of the defined benefit obligation are as follows.		
1. Present value of defined benefit obligation on transfer of employees from holding company as at 1st April, 2021	**–**	–
2. Transfer out liability	**–**	–
3. *Expenses Recognised in Profit and Loss Account*		
– Current Service Cost	**7.37**	–
– Past Service Cost	**–**	–
– Interest Cost	**0.74**	–
4. *Recognised in Other Comprehensive Income*		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	–
ii. Financial Assumptions	**–**	–
iii. Experience Adjustments	**(7.74)**	–
5. Benefit payments	**–**	–
6. Present value of defined benefit obligation at the end of the year	**0.37**	–

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. in Lakhs

Principal assumption		Changes in assumption (%)	Impact on defined benefit obligation Increase in assumption	Decrease in assumption
Discount rate	2022	1.00%	24.51	27.21
	2021	1.00%	–	–
Salary growth rate	2022	1.00%	26.98	24.66
	2021	1.00%	–	–

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

Maturity profile of defined benefit obligation:

	31st March, 2022	31st March, 2021
Within 1 year	**3.30**	–
1 - 2 year	**3.56**	–
2 - 3 year	**3.50**	–
3 - 4 year	**3.32**	–
4 - 5 year	**3.04**	–
5 - 10 years	**10.92**	–

The weighted average age considered for considered for defined benefit obligation as at March 31, 2022 is 37.11 years

29. Impact of COVID 19 (Global Pandemic)

The Management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2022 and has concluded that the impact is primarily on the operational aspects of the business during the initial months of year ended March 31, 2022. The Company has used the principles of prudence in applying judgments, estimates and assumptions based on current assessments and do not foresee any significant impact of Covid-19 on the operations. In assessing the recoverability of assets such as inventories, financial assets and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets.

30. Buy Back of Shares

The proposal of buyback of Equity Shares recommended by the Board of Directors in its meeting held on November 25, 2021 was approved by the shareholders at their Extraordinary General meeting held on December 9, 2021. The buyback of equity shares was completed on December 24, 2021 and the Company bought back and extinguished a total of 37,800 equity shares from the shareholders at buyback price of 29,129/- per equity share comprising 3.97% of the pre buyback paid up equity share capital of the Company. The buyback resulted in a cash outflow of 11,010.76 Lakhs. The Company funded the buyback from its free reserves including Securities Premium as per Section 68 of the Companies Act, 2013. In accordance with section 69 of the Companies Act, 2013, the Company has created 'Capital Redemption Reserve' of 3.78 Lakhs equal to the nominal value of the shares bought back as an appropriation from Securities Premium.

31. Capital & other Commitments

At March 31, 2022, the company has commitments of Rs. 4,700 lakhs (Previous year Rs. 4,800 lakhs) relating to further security deposit payable towards Joint Development Agreement.

32. Segment information

The Company is engaged only in the business of development of property and related activities in India. It has no other reportable segments as per the terms of Indian Accounting Standards (Ind AS) 108 on Segment Reporting.

No single customer contributed 10% or more to the company's revenue for year ended March 31, 2022 and year ended March 31, 2021.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Happinest Developers Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Happinest Developers Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the financial statements and our auditor's report thereon.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion

on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:

    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

    d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

    e. On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164(2) of the Act.

    f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

    g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid or provided any managerial remuneration during the year hence compliance with provisions of section 197, read with Schedule V of the Act are not applicable to the company.

    h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.

        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

        iv. (a) The Management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

        (b) The Management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Happinest Developers Limited ("the Company") as of 31st March 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Mahindra Happinest Developers Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) Some of the Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant and Equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties of freehold or leasehold land and building other than sales and project office and sales gallery, temporarily constructed at project sites and capitalized as Buildings, hence reporting under clause 3(i)(c) of the Order is not applicable.

(d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31st March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations. For stock of raw materials held with third parties at the year-end, written confirmations have been obtained. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from bank or financial institution on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising raw material, construction work in progress, finished goods, debtors and creditors filed by the Company with such bank are in agreement with the unaudited books of account of the Company of the respective quarters ended 30th June 2021, 30th September 2021 and 31st December 2021 and no material discrepancies have been observed. The Company is yet to submit the statement for the quarter ended 31st March 2022 with the bank.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3 (iii) of the Order is not applicable.

(iv) According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 of the Companies Act, 2013, and provisions of Section 186 of the Companies Act, 2013 are not applicable to the Company, being a Company engaged in the business of providing infrastructure facilities, hence reporting under clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance Fund, Income-tax, Sales Tax, duty of Customs, Service Tax, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Custom, Value Added Tax, cess and other material statutory dues in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.

(b) There are no dues of Income-tax and Goods and Service tax which have not been deposited as on 31st March 2022 on account of disputes.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.

(f) The Company does not have any subsidiary or associate or joint venture and hence, reporting under clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us, in terms of Rule 4 of the Companies (Appointment and qualification of Directors) Rules, 2014 read with Rule 6 of the Companies (Meetings of Board and its Powers) Rules, 2014, provisions of Section 177 of the Act are not applicable to the Company.

In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto January 2022 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(xvi) (d) The Group has more than one Core Investment Company (CIC) as part of the group. There are six CIC forming part of the group.

(xvii) The Company has not incurred any cash losses in the financial year covered by our audit but had incurred cash losses amounting to Rs. 50.26 Lakh in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31st MARCH, 2022

1. General Information

Mahindra Happinest Developers Limited ("The Company") (Formerly known as Mahindra Happinest Developers Private Limited) was incorporated on 6th September, 2017 under the provisions of the Companies Act,2013. It was converted to a public limited company on 26th September, 2017.

The registered office of the company is located at 5th Floor, Mahindra Tower, Worli, Mumbai – 400018. The company is engaged in the business of development of residential complexes. The company is currently engaged in development of residential projects in Palghar and Kalyan near Mumbai.

2. Significant Accounting Policies

2.1 Statement of compliance and basis of preparation and presentation

The Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 21st April, 2022. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.3 Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2 : Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.4 Revenue from contracts with customers

2.4.1 Revenue from Projects

i. The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed i.e. Completed contract method of accounting as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

ii. The Company invoices the customers for construction contracts based on achieving performance-related milestones.

iii. For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

iv. Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.2 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax asset and liabilities are classified as non-current asset and liabilities.

Borrowings and investment are classified as current if they are due to be settled within 12 months after the reporting period.

2.6 Leasing

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

2.6.1 The Company as a Lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.7 Employee Benefits

2.7.1 Defined Contribution Plan

The Company's contribution paid/payable during the year to Provident Fund and Superannuation Fund is recognised in profit or loss.

2.7.2 Defined Benefit Plan

The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

2.7.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

2.7.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.8 Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise cash at banks and cash on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.9 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.11 Income Taxes

Income Tax expense represents the sum of tax currently payable and deferred tax

2.11.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantially enacted by the end of the reporting period.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.11.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.11.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.12 Property, plant and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Furniture & Fixtures and Office equipment's are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Lease hold improvements are amortised over the period of lease/estimated period of lease.

Vehicles used by employees are depreciated over the period of 4 years considering this period as the useful life of the vehicle for the Company.

Sales office and the sample flat/ show unit cost at site is amortised over 5 years or the duration of the project (as estimated by management) whichever is lower.

Fixed Assets held for disposal are valued at estimated net realizable value.

2.13 Intangible Assets

2.13.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.13.2 Derecognition of Intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

2.13.3 Useful lives of Intangible assets

Estimated useful lives of the intangible assets are as follows:

Software 3 years

2.14 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.15 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.16 Cost of Construction / Development:

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/ Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed.

2.17 Provisions and contingent liabilities

2.17.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.17.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.17.3 Contingent liabilities

Contingent liability is disclosed in case of:

a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b) a present obligation arising from past events, when no reliable estimate is possible.

2.18 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.18.1 Classification and subsequent measurement

2.18.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

– Amortised cost; or

– Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain and loss on derecognition is recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

2.18.1.2 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.18.1.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.18.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.18.3 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2.18.4 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when and only when, the Company currently has legally enforceable rights to set off the amount and it intended either to settle them on a net basis or to realise the assets and settle liability simultaneously.

2A. Use estimates and judgement

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment

The Company reviews the useful life of depreciable/amortisable assets at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to the financial statements.

C. Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

D. Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

E. Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on a careful analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has generally concluded that the over time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time, when control transfers which coincides with receipt of Occupation Certificate.

F. Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

a) Debentures		
Series 1 Nil (Previous year 1,76,00,000) and Series 2 Nil (Previous year 36,884,230), 15% Optionally Convertible Redeemable Debentures ("OCRD") of Rs. 10/- each (Refer Note 2 (a))	**–**	5,670.21
b) Preference Shares		
12,33,500 Series 1 (Previous year 12,33,500) and 25,65,044 Series 2 (Previous year 25,65,044) Optionally Convertible Redeemable Preference Shares ("OCRPS") of face value of Rs. 10/- each (Refer Note 2 (b))	**3,578.80**	3,373.39
Total Unsecured Borrowings (B)	**3,578.80**	9,043.60
Total Non Current Borrowings (A + B)	**3,578.80**	14,026.57

1. Non Current Secured Borrowings- at amortised cost:

Term Loan from other party is repayable in 8 equal instalment starting from year 4 from the date of drawdown viz July 2018. The facility is fully secured against first charge over land, movable & immovable property, current assets and cash flow of Palghar Project. Term loan carries floating interest rate which is linked to 1 year MCLR of ICICI Bank Ltd and interest rate is in the range of 8.45% p.a. to 8.75% p.a. (previous year rate range 8.75% p.a. to 9.70% p.a.)

2. Terms and conditions of Series 1 and Series 2 Optionally Convertible Debenture (OCDs)

a) Series 1 and Series 2 Debentures are unsecured, unlisted, redeemable and optionally convertible debentures. The issue price of each Series 1 & Series 2 Debenture is Rs. 10 (face value Rs. 10). The Series 1 and Series 2 Debentures shall earn, interest of 15% per annum compounded annually. Interest on each Series 1 and Series 2 Debentures shall be accrued, due and payable to the holders of Series 1 & Series 2 Debentures subject to availability of Distributable Cash and on obtaining an approval from the Distributions Committee and the board of directors of the Company. Each Series 1 and Series 2 debentures constitutes a direct obligation of the Company and shall at all times rank pari passu inter se (without any preference or priority of one over the other or others of them).

At the time of redemption of Series 1 and Series 2 Debentures on a Redemption Date (not latter than 9 years from the date of allotment), the Company shall pay the holders of Series 1 and Series 2 Debentures an Interest determined by the Distributions Committee and such Interest shall become due and payable on the date of which it is determined by the Distributions Committee without the need for an approval from the Board.

At the option of the holder of the Series 1 and Series 2 Debentures, if the then outstanding Series 1 and Series 2 Debentures cannot be redeemed in full then, with the prior written unanimous approval of all the holders of the Series 1 and Series 2 Debentures, the Series 1 and Series 2 Debentures shall be converted into equity shares of the Company, in accordance with such formula as may be determined between the Company and the holder of the Series 1 and Series 2 Debentures, but at a price which is not less than fair market value of the equity shares at the time of such conversion.

In the event of conversion, the holders of Series 1 Debentures will be entitled to equity shares of the Company only up to the principal amount (i.e. the issue price) of the outstanding OCDS.

During the year ended 31st March 2022, 15% Optionally Convertible Redeemable Debentures (“OCRD”) of Rs. 10/- each Series 1 -1,76,00,000 and Series 2 -36,884,230 were redeemed.

3. Terms and conditions of Series 1 and Series 2 Optionally Convertible redeemable Preference Shares (OCRPS)

b) Series 1 and Series 2 Preference Shares are unsecured, unlisted, redeemable, optionally convertible preference shares. The issue price of each Series 1 & Series 2 Preference Shares is Rs. 100 (face value Rs. 10). The Series 1 and Series 2 Preference Shares shall not be entitled to any voting rights, other than as prescribed under Applicable Law and the articles of association of the Company. Each Series 1 and Series 2 Preference Share constitutes a direct obligation of the Company and shall at all times rank pari passu inter se (without any preference or priority of one over the other or others of them).

Series 1 and Series 2 Preference Shares shall be eligible to receive Redemption Premium which shall be paid along with Redemption of Series 1 and Series 2 Preference Shares ((not latter than 9 years from the date of allotment). Redemption Premium shall mean a premium not exceeding 15% per annum compounded annually from the date of subscription of the Series 1 and Series 2 Preference Shares that is being redeemed. The payment of Redemption Premium shall be subject to the Distributable Cash as determined by the Distribution Committee. The Redemption Premium shall be accrued, due and payable only on Redemption Date and proportionate to the Series 1 and Series 2 Preference Shares so being redeemed.

At the option of holder of the Series 1 and Series 2 Preference Shares, if the then outstanding Series 1 and Series 2 Preference Shares cannot be redeemed in full then, with the prior written unanimous approval of all the holders of the Series 1 and Series 2 Preference Shares, the Series 1 and Series 2 Preference Shares shall be converted into equity shares of the Company, in accordance with such formula as may be determined by the Company and the holder of the Series 1and Series 2 Preference Shares, but at a price which is not less than fair market value of the equity shares at the time of such conversion.

At the time of conversion, the holder of Preference Shares will be entitled to equity shares of the Company up to the principal amount (i.e. issue price) of the outstanding OCRPS.

Changes in recognised deductible temporary differences	**45.06**	–
Unrecognised Deferred Tax Asset	**–**	388.83
Total	**43.00**	–

26. Earnings per share (EPS)

Basic and diluted EPS amounts are calculated by dividing the loss for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

The following reflects the loss and share data used in the basic and diluted EPS computations:

(Rs. in Lakh)

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021
Loss after tax (Rs. in Lakh)	**(138.93)**	(1,338.14)
Weighted average number of equity shares	**1,00,000**	1,00,000
Face Value of Equity Shares (in Rs.)	**10**	10
Earnings per Equity share - Basic (in Rs.)	**(138.93)**	(1,338.14)
Earnings per Equity share - Diluted (in Rs.)	**(138.93)**	(1,338.14)

27. Disclosures as per IND AS 115

(1) Contract Balances

(a) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as "Advances received from Customers/Income received in Advance" in note no. 18- Other Current Liabilities amounting to Rs 33,946.03 lakhs (previous year Rs. 26,603.60 lakhs). Amounts billed for development milestones achieved but not yet paid by the customer are included in the balance sheet under note no.8 - Trade Receivables amounting to Rs. 2,289.84 lakhs (previous year Rs. 4,262.80 lakhs)

(b) During the year, the Company recognised Revenue of Rs. 5,275.51 lakhs (previous year Rs. 3,764.77 lakhs) from opening contract liability of Rs. 26,603.60 lakhs (previous year Rs. 10,789.52 lakhs). Contract Liability of Rs 430.72 Lakhs reversed due to cancellation of units sold during the year (previous year- Rs 323.61 Lakhs).

(c) There were no significant changes in the composition of the contract liabilities during the reporting period other than on account of periodic invoicing and one new project opened for sale.

(d) Amounts previously recorded as contract liabilities increased due to further milestone based invoices raised during the year and one new project opened for sale.

(e) There are no contract assets outstanding at the end of the year.

(f) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as at March 31, 2022, is Rs. 44,396.86 lakhs (previous year Rs. 46,327.57 lakhs). Out of this, the Company expects, based on current projections, to recognize revenue of around 35% (previous year 15%) within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is not expected to be material.

(g) Reconciliation of revenue recognised with the contracted price is as follows:

(Rs. in Lakh)

Particulars	**As at 31st March, 2022**	As at 31st March, 2021
Contracted price	**6,861.04**	4,899.99
Adjustments on account of cash discounts or early payment rebates, deferred payment schemes etc.	**(52.07)**	(50.81)
Revenue recognised as per Statement of Profit & Loss	**6,808.97**	4,849.18

(2) Contract costs

(Rs. in Lakh)

Particulars	**As at 31st March, 2022**	As at 31st March, 2021
Contract costs included in Prepaid expenses in Note no. 11- Other Current Assets	**1,235.02**	1,074.84

The Company incurs commissions & incentives that are incremental costs of obtaining a contract with a customer. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under Note no. 11 - Other Current Assets and amortises it upon completion of the related property sale contract.

For the year ended March 31, 2022, amortisation amounting to Rs. 129.25 lakhs (Previous Year - Rs. 89.26 lakhs) was recognised as brokerage cost. There was no impairment loss in relation to the costs capitalised.

Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables.

29. Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 12.49 lakhs (31st March, 2021 Rs. 25.76 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The scheme is unfunded as on March 31, 2022.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

<u>Investment risk</u>

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

<u>Interest risk</u>

A decrease in the bond interest rate will increase the plan liability.

<u>Longevity risk</u>

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

<u>Salary risk</u>

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	As at 31st March, 2022	31st March, 2021
Discount rate(s)	**5.85%**	5.71%
Expected rate(s) of salary increase	**10.00%**	5.00%
Attrition Rate	**0 to 42: 20%**	0 to 42: 16%
Mortality	**IALM (2012-14) ULT.**	IALM (2012-14) ULT.

Retirement age of the employees is assumed to be 60 years.

Defined benefit plans – as per actuarial valuation on 31st March, 2022

(Rs. in Lakh)

Particulars	Un-funded Gratuity Plan For the year ended 31st March, 2022	For the year ended 31st March, 2021
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost		
Current Service Cost	**3.83**	9.07
Net interest expense	**1.27**	1.76
Components of defined benefit costs recognised in profit or loss	**5.10**	10.83
Remeasurement on the net defined benefit liability		
Actuarial (gains)/loss arising from demographic assumptions	**(0.20)**	–
Actuarial (gains)/loss arising from changes in financial assumptions	**1.22**	(0.03)
Actuarial (gains)/loss arising from experience adjustments	**(8.05)**	(8.69)
Components of defined benefit costs recognised in other comprehensive income	**(7.03)**	(8.72)
Total	**(1.93)**	2.11

(Rs. in Lakh)

Particulars		Un-funded Gratuity Plan For the year ended 31st March, 2022	For the year ended 31st March, 2021
I.	**Net Asset/(Liability) recognised in the Balance Sheet as at 31st March, 2022**		
1.	Present value of defined benefit obligation at end of the year	**22.43**	24.36
2.	Current portion of the above	**(4.58)**	(4.16)
3.	Non current portion of the above	**(17.85)**	(20.20)
II.	**Movements in the present value of the defined benefit obligation are as follows.**		
1.	Present value of defined benefit obligation	**24.36**	33.27
2.	Transfer out liability	**–**	(6.65)
3.	*Expenses Recognised in Profit and Loss Account*		
	- Current Service Cost	**3.83**	9.07
	- Past Service Cost	**–**	–
	- Interest Cost	**1.27**	1.76
4.	*Recognised in Other Comprehensive Income*		
	Remeasurement gains/(losses)		
	- Actuarial Gain (Loss) arising from:		
	i. Demographic Assumptions	**(0.20)**	–
	ii. Financial Assumptions	**1.22**	(0.03)
	iii. Experience Adjustments	**(8.05)**	(8.69)
5.	Benefit payments	**–**	(4.37)
6.	**Present value of defined benefit obligation at the end of the year**	**22.43**	24.36

The actuarial valuation of the present value of the defined benefit obligation was carried out as at March 31, 2022 by G. N. Agarwal, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Rs. in Lakh)

Principal Assumptions	Year	Changes in assumption (%)	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount rate	**2022**	**1.00%**	**21.60**	**23.34**
	2021	1.00%	23.32	25.51
Salary growth rate	**2022**	**1.00%**	**22.76**	**22.12**
	2021	1.00%	24.85	23.92

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year.

Maturity profile of defined benefit obligation:

(Rs. in Lakh)

	31st March, 2022	31st March, 2021
Within 1 year	**4.58**	4.16
1 - 2 year	**3.87**	3.59
2 - 3 year	**3.38**	3.44
3 - 4 year	**2.88**	3.10
4 - 5 year	**2.45**	2.68
5 - 10 years	**9.11**	11.79

The weighted average age considered for defined benefit obligation as at 31st March 2022 is 33.92 years (Previous Year was 33.71 years)

30. Financial Instruments

Capital management

The Company's capital management objectives are-

– safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders

– maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using net debt equity ratio which is determined as the proportion of net debt to total equity.

(Rs. in Lakh)

Particulars	As at 31st March, 2022	As at 31st March, 2021
Debt	**4,996.19**	7,982.97
Cash and Bank Balances	**(4,286.44)**	(6,782.79)

Borrowings	3,000.00	–	3,000.00

31. Impact of COVID-19 (Global Pandemic)

The Management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at year ended 31st March, 2022 and has concluded that the impact is primarily on the operational aspects of the business during the initial months of year ended 31st March, 2022. The Company has used the principles of prudence in applying judgments, estimates and assumptions based on current assessments and do not foresee any significant impact of Covid-19 on the operations. In assessing the recoverability of assets such as inventories, financial assets and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets.

32. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents and other financial assets.

Trade Receivables

The Company's trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Cash and cash equivalents and other financial assets

For Cash and bank balances only high rated banks are accepted. The Company holds cash and cash equivalents with banks which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of Directors who have established an appropriate liquidity risk management framework for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

(Rs. in Lakh)

Particulars	Less than 1 Year	1 Year to 3 Years	3 Year to 5 Years
Non-derivative financial liabilities			
As at 31st March, 2022			
Trade and other payables	**1,225.18**	**874.95**	**–**

Total	11,726.46	8,854.21	699.39

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(Rs. in Lakh)

Particulars	As at 31st March, 2022	As at 31st March, 2021
Secured Bank Overdraft facility		
- Expiring within one year	**2,700.00**	4,200.00
Total	**2,700.00**	4,200.00

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

CURRENCY RISK

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The

Company undertakes transactions denominated in foreign currencies only for the purchases of the components which are required to carry out the construction activities. The Company manages its foreign currency risk by forward contracts that are expected to occur within a maximum 12 month from the entering of a contract.

INTEREST RATE RISK

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase/ decrease in basis points	(Rs. in Lakh)
As at 31st March, 2022	**INR**	**+100**	**(49.96)**
	INR	**-100**	**49.96**
As at 31st March, 2021	INR	+100	(49.83)
	INR	-100	49.83

Redemption of Optionally Convertible Redeemable Debentures during the year	–	(5,931.88)	(5,931.88)
Closing Balance of Fair Value	**3,578.80**	**–**	**3,578.80**
Year Ended 31st March 2021			
Opening Balance of Fair Value	**3,335.70**	**7,663.18**	**10,998.88**
Total incomes/gains or (losses) recognised in Profit or Loss	37.69	1,072.50	1,110.19
Redemption of Optionally Convertible Redeemable Debentures during the year	–	(3,065.47)	(3,065.47)
Closing Balance of Fair Value	**3,373.39**	**5,670.21**	**9,043.60**

33. Financial Ratios

(Rs. in Lakh)

	Particulars	Numerator	Denominator	For the year ended March 31, 2022	For the year ended March 31, 2021	% Variance	Reasons for Variance
a)	Current Ratio	Current Assets	Current Liabilities	0.96	1.28	-24.64%	–
b)	Debt Equity Ratio	Debt (Borrowings)	Equity	(2.25)	(4.63)	-51.41%	Reduction in Debt from last year due to repayment
c)	Debt Service Coverage Ratio (DSCR)	Earning Available for debt service (Refer note (i) below)	Debt Service (Refer note (ii) below)	0.02	(0.06)	-133.53%	Reduction in Debt from last year due to repayment and increase in revenue during the year as compared to previous year
d)	Return of Equity	Loss After Tax	Average Equity	3.71%	44.40%	-91.65%	Reduction in ratio due to reduction in employee benefits expense and Net Loss arising on financial liabilities designated at Fair Value through Profit or Loss (FVTPL)
e)	Inventory Turnover ratio	Revenue from Operations	Average Inventory	0.23	0.15	51.43%	Due to increase in revenue in current year as compared to previous year.
f)	Trade Receivables turnover ratio	Revenue from Operations	Trade Receiavables (Average)	2.08	2.28	-8.65%	–
g)	Trade Payable turnover ratio	Cost of Sales	Average Trade payable	3.32	3.03	9.39%	–
h)	Net capital turnover ratio,	Revenue from Operations	Average Working Capital (Refer note (iii) below)	1.91	0.42	358.08%	Increase in ratio due to increase in contractual liability
i)	Net profit ratio	Loss After Tax	Revenue from Operations	-2.04%	-27.60%	-92.61%	Higher margins due to increase in revenue in current year as compared to previous year, reduction in employee benefit and FVTPL loss reduction
j)	Return on Capital employed	Earning before interest & taxes (Refer note (iv) below)	Capital employed (Refer note (v) below)	-2.88%	-9.57%	-69.84%	Reduction in Debt from last year due to repayment, reduction in employee benefits expense and Net Loss arising on financial liabilities designated at Fair Value through Profit or Loss (FVTPL)

Schedule III require explanation where the change in the ratio is more than 25% as compared to the preceding year. Accordingly explanation is given only for the said ratios.

The company operates in real estate business and is governed by IND AS 115 for recording the revenue as per completion contract method. Accordingly, above mentioned ratios may not be strictly comparable.

Formula used for calculation of Ratios and Financial Indicators are as below :

(i) Earning for Debt Service = Net Profit before taxes + Non-cash operating expenses like depreciation and other amortizations + Interest Expense

(ii) Debt Service = Borrowing + Interest Payment

(iii) Working Capital = Current Asset - Current Liabilities

(iv) Earning before interest & taxes = Loss before Tax + Finance Cost

(v) Capital Employed = Equity + Borrowing - Intangible Assets

34 Additional regulatory information

a) The company do not have any benami property, where any proceeding has been initiated on or are pending against the company for holding benami property.

b) **Corporate Social Responsibility (CSR)**

The provisions of Corporate Social Responsibility (CSR) expenditure are not applicable to the company.

INDEPENDENT AUDITORS' REPORT

To the Members of MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED** (the 'Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at 31 March 2022, and its Loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

   We have determined that there are no other key audit matters to communicate in our report

Information other than the Financial Statements and Auditor's Report thereon

5. The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

   Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

10. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
    - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
    - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
    - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
    - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
    - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

14. As required by Section 197(16) of the Act, based on our audit, we report that the Company has not paid remuneration to its directors for the year under audit. Hence, this clause is not applicable to the Company.
15. As required by the Companies (Auditor's Report) Order, 2020 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure 1, a statement on the matters specified in paragraphs 3 and 4 of the Order.
16. Further to our comments in Annexure 1, as required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
    a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
    b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
    c) the standalone financial statements Including Cash Flow Statement dealt with by this report are in agreement with the books of account;
    d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
    e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act;
    f) we have also audited the internal financial controls with reference to financial statements of the Company as on 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report as per Annexure 2 expressed an unmodified opinion; and
    g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
        i. The Company does not have any pending litigations which would impact its financial position;
        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE – 1 TO THE AUDITORS REPORT

The annexure referred to in independent auditors report to the members of the Company on the financial statements for the year ended 31 March 2022. We report that:

(i) As per information provided by the Company to us, it does not have fixed assets and, accordingly, the requirements under paragraph 3 (i) (a),(b), (c), (d) and (e) are not applicable to the Company.

(ii) The Company's business does not have inventories and, accordingly, the requirements under paragraph 3(ii)(a) of the Order are not applicable to the Company.

As per information and explanation provided by the Company to us, the Company does not have any sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b), (c), (d), (e) and (f) of the Order are not applicable to the Company and hence not commented upon.

(iv) In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company.

(v) The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

(vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, duty of custom, duty of excise, value added tax, Goods and Service Tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, Goods and Service Tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of income tax, sales-tax, wealth tax, service tax, customs duty, excise duty, value added tax, Goods and Service Tax and cess which have not been deposited on account of any dispute.

(viii) As per information and explanation provided by the Company to us, there are no transactions which are not recorded in the books of account have been surrendered or disclosed as income during the Audit period in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence relevant provision of the Order is not applicable.

(ix) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of any loans since it has not availed of any loans from any bank nor has borrowed from any financial institution. The Company has also not issued any debentures as at the balance sheet date.

(x) According to the information and explanations given to us on an overall examination of the balance sheet, company had not raised any moneys by way of Initial public offer or further public offer or by way of preferential allotment or private placement of shares or by way of term loan.

(xi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we have neither come across any instance fraud by the Company or any fraud on the Company by its offices or employees, nor noticed or reported during the year.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xi) of the order are not applicable to the Company and hence not commented upon.

(xiii) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and all transactions with related parties have been disclosed in the financial statements.

(xiv) According to the information and explanations given to us on an overall examination of the balance sheet, based on size and nature of its business, company is not required to have Internal audit system.

(xv) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

(xvii) The Company has incurred cash losses in current as well as immediately preceding financial year (2020-21). We mention below amount of Cash losses incurred.

Year	Amount (Rupees)
FY 2020-21	(1,67,596)
FY 2021-22	(50,176)
Total	**(2,17,772)**

(xviii) During the year the no statutory auditors' has been resigned, hence relevant clause is not applicable.

(xix) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans, based on support from parent company and other considerations and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) According to the information and explanations given by the management, Provisions of Section 135 of the companies Act, 2013 is not applicable to the company.

(xxi) According to the information and explanations given by the management, Clause (xxi) of the Order is not applicable to the Company since report is of Standalone Financial Statement.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE TO THE MEMBERS OF MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED, ON THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

Annexure 2

Independent Auditor's report on the Internal Financial Controls with reference to the standalone financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

1. In conjunction with our audit of the standalone financial statements of **MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED** (the "Company") as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibility of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of Internal financial controls with reference to standalone financial statements includes obtaining an understanding of such Internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A Company's Internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of Internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal financial controls with reference to financial statements to future periods are subject to the risk that Internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Mahindra Knowledge Park (Mohali) Limited ("the Company") is a public company incorporated in India on 11 July, 1994 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at Mahindra Towers, Dr G.M.Bhosale Marg, P.K. Kurne Chowk, Worli, Mumbai - 400018.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (₹) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 19th April, 2022.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note No. 14 - Financial Instruments

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2022, 31 March 2021 is as follows:

	31-Mar-22	31-Mar-21
Debt (A)	**500,000**	500,000
Equity (B)	**(12,460,818)**	(12,410,643)

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk list all such risks as applicable>. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company.

