12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment, that includes forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 365 days past due.

The Company considers a financial asset to be in default when:

– the debtor is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or

– the financial asset is more than 365 days past due.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

– significant financial difficulty of the debtor;

– a breach of contract such as a default or being more than 365 days past due;

– the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;

– it is probable that the debtor will enter bankruptcy or other financial reorganisation; or

– the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the Balance Sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to Statement of Profit and Loss and is recognised in OCI.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs'). Corporate assets are allocated to CGUs being tested considering a reasonable basis of allocation.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in profit or loss. Carrying amounts of the assets in the CGU are reduced on a pro rata basis.

The Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.10 Provisions (other than employee benefits)

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Expected future operating losses are not provided for.

Where the Company expects some or all of the expenditure required to settle a provision will be reimbursed by another party, the reimbursement is recognized when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement is treated as a separate asset.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

Provision for warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency, average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise. Provision for warranty is determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

3.11 Contingent liabilities and assets

i. Contingent liabilities

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

ii. Contingent assets

Contingent asset is not recognised in consolidated financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

3.12 Leasing

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities separately in the Balance Sheet within 'Financial Liabilities'.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognises the lease payments associated with these leases as an expense in profit or loss on a straight-line basis over the lease term.

As a lessor

At inception or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease as part of 'other income'. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the companies expected inflationary cost increases, such increases are recognized in the year in which such benefits accrue.

The Company applies the derecognition and impairment requirements in Ind AS 109 to the net investment in the lease. The Company further regularly reviews estimated unguaranteed residual values used in calculating the gross investment in the lease.

3.13 Earnings per share

i. Basic Earnings Per Share

Basic earnings per share is calculated by dividing the profit (or loss) attributable to the owners of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

ii. Diluted Earnings Per Share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

3.14 Cash and cash equivalents

Cash and cash equivalents comprises of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.15 Cash flow statement

Cash flows are reported using the indirect method, whereby profit before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.16 Investment in subsidiaries

Investment in subsidiaries (under Ind AS 27) are carried at cost, less any impairment in the value of investment, in these financial statements.

3.17 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is considered to be the Chairman and Managing Director who makes strategic decisions and is responsible for allocating resources and assessing performance of the operating segments.

4.1. Standard issued but not yet effective

As on date of release of these financial statements, MCA has not issued any standards/amendments to accounting standards which are effective from 1 April 2024.

Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, the equity shareholders are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

– Unwind of discount	**–**	–
Balance at end of the year	**1,071.15**	454.98

Provision for warranty represent the present value of managements best estimate of the future outflow of economic benefits that will be required under the Company's obligations for warranties. The estimate has been made based on historical warranty trends and may vary as a result of new materials, altered manufacturing process or other events. It is expected that most of these costs will be incurred in the next financial year and all will have been incurred within three years after the reporting date. Assumptions used to calculate the provision for warranties were based on current sales levels and current information available about returns based on the three-year warranty period for all products sold. Further, specific warranty related cases identified are also covered.

(ii) Details of movement in other provisions **(All amounts in Rs. Lakhs, unless otherwise stated)**

Note No: 37 - Segment information

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Managing Director ('MD') and Chairman to make decisions about resources to be allocated to the segments and assess their performance.

For management purposes, the Company is organised into business units based on its products and services to the customer and has two reportable segments, as follows:

– Defence and Homeland security

– Non Defence

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	**For the year ended March 31, 2024**			For the year ended March 31, 2023		
	Defence and homeland security	**Non-defence**	**Total**	Defence and homeland security	Non-defence	Total
External revenue	**61,599.40**	**738.10**	**62,337.50**	34,799.88	1,017.41	35,817.29
Segment profit before tax	**3,850.63**	**(174.60)**	**3,676.03**	7,446.53	152.72	7,599.24

Total depreciation and amortisation	**1,833.59**	2,273.98

Geographic information

The defence and homeland security and non-defence are managed from India and operating manufacturing facilities and sales offices are located in India. The geographic information analyses the Company's revenue and non-current assets by the Company's country of domicile i.e. India. In presenting the geographic information, segment revenue has been based on the geographic location of customers and segment assets were based on the geographic location of the assets.

(All amounts in Rs. Lakhs, unless otherwise stated)

(i) Revenue	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Revenue from external customers		
India	**58,425.12**	32,381.79
Outside India	**4,007.07**	3,642.03
Total sales	**62,432.19**	36,023.82

(All amounts in Rs. Lakhs, unless otherwise stated)

(ii) Non-current assets	**For the year ended March 31, 2024**	For the year ended March 31, 2023
India	**36,208.04**	35,956.15
Outside India	**2,290.47**	2,290.47

Revenue from major products and services

The following is an analysis of the Company's revenue from continuing operations from its major products and services:

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Sale of goods	**43,764.78**	11,609.33
Sale of services		
Operation and maintence, training and support services	**13,105.40**	22,145.71
Turnkey contracts revenue	**5,467.32**	2,062.25
Total	**62,337.50**	35,817.29

The revenues from single customer exceeding 10% or more of entity's revenue is as under:

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
External Customers		
Customer 1	**3,203.60**	5,153.63
Customer 2	**33,902.23**	4,915.35
Customer 3	**208.75**	2,628.08
Customer 4	**1,437.13**	1,609.00
Total	**38,751.71**	14,306.06

Note No: 38 Earnings per share ("EPS")

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Profit for the year attributable to owners of the Company		
Profit attributable to equity holders of the Company	**3,646.87**	5,843.96
Weighted average number of shares used as the denominator		
Weighted average number of equity shares used as the denominator in calculating EPS	**16,723,655**	16,723,655
Basic and Diluted earnings per share		
(a) Basic earnings per share (in Rs.)	**21.81**	34.94
(b) Diluted earnings per share (in Rs.)	**21.81**	34.94
Nominal Value per share		
Equity shares (in Rs.)	**10.00**	10.00

Note No. 39 - Employee benefits

(a) Defined Contribution Plan

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and employee state insurance scheme which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue. The amount recognised as an expense towards contribution to provident and other funds for the year aggregated to Rs. 354.65 Lakhs (Previous year: Rs 312.34 Lakhs).

(b) Defined Benefit Plans:

Gratuity

The Company has a gratuity plan covering qualifying employees. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

These plans typically expose the Company to actuarial risks such as: investment risk, inherent interest rate risk , longevity risk and salary risk.

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest rate risk

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Mortality & disability

Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.

Salary Risk

Higher than expected increases in salary will increase the defined benefit obligation.

Defined benefit plans

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	Unfunded Plans Gratuity	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Amounts recognised in total comprehensive income in respect of these defined benefit plans are as follows:		
Service cost	**138.13**	83.31
Net interest expense	**38.73**	38.78
Components of defined benefit costs recognised in profit or loss	**176.86**	122.09
Remeasurement on the net defined benefit liability		
Actuarial (gains)/loss arising from changes in financial assumptions	**11.73**	(25.39)
Actuarial (gains)/loss arising from experience adjustments	**19.93**	(67.42)
Actuarial (gains)/loss arising from demographic adjustments	**–**	(17.61)
Components of defined benefit costs recognised in other comprehensive income	**31.66**	(110.42)
I. Net Asset/(Liability) recognised in the Balance Sheet at the end of the year		
1. Present value of defined benefit obligation at the end of the year	**663.87**	526.18
2. Fair value of plan assets at the end of the year	**–**	–
3. Surplus/(deficit)	**(663.87)**	(526.18)
4. Current portion of the above	**69.84**	43.83
5. Non current portion of the above	**594.03**	482.35
II. Change in the obligation during the year ended		
1. Present value of defined benefit obligation at the beginning of the year	**526.18**	569.48
2. Acquisition adjustment	**–**	11.72
3. Expenses recognised in Statement of Profit and Loss		
– Current service cost	**95.43**	83.31
– Past service cost	**42.70**	–
– Interest expense (income)	**38.73**	38.78
4. Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
– Actuarial gain/(loss) arising from:		
i. Demographic assumptions	**–**	(17.61)
ii. Financial assumptions	**11.73**	(25.39)
iii. Experience adjustments	**19.93**	(67.42)
5. Benefit payments	**(70.83)**	(66.69)
Present value of defined benefit obligation at the end of the year	**663.87**	526.18

The principal assumptions (demographic and financial) used for the purposes of the actuarial valuations were as follows:-

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	Unfunded plans Gratuity	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Actuarial assumptions		
1. Discount rate	**7.11%**	7.36%
2. Salary Increase	**10.00**	10.00
3. Attrition rate		
Up to 30 years	**21.00**	21.00
31 to 44 years	**20.00**	20.00
above 44 years	**5.00**	5.00
4. Medical premium inflation	**–**	–
5. In service mortality	**IALM (2012-14)**	IALM (2012-14)

The estimate of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is.

(All amounts in Rs. Lakhs, unless otherwise stated)

Principal assumption		Changes in assumption	Impact on defined benefit obligation Increase in assumption	Decrease in assumption
Discount rate				
	2024	**1.00%**	**(47.03)**	**50.00**
	2023	1.00%	(38.64)	41.16
Salary growth rate				
	2024	**1.00%**	**48.42**	**(46.03)**
	2023	1.00%	39.95	(37.92)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

	As at March 31, 2024	As at March 31, 2023
Within 1 year	**69.84**	43.83
1 - 2 year	**56.08**	51.10
2 - 3 year	**52.06**	43.30
3 - 4 year	**56.15**	40.76
4 - 5 year	**49.74**	39.70
5 - 6 years	**40.04**	34.85
6 years onwards	**339.97**	272.65
	663.88	526.19

(ii) Compensated absences (unfunded)

The leave obligations cover the Company's liability for sick and earned leaves. The Company does not have an unconditional right to defer settlement for the obligation shown as current provision. However based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months, therefore based on the independent actuarial report, only a certain amount of provisions has been recognised in the statement of profit and loss. Amount of Rs.83.57 Lakhs (March 31, 2023: Rs. 94.13 Lakhs) has been recognised in the Statement of Profit and Loss.

	As at March 31, 2024	As at March 31, 2023
Compensated absences (unfunded)		
Current	**35.28**	90.28
Non-current	**253.24**	246.73
	288.52	337.01

Note No: 40 - Financial Instruments

a) The following methods and assumptions were used to estimate the fair values :

The following table shows the carrying amounts of financial assets and financial liabilities.

As at March 31, 2024

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	Amortised cost	Fair value through profit and loss	Fair value through other comprehensive income	Total

Note : Investment in equity shares of subsidiaries amounting Rs 2,290.47 Lakhs (previous year Rs 2,290.47 Lakhs) (net of impairment loss) being carried at cost and is tested for impairment

b) Fair value hierarchy

The fair value of financial Instruments as referred to in note (a) above has been classified into three category depending on the inputs used in valuation technique. The hierarchy gives the highest priority to quoted price in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Financial assets and liabilities measured at fair value as at March 31, 2024

Particulars	**Level 1**	**Level 2**	**Level 3**	**Total**

(i) Investment in subsidiaries (under Ind AS 27) are carried at cost.

Investment in mutual funds are measure at fair value through profit and loss. There fair value has been determined on the basis of market rate as on reporting date.

* The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, loans, other current financial assets which comprise of security deposits receivable, interest on bank deposits, bank deposits, other receivable, short term borrowings, trade payables, lease liabilities, other current financial liabilities which comprise of security deposits received, capital creditors, employee related payables and others approximates the fair values, due to their short-term nature.

^ Non-current trade receivable do not contain significant financing component as the cash difference between the promised consideration and the cash selling price of the good or service arises for reasons other than the provision of finance. The other non-current financial assets represents security deposits paid which is paid to electricity department for procuring electricity services and non-current security deposit as clubbed in financial liabilities represents deposits received from customer, the carrying values of which approximates the fair values as on the reporting date.

** The lease liabilities represent non-current and current lease liabilities the carrying value of which approximates the fair values as on the reporting date.

Valuation process and technique used to determine fair value

The fair value of investments in mutual fund units is based on the net asset value (NAV) as stated by the issuers of these mutual fund units in the published statement as at the Balance Sheet date.

Transfers between Levels 1, Level 2 and Level 3

There has been no transfer between level 1, level 2 and level 3 for the years ended March 31, 2024 and March 31, 2023.

c) **Financial Risk Management Framework**

The Company's activities may be exposed it to market risk, liquidity risk, credit risk and interest risk. This note explains the source of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

The Company's Board of Directors has overall responsibility for the establishment and oversight of the company's risk management framework.

The Company has exposure to the following risks arising from financial instruments:

– credit risk
– liquidity risk
– market risk
– currency risk
– price risk

The Company's risk management is carried out by a treasury department under the supervision of Chief Financial Officer of the Company. The treasury department identifies and evaluates financial risks. The board of directors provides oversees overall risk management, as well as policies covering specific areas, such as interest rate risk, liquidity risk etc.

The Board of Directors of the Company oversees how management monitors compliance with the Company’s risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

(i) **Credit risk management**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The maximum exposure to credit risk is represented by the total carrying amount of these financial assets in the Balance Sheet.

(All amounts in Rs. Lakhs, unless otherwise stated)

Non current receivable of Rs 4,004.69 Lakhs are not due or unbilled as the case maybe as on the balance sheet date. These receivables will be due for payment on various dates ranging from one year to five years from the balance sheet date.

Expected credit losses for financial assets other than trade receivables

The Company maintains its cash and cash equivalents and bank deposits with reputed banks. The credit risk on these instruments is limited because the counterparties are bank with high credit ratings assigned by domestic credit rating agencies. Hence,the credit risk associated with cash and cash equivalent and bank deposits is relatively low.

Loan comprises loans given to related parties, which are short term in nature and hence credit risk associated with such amount is also relatively low.

Mutual funds investments are measured at mark to market hence, the credit risk associated with these investments already considered in valuation as on reporting date.

Security deposits are given for operational activities of the Company and will be returned to the Company as per the contracts with respective vendors.These security deposits carry very minimal credit risk based on the financial position of parties and Company's historical experience of dealing with the parties.

Expected credit losses for trade receivables

Credit risks related to receivables is managed as per the Company's policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on trade receivables by using lifetime expected credit losses as per simplified approach wherein the weighted average loss rates are analysed from the historical trend of defaults relating to each business segment. Such provision matrix has been considered to recognize lifetime expected credit losses on trade receivables.

The Company evaluates the concentration of risk with respect to trade receivables as low, since its customers are government and credit risk associated with them are low and there is no reasonable expectation of loss of recovery.

(ii) Liquidity Risk

(I) Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with financial liabilities. The investment philosophy of the Company is capital preservation and liquidity in preference to returns. The Company consistently generates sufficient cash flows from operations and has access to multiple sources of funding to meet the financial obligations and maintain adequate liquidity for use. The Company manages liquidity risk by maintaining adequate reserve, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Maturities of financial liabilities

The following tables details the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	**Contractual cash flows**					
	6 months or less	**6–12 months**	**Between 1 and 2 years**	**Between 2 and 5 years**	**More than 5 Years**	**Total**

Total	6,606.30	3,205.55	3,868.10	90.73	24.19	135.94	13,930.81

(iii) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises one type of risk: currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(iv) Price risk

The Company invests in mutual funds which are susceptible to market price risk arising from uncertainties about future values of the investment securities. In order to manage its price risk arising from investments, the Company diversifies its portfolio in accordance with the limits set by the risk management policies.

Foreign currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities.The Company undertakes transactions denominated in foreign currency (mainly US Dollar ('USD'), British pound sterling ('GBP') and Euro ('EUR')) which are subject to the risk of exchange rate fluctuations. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited hence the Company does not use any derivative instruments to manage its exposure.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	Currency	As at March 31, 2024 Amount in INR	As at March 31, 2023 Amount in INR
Trade receivables	USD	**968.79**	533.27
Trade receivables	GBP	**–**	2,512.48
Trade payables	USD	**214.02**	441.52
Trade payables	EUR	**–**	140.96
Trade payables	GBP	**186.92**	0.17
Total		**11,056.25**	3,628.40

Of the above foreing currency exposures, the following exposures are not hedged by a derivative:

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	Currency	As at March 31, 2024 Amount in INR	As at March 31, 2023 Amount in INR
Trade receivables	USD	**968.79**	533.27
Trade receivables	GBP	**–**	2,512.48
Trade payables	USD	**214.02**	441.52
Trade payables	EUR	**–**	140.96
Trade payables	GBP	**186.92**	0.17
Total		**11,056.25**	3,628.40

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR, GBP exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	Currency	Change in rate	Effect on profit before tax	Effect on other components of equity
As at March 31, 2024	**USD**	**+10%**	**75.48**	**56.48**
	USD	**-10%**	**(75.48)**	**(56.48)**
	EUR	**+10%**	**–**	**–**
	EUR	**-10%**	**–**	**–**
	GBP	**+10%**	**(18.69)**	**(13.99)**
	GBP	**-10%**	**18.69**	**13.99**
As at March 31, 2023	USD	+10%	9.17	6.87
	USD	-10%	(9.17)	(6.87)
	EUR	+10%	(14.10)	(10.55)
	EUR	-10%	14.10	10.55
	GBP	+10%	251.23	188.00
	GBP	-10%	(251.23)	(188.00)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Note No: 43 - Information in respect of Options granted under the Holding Company's Employee Stock Option Schemes ('Schemes')

The employees of the Company covered under Mahindra & Mahindra Limited (Holding company) Employee Stock Option Scheme (M&M ESOS) are granted an option to purchase shares of Mahindra & Mahindra Limited in accordance with the terms and conditions of the scheme as approved by Mahindra & Mahindra Limited from time to time. Each Option entitles the holder thereof to apply for and be allotted ten Ordinary Shares of Mahindra & Mahindra Limited of Rs. 5.00 each upon payment of the exercise price during the exercise period.

The Options have been granted at the 'market price' as defined from time to time under the erstwhile Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. The fair value of the options granted is determined using the Black Scholes Option Pricing model at the grant date.

The scheme has been recognized as cash settled share based payment scheme in accordance with Ind AS 102 – Share Based Payment. The fair value of options granted is recognized as employee benefits expense , net of reimbursements, if any. The total cost recognized during the year amounted to Rs. Nil (previous year- Rs. 0.17 Lakhs). The Company consider these amounts as not material and accordingly has not provided for the disclosures.

Note No: 44 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

Note No: 45 - There are no amounts that are due to be transferred to investor Education and Protection Fund in accordance with the relevant provisions of the Companies Act , 2013 and rules made thereunder.

Note No: 46 - Contingent liabilities, commitments and other claims

The Company's policy is to provide financial guarantees only for subsidiaries' liabilities. As at March 31, 2024 and March 31, 2023, the Company has issued a guarantee to certain banks in respect of credit facilities granted to subsidiary.

Note No: 52 - Struck off companies

During the year, the Company has not entered into any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

Note No: 53 - Additional regulatory information

(a) The Company has undrawn limits from banks/ FI on the basis of security of current asset. The quarterly returns or statements viz. Financial report filed by the Company with such banks are in agreement with the unaudited books of account of the Company for the said period.

(b) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

(c) The Company has complied with the number of layers prescribed under the Companies Act, 2013.

(d) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

  i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

  ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(e) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

  i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

  ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(f) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year. (Refer Note No. 57)

(g) The Company has not any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

(h) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(i) The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year.

(j) The Company had charge against limit sanctioned by HDFC bank worth Rs. 4,600 lakhs, they were satisfied in pursuance of merger of limits of Mahindra Defence System Limited with Mahindra Land System Limited on April 6, 2017. The registration of satisfaction of such charges is pending as at March 31, 2024.

(k) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(l) The Company has not granted any loans to the promoters, directors, KMPs and the related parties (as defined under Companies Act, 2013), either severally or jointly with any other person which are repayable on demand or without specifying any terms or period of repayments as at March 31, 2024 (as at March 31, 2023: Nil).

Note No: 54 - Capital management

The primary objective of the Company's capital management is to safeguard the Company's ability to continue as a going concern, maintain a strong credit rating and a healthy capital ratio to support the business and to enhance shareholder value. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and business strategies to maintain or adjust the capital structure, issue new shares or raise and repay debts. The Company's capital management objectives, policies or processes were unchanged during the year.

The Company monitors capital using 'total debt to total capital' and 'net debt to total capital' ratios. These ratios are as follows:

Debt equity ratio

(All amounts in Rs. Lakhs, unless otherwise stated)

Particulars	**As at March 31, 2024**	As at March 31, 2023
Total debt	**8,119.14**	–
Net debt*	**3,048.18**	–
Total equity :		
Total capital(based on total debt)	**56,521.13**	46,033.08
Total capital(based on net debt)	**51,450.17**	46,033.08
Net debt to equity ratio	**0.05:1**	0.00:1
Total debt to total capital (based on total debt) ratio (%)	**0.14:1**	0.00:1
Net debt to total capital (based on net debt) ratio (%)	**0.06:1**	0.00:1

*** Total debt less cash and cash equivalents if negative then restricted to nil.**

Note No: 55 - Ratios as required by Schedule III to the Companies Act, 2013:

S.No	Particulars	Numerator	Denominator	March 31, 2024	March 31, 2023	Variance	Reason for variance (exceeding 25%)
1	Current ratio	Current assets	Current liabilities	1.98	2.60	(24%)	Primarily due to loan obtained from the holding company during the year.

8	Net capital turnover ratio	Revenue from operations	Total current assets – current liabilities	1.65	0.93	77%	Primarily on account of increase in revenue during the year.
9	Net profit ratio	Profit for the year	Revenue from Operations	6%	16%	(64%)	Primarily on account of decrease in profit after tax during the year.
10	Return on capital employed	Profit before tax + finance costs	Average Capital Employed = Total Equity +Total Borrowings-Other intangible assets	12%	21%	(44%)	Primarily on account of decrease in profit after tax during the year.
11	Return on investment	Income generated from investments	Average investments	7%	5%	32%	Primarily on account of dividend received from subsidiary during the year.

Note No: 56 - Proposed dividend

The Board of Directors, its meeting held on April 20, 2024 has recommended a final dividend of Rs 7.50 (previous year Rs.7.50) per equity share of Rs. 10 each aggregating to Rs. 1,254.27 Lakhs (previous year Rs.1,254.27 lakhs) for the financial year ended March 31, 2024. Recommendation is subject to the approval of shareholders at the ensuing Annual General Meeting.

Note No: 57 - Merger of Mahindra Defence Systems Limited & Mahindra Telephonics Integrated Systems Limited

On 27 March 2023, the Board of Directors of the Company has approved composite scheme of amalgamation and arrangement amongst Mahindra Telephonics Integrated Systems Limited ('Transferor Company') and Mahindra Defence Systems Limited ('Transferee Company') with proposed appointed date of April 1, 2023. The Company has filed the Scheme before National Company Law Tribunal (NCLT) on May 5, 2023 and the Scheme was approved by NCLT subject to certain approvals from government authorities. As on date of approval of the financial statements by board of directors, the Company has not received required approvals from government authorities therefore merger has not become effective.

Further, on March 20, 2024 the Company has filed request for extension with NCLT for implement of the scheme.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Telephonics Integrated Systems Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Telephonics Integrated Systems Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
    b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
    c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
    d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
    e. On the basis of the written representations received from the directors as on 1 April 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.
    f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
    g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    h. The Company does not have any pending litigations which would impact its financial position.
    i. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    j. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
    k. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 36 (vi) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

       (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 36 (vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

       (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
    e. The Company has neither declared nor paid any dividend during the year.
    f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) Page herein facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

   C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

   In our opinion and according to the information and explanations given to us, the remuneration paid and payable by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid and payable to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA TELEPHONICS INTEGRATED SYSTEMS LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified annually. In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it (and/or services provided by it). Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited with the appropriate authorities, though there have been slight delays in a few cases of Income Tax.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The requirements stipulated by the provisions of Section 177 of the Companies Act, 2013 are not applicable to the Company. According to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us by the management of the Company, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has four CIC (which are exempted or not registered with Reserve Bank of India as being Systemically Important CIC). We have not, however, separately evaluated whether the information provided by the management is accurate and complete.

(xvii) The Company has not incurred any cash losses in the current year and incurred cash losses of Rs. 663.70 lacs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due. Also refer to note 37 to the financial statements.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA TELEPHONICS INTEGRATED SYSTEMS LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Telephonics Integrated Systems Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

(All amounts in Indian ₹ Lacs, unless otherwise stated)

1 **CORPORATE INFORMATION**

Mahindra Telephonics Integrated Systems Limited ("the Company") is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956 having its registered office at Mumbai City, Maharashtra - 400018. The Company is a wholly owned subsidiary of Mahindra Defence Systems Limited w.e.f 17 June 2022. Previously it was jointly held by Mahindra Defence Systems Limited and Telephonics corporation, USA.

The financial statements were authorised for issue in accordance with resolution of the Board of Directors on 20 April 2024.

1.01 Basis of preparation

These financial statements comply in all material aspects with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013, relevant provisions of the Companies Act, 2013 ("the Act') and other accounting principles generally accepted in India. Financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

– Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

– Net defined benefit (asset)/ liability- Fair value of plan assets less present value of defined benefit obligations.

1.02 Functional and presentation currency

These financial statements are presented in Indian rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs up to two place of decimal, unless otherwise indicated.

1.03 Current versus non-current classification

Based on time involved between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

2 **MATERIAL ACCOUNTING POLICIES**

2.01 Use of estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about significant areas of estimation/uncertainty and judgements in applying accounting policies that have the most significant effect on the financial statements are as follows:-

Note 2.08:- Measurement of defined benefit obligations: key actuarial assumptions;

Note 2.02 and 2.03:- Measurement of useful life and residual values of property, plant and equipment and useful life of intangible assets;

Note 2.05:- Fair value measurement of financial instruments;

Note 2.13:- Judgement required to ascertain lease classification

Note 2.11 and 31:- Judgement required to recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilised.

2.02 Property, Plant and Equipment

Property, plant and equipment including capital work in progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price, taxes, duties, freight and other incidental expenses directly attributable and related to acquisition and installation of the concerned assets and are further adjusted by the amount of GST credit availed wherever applicable. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their respective useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Capital work- in- progress includes cost of property, plant and equipment under installation/under development as at the balance sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives and is generally recognised in the statement of profit and loss. The residual value are not more than 5% of the original cost of assets.

Depreciation on property, plant & equipment is provided on pro-rata basis on straight-line method using the useful lives of the assets estimated by management and in the manner prescribed in Schedule II of the Companies Act 2013. The useful life of Property, Plant and Equipment are as follows:

Assets	Useful life (in years)
Plant and Equipment:	15
Office Equipment (clubbed under plant and equipment):	5
Computers and Peripherals	3
Mobile Phones (clubbed under computer and peripherals):	2
Furniture and Fixtures:	10
Vehicles:	5
Electric Installation:	10

Vehicles and mobile phones are depreciated over the estimated useful lives of 5 years and 2 years, respectively, which are lower than those indicated in Schedule II. On the basis of technical assessment made by the management, it believes that the useful lives as given above best represent the period over which the assets are expected to be used.

Leasehold improvements are depreciated on straight line basis over the remaining lease agreement period.

2.03 Intangible assets

Separately acquired intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangibles, excluding capitalised development cost, are not capitalised and the related expenditure is reflected in Statement of Profit and Loss in the period in which the expenditure is incurred. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from disposal of the intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the assets are disposed off.

Intangible assets with finite useful life are amortised on a straight line basis over their estimated useful life as follows:

Assets	**Useful life (in years)**
Softwares	5/10

2.04 Foreign currencies

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction.

Measurement of foreign currency items at the balance sheet date

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transaction/ Non-monetary item measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognised as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.05 Financial instruments

a. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company become a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

b. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

– amortised cost;

– FVTPL

Financial assets are not reclassified subsequently to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

– the asset is held with in a business model whose objective is to hold assets to collect contractual cash flows; and

– the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Company may irrecoverably designate a financial asset that otherwise meets the requirement to be measured at amortised cost as at FVTPL if doing so eliminate or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost at effective interest rate. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairments are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities:

Financial liabilities are classified as measure at cost amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative and it is designated as such on initial recognition. Financial liabilities at FVTPL and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

c. Derecognition

Financial assets

The company derecognises a financial asset when the contractual rights to cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfer assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not recognised.

Financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The company also derecognises a financial liability when its terms are modified and then cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

d. Offsetting

Financial assert and financial liabilities are offset and net amount presented in the balance sheet when and only when the Company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.06 Inventories

a) Basis of valuation:

i) Inventories are valued at lower of cost and net realisable value after providing cost of obsolescence, if any. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realisable value is made on an item-by-item basis.

b) Method of Valuation:

i) **Cost of raw materials and components** has been determined by using moving average basis and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

ii) Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.07 Government Grants

Government Grants are recognised at their fair value when there is reasonable assurance that the grant will be received and all the attached conditions will be complied with.

When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

2.08 Employee benefits

A Short-term obligations

Liabilities for salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

B Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

C Post-employment obligations

The Company operates the following post-employment schemes:

(a) defined benefit plan such as gratuity and post-employment medical benefit liability; and

(b) defined contribution plan such as provident fund.

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

2.09 Revenue Recognition

The Company earns revenue primarily from sale of goods and rendering of maintenance services.

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

– Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer.

– Revenue from services is recognised in accordance with the terms of contract when the services are rendered and the related costs are incurred.

Revenue is measured based on the transaction price, which is the consideration as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Project work in progress includes cost incurred in fulfiling contract with customer(s) recognised in accordance with principals of Ind AS 115 - Revenue from contract with customers.

Interest income is recognised on time proportion basis taking into account the amount outstanding and the applicable interest rates and is disclosed in “other income”.

2.10 Earnings/(Loss) Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

2.11 Taxes

Tax expense for the year comprises of current tax and deferred tax.

Current Tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 enacted in India by using tax rates and the tax laws that are enacted at the reporting date.

Current income tax relating to item recognised outside the statement of profit and loss is recognised outside profit or loss (either in other comprehensive income or equity). Current tax items are recognised in correlation to the underlying transactions either in OCI or directly in equity.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or direct in equity.

2.12 Impairment of non- financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses including impairment on inventories, are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.13 Leases

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.14 Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to Statement of Profit and Loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are recognised as expense in the period in which they occur.

2.15 Provisions and Contingent Liabilities

Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

2.16 Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(i) In the principal market for asset or liability, or

(ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.17 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is considered to be the Board of Directors who makes strategic decisions and is responsible for allocating resources and assessing performance of the operating segments.

2.19 Recent pronouncements

As on date of release of these financial statements, MCA has not issued any standards/amendments to accounting standards which are effective from 1 April 2024.

24 Leases

Lease liabilities under IND AS 116 - Company as lessee

i) The Company has taken building premises on lease.

ii) The following is the movement in right-of-use assets during the year:

Particulars	**For the year ended 31 March 2024**	For the year ended 31 March 2023
Balance at the beginning of the year	**113.06**	233.39
Amortization during the year	**113.06**	120.33
Additions to right-of-use assets	**–**	–
Balance at the end of the year	**–**	113.06

(All amounts in Indian ₹ Lacs, unless otherwise stated)

iii) The following is the movement in lease liabilities during the year:

Particulars	**For the year ended 31 March 2024**	For the year ended 31 March 2023
Balance at the beginning of the year	**149.73**	288.38
Addition during the year	**–**	–
Finance cost accrued during the year	**6.08**	20.01
Payment of lease liabilities	**(155.81)**	(158.66)
Balance at the end of the year	**–**	149.73

iv) The following is the break-up of current and non-current lease liabilities as at year end:

Particulars	**As at 31 March 2024**	As at 31 March 2023
Current lease liabilities	**–**	149.73
Non-current lease liabilities	**–**	–
Total	**–**	149.73

v) Amounts recognised in profit or loss

Particulars	**For the year ended 31 March 2024**	For the year ended 31 March 2023
Interest expense on lease liabilities	**6.08**	20.01
Expenses relating to leases of low-value assets	**13.88**	3.69

vi) Cash outflow for leases - 31 March 2024: Rs 155.81 (31 March 2023: Rs 158.66)

vii) Maturity analysis of lease liabilities - Refer note 29 - Liquidity Risk (Other non-current financial liabilities)

25. Disclosures pursuant to Ind AS - 19 "Employee Benefits" are given below:

Contribution to Defined Contribution Plan, recognised as expense for the year is as under:

	For the year ended 31 March 2024	For the year ended 31 March, 2023
Employer's Contribution towards Provident Fund (PF)	**16.97**	21.23
Employer's Contribution towards Employee State Insurance (ESI)	**–**	0.08
Employer's Contribution towards Labour welfare fund	**0.25**	0.22
	17.22	21.53

Defined Benefit Plan

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. Every employee is entitled to the benefit equivalent to 15 days of total basic salary last drawn for each completed year of service.

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The calculation of the Company's obligation under the plan is performed annually at the balance sheet date by a qualified actuary using the projected unit credit method.

The company provides post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through Mediclaim policy on which the premiums are paid by the company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

The company has suspended the post retirement medical benefit policy with effect from 1 April, 2023, the disclosure with respect to comparative year has been made for informative purposes only.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and post retirement medical cover plan and the amounts recognised in the Company's financial statements as at balance sheet date:

28 Fair value measurements

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments:

Financial instruments by category	Carrying Value		Fair Value	
	As at 31 March 2024	As at 31 March 2023	**As at 31 March 2024**	As at 31 March 2023
Financial assets at amortised cost				
Trade receivables	**3,971.82**	17.52	**–**	–
Cash and cash equivalents	**–**	–	**–**	–
Bank balances other than cash and cash equivalents above	**–**	9.43	**–**	–
Other financial assets (current)	**268.02**	24.78	**–**	–
Other financial assets (non-current)	**0.55**	12.71	**–**	–
	4,240.39	64.44	**–**	–
Financial Liabilities at amortised cost				
Borrowings	**3192.09**	820.77	**–**	–
Lease liabilities	**0**	149.73	**–**	–
Trade Payables	**1,492.34**	503.86	**–**	–
Other financial liabilities	**90.96**	65.35	**–**	–
	4,775.39	1,539.71	**–**	–

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are:

a. Recognised and measured at fair value and

b. measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the indian accounting standard 113.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities,

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly,

Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Quantitative disclosures of fair value measurement hierarchy for assets as on 31 March 2024

	Carrying Value	Fair Value		
Assets carried at amortised cost for which fair value are disclosed	**31 March 2024**	Level 1	Level 2	Level 3
Other financial assets	**27.31**	–	–	27.31

Quantitative disclosures of fair value measurement hierarchy for assets as on 31 March 2023

	Carrying Value	Fair Value		
Assets carried at amortised cost for which fair value are disclosed	31 March 2023	Level 1	Level 2	Level 3
Other financial assets	**25.33**	–	–	25.33

Note : The management assessed that cash and cash equivalents, bank balance other than cash and equivalent, trade receivables, trade payables, borrowings and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

29 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade payables, borrowings and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets includes security deposits given for rental properties taken on lease and equipment leases, trade and other receivables, and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarised as below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Since its nature of business does not involve commodities, it is not exposed to interest rates risk and other price risk. Financial instruments affected by market risks include interest rate risk, deposits and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at 31 March 2024. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations, provisions, and the non-financial assets and liabilities. The sensitivity of the relevant profit and loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of 31 March 2024.

(All amounts in Indian ₹ Lacs, unless otherwise stated)

(i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is party balanced by purchasing of goods from the respective countries. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows establish risk management policies and plan the purchases and sales in manner with similar credit period and payment period that results in a natural hedge and cover risk arising due to volatility in the foreign currency risk.

Foreign currency risk sensitivity

The following table analyzes foreign currency risk from financial instruments as of 31 March 2024 and 31 March 2023:

	As at 31 March 2024			As at 31 March 2023		
Particulars	**USD**	**EUR**	**Total**	USD	EUR	Total
Trade Receivables	**81.04**	**–**	**81.04**	–	–	–
Trade Payable	**–**	**644.77**	**644.77**	–	–	–
Total	**81.04**	**644.77**	**725.81**	–	–	–

Foreign Currency Sensitivity

Effect in INR	**Profit/(loss) before tax for the year ended 31 March 2024**		Profit/(loss) before tax for the year ended 31 March 2023	
1% movement	**Strengthening**	**Weakening**	Strengthening	Weakening
USD	**0.81**	**(0.81)**	–	–
EUR	**6.45**	**(6.45)**	–	–
	7.26	**(7.26)**	–	–

(ii) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to the risk of changes in market interest rates since the Company's investment in fixed deposits with bank are carried at amortised cost. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's secured loan from bank with floating interest rate.

During the earlier years, the Company has not experienced any significant increase in floating interest rates and therefore, has not purchased any formal interest rate swaps and derivatives for the floating interest rate loan taken. The Company's treasury department manages the interest rate risk by regularly monitoring the requirement to hedge any of its floating interest rate loan taken.

The Company does not account for any fixed-rate financial assets or financial liabilities, at FVTPL, and the Company does not designate derivatives (interest rate swaps) as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

The interest rate profile of the Company's interest-bearing financial instruments is as follows:

	As at 31 March 2024	As at 31 March 2023
Variable-rate instruments		
Working capital demand loan/cash credit from banks (secured)	**1,192.09**	820.77
Inter-Corporate Deposits (unsecured)	**2,000.00**	–

In order to optimize the Company's position with regard to interest income and interest expenses and to manage the interest rate risk, the finance department undertakes the interest risk management exercise from time to time.

Sensitivity analysis

The below mentioned table demonstrates the sensitivity to a reasonably possible change in interest rates, with all variables held constant, (through the impact on floating rate loan)

	Impact on profit after tax / other equity	
	March 31, 2024	March 31, 2023
Interest rates - increase by 50 bps	**15.96**	4.10
Interest rates - decrease by 50 bps	**(15.96)**	(4.10)

(b) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

(i) Trade Receivables

Currently, the Company is primarily engaged in supplying goods to Telephonics Corporation which was one its shareholder till 17 June 2022. Further, for unrelated parties, the customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management.

Lifetime expected credit loss are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

Management believes that the unimpaired amounts that are 6 months past due date are still collectible in full. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Considering the above factors the trade receivables continue to have a negligible credit risk on initial recognition and thereafter on each reporting date.

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company with the its treasury policy. Investments of surplus funds are made in bank deposits and other risk free securities. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2024 is the carrying amounts. The Company's maximum exposure relating to financial is noted in liquidity table below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

(All amounts in Indian ₹ Lacs, unless otherwise stated)

	As at 31 March 2024	As at 31 March 2023
Financial assets		
Trade Receivables	**3,971.82**	17.52
Bank balances other than cash and cash equivalent	**–**	9.43
Other financial assets (non-current)	**0.55**	12.71
Other financial assets (current)	**268.02**	24.78
	4,240.39	64.44

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally invests in deposits with banks with high credit ratings assigned by domestic credit rating agencies.

The ageing analysis of trade receivables (gross of provision) has been considered from the date the invoice falls due

Particulars	As at 31 March 2024	As at 31 March 2023
Neither past due nor impaired	**–**	8.67
0 to 180 days due past due date	**3,971.82**	117.10
More than 180 days past due date	**–**	123.31
Total Trade Receivables (gross of provision)	**3,971.82**	249.08

The following table summarises the change in loss allowance measured using the life time expected credit loss model:-

	As at 31 March 2024	As at 31 March 2023
Balance at the beginning of the year	**231.56**	–
Provision during the year	**8.85**	231.56
Bad debts written off	**(80.78)**	–
Balance at the end of the year	**159.63**	231.56

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits and current account with bank. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

As at 31 March 2024	Less than 1 year	1 to 5 years	Total
Borrowings	**3,192.09**	**–**	**3,192.09**
Lease liabilities	**–**		**–**
Trade Payables	**1,492.34**	**–**	**1,492.34**
Other current financial liabilities	**90.96**	**–**	**90.96**

As at 31 March 2023	Less than 1 year	1 to 5 years	Total
Lease liabilities	149.73	–	149.73
Trade Payables	503.86	–	503.86
Other current financial liabilities	65.35	–	65.35

30 Capital Management

For the purposes of Company's capital management, capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximise shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2024 and 31 March 2023.

The Company monitors capital using gearing ratio, which is net payables (including borrowings) divided by total capital plus net payables (including borrowings).

Particulars	31 March 2024	31 March 2023
Borrowings (net of cash and cash equivalent)	**3,192.09**	820.77
Net Debt	**3,192.09**	820.77
Equity	**(89.19)**	18.31
Total Capital	**(89.19)**	18.31
Capital and Net Debt	**3,102.90**	839.08
Gearing ratio	**102.87%**	97.82%

31. Income Taxes

		For the year ended 31 March 2024	For the year ended 31 March 2023
A	**Amount recognised in Statement of Profit and Loss**		
	Current tax		
	Current period (a)	–	–
	Deferred tax asset (net) (b)		
	Deferred tax asset (net)	–	–
	Tax expense	–	–
B	**Income tax recognised in other comprehensive income**		
	Remeasurements of defined benefit liability/(asset)		
	Before tax	**4.24**	22.28
	Tax (expense)/ benefit	**–**	–
	Net of tax	**4.24**	22.28
C	**Reconciliation of effective tax rate**		
	(Loss) before tax	**(111.74)**	(442.31)
	Enacted tax rates in India	**26.00%**	26.00%
	Computed tax expense	**(29.05)**	(115.00)
	Timing differences	**(25.07)**	54.22
	Tax on carried forward losses	**54.12**	60.78
	Income tax expense	**–**	(0.00)

(All amounts in Indian ₹ Lacs, unless otherwise stated)

		As at 31 March 2024	As at 31 March 2023
D	**Income tax assets and income tax liabilities**		
	Advance tax	**11.42**	17.02
		11.42	17.02
E	**Deferred tax assets (net)**		
	Deferred tax assets on account of:		
	Lease Liability	**–**	9.53
	Provision for employee benefits	**17.17**	19.05
	Impairment allowances for trade receivables considered doubtful	**41.50**	60.21
	Carry forward business losses and unabsorbed depreciation	**919.26**	948.59
	Total deferred tax asset (A)	**977.93**	1,037.38
	Deferred tax liabilities on account of:		
	Property plant and equipment	**(0.07)**	(3.57)
	Total deferred tax liabilities (B)	**(0.07)**	(3.57)
	Net deferred tax assets /(liabilities) (A)-(B)	**977.86**	1,033.81
	Deferred tax assets recognised	**–**	–

The Company has significant unabsorbed depreciation and carry forward losses. Further, there exists no convincing evidence that sufficient taxable profit will be available against which such deferred tax assets can be realised. Accordingly, the Company has not recognised deferred tax assets in the books of account.

