Our responsibility is to express an opinion on the Company's internal financial controls over Financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future years are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31-March-2024, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note issued by the ICAl.

MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31ST 2024

1 OVERVIEW

1.1 Company overview

CARNOT Technologies Private Limited was incorporated in India as private limited company under the Companies Act , 2013 on 24th August, 2015. The company is engaged in the business of the following:

I. Service Sector- Technology enabled applications in different fields including automobiles products both in India & Overseas.

II. Trading Sector- Retail in information technology products and applications.

1.2 Basis of Preparation of financial statement

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (the “”Act””) and other relevant provisions of the Act.

The financial statements up to and for the year ended March 31, 2017 were prepared in accordance with accounting standards notified under Companies (Accounting Standards) Rules, 2006, as amended and the relevant provisions of the Act (Previous GAAP).

These are the first Ind AS financial statements of the Company prepared in accordance with Ind AS. Ind AS 101, First-time Adoption of Indian Accounting Standards has been applied for the pupose of transition to Ind AS from previous GAAP.

These financial statements have been prepared on a historical cost and accrual basis.

All assets and liabilities have been classified as current or non-current as per the Company’s operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current non-current classification of assets and liabilities.

1.3 Use of Estimates

The preparation of the financial statements in conformity with IndAS requires the management to make estimates, judgments and assumptions. The estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in the financial statements have been disclosed in Note no.1.4. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.4 Material accounting policies

a. Property plant and equipment (including Capital Work-in-Progress)

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost are stated at cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition, accumulated depreciation and accumulated impairment losses, if any.

Subsequent expenditure related to an item of property plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

The Company provides depreciation on all assets on written down value basis over its useful life of asset which is in line with Schedule II of Comapnies Act, 2013.

Gains or losses arising from the retirement or disposal of property plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the property plant and equipment and recognised as income or expense in the Statement of Profit and Loss.

Assets not yet ready for use are recognised as capital work in progress.

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

b. Intangible Assets

Intangible assets are accounted at actual cost incurred less accumulated amortisation and impairment, if any.

Intangible assets i.e. software are amortised on a straight line basis over their estimated useful life of approximately five years, so as to effectively depreciate the assets over the specified useful life.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

On transition to Ind AS, the company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

c. Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the statement of profit and loss.

After impairment, depreciation / amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

A previosuly recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortisation if there were no impairment.

d. Investments and financial assets

Classification

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity’s business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The company reclassifies debt investments when and only when its business model for managing those assets changes.

e. Inventories

The stock of raw materials and components, goods in process, finished goods and stores, spares, property under development etc. are stated at lower of cost or net realisable value (NRV).

In determining the cost of the raw materials and components FIFO method is used. Cost of goods in process and manufactured finished products includes the cost of materials, labour and other manufacturing overhead. Average cost method is used to determine cost of work in progress and finished goods.

Obsolete slow moving and defective inventories are identified at the time of physical verification of inventories and where necessary, provision is made for such inventories. (a) Traded goods, raw materials and packing materials: At cost or net realisable value, whichever is lower. (b)Process stock: At cost or estimated realisable value, whichever is lower. (c) Finished goods: At cost or net realisable value, whichever is lower and are inclusive of input tax credit thereon.

f. **Revenue Recognition**

Revenue is recognised based on fair value of consideration receive or receivable and to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Turnover, which represents invoiced value of goods sold is recognized net of goods and service tax, trade and volume discounts or rebates, etc. The following specific recognition criteria must also be met before revenue is recognised:

Supply contracts - Sale of products

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped. Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period. Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional. An amount of consideration can vary because of discounts, rebates, incentives etc. which are explicitly stated in the contract or are as per customary business practices.

Contract Balances

- Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

- Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration or is due from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Interest Income

Interest Income is accounted on accrual basis.

Dividend Income

Dividend is recognized when the right to receive the payment is established.

g. **Employee Benefits**

i. **Short term employee benefits**

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the services. These benefits include compensated absences such as paid annual leave, bonuses and performance incentives.

ii. **Long term employee benefits**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation determined actuarially by using Projected Unit Credit Method at the Balance Sheet date.

iii. **Post-employment benefit plan**

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/ superannuation. Company's liability towards gratuity are determined by independent actuaries, using project unit credit method. Past services are recognised at the earlier of the plan amendment/curtailment and the recognition of related restructuring costs/termination benefits.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

The Company's contribution to the Provident Fund is remitted to provident fund authorities and are based on a fixed percentage of the eligible employee's salary and debited to Statement of Profit and Loss.

h. **Leases**

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plusany initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

i. **Current and Deferred Tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

j. Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rates prevailing on the date of such transactions. Monetary assets and liabilities as at the Balance Sheet date are translated at the rates of exchange prevailing at the date of the Balance Sheet. Gains and losses arising on account of differences in foreign exchange rates on settlement/translation of monetary assets and liabilities are recognised in the Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

k. Provisions and Contingent Liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

l. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

m. Cash flow statement

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

n. Critical estimates and judgements

The preparation of Financial Statements in conformity with Ind AS which requires management to make estimates, assumptions and exercise judgement in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The Management believes that these estimates are prudent and reasonable and are based upon the Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialised.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

b). Terms/rights attached to equity shares/Preference Shares

1) The Company has only one class of equity shares having a par value of Rs 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. The dividend, if proposed by the Board of Directors, is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend.

   In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

2) 4,480 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 6,581.51/- each in FY 2016-2017 & 6,663 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 8131.81- each during the financial year 2017-2018.

   Each Seed CCCPS may be converted into Equity Shares at any time at the option of the holder of that Seed CCCPS. Subject to compliance with applicable Laws, each Seed CCCPS shall automatically be converted into Equity Shares upon the earlier of (i) one day prior to the expiry of 20 years from the First Closing Date; or (ii) in connection with a IPO (or any subsequent IPO), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.

3) 2,298 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 12,954.42/- IN FY 2020-21.

   Each Seed CCCPS may be converted into Equity Shares at any time at the option of the holder of that Seed CCCPS. Subject to compliance with applicable Laws, each Seed CCCPS shall automatically be converted into Equity Shares upon the earlier of (i) one day prior to the expiry of 20 years from the First Closing Date; or (ii) in connection with a IPO (or any subsequent IPO), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.

4) 1,613 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 15,391.65/- IN FY 2021-22.

   Each Seed CCCPS may be converted into Equity Shares at any time at the option of the holder of that Seed CCCPS. Subject to compliance with applicable Laws, each Seed CCCPS shall automatically be converted into Equity Shares upon the earlier of (i) one day prior to the expiry of 20 years from the First Closing Date; or (ii) in connection with a IPO (or any subsequent IPO), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.

Actuarial Assumptions ans Sensitivity

Figures in INR Lakhs

Particulars	31st March 2024	31st March 2023
Discount Rate	7.20% p.a	7.50% p.a
Salary Growth Rate	7.00% p.a	7.00% p.a
	Age 25 & Below : 10 % p.a	Age 25 & Below : 10 % p.a
	25 to 35 : 8 % p.a.	25 to 35 : 8 % p.a.
Withdrawal Rates	35 to 45 : 6 % p.a.	35 to 45 : 6 % p.a.
	45 to 55 : 4 % p.a.	45 to 55 : 4 % p.a.
	55 & above : 2 % p.a.	55 & above : 2 % p.a.

Quantitative sensitivity analysis for impact of significant assumptions on defined benefit obligation are as below:	31st March 2024	31st March 2023
Increase by 0.5% in Discount Rate	**45.77**	32.68
Decrease by 0.5% in Discount Rate	**50.31**	35.87
Increase by 0.5% in Salary Growth Rate	**48.97**	34.99
Decrease by 0.5% in Salary Growth Rate	**46.88**	33.32
Increase by 10% in Withdrawal Rates	**49.05**	34.99
Decrease by 10% in Withdrawal Rates	**46.70**	33.30

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any

Effect of the plan on the entity's future cash flows

The Company do not have any funding arrangement. They settle the Gratuity on Pay-N-Go basis.

The Gratuity Benefits Scheme is manged on unfunded basis so Expected Contribution is shown as Nil.

33 Capital Management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate. The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate. No change were made in the objective, policies or process during the financial year ended 31st March 2024 and 31st March 2023.

The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio of the Company. The company does not have gearing as it does not have any borrowings for the reporting period.

Net Debt and Equity is given in the table below :

Particular	31st March 2024	31st March 2023
Loans and borrowings	**–**	–
Less : cash and bank balances	**199.89**	879.96
Net Debts	**–**	–
Total Equity (Equity Share Capital plus Other Equity)	**58.63**	1,044.81
Capital gearing ratio	**–**	–

34 Financial Risk Management

Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk. The Board of Directors of the Company oversees the management of these risks. The focus of Risk Management is to assess risks, monitor, evaluate and deploy mitigation measures to manage these risks within risk appetite.

34.1 Market Risk

Market risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial Instrument affected by market risk includes loans and borrowings, deposits and derivative financial instruments.

i) Foreign Currency Risk

The Company is not exposed to foreign exchange risk through its sales and services or purchases from overseas suppliers in any foreign currency.

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's fixed rate long term borrowings carry fixed interest rate throughout the tenor of the borrowings. Hence the company is not exposed to interest rate risk.

34.2 Credit Risk

Credit risk refers to the risk of default of obligations by the counterparty resulting in a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information such as :

(i) Actual or expected significant adverse changes in business,

(ii) Actual or expected significant changes in the operating results of the counterparty,

(iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,

(iv) Significant increases in credit risk on other financial instruments of the same borrower

(v) Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements

34.3 Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times, maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies operating cash flows and short term borrowings in the form of buyers credit to meet its needs for funds. The Company has access to a sufficient variety of sources of funding as per requirement. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

A For the year ended 31st March 2024

Particular	Less than 1 Year	More than 1 Year	Carrying Value
Borrowings (including current maturities)	–	–	–
Other Financial Liabilities	98.47	–	98.47
Trade Payables	25.52	–	25.52

B For the year ended on 31st March 2023

Particular	Less than 1 Year	More than 1 Year	Carrying Value
Borrowings (including current maturities)	–	–	–
Other Financial Liabilities	108.52	–	108.52
Trade Payables	27.23	0.09	27.32

34.4 Offsetting of balances: The Company has not offset financial assets and financial liabilities

35 Financial Instruments

A) The financial instruments are categorised into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

Figures in INR Lakhs

Particular	As at 31st March 2024				As at 31st March 2023			
		Level of input used in				Level of input used in		
	Carrying Amount	Level 1	Level 2	Level 3	Carrying Amount	Level 1	Level 2	Level 3
Financial Assets								
At Amotised Cost								
Trade Receivables	**33.48**	**–**	**–**	**33.48**	98.64	–	–	98.64
Cash & Cash Equivalents	**189.86**	**–**	**–**	**189.86**	196.83	–	–	196.83
Other Bank Balance	**10.03**	**–**	**–**	**10.03**	683.13	–	–	683.13
Other Financial Assets	**11.16**	**–**	**–**	**11.16**	12.82	–	–	12.82
Total	**244.54**	**–**	**–**	**244.54**	991.42	–	–	991.42
Financial Liability								
At Amotised Cost								
Borrowings	**–**	**–**	**–**	**–**	–	–	–	–
Trade Payables	**25.52**	**–**	**–**	**25.52**	27.32	–	–	27.32
Other Financial Liabilities	**98.47**	**–**	**–**	**98.47**	108.52	–	–	108.52
Total	**123.99**	**–**	**–**	**123.99**	135.84	–	–	135.84

B. Measurement of fair value

The Company maintains procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of trade receivable, cash and cash equivalents, other bank balances, trade payables, deposits and other financial assets and liabilities are approximate at their carrying amounts largely due to the short-term maturities of these instruments.
2. The fair values of fixed deposit is approximate at its carrying amount due to interest bearing feature of the instrument.
3. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

36 Segment Information

The Company operates in 2 operating segment i.e. Product and Services. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Further, inter-segment revenue is accounted for based on the transaction price agreed between segments which is primarily market based. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment.

Particular	**31st March 2024**	31st March 2023
Revenue from Sale of Product	**946**	682
Revenue from Sale of Services	**1,535**	1,670
Total	**2,481**	2,352

37 Ratio

Ratio	Numerator	Denominator	2023-24	2022-23	% Variance	Reason for Variance
(a) Current Ratio	Current Assets	Current Liabilities	1.15	4.17	–72%	Variation due to increase in current assets and increase in current liabilities in current year as compare to previous year
(b) Debt–Equity Ratio	Debt (Total Borrowings)	Total Equity	–	–	NA	NA
(c) Debt Service Coverage Ratio	Profit for the period/year + Finance cost + Depreciation	Interest on Borrowings	–	–	NA	NA
(d) Return on Equity Ratio	Profit for the period/year	Average Total Equity	(1.79)	0.36	–592%	Due to increase in operating expense in current year
(e) Inventory turnover ratio	Revenue from operations	Average Inventory	42.49	35.86	18%	
(f) Trade Receivables turnover ratio	Revenue from operations	Average Trade Receivable	37.56	33.80	11%	
(g) Trade payables turnover ratio	Total purchases	Average Trade Payable	19.22	27.30	–30%	Due to increase in average trade payables in current year
(h) Net capital turnover ratio	Revenue from operations	Average Working Capital = Current Assets – Current Liabilities	41.75	2.33	1693%	Due to decrease in current assets
(i) Net profit ratio	Profit for the period/year	Revenue from operations	(0.40)	0.14	–390%	Loss due to increase in operating expense in current year
(j) Return on Capital employed	Profit Before Tax + Finance cost	Equity + Debt (Borrowings) – Cash and Cash Equivalents	713.89%	193.74%	268%	Due to loss in current year
(k) Return on investment	Profit Before Tax + Finance cost	Total assets	–193.63%	22.58%	–958%	Due to loss in current year and decrease in total assets

38 Previous year's figures are regrouped or rearranged wherever necessary to make them comparable with current year's presentation.

39 Other Statutory Information

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF M.I.T.R.A. AGRO EQUIPMENTS PRIVATE LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Financial Statements of M.I.T.R.A. Agro Equipments Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The company does not have any pending litigations which will impact its financial positions;
      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement; and

(v) The Company has not declared/paid/declared and paid any dividend during the year.

(vi) As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 relating to audit trail feature of the Company's accounting software is applicable to the Company only with effect from financial year beginning April 1, 2024, the reporting under Clause (g) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014 is not applicable for the current year.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified property, plant and equipment during the current year and no material discrepancies were noticed on such verification.

   (c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) According to the information and explanations given to us, the inventory comprising of raw materials, work-in-progress, finished goods, stores and spares and stock-in-trade has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

   (b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date.

   (e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

    (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

    (b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT- 4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

    (c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non- cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

    (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

    (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

    (d) Based on the information and explanation given to us and the audit procedures performed by us, we report that the group has 4 core investment companies.

17. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the the act.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of M.I.T.R.A. Agro Equipments Private Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

1 Material accounting policies

The financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015.

(a) Basis of preparation, presentation and measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

(b) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for the financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to fair value measurement in its entirety, which are described as follows :

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included with in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(c) Use of Estimates & Judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates on assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, obligations relating to employee defined benefits etc. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/ materialize.

(d) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

(e) Property Plant & Equipment

Property Plant & Equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any for use.

Depreciation is provided on straight line basis for property, plant and equipments so as to expense the depreciable aamount, i.e the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013.

(f) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Software Expenditure:

The expenditure incurred is amortized over five financial years equally commencing from the year in which the expenditure is incurred.

Internally-generated intangible assets – Development expenditure:

Expenditure on research activities is recognized as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognized if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally generated intangible asset can be recognized, development expenditure is recognized in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

(g) Derecognition of Intangible Assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in profit or loss when the asset is derecognized.

Impairment

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment based on internal/external factors. Impairment loss is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

(h) Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw Material and bought out components are valued at the lower of cost and net realizable value after providing for obsolescence and other losses, where considered necessary. In determining the cost of purchased materials, First-in-first-out is used.

Cost of manufactured finished goods and work-in-progress are valued on absorption costing basis and includes appropriate proportion of overheads.

Obsolete and slow moving items are valued at cost or estimated net realisable value, whichever is lower.

(i) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition).

(j) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments.

(k) Financial Instruments

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

(l) Financial Assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Financial assets at Fair value through profit or loss are measured at fair value at the end of each reporting period, with any gains or losses arising on re measurement recognized in profit or loss, The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in Other Income.

(m) Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(n) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for rebates and other similar allowances.

Sale of goods

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

a) The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;

b) The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

c) The amount of revenue can be measured reliably;

d) It is probable that the economic benefits associated with the transaction will flow to the company; and

e) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Sale of services are recognised on rendering of such services.

(o) Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

(p) GST

Goods & Service Tax payable on finished goods is accounted for upon transfer of goods to the customers. GST recovered is excluded from the sale of products and services. Purchases and Expenses are accounted net of GST when GST is recoverable.

(q) Custom Duty

Custom duty payable on imported goods is accounted for when the goods enter the Indian shores.

(r) Foreign exchange transactions

Transactions in foreign currencies (Other than company's functional currency) are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of Monetary items at the end of the year, is recognized as income or expense, as the case maybe.

(s) Employee Benefits

Providend Fund, ESIC and Labour Welfare Fund

The Group's contribution paid / payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in profit or loss.

Other Benefits

The undiscounted amount of short-term employee benefit expected to be paid in exchange for the services rendered by employees is recognized during the period when the employee renders the service.

Gratuity

Company's liability towards gratuity are determined by independent actuaries, using the projected unit credit method.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

Employee Stock Option

The Company accounts for compensation expense under the Employee Stock Option Plan as per the Indian Accounting Standards and as permitted by the Guidance Note on "Accounting for Employee Share-based Payments" issued by The Institute of Chartered Accountants of India. The difference between the fair value and the exercise price of option as at the date of the grant is treated as compensation expenses and charged over the vesting period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

(t) Taxes on Income

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Financial statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

(u) Warranty

Provision for warranty represents present value of management's best estimate of the future outflow of economic benefits that will be required in respect of sale of certain products, the estimated cost of which is accrued at the time of sale. Management estimates the related provision for future warranty claims based on historical warranty claim information and is adjusted regularly to reflect new information.

(v) Segment Reporting

The Company's business activity falls within a primary business segment namely manufacturing of different kinds of agricultural machines and related components.

(w) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

(x) Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

Note No. 24 - Capital Management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate Return to shareholders by pricing products commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Rs. In thousands

Particulars	As at 31st March 2024	As at 31st March 2023
Equity	**3,33,717**	3,44,932
Less: Cash and cash equivalents	**40,142**	15,862
	2,93,574	3,29,070

Note No. 25 - Financial Risk Management Framework

In the course of its business, the Company is exposed to a certain financial risks namely interest risk, currency risk & liquidity risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(a) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

(b) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follow

Particulars	Currency	As at 31st March 2024	As at 31st March 2023
Trade Payable	**USD**	**12**	–
	INR	**992**	–
	EUR	**123**	171
	INR	**11,374**	15,280

the above foreign currency exposures are not hedged by a derivative.

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign currency fluctuation in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities is as under.

Rs. In thousands

Particulars	Currency	Change in Rate	Effect on profit/(loss) before tax
As at March 31, 2024	**EUR**	**3.19%**	363
	USD	**0%**	–
As at March 31, 2023	**EUR**	**0%**	–
	USD	**0%**	–

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(c) Interest rate risk

Interest rate sensitivity

Considering the fact that the interest component is insignificant, the company do not consider the interest rate as risk at all.

(d) Credit Risk Management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel, where appropriate, as a means of mitigating the risk of financial loss from defaults.. The Company's exposure are continuously monitored.

Rs. In thousands

Expected loss rate	0%	0%	0%	
Gross carrying amount	–	26,994	943	27,937
Loss allowance provision	–	–	–	–

Compared to the size, the credit risk is insignificant and that no significant loss has has arisen during these years.

(e) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and longterm funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company / Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Note No. 26) - Employee Benefits

a) Defined Contribution Plan:

The Company makes Provident Fund contributions to defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits.

b) Defined Benefit Plans:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

c) Liability Risks

a. Asset-Liability Mismatch Risk:

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuations wings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk:

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk:

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA SOLARIZE PRIVATE LIMITED

Report on the Audit of Ind AS Financial Statements

1. Opinion

We have audited the accompanying Ind AS financial statements of **Mahindra Solarize Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of material accounting policies and other explanatory information (hereinafter referred to as 'Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended of the state of affairs of the Company as at March 31, 2024, its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, as prescribed under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 ("the Act") and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Ind AS financial statements.

3. Information other than the Ind AS financial statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the Ind AS financial statements and our auditor's report thereon. The Other information is expected to be made available to us after the date of our auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. Responsibilities of Management and those charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

i) As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ii) As required by section 143 (3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the Ind AS financial statements.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, Statement of Profit and Loss including Other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid Ind AS financial statements comply with section 133 of the Act read with rule 7 of Companies (Accounts) Rules 2015, as amended.

e) On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the provisions of said section are not applicable to the Company for the year ended March 31, 2024;

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements to the extend determinable / ascertainable - Refer note no. 34 to the Ind AS financial statements.

ii. The Company does not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. No dividend has been declared or paid during the year by the company in compliance with section 123 of the Companies Act, 2013.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA SOLARIZE PRIVATE LIMITED – STATEMENT ON THE MATTERS SPECIFIED IN PARAGRAPHS 3 AND 4 OF THE COMPANIES (AUDITOR'S REPORT) ORDER, 2020.

Referred to in paragraph [6(i)] under Report on Other Legal and Regulatory Requirements of our report of even date

According to the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of Right-of-use Assets;

(B) According to the information and explanations given to us and the records of the Company examined by us, the Company does not have any Intangible assets and accordingly, reporting under this Clause is not applicable.

(b) According to information and explanations given to us, Property, Plant and Equipment of the Company are being physically verified in every two years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its fixed assets. As informed, during the year no material discrepancies to the extent reconciled with the records available in this respect were noticed on such verifications.

(c) According to information and explanations given to us, the Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable.

(d) The company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) As per the information and explanations given to us, the inventory has been physically verified by the management at reasonable intervals. According to the information and explanation provided to us coverage and procedure of physical verification of inventories by the management is appropriate. As informed to us, the discrepancies noticed on verification to the extent reconciled with the records available in this respect between the physical stocks and the book records were not material and have been appropriately dealt with.

(b) Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets and quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the books of account of the Company. Refer note no. 15 to the Ind AS financial statements.

(iii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans secured and unsecured, to companies, firms, limited liability partnership or any other parties during the year. Accordingly reporting under clause iii(a) (A and B) of the order are not appliable to the Company.

(b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, investment made are not prejudicial to the company's interest.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c), 3(iii)(d) , 3(iii)(e) and 3(iii)(f) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations provided to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, with respect to unsecured loans granted and Investments made.

(v) As informed, the Company has not accepted any deposits during the year from public within the meaning of the directives issued by Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and rules framed thereunder and thus the provisions of Clause 3(v) of the Order are not applicable.

(vi) According to information and explanations given to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of Section 148 of the Act to the Company.

(vii) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Employees' State Insurance, Income Tax, Goods and Service Tax, Cess except for Provident Fund where certain delay was observed during the year. There were no undisputed amounts of statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Cess which were due for more than six months from the date they become payable as at the year end.

(b) According to the records examined by us and as per the information and explanations given to us, there are no statutory dues outstanding as at March 31, 2024 which have not been deposited on account of disputes.

(viii) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there are no transactions which are not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not defaulted in repayment of dues of loans or other borrowings or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not been declared wilful defaulter by any bank or financial institution or other lender.

(c) The Company has not taken any term loan, hence reporting under clause ix (c) of the order is not applicable.

(d) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not utilised funds raised on short term basis for long term purposes.

(e) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiary, associates or joint ventures, hence reporting under clause ix (e) of the order is not applicable to the Company.

(f) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, hence reporting under clause ix (f) of the order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not raised any money by way of initial public offer, further public offer (including debt instruments) during the year, hence reporting under clause (x) (a) of order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based upon the audit procedure performed for the purpose of reporting the true and fair view of the Ind AS financial statements and according to the information and explanation given by the management, we report that no fraud by the company and no material fraud on the company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.

(c) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there were no whistle blower complaints received by the company during the year and up to the date of this report.

(xii) In our opinion and according to the information and explanation given to us, the Company is not a nidhi Company. Accordingly, provision of clause 3 (xii) (a) to (c) of the order is not applicable.

(xiii) According to the information and explanation given to us and based on our verification of the records of the Company and on the basis of review and approvals by the Board of Directors, the transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details have been disclosed in the Ind AS financial statements as required by applicable accounting standard.

(xiv) According to the information and explanations given by the management, the provisions of Section 138 of the Act relating to Internal Audit is not applicable to the Company and accordingly, reporting under clause 3(xiv)(a) and 3(xiv)(b) of the Order is not applicable for the year.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them. Accordingly, paragraph 3 (xv) of the Order is not applicable.

(xvi) (a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India At, 1934. Accordingly, provisions of Clause 3 (xvi) (a) and (b) of the Order are not applicable to the Company.

(b) The company has not conducted any Non- Banking Financial or Housing Finance activities and hence reporting under clause 3 (xvi)(b) is not applicable to the Company.

(c) In Our opinion and according to the information and explanation given to us, the Company is not Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi) (c) of the Order is not applicable to the Company.

(d) According to the information and explanation given to us by the management, the Group has four CIC as part of the group.

(xvii) According to the information and explanations given to us and based on our examination of the records of the Company, the company has incurred cash losses during the financial year of Rs. 3,62,90,699 and Nil in previous financial year.

(xviii) There has been no resignation of the Statutory Auditors of the Company during the year.

(xix) According to the information and explanation given to us and on the basis of financial the ratios, aging and expected dates of realisation of financial assets and payment to financial liabilities, other information accompanying the Ind AS financial statements, our knowledge of the board of directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing as at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) The Provision of Section 135 of the Companies Act, 2013 are not applicable. hence, reporting under clause (xx) (a) and (b) not applicable to the Company as on reporting date.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA SOLARIZE PRIVATE LIMITED

Referred to in paragraph [6(ii)(f)] under Report on Other Legal and Regulatory Requirements of our report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls with reference to Ind AS Financial Statements of Mahindra Solarize Private Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to Ind AS Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by "The Institute of Chartered Accountants of India" (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Ind AS Financial Statements was established and maintained and if such controls operated effectively in all material respects.

   Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Ind AS Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Ind AS Financial Statements included obtaining an understanding of internal financial controls with reference to Ind AS Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

   We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Ind AS Financial Statements.

Meaning of Internal Financial Controls with reference to Ind AS Financial Statements

4. A company's internal financial control with reference to Ind AS Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Ind AS Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to Ind AS Financial Statements

5. Because of the inherent limitations of internal financial controls with reference to Ind AS Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Ind AS Financial Statements to future periods are subject to the risk that the internal financial control with reference to Ind AS Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

6. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Ind AS Financial Statements and such internal financial controls with reference to Ind AS Financial Statements were operating effectively as at March 31, 2024, based on the internal control with reference to Ind AS Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to Ind AS Financial Statements issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Company Overview and Material Accounting Policies and Information

1. Company Overview

Mahindra Solarize Private Limited (the 'company') is domiciled in India and is a subsidiary of Mahindra Holdings Limited. The Company has been incorporated under the provisions of the Companies Act, 2013.

The Company is engaged in the business of providing services in the areas of Engineering, Procurement and Construction of power plants in renewable energy, operations and maintenance, analytics, energy management services, sale of power and sale of solar water pump.

2. Material Accounting Policies and Information

2.1. Basis of Preparation of financial statements

The Company's financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs under sections 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2017. The Company has investment in Subsidiary, however in view of the provisions of para 4 of the IND AS 110- Consolidated Financial Statements and Rule 9.1.6 Companies (Accounts) Rules, 2014, Company has not prepared Consolidated Financial Statements.

The financial statements of the Company for the year ended 31 March 2024 were approved for issue in accordance with the resolution of the Board of Directors on 15 April 2024.

2.2. Basis of accounting

The Company maintains its accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair values in accordance with Ind AS. Further, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations override the same requiring a different treatment.

2.3. Presentation of Financial Statements

The Balance Sheet, Statement of Profit and Loss, Statement of Cash Flows and Statement of Changes in equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.

2.4. Current / Non-Current classification

An asset or liability is classified as 'current' when it satisfies any of the following criteria:

(i) it is expected to be realized or settled, or is intended for sale or consumption in, the company's normal operating cycle;

(ii) it is held primarily for the purpose of being traded;

(iii) it is expected to be realized or settled within twelve months from the reporting date; or

(iv) an asset is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for atleast twelve months from the reporting date

(v) in case of liability, the company does not have an unconditional right to defer settlement of the liability for atleast twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out above which are in accordance with Schedule III to the Act.

<u>Operating Cycle</u>

Based on the nature of products and services of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.5. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of material accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant note.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

A. Judgements in applying material accounting policies

The judgements, apart from those involving estimations (see note below) that the Company has made in the process of applying its material accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Company is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement.

B. Key source of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) Property, Plant and Equipment

Determination of the estimated useful lives of Property, Plant and Equipment (PPE) and the assessment as to which components of the cost may be capitalized. Useful lives of items of PPE are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined based on the prevailing market yields of Indian Government Securities as at the Balance Sheet Date for the estimated term of the obligations.

c) Recognition of deferred tax assets

A deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

d) Recognition and measurement of other provision

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure included in other provisions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

e) Discounting of long-term financial instruments

All financial instruments are required to be measured at fair value on initial recognition. In case of financial instruments which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

2.6. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

2.7. Property, plant and equipment and Depreciation

Property, Plant and Equipment is recognized when it is possible that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably.

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company. Advance given towards acquisition of Property, Plant and Equipment outstanding at the reporting date are disclosed as capital advances under Non-Current Assets.

Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition is recognized in the Statement of Profit and Loss in the same period.

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognised in the statement of profit and loss. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the company will obtain ownership by the end of the lease term. Freehold land is not depreciated.

Estimated useful lives as follows:

Office Equipment	4 to 5 years
Computer	3 years

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

2.8. Intangible Assets

Intangible assets that the Company controls and from which it expects future economic benefits are capitalised upon acquisition at cost comprising the purchase price and directly attributable costs to prepare the assets for its intended use.

Intangible Assets is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition is recognized in the Statement of Profit and Loss in the same period.

Intangible assets that have finite lives are amortised over their useful lives by the straight-line method.

2.9. Investments in Subsidiaries, Associates and Joint ventures

Investments in Subsidiaries, Associates and Joint Ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.10. Inventories

Construction material, components, stores and spares are valued at lower of cost or net realisable value. Cost is determined on weighted average method basis and comprise all cost of purchase, duties, taxes and all other costs incurred in bringing the inventory to their present location and condition.

2.11. Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's net selling price or its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in the statement of profit and loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.12. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in two broad categories:- i] Financial assets at fair value and ii] Financial assets at amortised cost. Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss [i.e fair value through profit or loss], or recognised in other comprehensive income [i.e. fair value through other comprehensive income]. A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Derecognition

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Impairment of financial asset

For impairment of financial assets, Company applies expected credit loss (ECL) model. Following financial assets and credit risk exposure are covered within the ECL model:

a. Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balance

b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables including receivables recognised under service concession arrangements.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, then the impairment loss is provided based on lifetime ECL.

Financial liabilities

Initial recognition

The company initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated.

All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the company becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities are initially recognised at fair value, net of transaction costs incurred.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

2.13. Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.14. Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes unless the possibility of outflow of resources embodying economic benefits is remote

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

2.15. Revenue recognition

EPC Contract

Revenue from EPC contracts, where the outcome can be estimated reliably, is recognised under the percentage of completion method by reference to the stage of completion of the contract activity, hence revenue is recognized over the period of time. The stage of completion is measured by calculating the proportion that costs incurred to date bear to the estimated total costs of a contract. Determination of revenues under the percentage of completion method necessarily involves making estimates by the management.

When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration to be earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Any variations in contract work, claims, incentive payments are included in the transaction price if it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

Sale of Goods

An entity shall recognise revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

Interest Income

Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

2.16. Borrowing Cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

2.17. Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed to have been converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period.

2.18. Cash Flow statement

Cash flows are reported using the indirect method, whereby profit or loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.19. Employee Benefits

Short Term Employment benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post Employment Employee Benefits

Retirement benefits to employees comprise payments to government provident funds, gratuity fund and Employees State Insurance.

Defined Contribution Plans

The Company's contribution to defined contributions plans such as Provident Fund, Employee State Insurance are recognised in the Statement of Profit and Loss in the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective Funds.

Defined Benefit Plans

Gratuity liability is defined benefit obligation. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary, using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Actuarial gains/losses are recognized in the other comprehensive income.

2.20. Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay income tax higher than that computed under MAT, during the year that MAT is permitted to be set off under the Income Tax Act, 1961 (specified year). In the year, in which the MAT credit becomes eligible to be recognized as an asset the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT credit entitlement.

The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay income tax higher than MAT during the specified year.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year.

2.21. Assets Held for Sale

Non-current assets are classified as held for sale when their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is highly probable.

Assets designated as held for sale are measured at the lower of carrying amount at designation and fair value less costs to sell.

2.22. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

For cash and other liquid assets, the fair value is assumed to approximate to book value, given the short-term nature of these instruments. For those items with a stated maturity exceeding twelve months, fair value is calculated using a discounted cash flow methodology.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Note No. 28 – Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating ₹ 41.92 lakhs (previous year 40.82) Lakhs has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

A defined benefit plan is a post–employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that employee has earned in exchange of their service in the current and prior periods and discounted back to the current valuation date to arrive at the present value of the defined benefit obligation. The defined benefit obligation is deducted from the fair value of plan assets, to arrive at the net asset / (liability), which need to be provided for in the books of accounts of the Company. As required by the Ind AS19, the discount rate used to arrive at the present value of the defined benefit obligations is based on the Indian government security yields prevailing as at the balance sheet date that have maturity date equivalent to the tenure of the obligation. The calculation is performed by a qualified actuary using the projected unit credit method. Remeasurements arising from defined benefit plans comprises of actuarial gains and losses on benefit obligations. The Company recognizes these items of remeasurements immediately in other comprehensive income and all the other expenses related to defined benefit plans as employee benefit expenses in their profit and loss account. When the benefits of the plan are changed, or when a plan is curtailed or settlement occurs, the portion of the changed benefit related to past service by employees, or the gain or loss on curtailment or settlement, is recognized immediately in the profit or loss account when the plan amendment or when a curtailment or settlement occurs.

NATURE OF BENEFITS

The Company operates a defined benefit final salary gratuity plan which is open to new entrants. The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

GOVERNANCE OF THE PLAN

The Company is responsible for the overall governance of the plan. Since the plan is unfunded, the governance of the plan is limited to employees being paid gratuity as per the terms of the plan.

INHERENT RISKS:

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	31 March 2024	31 March 2023
Discount rate	**7.20%**	7.35%
Expected rate of salary increase	**9.00%**	9.00%

Defined benefit plans – as per actuarial valuation on 31st March, 2024

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Note No. 31A- Fair Valuation techniques used to determine fair value

The Company maintains procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date

The following methods and assumptions were used to estimate the fair values :

The Company has not disclosed the Fair values of cash and cash equivalents, trade payables and other financial assets and liabilities because their carrying amountsare reasonable approximation of fair values.

The fair values of trade receivables and current loans are calculated based on expected credit loss method and discounted cash flow using a current lending rate respectively. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including credit risk. The fair values of non-current loan are approximate at their carrying amount due to interest bearing features of these instruments.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Fair values of quoted financial instruments are derived from quoted market prices in active markets.

The fair value of investments in unlisted equity shares is determined using a combination of direct sales comparison and income approach.

The fair value of the remaining financial instruments is determined using discounted cash flow analysis and/or direct sales comparison approach.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques:

Level 1 : Quoted prices / published NAV [unadjusted] in active markets for identical assets or liabilities. It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value [NAV] is published by mutual fund operators at the balance sheet date.

Level 2 : Inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly [that is, as prices] or indirectly [that is, derived from prices]. It includes fair value of the financial instruments that are not traded in an active market [for example, over-the-counter derivatives] is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the Company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

Level 3 : Inputs for the asset or liability that are not based on observable market data [that is, unobservable inputs]. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Cash and Cash Equivalents, Other Financial Assets, Long Term and Short Term Borrowings, Trade Payables and Other financial liabilities are shown at amortised cost. The following table provides hierarchy of the fair value measurement of Company's asset and liabilities, grouped into Level 1 [Quoted prices in active markets], Level 2 [Significant observable inputs] and Level 3 [Significant unobservable inputs] as described below:

(₹ in Lakh)

Particulars		**March 31, 2024**

Financial Risk Management - Objectives and Policies

The Company is exposed to market risk, credit risk and liquidity risk. Risk management is carried out by the company under policies approved by the board of directors. This Risk management plan defines how risks associated with the Company will be identified, analysed, and managed. It outlines how risk management activities will be performed, recorded, and monitored by the Company. The basic objective of risk management plan is to implement an integrated risk management approach to ensure all significant areas of risks are identified, understood and effectively managed, to promote a shared vision of risk management and encourage discussion on risks at all levels of the organization to provide a clear understanding of risk/benefit trade-offs, to deploy appropriate risk management methodologies and tools for use in identifying, assessing, managing and reporting on risks, and to determine the appropriate balance between cost and control of risk and deploy appropriate resources to manage/optimize key risks. Activities are developed to provide feedback to management and other interested parties [e.g. Audit committee, Board etc.]. The results of these activities ensure that risk management plan is effective in the long term.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise of three types of risk: foreign currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. The sensitivity analysis is given relating to the position as at March 31, 2024 and March 31, 2023. The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations, provisions and on the non-financial assets and liabilities. The sensitivity of the relevant statement of profit and loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2024 and March 31, 2023.

Foreign exchange risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. The Company transacts business primarily in USD and Euro. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. The Company regularly reviews and evaluates exchange rate exposure arising from foreign currency transactions. There are no foreign currency receivables and payables outstanding as on 31 March 2024 and 31 March 2023.

Interest rate risk and sensitivity:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Commodity price risk:

The Company is exposed to the movement in price of key traded materials in domestic and international markets. The Company has entered into contracts for procurement of material. However the Company is not exposed to significant risk.

Equity price risk:

The Company has decided to fair value its equity instruments through Other Comprehensive Income and carry investment in jointly controlled entities at Cost. Therefore neither profit or loss nor equity will be affected by the equity price risk of those instruments. Accordingly, no sensitivity analysis is required.

Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities [primarily trade receivables] and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times, maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on operating cash flows and short term borrowings in the form of Working Capital Loan & Export Packing Credit to meet its needs for funds. Company does not breach any covenants on any of its borrowing facilities. The Company has access to a sufficient variety of sources of funding as per requirement.

Competition and price risk

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

Note 32- Capital Management

For the purpose of Company's capital management, capital includes issued capital, all other equity reserves and debts. The primary objective of the Company's capital management is to maximise shareholders value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using gearing ratio, which is net debt divided by total capital [equity plus net debt]. Net debt are noncurrent and current debts as reduced by cash and cash equivalents, other bank balances and current investments. Equity comprises all components including other comprehensive income.

(₹ in Lakh)

Particulars	As at 31st March 2024	As at 31st March 2023
Total Debt	**500.00**	3,746.88
Less: Cash and Cash Equivalent	**288.29**	0.25
Net Debt	**211.71**	3,746.63
Total Equity [Equity Share Capital plus Other Equity]	**3,135.05**	4,025.00
Total Capital [Total Equity plus net debt]	**3,346.76**	7,771.63
Gearing ratio	**0.94**	0.52

Note 33. Segment Reporting

The Company has only one Operating Segment as per IND-AS 108 "Operating Segment" i.e. Engineering, Procurement and Construction of power plants in renewable energy, operations and maintenance. Hence, information in accordance with the Ind AS issued by the Institute of Chartered Accountants of India on 'Segment Reporting' is not given.

Note 34. Contingent Liabilities

(₹ in Lakh)

Particulars	31-Mar-24	31-Mar-23
Bank Guarantees	**3,374.76**	3,470.07

Note 35. Sundry Creditors, Other Liabilities and Provisions

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
RESURGENCE SOLARIZE URJA PRIVATE LIMITED

Report on the Audit of Ind AS Financial Statements

1. Opinion

We have audited the accompanying Ind AS financial statements of **Resurgence Solarize Urja Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of material accounting policies and other explanatory information (hereinafter referred to as 'Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended of the state of affairs of the Company as at March 31, 2024, its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, as prescribed under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 ("the Act") and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Ind AS financial statements.

3. Other Information (Information other than the Ind AS financial statements and Auditor's report thereon)

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Directors Report, but does not include the Ind AS financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. Management's responsibility for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. In making risk assessments, we consider internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. but not for the purpose of expressing an opinion on whether the Company has an adequate internal financial control system over financial reporting in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

(i) As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

(ii) As required by section 143 (3) of the Act, based on our audit we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the Ind AS financial statements.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, Statement of Profit and Loss including Other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid Ind AS financial statements comply with section 133 of the Act read with rule 7 of Companies (Accounts) Rules 2015, as amended.

(e) On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act.

(f) Reporting on adequacy of internal financial control over financial reporting of the Company and the operating effectiveness of such controls is not applicable as per the notification No. G.S.R 583 (E) issued by Ministry of Corporate Affairs, Government of India, dated June 13, 2017.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the provisions of said section are not applicable to the Company for the year ended March 31, 2023:

(h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the provisions of said section are not applicable to the Company for the year ended March 31, 2024;

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would have an impact on its financial position;

ii. The Company does not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. No dividend has been declared or paid during the year by the company in compliance with section 123 of the Companies Act, 2013.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Annexure A to the Independent Auditor's Report of even date on the Ind AS financial statements of Resurgence Solarize Urja Private Limited – Statement on the matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2020.

Referred to in paragraph [6(i)] under Report on Other Legal and Regulatory Requirements of our report of even date

(i) (a) (A) As per the information and explanations given to us and the records of the Company examined by us, the company does not have any Property, Plant and Equipment and accordingly, reporting under Clause 3 (i) (a) (A) is not applicable.

(B) According to the information and explanations given to us and the records of the Company examined by us, the Company does not have any Intangible assets and accordingly, reporting under Clause 3 (i) (a) (B) is not applicable.

(b) As per the information and explanations given to us and the records of the Company examined by us, the company does not have any Property, Plant and Equipment and accordingly, reporting under Clause 3 (i) (b) is not applicable.

(c) According to information and explanations given to us, the Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable.

(d) As per the information and explanations given to us and the records of the Company examined by us, the company does not have any Property, Plant and Equipment and accordingly, reporting under Clause 3(i)(d) of the order is not applicable.

(e) No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) As per the information and explanations given to us, the company does not have any inventory during the year. hence, reporting under Clause 3(ii)(a) of the order is not applicable.

(b) Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Hence, reporting under this Clause 3(ii)(b) is not applicable.