Credit risk related to financial instruments

Credit risk from balances with banks and financial institutions is managed by Treasury in accordance with the Company's policy. Investments of surplus funds are made only by investment them in mutual funds. Hence the company is not exposed to any credit risk in this respect.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	**Less than 1 Year**	**1-3 Years**	**3 Years to 5 Years**	**5 years and above**
	INR	**INR**	**INR**	**INR**
Non-derivative financial liabilities				
31-Mar-22				
Trade Payable	**81,300**	**310,625**	**859,205**	**10,712,354**
Total	**81,300**	**310,625**	**859,205**	**10,712,354**
31-Mar-21				
Trade Payable	189,249	158,076	859,205	10,712,354
Total	189,249	158,076	859,205	10,712,354

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchnage fluctuations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Note No. 15 - Fair Value Measurement

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	Carrying Value		**Fair value as at**	
Particulars	**31-Mar-22**	31-Mar-21	**31-Mar-22**	31-Mar-21
Financial assets				
Investments	**–**	–	**–**	–
Trade Receivables	**–**	–	**–**	–
Other Bank Balances	**2,666**	2,666	**2,666**	2,666
Total financial assets	**2,666**	2,666	**2,666**	2,666
Financial liabilities				
Trade Payable	**11,963,484**	11,918,884	**11,963,484**	11,918,884
Total financial liabilities	**11,963,484**	11,918,884	**11,963,484**	11,918,884

The management assessed that Investment in cash and cash equivalents, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of the Group's interest-bearing borrowings and loans are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

Fair Value Hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities

Quantitative disclosures fair value measurement hierarchy for assets as at 31st March 2022: **(Amount in ₹)**

	Date of Valuation	Fair value measurement using Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Financial assets					
Assets measured at Fair Value:					
Investments		–	–	–	–
Trade Receivables			–		–
Other Bank Balances			2,666		2,666
Total		–	2,666	–	2,666
Financial liabilities					
Liabilities measured at fair value:					
Trade Payable		–	11,963,484		11,963,484
Total		–	11,963,484	–	11,963,484

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2021:

	Date of Valuation	Fair value measurement using Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Financial assets					
Assets measured at Fair Value:					
Investments		–	–	–	–
Trade Receivables			–		–
Other Bank Balances			2,666		2,666
Total		–	2,666	–	2,666
Financial liabilities					
Liabilities measured at fair value:					
Trade Payable		–	11,918,884		11,918,884
Total		–	11,918,884	–	11,918,884

There have been no transfers between Level 1 and Level 2 during year ended 31 March 2022.

Note No. 16: Previous period's figures have been regrouped/reclassified wherever necessary to correspond with the current period's classification/disclosure.

INDEPENDENT AUDITORS' REPORT

To the Members of Deep Mangal Developers Private Limited

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Deep Mangal Developers Private Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2022 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its Loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies

Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial statements;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

i. In respect of its Property, Plant and Equipment:

As per information provided by the Company to us, it does not have any Property, Plant and Equipment and intangible assets as on 31st March, 2022. Accordingly, paragraph 3 (i) (a), (b), (d) and (e) of the Order is not applicable to the Company.

As per information provided by the Company to us, the Company is having a Land as immovable properties and the title deed of such property is on the name of the Company.

ii. In respect of its inventories:

The Company is having inventory and work in progress; and it is physically verified by its management at reasonable intervals. Procedures adopted by the Company's management for physical verification of inventories are adequate and reasonable according to the size and nature of its business.

As per information and explanation provided by the Company to us, the Company does not have any sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company.

iii. Loan given by Company:

As per information and explanation provided by the Company to us, during the year the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company.

iv. Loan to Directors and investment by company:

According to the Information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 inrespect of grant of loans, Investments made, guarantees given and security as applicable.

v. Deposits:

The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there-under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. Cost Records:

The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

vii. Statutory Dues:

According to information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including income tax, Goods and Service Tax (GST), and other material statutory dues, as applicable, with the appropriate authorities and there are no outstanding as on the last day of the financial year concerned for a period of more than six months. The Company has no obligation under Provident Fund and Employee State Insurance Rules. Payment of Sales Tax, Wealth Tax, Customs and Excise duties and Value Added Tax is not applicable to the Company during the Audit period.

There are no dues of income tax, sales tax, wealth tax, service tax, GST outstanding for more than 6 months at the end of Audit period.

viii. Previously unrecorded income

As per information and explanation provided by the Company to us, there are no transactions which are not recorded in the books of account have been surrendered or disclosed as income during the Audit period in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence relevant provision of the Order is not applicable.

ix. Repayment of Loans:

According to the records of the company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of any loans since it has not availed of any loans from any bank nor has borrowed from any financial institution. The Company has also not issued any debentures as at the balance sheet date.

x. Utilization of IPO & further public offer:

The Company has not raised any money by way of initial public offer or further public offer and no term loan was raised by the Company.

xi. Reporting of Fraud:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance fraud by the Company or any fraud on the Company by its offices or employees, nor noticed or reported during the year.

xii. Nidhi Company:

The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Internal Audit system:

The Company is the private limited company and does not have turnover of two hundred crore rupees or more during the preceding financial year; or outstanding loans or borrowings from banks or public financial institutions exceeding one hundred crore rupees or more at any point of time during the preceding financial year. Hence Section 138 is not applicable and so relevant clause is not applicable.

xv. Non – cash Transactions:

The Company has not entered into any non-cash transactions with directors or persons connected with any director of the Company.

xvi. Register under RBI Act 1934:

The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

xvii. Cash losses:

The Company has incurred cash losses in the Audit Period Rs. 34,72,571 and in the immediately preceding financial year (FY 2020-21) Rs. 10,65,142.

xviii. Resignation of statutory auditors:

During the year no statutory auditors' has been resigned, hence relevant clause is not applicable.

xix. Material uncertainty on meeting liabilities:

According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx. Transfer to fund specified under Schedule VII of Companies Act, 2013:

There were no amounts which were required to be transferred to fund specified under Schedule VII of Companies Act, 2013.

The company does not have net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year. Hence Section 135 is not applicable and so relevant clause is not applicable.

xxi. Qualifications or adverse auditor remarks in other group companies:

Clause (xxi) of the Order is not applicable to the Company since report is of Standalone Financial Statement.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF DEEP MANGAL DEVELOPERS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Deep Mangal Developers Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Deep Mangal Developers Private Limited ("the Company") is Private Limited company incorporated in India on 25 May, 1989 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 12th April, 2022.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/ (loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note No. 19

The accounts of the Company for the year ended 31st March, 2022 have been prepared on the basis of going concern.

Note No. 20 - Financial Instruments

[I] Capital management

The Company's capital management objectives is to ensure the Company's ability to continue as a going concern

The capital structure of the Company consists of equity.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primary trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(i) Financial instruments and cash deposits:

Credit risk from balances with banks is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with bank.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(₹ in lakh)

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above	Total	Carrying Value

Total	**9.36**	**6.03**	**–**	**–**	**15.39**	**15.39**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(₹ in lakh)

Fixed interest rate bearing	–	–	–	–	–	–
Total	**0.35**	**–**	**–**	**–**	**0.35**	**0.35**

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have significant other price risk.

Note No. 21 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 Inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 Inputs:

Level 2 inputs are inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
- implied volatilities
- credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 Inputs:

Level 3 inputs inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
MOONSHINE CONSTRUCTION PRIVATE LIMITED

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Moonshine Construction Private Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2022 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its Loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report

expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

i. In respect of its Property, Plant and Equipment:

As per information provided by the Company to us, it does not have any fixed asset as on 31st March, 2022. Accordingly, paragraph 3 (i) of the Order is not applicable to the Company.

ii. In respect of its inventories:

The Company does not have inventory. Accordingly, clause 3 (ii) (a) of the Order is not applicable.

As per information and explanation provided by the Company to us, the Company does not have any sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company.

iii. Loans given by Company:

As per information and explanation provided by the Company to us, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company.

iv. Loan to Directors and investment by the Company:

According to the Information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, Investments made, guarantees given and security as applicable.

v. Deposits:

The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there-under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. Cost Records:

The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

vii. Statutory Dues:

According to information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including income tax, Goods and Service Tax (GST), and other material statutory dues, as applicable, with the appropriate authorities and there are no outstanding as on the last day of the financial year concerned for a period of more than six months. The Company has no obligation under Provident Fund and Employee State Insurance Rules. Payment of Sales Tax, Wealth Tax, Customs and Excise duties and Value Added Tax is not applicable to the Company during the Audit period.

There are no dues of income tax, sales tax, wealth tax, service tax, GST outstanding for more than 6 months at the end of Audit period.

viii. Previously unrecorded income

As per information and explanation provided by the Company to us, there are no transactions which are not recorded in the books of account have been surrendered or disclosed as income during the Audit period in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence relevant provision of the Order is not applicable.

ix. Repayment of Loans:

According to the records of the company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of any loans since it has not availed of any loans from any bank nor has borrowed from any financial institution. The Company has also not issued any debentures as at the balance sheet date.

x. Utilisation of IPO & further public offer:

The Company has not raised any money by way of initial public offer or further public offer and no term loan was raised by the Company.

xi. Reporting of Fraud:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance fraud by the Company or any fraud on the Company by its offices or employees, nor noticed or reported during the year.

xii. Nidhi Company:

The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Internal Audit system:

The Company is the private limited company and does not have turnover of two hundred crore rupees or more during the preceding financial year; or outstanding loans or borrowings from banks or public financial institutions exceeding one hundred crore rupees or more at any point of time during the preceding financial year. Hence Section 138 is not applicable and so relevant clause is not applicable.

xv. Non – cash Transactions:

The Company has not entered into any non-cash transactions with directors or persons connected with any director of the Company.

xvi. Register under RBI Act 1934:

The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

xvii. Cash losses:

The Company has incurred cash losses in the Audit Period Rs. 64,376 and in the immediately preceding financial year (FY 2020-21) Rs. 42,722.

xviii. Resignation of statutory auditors:

During the year no statutory auditors' has been resigned, hence relevant clause is not applicable.

xix. Material uncertainty on meeting liabilities:

According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx. Transfer to fund specified under Schedule VII of Companies Act, 2013:

There were no amounts which were required to be transferred to fund specified under Schedule VII of Companies Act, 2013.

The company does not have net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year. Hence Section 135 is not applicable and so relevant clause is not applicable.

xxi. Qualifications or adverse auditor remarks in other group companies:

Clause (xxi) of the Order is not applicable to the Company since report is of Standalone Financial Statement.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MOONSHINE CONSTRUCTION PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Moonshine Construction Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Moonshine Construction Private Limited ("the Company") is a private limited company incorporated in India on 16 May, 1996 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 19th April, 2022.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established. Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/ (loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note No. 18 - The accounts of the Company for the year ended 31 March, 2022 have been prepared on the basis of going concern.

Note No. 19 - Financial Instruments

[I] Capital management

The Company's capital management objectives is to ensure the Company's ability to continue as a going concern

The capital structure of the Company consists of equity.

The Company does not have any borrowings.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primary trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(i) Trade receivables

Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date and the Company measures the loss allowances at an amount equal to lifetime expected credit lossess. The Company does not hold collateral as security.

(ii) Financial instruments and cash deposits:

Credit risk from balances with banks is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with bank.

(B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(₹ in lakh)

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above	Total	Carrying Value
Non-derivative financial						
31-Mar-22						
Trade Payable	**0.27**	**–**	**3.57**	**–**	**3.84**	**3.84**
Total	**0.27**	**–**	**3.57**	**–**	**3.84**	**3.84**
31-Mar-21						
Trade Payable	0.15	3.70	–	–	3.86	3.86
Total	**0.15**	**3.70**	**–**	**–**	**3.86**	**3.86**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(₹ in lakh)

Particulars	Less than 1 Year	1-3 Years	3-4 Years	5 years and above	Total	Carrying amount
Non-derivative financial assets						
31st March, 2022						
Non interest rate bearing	**0.04**	**–**	**–**	**–**	**0.04**	**0.04**
Fixed interest rate bearing	**–**	**–**	**–**	**–**	**–**	**–**
Total	**0.04**	**–**	**–**	**–**	**0.04**	**0.04**

Fixed interest rate bearing	–	–	–	–	–	–
Total	**0.01**	**–**	**–**	**–**	**0.01**	**0.01**

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have significant other price risk.

Note No. 21 - Additional regulatory information

Details of benami property held

No proceedings have been initiated on or are pending against the group for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

Relationship with struck off companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

Wilful defaulter

The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

Note No. 22 - Events after the reporting period

No material events have occurred after the Balance Sheet date and upto the approval of the Financial Statements

Note No. 23 - Previous Year Figures

The figures for the previous year have been regrouped wherever necessary to confirm to current year's grouping.

Note No. 24 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 Inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 Inputs:

Level 2 inputs are inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
- implied volatilities
- credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 Inputs:

Level 3 inputs inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF MAHINDRA CONSULTING ENGINEERS LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Mahindra Consulting Engineers Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, of its profit and total comprehensive income, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's Financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements. (Refer Note 32 to the Standalone Financial Statements).

(ii) The Company did not have any long term contracts which has any material foreseeable losses. The Company did not have any derivative contracts.

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) The management of the Company have represented to us respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(v) The management of the Company is represented to us that, to the best of their knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(vi) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us nothing has come to our notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(vii) The Company has not declared any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of **Mahindra Consulting Engineers Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT
(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) In respect of its Property, Plant and Equipment

(a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment.

(b) Most of the Property, Plant and Equipment were physically verified during the year by the Management and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable properties of freehold or leasehold land and building and hence reporting under clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45of 1988) and rules made thereunder.

(ii) (a) The Company does not have any inventory and hence reporting under clause (ii) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from Federal Bank on the basis of security of Trade Receivables during the year. The Cashflow Statement of filed by the Company with Federal Bank on a quarterly basis are in agreement with the audited /unaudited (retain as applicable) books of account as certified by the management.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not prescribed the maintenance of cost records under sub section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Services Tax, Cess and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

(c) Details of dues of Income tax which has not been deposited as on March 31, 2022, on account of disputes is given below:

Nature of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount Unpaid (Rs. In lakhs)
Income Tax Act	Income Tax	Income tax Appellate Tribunal	AY 2013-14	26.28

(viii) In our opinion and according to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company has not taken any loans or borrowings from government and financial institutions and has not issued any debentures

(b) In our opinion and according to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) In our opinion and according to the information and explanations given to us, the company has not raised any money by way of term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) In our opinion and according to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(x) (a) In our opinion and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans. Accordingly, the reporting under clause (ix) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company

(xiii) In our opinion and according to the information and explanations given to us the Company has entered into transactions with related partied in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Standalone Financial Statements as required by Indian Accounting Standard (IND AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

(xiv) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or subsidiary company or persons connected with them during the year and hence provisions of Section 192 of the Act are not applicable to the Company. Accordingly ,the reporting under clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause (xvi) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) According to the information and explanations given to us, CSR is not applicable to the Company. Hence, reporting under Clause 3(xx) is not applicable to the Company.

Notes forming part of Standalone Financial Statements as at and for the year ended March 31, 2022

1. General information

Mahindra Consulting Engineers Limited (MACEL/Company) was incorporated on October 26, 1993.

The Company is a multidisciplinary engineering consultancy organization providing Engineering, Project Advisory Services and Infrastructure Consulting. The sectors of operation covers urban infrastructure, industrial infrastructure, water and wastewater, environment, transportation sector, tourism infrastructure, renewable energy, sustainable development studies, buildings and structures, industrial plants and systems, agribusiness and food infrastructure, social infrastructure, institutional studies. The Company offers wide range of services in both domestic and international market right from project conceptualization, market demand, feasibility studies, planning, design, engineering, project management, Public Private Partnership (PPP) transaction advisory etc. across several sectors. The clientele base includes Central Government, State Government, Public Sector Undertakings, Infrastructure Development Agencies, Private Sector, Financial Institutions, International Consulting firms, etc.

2. Significant Accounting Policies

2.1. Statement of compliance

The Standalone financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2. Basis of preparation and presentation

The Standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these Standalone financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116 and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3. Exemption from preparation of Consolidated Financial Statements

The Company has investments in a Subsidiary. The Holding company, Mahindra and Mahindra Limited, having its registered office at Gateway Building, Apollo Bunder, Mumbai are presenting the consolidated financial statements. The Company has therefore availed the exemption under paragraph 4(a) of Ind AS 110 having satisfied the conditions for exemption from preparing consolidated financial statements as per Companies (Accounts) Amendments Rules, 2016 and thereby does not present consolidated financial statements.

Consequently, the accounting policies mentioned herein relate to the standalone financial statements of the Company.

2.4. Revenue recognition

a. The Company recognizes revenue on the percentage of completion method, which involves technical estimates with respect to costs to completion, of each contract / activity. The percentage of completion of a contract is determined considering the proportion that contract costs incurred to measure the efforts or work performed up to the reporting date bear to the estimated total contract costs estimated.

   Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

b. Revenue from project supervision/maintenance services (included under consultancy) is recognized based on agreed terms of contract, covers personnel costs of employees deputed for the project, materials used, and includes appropriate overheads and margins.

Other income

a. Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b. Export incentive income is recognized when the Company fulfills all the eligible conditions and there is no uncertainty as to ultimate collection.

2.5. Foreign currencies

In preparing the Standalone financial statements of the Company, transactions in currencies other than the entity's functional currency, which is Indian Rupee, are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences on monetary items are recognized in statement of profit and loss in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- exchange differences on transactions entered into in order to hedge certain foreign currency risks (see Note 2.19 below for hedging accounting policies)

2.6. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1. Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

2.6.2. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3. Current and deferred tax for the year

Current and deferred tax are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.7. Tangible and Intangible assets

Property, Plant and Equipment are stated at cost less accumulated depreciation and impairment losses, if any. The cost of Property, Plant and Equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use. Subsequent expenditure on assets after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. When an asset is scrapped or otherwise disposed of, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation is recognized so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

2.8. Impairment of assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognized for such excess amount. The impairment loss is recognized as an expense in the statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognized for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the statement of profit and loss , to the extent the amount was previously charged to the statement of profit and loss. In case of revalued assets such reversal is not recognized.

2.9. Cash flow statement

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows from operating activities are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

2.10. Depreciation and amortization

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

Assets individually costing less than Rs.5000/- are fully depreciated in the year of purchase.

The estimated useful life for the other categories of assets are as given below:

Computers	3 years
Furniture & fixtures	10 years
Office equipment	5 years
Vehicles	8 years

2.11. Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund, superannuation fund and employee state insurance scheme are considered as defined contribution plans and are recognized as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out by an independent actuary at the end of each reporting period. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur.

Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to statement of profit and loss. Curtailment gains and losses are accounted for as past service costs. Past service cost is recognized in statement of profit and loss in the period of a plan amendment.

The obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflow expected to be made by the group in respect of services provided by employees up to the reporting date.

2.12. Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.13. Goods and Services Tax input credit

Goods and Services Tax Input Credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilizing the credits.

2.14. Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

The Company present the assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed it, in its normal operating cycle
- Held preliminarily for the purpose of trade
- Expected to be realized within 12 months from the end of the reporting period or
- cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when it is:

- Expected to be settled in the normal operating cycle
- Held preliminarily for the purpose of trade
- Due to be settled within 12 months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for atleast 12 months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.15. Provisions

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognized in the Standalone financial statements.

2.16. Financial instruments

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

2.17. Financial assets

A financial asset is any asset that is:

(a) cash;

(b) an equity instrument of another entity;

(c) a contractual right:

i. to receive cash or another financial asset from another entity; or

ii. to exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the Company; All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

Impairment of financial assets recorded at amortised costs

The Company has used reasonable and supportable information to determine the credit risk on financial assets recorded at amortized cost and provides for impairment loss based on best estimate basis as prescribed under Ind AS 109.

2.17.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.17.2. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

2.18. Financial liabilities and equity instruments

2.18.1. Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.18.2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.18.3. Financial liabilities

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another entity.

Financial liabilities are subsequently measured at amortized cost using the effective interest method.

2.18.4. Derecognition of financial assets and financial liabilities

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

2.18.5. Classification of debt instruments

The Company has determined the classification of debt instruments in terms of whether they meet the amortized cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

3. a. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

b. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

(i) Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

(ii) Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted.

The Company has evaluated the amendment and the impact is not expected to be material

Note No. 4 - (i) Property, plant and equipment

Note No. 26 - Disclosure of interest in Subsidiaries

(a) Details of the Company's subsidiaries at the end of the reporting period are as follows:

Name of the Subsidiary	Principal Activity	Place of Incorporation and Place of Operation	Proportion of Ownership Interest and Voting power held by the Company 31-March-2022	31-March-2021	Quoted (Y/N)
Mahindra Namaste Limited	Capacity building and training activities	Place of Incorporation - Mumbai Place of Operation - Chennai	**100%**	100%	No

Note No. 27 - Employee benefits

(a) Defined Contribution Plan

The Company has recognized Rs. 19.63 Lakhs (Previous Year Rs.19.09 Lakhs) towards Company's Contribution to Provident Fund and Rs.5.20 Lakhs (Previous Year Rs 22.41 Lakhs) towards Company's Contribution to Superannuation Fund in the Statement of Profit and Loss.

(b) Defined Benefit Plans:

Gratuity

Gratuity payable as per Payment of Gratuity Act, 1972. In terms of the same Gratuity is computed by multiplying last drawn salary (Basic salary) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Gratuity Act provides for a vesting period of 5 years for withdrawal and retirement and ceiling of Rs.20,00,000/-. However if the enterprise has more favourable terms in these regard, the same is to be adopted.

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-March-2022	31-March-2021
Expected rate(s) of salary increase	**5%**	5%
Average Longevity	**11.70**	12.50

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, priority and other relevant factor, such as supply and demand in the employment market.

Defined benefit plans – as per actuarial valuation on March 31, 2022

Particulars	Funded Plan- Gratuity Year ended	Rupees in Lakhs
	31-March-2022	31-March-2021
Ia. Expense recognized in the Statement of Profit and Loss for the year ended 31st March:	**6.32**	6.83

3. Recognized in Other Comprehensive Income		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions		
ii. Financial Assumptions		
iii. Experience Adjustments	**0.56**	(6.72)
4. Benefit payments	**(2.34)**	(1.86)
5. Present value of defined benefit obligation at the end of the year	**112.99**	102.29
III. Change in fair value of assets during the year ended 31st March		
1. Fair value of plan assets at the beginning of the year	**87.48**	76.22
2. Add/(Less) on account of Scheme of Arrangement/ Business Transfer		
3. Expenses Recognized in Profit and Loss Account		
- Expected return on plan assets	**6.16**	5.23
4. Recognized in Other Comprehensive Income		
Remeasurement gains / (losses)		
- Actual Return on plan assets in excess of the expected return	**0.23**	1.71
- Others (specify)		
5. Contributions by employer (including benefit payments recoverable)	**6.58**	6.18
6. Benefit payments	**(2.34)**	(1.86)
7. Fair value of plan assets at the end of the year	**98.11**	87.48
IV. The Major categories of plan assets		
- Plan assets by category		
With Insurer	**98.11**	87.48
	100%	100%
V. Actuarial assumptions		
1. Discount rate	**7.21%**	6.87%
2. Expected rate of return on plan assets	**7.21%**	6.87%
3. Attrition rate	**3.00%**	3.00%

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rupees in Lakhs

			Impact on defined benefit obligation	
Principal assumption		**Changes in assumption**	**Increase in assumption**	**Decrease in assumption**
Discount rate	**2022**	+/- 0.50%	**110.39**	**115.71**
	2021	+/- 0.50%	99.85	104.85
Salary growth rate	**2022**	+/- 0.50%	**115.81**	**110.26**
	2021	+/- 0.50%	104.94	99.75

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute Rs.6.00 Lakhs to the gratuity trusts during the next financial year of 2022.

Maturity profile of defined benefit obligation:

Rupees in Lakhs

	31-March-2022	31-March-2021
Within 1 year	**5.07**	4.43
1 - 2 year	**62.68**	59.69
2 - 3 year	**2.62**	2.17
3 - 4 year	**2.70**	2.23
4 - 5 year	**3.00**	2.30
5 - 10 years	**72.21**	63.36

The weighted average duration of the defined benefit obligation as at 31 March 2022 is 5.2 years (2021: 5.3 years)

VIII. Experience Adjustments :

Rupees in Lakhs

Note No. 28 - Financial Instruments

Capital management

The Company manages its capital risk in order to maximize shareholders' profit by maintaining optimal capital structure. There is no change in the overall capital risk management strategy of the Company compared to last year. The Company manages its funding requirements fully through internal accruals. Presently the credit facility limits are Rs.150 Lakhs and Rs.1000 Lakhs for fund and non fund based respectively. The company has not utilised fund based facility during the year 2021-22.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company enters into an agreement with each customer. The trade receivables are also reviewed by the Management regularly and necessary actions are taken in order to collect any amount outstanding from customers.

Allowance for credit loss receivables, amounts due from customers and carry forward as current assets and allowance towards credit impaired receivables have been provided based on expected credit loss estimates by the management, based on past experience and on specific case to case basis on credit impaired receivables, current portfolio of customers and economic conditions in the geographies from where the customer operates etc.

LIQUIDITY RISK

(i) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Borrowings	–	–		
Total	**669.12**	–	–	–

(iv) *Maturities of financial assets*

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rupees in Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets

Other Non Current Financial Assets		65.96	–	–
Other Current Financial Assets	18.38		–	–
TOTAL	**1,199.48**	**65.96**	–	–

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

CURRENCY RISK

The company is yet to formulate its risk mitigation policies and accordingly the Company has not hedged its exposures in foreign currencies

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period and remain unhedged are as follows.

Particulars	Currency	31-March-2022	31-March-2021
Trade Receivables	USD	**2.40**	4.76
	OMR	**0.07**	0.07
	Euro	**0.74**	0.74

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges. The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Currency	Change in rate	Effect on profit before tax
31-March-22	USD	+10%	0.24
	USD	-10%	(0.24)
	EUR	+9%	0.07
	EUR	-9%	(0.07)

Note No.32 - Contingent Liabilities

Income Tax dues - arising out of disallowance of expenses relating to financial year 2013-14 with tax impact of approximately Rs. 26.28 Lakhs - being contested by Company at Commissioner of Income tax (Appeals).

Note No. 33 - Other Notes

i. The Company did not have any other pending litigation which would impact its financial position - other than as disclosed in Note 33 above.

ii. The Company did not have any material foreseeable losses on long term contracts and the Company has not entered into any derivative contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The provisions of Section 135 of Companies Act, 2013 are not applicable to the Company in the current year.

v. Donations made to political parties - Rs. Nil (Previous year -Rs. Nil)

vi. No material events have occurred after the Balance Sheet date and up to the approval of the financial statements

vii. From December 2019, COVID - 19 has spread globally, including India, and various states are still reeling under the pressure of COVID-19. This event has significantly affected economic activity across the infrastructure and industrial sector, globally and in India. As a result, it has impacted the operations and financial results of the Company in the year Fy22 in terms of revenue. For Fy 22 financial reporting, the Company has used the principles of prudence in applying judgments, estimates and assumptions in significant areas like estimating the remaining useful life of the tangible assets, cost to complete provision for long term contracts, evaluating the long term contracts for any onerous elements, recoverability of receivables including unbilled receivables, provision for receivables, provision for warranties, the impact of cancellation or modifications to the terms of the revenue contracts, cancellation or deferment of revenue contracts, penalties due to non-fulfilment of service legal obligations, fair valuation of financial assets and liabilities etc. The Company has considered internal and external information up to the date of approval of these financial statements, and the Company expects to recover the carrying amount of these assets.

viii. The disclosure on the following matters required under Schedule III as amended not being relevant or applicable in case of the Company, same are not covered such as

a. The Company has not traded or invested in crypto currency or virtual currency during the financial year

b. There are no transaction which have not been recorded in the books.

c. No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

d. The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority

e. The Company has not entered into any scheme of arrangement

f. No Registration or satisfaction of charges are pending to be filed with ROC.

ix. (a) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) No funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

x. During the year, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate from The Federal Bank Limited including fund and non fund based faiclity, based on trade receivable and the company has been filing monthly statements filed by the company with such bank.

xi. The company has no transactions with companies struck off under the Companies Act.

xii. The figures for previous year have been regrouped wherever necessary to confirm to current year’s grouping

Note No. 34 - Approval of standalone financial statements

The financial statements were approved for issue by the Board of Directors on 29th April 2022.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF MAHINDRA HOLIDAYS & RESORTS INDIA LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Mahindra Holidays & Resorts India Limited (the "Company"), which comprise the standalone balance sheet as at March 31, 2022, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters'

I) Revenue from Contracts with Customers under Ind AS 115 **See note 35 and 51 to the standalone financial statements**	
The key audit matter	**How the matter was addressed in our audit**
The Company has a unique business model and its revenue comprises of numerous individual transactions and also multiple streams of revenue with its members. In accordance with Ind AS 115 (a) the membership fees and (b) incremental costs to obtain a contract with a customer, are recognized over the effective membership period. The application of the accounting standard on revenue recognition, involves certain judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations and the appropriateness of the basis used to recognize revenue over a period. Incremental costs are those that would not have been incurred if the contract was not obtained. The Company has applied significant judgement in identifying the expenses which can be treated as incremental cost of acquiring new members.	Our procedures included the following: - Evaluating the appropriateness of accounting policy in accordance with Ind AS 115 for membership contracts entered with customers. - Evaluating and testing the identification of expenses incurred by the Company, which can get classified as incremental costs of acquisition. - Evaluating the process followed by the Company and the data used for the purpose of identifying and determining the effective membership period after considering breakage i.e., customer's unexercised rights and comparing the basis with historical experience of utilization of memberships. - Evaluating the process followed by the Company and the data used for the purpose of deferral of revenue due to uncertainty of collection based on historical trends and considering factors impacting future collections. - Testing the processes and controls instituted for recognition of revenue and incremental costs of acquisition, over the effective membership period. Involving our IT specialists to test the controls in the IT system for recording revenue as per Ind AS 115. - Assessing the adequacy of the Company's disclosures in accordance with the requirements of Ind AS 115.

II) Contingent liabilities See note 42 to the standalone financial statements	
The key audit matter	**How the matter was addressed in our audit**
The Company has significant tax litigations for both direct and indirect taxes. There is a high level of judgement required in estimating the level of provisioning and appropriateness of disclosure of those litigations in the financial statements. The value of the litigations together with the level of judgement involved make it a significant matter for our audit.	Our audit procedures included the following: - Examining the list of outstanding litigation against the Company. - Inquiring and obtaining explanation for movement during the year. - Reading the latest correspondence between the Company and the regulatory authorities for significant matters. - Discussing the status of significant litigation with the Company's senior management personnel and assessing their responses. - Examining opinions obtained by the Company from external advisors. - Involving our tax specialists, and discussing with the Company's tax officers, their views and strategies on significant cases, as well as the related technical grounds relating to their conclusions based on applicable tax laws. - Assessing the decisions and rationale for provisions made or for decisions not to record provisions or make disclosures.