F Movement of temporary differences

	As at 31 March 2022	Temporary Difference	Carry forward business losses and Unabsorbed depreciation	As at 31 March 2023	Temporary Difference	Carry forward business losses and Unabsorbed depreciation	As at 31 March 2024
Property plant and equipment	(2.80)	(0.77)	–	(3.57)	3.50	–	**(0.07)**
Lease Liability	14.29	(4.76)	–	9.53	(9.53)	–	**–**
Provision for employee benefits	24.19	(5.14)	–	19.05	(1.88)	–	**17.17**
Loss allowances on trade receivables	–	60.21	–	60.21	(18.70)	–	**41.50**
Carry forward business losses and unabsorbed depreciation	1,193.37	–	(244.78)	948.59	–	(29.33)	**919.26**
	1,229.05	49.54	(244.78)	1,033.81	(26.61)	(29.33)	**977.87**

Tax losses and tax credits for which no deferred tax asset was recognised expire as follows:

Particulars	Expiry date	**As at 31 March 2024**	Expiry date	As at 31 March 2023
Business Loss				
FY 2015-16	–	**–**	31-Mar-24	354.24

35 Analytical ratios

Ratio	Numerator	Denominator	Current Year	Previous Year	% variance	Reason for variance
Current Ratio	Total current assets	Total current liabilities	1.03	1.60	36%	Variation because of increase in current assets and current liabilities during the year.
Debt-equity ratio	Total debt	Total equity	(35.79)	44.83	180%	Variation because of increase in borrowings during the year.
Debt service coverage ratio	Earnings available for debt service = Loss for the year + non-cash operating expenses + interest + other non-cash adjustments	Debt service = Interest + Lease Payments + Principal repayments	0.69	(5.20)	113%	Variation because of increase in borrowings during the year.
Return on equity ratio	Loss for the year	Average total equity	(315%)	(194%)	(63%)	Variation because of decrease in equity during the year due to losses.
Inventory turnover ratio	Cost of material consumed	Average inventory	4.26	0.15	(2700%)	Variation because of increase in revenue during the year.
Trade receivable turnover ratio	Revenue from operations	Average trade receivables	2.21	0.42	(421%)	Variation because of increase in revenue during the year.
Trade payables turnover ratio	Cost of material consumed + Other expenses	Average trade payables	3.82	0.86	(342%)	Variation because of increase in revenue during the year.
Net capital turnover ratio	Revenue from operations	Working capital = Total current assets - Total current liabilities	23.94	0.17	(14113%)	Variation because of increase in revenue during the year.
Net profit ratio	Loss for the year	Revenue from operations	(3%)	(159%)	98%	Variation because of increase in revenue during the year.
Return on capital employed	Losses before tax and finance cost	Tangible Net Worth + Total Debt	2%	(43%)	105%	Variation because of increase in borrowings and reduction in Losses before tax and finance cost during the year.
Return on investment	Income generated from invested funds	Average investments	N.A.	N.A.	N.A.	

36 Other statutory information

i During the year, the Company has not entered into any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

ii The Company has not traded or invested in Crypto currency or Virtual Currency during the year.

iii The Company does not have any such transaction which is not recorded in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

iv The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

v No scheme of arrangement has been approved by the competent authority in term of Section 230 to 237 of the Company Act, 2013,

vi The Company has not advanced or loaned or invested funds to any other person or entity, including foreign entities (intermediaries) with the understanding that the intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company(ultimate beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

(All amounts in Indian ₹ Lacs, unless otherwise stated)

vii The Company has not received any fund from any person or entity, including foreign entities (funding party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (ultimate beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

viii The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year.

ix The Company has not been declared a willful defaulter by any bank or financial institution or government or government authority.

x The Company has complied with the number of layers prescribed under the Companies Act, 2013.

xi The Company has borrowings from banks on the basis of security of current assets and all immovable Property, plant and equipment. The quarterly returns or statements of current assets filed by the Company with banks and financial institutions are in agreement with the books of accounts.

xii The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

xiii The title deeds/legal ownership of immovable properties as disclosed in the financial statements are held in the name of the Company.

xiv During the year the Company has not granted any loans or advances in nature of loans to Promoters, Directors, KMPs and other related parties.

xv The Company does not have any investment property.

37 The Company has incurred losses of Rs. 111.74 lacs for the year ended 31 March 2024 and has accumulated losses of Rs. 5,167.62 lacs as at that date. The losses are incurred due to lower revenue and higher fixed cost incurred by the Company. The management of the Company has confirmed customer orders in hand for the year ending 31 March 2025 and its Holding Company has given a letter of financial support for at least 12 months from the issue of the financial statements of the Company for the year ended 31 March 2024. The Company relies on such letter of support to meet its obligations and continue as a going concern. The Board of Directors and Management of the Company have independently assessed the Holding Company's ability and intent to provide such financial support.

Accordingly, these financial statements have been prepared on a going concern basis and therefore, the assets and liabilities are recorded on the basis that the Company will be able to use or realize its assets at least at the recorded amounts and discharge its liabilities in the usual course of business.

38 Amalgamation Scheme

On 27 March 2023, the Board of Directors of the Company has approved composite scheme of amalgamation and arrangement amongst Mahindra Telephonics Integrated Systems Limited ('Transferor Company') and Mahindra Defence Systems Limited ('Transferee Company') with proposed appointed date of April 1, 2023. The Company has filed the Scheme before National Company Law Tribunal (NCLT) on May 5, 2023 and the Scheme was approved by NCLT subject to certain approvals from government authorities. As on date of approval of the financial statements by board of directors, the Company has not received required approvals from government authorities therefore merger has not become effective.

Further, on March 20, 2024 the Company has filed request for extension with NCLT for implement of the scheme

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of
Mahindra Emirates Vehicle Armouring FZ-LLC
Ras Al Khaimah, UNITED ARAB EMIRATES

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Emirates Vehicle Armouring FZ - LLC (the Company), which comprise the statement of financial position as at 31 March 2024, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2024 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to:

i) Note 2 to the financial statements which states that the Company has presented these financial statements as separate financial statements under International Accounting Standard (IAS) 27 wherein investment in subsidiary is carried at cost without consolidating the financial results of the subsidiary.

ii) Note 3.4 to the financial statements which states that the INR amounts in the accompanying financial statements are presented as supplementary information solely for the convenience of users of the financial statements. Such supplementary information does not form part of the financial statements. We have not audited this supplementary information and, accordingly, we do not express an opinion on this supplementary information.

Our opinion is not modified in respect of these matters.

Other Information

The Board of Directors and management is responsible for the other information. The other information comprises the directors' report, which we obtained prior to the date of this auditor's report. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained up to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Further, as required by the UAE Federal Law No. (32) of 2021, we report that:

1. we have obtained all the information and explanations we considered necessary for the purposes of our audit;
2. the financial statements have been prepared and comply, in all material respects, with the applicable provisions of the UAE Federal Law No. (32) of 2021;
3. the Company has maintained proper books of account;
4. the financial information included in the Directors' report, in so far as it relates to these financial statements, is consistent with the books of account of the Company;
5. the Company has not purchased or invested in shares or stocks during the year ended 31 March 2024;
6. note 10 to the financial statements discloses material related party transactions and balances and the terms under which they were conducted; and
7. based on the information that has been made available to us, nothing has come to our attention which causes us to believe that the Company has contravened during the financial year ended 31 March 2024 with any of the applicable provisions of the UAE Federal Law No. 32 of 2021 or its Memorandum and Articles of Association, which would materially affect its activities or its financial position as at 31 March 2024.

The accompanying notes form an integral part of these financial statements.

The report of the independent auditor is set forth.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. GENERAL INFORMATION :

Mahindra Emirates Vehicle Armouring FZ - LLC (the Company) is a Free Zone Limited Liability Company registered with Ras Al Khaimah Economic Zone (RAKEZ), Ras Al Khaimah, United Arab Emirates. The registered office address of the Company is P.O. Box. 39893, RAKEZ, Ras Al Khaimah, United Arab Emirates and principal place of business is located in Ras Al Khaimah, UAE.

The principal activities of the Company are trading & assembling of automobiles, specialised vehicles, auto spare parts & components, auto accessories, special accessories fitting & tyres & rims and manufacturing of vehicle bodies & vehicle upholstery services.

2. PRESENTATION OF SEPARATE FINANCIAL STATEMENTS OF PARENT COMPANY :

These financial statements are presented as separate financial statements wherein investment of the Company in its subsidiary is carried at cost without consolidating the financial results of the subsidiary. The Company also prepares consolidated financial statements that comply with International Financial Reporting Standards. In these separate financial statements, investment in subsidiary is accounted for as explained in note 3.8.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DISCLOSURES:

3.1 Basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are presented in Arab Emirates Dirhams (AED) and all values are rounded to the nearest AED. The principal accounting policies adopted are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.2 Statement of compliance

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards.

3.3 Adoption of new and revised International Financial Reporting Standards

The following new and revised Standards including amendments thereto and Interpretations which became effective for the current reporting period have been adopted, wherever applicable. Their adoption has not had any significant impact on the amounts reported in these financial statements but may affect the financial reporting for future transactions or arrangements.

Amendments to IAS 1 - Disclosure of Accounting Policies

Amendments to IAS 8 - Definition of Accounting Estimates

Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction

IFRS 17: Insurance Contracts

The following Standards, amendments thereto and interpretations have been issued prior to 31 March 2024 but have not been applied in these financial statements as their effective dates of adoption are for future periods. It is anticipated that their adoption in the relevant accounting periods will have impact only on disclosures within the financial statements.

Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Date to be determined

Amendments to IFRS 16 - Lease Liability in a Sale and Leaseback - 1 January 2024

Amendments to IAS 1 - Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants - 1 January 2024

Amendments to IAS 7 and IFRS 7 - Supplier Finance Arrangements - 1 January 2024

Amendments to IAS 21 - Lack of Exchangeability - 1 January 2025

3.4 Convenience translation

In addition to presenting the financial statements in AED, supplementary information in INR has been presented for the convenience of users of the financial statements. All amounts are translated from AED to INR at the closing exchange rate at 31 March 2024 of INR 22.70 (31 March 2023: INR 22.38) to AED 1.

3.5 Foreign currencies

(a) Functional and presentation currency

The financial statements are prepared and the items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in AED, which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of outstanding amounts of such transactions and from the re-translation of monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are recognised in the profit or loss. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

3.6 Property and equipment

Property and equipment is stated at cost less accumulated depreciation and identified impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items including installation costs. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the profit or loss during the reporting period in which they are incurred.

Capital work-in-progress is stated at cost, less any recognised impairment loss. Depreciation of these assets commences when the assets are ready for their intended use.

The depreciation is calculated on a straight-line basis over the estimated useful lives of the assets, as follows;

	Years
Leasehold improvements	**10**
Machinery and equipment	**7 - 8**
Prototype	**4**
Furniture and equipment	**4**
Motor vehicles	**4**

In the case of leasehold improvements, it is assumed that the lease will continue to be renewed over the useful life.

The assets' residual values and useful lives are reviewed at the end of the reporting period, with the effect of any changes in estimates adjusted on a prospective basis. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

The gains or losses arising on the disposal or retirement of an item of property and equipment is determined by comparing the disposal proceeds with the carrying amount of the asset and is recognised in the profit or loss.

3.7 Leases

The Company as lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024 (CONTINUED)

determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

– amounts expected to be payable under any residual value guarantee;
– the exercise price of any purchase option granted in favour of the Company if it is reasonably certain to assess that option;
– any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

– lease payments made at or before commencement of the lease;
– initial direct costs incurred; and
– the amount of any provision recognised where the Company is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement, lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the Company revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lease extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in profit or loss.

When the Company renegotiates the contractual terms of a lease with the lessor, the accounting depends on the nature of the modification:

– if the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy.
– in all other cases where the renegotiation increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount.
– if the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

For contracts that both convey a right to the Company to use an identified asset and require services to be provided to the Company by the lessor, the Company has elected to account for the entire contract as a lease, i.e. it does not allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

3.8 Investment in subsidiary

Subsidiaries are entities (including structured entities) controlled by the Company. Control is achieved when the Company has power over the investee; is exposed, or has rights to variable returns from its involvement with the investee; and has the ability to use its power to affect its returns. The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements if control listed.

When the Company has less than a majority of voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power.

Investment in subsidiary is stated at cost less identified impairment losses, if any.

3.9 Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on a weighted average cost basis and comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing them to their present location and condition. Net realisable value represents the estimate of the selling price in the ordinary course of business, less all estimated costs to completion and costs necessary to make the sale.

Costs incurred in bringing each item to its present location and condition are accounted for as follows:

Steel & carpets and others	– purchase cost
Vehicles	– cost of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing costs.

3.10 Impairment of tangible and right-of-use assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and right-of-use assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as revaluation increase.

3.11 Financial instruments

Financial assets and financial liabilities are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) are initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024 (CONTINUED)

Financial assets

A financial asset is classified as measured at: amortised cost; fair value through other comprehensive income ("FVTOCI") – debt investment; fair value through other comprehensive income ("FVTOCI") – equity investment; or fair value through profit or loss ("FVTPL"). The classification of financial assets is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

– it is held within a business model whose objective is to hold assets to collect contractual cash flows; and

– its contractual terms give rise on specified dates to cash flows that are; solely; payments of principal and interest on the outstanding principal amount.

All financial assets of the Company are classified as and are subsequently measured at amortised cost using the effective interest method and is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment losses are recognised in profit or loss.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss.

All financial liabilities of the Company are classified as and are subsequently measured at amortised cost using the effective interest method.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the sum of consideration paid and payable is recognised in profit or loss.

3.12 Impairment of financial assets

'Expected Credit Loss' (ECL) model requires considerable judgement in selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The Company records an allowance for ECLs for all financial assets at amortised cost, debt investments at FVTOCI, but not to investments in equity instruments.

The Company measures impairment allowances using general or simplified approach as considered appropriate. Loss allowances are measured on either of the following bases:

12 month ECLs: these are ECLs that result from possible default within 12 months after the reporting date; and

Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

ECLs under the general approach are a probability weighted estimate of credit losses which are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

ECLs under the standard's simplified approach are calculated based on lifetime expected credit losses. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the financial assets and the economic environment.

The Company considers a financial asset in default when contractual payments are past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by Company.

3.13 Cash and bank balances

Cash and bank balances comprise cash on hand and bank deposits free of encumbrance with a maturity date of three months or less from the date of deposit and other short-term highly liquid investments with a maturity date of three months or less from the date of investment, net of temporary bank overdrafts.

3.14 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost using the effective interest rate method. Difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit or loss over the period of the borrowings using the effective interest method.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right prior to the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting date.

3.15 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is recognised in the profit or loss, net of any reimbursement.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Provisions are not recognised for future operating losses.

3.16 Provision for employees' benefits

Provision for employees' end of service benefits is made in accordance with the UAE labour laws, and is based on current remuneration and periods of service at the end of the reporting period.

Provision is made for the estimated liability for employees' entitlement to annual leave as a result of services rendered by the employees up to the end of the reporting period. The provision relating to annual leave is disclosed as a current liability, while the provision relating to employees' end of service benefits is disclosed as a non-current liability.

3.17 Revenue recognition

Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control, at a point in time or over time, requires judgement. The Company recognises revenue from sale of goods or rendering of services based on a five-step model as set out below:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer goods or rendering of services to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or rendering of services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024 (CONTINUED)

in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the Company satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which performance obligation is satisfied.

When the Company satisfies a performance obligation by delivering the promised goods or rendering the promised services, it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised, this gives rise to a contract liability.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty.

Sale of goods

Revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on delivery of goods and issuance of the invoices to customers.

Storage income

Storage income is recognised over time on a straight line basis over the agreed storage period.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and effective interest rate applicable.

4. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below;

a) *Estimated useful lives of property & equipment*

Management assigns useful lives and residual values to property and equipment based on the intended use and the economic lives of those assets. Subsequent changes in circumstances could result in the actual useful lives or residual values differing from initial estimates. Where management determines that the useful life or residual value of an asset requires amendment, the net book amount in excess of the residual value is depreciated over the revised remaining useful life.

b) *Impairment of non-financial assets*

Assessments of net recoverable amounts of property & equipment, right-of-use assets and other non-financial assets are based on assumptions regarding future cash flows expected to be received from the related assets.

c) *Inventory provisions*

The Company reviews the carrying amounts of the inventories at the end of the reporting period and assesses the likely realization proceeds taken into account, the age of inventory, estimated future demand for various items in the inventory, and physical damage etc. Based on the assessment, adequate provisions are made as at the end of the reporting period.

d) *Business model assessment*

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

e) *Significant increase in credit risk*

ECLs are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. IFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

f) *Calculation of loss allowance*

When measuring ECL the Company uses reasonable and supportable forward-looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other.

Loss given default is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

Probability of default constitutes a key input in measuring ECL. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

g) *Lease term and useful lives of right-of-use assets*

The Company's management determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

h) *Provision for warranties*

In respect of sale of manufactured goods, the estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures (except warranties backed by the supplier).

5. PROPERTY AND EQUIPMENT :

Movement in property and equipment are detailed on page herein.

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 3 to the financial statements.

27. CAPITAL RISK MANAGEMENT :

The Company manages its capital to ensure that the Company will be able to continue as a going concern while providing maximum return to stakeholders through the optimisation of the debt and equity balance and to maintain an optimal capital structure to reduce the cost of capital. The Company's overall strategy on capital risk management remains unchanged from the previous year.

The capital structure of the Company consists of equity funds as presented in the statement of financial position. Debt comprises total amounts owing to third parties and related party, net of cash and bank balances.

28. FINANCIAL RISK MANAGEMENT :

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried out by the Company's management. The management identifies and evaluates financial risks on regular basis to minimise the adverse impact over the Company's operation.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises: interest rate risk and currency risk. The Company's activities are exposed primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities, when revenue or expense are denominated in a different currency from the Company's functional currency which is AED. The Company manages the risks through regular monitoring of the currency markets to determine appropriate action to minimise the exposure to the foreign currency risk.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024 (CONTINUED)

Financial assets and financial liabilities are denominated in the respective functional currencies or US Dollars except for the following:

	31.03.2024 AED	**Unaudited Supplementary Information (refer note 3.4)** 31.03.2024 INR	31.03.2023 AED	Unaudited Supplementary Information (refer note 3.4) 31.03.2023 INR
Trade payables				
Euro	**274,476**	**6,230,605**	–	–

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is limited to its interest bearing assets and liabilities.

The Company has interest bearing liabilities as disclosed in Notes 15 and 17. The interest rates on these liabilities are at commercial rates which are generally obtained in UAE.

The Company's sensitivity to interest rates has not changed significantly from the prior year.

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade receivables and committed transactions) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

The Company deals only with highly reputed local and international banks. In respect of major customers, credit risk is managed by assessing the credit quality of these major customers, taking into account their financial position, past experience and other factors including regular follow up.

Of the trade receivables balance of AED 5,118,608/- equivalent to INR 116,192,402/- (2023: AED 1,663,725/- equivalent to INR 37,234,166/-) at the end of the period, AED 3,858,181/- equivalent to INR 87,580,709/- (2023: AED 1,425,695/- equivalent to INR 31,907,054/-) is due from two (2023: three) customers (customers with more than 10% of total balance have been considered).

Significant concentration of credit risk by geography is as follows:

	31.03.2024 AED	**Unaudited Supplementary Information (refer note 3.4)** 31.03.2024 INR	31.03.2023 AED	Unaudited Supplementary Information (refer note 3.4) 31.03.2023 INR
UAE	**1,175,175**	**26,676,473**	1,177,563	26,353,860
Australia	**11,561**	**262,435**	386,245	8,644,164
Other countries	**3,931,872**	**89,253,494**	99,917	2,236,142
	5,118,608	**116,192,402**	1,663,725	37,234,166

(c) Liquidity risks

Liquidity risk refers to the risk that an entity will encounter difficulty in meeting obligations associated with its financial liabilities at maturity date.

The Company manages the liquidity risk through risk management framework for the Company's short, medium and long-term funding and liquidity management requirements by maintaining adequate reserves, sufficient cash and bank balances to ensure funds are available to meet its commitments for liabilities as they fall due.

The table analyses the Company's remaining contractual maturity for its financial liabilities based on the remaining period at the end of the reporting period to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. The contractual maturity is based on the earliest date on which the Company may be required to pay.

29. FAIR VALUE :

The fair value of a particular asset or liability is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial assets and liabilities approximate their carrying amounts as reflected in these financial statements.

30. COMMITMENTS AND CONTINGENCIES :

Details of the commitments and outstanding contingent liabilities of the Company which are in the normal course of the business activities are as follows:

30.1 Operating lease arrangements

The Company has entered into commercial leases of certain offices and other business related premises. These leases have an average life of one to ten years and the Company does not have an option to purchase the leased properties at the expiry of the lease period. The Company has recognised right-of-use assets and corresponding lease liabilities with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets.

30.2 Capital commitments

Except for the ongoing service commitments in the normal course of business against which no loss is expected, there has been no other known capital commitments on the Company's account.

30.3 Contingent liabilities

As at the end of the reporting period, the following contingent liabilities were outstanding:

	31.03.2024 AED	Unaudited Supplementary Information (refer note 3.4) 31.03.2024 INR	31.03.2023 AED	Unaudited Supplementary Information (refer note 3.4) 31.03.2023 INR
Financial guarantee	**91,825**	**2,084,428**	101,990	2,282,536
Performance guarantees	**74,419**	**1,689,311**	74,419	1,665,497
	166,244	**3,773,739**	176,409	3,948,033

31. CORPORATE INCOME TAX :

On 9 December 2022, UAE Ministry of Finance issued Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax (CT) Law to enact a new CT regime in the UAE. The new CT regime has become effective for accounting periods beginning on or after 1 June 2023. Generally, UAE businesses will be subject to a 9% CT rate, however a rate of 0% could be applied to taxable income not exceeding a particular threshold or to certain types of entities. As per the Company's assessment, there is no material deferred tax impact on account of CT Law in the Company's financial statements for the year ended 31 March 2024.

INDEPENDENT AUDITOR'S REPORT

TO THE PARTNER'S:
MAHINDRA ARMORED VEHICLES JORDAN
A LIMITED LIABILITY COMPANY
AQABA - JORDAN

Opinion

We have audited the financial statements of **MAHINDRA ARMORED VEHICLES JORDAN Co.,** which comprise the statement of financial position as at 31, March 2024 and comprehensive income statement, statement of Changes in equity, statement of cash flows for the then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion , the financial statements present fairly, in all material respects the financial position as at 31, March 2024 and of its financial performance and its cash flows for the then ended accordance with International Financial Reporting Standards.

Basis Opinion

We conducted our audit in accordance with International Auditing Standards. Our responsibility in accordance with those standards have been mentioned more clearly in our report in "Auditor's Responsibility on the Audit of Financial Statements" paragraph.

We are independent of the company and in accordance with the requirements of The International Ethics Standards Board for Accountants (IESBA) "Code of Ethics for Professional Accountants" relevant to our audit conducted of the financial statements, and that we have fulfilled the ethical responsibilities in accordance with those requirements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's responsibility and those responsible for governance to the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards.

This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Those who responsible for governance are responsible for monitoring the financial reporting process in the company.

Auditor's Responsibility on the Audit of Financial Statements

Our objective is to obtain reasonable assurance that the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report which includes our opinion.

Reasonable assurance is high level of assurance, but our audit in accordance with International Auditing Standards does not always guarantee the discovery of substantially errors, even if they exist.

Errors can arise from fraud or by error, and is considered essential if they are individually or cumulative may affect the economic decisions of users of financial statements reasonably.

As part of the audit process in accordance with International Auditing Standards, we exercise professional judgment and maintain the application of the principle of professional skepticism in all aspects of the audit, in addition to:

– Identify and assess material misstatement of the financial statements of risk, whether due to fraud or error, as well as the design and implementation of audit procedures that respond to those risks, and obtaining sufficient and appropriate audit evidence to provide a basis for our opinion. The risk of non-discovery material misstatement resulting from fraud is higher than of the error risk, and that fraud may include collusion and fraud, or deliberate deletion and misrepresentations, or bypass the internal control systems.
– Get an understanding of internal control systems relevant to the work for the purpose of checking design audit procedures that are appropriate in the circumstances, and not for the purpose of expressing an opinion on the effectiveness of internal control systems in the company.
– Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related notes prepared by the management of the relationship.
– Conclude on the appropriateness of management's use of going concern basis in accounting, based on the audit evidence obtained, whether there is presence of non-substantial uncertainties relevant to events or conditions that may cast significant doubt about the company's ability to continuity. If we conclude that there are no lack of substantial uncertainty, we are required to draw attention in the audit report to the relevant information contained in the financial statements notes, or if the disclosure of this information is not sufficient, we will modify our opinion, the conclusions based on the audit evidence obtained them until the date of the audit report. However, it may cause future events or conditions in the company ceased to continue as a going concern.
– The overall presentation, structure and content of financial statements, including notes and whether the financial statements represent transactions and events are to achieve equitable offer.
– We have communicated with those responsible for governance with respect to the scope and timing of the planned audit and observations important including audit any significant deficiencies in internal control system identified during our audit.

Report on Other Regulatory Requirements

The Company MAHINDRA ARMORED VEHICLES JORDAN Co. for the fiscal year 2024 maintains proper accounting records and the financial statements and the financial information presented in the Board of Directors' report are in agreement therewith. We recommend approving these financial statements.

The management does not expect that there will be a material impact upon the application of these new standards and amendment.

4. The principal accounting policies adopted:

<u>Property and equipment</u>

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment in value if any.

The carrying values of property and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amounts.

The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with expected pattern of economic benefits from items of property and equipment.

<u>Inventories</u>

Inventories are stated at the lower of cost or net realizable value. Finished goods (vehicles) and raw materials costs are determined using the weighted average method. Net realizable value represents the estimated selling price less all estimated completion costs and costs to be incurred in marketing, selling and distribution.

<u>Accounts Receivable</u>

Accounts receivable are stated at net realizable value after deducting a provision for expected credit loss.

A provision for doubtful debts is booked when there is objective evidence that the Company will not be able to recover whole or part of the due amounts at the end of the year. When the Company collects previously written-off debts, it recognizes the collected amounts in other revenues in the statement of income and comprehensive income.

Furthermore, revenue and commission from doubtful debts are suspended and recognized as revenue upon collection.

Moreover, debts are written-off when they become uncollectible or are derecognized.

<u>Financial Instruments</u>

Financial assets and financial liabilities are recognized in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the financial assets or financial liabilities, as appropriate, on Initial recognition.

NOTES TO THE FINANCIAL STATEMENTS

Financial Assets

Financial assets are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument. Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or Issue of financial assets (except for financial assets at fair value through statement of profit or loss and other comprehensive income) are added to or deducted from the fair value of the financial assets, as appropriate, on initial recognition.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of Financial Assets

Debt instruments that meet the following conditions are measured subsequently at amortised cost:

The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows;

The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value.

Impairment of Financial Assets

The Company recognises a loss allowance for expected credit losses on trade receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

For all other financial instruments, the Company recognises lifetime expected credit losses when there has been a significant increase in credit risk since initial recognition. Lifetime expected credit losses represent the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, bank balances. With an original maturity of three months or less.

Accounts payable and accruals

Liabilities are recognized for amounts to be paid in the future for goods or services received, whether billed by the supplier or not.

Offsetting

Financial assets and financial liabilities are offset, the net amount is presented in the statement of financial position only when there is a legal right to offset the recognized amounts, and the

Provisions

Provisions are recognized when the Company has liabilities as of the date of the statement of financial position arising from previous events, settlement of the liabilities is probable and the liabilities can be reliably measured.

Warranty Provision

Warranty provision is recognized for 1% of total cost of armor-related items installed, and conversion-related custom workmanship, including transparent armor, for the period of 2 years or 20,000km, whichever comes first.

Provision for slow-moving inventory

Management estimates the provision for slow-moving and obsolete inventories on the basis of prior experience, physical condition and expected future use of such inventory in conformity with International Financial Reporting Standards (IFRSs).

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties. Revenue is adjusted for expected discounts and volume discounts, which are estimated based on the historical data or forecast and projection. The Company recognizes revenue when it transfer control over goods or services to its customer.

The Company is involved in the sale of goods in the form of armored vehicles. Revenue is recognized at point in time when control of the goods has transferred, being when the goods have been shipped to customer's specific location. Following delivery, the customer has full control over the goods, and the primary responsibility of the goods and bears the risk of obsolescence and loss in relation to the goods. A receivable is recognised by the entity when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue represents the invoiced value of goods sold during the year, net of discounts and returns. Revenue from the sale of goods is recognised when all the following conditions are satisfied:

The Company has transferred to the buyer the significant risk and rewards of ownership of the goods;

The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

The amount of revenue can be measured reliably;

It is probable that the economic benefits associated with the transaction will flow to the entity: and

The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Finance cost

Interest on bank overdrafts is recognized as an expense in the period in which it is incurred, which covers the grace period if any.

Income Tax

Income tax expenses represent accrued taxes and deferred taxes.

Income tax expenses are accounted for on the basis of taxable income. Moreover, income subject to tax differs from income declared in the financial statements because the latter includes non-taxable revenue or non-deductible tax expenses in the current year but deductible in subsequent years, accumulated losses acceptable by the tax authorities, as well as unallowable and nontaxable items.

Taxes are calculated on the basis of the tax rates prescribed according to the prevailing laws, regulations, and instructions in Jordan.

Deferred taxes are taxes expected to be paid or recovered as a result of temporary timing differences between the value of the assets and liabilities in the financial statements and the value of the taxable amount. Moreover, deferred taxes are calculated according to the tax rates expected to be applied upon the settlement of tax liability and the realization of the deferred tax assets.

Deferred tax assets or liabilities are reviewed as the statement of financial position date and are reduced in case they are expected not to be utilized, upon the settlement of tax, wholly or partially.

Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated to Jordanian Dinars using the Central Bank of Jordan average exchange rates prevailing at the reporting of date. Foreign currency transactions during the year are recorded using exchange rates that are effective at the date of the each transaction. Foreign exchange gains or losses are recorded in the statement of comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS

Related parties transactions

The company enters into transactions with related parties i.e., major shareholders, directors and key management personnel of the company, and companies which they are principle owner.

Pricing policies and terms of these transactions with related parties are approved by the company's management.

Related parties details are as follows:

Description	2024	2023
	JD	JD
Mahindra Emirates Vehicle Armoring	**1,733,226**	633,465

Fair value

Fair value represents the closing market price (Assets Purchasing / Liabilities Selling) of financial assets and derivatives on the date of the financial statements.

In case declared market prices do not exist, active trading of some financial assets and derivatives is not available or the market is inactive fair value is estimated by one of several methods including the following:

- Comparison with the fair value of another financial asset with similar terms and conditions.
- Analysis of the present value of expected future cash flows for similar instruments.
- Adoption of the option pricing models.
- Evaluation of long-term assets and liabilities that bear no interest through discounting cash flows and Amortising premium / discount using the effective interest rate method within interest revenue / expense in the statement of income.

The valuation methods aim to provide a fair value reflecting the market's expectations taking into consideration the market expected risks and expected benefits when the value of the financial assets. When the financial assets fair value can't be reliably measured, they are stated at cost less any impairment.

5. **Use Of Estimates:**

The preparation of financial statements and implementation of accounting policies requires company management to make judgments and estimates that depend on future conditions that may affect the reported amounts of assets and liabilities and disclosure of contingent liabilities, as they may affect the revenues and expenses and allowances and accumulated variable in the fair value and, in particular requires the Company's management issuance of important provisions to estimate the amounts of future cash flows, times, taking into account that the estimates and judgments made by management, which depend on future conditions based on assumptions and multiple factors involving varying degrees of judgment and uncertainty and therefore the future actual results may differ from the actual results due changes in future conditions and based on the above, we believe that our estimates are reasonable within the financial statements and detailed as follows

- The company prepare an estimate useful lives of intangible assets and calculating the annual depreciation based on these estimates are recorded any losses on those assets decline in the income statement.
- The company is dedicated to taking the interview doubtful debts after studying the viability of the debt for collection.
- The company loads the fiscal year, including its own income tax expense and in accordance with the laws and regulations in force.
- The company's provision for cases filed against it take, depending on the reasonable estimates of the company's lawyer.

6. **Financial Instruments and Risk management**

Risk management is how to deal with the conditions of uncertainty and contain risk assessments facing the facility and the development of policies and strategies internal to deal with these risks allowing the facility up on the competition and achieve its objectives, in addition to dealing with the fundamental risks in the framework of Activity its normal as an entity to reap revenues mainly to do its operational activities and its business is exposed mainly to the following risks:

Interest rate risk

The company is exposed to interest rate risk on its interest-bearing assets and liabilities such as due to banks. The sensitivity of the income statement is the effect of the assumed changes in interest rates on the company profit for one year, based on the floating rate financial assets held at 31 December.

Exchange rate risk:

The exchange rate risk is result of the fluctuation of the value of financial instruments due to fluctuations in foreign currency exchange rates, the key processes in the company are in Jordanian Dinars and believes the company's management that the exchange rate risk lies in dealing in foreign currencies except the US dollar that the dinar Jordanian (the functional currency of the company) fixed to the US dollar, and therefore do not represent any significant risk.

Market risk:

Market risk is the risk that the fair value of the cash flows of financial instruments arising from the possibility of future changes in market prices as the change in exchange rates, interest rates and prices of equity instruments.

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The company is exposed to credit risk on its bank balance and accounts receivable as reflected in the statement of financial position.

Liquidity risk

It is associated with the possibility that facing the established difficulty in providing the necessary funds to meet its financial obligations at maturity risk to avoid such risks, the company has diversified its sources of funding and management of assets and adapt the schedule and keep an adequate balance of cash and cash equivalents.

Capital risk management:

The company's capital managed in the manner that maintains the rights of partners to ensure the continuity of the company and meet its obligations to third parties and that the preservation of capital ratios to maximize property rights and to support the company's activity and keep track of the company to maintain a reasonable rate of debt relative to equity and policy Investment in assets provides an acceptable return for partners.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA FIRST CHOICE WHEELS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra First Choice Wheels Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)f below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 25 to the financial statements.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 35(a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 35(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of two years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in companies, in respect of which the requisite information is as below. The Company has not made any investments in firms, limited liability partnership or any other parties.

(a) According to the information and explanations given to us and based on the audit procedures conducted by us, there has been no loans or advances in the nature of loans or guarantees or security provided to any other entities.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made, guarantees provided, security given during the year and the terms and conditions of the grant of loans and advances in the nature of loans and guarantees provided during the year are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion the company has not given any loans or advance in the nature of loan to any party during the year and there are no existing loan or advances in the nature of loan. Accordingly, provision of clause 3(iii)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion the company has not given any loans or advance in the nature of loan to any party during the year and there are no existing loan or advances in the nature of loan. Accordingly, provision of clause 3(iii)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2024 (CONTD...)

in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products traded by it and services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax and Income-Tax which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in Lakhs)*	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	59.20	AY 2013-14 & AY 2018-19	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	1.12	AY 2018-19	Income tax Officer
The Maharashtra Value Added Tax Act, 2002	Value Added Tax	53.13	FY 2005-06 to FY 2007-08, FY 2009-10 to FY 2010-11	Maharashtra Sales Tax Tribunal
The Central Sales Tax Act, 1956	Central Sales Tax	91.94	FY 2005-06 to FY 2007-08, FY 2009-10 to FY 2010-11	Maharashtra Sales Tax Tribunal
The Maharashtra Value Added Tax Act, 2002	Value Added Tax	641.14	FY 2008-09 & FY 2016-17 & FY 2012-13	Joint Commissioner of Sales Tax (Appeals)
Goods and Service Tax Act, 2017	Goods and Service Tax	7.22	FY 2018-19	Joint Commissioner of GST (Appeals)

* Note : The Amount mentioned above is net off amount deposited under protest.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) The Company has not raised any funds on short term basis. Accordingly, clause 3(ix)(d) of the Order is not appicable

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2024 (CONTD...)

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiariy as defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiariy (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year except that for the matter as described in note 8 with respect to misappropriation of advance payments made to bulk buyers for purchase of vehicles .

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the year and shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has four CICs as part of the Group

(xvii) The Company has incurred cash losses of Rs 9113.37 lakhs in the current financial year and Rs 9,887.93 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2024 (CONTD...)

of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra First Choice Wheels Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. **Corporate information:**

The financial statements comprise financial statements of Mahindra First Choice Wheels Limited ("the Company" or "MFCWL") for the year ended 31 March 2024. The Company is an unlisted Public Company domiciled in India.

Mahindra First Choice Wheels Limited is principally engaged in services led business which includes providing vehicle inspection & valuation services, yard management services, providing online pricing guidance and enabling franchisees by facilitating them to procure & sell used vehicles. The company during the year has discontinued trading in used vehicles.

2. **Material Accounting Policies:**

2.1 Statement of Compliance:

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

2.2 Basis of preparation and presentation:

These financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs for the asset or liability that are not based on observable market data.

2.3 Business combinations:

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at fair value on acquisition date and the amount of any non-controlling interests in the acquiree. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances, and pertinent conditions as at the acquisition date.

2.4 Goodwill:

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

Estimated impairment of goodwill

The Company tests annually goodwill for any impairment, in accordance with the above accounting policy. The recoverable amount of cash generating units is determined based on value-in-use calculations. These calculations require the use of estimates.

2.5 Revenue recognition:

Sale of goods:

The Company recognizes revenue from sale of goods measured at the fair value of the consideration received or receivable, upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on are as on able credit term. As per the terms of the contract, consideration that is variable, according to Ind AS 115, is estimated at contract inception and updated thereafter at each reporting date or until crystallisation of the amount.

Sale of Services:

i) Franchise fee - The Company recognizes revenue from the date of activation of the dealer's account on receipt of security deposit.

ii) Commission Income - The Company recognizes revenue on receipt of seller's confirmation for auction.

iii) Vehicle valuation fee - The Company recognizes revenue on release of valuation report.

iv) Inspection Fee - The Company recognizes revenue on release of inspection report.

v) Yard Management fees - The Company recognizes revenue on accrual basis of entry of the vehicle in the yard.

vi) Wholesale Bulk Income – The Company recognizes revenue on issue of release order of vehicle.

vii) Repo Management Service – The Company recognizes revenue on receipt of seller's confirmation.

viii) Other Operating Income:

- Warranty income - The Company recognizes revenue on sale of warranty product of a third-party warranty service provider, with no obligations to the Company. A part of warranty income related to road side assistance is deferred over the period of warranty with the Company being the primary obligor.
- Registration Income – The Company recognizes revenue over the term of registration.
- Others – The Company recognizes revenue on satisfaction of performance obligation towards rendering of such services.

Significant financing component - Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

2.6 Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.7 Operating lease rental income:

The income arising from operating leases is accounted on a straight-line basis over the lease terms.

The Company's policy for recognition of revenue from operating leases is described in Note No.- 2.15 below.

2.8 Foreign currencies:

In preparing the financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

2.9 Employee benefits:

a) Short term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

b) Post-employment benefits

i) Defined Contribution Plan: Provident and Family Pension Fund
The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident and family pension fund, in which both employees and the Company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to Regional Provident Fund Commissioner. Provident Fund and Family Pension Fund are classified as Defined Contribution Plans as the Company has no further obligations beyond making the contribution. The Company's contributions to Defined Contribution Plan are charged to the statement of profit and loss as incurred.

ii) Defined Benefit Plan: Gratuity (unfunded)
The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service. The Company accounts the gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year which is determined using the Projected Unit Credit method. Actuarial gains and losses are recognised in the Other Comprehensive Income. Past service cost is recognised immediately to the extent that the benefits are already vested.

c) Other long-term employment benefits – Compensated Absences
The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/ availment. The Company makes provision for compensated absences based on an independent external actuarial valuation carried out at the end of the year.

2.10 Share-based payment arrangements:

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.11 Taxation:

a) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.12 Property, plant and equipment:

Property, plant and equipment are stated at cost less depreciation and impairment losses, if any. Costs comprise purchase price net of any trade discounts and rebates and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses directly attributable to acquisition of assets up to the date the asset is ready for its intended use

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful life of the assets are given below:

- Leasehold improvements over the period of the lease.
- Office equipment - 2 to 5 years.
- Furniture & Fixtures - 1 to 10 years,
- Computers and servers - 3 to 8 years
- Vehicles - 3 years for used vehicles or 5 years for new vehicles.
- Plant and equipment - 5 to 15 years
- Electrical Fitting - 2 to 5 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.13 Intangible assets:

a) Intangible assets acquired separately:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

b) Intangible assets under development:

The Company capitalise costs incurred during IT Development phase, such expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

The expenditure incurred is amortised over the estimated period of benefit. The amortisation period for intangible assets with finite useful lives are reviewed annually and changes in expected useful lives are treated as changes in estimates.

c) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

d) Useful lives of intangible assets:

Estimated useful lives of the intangible assets are as follows:

Software	5 years
Website	5 years
Non-Compete Fees	Contractual Terms
Market Information	Contractual Terms
Customer Relationships	7 years
Service Provider Contracts and intellectual property	3 years

2.14 Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, these assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.15 Leases:

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 and this may require significant judgment. The Company also uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend or terminate the lease if the Company is reasonably certain based on relevant facts and circumstances that the option to extendor terminate will be exercised. If there is a change in facts and circumstances, the expected lease term is revised accordingly.

The discount rate is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

2.16 Inventories:

Inventories beyond 90 days from the date of valuation or purchase except for stock held as part of Pilot Projects and Finance funding cases, as the case may be, are valued at Cost or Net Realisable Value whichever is lower.

2.17 Provisions and Contingencies:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

2.18 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.19 Financial assets

All regular way purchases or sales of financial assets are recognised and de-recognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets are subsequently measured at fair value.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition, it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee

Impairment of financial assets

The Company applies the Expected Credit Loss (ECL) model for recognising impairment loss on trade receivables wherein the Company measures the loss allowance at an amount equal to lifetime expected credit losses. With respect to other financial assets, the Company provides for loss allowance based on its assessment of credit risk considering the recoverability. Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.20 Financial liabilities and equity instruments

a) **Classification as debt or equity**

Debt and equity instruments issued by a Company entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b) **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

c) **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.21 Cash and cash equivalents:

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

2.22 Earnings Per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends, if any, for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year.