(iii) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not provided loans or advances and guarantees or security to subsidiaries, joint ventures and associates, hence reporting under clause 3(iii)(a)(A and B) of the Order are not applicable to the Company.

(b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the company has not made any investment and provided guarantees prejudicial to the company's interest, hence reporting under clause 3(iii)(b) of the Order is not applicable to the Company.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c), 3(iii)(c), 3(iii)(c) and 3(iii)(c) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations provided to us, the Company has not given any loans and neither made any investments nor provided any guarantees and security as specified in Section 185 and 186 of the Companies Act, 2013 and accordingly provisions of clause (iv) of Order are not applicable.

(v) As informed, the Company has not accepted any deposits during the year from public within the meaning of the directives issued by Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and rules framed thereunder and thus the provisions of Clause 3(v) of the Order are not applicable.

(vi) According to the information and explanations given to us by the management and in our opinion, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Act, for the services provided by the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable.

(vii) a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Income Tax, Goods and Service Tax, Cess. There were no undisputed amounts of statutory dues including Income Tax, Goods and Service Tax, Cess which were due for more than six months from the date they become payable as at the year end.

b) According to the records examined by us and as per the information and explanations given to us, there are no statutory dues outstanding as at March 31, 2024 which have not been deposited on account of disputes.

(viii) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there are no transactions which are not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) a) According to the information and explanations given to us by the management and in our opinion, the Company has not taken any loans or other borrowings from any lender. Accordingly, reporting under clause 3(ix) (a) of the Order is not applicable.

b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not been declared wilful defaulter by any bank or financial institution or other lender.

c) The Company has not taken any term loan, hence reporting under clause ix (c) of the order is not applicable.

d) According to the information and explanations given to us by the management and in our opinion, the Company has not raised any funds on short term basis during the year. Accordingly, reporting under clause 3(ix) (d) of the Order is not applicable.

e) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiary, associates or joint ventures, hence reporting under clause ix (e) of the order is not applicable to the Company.

(f) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, hence reporting under clause ix (f) of the order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not raised any money by way of initial public offer, further public offer (including debt instruments) during the year, hence reporting under clause (x) (a) of order is not applicable.

(b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the company has not made any preferential allotment of shares during the year and thus the provisions of this Clause are not applicable.

(xi) (a) Based on the audit procedure performed for the purpose of reporting the true and fair view of the Ind AS financial statements and according to the information and explanation given by the management, we report that no fraud by the company and no material fraud on the company has been noticed or reported during the year.

(b) No report under sub section (12) of section 143 of the Companies Act has been filed in the form of ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the central government during the year and up to the date of this audit report.

(c) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there were no whistle blower complaints received by the company during the year and up to the date of this report.

(xii) In our opinion and according to the information and explanation given to us, the Company is not a nidhi Company. Accordingly, provision of clause 3 (xii) (a) to (c) of the order is not applicable.

(xiii) According to the information and explanation given to us and based on our verification of the records of the Company and on the basis of review and approvals by the Board of Directors, the transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details have been disclosed in the Ind AS financial statements as required by applicable accounting standard.

(xiv) According to the information and explanations given by the management, the provisions of Section 138 of the Act relating to Internal Audit is not applicable to the Company and accordingly, reporting under clause 3(xiv)(a) and 3(xiv)(b) of the Order is not applicable for the year.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them. Accordingly, paragraph 3 (xv) of the Order is not applicable.

(xvi) (a) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company and hence reporting under clause 3 (xvi)(a) is not applicable to the Company.

(b) According to the information and explanations given by the management and in our opinion, the Company is not required to be registered under section 45 -IA of the Reserve Bank of India Act,1934 and has not conducted any Non- Banking Financial or Housing Finance activities. Accordingly, reporting under clause 3 (xvi) (b) of the Order is not applicable.

(c) According to the information and explanations given by the management and in our opinion, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India and hence reporting under clause 3 (xvi)(c) is not applicable to the Company.

(d) According to the information and explanation given to us by the management, the Group has four CIC as part of the group.

(xvii) According to the information and explanations given to us and based on our examination of the records of the Company, the company has incurred cash losses during the current financial year of Rs. 3,81,568/- and in the previous financial year of Rs.21,31,210/-.

(xviii) There has been no resignation of the Statutory Auditors of the Company during the year.

(xix) According to the information and explanation given to us and on the basis of financial the ratios, aging and expected dates of realisation of financial assets and payment to financial liabilities, other information accompanying the Ind AS financial statements, our knowledge of the board of directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing as at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) The Provision of Section 135 of the Companies Act, 2013 are not applicable. hence, reporting under clause (xx) (a) and (b) not applicable to the Company as on reporting date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Company Overview and Significant Accounting Policies

1. Company Overview

Resurgence Solarize Urja Private Limited (the 'company') is domiciled in India and is a subsidiary of Mahindra Solarize Private Limited. The Company has been incorporated under the provisions of the Companies Act, 2013 on August 29, 2022.

The Company is engaged in the business of providing services in the areas of Engineering, Procurement and Construction of power plants in renewable energy, operations and maintenance, analytics, energy management services, sale of power and sale of solar water pump. Currently the Company is engaged in setting up of a Solar Power Project at Tamil Nadu for generation and sale of electricity which is under construction at the year end.

2. Material Accounting Policies and Information

2.1 Basis of Preparation of financial statements

The Company's financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs under sections 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2017.

The financial statements of the Company for the year ended 31 March 2024 were approved for issue in accordance with the resolution of the Board of Directors on 15 April 2024.

2.2 Basis of accounting

The Company maintains its accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair values in accordance with Ind AS. Further, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations override the same requiring a different treatment.

2.3 Presentation of Financial Statements

The Balance Sheet, Statement of Profit and Loss, Cash Flow Statement and Statement of Changes in equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.

2.4 Current / Non-Current classification

An asset or liability is classified as 'current' when it satisfies any of the following criteria:

(i) it is expected to be realized or settled, or is intended for sale or consumption in, the company's normal operating cycle;

(ii) it is held primarily for the purpose of being traded;

(iii) it is expected to be realized or settled within twelve months from the reporting date; or

(iv) an asset is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for atleast twelve months from the reporting date

(v) in case of liability, the company does not have an unconditional right to defer settlement of the liability for atleast twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out above which are in accordance with Schedule III to the Act.

Operating Cycle

Based on the nature of products and services of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.5 Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of material accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant note.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

A. Judgements in applying material accounting policies

The judgements, apart from those involving estimations (see note below) that the Company has made in the process of applying its material accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Company is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement.

B. Key source of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) Property, Plant and Equipment

Determination of the estimated useful lives of Property, Plant and Equipment (PPE) and the assessment as to which components of the cost may be capitalized. Useful lives of items of PPE are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined based on the prevailing market yields of Indian Government Securities as at the Balance Sheet Date for the estimated term of the obligations.

c) Recognition of deferred tax assets

A deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

d) Recognition and measurement of other provision

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure included in other provisions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

e) Discounting of long-term financial instruments

All financial instruments are required to be measured at fair value on initial recognition. In case of financial instruments which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

2.6 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest thousands, unless otherwise indicated.

2.7 Property, plant and equipment and Depreciation

Property, Plant and Equipment is recognized when it is possible that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably.

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company. Advance given towards acquisition of Property, Plant and Equipment outstanding at the reporting date are disclosed as capital advances under Non-Current Assets.

Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition is recognized in the Statement of Profit and Loss in the same period.

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognised in the statement of profit and loss. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the company will obtain ownership by the end of the lease term. Freehold land is not depreciated.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

2.8 Intangible Assets

Intangible assets that the Company controls and from which it expects future economic benefits are capitalised upon acquisition at cost comprising the purchase price and directly attributable costs to prepare the assets for its intended use.

Intangible Assets is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition is recognized in the Statement of Profit and Loss in the same period.

Intangible assets that have finite lives are amortised over their useful lives by the straight-line method.

2.9 Investments in Subsidiaries, Associates and Joint ventures

Investments in Subsidiaries, Associates and Joint Ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.10. Inventories

Construction material, components, stores and spares are valued at lower of cost or net realisable value. Cost is determined on first in first out basis and comprise all cost of purchase, duties, taxes and all other costs incurred in bringing the inventory to their present location and condition.

2.11. Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's net selling price or its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in the statement of profit and loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.12. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in two broad categories:- i] Financial assets at fair value and ii] Financial assets at amortised cost. Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss [i.e fair value through profit or loss], or recognised in other comprehensive income [i.e. fair value through other comprehensive income]. A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Derecognition

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Impairment of financial asset

For impairment of financial assets, Company applies expected credit loss (ECL) model. Following financial assets and credit risk exposure are covered within the ECL model:

a. Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balance

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables including receivables recognised under service concession arrangements.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, then the impairment loss is provided based on lifetime ECL.

Financial liabilities

Initial recognition

The company initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated.

All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the company becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities are initially recognised at fair value, net of transaction costs incurred.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

2.13. Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.14. Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes unless the possibility of outflow of resources embodying economic benefits is remote.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

2.15. Revenue recognition

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, claims and incentive payments, to the extent that it is probable that they will result in revenue and can be measured reliably.

If the outcome of a construction contract can be estimated reliably, contract revenue is recognised in profit or loss in proportion to the stage of completion of the contract. The stage of completion is assessed by reference to surveys of work performed. Otherwise, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Revenue related to construction or upgrade services provided under a service concession arrangement is recognised based on the stage of completion of the work performed. Operation or service revenue is recognised in the period in which the services are provided by the company.

Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

2.16. Borrowing Cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

2.17. Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed to have been converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period.

2.18. Cash Flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.19. Employee Benefits

Short Term Employment benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post Employment Employee Benefits

Retirement benefits to employees comprise payments to government provident funds, gratuity fund and Employees State Insurance.

Defined Contribution Plans

The Company's contribution to defined contributions plans such as Provident Fund, Employee State Insurance are recognised in the Statement of Profit and Loss in the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective Funds.

Defined Benefit Plans

Gratuity liability is defined benefit obligation. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary, using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Actuarial gains/losses are recognized in the other comprehensive income.

2.20. Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay income tax higher than that computed under MAT, during the year that MAT is permitted to be set off under the Income Tax Act, 1961 (specified year). In the year, in which the MAT credit becomes eligible to be recognized as an asset the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT credit entitlement.

The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay income tax higher than MAT during the specified year.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year.

2.21. Assets Held for Sale

Non-current assets are classified as held for sale when their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is highly probable.

Assets designated as held for sale are measured at the lower of carrying amount at designation and fair value less costs to sell.

2.22. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

For cash and other liquid assets, the fair value is assumed to approximate to book value, given the short-term nature of these instruments. For those items with a stated maturity exceeding twelve months, fair value is calculated using a discounted cash flow methodology.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Note No. 3 - Capital Work-in-progress (CWIP)

(Amount in Rs. Thousand)

Particulars	As at March 31, 2024	As at March 31, 2023

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(ii) Terms/Rights attached to equity shares

The company has only one class of shares referred to as equity shares having par value of Rs. 10/-. Each holder of equity shares is entitled to one vote per share. The company declares and pays dividend in Indian Rupees. The dividend proposed by Board of Directors is subject to the approval of the shareholders in the ensuring Annual General Meeting.In the event of liquidation of company the holders of equity shares will be entitled to receive any of the remaining assets of the company after distribution of all preferential amount. However no such preferential amounts exist currently. The distribution will be in proportion to number of equity shares held by shareholders.

(iii) Details of shares held by each shareholder holding more than 5% shares:

	As at March 31, 2024			As at March 31, 2023	
Class of shares / Name of shareholder	**Number of shares held**	**% holding in that class of shares**	**Amount**	% holding in that class of shares	Amount

Total	**11,396.50**	**11,396.50**	**12,700.15**	12,700.15

Note No. 16 - Fair Valuation techniques used to determine fair value

The Company maintains procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values :

I) Fair value of cash and cash equivalents, trade payables, borrowings and other financial assets and liabilities are approximate at their carrying amounts largely due to the short-term maturities of these instruments

II) The fair values of trade receivables and current loans are calculated based on expected credit loss method and discounted cash flow using a current lending rate respectively. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including credit risk. The fair values of non-current loan are approximate at their carrying amount due to interest bearing features of these instruments

III) The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

IV) Fair values of quoted financial instruments are derived from quoted market prices in active markets.

V) The fair value of investments in unlisted equity shares is determined using a combination of direct sales comparison and income approach

VI) The fair value of the remaining financial instruments is determined using discounted cash flow analysis and/or direct sales comparison approach.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques:

Level 1: Quoted prices / published NAV [unadjusted] in active markets for identical assets or liabilities. It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value [NAV] is published by mutual fund operators at the balance sheet date.

Level 2: Inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly [that is, as prices] or indirectly [that is, derived from prices]. It includes fair value of the financial instruments that are not traded in an active market [for example, over-the-counter derivatives] is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the Company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

Level 3: Inputs for the asset or liability that are not based on observable market data [that is, unobservable inputs]. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Cash and Cash Equivalents, Other Financial Assets, Trade Payables and Other financial liabilities are shown at amortised cost. The following table provides hierarchy of the fair value measurement of Company's asset and liabilities, grouped into Level 1 [Quoted prices in active markets], Level 2 [Significant observable inputs] and Level 3 [Significant unobservable inputs] as described below:

March 31, 2024 **(Amount in thousands)**

Particulars	**Level-1**	**Level-2**	**Level-3**
Financial Assets designated at amortised cost:			
Other Financial Assets	–	–	41,366.70
Financial Liabilities designated at amortised cost:			
Other Financial Liabilities	–	–	11,365.00

March 31, 2023 **(Amount in thousands)**

Particulars	**Level-1**	**Level-2**	**Level-3**
Financial Assets designated at amortised cost:			
Other Financial Assets	–	–	5,010.00
Financial Liabilities designated at amortised cost:			
Other Financial Liabilities	–	–	12,685.15

There were no transfers between level 1 and level 2 during the year

Financial Risk Management - Objectives and Policies

The Company is exposed to market risk, credit risk and liquidity risk. Risk management is carried out by the company under policies approved by the board of directors. This Risk management plan defines how risks associated with the Company will be identified, analysed, and managed. It outlines how risk management activities will be performed, recorded, and monitored by the Company. The basic objective of risk management plan is to implement an integrated risk management approach to ensure all significant areas of risks are

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

identified, understood and effectively managed, to promote a shared vision of risk management and encourage discussion on risks at all levels of the organization to provide a clear understanding of risk/benefit trade-offs, to deploy appropriate risk management methodologies and tools for use in identifying, assessing, managing and reporting on risks, and to determine the appropriate balance between cost and control of risk and deploy appropriate resources to manage/optimize key risks. Activities are developed to provide feedback to management and other interested parties [e.g. Audit committee, Board etc.].

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise of three types of risk: foreign currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. The sensitivity analysis is given relating to the position as at March 31, 2024 and March 31, 2023. The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations, provisions and on the non-financial assets and liabilities. The sensitivity of the relevant statement of profit and loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2024 and March 31, 2023.

Foreign exchange risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. The Company transacts business primarily in USD and Euro. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. The Company regularly reviews and evaluates exchange rate exposure arising from foreign currency transactions. There are no foreign currency receivables and payables outstanding as on 31 March 2024 and 31 March 2023.

Interest rate risk and sensitivity:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Commodity price risk:

The Company is exposed to the movement in price of key traded materials in domestic and international markets. The Company has entered into contracts for procurement of material. However the Company is not exposed to significant risk.

Equity price risk:

The Company has decided to fair value its equity instruments through Other Comprehensive Income and carry investment in jointly controlled entities at Cost. Therefore neither profit or loss nor equity will be affected by the equity price risk of those instruments. Accordingly, no sensitivity analysis is required.

Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities [primarily trade receivables] and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times, maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on operating cash flows and short term borrowings in the form of Working Capital Loan & Export Packing Credit to meet its needs for funds. Company does not breach any covenants [where applicable] on any of its borrowing facilities. The Company has access to a sufficient variety of sources of funding as per requirement.

Competition and price risk

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

Note No. 17 - Capital Management

For the purpose of Company's capital management, capital includes issued capital, all other equity reserves and debts. The primary objective of the Company's capital management is to maximise shareholders value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using gearing ratio, which is net debt divided by total capital [equity plus net debt]. Net debt are noncurrent and current debts as reduced by cash and cash equivalents, other bank balances and current investments. Equity comprises all components including other comprehensive income.

Particulars	**As at 31st March 2024**	As at 31st March 2023
Total Debt	**–**	–
Cash and Cash Equivalent	**103.20**	64,508.40
Net Debt	**–**	–
Total Equity [Equity Share Capital plus Other Equity]	**97,287.22**	97,668.79
Total Capital [Total Equity plus net debt]	**97,287.22**	97,668.79
Gearing ratio	**–**	–

Note No. 19- Sundry Creditors, Other Liabilities and Provisions

Disclosure of sundry creditors under current liabilities is based on the information available with the Company regarding the status of the suppliers as defined under the "Micro, Small and Medium Enterprises Development Act, 2006" (the Act). INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA AGRI SOLUTIONS LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the financial statements of Mahindra Agri Solutions Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

MANAGEMENT'S AND BOARD OF DIRECTORS RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
    b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
    c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
    d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
    e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.
    f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
    g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 42 to the financial statements.
    b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
    d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 44 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

       (ii) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 44 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Mahindra Agri Solutions Limited for the year ended 31 March 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified once in three years In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year.For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investments, provided guarantee or security, granted loans and advances in the nature of loans, secured or unsecured to companies, limited liability partnership and other parties in respect of which the requisite information is as below:

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to other companies as below:

Particulars	Loans (Rs. in Lakhs)
Aggregate amount during the year	
– Joint ventures*	1,800
Balance outstanding as at balance sheet date	
– Joint ventures*	Nil

**As per the Companies Act, 2013*

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made, guarantees provided, security given during the year and the terms and conditions of the grant of loans and advances in the nature of loans and guarantees provided during the year are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made and loans, guarantees and security given by the Company, in our opinion the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount demanded (Rs. in Lakhs)	Amount paid under dispute (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
West Bengal Sales and Value Added Tax	Value Added Tax	16.76	2.74	2016-17	Joint Commissioner Commercial Taxes, Kolkata South Circle
Gujarat Sales and Value Added Tax	Value Added Tax	19.76	3.95	2016-17, 2017-18	Assistant Commissioner of Stale Tax, Unit-13. Ahmedabad
Gujarat Sales and Value Added Tax	Central Sales Tax	56.15	11.23	2016-17 2017-18	Assistant Commissioner of Stale Tax, Unit-13. Ahmedabad
Madhya Pradesh Commercial Tax	Value Added Tax	10.93	2.75	2017-18	Madhya Pradesh Commercial Tax Appellate Board
Madhya Pradesh Commercial Tax	Central Sales Tax	5.54	1.4	2017-18	Madhya Pradesh Commercial Tax Appellate Board
The Finance Act, 1994	Service Tax	5.85	1.02	2015-16, 2016-17, 2017-18	Customs, Excise & Service tax Appellate Tribunal
Bihar Sales and Value Added Tax	Value Added Tax	15	15	2016-17	Office of Additional Commissioner of Sales tax (Appeal) Central Division, Patna
Uttar Pradesh Sales and Value Added Tax	Value Added Tax	55	55	2016-17, 2017-18	Deputy Commissioner (Assmt), Commercial Tax Dept, Lucknow, UP
Punjab Sales and Value Added Tax	Central Sales Tax	16.69	4.17	2016-17	Deputy Excise and Taxation Commissioner (Appeals), Mohali
GST Act, 2017	Goods and Service Tax	32.25	1.58	2017-18	Appellate Authority, Chattisgarh
GST Act, 2017	Goods and Service Tax	20.44	0.92	2017-18	Appellate Authority, Uttar Pradesh
GST Act, 2017	Goods and Service Tax	7.45	0.34	2017-18	Appellate Authority, Punjab

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has taken funds from following entities and persons on account of or to meet the obligations of its subsidiaries, associates or joint ventures (as defined under the Act) as per details below:

Nature of fund taken	Name of lender	Amount involved (Rs. in Lakhs)	Name of the relevant subsidiary, joint venture, associate	Relationship	Nature of transaction for which funds utilised	Remarks, if any
Long term funding	Mahindra and Mahindra Limited	1,800	Mahindra Summit Agriscience Limited	Joint Venture	To meet obligation of Joint Venture	

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group.

(xvii) The Company has incurred cash losses of Rs. 162.85 lakhs in the current financial year and Rs. 810.47 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Mahindra Agri Solutions Limited for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Agri Solutions Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

(Currency : Indian rupees in lakhs)

1. Corporate information

Mahindra Agri Solutions Limited (Formerly Known as Mahindra Shubhlabh Services Limited) ("the Company") a Public Limited Company domiciled in India and incorporated on 11 April 2000 under the provisions of the Companies Act, 1956 (CIN : U01400MH2000PLC125781).

The Company is engaged in the business of Agri inputs products and Food businesses. Grapes, Banana Cultivation, Seeds, Dairy and Banana Export etc. businesses are in operations during the year.

The Company is the subsidiary of Mahindra and Mahindra Limited.

The financial statements for the year ended 31 March 2024 were approved by the Board of Directors and authorised for issue on 19 April 2024.

2. Statement of compliance and basis of preparation and presentation

2.1 Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

2.2 Going concern

During the year ended 31 March 2024, the Company has incurred loss after tax of Rs. 2,036.84 lakhs (31 March 2023 : Rs. 7,107.00 lakhs), which includes impairment of investment in Mahindra Summit Agriscience Limited of Rs. 1,320.00 lakhs (31 March 2013 : Rs. 5,872.00 lakhs) as exceptional item and as at 31 March 2024, the Company's current liabilities exceed current assets by Rs. 1,553.31 lakhs (31 March 2023: Rs. 1,611.39 lakhs). The Company has positive net worth of Rs. 8,997.63 lakhs as at 31 March 2024, excluding Goodwill arising on acquisition of Agri businesses from Holding Company of Rs. 9,100.45 lakhs) (31 March 2023 : positive net worth of Rs. 7,052.86 lakhs, excluding Goodwill arising on acquisition of Agri businesses from Holding Company of Rs. 9,100.45 lakhs).

The financial statements for the year ended 31 March 2024 are prepared on a going concern basis, the validity of which is premised on the continued availability of credit facilities from banks to the Company for the foreseeable future to meet its working capital requirements, in addition to the funds expected to be generated from the operating activities, to be achieved by bringing operational efficiencies and increase in sales volumes in the coming years The Company has received equity of Rs. 3,951.56 lakhs and borrowings of Rs. 4,800.00 lakhs as at 31 March 2024 from the Holding Company. Further, the Company has sanctioned limit for additional investment / financial assistance up to Rs. 4,000.00 lakhs by way of debt / equity infusion which will be decided by the Holding Company.

Based on aforesaid assessment, Management believes that as per the best estimates, the Company will continue as a going concern for a foreseeable future and will be able to discharge its liabilities and realise the carrying amount of its assets.

2.3 Functional and presentation currency

The financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest Rs. lakhs, unless otherwise indicated.

2.4 Basis of measurement

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period. Historical cost is based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

2.5 Measurement of fair value

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant the fair value measurement is unobservable

2.6 Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

i. Critical Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

Discount rate used to determine the carrying amount of the Company's employee defined benefit obligation

In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

(Currency : Indian rupees in lakhs)

ii. Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Useful lives of property, plant and equipment

As described in Note 3.5, the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management has reassessed the useful lives of certain property, plant and equipment and the impact of the change is not material for the year. There were no changes in residual values of the property, plant and equipment.

Impairment of investments

The Company assesses impairment of investments in subsidiaries and joint ventures which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the Statement of profit and loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate.

Allowances for doubtful debts

The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgments and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

Liability for sales return

In making judgment for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and in particular, whether the Company had transferred to the buyer the significant risk and rewards of ownership of the goods. Following the detailed quantification of the Company's liability towards sales return, the management is satisfied that significant risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in conjunction with the recognition of an appropriate liability for sales return. Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Taxes

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

Defined benefit plans (gratuity benefits)

A liability in respect of defined benefit plans is recognised in the balance sheet and is measured as the present value of the defined benefit obligation at the reporting date less the fair value of the plan's assets. The present value of the defined benefit obligation is based on expected future payments at the reporting date, calculated annually by independent actuaries. Consideration is given to expected future salary levels, experience of employee departures and periods of service.

2.7 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3. Material accounting policies

3.1 Revenue recognition

The Company has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration expected to receive in exchange for those products or services.

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

The accounting policies for specific revenues streams of the Company is summarised below:

Sale of goods:

Revenue from the sale of goods is recognised upon transfer of control of promised products to customers in an amount that reflects the consideration expected to receive in exchange for those products, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the control of promised products to customers;
- the Company has identified the contract with customer and performance obligation in the contract.
- the transaction price can be measured reliably;
- it is expected that the consideration associated with the transaction will flow to the Company; and revenue is recognised when the company satisfy the performance obligation

(Currency : Indian rupees in lakhs)

Export benefits and Incentive from state government

Export benefits and Incentive from state government for sale of goods are accounted for in the year of export based on eligibility and such other criteria specified and accrual basis, when there is a reasonable assurance that the same will be received and all attached conditions will be complied with.

3.2 Recognition of Interest income and Dividend Income

Interest income from financial assets is recognised when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Dividend income is recognised in profit and loss on the date on which the Company's right to receive payment is established.

3.3 Employee benefits

The Company's contribution paid / payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in profit or loss.

Provident fund

Contributions to Provident Fund are made to a Trust administered by the Company/Regional Provident Fund Commissioners and are charged to profit or loss as incurred. The Company is liable for the contribution and any shortfall in interest between the amount of interest realised by the investments and the interest payable to members at the rate declared by the Government of India in respect of the Trust administered by the Company.

Post-employment benefit plans

Defined Contribution plans:

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

Defined benefit plans

The Company operates a defined benefit plan – gratuity fund.

The liability recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability. The net interest income / (expense) on the net defined benefit liability or asset is recognised in the Statement of Profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Short-term employee benefit

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on availment of encashment of such accrued benefit or where the availment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

Employee stock option scheme

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

3.4 Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(Currency : Indian rupees in lakhs)

3.5 Property, plant and equipment

Property, plant and equipment (other than bearer plant) held for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment if any.

Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Bearer Plant cost includes cost of plant and land preparation upto the planting. Bearer plant are stated in the Balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation is calculated on Straight Line method over the estimated useful life of all assets. These lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes based on the Company's expected usage pattern supported by technical assessment:

(a) Certain items of Plant and Equipment – 1 to 15 years

(b) Buildings (Roads) – 15 years

(c) Vehicles – 5 years

(d) Bearer Plant – 3 Years

3.6 Intangible assets

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Intangible assets under development

The Company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible assets, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Computer software	3 years, 10 years
Non-compete fees	5 years
Trademarks	10 years
Technical knowhow	10 years

3.7 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

3.8 Inventories

Inventories are valued at lower of cost (on weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including octroi and other levies, transit insurance and receiving charges.

Work-in-progress and finished goods include appropriate proportion of overheads.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Stores, spares and tools other than obsolete and slow moving items are carried at cost. Obsolete and slow moving items are valued at cost or estimated net realisable value, whichever is lower.

3.9 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

(Currency : Indian rupees in lakhs)

3.10 Investments

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments.

All other investments are classified as long-term investments.

Investment in subsidiaries are measured at cost as per Ind AS 27 - Separate Financial Statements.

Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the Statement of profit and loss.

Cost of investments include acquisition charges such as brokerage, fees and duties.

3.11 Government grants

Government grants related to property, plant and equipment's are recognised and presented by deducting the grant from the carrying amount of the assets at fair value when there is reasonable assurance that they will be received and the Company will comply with the conditions associated with the grant.

3.12 Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification and subsequent measurement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

- Amortised cost; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or
- Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL. This includes all derivative financial assets unless designated as effective hedge instruments which are accounted as per hedge accounting requirements discussed below.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment expenses are recognised in profit or loss. Any gain and loss on derecognition is also recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves.

The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long-term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as at FVTOCI as the Company believes that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in profit or loss. Dividend income received on such equity investments are recognised in profit or loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured at FVTPL. Subsequent changes in fair value are recognised in profit or loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

(Currency : Indian rupees in lakhs)

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Derivative financial instruments

The Company enters into derivative financial instruments, primarily foreign exchange forward contracts to manage its exposure to foreign exchange. Derivatives embedded in non-derivative host contracts that are not financial assets within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Derivatives are initially recognised at fair value at the date the contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in the profit or loss.

Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

3.13 Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency of Indian Rupees are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the functional currency using exchange rates prevailing at the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks (refer policy on Derivative Financial Instruments).

3.14 Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary nature.

The costs of the Company are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include fees to external consultants, cost running its facilities, travel expenses, cost of hardware and software bought for reselling, communication costs and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, bank charges, freight and octroi etc.

Finance costs

The Company's finance costs include:

(i) Interest expense on borrowings and overdrafts

(ii) Interest expense on inter corporate deposits

Interest expense is recognised using effective interest method based on interest rates specified/ implicit in the transactions.

3.15 Earnings per share

Basic EPS is computed by dividing the Profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year.

Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares except where the results would be anti-dilutive.

3.16 Research and development expenses

Research expenditure is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. Tangible assets used in research and development are capitalised.

3.17 Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Company is committed to a sale plan involving disposal of an investment, the investment that will be disposed of is classified as held for sale when the criteria described above are met.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

3.18 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating investing and financing activities of the Company are segregated based on the available information.

(Currency : Indian rupees in lakhs)

3.19 Borrowing costs

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalised until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All the other borrowing costs are recognised in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

3.20 Leases

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of- use asset reflects that the Company will exercise a purchase option. In that case the right-of- use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property and equipment' and lease liabilities in the statement of financial position.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease.

3.21 Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Managing Director and CEO of the Company.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

3.22 Accounting of Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

3.23 Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.24 "Recent pronouncements"

Ministy of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2024 MCA has not notified any standards or amendments to the existing standards applicability to the Company.

2030-2031	**296.19**	606.77
Total	**17,424.05**	18,186.83

 # Unrecognised deferred tax assets

Deferred tax assets (DTA) have not been recognised, because it is not probable that future taxable profit will be available against which the Company can use the benefits therefrom:

Deferred tax assets for the carry forward of unused tax losses are recognised to the extent that it is probable that future taxable profits will be available against which the unused tax losses can be utilised. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

b) Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity share is entitled to one vote per share. In the event of liquidation, the shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholdings.

During the year, the Company has raised fund through right issue of equity shares 17,880,350 of Rs.10 each to existing equity shareholders in their shareholding ratio.

Terms of Optionally Convertible Redeemable Preference Shares (OCRPS)

Conversion:- The conversion ration shall be 1 equity share for every 1 OCPRS held by the shareholders in the Company. The minimum holding period will be 6 months. The conversion shall be at the discretion of the Option Holder at any time after the minimum holding period.

Redemption:- The maturity of the OCPRS shall be 20 years from the date of allotment. The OCPRS shall be redeemed at face value at maturity.

Transferability:- OCPRS shall be transferrable, subject to the prior consent of the Company.

Dividend:- The holders of the OCPRS shall carry a cumulative dividend at the fixed rate of 6% per year, out of the profits of the company and the payment of such dividend shall have priority over any dividend rights of the equity shares.

Voting and other rights:- (i) The preference shares shall carry rights as per the provision of Section 47(2) of the Companies Act, 2013. (ii) The Preference shares shall have priority with respect to payment of dividend and repayment of capital vis-a-vis equity shares.(iii) The Preference shareholder shall not have the right of participation in surplus assets and profits, on winding up of the company, which may remain after the entire capital has been repaid.

	Balance as at the end of the year	**15.01**	4.20

The description of the nature and purpose of each reserve within equity is as follows:

a) Capital reserve is capital reserve for bargain purchase business combination.

b) Securities premium is received pursuant to the further issue of equity shares at a premium net of the share issue expenses. This is a non-distributable reserve except for the following instances where the the share premium account may be applied;

   i) towards the issue of unissued shares of the Company to the members of the Company as fully paid bonus shares;

   ii) for the purchase of its own shares or other securities;

   iii) in writing off the preliminary expenses of the Company;

   iv) in writing off the expenses of, or the commission paid or discount allowed on, any issue of shares or debentures of the Company; and

   v) in providing for the premium payable on the redemption of any redeemable preference shares or of any debentures of the Company.

c) Share options outstanding account/ Employee stock option outstanding account represents the equity-settled shares and share options granted to employees (refer note 36). The reserve is made up of the cumulative value of services received from employees recorded over the vesting period commencing from the grant date of equity-settled shares and share options and is reduced by the expiry of the share options.

d) Retained earnings are the accumulated profits earned by the Company till date, less transfer to general reserves, dividend (including dividend distribution tax) and other distributions made to the shareholders

e) The Company has designated its hedging instruments obtained after 1 April 2017 as cash flow hedges and any effective portion of cash flow hedge is maintained in the said reserve. In case the hedging becomes ineffective, the amount is recognised in the Statement of profit and loss.

f) **Terms of Optionally Convertible Redeemable Preference Shares (OCRPS)**

Conversion:- The conversion ration shall be 1 equity share for every 1 OCPRS held by the shareholders in the company. The minimum holding period will be 6 months. The conversion shall be at the discretion of the Option Holder at any time after the minimum holding period.

Redemption:- The maturity of the OCPRS shall be 20 years from the date of allotment. The OCPRS shall be redeemed at face value at maturity.

Transferability:- OCPRS shall be transferrable, subject to the prior consent of the company.

Dividend:- The holders of the OCPRS shall carry a cumulative dividend at the fixed rate of 6% per year, out of the profits of the company and the payment of such dividend shall have priority over any dividend rights of the equity shares.

Voting and other rights:- (i) The preference shares shall carry rights as per the provision of section 47(2) of the Companies Act, 2013. (ii) The Preference shares shall have priority with respect to payment of dividend and repayment of capital vis-a-vis equity shares. (iii) The Preference shareholder shall not have the right of participation in surplus assets and profits, on winding up of the company, which may remain after the entire capital has been repaid.

(Currency : Indian rupees in lakhs)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous year.

Maturity profile of defined benefit obligation:

	As at 31 March 2024	As at 31 March 2023
Within 1 year	**128.32**	134.73
1 - 2 year	**50.54**	46.63
2 - 3 year	**41.14**	41.69
3 - 4 year	**51.34**	34.31
4 - 5 year	**27.00**	41.50
5 - 6 year	**27.32**	21.64
6 - 7 year	**25.95**	22.81
7 - 8 year	**13.68**	19.63
8 - 9 year	**10.67**	10.81
10 year and above	**46.22**	45.86

Plan assets

The fair value of Company's pension plan asset as of 31 March 2024 and 31 March 2023 by category are as follows:

Particulars	**As at 31 March 2024**	As at 31 March 2023
Asset category:		
Deposits with Insurance companies	**37.78**	35.29
	100%	100%

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at 31 March 2024 is 3.77 years (31 March 2023- 3.28 years)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year 2024 an amount of Rs. 61.18 lakhs (31 March 2023 : Rs. 62.81 lakhs) has been included in statement of profit or loss under the head Employee benefit expenses.

Compensated absenses :

Compensated absences for the employee benefits of Rs. 128.93 lakhs (31 March, 2023 - Rs. 186.53 lakhs) expected to be paid in exchange for the services recognised as a expenses during the year. (refer note 25)

Note No. 31 - Earnings per Share

Particulars	**Year ended 31 March 2024**	Year ended 31 March 2023
	Per Share	Per Share
Basic and Diluted loss per share (Rs.)	**(2.16)**	(7.55)

Earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

Particulars	**Year ended 31 March 2024**	Year ended 31 March 2023
Loss for the year attributable to owners of the Company	**(2,036.84)**	(7,107.00)
Weighted average number of equity shares for the purpose of basic earnings per share	**94,369,029**	94,173,080
Basic loss per share (Rs.)	**(2.16)**	(7.55)
Weighted average number of equity shares for the purpose of dilutive earnings per share	**#**	#
Diluted loss per share (Rs.)	**#**	#

The effect of conversion of 6% Optionally Convertible Redeemable Preference Shares into equity shares being anti-dilutive, has not been considered for the purpose of computing diluted loss per share being anti dilutive.

The effect of issuance of ESOP into equity shares being anti-dilutive, has not been considered for the purpose of computing diluted loss per share being anti dilutive.

Weighted average number of shares is the number of equity shares outstanding at the beginning of the period adjusted by the number of equity shares issued during period, multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.

Total	**18,566.94**	**18,566.94**	20,999.73	20,999.73

The carrying values of financial assets and liabilities represent their approximate fair value.

There were no transfer between level 1 and level 2 during the year.

33. Financial risk management

A) Capital management

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company manages capital risk in order to maximize shareholders' value by maintaining sound/optimal capital structure through monitoring of financial ratios, such as net debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses net debt equity ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Net debt-to-equity ratio as of 31 March 2024 and 31 March 2023

	As at 31 March 2024	As at 31 March 2023
Borrowing from banks	**596.07**	5,132.57
Borrowing from related party	**4,800.00**	3,400.00
Gross debt	**5,396.07**	8,532.57
Less :		
Cash and cash equivalents	**616.59**	102.02
Adjusted Net debt (A)	**4,779.48**	8,430.55
Equity share capital	**11,205.34**	9,417.31
Other equity	**(11,308.17)**	(11,464.90)
Goodwill created on business combination (Refer note 16(a))	**9,100.45**	9,100.45
Adjusted Equity (B)	**8,997.62**	7,052.86
Debt equity ratio (A / B)	**0.53**	1.20

B) Financial risk management framework

The Company's corporate treasury function provides services to the business, co-ordinates access to domestic financial markets, monitors and manages the financial risk relating to the operation of the Company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk

i) CREDIT RISK

Credit risk management

Credit risk arises when a customer defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of categorising the customers based on the performance and accordingly credit limit ceiling of each category is defined. Company also takes credit insurance for business specific customers The Company's exposure and categorisation of its customers are continuously monitored . Credit exposure is controlled by customer credit limits which are reviewed and approved. The Company also take security cheques from its domestic market customers

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The provision matrix at the end of the reporting period is as follow:-

Ageing	For the year ended 31 March 2024 Expected credit loss (%)	For the year ended 31 March 2024 Expected credit loss (Rs. In lakhs)	For the year ended 31 March 2023 Expected credit loss (%)	For the year ended 31 March 2023 Expected credit loss (Rs. In lakhs)
Within the credit period	**0.32%**	**19.01**	0.21%	14.01
0-3 month past due	**3.24%**	**4.63**	2.73%	9.61
3-6 month past due	**12.40%**	**19.83**	3.85%	14.51
6 -12 month past due	**31.09%**	**61.83**	30.15%	33.84
>1 year	**93.36%**	**780.70**	96.28%	718.58
Total		**886.00**		790.55

(Currency : Indian rupees in lakhs)

Age of receivables	As at 31 March 2024	As at 31 March 2023
Within the credit period	**5,938.95**	6,548.25
0-3 month past due	**142.76**	352.52
3-6 month past due	**159.86**	376.82
6 -12 month past due	**198.89**	112.23
>1 year	**836.19**	746.34
Total	**7,276.64**	8,136.17

Reconciliation of provision for doubtful Trade Receivables

Particulars	As at 31 March 2024	As at 31 March 2023
Balance as at beginning of the year	**790.55**	808.90
Impairment losses recognised in the year based on lifetime expected credit losses	**–**	–
Provision created during the year	**95.45**	–
Transferred on account of transfer of Business	**–**	–
Impairment losses reversed / written back	**–**	(18.35)
Balance at end of the year	**886.00**	790.55

The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

The Company has pledged an aggregated carrying amount of Rs. 7,278.94 lakhs (31 March 2023: Rs. 8,136.17 lakhs) for bank loans.

ii) LIQUIDITY RISK

(a) Liquidity risk management

The board of directors has established an appropriate liquidity risk management framework for the management of the Company's short, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(b) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
As at 31 March 2024				
Borrowings	**4,259.96**	**1,800.00**	**–**	**3,825.78**
Trade payables	**8,389.36**	**–**	**–**	**–**
Other financial liabilities	**291.83**	**–**	**–**	**–**
Lease liabilities	**59.09**	**238.78**	**81.67**	**–**
Total	**13,000.24**	**2,038.78**	**81.67**	**3,825.78**
As at 31 March 2023				
Borrowings	4,468.68	4,063.89	–	3,575.49
Trade payables	8,604.60	–	–	–
Other financial liabilities	287.08	–	–	–
Lease liabilities	23.44	49.02	38.63	–
Total	13,383.80	4,112.91	38.63	3,575.49

(c) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
As at 31 March 2024				
Non-interest bearing	**7,178.60**	**54.69**	**–**	**3,916.92**
Fixed interest rate instruments	**550.26**	**–**	**–**	**–**
Total	**7,728.86**	**54.69**	**–**	**3,916.92**
As at 31 March 2023				
Non-interest bearing	7,944.29	546.69	–	3,444.59
Fixed interest rate instruments	93.35	–	–	–
Total	8,037.64	546.69	–	3,444.59

In the case of assets falling short of liabilities, banking facilities are available to honour the obligation through as cash credit, short-term borrowing / long-term borrowing and other necessary banking facilities.

The following table details the Company's / Company's liquidity analysis for its derivative financial instruments. The table has been drawn up based on the undiscounted contractual net cash inflows and outflows on derivative instruments that settle on a net basis, and the undiscounted gross inflows and outflows on those derivatives that require gross settlement.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Derivative financial instruments				
As at 31 March 2024				
Net settled:				
– Foreign exchange forward contracts	**–**	**–**	**–**	**–**
Gross settled:				
– Foreign exchange forward contracts	**13.31**	**–**	**–**	**–**
Total	**13.31**	**–**	**–**	**–**
As at 31 March 2023				
Net settled:				
– Foreign exchange forward contracts	2.41	–	–	–
Total	2.41	–	–	–

(Currency : Indian rupees in lakhs)

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Gross settled:				
– Foreign exchange forward contracts	2.41	–	–	–
Total	2.41	–	–	–

iii) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses permitted derivatives to manage market risks . Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Forex & investment Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

a) Currency risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by taking forward cover that are expected to occur within a maximum 12 month period for forecasted cash flow.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	As at 31 March 2024	As at 31 March 2023
Trade receivables	USD	**687.45**	2,192.50
	EUR	**1,686.83**	1,413.33
	CAD	**1,519.41**	446.41
Trade payables	USD	**750.33**	482.47
	EUR	**19.64**	124.82
	NPR	**1.69**	–
Advances received	USD	**5.24**	260.70
	EUR	**14.76**	–

Of the above foreign currency exposures, the following exposures are not hedged by a derivative:

Particulars	Currency	As at 31 March 2024	As at 31 March 2023
Trade receivables	USD	**–**	–
	EUR	**–**	–
	CAD	**935.99**	–
	NPR	**–**	–
Trade payables	USD	**750.33**	482.47
	EUR	**19.64**	124.82
	NPR	**1.69**	–

Note :- Forward Cover in EURO 16.91 Lakhs (Rs. 1518.86 Lakhs), USD 1.08 Lakhs (Rs. 90.05 Lakhs) and CAD 6.07 Lakhs (Rs. 373.05 Lakhs) as at 31 March 2024; EURO 27.77 Lakhs (Rs. 2489.13 Lakhs), USD 27.53 Lakhs (Rs. 2262.97 Lakhs) and CAD 9.6 Lakhs (Rs. 583.42 Lakhs) as at 31 March 2023.

b) Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts.