III) Leases in accordance with Ind AS 116 See note 5, 25, 29 and 52 to the standalone financial statements	
The key audit matter	**How the matter was addressed in our audit**
The Company has a large number of leasing arrangements. The application of the accounting standard on leases, involves certain judgements relating to determination of incremental borrowing rate, determination of leases to which Ind AS 116 applies and determination of lease period. During the current year, Company has also negotiated lease concessions with lessors based on mutually agreed terms.	Our audit procedures included the following: - Assessing and testing processes and controls in respect of Ind AS 116. - Assessing the Company's evaluation on the identification of leases based on the contractual agreements and our knowledge of the business. - Evaluating the reasonableness of Company's key judgements and estimates made in determining the amounts at which ROU assets and lease liabilities are accounted. - Assessing management's calculation on remeasurement of lease liabilities. - On a statistical sample, assessing the key terms and conditions of each lease with the underlying lease contracts, including lease rent concessions received. - On a statistical sample, evaluating computation of lease liabilities and assessing the key estimates such as, discount rates and the lease term. - Assessing the computation of lease incentives with the aforesaid lease rent concession terms agreed with lessors. - Assessing and testing the presentation and disclosures relating to Ind AS 116.

IV) Property, plant and equipment See note 4 to the standalone financial statements	
The key audit matter	**How the matter was addressed in our audit**
The Company has revalued freehold land and measured at fair value, based on periodic valuation done by an external independent valuer. Significant judgement is required by the valuer in determining the fair value of freehold land. Company owns many land parcels in different jurisdictions. The value of impact together with the level of judgement involved make it a significant matter for our audit.	Our audit procedures included the following: - Evaluating and testing the objectivity and competence of the management's external expert, involved in fair valuation of the land parcels. - Evaluating the valuation report received from the management's external valuation experts and assessing the work performed by them, including the valuation methodology followed along with key judgements made in determining the fair values. - Involving our internal valuation specialists to consider and evaluate the appropriateness of the valuation methodology applied. - Assessing the adequacy of the Company's disclosures in respect of the measurement of freehold land.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.

    d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

    e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

    f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

    a) The Company has disclosed the impact of pending litigations as at March 31, 2022 on its financial position in its standalone financial statements - Refer Note 42 to the standalone financial statements.

    b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

    c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

    d) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.

(iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material misstatement.

e) The Company has neither declared nor paid any dividend during the year.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT - MARCH 31, 2022

(Referred to in our report of even date)

i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (₹ in lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Property held since which date	Reason for not being held in the name of the Company. Also indicate if in dispute
Freehold land – Manali	1,243.05	Competent Hotels Private Limited - Manali	No	Merger date February 9, 2016 effective from April 1, 2015	Received on merger of the erstwhile Companies. Company has submitted relevant documents with necessary charges & fees and awaiting closure from the respective government authorities.
Freehold land - Jaisalmer	1,944.00	Divine Heritage Hotels Private Limited - Jaisalmer	No	Merger date February 29, 2016 effective from April 1, 2015	
Building – Manali	629.12	Competent Hotels Private Limited - Manali	No	Merger date February 9, 2016 effective from April 1, 2015	
Building - Jaisalmer	1,211.15	Divine Heritage Hotels Private Limited - Jaisalmer	No	Merger date February 29, 2016 effective from April 1, 2015	

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year except for all assets comprising 'Freehold Land' (see Note 4 in the standalone financial statements).

The aforesaid revaluation is based on the valuation performed by a Registered Valuer and the amount of net change was less than 10% in the aggregate of the net carrying value of freehold land as a class of Property, Plant and Equipment.

(e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investments in mutual funds during the year. The Company has also provided guarantee and has granted loans to Companies during the year, in respect of which the requisite information is as below. The Company has not provided security and advances in the nature of loans to Companies during the year. The Company has not provided any guarantee or security, granted any loans or advances in the nature of loans, secured or unsecured, to limited liability partnership or any other parties during the year.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has provided loans or provided guarantee as below:

(₹ in lakhs)

Particulars	Guarantees	Loans (including interest accrued)
Aggregate amount during the year		
Subsidiaries:		
– MH Boutique Hospitality Limited	Nil	985.81
– MHR Holdings (Mauritius) Limited	61,685.00	283.25
– Gables Promoters Private Limited	Nil	4,779.40
– Mahindra Hotels and Residences India Limited	Nil	19.31
– Heritage Bird (M) Sdn Bhd.	Nil	762.03
– Infinity Hospitality Group Company Limited	4,841.00	1,078.00
Balance outstanding as at balance sheet date	4,623.23	5,334.38
Subsidiaries:		
– MH Boutique Hospitality Limited	Nil	985.81
– MHR Holdings (Mauritius) Limited	83,739.50	283.25
– Gables Promoters Private Limited	Nil	4,779.40
– Mahindra Hotels and Residences India Limited	Nil	19.31
– Heritage Bird (M) Sdn Bhd.	Nil	719.08
– Infinity Hospitality Group Company Limited	Nil	1,025.37

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, the investments made during the year, the guarantees provided during the year and the terms and conditions of the grant of loans provided during the year are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated. These loans are renewed during the year on expiry of their prior agreed term. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, following instances of loans falling due during the year were renewed:

(₹ in lakhs)

Name of the parties	Aggregate amount dues (including interest accrued) renewed
Subsidiaries:	
– MH Boutique Hospitality Limited	985.81
– MHR Holdings (Mauritius) Limited	283.25
– Gables Promoters Private Limited	4,779.40
– Mahindra Hotels and Residences India Limited	19.31
– Heritage Bird (M) Sdn Bhd.	719.08
– Infinity Hospitality Group Company Limited	1,078.00
Total	7,864.85
Percentage of the aggregate to the total loans granted during the year	100%

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made and loans, guarantees and security given by the Company, in our opinion the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise and Sales tax during the year since effective July 1, 2017, these statutory dues have been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues have been generally regularly deposited by the Company with the appropriate authorities;

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the Statute	Nature of the Dues	Amount* (₹ in lakhs)	Period to which amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income tax, Interest and Penalty	31,251	AY 1999 to 2011	High Court
Income Tax Act, 1961	Income tax, Interest and Penalty	42,212	AY 2010 AY 2012 to 2016	ITAT
Income Tax Act, 1961	Income tax, Interest and Penalty	12,613	AY 2017	Commissioner of Income Tax-Appeals
Finance Act, 1994	Service Tax, Interest and Penalty	47,664	FY 2007 to 2016	Appellate Authorities
Tamil Nadu Luxury Tax Act	Luxury Tax	64	FY 2003 to 2006	Deputy Commissioner
		17	FY 2011 to 2012	Commissioner-Appeals

		3,270	FY 2010 to 2016	Appellate Commissioner
		1,706	FY 2012 to 2015	High Court
Uttarakhand Luxury Tax Act	Luxury Tax	34	FY 2013	Appellate Commissioner
Maharashtra Luxury Tax Act	Luxury Tax	42	FY 2013 to 2014	Commissioner of Commercial taxes
Rajasthan Luxury Tax Act	Luxury Tax	1,763	FY 2011 to 2017	High Court
Rajasthan Value Added Tax Act	Value Added Tax	15	FY 2015 to 2017	High Court
Kerala Value Added Tax Act	Value Added Tax	23	FY 2015 to 2017	Assistant Commissioner

* net of amounts paid under protest.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender. Further, the Company did not have any outstanding loans or borrowings from any lender during the year.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the standalone balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditor's) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) (a), (b) and (c) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non- cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) and (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) and 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has six CICs.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) and (b) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MAHINDRA HOLIDAYS & RESORTS INDIA LIMITED FOR THE YEAR ENDED MARCH 31, 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2 (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Holidays & Resorts India Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the standalone financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to the standalone financial statements may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1 Corporate Information

The Company was incorporated on September 20, 1996, and is in the business of selling vacation ownership and providing holiday facilities.

2(a) Significant accounting policies

(i) Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

(ii) Basis of preparation and presentation

The financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

All amounts have been rounded off to the nearest lakhs, unless stated otherwise.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

(iii) Revenue recognition

a. Revenue from sale of Vacation Ownership

The Company's business is to sell vacation ownership and provide holiday facilities to members for a specified period each year, over a number of years, for which membership fee is collected either in full upfront, or on a deferred payment basis.

Revenue from Membership fees

The Company recognises the membership fees over the tenure of membership as the performance obligation is fulfilled over the tenure of membership (33 years / 25 years / 10 years or any other tenure applicable to the respective member). The Company will recognise revenue on a straight line basis over the tenure of membership after considering the expected customer unexercised rights from date of admission of each member. The revenue which will be recognised in future periods are disclosed under other liabilities – contract liability - deferred revenue-vacation ownership. Revenue from consumer offers and other benefits provided on membership are recognized as and when such benefits are provided to members at its respective fair value.

Discounts and other incentives provided to the customer's are reduced from the overall contract value. Incremental costs of acquisition of the members are deferred over the period of effective membership in line with revenue deferral. Incremental costs are those that would not have been incurred if the contract was not obtained. Such cost which will be amortised in the future period are disclosed under deferred acquisition cost.

Revenue from Annual subscription fees

Annual subscription fee dues from members are recognized as income on accrual basis and fees pertaining to the period beyond the date of the Balance Sheet is grouped under Other liabilities - Deferred revenue – Annual subscription fee.

Interest income on deferred payment plans

Interest revenue is recognised only to the extent that a contract asset (or receivable) or a contract liability is recognised in accounting for a contract with the customer. Also refer accounting policy for financial instruments (note no. xv).

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the Company. Revenue with respect to instalments/contracts where there is an uncertainty about collectability, is deferred (even though the membership is not cancelled). The estimation of such revenues where there is uncertainity in collection has been made by the Company based on past trends of year-wise cancellation of memberships and considering factors impacting future collections.

b. Income from resorts include income from room rentals, food and beverages, etc. and is recognized when services are rendered.

(iv) Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the present value of future lease liability. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the period of lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rates in the country of domicile of these leases.

(v) Foreign currencies

The financial statements of the Company are presented in Indian Rupees (`), which is the Company's functional currency. In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Under previous GAAP, paragraph 46A of AS 11, The Effects of Changes in Foreign Exchange Rates, provided an accounting treatment to Companies with respect to exchange differences arising on restatement of long-term foreign currency monetary items. Exchange differences in respect of items other than those related to acquisition of depreciable assets, could be accumulated in a foreign currency monetary item translation difference account ('FCMITDR'), and amortised over the balance period of such long term monetary item. Ind AS provides an option to Company to continue the above accounting treatment in respect of long term foreign currency items recognised in the financial statements for the period ending immediately before the beginning of the first Ind As reporting period. The Company has elected this option.

(vi) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in the statement of profit or loss in the period in which they are incurred.

(vii) Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund, superannuation fund and employee state insurance scheme are considered as defined contribution plans and are recognized as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out by an independent actuary at the end of each reporting period. Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments; settlements);
- Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Curtailment gains and losses are accounted for as past service costs. Past service cost is recognized in profit or loss in the period of a plan amendment.

The obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflow expected to be made by the Company in respect of services provided by employees upto the reporting date.

(viii) Share based payment arrangements

Equity-settled share based payments to employees are measured at the fair value of the equity instruments at the grant date.

Details regarding the determination of the fair value of equity-settled share-based transactions are set out in Note 23.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognized in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to Share options outstanding account in Reserves & Surplus.

(ix) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred taxes are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on the tax rates and the tax laws enacted or substantively enacted as at the reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

(x) Property, plant and equipment (PPE)

Buildings held for use in the supply or production of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Freehold land is valued at Fair value based on valuations by external independent valuers at sufficient regularity.

Any revaluation surplus is recognised in other comprehensive income and accumulated in equity under revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss, in which case the increase is recognised in profit or loss. A revaluation deficit is recognised in profit or loss, except to the extent that it offsets an existing surplus on the same asset carried in the revaluation reserve.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

PPE in the course of construction for supply, production or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees, other directly attributable expenses and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Category of Asset	Estimated useful lives
Leasehold Building	Period of lease
Buildings (other than those mentioned below)	30 - 60 years
Floating cottages (grouped under buildings)	25 years
Plant & equipment	5 - 15 years
Furniture and Fixtures (other than those mentioned below)	5 - 10 years
Furniture and Fixtures (in Club Mahindra Holiday World)	3 years
Vehicles (other than those mentioned below)	8 years
Motor vehicles/other assets provided to employees	4/5 years
Office equipment	5 years

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

(xi) Intangible assets

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Category of Asset	Estimated useful lives
Computer Software and website development cost	3 years

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in statement of profit and loss when the asset is derecognized.

(xii) Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash- generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash- generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash- generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in statement of profit and loss.

(xiii) Inventories

Inventories are carried at the lower of cost and net realizable value. Costs of inventories are determined on moving weighted average basis. Cost includes the purchase price, non-refundable taxes and delivery handling cost. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(xiv) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(xv) Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

Interest income from other financial assets is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income from investments is recognized when the shareholder's right to receive payment has been established, provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(xvi) Financial assets

A financial asset is any asset that is:

(a) cash;

(b) an equity instrument of another entity;

(c) a contractual right:

(i) to receive cash or another financial asset from another entity; or

(ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the Company; or

(d) a contract that will or may be settled in the Company's own equity instruments and is:

(i) a non-derivative for which the Company is or may be obliged to receive a variable number of the entity's own equity instruments; or

(ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments.

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at "fair value through profit and loss (FVTPL)" on initial recognition):

the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments (except for debt instruments that are designated as at FVTPL on initial recognition) that meet the following conditions are subsequently measured at "fair value through other comprehensive income (FVTOCI)":

the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and

the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

Interest income is recognized in statement of profit and loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortized cost are recognized in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to statement of profit and loss.

A debt instrument that meets the amortised cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Debt instruments classified as FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in statement of profit and loss. The Company has not designated any debt instrument as at FVTPL.

Equity

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Equity instruments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in statement of profit and loss. The net gain or loss recognized in statement of profit and loss incorporates any dividend earned on the financial asset and is included under 'Other income'. Dividend on financial assets at FVTPL is recognized when the Company's right to receive the dividends is established and the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Investments in equity instruments of subsidiaries, joint ventures and associates are measured at cost.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, and other contractual rights to receive cash or other financial asset not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses considering the nature of industry and the deferred payment schemes operated.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in statement of profit and loss if such gain or loss would have otherwise been recognized in statement of profit and loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in statement of profit and loss if such gain or loss would have otherwise been recognized in statement of profit and loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

Foreign exchange gains and losses on financial assets

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognized in statement of profit and loss.

Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortized cost are recognized in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

(xvii) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

A financial liability is any liability that is:

(a) a contractual obligation :

- (i) to deliver cash or another financial asset to another entity; or
- (ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or

(b) a contract that will or may be settled in the Company's own equity instruments and is:

(i) a non-derivative for which the Company is or may be obliged to deliver a variable number of the Company's own equity instruments; or

(ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments. For this purpose, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the Company offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments. Apart from the aforesaid, the equity conversion option embedded in a convertible bond denominated in foreign currency to acquire a fixed number of the Company's own equity instruments is an equity instrument if the exercise price is fixed in any currency.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

a) it has been incurred principally for the purpose of repurchasing it in the near term; or

b) on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

c) it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

a) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

b) the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or

c) it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in statement of profit and loss. The net gain or loss recognized in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'Other income' / 'Other expenses' line item as appropriate.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit and loss are recognized in statement of profit and loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included under 'Finance costs'.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized.

Foreign exchange gains and losses on financial liabilities

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains are determined based on the amortised cost of the instruments and are recognized in "Other income" and losses are recognised in "Finance Cost" to the extent it is related to borrowings.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in statement of profit and loss.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in statement of profit and loss.

(xviii) Cash flow statements

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows from operating activities are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(xix) Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/ (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

(xx) Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

(xxi) Operating cycle

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2(b) Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described above, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below :

a. Share based payments

The entity initially measures the cost of equity settled transactions with employees using the Black Scholes model to determine the fair value of the options granted. Estimating the fair value of the share options granted require determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating the fair value for the share based payment transactions are disclosed in Note no. 23.

b. Defined benefit plans (gratuity)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Further details about the gratuity obligation are disclosed in Note no. 43.

c. Intangible assets under development

The Company capitalizes intangibles under development in accordance with the accounting policy. Initial capitalization of costs is based on management's judgement that technological and economic feasibility is confirmed.

d. Estimation towards revenue deferred due to uncertainity of collection

The quantum of revenue deferred due to uncertainity of collection is computed based on past trends of year-wise cancellation of memberships and considering factors impacting future collections.

e. Significant financing component

Given the nature of vacation ownership business, the Company has determined that membership fee does not include a significant financing component. Where the payment is received in installments, the Company charges appropriate interest to the members.

f. Customer unexercised rights

The Company considers the expected Customers unexercised rights, while determining the effective membership period over which the membership fee needs to be recognised. This customer unexercised right is computed based on past trend of utilisation of membership by the customer.

g. Litigation for taxation matters

The company is subject to tax litigation, the outcome of which is subject to many uncertainities inherent in litigation such as interpretation of legislation, outcome of appeals etc. Litigation provisions are reviewed at each accounting period and revisions made for the change in facts and circumstances.

h. Fair valuation of Freehold land

Freehold land is measured at Fair value based on valuations by external independent valuers using the market approach at sufficient regularity.

i. Leases

The Company makes an assessment on the expected lease term on a lease-by lease basis as per the contract period. Further, discount rate is based on the incremental borrowing rate of the company at the time of commencement of lease.

3 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

(i) Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

(ii) Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

(iii) Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Note No. 23 - Equity Share Capital

Particulars	As at March 31, 2022 No. of Shares	As at March 31, 2022 Amount	As at March 31, 2021 No. of Shares	As at March 31, 2021 Amount
Authorised:				
Equity shares of ₹ 10 each with voting rights	**300,000,000**	**30,000.00**	150,000,000	15,000.00
Issued, Subscribed and Fully Paid:				
Equity shares of ₹ 10 each with voting rights	**200,598,176**	**20,059.82**	133,553,784	13,355.38
Treasury Shares (par value)	**(750,060)**	**(75.01)**	(630,040)	(63.00)
	199,848,116	**19,984.81**	132,923,744	13,292.38

Treasury shares represents equity shares of ₹ 10/- each fully paid up, allotted to Mahindra Holidays & Resorts India Limited Employees' Stock Option Trust ('ESOP Trust') but not exercised by employees.

23 a) Terms/rights attached to equity shares:

i) The Company has only one class of shares referred to as equity shares having a par value of ₹ 10/-. Each holder of equity share is entitled to one vote per share.

ii) Repayment of capital will be in proportion to the number of equity shares held.

iii) The dividends proposed by the Board of Directors is subject to approval of the shareholders in the Annual General Meeting.

iv) With the adoption of new revenue recognition policy in accordance with Ind AS 115, the Company had to change its revenue recognition policy. Consequently, the Deferred Revenue and Deferred Costs had to be recomputed and that resulted in a Transition Difference. The Company is profitable and has healthy cash flows and has declared dividends every year since 2006. The Company is seeking a clarification from Ministry of Corporate Affairs (MCA) that this Transition Difference ought not to be considered for the purpose of calculation of dividend, under section 123(1) of the Companies Act, 2013. The declaration of dividend, if any shall be subject to clarification from MCA.

23 b) Shares in the Company held by Holding Company :

Name of shareholder	No. of shares	% held as at March 31, 2022	No. of shares	% held as at March 31, 2021
Mahindra & Mahindra Limited (Holding Company)	**134,835,922**	**67.22%**	89,890,615	67.31%

23 c) Shares in the Company held by Promoters :

Promoter name	Shares held by promoters at the end of the year Year ended	No. of Shares	% of Total Shares	% Change during the year
Mahindra & Mahindra Limited	**March ,31 2022**	**134,835,922**	**67.22%**	**-0.09%**
Mahindra & Mahindra Limited	March 31, 2021	89,890,615	67.31%	

23 d) Details of shares held by each shareholder holding more than 5% shares:

Name of shareholder	No. of shares	% held as at March 31, 2022	No. of shares	% held as at March 31, 2021
Mahindra & Mahindra Limited	**134,835,922**	**67.22%**	89,890,615	67.31%
HDFC Trustee Company Limited	**18,275,853**	**9.11%**	12,051,889	9.02%

23 e) The reconciliation of the number of shares outstanding as at March 31, 2022 and March 31, 2021 is set out below:-

Particulars	As at March 31, 2022 No. of Shares	As at March 31, 2022 In ₹ Lakhs	As at March 31, 2021 No. of Shares	As at March 31, 2021 In ₹ Lakhs
Number of shares at the beginning	**132,923,744**	**13,292.38**	132,923,744	13,292.38
Add: Bonus Shares issued during the year	**66,816,892**	**6,681.69**	–	–
Add: Shares issued on exercise of employee stock options	**391,875**	**39.18**	–	–
Less: Shares issued to ESOP Trust as Bonus Shares	**(284,395)**	**(28.44)**	–	–
Number of shares at the end	**199,848,116**	**19,984.81**	132,923,744	13,292.38

The Board of Directors at its meeting held on July 29, 2021 had approved issue of bonus shares in the proportion of 1:2, i.e. 1(one) bonus equity share of ₹ 10/- each for 2(two) fully paid up equity shares which was allotted on September 13, 2021 on approval being received in the shareholder's meeting.

All amounts are in ₹ Lakhs unless otherwise stated

23 f) i) Under the Employee Stock Option Scheme ("ESOS 2006") equity shares are allotted to the ESOP Trust set up by the Company. The ESOP Trust holds these shares for the benefit of the eligible employees/directors as defined under the scheme and transfers these shares to them as per the recommendation of the remuneration committee.

ii) The Company formulated the Employee Stock Option Scheme ("ESOS 2014"), under which the Company has the option to issue and allot the shares either directly to the eligible employees/directors or through the ESOP Trust. To the extent allotted, ESOP Trust would hold these shares for the benefit of the eligible Employees/Directors as defined under the scheme and would transfer the shares to them as per the recommendation of the remuneration committee.

iii) The Company formulated the Employee Stock Option Scheme ("ESOS 2020"), under which the Company has the option to issue and allot the shares directly to the eligible employees/directors as per the recommendation of the remuneration committee.

iv) The details of the Employees' Stock Option Schemes are as under:

Type of Arrangement	ESOS 2006 - Equity settled option plan administered through Employee Stock Option Trust.
	ESOS 2014 - Equity settled option plan issued directly/administered through Employee Stock Option Trust.
	ESOS 2020 - Equity settled option plan issued directly
Method of Settlement	By issue of shares at Exercise Price.

Transition Difference	**(140,272.59)**	(140,272.59)
	36,454.53	20,178.64

Notes :

a) **General reserve**: The general reserve is used from time to time to transfer net profits from retained earnings for appropriation purposes.

b) **Securities Premium**: Securities premium is credited when shares are issued at premium. It is utilised in accordance with the provisions of the Act, to issue bonus shares, write-off equity related expenses like share issue expenses, etc.

c) **Share Option Outstanding Account**: The Company has share option schemes under which options to subscribe the shares of the Company have been granted to certain eligible employees. The share-based payment reserve is used to recognise the value of equity-settled share-based payments provided to employees, including key management personnel, as part of their remuneration.

d) **Capital Reserve**: Capital Reserves are mainly the reserves created during business combination for the gain on bargain purchase and common control mergers. It is not available for distribution as dividend.

e) **Capital Redemption Reserve**: The capital redemption reserve is used towards issue of fully paid bonus shares of the Company.

f) **Revaluation Reserve**: The revaluation reserve is credited on account of revaluation of freehold land. It is not available for distribution as dividend.

g) **Transition Difference**: The Cumulative effect of applying Ind AS 115 Revenue from Contract with Customers, Ind AS 116 Leases and change in income tax rate resulting in re-measurement of accumulated deferred tax balances on the effect of applying Ind AS 115 and Ind AS 116 is recognised as an adjustment to other equity, by separately disclosing it in Transition Difference. Subsequent impact of unwinding of transition adjustments of Ind AS 115 and Ind AS 116 is included in retained earnings.

Note No. 40 - Current Tax and Deferred Tax

(a) Income Tax recognised in profit or loss

Particulars	2022	2021
Current Tax:		
In respect of current year	**2,665.76**	–
Deferred Tax:		
In respect of current year origination and reversal of temporary differences	**2,556.35**	4,370.00
Total income tax expense	**5,222.11**	4,370.00

The Special Bench of the Income Tax Appellate Tribunal (ITAT) has, after considering the relevant facts pertaining to the Company, by its order dated May 26, 2010 upheld the contention of the Company that in the Company's case 60% of the membership fees should be considered chargeable to tax in the year of enrolment of a member whereas the balance 40% should be charged on pro rata basis over the period of membership. The Department's appeal against the said order is pending before Madras High Court. Consequently, the Company has continued to provide for income tax by computing income by applying the order of the ITAT.

The Company has been advised that after the introduction of Section 43CB with effect from April 1, 2017 the revenue from membership fees is chargeable as per ICDS IV. The Company is further advised that as per the said ICDS the revenue from membership fees is chargeable to tax by spreading the entire fees over the membership period. The Company has, accordingly, filed its Return of Income from Assessment Year 2017-18 as per ICDS and proposes to make a similar claim in the Return of Income for the Financial Year 2021-22. However in the books of accounts, the Company has continued to make its provision for tax on the basis of the order of the ITAT. If the tax liability is computed applying ICDS IV the liability for current tax will be significantly lower.

(b) Income tax recognised in other Comprehensive income

Particulars	2022	2021
Current/Deferred Tax		
Remeasurement of defined benefit obligations and freehold land revaluation	**(1,748.98)**	3,171.31
	(1,748.98)	3,171.31
Classification of income tax recognised in other comprehensive income		
Income taxes related to items that will not be reclassified to profit or loss	**1,748.98**	(3,171.31)
	1,748.98	(3,171.31)

(c) Reconciliation of income tax expense and the accounting profit multiplied by Company's domestic tax rate:

Particulars	2022	2021
Profit before tax	**20,352.57**	16,946.49
Income tax expense calculated at 25.168%	**5,122.33**	4,265.09
Income taxed at different rate	**(53.95)**	–
Effect of expenses that is non-deductible in determining taxable profit	**153.73**	104.91
Income tax expense recognised in statement of profit and loss	**5,222.11**	4,370.00

The tax rate used for the March 31, 2022 and March 31, 2021 reconciliations above is at the corporate tax rate plus surcharges and cess at applicable rate of 25.168% payable by company on taxable profits under Indian Income Tax Laws.

Pursuant to the amendment in Finance Act 2021, during the previous year, the company has changed the estimation relating to availment of indexation benefits under Section 48 of Income Tax Act, 1961. The impact of such change in estimate on the deferred tax liability has been given in the other comprehensive income amounting to ₹ 3,166.26 Lakhs.

Note No. 41 - Earnings per Share

Basic earnings per share

Particulars	**2022**	2021
Profit for the year after tax	**15,130.46**	12,576.49
Weighted average number of equity shares (in lakhs)	**1,996.44**	1,994.56
Earnings per share - Basic (in ₹)	**7.58**	6.31*

Diluted earnings per share

Particulars	**2022**	2021
Profit for the year after tax	**15,130.46**	12,576.49
Weighted average number of equity shares (in lakhs)	**2,004.71**	1,995.52
Earnings per share - Diluted	**7.55**	6.30*

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of ordinary shares used in the calculation of basic earnings per share as follows:

Particulars	**2022**	2021
Weighted average number of equity shares used in the calculation of Basic EPS (in lakhs)	**1,996.44**	1,994.56
Add: Effect of ESOPs (in lakhs)	**8.27**	0.96
Weighted average number of equity shares used in the calculation of Diluted EPS (in lakhs)	**2,004.71**	1,995.52

* The earnings per share has been adjusted on account of issuance of bonus equity shares

Note No. 42 - Contingent liabilities and commitments

Contingent liabilities (to the extent not provided for)

Particulars	**2022**	2021
(a) Income Tax matters:		
Claims against the Company not acknowledged as debt (for matters disputed by the Company)		
pertaining to Revenue Recognition (timing difference *) pending before the CIT(A)/ITAT (Company appeal)	**53,711.17**	52,652.65
interest included in the above till the date of order	**14,124.67**	13,584.11
pertaining to other matters (mainly timing differences *), pending before the CIT(A)/ITAT (Company appeal)	**6,778.79**	5,153.63
interest included in the above till the date of order	**1,419.92**	1,086.96
Matters decided in favour of the Company, (but under appeal by the Department)		
pertaining to Revenue Recognition (timing difference *) pending before the Madras High Court (Department appeal) excluding interest	**27,140.61**	27,140.61
(b) Service Tax matters:		
(i) Service tax demand on the enrollment of member as against service tax paid on receipt basis (timing differences *) (inclusive of penalty where quantified in demand)	**43,105.47**	–
(ii) Other items (inclusive of penalty where quantified in demand)	**3,468.63**	3,080.32
(c) Luxury Tax matters:		
In respect of certain States, the Company has received demands for payment of luxury tax for member stay at resorts as summarised below:		
Demands raised (inclusive of penalty)	**6,895.37**	6,895.37

The Company has challenged the above demands before various appellate authorities / High Court, the outcome of which is pending. For all such matters, the Company has made cumulative provisions for ₹ 698.72 lakhs (Previous year ₹ 698.72 lakhs) on a best estimate basis.

* For matters pertaining to timing differences, if liability were to crystallise, there would be future tax benefits, except to the extent of tax rate differences and interest, if any.

All amounts are in ₹ Lakhs unless otherwise stated

Notes:

1) The above amounts are based on demands raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of these claims would depend on the outcome of the decision of the appellate authorities and the Company's rights for future appeals. No reimbursements are expected.

2) The Company had received show cause notices from service tax authorities of ₹ 21,991.33 lakhs. The detailed reply to the SCN was submitted by the Company and the said matter were also reported in prior financial statements. During the year, the Company has received an Order in Original from the Principal Commissioner of CGST and Central Exercise confirming the demand amounting to ₹ 43,105.47 lakhs including interest and penalty and the same has been disclosed as Contingent liability in above table.

   The Company filed rectification application against the said order before Principal Commissioner on 18th Jan 22 for rectification of mistake apparent from the record as department has incorrectly interpreted the financial statement to determine service tax demand. However Principal Commissioner rejected rectification application on 7th Feb 22 without giving any opportunity for personal hearing. Thereafter Company filed Writ Application before Madras High Court on 22nd Feb 22 against rejection of rectification application order. The Madras High Court has admitted Writ Appeal on March 17 2022 and same is pending for disposal. Company is confident that no payment is expected to be made for this matter.