2.23 Use of estimates and judgments:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key sources of estimation uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, intangible assets, fair value of financial assets/liabilities and impairment of investments.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) Useful lives of property, plant and equipment and intangible assets

The Company reviews the useful lives of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortisation expense in future periods.

(ii) Fair value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate about future developments.

(iii) Impairment of investments

The Company assesses impairment of investments in subsidiaries which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the statement of Profit and Loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate.

Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There is no such notification which would have been applicable from 1st April,2024.

For details of shares reserved for issue under the Share based payment plan of the company, Refer Note No.- 21A.

(i) Reconciliation of the number of equity shares outstanding at the beginning and at the end of the year

	31 March 2024		31 March 2023	
	Number of shares	**Amount**	Number of shares	Amount
Issued, subscribed and paid up:				
Equity Share Capital Balance at the beginning of the year	**90,773,504**	**9,077.36**	82,440,171	8,244.03
Add: Conversion of NCCCPS into Equity Shares during the year	**2,703,027**	**270.30**	8,333,333	833.33
Adjusted Issued, Subscribed and Paid up share capital	**93,476,531**	**9,347.66**	90,773,504	9,077.36

Terms/ rights attached to equity shares:

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity shares is entitled to one vote per share.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

Terms/ rights attached to Preference Shares

During the year, the Company has Non cumulatative Complusarily Convertible preference shares having par value of Rs. 10 per share.

Conversion: The Conversion shall be mandatorily made on the earlier of i) next round of external investment in the Company or ii) end of 24 months from the date of allotment of NCCCPS. The Conversion shall be at a price/ rate which is at 10% discount to the value per share as per the valuation at the time of such fund infusion, subject to necessary compliances under FEMA and also subject to minimum floor price of Rs. 223 per NCCCPS. The discount of 10% shall be adjusted to the extent of the dividends paid to the NCCCPS holders. In the event of the next round of fund infusion by an external investment not occurring within the period of 24 months, then at the end of 24 (Twenty Four) months from the date of allotment of the Preference Shares, the NCCCPS would be mandatorily converted into Equity Shares at the minimum floor price of Rs. 223/- (Rupees Two Hundred and Twenty three) per NCCCPS (including a premium of Rs.213 per share).

Dividend: The holders of the NCCPs shall carry a non-cumulative dividend at the fixed rate of 0.001% per year, out of the profits of the company.

Voting and other rights: (i) The preference shares shall carry rights as per the provision of Section 47(2) of the Companies Act, 2013. (ii) The Preference shares shall have priority with respect to payment of dividend and repayment of capital vis-a-vis equity shares.(iii) The Preference shareholdershall not have the right of participation in surplus assets and profits, on winding up of the company, which may remain after the entire capital has been repaid.

Retained earnings

Balance as at the beginning of the year	**(33,337.97)**	(22,282.27)
(Loss) for the year	**(9,482.67)**	(11,055.70)
Balance at the end of year	**(42,820.64)**	(33,337.97)

Securities premium

Particulars		
Balance as at the beginning of the year	**44,381.76**	22,215.09
Shares issue at premium	**5,757.45**	22,166.67
Balance as at the end of the year	**50,139.21**	44,381.76

Securities premium is received pursuant to the further issue of equity shares at a premium net of the share issue expenses. This is a non-distributable reserve except for the following instances where the the share premium account may be applied;

i) towards the issue of unissued shares of the Company to the members of the Company as fully paid bonus shares;

ii) for the purchase of its own shares or other securities;

iii) in writing off the preliminary expenses of the Company;

iv) in writing off the expenses of, or the commission paid or discount allowed on, any issue of shares or debentures of the Company; and

v) in providing for the premium payable on the redemption of any redeemable preference shares or of any debentures of the Company.

Share option outstanding account

	31 March 2024	31 March 2023
Balance as at the beginning of the year	**145.22**	101.06
Add:- (forfeiture)/allotment of shares by ESOP Trust to employees	**(13.35)**	44.16
Balance at the end of year	**131.87**	145.22

The above reserve relates to share options granted by the Company to its employees under its Employee Share Option Plan (ESOP). Further information about share-based payments to its employees is set out in note 21A.

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company's revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share option outstaning account.

Staff welfare expenses	**351.41**	473.51
Total Employee benefits expense	**10,402.30**	11,929.77

21A Employee share option plan of the company

1.1. Details of the employees share option plan of the Company

Mahindra First Choice Wheels Limited has share option schemes under which the employees have an option to subscribe for the Company's shares which have been granted to certain executives and senior employees. The share-based payment reserve is used to recognise the value of equity-settled share-based payments provided to employees, including key management personnel, as part of their remuneration.

Each employee share option converts into the equity share of the Company on exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of expiry.

The number of options granted is calculated in accordance with the performance-based formula approved by shareholders at the previous annual general meeting and is subject to approval by the remuneration committee. The formula rewards executives and senior employees to the extent of the Company's and the individual's achievement judged against both qualitative and quantitative criteria from various financial and customer service measures.

The Company has framed an Equity settled "Employee Stock Option Scheme (ESOS), 2010" for its employees. It has a trust viz. Mahindra First Choice Wheels Limited Employees' Stock Option Trust" (ESOS trust), which would hold the shares for the benefit of the eligible employees, including Directors of the Company and its subsidiaries. In addition to the above, the Company has also settled "Employee Stock Option Scheme (ESOS), 2015" for its employees.

The following share-based payment arrangements were in existence during the current and prior years.

Options series	Number	Grant date	Expiry date	Exercise price	Fair value at grant date (Rs per option)

Travelling expenses	**849.13**	1,337.35
Loss on sale/discardment of Property, plant and equipment	**11.51**	–
Commission expenses	**402.59**	464.34
Miscellaneous expenses	**511.03**	601.94
Total Other Expenses	**26,097.85**	27,919.90

Note:

Auditor's remuneration and out-of-pocket expenses details:

Audit Fees	**38.00**	30.00
Reimbursement of expenses	**1.72**	1.00
Total	**39.72**	**31.00**

24. Earnings per share

Basic and Diluted Earnings Per Share

Particulars	**Year ended 31 March 2024 Per Share**	Year ended 31 March 2023 Per Share
Basic and Diluted loss per share (Rs.)	**(10.64)**	(13.06)

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

	31 March 2024	31 March 2023
Loss for the year	**(9,482.67)**	(11,055.70)
Weighted average number of equity shares used in the calculation of basic and diluted earnings per share.	**8,91,08,260**	**8,46,82,675**
Basic loss per share (Rs.)	**(10.64)**	**(13.06)**
Weighted average number of equity shares for the purpose of dilutive earnings per share	**8,91,08,260**	8,46,82,675
Diluted loss per share (Rs.)	**(10.64)**	(13.06)

The effect of conversion of 0.001% non-cumulative compulsorily convertible preference shares ('NCCCPS') being anti-dilutive, has not been considered for the purpose of computing diluted loss per share

25. Contingent liabilities and commitments

Claims against the Company not acknowledged as debts comprise of:

Demands raised by Income tax department where the Company is in appeal	**60.31**	85.81
Demand raised by VAT & GST Department where the Company is in appeal	**824.42**	824.50
Total	**884.73**	910.31

Note: In respect of above items, till the matters are finally decided, the financial effect cannot be ascertained.

In February 2019, Supreme court of India in its judgement opined on the applicability of allowances that should be considered to measure obligation under Employee Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and therefore has currently not considered any probable obligation for past period.

(Currency : Indian rupees in lakhs)

26. Financials Instruments

Capital management

The company's capital management objectives are:
- to ensure the company's ability to continue as a going concern
- to maximise the shareholders value.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

CREDIT RISK

(i) Credit risk management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure are continuously monitored.

Trade Receivables

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. The Company has taken security deposits which are considered as collateral and these are considered in determination of expected credit losses, where applicable.

Amounts pertaining to these collaterals are as given below:-

The loss allowance provision is determined as follows:

(Currency : Indian rupees in lakhs)

As at 31 March 2024	Unbilled	Less than 6 months	6 months - 1 year	1-2 years	2-3 years	More than 3 years	Total
	Outstanding for following periods from date of invoice

In respect of other financial assets, the maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of financial assets.

Reconciliation of loss allowance provision for Trade receivables

Particulars	31 Mar 2024	31 Mar 2023
Balance as at beginning of the year	**580.57**	926.43
Impairment losses recognised in the year based on lifetime expected credit losses	**1,534.28**	432.25
Amounts written off during the year as uncollectible	**(204.06)**	(778.11)
Balance at end of the year	**1,910.79**	580.57

MARKET RISK

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which provides guidance for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by efficient management of surplus cash and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturity profile of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
31 March 2024

Total	14,572.02	–	–	308.91

(Currency : Indian rupees in lakhs)

27. Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and other funds aggregating Rs.524.54 lakhs (31 March 2023: Rs.653.77 lakhs) has been recognised in the Statement of Profit and Loss.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities. Thus, an increase in inflation will also increase the deficit to some extent.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31 March 2024	31 March 2023
Discount rate(s)	**7.25%**	7.40%
Expected rate(s) of salary increase	**8.00%**	8.00%

	Unfunded Plan Gratuity	
	31 March 2024	31 March 2023
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
I. Amounts recognised in profit or loss		
Current Service Cost	**180.40**	165.32
Past service cost	**–**	–
Net interest expense	**50.62**	40.39
Total amount included in employee benefit expense	**231.02**	205.71
II. Amounts recognised in other comprehensive income		
Remeasurement (gain)/losses:		
Actuarial (gain)/losses arising from changes in -		
– financial assumptions	**7.62**	(29.28)
– experience adjustments	**(47.38)**	15.05
– demographic adjustments	**–**	–
Total amount recognised in other comprehensive income	**(39.76)**	(14.23)
III. Changes in the obligation		
Opening defined benefit obligation	**727.08**	617.74
Current service cost	**180.40**	165.32
Past service cost	**–**	–
Interest expense	**50.62**	40.39
Remeasurement gains/(losses) arising from changes in -		
i. Demographic Assumptions	**–**	–
ii. Financial Assumptions	**7.62**	(29.28)
iii. Experience Adjustments	**(47.38)**	15.05
Benefits paid	**(310.36)**	(82.13)
Impact of liability assumed or (settled)	**20.46**	–
Closing defined benefit obligation	**628.45**	727.08
Current portion of the above	**74.34**	86.04
Non-Current portion of the above	**554.11**	641.05
IV. Actuarial assumptions		
1. Discount rate	**7.25%**	7.40%
2. Attrition rate		
Age in Years 21-44	**18.00%**	18.00%
Age in Years 45-59	**1.00%**	1.00%

SENSITIVITY ANALYSIS	**31 March 2024**		31 March 2023	
	Discount Rate	**Salary Escalation Rate**	Discount Rate	Salary Escalation Rate
Impact of increase in 100 bps on Defined Benefit obligation	**(47.93)**	**46.75**	(52.83)	51.09
Impact of decrease in 100 bps on Defined Benefit obligation	**55.20**	**(42.11)**	60.71	(47.20)

The above sensitivities analysis have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous period in the methods and assumptions used in preparing the sensitivity analysis.

(Currency : Indian rupees in lakhs)

PROJECTED PLAN CASH FLOW

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date.

Maturity Profile	31 March 2024	31 March 2023
Expected Benefits for Year 1	**74.34**	86.04
Expected Benefits for Year 2	**70.10**	89.09
Expected Benefits for Year 3	**66.06**	105.55
Expected Benefits for Year 4	**62.05**	83.34
Expected Benefits for Year 5	**52.65**	57.71
Expected Benefits for Year 6	**45.56**	47.85
Expected Benefits for Year 7	**56.18**	43.14
Expected Benefits for Year 8	**60.32**	54.50
Expected Benefits for Year 9	**70.40**	57.47
Expected Benefits for Year 10 and above	**763.75**	888.29

The weighted average duration of the defined benefit obligation as at 31 March 2024 is 8.17 years (31 March 2023: 7.77 years)

Experience Adjustments:	Year Ended				
	2024	2023	2022	2021	2020
	Gratuity				
1. Defined Benefit Obligation	**628.45**	727.08	617.74	529.59	526.58
2. Fair value of plan assets	**–**	–	–	–	–
3. Surplus/(Deficit)	**(628.45)**	(727.08)	(617.74)	(529.59)	(526.58)
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**(47.38)**	15.05	(4.64)	(44.02)	(18.64)
5. Experience adjustment on plan assets [Gain/(Loss)]	**–**	–	–	–	–

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

28. Fair Value Measurement

Fair Valuation Techiques and Inputs used - Recurring Items

Financial assets/ financial liabilities	Fair value as at 31 March 2024	Fair value as at 31 March 2023	Fair value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship of unobservable inputs to fair value and sensitivity
1) Investment in equity instruments at amortised cost (Unquoted)	**11,097.68**	10,097.68	Level 3	Unquoted bid prices	Long term revenue growth rates.	An increase in the long-term revenue growth rates used in isolation would result in a significant increase in the fair value.
2) Mutual Fund Investments (Quoted)	**571.87**	58.09	Level 1	Quoted bid prices in an active market	–	–

Fair value of financial assets and financial liabilities that are not measured at fair value i.e. measured using amortised cost

The carrying value of other financial assets and liabilities represent reasonable estimate of fair value.

i. The principal amount and the interest due thereon (to be shown separately) remaining unpaid to any supplier at the end of each accounting year	**76.90**	10.94
ii. The amount of interest paid by the buyer in terms of section 16 of the Micro, Small and Medium Enterprises Development Act, 2006 (27 of 2006), along with the amount of the payment made to the supplier beyond the appointed day during each accounting year	**–**	–
iii. The amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006	**–**	–
iv. The amount of interest accrued and remaining unpaid at the end of each accounting year	**–**	–
v. The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006	**–**	–
vi. Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.	**–**	–

31. Ratio Analysis

Sr No	Ratio	Numerator	Denominator	Current Period	Previous Period	% Variance	Reason for Variance
1	Current Ratio	Current Assets	Current Liabilities	1.2	1.8	-32%	During the current year, the Company has taken decision to scale down procurement business. With reduction in inventory/ advances pertaining to these businesses, the current ratio has seen reduction in the current year
2	Debt-Equity Ratio	Total Debt	Shareholder's Equity		Not applicable since company does not have any borrowings		
3	Debt Service Coverage Ratio	Earnings for debt service = Net profit after taxes + Non-cash operating expenses	Debt service = Interest & Lease Payments + Principal Repayments		Not applicable since company does not have any borrowings		
4	Return on Equity Ratio	Net Profits after taxes – Preference Dividend	Average Shareholder's Equity	-42%	-54%	-22%	
5	Inventory Turnover Ratio	Cost of goods sold	Average Inventory	27.37	21.47	27%	During the current year, the Company has scaled down inventory led businesses. Accordingly with minimal closing inventory, average inventory days appearing higher

Sr No	Ratio	Numerator	Denominator	Current Period	Previous Period	% Variance	Reason for Variance
6	Trade Receivables Turnover Ratio	Net credit sales = Gross credit sales - sales return	Average Trade Receivable	6.81	9.57	-29%	With lowering of revenue of procurement business, which had a lower share of debtors, the ratio has shown a reduction in the current year
7	Trade Payables Turnover Ratio	Net credit purchases = Gross credit purchases - purchase return	Average Trade Payables	3.87	7.77	-50%	With lowering of revenue of procurement business, which had a lower share of payables, the ratio has shown a reduction in the current year
8	Net Capital Turnover Ratios	Net sales = Total sales - sales return	Working capital = Current assets – Current liabilities	17.79	7.43	139%	Working Capital has been lower in the year end as inventory/ advance based businesses have scaled down
9	Net Profit/ Loss Ratio	Net Profit/ Loss	Net sales = Total sales - sales return	-13%	-10%	30%	Company has incurred certain costs pertaining to scaling down procurement business. This has led to the loss ratio increasing which has partially been offsetted by reduction in operating costs
10	Return on Capital Employeed Ratio	Loss before interest and taxes	Capital Employed = Tangible Net Worth+Total Debt-Deferre Tax Liability	-53%	-40%	31%	With reduction in capital base due to current year losses, the return on capital employed has been impacted
11	Return on Investment Ratio	Net Loss (+/-) Non Trade Adjustment (Not Depreciation)+Interest on Long Term Debts+Provision for Tax-Interest/Dividend from Non Trade Investments	Capital Employed = Tangible Net Worth+Total Debt-Deferre Tax Liability	-55%	-43%	28%	With decline in networth due to current year losses, the return on investment has been impacted

32. Struck-off Companies details:

Name of struck off Company	Nature of transactions with struck-off Company	Balance outstanding as at 31st Mar 2024	Balance outstanding as at 31st Mar 2023	Relationship with the struck off company, if any, to be disclosed
Elite Enterprises	Receivables	**–**	2.28	Not Applicable
Retona Motors Private Limited	Payables	**(0.98)**	–	Not Applicable
Birdcube Travel Private Limited	Payables	**0.01**	–	Not Applicable
Gansai Martech Private Limited	Payables	**(0.02)**	–	Not Applicable
Corgence Solution Private Limited	Payables	**(1.62)**	–	Not Applicable
Acme D' Ace Marketing Solutions	Payables	**–**	0.68	Not Applicable

33. Disclosure pursuant to Section 186 of the Companies Act, 2013

The details of loans, guarantees and investments under Section 186 of the Companies Act, 2014 read with the Companies (Meetings of Board and its Powers) Rules, 2014 are as follows:

Investments in equity shares

Sr. No.	Name of the entity	Year	As at 1 April 2023	Investment made during the year	Investment sold during the year	Equity instruments through other comprehensive income	As at 31 March 2024
		31-Mar-24	10,097.68	999.99	-	-	**11,097.68**
1	Fifth Gear Ventures Limited	31-Mar-23	6,497.69	3,599.99	-	-	**10,097.68**
		31-Mar-22	3,497.71	2,999.98	-	-	**6,497.69**

34. Segment Information

The Company is engaged in providing various value added services to their customers in the used vehicle segment. The information reported to the Chief Operating Decision Maker (CODM) primarily revolves around the revenue generated by each area of business, while he evaluates operational performance on an overall company basis, both from cost and profitability perspectives. Similarly the Board reviews the results from an organizational perspective as well.

Manpower, which is a critical resource, is fungible between the areas of business to maximize effectiveness. Similarly, the Company leverages its product and service delivery structures for offering a suite of services to its customers across all areas of business. Additionally, there are costs incurred towards advertisement, which is another major cost driver, such that its impact permeates across all areas of the Company's. Thus, considering the high interchangeability of its resources and processes for delivering its objective of serving the used car eco market and the fact that its results are reviewed at an organizational level, the company is a single operating segment.

35. Other matters

(a) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) Other than amount shown below, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS
OF FIFTH GEAR VENTURES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Fifth Gear Ventures Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's board report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 33(a) to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 34 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Fifth Gear Ventures Limited for the year ended 31 March 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of two years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering content and digital marketing services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products traded by it and services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in Lakhs)	Paid under Protest (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	35.36	35.36	AY 2020-21	Commisioner of Income Tax (Appeals)

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) The Company has not raised any funds on short-term basis. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not have any subsidiaries, joint ventures or associate company and hence clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has four CICs as part of the Group

(xvii) The Company has incurred cash losses of Rs 1070.60 lakhs in the current financial year and Rs. 2,414.38 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Fifth Gear Ventures Limited for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Fifth Gear Ventures Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

1 Basis of Preparation

a. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs Pursuant to section 133 of the Companies Act, 2013 (“Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The Company has incurred losses in current and previous year, however Company continues to maintain positive net worth as at 31 March 2024. The Company is 100% subsidiary of Mahindra First Choice Wheels Limited (“the Holding Company”). Holding Company will support by additional funding as and when required to enable the Company to continue its operations and to meet its financial obligations. In view of the above, the use of going concern assumption has been considered appropriate in the preparation of these financial statements and assets and liabilities have been recorded on the basis that the entity will be able to realize its assets and discharge its liabilities in the normal course of business.

The financial statements were authorized for issue by the Company’s Board of Directors on **1 May 2024**

b. Functional and presentation currency

The financial statements are presented in Indian Rupees (INR), which is also the Company’s functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	**Measurement basis**
Certain Financial assets	Fair value
Certain financial liabilities	Fair value

d. Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key sources of estimation uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, intangible assets, fair value of financial assets/liabilities and impairment of investments.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) Useful lives of property, plant and equipment and intangible assets

The Company reviews the useful lives of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortisation expense in future periods.

(ii) Fair value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management’s best estimate about future developments.

e. Measurement of fair values

A number of accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Management.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognize transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further the information about the assumptions made in measuring fair values is included in the note on financial instruments.

2 Material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of financial statements. The accounting policies adopted are consistent with those of the previous financial year, except if mentioned otherwise.

a. Foreign currency

Foreign currency transactions:

Transactions in foreign currencies are translated into the functional currency of Company at the exchange rate at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

b. Financial instruments

Financial instrument is any contract that gives rise to a financial asset of the entity and a financial liability or equity instrument of another entity.

(i) Recognition and initial measurement:

Trade receivables and debt securities issued are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and subsequent measurement:

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortized cost;
- FVOCI – fair value through other comprehensive income
- FVTPL – fair value through profit and loss account

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI, if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or fair value through other comprehensive income (FVOCI) are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is also recognized in the profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

(iii) Derecognition:

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in the profit or loss.

(iv) Offsetting:

Financial assets and financial liabilities are offset and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

c. Property, plant and equipment

(i) Recognition and measurement:

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

(ii) Subsequent expenditure:

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation:

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognized in the Statement of Profit and Loss.

The useful lives as estimated for tangible assets are in accordance with the useful lives as indicated in Schedule II of the Companies Act, 2013 except for the following classes of assets where different useful lives have been used:

Asset Class	Useful life (in years)
Computers	3-5
Office equipments	2
Furniture and fixtures	5
Plant and Equipments	8

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

d. Intangible assets

(i) Recognition and measurement:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

(ii) Intangibles assets under development:

The company expenses cost incurred during research phase to profit or loss in the year in which they are incurred.Development phase expenses are initially recognized as intangible assets under development until the development phase is complete upon which the amount is capitalised as intangible asset.

(iii) Subsequent expenditure:

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

(iv) Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortization in the Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset Class	Useful life (in years)
Computer Software	6
Website	5
Trade Mark	3
Copy Rights	3

Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

(v) Derecognition of intangible assets:

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

e. Impairment

(i) Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, these assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(ii) Impairment of financial instruments

The Company recognizes loss allowances for expected credit losses on:

- financial assets measured at amortized cost; and
- financial assets measured at FVOCI.

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is ‘credit-impaired’ when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

- a breach of contract such as a default or being past due for 365 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are measured at an amount at least equal to the lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses:

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the Balance Sheet:

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-off:

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(iii) Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the Statement of Profit and Loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of assets for which impairment loss has been recognized in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

f. Employee benefits

(i) Short-term employee benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(ii) Defined contribution plan:

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

(iii) Defined benefit plan:

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognized in OCI. The Company determines the net interest expense on the net defined benefit liability

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability , taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in the profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iv) Other long-term employment benefits – Compensated Absences

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment.The Company makes provision for compensated absences based on an independent external actuarial valuation carried out at the end of the year.

(v) Termination benefits:

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognizes costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

g. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

h. Revenue from contracts with customers

The Company earns revenue primarily from income from services relating to advertisement and sale of products.

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services.

- Advertisement revenue - the Company recognizes revenue from the display of graphical advertisements ("display advertising") on the website as "impressions" are delivered. An "impression" is delivered when an advertisement appears in pages herein viewed by users. The Company recognizes revenue from the display of text based links to the websites of its advertisers ("search advertising") which are placed on the website. Search advertising revenue is recognized as "click through" occur. A "click-through" occurs when a user clicks on an advertiser's listing.
- Affiliate revenue is recognized as per the terms of the contract with customers once the services are rendered.
- Sale of Products - The Company recognizes revenue from sale of goods measured at the fair value of the consideration received or receivable, upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on a reasonable credit term. As per the terms of the contract, consideration that is variable, according to Ind AS 115, is estimated at contract inception and updated thereafter at each reporting date or until crystallisation of the amount.

Revenue is measured based on the transaction price, which is the consideration and excludes taxes collected from customers.

Revenue from holding company is recognised based on transaction price which is at arm's length.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liabilities primarily relate to the consideration received from customers in advance for the Company's performance obligations which is classified as advance from customers and deferred revenue which is recognised when there is billings in excess of revenues.

i. Lease

(i) Determining whether an arrangement contains a lease:

At inception of an arrangement, it is determined whether the arrangement is or contains a lease.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognized at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognized using the incremental borrowing rate.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(ii) Company as a lessee:

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative standalone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date.The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

The Company presents right-of-use assets that do not meet the definition of investment property in 'property and equipment' and lease liabilities in the statement of financial position.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straightline basis over the lease term.

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease.

j. Recognition of interest income or expense

Interest income or expense is recognized using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortized cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortized cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

k. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

(i) Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax:

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax is not recognized for :

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

l. Cash and cash equivalent

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

m. Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Stores, spares and tools other than obsolete and slow-moving items are carried at cost. Obsolete and slow moving items are valued at cost or estimated net realizable value, whichever is lower.

n. Earnings per share

(i) Basic earnings per share:

Basic earnings per share is calculated by dividing:

- the profit / (loss) attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share:

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

o. Contingent liabilities and contingent assets

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are not recognized, however, are disclosed in the financial statements where an inflow of economic benefit is probable. Contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

B. Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company in proportion of the number of equity shares held.

C. Details of shareholders holding more than 5% shares in the Company

	As at 31 March 2024		As at 31 March 2023	
Name of shareholder	**No. of shares**	**% holding**	**No. of shares**	**% holding**

Note: 25A. Capital management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company's objective for capital management is to manage its capital so as to safeguard its ability to continue as a going concern and to support the growth of the Company. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investors, creditors and market confidence. The funding requirements are met through equity and operating cash. The Company is not subject to any externally imposed capital requirements.

Note: 25B. Key Financial Ratios of the Company:

Ratio	Numerator	Denominator	Current Period	Previous Period	% Variance	Reason for Variance
Current Ratio	Current Assets	Current Liabilities	1.30	1.20	**9%**	Funding of Rs.999.99 lakhs has resulted in reduction of Current liabilities coupled with improvement in operational capabilities
Debt-Equity Ratio Debt Service Coverage Ratio	Not applicable since company doesn't carry any debt for this financial year.					
Return on Equity Ratio	Profit after tax	Average Shareholders Equity	-81%	-184%	**128%**	Closure of loss making business (M2ALL) and continuous focus on margin improvement
Inventory Turnover Ratio	Sales	Average inventory	2.26	19.43	**-88%**	Mainly on account of closure of Accessories business
Trade Receivables Turnover Ratio	Sales	Average receivable	3.19	5.21	**-39%**	Improvement in ratio is mainly due to focused efforts in collections
Trade Payables Turnover Ratio	Purchase and other expenses (excluding provision for doubtful debts)	Average payable	2.22	4.56	**-51%**	Funding of Rs.999.99 Lakhs has resulted in reduction in Payables

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

Ratio	Numerator	Denominator	Current Period	Previous Period	% Variance	Reason for Variance
Net Capital Turnover Ratios	Net sales	Working capital	7.66	17.14	-124%	Ratio is impacted due to reduction in turnover
Net Profit Ratio	Net profit	Total Income	-47%	-42%	-11%	Ratio has not improved much on account of M2all loss impact in Q1 resulted in poor ratio Vs previous year

Payable to employees*	16	–	103.52	103.52	–	103.52
Total		–	1,225.84	1,225.84	–	1,225.84

As on 31 March 2023

		Carrying value			Fair value measurement using	
Particulars	**Note**	**FVTPL/ FVOCI**	**Amortized cost**	**Total**	**Level 1/ Level 2**	**Level 3**
Financial assets						
Trade receivables*	7	–	1,133.27	1,133.27	–	1,133.27
Cash and cash equivalents*	8	–	262.31	262.31	–	262.31
Bank balances other than cash and cash equivalents*	9	–	60.00	60.00	–	60.00
Other Current Financial assets*	10	–	26.88	26.88	–	26.88
Total		–	1,482.46	1,482.46	–	1,482.46
Financial liabilities						
Trade payables*	15	–	1,482.66	1,482.66	–	1,482.66
Payable to employees*	16	–	169.62	169.62	–	169.62
Capital creditors*	16	–	3.59	3.59	–	3.59
Total		–	1,655.87	1,655.87	–	1,655.87

* The carrying amounts of security deposit, trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents mentioned above, interest accrued on fixed deposit, trade payables, payable against fixed assets, payable to employees and interest payable on loan and others approximates the fair values due to their short-term nature.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There has been no transfers between Level 1, Level 2 and Level 3 for the year ended 31 March 2024 and for the previous year ended 31 March 2023.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of the remaining financial instruments is determined using discounted cash flow method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk - interest rate

(i) Risk management framework

The Company's key management has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risks limits and controls and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market condition and the Company's activities. The Company through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which employees understand their roles and obligations.

(ii) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet

Particulars	As at 31 March 2024	As at 31 March 2023
Trade receivables	**689.27**	1,133.27
Cash and cash equivalents	**139.12**	262.31
Bank balances other than cash and cash equivalents mentioned above	**100.00**	60.00
Other financial assets	**24.56**	26.88

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks.

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally deals with banks with high credit ratings assigned by domestic credit rating agencies.

The Company uses expected credit loss model to assess the impairment loss. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers. Based on the business environment in which the Company operates, management considers that the trade receivables are in default (credit impaired) if the payments are more than 365 days past due.

Trade receivables as at year end includes INR 545.07 lakhs (previous year INR 1048.22 lakhs) as amount recoverable from others and INR 172.17 lakhs (previous year INR 141.68 lakhs) recoverable from related parties .

The movement in the allowance for impairment in respect of trade receivables is as follows:

Particulars	As at 31 March 2024	As at 31 March 2023
Balance as at beginning of the year	**56.63**	40.06
Loss allowance on trade receivables	**19.23**	63.35
Utilized	**47.89**	46.78
Balance as at the end of the year	**27.97**	56.63

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to manage liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company aims to maintain the level of its cash and cash equivalents and other highly marketable equity investments at an amount in excess of expected cash outflows on financial liabilities (other than trade payables) over the next six months. The Company also monitors the level of expected cash inflows on trade receivables together with expected cash outflows on trade payables and other financial liabilities.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The contractual cash flow amounts are gross and undiscounted.

As at 31 March 2024	Carrying amount	Less than one year	Between one and three years	More than three years	Contractual cash flows
Trade payables	**1,122.32**	**1,122.32**	**–**	**–**	**1,122.32**
Other financial liabilities	**103.52**	**103.52**	**–**	**–**	**103.52**
	1,225.84	**1,225.84**	**–**	**–**	**1,225.84**

As at 31 March 2023	Carrying amount	Less than one year	Between one and three years	More than three years	Contractual cash flows
Trade payables	1,482.66	1,482.66	–	–	1,482.66
Other financial liabilities	173.21	173.21	–	–	173.21
	1,655.87	1,655.87	–	–	1,655.87

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

(iv) Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Company operated domestically and not exposed to foreign currency fluctuation risk for the financial year ended 31 March 2024.

The Company does not have any borrowing during the financial year ended 31 March 2024, accordingly not exposed to interest rate risk.

Note 27. Earnings per share ('EPS')

The calculations of profit / (loss) attributable to equity shareholders and weighted average number of equity shares outstanding for purposes of earnings / (loss) per share calculations are as follows:

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Loss for the year - (A)	**(1,397.61)**	(2,656.81)
Calculation of weighted average number of equity shares		
Number of equity shares at the beginning of the year	**307,131**	198,144
Number of equity shares outstanding at the end of the year	**337,405**	307,131
Weighted average number of shares outstanding during the year - (B)	**332,938**	228,302
Face value of each equity share (INR)	**10**	10
Basic and diluted loss per equity share (INR) - (A)/(B)	**(419.78)**	(1,163.73)

Note 29. Employee Benefits

(i) Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities. Thus, an increase in inflation will also increase the deficit to some extent.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

(a) Changes in present value of defined benefit obligation:

Particulars	Present value of obligation
Balance as at 1 April 2022	41.61
Current service cost	13.87
Interest expense / (income)	2.14
Total amount recognized in profit or loss	**16.01**
Remeasurements:	
(Gain) / loss from change in demographic assumptions	(4.30)
(Gain) / loss from change in financial assumptions	(1.25)
Experience (gains) / losses	(15.93)
Total amount recognized in other comprehensive income	**(21.48)**
Benefit payments	(10.71)
Balance as at 31 March 2023	**25.43**

Particulars	Present value of obligation
Current service cost	7.77
Interest expense / (income)	1.59
Total amount recognized in profit or loss	**9.37**
Remeasurements:	
(Gain) / loss from change in demographic assumptions	–
(Gain) / loss from change in financial assumptions	0.06
Experience (gains) / losses	(3.51)
Total amount recognized in other comprehensive income	**(3.45)**
Benefit payments	**–**
Balance as at 31 March 2024	**31.36**

The net liability disclosed above relates to unfunded plans are as follows:

Particulars	**As at 31 March 2024**	As at 31 March 2023
Present value of obligations	**31.36**	25.43
Deficit of gratuity plan	**31.36**	25.43

(b) Assumptions:

1. Economic assumptions

Particulars	**As at 31 March 2024**	As at 31 March 2023
Discount rate	**7.20%**	7.25%
Salary growth rate	**8.00%**	8.00%

The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.

The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

2. Demographic assumptions:

Particulars	As at 31 March 2024	As at 31 March 2023
Withdrawal rate as on 31 Mar 2024		20%
Age in years 21 - 30	**29%**	29%
Age in years 31 - 40	**37%**	37%
Age in years 41 - 50	**23%**	23%
Age in years 51 - 59	**4%**	4%

(c) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	Impact on defined benefit obligation					
	Change in assumption		Increase in assumption		Decrease in assumption	
Particulars	As at 31 March 2024	As at 31 March 2023	As at 31 March 2024	As at 31 March 2023	As at 31 March 2024	As at 31 March 2023
Discount rate	**1.0%**	1.0%	**-1.24**	-1.00	**1.35**	1.08
Salary growth rate	**1.0%**	1.0%	**1.30**	1.06	**(1.24)**	(1.00)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

(d) Projected Plan Cash Flow

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date.

Maturity Profile	As at 31 March 2024	As at 31 March 2023
Within 1 year	**8.38**	6.92
Between 2 and 5 years	**19.29**	15.63
Between 6 and 9 years	**6.86**	6.25
10 years and above	**10.22**	7.40

The weighted average duration of the defined benefit obligation as at 31 March 2024 is 4.12 years (31 March 2023: 4.08 years)

Note 30. Lease commitments

Non-cancellable operating leases

The Company has taken a commercial premises under cancellable operating lease. The rental expense for the current year, in respect of operating leases is INR 106.73 lakhs (previous year INR 101.02 lakhs). The future minimum lease payments in respect of such leases is Nil.

Note 31. Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") as required under Ind AS 108. The CODM is considered to be Board of Directors who makes strategic decisions and is responsible for allocating resources and assessing performance of the operating segments. The principal activities of the Company comprises of e-commerce market place connecting buyers and sellers in respect of products related to cars and bikes, accordingly, the Company has one reportable segment.

Note 32. Taxation

A) The reconciliation of estimated income tax to income tax expense is as follows:

Particulars	For the year ended 31 March 2024		For the year ended 31 March 2023	
Loss before taxes		(1,397.61)		(2,656.81)
Tax using the Company's applicable tax rate	25.17%	(351.75)	25.17%	(668.67)
Tax effect of :				–
Non deductible expenses	-0.19%	2.68	-0.01%	0.24
Change in temporary differences	0.26%	(3.60)	1.89%	(50.29)
Current year losses for which no deferred tax asset was recognized	-25.23%	352.67	-27.05%	718.72
Effective tax rate	**–**	**–**	**–**	**–**

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2024

(Currency : Indian rupees in lakhs)

B) Unrecognized deferred tax assets

Deferred tax assets have not been recognized in respect of following items:

Particulars	As at 31 March 2024	As at 31 March 2023
Deferred tax liability		
- Deductible temporary differences	**(4.75)**	(39.45)
Deferred tax assets		
- Tax loss carry forwards	**352.67**	718.72
- Deductible temporary differences	**8.35**	39.01
Total deferred tax assets	**361.02**	757.73

As at 31 March 2024, the Company did not recognize deferred tax assets on tax losses and other temporary differences because a trend of future profitability is not yet clearly discernible.

C) Recognized deferred tax assets and liabilities

Deferred tax assets and liabilities are attributable to following:

Particulars	As at 31 March 2024	As at 31 March 2023
Deferred tax liabilities		
- Property, plant and equipments and intangible asset	**(4.75)**	(39.45)
Total deferred tax liabilities	**(4.75)**	(39.45)
Deferred tax assets		–
- Deductible temporary differences	**4.75**	39.45
Total deferred tax assets	**4.75**	39.45
Net deferred tax assets/(liability)	**–**	–

D) Movement in deferred tax assets/(liabilities) during the year:

Movement in deferred tax assets during the year	Balance as at 1 April 2022	Recognized in profit or loss	Balance as at 31 March 2023	Recognized in profit or loss	Balance as at 31 March 2024
- Deductible temporary differences	5.73	(39.45)	(33.72)	(4.75)	(38.47)
- Tax loss carry forwards	(5.73)	39.45	33.72	4.75	38.47
Total	**–**	**–**	**–**	**–**	**–**

(ii) Deferred tax assets have not been recognised in respect of following items, as it is not probable that future taxable profit will be available against which the Company can utilise the benefit therefrom.	As at 31 March 2024	As at 31 March 2023
Unabsorbed depreciation	**932.67**	624.82
Unabsorbed business losses	**5,743.15**	4,649.69
Total	**6,675.82**	5,274.51

The unrecognised tax losses carried forward expire as follows:	As at 31 March 2024	As at 31 March 2023
Financial year 2027-2028	**94.93**	94.93
Financial year 2028-2029	**395.20**	395.20

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Integrated Business Solutions Private Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Integrated Business Solutions Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policy information and other explanatory information in which are incorporated the returns for the year ended on that date audited by the branch auditors of the Company's branches located at Michigan, USA and Banbury, UK.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the branch auditors on separate financial statements of the branches referred to in the Other Matters section below, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the branch auditors in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company and its branches to express an opinion on the Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities or business activities included in the Financial Statements of which we are the independent auditors. For the other entities or business activities included in the Financial Statements, which have been audited by the branch auditors, such branch auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statements of two branches included in the Financial Statements of the Company whose financial statements reflect total assets of Rs. 19,576 Lakhs as at March 31, 2024 and total revenue of Rs. 31,669 Lakhs for the year ended on that date, as considered in the Financial Statements. The financial statements of these branches have been audited by the branch auditors and other auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid branches, is based solely on the report of such branch auditors.

Our opinion on the Financial Statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company and its branches so far as it appears from our examination of those books and the reports of the branch auditors and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
   (c) The reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
   (d) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account.
   (e) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (f) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (g) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

(h) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provision of section 197 of the Act.

(i) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which would impact its financial position;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(es), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(es), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Integrated Business Solutions Private Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the financial statements for the year ended March 31, 2024

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of the physical verification is reasonable having regard to the size of the Company and nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the title deeds of immovable properties are held in the name of the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) Company is into service industry and does not hold any inventory, hence, reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) The Company has not raised any term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us, the Company has not availed any loans or borrowings during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, company is not liable to adhere compliance under section 135 of the Companies Act, 2013. Accordingly, the reporting Clause 3(xx)of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No.

1 **Company overview**

Mahindra Integrated Business Solutions Private Limited is a Private Limited Company incorporated and domiciled in India on 18th January 2011 and it started its operations from 1st May 2011. The Company's registered office is at Mumbai, Maharashra, India. These financial statements correspond to the stand alone financial statments of the Company. The Company is rendering back office accounting & payroll services. Currently though a captive service provider, it intends to extend the services to corporate sector at large**.**

The immediate parent Company and Ultimate parent Company is Mahindra & Mahindra Limited, a company incorporated in India.

2 Material Accounting Policy Information

2.1 **Statement of compliance and basis for preparation**

a. These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

b. Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow is reported using indirect method as per the requirements of Ind AS 7 ("Cash flow statements"), whereby profit for the year is adjusted for the effects of transactions of a non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

c. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rupees') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

d. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

e. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment and intangible assets
- estimation of define benefit obligation
- provision for warranty claims
- income taxes - current and deferred taxes
- fair value of unlisted securities
- impairment of trade receivables

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

f. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset ot liability that are not based on observable market data (unobservable inputs).

g. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

h. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 **Significant accounting policies**

a. Operating Cycle :

Assets and Liabilities are classified as Current or Non – Current as per the provisions of the Schedule III notified under the Companies Act, 2013 and Company's normal operating cycle. Based on the nature of business and its activities, the Company has ascertained its operating cycle as twelve months for the purpose of Current & Non – Current classification of Assets & Liabilities.

b. Property, plant and equipment:

i. Property, plant and equipment are carried at their original cost less accumulated depreciation and accumulated impairment losses.

ii. Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful life used to determine depreciation is:

Building	24 - 30 years
Leasehold improvements	3 – 15 years or the lease period
Machinery & equipment	3 - 10 years
Furniture & fixtures	5 - 10 years
Computers	3 - 5 years
Vehicles	5 years

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

iii. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

c. Intangible Assets:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The useful life considered for assets in this class is 3 - 5 years.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

d. Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

e. Investments:

Investment held as long-term investments are stated at cost comprising of acquisition and incidental expenses less permanent diminution in value, if any. Current investments are valued at the lower of cost and fair value.

f. Revenue Recognition:

i. Sale of services is recognized when the services are rendered.

ii. Revenues on time & material contracts are recognized as the related services are performed and revenues from the end of the last billing to the Balance sheet date is recognized as Unbilled revenues. The unbilled revenues primarily consists of cost which needs to be billed to client on cost plus margin basis where there is no uncertainty as to measurement or collectability of consideration.

iii. Fee based income is accounted for on achieving specified milestones as per mutual agreement.

iv. Further, revenue is recognised when there is no uncertainty as to the measurement or collectability of consideration.

v. Interest income
Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

g. Employee Benefits:

Retirement benefit costs and termination benefits
Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

h. Taxes on Income:

Tax expense comprises of both current and deferred tax only.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Provision for Current tax is measured at the amount computed under section 115BAA of the Income Tax Act, 1961 and hence provision of MAT under section 115JB is not applicable.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

i. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

i. For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

ii. Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

j. Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash and other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls).