Period	Currency	Change in rate	Effect on profit/ (loss) before tax	Effect on pre-tax equity
As at 31 March 2024	**USD**	**5%**	**(37.52)**	**(37.52)**
	USD	**3%**	**(22.51)**	**(22.51)**
	EUR	**5%**	**(0.98)**	**(0.98)**
	EUR	**3%**	**(0.59)**	**(0.59)**
	CAD	**5%**	**46.80**	**46.80**
	CAD	**3%**	**28.08**	**28.08**
	NPR	**5%**	**(0.08)**	**–**
	NPR	**3%**	**(0.05)**	**–**
As at 31 March 2023	USD	5%	(24.12)	(24.12)
	USD	3%	(14.47)	(14.47)
	EUR	5%	(6.24)	(6.24)
	EUR	3%	(3.74)	(3.74)
	CAD	5%	–	–
	CAD	3%	–	–
	NPR	5%	–	–
	NPR	3%	–	–

c) Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Period	Currency	Increase/ decrease in basis points	Effect on profit/(loss) before tax
As at 31 March 2024	**INR**	**100**	**(5.96)**
As at 31 March 2023	INR	100	(51.33)

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years

Hedge accounting - forwards

It is the policy of the Company to enter into forward foreign exchange contracts to cover maximum up to 80% of the expected foreign currency exposure based on estimated cash flow. Forex Committee decide the time & quantum of hedging based on outlook.

(Currency : Indian rupees in lakhs)

(i) Details of forward foreign currency contracts outstanding at the end of reporting period

Outstanding contracts	Average exchange rate	Notional value	Hedge ratio	Carrying amount included in Other Financial Assets / (Liabilities)	Change in the fair value of hedging instrument for the period	Change in the value of hedged item used to determine hedge effectiveness

36. Employee benefits expenses - ESOP

Share based payment

A. Employees Stock Option Scheme - 2016:

This Plan shall be termed as the MASL Employees Stock Option Scheme - 2016 ("Plan"). The Plan has been approved by a Special Resolution at a General Meeting of the Shareholders held on 24 November 2016. The Plan has been approved for Eligible Employees of Mahindra Agri Solutions Limited. The Plan has also been approved to reward eligible employees whether they are working in India or abroad or Directors of the Company (including Managing Director/Whole Time Director(s) but excluding Independent Directors) or Directors and Employees of the Holding Company or of the Subsidiary Company(ies) or of the Subsidiaries of its Holding Company.

In respect of Employee Stock Option Scheme :

The compensation cost of stock options granted to employees is measured by the Fair Value Method.

Fair value is the amount for which an asset could be exchanged, a liability settled, or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction, is recognised and amortised on straight line basis over the vesting period.

Eligibility:

Based on the criteria as may be decided by the Committee at its own discretion, including, but not limited to the date of joining of the Eligible Employee with the Company or the Group, performance evaluation, current compensation, criticality or any other criteria, KRA, future potential, such Eligible Employees, as determined by the Committee, may participate in the Plan. Employees joining the Company after the date of implementation of the Plan will be entitled to participate in the Plan, on a case to case basis and subject to such criteria as may be decided solely by the Committee.

The objective of the Plan is:

- To retain the best talent in the Industry
- To infuse a sense of entrepreneurship and ownership.

This purpose is sought to be achieved through the grant of Options to the Eligible Employees, to subscribe to the Equity Shares of the Company.

Details of the ESOP granted as per the above scheme

Particulars	Number of options	Grant date	Exercise price	Fair value of the option at Grant date
Cycle-I Equity Settled MASL Employees Stock Option Scheme - 2016	1,536,605	1 Feb 2017	47.5	24.15
Cycle-II Equity Settled MASL Employees Stock Option Scheme - 2016	159,213	1 May 2018	47.5	18.1
MASL RSU Scheme 2020	547,176	31–Jan–20	10	22.87

Cycle-I Options granted under MASL Employees Stock Option Scheme - 2016 vest in 4 instalments bifurcated as 25% on the expiry of 14 months, 25% on the expiry of 26 months, 25% on the expiry of 38 months and 25% on the expiry of 50 months from the date of grant date.

Cycle-II Options granted under MASL Employees Stock Option Scheme - 2016 vest in 4 instalments bifurcated as 25% on the expiry of 23 months, 25% on the expiry of 35 months, 25% on the expiry of 47 months and 25% on the expiry of 59 months from the date of grant date.

The options may be exercised on any day over a period of 3 years from the date of vesting. Number of vested options exercisable is subject to a minimum of 250 or number of options vested whichever is lower.

MASL RSU Scheme 2020 under MASL Employees Stock Option Scheme - 2020, vest in 3 instalments from the date of grant date.

Movement in share options

	Particulars	Equity-settled share-based payments: Number of options	Weighted average exercise price
1	The number and weighted average exercise prices of share options outstanding at the beginning of the year;	2,242,994	47.50
2	Granted during the year	–	–
3	Forfeited during the year	–	–
4	Exercised during the year	–	–
5	Expired during the year	–	–
6	Outstanding at the end of the year	2,242,994	47.50
7	Exercisable at the end of the year	–	–

The share options outstanding at the end of the year had a weighted average exercise price of Rs. 47.50, and a weighted average remaining contractual life of 2.9 years

The fair value of the equity instruments is calculated based on Black Scholes model. The Black Scholes model requires the consideration of certain variables such as volatility, risk free rate, expected dividend yield, expected option life, market price and exercise price for the calculation of the option. These variables significantly influence the fair value and any change in these variables could significantly affect the fair value of the option.

The inputs used in the measurement of the fair values at grant date of the equity-settled share-based payment plans were as follows.

Share option programmes

Particulars	MASL Employees Stock Option Scheme - 2016		MASL RSU Scheme 2020	
	31 March 2024	31 March 2023	**31 March 2024**	31 March 2023
Share price at grant date	**21.12**	21.12	**22.87**	22.87
Exercise price	**47.50**	47.50	**10.00**	10.00
Expected volatility (weighted-average)	**58.3**	58.3	**45.8**	45.8
Expected life / option life (weighted-average)	**2.66**	2.66	**3**	3
Expected dividends yield	**0.00%**	0.00%	**0.00%**	0.00%
Risk-free interest rate (based on government bonds)	**6.25%**	6.25%	**4.70%**	4.70%

(Currency : Indian rupees in lakhs)

Employee share based payment	For the Year 31 March 2024	For the Year 31 March 2023
MASL ESOP Plan	**8.14**	21.57
Total	**8.14**	21.57

ESOP scheme of parent company:

Certain employees of the Company are also covered by share option schemes offered by Parent Company, Mahindra & Mahindra Limited. The Company treats such share based payment as an equity settled share based payments arrangement. Options granted under Parent's ESOP scheme vests in 4 or 5 equal instalments on expiry of 12 months, 24 months, 36 months, 48 months and where applicable 60 months from the date of grant. The options may be exercised subject to condition of minimum number of option vesting, on any day over a period of four or five years, as the case may be from the date of vesting. The parent Company charges the subsidiary for the equity it provides to the employees of the subsidiary over the vesting period. The charge is based on fair value of options calculated using Black and Scholes Option Pricing Model. The fair value charge in FY 2023-24 Rs. 0.3 lakhs (FY 22-23 of Rs. 1.08 lakhs) is recognised as share based payment expenses under Employee Benefit Expenses.

37. Capital commitments

Commitment

Estimated amount of contracts remaining to be executed on capital account and not provided for as at 31 March 2024 is Rs. NIL (31 March 2023 is Rs. Nil).

41. Exceptional items

The Company classifies items of income and expense within profit or loss from ordinary activities as exceptional items when they are of such size, nature or incidence that their disclosure is relevant to explain the performance for the period.

Exceptional Items (net) recognised in profit or loss

Particulars	31 March 2024	31 March 2023
Impairment of certain investments (Refer note i)	**1,320.00**	5,872.00

(i) The Company has long-term investments in subsidiaries, associates and joint ventures which are measured at cost less impairment or at fair value through profit or loss.

The management assesses the performance of these entities including the future projections and relevant economic and market conditions in which they operate to identify if there is any indicator of impairment in the carrying value of the investments. In case indicators of impairment exist, the impairment loss is measured by estimating the recoverable amounts based on the higher of (i) 'fair value less cost of disposal' determined using market price information, where available, and

(ii) 'value-in-use' estimates determined using discounted cash flow projections, where available. The fair value less costs of disposal is determined using the market approach. The future cash flow projections are specific to the entity based on its business plan and may not be the same as those of market participants. The future cash flows consider key assumptions such as volume projections, margins, terminal growth rates, etc. with due consideration for the potential risks given the current economic environment in which the entity operates. The discount rates used are pre-tax rates based on weighted average cost of capital and reflects market's assessment of the risks specific to the asset as well as time value of money. The recoverable amount estimates are based on judgments, estimates, assumptions and market data as on reporting date and ignore subsequent changes in the economic and market conditions.

During the year ended 31 March 2024, the performance of joint ventures along with the relevant economic and market indicators, resulted in indicators of impairment. Accordingly, the Company determined the recoverable amounts of these investments and recorded a provision of Rs. 1320 lakhs (31 March 2023 : Rs. 5,872 lakhs) for the year ended 31 March 2024. The value-in-use calculation use discount rates ranging from 16% - 20% and the terminal growth rates ranging from 4% - 5%.

42. Contingent liabilities

Amounts in respect of claims asserted by various revenue authorities on the Company, in respect of taxes, which are in dispute, have been tabulated below:

A. Tax contingencies

Amounts in respect of claims asserted by various revenue authorities on the Company, in respect of taxes, which are in dispute, have been tabulated below:

Nature of Tax	31 March 2024	31 March 2023
Value added tax	**180.83**	282.27
Sales tax	**60.13**	69.42
Central Excise and service tax	**5.85**	5.85
Total	**246.81**	357.54

The management believes that the claims made are untenable and is contesting them. As of the reporting date, the management is unable to determine the ultimate outcome of above matters However, in the event the revenue authorities succeed with enforcement of their assessments, the Company may be required to pay some or all of the asserted claims and the consequential interest and penalties, which would reduce net income and could have a material adverse effect on net income in the respective reported period.

B. In February 2019, the Supreme Court of India in its judgement clarified the applicability of allowances that should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligations for past periods. Accordingly, based on legal advice the Company has made a provision for provident fund contribution from the date of the Supreme Court order.

(Currency : Indian rupees in lakhs)

43. Ratio Analysis and its elements

Ratio	Numerator	Denominator	31 March 2024	31 March 2023	% change	Reasons for variances
Current Ratio	Current Assets	Current Liability	**0.91**	0.90	0%	–
Debt Equity ratio	Total Debt	Shareholder Equity	**0.53**	1.20	(56%)	Reduction in ratio is mainly on account of reduction in losses
Debt Service coverage ratio	Earning for Debt service	Debt Service	**0.63**	0.07	862%	Unfavourable increase in ratio is on account of increase in borrowings
Return on Equity	Net profit after taxes	Total Shareholder Equity	**19.81**	3.47	471%	Equity infusion combined with reduction in losses has led to favourable increase on return on equity
Inventory Turnover ratio	Cost of goods sold	Average inventory	**3.05**	2.36	29%	Unfavourable increase in ratio is mainly on account of increase in purchase price of raw material.
Trade receivable Turnover ratios	Net credit sales = Gross credit sales - sales return	Average trade receivables	**3.89**	3.85	1%	–
Trade Payable ratios	Net credit purchases = Gross credit purchases - purchase return	Average trade payables	**1.68**	1.62	4%	–
Net capital turnover ratio	Net sales = Total sales - sales return	Working capital = Current assets – Current liabilities	**(17.20)**	(15.57)	10%	Favourable increase is mainly on account of increase in turnover as compared to previous
Net profit ratio	Net profit	Net sales = Total sales - sales return	**(0.08)**	(0.28)	(73%)	Favourable reduction in net profit ratio is on account of reduction in impairment of investments and increase in net sales
Return on capital employed	Earnings before interest and taxes	Capital Employed = Tangible Net Worth + Total Debt + Deferred Tax	**(0.11)**	(0.62)	(82%)	Favourable reduction in losses and infusion of equity has led to change in capital employed
Return on Investment	Interest (Finance Income)	Investment (Fixed Deposit)	**0.01**	0.01	10%	–

(Currency : Indian rupees in lakhs)

44. Other Statutory Information

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the company for holding any Benami property.

(ii) The Company does not have any transactions with companies struck off during the year.

(iii) The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year

(iv) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(v) The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(vi) Details of further investments made or Inter corporate deposits given by Holding Company

Name of Company	Nature of transaction	Date of transaction	Amount (in lacs)
Mahindra Summit Agriscience Limited	Equity share capital	28-Mar-24	1,800.00
Mahindra Summit Agriscience Limited	Inter corporate deposit	15-Feb-24	1,800.00

(vii) The Company has no such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.

The Company has borrowings from banks and financial institutions on the basis of security of current assets. The quarterly returns or statements of current assets filed by the Company with banks and financial institutions are in agreement with the books of accounts.

(viii) The Company has not been declared as wilful defaulter by any bank or financial institution or government or any government authority.

(ix) The Company has complied with the number of layers prescribed under the Companies Act, 2013.

(x) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

In terms of our report attached.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA SUMMIT AGRISCIENCE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Summit Agriscience Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material

uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigations which would impact its financial position.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 35 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 35 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA SUMMIT AGRISCIENCE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified once in three years. In accordance with this programme, all property, plant and equipment were verified during the year ended 31 March 2022. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except goods-in-transit and stocks lying with third party, has been physically verified by the management during the year.For goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods (and/or services provided by it) and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount Demanded (Rs. in Lakhs)	Amount paid under Dispute (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	5.21	5.21	AY 2021-22	Commissioner of Income Tax (Appeals)

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investments in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Based on the information and explanations provided to us, the Company does not have a vigil mechanism and is not required to have a vigil mechanism as per the Act or SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards. The provisions of Section 177 are not applicable to the company and accordingly reporting under clause 3(xiii) of the Order in so far as it related to Section 177 of the Act is not applicable to the Company and hence not commented upon.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group.

(xvii) The Company has incurred cash losses of 2,326.79 lakhs in the current financial year and Rs 2,061.13 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA SUMMIT AGRISCIENCE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Summit Agriscience Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024 (CURRENCY: INDIAN RUPEES IN LAKHS)

1. Corporate information

Mahindra Summit Agriscience Limited ("the Company") a Public Limited Company domiciled in India and incorporated on 9 October 2018 under the provisions of the Companies Act, 1956 (CIN : U01400MH2018PLC315558).

The Company is primarily engaged in the business of manufacture and marketing of Agri Inputs. The Company has its manufacturing facilities in India and sells in India.

The financial statements for the year ended 31 March 2024 were approved by the Board of Directors and authorised for issue on 18 April 2024.

2. Statement of compliance and basis of preparation and presentation

2.1 Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency. All values are rounded to the nearest lakhs.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments and agricultural produce that are measured at fair value at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

2.3 Measurement of fair value

All assets and liabilities for which fair value is measured or disclosed in the Standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.4 Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

i. Critical Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

Discount rate used to determine the carrying amount of the Company's employee defined benefit obligation

In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

ii. Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Allowances for doubtful debts

The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgments and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Liability for sales return

In making judgment for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and in particular, whether the Company had transferred to the buyer the significant risk and rewards of ownership of the goods. Following the detailed quantification of the Company's liability towards sales return, the management is satisfied that significant risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in conjunction with the recognition of an appropriate liability for sales return. Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

Goodwill impairment

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit is less than its carrying amount based on a number of factors including operating results, business plans, future cash flows and economic conditions. The recoverable amount of cash generating units is determined based on higher of value-in-use and fair value less cost to sell. The goodwill impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Taxes

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

Defined benefit plans (gratuity benefits)

A liability in respect of defined benefit plans is recognised in the balance sheet and is measured as the present value of the defined benefit obligation at the reporting date less the fair value of the plan's assets. The present value of the defined benefit obligation is based on expected future payments at the reporting date, calculated annually by independent actuaries. Consideration is given to expected future salary levels, experience of employee departures and periods of service.

3. Material accounting policies

3.1 Revenue recognition

The Company has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration expected to receive in exchange for those products or services.

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

The accounting policies for specific revenues streams of the Company is summarised below:

Sale of goods:

Revenue from the sale of goods is recognised upon transfer of control of promised products to customers in an amount that reflects the consideration expected to receive in exchange for those products, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the control of promised products to customers;
- the Company has identified the contract with customer and performance obligation in the contract.
- the transaction price can be measured reliably;
- it is expected that the consideration associated with the transaction will flow to the Company; and revenue is recognised when the company satisfy the performance obligation

Sale of services:

Income recognition for services takes place as and when the services are performed in accordance with IND AS 115

3.2 Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the effective rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts.

3.3 Employee benefits expenses

Employee benefits consist of contribution to provident fund, superannuation fund, gratuity fund, compensated absences, supplemental pay and director pension liability

Post-employment benefit plans

Defined Contribution plans:

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

Defined benefit plans:

The Company operates a defined benefit plan – gratuity fund.

The liability recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability. The net interest income / (expense) on the net defined benefit liability or asset is recognised in the Statement of Profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

3.4 Employee benefits expenses

Short-term employee benefits

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on availment of encashment of such accrued benefit or where the availment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

3.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

3.6 Taxation

Income tax expense represents the sum of the current tax in respect of taxable income for the year and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.7 Property, plant and equipment

Property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment if any.

Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. These lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes based on the Company's expected usage pattern supported by technical assessment. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

(a) Plant and Equipment –15 years

(b) Computer equipment – 5 years

(c) Office equipment – 5 years

(d) Furniture & fixtures – 5 years

(e) Buildings – 15 years

(f) Vehicles – 5 years

3.8 Intangible assets

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Goodwill arising on acquisition of business represents excess of purchase consideration over the book value of net assets acquired based on a valuation conducted by an independent firm of Chartered Accountants and will be tested for Impairment annually as per Ind AS 36.

Intangible assets under development

The Company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset. Intangible assets under development are carried at cost, comprising direct cost and related incidental expenses less impairment losses if any.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible assets, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Computer software	3 years and 5 years
Non-compete fees	5 years

3.9 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

3.10 Inventories

Inventories are valued at lower of cost (on weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

3.11 Accounting of Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

3.12 Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification and subsequent measurement

(i) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at :

- Amortised cost; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or
- Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL. This includes all derivative financial assets unless designated as effective hedge instruments which are accounted as per hedge accounting requirements discussed below.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment expenses are recognised in profit or loss. Any gain and loss on derecognition is also recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves.

The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long-term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as at FVTOCI as the Company believes that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in profit or loss. Dividend income received on such equity investments are recognised in profit or loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured at FVTPL. Subsequent changes in fair value are recognised in profit or loss.

(ii) Financial liabilities and equity instruments

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

3.13 Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency of Indian Rupees are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the functional currency using exchange rates prevailing at the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks (refer policy on Derivative Financial Instruments).

3.14 Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary nature.

The costs of the Company are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include fees to external consultants, cost running its facilities, travel expenses, communication costs and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, bank charges, freight etc.

3.15 Earnings per share

The basic earnings per share ('EPS ') is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

3.16 Lease

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property and equipment' and lease liabilities in the statement of financial position.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease.

3.17 Cash and cash equivalents

The company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

3.18 "Recent pronouncements"

Ministy of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2024 MCA has not notified any standards or amendments to the existing standards applicability to the Company.

Deferred tax assets (net) #	–	–	–	–	–	58.16	(58.16)

Amounts on which deferred tax asset has not been created and related expiry period

Deferred tax assets have not been recognised in respect of following items, because it is not probable that future taxable profit will be available against which the Group can use the benefit therefrom.

(Currency: Indian Rupees in lakhs)

Particulars	**As at 31 March 2024**	As at 31 March 2023
Unused business losses (revenue in nature) Expiry period upto five years	**2,260.84**	2,005.54

Others	**2,492.97**	2,305.76
Total	**11,149.70**	7,698.93

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority. Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

 # Unrecognised deferred tax assets

Deferred tax assets (DTA) have not been recognised, because it is not probable that future taxable profit will be available against which the Company can use the benefits therefrom:

Deferred tax assets for the carry forward of unused tax losses are recognised to the extent that it is probable that future taxable profits will be available against which the unused tax losses can be utilised. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

* In the current year, printing and stationary is reclassified under miscellaneous expenses.

24 Tax expenses

(a) Income tax recognised in profit or loss

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
Current tax:		
In respect of current year	**–**	–
Deferred tax:		
Attributable to the origination and reversal of temporary differences	**–**	–
Total income tax recognised in profit or loss	**–**	–

(b) Income tax recognised in other comprehensive income

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
Deferred tax related to items recognised in other comprehensive income during the year:		
Remeasurement of defined benefit obligations	**–**	–
	–	–

Reconciliation of effective tax rate

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
Profit /(loss) before tax	**(2,784.09)**	(7,527.02)
Tax using the Company's domestic tax rate	**25.17%**	25.17%
Expected income tax expenses	**(700.76)**	(1,894.54)
Tax effect of:		
Current year losses for which no deferred tax asset is created	**641.55**	571.17
Non deductibe expenses	**69.10**	1,317.79
Others	**(9.90)**	5.58
Tax expenses as per Statement of profit and loss	**–**	–

Notes:

With Effect from Financial Year 2019-20 (Assessment Year 2020-21), the Company has opted for the concessional tax rate of 22% vide circular number 29/2019 dated 02 October 2019 of the Income Tax Act, 1961. Surcharge of 10% and cess of 4% is to be charged in addition to the base rate of 22%.

25 Earnings per share

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
Earnings / (loss) per share (basic / diluted) (Rs)	**(2.17)**	(5.88)

Earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

A. Basic / diluted earnings per share

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
Loss for the year attributable to owners of the Company	**(2,783.47)**	(7,527.02)
Weighted average number of equity shares for the purpose of basic earnings per share	**128,438,767**	128,110,000
Earnings / (loss) per share (basic / diluted) (Rs)	**(2.17)**	(5.88)

Note:

Weighted average number of shares is the number of equity shares outstanding at the beginning of the period adjusted by the number of equity shares issued during period, multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.

27 Fair value

The management assessed that loans, cash and cash equivalents, trade receivables, borrowings, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Fair Valuation measurement hierarchy

The following table shows the carrying amounts and fair values of financial assets and liabilities including their levels of fair value hierarchy:

(Currency: Indian Rupees in lakhs)

Note:

There are no transfer between level 1 and level 2 during the year.

28 Financial risk management

A. Capital management

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company manages capital risk in order to maximize shareholders' value by maintaining sound/optimal capital structure through monitoring of financial ratios, such as net debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses net debt equity ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

The Company's Net debt-to-equity ratio as at 31 March 2024 and 31 March 2023 is as follows:

(Currency: Indian Rupees in lakhs)

Particulars	As at 31 March 2024	As at 31 March 2023
Borrowing from bank	**2,753.91**	3,283.15
Gross debt (A)	**2,753.91**	3,283.15
Equity share capital	**15,811.00**	12,811.00
Other equity	**(13,145.90)**	(10,362.00)
Equity (B)	**2,665.10**	2,449.00
Debt to Equity ratio (A / B)	**1.03**	1.34

B. Financial risk management framework

The Company's corporate treasury function provides services to the business, co-ordinates access to domestic financial markets, monitors and manages the financial risk relating to the operation of the Company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivatives financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the internal auditors on a continuous basis. The Company does not enter into or trade financial instrument, including derivative financial instruments, for speculative purposes.

i) CREDIT RISK

Credit risk management

Credit risk arises when a customer defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of categorising the customers based on the performance and accordingly credit limit ceiling of each category is defined. Company also takes credit insurance for business specific customers. The Company's exposure and categorisation of its customers are continuously monitored . Credit exposure is controlled by customer credit limits which are reviewed and approved. The company also take security cheques from its domestic market customers.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The provision matrix at the end of the reporting period is as follow:-

(Currency: Indian Rupees in lakhs)

Ageing	As at 31 March 2024 Expected credit loss (%)	As at 31 March 2024 Expected credit loss	As at 31 March 2023 Expected credit loss (%)	As at 31 March 2023 Expected credit loss
Within the credit period	**1.04%**	**17.94**	1.17%	49.41
0-3 month past due	**4.05%**	**43.41**	4.45%	74.07
3-6 month past due	**12.03%**	**92.54**	13.22%	108.14
6 -12 month past due	**33.60%**	**71.70**	36.88%	79.56
>1 year	**87.64%**	**1,944.54**	84.27%	1,737.78
Total		**2,170.13**		2,048.97

Age of receivables	As at 31 March 2024	As at 31 March 2023
Within the credit period	**1,718.74**	4,237.98
0-3 month past due	**1,071.84**	1,664.33
3-6 month past due	**768.96**	817.86
6 -12 month past due	**213.40**	215.70
>1 year	**2,218.69**	2,062.16
Total	**5,991.63**	8,998.03

The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

ii) LIQUIDITY RISK

(a) Liquidity risk management

The board of directors has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(b) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(Currency: Indian Rupees in lakhs)

Total	**5,033.45**	**386.79**	**61.20**	**–**
As at 31 March 2023				
Short-term borrowings	3,283.15	–	–	–
Lease liability	34.69	149.98	46.05	–
Trade Payables	7,232.90	–	–	–
Other Financial Liabilities	320.94	–	–	–
Total	**10,871.68**	149.98	46.05	–

(c) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(Currency: Indian Rupees in lakhs)

Particulars	Less than 1 Year	1–3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
As at 31 March 2024				
Non-interest bearing	**4,028.11**	**–**	**–**	**–**
Fixed interest rate instruments	**0.06**	**–**	**–**	**–**
Total	**4,028.17**	**–**	**–**	**–**
As at 31 March 2023				
Non-interest bearing	6,955.39	–	–	–
Fixed interest rate instruments	–	–	–	–
Total	6,955.39	–	–	–

In the case of assets falling short of liabilities, banking facilities are available to honor the obligation through as cash credit, short term borrowing / long term borrowing and other necessary banking facilities.

iii) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses permitted derivatives to manage market risks . Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Forex and investment Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

a) Currency risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by taking forward cover that are expected to occur within a maximum 12 month period for forecasted cash flow.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

(Currency: Indian Rupees in lakhs)

Particulars	Currency	As at 31 March 2024	As at 31 March 2023
Trade payables	USD	**0.01**	8.63
Trade receivable	USD	**0.47**	0.45

Of the above foreign currency exposures, the following exposures are not hedged by a derivative:

(Currency: Indian Rupees in lakhs)

Particulars	Currency	As at 31 March 2024	As at 31 March 2023
Trade payables	USD	**0.01**	8.63
Trade receivable	USD	**0.47**	0.45

b) Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts.

(Currency: Indian Rupees in lakhs)

Period	Currency	Change in rate	Effect on loss before tax	Effect on pre-tax equity
As at 31 March 2024	**USD**	**5%**	**(0.00)**	**(0.00)**
	USD	**3%**	**(0.00)**	**(0.00)**
As at 31 March 2023	USD	5%	(0.43)	(0.43)
	USD	3%	(0.26)	(0.26)

c) Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The Company does not have any derivative or non-derivative instrument which may have an impact due to changes in interest rates.

29 Disclosures under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006:

Trade payable includes amount payable to Micro, Small and Medium Enterprises as follows:

(Currency: Indian Rupees in lakhs)

Sr. No.	Particulars	As at 31 March 2024	As at 31 March 2023
a.	Principal amount remaining unpaid to any supplier at the end of the year	**40.42**	42.45
	Interest due thereon remaining unpaid to any supplier at the end of the accounting year	**5.51**	3.15
b.	Amount of interest paid by the buyer under MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during the year	**–**	–
c.	Amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006	**3.15**	2.97
d.	The amount of interest accrued and remaining unpaid as at the end of the year	**2.36**	0.18
e.	The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under MSMED Act, 2006	**NIL**	NIL

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management.

30 Employee benefits expenses

(i) Defined contribution plans:

The Company's contribution to Provident Fund and Pension scheme aggregating to Rs. 99.04 lakhs 31 March 2024 (31 March 2023 : Rs. 88.41 lakhs) has been recognised in the Statement of Profit and Loss under the head Employee benefits expense.

(ii) Defined benefit plans:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
1. Discount rate	**7.15%**	7.15%
2. Salary escalation	**8.50%**	8.50%
3. Attrition rate	**35.00%**	35.00%
4. Mortality rate*	**The Indian Assured Lives Mortality (2012-14) Ult table**	The Indian Assured Lives Mortality (2012-14) Ult table

* Based on Indian standard mortality table with modification to reflect expected changes in mortality.

Amount recognised in the Statement of Profit and Loss in respect of these defined benefit plans are as follows

(Currency: Indian Rupees in lakhs)

Particulars	Gratuity Year ended 31 March 2024	Gratuity Year ended 31 March 2023
Service Cost:		
Current service cost	**24.09**	18.52
Net interest expense	**6.79**	4.67
Components of defined benefit costs reconised in profit or loss	**30.88**	23.19
Remeasurement on the net defined benefit liability:		
1. Changes in financial assumptions	**–**	**(5.08)**
2. Changes in demographic assumptions	**–**	**–**
3. Experience adjustments	**0.43**	**10.48**
4. Actual return on plan assets less interest on plan assets	**–**	**–**
Components of defined benefit costs recognised in Other Comprehensive Income	**0.43**	5.40
Total	**31.31**	28.59

The current service cost and the net interest expenses for the year are included in the Employee benefits expense line item in the Statement of Profit and Loss. The remeasurement of the net defined benefit liability/asset is included in Other Comprehensive Income.

The amount included in the Balance Sheet arising from the entity's obligation in respect of its defined benefit plans is as follows:

(Currency: Indian Rupees in lakhs)

	Particulars	Year ended 31 March 2024	Year ended 31 March 2023
I.	**Net liability recognised in the Balance sheet**		
1.	Present value of defined benefit obligation	**125.18**	109.01
2.	Current portion of the above	**39.22**	28.24
3.	Non current portion of the above	**85.96**	80.77
II.	**Change in the obligation during the year**		
1.	Present value of defined benefit obligation at the beginning of the year	**109.01**	100.51
2.	Expenses recognised in Profit and Loss Account		
	- Current service cost	**24.09**	18.52
	- Interest expense (income)	**6.79**	4.67
3.	Recognised in other comprehensive income		
Remeasurement gains / (losses):			
-	Actuarial Gain (Loss) arising from:		
i.	Demographic Assumptions	**–**	–
ii.	Financial Assumptions	**–**	(5.08)
iii.	Experience Adjustments	**0.43**	10.48
4.	Benefit payments	**(14.99)**	(30.80)
5.	Others : Impact of liability assumed (transfer from Mahindra Agri Solutions Limited)	**(0.15)**	10.71
6.	**Present value of defined benefit obligation at the end of the year**	**125.18**	109.01

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Currency: Indian Rupees in lakhs)

Principal assumption		Changes in assumption	Impact on defined benefit obligation Increase in assumption	 Decrease in assumption
Discount rate	**31 March 2024**	**1.00%**	**-2.85%**	**3.01%**
	31 March 2023	1.00%	-3.00%	3.17%
Salary growth rate	**31 March 2024**	**1.00%**	**2.94%**	**-2.84%**
	31 March 2023	1.00%	2.74%	-2.63%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous year.

Maturity profile of defined benefit obligation:

(Currency: Indian Rupees in lakhs)

	As at 31 March 2024	As at 31 March 2023
Within 1 year	**39.22**	28.24
1 - 2 year	**30.27**	28.95
2 - 3 year	**27.55**	22.04
3 - 4 year	**16.85**	19.34
4 - 5 year	**12.82**	11.68
5 - 6 year	**9.81**	8.47
6 - 7 year	**6.34**	6.42
7 - 8 year	**4.52**	4.20
8 - 9 year	**3.71**	3.16
10 year and above	**6.68**	6.53

The weighted average duration of the defined benefit obligation as at 31 March 2024 is 2.93 years (31 March 2023 - 3.08 years)

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year, an amount of Rs 30.87 lakhs (31 March 2023 : Rs. 23.19 lakhs) has been included in statement of profit and loss under the head Employee benefit expenses.

Compensated absenses :

Compensated absences for the employee benefits of Rs. 61.84 lakhs (31 March 2023 : Rs 74.56 lakhs) expected to be paid in exchange for the services recognised as a expenses during the year.

31 Exceptional Items

(Currency: Indian Rupees in lakhs)

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
Impairment loss :		
Goodwill	–	4,185.22
Brand Value	–	366.91
Intangible Development	–	0.77
Intangible under Development	–	603.10
	–	5,156.00

Impairment loss of Goodwill, Intangible Assets and Intangible under development has been recognised considering the performance of the Company and future projections.

The management assesses the performance including future projections and relavant economic and market conditions in which they operate to identify if there is a indicator of impairment in the carrying value of the assets / under development.

The Company determined the recoverable amount of long term assets and other exposures and recorded impairment loss of Rs. Nil for the year ended 31 March 2024 (Rs. 5,156 lakhs for the year ended 31 March 2023). The value-in-use calculation use discount rates at 17.6% (31 March 2023 : 19%) and the terminal growth rates is 5% (31 March 2023 : 5%).

32 Segment reporting

The Company is engaged in the business of production and trading of Crop inputs, which is the primary business segment and has only domestic sales. The Company has only one reportable business segment, which is production and trading of Crop inputs and only one reportable geographical segment. Accordingly, these financial statements are not reflective of the information required under Ind AS 108.

33 For the financial year ended 31 March 2024, managerial remuneration paid to the directors amounting to Rs. 324.99 lakhs (31 March 2023 : Rs. 333.93 lakhs) is in compliance with the requirements of the Act.

34 Ratio Analysis and its elements

Ratio	Numerator	Denominator	31-Mar-23	31-Mar-22	% change	Reasons for variances

INDEPENDENT AUDITOR'S REPORT

To The Members of Mahindra EPC Irrigation Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Mahindra EPC Irrigation Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2024, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue from sale of products and Expected credit loss (ECL) on Trade receivable
See Note 1 (K) & (U) of Significant Accounting Policies and Note 5 & 17 to the standalone financial statements

The Key Audit Matter	How the matter was addressed in our audit
Revenue from sale of products is recognised when the control of the underlying products has been transferred to the customer. We have identified recognition of revenue as a key audit matter as revenue is a key performance indicator. There is a presumed fraud risk of revenue being overstated during the year on account of variation in the timing of transfer of control due to pressure to achieve performance targets and meeting the external expectations. Trade receivables comprise of receivables from state government owned enterprises and private dealers. We have identified impairment of trade receivables as a key audit matter on account of the significant judgments and estimates involved especially around the customer's ability and willingness to pay the outstanding amounts and probability of default for each customer over the expected life of the receivables. Based on this assessment, credit loss rate is determined after considering the experience of actual credit losses over past years adjusted to reflect the expected collections, current economic conditions and forecasts. The company then records the impairment (Expected Credit Loss or ECL) towards trade receivables based on such credit loss rate.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: • Obtained an understanding of the systems, processes and controls implemented by the Company around recognition of revenue and for measurement of impairment towards trade receivables; • Evaluated the Company's accounting policies towards revenue recognition and measurement of impairment of trade receivable in the context of the applicable accounting standards; • We evaluated the design, implementation and operating effectiveness of the relevant internal financial controls, including automated controls, with respect to revenue recognition and impairment of trade receivables; • Tested revenue recognized during the year by selecting samples, through statistical sampling, and verifying the underlying customer contracts, sales orders, shipping documents and customer acceptances; • Testing of revenue recognized near the year end, through statistical sampling, to verify only the revenue pertaining to current year is recognized based on shipping documents and customer acceptances; • We have evaluated the historical accuracy of ECL towards trade receivables by examining the actual write-offs / reversals and new allowances recorded in the current year; • We have verified the ECL provision working for trade receivables including the method, assumptions and data used to determine the ECL on non-current debtors; • We have tested the ageing analysis and subsequent receipt of trade receivables, for samples selected through random sampling; • Assessed the adequacy of the related disclosures in the Standalone financial statements with reference to revenue recognition and impairment of trade receivables as per relevant accounting standards.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order'') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial. position in its standalone financial statements - Refer Note 30 to the standalone financial statements.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate

Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MAHINDRA EPC IRRIGATION LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 2 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties, written confirmations have been obtained during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not ma.de any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any Investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted I accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Gess or other statutory dues have generally been regularly deposited with the appropriate authorities, though there have been delays in a few cases of Income-Tax.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Gess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Gess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in Cr)*	Period to which the amount relates	Forum where dispute is pending
Central Excise Act, 1944	Excise Duty	0.44	FY 1995-96 and FY 1997-98	Commissioner of Central Excise
CGST Act, 2017	Goods and Service Tax (GST), Interest and Penalty	6.83	FY 2018-19	Deputy Commissioner of State Tax, Maharashtra
Finance Act, 1994	Service Tax	29.93	FY 2015-16	Commissioner, Central GST & Central Excise and Customs

* Net of amounts paid under protest.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint venture as defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its joint venture. (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of

Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group.

(xvii) The Company has not incurred cash losses in the current financial year, however Company has incurred cash loss amounting to Rs. 5.95 crore in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MAHINDRA EPC IRRIGATION LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra EPC Irrigation Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability offinancial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the standalone financial statements for the year ended March 31, 2024

Note No. 1 - Corporate information and material accounting policies

A. Corporate Information

Mahindra EPC Irrigation Limited (Company) is a Public Limited Company listed on the Bombay Stock Exchange Limited and National Stock Exchange. It was incorporated on November 28, 1981 under the Companies Act, 2013. It is engaged in the business of Micro Irrigation Systems such as Drip and Sprinklers, Agricultural Pumps, Greenhouses and Land Scape Products. The Company is a public limited Company and domiciled in India. The address of its corporate office is H-109, MIDC, Ambad, Nashik, Maharashtra 422010. As at 31st March 2023 Mahindra & Mahindra Limited, the holding company own 54.39% of the Company's equity share capital.

B. Basis of preparation

a. Statement of compliance

These standalone financial statements of Mahindra EPC Irrigation Limited ('the Company') have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These standalone financial statements were approved by the Company's Board of Directors and authorised for issue on 23rd April 2024.

b. Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle, paragraph 66 and 69 of Ind AS 1 and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013.

An asset is treated as current when it is

a. Expected to be realised or intended to be sold or consumed in normal operating cycle:
b. Held primarily for the purpose of trading;
c. Expected to be realised within twelve months after the reporting period; or
d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when

a. It is expected to be settled in normal operating cycle;
b. It is held primarily for the purpose of trading;
c. It is due to be settled within twelve months after the reporting period; or
d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

C. Basis of measurement and fair value

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments and net defined benefit liability that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

D. Functional and presentation currency

These financial statements are presented in Indian Rupees ('Rupees') which is also the Company's functional currency. All amounts are rounded-off to the nearest rupee in crores (two decimals), unless otherwise indicated.

E. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

F. Property, Plant and equipment :

Property, Plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. Cost includes cost of acquisition or construction and is stated at historical cost.

Depreciation on all property, plant and equipment, is provided on Straight Line Method as per the estimated useful life. Leasehold Assets are depreciated over the shorter of the lease term and their useful lives. Depreciation on additions to assets or on sale / disposal of assets is calculated from the date of such addition or up to the date of such sale / disposal as the case may be.

Property, Plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately in the Balance Sheet.

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Assets	Useful life	Life as per Scheduel II
Buildings		
Factory Building	30 Years	30 Years
Office Building	60 Years	60 Years
Extrusion Machines	19 Years	8 Years
Other Machineries	10 Years	15 Years
Electrical Installations, factory Equipments, furniture	10 Years	10 Years
Moulds and Dies	10 Years	15 Years
Office Equipment	5 Years	5 Years
Computers	3 Years	3 Years
Vehicles - Cars (For employee use)	5 Years	8 Years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on prospective basis.

G. Intangible Assets:

Intangible assets with definite useful lives are amortised on a straight line basis so as to reflect the pattern in which the asset's economic benefits are consumed.

Intangible assets are recognised only when economic benefit attributable to the assets will flow to the enterprise and cost can be measured reliably. They are being amortised over the estimated useful life of 36 months.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Subsequent to initial recognition, intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the statement of profit or loss when the asset is derecognised.

H. Impairment of Assets:

The carrying value of assets / cash generating units at each balance sheet date is reviewed for impairment excluding inventories and deferred tax. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the fair value less costs of disposal and their value in use. Value in use is arrived at by discounting the future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss of the amount. They arrived at cost less accumulated amortisation and accumulated impairment losses.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years.

I. Inventories:

Inventories comprise of raw materials, work in progress, finished goods and stock in trade, are valued at costs of purchase, conversion and other costs incurred if any in bringing the inventories to their present location and condition. Inventories are stated at lower of cost and net realisable value.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods. The comparison of cost and net realisable value is made on an item-by-Item basis.

Cost is determined on the basis of the weighted average method.

J. Foreign Exchange Transactions:

In preparing the financial statements transactions in other than the company's functional currency are recorded at the exchange rates prevailing on the date of transaction. At the end of each reporting period, monetary items denominated in foreign currencies are restated at the rates prevailing at that date. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be. Non - Monetary items that are measured in terms of historical cost in a foreign currency are not restated.

K. Revenue recognition:

Revenue from contracts with customer

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue is measured based on the consideration specified in a contract with a customer, stated net of discounts, returns and Goods and Service tax.

The Company recognises revenue from the following major sources:

a) Sale of Products; and

b) Sale of services.

a) Sale of Products

The company sells Micro irrigation systems (MIS) both to the Open market and Project market. Sales-related warranties associated with MIS cannot be purchased separately and they serve as an assurance that the products sold comply with agreed-upon specifications. Accordingly, the Company accounts for warranties in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets (refer note no. 14).

For sales of MIS to open market, revenue is recognised when control of the good has transferred, being when the goods have been delivered to the dealer based on the terms and conditions in his agreement. Following delivery, the dealer has full discretion over the manner of distribution and price to sell the goods, has the primary responsibility when on selling the goods and bears the risks of obsolescence and loss in relation to the goods.

For sales of MIS to project market, revenue is recognised when control of the good has transferred, being when the goods have been installed at the farmers' place as per the approved design and acknowledged by the implementing agency. Following which farmer has full control of the MIS.

A receivable is recognised by the Company when the goods are delivered to the distributor /MIS installation acknowledged by the implementing agency as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine degree of completion of the performance obligation.

Project revenue is recognised on the basis of cost completion after the threshold limit of 30% of the cost is completed.

b) Sale of Services

Sale of services are recognised on satisfaction of performance obligation towards rendering of such services.