3) The Company has accounted for service tax receivable of ₹ 752.27 lakhs (Previous year ₹ 728.36 lakhs) in relation to the service tax paid on ASF and Membership fee invoices for contracts which have been cancelled post GST implementation. The Company has received an unfavorable order against the refund claim and has filed an appeal against the order.

Particulars	**2022**	2021
(d) Guarantees given for its subsidaries:		
Amount of guarantees given (Euro)	**991.00**	778.70
Outstanding amount against guarantees (Euro)	**838.98**	750.64
Amount of guarantees given (THB)	**–**	2,060.00
Outstanding amount against guarantees (THB)	**–**	1,780.00
Amount of guarantees given (₹)	**83,739.50**	71,910.43
Outstanding amount against guarantees (₹)	**70,892.97**	68,835.25

(e) Other matters under appeal (Property related):

(i) The Government of Kerala through the Sub Collector, District of Devikulam issued an Order dated July 3, 2007 cancelling the assignment of land underlying the Munnar resort and directed repossession of land on the ground that it is agricultural land and cannot be used for commercial purposes. The Company had filed an appeal before the Commissioner of Land Revenue, Trivandrum against the said Order stating that the Patta issued does not specify that the land should be used only for agricultural purpose. The Commissioner of Land Revenue, Trivandrum vide his Order dated November 22, 2007 dismissed the appeal filed by the Company and cancelled the assignment of land underlying the Munnar Resort (Total Gross Value ₹ 605.12 Lakhs) and further directed repossession of land on the ground that it is agricultural land and cannot be used for commercial purposes. The Company had filed a writ petition before the Kerala High Court against the said Order. The writ Petition has been disposed of by an Order dated May 21, 2019. Against the said Order, the company has filed a Writ Appeal and by an order dated June 19, 2019, the Court granted an interim stay of all further proceedings. The matter is pending.

(ii) With respect to certain claims of neighbouring property owners, the Company filed a suit in the Civil Court, Pune seeking inter-alia permanent injunction against them disturbing the possession of the Company's resort property at Lonavala, Maharashtra and obtained an interim stay. In another development, notwithstanding these proceedings, the neighbouring property owner obtained an order from the local Mamlatdar's Court for alleged access to his property through the resort property. The Company obtained a stay against the said order of the Mamlatdar. All matters with respect to the neighbouring property owner are currently pending before the Civil Court, Pune. Further, on account of the cancellation of the Non-Agricultural land conversion order by the Collector, Pune on the basis of complaint made by the said neighbouring owner and subsequently confirmed by the Additional Divisional Commissioner, Pune, the Company has also filed another Civil Suit at Civil Court, Pune against State of Maharashtra and Others, inter alia, seeking declaration that the proceedings and Orders in respect of cancellation of the NA status of the land underlying the resort property at Lonavala (Total Gross Value ₹ 1,545.01 Lakhs) are not enforceable and also sought other reliefs. Ad-interim stay has been granted against State of Maharashtra and the Collector, Pune not to give effect to the Orders of NA cancellation and the matter is pending for further hearing.

(f) Other matters:

The Company engaged a building contractor for construction of a resort. As the construction did not proceed as per agreed timelines the Company terminated the contract. The contractor has claimed ₹ 1,256.15 lakhs as damages for termination of the Contract. The Company has made a counter claim of ₹ 2,003.56 lakhs towards liquidated damages and other losses. The matter has been heard by the Arbitrator and is reserved for Orders.

(g) With respect to member complaints pending before various consumer forum and other matters:

Estimated amount of claims ₹ 579.39 lakhs (As at March 31, 2021: ₹ 489.85 lakhs). In addition, there are claims by some members seeking certain reliefs which are not agreed by the company, the financial impact of these claims are currently not ascertainable and hence not captured in above.

(h) Capital commitment:

Particulars	**2022**	2021
Estimated amount of contracts remaining to be executed on Property, Plant & Equipment and not provided for (net of advances)	**3,605.47**	4,236.93

(i) Employees' Provident Funds and Miscellaneous Provisions Act, 1952:

In February 2019, the Supreme Court of India in its judgement clarified the applicability of allowances that should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligation for past periods. Accordingly, based on legal advice the Company had made a provision for provident fund contribution from the date of the Supreme Court order.

Note No. 43 - Employee benefits

(a) Defined Contribution Plan:

The Company's contribution to Provident Fund and Superannuation Fund aggregating ₹ 1,312.77 lakhs (2021: ₹ 1,148.73 lakhs) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

All amounts are in ₹ Lakhs unless otherwise stated

(b) Defined Benefit Plans (Gratuity):

The Company has a funded Gratuity Scheme for its employees and gratuity liability has been provided based on the actuarial valuation done at the year end. The Gratuity scheme of the Company is funded with the Life Insurance Corporation of India.

Defined benefit plans – as per actuarial valuation on March 31, 2022 and March 31, 2021:

Particulars	Funded Plan Gratuity 2022	2021
Ia. Expense recognised in the Statement of Profit and Loss for the year ended 31st March:		
Current service cost	**184.23**	164.62
Net Interest cost	**12.07**	3.97
Components of defined benefit costs recognised in profit & loss	**196.30**	168.59
Ib. Included in other Comprehensive Income:		
Difference between actual and expected return on plan assets	**1.17**	14.52
Actuarial (Gain)/Loss on account of :		
Demographic Assumptions	**(10.49)**	6.04
Financial Assumptions	**8.62**	14.03
Experience Adjustments	**71.28**	(14.51)
Components of defined benefit costs recognised in other comprehensive income	**70.58**	20.08
I. Net Liability recognised in the Balance Sheet as at 31st March:		
Present value of defined benefit obligation as at 31st March	**1,213.55**	1,020.04
Fair value of plan assets as at 31st March	**992.42**	763.03
Deficit	**(221.13)**	(257.01)
II. Change in the obligation during the year ended 31st March:		
Present value of defined benefit obligation at the beginning of the year	**1,020.04**	882.21
Expenses Recognised in the Statement of Profit and Loss		
– Current Service Cost	**184.23**	164.62
– Interest Expense	**47.91**	45.40
Recognised in Other Comprehensive Income		
Actuarial Gain/(Loss) arising from:		
Change in Demographic Assumptions	**(10.49)**	6.04
Financial Assumptions	**8.62**	14.03
Experience Adjustments	**71.28**	(14.51)
Benefit payments	**(108.04)**	(77.75)
Present value of defined benefit obligation at the end of the year	**1,213.55**	1,020.04
III. Change in fair value of assets during the year ended 31st March:		
Fair value of plan assets at the beginning of the year	**763.03**	805.03
Expenses Recognised in the Statement of Profit and Loss		
Expected return on plan assets	**35.84**	41.41

Particulars	Funded Plan Gratuity 2022	2021
Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
Difference between actual and expected return on plan assets	**(1.17)**	(14.52)
Contributions by employer (including benefit payments recoverable)	**302.76**	8.86
Benefit payments	**(108.04)**	(77.75)
Fair value of plan assets at the end of the year	**992.42**	763.03
IV. Major categories of plan assets:		
Deposits with Insurance companies	**992.42**	763.03

The significant actuarial assumptions (estimated for adequate coverage of the obligation on a prudent basis), are as under:

Particulars	Valuation as at 2022	2021
Discount rate(s)	**5.00%**	4.70%
Expected rate(s) of salary increase	**5.50%**	5.00%
Expected rate of return on plan assets	**5.00%**	4.70%
Attrition	**18%-68%**	17%-56%
Mortality table	**IALM 2012-14**	IALM 2012-14

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption	Financial Year	Changes in assumption	Impact on defined benefit obligation: Decrease in assumption	Increase in assumption
Discount rate	**2021-2022**	**0.50%**	20.17	(20.89)
	2020-2021	0.50%	19.05	(19.76)
Salary growth rate	**2021-2022**	**0.50%**	(20.89)	20.17
	2020-2021	0.50%	(19.61)	19.09
Attrition rate	**2021-2022**	**0.50%**	43.58	(63.89)
	2020-2021	0.50%	47.06	(66.99)
Mortality rate	**2021-2022**	**0.50%**	(0.01)	0.01
	2020-2021	0.50%	(0.02)	0.02

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute ₹ 368.90 lakhs (Previous Year 409.79 lakhs) to the gratuity trust during the next financial year of 2022-23.

All amounts are in ₹ Lakhs unless otherwise stated

V. Maturity profile of defined benefit obligation:

Particulars	2022	2021
Within 1 year	**379.12**	243.11
1 - 2 year	**260.24**	219.93
2 - 3 year	**189.73**	177.90
3 - 4 year	**143.79**	133.71
4 - 5 year	**109.01**	99.46
> 5 years	**275.25**	258.59

Plan Assets.

The fair value of Company's pension plan asset as of March 31, 2022 and March 31, 2021 by category are as follows:

Particulars	2022	2021
Asset category:		
Contributions placed with Insurance companies	**992.42**	763.03
	100%	100%

The weighted average duration of the defined benefit obligation as at March 31, 2022 is 3 years (2021: 3 years)

VI. Experience Adjustments:

	Year Ended				
	2022	2021	2020	2019	2018
Particulars			**Gratuity**		
Defined Benefit Obligation	**1,213.55**	1,020.04	882.21	723.74	626.49
Fair value of plan assets	**992.42**	763.03	805.03	626.02	543.88
Surplus/(Deficit)	**(221.13)**	(257.01)	(77.18)	(97.72)	(82.61)
Experience adjustment on plan liabilities [(Gain)/Loss]	**69.41**	5.56	(66.21)	(8.50)	(77.78)
Experience adjustment on plan assets [Gain/ (Loss)]	**(1.17)**	(14.52)	(6.77)	(4.83)	(31.66)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(c) Defined Benefit Plans (Compensated absences)

The amount recognized as an expense in respect of compensated absences is ₹ 356.57 lakhs (Previous Year: ₹ 184.71 lakhs).

Note No. 44 - Financial Instruments

Capital management

The Company's key objective in managing its financial structure is to maximize value for shareholders, reduce cost of capital, while at the same time ensuring that the Company has the financial flexibility required to continue its expansion. The Company manages its financial structure majorly through internal accruals and makes any necessary adjustments in light of prevailing economic conditions. In this context, the capital structure of the Company consists only of equity and lease liability is not considered as debt. Equity comprises issued share capital, reserves and retained earnings as set out in the statement of changes in equity.

Financial Risk Management Framework

The Company has a robust business risk management process to identify, evaluate and mitigate risks impacting business of the Company. This framework seeks to create transparency, minimise adverse impact on the business objectives and enhance the Company's competitive advantage. This also defines the risk management approach across the enterprise at various levels including documentation and reporting. Risk management forms an integral part of the Company's Business Plan. The Company has adequate internal processes to assess, monitor and manage financial risks. These risks include credit risk, liquidity risk and market risk.

Risk	Exposure primarily from	Measurement	Management
Credit risk	Trade receivables	Ageing analysis, Credit assessment	Assessment of customer credit worthiness at inception and through the credit period
Liquidity risk	Capital commitments	Cash flow forecast	Availability of committed credit lines and borrowing facilities

(i) Credit risk management

A significant portion of the Company's sales of Vacation Ownerships are by way of deferred payment schemes where the customer is obligated to pay the membership fee in Equated Monthly Instalments (EMIs) and the ensuing credit risk is managed by the Company in the following manner:

(a) preliminary assessment of customer credit worthiness, ensuring realisation of minimum down payment and adherence to internal KYC norms;

(b) collecting post dated instruments such as cheques, Automated Clearing House (ACH) mandates, standing credit card instructions from the customers at inception to ensure security cover.

From an accounting perspective, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Company. The member is not allowed to use the benefits of membership untill the overdue amount is regularised or fully paid in that relevant period. The Company also assesses lifetime expected credit loss by using appropriate models, as prescribed by Ind AS 109, using past trends of collections and historical credit loss experience. The categorisation of the receivables into its ageing buckets for the purposes of estimating the expected loss allowance has been profiled based on the longest overdue of that member, for example, if a member has one instalment overdue for say 12 months, the entire receivable of the member is aggregated into that ageing bucket and the credit loss allowance is determined after taking into account the credits against the member under "Contract liability- Deferred Revenue - Vacation ownership fee" (refer note 29 and note 34).

The allowances for credit loss and for revenue deferred at inception referred to above, carried at the end of every reporting period, are tested for adequacy and appropriately dealt with.

The credit loss allowance carried by the Company is as under:

Particulars	2022	2021
Carrying value of receivables (refer note no. 8 and 16)*	**112,816.81**	120,479.19
Credit loss allowance	**–**	–
Loss allowance (%)	**0.00%**	0.00%

* Given that the Company is deferring recognition of revenue at inception, as explained above the risk of credit loss is reduced and the member is allowed to avail the benefits of membership only when all the overdue amount is regularised or fully paid in that relevant period. The amounts deferred at inception are adjusted from the carrying value of receivables (refer note 8 and 16) in the same proportion, except in cases where the allowance is directly attributable to a particular contract.

Reconciliation of credit loss allowance adjusted from Trade Receivables

(ii) Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities (predominantly trade payables, retention payables, etc) with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	**Less than 1 Year**	**1-3 Years**	**3-5 Years**	**5 years and above**
Non-derivative financial liabilities as at March 31, 2022				
Trade Payables	**21,772.98**	–	–	–
Lease Liabilities	**6,560.54**	**9,858.45**	**6,751.82**	**19,304.85**
Other Financial Liabilities	**9,443.72**	**850.69**	–	–
Financial guarantee contracts	**70,892.97**	–	–	–
Total	**108,670.21**	**10,709.14**	**6,751.82**	**19,304.85**

Particulars	**Less than 1 Year**	**1-3 Years**	**3-5 Years**	**5 years and above**
Non-derivative financial liabilities as at March 31, 2021				
Trade Payables	19,496.55	–	–	–
Lease Liabilities	5,812.07	7,100.17	4,452.02	2,774.98
Other Financial Liabilities	9,396.56	787.16	–	–
Financial guarantee contracts	68,835.25	–	–	–
Total	103,540.43	7,887.33	4,452.02	2,774.98

The Company has provided financial guarantees to its wholly owned subsidiaries. The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely that such an amount will not be payable under the arrangement.

Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	**2022**	2021
Cash credit		
– Expiring within one year	**10,500**	6,000
	10,500	6,000

During the year, for borrowings from banks on the basis of security of current assets, quarterly returns or quarterly statements of current assets filed by the Company with banks are in agreement with the books of account.

(iii) Market risk management

The Company's market risk comprises solely of its foreign currency exposure which are limited and not material to the size of its operations.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's investing activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows. :

in ₹ Lakhs

Particulars	**Currency**	**2022**	2021
Receivables	**MYR**	**719.20**	732.94
	EUR	**2,487.64**	2,109.69
	AED	**301.64**	220.45
	THB	**2,058.99**	1,079.46
	USD	**–**	5.48
	SGD	**–**	65.52

in ₹ Lakhs

Particulars	**Currency**	**2022**	2021
Payables	**USD**	**0.81**	–
	MYR	**21.63**	42.34
	GBP	**2.60**	–
	SGD	**0.75**	–
	AED	**261.56**	513.70
	THB	**33.54**	34.73

Of the above foreign currency exposures, none of the exposures are hedged by a derivative. These foreign currency exposures are denominated in currencies that are not very volatile. Hence, the Company is not exposed to major currency risks.

Foreign Currency Sensitivity

The Company is exposed to the following currency risks - USD, AED, THB, MYR, GBP, SGD and EUR - and the following table demonstrates the sensitivity.

In ₹ Lakhs

Particulars	**Currency**	**Change in rate**	**Impact on profit before tax**
March 31, 2022	**USD**	**10%**	**(0.08)**

Note No. 51 - Revenue from contract with customers

a) Disaggregation of revenue from contracts with customers

The Company derives revenue from the sale of vacation ownership and provide holiday facilities to members over time and at a point in time as under :

Particulars	2022	2021
Revenue from contracts with customers		
Over time (A)		
Vacation Ownership Income	**39,337.57**	34,507.16
Annual subscription fee	**30,787.93**	29,303.94
Total (A)	**70,125.50**	63,811.10
At a point in time (B)		
Income From resorts:		
Room rentals	**2,773.88**	1,804.62
Food and beverages	**12,889.05**	7,070.18
Wine and liquor	**379.02**	201.12
Others	**3,228.76**	1,361.64
Total (B)	**19,270.71**	10,437.56
Total Revenue from contract with customers (A + B)	**89,396.21**	74,248.66

b) Movement of Deferred Acquisition Cost and Deferred Contract Liability

1. Movement of Deferred Acquisition Cost:

Particulars	2022	2021
Opening Balance	**70,381.00**	71,347.86
i) Additions during the year (Net)	**7,082.80**	3,905.16
ii) Amortised during the year	**(5,121.46)**	(4,872.02)
Closing Balance	**72,342.34**	70,381.00

The deferred acquisition cost relates to incremental costs of acquisition of the member that are deferred over the period of effective membership. Incremental costs are those that would not have been incurred if the contract was not obtained.

2. Movement of Deferred Contract Liability:

Particulars	March 31, 2022		
	Vacation Ownership	**Annual Subscrip-tion Fee**	**Total**
Opening Balance	**492,933.15**	**15,193.49**	**508,126.64**
i) Addition during the year (Net)	**38,770.01**	**31,503.33**	**70,273.34**
ii) Income recognised during the year	**(39,337.57)**	**(30,787.93)**	**(70,125.50)**
Closing Balance	**492,365.59**	**15,908.89**	**508,274.48**

Particulars	March 31, 2021		
	Vacation Ownership	Annual Subscrip-tion Fee	Total
Opening Balance	537,137.48	14,736.18	551,873.66
i) Addition during the year (Net)	(9,697.17)	29,761.25	20,064.08
ii) Income recognised during the year	(34,507.16)	(29,303.94)	(63,811.10)
Closing Balance	492,933.15	15,193.49	508,126.64

The deferred contract liability relates to the consideration received/receivable from customers, for which services will be provided over the effective membership period and revenue is recognised over that period.

c) Obligations for returns, refunds and other similar obligations:

Particulars	2022	2021
Return, refunds and other similar obligations	**52.18**	83.38
Total	**52.18**	83.38

The above obligation is only to the extent of revenue recognised, this does not include the obligation on refundable entitlement fees.

All amounts are in ₹ Lakhs unless otherwise stated

d) **Revenue expected to be recognised in the future from Deferred Contract Liability:**

Time Band	2022	2021
< 1 Year - Vacation Ownership	**41,560.15**	38,180.36
< 1 Year - ASF	**15,908.89**	15,193.49
1 - 2 Year	**40,186.15**	37,669.87
2 - 3 Year	**38,388.33**	36,312.86
3 - 4 Year	**36,919.82**	35,313.16
4 - 5 Year	**36,319.03**	34,922.32
5-10 Year	**157,878.58**	157,186.75
> 10 year	**141,113.53**	153,347.83
Total	**508,274.48**	508,126.64

The deferred contract liability broken year wise shows summary of Vacation Ownership and Annual subscription fee recognisible over the time. Annual subscription fee being the annual fees chargeable to the member every year over the life of contract.

e) **Reconciliation of revenue from contract with customer:**

Particulars	2022	2021
Revenue from contract with customer as per the contract price	**97,396.57**	77,937.77
Adjustments made to contract price on account of :-		
Discounts / Rebates / Incentives	**(8,000.36)**	(3,689.11)
Revenue from contract with customer as per the statement of Profit and Loss	**89,396.21**	74,248.66

All amounts are in ₹ Lakhs unless otherwise stated

Note No. 53 - Estimation uncertainty relating to COVID-19 outbreak

The Company has considered internal and external sources of information, economic forecasts and industry reports, up to the date of approval of the financial statements, in determining the impact of COVID 19 pandemic on various elements of its business operations and financial statements. The Company has used the principles of prudence in applying judgements, estimates and assumptions and based on the current estimates, the Company expects to recover the carrying amount of its current and non current assets. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of review of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

Note No. 54 - Transactions with Struck off Companies

Name of the Struck off Company	**Nature of Transactions with struck off Company**	**Balance outstanding as at 31 March 22**	Balance outstanding as at 31 March 21
A4M Trading Private Limited	Trade Payables	–	0.06
GNG Staffing Private Limited	Security Deposit given	–	0.20

Note No. 55 - Reporting under Rule 11(d) of the Companies (Audit and Auditor's) Rules, 2014

No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Note No. 56

INDEPENDENT AUDITOR'S REPORT

To the Members of
MAHINDRA HOTELS AND RESIDENCES INDIA LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Hotels and Residences India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) The Company has not paid / provided for managerial remuneration for the year ended March 31, 2022.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which will impact its financial positions.

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared/ paid/ declared and paid any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Hotels and Residences India Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

[Referred to in Clause 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

i. According to the information and explanations given to us, the Company does not have property, plant and equipment and intangible asset. Accordingly, the reporting under Clauses 3(i)(a) to 3(i)(e) of the Order is not applicable to the Company.

   (f) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) According to the information and explanations given to us, the Company does not have inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as at March 31, 2022, which have not deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

   (b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) According to the information and explanation given to us, the Company has not obtained any term loan during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanation given to us, the Company has not raised funds on short term basis during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

   (e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under Clauses 3(ix)(f) and 3(ix)(e) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an audit system as per the provisions of the act. Accordingly, the reporting under Clauses 3(xiv)(a) and 3(xiv)(b) of the Order is not applicable to the company.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the edit procedures performed by us, we report that the Group has 6 Core investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 2,05,444 during the current financial year and Rs. 1,64,560 in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, company is not liable to adhere compliance under section 135 of the Companies Act,2013.Accordingly, the reporting Clause 3(xx) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Corporate Information

The Company was incorporated on April 26, 2007 and has not yet commenced commercial operations.

1 Significant accounting policies

(i) Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

Up to the year ended March 31, 2016, the Company prepared its financial statements in accordance with the requirements of Generally Accepted Accounting Principles in India (previous GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006.

(ii) Basis of preparation and presentation

The financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

(iii) Revenue recognition

The Company had not commenced commercial operations during the year ended March 31, 2022.

(iv) Taxation

Since the Company did not have any commercial operations during the year, the question of income tax / deferred tax does not arise.

(v) Property, plant and equipment

There were no fixed assets in the Company during the year ended March 31, 2022.

(vi) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(vii) Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Classification of financial assets

Debt

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

A debt instrument that meets the amortized cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

Debt instruments classified as FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The Company has not designated any debt instrument as at FVTPL.

Equity

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

De-recognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included under 'Finance costs'.

De-recognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

(viii) Cash flow statements

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit before extra-ordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(ix) Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

REPORT ON AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

TO THE MEMBERS OF GABLES PROMOTERS PRIVATE LIMITED

Opinion

We have audited the accompanying Financial Statements of Gables Promoters Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:-

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

(g) The Company has not paid / provided for managerial remuneration for the year ended March 31, 2022.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which will impact its financial positions.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared/ paid/ declared and paid any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE IND AS FINANCIAL STATEMENTS OF GABLES PROMOTERS PRIVATE LIMITED

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Gables Promoters Private Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in Clause 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(a) (B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment or intangible assets during the year except for assets comprising 'Freehold Land'.

The aforesaid revaluation is based on the valuation performed by a Registered Valuer and the amount of net change was less than 10% in the aggregate of the net carrying value of land as a class of Property, Plant and Equipment.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) The company has taken a Term Loan loans amounting to Rs. 65 .00 Crore from Kotak Mahindra Bank against Naldhera Property in 2016-2017(FY). The amount Standing as on 31/03/2022 is Rs. 16.34 Crore (Previous Year Rs.29.42 Crore) (including Interest). The loan has been repayable within 7 years (fully repayable by 2023-2024) including morotorium of 2 year from the date of first drawdown. The loan has been taken for the purpose of construction of Resort /Hotels at Naldhera, HP. According to the information and explanations given to us, and based on the records of the Company, the Company has not defaulted in the repayment of loans or borrowings to banks.

(d) According to the information and explanation given to us, the Company has not raised funds on short term basis during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under Clauses 3(ix)(f) and 3(ix)(e) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

xvii. The Company has not incurred cash losses in the current and in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

xxi. The consolidated financial statements are not applicable to the Company. Accordingly, the reporting under Clause 3(xxi) of the Order is not applicable to the Company.

2 Significant accounting policies

(i) Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and as amended from time to time.

(ii) Basis of preparation and presentation

The financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

(iii) Revenue recognition

Income from resorts include income from room rentals, food and beverages, etc. and is recognized when services are rendered.

(iv) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

(v) Taxation

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company’s current tax is calculated using tax rates that have been enacted by the end of the reporting period. Since the company has commenced operations during the current year and has not generated any profit before tax, current tax is Nil.

(vi) Property, plant and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is measured at fair value and not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

PPE in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company’s accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, commences when the assets are ready for their intended use.

Category of Asset	Estimated useful lives
Buildings (other than those mentioned below)	60 years
Plant & equipment	10 years
Furniture and Fixtures (other than those mentioned below)	10 years
Vehicles (other than those mentioned below)	8 years
Motor vehicles/other assets provided to employees	4/5 years
Office equipment	5 years

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

(vii) Inventories

Inventories are carried at the lower of cost and net realizable value. Costs of inventories are determined on moving weighted average basis. Cost includes the purchase price, non-refundable taxes and delivery handling cost. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(viii) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(ix) Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Classification of financial assets

Debt

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

Debt instruments classified as FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The Company has not designated any debt instrument as at FVTPL.

Equity

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

De-recognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included under 'Finance costs'.

De-recognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

(x) Cash flow statements

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit before extra-ordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(xi) Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

	–	–

Note No. 35 - Revaluation of land

As at September 30, 2018, the Company has changed its accounting policy with respect to measurement of freehold land. According to the revised policy, freehold land is revalued and measured at fair value, based on periodic valuation done by external independent valuer using market approach. Any revaluation surplus is recorded in OCI and credited to revaluation reserve in other equity. This revaluation surplus is not available for distribution to shareholders.

Particulars	In Rs.
Revaluation surplus as at March 31, 2022	376,978,115
Deferred tax on the above revaluation	(50,872,817)
As at March 31, 2022	**326,105,298**

The carrying amount of freehold land as at March 31, 2022 under cost and revaluation model are given below:

Block of asset	**Revaluation Model**	**Cost Model**
Freehold Land	505,378,125	128,400,010

Note No. 36 - Employee benefits

(a) Defined Contribution Plan

The Group's contribution to Provident Fund and Superannuation Fund aggregating Rs. 12,12,097 (2021: Rs. 9,50,868) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans (Gratuity)

The Company does not have a funded Gratuity Scheme for its employees and gratuity liability has been provided based on the actuarial valuation done at the year end. The Gratuity scheme of the Company is not funded.

Defined benefit plans – as per actuarial valuation on March 31, 2022 and March 31, 2021:

	Unfunded Plan	
	Gratuity	
Particulars	**2022**	**2021**
Ia. Expense recognised in the Statement of Profit and Loss for the year ended March 31:		
Current service cost	119,420	154,479.00
Net Interest cost	–	–
Components of defined benefit costs recognised in profit & loss	**119,420**	**154,479.00**
Ib. Included in other Comprehensive Income		
Difference between actual and expected return on plan assets	–	–
Actuarial (Gain)/Loss on account of :		
Demographic Assumptions	–	–
Financial Assumptions	–	–
Experience Adjustments	–	–
Components of defined benefit costs recognised in other comprehensive income	–	–
I. Net Liability recognised in the Balance Sheet as at March 31:		
1. Present value of defined benefit obligation as at March 31	119,420	154,479
2. Fair value of plan assets as at March 31	–	–
3. Deficit	–	–
	119,420	**154,479**

	Unfunded Plan	
	Gratuity	
Particulars	**2022**	**2021**
II. Change in the obligation during the year ended March 31:		
Present value of defined benefit obligation at the beginning of the year	154,479	–
Expenses Recognised in the Statement of Profit and Loss		
– Current Service Cost	119,420	154,479
– Interest Expense (Income)	–	–
Recognised in Other Comprehensive Income		
Actuarial Gain (Loss) arising from:		
Change in Demographic Assumptions	–	–
Financial Assumptions	–	–
Experience Adjustments	–	–
Benefit payments	–	–
Present value of defined benefit obligation at the end of the year	**273,899**	154,479

The significant actuarial assumptions (estimated for adequate coverage of the obligation on a prudent basis), are as under:

Particulars	**Valuation as at**	
	March 31, 2022	March 31, 2021
Discount rate(s)	5.66%	5.18%
Expected rate(s) of salary increase	5.00%	5.00%
Expected rate of return on plan assets	–	0.00%
Attrition	25.00%	25.00%
Mortality table	IALM 2012-14	IALM 2006-08

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

		Changes in assumption	**Impact on defined benefit obligation**	
Principal assumption			**Increase in assumption**	**Decrease in assumption**
Discount rate	**2021-2022**	**0.50%**	**(4,364)**	**3,585**
	2020-2021	0.50%	(3,444)	3,585
Salary growth rate	**2021-2022**	**0.50%**	**4,527**	**(3,466)**
	2020-2021	0.50%	3,574	(3,466)
Attrition rate	**2021-2022**	**0.50%**	**(1,179)**	**1,896**
	2020-2021	0.50%	(1,878)	1,896
Mortality rate	**2021-2022**	**0.50%**	**9**	**(9)**
	2020-2021	0.50%	8	(7)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous period.

III. Maturity profile of defined benefit obligation:

Particulars	2022	2021
Within 1 year	**43,008**	336
1 - 2 year	**49,562**	19,948
2 - 3 year	**43,623**	28,549
3 - 4 year	**42,501**	26,675
4 - 5 year	**34,884**	26,742
> 5 years	**28,283**	97,950

The weighted average duration of the defined benefit obligation as at March 31, 2022 is 3 years (2021: 3 years)

IV. Experience Adjustments:

Particulars	2022	2021	2019	2018	2017
		Period Ended			
		Gratuity			
Defined Benefit Obligation	273,899.00	154,479.00	–	–	–
Fair value of plan assets	–	–	–	–	–
Surplus/(Deficit)	(273,899.00)	(154,479.00)	–	–	–
Experience adjustment on plan liabilities [(Gain)/Loss]	–	–	–	–	–
Experience adjustment on plan assets [Gain/ (Loss)]	–	–	–	–	–

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(c) Defined Benefit Plans (Compensated absences)

The amount recognized as an expense in respect of Compensated absences is Rs. 37,241 (Previous Year: Rs. 4,01,597).