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

k. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks & rewards of ownership to the leases. All other leases are classified as operating leases.

The Company as lessee:
The assets held under finance leases are initially recongnised as assets of the company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance expense and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policies on borrowing cost. Contingent rentals are recognized as expense in the period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Rental expense from the operating lease is generally recognized on a straight line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases, such increases are recognized in the year in which such benefits accrue.

l. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

m. Government incentive

The Branch receives incentives in the form of reimbursement of expenses incurred under the New Jobs Training Program agreement with Oakland Community College. These grants are netted off against the training expenses in the statement of income when there is a reasonable assurance that all grant conditions have been complied with and the grant will be received.

3.1 Pursuant to acquisition of US Branch from Mahindra Vehicle Manufacturing Limited w.e.f. January 1, 2022, the amounts pertaining to year from April 2020 to March 2021 includes amounts for 3 Months from January 2021 to March 2021 related to US Branch operations. UK branch has started their operations from October 2021. Accordingly, no amount related to UK Branch was included in amounts for the year from April 2020 to March 2021. Consequently, the amounts for the year from April 2020 to March 2021 are not comparable to amounts for the year from April 2021 to March 2022.

3.2 **Segment Reporting** - The CEO & MD of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by geography. Accordingly, segment information has been presented for geography. Each segment item is presented at the measure used to report to the CODM for the purposes of making decisions about allocating resources to the segment and assessing its performance. CODM does not review assets and liabilities at reportable segments level, hence Management believes that it is currently not practicable to provide disclosure of assets by geographical location.

3.3 **Recent Accounting Pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which is applicable from April 1, 2024.

3.4 Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period, adjusted for bonus elements in equity shares, if any, issued during the period. Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Note No. 4 Property, Plant and Equipment

Property, plant and equipment comprise of owned and leased assets.

Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity share is entitled to one vote per share. The company declares and pays dividend in Indian Rupees. The dividend proposed by Board of Direcors is subject to approval of the shareholders in the ensuing annual general meeting. Further, the Board of Directors may also announce an interim dividend which would need to be confirmed by the shareholders at the forthcoming Annual General Meeting. In the event of liquidation, the shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholdings.

(ii) There is only one class of Equity shares valued at Rs. 10 and there are no preference shares.

(iii) Details of shares held by the holding company, the ultimate holding company, their subsidiaries and associates:

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The capital structure is monitored on the basis of net debt to equity of the Company.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated the equivalent of investment grade and above. This information is supplied by independent rating agencies where available and, if not available, the Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

As at March 31, 2024 — **Rupees lakhs**

Particulars	**Less than 6 months past due**	**More than 6 months past due**	**Total**
Expected loss rate	0.0%	-100.0%	-0.2%

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company may be required to pay.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk mainly comprises currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's / Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12 month period for hedges of forecasted sales and purchases.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Rupees lakhs

Particulars	Currency	31-Mar-24	31-Mar-23
Trade Receivables	USD	**15.22**	15.00
	GBP	**0.78**	0.75

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and AUD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No. 27 Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund, Superannuation Fund and ESIC aggregating Rs. 1376.35 Lacs (2023 : Rs. 1225.06 Lacs) has been recognised in the Statement of Profit or Loss for period ended March 31, 2024 under the head Employee Benefits Expense.

The Company has voluntary contributed in 401(k) retirement plans covering substantially all the employees of US branch. The Branch may make annual contributions to the plans equal to a uniform percentage of participant compensation. The cost of the Branch's contributions charged to expense related to 401(k) contributions was Rs 22.96 lacs for the period ended March 31, 2024. (2023 :Rs.54.89 Lacs)

The Company has contributed towards workplace pension plans covering substantially all the employees of UK branch. The cost of the Branch's contributions charged to expense related to employee was Rs 656.36 lacs for the period ended March 31, 2024. (2023 :Rs.401.75 Lacs)

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

<u>Asset volatility</u>

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

<u>Changes in bond yields</u>

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

<u>Inflation risk</u>

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

<u>Life expectancy</u>

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-Mar-24	31-Mar-23
Discount rate(s)	**7.20%**	7.35%
Expected rate(s) of salary increase	**8.50%**	8.50%

Defined benefit plans – as per actuarial valuation on 31st March, 2024

Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:

	- Current Service Cost	**53.62**	51.32
	- Interest Expense (Income)	**22.07**	18.32
4	Recognised in Other Comprehensive Income		
	Remeasurement gains / (losses)		
-	Actuarial Gain (Loss) arising from:		
i.	Demographic Assumptions	**–**	–
ii.	Financial Assumptions	**3.94**	(12.18)
iii.	Experience Adjustments	**(0.75)**	1.58
5	Benefit payments	**(21.27)**	(24.11)
6	Others (Specify)	**–**	–
7	Present value of defined benefit obligation at the end of the year	**388.48**	330.87
V	**Change in fair value of assets during the year ended 31st March**		
1	Fair value of plan assets at the beginning of the year	**220.86**	229.35
2	Add/(Less) on account of Scheme of Arrangement/ Business Transfer		
3	Expenses Recognised in Profit and Loss Account		
	- Expected return on plan assets	**14.72**	14.44
4	Recognised in Other Comprehensive Income		
	Remeasurement gains / (losses)		–
	- Actual Return on plan assets in excess of the expected return	**(32.31)**	1.18
	- Others (specify)		
5	Contributions by employer (including benefit payments recoverable)	**19.69**	–
6	Benefit payments	**(21.27)**	(24.11)
7	**Fair value of plan assets at the end of the year**	**201.70**	220.86
VI	**The Major categories of plan assets**		
-	List the plan assets by category here		
	Insurer Managed Fund	**201.70**	220.86
VII	**Actuarial Assumptions**		
1	Discount rate	**7.20%**	7.35%
2	Expected rate of return on plan assets	**7.20%**	6.85%

VIII The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount rate	**2024**	**1.00%**	**-6.39%**	**7.34%**
	2023	1.00%	-6.64%	7.64%
Salary growth rate	**2024**	**1.00%**	**6.97%**	**-6.20%**
	2023	1.00%	7.37%	-6.62%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute Rs. 2,000,000 to the gratuity trusts during the next financial year.

IX Maturity profile of defined benefit obligation:

	2024	2023
Within 1 year	**72.41**	61.28
1 - 2 year	**73.81**	30.07
2 - 3 year	**30.67**	62.28
3 - 4 year	**34.29**	25.00
4 - 5 year	**22.28**	27.49
above 5 years	**488.19**	451.70

X Plan Assets

The fair value of Company's pension plan asset as of 31 March 2024 and 2023 by category are as follows:

	2024	2023
Asset category		
Deposits with Insurance companies	**201.70**	220.86
	100%	100%

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at 31 March 2024 is 6.84 years (2023: 7.11 years)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit orloss of the expense for the year.

In February 2019, Supreme Court of India in its judgement clarified the applicability of allowances that should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligations for past periods. Accordingly, based on legal advice the Company has made a provision for provident fund contribution from the date of Supreme Court order.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No. 28 Fair Value Measurement

(a) CWIP aging schedule

CWIP	Amount in CWIP for a period of				Total
	Less than 1 year	1-2 years	2-3 years	More than 3 Years

(g) The Company is not declared wilful defaulter by and bank or financials institution or lender during the year.

(h) The Company does not have transactions with any struck off entity.

(i) The Company does not have transactions with any struck off entity.

(j) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies.

Note No. 32 Leases

The Company has entered into non cancelable operating lease agreements related to facility, office equipment, machinery and equipment and vehicles with varying terms.

Non-lease components

Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company has used the following policies and/or assumptions in evaluating the lease population

Lease determination:

The Company considers a contract to be or to contain a lease if the contract conveys the right to control the use of identified property and equipment (an identified asset) for a period of time in exchange for consideration.

Discount rate :

When the lease contracts do not provide a readily determinable implicit rate, the Company uses the estimated incremental borrowing rate based on information available at the inception of the lease. The discount rate is determined by asset class.

Variable payments :

The Copmany includes payments that are based on an index or rate within the calculation of right of use leased assets and lease liabilities, initially measured at the lease commencement date. There are variable payments origination fees for office equipment, machinery and equipment and therefore are not treated as a part of lease payments.

Purchase options :

Certain leases include options to purchase the office equipment. The depreciable life of assets is limited by the expected lease term unless there is a transfer of title or purchase option reasonably certain of exercise.

Renewal options :

Most leases include one or more options to renew, with renewal terms that can extend the lease term from one or more years. The exercise of lease renewal options is at the Company's sole discretion.

Residual value guarantees, restrictions, or covenants :

The lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Short-term leases :

Leases with an initial term of 12 months or less are not recorded on the balance sheet; the Company recognizes lease expense for these leases on a straight-line basis over the lease term and expense the associated operating lease costs to other expenses in Profit and loss account.

The table below presents the classification of leasing assets and liabilities

	Rupees in lakhs	
Particulars	**As at March 31, 2024**	As at March 31, 2023
Assets		
Right-of-use of assets	**2,958.77**	1,350.76
Liabilities		
Current Lease liabilities	**590.21**	778.67
Non-current lease liabilities	**1,589.96**	1,911.92

The table below presents the classification of lease related expenses as reported in the Profit and loss account

Particulars	**For the Year 2023-24**	For the Year 2022-23
Rent Expenses	**359.87**	400.47

Note No. 33 Additional Disclosures

Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

	Rupees lakhs	
Particulars	**As at March 31, 2024**	As at March 31, 2023
(i) Principal amount remaining unpaid to MSME suppliers	**11.83**	11.86
(ii) Interest due on unpaid principal amount to MSME suppliers	**3.51**	1.27
(iii) The amount of interest paid along with the amounts of the payment made to the MSME suppliers beyond the appointed day	**–**	–
(iv) The amount of interest due and payable for the year (without adding the interest under MSME Development Act)	**–**	–
(v) The amount of interest accrued and remaining unpaid	**3.51**	1.27
(vi) The amount of interest due and payable to be disallowed under Income Tax Act, 1961	**3.51**	1.27

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.

Comparatives

The figures for previous year have been regrouped wherever necessary to conform to current year's classification.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Mahindra EMarket Limited**

Report on the audit of the financial statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra EMarket Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Material Uncertainty related to going concern

We draw attention to Note 26 in the financial statements. As on 31st March 2024, the Company's current liabilities exceeded its total assets by Rs. 109.06 lakhs. As stated in Note 26, these events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Based on management plans as stated in the note referred above, these financial statements have been prepared on a going concern basis. Our opinion is not modified in respect of this matter.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors)

Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which would impact its financial position;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement; and

(v) The Company has not declared/paid/declared and paid any dividend during the year.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

1. According to information and explanation given to us, the Company does not have any Plant, Property and equipment and intangible assets at the end of the year. Accordingly, the reporting under Clause 3 (i) (a), (b), (c), (d), (e) is not applicable to the Company.

2. (a) According to the information and explanations given to us, the Company does not hold any inventory at the end of the year. Accordingly, the reporting under Clause 3{ii) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services tax, Income-tax, Cess and other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix}{a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) In our opinion and according to the information and explanations given to us, no term loans were raised during the year and hence reporting under clause 3 (ix) (c) is not applicable to the Company.

(d) According to the information and explanations given to us and based on the audit procedures performed by us and on an overall examination of the Balance Sheet of the Company, we report that the Company has not utilised funds raised on short-term basis for long-term purposes.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3{ix}{e) and 3(ix){f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3{x){a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group has four Core Investment Companies

17. The Company has incurred cash losses of Rs 10.73 Lakhs in the current financial year and Rs 4.47 Lakhs in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. As more fully explained in Note 26 to the financial statements and according to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial

assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, we are of the opinion that a material uncertainty exists as on the date of the audit report that the Company would be capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date].

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra E Market Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company consideririg the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit iri accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Nate") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit ta obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

1 Corporate information:

Mahindra EMarket Limited is a public limited company incorporated in Mumbai, India under the Companies Act 2013. The company is engaged, inter-alia, deals in automobile business through their online e-commerce portal. During the year, the company has allowed its e-commerce portal to be used by a Group Company dealing in the similar business activities.

2 Significant Accounting Policies followed by the Company:

2.1 Statement of compliance and basis of preparation and presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

The financial statements were authorized for issue by the Company's Board of Directors on 15th April 2024

2.2 Financial Assets and Financial Liabilities:

Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

2.3 Property, plant and equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

2.4 Inventories:

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Stores, spares and tools other than obsolete and slow-moving items are carried at cost. Obsolete and slow-moving items are valued at cost or estimated net realizable value, whichever is lower.

2.5 Leases:

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The amendment is effective for annual periods beginning on or after 01st April 19.

2.6 Revenue Recognition:

In view of INDAS 115, Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenues, Company apply the following five step approach:

(1) identify the contract with a customer

(2) identify the performance obligations in the contract

(3) determine the transaction price

(4) allocate the transaction price to the performance obligations in the contract

(5) recognize revenues when a performance obligation is satisfied.

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation based on their selling price.

2.7 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

2.8 Taxes on Income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.9 Measurement of fair values:

The company's accounting policies and disclosures require the measurement of fair values. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.10 Use of estimates and judgements:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

2.11 Cash and cash equivalents:

Cash comprises demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.12 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.13 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the period.

Note No. 17 - Financial Instruments

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The Company's exposure are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Three largest Trade Receivable constitute more than 10% of outstanding exposure and together more than 50% of the outstanding exposure.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

		For the year Ended 31 March 2024			For the year Ended 31 March 2023		
Particulars		**In cash**	**Yet to be paid in cash**	**Total**	In Cash	Yet to be paid in cash	Total
i)	Construction/acquisition of any asset						
ii)	On purpose other than (i) above	**NIL**			NIL		

Note No. 26 - Going Concern

The accumulated losses of the Company as on 31 March 2023 exceeds the paid-up share capital of the Company. Though the sources of Revenue are limited in the present day scenario, the Company does not intend to wind up its operations. The Company is exploring some business opportunities and may consider restructuring with support from its parent companies.

In the opinion of the management, the Company will be able to continue as a going concern for the foreseeable future. Having regard to the above, the accounts are prepared on a going concern basis.

Note No. 27 - Inventories

The company during the year had no closing inventory as on 31st March, 2024.

Note No. 28 - Regrouping

Previous period's figures are regrouped / reclassified wherever necessary to conform with those of the current year..

In terms of our report attached.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF MAHINDRA AIRWAYS LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Airways Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company does not have any intangible assets. Accordingly, the reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified all of its property, plant and equipment during the year and no material discrepancies were noticed on such verification.

   (c) According to the information and explanations given to us, the Company does not have any immovable properties. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its property, plant and equipment or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) According to the information and explanations given to us, the Company is in the business of rendering services and consequently does not hold any inventory during the year. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

   (e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

    (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

    (b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

    (c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

14. (a) In our opinion and according to the information and explanations given to us and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.

    (b) We have considered the Internal Audit report of the Company issued till date for the period under audit.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

    (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

    (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

    (d) Based on the information and explanations given to us, we report that the Group has four Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 73.35 Lakhs in the current financial year and Rs. 160.77 Lakhs in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

Annexure B to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Airways Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

1. General Information

Mahindra Airways Limited is a Limited Company incorporated and domiciled in India. The Company's registered office is at Mahindra Towers, P K Kurne Chowk, Worli, Mumbai, Maharashtra, India. These financial statements correspond to the financial statements of the Company. The Company is primarily involved in Providing Aircraft Chartering Services under Non-Scheduled Operators Permit (NSOP) issued by Director General Civil Aviation.

2. Significant Accounting Policies

a. Statement of compliance and basis of preparation

These financial statements of Mahindra Airways Limited have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These are the standalone financial statement of the Company. The Ministry of Corporate Affairs has, vide its Notification G.S.R 742(E) dated 27th July, 2016, exempted a wholly owned subsidiary Company from preparation and presentation of Consolidated Financial Statements provided the Company meets the conditions as mentioned in the said Notification

Accordingly, the Company has not prepared Consolidated Financial Statements since it has met all requirements mentioned in the aforesaid Notification.

These financial statements have been approved by the Company's Board of Directors and authorised for issue on 17th April 2024

b. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

d. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

e. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

f. Cash Flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

g. Property, Plant and equipment

Property, Plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any.

Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Asset Class	Useful Lives
Furniture & Fixtures	10 years
Computer	3 years

Assets costing less than or equal to Rs. 5,000 are depreciated fully in the year of purchase.

h. Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset or a group of assets (cash generating unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or a group of assets. The recoverable amount of the asset (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Value in use is the present value of estimated future cash flow expected to arise from the continuing use of the assets and from its disposal at the end of its useful life.

If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

i. Revenue Recognition

The Company has applied Ind AS 115 'Revenue from Contracts with customers' ("hereinafter referred to as Ind AS 115") effective from 01 April 2018, using modified retrospective approach for the purpose of transition. Accordingly, comparatives for the previous period have not been restated. The application of Ind AS 115 did not have any material impact on the financial results of the Company.

- **Service Income**

  Income from Chartering Services are recognised on satisfaction of performance obligation towards rendering of such services.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

- **Interest income**

  Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

- **Dividend Income**

  Dividend from investments are recognised in profit or loss when the right to receive payment is established.

j. Investments

Investments are classified under Non-current and current categories.

Non-current Investments' are carried at acquisition /amortized cost. A provision is made for diminution other than temporary on an individual basis.

Current Investments' are carried at fair value on an individual basis.

k. Employee Benefits

Defined Contribution schemes

Company's contributions to the Provident Fund are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due.

l. Taxation

Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that have been enacted and substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax liability or asset is recognized for timing differences between the profits/losses offered for income tax and profits/losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax asset are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

m. Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

n. Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

– it has been acquired principally for the purpose of selling it in the near term; or

– on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking.

The Company has equity investments which are not held for trading. The Company has elected the FVTOCI irrevocable option for these investments.

Dividend on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

o. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

p. Provisions and Contingencies

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present values and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events not wholly within the control of the Company.

q. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment
- estimation of defined benefit obligation
- income taxes - current and deferred taxes
- fair value of unlisted securities

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are evaluated based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Note No. 20 - Financial Instruments

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy group companies. However company continuosly monitors the outstanding receivable from these companies.

The Company deals with one major customer which is also its holding Company. Hence, company does not expect any credit risk.

LIQUIDITY RISK

Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following table details the Company's / Company's liquidity analysis for its financial instruments.

Particulars	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	5 years and above INR
Financial instruments 31-Mar-24				
Non-interest bearing	**0.08**			
Total	**0.08**			

MARKET RISK

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objectives of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

INTEREST RATE RISK

The Company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day-to-day operations. Further, certain interest bearing liabilities carry variable interest rates.

Note No. 21 - Fair Value Measurement

Fair value of financial assets and financial liabilities that are not measured at fair value

This section explains the judgement and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 Inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 Inputs:

Level 2 inputs are inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

_ quoted prices for similar assets or liabilities in active markets
_ quoted prices for identical or similar assets or liabilities in markets that are not active
_ inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
_ implied volatilities
_ credit spreads
_ inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 Inputs

Level 3 inputs are ubobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measuremnet date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participation assumptions that is reasonably available.

Fair value of financial assets and financial liabilities that are not measured at fair value

	Fair value hierarchy as at 31 March 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Financial assets				
Financial assets carried at Amortised Cost				
– investments	–	–	–	–
– cash & cash equivalents	–	0.08	–	0.08
Total	–	0.08	–	0.08

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Note 22 - The Company has used certain significant accounting estimates which have been disclosed in the financial statements.

Note 23 - Other Information

Any other information required by Schedule III other than those mentioned above are either nil or not applicable to the Company.

Note 24 - Previous period's figures are regrouped / reclassified wherever necessary to conform with those of the current year.

INDEPENDENT AUDITOR'S REPORT
To The Members of Mahindra Logistics Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Mahindra Logistics Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2024 and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024 and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	Auditor's Response
The Company has investment in unquoted equity instruments in subsidiary - MLL Express Services Private Limited ("MESPL"). The investment is accounted for at cost, less impairment. If triggers for impairment exist on the balance sheet date, the recoverable amounts of the above investments are estimated in order to determine the extent of the impairment loss, if any. Determination of triggers for impairment in value of these investments and recoverable amount, involves significant estimates and judgements, including the cash flow projections and sensitivity analysis of the key assumptions. (Refer note 2.15 and 3 (a) (v) to the standalone financial statements)	Principal Audit Procedures Performed: • Evaluated the design and tested the operating effectiveness of internal controls implemented by the Company relating to identification of impairment indicators and valuation of investment in subsidiary; • Evaluated the objectivity and independence of the specialist engaged by the Company and reviewed the valuation report issued by such specialist; • Engaged internal fair valuation expert to test the appropriateness of the management's underlying assumptions such as weighted average cost of capital, terminal growth rate considered and appropriateness of the valuation model used; • Compared the Company's assumptions with comparable benchmarks in relation to key inputs such as long-term growth rates and discount rates; • Assessed the appropriateness of the forecasted projections of Revenue and EBITDA within the budgeted period based on understanding of the business and sector experience; • Performed a sensitivity analysis in relation to weighted average cost of capital; and • Assessed the adequacy of the disclosures made in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, Annexures to the Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. Above reports are expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the above reports, if we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer note 43 to the standalone financial statements.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 44 (i) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 44 (i) to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 18 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. Based on our examination, which included test checks, the Company has used accounting software's for maintaining its books of account for the financial year ended 31 March 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software's. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 1 April 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31 March 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Mahindra Logistics Limited ("the Company") as at 31 March 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31 March 2024, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) Property Plant and Equipment:

a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, (capital work in-progress, including right-of-use assets).

(B) The Company has maintained proper records showing full particulars of intangible assets.

b) The Company has a program of verification of property, plant, and equipment, (capital work-in-progress and right-of-use assets) so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, during the year certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

c) Based on our examination of the registered sale deed provided to us, we report that, the title deeds of all the immovable properties, (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in (property, plant and equipment and capital work-in progress) are held in the name of the Company as at the balance sheet date.

d) The Company has not revalued any of its property, plant, and equipment (including Right of Use assets) and intangible assets during the year.

e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) Inventory :

a) The Company does not have any inventory and hence reporting under clause (ii) of the CARO 2020 is not applicable.

b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions on the basis of security of current assets, and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) Loans, Investments etc:

(a) The Company has made investments in, but not provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) (c) to (f) of the Order is not applicable.

(b) The investments made during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

(iv) Section 185 and 186 :

According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.

(v) Public Deposits:

The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Cost Records:

The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) Statutory Dues:

According to the information and explanations given to us, in respect of statutory dues:

a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, cess, and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, cess, and other material statutory dues in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

b) Details of dues of Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, and Value Added Tax which have not been deposited as on 31 March 2024 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (₹ In Cr.)^
Bihar Value Added Tax	Value Added Tax	Joint Commissioner – Commercial Tax	2013-14	0.02
Telangana Value Added Tax	Value Added Tax	The Telangana VAT Appellate Tribunal	2015-16 to 2017-18	9.05
Service Tax Laws	Service Tax	Commissioner Customs, Central Excise and Service Tax. Nagpur	2008-09 to 2009-10	3.68
Goods and Service Tax Act	Goods and Service Tax	Commissioner of Appeals	2017-18 to 2021-22	138.31
Income Tax	Income Tax	High Court, Bombay	2017-18	3.12

^Net of ₹ 16.75 Cr. paid under protest

(viii) Undisclosed Income:

There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) Borrowings:

a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associate, or joint venture.

f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint venture or associate company.

(x) Issue of Securities:

a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) Fraud:

a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

c) We have taken into consideration the whistle blower complaints received by the Company during the year and provided to us, when performing our audit.

(xii) Nidhi Company:

The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) Related Parties:

In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) Internal Audit:

a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

b) We have considered, the internal audit reports issued to the Company during the year and covering the period up to 31 March 2024 for the period under audit.

(xv) Non-Cash Transactions:

In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company, subsidiary company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) 45-IA:

a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

b) The Group has more than one CIC as part of the group. There are four CIC forming part of the group.

(xvii) Cash Loss:

The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) Resignation of Statutory Auditors:

There has been no resignation of the statutory auditors of the Company during the year.

(xix) Ability to pay Liabilities:

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, (Asset Liability Maturity (ALM) pattern) other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) CSR unspent amount:

The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

1. Corporate information

Mahindra Logistics Limited is a public company limited by shares incorporated in India on 24 August 2007 under the Companies Act, 1956. Its Parent & Ultimate Holding Company is Mahindra & Mahindra Limited. The address of its registered office is disclosed in the introduction to the Annual Report. The Company is a 3PL service provider mainly engaged in transportation, warehousing, supply chain management and people logistics services. CIN of the Company is L63000MH2007PLC173466.

The Financial statements for the year ended 31 March 2024 are approved for issue in accordance with a resolution of the directors on 22 April 2024.

The Financial Statements are presented in Rupees in crores.

2. Material accounting policies

2.1. Basis of accounting

The Financial statements have been prepared in accordance with Indian Accounting Standard as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial statements are standalone or separate Financial statements.

The Financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial statements are prepared in Indian Rupee (₹) and denominated in crores.

The principal accounting policies are set out below.

2.2. Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

When the Company is committed to a sale plan involving loss of control of a subsidiary, all of the assets and liabilities of that subsidiary are classified as held for sale when the criteria described above are met, regardless of whether the Company will retain a non-controlling interest in its former subsidiary after the sale.

When the Company is committed to a sale plan involving disposal of an investment in an associate or, a portion of an investment in an associate, the investment, or the portion of the investment in the associate, that will be disposed off is classified as held for sale when the criteria described above are met. The Company then ceases to apply the equity method in relation to the portion that is classified as held for sale. Any retained portion of an investment in an associate that has not been classified as held for sale continues to be accounted for using the equity method.

2.3. Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average cost method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

2.4. Revenue recognition

2.4.1. Rendering of services

Incomes from logistics services rendered are recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts offered by the Company as part of the contract, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2.4.2. Dividend income

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

2.4.3. Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5. Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to the contracts entered into, or modified, on or after 1 April 2019.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;

  The amount expected to be payable by the lessee under residual value guarantees; The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the balance sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

It is re -measured whenever :

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease, by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

2.6. Foreign currencies

2.6.1. Initial recognition

In preparing the Financial statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupee (INR) (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

2.6.2. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

2.6.3. Exchange differences

The Company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

2.7. Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

2.8. Employee benefits

2.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, Employees State Insurance Corporation, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

(if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Net interest expense or income is recognized within finance costs.

Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. Net interest expense or income; and

c. Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2.8.2. Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.9. Share-based payment arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note no. 29.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.10. Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets (including property, plant and equipment) are recognised as deferred income in the balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in profit or loss in the period in which they become receivable. The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

2.11. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.11.1. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.11.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.11.3. Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively. Where current tax and deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.12. Property, Plant and Equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the asset's carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Items of Plant & Machinery individually costing more than ₹ 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Items of Plant & Machinery individually costing less than ₹ 5,000 shall be depreciated over a period of 1 year.

iii. Mobile Phones (included in Office Equipment) in 2 years.

iv. Vehicles in 3 to 6 years as the case may be

v. Assets capitalised which are attached to the leasehold office premises shall be depreciated upto 75% of its value over the lease period assuming a realisable value of 25% after the end of original lease period.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.13. Intangible assets

2.13.1. <u>Intangible assets acquired separately</u>

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.13.2. <u>Useful lives of intangible assets</u>

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred. Certain intangible assets are amortized over a period of 36 months.

2.13.3. <u>Internally-generated intangible assets – research and development expenditure</u>

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following conditions have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.14. Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2.15. Impairment of investments

The Company assesses impairment of investments in subsidiaries, associates and joint ventures which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the statement of Profit and Loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate.

2.16. Provisions, Contingent Liabilities & Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

<u>Onerous contracts</u>

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

<u>Contingent Liabilities</u>

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

<u>Contingent Assets</u>

A contingent asset is disclosed where an inflow of economic benefits is probable.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

2.17. Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.18. Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.18.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the financial asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2.18.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

2.18.2. Amortized Cost & Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.18.3. Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other Income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2.18.4. Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

Significant increase in credit risk

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.18.5. Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.18.6. <u>Foreign exchange gains and losses</u>

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2.19. Financial liabilities and equity instruments

2.19.1. <u>Classification as debt or equity</u>

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.19.2. <u>Equity instruments</u>

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.19.3. <u>Compound financial instruments</u>

The component parts of compound financial instruments (convertible loan notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2.19.4. <u>Financial liabilities</u>

All financial liabilities are subsequently measured at amortised cost using effective interest rate.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of financial liability.

2.20. Exceptional Items

An item of income or expense which by its size, type or incidence is material & requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

2.21. Earnings Per Share:

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

3 (a). Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) <u>Useful lives of Property, Plant and Equipment</u>

As described in note 2.12 above, the Company reviews the estimated useful lives of Property, Plant and Equipment at the end of each annual reporting period.

(ii) <u>Defined Benefit Plans</u>

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) <u>Fair Value of financial assets and liabilities and investments</u>

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

(iv) Leases

Ind AS 116 requires lessees to determine the lease term as the non- cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(v) Impairment of investment in subsidiary

The investments in subsidiaries are carried at cost and was tested for impairment in accordance with provisions applicable to impairment of non-financial assets.

The recoverable amount is determined based on value in use. The determination of recoverable amount involves significant judgements such as future projection of revenue, EBITDA (earnings before interest, taxes, depreciation, and amortisation), weighted average cost of capital and terminal growth. The recoverable amount is significantly dependent on achievement of revenue growth and any change in revenue growth projection could have an impact on recoverable value. Based on the above, no impairment was identified as of 31 March 2024 as the recoverable amount is higher than carrying value.

(vi) Trade receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future.

3 (b). Recent Accounting Pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards. There is no such notification which is applicable from 1 April 2024.

* Pursuant to Business Transfer Agreement (BTA) with MLL Express Services Private Limited ("MESPL"), wholly-owned subsidiary of the Company for sale / transfer of its Express Network business as a going concern on slump exchange basis, effective 1 April 2023, for a lump sum consideration of ₹ 20.83 crores, MESPL allotted 2,08,32,222 equity shares of ₹ 10 each fully paid on 31 July 2023. Additionally, during the year, the Company acquired 8,00,00,000 equity shares of ₹ 10 each fully paid amounting to ₹ 80 crores for cash consideration pursuant to the rights offer made by MESPL.

Pursuant to the approval granted by the Investment Committee of the Board of Directors of the Company, at its meeting held on 20 December 2023, the Company had entered into a Share Purchase Agreement ("Agreement") with Transtech Logistics Private Limited ("TLPL") Joint Venture of the Company and the Promoters of TLPL, for sale/transfer of the 39.79% stake held by the Company in TLPL i.e., 100 equity shares of ₹ 10 each and 65,988 Compulsorily Convertible Preference Shares of ₹ 50 each, for a consideration of ₹ 0.01 crores to be discharged by the Promoters of TLPL in cash to the Company. Pursuant to this, TLPL ceased to be an associate of the Company effective 20 December 2023.

^ On 28 February 2022, pursuant to the approval granted by the Investment Committee of the Board of Directors, the Company had entered into Share Purchase Agreement, Share Subscription Agreement and Shareholders' Agreement for acquisition of up to 43,972 equity shares and for subscribing up to 63,200 Series A Compulsorily Convertible Cumulative Preference Shares ("CCCPS") of Zipzap Logistics Private Limited ("Whizzard"), in tranches, which would result in the Company holding in aggregate up to 60% of Share Capital of Whizzard, on a fully diluted basis, upon completion ("Transaction").

In terms of the above-mentioned Transaction Agreements,

On 8 April 2022, the Company acquired 21,327 equity shares and subscribed to 31,600 CCCPS, on a fully diluted basis of Whizzard, in aggregate, constituting 36% of the Share Capital of Whizzard for a cash consideration of ₹ 35.42 crore. With this, Whizzard became an Associate of the Company effective from 8 April 2022.

On 22 December 2023, the Company further acquired 22,645 equity shares and subscribed to 31,600 CCCPS, which taken together with the previous holding of the Company constitutes 60% of the Share Capital of Whizzard, on a fully diluted basis. Consequently, Whizzard had become the subsidiary of the Company with effect from 22 December 2023. In accordance with Ind AS 103- 'Business Combination', the company has remeasured previously held equity interest in Whizzard at acquisition-date fair value. The gain of ₹ 3.81 crores on remeasurement is recognised as an 'exceptional item' in the statement of Profit and Loss.

$ The Hon'ble National Company Law Tribunal, Mumbai Bench ("NCLT") vide its order dated 7 March 2024 has sanctioned the Scheme of Merger by Absorption of V-Link Automotive Services Private Limited ("VASPL") and V-Link Fleet Solutions Private Limited ("VFSPL") (together referred to as "Transferor Companies") with MLL Mobility Private Limited ("Transferee Company", "MMPL") and their respective shareholders ("Scheme") under the provisions of Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Act") read with the Rules framed thereunder. The above mentioned Transferor Companies as well as the Transferee Company are wholly owned subsidiaries of the Company.

Consequent to the Scheme being effective w.e.f 1 April 2023 (The Appointed Date)

(i) VASPL and VFSPL being the Transferor Companies stands dissolved and ceased to be the subsidiaries of the Company with effect from 28 March 2024; and

(ii) MMPL being the Transferee Company, will discharge the consideration mentioned in the Scheme, by way of issuance and allotment of 1,79,470 equity shares of ₹ 10 each to the Company in lieu of its shareholding held in the Transferor Companies. MMPL continues to remain as a wholly owned subsidiary of the Company, post issuance and allotment of its equity shares to the Company, as mentioned above.

MMPL is in the process of issuing shares of the amalgamated entity.

Notes:

i) Refer Note 37 (iii) for disclosures related to credit risk, impairment of trade receivables under expected credit loss model and related disclosures.

ii) The company applies the simplified approach to provide for expected credit losses prescribed by IND AS 109, which permits the use of the lifetime expected credit loss provision for all trade receivables. The company has expected credit losses based on a provision matrix which uses historical credit loss experience of the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

(ii) Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 10/- per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the board of directors and approved by the shareholders in the annual general meeting is paid in Indian rupees. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Nature and purpose of other reserves:

Securities Premium Reserve:

Securities premium account is created when shares are issued at premium. The reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

Equity-settled employee benefits reserve:

Equity settled employee benefit reserve represents reserve towards the premium for the equity shares to be issued against the options granted.

Retained Earnings:

Retained earnings represents the accumulated surplus. The reserve can be distributed/utilised by the Company in accordance with the Companies Act, 2013. In respect of the current year, the Board has proposed a final dividend of ₹ 2.50 per equity share of the Company. Dividend will be payable subject to the approval of the Members at the ensuing Annual General Meeting and deduction of tax at source to those Members whose names appear in the Register of Members / List of beneficial owners as on Book Closure date and has not been included as a liability in these financial statements. The total estimated equity dividend to be paid is ₹ 18.01 crores. The payment of this dividend will not have any tax consequences for the Company.

In the month of July 2023, final dividend of ₹ 2.50 per share (total dividend ₹ 18.01 Crores) was paid to the Members of the Company in compliance with requirements of the Companies Act, 2013.

Note No. 29 - Employee Benefits Expense

₹ in Crores

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
a) Salaries and wages, including bonus	**236.28**	243.12
b) Contribution to provident and other funds	**12.41**	12.57
c) Gratuity	**3.96**	4.15
d) Share based payment expenses (net of recovery)	**2.43**	1.45
e) Staff welfare expenses	**29.86**	27.75
Total	**284.94**	289.04

Notes:

i) Salaries and wages includes salaries, wages, bonus, compensated absences and all other amounts payable to employees in respect of services rendered as per their employment terms under a contract of service.

ii) Contribution to provident fund and other funds includes contributions to other funds like superannuation fund, ESIC, etc. pertaining to employees.

iii) Share based payment

The Company has in force two Employee Stock Option schemes under the provisions of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021:

Mahindra Logistics Limited – Key Executive Stock Option Scheme, 2012 (“KESOS 2012”) and Mahindra Logistics Employee Restricted Stock Unit Plan 2018 (“RSU Plan 2018”).

Each option carries with it the right to purchase one equity share of the Company at the exercise price determined by the Company under the respective schemes at the time of grant. The vesting pattern of the schemes is in a graded manner as per the vesting criteria approved by the Nomination and Remuneration Committee of the Board (“NRC”) for each grant.

During the financial year under review, in accordance with the RSU Plan 2018 as approved by the Shareholders vide special resolutions dated 2 August 2018 and 27 July 2021, the NRC granted 66,329 Restricted Stock Units (“RSUs”) to the eligible employees of the Company and its subsidiary company which vests on the expiry of 12 months, 24 months, 36 months from the grant date.

The RSUs upon vesting basis the vesting criteria approved by the NRC are exercisable over a period of one year from the date of vesting.

No new grants were made in KESOS Scheme 2012 during the year under review and all the options vested under the said scheme have been exercised in full until previous years.

iv) Information in respect of options outstanding:

iii) Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

a) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterparty credit period which is monitored through an approved policy.

(ii) Trade receivables consist of a large number of customers, spread across diverse industries and places across India.

(iii) Apart from one large customer of the Company, the Company does not have significant credit risk exposure to any single customer. Concentration of credit risk related to a single Company did not exceed 15% of trade receivables at the end of the year.

(iv) The Company applies the simplified approach to provide for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable.

(v) There is no change in estimation techniques or significant assumptions during the reporting year.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

(vi) The loss allowance for trade receivables using expected credit loss for different ageing periods is as follows:

				(₹ in Crores)
Particulars	**Not Due**	**Less than 6 months past due**	**More than 6 months past due**	**Total**
As at 31 March 2024				
a) Gross carrying amount	**223.66**	**198.42**	**100.93**	**523.01**
b) Loss allowance provision	**–**	**–**	**–**	**14.09**
As at 31 March 2023				
a) Gross carrying amount	203.93	187.58	74.69	466.20
b) Loss allowance provision	–	–	–	14.82

(vii) Reconciliation of loss allowance provision for Trade Receivables

– On receivables originated in the year	**1.68**	2.05
– Other receivables	**2.04**	2.25
c) Impairment losses reversed/written back	**(4.45)**	(6.30)
d) Balance at end of the year	**14.09**	14.82

(viii) During the year, the Company has written off ₹ 6.44 crores (Previous year ₹ 4.30 crores) of trade receivables and ₹ 0.32 crores (Previous year ₹ 0.69 crores) advances given. These trade receivables and deposits are not subject to enforcement activity.

Investment in Mutual Funds

The Company has Nil investments as at 31 March 2024 (₹ 65.04 crores as at 31 March 2023) in growth oriented mutual funds which have not been impaired till date.

Cash and Cash equivalents

As at 31 March 2024, the Company holds cash and cash equivalents of ₹ 15.31 crores (As at 31 March 2023 ₹ 114.64 crores).

The cash and cash equivalents are held with banks with good credit rating.

b) Liquidity risk management

(i) The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

Table showing maturity profile of financial liabilities

(₹ in Crores)

		As at 31 March 2024

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

(₹ in Crores)

Particulars		As at 31 March 2023 Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities					
a)	Trade Payables	892.73	–	–	–
b)	Borrowings	150.00	–	–	–
c)	Lease Liabilities	146.47	280.17	42.77	25.53
d)	Security Deposits	8.69	–	–	–
e)	Creditors for capital supplies	7.69	–	–	–
f)	Deferred Revenue	1.27	–	–	–
g)	Interest Accrued but not due	0.21			
h)	Unclaimed Dividend	0.01			
Total		1,207.07	280.17	42.77	25.53

The above table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company has access to following undrawn borrowing facilities at the end of the reporting year:

(₹ in Crores)

Particulars	**As at 31 March 2024**	As at 31 March 2023
a) Unsecured Cash Credit facility		
(Includes working capital demand loan, Short term loan and overdraft, bank guarantee)		
– Expiring within one year	**259.76**	140.33
– Expiring beyond one year	**0.33**	1.76

Note: The quarterly statements of current assets filed by the Company with banks are in agreement with the books of accounts.

(iv) Maturities of financial assets

Table showing maturity profile of financial assets

(₹ in Crores)

Particulars		**Less than 1 Year**	**1-3 Years**	**3 Years to 5 Years**	**5 years and above**
As at 31 March 2024					
A.	**Non-derivative financial assets**				
a)	Trade Receivables	**508.92**	**–**	**–**	**–**
b)	Security Deposits	**18.88**	**15.86**	**4.06**	**22.21**
c)	Others	**408.78**	**21.51**	**–**	**–**
As at 31 March 2023					
A.	**Non-derivative financial assets**				
a)	Trade Receivables	**451.38**	**–**	**–**	**–**
b)	Security Deposits	**17.00**	**11.66**	**11.40**	**18.94**
c)	Others	**371.50**	**35.24**	**–**	**–**

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

c) Market Risk Management

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

(₹ in Crores)

Particulars	As at 31 March 2024	As at 31 March 2023
Trade payable	**0.22**	–

Interest Risk

The following tables demonstrate the sensitivity to a reasonably possible change in interest rates, with all other variables held constant.