L. Other income:

Dividend income from investments is recognised in statement of profit and loss when the shareholders right to receive payment has been established.

Interest income from financial assets is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest method is a method of calculating the amortised cost of the financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets, to that asset's net carrying amount on initial recognition.

M. Employee benefits:

a) Short term and other long term employee benefits

A liability is recognised for benefits accruing to employees in respected of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that services. Liabilities recognised in respect of other long -term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees upto the reporting date.

b) Post-employment benefits

(i) Defined contribution plans

The Company's contribution to provident fund, employee state insurance scheme and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employee.

(ii) Defined benefit plans

The employees' gratuity fund scheme, managed by Life Insurance Corporation (LIC) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation carried out as at the end of each financial year using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities, of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in the statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

(iii) Share based payment

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 20.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate with a corresponding adjustment to the equity-settled employee benefits reserve.

Other long-term benefits:

Compensated absences: Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date using the Projected Unit Credit Method.

N. Leases:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognise a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116.

The right-of-use assets are depreciated on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The right-of-use asset is also assessed for impairment when such indicators exist.

As a lessor:

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term.

O. Borrowing Costs:

All borrowing costs are charged to the Statement of Profit and Loss except, borrowing costs that are attributable to the acquisition or construction of qualifying assets which are those that necessarily take a substantial period of time to get ready for their intended use or sale, which are capitalised as part of the cost of such assets.

P. Product Warranty:

In respect of warranties given by the Company on sale of certain products, the estimated costs of these warranties are accrued at the time of sale. The estimates for accounting of warranties are discounted when required and are reviewed and revisions are made as required by the management of the company.

Q. Taxes on income:

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Current tax is the expected tax payable/receivable on the taxable income/ loss for the year using applicable tax rates for the relevant period, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to income tax is included in other income.

Uncertain Tax position:

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The provision is estimated based on one of two methods, the expected value method (the sum of the probability weighted amounts in a range of possible outcomes) or the single most likely amount method, depending on which is expected to better predict the resolution of the uncertainty.

Company has not recognised the deferred tax assets/liabilities on gain/ (loss) on disposal of investment in joint venture as at reporting date.

Company recognises the temporary differences on Right of use assets (ROU) and lease liabilities on net basis as at reporting date.

- **Current Tax**

Income Taxes are accounted for in accordance with IND AS-12. Tax expenses comprise both current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act 1961, and other applicable tax laws.

- **Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

R. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits - Refer Note No. 28) are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. Provisions & contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities and assets are not recognised but are disclosed in the notes.

S. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision- maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified by the company. The CODM of the company reviews the operation of the company as Precision Farming Products & Services.

T. Investment in Joint Venture

The company accounts for its investments in Joint Venture at cost less accumulated impairment, if any.

U. Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification and subsequent measurement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

<u>Classification of financial assets:</u>

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Trade Receivables

Trade receivables are initially recognised at fair value except for those without a significant financing component which are initially measured at transaction price. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

All other financial assets are subsequently measured at fair value.

<u>Financial assets at fair value through profit or loss (FVTPL)</u>

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information. Assessment of whether there is significant increase in the credit risk of a particular customer is performed periodically basis a review of collection trends, credit worthiness and other macro economic factors.

Off-setting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group is recognised at the proceeds received, net of directly attributable transaction costs.

V. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on going basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

– useful life of property, plant and equipment and intangible assets (Refer Note 1, Point F)

– estimation of defined benefit obligation (Refer Note 28)

– provision for warranty claims (Refer Note 14)

– income taxes - current and deferred taxes (Refer Note 7)

– impairment of trade receivables (Refer Note 5)

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

W. Contingent Liabilities & Commitments

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made

(i) It is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the pending resolution of the respective proceedings as it is determinable only on receipt of judgements/ decisions pending with various forums/authorities.

(ii) The Company does not expect any reimbursements in respect of the contingent liabilities.

(iii) The Company's pending litigations comprise of claims against the Company by employees and pertaining to proceedings pending with various direct tax, indirect tax and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required or disclosed as contingent liabilities where applicable, in its standalone financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its standalone financial statements.

X. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet includes cash at bank and on hand, deposits with banks & financial institutions, other short term highly liquid investments, with original maturities less than three months which are readily convertible into cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents as defined above is net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Y. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

To calculate diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Notes to the standalone financial statements for the year ended March 31, 2024 (Contd.)

NOTE NO. 4 - INVESTMENTS

Rs. in Crores

Particulars	As at March 31, 2024	As at March 31, 2023
Investment in Equity Instruments (fully paid-up)		
Unquoted		
In Joint Venture company - Mahindra Top Greenhouses Private Limited (March 24 - 18,00,000 shares of Rs.10 each), (March 23 - 18,00,000 shares of Rs.10 each)	–	0.48
Total	–	0.48

Other Disclosures:	As at March 31, 2024	As at March 31, 2023
Aggregate amount of unquoted investments (Gross)	**0.48**	0.69
Aggregate amount of impairment in value of investments	**0.48**	0.21
Aggregate amount of unquoted investments (Net)	–	0.48

Note for Impairment:
During the year ended 31st March 2024 the Company has recognised an aggregate impairment loss of Rs. 0.48 Crores on investment in joint venture considering the performance of the company. With this the original investment of Rs 1.80 crores is fully impaired.

NOTE NO. 5 - TRADE RECEIVABLES

Rs. in Crores

Particulars	As at March 31, 2024		As at March 31, 2023	
	Current	Non Current	Current	Non Current
Unsecured, considered good	**145.35**	**3.75**	122.81	20.29
Trade Receivables which have significant increase in credit risk	**9.74**	**0.41**	1.26	1.43
Trade Receivables - credit impaired	**26.78**	**1.42**	7.45	2.70
	181.88	**5.58**	131.52	24.42
Less: Expected credit loss	**(36.53)**	**(1.83)**	(17.77)	(10.31)
Total	**145.35**	**3.75**	113.74	14.11

Refer Note 24 for disclosures related to credit risk, impairment of trade receivables under expected credit loss model and related disclosures.

The company applies the simplified approach to provide for expected credit losses prescribed by IND AS 109, which permits the use of the lifetime expected credit loss provision for all trade receivables. The company has expected credit losses based on a provision matrix which uses historical credit loss experience of the Company.

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade or other receivable are due from firms or private companies respectively in which any director is a partner, a director or a member.

Refer Note 29 for disclosures relating to receivables from related parties.

Trade receivables are hypothicated against the working capital facilities provided by the bank.

Refer Note 5A for trade receivables ageing schedule.

When the impairment is calculated under the simplified approach for trade receivables, an entity is not required to separately track changes in credit risk of trade receivables as the impairment amount represents "lifetime" expected credit loss. Accordingly, the disclosure of trade receivables in the manner as required by Schedule III for significant increase in credit risk is not required except when a company has a trade receivable for which credit risk is assessed individually. Further, the disclosure of 'trade receivables – credit impaired' will be made if such trade receivables meet the definition of 'credit impaired' as per Ind AS 109.

NOTE NO. 5A - TRADE RECEIVABLES AGEING SCHEDULE UNDER NON-CURRENT ASSETS AND CURRENT ASSETS AS ON 31ST MARCH 2024

Warranty Claims:

Provision for warranty represents present value of management's best estimate of the future outflow of economic benefits that will be required in respect of sale of certain products, the estimated cost of which is accrued at the time of sale. Management estimates the related provision for future warranty claims based on historical warranty claim information and is adjusted regularly to reflect new information. The products are generally covered under a free warranty period ranging from 6 months to 5 years. It is expected that most of these costs will be incurred in the next two financial years and all will have been incurred within five years after the reporting date.

Total Revenue	254.18	8.27	210.09	0.28

* Uganda.

The company recognises revenue as per IND AS 115 'Revenue from contracts with customers'.

Accordingly, the Company recognises revenue when it transfers control of a product or service to a customer as and when it satisfies the performance obligation by transferring promised goods or services to a customer and customer obtains the control or benefit of the same.

The revenue is recognised on satisfaction of performance obligation / transferring control to the customer and hence the same is recognised at a point in time. The company believes that above disaggregation best depicts how the nature, amount, timing and uncertainty of revenues and cash flows are affected by industry, market and other economic factors.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors. The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is Rs 20.09 Crores out of which 100% is expected to be recognised as revenue in the next year. No consideration from contracts with customers is excluded from the amount mentioned above.

NOTE NO. 20 - EMPLOYEE BENEFITS EXPENSE

Rs. in Crores

	Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
(a)	Salaries and wages, including bonus	**27.62**	25.69
(b)	Contribution to provident and other funds (Refer Note No. 28)	**2.07**	2.15
(c)	Share based payment transactions expenses	**0.04**	0.01
(d)	Staff welfare expenses	**1.66**	1.32
	Total Employee Benefit Expense	**31.39**	29.17

Pursuant to the "Employees Stock Option Scheme – 2014" (ESOS) approved by the Shareholders in the Annual General Meeting held on July 31, 2014, the Company had granted 80,424, 3,228, 1,33,432, 11,129, 80,110 and 71,459 Stock Options to the eligible employees on October 28, 2014, October 31, 2015 , November 22, 2016, November 22, 2017, February 28, 2019 and March 12 , 2021 respectively as per the recommendations of the Nomination and Remuneration Committee, at an exercise price of Rs 10/- each. In respect of the options granted in 2014, 2016, 2017, 2019 and 2021 the equity settled options vest in 5 tranches of 20% each upon the expiry of 12 months, 24 months, 36 months, 48 months and 60 months, respectively from the date of grant. Each tranche is exercisable within one year from the respective date of vesting. The number of options exercisable in each tranche is minimum 20% of the options vested, except in case of the last date of the exercise, where the employee can exercise all options vested but not exercised till that date. In respect of options granted in 2015, the equity settled options vest in 4 tranches of 25% each upon the expiry of 12 months, 24 months, 36 months and 48 months, respectively from the date of grant. Each tranche is exercisable within one year from the respective date of vesting. The number of options exercisable in each tranche is minimum 25% of the options vested, except in case of the last date of the exercise, where the employee can exercise all options vested but not exercised till that date.

The difference between the fair price of the share underlying the options granted on the date of grant of option and the exercise price of the option representing share based payment expenses is expected over the vesting period.

		Number of Shares	Grant Date	Expiry Date	Exercise Price	Fair value at Grant Date
Equity Settled						
1	Series 1 Granted on October 28, 2014	80,424	October 28, 2014	October 28, 2019	10	170.97
2	Series 2 Granted on October 31, 2015	3,228	October 31, 2015	October 31, 2019	10	170.97
3	Series 3 Granted on November 22, 2016	133,432	November 22, 2016	November 22, 2021	10	131.75
4	Series 4 Granted on November 22, 2017	11,129	November 22, 2017	November 22, 2022	10	169.43
5	Series 5 Granted on February 28, 2019	80,110	February 28, 2019	February 28, 2024	10	83.51
6	Series 6 Granted on March 12, 2021	71,459	March 12, 2021	March 12, 2026	10	144.09

Risk-free interest rate (based on government bonds)	**8.06%**	8.06%	**8.06%**	8.06%	**6.33%**	6.33%	**6.94%**	6.89%	**7.19%**	7.13%	**5.00%**	–

Expected early exercise option is not considered in the assumption at the time of valuation. Hence relvant disclosure is not applicable.

The fair value of the employee share options has been measured using the Black-Scholes option Pricing formula.

Expected volatility has been based on an evaluation of the historical volatility of the Company's share price, particularly over the historical period commensurate with the expected term. The expected term of the instruments has been based on historical experience and general option holder behaviour.

NOTE NO. 24 - FINANCIAL INSTRUMENTS

I Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern.

– to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Net Debt and Equity is given in the table below :

Rs. in Crores

Particulars	March 31, 2024	March 31, 2023
Total Shareholders' Equity as reported in Balance Sheet	**165.28**	163.41

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

Definition of default

The financial services business considers a financial asset to be in "default" and therefore Stage 3 (credit impaired) for ECL calculations when the borrower becomes 90 days past due on its contractual payments.

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company. The company has dealings with government organisation for subsidy related transaction and with private parties. For private non government parties credit limits are set quarterly. The Company has adopted a policy of only dealing with creditworthy non government parties and obtaining security cheques, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and credit worthiness of such parties are continuously monitored and controlled by counterparty limits that are reviewed by Credit Control function based on the approved process.

No interest is charged on overdue balance.

Trade receivables consist of a large number of customers, spread across geographical areas. On going credit evaluation is performed on the financial condition of accounts receivable. There are no non government customers who represent more than 5% of the total balance of trade receivable.

The Company applies the simplified approach to provide expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

The loss allowance provision is determined as follows:

Rs. in Crores

As at March 31, 2024

Particulars	**Not due**	**Less than 1 Year**	**Non-Current**	**Total**
Project				
Expected loss rate	0.00%	18.45%	28.57%

Reconciliation of loss allowance provision for Trade Receivables

Rs. in Crores

Particulars	**March 31, 2024**	**March 31, 2023**
Balance as at beginning of the year	**28.08**	19.82
Impairment losses recognised in the year based on lifetime expected credit loss		
– On receivables originated in the year	**10.27**	8.26
– Amounts written off during the year as uncollectible	**–**	–
– Amounts Recovered during the year	**–**	–
Balance at end of the year	**38.36**	28.08

The loss allowance provision has changed during the year due to recovery from debtors and business circumstances.

During the year, the company has written off Rs. NIL, (March 31, 2023 - Nil) of trade receivables.

Cash & Cash equivalents

The Company held cash and cash equivalents with credit worthy banks of Rs. 0.20 Crores as at 31 March 2024 (Rs 4.42 Crores as at 31 March 2023) and fixed deposits of Rs. 2.08 Crores as at 31 March 2024 (Rs 2.61 Crores as at 31 March 2023).

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short - medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Rs. in Crores

Interest bearing	15.00	15.00	–	–	–
Total	**83.04**	**83.04**	**–**	**–**	**–**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rs. in Crores

Particulars	Total	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets					
March 31, 2024					
Non-interest bearing	151.13	146.43	4.69	–	–

March 31, 2023					
Non-interest bearing	134.01	119.25	14.27	–	0.48
Fixed interest rate instruments	3.17	2.61	–	–	0.57
Total	**137.18**	**121.86**	**14.27**	**–**	**1.05**

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. As at the year end, there were no material foreign currency exposure.

The currency profile of financial assets and financial liabilities as at 31 March 2024 and 31 March 2023 are as below:

Rs. in Crores

	Trade receivables		Trade payables	
Exposure to foreign currency liabilities	**March 31, 2024**	March 31, 2023	**March 31, 2024**	March 31, 2023
USD	**0.00**	0.00	**–**	–
INR	**0.09**	0.22	**–**	–
SGD	**–**	–	**0.00**	–
INR	**–**	–	**0.01**	–
CHF	**–**	–	**–**	(0.00)
INR	**–**	–	**–**	(0.01)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to fixed deposits and borrowings from banks.

Exposure to interest rate

The Company's main interest rate risk arises from short term borrowings with variable interest rate and fixed interest rate carrying investments like fixed deposits with banks, which exposes the Company to cash flow interest rate risk.

Rs. in Crores

Particulars	**March 31, 2024**	**March 31, 2023**
Fixed rate instruments		
Financial assets (bank deposits)	**2.56**	3.17
Variable rate instruments		
Financial liabilities (Short term borrowings)	**15.42**	15.00

Fair value sensitivity analysis for fixed-rate instruments

The Company's fixed rate bank deposits and loans to its subsidiaries are carried at amortised cost. They are therefore not subject to interest rate risk as defined in IND AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Cash flow sensitivity analysis for variable-rate instruments

The sensitivity analysis for floating rate liabilities is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole period. A reasonable possible change of 100 basis points (100 bps) in interest rate at the reporting date would have increased / (decreased) profit after tax and equity by the amount shown below:

Rs. in Crores

	Profit or (loss)		Equity, net of tax	
Particulars	**100 bp increase**	**100 bp decrease**	**100 bp increase**	**100 bp decrease**
31-Mar-24				
Variable-rate instruments	**(0.15)**	**0.15**	**(0.11)**	**0.11**
31-Mar-23				
Variable-rate instruments	(0.15)	0.15	(0.11)	0.11

Policy for write off of Loan Assets

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the MEIL business determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

NOTE NO. 25 - FAIR VALUE MEASUREMENT

The directors consider that the carrying amounts of financial assets and financial liabilities that are not measured at fair value, recognised in the financial statement approximate their fair values.

NOTE NO. 26 - LEASES (REFER NOTE 2B)

In adopting Ind AS 116, the Company has applied the below practical expedients:

The Company has applied a single discount rate to a portfolio of leases with reasonably similar characteristics

The Company has treated the leases with remaining lease term of less than 12 months as if they were "short term leases"

The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition

The Company has used hindsight, in determining the lease term if the contract contains options to extend or terminate the lease

On transition to Ind AS 116, the Company has followed the Modified Retrospective Approach, accordingly recognised right-of- use assets amounting to Rs. 360.55 lakhs, lease liabilities amounting to Rs. 55.21 lakhs as at April 1, 2019. The Company has discounted lease payments using the applicable incremental borrowing rate as at April 1, 2019, which is 8.50% for measuring the lease liability. In view of this, the operating lease rent which was hitherto accounted under 'Other expenses' in previous periods has now been accounted as depreciation and finance costs.

The following is the movement in lease liabilities

Rs. in Crores

Particulars	**As at March 31, 2024**	**As at March 31, 2023**
Opening Lease liabilities recognised	**0.15**	(0.00)
Additions	**0.41**	0.15
Finance cost accrued during the period*	**0.02**	0.00
Deletions	**–**	–
Payment of lease liabilities*	**(0.11)**	(0.00)
Closing Balance	**0.47**	0.15

The following is the break-up of current and non-current lease liabilities

Particulars	**As at March 31, 2024**	**As at March 31, 2023**
Current lease liabilities	**0.16**	0.05
Non-current lease liabilities	**0.32**	0.10
Closing Balance	**0.48**	0.15
Carrying Value of Right of use assets (Refer Note 2B)	**3.31**	3.03

The table below provides details regarding the contractual maturities of lease liabilities

Particulars	**As at March 31, 2024**	**As at March 31, 2023**
Less than one year	**0.16**	0.05
One to Three years	**0.32**	0.10

Rental expense recorded for short-term leases was Rs. 2.78 Crores (Previous Year: Rs. 2.24 Crores) for the year ended 31st March, 2024.

* Amount is lower than rounding off norm

NOTE NO. 27 - SEGMENT INFORMATION

The Company is engaged in the business of Precision Farming Products and Services and in a single geography viz, India. The Information reported to the chief operating decision maker (CODM) [Viz, The Managing Director] for assessment of performance of business and allocation of resources is under this segment.

Accordingly, The Company has identified a single segment under Ind AS 108 - "Operating Segments".

Refer Note 17 for the analysis of revenue from it major products and services.

There is no single customer contributing 10% or more of total revenue.

NOTE NO. 28 - EMPLOYEE BENEFITS

(a) Defined Contribution Plan

The Company's contribution to Provident Fund Rs.1.11 Crores (year ended March 31, 2023 : Rs. 1.10 Crores) and Superannuation Fund Rs. 0.42 Crores (year ended March 31, 2023 : Rs. 0.50 Crores) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India.

Through its defined plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset Volatility

The plan liabilities are calculated using a discount rate set with reference to government bond yields; if plan assets under perform compared to the government bond discount rate, this will create or increase a deficit. The defined benefit plans hold on investment with LIC, which are expected to perform in line with government bonds in the long-term.

The company believes that due to the long-term nature of the plan liabilities, investments of funds with LIC is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan assets.

Life expectancy

The plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities.

Defined benefit plans - as per actuarial valuation

Rs. in Crores

Particulars	**Funded Plan Gratuity 2024**	**2023**
Ia. Expense recognised in the Statement of Profit and Loss		
1. Current service cost	**0.30**	0.32

– Others (specify)	**–**	–
5. Contributions by employer (including benefit payments recoverable)	**–**	–
6. Benefit payments	**–**	–
7. Fair value of plan assets at the end of the year	**4.57**	4.16
IV. The Major categories of plan assets		
- Funds Managed By Insurer (LIC of India)	**4.57**	4.16
V. Actuarial assumptions		
1. Discount rate	**6.94%**	7.12%
2. Expected rate of return on plan assets	**6.00%**	6.00%
3. Salary escalation	**3.00%**	3.00%
4. Mortality Rate disclosure	**IALM (2012-14) Ult.**	IALM (2012-14) Ult.
5. Attrition rate	**28.39%**	18.00%

The sensitivity analysis of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. in Crores

Principal assumption		Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount rate	2024	1.00%	0.08	0.08
	2023	1.00%	0.11	0.13
Salary growth rate	2024	1.00%	0.06	0.06
	2023	1.00%	0.10	0.10

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Rs. in Crores

Maturity profile of defined benefit obligation:	**2024**	2023
Within 1 year	**1.30**	0.86
1 - 2 year	**1.04**	0.75
2 - 3 year	**0.57**	0.71
3 - 4 year	**0.46**	0.42
4 - 5 year	**0.32**	0.40
5 - 10 year	**0.64**	1.18

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

	2024	2023
Weighted average remaining duration of Defined Benefit Obligation (No of Years)	**2.19**	3.70

Rs. in Crores

	2024	2023
Expected contribution to the plan for next financial year:	**1.30**	0.86

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Top Greenhouses Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Mahindra Top Greenhouses Private Limited** (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India relating to the liquidation basis of accounting, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter(s)

a. We draw attention to Note 22 to the financial statements, which explains that in view of the decision by the Board of Directors to discontinue the Company's business operations, the going concern assumption is not appropriate for the preparation of financial statements of the Company as at and for the year ended 31 March 2024. Accordingly, the financial statements of the Company have been prepared on a liquidation basis i.e. assets are measured at lower of carrying amount and estimated net realisable values and liabilities are stated at their estimated settlement amounts in the financial statements.

   Our opinion is not modified in respect of this matter.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India relating to the liquidation basis of accounting, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. In the present case the Board of Directors intends to discontinue the Company's business operations.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. In the present case, liquidation basis of accounting has been used since the Management and Board of Directors have concluded that the use of going concern basis is not appropriate in the facts and circumstances as stated in Note 22.
- Evaluate the overall presentation, structure and content of the financial statements, including the diooloooureo, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph 2B(g) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) The matter that financial statements have been prepared on a liquidation basis as described in the Emphasis of Matter(s) paragraph above, in our opinion, has an adverse effect' on the functioning of the Company.

   f) On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   g) the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014

   h) The Company has been exempted from the requirement of its auditor reporting on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls (clause (i) of Section 143(3)).

   (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a) The Company does not have any pending litigations which would impact its financial position.

   b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   d) (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 23(B)(iv) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 23(B)(v) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e) The Company has neither declared nor paid any dividend during the year.

f) The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company is not a public company. Accordingly, the provisions of Section 197 of the Act are not applicable to the Company. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA TOP GREENHOUSES PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a), (b) and (d) The Company does not have any Property, plant and equipment and intangible assets as at 31 March 2023. Accordingly, Clause 3(i) (a), (b) and (d) of the Order is not applicable to the Company.

(c) The Company does not have any immovable property (including immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company does not hold inventories as at 31 March 2024. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it and services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Income-Tax and other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Income-Tax and other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Income-Tax and other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiary, associate or joint venture as defined under the Act, during the year ended 31 March 2023. Accordingly, clause 3(ix)(t) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Based on the information and explanations provided to us, the Company does not have a vigil mechanism and is not required to have a vigil mechanism as per the Act or SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The Company is a private limited company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(b) In our opinion and based on the information and explanations provided to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Act. Accordingly, clause 3(xiv)(b) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group

(xvii) The Company has incurred cash losses of Rs 66.81 lakhs in the current financial year and Rs 42.77 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) We draw attention to Note 22 of the financial statements which explains that the going concern assumption is no longer valid and these financial statements have been prepared on liquidation basis.

On the basis of the above and according to the information and explanations given to us during the course of audit and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, the aforesaid events or conditions indicate that that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No. 1 - Corporate information and material accounting policies

A. Corporate Information

Mahindra Top Greenhouses Private Limited was incorporated on November 16, 2018 under the Companies Act, 2013. It is engaged in the business of Protected cultivation Technology products. The Company is a joint venture of Mahindra EPC Irrigation Limited and Top Greenhouses Ltd., Israel.

B. Statement of compliance

i) The financial statements have been prepared in accordance with IND AS notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended.

ii) The company does not have an intention to carry out operations and hence the going concern assumption is no longer appropriate. Thus, the financial statements are prepared and presented under liquidation basis of accounting whereby the carrying values of all assets have been stated at their realizable value and all liabilities have been stated at their settlement values as at 31 March 2024.

iii) These financial statements were approved by the Company's Board of Directors and authorised for issue on 18 April 2024.

C. Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, except for measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

D. Functional and presentation currency

These financial statements are presented in Indian Rupees ('Rupees') which is also the Company's functional currency. All amounts are rounded-off to the nearest rupee in lakhs (two decimals), unless otherwise indicated.

E. Inventories:

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition and are stated at lower of cost and net realisable value.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Cost is determined on the basis of the weighted average method.

F. Revenue recognition:

The Company recognises revenue from the following major sources:

a) Sale of Products; and

b) Sale of services.

Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognises revenue when it transfers control of a product or service to a customer.

a) Sale of Products

The Company is engaged in the business of Protected Cultivation Technology Products. In terms of Ind AS 115, the Company is recognizing the revenue as and when it satisfies the performance obligation by transferring promised services to customer and customer obtains the benefit of the same. Hence the Company recognises revenue at a point in time. Sales-related warranties associated the products cannot be purchased separately and they serve as an assurance that the products sold comply with agreed-upon specifications. Accordingly, the Company accounts for warranties in accordance with IND AS 37 Provisions, Contingent Liabilities and Contingent Assets (refer note 9).
Revenue is recognised by the Company when the goods are delivered to the customer and installation is acknowledged by the farmers or direct delivery of kits to the customer, as this represents the point in time at which the right to consideration becomes unconditional. As only the passage of time is required before payment is due.

b) Sale of Services

Sale of services are recognised on satisfaction of performance obligation towards rendering of such services.

G. Other income:

Interest income from a financial asset is accrued on a time basis, by reference to the principal outstanding and the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

These income are recognised when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 (contd.)

H. Product Warranty:

In respect of warranties given by the Company on sale of certain products, the estimated costs of these warranties are accrued at the time of sale. The estimates for accounting of warranties are reviewed and revisions are made as required.

I. Taxes on income:

- Current Tax

  Income Taxes are accounted for in accordance with IND AS-12. Tax expenses comprise both current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act 1961, and other applicable tax laws.

- Deferred Tax

  Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

  The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

  Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

J. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities and assets are not recognised but are disclosed in the notes.

K. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified by the company. The CODM of the company reviews the operation of the company as Protected Cultivation Technology Products.

L. Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification and subsequent measurement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets:

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 (contd.)

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.
On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

M. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on going basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in the carrying amount of some assets and liabilities.

- Provision for warranty claims (Refer Note 9)
- Going Concern (Refer Note 22)

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.
Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

N. Foreign Exchange Transactions:

In preparing the financial statements transactions in other than the company's functional currency are recorded at the exchange rates prevailing on the date of transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that rate. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be. Non - Monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

O. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 (contd.)

Note No. 2 - Inventories (Refer Note 1E)
[Lower of cost and net realisable value]

Rs. in Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023
Stock-in-trade of goods acquired for trading (Lying with a third party Rs.NIL, Previous Year Rs.3.89 Lakhs)	–	93.76
Total	–	93.76

Inventories are valued considering provision for allowance for obsolescence, inventory carrying risk and delayed in usage in view of lower off-take in present situation. In addition, we have reviewed the likelihood of reduction in sales price and cancellation of orders. This is based on an assessment considering the orders in hand, product demand, expected price trend and sales plan. Based on the above assessment, the Company is of the view that the carrying amounts of inventories are expected to be realisable.

Note No. 3 (a) - Cash and Cash Equivalents

Rs. in Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023

Unused amounts reversed during the year	(0.06)
Unwinding of discount	0.05
Provision Written Back	(14.59)
Balance at March 31, 2024	–

Warranty Claims:

Provision for warranty represents present value of management's best estimate of the future outflow of economic benefits that will be required in respect of sale of certain products, the estimated cost of which is accrued at the time of sale. Management estimates the related provision for future warranty claims based on historical warranty claim information of shareholders entities past experience and is adjusted regularly to reflect new information. The products are generally covered under a free warranty period ranging from 3 year to 5 years.

Note No. 10 - Other Current Liabilities

Note No. 17 - Financial Instruments

I Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company. For parties credit limits are set quarterly. The Company has adopted a policy of only dealing with creditworthy parties and obtaining security cheques, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and credit worthiness of such parties are continuously monitored.

Cash and cash equivalents and fixed deposits

The Company held cash and cash equivalents with credit worthy banks and financial institutions of Rs. 5.50 lakhs as at 31 March 2024 (31 March 2023: Rs. 14.56 lakhs) and fixed deposits of Rs. 3.75 lakhs as at 31 March 2024 (31 March 2023: Rs. 41.25 Lakhs)

The cash and cash equivalents and fixed deposit are held with bank and financial institution counterparties, which are rated AA- to AA+, based on CRISIL ratings.

Trade receivables

A summary of exposure to credit risk for trade receivables is as follows:

	Carrying Amount	
	31 March 2024	31 March 2023
Trade receivables (refer note 6)	**–**	7.87
	–	7.87

The Company's exposure to credit risk for trade receivables (net) at the reporting date by operating segment are as follows:

	Carrying Amount	
	31 March 2024	31 March 2023
Green House Products and Installation services	**–**	7.87
	–	7.87

Impairment

The ageing of trade and other receivables that were not impared is as follows:

	Carrying Amount	
	31 March 2024	31 March 2023
Gross carrying amount		
Neither due nor impaired		
Not Due	**–**	–
Ageing 0-30	**–**	–
Ageing 31-60	**–**	4.22
Ageing 61-120	**–**	3.65
Ageing more than 120	**4.87**	17.71
Expected credit loss		
Neither due nor impaired	**–**	–
Not Due	**–**	–
Ageing 0-30	**–**	–
Ageing 31-60	**–**	–
Ageing 61-120	**–**	–
Ageing more than 120	**22.58**	17.71
Net amount after impairment	**(17.71)**	**7.87**

Management believes that the unimparied amounts that are overdue are still collectible in full, based on extensive analysis of customer credit risk.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 (contd.)

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows:

Particulars	Amount
Balance as at 1 April 2023	17.71
Less : Bad debt written off during the year	–
Add : Impairment loss recognised during the year	4.87
Balance as at 31 March 2024	**22.58**

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short - medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

EXPOSURE TO LIQUIDITY RISK

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted.

				Contractual cash flows		
31 March 2024	**Notes**	**Carrying amount**	**Total**	**Payable within 1 year**	**1-5 years**	**More than 5 years**
Non-derivative financial liabilities						
Trade payables	**8**	**3.21**	**3.21**	**3.21**	**–**	**–**
		3.21	**3.21**	**3.21**	**–**	**–**

				Contractual cash flows		
31 March 2023	**Notes**	**Carrying amount**	**Total**	**Payable within 1 year**	**1-5 years**	**More than 5 years**
Non-derivative financial liabilities						
Trade payables	8	58.75	58.75	58.75	–	–
		58.75	58.75	58.75	–	–

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF MAHINDRA HZPC PRIVATE LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra HZPC Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the financial statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting

a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company does not have any pending litigations which would impact its financial position;
      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either

from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra HZPC Private Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a programme designed to cover all the items once in two years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the inventory comprising of finished goods, work-in-progress, agricultural produce and packing materials has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC Bank Limited and Axis Bank Limited ("the Banks") on the basis of security of current assets during the year. The current assets statements filed by the Company with the Banks on a quarterly basis are materially in agreement with the unaudited books of account as certified by the management.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes during the year.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

(b) The Company did not have an internal audit system for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company is not required to comply with the provisions of Section 135 of the Act related to the Corporate Social Responsibility (CSR) as the Company has incurred losses during the last three financial years. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES FORMING PART OF FINANCIAL STATEMENTS

1 Corporate Information

Mahindra HZPC Private Limited (Joint Venture with HZPC) is engaged in the business of contract growing, corporate far wholesale, retail trading of potato seeds, minitubers, table potato and processing potato, tissue culture plants and service.

2 Material Accounting Policies

Statement of compliance

The Company's financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 201 amended, issued by Ministry of Corporate Affairs under section 133 of Companies Act, 2013.

2.1 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except defined benefit plans - plan assets which has been fair valued. The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013. Company's financial statements are presented in Indian Rupees (₹) which is also its functional currency.

2.2 Operating Cycle

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the companies act, 2013 and Ind AS 1 - Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

2.3 Revenue recognition

The Ministry of Corporate Affairs notified Ind AS 115 "Revenue from Contracts with Customers" in respect of accounting periods commencing on or after April 1, 2018, superseding Ind AS 11 "Construction Contracts" and Ind AS 18 "Revenue".

The Company's current revenue recognition policy is aligned to the principles enunciated in Ind AS 115 which is effective from April 1, 2018.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration expected to receive in exchange for those products or services.

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

2.3.1 Sale of goods

Revenue from the sale of goods is recognised upon transfer of control of promised products to customers in an amount that reflects the consideration expected to receive in exchange for those products, at which time all the following conditions are satisfied:

- the company has transferred to the buyer the control of promised products to customers;
- the company has identified the contract with customer and performance obligation in the contract;
- the amount of revenue can be measured reliably;
- revenue is recognised when the division satisfy the performance obligation
- it is probable that the economic benefits associated with the transaction will flow to the company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

2.3.2 Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.3.3 Other Income

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

2.4 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.5 Employee benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/ superannuation. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act 1972.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

2.5.1 Employee Share based compensation

Certain employees of the company / holding company on deputation are covered under the stock option plans of the

NOTES FORMING PART OF FINANCIAL STATEMENTS

holding company. These plans are assessed, managed and administered by the holding company.

The fair value of options granted under the Employee stock Option scheme applicable to eligible employees of the Company is charged in the statement of Profit and loss on a straight line basis over the service period / option vesting period with a corresponding increase in equity net of reimbursements, if any.

2.6 Taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

2.7 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.7.1 Intangible Assets:

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised. Intangible assets are amortized over the period of five years.

2.7.2 Impairment of non-financial assets - property, plant and equipment and intangible assets:

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets may be impaired. If any such indication exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.8 Inventories

Inventories are valued as follows:

(a) Raw materials & components and stores & spares
At cost, arrived at on FIFO basis or net realisable value, whichever is lower. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition.

(b) Traded goods
At cost arrived at on FIFO basis or net realisable value, whichever is lower. Costs are determined after deducting rebates and discounts.
Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and sale.

(c) Agricultural Produce
Agricultural produce is recognized at fair value less costs to sell at the date of harvest. Once harvested, these goods are subsequently accounts for under Ind AS 2 in the same manner as other inventories purchased from third parties.
Obsolete, slow moving and defective inventories are identified from time to time and, where necessary, a provision is made for such inventories.

2.9 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

NOTES FORMING PART OF FINANCIAL STATEMENTS

2.10 Basis for classification of current and Non current assets

The basis for classification of current and non current assets is as per Ind AS 1- Presentation of financial statement

Current and Non current assets

An entity shall classify an asset as current when:

(a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;

(b) it holds the asset primarily for the purpose of trading;

(c) it expects to realise the asset within twelve months after the reporting period; or

(d) the asset is cash or a cash equivalent (as defined in Ind AS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

An entity shall classify all other assets as non-current.

Current and Non current liabilities

An entity shall classify a liability as current when:

(a) it expects to settle the liability in its normal operating cycle;

(b) it holds the liability primarily for the purpose of trading;

(c) the liability is due to be settled within twelve months after the reporting period; or

(d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

An entity shall classify all other liabilities as non-current.

2.11 Foreign Currency Transactions

In preparing the financial statements of entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. Gains and losses arising out of subsequent fluctuations are accounted for on actual payment or realisation. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

2.12 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.13 Depreciation / amortisation and useful lives of property plant and equipment / intangible assets

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

2.14 Provisions for doutful debtors

As per applicable credit policy company make a provision for doubtful debtors where outstanding remain unpaid for more than 180 days.

2.15 Biological assets and agricultural produce

The Company's operations include activities which are agricultural in nature and are subject to the recognition, measurements and disclosure requirements of Ind AS 41 - Agriculture. Biological Assets are recognised when the Company controls the assets as a result of past events and it is probable that the future economic benefits associated with the asset will flow to the Company and fair value can be measured reliably. On initial recognition and at the end of each reporting period, the biological assets are measured at fair value less cost to sell. Cost to sell includes the incremental cost to sell including commission to traders, brokers and dealers and estimated cost to transport to the market but excludes finance costs and income taxes. harvested biological assets (i.e. agriculture produce) are transferred to inventory at fair value less costs to sell when harvested.

Cost approximates fair value when little biological transformation has taken place since the costs were originally incurred or the impact of biological transformation on price is not expected to be material. Gains and losses arising on initial recognition of both biological assets and agricultural produce and any subsequent changes in fair value are recognised in the statement of Profit and Loss in the period in which they arise.

Cost for this purpose includes all direct costs incurred up to the stage of production of the respective inventories.

2.16 Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.17 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of financial statements in conformity with IND AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of financial statements and the reported amounts of revenues and expenses for the year presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

Note No. 3 - Property, Plant & Equipment – estimated useful life

Note No. 5 - Intangible assets – impairment and estimated useful life

Note No. 7 - Fair value measurements and inventory valuation processes

Note No. 18 - Revenue Recognition – satisfaction of performance obligation and price of the performance obligation.

Note No. 29 - Recoverability of trade receivables and determining provision as per ECL model of the Company.

2.18 Leasing

The Company recognise right of use of Asset and a lease liability at the commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct cost incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

NOTES FORMING PART OF FINANCIAL STATEMENTS

The right-of-use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the company by the end of the lease term or the cost of right-of-use asset reflect that the company will exercise the purchase option. In that case the right-of-use asset will depreciated over the life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain measurements of the lease liability.

2.19 Financial instruments, Financial assets, Financial liabilities and Equity Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

Financial assets

Recognition: Financial assets include Investments, Trade Receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification: Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

(a) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and / or interest.

(b) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.

(c) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment: The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Reclassification: When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition: Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. Concomitantly, if the asset is one that is measured at:

(a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;

(b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Income Recognition: Interest income is recognised in the Statement of Profit and Loss using the effective interest method. Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Financial Liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption / settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet.

Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in Balance Sheet where there is legally enforceable right to offset the recognised amounts and there is an intension to settle on a net basis or realise the asset and settle the liability simultaneously.

Equity Instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

2.20 Government grants

The Company has received grant from District Horticulture Mission Society, Mohali, Punjab. The Company has deducted the grant from the carrying value of the asset. The grant is recognised in the profit and loss over the life of a depreciable asset as a reduced depreciation expense.

2.21 Going Concern

The performance of the Company in term of revenue and profitability is exceeding the budgeted expectations. Further, considering the customer response on new product varieties, order position and advance received from the customers for the next financial year, the Company is confident of its ability to meet the future funds requirements and to continue its business as a going concern.

Particulars	As at March 31, 2024	As at March 31, 2023
Security Deposits		
– Unsecured, considered good	**7.52**	7.11
Total	**7.52**	7.11

Note No. 7 - Inventories

(₹ in Lacs)

Particulars	As at March 31, 2024	As at March 31, 2023
(a) Work-in-progress	**393.31**	380.95
(b) Stock-in-trade	**3,424.32**	3,512.08
(c) Goods-in-transit	**17.13**	–
(d) Agricultural produce (including biological assets)	**441.30**	263.28
(e) Packing materials	**56.15**	56.52
Total Inventories at the lower of cost and net realisable value	**4,332.22**	4,212.83

Notes

1) The cost of inventories recognised as an expense during the year in respect of operations was Rs. 3,170.48 Lacs (March 31 2023: Rs. 3,108.04 Lacs)
2) Mode of valuation of inventories is stated in Note 2.8 Accounting Policies.
3) Work-in-progress comprises of tubers (seed potatoes) and are valued at cost.
4) Goods-in-transit comprises potatoes and packing material

Inventory comprising of traded as well as company product (grown through contract manufacturing) is valued at Cost or Net Realisable Value (NRV), whichever is lower. Having regard to the nature of business; uncertainties involved; long period time for final sale etc. while arriving at NRV, based on present market conditions and future pricing arrangements management is confident of realising value higher than the cost.

Note No. 8 - Trade Receivables

Note No. 12.1 - Equity Share Capital

Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity share is entitled to one vote per share. The company declares and pays dividend in Indian Rupees. The dividend proposed by Board of Directors is subject to approval of the shareholders in the ensuing annual general meeting. Further, the Board of Directors may also announce an interim dividend which would need to be confirmed by the shareholders at the forthcoming Annual General Meeting. In the event of liquidation, the shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholdings.

Note: Deferred tax assets (DTA) have not been recognised since it is not probable that future taxable profit will be available against which the Company can use the benefits therefrom.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No. 25 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating ₹26.66 Lacs (2023 : ₹22.03 Lacs) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

Note: Note: Where required by Ind AS 24 an entity discloses information about contributions to defined contribution plans for key management personnel.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Defined benefit plans – as per actuarial valuation on March 31, 2024

(₹ in Lacs)

Particulars	**Unfunded Plan Gratuity**	
	2024	2023
(a) Expense recognised in the Statement of Profit and Loss for the year ended March 31:		
1. Current service cost	**8.51**	8.67
2. Interest cost	**3.40**	2.66
(b) Included in other Comprehensive Income		
Actuarial (Gain)/Loss on account of :		
– Financial Assumptions	**0.74**	(2.93)
– Experience Adjustments	**(3.85)**	(3.11)
– Demographic Assumptions	**–**	–
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Current Service Cost	**8.51**	8.67
Net interest expense	**3.40**	2.66
Components of defined benefit costs recognised in profit or loss	**11.91**	11.33
Actuarial gains and loss arising form changes in financial assumptions	**0.74**	(2.93)
Actuarial gains and loss arising form experience adjustments	**(3.85)**	(3.11)
Actuarial gains and loss arising form demographic assumptions	**–**	–
Components of defined benefit costs recognised in other comprehensive income	**(3.11)**	(6.04)
Total	**8.79**	5.30
I. Net Asset/(Liability) recognised in the Balance Sheet as at March 31		
1. Present value of defined benefit obligation as at March 31	**50.35**	48.79
2. Fair value of plan assets as at March 31	**–**	–
3. Deficit	**(50.35)**	(48.79)
4. Current portion of the above	**6.67**	6.35
5. Non current portion of the above	**43.69**	42.44

(₹ in Lacs)

Particulars	**Unfunded Plan Gratuity**	
	2024	2023
II. Change in the obligation during the year ended March 31		
1. Present value of defined benefit obligation at the beginning of the year	**48.79**	43.50
2. Expenses Recognised in Profit and Loss Account		
- Current Service Cost	**8.51**	8.67
- Interest Expense (Income)	**3.40**	2.66
3. Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**0.74**	(2.93)
ii. Financial Assumptions	**(3.85)**	(3.11)
5. Benefit payments	**(7.23)**	**–**
4. Others (Liabilities assumed on acquisition)	**–**	**–**
5. Present value of defined benefit obligation at the end of the year	**50.35**	48.79

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		**Impact on defined benefit obligation**	
		Increase in assumption	Decrease in assumption
Discount rate		**47.49**	**53.52**
	2023	51.89	46.00
Salary growth rate		**53.45**	**47.50**
	2023	51.83	46.00

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The significant actuarial assumptions (estimated for adequate coverage of the obligation on a prudent basis), are as under:

Particulars	**Valuation as at**	
	31-Mar-24	31-Mar-23
Discount rate(s)	**7.20 % p.a.**	7.45 % p.a.
Expected rate(s) of salary increase	**8.50 % p.a.**	8.50 % p.a.
Expected rate of return on plan assets	**N.A**	N.A
Attrition	**15.00 % p.a.**	15.00 % p.a.
Mortality table	**IALM 2012-14**	IALM 2012-14

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Maturity profile of defined benefit obligation:

Particulars	As at March 31, 2024	As at March 31, 2023
Within 1 year	**6.67**	6.35
1 - 2 year	**6.33**	6.47
2 - 3 year	**6.15**	6.27
3 - 4 year	**5.99**	6.10
4 - 5 year	**5.91**	5.72
> 5 years	**52.15**	52.00

(C) Defined Benefit Plans (Compensated absences)
The amount recognized as an expense in respect of compensated absences is Rs. 1.09 Lacs [Previous Year: Rs. (7.38) Lacs].