Note No. 37- Trade receivables Schedule

Trade receivables Aging schedule **In Rs.**

Defined Benefit Plans (Compensated absences)	Outstanding for following period from due date of payment					
	Less than 6 months	6 months - 1 year	1-2 years	2-3 years	More than 3 years	Total
(i) Undisputed Trade receivables - considered good	23,969,097			157,450	225,471	24,352,018
(ii) Undisputed Trade receivables - considered doubtful						
(iii) Disputed Trade receivables - considered good						
(iv) Disputed Trade receivables - considered doubtful						
	23,969,097	–	–	157,450	225,471	24,352,018

Note No. 38- Trade Payables aging Schedule

Trade payables Aging schedule **In Rs.**

Defined Benefit Plans (Compensated absences)	Outstanding for following periods from due date of payment				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
(i) MSME					
(ii) Others	11,660,057				11,660,057
(iii) Disputed dues - MSME					
(iv) Disputed dues - Others					
	11,660,057	–	–	–	11,660,057

Note No. 39 Ratios

Particulars	Ratios	For the year ended March 31, 2022	For the year ended March 31, 2021
#Current Ratio	Current Assets/Current Liabilities	**0.11**	0.06
Debt-Equity Ratio	Total Debt/Shareholders equity	**0.69**	0.79
*Debt Service Coverage Ratio	Net operating income/Debt (principal + Interest)	**0.18**	0.13
*Return on Equity Ratio	Net income / Average total shareholders Equity	**0.02**	(0.02)
*Inventory turnover ratio	Turnover /Average inventory	**170.95**	116.52
*Trade receivable turnover ratio	Turnover /Average Trade receivables	**9.96**	7.80
*Trade payable turnover ratio	Turnover /Average Trade Payables	**22.60**	13.61
*Net Capital turnover ratio	Turnover/Net Capital	**(0.38)**	(0.30)
*Net Profit ratio	PAT/ Turnover	**0.10**	(0.09)
*Return on Capital employed	Earning before Interest and tax/Capital employed	**0.33**	0.26
*Return on investment.	Net Profit/ Cost of investment	**0.02**	0.17

The ratio has improved as the company has placed fixed deposits with bank in FY 21-22

* Revenue has increased in FY 21-22 as compared to FY 20-21 as Covid-19 restrictions have been uplifted and the company's turnover has increased.

Note No. 40 - Others

1. The outbreak of Coronavirus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In many countries, businesses are being forced to cease or limit their operations for long or indefinite period of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown.
2. As on March 31, 2022, based on facts and circumstances existing as of that date, at present the Company does not anticipate any material uncertainties on account of COVID-19 outbreak which affects its liquidity position and also ability to continue as going concern. However Revenue in future is total depend on the Govt. Policies and Lock down period for the industries.
3. The figures for the previous year have been regrouped/reclassified to correspond with current year's classification/disclosure.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF HERITAGE BIRD (M) SDN. BHD.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Heritage Bird (M) Sdn. Bhd., which comprise the statement of financial position as at March 31, 2022, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages herein.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at March 31, 2022, and of its financial performance and its cash flows for the year then ended in accordance with Malaysian Private Entities Standards and the requirements of the Companies Act, 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with Malaysian Private Entities Standards and the requirements of the Companies Act, 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report.
- Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 2016 in Malaysia, we also report that in our opinion, the accounting and other records and the registers required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2022

1. General Information

The Company is a private company, incorporated and domiciled in Malaysia. The registered office is situated at 802, 8th Floor, Block C, Kelana Square, 17 Jalan SS 7/26, 47301 Petaling Jaya, Selangor, and its principal place of business is located at 3A07, Block B, Phileo Damansara II, 15 Jalan 16/11, Off Jalan Damansara, 46350 Petaling Jaya, Selangor.

The Company's principal activities are holding of investment properties and lease rental.

The financial statements of the Company are presented in Ringgit Malaysia (RM).

2. Compliance With Financial Reporting Standards and the Companies Act, 2016

The financial statements have been prepared in compliance with the Malaysian Private Entities Reporting Standard (MPERS) issued by the Malaysian Accounting Standards Board (MASB) and the provisions of the Malaysian Companies Act, 2016.

3. Basis of Preparation

The financial statements of the Company have been prepared using cost bases which include historical cost, amortised cost, and lower of cost and net realisable value and fair value bases which include fair value basis and fair value less costs to sell basis.

Management has used estimates and assumptions in measuring the reported amounts of assets and liabilities at the end of the reporting year and the reported amounts of revenues and expenses during the reporting year. Judgements and assumptions are applied in measurement, and hence, the actual results may not coincide with the reported amounts. The areas involving significant judgements and estimation uncertainties are disclosed in Note 6.

4. Significant Accounting Policies

a) Property, plant and equipment

Operating tangible assets that are used for more than one accounting period in the production and supply of goods and services, for administrative purposes or for rental to others are recognised as property, plant and equipment when the Company obtains control of the asset. These include assets constructed or acquired for environmental protection purposes and investment property measured on the cost model. The assets, including major spares, stand-by equipment and servicing equipment, are classified into appropriate classes based on their nature. Any subsequent replacement of a significant component in an existing asset is capitalised as a new component in the asset and the old component is derecognised.

All property, plant and equipment are initially measured at cost. For a purchased asset, cost comprises purchase price plus all directly attributable costs incurred in bringing the asset to its present location and condition for management's intended use. For a self-constructed asset, cost comprises all direct and indirect costs of construction (including provision for restoration and cost of major inspection) but excludes internal profits. For an exchange of non-monetary asset that has a commercial substance, cost is measured by reference to the fair value of the asset received. For an asset transferred from a customer or a grantor, cost is measured by reference to the fair value of the asset.

All property, plant and equipment are subsequently measured at cost less accumulated depreciation and accumulated impairment losses.

All other property, plant and equipment are depreciated by allocating the depreciable amount of significant component or of an item over the remaining useful life. The depreciation methods used and the useful lives of the respective classes of property, plant and equipment are as follows:

	Method	Useful life (years)
Furniture and fittings	Straight-line	5
Building	Straight-line	50

At the end of each reporting period, the residual values, useful lives and depreciation methods for the property, plant and equipment are reviewed for reasonableness. Any changes in estimate of an item is adjusted prospectively over its remaining useful life, commencing in the current period.

b) Impairment of non-financial assets

An impairment loss arises when the carrying amount of a Company's asset exceeds its recoverable amount.

At the end of each reporting date, the Company assesses whether there is any indication that a standalone asset or a cash-generating unit may be impaired by using external and internal sources of information. If any such indication exists, the Company estimates the recoverable amount of the asset or cash-generating unit.

If an individual asset generates independent cash inflows, it is tested for impairment as a standalone asset. If an asset does not generate independent cash inflows, it is tested for impairment together with other assets in a cash generating unit at the lowest level in which independent cash inflows are generated and monitored for internal management purposes.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and the value in use. The Company determines the fair value less costs to sell of an asset or a cash-generating unit in a hierarchy based on: (i) price in a binding sale agreement; (ii) market price traded in an active market; and (iii) estimate of market price using the best available information. The value in use is estimated by discounting the net cash inflows (by an appropriate discount rate) of the asset or unit, using reasonable and supportable management's budgets and forecasts of five years and extrapolation of cash inflows for periods beyond the five-year forecast or budget.

For an asset measured on a cost-based model, any impairment loss is recognised in the profit or loss. For a property, plant and equipment measured on the revaluation model, any impairment loss is treated as a revaluation decrease.

For a cash-generating unit, any impairment loss is first allocated to reduce the carrying amount of goodwill allocated to the unit, if any, and the balance of the impairment loss is then allocated to the other assets of the unit pro rata based on the relative carrying amounts of the assets.

The Company reassesses the recoverable amount of an impaired asset or a cash-generating unit if there is any indication that an impairment loss recognised previously may have reversed.

Any reversal of impairment loss for an asset carried at a cost-based model is recognised in profit or loss, subject to the limit that the revised carrying amount does not exceed the amount that would have been determined had no impairment loss been recognised previously.

c) Share capital and distribution

(i) Share capital

Ordinary shares issued that carry no put option and no mandatory contractual obligation: (i) to deliver cash or another financial asset; or (ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company, are classified as equity instruments.

When ordinary shares and other equity instruments are issued in a private placement or in a rights issue to existing shareholders, they are recorded at the issue price. For ordinary shares and other equity instruments issued in exchange for non-monetary assets, they are measured by reference to the fair values of the assets received.

When ordinary shares and other equity instruments are issued as consideration transferred in a business combination or as settlement of an existing financial liability, they are measured at fair value at the date of the exchange transaction.

Transaction costs of an equity transaction are accounted for as a deduction from equity, net of any related income tax effect.

(ii) Distributions

Distributions to holders of an equity instrument are recognised as equity transactions and are debited directly in equity, net of any related income tax effect.

A dividend declared is recognised as a liability only after it has been appropriately authorised, which is the date when the Board of Directors declares an interim dividend, or in the case of a proposed final dividend, the date the shareholders of the Company approve the proposed final dividend in an annual general meeting of shareholders. For a distribution of non-cash assets to owners, including a distribution in specie, the Company measures the dividend payable at the fair value of the assets to distributed. At the end of each reporting period and at the date of settlement, the Company reviews and adjusts the carrying amount of the dividend payable to reflect changes in the fair value of the assets to be distributed, with any changes recognised in equity as adjustments to the amount of the distribution. Upon settlement, the difference between the carrying amount of the dividend payable and the carrying amount of the assets distributed is recognised as a gain or loss in profit or loss.

d) Financial instrument

(i) Initial recognition and measurement

The Company recognises a financial asset or a financial liability (including derivative instruments) in the statement of financial position when, and only when, it becomes a party to the contractual provisions of the instrument.

On initial recognition, all financial assets and financial liabilities are measured at fair value, which is generally the transaction price, plus transaction costs if the financial asset or financial liability is not measured at fair value through profit or loss. For instruments measured at fair value through profit or loss, transaction costs are expensed to profit or loss when incurred.

(ii) Derecognition of financial instrument

For derecognition purposes, the Company first determines whether a financial asset or a financial liability should be derecognised in its entirely as a single item or derecognised part-by-part of a single item or a group of similar items.

A financial asset is derecognised when, and only when, the contractual rights to receive the cash flows from the financial assets expire, or when the Company transfers the contractual rights to receive cash flows of the financial asset, including circumstances when the Company acts only as a collecting agent of the transferee, and retains no significant risks and rewards of ownership of the financial asset or no continuing involvement in the control of the financial asset transferred.

A financial liability is derecognised when, and only when, it is legally extinguished, which is either when the obligation specified in the contract is discharged, cancelled or expires. A substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. For this purpose, the Company considers a modification as substantial if the present value of the revised cash flows of the modified terms discounted at the original effective interest rate differs by 10% or more than compared with the carrying amount of the original liability.

(iii) Subsequent measurement of financial assets

For the purpose of subsequent measurement, the Company classifies financial assets into two categories namely (i) financial assets at fair value through profit or loss; and (ii) financial assets at amortised cost.

After initial recognition, the Company measures investments in quoted preference shares, quoted ordinary shares and derivatives that are assets at their fair values by reference to the active market prices, if observable, or otherwise by a valuation technique, without any deduction for transaction costs it may incur on sale or other disposal.

Investments in debt instruments, whether quoted or unquoted, are subsequently measured at amortised cost using the effective interest method. Investments in unquoted equity instruments and whose fair value cannot be reliably measured are measured at cost.

Other than financial assets measured at fair value through profit or loss, all other financial assets are subject to review for impairment in accordance with Note 4(d)(vii).

(iv) Subsequent measurement of financial liabilities

After initial recognition, the Company measures all financial liabilities are measured at amortised cost using the effective interest method, except for derivatives instruments that are liabilities and financial guarantee contracts, which are measured at fair value.

(v) Fair value measurement of financial instruments

The fair value of a financial asset or a financial liability is determined by reference to the quoted market price in an active market, and in the absence of an observable market price, by a valuation technique using reasonable and supportable assumptions.

(vi) Recognition of gains and losses

Fair value changes of financial assets and financial liabilities classified as at fair value through profit or loss are recognised in profit or loss when they arise.

For financial assets and financial liabilities carried at amortised cost, a gain or loss is recognised in profit or loss only when the financial assets or liability is derecognised or impaired, and through the amortization process of the instrument.

(vii) Impairment and uncollectibility of financial assets

At the end of each reporting year, the Company examines whether there is any objective evidence that a financial asset or a group of financial assets is impaired. Evidences of trigger loss events include: (i) significant difficulty of the issuer or obligor; (ii) a breach of contract, such as a default or delinquency in interest or principal payments; (iii) granting exceptional concession to a customer; (iv) it is probable that a customer will enter bankruptcy or other reorganization; (v) the disappearance of an active market for that financial asset because of financial difficulties; or (vi) any observable market data indicating that there may be a measurable decrease in the estimated future cash flows from a group of financial assets.

For a non-current loan and receivable carried at amortised cost, the revised estimated cash flows are discounted at the original effective interest rate. Any impairment loss is recognised in profit or loss and a corresponding amount is recorded in a loss allowance account. Any subsequent reversal of impairment loss of the financial asset is reversed in profit or loss with a corresponding adjustment to the loss allowance account, subject to the limit that the reversal should not result in the revised carrying amount of the financial asset exceeding the amount that would have been determined had no impairment loss been recognised previously.

For short-term trade and other receivables, where the effect of discounting is immaterial, impairment loss is tested for each individually significant receivable wherever there is any indication of impairment. Individually significant receivables for which no impairment loss is recognised are grouped together with all other receivables by classes based on credit risk characteristics and aged according to their past due year. A collective allowance is estimated for a class group based on the Company's experience of loss ratio in each class, taking into consideration current market conditions.

For an unquoted equity investment measured at cost less impairment, the impairment is the difference between the asset's carrying amount and the best estimate (which will necessarily be an approximation) of the amount (which might be zero) that the Company expects to receive for the assets if it were sold at the reporting date. The Company may estimate the recoverable amount using an adjusted net asset value approach.

e) Related parties

Related parties refer to persons connected to the directors and/or shareholders of the Company, and companies in which the directors and/or shareholders or persons connected to the said directors and/or shareholders have substantial equity interest.

f) Cash and cash equivalents

Cash comprises cash at bank.

g) Provisions

The Company recognises a liability as a provision if the outflows required to settle the liability are uncertain in timing or amount.

A provision for warranty costs, restoration costs, restructuring costs, onerous contracts or lawsuit claims is recognised when the Company has a present legal or constructive obligation as a result of a past event, and of which the outflows of resources on settlement are probable and a reliable estimate of the amount can be made. No provision is recognised if these conditions are not met.

Any reimbursement attributable to a recognised provision from a counterparty (such as an insurer) is not off-set against the provision but recognised separately as an asset when, and only when, the reimbursement is virtually certain.

A provision is measured at the best estimate of the expenditure required to settle the present obligation at the end of the reporting year. For a warranty provision, a probability-weighted expected outcome of the resources required to settle the obligation is applied, taking into account the Company's experiences of similar transactions and supplemented with current facts and circumstances. For a restoration provision, where a single obligation is being measured, the Company uses the individual most likely outcome as the best estimate of the liability by reference to current prices that contractors would charge to undertake such obligations, and taking into account likely future events that may affect the amount required to settle an obligation.

For an onerous contract, provision is measured based on the amount by which costs to fulfil the contract exceed the benefits. For a lawsuit provision, a probability-weighted expected outcome is applied in the measurement, taking into account past court judgements made in similar cases and advices of legal experts.

A provision is measured at the present value of the expenditures expected to be required to settle the obligation using a discount rate that reflects the time value of money and the risk that the actual outcome might differ from the estimate made. The unwinding of the discount is recognised as an interest expense.

h) Foreign currency transactions and balances

Transactions denominated in foreign currencies are translated and recorded at the rates of exchange prevailing at the respective dates of transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the period (i.e. the closing rates). Non-monetary items carried at revalued amounts or at fair values that are denominated in foreign currencies are retranslated at the rates prevailing at the dates the fair values were determined. Non-monetary items that are measured at their historical cost amounts continue to be translated at their respective historical rates and are not retranslated.

All exchange differences arising on settled transactions and on unsettled monetary items are recognised in profit or loss in the period except for: (i) loans and advances that form part of the net investment in a foreign operation; and (ii) transactions entered into in order to hedge foreign currency risks of net investments in foreign operations.

i) Tax Assets and Tax Liabilities

A current tax for current and prior periods, to the extent unpaid, is recognised as a current tax liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as a current tax asset. A current tax liability (asset) is measured at the amount the equity expects to pay (recover) using tax rates and laws that have been enacted or substantially enacted by the reporting date.

A deferred tax liability is recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from: (a) the initial recognition of goodwill; or (b) the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (or tax loss). The exceptions for initial recognition differences include items of property, plant and equipment that to not qualify for capital allowances and acquired intangible assets that are not deductible for tax purposes.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised, unless the deferred tax asset arises from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (or tax loss). The exceptions for the initial recognition differences include non-taxable government grants received and reinvestment allowances and investment tax allowances on qualifying property, plant and equipment. However, for deductible temporary differences related to investments in subsidiaries and branches, a deferred tax asset is recognised to the extent, and only to the extent that, it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

A deferred tax asset is recognised for the carry-forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

Deferred taxes are measured using tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred taxes reflects the tax consequences that would follow from the manner in which an entity in the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets or liabilities. For an investment property measured at fair value, if the owner-entity of the Group does not have a business model to hold the property solely for rental income, the deferred tax liability on the fair value gain is measured based on the presumption that the property is recovered through sale at the end of the reporting period.

At the end of each reporting period, the carrying amount of a deferred tax asset is reviewed, and is reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of a part or all of that deferred tax asset to be utilised. Any such reduction will be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

A current or deferred tax is recognised as income or expense in profit or loss for the period, except to the extent that the tax arises from items recognised outside profit or loss. For an income or expense item recognised in other comprehensive income, the current or deferred tax expense or tax income is recognised in other comprehensive income. For items recognised directly in equity, the related tax effect is also recognised directly in equity. Deferred tax assets and liabilities arising from a business combination, including tax effects of any fair value adjustment, are recognised as part of the net assets acquired.

j) Revenue recognition

The Company measures revenue from a sale of goods or service transaction at the fair value of the consideration received or receivable, which is usually the invoice price, net of any trade discounts and volume rebates given to a customer in a sale or service transaction.

Revenue from a sale of goods is recognised when: (a) the Company has transferred to the buyer the significant risk and rewards of ownership of the goods; (b) the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold; (c) the amount of the revenue can be measured reliably; (d) it is probable that economic benefits associated with the transaction will flow to the Company; and (e) the cost incurred or to be incurred in respect of the transaction can be measured reliably.

k) Fair Value Measurement

For assets, liabilities and equity instruments whether financial or non-financial items that require fair value measurement disclosure, the Company establishes a fair value measurement hierarchy that gives the highest priority to quoted prices (unadjusted) in active markets for identical assets, liabilities or equity instruments and the lowest priority to unobservable inputs.

A fair value measurement of an item is estimated using a quoted price in an active market if that price is observable. The active market is the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability; and for which the Company can enter into a transaction for the asset or liability at the price in that market at the measurement date.

In the absence of an active market price, the fair value of an item is estimated by an established valuation technique using inputs from the marketplace that are observable for substantially the full term of the asset or liability.

5. Financial Risk Management Policies

The Company's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Company's business whilst managing its risks. The Company operates within clearly defined guidelines that are approved by the Board and the Company's policy is not to engage in speculative transactions.

The main areas of financial risks faced by the Company and the policy in respect of the major areas of treasury activity are set out as follows:

a) Liquidity and cash flow risks

The Company ensures that there are adequate funds to meet all its obligations in a timely and cost-effective manner.

b) Foreign currency risk

The Company is exposed to foreign currency risk as a result of its normal trading activities, where the currency denomination differs from the local currency, Ringgit Malaysia (RM). The Company manages its exposure to foreign currency risk by monitoring fluctuations in foreign exchange and by timing its payments in foreign currencies accordingly.

c) Credit risk

Credit risk is controlled by monitoring procedures and by internal credit review where credit risk is material.

d) Interest rate risk

The Company's interest rate exposure arises principally from the borrowings. The interest rate risk is managed through the use of fixed and floating rate financial instruments.

Apart from the above, the Company does not face any material financial risks in other areas such as market risk, etc.

6. Critical Judgement and Estimation Uncertainty

The preparation of the financial statements in conformity with Malaysian Financial Reporting Standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in the future periods effected.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described below:

a) Loss allowances of financial assets

The Company recognises impairment losses for loans and receivables using the incurred loss model. Individually significant loans and receivables are tested for impairment separately by estimating the cash flows expected to be recoverable. All others are grouped into credit risk classes and tested for impairment collectively, using the Company's past experiences of loss statistics, ageing of past due amounts and current economic trends. The actual eventual losses may be different from the allowance made and this may affect the Company's financial position and results.

b) Depreciation of property, plant and equipment

The cost of an item of property, plant and equipment is depreciated on the straight-line method or another systematic method that reflects the consumption of the economic benefits of the asset over its useful life. Estimates are applied in the selection of the depreciation method, the useful lives and the residual values. The actual consumption of the economic benefits of the property, plant and equipment may differ from the estimates applied and this may lead to a gain or loss on an eventual disposal of an item of property, plant and equipment.

c) Measurement of income taxes

Significant judgement is required in determining the Company's provision for current and deferred taxes because the ultimate tax liability for the Company as a whole is uncertain. When the final outcome of the taxes payable is determined with the tax authorities in each jurisdiction, the amounts might be different from the initial estimates of the taxes payable. Such differences may impact the current and deferred taxes in the period when such determination is made. The Company will adjust for the differences as over- or under-provision of current or deferred taxes in the current period in which those differences arise.

d) Measurement of a provision

The Company uses a "best estimate" as the basis for measuring a provision. Management evaluates the estimates based on the Company's historical experiences and other inputs or assumptions, current developments and future events that are reasonably possible under the particular circumstances. In the case when a provision relates to large population of customers (such as a warranty provision), a probability- weighted estimate of the outflows required to settle the obligation is used. In the case of a single estimate (such as a provision for environmental restoration costs), a referenced contractor's price or market price is used as the best estimate. If an obligation is to be settled overtime, the expected outflows are discounted at a rate that takes into account the time value of money and the risk that the actual outcome might differ from the estimates made.

7. Property, Plant and Equipment

	Leasehold Properties RM	Furniture and Fittings RM	Total RM
Gross Carrying Amount:			
At April 1, 2021	4,941,100	54,454	4,995,554
Additions	–	–	–
At March 31, 2022	**4,941,100**	**54,454**	**4,995,554**

Issued during the year	**–**	**–**	–	–
Balance c/f	**300,002**	**300,002**	300,002	300,002

10. Amount Due To Holding Company

The holding company is Mahindra Holidays & Resorts India Ltd., a company incorporated in India, which holds the entire issued and paid up capital of the Company.

The amount due to holding company, consisting of non-trade balances, is unsecured and bears interest at the rate of 4.6% p.a. (2021:4.6% p.a.). The amount due is renewed on expiry and payable if it is not renewed by holding company.

11. Amount Due To Directors

The amount due to directors is RM NIL (2021: RM14,000). The said amount is interest free, unsecured and without any fixed terms of repayment.

12. Revenue

Revenue represents income from lease rental and rental income receivable.

13. Profit From Operations

The following items have been charged in arriving at profit from operations:-

	2022 RM	2021 RM
Directors' fee	**14,000**	14,000
Audit fee	**19,000**	24,800
Assessment and quit rent	**3,304**	4,256
Depreciation of property, plant and equipment	**98,822**	99,662

14. Finance Costs

	2022 RM	2021 RM
Interest expense on loan from holding company	**173,760**	184,000

15. Taxation

	2022 RM	2021 RM
Current year provision	**93,142**	88,206
Over provision in prior years	**2,688**	(31,354)
	95,830	56,852

A reconciliation of income tax expense applicable to profit before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Company is as follows:

	2022 RM	2021 RM
Profit before taxation	**288,103**	270,675
Tax at statutory income tax rate of 24% (2021:24%)	**69,145**	64,962
Tax effect of expenses that are not deductible for tax purposes	**23,997**	23,244

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Infinity Hospitality Group Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Infinity Hospitality Group Company Limited (the Company), which comprise the statement of financial position as at March 31, 2022, the statement of income and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2022, and its financial performance for the year then ended in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities.

Basis for Opinion

We conducted our audit in accordance with Thai Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Federation of Accounting Professions's Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit In accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters. the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Mr. Pongteera Chainsakultam

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 2022

1 GENERAL INFORMATION

Company status

Infinity Hospitality Group Company Limited, ("The Company") is a limited company under Thai Civil and Commercial Code and domiciled in Thailand. It was incorporated on May 6, 2005, with registration no. 0105548060791

Place of company

20, Soi Sukhumvit 7 (Lerdsin 2) , Sukhumvit Rd., North Klongtoey, Wattana, Bangkok, Thailand

Business and operation

The objective of the Company are services and rent of hotel, apartment, mansion and condominium.

2 CORONAVIRUS DISEASE 2019 PANDEMIC

The Covid-19 pandamic is impacting various businesses and industries. The exponential reduction in personal and business travel has imposed significant pressure on the hospitality industry resulting in lower occupancy and revenue per available room. This situation significantly affects the Company's business activities in terms of hotel business. The company had to temporarily suspend the hotel operations since March 2020 due to lockdown measures in order to prevent the spread of Covid -19 and a decrease in number of foreign and local tourists. The company still unable return to its normal operations because the main client is foreign tourists. However the company have main service agreement with headquarter to support the current cash flows. The management has continuously monitored ongoing developments and assessed the financial impact in respect of the valuation of assets, provision and contingent liabilities, and has used estimates and judgements in respect of various isssues as the situation has evolved .The management considered that there is no impairment and additional provision on this Covid-19 pandemic situation as of March 31, 2022.

3 BASIS OF FINANCIAL STATEMENT PREPARATION

The financial statements have been prepared in accordance with Generally Accepted Accounting Principles and Thai Financial Reporting Standards for Non-Publicly Accountable Entities enunciated on Notification of Federation of Accounting Professions (FAP) no. 20 (B.E.2554) under the Accounting Profession Act B.E.2547 which is effective on the financial statements for fiscal year beginning on or after January 1, 2011.

The management of the Company assessed that there is no material effects of this standard for the period in which they are initially applied.

The presentation of the financial statements has been made in compliance with the Notification of the Department of Business Development; Define Financial statement abstract B.E.2554 dated September 28, 2011, issued under the Accounting Act B.E.2543 which is effective on the financial statements for fiscal year beginning on or after January 1, 2011.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of MH Boutique Hospitality Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of MH Boutique Hospitality Limited (the Company), which comprise the statement of financial position as at March 31, 2022, the statement of income and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2022, and its financial performance for the year then ended in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities.

Basis for Opinion

We conducted our audit in accordance with Thai Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Federation of Accounting Professions's Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entitles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error. as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained. Whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

8 APPROVAL OF FINANCIAL STATEMENT

These financial statement were authorized for issue by company's authorized director on April 19, 2022.

____________________ Director

INDEPENDENT AUDITORS' REPORT
TO THE MEMBER OF MHR Holdings (Mauritius) Ltd

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of MHR Holdings (Mauritius) Ltd, the "Company", which comprise the statement of financial position as at March 31, 2022, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements on pages herein give a true and fair view of the financial position of the Company as at March 31, 2022 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence and in compliance with the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 20 in the financial statements which indicates that the Company had accumulated losses of EUR 6,822,697 during the year ended March 31, 2022 and, as of that date, the Company had a shareholder's deficit of EUR 6,677,697. As stated in Note 20, these conditions, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The shareholder has undertaken to provide financial support to ensure continuation of the Company's operations. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors' Report Thereon ("Other Information")

Management is responsible for the Other Information. The Other Information comprises the information included under the Corporate Data and Commentary of the Directors sections but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The

risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- We have no relationship with, or any interests in, the Company other than in our capacity as auditors;
- We have obtained all the information and explanations we have required; and
- In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Other Matter

Our report is made solely to the member of the Company as a body in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to it in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member as a body, for our audit work, for this report, or for the opinion we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED MARCH 31, 2022

1. GENERAL INFORMATION AND STATEMENT OF COMPLIANCE WITH INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRS")

MHR Holdings (Mauritius) Ltd, the "Company", was incorporated in the Republic of Mauritius under the Mauritius Companies Act 2001 on June 26, 2014 as a private company with liability limited by shares and holds a Global Business Licence issued by the Financial Services Commission. The Company's registered office is Sanne House, Bank Street, TwentyEight, Cybercity, Ebene 72201, Republic of Mauritius.

The principal activity of the Company is to hold investments.

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence.

2. ADOPTION OF NEW AND AMENDED IFRS

2.1 New and amended Standards that are effective for the current year

The Company has applied the following Standards, amendments and Interpretations to existing Standards for the first time for the financial year commencing on 1 April 2021:

Various	Interest Rate Benchmark Reform Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)
IFRS 16	COVID - 19 Related Rent Concessions (Amendment to IFRS 16)

Management has assessed the impact of these new and revised Standards and Interpretations and concluded that none of the above has an impact on these financial statements.

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company

At the date of authorisation of these financial statements, several new, but not yet effective, Standards, amendments to existing Standards and Interpretations have been published by the IASB. None of these Standards, amendments or Interpretations have been adopted early by the Company.

Management anticipates that all relevant pronouncements, will be adopted in the Company's accounting policies for the first period beginning on or after the effective date of the pronouncement. Information on new Standards, amendments to existing Standards and Interpretations is provided below.

IFRS 3	References to the Conceptual Framework (Amendments to IFRS 3)
IFRS 16	Covid - 19 - Related Rent Concessions beyond 30 June 2021 (Amendments to IFRS 16)
IAS 16	Proceeds before Intended Use (Amendments to IAS 16)
IAS 37	Onerous Contract - Cost of Fulfilling a Contract (Amendments to IAS 37)
IFRS 17	Insurance Contracts
IFRS 1, IFRS 9, IFRS 16 and IAS 41	Annual improvements to IFRS Standards 2019-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41)
IFRS 4	Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)
IFRS 17	Initial application of IFRS 17 and IFRS 9 - Comparative Information (Amendments to IFRS 17)
IAS 1	Classification of Liabilities as Current or Non-current (Amendments to IAS 1)
IAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)

Management has yet to assess the impact of the above Standards, amendments to existing Standards and Interpretations on the Company's financial statements.

3. SUMMARY OF ACCOUNTING POLICIES

3.1 Overall considerations

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

3.2 Revenue

Interest income is recognised on the accrual basis using the effective interest method, unless collectability is in doubt.

3.3 Expenses

All expenses are accounted for in the statement of comprehensive income on the accrual basis.

3.4 Taxation

Tax expense recognised in the statement of comprehensive income comprises of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise of those obligations to, or claims from, fiscal authorities relating to the current period, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

3.5 Financial instruments

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instruments.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and initial measurement of financial assets

Except for trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15: Revenue from contacts with customers, all financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost;
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI).