Particulars	Name of borrowing	Type of Interest	Rate of interest	Loan amount outstanding	Increase in Base Rate (p.a.)	Sensitivity Impact on P&L (pre-tax)	Decrease in Base Rate (p.a.)	Sensitivity Impact on P&L (pre-tax)
Year ended 31 March 2024	Working Capital Demand Loan	Floating	7.48% to 9.40%	82.00	1.00%	(0.82)	1.00%	0.82
Year ended 31 March 2023	Working Capital Demand Loan	Floating	5.05% to 8.90%	150.00	1.00%	(1.50)	1.00%	1.50

Total cash outflows for leases	**(150.02)**	(141.74)

Note No. 40 - Employee Benefits

a) **Defined Contribution Plan**

The Company's contribution to Provident Fund, superannuation Fund and other funds aggregating ₹ 12.41 crore (2023: ₹ 12.57 crore) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

b) **Defined Benefit Plans:**

Gratuity

a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the Group Gratuity Scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The funds of the defined benefit plans are held with LIC.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

(2) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(3) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(4) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars		**Valuation**	
		As at 31 March 2024	As at 31 March 2023
a)	Discount rate(s)	7.15%	7.30%
b)	Expected rate(s) of salary increase	7.00%	7.00%
c)	Mortality rate during employment	100% of IALM 2012-14 Ultimate	100% of IALM 2012-14 Ultimate

d) Defined benefit plans – as per actuarial valuation

(₹ in Crores)

Particulars		**Funded Plan – Gratuity**	
		As at 31 March 2024	As at 31 March 2023

	f) Benefit payments	**(3.10)**	(2.81)
	g) Present value of defined benefit obligation at the end of the year	**24.81**	23.59
IV.	**Change in fair value of assets during the year ended 31 March**		
	i) Fair value of plan assets at the beginning of the year	**20.92**	18.02
	ii) *Expenses Recognised in Profit and Loss Account*		
	– Expected return on plan assets	**1.55**	1.22

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

(₹ in Crores)

Particulars		Funded Plan – Gratuity As at 31 March 2024	As at 31 March 2023
iii)	*Recognised in Other Comprehensive Income*		
	Remeasurement gains/(losses)		
	– Actual Return on plan assets in excess of the expected return	**0.30**	0.25
iv)	Contributions by employer (including benefit payments recoverable)	**2.67**	5.09
v)	Benefit payments	**(3.10)**	(2.81)
vi)	Transfer	**–**	(0.85)
vii)	Fair value of plan assets at the end of the year	**22.34**	20.92
V.	**The Major categories of plan assets**		
–	Insurance Funds	**22.34**	20.92
VI.	**Actuarial assumptions**		
a)	Discount rate	**7.15%**	7.30%
b)	Expected rate of return on plan assets	**7.15%**	7.30%
c)	Attrition rate	**15.00%**	12.00%

e) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(₹ in Crores)

Principal assumption	Changes in assumption	Impact on defined benefit obligation			
		As at 31 March 2024		As at 31 March 2023	
		Increase in assumption	**Decrease in assumption**	Increase in assumption	Decrease in assumption
a) Discount rate	1.00%	**23.42**	**26.35**	22.08	25.34
b) Salary growth rate	1.00%	**26.29**	**23.44**	25.29	22.10
c) Attrition rate	1.00%	**24.73**	**24.89**	23.55	23.66
d) Mortality rate	1.00%	**24.81**	**24.81**	23.61	23.61

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

ii) The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous year.

iii) The weighted average duration of the defined benefit obligation as at 31 March 2024 is 6 years.

f) Maturity profile of defined benefit obligation:

The tables include both discounted value as well as unwinding of interest.

(₹ in Crores)

Particulars	2024	2023
Within 1 year	**3.66**	**3.08**
1-2 years	**3.75**	**2.72**
2-3 years	**3.30**	**2.92**
3-4 years	**3.13**	**2.67**
4-5 years	**3.11**	**2.57**
5-10 years	**11.07**	**10.98**
More than 10 years	**13.42**	**19.23**

g) Plan Assets

The fair value of Company's plan asset by category are as follows:

(₹ in Crores)

Particulars	As at 31 March 2024	As at 31 March 2023
Asset category:		
Deposits with Insurance companies	**22.34**	20.92
	100%	100%

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

h) Experience Adjustments:

					(₹ in Crores)
Particulars	**As at 31 March 2024**	**As at 31 March 2023**	**As at 31 March 2022**	**As at 31 March 2020**	**As at 31 March 2019**
	Gratuity				
1. Defined Benefit Obligation	**(24.81)**	(23.59)	(23.11)	(20.37)	(16.51)
2. Fair value of plan assets	**22.34**	20.92	18.02	16.41	13.00
3. Surplus/(Deficit)	**(2.47)**	(2.67)	(5.09)	(3.96)	(3.51)
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**(0.62)**	(0.49)	1.69	0.77	(0.02)
5. Experience adjustment on plan assets [Gain/(Loss)]	**0.30**	0.25	(0.01)	0.16	0.05

i) The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

j) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

k) The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

2 X 2 Logistics Private Limited#	**4.40**	4.40
b. Corporate guarantee given towards long term loan taken from banks by		
MLL Express Services Private Limited	**220.00**	220.00

Above inter corporate loan has been given for general business purposes for meeting their working capital requirements @ 8.00% p.a.

Note No. 42 - Ratios

S No.	Particulars	Numerator	Denominator	31 Mar-24	31 Mar-23	% variance
1	Current Ratio	Current Assets	Current Liabilities	0.88	0.94	-6.38%
2	Debt-equity Ratio	Borrowings	Total Equity	0.12	0.24	-50%
3	Debt service coverage Ratio	Profit after tax + Depreciation + Interest + Non cash operating expenses + Loss on sale of assets	Interest + outstanding current borrowing & lease liability	1.24	0.94	31.91%
4	Return on equity	Profit After Tax	Average Shareholder's Equity	9.51%	10.73%	-11.37%
5	Inventory Turnover Ratio	Cost of material consumed	Average Inventory	1.00	7.64	-86.91%
6	Trade receivables turnover ratio	Net Credit Sales	Average Trade Receivables & Accrued Sales	5.06	5.46	-7.33%
7	Trade payables turnover ratio	Purchases of Services & Other Expenses	Average Trade payables	4.31	4.50	-4.22%
8	Net capital turnover ratio	Revenue from Operations	Average Working Capital	(42.86)	104.08	-141.18%
9	Net profit	Net Profit after tax	Revenue from Operations	1.37%	1.45%	-5.52%
10	Return on capital employed	Profit before interest and tax (excluding interest on leases)	Average (Total Equity + Total Debt)	12.22%	12.75%	-4.16%
11	Return on investment	NA	NA	NA	NA	NA

Explanation for change in the ratios by more than 25% :

(i) Debt-equity Ratio : Debt-equity Ratio has improved from 0.24 times in previous year to 0.12 times in current year due to reduction in outstanding borrowings on account of repayments during the year.

(ii) Debt service coverage Ratio : Debt service coverage Ratio has improved from 0.94 times in previous year to 1.24 times in current year due to increase in profits and reduction in borrowings at year end

(iii) Inventory Turnover Ratio (times) : Inventory Turnover Ratio has reduced from 7.64 times in previous year to 1 times in current year since there are no related operations during the year.

(iv) Net capital turnover ratio (times) : Net capital turnover ratio has changed from 104.08 times in previous year to (42.86) times in current year due to increase in revenue and current liabilities during the year.

Note No. 43 - Contingent Liabilities And Commitments

Contingent Liabilities

INDEPENDENT AUDITORS' REPORT

To the members of **2 X 2 LOGISTICS PRIVATE LIMITED**

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **2 X 2 Logistics Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) Reporting on the adequacy of internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, under Section 143(3)(i) of the Act, is not applicable in view of the exemption available to the Company in terms of the Notification No. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with General Circular No. 08/2017 dated 25 July 2017.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified its entire property, plant and equipment during the current year and no material discrepancies were noticed on such verification.

   (c) The Company does not hold any immovable property and hence reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) (a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) In our opinion and according to the information and explanations given to us, the term loans taken in earlier years have been applied for the purpose for which the loans were obtained.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT- 4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non- cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has four Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year. The Company has incurred a cash loss of Rs 300.71 lakhs in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

1. Corporate Information

2 X 2 Logistics Private Limited is a deemed public limited company incorporated on 22nd October 2012 under the Companies Act, 1956. The Company is engaged in providing Transportation services to its customers. The financial statements for the period ended 31st March 2024 were approved for issue in accordance with a resolution of the directors on 15th April, 2024.

2(A). Material accounting policies

2.1 Basis of Accounting

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

2.2 Basis of preparation and presentation

The financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its Entirely, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly: and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupee(INR) and denominated in lakhs. The principal accounting policies are set out below.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.
Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 <u>Rendering of services</u>

Incomes from logistics services rendered are recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts offered by the Company as part of the contract, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2.4.2 <u>Dividend income</u>

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

2.4.3 <u>Interest income</u>

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to contracts entered into, or modified, on or after 1st April, 2019.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;

The amount expected to be payable by the lessee under residual value guarantees; The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and

- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the balance sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

It is re-measured whenever :

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).

A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease, by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of ‘other income’.

2.6 Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

2.7 Employee benefits

2.7.1 Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company’s contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item ‘Employee benefits expense’. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company’s defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2.7.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.8 Share Based Payments arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax and deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.10 Property, plant and equipment

All fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except for following assets in case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

iii. Horse portion of a Vehicle is depreciated over five years based on the management experience of handling similar kind of asset.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.11 Intangible assets

2.11.1 Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.11.2 Useful lives of intangible assets

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

2.12 Impairment of tangible and intangible assets

The Management of the Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2.13 Provisions, Contingent Liabilities & Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.14 *Financial instruments*

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.15 *Financial assets*

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.15.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer Note 2.15.4

All other financial assets are subsequently measured at fair value.

2.15.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.15.3 Financial assets at Fair value through Profit and loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2.15.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

Significant increase in credit risk

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.15.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16 *Financial liabilities and equity instruments*

2.16.1 <u>Classification as debt or equity</u>

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.16.2 <u>Equity instruments</u>

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.16.3 <u>Financial liabilities</u>

All financial liabilities are subsequently measured at amortised cost or at FVTPL.

i. *Financial liabilities at FVTPL*

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

ii. *Financial liabilities subsequently measured at amortised cost*

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.17 *Segment Accounting:*

The Company has single reportable segment "Supply chain management" for the purpose of Segment reporting.

2.18 *Exceptional Items:*

An item of income or expense which by its size, type or incidence is material & requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

2.19 *Earnings Per Share:*

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with IND AS 33.

2(B). Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Useful lives of Property, plant and equipment

As described in note 2.10 above, the Company reviews the estimated useful lives of property, plant and equipment at the end of each annual reporting period.

(ii) Defined Benefit Plans:

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

(iv) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(v) Trade receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future.

2(C) Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

There is no such notification which is applicable from April 1, 2024.

(ii) Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs.10/- per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the board of directors and approved by the shareholders in the annual general meeting is paid in Indian rupees. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

A. Basic Earnings Per Share (in Rs.) (face value in Rs. 10/- per share)	**3.89**	(4.29)
B. Diluted Earnings Per Share (in Rs.) (face value in Rs. 10/- per share)	**3.89**	(4.29)

Notes:

i) Basic Earnings Per Share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

Rs. in Lakhs

Particulars	Year ended 31st March 2024	Year ended 31st March 2023
Profit / (loss) for the period attributable to owners of the Company	**350.77**	(386.84)
Profit / (loss) for the period used in the calculation of basic earnings per share	**350.77**	(386.84)
Weighted average number of equity shares	**90.10**	90.10
Earnings per share from continuing operations - Basic (in Rs.)	**3.89**	(4.29)

ii) Diluted Earnings Per Share

The diluted earnings per share has been computed by dividing the Net profit after tax available for Equity shareholders by the weighted average number of equity shares, after giving the effect of the dilutive potential ordinary shares for the respective years.

Rs. in Lakhs

Particulars	Year ended 31st March 2024	Year ended 31st March 2023
a) Profit / (loss) for the period used in the calculation of basic earnings per share	**350.77**	(386.84)
b) Add: adjustments on account of dilutive potential equity shares	–	–
Profit / (loss) for the period used in the calculation of diluted earnings per share	**350.77**	(386.84)

iii) Reconciliation of weighted average number of equity shares

The weighted average number of equity shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Rs. in Lakhs

Particulars	Year ended 31st March 2024	Year ended 31st March 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**90.10**	90.10
Add: Dilutive impact of potential equity shares on account of ESOPs and RSUs	–	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**90.10**	90.10
Earnings per share from continuing operations - Diluted (in Rs.)	**3.89**	(4.29)

Note No. 28- Financial Instruments

I. Capital management Policy

a) The Company's capital management objectives are:

– to ensure the Company's ability to continue as a going concern.

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

b) For the purpose of Company's capital management, capital includes issued share capital, equity and all other equity reserves. The Company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

c) The following table shows the components of capital:

Rs. in Lakhs

Particulars	As at 31st March 2024	As at 31st March 2023
Equity	**24.97**	(325.54)
Capital	**24.97**	(325.54)

Note:

The above capital management disclosures are based on the information provided internally to key management personnel.

The Company is not subject to externally enforced capital regulation.

III) Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The company yearically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterpaty credit year which is monitored through an approved policy.

(ii) Trade receivables consist of a small number of customers.

(iii) Apart from one large customer of the Company, the Company does not have significant credit risk exposure to any single customer. Concentration of credit risk related to a single Company did not exceed 10% of trade receivables at the end of the year.

(iv) The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

(v) There is no change in estimation techniques or significant assumptions during the reporting year.

(vi) The loss allowance for trade receivables using expected credit loss for different ageing periods is as follows:

Particulars	Not Due	Less than 6 month past due	More than 6 month past due	Total
As at 31st March 2024				
a) Gross carrying amount	–	–	–	–
b) Loss allowance provision	–	–	–	–
As at 31st March 2023				
a) Gross carrying amount	–	–	–	–
b) Loss allowance provision	–	–	–	–

(vii) Reconciliation of loss allowance provision for Trade Receivables

Rs. in Lakhs

Particulars	As at 31st March 2024	As at 31st March 2023
a) Balance as at beginning of the year	–	–
b) Impairment losses recognised in the year based on lifetime expected credit losses	–	–
- On receivables originated in the year	–	–
- Other receivables	–	–
c) Impairment losses reversed / written back	–	–
d) Balance at end of the year	–	–

b) Liquidity risk management

(i) The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

Table showing maturity profile of financial liabilites

Rs. in Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	As at 31st March 2024

e) Short Term Borrowings	**1,043.33**	**–**	**–**	**–**
Total	**1,328.30**	**800.00**	**–**	**–**

Rs. in Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	As at 31st March 2023			
A) Non-derivative financial liabilities				
a) Trade Payables	451.03	–	–	–
b) Long term debt		800.00	–	–
c) Current maturities of long term debt	–	–	–	–
d) Employee Dues	–	–	–	–
e) Short Term Borrowings	1,148.33	–	–	–
Total	1,599.36	800.00	–	–

The above table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company has access to following undrawn borrowing facilities at the end of the reporting year:

Rs. in Lakhs

Particulars	As at 31st March 2024	As at 31st March 2023
a) Unsecured Bank Overdraft facility		
- Expiring within one year	**1,148.00**	1,148.00
- Expiring beyond one year	**–**	–

(iv) Maturities of financial assets

Table showing maturity profile of financial assets

Rs. in Lakhs

Particulars	Less than 1 Year In Rs. Lakhs	1-3 Years In Rs. Lakhs	3 Years to 5 Years In Rs. Lakhs	5 years and above In Rs. Lakhs
	As at 31st March 2024

Trade Receivables	**719.34**	**–**	**–**	**–**
Security Deposits	**–**	**7.61**	**–**	**–**
Others	**349.55**	**–**	**–**	**–**
Total	**1,068.89**	**7.61**	**–**	**–**

Rs. in Lakhs

Particulars	Less than 1 Year In Rs. Lakhs	1-3 Years In Rs. Lakhs	3 Years to 5 Years In Rs. Lakhs	5 years and above In Rs. Lakhs
	As at 31st March 2023			
Non-derivative financial assets				
Trade Receivables	179.64	–	–	–
Security Deposits	7.61	–	–	–
Others	178.60	–	–	–
Total	365.85	–	–	–

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

c) Market Risk Management

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

i) All the outstanding balances, whether receivables or payables are unsecured.

ii) All the Previous year balances are shown in Bracket.

iii) Amount of all the transactions reported above are excluding GST and including unbilled income / accrued expenses, as applicable.

Note No. 31 - Employee benefits

i) Defined Contribution Plan

The Company's contribution to Provident Fund, Superannuation Fund and other Funds aggregating Rs. 4.63 lakhs (2023 : Rs. 5.13 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

ii) Defined Benefit Plans:

Gratuity

a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(2) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(3) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Rs. in Lakhs

Particulars	**Valuation As at 31st March 2024**	As at 31st March 2023
a) Discount rate(s)	**7.15%**	7.30%
b) Expected rate(s) of salary increase	**7.00%**	6.00%
c) Mortality rate during employment	**100% of IALM(2012-14) Ultimate**	100% of IALM(2012-14) Ultimate

- Actuarial Gain (Loss) arising from:		
i. Financial Assumptions	**0.80**	(0.30)
ii. Demographic Assumptions	**(0.16)**	
iii. Experience Adjustments	**(0.29)**	(0.92)
f) Benefit payments	**(1.72)**	–
g) Present value of defined benefit obligation at the end of the period	**9.60**	8.84
IV. Change in fair value of assets during the year ended 31st March		
i) Fair value of plan assets at the beginning of the period	–	–
ii) *Expenses Recognised in Profit and Loss Account*		
- Expected return on plan assets	–	–
iii) *Recognised in Other Comprehensive Income*	–	–
Remeasurement gains/(losses)		
- Actual Return on plan assets in excess of the expected return	–	–
iv) Contributions by employer (including benefit payments recoverable)	–	–
v) Benefit payments	–	–
vi) Fair value of plan assets at the end of the period	–	–
V. The Major categories of plan assets		
- Insurance Funds	–	–
VI. Actuarial assumptions		
a) Discount rate	**7.15%**	7.30%
b) Expected rate of return on plan assets	–	–
c) Attrition rate	**20.00%**	11.00%

e) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption	Changes in assumption	Impact on defined benefit obligation As at 31st March 2024 Increase in assumption	Decrease in assumption
a) Discount rate	1.00%	**9.17**	**10.06**
b) Salary growth rate	1.00%	**10.06**	**9.16**
c) Rate of employee turnover	50.00%	**9.42**	**9.78**

Principal assumption	Changes in assumption	Impact on defined benefit obligation As at 31st March 2023 Increase in assumption	Decrease in assumption
a) Discount rate	1.00%	**8.27**	**9.45**
b) Salary growth rate	1.00%	**9.45**	**8.26**
c) Rate of employee turnover	50.00%	**8.90**	**8.58**

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

ii) The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

iii) The weighted average duration of the defined benefit obligation as at 31st March 2024 is 4 years

f) Maturity profile of defined benefit obligation:

The tables include both discounted value as well as unwinding of interest.

Particulars	2024	2023
Within 1 year	**1.82**	1.01
2-5 years	**5.84**	4.66
6-10 years	**3.80**	3.65
More than 10 years	**2.73**	6.96

g) **Experience Adjustments:**

Rs. in Lakhs

Particulars	As at 31st March 2024	As at 31st March 2023
	Gratuity	
1. Defined Benefit Obligation	(9.60)	(8.84)
2. Fair value of plan assets	–	–
3. Surplus/(Deficit)	9.60	8.82
4. Experience adjustment on plan liabilities [(Gain)/Loss]	–	–
5. Experience adjustment on plan assets [Gain/(Loss)]	–	–

h) The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

i) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

j) The current service cost and the net interest expense for the period are included in the employee benefits expense in profit or loss of the expense for the year.

All amounts are in Rs. Lakhs unless otherwise stated

Note No. 32- MSME disclosures

(i) Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

Rs. in Lakhs

Particulars	Year ended 31st March 2024	Year ended 31st March 2023
i. Principal amount remaining unpaid to any supplier as at the end of the accounting year	–	13.16
ii. Interest due thereon remaining unpaid to any supplier as at the end of the accounting year	–	–
iii. The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day	–	–
iv. The amount of interest due and payable for the year	–	–
v. The amount of interest accrued and remaining unpaid at the end of the accounting year	–	–
vi. The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid	–	–

Dues to micro and small enterprises have been determined to the extent such parties have been identified on the basis of information collected by the management. This has been relied upon by the auditors.

INDEPENDENT AUDITORS' REPORT

To the Members of
LORDS FREIGHT (INDIA) PRIVATE LIMITED
Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Lords Freight (India) Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors)

Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 36 to the Financial Statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified its entire property, plant and equipment during the current year and no material discrepancies were noticed on such verification.

   (c) The Company does not hold any immovable property and hence reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) (a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute except as under:

Name of the statute	Nature of the dues	Amount (Rs in lakhs)*	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income tax	8.05	FY 2016-17	Commissioner of Income Tax
Goods and Service Tax, 2017	Goods and Service tax	87.25	FY 2017-18	Appellate Authority

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) According to the information and explanations given to us, the company does not have any term loans. Accordingly, the reporting under Clause 3(ix) (c) of the Order is not applicable to the Company.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

   (e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

    (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

    (b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

    (c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

14. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

    (b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

    (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

    (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

    (d) Based on the information and explanations given to us, we report that the Group has four Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors

and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **LORDS FREIGHT (INDIA) PRIVATE LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31st March, 2024

1. Corporate information

LORDS Freight (India) Private Limited is a private limited company incorporated on 25th April, 2011 under the Companies Act, 1956. The address of its registered office is disclosed in the introduction to the Annual Report. The Company's main activities are freight forwarding including transportation of goods via sea & air.

The financial statements for the year ended 31st March, 2024 are approved for issue in accordance with a resolution of the directors on 15th April, 2024.

2. Material accounting policies

2.1. Basis of Accounting

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

2.2. Basis of preparation and presentation

The financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortized cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupee (INR) and denominated in lakhs. The principal accounting policies are set out below.

2.3. Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4. Revenue recognition

2.4.1. Rendering of services

Incomes from freight forwarding services rendered are recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts offered by the Company as part of the contract, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2.4.2. Dividend income

Dividend income from investments is recognized when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

2.4.3 Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5. Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to contracts entered into, or modified, on or after 1st April, 2019.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;

  The amount expected to be payable by the lessee under residual value guarantees; The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the balance sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

It is re-measured whenever :

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).

A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease, by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

<u>As a lessor</u>

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

2.6. Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupee (INR) (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

2.7. Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

2.8. Employee benefits

2.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. net interest expense or income; and

c. remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2.8.2. Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.9. Share-based payment arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

2.10. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.10.1. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.10.2. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.10.3. Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax and deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.11. Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognized as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

2.12. Intangible assets

2.12.1. Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.12.2. Useful lives of intangible assets

The expenditure incurred is amortized over three financial years equally commencing from the year in which the expenditure is incurred.

2.13. Impairment of tangible and intangible assets

The management of the Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2.14. Provisions, Contingent Liabilities & Contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.15. Financial instruments

Financial assets and financial liabilities are recognized when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.16. Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.16.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2.16.4

All other financial assets are subsequently measured at fair value.

2.16.2. Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.16.3. Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other Income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2.16.4. Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

Significant increase in credit risk

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.16.5. Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16.6. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2.17. Financial liabilities and equity instruments

2.17.1. Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.17.2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.17.3. Financial liabilities

All financial liabilities are subsequently measured at amortized cost or at FVTPL.

i. Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

a. it has been incurred principally for the purpose of repurchasing it in the near term; or
b. on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
c. it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

a. such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
b. the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
c. it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

ii. Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.18. Segment Accounting:

The Chief Operating Decision Maker ("CODM") monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in financial statements.

2.19. Exceptional Items:

An item of income or expense which by its size, type or incidence is material & requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

2.20. Earnings per Share:

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

3 (a). Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Useful lives of Property, Plant and Equipment

As described in note 2.11 above, the Company reviews the estimated useful lives of Property, Plant and Equipment at the end of each annual reporting period.

(ii) Defined Benefit Plans

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

(iv) Estimated Lead Time for determining completion of performance obligation

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

(v) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(vi) Trade receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future.

3 (b). Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

There is no such notification which is applicable from April 1, 2024.

Notes to the financial statements for the year ended 31st March, 2024

Notes:

i) Refer Note 29 (III) for disclosures related to credit risk, impairment of trade receivables under expected credit loss model and related disclosures.

ii) The Company applies the simplified approach to providing for expected credit losses prescribed by Ind As 109, which permits the use of the lifetime expected loss provision for all trade receiables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company.

iii) Trade Receivables are hypothecated to Banks against working capital facility.

III. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterpaty credit period which is monitored through an approved policy.

(ii) Trade receivables consist of a large number of customers, spread across diverse industries and places across India and outside India.

(iii) Apart from one large customer of the company, the company does not have significant credit risk exposure to any single customer. Concentration of credit risk related to a single company did not exceed 10 % of gross monetary assets at any time during the year.

(iv) The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

(v) There is no change in estimation techniques or significant assumptions during the reporting period.

(vi) The loss allowance provision is determined as follows:

₹ in lakhs

As at 31st March, 2024

₹ in lakhs

Particulars	31 March, 2024	31 March, 2023
a) Balance as at beginning of the year	**312.50**	443.22
b) Impairment losses recognised in the year based on lifetime expected credit losses		
– On receivables originated in the year	**12.86**	25.36
– Other receivables	**43.78**	52.82
c) Impairment losses reversed/written back	**180.58**	208.90
d) Balance at end of the year	**188.56**	312.50

Notes to the financial statements for the year ended 31st March, 2024

(viii) During the period, the company has made write off of Rs. 88.14 lacs (31st March, 2023: Rs.59.94 lacs) of trade receivable. These trade receivables and advances are not subject to enforcement activity.

Cash and Cash equivalents

As at 31st March, 2023 the company held cash and cash equivalents of Rs. 1012.38 Lacs (As at 31st March, 2023 Rs. 275.80 Lacs). The cash and cash equivalents are held with banks with good credit rating.

B) Liquidity risk management

(i) The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

Table showing maturity profile of financial iabilites:

₹ in lakhs

Particulars	Less than 1 Year	1-3 Years to	3 Years 5 Years	5 years and above
A) Non-derivative financial liabilities				
As at 31st March 2024				
a) Lease Liabilities	**36.02**	**7.53**	**–**	**–**
b) Borrowings	**–**	**–**	**–**	**–**
c) Trade Payables	**2,609.62**	**–**	**–**	**–**
d) Other Financial Liabilities	**219.73**	**–**	**–**	**–**
Total	**2,865.37**	**7.53**	**–**	**–**
As at 31st March 2023				
a) Lease Liabilities	45.93	60.86	–	–
b) Borrowings	–	–	–	–
c) Trade Payables	3,028.72	–	–	–
d) Other Financial Liabilities	231.25	–	–	–
Total	3,305.90	60.86	–	–

The above table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company has access to following undrawn borrowing facilities at the end of the reporting period:

₹ in lakhs

Particulars	As at 31st March, 2024	As at 31st March, 2023
a) Secured Cash credit facility		
– Expiring within one year	**5,000.00**	5,000.00
– Expiring beyond one year	**–**	–
b) Bank Guarantees*		
– Expiring within one year	**4,965.00**	4,965.00
– Expiring beyond one year	**–**	–

* These limits are as a sub-limit of secured cash credit facility.

Note: The quarterly statements of current assets filed by the Company with banks are in agreement with the books of accounts.

(iv) Maturities of financial assets

Table showing maturity profile of financial assets

₹ in lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	In Rs. Lacs	In Rs. Lacs	In Rs. Lacs	In Rs. Lacs
Non-derivative financial assets				
As at 31st March 2024				
a) Investments	**455.58**			
b) Trade Receivables	**4,683.09**	**–**	**–**	**–**
c) Cash and Bank Balances	**1,012.37**	**–**	**–**	**–**
d) Other Financial Assets	**768.68**	**16.50**	**–**	**5.00**
Total	**6,919.72**	**16.50**	**–**	**5.00**
As at 31st March 2023				
a) Trade Receivables	6,015.71	–	–	–
b) Cash and Bank Balances	275.80	–	–	–
c) Other Financial Assets	875.23	**–**	–	5.00
Total	7,166.74	–	–	5.00

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

C) Market Risk Management

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Currency	31st March, 2024	31st March, 2023
Trade Receivables	USD	**2,52,118**	3,52,983
	EUR	**1,105**	3,296

Total	**2,872.90**	**2,872.90**	3,366.76	3,366.76

Note No. 31 - Segment information

i) The management of the company has chosen to organise the company on the basis of nature of services. No operating segments have been aggregated in arriving at the reportable segments of the group.

ii) The Company has only one operating segment i.e. "Freight Forwarding".

iii) The Chief Operating Decision Maker ("CODM") monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment.

The Segmental Disclosures are as follows :-

(iv) Geographic information

₹ in lakhs

Particulars	Year Ended 31st March, 2024	Year Ended 31st March, 2023
Revenue from external customers		
India	**23,817.15**	33,423.39
Outside India	**967.65**	3,159.52
Total Revenue as per statement of Profit or Loss	**24,784.80**	36,582.91

v) Non- current operating assets

Particulars	As at 31st March, 2024	As at 31st March, 2023
India	**60.31**	122.49
Outside India	**–**	–
Total	**60.31**	122.49

Non-current assets for this purpose consist of property, plant and equipment, and intangible assets.

The revenues of the company from a group of customers under common control amounts to around 7.44% (31st March 2023 6.23%) of its total revenues.

Note No 32 - Leases

Following are the changes in the carrying value of right of use assets

Particulars	As at 31st March, 2024	As at 31st March, 2023
Balance at 1st April	**100.57**	49.49
Addition	**–**	99.41
Deletion	**(20.67)**	(0.15)
Amortisation expense for the year	**(41.05)**	(48.18)
Balance at 31st March	**38.85**	100.57

The aggregate Amortisation expense on ROU assets is included under depreciation and amortization expense in the Statement of Profit and Loss.

The following is the movement in lease liabilities.

Particulars	As at 31st March, 2024	As at 31st March, 2023
Balance at 1st April	**106.81**	52.02
Additions	**–**	99.41
Finance cost accrued during the period	**4.74**	7.59
Deletions	**(22.89)**	(0.15)
Payment of lease liabilities	**(45.11)**	(52.06)
Balance at 31st March	**43.55**	106.81
Current lease liabilities	**36.02**	45.93
Non-current lease liabilities	**7.53**	60.86
Total	**43.55**	106.79

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

Particulars	As at 31st March, 2024	As at 31st March, 2023
Less than one year	**37.59**	51.79
One to five years	**7.57**	63.74
More than five years	**–**	–
Total undiscounted lease liabilities at Balance sheet date	**45.16**	115.53

Notes to the financial statements for the year ended 31st March, 2024

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Rental expense recorded for short-term leases was Rs. 168.85 lacs (31st March 2023 - Rs. 134.15Lacs) for the year ended 31st March 2024

Amounts recognised in Statement of Profit and Loss

Particulars	Year ended 31st March, 2024	Year ended 31st March, 2023
Interest on lease liabilities	**4.74**	7.59
Expense relating to short term leases	**168.85**	134.15
Amortisation expense of right of use asset	**41.06**	48.16
Total Expenses	**214.65**	189.90

Amounts recognised in Statement of cash flows

Particulars	As at 31st March, 2024	As at 31st March, 2023
Total cash outflows for leases	**213.96**	180.00

Note No. 33 - Employee benefits

i) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 60.89 lacs (31st March, 2023 : Rs. 70.96 lacs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

ii) Defined Benefit Plans:

Gratuity

(a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

(b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(2) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(3) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

(c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Valuation as at 31st March, 2024	Valuation as at 31st March, 2023
a) Discount rate(s)	**7.15%**	7.30%
b) Expected rate(s) of salary increase	**7.00%**	7.00%
c) Mortality rate during employment	**100% IALM(2012-14) Ultimate**	100% IALM(2012-14) Ultimate

(d) Defined benefit plans – as per actuarial valuation

Particulars	Unfunded Plan – Gratuity 2024	Unfunded Plan – Gratuity 2023
I. Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
a) Current Service Cost	**16.14**	19.29
b) Past service cost and (gains)/ losses from settlements		
c) Net interest expense	**5.93**	4.86
Components of defined benefit costs recognised in profit or loss	**22.07**	24.15
a) Remeasurement on the net defined benefit liability		
b) Return on plan assets (excluding amount included in net interest expense)		
c) Actuarial (gains)/loss arising from changes in demographic	**0.16**	(0.74)
d) Actuarial (gains)/loss arising from changes in financial assumptions	**0.78**	(2.80)
e) Actuarial (gains)/loss arising from experience adjustments	**(8.00)**	(5.93)
Components of defined benefit costs recognised in other comprehensive income	**(7.06)**	(9.47)
Total	**15.01**	14.68
II. Net (Asset)/Liability recognised in the Balance Sheet as at 31st March		
a) Present value of defined benefit obligation	**96.76**	81.04
b) Fair value of plan assets	**(50.00)**	–
c) Surplus/(Deficit)	**46.76**	81.04
d) Current portion of the above	**17.61**	10.44
e) Non current portion of the above	**29.15**	70.60
III. Change in the obligation during the year ended 31st March		
a) Present value of defined benefit obligation at the beginning of the year	**81.04**	71.46
b) Add/(Less) on account of Scheme of Arrangement/Business		
c) Transfer	**12.90**	
d) Expenses Recognised in Profit and Loss Account		
– Current Service Cost	**16.14**	19.29
– Past Service Cost		
– Interest Expense (Income)	**5.93**	4.86
e) Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
– Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**0.16**	(0.74)

Notes to the financial statements for the year ended 31st March, 2024

Particulars	Unfunded Plan – Gratuity 2024	2023
ii. Financial Assumptions	**0.78**	(2.80)
iii. Experience Adjustments	**(8.00)**	(5.93)
f) Benefit payments	**(12.19)**	(5.09)
g) Present value of defined benefit obligation at the end of the year	**96.76**	81.04
IV. Change in fair value of assets during the year ended 31st March		
i) Fair value of plan assets at the beginning of the year	**–**	–
ii) Expenses Recognised in Profit and Loss Account		
– Expected return on plan assets	**–**	–
iii) Recognised in Other Comprehensive Income	**–**	–
Remeasurement gains / (losses)		
– Actual Return on plan assets in excess of the expected return	**–**	–
iv) Contributions by employer (including benefit payments recoverable)	**50.00**	–
v) Benefit payments	**–**	–
vi) Fair value of plan assets at the end of the year	**50.00**	–
V. The Major categories of plan assets		
– Insurance Funds	**50.00**	–
VI. Actuarial assumptions		
a) Discount rate	**7.15%**	7.30%
b) Expected rate of return on plan assets		
c) Attrition rate	**18.00%**	15.00%

e) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
a) Discount rate	**2024**	**1.00%**	**92.34**	**101.57**
	2023	1.00%	76.61	85.92
b) Salary growth rate	**2024**	**1.00%**	**100.74**	**92.97**
	2023	1.00%	85.66	76.72
c) Rate of employee turnover	**2024**	**50.00%**	**96.36**	**95.48**
	2023	50.00%	78.94	82.60
d) Rate of Mortality	**2024**	**10.00%**	**96.77**	**96.75**
	2023	10.00%	81.05	81.03

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

ii) The weighted average duration of the defined benefit obligation as at **31 March 2024 is 5 years** (31st March 2023: 6 years)

f) Maturity profile of defined benefit obligation:

The tables include both discounted value as well as unwinding of interest.

Particulars	2024	2023
Within 1 year	**17.61**	10.43
2 - 5 year	**58.27**	43.20
6 - 10 year	**40.58**	41.90
More than 10 years	**27.33**	37.33

g) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

h) The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

INDEPENDENT AUDITORS' REPORT

To the members of MLL Express Services Private Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **MLL Express Services Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of

the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement; and

(v) The Company has not declared /paid/declared and paid any dividend during the year.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **MLL Express Services Private Limited** ("the Company") as of March 31, 2024, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a programme designed to cover all the items annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified property, plant and equipment during the year and the discrepancies noticed on such verification have been appropriately dealt with in the books of account.

   (c) According to the information and explanations given to us, there are no immovable properties (other than properties where the Company is the lessee, and the lease agreements are duly executed in favour of the lessee) held in the name of the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, during the year. The book debt statements filed by the Company on a quarterly basis are materially in agreement with the audited books of account as certified by the management.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Service tax, Duty of Customs and Duty of Excise as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) In our opinion and according to the information and explanations given to us, the term loans have been applied for the purpose for which the loans were obtained.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has made private placement of equity shares during the year in compliance with the requirements of Section 42 and Section 62 of the Act. In our opinion and according to the information and explanations given to us, the Company has utilised the funds for the purposes for which they were raised.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

14. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the year under audit.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has four Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 102.92 crores during the current financial year and Rs. 34.68 crores in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing

at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

1. Corporate information

MLL Express Services Private Limited (Formerly known as Meru Travel Solutions Private Limited) ('the Company') is registered as a private limited company incorporated on December 4,2006 under the Companies Act, 1956 and having its Registered Office: Mahindra Towers, P. K. Kurne Chowk, Worli Mumbai City MH 400018, India. The company is a service Provider mainly engaged in the business of Transportation of goods, warehousing, Supply Chain Management.

These financial statements were authorized for issue in accordance with a Board resolution of April 16, 2024.

2A. Material accounting policies

2A.1 Basis of Accounting

The Financial Statements have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act').

These separate financial statements were approved by the Company's Board of Directors and authorized for issue on April 16, 2024.

2A.2 Basis of preparation and presentation

These financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for, leasing transactions that are within the scope of Ind AS 116,

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statements are prepared in Indian Rupee (INR) and denominated in Lakhs.

The principal accounting policies are set out below.

2A.3 Non-Current assets held for Sale

Non-current assets are classified as held for sale if their carrying amount is recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2A.4. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Incomes from logistics services rendered are recognized on the completion of the services as per the terms of contract. Revenue is recognized at the fair value of consideration received or receivable, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2A.5 Dividend Income

Dividend income from investments is recognized when the right to receive payment has been established if it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

2A.6 Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2A.7. Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified.
- the Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use; and the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:

  a) the Company as a lessee has the right to operate the asset; or

  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

  This policy is applied to contracts entered, or modified, on or after 1st April 2019.

As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability

The lease liability is initially measured at amortized cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable.
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date.

The amount expected to be payable by the lessee under residual value guarantees; The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and

- Payment of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the balance sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

It is re -measured whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).

A lease contract is modified, and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease, by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognizes lease payments received under operating leases as income on a straight- line basis over the lease term as part of ‘other income’.

2A.8 Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity’s functional currency of Indian Rupee (INR) (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.

b. foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

2A.9 Employee benefits

Retirement benefit costs and termination benefits

i. Defined Contribution Plan

Company’s contributions paid/payable during the year to the ESIC, Provident Fund and labor Welfare Fund are recognized in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements)

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

b. Net interest expense or income; and

c. Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plan.

Short-term and other long-term employee benefits.

A liability is recognised for benefits accruing to employees in respect of wages and salaries. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2A.10 Borrowing Costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalised as a part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the revenue in the year of incurrence.

2A.11 Share-based payment arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

2A.12 Taxation

Income Tax expense represents the sum of tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the way the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2A.12. Property, Plant and Equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies, and any directly attributable cost of bringing the assets to their working condition for the intended use. Subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged in the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight-Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 as mentioned below: -

Particular	Useful Life
Computer	3 Years
Server	6 Years
Furniture & Fixture	10 Years
Office Equipment	5 Years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

2A.13 Intangible assets

Intangible assets acquired separately.

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Useful lives of intangible assets

Particulars	Life
Software	3 Years
Brand	8 Years
Customer relationship	8 Years

2A.14 Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than it is carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognized in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognized immediately in profit or loss.

2A.15 Provisions, Contingent liability & Contingent assets

Provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities

Contingent liabilities are disclosed when a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets

A contingent asset is disclosed where an inflow of economic benefits is probable.

2A.16 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits, if any, with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above.

2A.17 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost.

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other Income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

Significant increase in credit risk

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which considers historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised based on the relative fair values of those parts.

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

Financial liabilities & Equity instruments

Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue, or cancellation of the Company's own equity instruments.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

i. Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

a. it has been incurred principally for the purpose of repurchasing it in the near term; or

b. on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or

c. it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

a. such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise.

b. the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed, and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or

c. it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

ii. Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2A.18 Exceptional Items:

An item of income or expense which by its size, type or incidence is material & requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

2A.19 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

i. Useful lives of Property, Plant and Equipment, Intangibles

As described in note 2.11 above, the Company reviews the estimated useful lives of Property, Plant and Equipment, Intangibles at the end of each annual reporting period.

ii. Defined Benefit Plans

The cost of defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

iv. Estimated Lead Time for determining completion of performance obligation

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

v. **Leases**

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations considering the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

vi. **Trade receivables**

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts, and internal and external information available to estimate the probability of default in future.

2C. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

There is no such notification which is applicable from April 1, 2024.

Note 33: Employee benefits

a. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 23 under "Contribution to provident and other funds":

Particulars	March 31, 2024	March 31, 2023
Contribution to employees provident fund	**241.93**	98.50
Contribution to ESI	**19.16**	11.06
Total	**261.09**	109.56

b. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

Liability recognised in the Balance Sheet in respect of Gratuity

	March 31, 2024	March 31, 2023
Present value of the defined benefit obligation at the end of the year	**328.12**	279.45
	328.12	279.45

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Changes in the present value of the defined benefit obligation are as follows:

	March 31, 2024	March 31, 2023
Defined benefit obligation at beginning of the year	**279.45**	–
Current service cost	**68.10**	69.73
Interest cost	**20.16**	15.50
Past Service cost and (gains)/losses from settlements	**–**	–
Sub-total included in statement of profit and loss	**88.27**	85.23
Remeasurement (gains)/losses recorded in OCI		
Actuarial changes arising from changes in demographic assumptions	**–**	–
Actuarial changes arising from changes in financial assumptions	**1.10**	–
Experience adjustments	**(21.84)**	0.01
Sub-total included in OCI	**(20.74)**	0.01
Acquisition Adjustment	**77.35**	215.41
Benefits paid	**(96.21)**	(21.20)
Defined benefit obligation at the end of the year	**328.12**	279.45

Following table summarises the principal assumptions used for actuarial valuation of gratuity obligation for each reporting period:

Actuarial assumptions	**March 31, 2024**	March 31, 2023
Discount rate	**7.10%**	7.20%
Future salary increases	**7.00%**	7.00%

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the yields / rates available on applicable bonds as on the current valuation date.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, senority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

Demographic assumptions	**March 31, 2024**	March 31, 2023
Mortality rate	**100% of IALM 2012-14**	100% of IALM 2012-14
Normal Retirement age	**60 Years**	60 Years
Attrition rate (% p.a.)	**30.00%**	30.00%

Attrition rate indicated above represents the Company's best estimate of employee turnover in future (other than on account of retirement, death or disablement) determined considering various factors such as nature of business, retention policy, industry factors, past experience, etc

A quantitative sensitivity analysis for significant assumptions as at each reporting date is as shown below:

	Discount rate assumption	
Gratuity plan:	**March 31, 2024**	March 31, 2023
Sensitivity Level	**1% Increase**	1% Increase
Sensitivity Level	**1% Decrease**	1% Decrease
Impact of increase of 1% p.a. on defined benefit obligation	**317.39**	270.22
Impact of decrease of 1% p.a. on defined benefit obligation	**339.55**	289.29

	Future salary increase assumption	
Gratuity plan:	**March 31, 2024**	March 31, 2023
Sensitivity Level	**1% Increase**	1% Increase
Sensitivity Level	**1% Decrease**	1% Decrease
Impact of increase of 1% p.a. on defined benefit obligation	**339.45**	289.21
Impact of decrease of 1% p.a. on defined benefit obligation	**317.28**	270.12

	Future Attrition rate assumption	
Gratuity plan:	**March 31, 2024**	March 31, 2023
Sensitivity Level	**1% Increase**	1% Increase
Sensitivity Level	**1% Decrease**	1% Decrease
Impact of increase of 1% p.a. on defined benefit obligation	**306.80**	261.49
Impact of decrease of 1% p.a. on defined benefit obligation	**354.76**	304.04

	Future Mortality rate assumption	
Gratuity plan:	**March 31, 2024**	March 31, 2023
Sensitivity Level	**1% Increase**	1% Increase
Sensitivity Level	**1% Decrease**	1% Decrease
Impact of increase of 1% p.a. on defined benefit obligation	**328.13**	279.47
Impact of decrease of 1% p.a. on defined benefit obligation	**328.10**	279.43

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 3 years (March 31, 2024: 5 years).