Basic and diluted earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic and diluted earnings per share are as follows:

(₹ in Lacs)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Profit/(Loss) for the year attributable to owners of the Company	**641.90**	103.89
Weighted average number of equity shares	**49,640,000**	49,640,000
Earnings/(Loss) per share from operations - Basic and Diluted	**1.29**	0.21

Note: The Company has not issued any potential equity shares and hence, basic and diluted EPS are the same.

Note No. 27 - Segment Reporting

A. Primary Segment - Business Segment

The Company's business activity falls within a single business segment viz. 'trading in seed potatoes'. All other activities of the Company revolve around its main business. Hence, there are no separate reportable primary segments as defined by Ind AS 108 on "Segment Reporting". The same is consistent with the information reviewed by the Chief Operating Decision Maker (CODM).

B. Secondary Segment - Geographical Segment

The Company, at present, does not have any Secondary Segment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No. 29 - Financial Risk Management

CAPITAL MANAGEMENT

The Company's key objective in managing its financial structure is to maximize value for shareholders, reduce cost of capital, while at the same time ensuring that the Company has the financial flexibility required to continue its expansion. The Company manages its financial structure majorly through internal accruals and makes any necessary adjustments in light of prevailing economic conditions. In this context, the capital structure of the Company consists only of equity and lease liability is not considered as debt. Equity comprises issued share capital, reserves and retained earnings as set out in the statement of changes in equity.

Categories of financial assets and financial liabilities

(₹ in Lacs)

Particulars	Refer Note	As at March 31, 2024	As at March 31, 2023
Financial assets measured at amortised cost

		83.20	71.30
Financial liabilities measured at amortised cost			
Borrowing from banks	14	1,382.28	2,105.50
Trade payable	15	1,153.69	945.19
Other financial liabilities	16	1,222.87	1,344.09
Lease Liability			
Current	3.1	7.09	–
Non- Current	3.1	1,795.99	–
		5,561.93	4,394.78

Financial Risk Management Framework

The company activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The company primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the company is price risk. The company's exposure to credit risk is influenced mainly by the individual characteristic of each customer.

CREDIT RISK

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The company does not have significant credit risk exposure to any single counterparty.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The provision matrix at the end of the reporting period is as follow:-

Ageing	For the year ended March 31, 2024	
	Expected credit loss (%)	Expected credit loss (₹ In Lacs)
0-3 month past due	0.00%	–
3-6 month past due	0.00%	–
>180 Days	100.00%	47.30
Total		**47.30**

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

All such transactions are carried out within the guidelines set by the Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the company's short-, medium- and long-term funding and liquidity management requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities (predominantly trade payables, etc) with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(₹ in Lacs)

Particulars	As at March 31, 2024	As at March 31, 2023
Non-derivative financial liabilities - Less than one year		
Short term borrowings	1,382.28	2,105.50
Trade Payable	1,153.69	945.19
Other financial liabilities	1,222.87	1,344.09
Total	3,758.85	4,394.78

(ii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(₹ in Lacs)

Particulars	As at March 31, 2024	As at March 31, 2023
Secured Bank Overdraft facility		
- Expiring within one year	2,111.72	3,389.85
- Expiring beyond one year	–	–
Term Loan		
- Expiring within one year	–	–
- Expiring beyond one year	–	–
	2,111.72	3,389.85

Note No. 30 - Contingent liabilities and commitments

(₹ in Lacs)

Particulars	As at March 31, 2024	As at March 31, 2023
Contingent liabilities (to the extent not provided for)	–	–
Capital commitment	193.05	11.35

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note No. 31 - Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

	Particulars	As at March 31, 2024	As at March 31, 2023
(i)	Principal amount remaining unpaid to MSME suppliers as on	–	7.56
(ii)	the amount of interest paid by the buyer under MSMED Act	–	–
(iii)	Interest accrued and remaining unpaid at the end of each accounting year to MSME suppliers as on	–	–
(iv)	Further interest due and payable even in the succeeding years, until such date when the interest due as above are actually paid to the small enterprises	–	–
(v)	Interest due and payable on unpaid principal amount to MSME suppliers as on	–	–

Note No. 32 - Ratios

	Particulars	As at March 31, 2024	As at March 31, 2023	% Change YoY	Remarks
(a)	Current Ratio [Current Assets/Current Liabilities (excl. current maturities of long-term debt)]	0.89	0.80	12%	Variance in the ratio is due to higher level of PBT
(b)	Debt Equity Ratio (Total debt/Total Equity)	1.40	6.15	-77%	Variance in the ratio is due to higher level of PBT
(c)	Debt Service Coverage Ratio [PBIT/(Finance Cost + Long term debt repayments)]	4.59	1.90	141%	Variance in the ratio is due to higher level of PBIT for the year and lower level of interest cost

INDEPENDENT AUDITOR'S REPORT

To the members of Mahindra Fruits Private Limited (Formerly known as Mahindra Greenyard Private Limited)

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Fruits Private Limited** (Formerly known as Mahindra Greenyard Private Limited) ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policy information and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, 2013 we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) With respect to other matters to be included in auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, we report that in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of

Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which will impact its financial positions.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared/ paid/ declared and paid any dividend during the year.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in Clause 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Fruits Private Limited** (Formerly known as Mahindra Greenyard Private Limited) ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

[Referred to in Clause 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(b) According to the information and explanations given to us, the Company does not have intangible assets.

(c) Property, plant and equipment have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment.

(d) According to the information and explanations given to us, the Company does not have immovable property held in the name of the Company. Accordingly, the reporting under Clause 3(i)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(f) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the Company does not have inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Income Tax, Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanation given to us, the Company has not obtained any term loan during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanation given to us, the Company has not raised funds on short term basis during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under Clauses 3(ix)(f) and 3(ix)(e) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

(xiv) (a) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

(b) The Company did not have an internal audit system for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 (four) Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses during the current financial year. The Company has incurred cash losses of Rs. 6.31 Lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) According to the information and explanations given to us, the Company is not required to spend any amount as per the provisions of Section 135 of the Act. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2024

Corporate Information

Mahindra Fruits Private Limited (Formerly known as Mahindra Greenyard Private Limited) ("the company") a private limited company domiciled in India and incorporated on 9th July, 2014 under the provisions of the Companies Act, 1956 (CIN:U01403MH2014PTC55946). The Company is the wholly owned subsidiary of Mahindra Agri Solutions Limited. The Company deals in sourcing, storing and distribution of fresh fruits in domestic market.

The financial statements for the year ended 31 March 2024 were approved by the Board of Directors and authorised for issue on 10 April 2024.

1. Material accounting policy information

1.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended.

1.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

1.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Sale of goods

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed at which time all the following conditions are satisfied

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

1.4 Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

1.5 Employee benefits

1.5.1 Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

1.5.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

1.6 Taxation

Deferred tax assets and liabilities are recognised for future tax consequences attributable to the timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent periods and are measured using tax rates enacted or substantively enacted as at the Balance Sheet date. Deferred Tax assets are not recognised unless, in the management judgment, there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of Deferred Tax is reviewed at each Balance Sheet date.

1.7 Property, plant and equipment

Furniture & Fixtures, equipment and Vehicles are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2024

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

1.8 Intangible assets

1.8.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

1.8.2 Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

1.8.3 Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

IT Software - 10 Years

1.8.4 Impairment of Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

1.9 Inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

1.10 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

1.11 Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

1.12 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

1.12.1 Impairment of financial assets

This being the third full year of operations, there is no trend to depict expected credit losses. The company deals in fresh fruits which is a seasonal business & the commodity is perishable in nature. The Company has used the practical expedient as permitted by IND AS 109 and has maintained a policy of providing for debtors outstanding for a period exceeding 180 days. This policy will be regularly reviewed in line with the type of business that the company is in.

1.12.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2024

risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

1.12.3 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

1.13 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

1.13.1 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

1.13.2 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

1.13.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

1.14 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.15 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

1.15.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

1.15.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

1.15.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The capital structure is monitored on the basis of net debt to equity of the company.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel , where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated the equivalent of investment grade and above. This information is supplied by independent rating agencies where available and, if not available, the Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable, and where appropraite, credit guarantee insurance cover is purchased.

The Company applies the simplified approach to provide for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

			As at 31st March 2024	
	Not due	**Less than 6 months past due**	**More than 6 months past due**	**Total**
Expected loss rate	**0.0%**	**0.0%**	**99.0%**	**99.0%**
Gross carrying amount	**–**		**210.16**	**210.16**
Loss allowance provision	**–**	**–**	**208.13**	**208.13**

			As at 31st March 2023	
	Not due	Less than 6 months past due	More than 6 months past due	Total
Expected loss rate	0.0%	100.0%	100.0%	100.0%
Gross carrying amount	–	6.53	208.13	214.66
Loss allowance provision	–	6.53	208.13	214.66

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows -

Trade Payables	USD	**–**	–
	EUR	**–**	–

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2024

Of the above foreing currency exposures, the following exposures are not hedged by a derivative:

(Amt in lacs)

Particulars	Currency	**31-Mar-24**	31-Mar-23
Trade Payables	USD	**–**	–
	EUR	**–**	–

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges. The Company's exposure to foreign currency changes for all other currencies is not material.

(i) Principal amount remaining unpaid to MSME suppliers as on	–	–
(ii) Interest due on unpaid principal amount to MSME suppliers as on	–	–
(iii) The amount of interest paid along with the amounts of the payment made to the MSME suppliers beyond the appointed day	–	–
(iv) The amount of interest due and payable for the year (without adding the interest under MSME Development Act)	–	–
(v) The amount of interest accrued and remaining unpaid as on	–	–

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.

Note No. 18

The Company has reported accumulated loss of Rs 1,221.13 Lakhs as at 31st March 2024. Further, Instead of the accumulated losses as at 31st March 2024, the Company's net worth is positive as on 31st March 2024. The accompanying financial statement have been prepared on going concern basis, as the management is confident on company's ability to continue as a going concern for a foreseeable future in view of evaluation of revised business plan to operate Grapes and other fruits export business in future years and performance improvement measures to be undertaken by the management.

These event cast significant doubt on the entity's ability to continue as a going concern, however in view of mitigating plan mentioned above, the management believes that the Company will be able to meet its operation and other commitments as they arise along with shareholder financial support to the Company in foreseeable future and the financial statement have been prepared on a going concern basis.

Independent Auditor's Report

To The Members of
Mahindra & Mahindra Financial Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Mahindra & Mahindra Financial Services Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 42 (ii) to the standalone financial statements, which describes the impact of a fraud in respect of retail vehicle loans in one of the branches of the Company.

Our opinion is not modified in respect of this matter.

We draw attention to Note 43 to the standalone financial statements, which describes that the Company may incur cost associated with incident which are currently indeterminable as at the date of this Report.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Allowances for Expected Credit Losses ("ECL"): As at 31st March 2024, the carrying value of loan assets measured at amortised cost, aggregated ₹ 99,195.18 crore (net of allowance of expected credit loss ₹3401.59 crore) constituting approximately 86% of the Company's total assets. Significant judgement is used in classifying these loan assets and applying appropriate measurement principles. ECL on such loan assets measured at amortised cost is a critical estimate involving greater level of management judgement. As part of our risk assessment, we determined that the ECL on such loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the Standalone Financial Statements. The elements of estimating ECL which involved increased level of audit focus are the following: • Qualitative and quantitative factors used in staging the loan assets measured at amortised cost; • Basis used for estimating Probabilities of Default ("PD"), Loss Given Default ("LGD") and Exposure at Default ("EAD") at product level with past trends;	We have examined the policies approved by the Board of Directors of the Company that articulate the objectives of managing each portfolio and their business models. We have also verified the methodology adopted for computation of ECL ("ECL Model") that addresses policies approved by the Board of Directors, procedures and controls for assessing and measuring credit risk on all lending exposures measured at amortised cost. Our audit procedures related to the allowance for ECL included the following, among others: Testing the design and operating effectiveness of the following: • completeness and accuracy of the EAD and the classification thereof into stages consistent with the definitions applied in accordance with the policy approved by the Board of Directors including the appropriateness of the qualitative factors to be applied; • completeness, accuracy and appropriateness of information used in the estimation of the PD and LGD for the different stages depending on the nature of the portfolio; and

<table>
<tr><th>Sr. No.</th><th>Key Audit Matter</th><th>Auditor’s Response</th></tr>
<tr><td></td><td>Judgements used in projecting economic scenarios and probability weights applied to reflect future economic conditions; and
Adjustments to model driven ECL results to address emerging trends.
(Refer Note 2.5(ii), 2.11(h), 6 and 50.2 to the Standalone Financial Statements).</td><td>accuracy of the computation of the ECL estimate including reasonableness of the methodology used to determine macro-economic adjustment basis forward looking information.
Test of details on a sample in respect of the following:
accuracy and completeness of the input data such as period of default and other related information used in estimating the PD;
the mathematical accuracy of the ECL computation by using the same input data as used by the Company;
completeness and accuracy of the staging of the loans and the underlying data based on which the ECL estimates have been computed;
assessed whether the disclosures on key judgements, assumptions and quantitative data with respect to impairment loss allowance in standalone financial statements are appropriate and sufficient.</td></tr>
<tr><td>2.</td><td>Information Technology and General Controls:
The Company is dependent on its Information Technology (“IT”) systems due to the significant number of transactions that are processed daily across such multiple and discrete IT systems. Also, IT application controls are critical to ensure that changes to applications and underlying data are made in an appropriate manner and under controlled environments. Appropriate controls contribute to mitigating the risk of potential fraud or errors as a result of changes to applications and data. On account of the pervasive use of its IT systems, the testing of the general computer controls of the IT systems used in financial reporting was considered to be a Key Audit Matter.</td><td>With the assistance of our IT specialists, we obtained an understanding of the Company’s IT applications, databases and operating systems relevant to financial reporting and the control environment. For these elements of the IT infrastructure the areas of our focus included access security (including controls over privileged access), program change controls, database management and network operations. In particular:
We tested the design, implementation, and operating effectiveness of the Company’s general IT controls over the IT systems relevant to financial reporting. This included evaluation of Company’s controls over segregation of duties and access rights being provisioned / modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being recertified during the period of audit.
We also tested key automated business cycle controls and logic for the reports generated through the IT infrastructure that were relevant for financial reporting or were used in the exercise of internal financial controls with reference to financial statements. Our tests included testing of the compensating controls or alternate procedures to assess whether there were any unaddressed IT risks that would materiality impact the Financial Statements.</td></tr>
</table>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, (including annexures thereto), Business Responsibility and sustainability report and Management Discussion and Analysis ("MD&A") (collectively referred to as "other information"), but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and

events in a manner that achieves fair presentation.

- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for not complying with the requirement of audit trail as stated in i (vi) below.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

   g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.

      ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

      iii. During the year, the Company has regularly transferred the required amounts to the Investor Education and Protection Fund except for the delay in one instance for transfer of Rs. 1,538 only. Refer Note 17 of the Standalone Financial Statement.

      iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 22(ii) to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31st March, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature was not enabled at the database level to log any direct data changes.

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was enabled and operating.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended 31st March, 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls with reference to Standalone Financial Statements of Mahindra & Mahindra Financial Services Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining Internal Financial Controls with reference to Standalone Financial Statements based on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note") These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of Internal Financial Controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's Internal Financial Controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal Financial Control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of Internal Financial Controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls with reference to Standalone Financial Statements to future periods are subject to the risk that the Internal Financial Control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate Internal Financial Controls with reference to Standalone Financial Statements and such Internal Financial Controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2024, based on the criteria for Internal Financial Control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Mahindra & Mahindra Financial Services Limited on the financial statements as at and for the year ended March 31, 2024)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Property, Plant and Equipment, were physically verified during the year by the management, in accordance with a regular programme of verification, which in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. No material discrepancies were noticed on such verification.

(c) Based on the examination of the documents provided to us, we report that, the title deeds of all the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company), disclosed in the financial statements included in Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year. Accordingly, paragraph 3(i)(d), of the Order is not applicable to the Company.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company is engaged primarily in lending activities and consequently does not hold any physical inventories. Accordingly, paragraph 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crore, in aggregate, from banks on the basis of security of loans (assets). We have observed reconciliation items in the quarterly returns or statements filed by the Company with such banks or financial institutions as compared to the books of account maintained by the Company. However, we have not carried out a specific audit of such statements. The details of such differences / reconciliation items are given in note no. 17 of the standalone financial statements of the Company.

(iii) As explained in note 1 to the standalone financial statements, the Company is a deposit-taking non-banking financial company ("NBFC") registered with the Reserve Bank of India ("RBI") and as a part of its business activities is engaged in the business of lending across various types of customers which include retail and SMEs.

During the year, in the ordinary course of its business, the Company has made investments in, provided guarantee / security to and granted loans and advances in the nature of loans, secured and unsecured, to companies, firms, limited liability partnerships and other parties. With respect to such investments, guarantees / security and loans and advances:

(a) The principal business of the Company is to give loans and hence reporting under clause (iii)(a) of the Order is not applicable;

(b) In our opinion, having regard to the nature of the Company's business, the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the Company's interest;

(c) in respect of loans and advances in the nature of loans (together referred to as "loan assets"), the schedule of repayment of principal and payment of interest has been stipulated. Note 2.5(ii) and 2.11(h) to the standalone financial statements explains the Company's accounting policy relating to impairment of financial assets which include loans assets. In accordance with that policy, loan assets with balances as at 31 March 2024, aggregating ₹3,490.90 crore were categorised as credit impaired ("Stage 3") and ₹5,159.73 crore were categorised as those where the credit risk has increased significantly since initial recognition ("Stage 2"). Disclosures in respect of such loans have been provided in Note 61 to the standalone financial statements. Additionally, out of loans and advances in the nature of loans with balances as at 31 March 2024 aggregating ₹93,946.14 crore, where credit risk has not significantly increased since initial recognition (categorised as "Stage 1"), delinquencies in the repayment of principal and payment of interest aggregating ₹1,781.24 crore were also identified, albeit of less than 31 days. In all other cases, the repayment of principal and interest is regular as at 31 March 2024. Having regard to the nature of the Company's business and the volume of information involved, it is not practicable to provide an itemised list of loan assets where delinquencies in the repayment of principal and interest have been identified.

(d) The total amount overdue for more than ninety days, in respect of loans and advances in the nature of loans, as at 31 March 2024 is ₹1,459.55 crore. Reasonable steps are being taken by the Company for recovery of the principal and interest.

(e) The principal business of the Company is to give loans and hence reporting under clause (iii)(e) of the Order is not applicable.

(f) The Company has not granted any loans or advances in the nature of loans that were either repayable on demand or without specifying any terms our period of repayment.

(iv) The Company has not advanced loans or made investments in or provided guarantee or security to parties covered by section 185 of the Act and the provisions of Section 186 of the Act are not applicable to the Company. Hence reporting under clause 3 (iv) of the Order is not applicable.

(v) In our opinion, the Company had complied with the directives issued by the Reserve Bank of India with regards to the deposits accepted and amounts deemed to be deposits during the year. According to the information and explanations given to us, the Company being Non-banking finance company registered with RBI, provisions of section 73 to 76 or any other relevant provisions of the Companies Ac, 2013 & the Companies (Acceptance of deposits) Rules, 2014, as amended, are not applicable. We are informed by the management that no order has been passed by the Company Law Board, National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal against the Company in this regard.

(vi) The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Hence reporting under clause 3 (vi) of the Order is not applicable.

(vii) In respect of statutory dues:

(a) The Company has been generally regular in depositing undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues applicable to it, to the appropriate authorities. As explained to us, the Company does not have any dues on account of sales tax, service tax, duty of customs, duty of excise and value added tax.

There were following undisputed amounts payable in respect of Provident Fund and Profession Tax in arrears as at 31st March, 2024, for a period of more than six months from the date they became payable.

Name of the Statute	**Nature of the Dues**	**Amount due in Rs.**	**Period to which the amount relates**	**Due Date**	**Date of Payment (If paid)**	**Remarks,**
Profession Tax - Tripura	Profession Tax	1,72,634	Apr'23 to Sept'23	30th September 2023	22nd April 2024	Due to delay in registration
Profession Tax - Manipur	Profession Tax	47,300	Apr'23 to Mar'24		23rd April 2024	
Provident fund	PF contribution	4,40,099	Apr 2023 -Sep 2023	Various due dates		Due to pending Aadhar verification of employees

(b) Details of dues of Income-tax, Value Added Tax and Service Tax Act which have not been deposited as on 31st March, 2024, on account of disputes are given below:

Rs. in crores

Name of the statute	**Nature of dues**	**Amount**	**Period to which the amount relates**	**Forum where dispute is pending**
Income Tax Act, 1961	Income Tax	474.12	For FY 2002-03; 2013-14; 2014-15; 2015-16; 2016-17; 2017-18; 2018-19	Commissioner of Income Tax (Appeals)

Maharashtra VAT	Value Added Tax	7.08	FY 2011-12; 2012-13; 2013-14; 2014-15; 2015-16	Dy Comm. of Sales Tax (Appeal)
Maharashtra - Service Tax	Service Tax	88.62	FY 2008-2015	CESTAT, Mumbai
GST Chennai	GST	12.69	July- 17- Mar- 21	DGGSI Chennai Zonal Unit
GST Other states	GST	18.64	FY 2017-18	GST Authority

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) The Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion, term loans availed by the Company during the year, were applied by the Company for the purposes for which the loans were obtained.

(d) On an overall examination of the Standalone financial statements of the Company, funds raised on short-term basis have, prima facie, have not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies. Accordingly, paragraph 3 (ix)(f) of the Order is not applicable.

(x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) The Company has not made preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) during the year under review and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) 1. To the best of our knowledge, no fraud by the Company has been noticed or reported during the year.

2. There have been instances of frauds on the Company involving forgery of KYC and asset related documents leading to embezzlement of the Company's funds amounting to Rs.181 crore (outstanding recoverable balance of Rs. 135.9 crore as of March 31, 2024), at its Branch in Aizawl, Mizoram (the Branch) in respect of retail vehicle loans live as on March 31, 2024 - refer Note 42(ii) to the Standalone Financial Statements.

3. In addition, an instance of fraud against the company amounting to Rs 2.49 Crore involving KYC documents was reported during the year also refer (xi) (b) below.

(b) Report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by us during the year, in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government, in relation to frauds identified by the Management also refer (xi) (a) (3) above.

(c) We have taken into consideration, the whistle blower complaints received by the Company during the year and provided to us while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 188 and 177 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements, as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business. The Company needs to enhance the coverage / scope of the internal audit in certain areas.

(b) We have taken into consideration, the reports of the Internal Auditors received by the company during the year and provided to us while determining the nature, timing and extent of audit procedures.

(xv) In our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and it has obtained the registration.

(b) The Company has conducted the Non-Banking Financial activities with a valid Certificate of Registration (CoR) from the Reserve Bank of India (RBI) as per the Reserve Bank of India Act, 1934. The Company has not conducted any Housing Finance activities and is not required to obtain CoR for such activities from the RBI.

(c) The Company is not a Core Investment Company (CIC) and hence reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) The Group (as defined under Master Direction DNBR.PD.008/03.10.119/2016-17 - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016) has 4 CIC forming part of the group.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year. Hence, the provisions of clause clause 3(xviii) of the Order are not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable;

(b) In respect of ongoing projects, the company has transferred unspent amount to a special account, within a period of thirty days from the end of the financial year in compliance with section 135(6) of the said Act.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2024

1 COMPANY INFORMATION

Mahindra & Mahindra Financial Services Limited ('the Company') with Corporate ID No.: L65921MH1991PLC059642, incorporated on 1 January 1991 and domiciled in India, is a public limited company, headquartered in Mumbai. The Company is a Non-Banking Financial Company ('NBFC'), primarily engaged in financing new and pre-owned auto, utility vehicles, tractors, passenger cars and commercial vehicles through its pan India branch network. The Company has a diversified lending portfolio across retail, small and medium enterprises and commercial customers with a significant presence in rural and semi-urban India.

The Company is registered as a Systemically Important Deposit Accepting NBFC as defined under Section 45-IA of the Reserve Bank of India ('RBI') Act, 1934 with effect from 4 September 1998, with registration no. 13.00996 and classified as NBFC-Investment and Credit Company (NBFC-ICC) pursuant to circular DNBR (PD) CC.No.097/03.10.001/2018-19 dated 22 February 2019. The equity shares of the Company are listed on the National Stock Exchange of India Limited ("”NSE”") and the BSE Limited ("”BSE”") in India. The Company is a subsidiary of Mahindra & Mahindra Limited.

The Company's registered office is at Gateway Building, Apollo Bunder, Mumbai 400001, India.

2 SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 ("the Act"), and is in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020.

Any application guidance/ clarifications/ directions/ expectations issued by RBI or other regulators are implemented as and when they are issued/ applicable.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These standalone or separate financial statements have been approved by the Company's Board of Directors and authorized for issue on 4 May 2024.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest crore, unless indicated otherwise.

2.3 Basis of measurement

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain financial instruments which are measured at fair values as required by relevant Ind AS.

2.4 Measurement of fair values

The Company's certain accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

– Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

– Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs)."

2.5 Use of estimates and judgements and Estimation uncertainty

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of estimates are recognized prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

i) Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/ expense that are integral parts of the instrument.

ii) Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

– The Company's criteria for assessing if there has been a significant increase in credit risk

– The classification of financial assets when their ECL is assessed on a collective basis

– Development of ECL model, including the various formulae and the choice of inputs

– Selection of forward-looking macroeconomic scenarios and their probability weights, to provide the economic inputs into the ECL model

– Management overlay, if any, used in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios.

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary (refer note 50).

iii) Provisions and contingent liabilities

The Company does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs. Contingent Liabilities in respect of show cause notices are considered only when converted into demands.

The reliable measure of the estimates and judgments pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision is made. The disclosure of contingent liability is made when there is a possible obligation or present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligation for which a reliable estimate cannot be made as a contingent liability.

iv) Provision for income tax and deferred tax assets:

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax, including the amount expected to be paid / recovered for uncertain tax positions. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses, if any, can be utilized. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

v) Defined Benefit Plans:

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

vi) Going Concern

The financial statements of the Company are prepared on a going concern basis for the year ended 31 March 2024.

The Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.6 Revenue recognition :

a) Recognition of interest income

Interest income is recognized in Statement of profit and loss using the effective interest method for all financial instruments measured at amortized cost, debt instruments measured at Fair Value Through Other Comprehensive Income (FVOCI) and debt instruments designated at Fair Value Through Profit and Loss (FVTPL). The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortized through interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

In case of credit-impaired financial assets, the Company recognises interest income on the amortised cost net of impairment loss on financial assets at EIR. If financial asset is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis (amortised cost).

Additional interest levied on customers for delay in repayments/ non payment of contractual cashflows is recognised on realisation.

Interest on trade advances, are recognized when they become measurable and when it is not unreasonable to expect their ultimate collection.

Income from bill discounting is recognized over the tenure of the instrument so as to provide a constant periodic rate of return.

Interest income from investments is recognized when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective interest rate applicable.

b) Recognition of interest income on securitized loans

The Company securitizes certain pools of loan receivables in accordance with applicable RBI guidelines. The Company, being Originator of these loan receivables, also acts as Servicer with a responsibility of collection of receivables from its borrowers and depositing the same in Collection and Pay-out Account maintained by the SPV Trust for making scheduled pay-outs to the investors in Pass Though Certificates (PTCs) issued by the SPV Trust. These securitization transactions also requires the Company to provide for first loss credit enhancement in various forms, such as corporate guarantee, cash collateral, subscription to subordinated PTCs as credit support in the event of shortfall in collections from underlying loan contracts. By virtue of existence of credit enhancement, the Company is exposed to credit risk, being the expected losses that will be incurred on the transferred loan receivables to the extent of the credit enhancement provided.

In view of the above, the Company has retained substantially all the risks and rewards of ownership of the financial asset and thereby does not meet the de-recognition criteria as set out in Ind AS 109. Consideration received in this transaction is presented as “Associated liability related to Securitization transactions” and the loan receivables securitized are continued to be reflected as loan assets. These loan assets are carried at amortized cost and the interest income is recognized by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

In case of credit-impaired financial assets, the Company recognises interest income on the amortised cost net of impairment loss on financial assets at EIR. If financial asset is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis (amortised cost).

c) Subvention income

Subvention income received from manufacturer / dealers at the inception of the loan contracts which is directly attributable to individual loan contracts in respect of vehicles financed is recognized in the Statement of profit and loss using the effective interest method over the tenor of such loan contracts measured at amortized cost.

In case of subvention income which is subject to confirmation from manufacturer and received later than inception date is recognized in the Statement of profit and loss using straight line method over the tenor of such loan contracts.

d) Rental Income

Income from operating leases is recognized in the Statement of profit and loss on a straight-line basis over the lease term. In certain lease arrangements, variable rental charges are also recognized over and above minimum commitment charges based on usage pattern and make/model of the asset.

e) Income from finance lease

The income earned on finance lease are recognised in the Statement of profit and loss account based on pattern reflecting constant periodic return on the company’s net investment in lease.

The fees / charges received towards fleet management services rendered to customers is recognized over the lease term.

f) Fees, charges and commission income :

The Company recognises service and administration charges at point in time towards rendering of additional services to its loan customers on satisfactory completion of service delivery.

Fees and commission that are not directly linked to the sourcing of financial assets are recognised at point in time in the Statement of Profit and Loss on an accrual basis when the right to receive the same is established.

Instrument Return Charges levied on customers for non payment of instalments on the contractual date is recognised on realisation.

Distribution income is earned by distribution of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery from the other entities.

Foreclosure charges are collected from loan customers for early payment/closure of loan and are recognised on realisation.

Collection fee related to transfered assets under securitisation transactions is recognised on remittance of collection proceeds to Special Purpose Vehicle (SPV) created under securitization transaction.

2.7 Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any.

Cost of acquisition consists of purchase price or construction cost which is the amount paid, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured.

Other repairs and maintenance costs are expensed off as and when incurred.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets. Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date. Capital work-in-progress is stated at cost, net of impairment loss, if any.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis subject to exceptions listed here below. Depreciation methods, useful lives and residual values are reviewed in each financial year, and changes, if any, are accounted for prospectively.

In accordance with Ind AS 116 - Leases, the Right-Of-Use assets (Leasehold premises) are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-Of-Use assets (Leasehold premises) are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The estimated useful lives used for computation of depreciation are as follows:

Buildings	60 years
Computers and Data processing units	3 to 6 years
Furniture and fixtures	10 years
Office equipments	5 years
Vehicles	8 years and 10 years
Vehicles under lease	Over the lease term of the respective agreements
Right-Of-Use assets (Leasehold premises)	Over the lease term of the respective agreements

Exceptions to useful lives specified in Schedule II to the Companies Act, 2013 -

– Assets costing less than Rs.5000/- are fully depreciated in the period of purchase.
– Vehicles provided to employees as part of Cost-To-Company (CTC) scheme are depreciated using estimated useful life of 4 years.

PPE is derecognized on disposal or when no future economic benefits are expected from its use. Assets retired from active use and held for disposal are generally stated at the lower of their carrying amount & fair value less costs to sell. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognized in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognized.

2.8 Intangible assets :

Intangible assets are stated at cost less accumulated amortization and accumulated impairment loss, if any.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

Intangible assets comprises of computer software . The amortization period is lower of license period or 36 months which is based on management's estimates of useful life. Amortization is calculated using the straight line method to write down the cost of intangible assets over their amortization period. Amortization methods, useful lives and residual values are reviewed in each financial year, and changes, if any, are accounted for prospectively.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as “”Intangible assets under development.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.9 Investments in subsidiaries, associate and joint ventures :

Investment in subsidiaries, associates and Joint Ventures are recognised at cost and are not adjusted to fair value at the end of each reporting period as allowed by Ind AS 27 ‘Separate financial statement’. Cost of investment represents amount paid for acquisition of the said investment.

The Company reviews the carrying amounts of its investments in subsidiaries, associate and joint ventures at the end of each reporting period, to determine whether there is any indication that those investments have impaired. If any such indication exists, the recoverable amount of the investment is estimated in order to determine the extent of the impairment loss (if any) and provided for accordingly. Such impairment loss is reduced from the carrying value of investments.

2.10 Foreign exchange transactions and translations :

a) Initial recognition

Transactions in foreign currencies are recognized at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.

b) Translation

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognized in Statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss within finance costs. All other foreign exchange gains and losses are presented in the Statement of profit and loss on a net basis.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Thus, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognized in other comprehensive income.

Non-monetary items that are measured at historical cost in foreign currency are not retranslated at reporting date.

2.11 Financial instruments :

a) Initial Recognition

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in Statement of profit and loss.

b) Classification and Subsequent measurement of financial assets

On initial recognition, a financial asset is classified as measured at

– Amortized cost;

– FVOCI - debt instruments;

– FVOCI - equity instruments;

– FVTPL

Amortized cost -

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held within a business model of collecting contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (‘SPPI’) on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments that meet the SPPI criterion at amortized cost.

FVOCI - debt instruments -

The Company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI - equity instruments -

The Company subsequently measures all equity instruments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading

If the Company elects to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments. Investments representing equity interest in subsidiary, joint venture and associate are carried at cost less any provision for impairment.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL. This includes all derivative financial assets unless designated as effective hedge instrument which are accounted as per hedge accounting requirements discussed below.

Subsequent measurement of financial assets

Financial assets at amortized cost are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, and impairment provisions are recognized in Statement of profit and loss. Any gain and loss on derecognition is recognized in Statement of profit and loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income at coupon rate and impairment provision, if any, are recognized in Statement of profit and loss. Net gains or losses on fair valuation are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognized in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognized in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of profit and loss.

c) Financial liabilities and equity instruments:

Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments -

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognized at the proceeds received. Transaction costs of an equity transaction are recognized as a deduction from equity.

Financial liabilities -

Financial liabilities are classified and measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in Statement of profit and loss.

d) Financial guarantee contracts:

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

– the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 - Financial Instruments; and

– the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115 Revenue from Contracts with Customers.

e) Derecognition

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

A financial liability is derecognized when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognized in Statement of profit and loss.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value.

f) Derivative financial instruments and hedge accounting

The Company enters into derivative financial instruments, primarily foreign exchange forward contracts, currency swaps and principal & interest rate swaps, to manage its borrowing exposure to foreign exchange and interest rate risks.

Derivatives embedded in non-derivative host contracts are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Derivatives are initially recognized at fair value on the date on which the contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain/loss is recognized in Statement of profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

The Company designates certain hedging instruments, which include derivatives in respect of foreign currency risk, as either fair value hedges or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship, the Company documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in the statement of profit and loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in the statement of profit and loss.

Amounts previously recognised in other comprehensive income and accumulated in equity (relating to effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the statement of profit and loss.

g) Impairment of financial instruments

Equity instruments are not subject to impairment under Ind AS 109.

The Company recognizes lifetime expected credit losses (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial instrument is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12 month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information. (refer note 50).

Management overlay is used to adjust the ECL allowance in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios. Emerging local or global macroeconomic, micro economic or political events, and natural disasters that are not incorporated into the current parameters, risk ratings, or forward looking information are examples of such circumstances. The use of management overlay may impact the amount of ECL recognized.

The Company recognizes lifetime ECL for trade advances, lease and other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognized in OCI and carrying amount of the financial asset is not reduced in the balance sheet.

Loan contract renegotiation and modifications:

Loans are identified as renegotiated and classified as credit impaired when the Company modifies contractual payment terms due to significant credit distress of the borrower. Renegotiated loans remain classified as credit impaired until there is sufficient evidence to demonstrate a significant reduction in the risk of non-payment of future cash flows and retain the designation of renegotiated loan until maturity or derecognition.

A loan that is renegotiated is derecognised if the existing agreement is cancelled and a new agreement is made on substantially different terms, or if the terms of an existing agreement are modified such that the renegotiated loan is a substantially different financial instrument. Any new loans that arise following derecognition events in these circumstances are considered to be originated credit impaired financial asset and continue to be disclosed as renegotiated loans.

Other than originated credit-impaired loans, all other modified loans could be transferred out of stage 3 if they no longer exhibit any evidence of being credit impaired and, in the case of renegotiated loans, there is sufficient evidence to demonstrate a significant reduction in the risk of non-payment of future cash flows over the minimum observation period, and there are no other indicators of impairment. These loans could be transferred to stage 1 or 2 based on the risk assessment mechanism by comparing the risk of a default occurring at the reporting date (based on the modified contractual terms) and the risk of a default occurring at initial recognition (based on the original, unmodified contractual terms). Any amount written off as a result of the modification of contractual terms would not be reversed.

Loan modifications that are not identified as renegotiated are considered to be commercial restructuring. Where a commercial restructuring results in a modification (whether legalised through an amendment to the existing terms or the issuance of a new loan contract) such that the Company's rights to the cash flows under the original contract have expired, the old loan is derecognised and the new loan is recognised at fair value. The rights to cash flows are generally considered to have expired if the commercial restructure is at market rates and no payment-related concession has been provided. Mandatory and general offer loan modifications that are not borrower-specific, for example market-wide customer relief programmes announced by the Regulator or other statutory body, have not been classified as renegotiated loans and so have not resulted in derecognition, but their stage allocation is determined considering all available and supportable information under the Company's ECL policy.

h) Collateral repossessed -

The underlying loans in respect of which collaterals have been repossessed but not sold are considered as Stage 3 assets and impairment allowance is estimated as per the ECL policy.

In the normal course of business, the Company does not physically repossess assets/properties in its loan portfolio, but engages external agents to repossess and recover funds, generally by selling at auction, to settle outstanding debt. Any surplus funds are returned to the customers/ obligors.

As a result of this practice, the assets / properties under legal repossession processes are not separately recorded on the balance sheet.

i) Write offs -

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the debtor/borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off as per the Company's policy. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "Bad debts and write offs" forming part of "Impairment on financial instruments" in the Statement of profit and loss.

2.12 Employee benefits:

a) Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. Short-term employee benefit obligations are measured on an undiscounted basis and these are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Contribution to provident fund, Superannuation fund, ESIC and National Pension Scheme -

The defined contribution plans i.e. provident fund (administered through Regional Provident Fund Office), superannuation scheme and employee state insurance corporation and National Pension Scheme are post-employment benefit plans under which a Company pays fixed contributions and will have no legal and constructive obligation to pay further amounts beyond its contributions. The Superannuation scheme, a defined contribution scheme, administered by Life Insurance Corporation of India and the Company has no obligation to the scheme beyond its contributions.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Company's contribution paid/payable during the year to provident fund, Superannuation scheme, ESIC and National Pension Scheme is recognized in the Statement of profit and loss.

c) Gratuity -

The Company's liability towards gratuity scheme is determined by independent actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognized at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/termination benefits.

The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contribution to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement gains/losses -

Remeasurement of defined benefit plans, comprising of actuarial gains / losses, return on plan assets excluding interest income are recognized immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to Statement of profit and loss in the subsequent period.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Statement of profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Remeasurement gains or losses on long-term compensated absences that are classified as other long-term benefits are recognized in Statement of profit and loss.

d) Leave encashment / compensated absences / sick leave -

The Company provides for the encashment / availment of leave with pay subject to certain rules as per leave policy of the Company. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

e) Employee stock options :

Compensation cost on Equity-settled share-based payments to employees are recognized as an expense at the fair value of equity stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the graded vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.13 Finance costs :

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at Amortized cost. Financial instruments include bank term loans, associated liabilities in respect of securitization transactions, non-convertible debentures, fixed deposits mobilized, commercial papers, subordinated debts and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

Interest expense on lease liabilities computed by applying the Company's weighted average incremental borrowing rate has been included under finance costs.

2.14 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income

a) Current tax :

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current tax is recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax :

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the deferred tax is also recognised in other comprehensive income or directly in equity respectively.

Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off current tax assets against current tax liabilities and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities on a net basis or simultaneously.

2.15 Provisions, contingent liabilities and contingent assets:

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed. Provisions are not recognised for future operating losses.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision is made. The disclosure of contingent liability is made when there is a possible obligation or present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligation for which a reliable estimate cannot be made as a contingent liability. Contingent Liabilities are reviewed at each Balance Sheet date.

A contingent asset is disclosed where an inflow of economic benefit is probable.

When some or all economic benefits required to settle a provision are expected to be recovered from third party, a recievable is recognised as an asset, if it is virtually certian that reimbursement will be recieved and the amount can be measured reliably.

2.16 Leases :

The Company as a lessee -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises, certain IT equipments and general purpose office equipments used for operating activities. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. ROU assets and corresponding lease liabilities constitute lease contracts for office premises.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that option to extend will be exercised and option to terminate will not be exercised.

The right-of-use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments that are not paid at the commencement date, discounted using the Company's incremental average borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

In the Balance Sheet, ROU assets have been included in property, plant and equipment and Lease liabilities have been included in Other financial liabilities and the principal portion of lease payments have been classified as financing cash flows. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

Where the Company is the lessor -

At the inception of the lease, the Company classifies each of its leases as either a finance lease or an operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

The Company has given certain vehicles on lease where it has substantially retained the risks and rewards of ownership and hence these are classified as operating leases. These assets given on operating lease are included in PPE. Lease income is recognized in the Statement of profit and loss as per contractual rental unless another systematic basis is more representative of the time pattern in which the benefit derived from the leased asset is diminished. Costs including depreciation are recognized as an expense in the Statement of profit and loss. Initial direct costs are recognized immediately in Statement of profit and loss.