In the current year, the Company does not have any financial assets categorised as FVTPL and FVOCI.

The classification is determined by both:

- the Company's business model for managing the financial asset; and
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets are recognised in the statement of comprehensive income.

Financial assets at amortised cost

Financial assets are measured at amortised cost using the effective interest method if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, loans and other receivable fall into this category of financial instruments.

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. For the Company, instruments within the scope of the new requirements include its loans and other receivable.

Recognition of credit losses is no longer dependent on the Company's first identifying a credit loss event. Instead, the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- Financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1"); and
- Financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ("Stage 2").

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognized for the first category while 'lifetime expected credit losses' are recognized for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities consist of borrowings, other payables and accruals.

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3.6 Consolidated financial statements

The financial statements are separate financial statements which contain information about MHR Holdings (Mauritius) Ltd as an individual company and do not contain consolidated financial information as the parent of a group.

The Company holds a Global Business Licence issued by the Financial Services Commission and has taken advantage of the exemption given in Section 12 of Part 1 of the Fourteenth Schedule of the Mauritius Companies Act 2001 from the requirement to prepare consolidated financial statements as it is a wholly owned subsidiary of a quoted company incorporated in the Republic of India, Mahindra Holidays and Resorts India Limited.

3.7 Investment in subsidiary

A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Investment in subsidiary is initially shown at cost. Where an indication of impairment exists, the recoverable amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to the statement of comprehensive income.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of comprehensive income.

3.8 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank. Cash equivalents are short term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

3.9 Equity

Stated capital represents the value of shares that have been issued.

Accumulated losses include current and prior years' results as disclosed in the statement of comprehensive income.

3.10 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be estimated reliably.

Provisions are measured at the estimated expenditure required to settle the present obligation based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. The increase in the provision due to passage of time is recognised as interest expense in the statement of comprehensive income.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

3.11 Related parties

A related party is a person or company where that person or company has control or joint control of the reporting Company; has significant influence over the reporting Company; or is a member of the key management personnel of the reporting Company or of a parent of the reporting Company.

3.12 Foreign currency translation

Functional and presentation currency

The financial statements are presented in Euro ("EUR"), which is the Company's functional and presentation currency.

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the Company using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of comprehensive income.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

3.13 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the year of the borrowings using the effective interest method.

Fees paid on loan facilities are recognised as transaction costs and are deducted from borrowings and amortised over the period of the facility to which it relates.

3.14 Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered any impairment loss. When an indication of impairment loss exists, the carrying amount of the asset is assessed and written down to its recoverable amount

3.15 Comparatives

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

4. SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgements

The following are the significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the EUR.

Going concern assumption

The directors have exercised significant judgement in assessing that the preparation of these financial statements on a going concern basis is appropriate. In making this assessment, the directors have considered the Company's future business projects, future cash flows and future profitability.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment losses on financial assets

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of investments in subsidiary

In assessing impairment, management estimates the recoverable amount of each asset based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate. The directors have assessed the recoverable amount of the investments and confirmed that the carrying amount has not suffered any impairment in value at the reporting date.

Impact of COVID-19

In January 2020, the World Health Organization has declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets.

The directors have considered the potential adverse impact of the COVID-19 pandemic on the Fund's business activities by making assumptions using the existing market conditions as well as forward looking estimates at the end of the reporting date. Estimation uncertainty relates to assumptions about future operating results.

5. FINANCIAL INSTRUMENT RISK

Risk management objectives and policies

The Company is exposed to various risks in relation to its financial instruments. The main types of risks are market risk, credit risk and liquidity risk.

The Company's financial assets and financial liabilities by category are summarised below.

	2022	2021
	EUR	EUR
Financial assets at amortised cost		
Non-current		
Loans	**29,091,732**	31,679,327
Current		
Loans	**24,764,527**	17,100,059
Other receivable	**4,138**	–
Cash and cash equivalents	**2,366,339**	50,280
	27,135,004	17,150,339
Total financial assets	**56,226,736**	48,829,666

	2022	2021
	EUR	EUR
Financial liabilities measured at amortised cost		
Non-current		
Borrowings	**63,868,930**	72,070,362
Current		
Borrowings	**19,811,520**	3,013,167
Other payables and accruals	**2,409,401**	1,884,260
	22,220,921	4,897,427
Total financial liabilities	**86,089,851**	76,967,789

Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and in the Company's activities.

5.1 Market risk analysis

The Company is exposed to market risk through its use of financial instruments. Market risk is comprised specifically of currency risk and interest rate risk, which result from both its operating and investing activities.

Foreign currency sensitivity

Foreign currency risk, as defined in IFRS 7: Financial Instruments: Disclosures, arises as the value of future transactions, recognised monetary assets and monetary liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates.

The Company is not exposed to any currency risk as most of its financial assets and financial liabilities are denominated in the Euro, which is the functional currency of the Company.

The currency profile of its financial assets and liabilities is as follows:

	Financial assets 2022	**Financial liabilities 2022**
	EUR	**EUR**
Long term exposure		
Euro (EUR)	**29,091,732**	**63,868,930**
Short term exposure		
Euro (EUR)	**27,135,004**	**22,191,794**
United States Dollar (USD)	**–**	**29,127**
	56,226,736	**86,089,851**

	Financial assets 2021	Financial liabilities 2021
	EUR	EUR
Long term exposure		
Euro (EUR)	31,679,327	72,070,362
Short term exposure		
Euro (EUR)	17,150,339	4,869,551
United States Dollar (USD)	–	27,876
	48,829,666	76,967,789

Interest rate sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has interest bearing financial assets and liabilities in the form of loans and borrowings.

The Company's interest-bearing financial assets are in the form of loans to the subsidiary at a fixed rate of interest and therefore are not subject to market fluctuations.

As March 31, 2022, the Company has interest bearing financial liabilities in the form of bank loans from HSBC Bank (Mauritius) Limited and AXIS Bank Limited.

The Company has taken the following loans from HSBC Bank (Mauritius) Limited and AXIS Bank Limited:

Loans from HSBC Bank (Mauritius) Limited

Loan of EUR 6,850,000

The bank loan of EUR 6,850,000 from HSBC Bank (Mauritius) Limited carried interest at Fixed EUR Interest Rate Swap ("IRS") 5 year plus a margin of 2.75% per annum on fixed basis (Note 12 (ii)). The all-inclusive rate of interest was initially fixed at 3.45% and interest is payable at the end of every 6 months. Pursuant to board minutes dated August 02, 2019, the loan extension period was revised to August 04, 2022 and the margin rate modified to 1.10% per annum.

Loan of EUR 5,000,000

The bank loan of EUR 3,600,000 from HSBC Bank (Mauritius) Limited bears interest at EUR Interest Rate EURIBOR 3 months plus a margin of 1.35% per annum on fixed basis (Note 12 (ii)). It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The loan is repayable within one year from the date of each drawdown. The interest is payable at the end of every 3 months.

The bank loan of EUR 3,600,000 disbursed in prior financial years form part of EUR 5,000,000 Revolving Credit Facility. During the year ended March 31, 2020, an additional disbursement of EUR 700,000 was made from the Revolving Credit Facility with the same conditions pertaining to repayment and interest rate.

During the financial year ended March 31, 2021, the Company approached the bank to roll-over the loan for an additional period of 1.99 years at an interest rate of EURIBOR 3 months plus a margin of 2.5 % per annum on a fixed basis. Moreover, an additional amount of EUR 700,000 was disbursed by the Bank with repayment date being 28 September 2022. With the additional disbursement made, the loan sanction amount of EUR 500,000 has been fully utilised by the Company.

Loan of EUR 10,000,000

As at March 31, 2021, the Company was sanctioned a bank loan of EUR 10,000,000 bearing interest at EUR Interest Rate EURIBOR 6 months plus a margin of 1.10% per annum on fixed basis (Note 12(ii)). It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The tenure of the loan is 2.99 years from each drawdown.

Loan of EUR 2,500,000

During the year ended March 31, 2022, the Company received an additional bank loan of EUR 2,500,000 from HSBC Bank (Mauritius) Limited bearing interest at EUR Interest Rate EURIBOR plus a margin of 1.20% per annum on fixed basis (Note 12 (ii)). It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility.The interest is payable at the end of every 3 or 6 months and has a maturity date of February 24 .2025,

Loan of EUR 3,000,000

Pursuant to agreement dated June 16, 2021, HSBC Bank (Mauritius) Limited sanctioned a loan of EUR 3,000,000 to the Company. The loan has a tenure period of 0.99 year from date of first disbursement and can be rolled over for another 0.99 year. The loan bears interest at EUR Interest Rate EURIBOR plus a margin of 2.50% per annum on fixed basis (Note 12 (ii)). It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The interest is payable at the end of every 3 or 6 months. As at March 31, 2022, an amount of EUR 1,000,000 has been disbursed out of the total facility.

Loan of EUR 40,000,000

Pursuant to agreement dated 08 February 2022, HSBC Bank (Mauritius) Limited sanctioned a loan of EUR 40,000,000 to the Company. The loan has a tenure period of 2.99 years from date of first disbursement and can be rolled over for another 0.99 year. The loan bears interest at EUR Interest Rate EURIBOR plus a margin of 1.20% per annum on fixed basis (Note 12 (ii)). It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The interest is payable at the end of every 3 or 6 months. As at March 31 2022, an amount of EUR 36,547,503 has been disbursed.

Loans from AXISBank Limited

Loan of EUR 30,000,000

Pursuant to facility agreement dated February 17, 2022, AXIS Bank Limited granted a total commitment of EUR 30,000,000 to the Company. The total commitment comprises of a Term Loan Facility of EUR 15,000,000, a Revolving Credit Facility 1 amounting to EUR 7,000,000 and a Revolving Credit Facility 2 amounting to EUR 8,000,000. The Term Loan Facility and Revolving Credit Facility 1 bear interest rate of 6 months EURIBOR, floored to zero if EURIBOR is negative, plus 104 basis point per annum.As per the facility agreement, Revolving Credit Facility 2 interest rate will be decided at time of disbursement. As at March 31, 2022, the Term Loan Facility and Revolving Credit Facility 1 have been disbursed by the AXIS Bank Limited.

Interest rate sensitivity analysis

The following table illustrates the sensitivity of loss and shareholder's deficit to reasonably possible changes in interest rates of +/- 1% for the year ended March 31, 2022. These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on a change in the average market interest rates for each year, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant. In the prior financial year ended March 31, 2021, the Company managed its cash flow interest rate risk on its loans by using floating to fixed interest rate swaps. However, as at March 31, 2021, the swaps agreements had reached maturity.

A 1% increase in interest rate will have the following impact:

	Loss for the year	Shareholder's deficit
	EUR	**USD**
At March 31, 2022	**832,655**	**832,655**

A 1% decrease in interest rate would have the reversed impact.

5.2 Credit risk analysis

Credit risk is the risk that the counterparty fails to discharge an obligation to the Company.

The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised as follows:

	2022	2021
	EUR	EUR
ASSETS		
Non-current		
Loans	**29,091,732**	31,679,327
Current assets		
Loans	**24,764,527**	17,100,059
Other receivable	**4,138**	–
Cash and cash equivalents	**2,366,339**	50,280
	27,135,004	17,150,339
	56,226,736	48,829,666

The Company has sanctioned several loans to its Subsidiary. The terms and conditions of the loans are detailed in Note 11 of these financial statements. Other receivable pertains to amount due from subsidiary in respect of commission fee income (Note 12).

The Company measures credit risk and ECL using probability of default, exposure at default and loss given default of the loans to subsidiary and other receivable. The directors consider both historical analysis and forward-looking information in determining any ECL. The directors acknowledge the outbreak of Covid-19 and its adverse economic impact on the countries, industries and markets in which the Company invests. However, the directors believe that Covid-19 will only have a short-term impact on the Company and these investments were made in the Subsidiary with a view of long-term appreciation and returns. Additionally, the Company has the financial support of its shareholder to ensure continuation of its operations. Therefore, the directors consider the probability of default to be close to zero as the Subsidiary has strong capacity to meet their contractual obligations and have not defaulted in the past. As a result, no loss allowance has been recognised based on 12-month ECL under Stage 1 of the ECL model.

The credit risk for the bank balance is considered negligible, since the counterparty is a reputable bank with high quality external credit ratings.

The carrying amounts disclosed above are the Company's maximum possible credit risk exposure in relation to these instruments.

None of the Company's financial assets are secured by collateral or other credit enhancements. The borrowings taken are secured against an Unconditional and Irrevocable Corporate Guarantee from Mahindra Holidays and Resorts India Limited, the parent company.

5.3 Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

As at March 31, 2022. The Company has contractual maturities which are summarised below:

	2022		2021	
	Less than 1 year	**More than 1 year**	Less than 1 year	More than 1 year
	EUR	**EUR**	EUR	EUR
Borrowings	**19,811,520**	**63,868,930**	3,013,167	72,070,362
Other payables and accruals	**2,409,401**	–	1,884,260	–
Total	**22,220,921**	**63,868,930**	4,897,427	72,070,362

6. FAIR VALUE MEASUREMENT

6.1 Fair value measurement of financial instruments

The Company has financial assets and financial liabilities, and they are measured at their carrying amounts which approximate their fair values.

6.2 Fair value measurement of non-financial instruments

The Company's non-financial assets consist of investments in subsidiary and prepayments for which fair value measurement is not applicable since these are not measured at fair value on a recurring or non-recurring basis in the statement of financial position. At the reporting date, the Company did not have any non-financial liabilities.

7. CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns to its member.

In order to maintain or adjust the capital structure, the Company may adjust the amounts of dividends paid to its member, buy back shares or issue new shares.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. For the years ended March 31, 2022 and March 31, 2021, the Company was fully geared since it relies on external borrowings to finance its operations.

8. TAXATION

(i) Income tax

The Company holds a Global Business License for the purpose of the Financial Services Act 2007 of Mauritius. Pursuant to the enactment of the Finance Act 2018, with effect as from January 1, 2019, the deemed tax credit has been phased out, through the implementation of a new tax regime. Companies which had obtained their Global Business Licence on or before October 16, 2017, including the Company, have been grandfathered and would benefit from the deemed tax credit regime up to June 30, 2021.

Accordingly, the Company is entitled to a foreign tax credit equivalent to the higher of the actual foreign tax suffered or 80% of the Mauritian tax ("Deemed tax credit") on its foreign source income resulting in an effective tax rate on net income of up to 3%, up to June 30, 2021. Further, the Company is exempted from income tax in Mauritius on profits or gains arising from sale of securities. In addition, there is no withholding tax payable in Mauritius in respect of payments of dividends to Shareholder or in respect of redemptions or exchanges of shares.

Post June 30, 2021 and under the new tax regime and subject to meeting the necessary substance requirements as required under the Financial Services Act 2007 (as amended by the Finance Act 2018) and such guidelines issued by the Financial Services Commission, the Company would be entitled to either (a) a foreign tax credit equivalent to the actual foreign tax suffered on its foreign income against the Company's tax liability computed at 15% on such income, or (b) a partial exemption of 80% of some of the income derived, including but not limited to foreign source dividends or interest income.

At March 31, 2022, the Company has accumulated tax losses of EUR 1,823,551 (2021: EUR 1,240,267) which will be carried forward and available for set off against future taxable profit as follows:

	EUR
Up to the year ending March 31, 2023	**127,557**
Up to the year ending March 31, 2024	**114,101**
Up to the year ending March 31, 2025	**165,327**
Up to the year ending March 31, 2026	**370,672**
Up to the year ending March 31, 2027	**1,045,894**
	1,823,551

(ii) Deferred tax

Deferred income tax is calculated on all temporary differences under the liability method at the rate of 3%. At March 31, 2022, no deferred tax has been recognised in respect of the tax losses carried forward as it is not probable that taxable profit will be available in the foreseeable future.

(iii) Income tax reconciliation

The income tax on the Company's loss before tax differs from the theoretical amount that would arise using the effective tax rate of the Company as follows:

	2022	2021
	EUR	EUR
Loss for the year	**(1,724,447)**	(875,653)
Tax expense	**–**	–

9. INVESTMENTS IN SUBSIDIARY

	2022	2021
	EUR	EUR
(i) Unquoted investments at cost:		
At 01 April and March 31,	**23,182,500**	23,182,500

(ii) Details pertaining to the unquoted investments are as follows:

Name of investee company	Country of incorporation	Type of investments	Number of shares	Cost 2022	Cost 2021
				EUR	EUR
Covington S.à.r.l	Luxembourg	Equity	**12,500**	**17,500**	17,500
Covington S.à.r.l	Luxembourg	Non-equity	–	**23,165,000**	23,165,000
			12,500	**23,182,500**	23,182,500

(iii) Pursuant to a Share Sale and Purchase Agreement dated July 17, 2014 between the Company (the "Purchaser") and D.LAW (the "Seller"), the Company purchased 12,500 shares without nominal value corresponding to 100% of the share capital of Covington S.à.r.l, a private limited company incorporated in Luxembourg, for a total consideration of EUR 17,500.

In addition, pursuant to Contribution Agreements dated July 31, 2014, November 10, 2014 and August 18, 2015 between the Company and Covington S.à.r.l (the "Receiver"), the Company contributed EUR 3,165,000, EUR 4,000,000, and EUR 16,000,000 respectively to the Receiver.

(iv) The directors have assessed the recoverable amount of the investments (equity and non-equity) and confirmed that the carrying amount of these investments have not suffered any impairment in value at the reporting date.

(v) The Company has 100% shareholding in Covington S.à.r.l and is therefore considered as the Company's subsidiary since it has control over the subsidiary through its 100% voting rights. The Company holds a Global Business Licence issued by the Financial Services Commission and has therefore taken advantage of Section 12 of Part 1 of the Fourteenth Schedule of the Mauritius Companies Act 2001 which dispenses it from presenting consolidated financial statements as it is a wholly owned subsidiary of a company incorporated in the Republic of India.

(vi) The non-equity investment in Covington S.à.r.l represents funds invested as "capital contribution" and settlement is not likely within one year. Repayment would be agreed between the Company and its investee company.

10. FINANCE INCOME AND FINANCE COSTS

	2022	2021
	EUR	EUR
10.1 Finance income		
Net fair value adjustment - Derivative financial instruments (Note (i))	**–**	132,558
Corporate Guarantee Commission income (Note 12(ii))	**54,856**	–
Interest on loans (Note 11(i))	**1,177,138**	1,140,530
	1,231,994	1,273,088
10.2 Finance costs		
Interest on borrowings (Note 12(i))	**1,505,467**	1,396,250
Other legal expenses	**6,498**	5,025
SBLC commission fees	**–**	13,253
Commissions on Corporate Guarantee (Note 12(ii))	**489,031**	380,699
Loan expenses (Note (ii))	**407,171**	–
Amortisation of transaction costs (Note 12 (i))	**485,913**	120,362
Loss on interest rate swaps (Note (i))	**–**	123,225
	2,894,080	2,038,814

(i) The Company entered into interest rate swap agreements in the prior financial years in order to manage its interest rate risk exposures. During the year ended March 31, 2021, the swap agreements had reached their maturity date and the loans were fully repaid. Consequently, no fair value adjustment has been noted for the year under review.

(ii) Loan expenses include mainly fees incurred for early settlement of bank loans.

	24,764,527	17,100,059
Total	**53,856,259**	48,779,386

(ii) The movements during the year on the loans as follows:

	2022	2021
	EUR	EUR
Opening balance	**48,779,386**	44,446,657
Loans given during the year	**4,000,000**	3,500,000
Interest income for the year	**1,177,138**	1,140,530
Interest received during the year	**(100,265)**	(307,801)
Closing balance	**53,856,259**	48,779,386

(iii) Pursuant to Loan Agreement dated February 09, 2022 the Company has disbursed an additional loan of EUR 4,000,000 to its subsidiary, Covington S.à.r.l, a private limited company incorporated in Luxembourg, to be used in the ordinary course of business. The loan amount carries an interest rate fixed at 2.20% per annum which is repayable along with the principal upon maturity. The loan is unsecured and is repayable after 2 years from disbursement date. The repayment date is extendable at the consent of the Company.

(iv) The loans amounting to EUR 6,700,000 and EUR 10,000,000 which were receivable by August 21, 2021 were extended for a period of additional two years pursuant to Addendum to Loan Agreement dated August 21, 2021. These loans have been classified as non-current assets in these financial assets. The remaining loans are receivable within one year/more than one year and bear interest at rate ranging between 2.2% to 3% per annum.

(v) The directors have taken into consideration both historical analysis and forward-looking information in determining any ECL. The directors acknowledge the outbreak of COVID-19 and its adverse economic impact on the countries, industries and markets in which the subsidiary operates. However, the directors believe that the COVID-19 will not have a long-term impact on the subsidiary and consequently, the directors consider the probability of default to be close to zero as the subsidiary has a strong capacity to meet the contractual obligations in the near term and have not defaulted in the past. As a result, no loss allowance has been recognised based on 12-month ECL under Stage 1 of the ECL model.

(ii) Summary of bank borrowings arrangements are as follows:

HSBC Bank (Mauritius) Limited

Loan of EUR 6,850,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on July 31, 2014 whereby the loan was repayable on August 04, 2019. The loan had interest rate at Fixed EUR Interest Rate Swap ("IRS") 5 year plus a margin of 2.75% per annum on fixed basis. The all-inclusive rate of interest was initially fixed at 3.45%. Pursuant to board minutes dated August 02, 2019, the loan extension period was revised to August 04, 2022 and the margin rate was modified to 1.10% per annum. Interest accrued on the loan outstanding at the reporting date amounted to EUR 11,036.

Loan of EUR 5,000,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on September 28, 2018 whereby the loan is repayable within 1 year from the date of each drawdown + rollover basis for 1 year tenure. The loan bears interest at EURIBOR 3 months plus a margin of 1.35% per annum on fixed basis. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. As at March 31, 2022, the loan sanction amount of EUR 5,000,000 was fully utilized by the Company. Interest accrued on the loan outstanding at the reporting date amounted to EUR 28,646.

Loan of EUR 10,000,000

The Company (the "Borrower") entered into a Term Loan Credit Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on 29 October 2019 for a loan of EUR 10,000,000 and repayable in 2.99 years. As at March 31, 2020, an amount of EUR 6,500,000 was disbursed. The loan bears interest at EURIBOR plus a margin of 1.10% per annum. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The interest is payable at the end of every 3 or 6 months and interest accrued on the loan outstanding at the reporting date amounted to EUR 29,110.

During the year ended March 31, 2021, an additional loan of EUR 3,500,000 was disbursed to the Company out of the Term Loan Credit Facility Agreement of EUR 10,000,000. The additional amount was disbursed at the same conditions prevailing for the first tranche. The interest accrued on the loan EUR 3,500,000 outstanding at the reporting date amounted to EUR 3,471.

Subsequent to the second tranche of disbursement, the loan sanction amount of EUR 10,000,000 has been fully utilised by the Company.

Loan of EUR 2,500,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on March 24, 2020 for a loan of EUR 2,500,000 and repayable in 1.99 years. The loan carried interest at EURIBOR plus a margin of 1.20% per annum. It was agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. During the year ended March 31, 2022, the loan was fully repaid.

HSBC Bank (Mauritius) Limited

Loan of EUR 1,000,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on 16 June 2021 to borrow a loan facility up to EUR 3,000,000 whereby the loan is repayable within 0.99 year from the date of first drawdown with the possibility to roll over for another 0.99 year. The loan bears interest at EURIBOR plus a margin of 2.50% per annum on fixed basis. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. As at March 31, 2022, an amount of EUR 1,000,000 was disbursed. Interest accrued on the loan outstanding at the reporting date amounted to EUR 2,500.

Loan of EUR 40,000,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on February 08, 2022 to borrow a loan facility up to EUR 40,000,000 whereby the loan is repayable within 2.99 years from the date of first drawdown with the possibility to roll over for another 0.99 year. The loan bears interest at EURIBOR plus a margin of 1.50% per annum on fixed basis. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. As at March 31, 2022, an amount of EUR 36,547,503 was disbursed. An upfront fee of 0.90% was incurred on the loan disbursed by the Bank. An effective interest rate has been computed for the loan facility and interest accrued on the loan outstanding at the reporting date amounted to EUR 45,409.

Loan of EUR 2,500,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on March 16, 2022 to borrow a loan facility up to EUR 2,500,000 whereby the loan has a maturity date of February 24, 2025. The loan bears interest at EURIBOR plus a margin of 1.20% per annum on fixed basis. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. As at March 31, 2022, the loan was fully disbursed. An upfront fee of 0.90% was incurred on the loan disbursed by the Bank. An effective interest rate has been computed for the loan facility and interest accrued on the loan outstanding at the reporting date amounted to EUR 1,109.

ICICI Bank Limited

Pursuant to board minutes and Credit Agreement Letter dated August 21, 2020 and August 25, 2020 respectively, the Company was sanctioned a Foreign Currency Term Loan facility of EUR 55,000,000 by ICICI Bank Limited. The holding company, Mahindra Holidays & Resorts India Limited stood as guarantor for the loan with the Bank. The loan had a repayment term of 4 years.

The loan carried interest at EURIBOR 6 months plus a margin of 2.50%. It was agreed that if EURIBOR was negative, it would be deemed to be zero for the purpose of this facility. An upfront processing fee of 1.20% of disbursed amount was incurred by the Company as per the Credit Agreement Letter.

During the year ended March 31, 2022, the loans payable to ICICI Bank Limited amounting to EUR 52,107,819 (inclusive of interest) was repaid by the Company through loans disbursed by HSBC Bank (Mauritius) Limited and AXIS Bank Limited. Since the loan was repaid earlier, the Company has incurred early repayment fees. The remaining transaction cost of EUR 485,913 was fully amortised during the year.

AXIS Bank Limited

Pursuant to facility agreement dated 17 February 2022, AXIS Bank Limited has granted a total commitment of EUR 30,000,000 to the Company. The total commitment comprises of a Term Loan Facility of EUR 15,000,000, a Revolving Credit Facility 1 amounting to EUR 7,000,000 and a Revolving Credit Facility 2 amounting to EUR 8,000,000. The Term Loan Facility and Revolving Credit Facility 1 bear interest rate of 6 months EURIBOR, floored to zero if EURIBOR is negative, plus 104 basis point per annum. As per facility agreement, Revolving Credit Facility 2 interest rate will be decided at time of disbursement. As at March 31, 2022, the Term Loan Facility and Revolving Credit Facility 1 have been disbursed by the AXIS Bank Limited. An upfront fee of 0.90% was incurred on the loan disbursed by the Bank. An effective interest rate has been computed for the loan facility and interest accrued on the loan outstanding at the reporting date amounted to EUR 30,713.

The above loans are secured against an Unconditional and Irrevocable Corporate Guarantee from Mahindra Holidays & Resorts India Limited (the "Guarantor"). In that respect, an annual commission of 0.53% on the Corporate Guarantee should be paid to the Guarantor until the loans are fully repaid. During the year ended March 31, 2022, an amount of EUR 489,031 (2021: EUR 380,699) was charged as commission and an amount of EUR 2,345,415 (2020: EUR 1,856,384) remains payable as at March 31, 2022.

Since Holiday Club Resorts Oy ("HCR"), the indirect subsidiary incorporated in the Republic of Finland, is also benefiting from the loans borrowed by the Company in terms of the pledge provided, HCR therefore pays a commission to the Company which is then partly remitted to the Guarantor. During the year under review, an amount of EUR 54,856 (2021: EUR Nil) was charged as commission and an amount of EUR 4,138 (2021: EUR Nil) is receivable as at March 31, 2022.

(iii) The Company borrowed a loan amounting to EUR 250,000 from Mahindra Holidays& Resorts India Limited ("MHRIL"), the immediate holding company, bearing interest of 2.2% per annum and repayable on demand.

13. RECEIVABLE AND PREPAYMENTS

	2022	2021

			EUR	**EUR**	EUR
Mahindra Holidays and Resorts India Limited (Note 12(ii))	Holding company	Commission on Corporate Guarantee	**489,031**	**(2,345,415)**	(1,856,384)

The terms and conditions of the loans, other receivable from related party and payable to holding company are as disclosed in notes 11, 12 and 13 to the financial statements

19. CONTINGENT LIABILITIES

The Company has no litigation claims outstanding, pending or threatened against it, which could have a material adverse effect on the Company's financial position or results as at March 31, 2022.

20. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared on the going concern basis which assumes that the Company will continue in operational existence for the foreseeable future. The validity of this assumption depends on the continued financial support of the shareholder.

The Company's accumulated losses have increased over the years to reach EUR 6,822,697 as at March 31, 2022 (March 31, 2021: EUR 5,098,220) and has also a net liability position of EUR 6,677,697 (March 31, 2021: EUR 4,953,220). The directors are of the opinion that financial support from the shareholder will be forthcoming over the next twelve months. They therefore believe that it is appropriate for the financial statements to be prepared on the going concern basis.

21. HOLDING COMPANIES

The directors consider Mahindra Holidays and Resorts India Limited, a quoted company incorporated in the Republic of India, as the Company's immediate holding company and Mahindra and Mahindra Limited, a quoted company incorporated in the Republic of India, as the Company's ultimate holding company.

REPORT OF THE REVISEUR D'ENTREPRISES AGREE

To the Board of Managers of Covington S.a.r.l.

Opinion

We have audited the annual accounts of Covington S.à.r.l. (the "Company"), which comprise the balance sheet as at March 31, 2022, and the profit and loss account for the year then ended, and notes to the annual accounts, including a summary of significant accounting policies.

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of the Company as at March 31, 2022 and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

Basis for opinion

We conducted our audit in accordance with the Law of July 23, 2016 on the audit profession ("Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ("CSSF"). Our responsibilities under the Law of July 23, 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the *"Responsibilities of "réviseur d'entreprises agréé" for the audit of the annual accounts"* section of our report. We are also independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Managers for the annual accounts

The Board of Managers is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Managers determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Managers is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Managers either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the réviseur d'entreprises agréé for the audit of the annual accounts

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Managers.
- Conclude on the appropriateness of the Board of Managers' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE ANNUAL ACCOUNTS

Note 1 - General information

Covington S.à.r.l., hereinafter the "Company", was incorporated on November 27, 2013 as a "société à responsabilité limitée" for an unlimited period. The Company is organised under the laws of Luxembourg, in particular the law of August 10, 1915 on commercial companies, as amended.

The registered office of the Company is established in Luxembourg City and is registered at the Trade and Companies register in Luxembourg under the number B 182 265.

The financial year of the Company starts on April 1 and ends on March 31 of each year.

Based on the criteria defined by article 1711-7 of the Luxembourg law, the Company is exempt from the obligation to draw up consolidated accounts and a consolidation management report for the year ended March 31, 2022.