The following are expected contributions over the future years (valued on undiscounted basis):

	March 31, 2024	March 31, 2023
Within the next 1 year (next annual reporting period)	**86.02**	76.45
Between 2 to 5 years	**229.80**	190.26
Between 6 to 10 years	**87.94**	79.04
Beyond 10 years	**25.57**	22.73
Total expected payments	**429.33**	368.47

C. Other employee benefits

Compensated absences are payable to employees at the rate of Last drwan basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2024 INR 126.66 Lakh (March 31, 2023 INR 31.42 Lakh).

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note 34: Financial instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts of financial instruments.

Particulars	Notes	Carrying value\Fair Value March 31, 2024	March 31, 2023
Financial assets carried at amortised cost			
Cash and cash equivalents		**2,502.00**	769.48
Trade Receivables		**7,332.68**	5,312.82
Total		**9,834.68**	6,082.30
FVTPL			
Quoted Mutual Funds		**130.76**	220.02
Total		**130.76**	220.02
Financial liabilities carried at amortised Cost			
Liability portion of Preference shares			
Non-current portion		**–**	–
Borrowing-Long Term		**22,000.00**	22,000.00
Borrowing-Short Term		**2,191.94**	–
Trade and other Payables		**12,214.54**	7,667.00
Total		**36,406.48**	29,667.00

B] Fair Value Measurement

The management assessed that cash and cash equivalents Trade Receivables and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

(i) Liquidity risk

The Company's liquidity risk mainly arises from term loan taken during the year. The Companies Management is responsible for managing this liquidity risk with the oversight of the Board of Directors.

The table below summarises the maturity profile of the Companys' financial liabilities based on contractual undiscounted payments.

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended - March 31, 2024						
Borrowing	2,191.94	–	–	16,000.00	6,000.00	**24,191.94**
Trade payables to related parties	–	184.42	56.80	–	–	**241.22**
Other trade payables	–	9,969.76	1,532.46	471.10	–	**11,973.31**
	2,191.94	**10,154.18**	**1,589.26**	**16,471.10**	**6,000.00**	**36,406.48**

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended - March 31, 2023						
Borrowings	–	–	–	11,000.00	11,000.00	**22,000.00**
Trade payables to related parties	–	179.64	–	–	–	**179.6**
Other trade payables	–	7,487.36	–	–	–	**7,487.36**
	–	**7,667.00**	**–**	**11,000.00**	**11,000.00**	**29,667.00**

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, preference shares, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder's value. Since Company is non-revenue generating entity, Company monitors its capital considering requirements at Group level after including all subsidiaries' capital requirements as mentioned below.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flows as at each period end and identify need for additional funding from the existing / new share holders to meet the outstanding commitments and future cash flow requirements to meet the business plan for 1 year to 3 years. The Company includes within net debt, interest bearing loans and borrowings (excluding redeemable preference share), less cash and cash equivalents (Including intercorporate deposits & liquid mutual fund units).

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2024 and March 31, 2023.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Less than 1 year	**820.26**	1,003.16
Between 1 year and 3 years	**900.37**	1,272.20
Between 3 year and 5 years	**339.75**	780.05
5 years and above	**20.52**	28.65
Total	**2,080.91**	3,084.06

Note 37: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2024	March 31, 2023
(Loss) attributable to equity holders	**(12,357.16)**	(3,178.74)
Number of Shares outstanding at the beginning of the year	**97,137,796**	97,137,796
Add: Shares issued during the year	**100,832,222**	–
Number of Shares outstanding at the end of the year	**197,970,018**	97,137,796
Weighted average number of Equity shares for basic EPS	**136,110,185**	97,137,796
Effect of dilution:		
Share options	**–**	–
Convertible preference shares	**–**	–
Basic and diluted EPS (INR Rupees)	**(9.08)**	(3.27)
Weighted average number of Equity shares adjusted for the effect of dilution	**136,110,185**	97,137,796

Note 38: Segment reporting

The management of the company has chosen to organise the company on the basis of nature of services. No operating segments have been aggregated in arriving at the reportable segments of the group.

Note 39: Going Concern

The Company has acquired Express Business during the year and has commenced effective operations from November 2022. In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note 40: Additional Regulatory Information

(a) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any parties (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Company has not transacted, during the current year or previous year, with any of the companies which have been struck off.

(c) The Company did not have any charges or satisfaction which were yet to be registered with ROC beyond the statutory period.

(d) The Company did not have any transaction which had not been recorded in the books of account that had been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

Note 41: Information with regards to other matters specified in schedule III to Act, is either nil or not applicable to the Company for the financial year ended March 31, 2024.

Note 42: All amounts disclosed in the financial statements and notes has been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Note 43: The figures for the previous year have been regrouped/rearranged wherever necessary to make them comparable with the current period's figures.

INDEPENDENT AUDITOR'S REPORT

To the members of MLL Mobility Private Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **MLL Mobility Private Limited ("the Company")**, which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 28c to the Financial Statements;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (ii) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme of physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

   (c) The Company does not hold any immovable property and hence reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) (a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Employees' State Insurance, Income-tax, Provident Fund, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed

by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us, the Company does not have any term loans. Accordingly, the reporting under Clause 3(ix) (c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) (a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group has four Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **MLL Mobility Private Limited ("the Company")** as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ACCOMPANYING FINANCIAL STATEMENTS

1. Corporate information

MLL Mobility Private Limited ('the Company') is registered as a private limited company incorporated on December 4, 2006 under the Companies Act, 1956 and having its registered office at Mahindra Towers, P. K. Kurne Chowk, Worli Mumbai Mumbai 400018, India and corporate office at Arena Space, 10 & 11 Floor, Plot No. 20, Jogeshwari Vikhroli Link Road, Near Majas Bus Depot, Jogeshwari (E), Mumbai – 400060. The Company is a deemed public company as per definition of the Companies Act with effect from December 5, 2019. The Company is mainly engaged in the business of owning, operating and maintaining vehicle fleet for transportation of passengers in form of taxis, providing taxi aggregator services and to acquire and operate similar existing businesses.

On May 29, 2018, the name of the Company was changed from Meru Cab Company Private Limited to Meru Mobility Tech Private Limited. Further, on August 23, 2022, the name of the Company was changed from Meru Mobility Tech Private Limited to MLL Mobility Private Limited.

These financial statements were authorized for issue in accordance with a Board resolution of April 16, 2024.

2A. Material accounting policies

2A.1 Basis of accounting

The Financial Statements have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial Statements are separate Financial Statements.

2A.2 Basis of preparation and presentation

These financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortized cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statements are prepared in Indian Rupee (INR) and denominated in lakhs.

The principal accounting policies are set out below.

2A.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2A.4 Revenue recognition

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

Incomes is recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

The following specific recognition criteria must also be met before revenue is recognized.

<u>**Income from services:**</u>

i. Revenue from taxi services, convenience fees, airport charges

Revenue from taxi services represents revenue earned from transportation of passengers as part of metered tax operations. Revenue from taxi services is measured as per the contractual terms and is recognised on completion of each trip. Convenience fees are charged to customer for facilitating booking of taxi services through the Company. Convenience fees are recognised as revenue at completion of trip. Airport charges are recovered from customers towards the airport charges incurred at airports as per the contractual terms. Airport charges are recognised as revenue at completion of trip.

ii. Revenue from taxi aggregator services

Revenue from taxi aggregator services is recognised net of the share of revenue paid to drivers, as and when the services are rendered as per the terms of the contract. Taxi aggregator services involve the Company providing a platform to facilitate booking of taxi services by passengers with third party independent taxi service providers.

iii. Revenue from B2B Customers

Revenue from B2B Customers represents revenue earned from providing taxi services to corporates for their employee transportation. Revenue is measured as per the contractual terms and recognised as and when the service is rendered as per contract terms.

iv. Advertisement revenue

Revenue from advertisement contracts are recognised pro-rata over the period of contract as and when services are rendered. Revenue is measured as per the contractual terms.

The Company generally does not offer a credit period in respect of its billing to drivers. In respect of corporate customers, the Company credit period offered generally ranged from 30 days to 90 days.

NOTES ACCOMPANYING FINANCIAL STATEMENTS

Dividend:

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2A.5 Leases

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to contracts entered into, or modified, on or after April 01, 2019.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is re -measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

2A.6 Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupees (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost in a foreign currency are are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

2A.7 Borrowing costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalised as a part of the cost of the such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the revenue in the year of incurrence.

2A.8 Employee benefits

2A.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses,

NOTES ACCOMPANYING FINANCIAL STATEMENTS

the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. Net interest expense or income; and

c. Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item ‘Employee benefits expense’. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company’s defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2A.8.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2A.9 Share-based payment arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

2A.10 Taxation

Income Tax expense represents the sum of tax currently payable and deferred tax.

2A.10.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘Profit before tax’ as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2A.10.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2A.10.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2A.11 Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the asset to its working condition for the intended use. Subsequent cost are included in the asset’s carrying amount or recognised as as separate asset, as appropriate only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on tangible asset is charged on a Straight-Line Method (SLM) in accordance with the useful life specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Equipment individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Equipment individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

iii. Mobile Phones (included in Office Equipment) in 1 - 2 years.

iv. Motor Cars (included in Vehicles) in 3 to 5 years as the case may be

v. Assets capitalised which are attached to the leasehold office premises shall be depreciated upto 75% of its value over the lease period assuming a realisable value of 25% after the end of original lease period.

The estimated useful lives, residual values, and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain and loss arising on disposal or retirement of an item of property, plant and equipment are determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

2A.12 Intangible assets

2A.12.1 Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives that are acquired

NOTES ACCOMPANYING FINANCIAL STATEMENTS

separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2A.12.2. Useful lives of intangible assets

Taxi permits (Leased):

Taxi permits are amortised using the straight-line method over a period of 8 years or contractual life whichever is lower.

Software:

ERP software is amortised using the straight-line method over a period of 5 years and other software are amortised using the straight-line method over a period of 3 years or contractual life, whichever is lower.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2A.13 Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2A.14 Provisions, Contingent liability & Contingent assets

Provision are recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2A.15 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2A.16 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2A.16.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2A.15.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

2A.16.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2A.16.3 Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

NOTES ACCOMPANYING FINANCIAL STATEMENTS

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other Income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2A.16.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2A.16.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2A.16.6 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2A.17 Financial liabilities & Equity instruments

2A.17.1 Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2A.17.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2A.17.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in

NOTES ACCOMPANYING FINANCIAL STATEMENTS

equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2A.17.4 Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2A.18 Segment reporting

The Chief Operating Decision Maker ("CODM") monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in financial statements.

i) The management of the company has chosen to organise the company on the basis of nature of services. No operating segments have been aggregated in arriving at the reportable segments of the group.

ii) The Company has only one operating segment i.e. "People transportation".

iii) The Chief Operating Decision Maker ("CODM") monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment.

2A.19 Exceptional Items:

An item of income or expense which by its size, type or incidence is material & requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

2A.20 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

2A.21 Business Combination

The company accounts for its business combinations under acquisition method of accounting. The acquiree's identifiable assets including liabilities and contingent liabilities that meet the condition for recognition are recognized at their fair values at the acquisition date. The excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed is recognized as goodwill.

Before recognizing capital reserve in respect thereof, the company determines whether there exists clear evidence of underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the company reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognizes any additional asset or liabilities that are identified in that reassessment. The company then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the company recognizes it directly in equity as capital reserve.

Non-controlling interest is initially measured at fair value or at the proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to initial acquisition, the carrying amount of noncontrolling interest is the amount of those interest in initial recognition plus the non-controlling interest's share of subsequent changes in equity of subsidiaries.

When the consideration transferred by the company in business combination includes assets or liabilities resulting in a contingent consideration arrangement, the contingent consideration is measured at its acquisition date fair value and included as a part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments, are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve as the case may be.

When a business combination is achieved in stages, the company's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognized in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognized in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed off.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the company reports provisional amount for the items for which the accounting is incomplete. Those provisional amount are adjusted during the measurement period (which cannot exceed one year from the acquisition date), or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amount recognized at that date. In consolidated financial statements, acquisition of non-controlling interest is accounted as equity transaction. The carrying amount of the company interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to the owners of the Company. Business Combination under common control are accounted as per Appendix C in Ind AS 103 - Business combinations, at carrying amount of assets and liabilities acquired and any excess of consideration issued over the net assets acquired is recognized as capital reserve on common control business combination.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2A, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

i. Useful lives of intangibles and property, plant and equipment:

As described in note 2A.10 The Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each annual reporting period.

NOTES ACCOMPANYING FINANCIAL STATEMENTS

ii. **Defined benefit plans**

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. **Fair Value of financial assets and liabilities and investments**

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

iv. **Estimated Lead Time for determining completion of performance obligation**

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

v. **Contracts with Driver - Whether the arrangement with drivers contains a lease:**

Significant judgement is required to apply lease accounting rules under Appendix C of Ind AS 17 - Determining whether an arrangement contains a lease. In assessing the applicability to arrangements entered into by the Company, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforceable arrangements and other significant terms and conditions of the arrangements to conclude whether the arrangements meet the criteria under Appendix C.

vi. **Leases**

Ind AS 116 requires lessees to determine the lease term as the non- cancellable period of a lease adjusted with any option to extend or terminate the lease if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

vii. **Trade Receivables**

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future.

2C. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

There is no such notification which is applicable from April 1, 2024.

(b) Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs.10 per share. All equity shares rank equally with regard to dividends and share in the residual assets of the Company. Each holder of equity shares is entitled to one vote per share. No dividend has been declared during the period ended April 30, 2023 (March 31, 2023: Nil). No dividend has been proposed for the period ended March 31, 2024.

* During the current year NCLT has approved the Scheme of merger by Absorption of V-Link Automative Services Private Limited ('VASPL'), and V-Link Fleet Solution Private Limited with MLL Mobility Private Limited ('MMPL') (formerly known as Meru Mobility Tech Private Limited). The Scheme inter-alia provides merger of VASPL and VFSPL with MMPL. In Compliance with the order of NCLT, previous year numbers are restated to include the numbers of "VASPL" and "VFSPL". Accordingly the share capital of "VASPL" and "VFSPL" is added to the share capital of "MMPL". Shareholders holding shares of "VASPL" and "VFSPL" are being cancelled during the year and fresh share of "MMPL" will be issued to the shareholders of "VASPL" and "VFSPL" in FY 2024-25.

(c) Shares held by Holding and Promotor Company, percentage of holding and % changes during the year

Note 26: Financial instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts (net of any provision for impairment) of financial instruments.

Particulars	Notes	Carrying value/ Fair Value March 31, 2024	March 31, 2023
Financial assets carried at amortised cost			
Security deposits	6	**514.97**	486.02
Loans to employees	5	**–**	0.60
Balances with banks held as margin money (non-current)	6	**8.10**	45.05
Advances recoverable in cash	6	**42.44**	22.15
Accrued interest	6	**0.51**	0.32
Receivables towards assets given on finance lease	6	**106.40**	32.85
Trade Receivables	9	**6,396.78**	7,541.86
Cash and cash equivalents and other bank balances	10	**739.97**	30.77
Total		**7,809.17**	8,159.62
Financial liabilities carried at amortised cost			
Long term Borrowings	14	**–**	1,631.18
Other financial liabilities	17	**819.03**	928.40
Trade payables	16	**4,226.02**	4,088.82
Total		**5,045.05**	6,648.40

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, loans, other financial assets trade payables, borrowings and other financial liability approximate their carrying amounts largely due to the short-term maturities of these instruments.

Investments in mutual funds are recorded at fair value. The fair value is determined at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(Currency in INR lakhs)

liquidation sale. Fair value of investments in mutual fund units is based on Net Asset Value (NAV) on the balance sheet date as published by the mutual fund. The fair value is categorised as Level 2 in the fair value measurement hierarchy.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Market risk - interest rate risk
– Credit risk
– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings are all in fixed rate instruments and there is no investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), liquid mutual fund units, inter corporate deposits, cash deposits and other financial instruments.

Trade receivables

The Company's Management divides its customers primarily into following two categories for purposes of monitoring credit risk:

Trade receivables from subscribers

Credit risk relating to subscribers is managed in accordance with the Company's established policy, procedures and controls relating to driver credit risk management. Trade receivables are non-interest bearing. Outstanding receivables are regularly monitored. The Company recognises impairment of trade receivables from drivers based on outstanding receivable, its historical experience and its expectation of credit losses in the future except to the extent the trade receivables are secured by way of deposits received from customers.

	March 31, 2024	March 31, 2023
Gross Trade receivables from subscribers	**378.81**	207.99
Less: Impairment allowance doubtful trade receivables	**(186.82)**	(142.88)
Net Trade receivables from subscribers	**191.99**	65.10
Security deposits received from above subscribers held as at the respective reporting dates	**54.46**	125.14

Trade receivables from other customers

Credit risk relating to other customers is managed in accordance with the Company's established policy, procedures and controls relating to other customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from other customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

Particulars	March 31, 2024	March 31, 2023
Gross Trade receivables from other customers	**6,852.67**	7,835.82
Less: Impairment allowance doubtful trade receivables	**(647.89)**	(359.07)
Net Trade receivables from other customers	**6,204.80**	7,476.76
Ageing of gross trade receivables relating to other customers:		
Less than 6 months	**5,915.02**	7,410.56
More than 6 months	**937.66**	425.26
	6,852.67	7,835.82

Reconciliation of loss allowance provision for Trade Receivables

Particulars	March 31, 2024	March 31, 2023
Opening balance	**442.23**	349.01
Add: Net impairment allowance provision for the year	**331.07**	93.23
Add: Transfer from "VASPL" and "VFSPL" on account of merger.	**59.72**	–
Closing balance	**833.02**	442.23

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behaviour.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 26A. The Company has assessed the concentration risk with respect to trade receivables as low for its business.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations including deposits received from drivers.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(Currency in INR lakhs)

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	6,648.40	6,648.40	–	–	–	6,648.40

D] Capital management

For the purpose of capital management, the Company considers capital to include issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the loan covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flows as forecasts at each period end and identifies need for additional funding from the share holders to meet the outstanding commitments and future cash flow requirements to meet the business plans. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents and liquid mutual fund units.

Particulars	**March 31, 2024**	March 31, 2023
Borrowings	**–**	1,631.18
Less: Cash and Cash Equivalent and liquid mutual fund units	**739.97**	30.77
Net Debt/(Surplus funds)	**(739.97)**	1,600.41

Note 27: Employee benefits

a. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 22 under "Contribution to provident and other funds":

Particulars	**March 31, 2024**	March 31, 2023
Contribution to employees provident fund	**59.63**	67.24
Contribution to ESI	**0.50**	2.39
Total	**60.14**	69.63

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(Currency in INR lakhs)

b. Defined benefit plans

The Company operates one post-employment defined benefit plan (funded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

Liability recognised in the Balance Sheet in respect of Gratuity

	March 31, 2024	March 31, 2023
Present value of the defined benefit obligation at the end of the year	**71.92**	100.57
	71.92	100.57

Changes in the present value of the defined benefit obligation are as follows :

	March 31, 2024	March 31, 2023
Defined benefit obligation at beginning of the year	**100.57**	93.03
Current service cost	**17.19**	25.62
Interest cost	**14.26**	10.41
Past Service cost	**–**	–
Sub-total included in statement of profit and loss	**31.45**	36.03
Remeasurement (gains)/losses recorded in OCI		
Actuarial changes arising from changes in demographic assumptions	**(0.97)**	(0.22)
Actuarial changes arising from changes in financial assumptions	**1.38**	(29.06)
Experience adjustments	**12.58**	6.00
Sub-total included in OCI	**13.00**	(23.27)
Transfer in / Out	**(0.31)**	19.28
Employer Contribution	**(5.00)**	(5.78)
Benefits paid	**(67.77)**	(18.72)
Defined benefit obligation at the end of the year	**71.92**	100.57

Following table summarises the principal assumptions used for actuarial valuation of gratuity obligation for each reporting period:

Actuarial assumptions	**March 31, 2024**	March 31, 2023
Discount rate	**7.15%**	7.30%
Future salary increases	**7.00%**	7.00%
Attrition rate (% p.a.)	**refer note below**	refer note below

Note : Call center – 20%, Non Call center – 20%, Management committee –20% (March 31, 2023:Call center – 15.32%, Non Call center – 15.32%, Management committee –15.32%)

The estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Demographic Assumptions :

Mortality in Service: Indian Assured Lives Mortality 2012-14 Mortality in Retirement : 60 Years (March 31, 2023: Mortality in Service: Indian Assured Lives Mortality 2012-14) Mortality in Retirement : 60 Years

A quantitative sensitivity analysis for significant assumptions as at each reporting date is as shown below:

	Discount rate assumption	
	March 31, 2024	March 31, 2023
Gratuity plan:		
Impact of increase of 1% p.a. on defined benefit obligation	**171.31**	185.73
Impact of decrease of 1% p.a. on defined benefit obligation	**186.29**	205.66

	Future salary increase assumption	
	March 31, 2024	March 31, 2023
Gratuity plan:		
Impact of increase of 1% p.a. on defined benefit obligation	**185.94**	204.71
Impact of decrease of 1% p.a. on defined benefit obligation	**171.46**	186.34

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 4 years (March 31, 2023: 5 years).

The following are expected contributions over the future years (valued on undiscounted basis):

	March 31, 2024	March 31, 2023
Within the next 1 year (next annual reporting period)	**48.81**	31.72
Between 2 to 5 years	**97.33**	117.88
Between 6 to 10 years	**66.85**	77.51
Beyond 10 years	**39.27**	77.90
Total expected payments	**252.27**	305.01

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2024 INR 18.20 Lakh (March 31, 2023: INR 22.26 Lakhs).

Note 28: Commitments and contingencies

A. Leases

a Finance lease - where the Company is lessor

The Company has taken taxi permits on finance lease by paying the consideration upfront as a onetime payment.

The Company has leased out 10 vehicles (March 31, 2023 : 31) on finance lease. The lease term is for 4 years and is non-renewable, after which the legal title is passed to the lessee. There is no escalation clause in the lease agreement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(Currency in INR lakhs)

Gross investments	March 31, 2024	March 31, 2023
Within one year	**35.09**	34.06
After one year but not more than five years	**93.57**	–
More than five years	**–**	–
	128.66	34.06
Less: Unearned finance income	**(22.27)**	(1.21)
Present value of minimum lease payments	**106.40**	32.85
Present value of future rentals		
Within one year	**25.10**	32.85
After one year but not more than five years	**81.30**	–
More than five years	**–**	–
Present value of minimum lease payments	**106.40**	32.85

During the year ended March 31, 2024, the Company has earned INR 5.12 Lakhs (March 31, 2023: INR 5.14 Lakh) as interest income. This has been recorded under "Other income - Finance income on net investment in lease" in the statement of profit and loss.

Movement for the receivables towards assets given on finance lease	Amount
Opening balance as at 1 April 2022	**82.03**
Less: amount recovered during the year	**(49.19)**
Closing balance as at March 31, 2023	**32.84**
Add: Additions made during the tear	**114.20**
Less: amount recovered during the year	**(40.64)**
Closing balance as at March 31, 2024	**106.40**

B. Commitments

The Company has entered into License Agreements/Contracts with Airport authorities at some locations. These agreements are for periods of 1 to 5 years and include non-cancellable period of 1 to 3 years. Under the contracts, the Company guarantees a certain minimum payment to the airports each month. Management believes that it would perform its obligations for the entire period of these contracts taking into account the past experience and management's intent and future business plans. Management has disclosed contractual commitments under these contracts below based on the total contractual period.

	As at March 31, 2024	As at March 31, 2023
Minimum commitment to Airports		
Delhi Airport Terminal 1	**28.35**	72.90
Delhi Airport Terminal 2	**42.53**	109.35
Delhi Airport Terminal 3	**85.05**	218.70
Delhi Airport Parking services Ltd.-T1,T2,T3 Parking Bay-(10, 15, 40), Level 3-MLCP	**11.63**	–
Mumbai Airport Terminal 1 & 2	**11.00**	120.00
Ahmedabad Airport	**18.00**	–
Hyderabad Airport	**1,438.05**	1,618.23
	1,634.61	2,139.18

C] Contingent liabilities

Particulars	As at March 31, 2024	As at March 31, 2023
Claims against the Company not acknowledged as debts (Refer note "a" below)	**17.68**	126.85
Advertisement tax (refer note "b" below)	**55.40**	55.40
	73.08	182.25

Note:

a) Claims against the Company pertain to various legal claims filed against the Company by customers/ third parties. The Company has contested these claims and the same are pending adjudication at various judicial forums. The timing of any possible cash outflows with regard to the aforesaid matters depends upon the final outcome of the respective litigations and exhaustion of remedies available to the Company under the law and hence the Company is not able to reasonably ascertain the timing of the possible outflow, if any.

b) Advertisement tax liability pertains to earlier years, where Muncipal Corporation of Delhi has demanded unproportionately higher Advertisement taxes, which are part of the on-going legal cases with MCD at High Court Delhi.

Scheme of Amalgamation and arrangement

The Board at its meeting held on April 24, 2023 had approved the Scheme of merger by Absorption of V-Link Automative Services Private Limited ('VASPL'), and V-Link Fleet Solution Private Limited with MLL Mobility Private Limited ('MMPL') (formerly known as Meru Mobility Tech Private Limited) and their respective shareholders ('the Scheme')under sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and Rules framed thereunder. The Scheme inter-alia provides merger of VASPL and VFSPL with MMPL. The National Company Law Tribunal ("NCLT"), Mumbai Bench vide its order dated 7 March 2024 has approve the above Scheme. As part of consideration mentioned in the Scheme, MMPL has on April 16, 2024 issued 1,79,470 equity shares of Rs. 10 each to the Company in lieu of its shareholding in VASPL and VFSPL.

The Appointed Date of the Scheme is April 1, 2023 but operative with effect from the Effective Date i.e. March 28, 2024 being the date of filing of the certified copy of the Order sanctioning the Scheme by the NCLT with the Registrar of Companies. Upon coming into effect of the Scheme, net operating assets including reserves are transferred in the Company with effect from the Appointed Date and accordingly have restated its results for the comparative periods including Earnings Per Share ("EPS") in accordance with IND AS 103 Business Combination.

	33,334.39	18,514.28

iii) Revenue by geography

Revenue from contract with customers

Particulars	**March 31, 2024**	March 31, 2023
Asia		
India	**33,334.39**	18,514.28
	33,334.39	18,514.28

Note 37: During the previous year, the earstwhile holding Company i.e. MESPL, has transferred its entire shareholding into the Company and its fellow subsidiaries i.e. VFSPL and VASPL, to MLL and the shares of MESPL were transferred by utlimate holding Company i.e. M&M to MLL. Pursuant to this restructuring, the Company has become 100% subsidiary of MLL and fellow subsidiary of MESPL.

Note 38: Based on the contracts with taxi operators under the taxi aggregator services, the Company's revenue is determined as a share of the total passenger revenue of INR 7,562.22 lakhs (March 31, 2023: INR 6,908.40 lakhs) generated by these taxi operators.

Note 39: As at March 31, 2024, the Company has accumulated losses of INR 48,229.85 lakhs (March 31, 2023: INR 48,395.12 lakhs) and a positive net worth of INR 3,352.19 lakhs (March 31, 2023: positive net worth INR 3,186.90 lakhs). The Company has significant improvement in operations during the year and the Company is expected to be profitable starting next year.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

Note 40: The Company had given Loan to VFSPL of INR 1422.48 Lakhs and borrowed INR 2958.91 Lakhs from VFSPL in the earlier years. As per the merger scheme approved by the NCLT, intercompany balances have been knocked off and previous year figures have been restated in accordance with IND AS 103 Business Combination.

Note 41: Additional regulatory information:

INDEPENDENT AUDITORS' REPORT

To the members of

V-Link Freight Services Private Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **V-Link Freight Services Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) Reporting on the adequacy of internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, under Section 143(3)(i) of the Act, is not applicable in view of the exemption available to the Company in terms of the Notification No. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with General Circular No. 08/2017 dated 25 July 2017.

   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to managerial remuneration are not applicable to the Company.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified its entire property, plant and equipment during the current year and no material discrepancies were noticed on such verification.

   (c) The Company does not hold any immovable property and hence reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident Fund, Income-tax, Cess and other material statutory dues and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Income-tax, Cess as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause

3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) In our opinion and according to the information and explanations given to us, the term loans taken in earlier years have been applied for the purpose for which the loans were obtained.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has four Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 136.68 lakhs during the current financial year and Rs. 12.12 lakhs in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our

knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

1. Corporate information

V-Link Freight Services Private Limited is a private limited company incorporated on 9th September, 2022 under the Companies Act, 2013. The address of its registered office is disclosed in the introduction to the Annual Report. The Company's main activities are freight forwarding including transportation of goods via sea & air.

The financial statements for the year ended 31st March, 2024 are approved for issue in accordance with a resolution of the directors on 15th April, 2024.

2. Material accounting policies

2.1. Basis of Accounting

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

2.2. Basis of preparation and presentation

The financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortized cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupee (INR) and denominated in lakhs. The principal accounting policies are set out below.

2.3. Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4. Revenue recognition

2.4.1. Rendering of services

Incomes from freight forwarding services rendered are recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts offered by the Company as part of the contract, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2.4.2. Dividend income

Dividend income from investments is recognized when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

2.4.3. Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5. Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

<u>As a lessee</u>

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;

  The amount expected to be payable by the lessee under residual value guarantees; The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the balance sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

It is re -measured whenever :

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).

A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease, by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

<u>As a lessor</u>

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

2.6. Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupee (INR) (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

2.7. Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

2.8. Employee benefits

2.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan :

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. net interest expense or income; and

c. remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

The retirement benefit obligation recognized in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2.8.2. Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.9. Share-based payment arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

2.10. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.10.1. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.10.2. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.8.3. Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax and deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.11. Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognized as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

2.12. Intangible assets

2.12.1. Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

2.12.2. Useful lives of intangible assets

The expenditure incurred is amortized over three financial years equally commencing from the year in which the expenditure is incurred.

2.13. Impairment of tangible and intangible assets

The management of the Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2.14. Provisions, Contingent Liabilities & Contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.15. Financial instruments

Financial assets and financial liabilities are recognized when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.16. Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.16.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2.16.4

All other financial assets are subsequently measured at fair value.

2.16.2. Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.16.3. Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other Income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

2.16.4. Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

Significant increase in credit risk

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.16.5. Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16.6. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2.17. Financial liabilities and equity instruments

2.17.1. Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.17.2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.17.3. Financial liabilities

All financial liabilities are subsequently measured at amortized cost or at FVTPL.

i. Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

a. it has been incurred principally for the purpose of repurchasing it in the near term; or

b. on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

c. it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

a. such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

b. the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or

c. it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

ii. Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.18. Segment Accounting:

The Chief Operating Decision Maker ("CODM") monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in financial statements.

2.19. Exceptional Items:

An item of income or expense which by its size, type or incidence is material & requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

2.20. Earnings per Share:

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

3 (a). Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Useful lives of Property, Plant and Equipment

As described in note 2.11 above, the Company reviews the estimated useful lives of Property, Plant and Equipment at the end of each annual reporting period.

(ii) Defined Benefit Plans

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

(iv) Estimated Lead Time for determining completion of performance obligation

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

(v) Leases

Ind AS 116 requires lessees to determine the lease term as the non- cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(vi) Trade receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future.

3 (b). Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

There is no such notification which is applicable from April 1, 2024.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Note No. 4 - Property, Plant and Equipment

Rs. in lakhs

The weighted average number of equity shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Particulars	Year ended 31st March, 2024	Year ended 31st March, 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**1,000,000**	1,000,000
Add: Dilutive Impact		
Weighted average number of equity shares used in the calculation of Diluted EPS	**1,000,000**	1,000,000
Earnings per share from continuing operations - Diluted (in Rs.)	**(15.79)**	(1.39)

Note 24: Financial instruments

I. Capital management Policy

a) The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

b) For the purpose of company's capital management, capital includes issued share capital, equity as well as preference and all other equity reserves. The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

c) The following table shows the components of capital:

III. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The company

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterpaty credit period which is monitored through an approved policy.

(ii) No trade receivables as at 31st March 2024 and immediate preceeding financial year.

(iii) There was no Concentration of credit risk.

(iv) There is no change in estimation techniques or significant assumptions during the reporting period.

(v) There is no change in estimation techniques or significant assumptions during the reporting period.

(vi) The loss allowance provision is determined as follows:

Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
				As at 31st March 2024
a) Gross carrying amount				–
b) Loss allowance provision				–

Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
				As at 31st March 2023
a) Gross carrying amount				–
b) Loss allowance provision				–

(vii) Reconciliation of loss allowance provision for Trade Receivables

Particulars	Rs. in lakhs 31st March, 2024	Rs. in lakhs 31st March, 2023
a) Balance as at beginning of the year	–	–
b) Impairment losses recognised in the year based on lifetime expected credit losses	–	–
– On receivables originated in the year	–	–
– Other receivables	–	–
c) Impairment losses reversed / written back	–	–
d) Balance at end of the year	–	–

(viii) During the period, the company has not made write off of trade receivable. These trade receivables and advances are not subject to enforcement activity.

Cash and Cash equivalents

As at 31st March, 2024 the company held cash and cash equivalents of Rs.0.02 Lacs (As at 31st March, 2023 Rs. 79.90 Lacs) . The cash and cash equivalents are held with banks with good credit rating.

B) Liquidity risk management

(i) The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

Table showing maturity profile of financial iabilites:

Rs. **in lacs**

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
A) Non-derivative financial liabilities				
As at 31st March 2024				
a) Lease Liabilities	21.04	16.79	–	–
b) Borrowings	59.11	–	–	–
c) Trade Payables	9.37	–	–	–
d) Other Financial Liabilities	8.79	–	–	–
Total	98.31	16.79	–	–
As at 31st March 2023				
a) Lease Liabilities	19.60	37.84	–	–
b) Borrowings	–	–	–	–
c) Trade Payables	2.00	–	–	–
d) Other Financial Liabilities	–	–	–	–
Total	21.60	37.84	–	–

The above table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

(iii) Financing arrangements

The Company has access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	Rs. in lakhs 31st March, 2024	Rs. in lakhs 31st March, 2023
a) Unsecured Cash credit facility		
– Expiring within one year	440.89	–
– Expiring beyond one year	–	–

(iv) Maturities of financial assets

Table showing maturity profile of financial assets

Rs. **in lacs**

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
A) Non-derivative financial assets				
As at 31st March 2024				
a) Trade Receivables	–	–	–	–
b) Cash and Bank Balances	0.02	–	–	–
c) Other Financial Assets	–	0.20	–	–
Total	0.02	0.20	–	–

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Rs. in lacs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
As at 31st March 2023				
a) Trade Receivables	–	–	–	–
b) Cash and Bank Balances	79.90	–	–	–
c) Other Financial Assets	–	0.20	–	–
Total	**79.90**	**0.20**	–	–

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

C) Market Risk Management

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Currency	31 March, 2024	31 March, 2023
Trade Payables	AED	29,625	

Interest Risk

The following tables demonstrate the sensitivity to a reasonably possible change in Interest rates, with all other variables held constant.

Particulars	Name of borrowing	Type of Interest	Rate of interest	Loan amount outstanding	Increase in Base Rate	"Sensitivity Impact on P&L (pre-tax)"	Decrease in Base Rate	"Sensitivity Impact on P&L (pre-tax)"
As at 31st March, 2024	Cash Credit	Floating	8.75%	59	1.00%	(1)	1.00%	0.59
As at 31st March, 2023	Cash Credit	Floating	8.75%	–	1.00%	–	1.00%	–

Note 25: Fair Value Measurement

a) Fair value of financial assets and financial liabilities that are measured at amortized cost:

Particulars	31st March, 2024 Carrying amount	31st March, 2024 Fair value	31st March, 2023 Carrying amount	31st March, 2023 Fair value
A) Financial assets				
a) Financial assets carried at amortized Cost				
i) Trade and other receivables	–	–	–	–
ii) Deposits given	**0.20**	**0.20**	0.20	0.20
iii) Cash and cash equivalents	**0.02**	**0.02**	79.90	79.90
Total	**0.22**	**0.22**	80.10	80.10
B) Financial liabilities				
b) Financial liabilities held at amortized cost				
i) Lease Liabilities	**37.83**	**37.83**	57.44	57.44
ii) Borrowings	**59.11**	**59.11**	–	–
iii) Trade and other payables	**9.37**	**9.37**	2.00	2.00
iv) Other financial Liabiliites	**8.79**	**8.79**	–	–
Total	**115.10**	**115.10**	59.44	59.44

Note 26: Segment information

i) The management of the company has chosen to organise the company on the basis of nature of services. No operating segments have been aggregated in arriving at the reportable segments of the group.

ii) The Company has only one operating segment i.e. "Freight Forwarding".

iii) The Chief Operating Decision Maker ("CODM") monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment.

The Segmental Disclosures are as follows :-

(v) Geographic information

Particulars	Year ended 31st March, 2024	Year ended 31st March, 2023
Revenue from external customers		
India	–	49.46
Outside India	**645.86**	–
Total Revenue as per statement of Profit or Loss	**645.86**	49.46

vi) Non- current operating assets

Particulars	Year ended 31st March, 2024	Year ended 31st March, 2023
India	**0.68**	–
Outside India	–	–
Total	**0.68**	–

Non-current assets for this purpose consist of property, plant and equipment, and intangible assets.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Note 27: Leases

Following are the changes in the carrying value of right of use assets

Particulars	As at 31st March, 2024	As at 31st March, 2023
Balance at 1st April	**61.09**	–
Addition	**–**	62.87
Deletion	**–**	–
Amortisation expense for the year	**(20.99)**	(1.78)
Balance at 31st March	**40.10**	61.09

The aggregate Amortisation expense on ROU assets is included under depreciation and amortization expense in the Statement of Profit and Loss.

The following is the movement in lease liabilities.

Particulars	As at 31st March, 2024	As at 31st March, 2023
Balance at 1st April	**57.44**	**–**
Additions	**–**	**62.87**
Finance cost accrued during the period	**3.45**	**0.34**
Deletions		
Payment of lease liabilities	**(23.06)**	**(5.77)**
Balance at 31st March	**37.83**	**57.44**

Particulars	As at 31st March, 2024	As at 31st March, 2023
Current lease liabilities	**21.04**	19.60

ANNEXURE A

MANAGEMENT CERTIFICATE ON FINANCIALS OF MLL GLOBAL LOGISTICS LIMITED

MLL Global Logistics Limited ("MGL") has been incorporated as a private limited company in London, UK, with effect from 6 December 2022 as a wholly-owned subsidiary of Mahindra Logistics Limited.

MGL has not commenced its operations till 31 March 2024, accordingly, there is no financial transaction till 31 March 2024 and hence nil financials for the period 6 December 2022 to 31 March 2024.

Further, there is no independent auditor's report for financial statements of MGL for the period ended 31 March 2024 as there is no statutory audit requirement as per the local laws of United Kingdom.

Rampraveen Swaminathan (Director)

Naveen Raju (Director)

INDEPENDENT AUDITORS' REPORT

To the members of Zipzap Logistics Private Limited Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Zipzap Logistics Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors’ report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors’ report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to Financial Statements.

(g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

(h) With respect to the other matters to be included in the Auditors’ Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which would impact its financial position;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company does not have any intangible assets. Hence, the provisions of Clause 1 (a) (B) are not applicable to the Company.

   (b) The Company has a regular programme of physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

   (c) The Company does not hold any immovable property and hence reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) (a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) According to the information and explanations given to us, the Company does not have any term loans. Accordingly, the reporting under Clause 3(ix) (c) of the Order is not applicable to the Company.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

   (e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has made private placement of preference shares during the year in compliance with the requirements of Section 42 and Section 62 of the Act. In our opinion and according to the information and explanations given to us, the Company has utilised the funds for the purposes for which they were raised.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

   (b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT- 4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

   (c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non- cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(x\vi)(a) of the Order is not applicable to the Company.

   (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

   (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

   (d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has four Core Investment Companies

17. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 173.78 lakhs during the current financial year and Rs. 655.31 lakhs in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates

of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub- section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Zipzap Logistics Private Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

Note No. 1

Corporate information

Zipzap Logistics Private Limited is incorporated in India on 27th July 2018 under Companies Act, 2013 engaged in carry on the businesses of provider of transportation logistics services to any person, firm, company, body corporate or association of persons in India or abroad in relation to transport of persons and goods, of all kind and description, including but not limited to planning, design, documentation management and co-ordination in relation to transportation, physical transport by all means of transportation by land, sea, inland waterways, air and multimodal transport, etc. The Company is a deemed public company having its head quarters in Hyderabad, India.