In case of assets under Finance Lease, amount receivable from lessees are recognised at the net investment in the leases measured by using the interest rate implicit in the lease contract. All initial direct cost incurred to put the leased asset for intended use are included in the initial measurement of net investment.

In accordance with Ind AS 116, Leases, the financial information has been presented in the following manner.

a) ROU assets and lease liabilities have been included within the line items "Property, plant and equipment" and "Other financial liabilities" respectively in the Balance sheet;

b) Interest expenses on the lease liability and depreciation charge for the right-to-use asset have been included within the line items "Finance costs" and "Depreciation, amortization and impairment" respectively in the statement of profit or loss;

c) Short-term lease payments and payments for leases of low-value assets, where exemption as permitted under this standard is availed, have been recognized as expense on a straight line basis over the lease term in the statement of profit or loss.

d) Cash payments for the principal of the lease liability have been presented within "financing activities" in the statement of cash flows;

The disclosures as required in accordance with Ind AS 116, Leases, are set out under note no. 40.

2.17 New standards or amendments to the existing standards and other pronouncements :

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on 31 March 2024, there is no new standard notified or amendment to any of the existing standards under Companies (Indian Accounting Standards) Rules, 2015.

Other Equity

Description of the nature and purpose of Other Equity (refer Statement of Changes in Equity) :

Statutory reserve as per Section 45–IC of the RBI Act, 1934

Statutory reserve represents reserve fund created pursuant to Section 45-IC of the RBI Act, 1934 through transfer of specified percentage of net profit every year before any dividend is declared. The reserve fund can be utilized only for limited purposes as specified by RBI from time to time and every such utilization shall be reported to the RBI within specified period of time from the date of such utilization.

Capital redemption reserve (CRR)

Capital redemption reserve represents reserve created pursuant to Section 55 (2) (c) of the Companies Act, 2013 by transfer of an amount equivalent to nominal value of the Preference shares redeemed. The CRR may be utilized by the Company, in paying up unissued shares of the Company to be issued to the members of the Company as fully paid bonus shares in accordance with the provisions of the Companies Act, 2013.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve can be utilized only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve

General reserve is created through annual transfer of profits at a specified percentage in accordance with applicable regulations under the erstwhile Companies Act, 1956. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer specified percentage of net profits to General reserve has been withdrawn. However, the amount previously transferred to the General reserve can be utilized only in accordance with the specific requirements of the Companies Act, 2013.

Employee stock options outstanding

The Employee Stock Options outstanding represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees and unvested stock options in the Statement of profit and loss in respect of equity-settled share options granted to the eligible employees of the Company and its subsidiaries in pursuance of the Employee Stock Option Plan.

Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since Company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend pay-outs, transfers to General reserve or any such other appropriations to specific reserve.

35 Employee Stock Option Plan

The Company had allotted 48,45,025 Equity shares (face value of Rs.2/- each) under Employee Stock Option Scheme 2010 at par on 3 February 2011 to Mahindra and Mahindra Financial Services Limited Employees' Stock Option Trust ("the Trust") set up by the Company. The Trust holds these shares for the benefit of the employees and issues them to the eligible employees as per the recommendation of the Compensation Committee.

Pursuant to the Rights issue of one equity share for every equity share held as on record date, at an issue price of Rs.50 per Equity Share (including a premium of ₹ 48 per Equity Share), made by the Company, 20,63,662 equity shares have been allotted to the Trust in respect of its rights entitlement on 17 August 2020. All the option holders (beneficiaries) under existing grants have automatically became entitled to additional options at Rs.50/- per option as rights adjustment and accordingly, the number of outstanding options stand augmented in the same ratio as the rights issue. All the terms and conditions applicable to these additional options issued under rights issue shall remain same as original grant.

Upon exercise of stock options, including additional options issued as per Rights issue, under the scheme by eligible employees, the Trust had issued 65,50,154 equity shares to employees up to 31 March 2024 (31 March 2023: 57,62,513 equity shares), of which 7,87,641 equity shares (31 March 2023: 6,42,714 equity shares) were issued during the current year. This has resulted in an increase in equity share capital by Rs. 0.16 crore for the year ended 31 March 2024 (31 March 2023 : Rs. 0.13 crore).

a) The terms and conditions of the Employees Stock Option Scheme 2010 are as under:

Particulars	Terms and conditions
Type of arrangement	Employees share based payment plan administered through ESOS Trust
Contractual life	3 years from the date of each vesting
Number of vested options exercisable	Minimum of 50 or number of options vested whichever is lower
Method of settlement	By issue of shares at exercise price
Vesting conditions	In 5 equal tranches @ 20% each on expiry of 12, 24, 36, 48 and 60 months from the date of grant

b) Options granted during the year:

i) Employee Stock Option Scheme 2010

During the year ended 31 March 2024, the Company has not granted any stock options (31 March 2023: nil) to the employees under the Employees' Stock Option Scheme 2010.

ii) MAHINDRA AND MAHINDRA FINANCIAL SERVICES LIMITED – RESTRICTED STOCK UNITS PLAN 2023 ("MMFSL RSU PLAN 2023")

During the year ended 31 March 2024, the Company has granted 2,83,171 stock options under the newly formulated employee stock option plan, namely, Mahindra and Mahindra Financial Services Limited – Restricted Stock Units Plan 2023 ("MMFSL RSU PLAN 2023") in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits & Sweat Equity) Regulations, 2021, which was approved by the Board of Directors in their meeting held on 28 April 2023.

The terms and conditions of the MMFSL RSU PLAN 2023 are as under:

Particulars	Terms and conditions
Type of arrangement	Employees share based payment plan administered through ESOS Trust
Vesting terms & conditions	RSUs granted under the MMFSL RSU Plan 2023 shall vest not earlier than minimum Vesting Period of 1 (One) year and not later than the maximum Vesting Period of 7 (Seven) years from the date of Grant of such RSUs, The vesting of RSUs would be based on achievement of performance parameters. The Committee would lay down the parameters for vesting of RSUs which would include one or more of the Company performance parameters such as: a) Asset Quality b) Assets Under Management (AUM) Growth c) Cost control d) Profit growth e) Return on Assets (ROA) f) Digital maturity: use of technology and data g) Environmental, Social & Governance (ESG) performance
Vesting Schedule	In 3 equal tranches @ 33.33% on expiry of 12, 24 and 36 months, up to a maximum of 7 years from the grant date
Number of vested options exercisable	Minimum of 50 or number of options vested whichever is lower
Method of settlement	By issue of shares at exercise price

Particulars	**Year ended 31 March 2024**
Grant dated 26 October 2023	
Exercise price (Rs.)	**2.00**
Fair value of option (Rs.)	**246.47**

The key assumptions used in black-scholes model for calculating fair value as on the date of grant are:

Grant dated 26 October 2023	**Year ended 31 March 2024**
Variables#	
1) Risk free interest rate	**7.29%**
2) Expected life	**4.51 years**
3) Expected volatility	**45.98%**
4) Dividend yield	**2.19%**
5) Price of the underlying share in the market at the time of option grant (Rs.)	**273.60**

the values mentioned against each of the variables are based on the weighted average percentage of vesting.

c) **i) Summary of stock options - Employee Stock Option Scheme 2010 :**

Particulars	As at 31 March 2024 No. of stock options	As at 31 March 2024 Weighted average exercise price (Rs.) #	As at 31 March 2023 No. of stock options	As at 31 March 2023 Weighted average exercise price (Rs.) #
Options outstanding at the beginning of the year	14,34,983	26.91	21,67,340	26.91
Options granted during the year	–	–	–	–
Adjustment pertaining to Rights Issue	–	–	–	–
Options forfeited / lapsed during the year	12,392	26.00	47,783	26.46
Options expired during the year	22,187	35.33	41,860	31.62
Options exercised during the year	7,87,641	26.63	6,42,714	26.63
Options outstanding at the end of the year	6,12,763	26.97	14,34,983	26.91
Options vested but not exercised at the end of the year	6,12,763	26.97	6,96,553	27.87

Adjusted for additional options issued in the ratio of one equity share for every one equity share held under Rights issue made by the Company during August 2020. The options issued under ESOP scheme 2010 are exercisable at Rs.2/- per option and adjustment options issued under Rights issue are exercisable at Rs.50/- each, including premium of Rs. 48/- per option (being the issue price under Rights allotment).

ii) Summary of stock options - MMFSL RSU PLAN 2023:

Options vested but not exercised at the end of the year	–	–

d) **Information in respect of options outstanding:**

Exercise price	As at 31 March 2024 No. of stock options	As at 31 March 2024 Weighted average remaining life	As at 31 March 2023 No. of stock options	As at 31 March 2023 Weighted average remaining life
Employee Stock Option Scheme 2010 -				
i) At Rs. 2.00 per option	2,94,002	24 months	6,90,412	35 months
ii) At Rs. 50.00 per option	3,18,761	23 months	7,44,571	34 months
MMFSL RSU PLAN 2023 - - At Rs. 2.00 per option	2,83,171	80 months		
	8,95,934		14,34,983	

e) **Average share price at recognized stock exchange on the date of exercise of the option is as under:**

Year ended 31 March 2024 Date of Exercise	**Year ended 31 March 2024** Weighted average share price (Rs.) #	Year ended 31 March 2023 Date of Exercise	Year ended 31 March 2023 Weighted Average share price (Rs.)
01 April 2023 to 31 March 2024	**275.35**	01 April 2022 to 31 March 2023	215.21

f) **Determination of expected volatility**

The measure of volatility used in the Black-Scholes option pricing model is the annualized standard deviation of the continuously compounded rates of return on the stock over a period of time.

The determination of expected volatility is based on historical volatility of the stock over the most recent period that is generally commensurate with the expected life of the option being valued. The period considered for volatility is adequate to represent a consistent trend in the price movements and the movements due to abnormal events are evened out.

Accordingly, since each vest has been considered as a separate grant, the model considers the volatility for periods, corresponding to the expected lives of different vests, prior to the grant date. Volatility has been calculated based on the daily closing market price of the Company's stock price on NSE over these years. Similar approach was followed in determination of expected volatility based on historical volatility for all the grants under the scheme.

In respect of stock options granted under Employee Stock Option Scheme 2010 and MMFSL RSU PLAN 2023, the accounting is done as per the requirements of Ind AS 102 - Share-based payment. Consequently, Rs.4.49 crore (31 March 2023: Rs.4.55 crore) has been included under 'Employee Benefits Expense' as 'Share-based payment to employees' based on respective grant date fair value, after adjusting for reversals on account of options forfeited. The amount includes cost reimbursements to the holding company of Rs.1.69 crore (31 March 2023: Rs. 1.05 crore) in respect of options granted to employees of the Company and excludes net recovery of Rs.0.01 crore (31 March 2023: Rs.0.22 crore) from its subsidiaries for options granted to their employees.

36 Employee benefits

General description of defined benefit plans

Gratuity

The Company provides for the gratuity, a defined benefit retirement plan covering qualifying employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated period mentioned under The Payment of Gratuity Act, 1972. The Company makes annual contribution to the Gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity fund.

Post retirement medical cover

The Company provides for post retirement medical cover to select grade of employees to cover the retiring employee and their spouse up to a specified age through Mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatality –

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets underperform compared to this yield, this will create or increase a deficit. The defined benefit plans may hold equity type assets, which may carry volatility and associated risk.

Change in bond yields –

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments.

Variability in withdrawal rates –

If actual withdrawal rates are higher than assumed withdrawal rate assumption then the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Regulatory Risk –

Gratuity Benefit must comply with the requirements of the Payment of Gratuity Act, 1972 (as amended up-to-date). There is a risk of change in the regulations requiring higher gratuity payments (e.g. raising the present ceiling of Rs. 20,00,000, raising accrual rate from 15/26 etc.).

Inflation risk –

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. The post retirement medical benefit obligation is sensitive to medical inflation and accordingly, an increase in medical inflation rate would increase the plan's liability.

Life expectancy –

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Details of defined benefit plans as per actuarial valuation are as follows:

Particulars	Funded Plan Gratuity Year ended 31 March 2024	2023
I. Amounts recognised in the Statement of Profit & Loss		
Current service cost	**15.55**	13.21

Particulars	Funded Plan Gratuity Year ended 31 March 2024	2023
VI. Expected contribution for the next reporting year	**27.71**	16.31
Actuarial assumptions and Sensitivity		
I. Actuarial assumptions		
Discount Rate (p.a.)	**7.22%**	7.50%
Attrition rate	**27.00 for age up to 30, 15.00 for age 31-44, 5.00 for 45 and above**	22.00 for age up to 30, 16.00for age 31-44, 8.00 for 45 and above
Expected rate of return on plan assets (p.a.)	**7.50%**	7.32%
Rate of Salary increase (p.a.)	**7.00%**	7.00%
In–service Mortality	**Indian Assured Lives Mortality (2012-14) Ultimate**	Indian Assured Lives Mortality (2012-14) Ultimate
II. Quantitative sensitivity analysis for impact of significant assumptions on defined benefit obligation are as follows:		
One percentage point increase in discount rate	**(9.95)**	(7.04)
One percentage point decrease in discount rate	**11.17**	7.16
One percentage point increase in Salary growth rate	**11.17**	7.16
One percentage point decrease in Salary growth rate	**(9.87)**	(7.14)
III. Maturity profile of defined benefit obligation		
Within 1 year	**21.00**	24.23
Between 1 and 5 years	**118.33**	120.21

The estimate of future salary increases, considered in actuarial valuation, considers inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The plan assets have been primarily invested in government securities and corporate bonds.

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

The Company's contribution to provident fund, superannuation fund and national pension scheme aggregating to Rs 78.39 crore (31 March 2023: Rs.70.23 crore) has been recognized in the Statement of profit and loss under the head Employee benefits expense.

37 Additional disclosures

i) During the financial years ended 31 March 2024 and 31 March 2023, the Company has not granted any loans or advances in the nature of loans to promoters, directors, KMPs and the related parties (as defined under the Companies Act, 2013), either severally or jointly with any other person (a) repayable on demand or (b) without specifying any terms or period of repayment.

ii) There is no Benami Property held by the Company and there is no proceedings have been initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

iii) Disclosure of transactions with the companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956

iv) There is no charges or satisfaction in relation to any debt / borrowings yet to be registered with ROC beyond the statutory period.

v) The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.

vi) Utilisation of Borrowed funds and share premium:

A) The Company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall-

(i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries;

B) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the company shall -

(i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

vii) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

viii) There are no transactions which have not been recorded in the books of accounts and has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Also, there are no previously unrecorded income and related assets.

ix) All the secured non-convertible debentures of the Company including those issued during the year ended 31 March 2024 are fully secured by pari-passu charge on Aurangabad office (wherever applicable) and / or exclusive charge on present and/or future receivables under Loan contracts/Hire Purchase/ Lease, owned Assets and book debts. Further, the Company in respect of secured listed non-convertible debt securities maintains 100% security cover or higher security cover as per the terms of Term Sheet/ Offer document/ Information Memorandum and/or Debenture Trust Deed, sufficient to discharge the principal amount and the interest thereon.

The asset cover available as on 31 March 2024 in respect of listed secured debt securities is 1.08 (March 2023: 1.09).

38 Transactions in the nature of change in ownership in group entities

Pursuant to Share Purchase Agreement dated 21 October 2022 entered into by the Company with Inclusion Resources Private Limited (IRPL) to acquire balance 20% equity stake in its subsidiary Mahindra Insurance Brokers Ltd (MIBL) and on receipt of approval from the Insurance Regulatory and Development Authority of India (IRDAI), the Company has completed the acquisition of 20,61,856 Equity shares of Rs.10 each of MIBL, at a price of Rs. 1001 per share on 22 September 2023 involving a pay-out of Rs.206.39 crore which has resulted in an increase in equity investment of an equivalent amount. Consequent to this acquisition, MIBL has become a wholly owned subsidiary of the Company effective from 22 September 2023.

39 Capital management

The Reserve Bank of India vide its circular reference RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 outlined the regulatory guidance in relation to Ind AS financial statements from financial year 2019-20 onwards. This included guidance for computation of 'owned funds', 'net owned funds' and 'regulatory capital'. Accordingly, effective from the financial year ended 31 March 2020, the 'regulatory capital' has been computed in accordance with these requirements read with the requirements of the Master Direction DNBR. PD. 008/03.10.119/2016-17 dated September 01, 2016 (as amended).

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or convertible and/or combination of short term /long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of operations, capital expenditure and strategic investment plans. The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio.

The Company is subject to the capital adequacy requirements of the Reserve Bank of India (RBI). Under RBI's capital adequacy guidelines, the Company is required to maintain a capital adequacy ratio consisting of Tier I and Tier II Capital. The total of Tier II Capital at any point of time, shall not exceed 100 percent of Tier I Capital. The minimum capital ratio as prescribed by RBI guidelines and applicable to the Company, consisting of Tier I and Tier II capital, shall not be less than 15 percent of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet.

Regulatory capital

		Rs. in crores
	As at 31 March 2024	As at 31 March 2023
Tier – I capital	**16,308.04**	15,307.93
Tier – II capital	**2,462.39**	2,045.12
Total Capital	**18,770.43**	17,353.05
Aggregate of Risk Weighted Assets	**99,531.86**	77,061.91
Tier – I capital ratio	**16.39%**	19.87%
Tier - II capital ratio	**2.47%**	2.65%
Total Capital ratio	**18.86%**	22.52%

"Tier I Capital" means owned fund as reduced by investment in shares of other non-banking financial companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

"owned fund" means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

"Tier II capital" includes the following –

(a) preference shares other than those which are compulsorily convertible into equity;

(b) revaluation reserves at discounted rate of fifty five percent;

(c) General provisions (including that for Standard Assets) and loss reserves to the extent these are not attributable to actual diminution in value or identifiable potential loss in any specific asset and are available to meet unexpected losses, to the extent of one and one fourth percent of risk weighted assets. 12 month expected credit loss (ECL) allowances for financial instruments i.e. where the credit risk has not increased significantly since initial recognition, shall be included under general provisions and loss reserves in Tier II capital within the limits specified by extant regulations. Lifetime ECL shall not be reckoned for regulatory capital (numerator) while it shall be reduced from the risk weighted assets.

(d) hybrid debt capital instruments; and

(e) subordinated debt to the extent the aggregate does not exceed Tier I capital.

Aggregate Risk Weighted Assets –

Under RBI Guidelines, degrees of credit risk expressed as percentage weightages have been assigned to each of the on–balance sheet assets and off- balance sheet assets. Hence, the value of each of the on-balance sheet assets and off-balance sheet assets requires to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. The aggregate shall be taken into account for reckoning the minimum capital ratio.

40 Leases

I) In the cases where assets are taken on operating lease (as lessee) –

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises, certain IT equipments and general purpose office equipments used for operating activities.

In accordance with the requirements under Ind AS 116, Leases, the Company has recognized the lease liability at the present value of the future lease payments discounted at the incremental borrowing rate at the date of initial application as at 1 April 2019, and thereafter, at the inception of respective lease contracts, ROU asset equal to lease liability is recognized at the incremental borrowing rate prevailed during that relevant period subject to certain practical expedients as allowed by the standard.

The weighted average incremental borrowing rate of 7.97% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

a) Maturity Analysis – Contractual Undiscounted Cash Flow:

		Rs. in crores
	As at 31 March 2024	As at 31 March 2023
Less than 1 year	**86.64**	86.22
1 – 3 years	**151.97**	126.98
3 – 5 years	**116.52**	105.37
More than 5 years	**107.04**	129.18
Total undiscounted lease liabilities	**462.17**	447.75

b) Other disclosures:

Following table summarizes other disclosures including the note references for the expense, asset and liability heads under which certain expenses, assets and liability items are grouped in the financial statements.

			Rs. in crores
		Amount for the year ended/ As at	
		31 March 2024	31 March 2023
i)	Depreciation charge for Right-Of-Use assets for Leasehold premises (presented under note - 30 "Depreciation, amortization and impairment")	**79.19**	70.11
ii)	Interest expense on lease liabilities (presented under note - 27 "Finance costs")	**26.35**	21.79
iii)	Expense relating to short-term leases (included in Rent expenses under note 31 "Other expenses")	**2.50**	5.74
iv)	Expense relating to leases of low-value assets (included in Rent expenses under note 31 "Other expenses")	**10.28**	8.73
v)	Payments for principal portion of lease liability	**68.50**	55.57
vi)	Additions to right-of-use assets during the year (refer note 10)	**86.81**	227.34
vii)	Carrying amount of right-of-use assets at the end of the reporting period by class of underlying asset - - Property taken on lease for office premises (presented under note - 10 "Property, plant and equipments")	**324.09**	316.47
viii)	Lease liabilities (presented under note - 19 "Other financial liabilities")	**367.92**	349.61

Pursuant to amendments brought in by the Ministry of Corporate Affairs through the Companies (Indian Accounting Standards) Amendment Rules, 2021 vide notification dated 18 June 2021, Ind AS 116 - Leases paragraph 46B was amended to extend the application of practical expedient related to Covid-19-Related Rent Concessions to lease payments originally due on or before 30th June 2022. The Company had applied this practical expedient to all such rent concessions received during the year ended 31 March 2023 (up to 30 June 2022) from certain Lessors that meet the conditions specified in paragraph 46B. The amount of rent concessions recognized in the statement of profit or loss for the year ended 31 March 2023 is Rs. 0.15 crore.

II) In the cases where assets are given on operating lease (as lessor) –

Key terms of the lease are as below:

i) Both New and Used vehicles are offered on Lease for a tenure ranging from 24 to 60 months.

ii) Customised leasing solutions are offered with value-added services like Fleet Management with regards to vehicle maintenance, Insurance management including claim settlement, pick-up and drop, replacement vehicle etc

iii) The consideration payable is the monthly lease rental which varies based on the make / model of the vehicle and tenure leased.

Rental income arising from these operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the Statement of profit and loss. Costs, including depreciation, incurred in earning the lease income are recognized as an expense.

Other details are as follows:

Rs. in crores

Particulars	Year ended 31 March 2024	Year ended 31 March 2023
i) New vehicles to retail customers on operating lease –		
Gross carrying amount	**457.80**	321.13
Depreciation for the year	**75.03**	49.25
Accumulated Depreciation	**128.31**	73.91
ii) Used and refurbished vehicles to travel operators/taxi aggregators –		
Gross carrying amount	**2.71**	2.71
Depreciation for the year	**0.12**	0.24
Accumulated Depreciation	**2.68**	1.38

The total future minimum lease rentals receivable for the non–cancellable lease period as at the Balance sheet date is as under:

Rs. in crores

Particulars	As at 31 March 2024	As at 31 March 2023
i) New vehicles to retail customers on operating lease –		
Not later than one year	**140.89**	87.95
Later than one year but not later than five years	**279.08**	169.72
	419.97	**257.67**
ii) Used and refurbished vehicles to travel operators/taxi aggregators –		
Not later than one year	**–**	**0.20**
Later than one year but not later than five years	**–**	**0.12**
	–	0.32

Since there is no contingent rent applicable in respect of these lease arrangements, the Company has not recognized any income as contingent income during the year.

III) In the cases where assets are given on finance lease (as lessor) -

Rentals receivable on finance lease:

Particulars	As at 31 March 2024	As at 31 March 2023
Gross Rental Receivable	**722.92**	297.95
Less: Unearned Income	**121.60**	77.00

Less: Unearned Income	58.96	62.64	–	121.60
Net Receivable before charging allowance for Impairment loss	215.15	386.17	–	601.32

41 Operating segments

There is no separate reportable segment as per Ind AS 108 on 'Operating Segments' in respect of the Company.

The Company operates in single segment only. There are no operations outside India and hence there is no external revenue or assets which require disclosure.

No revenue from transactions with a single external customer amounted to 10% or more of the Company's total revenue in year ended 31 March 2024 or 31 March 2023.

42 Frauds reported during the year

i) There were 160 cases (31 March 2023: 91 cases) of frauds amounting to Rs.142.63 crore (31 March 2023: Rs.2.68 crore) reported during the year. The Company has recovered an amount of Rs.5.34 crore (31 March 2023: Rs.0.65 crore) and has initiated appropriate legal actions against the individuals involved. The claims for the un-recovered losses have been lodged with the insurance companies on merit basis.

The above fraud amounting to Rs. 142.63 crore for the year ended 31 March 2024 includes an amount of fraud instance mentoned under point ii) below.

ii) During the quarter and year ended March 31, 2024, the Company detected a fraud at its Branch in Aizawl, Mizoram ("the Branch"), in respect of retail vehicle loans disbursed by the Company. The fraud was perpetrated in the Branch through collusion amongst some Branch employees, with segregated duties, by forgery of KYC and asset related documents and involvement of other external people including vehicle dealers, leading to embezzlement of the Company's funds.

The Company has appointed a law firm and an accounting firm to undertake a fact-finding assessment of the aforesaid suspected irregularities ("Assessment"). Based on the results of the Assessment by the accounting firm and the management, 2,887 loan accounts were identified by the Management as potentially fraudulent in nature. These loans had an outstanding net recoverable balance of Rs.135.86 crore as of 31st March 2024, which have been fully provided.

43 On 16 March 2024, the Company experienced a cyber security incident resulting in non-availability of certain applications and systems for a period of 4 days. The Company engaged cybersecurity specialists to assist in the investigation of and response to the incident and remediation and restoration of the impacted applications and systems. By 22 March 2024, the Company built back the impacted applications and systems from immutable backups. The core systems remained unimpacted and peripheral systems were restored by 25 March 2024. The investigation by the cybersecurity specialists has been completed and they have confirmed that all the servers containing data pertaining to books of accounts have no evidence of unauthorized access or exfiltration. The Company may incur costs associated with the incident, which are currently indeterminable. The Company continues to closely monitor the situation.

44 Contingent liabilities and commitments (to the extent not provided for)

Rs. in crores

	31 March 2024	31 March 2023
i) Contingent liabilities		
Claims against the Company not acknowledged as debts	**183.61**	179.31
Guarantees	**1,451.69**	1,983.72
	1,635.30	2,163.03
ii) Commitments		
Estimated amount of contracts remaining to be executed on capital account and not provided for	**47.58**	**201.00**
Commitment towards Share Purchase Agreement with Inclusion Resources Private Limited (IRPL) to acquire balance 20% equity stake in its subsidiary Mahindra Insurance Brokers Ltd (MIBL)	**–**	**206.39**
Other commitments - loan sanctioned but not disbursed	**28.00**	**154.30**
	75.58	561.69
Total	**1,710.88**	2,724.72

The Company's pending litigations comprise of claims against the Company primarily by the customers and proceedings pending with Income Tax, Sales Tax / VAT and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The amount of provisions / contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial performance and financial position regarding the amounts disclosed above, it is not practicable to disclose information on the possibility of any reimbursements as it is determinable only on the occurrence of uncertain future events.

45 Transfer of financial assets

Transferred financial assets that are not derecognized in their entirety

The Company has transferred certain pools of fixed rate loan receivables backed by underlying assets in the form of tractors, vehicles, equipments etc. by entering in to securitization transactions with the Special Purpose Vehicle Trusts ("SPV Trust") sponsored by Commercial banks for consideration received in cash at the inception of the transaction.

The Company, being Originator of these loan receivables, also acts as Servicer with a responsibility of collection of receivables from its borrowers and depositing the same in Collection and Payout Account maintained by the SPV Trust for making scheduled payouts to the investors in Pass Though Certificates (PTCs) issued by the SPV Trust. These securitization transactions also requires the Company to provide for first loss credit enhancement in various forms, such as corporate guarantee, cash collateral, subscription to subordinated PTCs. as credit support in the event of shortfall in collections from underlying loan contracts. By virtue of existence of credit enhancement, the Company is exposed to credit risk, being the expected losses that will be incurred on the transferred loan receivables to the extent of the credit enhancement provided.

In view of the above, the Company has retained substantially all the risks and rewards of ownership of the financial asset and thereby does not meet the de-recognition criteria as set out in Ind AS 109. Consideration received in this transaction is presented as "Associated liability related to Securitization transactions" under Note no.16.

The following table provide a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

Rs. in crores

Particulars	**As at 31 March 2024**	As at 31 March 2023
Securitizations –		
Carrying amount of transferred assets measured at amortized cost	**5,561.43**	6,726.19
Carrying amount of associated liabilities	**5,592.45**	6,718.60
	–	
Fair value of transferred assets (A)	**5,397.94**	6,511.34
Fair value of associated liabilities (B)	**5,698.61**	6,781.18
Net position (A–B)	**(300.67)**	(269.84)

46 Corporate Social Responsibility (CSR)

The Corporate Social Responsibility Committee ('CSR Committee' Board level) is responsible to formulate and recommend to the Board the CSR Policy indicating the activities falling within the purview of Schedule VII to the Companies Act, 2013, to be undertaken by the Company, to recommend the amount to be spent on CSR activities presented by the Financial Services Sector CSR Council ('FSS CSR Council') and to monitor the CSR Policy periodically.

Funding and Allocation:

For achieving the CSR objectives through implementation of meaningful and sustainable CSR Projects, the CSR Committee will allocate for its Annual CSR Budget, 2% of the average net profits of the Company made during the three immediately preceding financial years, calculated in accordance with the relevant Sections of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014.

The Company may spend up to 5% of the total CSR expenditure in one financial year on building CSR capabilities. The Company may also make contributions to its Corporate Foundations/Trusts i.e. K. C. Mahindra Education Trust and Mahindra Foundation, towards its corpus for projects approved by the Board. The CSR Committee will approve the CSR budget annually on receiving the recommendations from FSS CSR Council.

Any unspent amount at the end of the financial year will be treated as per the provisions of the existing CSR Law. Any surplus arising out of the CSR Projects or Programs or activities shall not form part of the business profit of the Company.

The Company has set up the Mahindra Finance CSR Foundation (incorporated on 2nd April, 2019) as a wholly-owned subsidiary company registered under Section 8 of the Companies Act, 2013 to promote and support CSR projects and activities of the Company and its subsidiary companies. The Company implements its CSR programs through the Mahindra Finance CSR Foundation.

The Company has identified CSR Thrust Areas for undertaking CSR Projects/ programs/activities in India. The actual distribution of the expenditure among these thrust areas will depend upon the local needs as may be determined by the need identification studies or discussions with local government/ Gram panchayat/ NGOs. The Company shall give preference to the local area and areas around which the Company operates for CSR spending. Thrust areas include health, education, environment and other activities.

The amount spent or contribution / donations made towards CSR activities is charged to Corporate Social Responsibility (CSR) expenses, in the statement of Profit and Loss.

The CSR activities of the Company shall include, but not limited to any or all of the sectors/activities as may be prescribed by Schedule VII of the Companies Act, 2013 amended from time to time. Further, the Company reviews the sectors/ activities from time to time and make additions/ deletions/ clarifications to the above sectors/activities.

During the year ended 31 March 2024, the Company has incurred an expenditure of Rs.24 crore (31 March 2023: Rs. 41 crore) towards CSR activities which includes contribution / donations made to the trusts which are engaged in activities prescribed under section 135 of the Companies Act, 2013 read with Schedule VII to the said Act and expense of Rs.1.23 crore (31 March 2023: Rs. 3.50 crore) towards the CSR activities undertaken by the Company.

The CSR activities of the Company shall include, but not limited to any or all of the sectors/activities as may be prescribed by Schedule VII of the Companies Act, 2013 amended from time to time. Further, the Company will review the sectors/ activities from time to time and make additions/ deletions/ clarifications to the above sectors/activities.

Detail of amount spent towards CSR activities :

a) Gross amount required to be spent by the Company during the year is Rs.29.96 crore (31 March 2023: Rs. 37.13 crore).

b) Amount approved by the Board to be spent during the year : Rs.29.96 crore (31 March 2023: Rs. 37.13 crore).

c) Amount spent by the Company during the year on :

						Rs. in crore
	For the year ended 31 March 2024			For the year ended 31 March 2023		
Particulars	**In cash**	**Yet to be paid in cash**	**Total**	**In cash**	**Yet to be paid in cash**	**Total**
i) Construction / acquisition of any asset	**–**	**–**	**–**	–	–	–
ii) On purpose other than (i) above*	**25.27**	**–**	**25.27**	45.07	–	45.07

* The amount spend is including Rs.0.02 crores excess spent on other than related to an ongoing projects.

The current year expenditure includes **Rs.Nil** (31 March 2023: Rs.0.57 crore) as salary cost in respect of certain employees who have been exclusively engaged in CSR administrative activities which qualifies as CSR expenditure under section 135 of the Companies Act, 2013.

d) Amount of shortfall at the end of the year: Rs. 4.71 crores (for relating to an ongoing project)

In case of S. 135(5) unspent amount **Rs. in crore**

Opending balance	Amount deposited in Specified Fund of Sch. VII within 6 months	Amount required to be spent during the year	Amount spent during the year*	Amount required to be transferred to unspent bank account related to ongoing project	Closing Balance
–	–	29.96	25.25	4.71	4.71

*** Related to ongoing project.**

e) Nature of CSR activities: Contributions / donations made to the trusts which are engaged in activities prescribed under section 135 of the Companies Act, 2013 read with Schedule VII to the said Act and CSR activities undertaken by the Company.

f) Provision made with respect to a liability already incurred by entering into a contractual obligation : Nil

47 There was no Scheme of Arrangements approved by the Competent Authority in terms of sections 230 to 237 of the Companies Act, 2013 during the year.

48 The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) has been made in the books of accounts.

49 Reconciliation of movement of liabilities to cash flows arising from financing activities

Year ended 31 March 2024 **Rs. in crore**

Particulars	1 April 2023	Cash flows (net)	Exchange difference	Amortization of loan origination costs	New leases	31 March 2024
Debt securities	24,745.07	1,966.42		14.45	–	26,725.94
Borrowings (Other than debt securities)	41,234.06	13,157.98	(76.49)	3.28	–	54,318.83
Deposits	5,524.60	1,655.37	–	(5.23)	–	7,174.74
Subordinated liabilities	3,442.13	559.85	–	3.68	–	4,005.66
Lease liabilities	349.61	(94.85)	–	26.35	86.81	367.92
Total	75,295.47	17,244.77	(76.49)	42.53	86.81	92,593.09

Year ended 31 March 2023

Particulars	1 April 2022	Cash flows (net)	Exchange difference	Amortization of loan origination costs	New leases	31 March 2023
Debt securities	18,252.71	6,496.00	–	(3.64)	–	24,745.07
Borrowings (Other than debt securities)	26,005.17	15,328.39	(96.85)	(2.65)	–	41,234.06

Subordinated liabilities	3,129.85	309.99	–	2.29	–	3,442.13
Lease liabilities	185.26	(56.80)	–	–	221.15	349.61
Total	55,999.18	19,172.35	(96.85)	(0.36)	221.15	75,295.47

50 Financial Risk Management Framework

In the course of its business, the Company is exposed to certain financial risks namely credit risk, interest risk, currency risk & liquidity risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the Company's risk management policy which has been approved by its Board of Directors.

Board of Directors of the Company have established Asset and Liability Management Committee (ALCO), which is responsible for developing and monitoring risk management policies for its business. The Company's financial services business is exposed to high credit risk given the unbanked rural customer base and diminishing value of collateral. The credit risk is managed through credit norms established based on historical experience.

50.1 Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

a) Pricing Risk

The Company's Investments in Commercial Papers, Certificate of Deposits with Banks and Mutual Funds are exposed to pricing risk. A 5 percent increase in market price would increase profit before tax by approximately Rs 88.90 crore (31 March 2023 : Rs 103.36 crore). A similar percentage decrease would have resulted equivalent opposite impact.

b) Currency Risk

Currency Risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its derivative Risk Management Policy which has been approved by its Board of Directors. The Company manages its foreign currency risk by entering into forward contract, cross currency swaps, principal and interest rate swaps. Other derivative Instruments may be used if deemed appropriate.

The carrying amounts of the Company's foreign currency exposure at the end of the reporting period are as follows :

Rs. in crores

	JPY	US Dollar	Total
As at 31 March 2024			
Financial Assets	**–**	**–**	**–**
Financial Liabilities	**1270.88**	**831.17**	**2,102.05**
As at 31 March 2023			
Financial Assets	–	–	–
Financial Liabilities	1,732.32	818.39	2,550.71

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant.

Rs. in crores

	Currency	Change in rate	Effect on Profit Before Tax
Year ended 31 March 2024	**INR/JPY**	**(+/-) 1.00%**	**(+/-) 12.74**
	INR/USD	**(+/-) 1.00%**	**(+/-) 8.34**
Year ended 31 March 2023	INR/JPY	(+/-) 1.00%	(+/-) 17.38
	INR/USD	(+/-) 1.00%	(+/-) 8.22

c) Interest Rate Risk

The Company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day-to-day operations. Further, certain interest bearing liabilities carry variable interest rates.

Interest Rate risk on variable rate borrowings is managed by way of interest rate swaps, wherever necessary.

Interest Rate sensitivity

The sensitivity analysis below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Rs. in crores

	Currency	Increase / decrease in basis points	Effect on profit before tax
Year ended 31 March 2024	**INR**	**100**	**379.99**
Year ended 31 March 2023	INR	100	228.78

d) Off-setting of balances

The table below summarizes the financial liabilities offsetted against financial assets and shown on a net basis in the balance sheet:

Financial assets subject to offsetting

Rs. in crores

Particulars	Offsetting recognized on the balance sheet		
	Gross assets before offset	Financial liabilities netted	Assets recognized in balance sheet
Loan assets			
At 31 March' 2024	**99,292.33**	**97.15**	**99,195.18**
At 31 March' 2023	79,557.32	102.59	79,454.73

Financial liabilities subject to offsetting

Rs. in crores

Particulars	Offsetting recognized on the balance sheet		
	Gross liabilities before offset	Financial assets netted	Liabilities recognized in balance sheet
Other financial liabilities			
At 31 March' 2024	**2,538.48**	**97.15**	**2,441.33**
At 31 March' 2023	2,486.87	102.59	2,384.28

50.2 Credit Risk Management

Credit risk is the risk that the Company will incur a loss because its customers fail to discharge their contractual obligations. The Company has a comprehensive framework for monitoring credit quality of its retail and other loans primarily based on Days past due monitoring at period end. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery are taken through follow ups and legal recourse.

i) Credit Quality of Financial assets

The following table sets out information about credit quality of loans and investments measured at amortized cost primarily based on days past due information. The amount represents gross carrying amount.

Rs. in crores

Particulars	31 March 2024	31 March 2023
Gross carrying value of Retail loans including Finance Lease		
Neither Past due nor impaired	**79,565.25**	62,401.65
Past Due but not impaired:		
- 1-30 days past due	**6,799.24**	4,835.98
- 31-90 days past due	**5,099.84**	4,852.73
Impaired (more than 90 days)	**3,440.93**	3,655.10
Total Gross carrying value as at reporting date	**94,905.26**	75,745.46

Rs. in crores

Particulars	31 March 2024	31 March 2023
Gross carrying value of SME loans including Bills of exchange		
Neither Past due nor impaired	**3,533.97**	4,331.40
Past Due but not impaired:		
- 1-30 days past due	**1,194.40**	55.05
- 31-90 days past due	**40.94**	20.54
Impaired (more than 90 days)	**43.10**	49.69
Total Gross carrying value as at reporting date	**4,812.41**	4,456.68

Rs. in crores

Particulars	31 March 2024	31 March 2023
Gross carrying value of Trade Advances		
Less than 60 days past due	**2,853.29**	2,480.06
61-90 days past due	**18.94**	53.43
Impaired (more than 90 days)	**6.87**	6.93
Total Gross carrying value as at reporting date	**2,879.10**	2,540.42

Rs. in crores

Particulars	31 March 2024	31 March 2023
Gross carrying value of Financial Investments measured at amortized cost		
Neither Past due nor impaired	**1,263.87**	1,436.11
Past Due but not impaired:		
- 1-30 days past due	**–**	–
- 31-90 days past due	**–**	–
Impaired (more than 90 days)	**–**	–
Total Gross carrying value as at reporting date	**1,263.87**	1,436.11

The Company reviews the credit quality of its loans based on the ageing of the loan at the period end. Since the company is primarily into retail lending business, there is no significant credit risk of any individual customer that may impact company adversely, and hence the Company has calculated its ECL allowances on a collective basis.

ii) Inputs considered in the ECL model

In assessing the impairment of financial loans under Expected Credit Loss (ECL) Model, the assets have been classified into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses and the measurement of interest income.

The Company categorizes loan assets (except Trade advances) into stages primarily based on the Days Past Due status.

Stage 1 : 0-30 days past due

Stage 2 : 31- 90 days past due

The Company categorizes Trade advances into stages primarily based on the Days Past Due status.

Stage 1 : 0-60 days past due

Stage 2 : 61- 90 days past due

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for trade advances, and other receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the company.

iii) Definition of default

The Company considers a financial asset to be in “default” and therefore Stage 3 (credit impaired) for ECL calculations when the borrower account becomes more than 90 days past due on its contractual payments.

Since the Company’s portfolio predominantly includes retail vehicle loan portfolio with around 3 million loan accounts making it difficult to define default at an individual loan account, the company has considered the event of default when overdue is more than 90 days past due. The same is also in line with the regulator’s definition of default when overdue is more than 90 days past due.

iv) Exposure at default

“Exposure at Default” (EAD) represents the gross exposure balance when default had occurred. EAD is subject to impairment calculation for Stage 3 assets. Future Expected Cash flows (Principal and Interest) for future years has been used as exposure for Stage 2.

v) Estimations and assumptions considered in the ECL model

The Company has made the following assumptions in the ECL Model:

a) Loss Given Default (LGD):

- LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realized and the time value of money determined based on appropriate discount rate. It is an estimate of the loss from a transaction given that a default occurred.

  Generally, common LGD is applied on the exposures in all the three stages.

  While, the general approach / methodology remains the same, the measurement of ECL on retail vehicle loans is done on a slightly differentiated approach as mentioned here below.

- For Stage 3 assets with an ageing more than 18 months (540 DPD) (stressed portfolio), provision is calculated by applying LGD at higher rate. Higher LGD rate is determined based on the historical loss that has occurred during the tenor of individual assets forming part of specific portfolio of contracts with an ageing of more than 18 months (540 DPD) at the historical period end date (i.e. 42 months from the reset /reporting date) based on the average life of the portfolio and is considered as model provision for ECL calculation instead of seperate classification as overlay provision;

- For Stage 3 assets with an ageing up to 18 months (540 DPD), provision is calculated by applying the Composite LGD rate#;
- For Stage 1 and Stage 2 assets, continue to derive and apply Composite LGD rate in calculation of loss allowances.