The Company is included in the consolidated accounts of Mahindra Holidays & Resorts India Limited, forming the smallest and largest body of undertakings of which the Company forms a part as direct subsidiary undertakings. The registered office of that company is located at Mahindra Towers, 2nd floor, 17/18 Patullos Road, Chennai - 600 002 and the consolidated financial statements are available at the registered adress.

The object of the Company is the acquisition of ownership interests, in Luxembourg or abroad, in any companies or enterprises in any form whatsoever and the administration, management, control and development of such participations. The Company may in particular acquire by way of subscription, purchase, exchange or in any other manner any stock, shares and/or other participation securities, bonds, debentures, certificates of deposit and/or other debt instruments and more generally any securities and/or financial instruments issued by any public or private entity whatsoever. It may participate in the creation, development, management and control of any company or enterprise. It may further make direct or indirect real estate investments and invest in the acquisition and management of a portfolio of patents or other intellectual property rights of any nature or origin whatsoever.

The Company may borrow in any form, except for borrowing from the public. It may issue notes, bonds, debentures and any other kind of debt and/or equity securities, including but not limited to preferred equity certificates and warrants, whether convertible or not in all cases. The Company may lend funds, including the proceeds of any borrowings and/or issues of debt securities, to its subsidiaries, affiliated companies or to any other company. It may also give guarantees and grant security interests in favour of third parties to secure its obligations or the obligations of its subsidiaries, affiliated companies or any other company. The Company may further mortgage, pledge, transfer, encumber or otherwise hypothecate all or some of its assets.

The Company may generally employ any techniques and utilize any instruments relating to its investments for the purpose of their efficient management, including techniques and instruments designed to protect the Company against creditors, currency fluctuations, interest rate fluctuations and other risks.

The Company may carry out any commercial, financial or industrial operations and any transactions with respect to real estate or movable property, which directly or indirectly, further or relate to its purpose.

During December 2019, a new virus ("Covid-19") emerged in China and infections started to occur across Asia and latterly the rest of the world in the beginning of 2020. On March 11, 2020, the World Health Organisation ("WHO") declared Covid-19 a pandemic and national governments have acted to implement a range of policies and actions to combat the virus and its economic impact to national markets and the global economy.

The company's operations have not been materially impacted by the Covid-19 pandemic and business continuity can be ensured.

Note 2 - Summary of significant accounting policies and valuation rules

Basis of preparation

These annual accounts have been prepared in accordance with Luxembourg legal and regulatory requirements under the historical cost convention. Accounting policies and valuation rules are, besides the ones laid down by the amended law of December 19, 2002, (the "Law"), determined and applied by the managers of the Company (the "Board of Managers") in conformity with the going concern basis.

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board of Managers to exercise its judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. Board of Managers believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Although the current liabilities of the Company exceed the current assets as of March 31, 2022, the Board of Managers has prepared these annual accounts on a going concern basis. The Company has received positive indicators from its shareholder acting as creditor that they will not ask for repayment of the principal amount nor of the accrued but unpaid interests if this repayment would trigger an insolvency for the Company and its shareholder will provide a financial support if it is needed. The Board of Managers is not aware of anything that would prevent the Company from continuing as a going concern.

Significant accounting policies and valuation rules

The main accounting and valuation rules applied by the Company are the following:

Financial assets

Shares in affiliated undertakings or participating interests are valued at acquisition cost including the expenses incidental thereto. Loans to these undertakings/investment held as fixed assets and other loans are valued at nominal value.

In the case of durable depreciation in value according to the opinion of the Board of the Managers, value adjustments are made in respect of financial fixed assets, so that they are valued at the lower figure to be attributed to them at the balance sheet date. These value adjustments are not continued if the reasons for which they were made have ceased to apply.

Debtors

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which they were made have ceased to apply.

Creditors

Creditors are stated at their reimbursement value.

Current tax liability

The tax liability estimated by the Company for the financial years for which the tax assessments have not yet been received are recorded under the caption "Tax authorities". The advance payments are shown in the assets of the balance sheet under the caption "Other Debtors", if applicable.

Foreign currency translation

The Company maintains its accounting records in Euro (EUR) and the balance sheet and the profit and loss accounts are expressed in this currency.

Transactions expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction.

Formation expenses and long term non-monetary assets expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction. At the balance sheet date, these assets remain converted using the exchange rate at the time of the transaction (the "historical exchange rate").

Cash at bank is translated at the exchange rate effective at the balance sheet date. Exchange losses and gains are recorded in the profit and loss account of the year.

In accordance with prudence principles found within generally accepted accounting principles in Luxembourg ("Lux Gaap"), other assets are translated separately, at the lower of the value converted using the historical exchange rate and the value converted using the exchange rate at the balance sheet date. Conversely, other liabilities are translated separately, at the higher of the value converted using the historical exchange rate and the exchange rate at the balance sheet date. Consequently, both realised and unrealised exchange losses are recorded in the profit and loss account while exchange gains are recorded in the profit and loss account when realised only.

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and the net unrealised losses are recorded in the profit and loss account while the net unrealised gains are not recognised.

Note 3 - Financial assets

a) The movements for the year are as follows:

	Shares in affiliated undertakings 2022 EUR	Total 2022 EUR	Total 2021 EUR
Gross book value - opening balance	**67,884,594.23**	**67,884,594.23**	67,853,012.21
Additions for the year	–	–	31,582.02
Gross book value - closing balance	**67,884,594.23**	**67,884,594.23**	67,884,594.23
Net book value - closing balance	**67,884,594.23**	**67,884,594.23**	67,884,594.23
Net book value - opening balance	**67,884,594.23**	**67,884,594.23**	67,853,012.21

On June 8, 2020, the Company paid transfer tax of EUR 31,582.02 pertaining to shares acquired on March 31, 2020.

b) Undertakings in which the Company holds at least 20% interests in their share capital as at 31/03/2022 are as follows:

Undertaking's name	Registered office	Percentage of holding	Last balance sheet date	Net equity at the last balance sheet date (EUR)	Result for the last financial year (EUR)	Net book value 2022 EUR	Net book value 2021 EUR
Holiday Club Resorts Oy	Finland	95.96%	31/03/2022	46,326,512.00	(5,311,444.09)	**64,084,712.84**	64,084,712.84
HCR Management Oy	Finland	100.00%	31/03/2022	2,102,910.00	(2,669.00)	**3,799,881.39**	3,799,881.39
Total						**67,884,594.23**	67,884,594.23

As at the end of the financial year, the Managers estimated that the financial assets do not present any durable loss in value.

Based on the assessment performed the management of the Company believes that there are no indicators of durable value adjustment regarding shares in affiliated undertakings.

Note 4 - Debtors

This caption is detailed as follows:

	Within one year	After one year and within five years	Total 2022 EUR	Total 2021 EUR
<u>Amounts owed to affiliated undertakings:</u>				
Loans to Holiday Club Resorts OY - Principal (*)	–	7,151,337.45	**7,151,337.45**	3,151,337.45
Loans to Holiday Club Resorts OY - Accrued interest	–	198,849.52	**198,849.52**	122,216.76

Note 11 - Taxation

The Company is subject to the general tax regulation applicable to all Luxembourg commercial companies.

Note 12 - Staff

The company did not employ any staff during the financial year ended March 31, 2022 (2021: Nil).

Note 13 - Emoluments granted to the members of the management and supervisory bodies and commitments in respect of retirement pensions for former members of those bodies

The Company did not grant any emoluments and has no commitments in respect of retirement pensions to members of its management during the financial year ended March 31, 2022 (2021: EUR Nil).

During the financial year, the Company incurred directors' fees for an amount of EUR 2,065.00 that are already included in professional fees (note 7) (2021: EUR 2,425.00).

Note 14 - Advances and loans granted to the members of the management and supervisory bodies

The Company did not grant any advances or loans to members of its management during the financial period ended March 31, 2022 (2021: Nil).

Note 15 - Off balance sheet commitments and contingencies

The Company does not have any off balance sheet commitments or contingencies at the end of the financial year.

Note 16 - Subsequent events

On April 1, 2022, the Company made a EUR 1,000,000.00 drawdown on the new loan payable to MHR Holdings (Mauritius) Ltd.

In February 2022, a number of countries (including the US, UK and EU) imposed new sanctions against certain entities (of which financial institutions) and individuals in Russia as a result of the official recognition of the Donetsk People Republic and Lugansk People Republic by the Russian Federation.

Additional sanctions have been made following military operations initiated by Russia on February 24, 2022 against Ukraine including the restriction of the access of already sanctioned Russian banks to the international payments system SWIFT.

Such sanctions can impact not only the sanctioned entities and individuals including entities under their control but also Business Counterparties of these sanctioned entities.

The results of the sanctions and the geopolitical instability have created an important volatility in the financial markets with a potential to adversely impact global economies and increase instability across markets.

The Board of Directors regards these events as non-adjusting events after the reporting period. At the date of this report, the Company including its going concern is not impacted (directly or indirectly) by the above and the situation including the possible impact of changing micro- and macroeconomic conditions will be continued to be monitored.

AUDITOR'S REPORT

To the Annual General Meeting of HCR Management Oy

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HCR Management Oy (business identity code 2277650-4) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement, cash flow statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Reporting Requirements

Other Information

The Board of Directors and the Managing Director are responsible for the other information. The other information comprises the report of the Board of Directors. Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Our responsibility also includes considering whether the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

In our opinion, the information in the report of the Board of Directors is consistent with the information in the financial statements and the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

If, based on the work we have performed, we conclude that there is a material misstatement of the report of the Board of Directors, we are required to report that fact. We have nothing to report in this regard.

REDEMPTION CLAUSE IN ACCORDANCE WITH THE ARTICLES OF ASSOCIATION

A shareholder and the company have the right to redeem a share transferred from another owner, other than the company, to another. The primary right of redemption belongs to the shareholder. If more than one shareholder wants to use redemption right, the shares will be distributed among those willing to redeem them in proportion to the shares. If the distribution of shares does not go evenly, the remaining shares will be distributed among those wishing to redeem by lot. The company has the right of redemption if none of the shareholders redeems the transferable shares. In other respects, the provisions of the Companies Act apply to redemption.

AUDITOR'S REPORT

To the Annual General Meeting of Holiday Club Resorts Oy

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Holiday Club Resorts Oy (business identity code 2033337-1) for the year ended March 31, 2022. The financial statements comprise the balance sheets, the income statements, cash flow statements and notes for the group as well as for the parent company.

In our opinion, the financial statements give a true and fair view of the group's and the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the parent company and of the group companies in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the parent company's and the group's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the parent company or the group or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the parent company's or the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the parent company's or the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Reporting Requirements

Other Information

The Board of Directors and the Managing Director are responsible for the other information. The other information comprises the report of the Board of Directors. Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Our responsibility also includes considering whether the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

In our opinion, the information in the report of the Board of Directors is consistent with the information in the financial statements and the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

If, based on the work we have performed, we conclude that there is a material misstatement of the report of the Board of Directors, we are required to report that fact. We have nothing to report in this regard.

ACCOUNTING PRINCIPLES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Basic information of the Group

The Group's main branch of business is to sell and rent the timeshare weeks and Villas apartments constructed by the Group. The Group also operates in the Spa hotel business. Group has activities in four countries: Finland, Sweden, Spain and Russia.

Holiday Club Resorts Oy is a parent company for the Group, having its registered domicile in Helsinki at Konepajankuja 5 C, FI-00510 Helsinki.

Holiday Club Resorts Oy is a subsidiary of Covington S.a.r.l. The Company's registered domicile is in Luxembourg. Covington S.a.r.l owns 100% of the company's shares (4.04% of ownership coming through HCR Management Oy). Covington S.a.r.l is a subsidiary of MHR Holdings (Mauritius) Limited and in turn Mahindra Holidays & Resorts India Limited (domicile in India) and in turn subsidiary of the ultimate holding company Mahindra & Mahindra Limited (domicile in India).

Consolidation principles

Intragroup ownership

Subsidiaries are consolidated using the acquisition method. The subsidiaries' acquisition cost and the corresponding share of the difference in shareholder's equity has been allocated partly to fixed assets, partially presented as goodwill and as group reserve. The acquired subsidiaries are consolidated from the moment the control has been obtained and divested subsidiaries until the day that the control has ceased to exist.

The consolidated financial statements include the parent company, Holiday Club Resorts Oy and all the subsidiaries in which it holds, directly or indirectly, over 50% of the voting rights or over which it otherwise has control. This does not include timeshare and Villas apartment companies as they are represented in the current assets. Also, according to the Finnish Accounting Act's chapter six, companies which do not have a material impact on the group's result and financial position, have been left out of the consolidated financial statements.

Intra-group transactions, unrealized internal margin, receivables, liabilities and dividends between group companies are eliminated in consolidation.

The subsidiaries' financial statements are prepared in correspondence of the accounting principles used by the group.

Associated companies and joint ventures

Associated companies and joint ventures are consolidated using the equity method in accordance with the instructions of the Finnish Accounting Board. The group's share of the results of the associated companies are shown under other operating income.

All timeshare and Villas apartment companies, including the ones of which the group owns more than 20%, are pre-sented in the current assets as they are actively traded.

Minority Share

The minority shares have been separated from Group's equity and financial year profit.

Foreign Currency Translation

Transactions in foreign currencies

Items in the subsidiaries' financial statements are valued in the currency, which is used in each subsidiary's main operating environment (functional currency). The consolidated financial statements are presented in euros, which is the functional and presentation currency of the group. Assets and liabilities are translated into euros at the closing rate of the balance sheet date. Exchange differences resulting from sales and purchases are recorded as adjustments to the corresponding items above the operating profit. At the company level, exchange gains from foreign currency denominated loans are presented in the accrued expenses according to the principle of prudence. Exchange losses are recognized through profit and loss. At the group level, exchange gains and losses are recognized in equity as retained earnings.

Foreign subsidiaries

Foreign subsidiaries' income statements are translated into euros using the average exchange rates for the period. All balance sheet items, except profit for the period, are translated into euros using the closing exchange rates. The translation differences arising from the translation of income statement and balance sheet at different exchange rates and from eliminating the foreign subsidiaries equity is recognized in the group's equity. When a subsidiary is divested entirely or partially, the cumulative translation difference is recognized in the income statement as a part of the gain or loss from the sale.

Valuation and depreciation of non-current assets

Non-current assets

Goodwill

Goodwill represents the excess of the acquisition cost and the acquired company's net assets at the fair value at the date of the acquisition. Goodwill is allocated to cash-generating units, if such can be designated. As a main rule, goodwill is amortized and if the expected future operating cash flow is lower than the carrying amount of the goodwill, an impairment loss is recognized as an expense in the income statement.

Other intangible assets

Intangible assets are recorded in the balance sheet at their original acquisition cost, if the cost can be measured reliably and if it is probable that the expected benefits of the asset will benefit the company. Significant renovations are capitalized and amortized over the remaining useful life of the asset, if it is probable that the future benefits associated with the asset will benefit the company.

Intangible assets mainly include software licenses and renovation investments

Tangible assets

The subsidiaries' tangible assets have been valued in the balance sheet at historical cost less accumulated, straight-line depreciations and possible impairment losses. Land areas are not depreciated.

Residual values and useful lifetimes are reviewed at each balance sheet date and, if necessary, adjusted to reflect the changes of expected economic benefits.

Additional investments are capitalized and depreciated over the remaining useful life of the asset, if it is probable that the future benefits associated with the asset will benefit the company. Capital gains are presented in other operating income and losses under other operating expenses. The interest expenses related to the acquisition of the asset are expensed.

Fixed asset amortization and depreciation periods

The useful lives of the different asset categories are as follows:

Intangible rights	5-10 years
Goodwill and group goodwill	5-10 years
Long-term expenses	5-10 years
Buildings	50-60 years
Other constructions	10 years
Machinery and equipment	5-10 years
Renovations	5-10 years
Other tangible assets	10 years

Investments

Investments have been valued with original acquisition cost less possible impairments in the balance sheet.

Group reserve

The group reserve is allocated, in accordance with the share of ownership, to those assets and liabilities of the subsidiary that the group reserve is considered to derive from. The unallocated portion is recognized in the group's balance sheet as a separate item before liabilities. The group reserve is recognized as income when the corresponding expenditure or loss is recorded as an expense in the income statement of the subsidiary or where it corresponds to a realized return. The unallocated group reserve is recognized as income over time. These procedures are in accordance with the Finnish Accounting Act.

Received grants

Grants received by the company are recorded as other operating income in the income statement during the periods in which the related expenses are incurring. Investment grant for the acquisition of fixed assets is recorded in the balance sheet as accrued expense and recognized in the income statement as revenue over the asset's systematical depreciation period.

Inventory

Inventory is valued at the original acquisition cost or the lower net realizable value. Net realizable value is the estimated selling price less the estimated costs of completion and selling in the ordinary course of business. The cost of finished and unfinished products comprises of raw materials, direct labor costs and other direct costs. The costs of selling and financing are not allocated to the acquisition cost.

Receivables

Receivables are valued at the nominal value or the lower probable value.

Financial assets

The group's cash and cash equivalents consist of cash, bank deposits and other short-term highly liquid investments. Cash and cash equivalents have a maximum maturity of three months from the acquisition date. Financial assets are recognized on the settlement date and derecognized when the group has lost its contractual rights to the cash flows or when it has transferred substantial part of all the risks and rewards of ownership to parties outside the group.

Liabilities

Liabilities are valued at the nominal value. Transaction costs are expensed as incurred.

Deferred tax assets and liabilities

Deferred tax assets and liabilities of the Group are calculated with a current tax rate as temporary differences between taxation and financial statements. Deferred tax assets are recognized at the probable amount in the balance sheet. The deferred tax assets have been booked only to the amount of confirmed tax losses in the local taxation.

Deferred taxes are not recognized in parent company income statement nor balance sheet.

Ordinary repair and maintenance

Ordinary repair and maintenance costs are expensed as they incur.

External services

External services include among other things expenses from rented personnel and expenses from cleaning and laundry services used by the hotel.

Pensions

Payments for defined contribution plans are made to a pension insurance company. Payments made for defined contribution plans are recognized as expenses in the income statement for the financial period to which the debit relates.

Direct taxes

Taxes based on taxable income for the period are calculated on taxable income using the tax rate that is in force in the country in which the particular subsidiary is based. The amount of tax is adjusted for any taxes concerning previous periods.

Revenue recognition

Revenue from services is recognized as income when the service is rendered to the customer. Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer. At that time, the group has no longer any supervision or control power over the good sold.

Rental income from holiday homes and revenue from hotels are recognized when the customer has accommodated. Income from restaurants and from other services related to hotel activities are recognized as revenue when the service is rendered. Rental income from retail premises are recognized on a straight-line basis over the rental period.

Income from Villas apartments, and starting end of financial year 2020-2021, also income from Timeshare apartments, is recognized by using the stage of completion method in accordance with the guidelines of the Confederation of Finnish Construction Industries and the Finnish Accounting Board. The percentage of completion is defined based on the percentage of the completion of the construction project and the percentage of the shares sold.

At the closing of the Timeshare deal, the company will record a so-called cancellation provision in case of future cancellation of deals. This is done based on previous experience and statistics on customer behavior. Statutory cancellation time is 14 days from the moment the deal was signed.

Use of estimates and assumptions

The preparation of financial statements requires management to make estimates and assumptions regarding future events. Actual results may differ from these estimates and assumptions. In addition, management must exercise judgment in applying accounting principles. Estimates are based on management's best knowledge at the time. Possible changes in estimates and assumptions are recognized during the period in which the estimates or assumptions are adjusted and in all subsequent financial periods.

The key assumptions and uncertainties concerning the future, which may cause significant changes in the carrying values of assets and liabilities within the next financial year are as follows:

Impairment losses

The group reviews fixed assets and inventory annually and evaluates indications of impairment as set out above in the accounting policies. The deferred tax assets have been booked only to the amount of confirmed tax losses in the local taxation.

Revenue recognition

Timeshare weeks have a 14-day cancellation right stated by the Consumer Protection Act. The cancellation policy is taken into account in profit recognition by taking advantage of the experience and statistics on customer behavior.

Receivables

From uncertain loans and any permanent impairments, the group recognizes a credit loss in accordance with the principle of prudence.

Significant events during the financial year

The ongoing Covid-19 pandemic had a significant impact on the company’s business during the financial year. After a difficult spring, when the disease situation temporarily improved for the summer, the company's business returned to almost normal levels. The deterioration of the situation that began in the late autumn and the escalation of the Omicron variant in December again led to significant challenges. The most difficult situation has been in spa hotels and related services, which have also been affected by official restrictions. On the other hand, rental of timeshare apartments has remained at a good level. Sales of timeshare weeks remained at a reasonable level given the circumstances.

The Group's profitability developed in line with net sales and thus suffered significantly from a temporary lack of demand. However, the company reacted immediately to the changed situations, adjusting its costs accordingly. Variable costs were well adjusted, but the high fixed costs of the spa business in particular weighed on the result.

The company has also carefully assessed the impact of the situation in Ukraine on its business. Based on the assessment, the effects of the current situation are very limited. On the other hand, indirectly, for example, high inflation may have an impact, but the company is expected to be able to respond reasonably effectively to its cost effects. It is still difficult to assess the possible impact of inflation on consumer behavior, for example.

Support received

Due to the Covid-19 pandemic, the Group has received various subsidies totaling EUR 5,249,207 (1.4.20-31.3.21 EUR 1,888,022). The amount includes EUR 2,755,188 received from the state by the parent company Holiday Club Resorts Oy (1.4.20-31.3.21 EUR 311,891). The subsidies received by the company are recognized in the income statement for the financial year in other operating income.

Holiday Club Canarias Sales & Marketing company has received claims from time share customers arguing that the contracts are null and void. Total amount of received claims is EUR 6.5 million. Claims are related to different interpretations of changing timeshare legislation in Spain. The company has received 146 claims, out of which 85 have a ruling from first instance and 40 also have a ruling from second instance, for the amount of EUR 2.6 million. The amount to pay for the rulings can be the money received for the company minus the enjoyment of the weeks or a bigger amount. All the rulings been appealed and are expected to get a favourable outcome for the contracts signed after July 2012, which constitute the majority. Based on these rulings the company has made a provision that is estimated to cover possible future liabilities.

Holiday Club Resort Oy has three long-term loans from its parent company Covington S.a.r.l, amounting to EUR 7,151,337, in total. The loans are unsecured and their interest rates are 2.2% and 2.5% p.a.

Secured loans include covenant terms. The covenant conditions were not met in the financial statements 2021-2022.

According to the funding agreement, a breach of the covenants could lead to a change in the terms of the funding. However, the company has obtained the consent of the creditors not to invoke their right of termination. For this reason, the company may continue to operate in accordance with the going concern principle.

The Group and the parent company have no loans from financial institutions maturing in more than five years.

Investing commitments

Holiday Club Resorts Oy has given completion commitments to Fennia in relation to the land areas sold. If the completion commitments are not met, Fennia has the right to cancel the deal. Holiday Club Resorts Oy has guaranteed the land lease payments until apartments have been build on the plots.

Responsibility to review tax deductions related to real estate investments

Holiday Club Resorts Oy and Koy Rauhan Liikekiinteistöt 1 are responsible to annually review vat deductions made from the real estate investments and from renovation costs made to leased properties. Responsibility is for 10 years after the completion of the investment, in so far as the VAT taxable use of the property decreases during the ten-year period.

Purchase and sales commitments

According to the agreement made between Holiday Club Resorts Oy, Sunborn Oy and Sunborn Saga Oy, Holiday Club Resorts Oy is obliged to sell annually 75 Sunborn timeshares. If Holiday Club Resorts Oy doesn't achieve its yearly target, Holiday Club is obliged to purchase the missing amount of timeshares with a price related to the agreement.

Holiday Club Resorts Oy has committed to purchase back the shares of Kiinteistö Oy Salla Star -named company from the buyer no later than 30.6.2025. The new date was agreed upon on in August 2020.

In October 2014, Holiday Club Resorts Oy sold Ylläs Saga's business to Lapland Hotels Oy, at which time the lessor Ilmarinen Mutual Pension Insurance Company required Holiday Resorts Oy to remain jointly and severally liable for the obligations under the lease and repurchase agreement. This joint and several liability, as well as the commitment to repurchase the shares of the company Kiinteistö Oy Iso-Ylläksentie 42 from Ilmarinen Mutual Pension Insurance Company no later than March 31, 2022, have expired and the obligations have been removed.

In the course of the Holiday Club Åre asset deal the commitment given by Holiday Club Spa Hotels AB to purchase a multi-purpose arena from Åre Kongress AB in 2023, if Åre Kongress AB has not sold the arena before that, transferred to Holiday Club Sport And Spa Hotels AB. Holiday Club Resorts Oy and Holiday Club Sport And Spa Hotels AB are jointly responsible for the sales price of the arena towards Åre Kongress AB.

Other liabilities and guarantees

Other liabilities and guarantees contain a surety that the parent has given regarding the lease obligations of Holiday Club Sport and Spa Hotels AB. The surety equates the lease obligation of 12 months.

Liabilities from customer finance agreements

Holiday Club Resorts Oy has agreed in the customer financing agreement made between Holiday Club Resorts Oy and OP Corporate Bank Oyj (OP Financing) the following:

The customer's inability to pay, or if the customer otherwise is in breach with contract, gives OP Financing the right to call in the financing or to terminate the financing contract. If OP Financing claims, Holiday Club Resorts Oy has committed to redeem the financing with the amount that corresponds 50% of the current financing agreement balance between customer and OP Financing related to the purchase of the timeshare week. Redemption price may be at maximum 50% of the original purchase price of the timeshare week.

The financing agreement between Holiday Club Resorts Oy and OP Corporate Bank Oyj has been amended on 2.11.2014 and by this amendment a 100% financing without redemption was taken into use. This amendment does not apply to those timeshares that Holiday Club Resorts Oy finances on its own risk and of which Holiday Club Resorts Oy has in 2012 signed a 100% buyback commitment.

Holiday Club Resorts Oy has agreed in the customer financing agreement made between Holiday Club Resorts Oy and Danske Bank Oyj the following:

If Danske Bank terminates the customer's financing contract for timeshare purchase based on the terms of contract, the following risk distribution contract applies:

If Danske Bank claims, Holiday Club Resorts Oy is committed to purchase the timeshare which has been given as a collateral for a financing agreement. The purchase price is 30% of the timeshare's original purchase price. If the purchase price, calculated by the foregoing way, is more than the financier's financed part based on the sale agreement issue, the purchase price will be the amount of financed part of the sale agreement at issue. For the timeshares Holiday Club Resorts Oy has financed on its own risk, 100% buyback commitment is applied.

AUDITOR'S NOTE

Auditor's report has been issued today.

Helsinki, April 25, 2022

KPMG Oy Ab

Esa Kailiala
Authorised Public Accountant

AUDITOR’S REPORT

To the Annual General Meeting of Kiinteistö Oy Himos Gardens

Opinion

We have audited the financial statements of Kiinteistö Oy Himos Gardens (business identity code 2165494-3) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company’s financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company’s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors’ use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Tenetinlahti

Opinion

We have audited the financial statements of Kiinteistö Oy Tenetinlahti (business identity code 2455539-3) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 19, 2022

KPMG OY AB

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Rauhan Ranta 1

Opinion

We have audited the financial statements of Kiinteistö Oy Rauhan Ranta 1 (business identity code 2145035-0) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 19, 2022

KPMG OY AB

Esa Kailiala

Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Rauhan liikekiinteistöt 1

Opinion

We have audited the financial statements of Kiinteistö Oy Rauhan liikekiinteistöt 1 (business identity code 2384842-6) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS

The company belongs to the Holiday Club Resorts Oy group. The parent company is Holiday Club Resorts Oy. Copies of the consolidated financial statements are available at the Holiday Club Resorts Group headquarters.

Hitsaajankatu 22, 00810 Helsinki

ACCOUNTING PRINCIPLES

The financial statements have been drawn up in accordance with regulations governing small and medium-sized enterprises (Government Decree on the information presented in the financial statements of a small undertaking and micro-undertaking, 1753/2015)

Non-current assets

In this balance sheet, capital assets are listed as the difference between purchase price and accumulated planned depreciation.

Planned depreciation is calculated as a straight-line depreciation based on the useful life of the object.

The indicative useful lives on which the planned depreciation is based are as follows:

– buildings	20-30 yrs
– machines and equipment	5-10 yrs
– other tangible assets	30 yrs

Current assets

Receivables and liabilities have been valued at the nominal value.

Board of Directors proposal to process profit and loss for the previous financial year

The Board of Directors proposes to the Annual General Meeting that a loss of EUR -214.54 be transferred to the profit and loss account and that no dividends be distributed.

Company shares

There are 100 company shares. Each share confers the same right to dividends and company assets.

Events subsequent to balance sheet date

Kiinteistö Oy Rauhan Liikekiinteistöt 1 will merge into Supermarket Capri Oy on April 8, 2022.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 19, 2022

KPMG OY AB

Esa Kailiala
KHT

AUDITOR'S REPORT

To the Annual General Meeting of Supermarket Capri Oy

Opinion

We have audited the financial statements of Supermarket Capri Oy (business identity code 2535232-8) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 19, 2022

KPMG OY AB

Esa Kailiala

KHT

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Kylpyläntorni 1

Opinion

We have audited the financial statements of Kiinteistö Oy Kylpyläntorni 1 (business identity code 2498932-7) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Kuusamon Pulkkajärvi 1

Opinion

We have audited the financial statements of Kiinteistö Oy Kuusamon Pulkkajärvi 1 (business identity code 0780839-5) for the year ended March 31, 2022. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 19, 2022

KPMG OY AB

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the general meeting of the shareholders of Ownership Service Sweden AB, corporate identity number 559137-7659

Report on the annual accounts

Opinions

We have audited the annual accounts of Ownership Service Sweden AB for the financial year April 1, 2021 to March 31, 2022.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Ownership Service Sweden AB as of March 31, 2022 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Ownership Service Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, The Board of Directors is responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors of Ownership Service Sweden AB for the financial year April 1, 2021 to March 31, 2022 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of Ownership Service Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

SUPPLEMENTARY DISCLOSURES

Note 1 Accounting and Valuation Principles

The annual accounts have been prepared in accordance with BFNAR 2016:10 Annual Accounts of Small Limited Companies.

Definitions of key performance indicators

Equity/assets ratio

Equity and untaxed reserves (less deferred tax) as a percentage of total assets.

Note 2 Significant events during/after the financial year

The company has taken into account the impact of the effects of the COVID-19 outbreak and it has been concluded that the impact during the year has been limited. The company also has taken into account the impact on the company's future development and risks that may affect financial reporting going forward. In this asessment, it has been concluded that the impact on the company still is limited.