Note No. 2

Material Accounting Policies:

2.1 Statement of compliance

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

2.2 Basis of Accounting

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

2.3 Basis of preparation of financial Statements:

The financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortized cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupee (INR) and denominated in lakhs. The principal accounting policies are set out below.

2.4 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.5 Revenue Recognition:

a) Revenue from Services:

Incomes from logistics services rendered are recognised on the completion of the services as per the terms of contract. Revenue is measured by the charges made to customers or clients for the services rendered to them as per terms & conditions of contract and by the charges and rewards arising from the use of resources by them.

b) Dividend income:

Dividend income from investments is recognized when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

c) Interest income:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.6 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:

a) the Company as a lessee has the right to operate the asset; or

b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to contracts entered into, or modified, on or after 1st April, 2019.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;

  The amount expected to be payable by the lessee under residual value guarantees; The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

  The lease liability is presented as a separate line in the balance sheet.

  The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

  It is re -measured whenever :
- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).

A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease, by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

2.7 Borrowing Costs:

Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence

2.8 Employee Benefits:

Short term Employee Benefits:

Retirement benefit costs and termination benefits

i. Defined Contribution Plan :

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. net interest expense or income; and

c. re measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

2.9 Share-based payment arrangements

Equity-settled share-based payments to employees and others are measured at the fair value of the equity instruments at the grant date.

2.10 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

a. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

c. Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.11 Property, Plant & Equipment:

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognized as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred. Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis in case of :

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

2.12 Intangible assets

12.1. Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives.

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

12.2. Useful lives of intangible assets

The expenditure incurred is amortized over three financial years equally commencing from the year in which the expenditure is incurred.

2.13 Provisions, Contingent Liabilities & Contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.14 Financial instruments

Financial assets and financial liabilities are recognized when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.15 Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

a. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortized cost. Refer note 12.3 below

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments.

All other financial assets are subsequently measured at fair value.

b. Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

c. Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

d. Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

e. Derivative financial instruments classified as fair value through profit or loss:

The Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated as hedge or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss. Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in the profit or loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets / liabilities in this category are presented as current assets / current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

2.16 Financial liabilities and equity instruments

a. Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

C. Financial liabilities

All financial liabilities are subsequently measured at amortized cost or at FVTPL.

1. Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

i. it has been incurred principally for the purpose of repurchasing it in the near term; or

ii. on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or

iii. it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

i. such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

ii. the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or

iii. it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

2. Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.17 Earnings per Share

a. Basic Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity share holders by the weighted average number of equity shares outstanding during the year.

b. Diluted Earnings per share:

The diluted earnings per share has been computed by dividing the Net profit after tax available for Equity shareholders by the weighted average number of equity shares, after giving the effect of the dilutive potential ordinary shares for the respective year.

2.18 Ind AS 116 – Leases:-

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

2.19 Trade receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future.

2.20 Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

There is no such notification which is applicable from April 1, 2024.

Note No. 25 - Earnings Per Share

₹ in Lakhs

Particulars	Year ended 31st March 2024	Year Ended 31st March 2023
A. Basic Earnings Per Share (in ₹) (face value ₹ 1/- per share)	**(286.87)**	(741.08)
B. Diluted Earnings Per Share (in ₹) (face value ₹ 1/- per share)	**(205.88)**	(741.08)

Notes:

i) Basic Earnings Per Share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

Particulars	Year ended 31st March 2024	Year Ended 31st March 2023
Profit for the year attributable to owners of the Company	**(294.05)**	(755.42)
Profit for the year used in the calculation of basic earnings per share	**(294.05)**	(755.42)
Weighted average number of equity shares	**1,02,503**	1,01,936
Earnings per share from continuing operations - Basic (in ₹)	**(286.87)**	(741.08)

ii) Diluted Earnings Per Share

The diluted earnings per share has been computed by dividing the Net profit after tax available for Equity shareholders by the weighted average number of equity shares, after giving the effect of the dilutive potential ordinary shares for the respective years.

Particulars	Year ended 31st March 2024	Year Ended 31st March 2023
a) Profit for the year used in the calculation of basic earnings per share	**(294.05)**	(755.42)
b) Add: adjustments on account of dilutive potential equity shares		
Profit for the year used in the calculation of diluted earnings per share	**(294.05)**	(755.42)

iii) Reconciliation of weighted average number of equity shares

The weighted average number of equity shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Particulars	Year ended 31st March 2024	Year Ended 31st March 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**1,02,503**	1,01,936
Add: CCCPS	**40,320**	
Weighted average number of equity shares used in the calculation of Diluted EPS	**1,42,823**	1,01,936
Earnings per share from continuing operations - Diluted (in ₹)*	**(205.88)**	(741.08)

a. Bank gauarantee are performance guarantees given for Rs. 50.00 lakhs (FY 2023 60.00 lakhs) given to Amazon Transportation Services Pvt. Ltd and for Rs. 10.00 lakhs(FY 2023 10.00 lakhs) given to InstaKart Services Private Limited as required in the normal course of business b. The Company has filed a cheque bounce case in Hyderabad against Lorryzone Technologies Private Limited under Section 138 of Negotiable Instruments Act. for Rs. 4.00 lakhs

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

Note No. 27 - Employee benefits

a) Defined Contribution Plan

The Company's contribution to Provident Fund, superannuation Fund and other funds aggregating Rs 22.97 lakhs (2024: Rs. 26.97 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

b) Defined Benefit Plans:

Gratuity

a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(2) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(3) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

(c) Significant Acturial Assumptions

The significant acturial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	**Valuation** Year Ended 31st March 2024	Year Ended 31st march 2023
a) Discount rate(s)	**7.09%**	7.34%
b) Expected rate(s) of salary increase	**5.00%**	5.00%
c) Mortality rate during employment	**100% IALM (2012-14)**	100% IALM (2012-14)

(d) Defined benefit plans – as per actuarial valuation

Particulars	**Funded** Year Ended 31st March 2024	Year Ended 31st march 2023
I. Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:

₹ in Lakhs

IV. Change in fair value of assets during the year ended 31st March		
i) Fair value of plan assets at the beginning of the year	–	–
ii) Expenses Recognised in Profit and Loss Account	–	–
- Expected return on plan assets	–	–
iii) Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
- Actual Return on plan assets in excess of the expected return	–	–
iv) Contributions by employer (including benefit payments recoverable)	–	–
v) Benefit payments	–	–
vi) Fair value of plan assets at the end of the year	**–**	**–**
V The Major categories of plan assets		
- Insurance Funds	–	–
VI. Actuarial assumptions		
a) Discount rate	7.09%	7.34%
b) Expected rate of return on plan assets	–	–
c) Attrition rate	5.00%	5.00%

e) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

		Impact on defined benefit obligation			
		Year Ended 31st March 2024		Year Ended 31st march 2023	
Principal assumption	**Changes in assumption**	**Increase in assumption**	**Decrease in assumption**	Increase in assumption	Decrease in assumption
a) Discount rate	1.00%	**18.81**	**22.95**	16.93	20.06
b) Salary growth rate	1.00%	**26.38**	**16.24**	23.53	14.35
c) Rate of employee turnover	50.00%	**23.16**	**17.81**	21.78	13.75
d) Mortality Rate	10.00%	**21.23**	**20.15**	19.16	17.51

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

ii) The effect of change in the defined benefit due to change in actuarial assumptions like mortality rate, atrition rate, discount rate, salary escalation rate, etc.

iii) The weighted average duration of the defined benefit obligation as at **31st** March 2023 is 5 years (**31st** March 2022 is 5 years)

f) Maturity profile of defined benefit obligation:

The tables include both discounted value as well as unwinding of interest.

Particulars	**2024**	2023
Within 1 year	**–**	
2-5 years	**–**	
6-10 years	**–**	
More than 10 years	**126.88**	124.66

g) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

h) The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

I. Capital management Policy

a) The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

b) For the purpose of company's capital management, capital includes issued share capital, equity as well as preference and all other equity reserves. The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

c) The following table shows the components of capital:

Particulars	31st March 2024	31st March 2023
Equity	**2,887.70**	1,071.31
Capital	**2,887.70**	1,071.31

III. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterpaty credit period which is monitored through an approved policy.

(ii) Trade receivables consist of a large number of customers, spread across diverse industries and places across India.

(iii) Apart from one large customer of the company, the company does not have significant credit risk exposure to any single customer.Concentration of credit risk related to a single company did not exceed 15 % of gross monetary assets at any time during the year.

(iv) The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

(v) There is no change in estimation techniques or significant assumptions during the reporting period.

(vi) The loss allowance provision is determined as follows:

Particulars	As at 31st March 2024			
	Not due	Less than 6 months past due	More than 6 months past due	Total
a) Gross carrying amount	**1,752.07**	**110.40**	**72.93**	**1,935.40**

- On receivables originated in the year		
- Other receivables	**2.40**	1.44
c) Impairment losses reversed / written back		
d) Balance at end of the year	**10.07**	7.67

(viii) During the period, the company has written off of Rs. 0.12 lacs (31 March, 2023: Rs. 2.51 lacs) of trade receivable. These trade receivables and advances are not subject to enforcement activity.

Cash and Cash equivalents

As at 31st March, 2024 the company held cash and cash equivalents of Rs.162.77 Lacs (As at 31st March, 2023 Rs. 147.99 Lacs). The cash and cash equivalents are held with banks with good credit rating.

B) Liquidity risk management

(i) The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

c) Borrowings	0.58		–	–
d) Employee Dues	–	–	–	–
Total	**1,017.88**	**–**	**–**	**–**
As at 31st March 2023				
a) Trade Payables	1,447.95	0.02	–	–
b) Security Deposits	–	–	–	–
c) Borrowings	75.12	262.71	–	–
d) Employee Dues	–	–	–	–
Total	**1,523.06**	**262.73**	**–**	**–**

The above table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the unJdiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iv) Maturities of financial assets

Table showing maturity profile of financial assets

Particulars	Less than 1 Year In Rs. Lacs	1-3 Years In Rs. Lacs	3 Years to 5 Years In Rs. Lacs	5 years and above In Rs. Lacs
Non-derivative financial assets				
As at 31st March 2024				
Trade Receivables	1,915.49	9.83	–	–
Security Deposits	262.32		–	–
Others	288.32	–	–	–
Total	**2,466.14**	**9.83**	**–**	**–**
As at 31st March 2023				
Trade Receivables	1,863.28	116.18	–	–
Security Deposits	–	245.11	–	–
Others	268.43	–	–	–
Total	**2,131.72**	**361.30**	**–**	**–**

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

C) Market Risk Management

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Note No. 32 - Ind AS 116 Disclosures

i) Following are the changes in the carrying value of right of use assets :

₹ in Lakhs

Particulars	Year ended 31st March 2024	Year ended 31st March, 2023
Balance as at the beginning of the year	**13.52**	31.56
Addition	**–**	–
Deletion		
Depreciation & Amortization	**(13.52)**	(18.04)
Balance as at the end of the year	**0.00**	13.52

The aggregate depreciation expense on ROU assets is included under depreciation and amortization expense in the Statement of Profit and Loss.

ii) The following is the break-up of current and non-current lease liabilities :

Particulars	Year ended 31st March 2024	Year ended 31st March, 2023
Current lease liabilities	**–**	15.60
Non-current lease liabilities	**–**	–
	–	

iii) The following is the movement in lease liabilities during the year :

Particulars	Year ended 31st March 2024	Year ended 31st March, 2023
Balance as at the beginning of the year	**15.60**	32.29
Additions	**–**	–
Finance cost accrued during the period	**–**	3.61
Deletions	**–**	–
Payment of lease liabilities	**(15.60)**	(20.30)
Balance as at the end of the year	**0.00**	15.60

iv) The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

Particulars	Year ended 31st March 2024	Year ended 31st March, 2023
Less than one year	**–**	–
One to three years	**–**	–
More than three years	**–**	–
	–	–

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Rental expense recorded for short-term leases for the year ended 31st March 2024 ₹ 16.38 lacs (2023 - 20.30 lacs)

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Aerospace Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Aerospace Private Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f. The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) and paragraph 2B(f)] below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company does not have any pending litigations which would impact its financial position.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 36 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

   e. The Company has neither declared nor paid any dividend during the year.

   f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. In our opinion and according to the information and explanations given to us, the Company has not paid remuneration to any of its directors during the current year. The Ministry of corporate affairs has not prescribed other details under section 197(16) of The Act which are required to be commented by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA AEROSPACE PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any Property, Plant and Equipment. Accordingly, clause 3(i)(a)(A) of the Order is not applicable

(B) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any intangible assets. Accordingly, clause 3(i)(a)(B) of the Order is not applicable.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any Property, Plant and Equipment. Accordingly, clause 3(i)(b) of the Order is not applicable

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have Property, Plant and Equipment or intangible assets during the year. The Company has not revalued its Right of Use assets during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company did not hold any physical inventories during the year. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the activities carried out by the company. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Income-Tax, or other statutory dues have been regularly deposited by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Provident Fund, Employee State Insurance, Duty of Customs or Cess.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Income-Tax, or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary as defined under the Act. The Company does not hold any investement in any associate or joint venture (as defined under the Act) during the year.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries companies (as defined under the Act). The Company does not hold any investment in any associate or joint venture (as defined under the Act) during the year.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The Company is a private limited company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. However, the Company is exempted from registration as CIC and continues to meet the criteria for such exemption.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group

(xvii) The Company has incurred cash losses of Rs 25.62 Lakhs in the current financial year and Rs 72.18 Lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA AEROSPACE PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Aerospace Private Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR MARCH 31, 2024

1. Corporate Information

Mahindra Aerospace Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P.K Kurne Chowk, Worli, Mumbai - 400018. The Company was incorporated on February 28, 2008, under the provisions of the Indian Companies Act, 1956. Presently the Company is holding investments in subsidiaries engaged in the business of manufacturing aircrafts and Aerostructures and design and development of 5 seat aircraft.

2. Basis of preparation and Significant accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 22 April 2024.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value

D. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3 leases: whether an arrangement contains a lease and lease classification.

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2024 is included in the following notes:

Note 22 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

Note 29 - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Notes 4 and 5 - impairment of financial assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

– Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

– Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

– Note 21 - financial instruments.

2.2 Significant accounting policies

a) Impairment of assets

i. Financial Assets

The company accounts for its investment in subsidiaries at cost less accumulated impairment, if any. Investment in subsidiaries is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

b) Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss.

c) **Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

d) **Financial Instruments**

A. **Recognition and initial measurement**

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

B. **Classification and subsequent measurement**

i. **Financial assets carried at amortized cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. **Financial liabilities**

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Investment in subsidiaries, joint venture and associates

Investment in subsidiaries, joint venture and associates Investment in subsidiaries, joint venture and associates is carried at cost in the financial statements.

C. **De-recognition**

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. **Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

e) **Income tax**

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

– temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.

– temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

f) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

g) Business combination

Business combinations arising from transfers of interest in entities that are under the control of the shareholder that controls the Company are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established; for this purpose comparatives are revised. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved and they appear in the financial statements of the Company in the same form in which they appeared in the financial statements of the acquired entity. The difference, if any, between the value of net assets and the consequent reduction in value of investment held by the Company is transferred to the capital reserve or to the accumulated balance of profit and loss.

h) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

(iii) Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

i) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

j) **Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

k) **Earnings per share**

Basic Earnings Per Share ('EPS') is computed by dividing the net profit / (loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit / (loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

l) **Cash flow statement**

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

m) **Impairment of non-financial assets**

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, investment property, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated to reduce the carrying amounts of the other assets in the CGU.

An impairment loss in respect of other assets for which impairment loss has been recognized in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

n) **Recent accounting pronouncement**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at March 31, 2024, MCA has not notified any significant new standards or significant amendments to the existing standards which are applicable to the Company.

4) Rights, preferences and restrictions attached to shares:

The company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

5) During current year the company has made a rights issue offer of 17,00,000 equity shares of Rs. 10 each for cash at par. The offer period was from September 26, 2023 to October 25, 2023 (both days inclusive). At the exipry of this offer period, entire 17,00,000 equity shares were not subscribed. Rights Issue Committee of Board of Directors through circular resoltion dated October 31, 2023, approved the cancellation of the said unsubscribed shares.

6) The Company has not allotted any fully paid equity shares by way of bonus shares nor has bought back any class of equity shares during the period of five years immediately preceding the balance sheet date nor has issued shares for consideration other than cash.

Securities premium reserve :

Securities premium reserve is used to record the premium received on issue of shares. The reserve is utilized in accordance with the provisions of the Companies Act, 2013.

Retailed earnings:

The cumulative gain or loss arising from the operations which is retained by the Company is recognized and accumulated under the heading of retained earnings. At the end of the year, the profit / (loss) after tax is transferred from the Statement of profit and loss to retained earnings.

Other comprehensive income:

Differences between the interest income on plan assets and return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognized in 'Other equity' and subsequently not reclassified to the Statement of profit and loss.

Equity component of 5% Non-Cumulative Compulsorily Convertible Preference shares (NCCPS):

This represents fair valuation of equity portion of the NCCCPS which is routed through other comprehensive income.

Note 19: Employee benefits

(a) Defined Contribution Plan:

The Company's contribution to Provident Fund and others aggregating Rs. NIL (2023: Rs. NIL) has been recognised in the Statement of Profit or Loss under the head employee benefits expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act, 1972 . The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund. However, during the year, the company did not had any eligible employees to whom the gratuity was payable and accordingly, no actuarial valuation was carried out. The receivable from the Gratuity trust of the Company has been recognised in these financial statements under Note 9, as the Company has right to recover the surplus available in the trust.

		–	–	230.28	–	74,630.28	–	–	–	–
Financial liabilities not measured at fair value										
Trade payables	12	–	–	–	7.46	7.46	–	–	–	–
Lease liabilities	31	–	–	10.09		10.09	–	–	–	–
		–	–	10.09	7.46	17.55	–	–	–	–

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of cash and cash equivalents, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value.

Investment in equity shares of subsidiaries are not appearing as financial asset in the table above being investment in subsidiaries accounted under Ind AS 27, Separate Financial Statements which is scoped out under Ind AS 109.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, other receivables, deposits and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:

– Market risk

– Credit risk

– Liquidity risk

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at March 31, 2024 and March 31, 2023. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2024 and March 31, 2023.

a. Interest rate risk

The company doesn't have borrowings. Hence interest rate risk is not applicable.

b. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's does not have any exposure to the risk of changes in foreign exchange rates as there are no operations being carried out (revenue or expense is denominated in a foreign currency) by the company.

c. Foreign currency sensitivity

The company doesn't have any foreign currency exposure outstanding as at balance sheet date. Hence foreign currency sensitivity risk is not applicable.

(ii) Credit risk

Company does not have any operations and hence credit risk is not applicable.

Financial Instrument and Cash Deposit

Credit risk from balances with banks and financial institutions is managed by the Company's operation department in accordance with the Company's policy. Investments of surplus funds are made only with approved Banks within the limits assigned. These limits are reviewed by the Company's Board of Directors as and when required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss and potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31st March 2024 and 2023 is the carrying amounts.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

Rs in lakhs

	On demand	Less than 1 year	1 to 2 Year	2 to 5 year	More than 5 Years	Total
Year ended March 31, 2024						
Trade payables	–	4.00	–	–	–	4.00
Lease liabilities	–	2.42	2.54	5.24	–	10.20
	–	**6.42**	**2.54**	**5.24**	**–**	**14.20**
Year ended March 31, 2023						
Trade payables	–	7.46	–	–	–	7.46
Lease liabilities	–	2.31	2.42	7.78	–	12.51
	–	**9.77**	2.42	**7.78**	**–**	**19.97**

D Capital management:

The Company's capital management objectives are:

– to ensure the Company's ability to continue as a going concern.

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk

The Company monitors capital on the basis of the carrying amount of equity and profit and loss account as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. The Company is not subject to externally enforced capital regulation. The Company's capital requirements are substantially met through the issue of equity to the holding companies.

There is no change in the overall capital risk management strategy of the Company compared to last year.

22. Contingent liabilities:

(a) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution form the date of Supreme court order. The probable obligation for past periods amounting to Rs. 0.30 Lakhs has been considered by the Company as contingent liability.

(b) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs.Nil (2023: Rs. Nil)

23. Earnings per share

Basic earnings per share amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders by the weighted average number of Equity Shares outstanding during the year.

Rs in Lakhs

Sr. No.	Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
(a)	Earnings attributable to equity shareholders	**(35.95)**	17,607.01
(b)	Weighted average number of equity shares outstanding during the year	**912,389,607**	912,389,607
(c)	Basic Earnings per share (Rs.)	**(0.00)**	1.93
(d)	Diluted Earnings per share (Rs.)	**(0.00)**	1.93

Weighted average no of shares (basic & diluted)

Sr. No.	Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
(a)	Opening Balance	**912,389,607**	912,389,607
(b)	Effect of fresh issue of shares	**–**	–
(c)	Weighted average no of shares	**912,389,607**	912,389,607

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings/(loss) per share as follows:

Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**912,389,607**	912,389,607
Add: Effect of potential equity shares	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**912,389,607**	912,389,607

24. Dues to micro and small enterprises

There are no micro and small enterprises to which the Company owes dues, which are outstanding for more than 45 days as at March 31, 2024. This information as required under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.

25. NM5 Project

During November 2008, erstwhile M/S. Plexion Technologies India Pvt. Ltd., which was later on merged with Mahindra Engineering Services Limited (MESL), had entered into a Collaboration Agreement with Council of Scientific Industrial Research (CSIR), represented by National Aerospace Laboratories (NAL) for Joint Development, Commercial Production and Marketing of a 4-Seater Aircraft (NM 5 Project). By virtue of a Deed of Assignment dated 28th May, 2008, signed between MESL, the Company and Council of Scientific Industrial Research (CSIR), the rights, obligations and benefits of MESL under the said Collaboration Agreement was assigned to the Company by MESL and duly affirmed by CSIR. As per the Collaboration Agreement, the Company jointly owns the Intellectual Property Rights arising from joint development of the aircraft. Such Intellectual Property Rights arising from joint development of the aircraft will be a jointly held intangible asset. The Company has built a prototype of the aircraft which has carried out a successful test flight.

The Company had so far incurred an expenditure of Rs. 274.63 Lakhs (2023 : Rs. 274.63 Lakhs) on tools and jigs and Rs. 2,098.63 Lakhs (2023 : Rs. 2,098.63 Lakhs) towards the design & development and building one prototype aircraft and these were included under 'Capital work in progress' and 'Intangible assets under development' respectively.

The Management had evaluated the carrying value of above mentioned assets based on the projections of the project and recognized a cumulative impairment of Rs. 2,373.26 Lakhs (2023: Rs. 2,373.26 Lakhs)

26. During the previous year ended March 31, 2024, Company's subsidiary Mahindra Aerospace Pty Ltd sold of entire 100% equity ownership of its Subsidiaries namely - GippsAero Pty Ltd., Airvan10 Pty Ltd., GA8 Airvan Pty Ltd., GA200 Pty Ltd., Airvan Flight Services Pty Ltd and Nomad TC Pty Ltd

27. Segment Reporting:

The Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by industry classes. Accordingly, segment information has been presented for industry classes.

The operating segment of the Company is identified to be "design, development and manufacturing of aircrafts and Aerostructures" as the CODM reviews business performance at an overall Company level as one segment.

Note 28- Key Ratios

Ratio	Numerator	Denominator	Current period	Previous period	% Variance	Reason for Variance
Current ratio	198.62	7.69	25.83	21.57	20%	Variance less than 25%
Debt-Equity ratio	Not Applicable	Not Applicable	Not Applicable	Not Applicable	Not Applicable	Company does not have borrowings
Debt Service Coverage ratio						
Return on Equity ratio	(35.95)	37,412.54	-0.1%	61.5%	-100%	Previous year is high due to Reversal of Provision for diminution of Investments

Trade Payables Turnover ratio	Net Credit purchases / Avg trade payables
Net capital turnover ratio	Net Sales/working capital
Net profit ratio	Net Profit/Net Sales
Return on capital employed	Net profit after taxes+finance cost/(Tangible Net Worth + Total Debt + Deferred Tax liability)

Note 29 Income taxes

The Company has carried out its deferred tax computation in accordance with Ind AS 12 'Income Taxes' notified under the Companies (Indian Accounting Standards) Rules, 2015.

(a) Significant components & classification of deferred tax assets and liabilities are as follows: Rs in Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023
Deferred tax liabilities		
Related to depreciation of fixed assets	**–**	–
Total deferred tax liability (a)	**–**	–

Particulars	As at March 31, 2024	As at March 31, 2023
Deferred tax assets		
Provision for diminution of Investments	**21,105.31**	21,105.31
Provision for GST credit	**42.86**	40.70
Carry forward losses	**7.70**	5.97
Others	**0.28**	0.28
Total deferred tax assets (b)	**21,156.15**	21,152.26
Net deferred tax assets/ (liabilities) (b-a)	**21,156.15**	21,152.26

The Company has carry forward losses under tax laws and accordingly, net deferred tax assets would be recognized only on achieving continued / sustained profitability, when such future taxable income will be available against which such deferred tax assets which can be realized. Since the Company has not yet achieved sustained profitability, as at March 31, 2024 and March 31, 2023, deferred tax assets have not been recognised

	9.56	**March 31, 2032**	–	
Total	**29.60**		22.96	
Potential tax benefit	**7.70**		5.97	

Note 30- Impairment

The Company has long-term investments in subsidiaries which are measured at cost less impairment or at fair value through profit or loss. The management assesses the performance of these entities including the future projections and relevant economic and market conditions in which they operate to identify if there is any indicator of impairment / reversal impairment, in the carrying value of the investments. For this purpose, business operations of each subsidiary is treated as a Cash Generating Unit (CGU)

In case indicators of impairment exist, the impairment loss is measured by estimating the recoverable amounts based on the higher of (i) 'fair value less cost of disposal' determined using market price information, where available, and (ii) 'value-in-use' estimates determined using discounted cash flow projections, where available.

The fair value less costs of disposal is determined using the market approach. The future cash flow projections are specific to the entity based on its business plan and may not be the same as those of market participants. The future cash flows consider key assumptions such as volume projections, margins, terminal growth rates, etc. with due consideration for the potential risks given the current economic environment in which the entity operates. The discount rates used are pre-tax rates based on weighted average cost of capital and reflects market's assessment of the risks specific to the asset as well as time value of money.

The Company has performed impairment analysis on Investment in Subsidiaries as at the year end. The recoverable amount of the CGU was estimated based on the present value of the future cash flows expected to be derived by the CGU itself (value in use), using a pre-tax discount rate of 18.60% and a high growth rate of 16.50% from FY 2034 – FY 2038 and terminal value growth rate of 5% thereafter . The recoverable amount of the CGU was estimated to be higher than its carrying amount and no impairment was required. Further, no impairment loss recognised in the earlier periods was considered for reversal given that, sensitivities on the key assumptions could have resulted in situation where, no reversal was warranted during the current year. (2023: Impairment reversal of Rs. 17,686.00 Lakhs)

The estimate of value in use was determined using a pre-tax discount rate of 18.60% (2023: 18.90%) and a terminal value growth rate of 16.50% from FY 2034 – FY 2038 (2023: 14.50% from FY 2032-FY 2037)

Rs in Lakhs

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Provision / (reversal) for diminution in value of investment	**–**	(17,686.00)
(Reversal of)/Impairment loss	**–**	(17,686.00)

Recoverable amount as follows:

Rs in Lakhs

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Investment in subsidiaries	**37,200.00**	37,200.00

The net reversal of impairment loss has been included in other income Rs. Nil (2023: Rs. 17,686.00 Lakhs) [Refer Note 14]

During the year the Company reassessed its estimates and no impairment loss recognized (2023: Rs.Nil)

The recoverable amount of this CGU was based on fair value less costs of disposal, estimated using discounted cash flows.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

Rs in Lakhs

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Discount rate	**18.60%**	18.90%
High Growth rate	**16.50%**	14.50%
Terminal value growth rate	**5.00%**	5.00%
Budgeted Average EBIDTA growth rate	**25.13%**	27.64%

The discount rate was a pre-tax measure based on the rate of 10-year government bonds issued by the government in the relevant market and in the same currency as the cash flows, adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systematic risk of the specific CGU.

The cash flow projections included specific estimates for nine years and a terminal growth rate thereafter. The terminal growth rate was determined based on management's estimate of the long term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make Budgeted EBITDA was estimated taking into account past experience, adjusted as follows Revenue growth was projected taking into account the average growth levels experienced over the past nine years and the estimated sales volume and price growth for the next nine years. It was assumed that the sales price and sales volume would increase in line with forecast inflation over the next nine years.

The estimated recoverable amount of the CGU exceeded its carrying amount by Rs. 9,645.00 Lakhs (2023: Rs. 17,686.00 Lakhs). Management has identified that a reasonably possible change in three key assumptions could cause the carrying amount to exceed the recoverable amount and therefore, in the current year, impairment loss recorded in the earlier periods was not reversed. The following table shows the amount by which these three assumptions would need to change individually for the estimated recoverable amount to be equal to the carrying amount.

Rs in Lakhs

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Discount rate	**1.39%**	–
High Growth rate	**-10.90%**	–
Budgeted Average EBIDTA growth rate	**-2.12%**	–

For the year ended March 31, 2023, since there has been impairment reversal, any change in the assumptions would result is lower impairment reversal and accordingly, the break-even is at the assumptions considered in the discounted cash flow model.

Note 31 - Lease liablilty

Rs in Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023
Non-current		
Lease Liabilities	**6.84**	8.59
	6.84	8.59
Current		
Lease Liabilities	**1.75**	1.50
	1.75	1.50

Carrying amounts of lease liabilities recognised and the movements during the year:

Rs in Lakhs

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Opening balance	**10.09**	3.85
Additions	**–**	10.20
Interest on lease liability	**0.81**	0.24
Payments	**(2.31)**	(4.20)
Closing balance	**8.59**	10.09
Current	**1.75**	8.59
Non-Current	**6.84**	1.50

Rs in Lakhs

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
The Following are the amounts recognised in Profit or Loss		
Depreciation expense of right-of-use assets	**2.04**	3.33
Interest expense on lease liabilities	**0.81**	0.24
Total amount recongnised in statement of Profit and loss	**2.85**	3.57

The Company had total cash out flows for leases during the year Rs. 2.31 Lakhs (2023: Rs. 4.20 Lakhs).

Contractual maturities of lease liabilities on an undiscounted basis:

Rs in Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023
Not later than one year	**2.42**	2.31
Later than one year and not later than five years	**7.78**	10.20
More than five years	**–**	–
Total	**10.20**	12.51

32. In the view of the losses for the three immediately preceding financial years, the Company is not required to spend any amount on CSR activities during the current financial year.
33. The Company does not have transactions with the companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956.
34. During the year ended March 31, 2024, no material foreseeable loss (2023: Nil) was incurred for any long-term contract including derivative contracts.
35. The Company has not advanced or loaned or invested funds (either from borrowed funds or share premium or any other sources or kind of funds) to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
36. The Company has not received any funds from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
37. The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property
38. The Company has not traded or invested in Crypto currency or virtual currency during the current year.
39. The Company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).
40. There are no immovable properties (other than properties where the Company is a lessee) whose title deeds are not in the name of the Company.
41. The Company has not revalued its Property, Plant and Equipment (including Right-of-Use Assets).
42. The code of Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment received Presidential assent in September 2020 and its effective date is yet to be notified. The Company will assess and record the impact of the Code, once it is effective.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Aerostructures Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Aerostructures Private Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f. The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 30 to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 43 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 44 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. In our opinion and according to the information and explanation given to us, the remuneration paid by the Company to its director during the year is in accordance with the provision of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA AEROSTRUCTURES PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancy was noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year.For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs, or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Custom Act, 1962	Custom Act, 1962
Nature of the dues	Custom duty and penalty (excluding interest)	Custom duty and penalty (excluding interest)
Amount (Rs. in Lakhs)	2,598.85 (232.14)*	41.36 (45.33)*
Period to which the amount relates	FY 2012-13	FY 2012-13
Forum where dispute is pending	Custom, Excise and Service Tax Appellate Tribunal, Chennai	Joint Commissioner of Customs, Chennai
Remarks	None	None

* figures in bracket represent amounts paid under protest.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The Company is a private limited company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA AEROSTRUCTURES PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Aerostructures Private Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

CASH FLOW STATEMENT FOR THE YEAR ENDED MARCH 31, 2024

Rs. In lakhs

Particulars		**As at March 31, 2024**		As at March 31, 2023
A. Cash flow from operating activities:				
Loss before tax		**49.47**		(644.86)
Adjustments for:				
Depreciation and amortisation expense	**1,691.76**		1,643.66	
Finance costs	**780.19**		299.60	
Property plant and equipment written off	**6.56**		6.54	
Advances written off	**0.76**			
Profit on sale of property plant and equipment (net)	**(1.26)**		–	
Interest income	**(0.13)**		(1.86)	
Net unrealised exchange gain	**(31.68)**	**2,446.20**	6.80	1,954.74
Operating gain/(loss) before working capital changes		**2,495.67**		1,309.88
Changes in working capital:				
Adjustments for (increase)/decrease in operating assets:				
Inventories	**(2,034.43)**		(1,496.35)	
Trade receivables	**(3,944.26)**		(2,022.90)	
Current financial and other current assets	**(842.74)**		3.16	
Non-current financial and other non-current assets	**10.74**		(245.65)	
Adjustments for increase/(decrease) in operating liabilities:				
Trade payables	**513.42**		(319.04)	
Current financial and other current liabilities	**295.98**		146.05	
Other non-current liabilities	**–**		(12.09)	
Provisions	**10.73**	**(5,990.56)**	(3.21)	(3,950.03)
Cash generated from/(used in) operations		**(3,494.89)**		(2,640.15)
Net income tax refunds/(paid)		**1.16**		19.44
Net cash generated from/(used in) operating activities (A)		**(3,493.73)**		(2,620.71)
B. Cash flow from investing activities:				
Payment to acquire property, plant and equipment, including capital advances, for acquiring right-of-use assets	**(4,113.83)**		(2,572.15)	
Proceeds from sale of property, plant and equipment	**1.76**		–	
Bank deposits (addition)/matured (net)	**–**		1,380.00	
Interest income received	**0.13**		17.81	
Net cash generated from/(used in) investing activities (B)		**(4,111.94)**		(1,174.34)
C. Cash flow from financing activities:				
Repayment of foreign currency loan	**–**		(605.76)	
Proceeds from short term loans from related parties	**10,100.00**		2,000.00	
Repayment of short term loans from related parties	**(500.00)**		(1,500.00)	
Working capital borrowings (net)	**(4,021.64)**		3,036.29	
Proceeds from Long term borrowings	**3,593.19**		1,000.00	
Repayment of Long term borrowings	**(450.00)**		–	
Repayment of lease liabilities	**(6.66)**		**(6.66)**	

CASH FLOW STATEMENT FOR THE YEAR ENDED MARCH 31, 2024 (CONTINUED)

Rs. In lakhs

Particulars		As at March 31, 2024		As at March 31, 2023
Finance costs	**(736.97)**		(282.16)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

1. Corporate Information

Mahindra Aerostructures Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P.K Kurne Chowk, Worli, Mumbai – 400 018. The Company was incorporated on January 27, 2011 under the provisions of the Indian Companies Act, 1956. The Company is primarily involved in the business of manufacture and sale of aircraft components, assemblies and Aerostructures.

2. Basis of preparation and Material accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The Financial Statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The Financial Statements were authorised for issue by the Company's Board of Directors on 22 April 2024.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These Financial Statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The Financial Statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgements

In preparing these Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3A - leases: whether an arrangement contains a lease and lease classification

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2024 is included in the following notes:

Note 27 - measurement of defined benefit obligations: key actuarial assumptions; key actuarial assumptions;

Note 30 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

Note 36 - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Note 3 - useful life of Property, Plant and Equipment

Notes 7, 9 and 10 - impairment of Financial Assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both Financial and Non-Financial Assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
– Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
– Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

– Note 29 - financial instruments.

2.2 Material accounting policies

a) Property Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value using straight line method over the useful lives of assets estimated by the Company based on an internal technical evaluation performed by the management and is recognised in the statement of profit and loss. Depreciation for assets purchased/sold during the period is proportionately charged.

The range of estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life as per Management estimate	Useful life as per Schedule II of Companies Act, 2013
Factory Buildings – Roads, Compound Wall*	5 years to 30 years	30 years
Plant and Machinery*	2 years, 3 years, 5 years, 10 years and 15 years	15 years
Electrical Installations	10 years	10 years
Office Equipment's*	3 years, 5 years and 10 years	5 years
Computers	3 years	3 years
Furniture and Fixtures	10 years	10 years
Vehicles	5 years	5 years

* The Company believes the useful lives as given above best represent the useful lives of these assets based on internal assessment where necessary, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

b) Intangible Assets

Internally generated: Research and development

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses.

Others:

Other intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight - line method and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life as per Management estimate
Computer software	3-5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

c) Impairment of assets

i. Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12- month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

ii. Non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

d) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

e) Inventories

Inventories are valued at the lower of cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition) and estimated net realisable value, after providing for obsolescence, where appropriate. The comparison of cost and net realisable value is made on an item-by-item basis. The net realisable value of materials in process is determined with reference to the selling prices of related finished goods. Raw materials, packing materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

The provision for inventory obsolescence is assessed regularly based on estimated usage and shelf life of products.

Raw materials and stores and spares are valued at cost computed on moving weighted average basis. The cost includes purchase price, inward freight and other incidental expenses net of refundable duties, levies and taxes, where applicable.

Tools purchased for manufacture of ‘First Articles’, which are yet to be approved by Customers are included in Stores and Spares and are valued at actual cost incurred net of refundable duties, levies and taxes, where applicable.

Stock-in-trade is valued at the lower of net realisable value and cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition), computed on a moving weighted average basis.

Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Finished goods are valued at cost or net realisable value whichever is lower.

f) Financial Instruments

A. Recognition and initial measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. However, trade receivables that do not contain a significant financing component are measured at transaction price.

B. Classification and subsequent measurement

i. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

C. De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

g) Revenue Recognition

The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue (“contract liability”) is recognised when there is billings in excess of revenues.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

Product development income is recognized once the first articles are approved by the customers or achievement of mile stones as per customer contract.

Job work Income: Revenue from the rendering of services is recognised upon the delivery of service to the customers. In contracts involving the rendering of services, revenue is recognised pro-rata over the period contract as and when services are rendered.

h) Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss. Duty drawback and other incentives are recognized on accrual basis in the Statement of Profit and Loss.

i) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

j) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company’s monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

k) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate.

l) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in Statement of profit or loss in the period in which they are incurred.

m) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii. Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

n) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Director - Operations.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

o) Employee benefits

i. Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

ii. Post-employment benefits

Contributions to defined contribution schemes such as Provident Fund, employee state insurance scheme, Pension Fund, etc., are considered as defined contribution plans and are recognised as expenses in the period in which the employee renders the related service.

The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the Statement of Profit and Loss.

iii. Other long-term employee benefits

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at 31 March every year using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

p) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

q) Earnings Per Share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit / (loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit / (loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

r) Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

s) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, investment property, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated to reduce the carrying amounts of the other assets in the CGU.

An impairment loss in respect of other assets for which impairment loss has been recognized in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

t) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at 31 March 2024, MCA has not notified any significant new standards or made significant amendments to the existing standards which are applicable to the Company.

Retained earnings :

The cumulative gain or loss arising from the operations which is retained by the Company is recognized and accumulated under the heading of retained earnings. At the end of the year, the profit / (loss) after tax is transferred from the Statement of profit and loss to retained earnings.

Other comprehensive income :

Differences between the interest income on plan assets and return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognized in 'Other equity' and subsequently not reclassified to the Statement of profit and loss.

Note 27: Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and others aggregating Rs.172.54 lakhs (2023 : Rs. 121.99 lakhs) has been recognised in the Statement of Profit or Loss under the head employee benefits expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit is payable as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Plan Assets:

The details with respect to the investment made by Fund manager (Life Insurance Corporation) into major categories of plan assets have not been disclosed, as the same has not been provided by the Fund manager to the Company.

Actuarial Assumptions:

The principal assumptions used in determining defined benefit obligations and fair value of asset for gratuity and leave encashment are:

Particulars	31-Mar-24	31-Mar-23
Discount rate	**7.28%**	7.49%
Future salary increases	**6.00%**	6.00%
Attrition rate	**11.12%**	11.12%
Estimated rate of return on plan assets	**7.49%**	7.14%
Mortality	Indian Assured Lives Mortality (2012-14) (Ultimate)	Indian Assured Lives Mortality (2012-14) (Ultimate)

A quantitative sensitivity analysis for significant assumption as at 31 March 2024 are as below

	Gratuity						
Assumptions	**Discount Rate**		**Further Salary Increase**		**Attrition**		**Mortality**
Sensitivity Level	1% Increase	1% Decrease	1% Increase	1% Decrease	1% Increase	1% Decrease	10% Up
Impact on defined benefit obligation - Gratuity (Rs.in Lakhs)	(25.61)	30.14	28.94	(25.43)	1.01	(1.23)	0.02
Percentage change	(8.64%)	10.17%	9.76%	(8.58%)	0.34%	(0.41%)	0.01%

A quantitative sensitivity analysis for significant assumption as at 31 March 2023 are as below

	Gratuity						
Assumptions	**Discount Rate**		**Further Salary Increase**		**Attrition**		**Mortality**
Sensitivity Level	1% Increase	1% Decrease	1% Increase	1% Decrease	1% Increase	1% Decrease	10% Up
Impact on defined benefit obligation - Gratuity (Rs.in Lakhs)	(20.06)	23.50	23.02	(19.92)	1.29	(1.51)	0.03
Percentage change	(7.90%)	9.25%	9.06%	(7.84%)	0.51%	(0.60%)	0.01%

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions by the Company to the defined benefit plan in future years:

Rs. In lakhs

Particulars	Gratuity 31-Mar-24	31-Mar-23
Within the next 12 months	**29.88**	42.42
Between 2 and 5 years	**68.02**	45.58
Between 6 and 10 years	**65.97**	62.11

Lease liabilities	**24.07**	**24.07**	28.48	428.96	–	–	–	–

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of cash and cash equivalents, trade receivables, loans, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value. Based on this evaluation, the Company records allowance for estimated losses on these receivables. As of March 31, 2024 and March 31, 2023, the carrying value of such receivables, net of allowances approximates the fair value.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:
– Market risk
– Credit risk
– Liquidity risk

The note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at March 31, 2024 and March 31, 2023. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2024 and March 31, 2023.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having variable rate loans and borrowings.

b. Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Average Interest Rate	Increase/ decrease in basis points	Effect on profit before tax
March 31, 2024			
Interest rates increased by 50 bps	9.18%	+50	Increase in interest by Rs. 35.83 lakhs
Interest rates reduced by 50 bps	9.18%	-50	Reduction in interest by Rs. 35.83 lakhs
March 31, 2023			
Interest rates increased by 50 bps	7.75%	+50	Increase in interest by Rs. 11.39 lakhs
Interest rates reduced by 50 bps	7.75%	-50	Reduction in interest by Rs. 11.39 lakhs

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

c. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

d. Derivative Financial instrument

The Company is exposed to foreign currency fluctuations on foreign currency assets/ liabilities and forecasted cash flows denominated in foreign currency. The Company follows established risk management policies, including the use of derivatives to hedge foreign currency assets/ liabilities and foreign currency forecasted cash flows. The counter party in these derivative instruments is a bank and the Company considers the risks of non-performance by the counterparty as non-material.