Composite LGD rate : It is an estimate of the loss from a transaction given that a default occurs. It is based on the historical loss on the portfolio that has occurred during the tenor of the individual assets forming part of the portfolio. For calculating LGD, the Company takes into consideration the Stage 2 assets that have reached 90+ DPD in the past and Stage 3 cases of historical period end date (i.e. 42 months from the reset /reporting date) based on the average life of the portfolio. Actual cash flows pertaining to this portfolio from the first default date to current reset/reporting date are then discounted at Loan EIR rate for arriving at this loss rate.

b) Probability of Default (PD):

- It is an estimate of likelihood of default occurring over a particular time horizon.
- For Stage 1 assets, 12 months PD is calculated .
- For Stage 2 assets , life time PD is calculated for which a PD term structure is built.
- PD is applied on Stage 1 and Stage 2 assets on a portfolio basis;
- For Stage 3 assets, PD is always at 100% as these are impaired assets.

The underlying methodology of Historical PD calculation remains the same for both Stage 1 and Stage 2 assets.

vi) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted.

It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of respective portfolios over a period of time have been applied to determine impact of macroeconomic factors.

ECL allowance (or provision) on Stage 1 and Stage 2 assets is measured using portfolio approach, whereas impairment provisions on Stage 3 assets is measured at each individual asset / instrument level.

- Financial assets that are not credit impaired at the reporting date:

  ECL for Stage 1 : Gross exposure is multiplied by PD and Composite LGD percentage to arrive at the ECL allowance;

- Financial assets that have had a significant increase in credit risk (SICR) since initial recognition (unless they have low credit risk at the reporting date) but that do not have objective evidence of impairment:

  ECL for Stage 2 : Future Expected Cash flows (Principal and Interest) for respective future years is multiplied by respective years Marginal PDs and Composite LGD percentage and thus arrived ECL allowance is then discounted with the respective loan EIR to calculate the present value of ECL allowance. In addition, in case of Bills discounting and Channel finance, as the average lifetime is of 90 days, a time to maturity factor of 0.25 is used in the ECL computation.

- Financial assets that are credit impaired at the reporting date:

  ECL for Stage 3: Difference between the gross exposure at reporting date and computed carrying amount considering EAD net of LGD and PV of actual cash flows till reporting date including compounded interest at loan EIR on net carrying value.

  For Stage 3 assets in retail portfolio, ECL allowance is calculated separately as follows:

- Stage 3 assets with ageing up to 18 months (< =540 DPD)

  ECL allowance = (Gross exposure on reporting date less Required Carrying value-A)

  Required Carrying value-A ={EAD less ECL allowance at Composite LGD rate less PV of actual cashflows till reporting date plus interest compounded @ loan EIR}

- Stage 3 assets with ageing more than 18 months (>540 DPD)

  ECL allowance = (Gross exposure on reporting date less Required Carrying value-B)

  Required Carrying value-B ={EAD less ECL allowance at Higher LGD rate less PV of actual cashflows till reporting date plus interest compounded @ loan EIR}

- Undrawn loan commitments:

  ECL on undrawn loan commitments is calculated basis the Stage in which that particular customer already exists.

ECL on Lease business portfolio:

The customer segment catered under leasing business consist of employees of corporates (Employee Lease Programs) and B2B segment which includes business entities, firms, trusts and societies, fleet operators, commercial vehicles, construction equipment etc.

Since the Lease business comprising Operating and Finance lease was relatively new line of business, there is limited history of collection and loss data for the completed life cycle for these portfolios which is needed for determining PD and LGD parameters for computation of ECL allowance.

In view of the above, the Compnay has adopted Industry level benchmark, i.e. ECL coverage rate, for estimating ECL allowance on operating and finance lease portfolio considering the simialrities in products offered, customer segments catered and average tenure of lease contracts.

vii) Forward Looking adjustments

The Historical PDs are converted into forward looking Point-in-Time PDs using statistical model incorporating the forward looking economic outlook, as required by Ind AS 109.

The macroeconomic variables considered by the Company are robust reflections of the state of economy which result into systematic risk for the respective product categories.

Additionally, three different scenarios have been considered for ECL calculation. Along with the actual numbers (considered for Base case scenario), other scenarios take care of the worsening as well as improving forward looking economic outlook.

viii) Assessment of significant increase in credit risk

When determining whether the credit risk has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the Company's historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort. The Company's accounting policy is not to use the practical expedient that the financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk (SICR). As a result, the Company monitors all financial assets and loan commitments that are subject to impairment for SICR.

As per Ind AS 109, loans are required to be moved from Stage 1 to Stage 2 if and only if they have been the subject of a SICR. A SICR occurs when there has been a significant increase in the risk of a default occurring over the expected life of a financial instrument. In case of government endorsed instalment moratoriums, it cannot be assumed that those borrowers that are granted moratoriums have suffered a SICR. In line with Basel guidance on ECL, the definition of default and the convention for counting days past due adopted for accounting purposes will be guided by the definition used for regulatory purposes. Therefore, we consider that use of government-endorsed instalment moratoriums by a borrower would not on its own trigger the counting of days past due for the 30 days past due backstop used to determine SICR or the 90 days past due backstop used to determine default.

Moreover, the acceptance of such moratorium may indicate short-term liquidity or cash flow problems but is likely to provide little information to differentiate borrower's lifetime credit risk. Thus, the grant of such moratorium cannot be considered as the sole indicator that SICR has occurred or even as the basis to adjust the borrower's probability of default.

As a part of the qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeliness to pay. In such instances, the Company treats the customer at default and therefore assesses such loans as Stage 3 for ECL calculations. Such qualitative factors include:

i. A Stage 3 customer having other loans which are in Stage 1 or 2.

ii. Not to consider Uncleared cheques as on reporting date for outstanding DPD calculation for retail vehicle loans

iii. Retail vehicle loans, where asset has been repossessed.

iv. Cases where Company suspects fraud and legal proceedings are initiated.

v. SME loans where the Company has resorted to its rights under the SARFAESI Act.

Further, the Company classifies certain category of exposures in to Stage 3 and makes accelerated provision up to 100% based on qualitative assessment implying the significant deterioration in asset quality or increase in credit risk on selective basis.

The Company regularly reviews it's ECL model based on actual loss experience and update the parameters used for ECL calculations.

ix) Policy for write off of Loan Assets

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "Bad debts and write offs" forming part of "Impairment on financial instruments" in Statement of profit and loss.

x) Inputs to the model

a. Observed Default Rates (ODRs) over past 60 months for each product category

b. Macro economic variables provided by Economist Intelligence Unit (EIU)# for the past 5 years

c. Macro economic variables projected by EIU for the next 5 years

The Economist Intelligence Unit (EIU) is the research and analysis division of the Economist Group, providing forecasting, macro-economic analysis and advisory services through research and analysis, such as monthly country reports, five-year country economic forecasts, country risk service reports, and industry reports.

A. Model process

a. Macro economic historical variables are tested for statistical robustness and filtered

b. These are converted into quarterly numbers applying cubic spline technique

c. Variables that are acceptable are regressed with historical ODRs, considering 3 variables at a time.

d. These combinations are further tested for statistical robustness.

e. Those that pass the test are sorted on R squared (fitness) and the best fit is selected.

f. This combination is passed through the Vasicek model to derive scalars that are used to project future PDs.

B. In the selection of macro-economic variables, the management considers best combination of variables for its respective product categories based on statistically tested model output representing higher level of correlation and as well as those which have business relevance as per management assessment.

C. In the selection of macro-economic variables for the best combination, the following parameters are considered:

a. Agriculture is considered as one of 3 variables compulsorily.

b. Second Variable is from GDP / Government consumption related below parameters:

Description
Real GDP (% change pa)
Nominal GDP (PPP$)
Real government consumption (LCU)
Real GDP (PPP US$ at 2010 prices)
Nominal GDP (LCU)
Nominal government consumption (LCU)
Nominal GDP (US$)
Nominal government consumption (US$)

c. Third Variable is selected by model

D. Where scalars derived are beyond reasonable levels, a cap and a floor is applied to reduce variability.

E. Where reasonable scalars are not available, as measured by R square, the scalars of the nearest other portfolio are applied.

Impairment loss

The expected credit loss allowance provision for **Retail Loans including Finance lease** is determined as follows:

Rs. in crores

	Performing Loans - 12 month ECL	Underperforming loans - 'lifetime ECL not credit impaired'	Impaired loans - 'lifetime ECL credit impaired'	Total
Gross Balance as at 31 March 2024	**86,364.49**	**5,099.84**	**3,440.93**	**94,905.26**
Expected credit loss rate	**0.68%**	**11.45%**	**63.32%**	
Carrying amount as at 31 March 2024 (net of impairment provision)	**85,777.59**	**4,515.67**	**1,262.22**	**91,555.49**
Gross Balance as at 31 March 2023	67,237.63	4,852.73	3,655.10	75,745.46
Expected credit loss rate	0.79%	10.69%	59.12%	
Carrying amount as at 31 March 2023 (net of impairment provision)	66,704.76	4,334.15	1,494.32	72,533.23

The expected credit loss allowance provision for **SME Loans including Bills of exchange** is determined as follows:

Rs. in crores

	Performing Loans - 12 month ECL	Underperforming loans - 'lifetime ECL not credit impaired'	Impaired loans - 'lifetime ECL credit impaired'	Total
Gross Balance as at 31 March 2024	**4,728.37**	**40.94**	**43.10**	**4,812.41**
Expected credit loss rate	**0.66%**	**11.51%**	**62.85%**	
Carrying amount as at 31 March 2024 (net of impairment provision)	**4,697.08**	**36.23**	**16.01**	**4,749.32**
Gross Balance as at 31 March 2023	4,386.46	20.53	49.69	4,456.68
Expected credit loss rate	0.36%	9.58%	57.10%	
Carrying amount as at 31 March 2023 (net of impairment provision)	4,370.63	18.56	21.32	4,410.51

The expected credit loss allowance provision for **Trade Advances** is determined as follows:

Rs. in crores

	Less than 60 days past due	61-90 days past due	Credit impaired (more than 90 days)	Total
Gross Balance as at 31 March 2024	**2,853.29**	**18.94**	**6.87**	**2,879.10**
Expected credit loss rate	**0.40%**	**5.63%**	**100.00%**	
Carrying amount as at 31 March 2024 (net of impairment provision)	**2,841.88**	**17.87**	**–**	**2,859.75**
Gross Balance as at 31 March 2023	2,480.06	53.43	6.93	2,540.42
Expected credit loss rate	0.40%	5.96%	100.00%	
Carrying amount as at 31 March 2023 (net of impairment provision)	2,470.14	50.25	–	2,520.39

The contractual amount outstanding for trade advance that has been written off by the Company during the year ended 31 March 2024 and that were still subject to enforcement activity was Rs 3.36 crore (31 March 2023:56.64 crore).

The expected credit loss allowance provision for **Financial Investments measured at amortized cost** is determined as follows:

Rs. in crores

	Performing Loans - 12 month ECL	Underperforming loans - 'lifetime ECL not credit impaired'	Impaired loans - 'lifetime ECL credit impaired'	Total
Gross Balance as at 31 March 2024	**1,263.87**	**–**	**–**	**1,263.87**
Expected credit loss rate	**–**			**–**
Carrying amount as at 31 March 2024 (net of impairment provision)	**1,263.87**	**–**	**–**	**1,263.87**
Gross Balance as at 31 March 2023	1,436.11	–	–	1,436.11
Expected credit loss rate	0.07%			
Carrying amount as at 31 March 2023 (net of impairment provision)	1,435.13	–	–	1,435.13

Level of Assessment - Aggregation Criteria

The Company recognizes the expected credit losses (ECL) on a collective basis that takes into account comprehensive credit risk information.

Considering the economic and risk characteristics, pricing range, sector concentration (e.g. vehicle loans in unorganized sectors) the Company calculates ECL on a collective basis for all stages - Stage 1, Stage 2 and Stage 3 assets.

An analysis of changes in the gross carrying amount and the corresponding ECLs in relation to Retail Loans including Finance Lease is, as follows :

Gross exposure reconciliation

As at 31 March 2023

Rs. in crores

Particulars	Stage 1	Stage 2	Stage 3	Total
Gross carrying amount balance as at 1 April 2022	47,020.88	9,112.22	4,864.19	60,997.28

The contractual amount outstanding on financial investments that has been written off by the Company during the year ended 31 March 2024 and that were still subject to enforcement activity was nil (31 March 2023 : nil).

Significant changes in the gross carrying value that contributed to change in loss allowance

The Company mostly provide loans to retail individual customers in Rural and Semi urban area which is of small ticket size. Change in any single customer repayment will not impact significantly to Company's provisioning. All customers are being monitored based on past due and corrective actions are taken accordingly to limit the Company's risk.

Concentration of Credit Risk

The Company's loan portfolio is predominantly to finance retail automobile loans. The Company manages concentration of risk primarily by geographical region in India. The following tables show the geographical concentrations of loans and trade advances:

Rs. in crores

Particulars	31 March 2024	31 March 2023
Concentration by Geographical region in India:		
North	**33,372.40**	25,317.81
East	**21,039.12**	17,970.43
West	**28,805.94**	23,496.90
South	**19,379.31**	15,957.42
Total Gross Carrying Value	**1,02,596.77**	82,742.56

Maximum Exposure to credit Risk

The maximum exposure to credit risk of loans and investment securities is their carrying amount. The maximum exposure is before considering the effect of mitigation through collateral.

Narrative Description of Collateral

Collateral primarily include vehicles purchased by retail loan customers and machinery & property in case of SME customers. The financial investments are secured by way of a first ranking pari-passu and charge created by way of hypothecation on the receivables of the other company.

Quantitative Information of Collateral

The Company monitors its exposure to loan portfolio using the Loan To Value (LTV) ratio, which is calculated as the ratio of the gross amount of the loan to the value of the collateral. The value of the collateral for Retail loans is derived by writing down the asset cost at origination by 20% p.a on reducing balance basis. And the value of the collateral of Stage 3 Retail loans is based on the Indian Blue Book value for the particular asset. The value of collateral of SME loans is based on fair market value of the collaterals held.

Gross value of total secured loans to value of collateral:

Rs. in crores

Loan To Value	Gross Value of Secured Retail loans		Gross Value of Secured SME loans	
	31 March 2024	31 March 2023	31 March 2024	31 March 2023
Upto 50%	**6,365.54**	5,552.29	**1,720.06**	1,088.20
51 - 70%	**13,653.35**	11,237.76	**917.03**	724.50
71 - 100%	**56,893.97**	43,909.81	**300.27**	1,014.19
Above 100%	**17,352.61**	14,176.26	**233.26**	81.41
	94,265.47	74,876.12	**3,170.63**	2,908.30

Gross value of credit impaired loans to value of collateral:

Rs. in crores

Loan To Value	Gross Value of Retail loans in Stage 3		Gross Value of SME loans in Stage 3	
	31 March 2024	31 March 2023	31 March 2024	31 March 2023
Upto 50%	**102.93**	53.62	**7.46**	14.92
51 - 70%	**117.61**	67.32	**1.34**	0.89
71 - 100%	**481.88**	263.31	**1.30**	21.71
Above 100%	**2,738.51**	3,270.85	**33.01**	12.17
	3,440.93	3,655.10	**43.10**	49.69

The below tables provide an analysis of the current fair values of collateral held for Stage 3 assets. The value of collateral has not been considered while recognizing the loss allowances.

50.3 Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

a) Maturity profile of non-derivative financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted contractual cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Total	78,496.45	80,029.04	29,129.84	50,899.20	–

There were no transfers between Level 1 and Level 2.

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only.

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, trade receivables, balances other than cash and cash equivalents, trade payables and investment & borrowings in commercial papers. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Loans and advances to customers

The fair values of loans and receivables are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics. The fair value is then extrapolated to the portfolio using discounted cash flow models that incorporate interest rate estimates considering all significant characteristics of the loans. This fair value is then reduced by impairment allowance which is already calculated incorporating probability of defaults and loss given defaults to arrive at fair value net of risk.

Financial Investments

For Government Securities, the market value of the respective Government Stock as on date of reporting has been considered for fair value computations. Since market quotes are not available in the absence of any trades, the carrying amount of Secured redeemable non-convertible debentures is considered as the fair value.

Issued debt

The fair value of issued debt is estimated by a discounted cash flow model incorporating interest rate estimates from market-observable data such as secondary prices for its traded debt itself.

Deposits from public

The fair value of deposits received from public is estimated by discounting the future cash flows considering the interest rate applicable on the reporting date for that class of deposits segregated by their tenure and cumulative/non-cumulative scheme.

Except for the above, carrying value of other financial assets/liabilities represent reasonable estimate of fair value.

51 Maturity analysis of assets and liabilities

The table below shows the maturity analysis of assets and liabilities according to when they are expected to be recovered or settled.

Rs. in crores

	As at 31 March 2024			As at 31 March 2023

Exchange Traded Interest Rate (IR) Derivative

The Company has not entered into any exchange traded derivative.

b) Exchange Traded Interest Rate (IR) Derivatives

The Company is not carrying out any activity of providing Derivative cover to third parties.

c) Disclosures on Risk Exposure in Derivatives

Qualitative Disclosures –

i) The Company undertakes the derivatives transaction to prudently hedge the risk in context of a particular borrowing or to diversify sources of borrowing and to maintain fixed and floating borrowing mix. The Company does not indulge into any derivative trading transactions. The Company reviews, the proposed transaction and outline any considerations associated with the transaction, including identification of the benefits and potential risks (worst case scenarios); an independent analysis of potential savings from the proposed transaction. The Company evaluates all the risks inherent in the transaction viz., counter party risk, Market Risk, Operational Risk, basis risk etc.

ii) Credit risk is controlled by restricting the counterparties that the Company deals with, to those who either have banking relationship with the Company or are internationally renowned or can provide sufficient information. Market/Price risk arising from the fluctuations of interest rates and foreign exchange rates or from other factors shall be closely monitored and controlled. Normally transaction entered for hedging, will run till its life, irrespective of profit or loss. However in case of exceptions it has to be un-winded only with prior approval of M.D / CFO / Treasurer. Liquidity risk is controlled by restricting counterparties to those who have adequate facility, sufficient information, and sizable trading capacity and capability to enter into transactions in any markets around the world.

iii) The respective functions of trading, confirmation and settlement should be performed by different personnel. The front office and back-office role is well defined and segregated. All the derivatives transactions is quarterly monitored and reviewed by CFO and Treasurer. All the derivative transactions have to be reported to the board of directors on every quarterly board meetings including their financial positions.

c)	Other short-term liabilities	3,624.55	3.93%	3.74%	3.15%

As at 31 March 2023

Sr. no.	Name of the instrument/product	Amount (Rs. in crores)	% of total public funds	% of total liabilities	% of total assets
a)	Commercial papers (CPs)	3,936.00	5.25%	4.97%	4.09%
b)	Non-convertible debentures (NCDs) with original maturity of less than 1 year	Nil	Nil	Nil	Nil
c)	Other short-term liabilities	3,292.49	4.39%	4.16%	3.42%

vi) Institutional set-up for liquidity risk management

The Liquidity Risk Management framework of the Company is governed by its Liquidity Risk Management Policy and Procedures approved by the Board. The Asset Liability Committee of the Board (ALCO) and Asset Liability Management Committee (ALMCO) oversee the implementation of liquidity risk management strategy of the Company and ensure adherence to the risk tolerance/limits set by the Board.

The Company maintains a robust funding profile with no undue concentration of funding sources. In order to ensure a diversified borrowing mix, concentration of borrowing through various sources is monitored. The Company maintains a positive cumulative mismatch in all buckets. As on March 31, 2024, the Company maintained a liquidity buffer of approximately Rs.7,963 crore.

Definition of terms as used in the table above:

a) *Significant counterparty:*

A "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC's total liabilities.

b) *Significant instrument/product:*

A "Significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the NBFC's total liabilities.

c) *Total liabilities:*

Total liabilities include all external liabilities (other than equity).

d) *Public funds:*

"Public funds" includes funds raised either directly or indirectly through public deposits, inter-corporate deposits, bank finance and all funds received from outside sources such as funds raised by issue of Commercial Papers, Debentures etc. but excludes funds raised by issue of instruments compulsorily convertible into equity shares within a period not exceeding 5 years from the date of issue. It includes total borrowings outstanding under all types of instruments/products.

e) *Other short-term liabilities:*

All short-term borrowings other than CPs and NCDs with original maturity less than 12 months.

56) Disclosure requirements under Scale Based Regulation (SBR) - A Revised Regulatory Framework for NBFCs as per circular RBI/2022-23/26 DOR.ACC.REC. No.20/21.04.018/2022-23 dated 19 April 2022

The Reserve Bank of India, vide its circular RBI/2021-22/112 DOR.CRE.REC.No.60/03.10.001/2021-22 dated 22 October 2021 outlined the Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs and thereafter issued another circular RBI/2022-23/26 DOR.ACC.REC.No.20/21.04.018/2022-23 dated 19 April 2022, requiring NBFCs to make certain additional disclosures in their financial statements in accordance with the SBR framework.

Section - I

Total	179	16549	–13%	158	5

Section - II

A) Breach of covenant

During the current year and previous year there is no instances of breach of covenant of loan availed or debt securities issued

B) Divergence in Asset Classification and Provisioning

Disclosure of details of divergence, if either or both of the following conditions are satisfied:

a) the additional provisioning requirements assessed by RBI (or National Housing Bank(NHB) in the case of Housing Finance Companies) exceeds 5 percent of the reported profits before tax and impairment loss on financial instruments for the reference period, or

b) the additional Gross NPAs identified by RBI/NHB exceeds 5 per cent of the reported Gross NPAs for the reference period.

As per the RBI inspection report for the reference period 31 March 2023, the assessment of Divergence in Asset Classification and Provisioning is below the threshold as defined under a) and b) above and hence the details as required in tabular form is not presented here.

Section - III

A) Disclosure for NBFCs-UL

Mandatory listed within three years of identification as NBFC-UL - Not Applicable for the Company

Annexure - 1

Notes:

1) The average weighted and unweighted amounts are calculated taking simple average based on monthly observation for the respective quarter. The weightage factor applied to compute weighted average value is constant for all the quarters.
2) Prior to introduction of LCR framework, the Company used to maintain a substantial share of its liquidity in form of fixed deposits with banks and investment in debt mutual funds. Post the introduction of LCR framework, the Company has consciously worked towards increasing its investment in High Quality Liquid Assets (HQLA) as per the RBI guidelines in order to meet the LCR requirement.
3) Weighted values have been calculated after the application of respective haircuts (for HQLA) and stress factors on inflow and outflow.
4) Components of High Quality Liquid Assets (HQLA)

Notes:

1) The average weighted and unweighted amounts are calculated taking simple average based on monthly observation for the respective quarter. The weightage factor applied to compute weighted average value is constant for all the quarters.
2) Prior to introduction of LCR framework, the Company used to maintain a substantial share of its liquidity in form of fixed deposits with banks and investment in debt mutual funds. Post the introduction of LCR framework, the Company has consciously worked towards increasing its investment in High Quality Liquid Assets (HQLA) as per the RBI guidelines in order to meet the LCR requirement.
3) Weighted values have been calculated after the application of respective haircuts (for HQLA) and stress factors on inflow and outflow.
4) Components of High Quality Liquid Assets (HQLA)

59 The Company is in the category of Upper Layer (NBFC-UL) as per the criteria defined by the Reserve Bank of India under Scale Based Regulations (SBR). The Company has put in place a Board approved policy and implemented the enhanced regulatory framework for adhering to new set of regulations under SBR framework.

60 As required under the Companies (Audit and Auditors) Amendment Rules, 2021, read with sub-section 3 of Section 143 of the Companies Act, 2013 which was effective from 1 April 2023, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature was not enabled at the database level to log any direct data changes, wherein adequate alternate control tools have been deployed to monitor the direct data changes effected at the data base level.

Further, as required under proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, the audit trail has been preserved by the company as per the statutory requirements for record retention.

61 Disclosure as required under RBI notification no. RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 on Implementation of Indian Accounting Standards

Since the total impairment allowances under Ind AS 109 is higher than the total provisioning required under IRACP (including standard asset provisioning) as at 31 March 2024 and 31 March 2023, no amount is required to be transferred to 'Impairment Reserve' for both the financial years. The gross carrying amount of asset as per Ind AS 109 and Loss allowances (Provisions) thereon includes interest accrual on net carrying value of stage - 3 assets as permitted under Ind AS 109. While, the provisions required as per IRACP norms does not include any such interest as interest accrual on NPAs is not permitted under IRACP norms.

The balance in the 'Impairment Reserve' (as and when created) shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision, RBI.

ii) As at 31 March 2024 and 31 March 2023, there were no loan accounts that are past due beyond 90 days but not treated as impaired, i.e. all 90+ DPD ageing loan accounts have been classified as Stage-3 and no dispensation is considered in stage-3 classification.

iii) Policy for sales / transfers out of amortized cost business model portfolios

Sale/transfer of portfolios out of amortized cost business model:

As a short-term financing arrangement, the Company has been transferring or selling certain pools of fixed rate loan receivables backed by underlying assets in the form of tractors, vehicles, equipments etc. by entering into securitization transactions with the Special Purpose Vehicle Trusts ("SPV Trust") sponsored by Commercial banks for consideration received in cash at the inception of the transaction. As a part of annual budgetary planning and with the objective of better liquidity and risk management, the Company, at the beginning of the year, obtains approval of Asset Liability Committee and Risk Management Committee of the Board of Directors for undertaking securitization transactions of certain value of standard assets comprising the collateral based loan receivables at appropriate times during the year.

These transactions are carried out after complying with RBI guidelines on securitization of standard assets. The consideration received through such securitization transactions is utilized for funding regular vehicle loan disbursements to customers who service their loans through fixed instalments over a specified period of loan tenor. Besides using securitization as alternate financing tool, it is also being used as a effective Balance sheet management through better liquidity and risk management by transfer of assets from risk averse to risk takers.

When the assets in the form of loan receivables are sold / transferred to an SPV/Bank through securitization transaction, then on a consolidated portfolio level, such sale/transfer does not change the Company's business objective of holding financial assets to collect contractual cash flows.

The Company remains exposed to credit risk, being the expected losses that will be incurred on the securitized loan portfolio to the extent of the credit enhancement provided. Any increase in losses as compared to the expected loss shall require the Company to present its credit enhancement / cash collateral to help compensate the investors. This is as per the requirement of the Reserve Bank of India. Thus, the Company as per Ind AS 109 has retained substantially all the risks and rewards of ownership of the financial asset.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Accordingly, these financial assets are not derecognized by the Company from the financial statements prepared under Ind AS. Since the contractual terms of these financial assets give rise to cash flows, that are solely payments of principal and interest, on specified dates, these assets meet the SPPI criterion and are thus continued to be recognized in the books at amortized cost.

62 Events after the reporting date

There have been no other events after the reporting date that require disclosure in these financial statements.

63 Previous year figures have been regrouped /reclassified wherever necessary to conform to current year presentation.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Insurance Brokers Limited

Report on the Audit of Ind AS Financial Statements

1. **Opinion**

We have audited the accompanying Ind AS financial statements of Mahindra Insurance Brokers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and notes to the Ind AS financial statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. **Basis for Opinion**

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Ind AS financial statements.

3. **Information other than the Ind AS financial statements and Auditor's report thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors Report and Management Discussion and Analysis but does not include the Ind AS financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of our auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. **Management's Responsibility for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS accounting standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, Company's Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. **Auditor's Responsibilities for the Audit of the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i) Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v) Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

i) As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ii) As required by section 143 (3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of Ind AS Financial Statements.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on the financial position in its Ind AS financial statements – Refer Note 32 to the Ind AS financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. As stated in Note 33.1 to the financial statements

(a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

(b) The Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Based on our procedures performed we did not notice any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA INSURANCE BROKERS LIMITED

Referred to in paragraph [6(i)] under Report on Other Legal and Regulatory Requirements of our report of even date

(i) a) A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, other Intangible assets, Intangible asset under development, Right-of-use Assets.

B) The Company has maintained proper records showing full particulars of intangible assets.

b) The Property, Plant and Equipment and Right-of-use Assets of the company have been physically verified by the Management, in the phased manner during the year. The company is in the process of reconciling the same with the fixed asset register. The discrepancies if any, arising out of reconciliation will be considered in the books of accounts in the period in which the reconciliation is complete.

c) According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no immovable properties held in the name of the Company. Accordingly, paragraph 3(i)(c) of the order is not applicable to the Company.

d) The Company has not revalued its Property, Plant and Equipment (including Right-of -Use assets) or other intangible assets during the year.

e) No proceedings have been initiated or is pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) a) The company is in the business of providing insurance broking services and does not hold any inventory. Therefore, the provision of paragraph 3(ii)(a) of the said order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not been sanctioned any working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Therefore, the provision of paragraph 3(ii)(b) of the said order is not applicable to the Company.

(iii) The Company has made investments in, provided guarantees (letter of comfort) and granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has provided loans during the year.

Particulars	Amount (in Lakhs)
Loan	
Aggregate amount during the year	20,200
Balance outstanding at the balance sheet	35,525

b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.

c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest have been regular as per stipulation.

d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.

f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.

(iv) In our opinion, and according to the information and explanations given to us, the company has complied with the provisions of Section 185 and Section 186 of the Companies Act, 2013 in respect of loans and investments made, and guarantees and security provided by it, as applicable.

(v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended) or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.

(vii) According to the information and explanations given to us, in respect of statutory dues:

a) the Company is regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Services Tax, Value Added Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it as per the available records as far as ascertained by us on our verification.

According to the information and explanations given to us, there are no undisputed dues in respect of provident fund, income-tax, service tax, sales-tax, duty of customs, value added tax, cess and other material statutory dues which are outstanding, at the end, for a period of more than six months from the date they became payable.

b) According to the records of the Company, the dues outstanding of income-tax, sales tax, service tax, duty of customs, value added tax and cess on account of any dispute, are as follows:

Name of the statue	Nature of the dues	Amount (Rs. In Lakhs)	Period to which amount relates	Forum where the dispute is pending
Income tax	Disallowance of donation	16.61	AY 2016-17	JCIT/CIT
Tax Deducted at Source	Interest on TDS	5.23	F.Y. 2011-12 to F.Y. 2023-2024	Rectification filed with the AO
Tax Deducted at Source	Short deduction of TDS	2.74	F.Y. 2011-12 to F.Y. 2023-2024	Rectification filed with the AO

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

(ix) a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.

b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

d) No funds have been raised on short-term basis and hence, reporting under clause 3(ix)(d) of the Order is not applicable.

e) The Company did not have any subsidiary or associate or joint venture during the year and hence reporting under clause (ix)(e) of the Order is not applicable to the Company.

f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

(x) a) According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under paragraph 3(x)(a) of the Order is not applicable to the Company.

b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

(xi) a) During the course of our examination of books of accounts and as far as records/details made available and verified by us and according to the information and explanations given to us, five instances of fraud on the Company (Amounting to Rs. 6.46 Lakhs) were reported during the year.

b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

c) We have taken into consideration, the whistle blower complaints received by the Company during the year and provided to us while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a nidhi company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and the details have been disclosed in the notes to the Ind AS financial statements, as required by the applicable accounting standards.

(xiv) a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date of our audit report, in determining the nature, timing and extent of our audit procedures.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them. Accordingly, provisions of clause 3 (xv) of the Order are not applicable to the Company.

(xvi) a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

b) According to the information and explanations given to us, there are four Core Investment Companies within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016).

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Ind AS financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA INSURANCE BROKER LIMITED

Referred to in paragraph [6(ii)(f)] under Report on Other Legal and Regulatory Requirements of our report of even date

Report on the Internal Financial Controls With reference to Ind AS Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls with reference to Ind AS financial statements of **Mahindra Insurance Broker Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control criteria with reference to Ind AS financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India" (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

   Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Ind AS financial statements included obtaining an understanding of internal financial controls with reference to Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

   We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Ind AS financial statements.

Meaning of Internal Financial Controls with reference to Ind AS financial statements

4. A company's internal financial control with reference to Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to Ind AS financial statements

5. Because of the inherent limitations of internal financial controls with reference to Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

6. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Ind AS financial statements and such internal financial controls with reference to Ind AS financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

STATEMENT OF MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2024

1 Company overview

Mahindra Insurance Brokers Limited is a Public Limited Company incorporated and domiciled in India. The Company's registered office is at Mahindra Towers, P. K. Kurne Chowk, Worli, Mumbai - 400 018. The Company is an Insurance Regulatory and Development Authority of India (IRDAI) registered broker in the category “Composite” for life, general and re-insurance business.

The immediate parent Company is Mahindra & Mahindra Financial Services Limited and ultimate parent Company is Mahindra & Mahindra Limited, a company incorporated in Mumbai, India.

2 Basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of the Companies Act, 2013 (the 'Act'), in conformity with the Accounting Priniciples generally accepted in India and other relevant provisions of the Act.

a. Statement of compliance and basis of preparation

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the Accounting policy hitherto in use.

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the schedule III of the Act. Based on nature of services and the time between the acquisition of the assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current/ non-current classification of assets and liabiities.

The financial statements of the Company for the year ended March 31, 2024 were approved for issue by the Company's Board of Directors on April 16, 2024.

b. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency. All amounts are rounded-off to the nearest lacs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
– Financial assets and liabilities which are generally derivative instruments	Fair value
– Liabilities for cash-settled share-based payment arrangements	Fair value
– Net defined benefit (asset) / liability	Fair value of plan assets less present value of defined benefit obligations

d. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has established policies and procedures with respect to the measurement of fair values. The Chief Financial Officer and person entrusted has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, including assessments that these valuations meet the requirements of Ind AS 113. Significant valuation issues are reported to audit committee.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

e. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Assumptions and estimation uncertainties

Following are areas that involved a higher degree of judgement or complexity in determining the carrying amount of some assets and liabilities. Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment in the year ending March 31, 2024 is included in relevant notes.

– Estimation of current tax expense and payable
– Estimated useful life of property, plant and equipments
– Estimated useful life of intangible assets
– Estimation of defined benefit obligation
– Impairment of trade receivables
– Impairment of financial assets
– Estimation of share based payments
– Provisions and contingent liabilities
– Going concern

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

3 Material accounting policies

a. Property, plant and equipments :

Recognition and measurement

All the items classified under property, plant and equipment are stated at cost of acquisition (including incidental expenses) less accumulated depreciation and any accumulated impairment losses, if any.

Cost of acquisition comprises of purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the items and restoring the site on which it is located.

When significant parts of an item of property, plant and equipment have different useful lives, they are depreciated as separate items (major components) of property, plant and equipment.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part

STATEMENT OF MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2024

will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised.

Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives as specified in the Schedule II of the Act or estimated by the management using straight-line method and is recognised in the statement of profit and loss except:

i. Motor cars where useful life is estimated at 4 years as against 8 years per Schedule II since the employees to whom these cars have been allotted as part of their terms of employment are entitled to change their vehicles every four years, and

ii. Property, Plant & Equipments having value individually less than INR 5000 where useful life is estimated at less than one year having regard to the nature of these assets and the difficulty in estimating the useful life.

   Further, residual value for all assets is considered Nil having regard to the difficulty in reasonably estimating the same and, in the case of motor cars, having regard to terms of employment under which these are allotted to the employees.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Class of asset	**Estimated Useful Life**
Plant and equipment (including computers)	2-6 years
Office equipments	5 years
Furniture and fixtures	10 years
Leasehold Premises	Over the period of lease
Vehicles	4 years

Depreciation methods, useful lives are reviewed at each financial year-end and adjusted if appropriate. The effect of change in estimate of useful life is accounted on prospective basis.

Derecognition of Property, Plant & Equipments

Property, Plant & Equipments are derecognised on disposal or when no future benefits are expected from its use. Assets retired from active use and held for disposal are stated at lower of their carrying amount or fair value less cost of sale. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposable proceeds and the net carrying amount of the assets) is recognised in Other Income / netted off from any loss on disposal in the statement of Profit & Loss in the year the asset is derecognised.

b. Intangible Assets :

Intangible Assets are initially recognised at cost. Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any.

Amortisation

Subsequent to initial recognition, amortisation of intangible assets with finite useful lives is calculated on cost of intangible assets less their estimated residual values over their estimated useful lives using straight-line method and is recognised in the statement of profit and loss.

The estimated useful lives for the current and comparative periods are as follows:

Class of assets	**Estimated Useful Life**
Computer software	**3 years**

Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. The effect of change in estimate of useful life is accounted on prospective basis.

Intangible assets under development

The Company capitalizes the expenditure on intangible asset under development in accordance with the accounting policy. Initial capitalization of costs is based on management’s judgement that technological and economic feasibility is confirmed and the capability to demonstrate the ability to use or sell the intangible assets, the probability of generating future economic benefit and the ability to measure reliably the attributable expenditure.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the statement of profit and loss in the year when the asset is derecognised.

c. Impairment of assets other than financial assets :

Impairment of tangible and intangible assets other than goodwill

The Company reviews the carrying amounts of its tangible and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

STATEMENT OF MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2024

d. Foreign currency :

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at period end exchange rates are generally recognised in statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

e. Financial instruments :

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

– Amortised cost;

– fair value through other comprehensive income (FVOCI) - debt investment;

– fair value through other comprehensive income (FVOCI) - equity investment;

– fair value through profit or loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

– the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

– the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in debt instrument is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

– the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

– the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company irrevocably elects to present subsequent changes in the investment's fair value in other comprehensive income (designated as FVOCI - equity investment). This election is made on investment-by-investment basis.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at fair value through profit or loss (FVTPL). This includes all derivative financial assets.

On initial recognition, the Company irrevocably designates a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces accounting mismatch that would otherwise arise.

Financial Assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the "Other income" line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Financial assets: Subsequent measurement and gains and losses

- Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain and loss derecognition is recognised in the statement of profit and loss.
- Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the statement of profit and loss.
- Equity investment at FVOCI are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI. On derecognition, gains and losses are not reclassified to statement of profit and loss.
- Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

STATEMENT OF MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2024

Income is recognised on an effective interest basis for debt instruments other than those which are classified as at FVTPL. Interest income is recognised in statement of profit and loss and is included in the “Other income” line item.

Financial liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. The dividends on mandatorily redeemable preference shares are recognised in the statement of profit and loss as interest expense. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

Compound financial instruments

The component parts of compound instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company’s own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument’s maturity date. Interest related to the financial liability is recognised in profit or loss (unless it qualifies for inclusion in the cost of an asset).

Conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity remains in equity until the conversion option is exercised, in which case, the balance recognised in equity is transferred to [share premium/other equity]. Where the conversion option remains unexercised at the maturity date of the convertible instrument, the balance recognised in equity is transferred to [retained profits/other equity]. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company’s recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Impairment of financial instruments

The Company recognises a loss allowance for expected credit losses (ECL) on:

– Financial assets measured at amortised cost;

– Financial assets measured at FVOCI - debt investments;

The Company always recognises lifetime ECL for trade receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. 12 month ECL represents the portion of lifetime ECL that

STATEMENT OF MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2024

is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognised in OCI and carrying amount of the financial asset is not reduced in the balance sheet.

f. Revenue Recognition :

Revenue is measured at the transaction value of the consideration received or receivable. Amount disclosed as revenue are exclusive of GST and net of revenue on policy cancellations and endorsements.

Rendering of services

Brokerage Income is accounted for net of GST amount on rendition of services. Brokerage income is recognized on receiving details of the policy issued by the insurance company or receipt of brokerage whichever is earlier.

The Company recognises revenue from rendering of consultancy services in proportion to the stage of completion of the transaction at the reporting date. The stage of completion is assessed based on surveys of work performed.

Dividend and interest income

Dividends are recognised in the statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

g. Employee Benefits :

Superannuation Fund, ESIC and Labour Welfare Fund

The Company's contribution paid/payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in the statement of profit and loss.

Provident Fund

Contributions to Provident Fund are charged to the statement of profit and loss as incurred. The Company is liable for the contribution and any shortfall in interest between the amount of interest realised by the investments and the interest payable to the members at the rate declared by the Government of India.

Gratuity

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated by an actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by acturial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid or availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non accumulating compensated absences is recognised in the period in which the absences occur.

Cash Settled Share Based Payments

Cash Settled Share Based Payments, the fair value of the amount payable to employees is recognized as 'employee benefit expenses' with corresponding increase in liabilities, over the period of non market vesting conditions getting fulfilled. The fair value of the option at the grant date is calculated by an independent valuer basis Black Scholes Model. The liability is remeasured at each reporting period up to, and including the settlement date, with changes in fair value recognized in employee benefit expenses.

h. Taxation :

Income tax expense comprises current tax and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises expected tax payable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

STATEMENT OF MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2024

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Minimum Alternate Tax (MAT)

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with asset will be realised.

i. Provisions, Contingent Liabilities and Contingent Assets :

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liability is:

a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

b) A present obligation that arises from past events but is not recognised because:

   (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

   (ii) the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are disclosed. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

A contingent asset is disclosed where an inflow of economic benefits is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

j. Leases :

The Company as a Lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property and lease liabilities; both in the "balance sheet" as separate line items, in the statement of financial position.

k. Segment Reporting :

Operating Segments are reported consistently with the internal reporting provided to the Managing Director. The highest decision making executive is reposnsible for allocating resources to and assessing the performance of the operating segments. The highest decision making body is Managing Director.

l. Earnings per share :

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

m. Cash and Cash Equivalents :

Cash and Cash Equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short term deposits with an original maturity of three months or less, which are subject to significant risk of change in value.

*** Rights, preferences and restrictions attached to equity shares**

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividend in Indian Rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the ensuing Annual General Meeting. Further, the Board of Directors may also announce an interim dividend which would need to be confirmed by the shareholders at the forthcoming Annual General Meeting. In the event of liquidation, the shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholdings.

Note No. 23 - Financial Instruments

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position. The Company is subject to minimum capital requirements as stipulated by the IRDAI (Insurance Brokers) Regulations, 2018.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company.

Trade receivables consist of institutional customers, largely insurance companies. The Company deals only with those insurance companies who have obtained an acceptable level of credit rating. The Company does not have significant credit risk exposure to any single external counterparty. Out of total outstanding none of the debtors are pertaining to group companies.

The credit risk on liquid funds invested in Fixed Deposits with companies and Intercorporate Deposits is limited because the counterparties are group companies.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macro economic information) has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

As at 31 March 2024

₹ in Lakhs

	Not due	Less than 6 months past due	More than 6 months past due	Total
Gross carrying amount	**0.00**	**14,643.36**	**716.10**	**15,359.46**

Balance at end of the year (Note 8)	**517.09**	452.09

The loss allowance provision has changed during the period due to delays in recovery of brokerage on insurance contracts brokered.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Note No. 23 - Financial Instruments (Cont)

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

₹ in Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above

31-March-23				
Non-interest bearing	3,663.57	2,745.67	–	–
Total	3,663.57	2,745.67	–	–

(iii) Financing arrangements

The Company does not feel the need to have any borrowing facilities at this stage.