Note 3 Parent Company

The parent company in the smallest group in which the company is included, and which prepares consolidated accounts is Holiday Club Resorts OY, Corporate Identity Number 2033337-1, which has its registered office in Helsinki, Finland. The parent company in the largest group in which the company is included and which prepares consolidated accounts is Mahindra & Mahindra Ltd, L65990MH1945PLC004558 with its registered office in India.

Annual reports for parent company could be found at Patent- och registerstyrelsen, PRH, for Finland and Ministry of Corporate Affairs (Company Master Data) for India.

The income statement and balance sheet will be presented for adoption at the Annual General Meeting of Shareholders held on 2022

AUDITOR'S REPORT

To the general meeting of the shareholders of Åre Villa 3 AB, corporate identity number 559137-7659

Report on the annual accounts

Opinions

We have audited the annual accounts of Åre Villa 3 AB for the financial year April 1, 2021 to March 31, 2022.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Åre Villa 3 AB as of March 31, 2022 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Åre Villa 3 AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, The Board of Directors is responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors of Åre Villa 3 AB for the financial year April 1, 2021 to March 31, 2022 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of Åre Villa 3 AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

SUPPLEMENTARY DISCLOSURES

Note 1 Accounting and Valuation Principles

The annual accounts have been prepared in accordance with the Annual Accounts Act and BFNAR 2016:10 Annual reports in small limited companies.

Definitions of key performance indicators

Equity/assets ratio

Equity and untaxed reserves (less deferred tax) as a percentage of total assets.

Note 2 Significant events during/after the financial year

The company has taken into account the impact of the effects of the COVID-19 outbreak and it has been concluded that the impact during the year has been limited.

The company also has taken into account the impact on the company's future development and risks that may affect financial reporting going forward. In this assessment, it has been concluded that the impact on the company still is limited.

Note 3 Parent Company

The parent company in the smallest group in which the company is included, and which prepares consolidated accounts is Holiday Club Resorts OY, Corporate Identity Number 2033337-1, which has its registered office in Helsinki, Finland.

The parent company in the largest group in which the company is included and which prepares consolidated accounts is Mahindra & Mahindra Ltd, L65990MH1945PLC004558 with its registered office in India.

Annual reports for parent company could be found at Patent- och registerstyrelsen, PRH, for Finland and Ministry of Corporate Affairs (Company Master Data) for India.

Our auditor's report has been submitted 2022
Öhrlings PricewaterhouseCoopers AB

Magnus Olsson
Authorized Public Accountant

AUDITOR'S REPORT

To the general meeting of the shareholders of Holiday Club Sweden AB, corporate identity number 556683-0385

Report on the annual accounts

Opinions

We have audited the annual accounts of Holiday Club Sweden AB for the financial year April 1, 2021 to March 31, 2022.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Holiday Club Sweden AB as of March 31, 2022 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section. We are independent of Holiday Club Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, The Board of Directors and the Managing Director are responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors and the Managing Director of Holiday Club Sweden AB for the financial year April 1, 2021 to March 31, 2022 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of Holiday Club Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner. The Managing Director shall manage the ongoing administration according to the Board of Directors' guidelines and instructions and among other matters take measures that are necessary to fulfill the company's accounting in accordance with law and handle the management of assets in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors or the Managing Director in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

Note 14 Significant events after the financial year

The company is estimating increased interest for Åre as an year around destination. That increase will give the company possibility to widen the target group for TS shares and rental of appartments. Together with digitalization and branding the company will gradually increase turnover, mainly on periods outside the winter peak season.

The liquidity is good and the decision has been made that deferment of tax and other fees are not needed. Liquidity forecasts are made on a regular basis.

AUDITOR'S REPORT

To the general meeting of the shareholders of Holiday Club Sport and Spa Hotels AB, corporate identity number 559032-5733

Report on the annual accounts

Opinions

We have audited the annual accounts of Holiday Club Sport and Spa Hotels AB for the financial year April 1, 2021 to March 31, 2022.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Holiday Club Sport and Spa Hotels AB as of March 31, 2022 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Holiday Club Sport and Spa Hotels AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, The Board of Directors and the Managing Director are responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intend to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's

website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors and the Managing Director of Holiday Club Sport and Spa Hotels AB for the financial year April 1, 2021 to March 31, 2022 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of Holiday Club Sport and Spa Hotels AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner. The Managing Director shall manage the ongoing administration according to the Board of Directors' guidelines and instructions and among other matters take measures that are necessary to fulfill the company's accounting in accordance with law and handle the management of assets in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors or the Managing Director in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor's report.

SUPPLEMENTARY DISCLOSURE

Note 1 Accounting and Valuation Principles

General information

This annual report has been prepared in accordance with the Swedish Annual Accounts and the Swedish Accounting Standards Board's general guidelines BFNAR 2012:1 Annual Report and Consolidated Accounts (K3).

The accounting policies remain unchanged as compared to the previous year.

Revenue recognition

Revenue has been measured at the fair value of consideration received or receivable. The Company therefore recognises revenue at nominal value (invoice amount) of remuneration received in cash and cash equivalents directly upon delivery. Deduction is made for discounts granted.

Fixed assets

Intangible and tangible assets are recognised at cost less accumulated amortisation/depreciation and any impariment.

Amortisation/depreciation takes place on a straight-line basis over the estimated useful life of the asset taking the significant residual value into account. The following periods of depreciation/amortisation are applied:

Intangible fixed assets	
Software	20%
Tangible assets	
Improvement fees on the property of others	5%
Equipment, tools, fixtures and fittings	5-20%

Accounts receivable/current receivables

Accounts receivable and current receivables are recognised as current assets at the amount expected to be paid after deduction of individually assessed doubtful receivables.

Leases

The Company recognises all leases, both financial and operating, as operating leases. Operating leases are recognised as a cost straight-line over the leasing period.

Inventories

Inventories are valued at the lower of cost and net realisable value on the balance sheet date. The net realisable value refers to the calculated sales price of the products less selling costs. The selected valuation method means that the inventory obsolescence has been taken into consideration.

Income tax

Current tax

Current tax refers to income tax for the current financial year and the portion of previous income tax which has not yet been recognised. Current tax is calculated based on the tax rate applicable on the balance sheet date.

Definitions of key performance indicators

Equity/assets ratio (%)
Adjusted equity (equity and untaxed reserves less deferred tax) as a percentage of the balance sheet total.

Note 2 Significant events after the end of the financial year

We believe in a rapid recovery of the event and the conference market as well as a growth of the private market during the summer period. The booking status for meetings during the autumn is strong and the events in Åre, that will increase demand, is back.

Note 3 Distribution of sales

	2022 kSEK	2021 kSEK
Net sales by business segment		
Hotel operations	**120,044**	67,222
	120,044	67,222

Note 4 Intra-Group purchases and sales

	2022	2021
Percentage of total purchases during the year from other companies in the Group	**0.48%**	**0.26%**
Percentage of total sales during the year from other companies in the Group	**1.36%**	**1.95%**

Note 5 Leases - Operating leases lessee

Lease costs for the year amounted to SEK 41,465,486

Future lease payments, for non-cancellable leases, fall due for payment as follows:

	2022 kSEK	2021 kSEK
Within one year	**41,304**	40,756
Between one and five years	**163,889**	161,997
Later than five years	**40,417**	40,031
	245,610	242,784

Note 6 Auditors' fees

The audit assignment relates to the review of the annual report and accounts as well as the administration by the Board of Directors, other duties to be performed by the Company's auditor and advisory services or other assistance in response to observations during such examination or implementation or such other duties. Other services are such services as are not included in the audit assignment, auditing activities or tax advisory services.

AUDIT REPORT

To the Members of HOLIDAY CLUB RESORTS RUS, LLC

Opinions

We have audited the accompanying annual accounting (financial) statements of HOLIDAY CLUB RESORT RUS, LLC (Main State Registration Number (OGRN) 5067847052301; 196006 St. Petersburg, Ligovsky pr. 266, build. 1, office 2. 1-H.50, cubicle 19) consisting of the Balance Sheet as at December 31, 2021, the Income Statement, and appendices to the Balance Sheet and the Income Statement, including the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, as well as explanatory information to the Balance Sheet and financial statements, and the key provisions of the accounting policies.

In our opinion, the accompanying annual accounting (financial) statements present fairly, in all material respects, the financial position of HOLIDAY CLUB RESORT RUS, LLC, as at December 31, 2021, and its financial performance and its cash flows for the year then ended in accordance with accounting (financial) reporting standards applicable in the Russian Federation.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISA). In line with these Standards, our responsibility is delineated in the *Auditors' Responsibility for the Audit of Annual Accounting (Financial) Statements* paragraph of the present report. We are independent of the entity subject to the audit as required by rules on auditors' independence and the Auditors' Professional Code of Conduct, as well as the International Code of Ethics for Professional Accountants (including International Independence Standards) and performed our other professional duties in compliance with the above mentioned professional standards. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

We draw attention to Article 16 of the Explanatory Note to the 2021 Financial Statements, where the management's doubts are expressed as to the Entity's ability to continue as a going concern. This raises substantial doubts about the ability of HOLIDAY CLUB RESORT RUS to continue as a going concern. Our Opinion has not been modified due to this circumstance.

Management's Responsibility for the Annual Accounting (Financial) Statements

The management of the audited entity is responsible for the preparation and fair presentation of the annual accounting (financial) statements in accordance with accounting (financial) standards established in the Russian Federation and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounting (financial) statements, management bears responsibility for the assessment of the entity's ability to continue as a going concern, for the disclosure of information in connection with going concern, and for the preparation of the financial statements on a going concern basis, unless management intends to liquidate the audited entity or to cease trading, or has no realistic alternative but to do so. The management is responsible for the control over the preparation of the annual accounting statements of the audited entity.

Auditors' Responsibility for the Audit of the Annual Accounting (Financial) Statements

Our goal is to obtain reasonable assurance about whether the annual accounting (financial) statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report stating our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit, carried out in compliance with ISA, always detects material misstatements when there is any. Misstatements may arise from fraudulent activities or error and are considered to be material when there is reasonable assurance that, taken individually or collectively, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual accounting (financial) statements.

In performing an audit in accordance with ISA, we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit and, among other things:

a) Identify and assess risks of material misstatements in the accounting (financial) statements, whether due to fraud or error; design and perform audit procedures in response to such risks; obtain sufficient and appropriate audit evidence to provide a reasonable basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting one resulting from error, as fraudulent activities may involve collusion, forgery, deliberate failure to record transactions, intentional misrepresentations or circumvention of internal control;

b) Obtain an understanding of the internal control system sufficient to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the audited entity's system of internal controls;

c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the auditee's management, as well as evaluating the overall financial statement presentation and disclosures;

d) Evaluate the appropriateness of management's use of the going concern assumption and conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we determine that such estimation uncertainty exists, we must draw attention in our audit report to an adequate disclosure of such problem in the annual accounting (financial) statements or modify our opinion if such disclosure is inappropriate.

   Our conclusions are based on the audit evidence gathered prior to the date of our audit report. Future events or conditions, however may affect the entity's ability to continue as a going concern;

e) Evaluate the overall presentation, structure and content of the accounting (financial) statements, and whether the accounting (financial) statements represent the underlying transactions and events in a manner that achieves a fair presentation.

We have communicated to the management of the audited entity, among other matters, the scope and timing of the audit and material observations arising from the audit, including observations on the deficiencies of the system of internal controls identified during the audit.

Responsible for the audit assignment that formed the basis for the Audit Report,
Director General
I. Y. Kochinskaya

REPORT OF THE INDEPENDENT AUDITOR ON THE FINANCIAL STATEMENTS

To the Shareholders of HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U.:

Report on the Financial Statements

We have audited the financial statements of HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U., {the Company} which comprise the balance sheet as at March 31, 2022, the income statement and the related explanatory notes thereto for the year then ended.

In our opinion, the accompanying financial statements present, in all material aspects, a true and fair view of the net equity and financial situation of the Company as at March 31, 2022 and of it's results for the year then ended, in accordance with the regulatory financial reporting framework that is applicable (identified in note 2 to the financial statements) and, in particular, with the accounting principles and criteria contained therein.

Basis for the opinion

We have carried out our audit in accordance with the prevailing standards governing the activity of auditing accounts in Spain. Our responsibilities in accordance with these standards are described later in the section of our report on "*Responsibilities of the auditor in connection with the audit of the financial statements*".

We are independent from the Company in accordance with the requirements on ethics, including those of independence, which are applicable to our audit of financial statements in Spain, as required by the regulations governing the activity of auditing accounts. In this regard, we have not provided services other than the audit of the financial statements, nor have situations or circumstances arisen that, in accordance with the aforementioned regulations, may have compromised our necessary independence.

We believe that the audit evidence we have obtained provides a sufficient and adequate basis for our opinion.

Most relevant aspects of the audit

The most relevant aspects of the audit are those that, according to our professional judgment, have been considered to give rise to the most significant risks of material misstatement in our audit of the financial statements of the current period. These risks have been addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon we do not express a separate opinion on said risks.

Balances with related parties

As shown in the balance sheet, the items of assets and liabilities with the highest amount correspond to "Short-term investments in group, Multigroup and Associate companies", amounting to 2,345,642 euros, and "Short-term debts with Group and Associated Companies", amounting to 2,354,573 euros, respectively (see note 10 of the report). These items represent practically the total assets and liabilities of the balance sheet. Due to the monetary relevance of said Items and the balance connection, the valuation of said credits has been considered a relevant aspect, especially the collectability of the asset figure.

Our procedures included the analysis of the reconciliation of the balances with the group companies, as well as the collectability of the asset's item. To this end, the Annual Accounts of the group companies have been audited.

Directors' responsibilities

The Director is responsible for the preparation of the accompanying financial statements in order to present a true and fair view of the net equity, the financial position and the results of the Company in accordance with the Financial Reporting Standards applicable in Spain, and for such internal control as they consider necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In the preparation of the financial statements, the Director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as appropriate, the issues related to going concern and using the accounting principle of going concern, except if the Director intends to liquidate the Company or cease operations, or if there is no other realistic alternative.

Responsibilities of the auditor in connection with the audit of the financial statements

Our objectives are to obtain reasonable assurance that the financial statements as a whole are free of material misstatement, due to fraud or error, and to issue an audit report that contains our opinion.

Reasonable assurance is a high degree of assurance but it does not guarantee that an audit conducted in accordance with the prevailing regulations governing the activity of auditing in Spain will always detect material misstatement when it exists. Misstatements may be due to fraud or error and are considered material if, individually or in aggregate, they can reasonably be expected to influence the economic decisions that users make based on the financial statements.

As part of an audit in accordance with the regulations governing the activity of auditing accounts in Spain, we apply our professional Judgment and maintain an attitude of professional skepticism throughout the audit. Furthermore:

- We identify and assess the risks of material misstatement in the financial statements, due to fraud or error, design and apply audit procedures to respond to such risks and obtain sufficient and adequate audit evidence to provide a basis for our opinion. The risk of not detecting a material misstatement due to fraud Is higher than in the case of a material misstatement due to error, since fraud may involve collusion, falsification, deliberate omissions, intentionally erroneous statements, or circumvention of internal control.

- We obtain knowledge of the internal control relevant to the audit in order to design audit procedures that are appropriate to the circumstances, and not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- We evaluate whether the accounting policies applied are adequate as well as the reasonableness of the accounting estimates and the corresponding information disclosed by the Director.
- We conclude on whether the use, by the Director, of the accounting principle of going concern is adequate and, based on the audit evidence obtained, we conclude on whether or not there is material uncertainty related to facts or conditions that could generate significant doubt as to the ability of the company to continue as a going concern. If we conclude that there Is material uncertainty, in our audit report we are required to draw attention to the corresponding information disclosed in the financial statements or, if such disclosures are not adequate, we are required to express an amended opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to be a going concern.
- We evaluate the overall presentation, the structure and content of the financial statements, including the disclosed information, and whether the financial statements represent the underlying transactions and events in a way that expresses a true and fair view.

We communicate with the entity's Director regarding, among other matters, the scope and timing of the planned audit and the significant findings of the audit, as well as any significant internal control deficiencies that we identified during the course of the audit.

Among the issues that have been communicated to the entity's Director, we determine those that have been most significant to the audit of the financial statements of the current period and that are, consequently, the risks considered most significant.

We describe those issues in our audit report unless legal or regulatory provisions prohibit public disclosure of the matter.

ANNUAL REPORT CORRESPONDING TO THE FINANCIAL PERIOD ENDING ON MARCH 31, 2022

1. THE COMPANY'S BUSINESS

1.1. HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U. was set up as a limited corporation on December 9, 2010, before the Notary Public Valentín Concejo Arranz, Member of the Guild of Notaries of the Canary Islands, whose offices are located in Maspalomas, under his Protocol Number 1525.

On March 3, 2011, it acquired its current status as a Sole Proprietor Limited Liability Company and on July 22, 2011, a corporate decision was notarised in which the accounting year initially established in the Corporate By-Laws from October 1, to September 30, was changed. However, in February 1, 2016 the General Meeting of the company decided to modify the beginning and the end of the financial period in the Company Bylaws and now is from April 1 till March 31, every year.

1.2. The main corporate mission comprises the acquisition, promotion, construction, urbanisation, management, operation, holding, use, enjoyment of, yielding of, business management of any type, or property, buildings, tourist complexes, hotels, and /or agricultural land in the country or urban areas and personal rights or rights in rem of real-estate property including its conveyance, whether in its entirety or partially, per apartment or by means of the sale of or assignment of rotational enjoyment rights, timeshare or any other kind of rights to use.

1.3. The Corporate offices are located at Avenida Ministra Anna Lindh 1, Urb. Amadores, in the municipality of Mogán (Gran Canaria).

1.4. The Company is dominant in the Holiday Club Canarias group under the terms of the article 42 of the Commercial Code. However, it does not prepare consolidated annual accounts because it does not exceed the limits set forth in the Capital Companies Law, so the following annual accounts refer exclusively to Holiday Club Canarias Investment, S.L.U. Furthermore, the company is a member of a group whose parent company is Holiday Club Resort OY, located in an EU Member State, Finland, that presents Consolidated Financial Statements in that country. In addition, Holiday Club Resort OY is a member of a group whose holding company is Mahindra & Mahindra limited, located in India.

The Spanish group is composed of the next companies:

- HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U.
- HOLIDAY CLUB CANARIAS SALES & MARKETING, S.L.U.
- HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, S.L.U.
- HOLIDAY CLUB CANARIAS VACATION CLUB, S.L.U.

1.5. Regarding the health situation due to COVID-19, during the financial period the group has been opening gradually all the resorts according to the demand and the health situation at any time, having the 5 resorts working at the date of formulation of these annual accounts. This situation has affected the Group's three companies in the Canary Islands equally: HOLIDAY CLUB CANARIAS SALES & MARKETING, S.L.U. (company that originally owns the weeks it sells under Time Sharing scheme) and the one that manages the Angry Birds activity park, HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, S.L.U. (company that manages the maintenance of the hotels) and HOLIDAY CLUB CANARIAS VACATION CLUB, S.L.U. (company that buys weeks of accommodation and manage for renting the Group's available weeks in the Canary Islands).

The main consequences of the closure have been the following:

- Personnel: Due to the closure of the hotels, the Group companies in the Canary Islands have carried out a temporary employment regulation file (ERTE) that has affected 116 people out of the total of 128 people who work in the Group. These employees have been affected and disaffected by the ERTE during different periods along the financial year. At the date of formulation of these annual accounts there are not employees affected by ERTE.
- Owners: The Group in the Canary Islands invoices week's owners at the beginning of the calendar year for maintenance fees through the entity RESORT MANAGEMENT. Given that the activity has been abruptly interrupted before the end of the year, the company in the Canary Islands offered the owners the possibility of compensating the effect of not enjoying their week in exchange for being able to enjoy two weeks in the period 2021-2022. The majority of the owners welcomed this measure. In December 2021 the owners were offered a maintenance fee discount if they finally can't enjoy their deposited weeks during the period 2021-2022.
- Financial and non-financial assets: No possible deterioration has been identified at the date of formulation of these annual accounts.

1.6 Administrator has analyzed the consequences that the war in Ukraine could have on the Group, at the date of preparation of these abridged annual accounts it is considered that there are no significant repercussions for the Group's activity.

2. BASIS USED FOR THE PRESENTATION OF THE ANNUAL ACCOUNTS

The figures contained in the abridged annual accounts are expressed in Euros, which, upon being rounded out, cause small differences in their presentation.

In the presentation of the accompanying abridged annual accounts, expressed in euros, the current commercial guidelines have been followed, which are:

2.1. True and Fair View

The annual accounts are obtained from the Company's accounting records and have been presented according to the regulations set out in Law 16/2007 of July 4, on the revised and adapted mercantile accounting legislation to harmonise it internationally on the basis of the European Union and by Royal Decree 1515/2007 of November 16, in which the General Accounting Plan was approved and the added modifications by Royal Decree 1159/2010 of September 17 and Royal Decree 602/2016 of September 2, in order to reflect a true and fair view of the Equity, the financial situation and the Company's Profit & Loss as well as the veracity of the streams incorporated into the Cash-flow, according to generally accepted accounting practices and regulations.

During the period 2021/22 new accounting rules have been set and all of them have been taken into account to elaborate the current annual accounts. The new rules haven't changed the accounting policies for the company.

2.2. Non-Mandatory Accounting Principles Applied

During this Financial Year, only those Accounting Principles mandatory according to the Spanish Business Code and the Small & Medium Companies General Accounting Plan have been applied.

The Administrative Body has formulated these Annual Accounts, taking into account all mandatory accounting regulations and principles which carry a significant effect.

There is no principle which, if mandatory, has not been applied.

2.3. Critical Aspects in the Valuation and Judgement of Uncertainty

Due to future development, it is possible that additional information to the existing at the date of formulation of these annual accounts make that some estimates have to be changed in future periods.

2.4. Comparison of the Information

The figures corresponding to the Financial Year ending on March 31, 2022 according to the current law, show comparatively the balances of the previous financial period, which match with the information of the annual account for the financial period ending on March 31, 2021.

3. APPLICATION OF RESULTS

The proposal for the application of the results of the financial period ending March 31, 2022 which the Administrators shall draw up for approval by the Members, together with the distribution approved for the period ending on March 31, 2021, is as follows:

Euros		
Distribution Balance	**2022**	2021
Financial period Profit/Losses	**2,097**	(1,458)
Total	**2,097**	(1,458)
Distribution		
Losses accumulated from previous Financial Periods	**2,097**	(1,458)
Total	**2,097**	(1,458)

4. RECOGNITION AND MEASUREMENT

The main accounting principles and practices applied in the preparation of the annual accounts are adapted to the current legal requirements, highlighting as most important the principles of going concern, accrual, uniformity, prudence, not compensation and relative importance.

The main rules used by the company for the drafting of their financial period Annual Accounts, according to those established in the Spanish General Accounting Plan were the following:

4.1. Financial Instruments

The Company has registered in the chapter of financial instruments, those contracts that give rise to an asset in one company and, simultaneously, a financial liability or an equity instrument in another company. Therefore, this standard results from the application of the following financial instruments:

a) Financial assets:

- Cash and other equivalent liquid assets.
- Loans to third parties: such as loans and financial credits granted, including those arising from the sale of non-current assets
- Equity instruments acquired from other companies: shares, participations in institutions of collective investment and other equity instruments

Long and short-term financial investments

Financial Assets at Amortized cost: A financial asset is included in this category, even when is admitted to trading on an organized market, if the company maintains the investment with the aim of receiving the cash flows derived from the execution of the contract, and the contractual conditions of the financial asset give place, on specified dates, to cash flows that are solely collections of principal and interest on the outstanding principal amount.Contractual cash flows that are solely collections of principal and interest on the amount of the outstanding principal are inherent to an agreement that has the nature of an ordinary loan or common, without prejudice to the fact that the operation is agreed at a zero interest rate or below the market rate. In general, credits for commercial operations are included in this category (those financial assets that originate in the sale of goods and the provision of services for traffic operations of the company with collection deferred), and credits for non-commercial operations (those financial assets that, not being instruments of equity or derivatives, do not have commercial origin and whose collections are of a determined or determinable amount, which come from loan or credit operations granted by the company). That means, within this category there would be the loans and accounts receivable, as well as those securities representing debt, with a date of fixed maturity, collections of a determined or determinable amount, that are negotiated in an active market and that the Company intends and has the capacity to keep until maturity.

- Initial valuation: Initially they are valued at their fair value, plus the transaction costs that are directly attributable to them. However, credits for commercial operations with a maturity of no more than one year and that do not have an explicit contractual interest rate, as well as credits to personnel, dividends receivable and disbursements required on equity instruments, the amount of which is expected to receive in the short term, may be valued at their nominal value when the effect of not updating the cash flows is not significant.
- Subsequent valuation: It is done at amortized cost and accrued interest is recorded in the profit and loss account, applying the effective interest rate method.

  However, credits maturing in no more than one year which, in accordance with the provisions of the preceding section, are initially valued at their nominal value, will continue to be valued at that amount, unless they have been impaired.

  When the contractual cash flows of a financial asset are modified due to the financial difficulties of the issuer, the company will analyze whether it is appropriate to record a loss due to impairment of value.
- Impairment: The Company records the corresponding impairments for the difference between the amount to be recovered from accounts receivable and the book value for which they are recorded.

  At least at year-end, the necessary valuation adjustments are made whenever there is objective evidence that the value of a financial asset included in this category, or of a group of financial assets with similar risk characteristics valued collectively, has been impaired as result of one or more events that have occurred after its initial recognition and that cause a reduction or delay in future estimated cash flows, which may be motivated by the insolvency of the debtor.

The loss due to impairment of the value of these financial assets is the difference between their book value and the current value of future cash flows, including, where appropriate, those from the execution of real and personal guarantees, which is estimated will generate, discounted at the effective interest rate calculated at the time of initial recognition.

Value adjustments for impairment, as well as their reversal when the amount of said loss decreases for reasons related to a subsequent event, are recognized as an expense or income, respectively, in the profit and loss account. The reversal of impairment is limited to the book value of the asset that would be recognized on the reversal date if the impairment had not been recorded.

Financial assets at cost: This category includes, among others, investments in the equity of group companies, jointly controlled entities and associates, as well as other investments in equity instruments whose fair value cannot be determined by reference to a quoted price in an active market for an identical instrument, or a reliable estimate cannot be obtained.

Participating loans whose interests are contingent and any other financial asset that should initially be classified in the fair value portfolio with changes in the profit and loss account when it is not possible to obtain a reliable estimate of its fair value will also be included in this category.

- Initial valuation: They are valued at cost, which is equal to the fair value of the consideration given plus the transaction costs that are directly attributable to them.
- Subsequent valuation: The equity instruments included in this category are valued at their cost, less, where appropriate, the accumulated amount of the valuation corrections for impairment.
- Impairment: At least at year-end, the necessary valuation adjustments are made whenever there is objective evidence that the book value of an investment is not recoverable.

The Company records the corresponding impairments for the difference between the book value and the recoverable amount, understood as the higher amount between its fair value less cost of sale and the present value of the future cash flows derived from the investment, which, in the case of equity instruments, are calculated either by estimating what is expected to be received as a result of the distribution of dividends made by the investee company and the disposal or derecognition of the investment in the same, or by estimate of its participation in the cash flows that are expected to be generated by the investee company, both from its ordinary activities and from its disposal or derecognition.

Unless there is better evidence of the recoverable amount of investments in equity instruments, the estimate of the loss due to impairment of this class of assets is calculated based on the equity of the investee and the tacit capital gains existing at the valuation date, net of the tax effect.

Determining this value, and provided that the investee company has in turn invested in another, the equity included in the consolidated annual accounts prepared by applying the criteria of the Code of Commerce and its implementing regulations is taken into account.

The recognition of valuation corrections for value impairment and, where appropriate, their reversal, are recorded as an expense or income, respectively, in the profit and loss account. The reversal of impairment will be limited to the book value of the investment that would be recognized on the reversal date if the impairment had not been recorded.

b) Financial liabilities:

- Debts for commercial operations: suppliers and other creditors
- Other financial liabilities: debts with third parties, such as financial loans and credits received from persons or companies that are not credit institutions, including those arising from the purchase of non-current assets, guarantees and deposits received and disbursements required by third parties on shares.

  Financial liabilities, for measurement purposes, are included in one of the following categories:

Financial Liabilities at Amortized cost: All financial liabilities are classified in this category except when they must be valued at fair value with changes in the profit and loss account. In general, debits for commercial operations and debits for non-commercial operations are included in this category.

Participating loans that have the characteristics of an ordinary or common loan will also be included in this category without prejudice to the fact that the operation is agreed at a zero interest rate or below the market rate.

- Initial valuation: Initially they are valued at their fair value, which, unless there is evidence to the contrary, is the transaction price, which is equivalent to the fair value of the consideration received adjusted by the transaction costs that are directly attributable to it.

  However, debits for commercial transactions maturing in no more than one year and that do not have a contractual interest rate, as well as disbursements required by third parties on participations, the amount of which is expected to be paid in the short term, can be valued at their nominal value, when the effect of not updating the cash flows is not significant.

- Subsequent valuation: It is done at amortized cost. Accrued interest is recorded in the profit and loss account, applying the effective interest rate method. However, debits maturing in no more than one year which, in accordance with the provisions of the preceding section, are initially valued at their nominal value, will continue to be valued at that amount.

4.2. Tax on Profits

The Company pays tax under the Tax Consolidation System, according to what is set out in Chapter 7 of title 7 of the Law 274/2014 of November 27th of Corporate Tax. Holiday Club Canarias Investment is the parent Company, which presents the correspondent settlement.

A deferred tax asset has been recognized on negative tax bases.

4.3. Income and Expenses

The company recognizes the income derived from a contract when (or as) the transfer to the client of the control over the promised goods or services (that is, the obligation or obligations to be fulfilled) takes place.

The control of a good or service (an asset) refers to the ability to fully decide on the use of that asset and obtain substantially all of its remaining benefits. The control includes the ability to prevent other entities from deciding on the use of the asset and obtaining its benefits.

For each obligation to be fulfilled (delivery of goods or provision of services) that is identified, the company determines at the beginning of the contract whether the commitment assumed will be fulfilled over time or at a certain moment.

The income derived from the commitments (in general, the provision of services or the sale of goods) that are fulfilled over time are recognized based on the degree of progress or progress towards the complete fulfillment of the contractual obligations, provided that the company has reliable information to measure the degree of progress.

The company reviews and, if necessary, modifies the estimates of income to be recognized, as it complies with the commitment assumed. The need for such reviews does not necessarily indicate that the outcome or result of the operation cannot be reliably estimated.