The following table presents the aggregate contracted principal amounts of the Company's derivative contracts outstanding

	As at March 31, 2024		As at March 31, 2023		
Particulars	**in Foreign Currency in lakhs**	**Rs. In lakhs**	in Foreign Currency in lakhs	Rs. In lakhs	Currency
Forward contract (Sell)	**83.00**	**6,973.35**	–	–	USD/INR

The foreign exchange forward contracts mature within 12 months. The table below analyzes the derivative financial instruments into relevant maturity groupings based on the remaining period as at the reporting date

Particulars	**As at March 31, 2024**	As at March 31, 2023
Not later than one month	**–**	–
Later than 1 Month but not later than 3 months	**1,249.69**	–
Later than 3 Months but not later than 1 Year	**5,723.66**	–

d. Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR, CHF, CAD and GBP exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The Company's exposure to foreign currency changes for all other currencies are not material.

Rs. In lakhs

	31-Mar-24		31-Mar-23	
Particulars	**Increase / decrease in basis points**	**Effect on profit before tax**	Increase / decrease in basis points	Effect on profit before tax
USD	**+50**	**49.08**	+50	24.76
EUR	**+50**	**1.05**	+50	(0.35)
CHF	**+50**	**–**	+50	(0.01)
CAD	**+50**	**–**	+50	0.02
GBP	**+50**	**(0.01)**	+50	–
USD	**-50**	**(49.08)**	-50	(24.76)
EUR	**-50**	**(1.05)**	-50	0.35
CHF	**-50**	**–**	-50	0.01
CAD	**-50**	**–**	-50	(0.02)
GBP	**-50**	**0.01**	-50	–

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in foreign currency, where the functional currency of the entity is other than that foreign currency.

(ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

a. Trade Receivable

Trade Receivables: The credit period on sales ranges between 30 to 120 days. No interest is charged on trade receivables. The company's customers are reputed Aerospace industry companies having good financial position and there is no past default experience of the counter parties. Trade receivables disclosed below includes the amounts that are past due at the end of the reporting period for which the company has not recognised an allowance for doubtful debts because there has not been a significant change in credit quality and amounts are still considered recoverable.

The Company has used practical expedient by computing expected credit loss allowance based on provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of reporting period as follows.

Sunday, March 31, 2024

Information about major customers:

Customers contributing 10% or more of Company's revenue (Four customers amounting to Rs 15,764.46 Lakhs in 2023-24 and Five customers amounting to Rs 12,563.26 Lakhs in 2022-23) constitute 70% and 83% for the current year and previous year respectively. Receivables from these external customers is Rs.7,148.64 Lakhs (2023: Rs. 3,822.09 Lakhs) representing 82% (2023: 80%) of Company's total receivables as at March 31, 2024. Apart from the aforesaid customers, the Company does not have a significant credit risk exposure to any other single counterparty.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

Rs. In lakhs

	On demand	Less than 1 year	1 to 2 Year	2 to 5 year	More than 5 Years	Total
Year ended 31 March 2024						
Borrowings	**81.20**	**10,833.33**	**3,256.67**	**153.19**	**–**	**14,324.39**
Trade payables	**–**	**1,656.04**	**–**	**–**	**–**	**1,656.04**
Other financial liabilities	**–**	**185.86**	**–**	**–**	**–**	**185.86**
Lease liabilities	**–**	**6.66**	**6.66**	**15.54**	**–**	**28.86**
	81.20	**12,681.89**	**3,263.33**	**168.73**	**–**	**16,195.15**
Year ended 31 March 2023						
Borrowings	4,102.84	750.00	333.33	416.67	–	5,602.84
Trade payables	–	1,141.58	–	–	–	1,141.58
Other financial liabilities	–	178.96	–	–	–	178.96
Lease liabilities	–	6.66	6.66	22.20	–	35.52
	4,102.84	2,077.20	339.99	438.87	–	6,958.90

Financial assets carried at amortised cost as at March 31, 2024 is Rs. 9,164.61 Lakhs (2023: Rs. 4,859.87 Lakhs) carried at amortised cost is in the form of cash and cash equivalents, bank deposits, earmarked balances with banks, security deposits etc. where the Company has assessed the counterparty credit risk. Trade receivables of Rs. 8,759.38 Lakhs as at March 31, 2024 forms a significant part of the financial assets carried at amortised cost which is valued considering provision for allowance using expected credit loss method (if any).

Basis this assessment, the Management believes Company is not required to provide for doubtful trade receivables as at March 31, 2024.

D Capital management

For the purpose of the company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

Rs. In lakhs

	As at March 31, 2024	As at March 31, 2023	% change
Total equity (A)	**16,784.50**	16,723.62	0.36%
Current loans and borrowings	**10,181.20**	4,602.84	
Non current loans and borrowings	**3,409.86**	750.00	
Current maturities of long-term loans	**733.33**	250.00	
Total loans and borrowings (B)	**14,324.39**	5,602.84	155.66
Total capital (loans and borrowings and equity) (C)	**31,108.89**	22,326.46	
As percentage of total capital (B/C)	**46.05**	25.10	
Total loans and borrowings as percentage of Total equity (B/A)	**85.34**	33.50	

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2024 and March 31, 2023.

30. Commitments and contingent liabilities

1. Contingent Liabilities

Claims against the company not acknoweledged as debt

a) Customs duty and penalty of Rs. 2,598.85 lakhs (2023: 2,598.85 lakhs) pertaining to financial year 2012-13, along with the applicable interest payable against the order issued by the Commissioner of Customs in the matter of import of certain pre-owned equipment. The Company has filed an appeal and the same is pending with the CESTAT. An amount of Rs. 232.14 lakhs has been paid under protest.

b) Customs duty of Rs. 41.36 lakhs along with the applicable interest (2023: Rs. 41.36 lakhs) payable against the Demand Cum show cause notice, pertaining to financial year 2012-13, issued by the Directorate of Revenue Intelligence in the matter of certain imports relating to installation of certain equipment, for which the company has submitted reply and the same is pending with Joint Commissioner of Customs. An amount of Rs. 45.33 lakhs has been paid under protest.

c) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution form the date of Supreme court order. The probable obligation for past periods amounting to Rs. 83.75 Lakhs has been considered by the Company as contingent liability.

Note: The Company is contesting the demands and the management believes that its position will likely be upheld in the various appellate authorities/courts and the ultimate outcome will not have a material adverse effect on the Company's financial position and results of operations.

2. Commitment

a) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs. 4,853.54 lakhs (2023: Rs. 412.87 lakhs)

b) The Company entered into a lease-cum-sale agreement ('Agreement') for a period of 10 years with KIADB for 20 acres of land allotted in Narasapura Industrial area, Kolar District, Karnataka, for the setting up of aerospace component manufacturing facility. The title of the land will be transferred to the Company during the current lease term or at the end of 10 year or extended period, if any, after fulfilling all conditions stipulated in the said Agreement.

The Company had so far incurred an amount of Rs. 1,116.16 lakhs (2023: Rs. 1,116.16 lakhs) towards allotment consideration and other related expenses in connection with the said lease-cum-sale agreement. The said amount is disclosed under non-current assets. The Company initiated the process to get the land transferred in its name

31. Dues to micro , small and medium enterprises

The information as required under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company. This information has been relied upon by the Auditors. The disclosures relating to Micro, Small and Medium Enterprises as at the year ends are as under: -

			Rs. in Lakhs
Sr. No.	**Particulars**	**As at March 31, 2024**	As at March 31, 2023
A	The principal amount remaining unpaid to supplier as at the end of the year	364.32	274.03
B	The interest due thereon remaining unpaid to supplier as at the end of the year	–	0.18
C	Interest paid in terms of Section 16 of the Act along with the amount of payment made to the supplier beyond the appointed day during the year		
	- Principal paid beyond the appointed date	4,025.52	2,411.79
	- Interest paid in terms of the Section 16 of the Act	27.04	6.55
D	The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under this Act	–	–
E	Further interest due and payable even in the succeeding year, until such date when the interest due as above are actually paid to the small enterprises	20.77	32.59
F	The amount of interest accrued during the year and remaining unpaid at the end of the year	15.22	27.04

32. Earnings Per Share:

Basic earnings per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of Equity Shares outstanding during the year.

Sr. No.	**Particulars**	**For the year ended March 31, 2024**	For the year ended March 31, 2023
(a)	Earnings attributable to equity shareholders	**49.47**	(644.86)
(b)	Weighted average number of equity shares outstanding during the year	**464,500,000**	464,500,000
(c)	Basic Earnings per share (Rs. In absolute)	**0.01**	(0.14)
(d)	Dilutive Earnings per share (Rs. In absolute)	**0.01**	(0.14)

Weighted average no of shares (basic & diluted)

Sr. No.	**Particulars**	**For the year ended 31 March 2024**	For the year ended 31 March 2023
(a)	Opening Balance	**464,500,000**	464,500,000
(b)	Effect of fresh issue of shares	**–**	–
(c)	Weighted average no. of shares	**464,500,000**	464,500,000

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings/(loss) per share as follows:

Particulars	**For the year ended 31 March 2024**	For the year ended 31 March 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**464,500,000**	464,500,000
Add: Effect of potential equity shares	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**464,500,000**	464,500,000

32. During the previous year ended March 31, 2023, management has carried out technical evaluation of certain Plant and machinery which are specialized equipments used for specific purposes. Based on such evaluation, management noted that these assets are not likely to be used due to capability limitations and are not expected to generate any future economic benefits to the Company. Management has performed a cost benefit analysis and identified that the refurbishing cost to bring these assets into use is significantly higher as compared to replacement cost of new assets. Accordingly, management has decided to charge accelerated depreciation of Rs. 157.19 Lakhs, resulting in the closing written down value of such assets to be Nil.

33. **Segment Reporting:**

The Company primarily operates in the aerospace segment. The Activities of the Company includes "Sale of aircraft components and sub assemblies".

The Managing Director & CEO of the Company, who has been identified as being the chief operating decision maker (CODM), evaluates the Company's performance, allocate resources based on the analysis of the various performance indicator of the Company as a single unit.

Therefore, based on the guiding principles given in Ind AS 108 on 'Operating Segments', the Company's business activity fall within a single operating segment, namely aerospace segment . Accordingly, the disclosure requirements of Ind AS 108 are not applicable.

Entity wide disclosure details as per Ind AS 108 on Operating segments are given below:

Revenue from Operations (other than "Other operating revenues")

	Domestic	**Overseas**	**Total**
2023-24	**692.89**	**21,884.85**	**22,577.74**
2022-23	513.07	14,569.45	15,082.52

a) Domestic & Overseas segments include Component sales, job work services and product development income to customers located in India & Out side India

b) There are no assets located outside India, other than trade receivables of Rs. 8,749.35 lakhs (2023: Rs. 4,785.45 lakhs)

c) Customers contributing 10% or more of Company's revenue (Four customers amounting to Rs. 15,764.46 Lakhs in 2023-24 and Five customers amounting to Rs. 12,563.26 Lakhs in 2022-23)

d) All the Other operating revenues are domestic revenues.

Geographic information

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023

Return on Equity ratio	(Net Profits after taxes – Preference Dividend)/Average share holder's equity
Inventory Turnover ratio	Sales/Average inventory
Trade Receivables Turnover ratio	Net Credit Sales / Avg trade receivables
Trade Payables Turnover ratio	Net Credit purchases / Avg trade payables
Net capital turnover ratio	Net Sales / working capital
Net profit ratio	Net Profit / Net Sales
Return on capital employed	Net profit after taxes+finance cost/(Tangible Net Worth + Total Debt + Deferred Tax liability)

Note 39- Impairment

The management assesses the performance of the Company including the future projections and relevant economic and market conditions in which it operates to identify if there is any indicator of impairment / reversal impairment, in the carrying value of the net assets of the Company. For this purpose, entire business operations of the Company is treated as a single Cash Generating Unit (CGU)

In case indicators of impairment exist, the impairment loss is measured by estimating the recoverable amounts based on the higher of (i) 'fair value less cost of disposal' determined using market price information, where available, and (ii) 'value-in-use' estimates determined using discounted cash flow projections, where available.

The recoverable amount of the CGU was estimated based on the present value of the future cash flows expected to be derived from the CGU (value in use), using a pre-tax discount rate of 18.60% and a high growth rate of 16.50% from FY 2034 – FY 2038 and terminal value growth rate of 5% thereafter . The recoverable amount of the CGU was estimated to be higher than its carrying amount and no impairment was required.

During the year ended 31 March 2024,the Company reassessed its estimates and no impairment loss recognized.

The estimate of value in use was determined using a pre-tax discount rate of 18.60% (2023: 18.90%) and a terminal value growth rate of 16.50% from FY 2034 – FY 2038 (2023: 14.50% from FY 2032-FY 2037)

Rs. in Lakhs

Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Provision for diminution in value of net assets	**–**	–
(Reversal of)/Impairment loss	**–**	–

Recoverable amount as follows:

Rs. in Lakhs

Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Net assets	**16,784.50**	16,723.62

During the year the Company reassessed its estimates and no impairment loss recognized (2023: Rs. Nil)

The recoverable amount of this CGU was based on fair value less costs of disposal, estimated using discounted cash flows. The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

Rs. in Lakhs

Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Discount rate	**18.60%**	18.90%
High Growth rate	**16.50%**	14.50%
Terminal value growth rate	**5.00%**	5.00%
Budgeted Average EBIDTA growth rate	**25.13%**	27.64%

The discount rate was a pre-tax measure based on the rate of 10-year government bonds issued by the government in the relevant market and in the same currency as the cash flows, adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systematic risk of the specific CGU.

The cash flow projections included specific estimates for nine years and a terminal growth rate thereafter. The terminal growth rate was determined based on management's estimate of the long term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make Budgeted EBITDA was estimated taking into account past experience, adjusted as follows Revenue growth was projected taking into account the average growth levels experienced over the past nine years and the estimated sales volume and price growth for the next nine years. It was assumed that the sales price and sales volume would increase in line with forecast inflation over the next nine years.

The estimated recoverable amount of the CGU exceeded its carrying amount by approximately Rs. 30,145.00 lakhs (2023: Rs. 20,419.00). Management has identified that a reasonably possible change in two key assumptions could cause the carrying amount to exceed the recoverable amount. The following table shows the amount by which these two assumptions would need to change individually for the estimated recoverable amount to be equal to the carrying amount.

Rs. in Lakhs

Particulars	**For the year ended March 31, 2024**	For the year ended March 31, 2023
Discount rate	**5.94%**	4.74%
Budgeted Average EBIDTA growth rate	**-6.62%**	-4.86%

40. As the Company has losses in the earlier years provision of corporate social responsibility as per Companies Act, 2013 was not applicable.

41. The Company does not have transactions with the companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956.

42. During the year ended March 31, 2024, no material foreseeable loss (2023: Nil) was incurred for any long-term contract including derivative contracts.

43. The Company has not advanced or loaned or invested funds (either from borrowed funds or share premium or any other sources or kind of funds) to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

44. The Company has not received any funds from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

45. The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property

46. The Company has not traded or invested in Crypto currency or virtual currency during the current year.

47. The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies (ROC) beyond statutory period.

48. There are no immovable properties (other than properties where the Company is a lessee) whose title deeds are not in the name of the Company.

49. The Company has not revalued its Property, Plant and Equipment (including Right-of-Use Assets).

50. The code of Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment received Presidential assent in September 2020 and its effective date is yet to be notified. The Company will assess and record the impact of the Code, once it is effective.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBER OF MAHINDRA AEROSPACE AUSTRALIA PTY LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report, being a special purpose financial report of Mahindra Aerospace Australia Pty Ltd, "the Company", which comprises the statement of financial position as at 31 March 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, and the director's declaration.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the Company as at 31 March 2024, and its financial performance and its cash flows for the year then ended in accordance with the financial reporting requirements of shareholders and the director.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* "the Code" that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist Mahindra Aerospace Australia Pty Ltd to meet the requirements of shareholders and the director. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Emphasis of Matter - Non-Going Concern Basis for Preparation

We draw attention to Note 1(a) in the financial report which indicates that the financial report has been prepared on a non- going concern basis, given the company's intention to sell, dispose of, or transfer its equity ownership and/or dispose of all of its business and/or assets. Our opinion is not modified in respect to this matter.

Other Information

The director is responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 31 March 2024, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Report

Management is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the applicable legislation and for such internal control as management determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting

a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.
- Conclude on the appropriateness of the director' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

NOTE 1: BASIS OF PREPARATION

General information

The director has determined that the company is not a reporting entity on the basis that, in the opinion of the director, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Accordingly, this financial report is a special purpose financial report, which has been prepared for use by the directors and members of the company.

The financial report covers Mahindra Aerospace Australia Pty Ltd as an individual entity. Mahindra Aerospace Australia Pty Ltd is a company limited by shares, incorporated and domiciled in Australia. Mahindra Aerospace Australia Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

This financial report is a special purpose financial report of the company. The financial report excludes the consolidation of controlled entities.

The financial report was approved by the director at the date of the director's report.

The financial report has been prepared in accordance with the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations. The financial report does not comply with the disclosure requirements of Australian Accounting Standards.

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

Accounting policies

The following accounting policies have been applied in the preparation and presentation of the financial report.

(a) Non-going concern

The company is seeking to sell, dispose of, or transfer 100% of the equity ownership in the company and/or dispose of all assets. Accordingly, this financial report has been prepared on a non-going concern basis.

Under a non-going concern basis of accounting, the recognition and measurement required by all Australian Accounting Standards and Interperetations are applied in the context of Mahindra Aerospace Australia Pty Ltd ceasing to be a going concern. This includes testing assets for impairment and considering whether existing contractual commitments have become onerous contracts at the reporting date. Where necessary, to comply with the requirements of the Australian Accounting Standards and Interperetations, assets have been written down to recoverable amounts and liabilities for obligations that exist at the reporting date have been recognised and/or measured as appropriate.

(b) Other revenue and other income

Interest

Interest revenue is measured in accordance with the effective interest method.

All revenue is measured net of the amount of goods and services tax (GST).

(c) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks.

(d) Impairment of non-financial assets

Goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are not subject to amortisation and are therefore tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

For impairment assessment purposes, assets are generally grouped at the lowest levels for which there are largely independent cash flows ('cash generating units'). Accordingly, most assets are tested for impairment at the cash-generating unit level. Because it does not generate cash flows independently of other assets or groups of assets, goodwill is allocated to the cash generating unit or units that are expected to benefit from the synergies arising from the business combination that gave rise to the goodwill.

Assets other than goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are assessed for impairment whenever events or circumstances arise that indicate the asset may be impaired.

An impairment loss is recognised when the carrying amount of an asset or cash generating unit exceeds the asset's or cash generating unit's recoverable amount. The recoverable amount of an asset or cash generating unit is defined as the higher of its fair value less costs of disposal and value in use (where 'value in use' is determined as the present value of the future cash flows expected to be derived from an asset or cash-generating unit).

Impairment losses in respect of individual assets are recognised immediately in profit or loss unless the asset is measured at a revalued amount, in which case the impairment loss is treated as a revaluation decrease and is recognised in other comprehensive income to the extent that it does not exceed the amount in the revaluation surplus for the same asset. Impairment losses in respect of cash generating units are allocated first against the carrying amount of any goodwill attributed to the cash generating unit with any remaining impairment loss allocated on a pro rata basis to the other assets comprising the relevant cash generating unit.

A reversal of an impairment loss for an asset measured at cost is recognised in profit or loss. A reversal of an impairment loss for an asset measured at a revalued amount is treated as a revaluation increase and is recognised in other comprehensive income, except to the extent that an impairment loss on the same asset was previously recognised in profit or loss, in which case a reversal of that impairment loss is also recognised in profit or loss.

(e) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

The amount recognised as a provision is the best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

(f) Employee benefits

(i) Short-term employee benefit obligations

Liabilities arising in respect of wages and salaries, annual leave and other employee benefits (other than termination benefits) expected to be settled wholly before twelve months after the end of the reporting period are measured at the (undiscounted) amounts based on remuneration rates which are expected to be paid when the liability is settled. The expected cost of short-term employee benefits in the form of compensated absences such as annual leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables in the statement of financial position.

(ii) Long-term employee benefit obligations

The provision for other long-term employee benefits, including obligations for long service leave, which are not expected to be settled wholly before twelve months after the end of the reporting period, are measured at the present value of the estimated future cash outflow to be made in respect of the services provided by employees up to the reporting date. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee turnover, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation. For currencies in which there is no deep market in such high quality corporate bonds, the market yields (at the end of the reporting period) on government bonds denominated in that currency are used. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the change occurs.

Other long-term employee benefit obligations are presented as current liabilities in the statement of financial position if the company does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur. All other long-term employee benefit obligations are presented as non-current liabilities in the statement of financial position.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

DIRECTOR'S DECLARATION

The director has determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The director of the company declares that:

1. The financial statements and notes, as set out on pages herein presents fairly the company's financial position as at 31 March 2024 and performance for the year ended on that date of the company in accordance with the accounting policies outlined in Note 1 to the financial statements.
2. In the director's opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed

Director: Ajay Mantry

Dated this 17th day of April 2024

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Sustainable Energy Private Limited (formerly know as Mahindra Telecom Energy Management Services Private Limited)

Report on the Audit of Ind AS Financial Statements

1. **Opinion**

We have audited the accompanying Ind AS financial statements of Mahindra Sustainable Energy Private Limited ("the Company") (formerly know as Mahindra Telecom Energy Management Services Private Limited), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of material accounting policies information and other explanatory information (hereinafter referred to as 'Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended of the state of affairs of the Company as at March 31, 2024, its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. **Basis for Opinion**

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, as prescribed under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 ("the Act") and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Ind AS financial statements.

3. **Information other than the Ind AS financial statements and Auditor's report thereon**

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the Ind AS financial statements and our auditor's report thereon. The Other information is expected to be made available to us after the date of our auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. **Responsibilities of Management and those charged with Governance for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. In making risk assessments, we consider internal financial control relevant to the Company's preparation of the Standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. but not for the purpose of expressing an opinion on whether the Company has an adequate internal financial control system over financial reporting in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

i) As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ii) As required by section 143 (3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, Statement of Profit and Loss including Other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid Standalone Ind AS financial statements comply with section 133 of the Act read with rule 7 of Companies (Accounts) Rules 2015, as amended.

e) On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act.

f) Reporting on adequacy of internal financial control over financial reporting of the Company and the operating effectiveness of such controls is not applicable as per the notification No. G.S.R 583 (E) issued by Ministry of Corporate Affairs, Government of India, dated June 13, 2017.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the provisions of said section are not applicable to the Company for the year ended March 31, 2024;

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would have an impact on its financial position.

   ii. The Company does not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

   (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

   v. No dividend has been declared or paid during the year by the company in compliance with section 123 of the Companies Act, 2013.

   vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Annexure A to the Independent Auditor's Report of even date on the Ind AS financial statements of Mahindra Sustainable Energy Private Limited (formerly know as Mahindra Telecom Energy Management Services Private Limited)

Referred to in paragraph [6(i)] under Report on Other Legal and Regulatory Requirements of our report of even date

(i) (a) (A) As per the information and explanations given to us and the records of the Company examined by us, the company does not have any Property, Plant and Equipment and accordingly, reporting under this Clause is not applicable.

(B) According to the information and explanations given to us and the records of the Company examined by us, the Company does not have any Intangible assets and accordingly, reporting under this Clause is not applicable.

(b) As per the information and explanations given to us and the records of the Company examined by us, the company does not have any Property, Plant and Equipment and accordingly reporting under this Clause is not applicable.

(c) According to information and explanations given to us, the Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable.

(d) As per the information and explanations given to us and the records of the Company examined by us, the company does not have any Property, Plant and Equipment and accordingly, reporting under this Clause is not applicable.

(e) No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) As per the information and explanations given to us, the company does not have any inventory during the year. Hence, reporting under this Clause is not applicable.

(b) Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Hence, reporting under this Clause is not applicable.

(iii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans, or given guarantee ,or provided security to companies, firms, limited liability partnership or any other parties during the year.

(A) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not provided loans or advances and guarantees or security to subsidiaries during the year.

(B) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not provided loans or advances and guarantees or security to parties other than subsidiaries, joint ventures and associates.

(b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, investment made are not prejudicial to the company's interest.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c), 3(iii)(d) , 3(iii)(e) and 3(iii)(f) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations provided to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, with respect to unsecured loans granted (in previous year) and Investments made.

(v) As informed, the Company has not accepted any deposits during the year from public within the meaning of the directives issued by Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and rules framed thereunder and thus the provisions of Clause 3(v) of the Order are not applicable.

(vi) According to information and explanations given to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of Section 148 of the Act to the Company.

(vii) a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Custom Duty, Excise Duty, Value Added Tax, Cess. There were no undisputed amounts of statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Custom Duty, Excise Duty, Value Added Tax, Cess which were due for more than six months from the date they become payable as at the year end.

b) According to the records examined by us and as per the information and explanations given to us, there are no statutory dues outstanding as at March 31, 2024 which have not been deposited on account of disputes.

(viii) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there are no transactions which are not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) a) The Company has not taken any term loan, hence reporting under clause ix (a) of the order is not applicable.

b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not been declared wilful defaulter by any bank or financial institution or other lender.

c) The Company has not taken any term loan, hence reporting under clause ix (c) of the order is not applicable.

d) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not raised loans during the year, hence reporting under clause ix (d) of the order is not applicable to the Company.

e) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiary, associates or joint ventures, hence reporting under clause ix (e) of the order is not applicable to the Company.

f) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, hence reporting under clause ix (f) of the order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not raised any money by way of initial public offer, further public offer (including debt instruments) during the year, hence reporting under clause (x) (a) of order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based upon the audit procedure performed for the purpose of reporting the true and fair view of the Ind AS financial statements and according to the information and explanation given by the management, we report that no fraud by the company and no material fraud on the company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.

(c) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there were no whistle blower complaints received by the company during the year and up to the date of this report.

(xii) In our opinion and according to the information and explanation given to us, the Company is not a nidhi Company. Accordingly, provision of clause 3 (xii) (a) to (c) of the order is not applicable.

(xiii) According to the information and explanation given to us and based on our verification of the records of the Company and on the basis of review and approvals by the Board of Directors, the transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details have been disclosed in the Ind AS financial statements as required by applicable accounting standard.

(xiv) According to the information and explanations given by the management, the provisions of Section 138 of the Act relating to Internal Audit is not applicable to the Company and accordingly, reporting under clause 3(xiv)(a) and 3(xiv) (b) of the Order is not applicable for the year.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them. Accordingly, paragraph 3 (xv) of the Order is not applicable.

(xvi) a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India At, 1934. Accordingly, provisions of Clause 3 (xvi) (a) and (b) of the Order are not applicable to the Company.

b) The company has not conducted any Non- Banking Financial or Housing Finance activities and hence reporting under clause 3 (xvi)(b) is not applicable to the Company.

c) In Our opinion and according to the information and explanation given to us, the Company is not Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi) (c) of the Order is not applicable to the Company.

d) According to the information and explanation given to us by the management, the Group has four CIC.

(xvii) According to the information and explanations given to us and based on our examination of the records of the Company, the company has incurred cash losses during the financial year of Rs.9,96,796/- and Rs. Nil in the immediately preceding financial year.

(xviii) There has been no resignation of the Statutory Auditors of the Company during the year.

(xix) According to the information and explanation given to us and on the basis of the financial ratios, aging and expected dates of realisation of financial assets and payment to financial liabilities, other information accompanying the Ind AS financial statements, our knowledge of the board of directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing as at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) The Provision of Section 135 of the Companies Act, 2013 are not applicable. hence, reporting under clause (xx) (a) and (b) not applicable to the Company as on reporting date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Company Overview and Material Accounting Policies Information

1. Company Overview

Mahindra Sustainable Energy Private Limited (Formerly known as 'Mahindra Telecom Energy Management Services Private Limited') (the 'company') is domiciled in India having CIN - U40100MH2017PTC296621. The Company has been incorporated under the provisions of the Companies Act, 2013.

The name of the Company was changed from Mahindra Telecom Energy Management Services Private Limited to Mahindra Sustainable Energy Private Limited with effect from May 8, 2023.

The Company is engaged in the business of providing services in the areas of Engineering, Procurement and Construction of power plants in renewable energy, operations and maintenance, analytics, energy management services, sale of power and sale of solar water pump.

2. Material Accounting Policies and Information

2.1. Basis of Preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs under section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015] and Companies (Indian Accounting Standards) Amendment Rules 2017.

The Company has investment in Subsidiaries, Associates and Joint Venture, however in view of the provisions of para 4 of the IND AS 110- Consolidated Financial Statements and Rule 9.1.6 Companies (Accounts) Rules, 2014, Company has not prepared Consolidated Financial Statements.

The Financial statements of the Company for the year ended March 31, 2024 were approved for issue in accordance with the resolution of the Board of Directors on April 18, 2024.

2.2. Basis of accounting

The Company maintains its accounts on an accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair values in accordance with Ind AS. Further, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations override the same requiring a different treatment.

2.3. Presentation of Financial Statements

The Balance Sheet, Statement of Profit and Loss, Statement of Cash Flow and Statement of Changes in equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.

2.4. Current / Non-Current classification

An asset or liability is classified as 'current' when it satisfies any of the following criteria:

(i) it is expected to be realized or settled, or is intended for sale or consumption in, the company's normal operating cycle;

(ii) it is held primarily for the purpose of being traded;

(iii) it is expected to be realized or settled within twelve months from the reporting date; or

(iv) an asset is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for atleast twelve months from the reporting date

(v) in case of liability, the company does not have an unconditional right to defer settlement of the liability for atleast twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out above which are in accordance with Schedule III to the Act.

Operating Cycle

Based on the nature of products and services of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.5. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant note.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

A. Judgements in applying accounting policies

The judgements, apart from those involving estimations (see note below) that the Company has made in the process of applying its accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Company is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement.

B. Key source of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) Property, Plant and Equipment

Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized. Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined based on the prevailing market yields of Indian Government Securities as at the Balance Sheet Date for the estimated term of the obligations.

c) Recognition of deferred tax assets

A deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

d) Recognition and measurement of other provision

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources,

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure included in other provisions.

e) Discounting of long-term financial instruments

All financial instruments are required to be measured at fair value on initial recognition. In case of financial instruments which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

2.6. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest thousands, unless otherwise indicated.

2.7. Investments in Subsidiaries, Associates and Joint ventures

Investments in Subsidiaries, Associates and Joint Ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.8. Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's net selling price or its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in the statement of profit and loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.9. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in two broad categories:- i] Financial assets at fair value and ii] Financial assets at amortised cost. Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss [i.e fair value through profit or loss], or recognised in other comprehensive income [i.e. fair value through other comprehensive income]. A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Derecognition

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Impairment of financial asset

For impairment of financial assets, Company applies expected credit loss (ECL) model. Following financial assets and credit risk exposure are covered within the ECL model:

a. Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balance

b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables including receivables recognised under service concession arrangements.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, then the impairment loss is provided based on lifetime ECL.

Financial liabilities

Initial recognition

The company initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated.

All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the company becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities are initially recognised at fair value, net of transaction costs incurred.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

2.10. Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes unless the possibility of outflow of resources embodying economic benefits is remote.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

2.11. Revenue recognition

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, claims and incentive payments, to the extent that it is probable that they will result in revenue and can be measured reliably.

If the outcome of a construction contract can be estimated reliably, contract revenue is recognised in profit or loss in proportion to the stage of completion of the contract. The stage of completion is assessed by reference to surveys of work performed. Otherwise, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Revenue related to construction or upgrade services provided under a service concession arrangement is recognised based on the stage of completion of the work performed. Operation or service revenue is recognised in the period in which the services are provided by the company.

Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

2.12. Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed to have been converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period.

2.13. Cash Flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.14. Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year.

2.15. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

For cash and other liquid assets, the fair value is assumed to approximate to book value, given the short-term nature of these instruments. For those items with a stated maturity exceeding twelve months, fair value is calculated using a discounted cash flow methodology.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.16. Ind AS amendments which will be effective from April 01, 2024

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There is no such notification which would be applicable from April 01, 2024.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note 21 - Fair Valuation techniques used to determine fair value

The Company maintains procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date

The following methods and assumptions were used to estimate the fair values :

I) Fair value of cash and cash equivalents, trade payables, borrowings and other financial assets and liabilities are approximate at their carrying amounts largely due to the short-term maturities of these instruments

II) The fair values of trade receivables and current loans are calculated based on expected credit loss method and discounted cash flow using a current lending rate respectively. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including credit risk. The fair values of non-current loan are approximate at their carrying amount due to interest bearing features of these instruments.

III) The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

IV) Fair values of quoted financial instruments are derived from quoted market prices in active markets.

V) The fair value of investments in unlisted equity shares is determined using a combination of direct sales comparison and income approach

VI) The fair value of the remaining financial instruments is determined using discounted cash flow analysis and/or direct sales comparison approach.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques:

Level 1 : Quoted prices / published NAV [unadjusted] in active markets for identical assets or liabilities. It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value [NAV] is published by mutual fund operators at the balance sheet date.

Level 2 : Inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly [that is, as prices] or indirectly [that is, derived from prices]. It includes fair value of the financial instruments that are not traded in an active market [for example, over-the-counter derivatives] is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the Company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

Level 3 : Inputs for the asset or liability that are not based on observable market data [that is, unobservable inputs]. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Cash and Cash Equivalents, Other Financial Assets, Long Term and Short Term Borrowings, Trade Payables and Other financial liabilities are shown at amortised cost. The following table provides hierarchy of the fair value measurement of Company's asset and liabilities, grouped into Level 1 [Quoted prices in active markets], Level 2 [Significant observable inputs] and Level 3 [Significant unobservable inputs] as described below:

(In Rs. Thousand)

March 31, 2024

Loans	–	60,000.00	–

There were no transfers between level 1 and level 2 during the year

Financial Risk Management - Objectives and Policies

The Company is exposed to market risk, credit risk and liquidity risk. Risk management is carried out by the company under policies approved by the board of directors. This Risk management plan defines how risks associated with the Company will be identified, analysed, and managed. It outlines how risk management activities will be performed, recorded, and monitored by the Company. The basic objective of risk management plan is to implement an integrated risk management approach to ensure all significant areas of risks are identified, understood and effectively managed, to promote a shared vision of risk management and encourage discussion on risks at all levels of the organization to provide a clear understanding of risk/benefit trade-offs, to deploy appropriate risk management methodologies and tools for use in identifying, assessing, managing and reporting on risks, and to determine the appropriate balance between cost and control of risk and deploy appropriate resources to manage/ optimize key risks. Activities are developed to provide feedback to management and other interested parties [e.g. Audit committee, Board etc.]. The results of these activities ensure that risk management plan is effective in the long term.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise of three types of risk: foreign currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. The sensitivity analysis is given relating to the position as at March 31, 2024 and March 31, 2023. The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations, provisions and on the non-financial assets and liabilities. The sensitivity of the relevant statement of profit and loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2024 and March 31, 2023.

Foreign exchange risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. The Company transacts business primarily in USD and Euro. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. The Company regularly reviews and evaluates exchange rate exposure arising from foreign currency transactions.

Interest rate risk and sensitivity:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Commodity price risk:

The Company is exposed to the movement in price of key traded materials in domestic and international markets. The Company has entered into contracts for procurement of material. However the Company is not exposed to significant risk.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Equity price risk:

The Company has decided to fair value its equity instruments through Other Comprehensive Income and carry investment in jointly controlled entities at Cost. Therefore neither profit or loss nor equity will be affected by the equity price risk of those instruments. Accordingly, no sensitivity analysis is required.

Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities [primarily trade receivables] and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times, maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on operating cash flows and short term borrowings in the form of Working Capital Loan & Export Packing Credit to meet its needs for funds. Company does not breach any covenants [where applicable] on any of its borrowing facilities. The Company has access to a sufficient variety of sources of funding as per requirement.

Competition and price risk

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

Note No. 22 - Deferred Tax Asset/ Liabilites

There are no temporary differences due to which deferred tax assets/liability is required to be recognised.

Note No 23 - Capital Management

For the purpose of Company's capital management, capital includes issued capital, all other equity reserves and debts. The primary objective of the Company's capital management is to maximise shareholders value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using gearing ratio, which is net debt divided by total capital [equity plus net debt]. Net debt are noncurrent and current debts as reduced by cash and cash equivalents, other bank balances and current investments. Equity comprises all components including other comprehensive income.

(In Rs. Thousand)

Particulars	As at March 31, 2024	As at March 31, 2023

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

MAHINDRA CONSTRUCTION COMPANY LIMITED

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Construction Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Materiality Uncertainty Related to Going Concern

We draw attention to Note 28 in the financial statements, as on 31st March 2024, the Company's current liabilities exceeded its total assets by Rs. 2,158.59 lakhs. As stated in Note 28, these events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

(g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Construction Company Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

i. a) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(b) of the Order is not applicable to the Company.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under subsection (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Income-tax, and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Cess and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

e) The Company does not have any subsidiaries or associates and hence the reporting under Clause (ix) (e) of the Order is not applicable to the Company.

f) The Company does not have any subsidiaries or associates and hence the reporting under Clause (ix) (f) of the Order is not applicable to the Company.

x. a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding, or subsidiary company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

d) Based on the information and explanations given to us, we report that the Group has four Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. As more fully explained in Note 28 to the financial statements and according to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, we are of the opinion that a material uncertainty exists as on the date of the audit report that the Company would be capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date.

xx. According to the information and explanations given to us, the provisions of section 135 of the Act is not applicable to the company and hence reporting under the provisions of clause (XX) (a) and (b) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

1 Company overview

Mahindra Construction Company Limited is a Limited Company incorporated and domiciled in India. The Company's registered office is at Mumbai, Maharashra, India. These financial statements correspond to the stand alone financial statments of the Company.

2 Basis of preparation

a. Statement of compliance and basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The Company's financial statements upto and for the year ended 31 March 2016 were prepared in accordance with the Standards as per Companies (Accounting Standards) Rules, 2006, notified under Section 133 of the Act and other relevant provisions of the Act which was the previous GAAP (IGAAP).

b. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

d. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

– useful life of property, plant and equipment and intangible assets

– estimation of define benefit obligation

– provision for warranty claims

– income taxes - current and deferred taxes

– fair value of unlisted securities

– impairment of trade receivables

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.

– Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

– Level 3: inputs for the asset ot liability that are not based on observable market data (unobservable inputs).

f Significant accounting policies

a. Revenue Recognition

– Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of ‘Reserve for debt instruments through other comprehensive income’. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI

All other financial assets are subsequently measured at fair value

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) *Credit risk management*

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned.

LIQUIDITY RISK

(i) *Liquidity risk management*

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) *Maturities of financial liabilities*

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

31st March 2023				
Non-interest bearing	586.09	–	–	–
Total	586.09	–	–	–

(iii) *Financing arrangements*

The company does not have any undrawn borrowing facility as at year end

(iv) *Maturities of financial assets*

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Note 27: Investment in New Tirupur Development Corporation Limited

The Capital of New Tirupur Area Development Corporation Limited (NTADCL) as on 31st March 2021 has been almost fully eroded by past losses. It was exploring the option of supplying substantial volume of industrial water to a textile park proposed to be set up by the State Government which would have contributed substantially to its topline. Information forthcoming in the last few months suggest that there are likely to be delays and the possibility of NTADCL recovering its past losses does not seem very promising. In view of this, the Company has provided for its entire investment of Rs. 7,00,00,000 in the equity shares of NTADCL during the year.

Note 28:

Accumulated losses of the company as on 31st March 2024 exceeds the paid up share capital of the company. Though the Company has made a provision in respect of its investment in NTADCL, there is no intention of disposing off these investments. Presently, the company is actively pursuing claims and litigations in respect of projects completed and is hopeful of recovering the claims made by it against the parties, which will be recognised as revenue in the year of receipt. The Company is exploring various business opportunities including restructuring. Supported by its Parent Company, in the opinion of the management, the company will be able to continue as going conern for the foreseeable future.

Having regard to the above factors, the accounts are prepared on going concern basis.

Note 29:

The 10% Non-Cumulative Redeemable Participating Preference Shares (“The Shares”) were redeemable at par on 13th March 2015. The Company has continued to incur losses during the year and, as on 31st March 2023, its accumulated losses exceeded the paid up share capital and free reserves of the Company. The Company is not in a position to redeem The Shares.

Note 30:

The Company had taken unsecured loans of Rs. 994.42 lakhs in earlier years. Based on the Letters for waiver of interest issued by the lenders from year to year, since 2005 the Company was not for interest payable on these loans. On 1st April 2014 the lenders of the aforesaid unsecured loans opted to call for repayment of the principal amount. Further, the lenders are not agreeable to renew the unsecured loans, despite the Company expressing its inability to repay the same because of its financial situation. Since the unsecured loans have not been renewed, no provision has been made in the accounts for interest of Rs. 84.14 lakhs for the year payable on these loans.