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company invests in fixed rate instruments taking into account the current liquidity requirements. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Note No. 24 - Fair Value Measurement

Total	–	**11,147.86**	–	**11,147.86**

Fair value hierarchy as at 31st March 2023

	Level 1	Level 2	Level 3	Total
Financial assets carried at Amortised Cost				
– loans to related parties	–	31,875.00	–	31,875.00
– trade and other receivables	–	7,622.77	–	7,622.77
– other financial assets	–	2,063.77	–	2,063.77
– fixed Deposits with companies	–	14,950.00	–	14,950.00
Total	–	56,511.54	–	56,511.54
Financial liabilities				
Financial liabilities held at amortised cost				
– trade and other payables	–	3,201.73	–	3,201.73
– Lease Liabilities	–	3,127.10	–	3,127.10
– other financial laibilities	–	80.41	–	80.41
Total	–	6,409.24	–	6,409.24

The fair values of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties. In the opinion of the management, the difference between the carrying value of the above stated financial assets and liabilities is not materially different from their fair value . Accordingly, the fair value and carrying amount are the same.

Note No. 26 - Segment information

The Company has determined the operating segment based of structure of reports reviewed by the Strategic Management Council. For management purposes, the Company is organised into a single business unit and has only one reportable segment namely "Insurance Broking Services". The geographical segment is based on the location of client, whether in India or outside India. The Strategic Management Council of the Company monitors the operating results of its business unit for the purpose of making decisions about resource allocation and performance assessment.

₹ in Lakhs

Geographic information	Year Ended 31 March 2024	Year Ended 31 March 2023
Revenue from external customers		
India	**105,766.16**	39,449.69
Outside India	**–**	–
Total Income as per statement of profit and loss	**105,766.16**	39,449.69

All Non-current operating assets comprising property, plant and equipment, investment properties and intangible assets, if any are located in India.

Income from major products and services

The following is an analysis of the Company's revenue from continuing operations from its major products and services:

₹ in Lakhs

	Year Ended 31 March 2024	Year Ended 31 March 2023
Insurance Broking And Auxillary Activities	**105,766.16**	39,449.69
Total	**105,766.16**	39,449.69

Income from transactions with a single external customer amounts to 10% or more of the entity's revenues.

Note No. 27 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 458.42 Lakhs (F-2023 : Rs. 468.73 Lakhs) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Note No. 27 - Employee benefits (Cont)

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However, an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Leave Encashment

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by acturial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid or availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

	2023	1	29.97	(28.18)
Life expectancy	**2024**	**+/- 1 year**	**Negligible**	**Negligible**
	2023	+/- 1 year	Negligible	Negligible

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

Note No. 27 - Employee benefits (Cont)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute Rs. 90 lakhs to the gratuity trusts during the next financial year of 2025.

Maturity profile of defined benefit obligation:

₹ in Lakhs

Gratuity	2024	2023
Within 1 year	**423.51**	411.73
1 - 2 year	**452.77**	377.79
2 - 3 year	**518.53**	415.95
3 - 4 year	**583.85**	481.06
4 - 5 year	**657.39**	520.24

₹ in Lakhs

Leave Encashment	2024	2023
Within 1 year	**186.70**	215.00
1 - 2 year	**236.09**	201.62
2 - 3 year	**236.04**	206.15
3 - 4 year	**244.99**	212.67
4 - 5 year	**249.27**	216.24

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

VIII. Experience Adjustments:	Period Ended				
	2024	2023	2022	2021	2020
	Gratuity				
1. Defined Benefit Obligation	**1,269.51**	1,184.18	1,160.99	1,197.24	1,089.09
2. Fair value of plan assets	**506.90**	500.96	588.23	584.43	466.12
3. Surplus/(Deficit)	**(762.61)**	(683.22)	(609.01)	612.82	622.97
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**36.38**	(25.65)	(67.94)	(74.54)	266.85
5. Experience adjustment on plan assets [Gain/(Loss)]	**(37.57)**	(43.06)	(40.38)	(29.88)	(30.09)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

Note No 28 - Employees Share Based Payments (Employees Phantom Stock Option Plan 2019)

On January 18, 2019, Board of Directors approved the MIBL Employees Phantom Stock Option Plan 2019 (MIBL EPSOP 2019) for grant of stock options to the employees, within the meaning of the MIBL-EPSOP 2019 plan. The specific employees to whom the options would be granted and their eligibility criteria shall be determined by the Nomination and Remuneration Committee of the Board (Committee) from time to time on the basis of one or more factors including but not limited to longevity, total experience and role of the Employee. The options granted under EPSOP 2019 would vest after 1 (one) year but not later than the maximum vesting Period of 4 (four) years from the grant date of such options.

The Committee has prescribed the vesting schedule of the options granted under the plan, unless otherwise decided in exceptional cases like retirements:

Vesting Dates	Vesting Percentage
1st Anniversary from date of Grant	25% of Options granted
2nd Anniversary from date of Grant	25% of Options granted
3rd Anniversary from date of Grant	25% of Options granted
4th Anniversary from date of Grant	25% of Options granted

The Company will process vested options for settlement at each vesting date and determine appreciation in respect of all such Options with reference to Fair Market Value prevailing as on date of Vesting calculated as prescribed by MIBL EPSOP 2019. The Company recognises the fair value of the liability and expense for these plans over the vesting period based on the management's estimate of the vesting and forfeiture conditions.

Employees Phantom Stock Option Plan

Grant date	Exercise Price	Total Options granted	Options vested and Exercisable	Options unvested	Options exercised	Options cancelled	Options outstanding

d) Changes in estimates of variable consideration	–	–
e) Recognition of revenue from contract liability out of opening balance of contract liability	–	–
f) Any other adjustments	–	–
Income from contract with customer as per the statement of Profit and Loss	**105,766.16**	39,449.69

D. Income to be recognised for performance obligation(s) not satisfied or partially satisfied at the end of the current year in respect of contracts with customer that are in place (i.e. signed agreements/Pos/Wos/SOWs, etc) at the end of reporting period.

The company has reviewed the contract with insurers and customers and indentified claims handling services as an area that is affected by the new accounting standard. The application of new standard results in the indentifiaction of separate performance obligation for handling claims on behalf of customers as part of insurance brokerage customary business practice. The new standard requires the deferral of income recognition until the performance obligation is satisifed. Based on the results of the review, the company does not expect a material impact on the statement of profit and loss.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Mahindra Rural Housing Finance Limited**

Report on the audit of financial statements

Opinion

We have audited the financial statements of Mahindra Rural Housing Finance Limited ("the Company"), which comprise the Balance Sheet as at, March 31, 2024 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of material accounting policy information and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the financial statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of key audit matters

Key audit matter	How the matter was addressed in our audit
Impairment of loans and advances	
Refer to the accounting policies in "Note 2.5 (ii) to the financial statements: Impairment of financial statements" "Note 4 to the financial statements: Loans" and "Note 44 (ii) to the financial statements: Credit Risk Management"	
The Company has recognized impairment loss allowance of Rs.13,360.89 lakhs in its Statement of Profit and Loss during the year 2023-2024. The Company has maintained impairment provisions amounting to Rs.27,682.83 lakhs as at March 31, 2024. Under Ind AS 109, Financial Instruments, allowance for loan losses are determined using Expected Credit Loss (ECL) model. The estimation of impairment loss allowance on financial instruments involves significant judgement and estimates. The key areas where we identified greater levels of management judgement and therefore increased levels of audit focus in the Company's estimation of ECLs are: • Data inputs – The application of ECL model requires several data inputs. This increases the risk that the data that has been used to derive assumptions in the model, which are used for ECL calculations, may not be complete and accurate. • Model estimations – Inherently judgmental models are used to estimate ECL which involves determining Exposures at Default ("EAD"), Probabilities of Default ("PD") and Loss Given Default ("LGD"). The PD and the LGD are the key drivers of estimation complexity in the ECL and as a result are considered the most significant judgmental aspect of the Company's modelling approach.	Our key audit procedures included: • Performed end to end process walkthroughs to identify the key systems, applications and controls used in the impairment loss allowance processes. We tested the relevant manual, general IT and application controls over key systems used in the impairment loss allowance process including discussions with the external industry expert engaged by the Company for review and updation of the ECL model. • Assessed the design and implementation of controls in respect of the Company's impairment allowance process such as the timely recognition of impairment loss, the completeness and accuracy of reports used in the impairment allowance process and management review processes over the calculation of impairment allowance and the related disclosures on credit risk management. • Testing management's controls over authorization and calculation of post model adjustments and management overlays, if any. • Evaluated whether the methodology applied by the Company is in compliance of the relevant accounting standards and confirmed that the calculations are performed in accordance with the approved methodology, checking mathematical accuracy of the workings.

Key audit matter	How the matter was addressed in our audit
Impairment of loans and advances	
• Economic scenarios – Ind AS 109 requires the Company to measure ECLs on an unbiased forward-looking basis reflecting a range of future economic conditions including the spill-over effects of the Covid 19 pandemic, if any. During the year, the Company has engaged an industry expert to assist it in review and updation of the ECL model. The underlying forecasts and assumptions used in the estimates of impairment loss allowance are subject to uncertainties and other macro-economic factors, which are often outside the control of the Company. Given the size of loan portfolio relative to the balance sheet and the impact of impairment allowance on the financial statements, we have considered this as a key audit matter. Disclosures: The disclosures regarding the Company's application of Ind AS 109 are key to explaining the key judgements and material inputs to the Ind AS 109 ECL results.	• Sample testing over key inputs, data and assumptions impacting ECL calculations to assess the completeness, accuracy and relevance of data and reasonableness of periods considered, economic forecasts, weights, and model assumptions applied. • Testing the 'Governance Framework' over validation, implementation and model monitoring in line with the RBI guidance. • Assessed whether the disclosures on key judgements, assumptions and quantitative data with respect to impairment loss allowance in the financial statements are appropriate and sufficient. • We have also obtained management representations wherever considered necessary.

IT Systems and Controls	
Key audit matter	**How the matter was addressed in our audit**
The company has separate software applications for management of its loan portfolio from origination to servicing and closure and for the routine accounting. Transfer of data from / to these applications is critical for accurate compilation of financial information. Additionally, during the year, there has been a migration to an advanced loan management system. Further, the Company's financial accounting and reporting processes are dependent on information systems including automated controls in systems, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being misstated. We have identified 'IT systems and controls' as key audit matter because of the high-level automation, number of systems being used by the management and the inherent risks/ complexity of the IT architecture.	We have performed the following key audit procedures: • Performed control testing on user access management, change management, segregation of duties, system and system application controls over key financial accounting and reporting systems. • Tested key controls operating over information technology in relation to financial accounting and reporting systems, including system access and system change management, program development and computer operations. • Tested the design and operating effectiveness of key controls over user access management which includes granting access / right, new user creation, removal of user rights and preventive controls designed to enforce segregation of duties. • Tested and reviewed data consistency pre and post migration of the LMS and also reviewed the reports of external consultants hired for this purpose. • Other areas that were tested include security configurations, system interface controls, controls over changes to applications and databases and controls to ensure that developers and production support did not have access to change applications, the operating system, or databases in the production environment.

Information other than the financial statements and auditor's report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' responsibility for the financial statements.

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit / loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.

iv. Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b. in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

   c. the Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   d. in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;

   e. on the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act;

   f. with respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";

   g. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. the Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 36 to the financial statements.

      ii. the Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts. The company has not entered into derivative contracts during the year - Refer note 38 to the financial statements.

      iii. there has been no delay in transferring amounts, required to be transferred, to the Investor, Education and Protection Fund by the Company.

      iv. In respect of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014,

         a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

         b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

         c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

      v. In respect of Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

3. As required by Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Mahindra Rural Housing Finance Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property Plant and Equipment including intangible assets.

(b) The Company has a regular programme of physical verification of Property, Plant and Equipment under which property, plant and equipment are verified annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification during the year.

(c) The title deeds (comprising of registered sale deeds/ transfer deeds /conveyance deeds) of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) provided to us, are held in the name of the Company as at the balance sheet date.

(d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The nature of the Company's business is such that it is not required to hold any inventories and, hence, reporting under clause 3(ii) of the order is not applicable to the Company.

(b) The Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks and financial institutions on the basis of security of current assets. The quarterly returns and statements filed by the Company with such banks and financial institutions are in agreement with the books of account and records of the Company.

(iii) (a) Since the Company is a Housing Finance Company whose principal business is to give loans, clause 3(iii)(a) of the Order is not applicable to the Company.

(b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.

(c) in respect of loans and advances in the nature of loans (together referred to as "loan assets"), the schedule of repayment of principal and payment of interest has been stipulated. Note 2.10 to the financial statements explains the Company's accounting policy relating to impairment of financial assets which include loans assets. In accordance with that policy, loan assets with balances as at the year-end aggregating Rs.65,091.29 lakhs were categorised as credit impaired ("Stage 3") and Rs. 59,835.58 lakhs were categorised as those where the credit risk has increased significantly since initial recognition ("Stage 2"). Disclosures in respect of such loans have been provided in Note 44(ii)(k) to the financial statements. Additionally, out of loans and advances in the nature of loans with balances as at the year-end aggregating Rs.5,95,981.33 lakhs, where credit risk has not significantly increased since initial recognition (categorised as "Stage 1"), delinquencies in the repayment of interest and/or principal aggregating Rs. 2,001.50 lakhs were also identified, albeit of less than 30 days. In all other cases, the repayment of principal and interest is regular. Having regard to the nature of the Company's business and the volume of information involved, it is not practicable to provide an itemised list of loan assets where delinquencies in the repayment of principal and interest have been identified.

(d) The total overdue amount for more than 90 days as on March 31, 2024 is as per details below:

No. of cases	Principal amount overdue (Rs. Lakhs)	Interest overdue (Rs. Lakhs)	Total overdue (Rs. Lakhs)	Remarks (if any)
49,624	20,466.05	14,085.72	34,551.77	None

In our opinion, the Company has taken reasonable steps for the recovery of the principal and interest.

(e) Since the Company is a Housing Finance Company whose principal business is to give loans, clause 3(iii)(e) of the Order is not applicable to the Company.

(f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) There are no loans, investments, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Act are attracted. Accordingly, clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has not accepted any deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and Rules framed thereunder are applicable. Accordingly, clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any activities conducted/services rendered by the Company. Accordingly, clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) In our opinion, the Company is regular in depositing with the appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income tax, sales-tax, goods and service tax, cess and other material statutory dues applicable to it. According to information and explanations given to us, no undisputed amounts payable were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2024 on account of disputes are given below:

Name of the statute	Nature of Dues	Period to which the amount pertains. (F.Y.)	Amount (Rs. in lakhs)	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	2011-12	8.11	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	2013-14	23.22	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	2016-17	31.00	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	2017-18	46.92	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	2021-22	35.10	Commissioner of Income Tax (Appeals)

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) The Company has not defaulted repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared a willful defaulter by any bank or financial institution or other lender.

(c) The Company has utilized the money raised by way of terms loans during the year for the purpose for which they were raised.

(d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e)&(f) The Company does not have subsidiaries, associates or joint ventures during the year and therefore clause 3(ix)(e) and (f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

(xi) (a) No fraud by the Company has been noticed or reported during the year. In respect of frauds noticed and reported by the Company, the following information is furnished

Nature of fraud	Amount (Rs. Lakhs)
Cases of cheating and forgery by borrowers and employees	1.28
Cases of frauds by employees	44.68

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year and upto the date of this report, while determining the nature, timing and extent of our audit procedures.

(xii) The Company is not a Nidhi Company and hence, reporting under clause 3 (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45- IA of the Reserve Bank of India Act, 1934 (2 of 1934).

(b) The Company is a Housing Finance Company and it holds a valid Certificate of Registration (CoR) from the National Housing Bank issued under Section 29A(2) of the National Housing Bank Act 1987 for conducting housing finance business. Prior to 9th August 2019, the power of registration of Housing Finance Companies was vested with the National Housing Bank and not the Reserve Bank of India.

(c) The Company is not a Core Investment Company (CIC) and hence reporting under clause 3(xvi)(c) of the Order is not applicable to the Company

(d) The Group (as defined under Master Direction DNBR.PD.008/03.10.119/2016-17 - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. There are 4 CIC forming part of the Group.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the auditor during the year hence there is no requirement to report under this clause.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and it should not be construed as a guarantee or assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

(b) There are no unspent amounts under sub-section (5) of section 135 of the Companies Act, pursuant to any ongoing project requiring transfer to special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

(xxi) The Company is not required to prepare Consolidated Financial Statements and therefore reporting under clause 3(xxi) of the Order is not applicable for the year.

Annexure B to the Independent Auditors' report on the financial statements of Mahindra Rural Housing Finance Limited for the year ended March 31, 2024.

Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Referred to in paragraph 2(A) (f) under 'Report on other legal and regulatory requirements' section of our report of even date.

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Rural Housing Finance Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's responsibility for internal financial controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of internal financial controls with reference to financial statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial controls with reference to financial statements include those policies and procedures that –

a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

c. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent limitations of internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the Financial Statements for the year ended 31 March 2024

1 COMPANY INFORMATION

Mahindra Rural Housing Finance Limited ('the Company'), having corporate identification number CIN: U65922MH2007PLC169791, incorporated in India is a Housing Finance Company ('HFC') engaged in providing housing finance through its pan India branch network. In exercise of the powers conferred on the National Housing Bank vide Section 29A of The National Housing Bank Act, 1987, the Company has been granted Certificate of Registration dated 13 August 2007 to commence the business of a housing finance institution without accepting public deposits.

The Company fulfils the Principal Business Criteria as laid down under paragraph 4.1.17, of the Master Direction - Non-Banking Financial Company - Housing Finance Company (Reserve Bank) Directions, 2021 ('Master Directions'). The Company's financial assets constitute more than 60% of its total assets and out of the total assets, the Company has financed over 50% towards housing loans to individuals.

The Company is a subsidiary of Mahindra & Mahindra Financial Services Limited. Mahindra & Mahindra Limited is the ultimate holding company. The Company's registered office is at Mahindra Towers, 4th Floor, Dr. G. M. Bhosale Marg, Worli, Mumbai 400018, India.

2 MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 ("the Act") and in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the Reserve Bank of India Master Direction DOR.FIN.HFC.CC.No.120/03.10.136/2020-21 dated February 17, 2021 (as amended).

Any application guidance/ clarifications/ directions issued by Reserve Bank of India (RBI), National Housing Bank (NHB) or other regulators are implemented as and when they are issued/ applicable.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These separate financial statements were approved by the Company's Board of Directors and authorised for issue on 19 April 2024.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value.

2.4 Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5 Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company has based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions as and when they occur.

Following are the areas that involve a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

(a) Effective Interest Rate (EIR)

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

(b) Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulas and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weights, to derive the economic inputs into the ECL model
- Management overlay used in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios.

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary (refer note 44)

(c) Provisions and other contingent liabilities:

The Company does not recognise a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs. Contingent Liabilities in respect of show cause notices are considered only when converted into demands.

The reliable measure of the estimates and judgemets pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Notes to the Financial Statements for the year ended 31 March 2024

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision is made. The disclosure of contingent liability is made when there is a possible obligation or present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligation for which a reliable estimate cannot be made as a contingent liability.

(d) Provision for income tax and deferred tax assets:

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax, including the amount expected to be paid / recovered for uncertain tax positions. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(e) Defined Benefit Plans / Compensated absences:

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Company's liability towards long term compensated absences are recognised as liability at the present value of the projected benefit obligation as at the balance sheet date, based on actuarial valuation, using the projected unit credit method.

(f) Going Concern

The financial statements of the Company are prepared on a going concern basis.Management is of the view that it is considered appropriate to prepare these financial statements on a going concern basis as the Company expects to generate sufficient cash flows from operating activities and unused lines of credit to meet its obligations in the foreseeable future **(refer note 43 and note 44 (iii))**

2.6 Revenue recognition :

(a) Recognition of interest income

Effective Interest Rate (EIR) method

Interest income is recognised in the Statement of Profit and Loss using the effective interest method for all financial instruments measured at amortised cost, debt instruments measured at FVOCI. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of Profit and Loss.

Interest income

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Additional interest income is recognised when it becomes measurable and when it is not unreasonable to expect its ultimate collection.

(b) Fee and commission income

Fee based income are recognised when they become measurable and when it is probable to expect their ultimate collection.

(c) Dividend and interest income on investments

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

Interest income from investment is recognised when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principle outstanding and at the effective interest rate applicable.

(d) Other Income

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

2.7 Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under Other non-financial assets. Capital work in progress comprises the cost of Property, Plant and Equipments that are not ready for its intended use at the reporting date. Capital work-in-progress is stated at cost, net of impairment loss, if any.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis. Depreciation methods, useful lives and residual values are reviewed in each financial year, and changes, if any, are accounted for prospectively.

In accordance with Ind AS 116 - Leases, the Right-Of-Use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-Of-Use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured.

Notes to the Financial Statements for the year ended 31 March 2024

The estimated useful lives used for computation of depreciation are as follows:

Assets	Useful life
Buildings	60 years
Computers	3 years
Furniture and fixtures	10 years
Vehicles	8 years
Office equipments	5 years
Right-Of-Use assets (Leasehold premises)	Over the lease term of the respective agreements

For following assets the useful life is taken as estimated by the management based on the actual usage pattern of the assets:

- Assets costing less than Rs.5000/- are fully depreciated in the period of purchase.
- Vehicles used by employees are depreciated over the period of 48 months considering this period as the useful life of the vehicle for the Company, as against the useful life of 8 years as mentioned in Schedule II.

Property Plant and Equipments is derecognised on disposal or when no future economic benefits are expected from its use. Assets retired from active use and held for disposal are generally stated at the lower of their net book value and net realizable value. Any gain or loss arising on derecognition of the asset (caculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of Profit and Loss in the year the asset is derecognised.

2.8 Intangible assets:

Intangible assets are stated at cost less accumulated amortization and accumulated impairment loss, if any.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

Intangible assets comprises of computer software which is amortized over the estimated useful life. The maximum period for such amortization is taken as 36 months based on management's estimates of useful life. Amortisation is calcualted using the Straight line method to write down the cost of intangible assets over their estimated useful lives.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.9 Cash and cash equivalent:

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

2.10 Financial instruments:

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value Through Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of Profit and Loss.

Classification and subsequent measurement

- ***Financial assets***

  On initial recognition, a financial asset is classified as measured at

  - *Amortised cost;*
  - *Fair Value Through Other Comprehensinve Income (FVTOCI) - debt instruments;*
  - *Fair Value Through Other Comprehensinve Income (FVTOCI) - equity instruments;*
  - *Fair Value Through Profit and Loss (FVTPL)*

Amortized cost -

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest ('SPPI') on the principal amount outstanding. Accordingly, the Company measures loans at amortised cost.

FVOCI - debt instruments -

The Company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI - equity instruments -

The Company measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in Other Comprehensive Income. This cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of such instruments. Investments representing equity interest in subsidiary and associate are carried at cost less any provision for impairment.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Subsequent measurement and gains and losses:

Financial assets classified at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of Profit and Loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income at effective interest rate and impairment provision, if any, are recognised in Statement of profit and loss. Net gains or losses on fair valuation are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of Profit and Loss.

Financial liabilities and equity instruments:

Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments -

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Notes to the Financial Statements for the year ended 31 March 2024

Financial liabilities -

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

Impairment of financial instruments

Equity instruments are not subject to impairment under Ind AS 109.

Financial assets carried at amortised cost:

The Company recognises lifetime expected credit loss (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial assets carried at amortised cost is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12 month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on historical experience and forward-looking information.

Management overlay is used to adjust the ECL allowance in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolio. Emerging local or global macro economic, micro economic or political events, and natural disasters that are not incorporated in to the current parameters, risk ratings, or forward looking information are examples of such circumstances. The use of management overlay may impact the amount of ECL recognised.

The expected credit losses on financial assets are estimated using a historical credit loss experience, adjusted for factors that are specific to the general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. It has been the Company's policy to regularly review its model in the context of actual loss experience and provide for additional impairment allowance due to management overlay when necessary **(refer note 44)**

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets and loss allowances on other receivables are disclosed separately under provisions.

Loan contract renegotiation and modifications:

Loans are identified as renegotiated and classified as credit impaired when the Company modifies the contractual payment terms due to significant credit distress of the borrower. Renegotiated loans remain classified as credit impaired until there is sufficient evidence to demonstrate a significant reduction in the risk of non payment of future cash flows and retain the designation of renegotiated until maturity or derecognition.

Mandatory and general offer loan modifications that are not borrower-specific, for example market-wide customer relief programmes announced by the Regulator or other statutory body, have not been classified as renegotiated loans and so have not resulted in derecognition, but their stage allocation is determined considering all available and supportable information under our ECL impairment policy.

A loan that is renegotiated is derecognised if the existing agreement is cancelled and a new agreement is made on substantially different terms, or if the terms of an existing agreement are modified such that the renegotiated loan is a substantially different financial instrument. Any new loans that arise following derecognition events in these circumstances are considered to be originated credit impaired financial asset and will continue to be disclosed as renegotiated loans.

Other than originated credit-impaired loans, all other modified loans could be transferred out of stage 3 if they no longer exhibit any evidence of being credit impaired and, in the case of renegotiated loans, there is sufficient evidence to demonstrate a significant reduction in the risk of non-payment of future cash flows over the minimum observation period, and there are no other indicators of impairment. These loans could be transferred to stage 1 or 2 based on the risk assessment mechanism by comparing the risk of a default occurring at the reporting date (based on the modified contractual terms) and the risk of a default occurring at initial recognition (based on the original, unmodified contractual terms). Any amount written off as a result of the modification of contractual terms would not be reversed.

Loan modifications that are not identified as renegotiated are considered to be commercial restructuring. Where a commercial restructuring results in a modification (whether legalised through an amendment to the existing terms or the issuance of a new loan contract) such that the Company's rights to the cash flows under the original contract have expired, the old loan is derecognised and the new loan is recognised at fair value. The rights to cash flows are generally considered to have expired if the commercial restructure is at market rates and no payment-related concession has been provided.

Collateral repossessed:

In the normal course of business, the Company does not physically repossess assets/properties in its loan portfolio, but engages external agents to repossess and recover funds, generally by selling at auction, to settle outstanding debt. Any surplus funds are returned to the customers/ obligors. As a result of this practice, the assets/ properties under legal repossession processes are not separately recorded on the balance sheet.

Write offs:

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "bad debts/loss on termination" forming part of "impairment on financial instruments" in Statement of Profit and Loss.

2.11 Employee benefits:

a) Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-

Notes to the Financial Statements for the year ended 31 March 2024

gratia. Short-term employee benefit obligations are measured on an undiscounted basis and these are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Contribution to Provident Fund, ESIC and National Pension Scheme

The defined contribution plans i.e. provident fund (administered through Regional Provident Fund Office), superannuation fund and employee state insurance corporation and National Pension Scheme are post-employment benefit plans under which a Company pays fixed contributions and will have no legal and constructive obligation to pay further amounts beyond its contributions. The Superannuation scheme, a defined contribution scheme, administered by Life Insurance Corporation of India.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Company's contribution paid/payable during the year to provident fund, superannuation scheme, employees state insurance corporation (ESIC) and national pension scheme (NPS) is recognised in the Statement of Profit and Loss.

c) Gratuity

The Company's liability towards gratuity scheme is determined by actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognised at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/termination benefits.

The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contribution to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of acturial gains / losses, return on plan assets excluding interest income are recognised immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent period.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Remeasurement gains or losses on long-term compensated absences that are classified as other long-term benefits are recognised in the Statement of Profit and Loss.

d) Leave encashment / compensated absences / sick leave

The Company provides for the encashment / availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

e) Employee stock options :

Equity-settled share-based payments to employees are recognised as an expense at the fair value of stock options at the grant date. The fair value determined at the grant date of the Equity-settled share-based payments is expensed on a stright-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.12 Finance costs:

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortised cost, i.e., bank term loans, non-convertible debentures, inter corporate deposits, commercial papers and subordinated debts, to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of Profit and Loss.

Interest expense on lease liabilities (Ind AS 116 - Leases) computed by applying the Company's incremental borrowing rate has been included under finance costs.

2.13 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

a) Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current tax is recognised in statement of profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

2.14 Securities issue expenses:

Expenses incurred in connection with the fresh issue of Share capital are adjusted against Securities premium reserve.

Notes to the Financial Statements for the year ended 31 March 2024

2.15 Impairment of non financial assets:

The Company reviews the carrying amounts of its tangible and other intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the assets is considered impaired, and is written down to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognised in the Statement of Profit and Loss.

2.16 Leases:

The Company as a lessee -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises and certain IT equipments and general purpose office equipements used for operating activities. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certaint that they will be exercised.

The right-of-use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The Company has used a single discount rate to a portfolio of leases with similar characteristics.

In accordance with Ind AS 116, Leases, the financial information have been presented in the following manner.

a) ROU assets and lease liabilities have been included within the line items "Property, Plant and Equipments" and "Other financial liabilities" respectively in the Balance sheet;

b) Interest expenses on the lease liability and depreciation charge for the right-to-use asset have been included within the line items "Finance costs" and "Depreciation, amortization and impairment" respectively in the statement of profit or loss;

c) Short-term lease payments and payments for leases of low-value assets, where exemption as permitted under this standard is availed, have been recognized as expense on a straight line basis over the lease term in the statement of profit or loss.

d) Lease payments for the principal of the lease liability have been presented within "financing activities" in the statement of cash flows;

The disclosures pertaining to Ind AS 116 are set out under note no. 34.

2.17 Corporate Social Responsibility (CSR) expenses

The Corporate Social Responsibility Committee ('CSR Committee' Board level) is responsible to formulate and recommend to the Board the CSR Policy indicating the activities falling within the purview of Schedule VII to the Companies Act, 2013, to be undertaken by the Company, to recommend the amount to be spent on CSR activities and to monitor the CSR Policy periodically.

Funding and Allocation:

For achieving the CSR objectives through implementation of meaningful and sustainable CSR Projects, the CSR Committee allocates for its Annual CSR Budget, 2% of the average net profits of the Company made during the three immediately preceding financial years, calculated in accordance with the relevant Sections of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014.

The Company may spend upto 5% of the total CSR expenditure in one financial year on building CSR capabilities. The Company may also make contributions to its Corporate Foundations/Trusts i.e. K. C. Mahindra Education Trust and Mahindra Foundation, towards its corpus for projects approved by the Board. The CSR Committee will approve the CSR budget annually.

Any unspent amount at the end of the financial year shall be treated as per the provisions of the existing CSR Law. Any surplus arising out of the CSR Projects or Programs or activities shall not form part of the business profit of the Company.

The Company has identified CSR Thrust Areas for undertaking CSR Projects/programs/activities in India. The actual distribution of the expenditure among these thrust areas will depend upon the local needs as may be determined by the need identification studies or discussions with local Government/Grampanchayat/NGOs. The Company shall give preference to the local area and areas around which the Company operates for CSR spending. Thrust areas include health, education, environment and other activities.

The amount spent or contribution / donations made towards CSR activities is charged to Corporate Social Responsibility (CSR) expenses respectively, in the Statement of Profit and Loss **(Refer note 29)**

2.18 Earnings Per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the year, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year.

2.19 New standards or amendments to the existing standards and other pronouncements: Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March 2024, there are no amendments to the Companies (Indian Accounting Standards) Amendment Rules, 2015.

(Rs. in Lakhs)

19 Other Equity

Description of the nature and purpose of Other Equity:

Statutory reserve

As per Section 29C of the National Housing Bank Act, 1987, the Company is required to transfer at least 20% of its net profits every year to a reserve before any dividend is declared. The Company transfers an amount to Special Reserve at year end. The Company does not anticipate any withdrawal from Special Reserve in the foreseeable future.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve

General reserve was created through transfer of profits at a specified percentage in accordance with applicable regulations under the erstwhile Companies Act, 1956. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable profits for that year. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer specified percentage of net profits to General reserve has been withdrawn. However, the amount previously transferred to the General reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

Employee stock options outstanding

The Employee Stock Options outstanding represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees.

Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since Company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend payouts, transfers to General reserve or any such other appropriations to specific reserves.

31 Employee Stock Option Scheme:

The Company has used fair value method to account for the compensation cost of stock options. Fair value of options is based on the valuation of the independent valuer using the Black -Scholes model.

Description of ESOP Scheme:

Particulars	**ESOP**
Vesting requirements	Stock Options due for vesting on each vesting date shall vest on the basis of time i.e. mere continuance of employment as on relevant date of vesting.
Vesting Conditions	25% on expiry of 12 months from the date of grant
	25% on expiry of 24 months from the date of grant
	25% on expiry of 36 months from the date of grant
	25% on expiry of 48 months from the date of grant
Method of Settlement	Equity settled

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

The Fair value of options, based on the valuation of the independent valuer as on the date of grant are:

	31 March 2024			31 March 2023		
Vesting Date	**No of years vesting**	**Fair Value (Rs.) per share**	**Exercise Price (Rs.)**	No of years vesting	Fair Value (Rs.) per share	Exercise Price (Rs.)
	NIL			–	–	–
Grant Dated 19 October 2022	**–**	**–**	**–**	4 Years	152.18	10.00

The Key assumptions used in Black-Scholes model for calculating fair value as on the date of grant are:

Variables#	**31 March 2024**	31 March 2023
1) Risk free interest rate	**NIL**	6.35%
2) Expected life	**NIL**	4 Years
3) Expected volatility	**NIL**	46.69%
4) Price of the underlying share at the time of option grant (Rs.)	**NIL**	160.00

the value mentioned against each of the variables are based on the weighted average percentage of vesting.

Notes to the Financial Statements for the year ended 31 March 2024

32 **Employee Benefits**

General description of defined benefit plans :

Gratuity

The Company provides for gratuity, a defined benefit retirement plan covering qualifying employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated period mentioned under The Payment of Gratuity Act, 1972. The Company makes annual contribution to the gratuity scheme adminstered by the Life Insurance Corporation of India through its gratuity fund.

Post retirement medical cover

The Company provides for post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility -

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets underperform compared to this yield, this will create or increase a deficit. The defined benefit plans may hold equity type assets, which may carry volatility and associated risk.

Change in bond yields -

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments.

Variability in withdrawal rates -

If actual withdrawal rates are higher than assumed withdrawal rate assumption then the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Regulatory Risk -

Gratuity Benefit must comply with the requirements of the Payment of Gratuity Act, 1972 (as amended up-to-date). There is a risk of change in the regulations requiring higher gratuity payments (e.g. raising the present ceiling of Rs. 20.00 Lakhs, raising accrual rate from 15/26 etc.).

Inflation risk -

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. The post retirement medical benefit obligation is sensitive to medical inflation and accordingly, an increase in medical inflation rate would increase the plan's liability.

Life expectancy -

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Defined benefit plans:

Quantitative sensitivity analysis for impact of significant assumptions on defined benefit obligation are as below:

Assumptions	**31 March 2024**	31 March 2023
One percentage point increase in discount rate	**(29.24)**	(25.77)
One percentage point decrease in discount rate	**31.41**	25.89
One percentage point increase in salary growth rate	**31.18**	25.78
One percentage point decrease in salary growth rate	**(31.13)**	(27.52)

Expected contribution for the next annual reporting year	**31 March 2024**	31 March 2023
Service Cost	**212.91**	211.80
Net Interest Cost	**101.56**	89.61
Expected Expense for the next annual reporting year	**314.46**	301.41

Maturity profile of defined benefit obligation

	31 March 2024	31 March 2023
Within 1 year	**753.71**	899.58
Between 1 and 5 years	**834.44**	1,189.47

The estimate of future salary increases, considered in actuarial valuation, considers inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The plan assets have been primarily invested in government securities and corporate bonds.

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

Contribution to funds

The Company's contribution to provident fund and superannuation fund aggregating Rs. 2,268.35 lakhs (31 March 2023 : Rs. 2,310.19 lakhs) has been recognised in the statement of profit and loss under the head employee benefits expenses.

33 Operating segments

There is no separate reportable segment as per Ind AS 108 on "Operating Segments" in respect of the Company.

The Company operates in single segment only. There are no operations outside India and hence there is no external revenue or assets which require disclosure.

No revenue from transactions with a single external customer or counterparty amounted to 10% or more of the Company's total revenue in the year ended 31 March 2024 or 31 March 2023

34 Leases

In the cases where assets are taken on operating lease (as lessee) -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises and certain IT equipments and general purpose office equipments used for operating activities.

In accordance with the requirements under Ind AS 116, Leases, the Company has recognized the lease liability at the present value of the future lease payments discounted at the incremental borrowing rate.

35 Frauds reported during the period

There were 144 cases (31 March 2023: 93 cases) of frauds amounting to Rs. 45.96 Lakhs (31 March 2023: Rs. 188.56 Lakhs) reported during the year. The Company has recovered amount of Rs. 72.81 Lakhs (31 March 2023: Rs. 345.41 Lakhs) and wherever required has initiated appropriate legal actions against the individuals involved. The claims for the un-recovered losses are lodged with the insurance companies on merit basis.

36 Contingent liabilities and commitments (to the extent not provided for)

	31 March 2024	31 March 2023
i) Claims against the Company not acknowledged as debt		
Legal suits filed by customers	**170.23**	235.04
Income Tax	**144.35**	109.25
ii) Commitments		
Estimated amount of contracts remaining to be executed on capital account and not provided for	**74.84**	1,369.61
Other commitments :		
Amount on account of loan sanctioned but not disbursed	**56,910.52**	47,715.02
Total	**57,299.94**	49,428.92

The Company's pending litigations comprise of claims against the Company primarily by the customers and proceedings pending with Income Tax authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The amount of provisions / contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial performance and financial position regarding the amounts disclosed above, it is not practicable to disclose information on the possibility of any reimbursements as it is determinable only on the occurrence of uncertain future events.

37 Corporate Social Responsibility (CSR)

The CSR activities of the Company shall include, but not limited to any or all of the sectors/activities as may be prescribed by Schedule VII of the Companies Act, 2013 amended from time to time. Further, the Company reviews the sectors/activities from time to time and make additions/ deletions/ clarifications to the above sectors/activities.

During the year, the Company has incurred an expenditure of Rs. 39.72 Lakhs (31 March 2023 : Rs. 460.70 Lakhs) towards CSR activities which includes contribution / donations made to the trusts which are engaged in activities prescribed under section 135 of the Companies Act, 2013 read with Schedule VII to the said Act and expense of Rs. 0.05 Lakhs (31 March 2023: Rs. 0.47 Lakhs) towards the CSR activities undertaken by the Company.

Detail of amount spent towards CSR activities :

a) Gross amount required to be spent by the Company during the year is Rs. 39.72 lakhs (31 March 2023 : Rs. 460.70 lakhs).

b) Amount spent by the Company during the year :

	For the year ended 31 March 2024			For the year ended 31 March 2023		
Particulars	**In cash**	**Yet to be paid in cash**	**Total**	In cash	Yet to be paid in cash	Total
i) Construction/acquisition of any asset	**–**	**–**	**–**	–	–	–
ii) On purpose other than (i) above	**39.72**	**–**	**39.72**	460.70	–	460.70

38 The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts has been made in the books of accounts. The Company has not entered into derivative contracts during the year.

39 Capital Management

The Reserve Bank of India Master Direction DOR.FIN.HFC. CC.No.120/03.10.136/2020-21 dated February 17, 2021 (as amended), outlines the regulatory guidance in relation to Ind AS financial statements. This includes the guidance for computation of 'owned funds' , 'net owned funds' and 'regulatory capital'. Accordingly, the 'regulatory capital' has been computed in accordance with these requirements.

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or convertible and/or combination of short term /long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its operations, capital expenditure and strategic investment plans. The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio.

The Company is subject to the capital adequacy requirements as per Chapter IV "Capital" of Master Directions. As per Capital requirement guidelines, the Company is required to maintain a capital adequacy ratio on an going basis consisting of Tier I and Tier II Capital which shall not be less than 15% on or before 31st March 2022 and thereafter of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet. The Tier I capital at any point of time shall not be less than 10 percent. The total of Tier II Capital at any point of time, shall not exceed 100 percent of Tier I Capital.

Company has complied with all regulatory requirements related to regulatory capital and capital adequacy ratios as prescribed by RBI.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

Regulatory capital

	31 March 2024	31 March 2023
Tier 1 capital	**1,37,158.97**	1,36,831.34
Tier 2 capital	**30,572.76**	39,804.92
Total capital	**1,67,731.73**	1,76,636.26
Risk weighted assets	**4,15,724.76**	3,91,508.23
Tier 1 capital ratio	**32.99%**	34.95%
Tier 2 capital ratio	**7.35%**	10.17%
Total capital ratio	**40.35%**	45.12%

"Tier I Capital" means owned fund as reduced by investment in shares of other non-banking financial companies including housing finance companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

"Owned Fund" means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves including balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

"Tier II capital" includes the following -

a. Preference shares other than those which are compulsorily convertible into equity;

b. Revaluation reserves at discounted rate of fifty-five per cent.

c. General provisions and loss reserves to the extent these are not attributable to actual diminution in value or identifiable potential loss in any specific asset and are available to meet unexpected losses, to the extent of one and one fourth per cent of risk weighted assets;

d. Hybrid debt capital instruments and

e. Subordinated debt;

to the extent the aggregate does not exceed Tier I capital.

The Company though has reported profits in the financial statements, but have reported tax losses as per the computations in line with The Income Tax Act, 1961. Due to the spread of COVID 19 pandemic in the previous years, the business of the Company got impacted and resulted in high credit impaired assets for certain loans. In the current year the Company has taken higher Bad Debts and Loss on Termination of certain such highly impacted contracts. These high write-offs are still subject to enforcement procedures wherever appropriate and the Company keeps on receiving the recoveries on the same which are netted off against the same in the statement of profit and loss.

During the year Company continued to focus on affordable home loans in order to build a quality portfolio and further enhanced collection efforts which resulted in improved asset quality. Gross stage 3 reduced to 9.03% for year ending 31 March 2024 compared to 10.46% for year ending 31 March 2023 similarly stage 1 and 2 asset under management percentage improved to 83% and 8% from 75% and 15% respectively compared to last financial year. During the year Company has recovered Rs. 6,630.46 Lakhs from past written off cases, which is offered for tax on the year of collections. The Company also has a large number of enforcement actions in the pipeline which will boost the recoveries in the coming years and therefore the Deferred Tax Assets created on account of the losses are estimated to be reversed as taxable income in the coming years would lead to an offset against the same.

Income tax recognised in Statement of Profit and loss

Loan commitments	41,345.27	6,369.75	47,715.02

44 Financial Risk Management Framework

In the course of its business, the Company is exposed to certain financial risks namely credit risk, interest risk, currency risk & liquidity risk.The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the Company's risk management policy which has been approved by its Board of Directors.

Board of Directors of the Company have established Asset and Liability Committee (ALCO), which is responsible for developing and monitoring risk management policies for its business. The Company's businesses are exposed to high credit risk given the unbanked rural customer base. The credit risk is managed through credit norms established based on historical experience and regulatory requirements.

i) Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

a) Pricing Risk

The Company's investment in Mutual Funds is exposed to pricing risk. Other financial instruments held by the company does not possess any risk associated with trading. A 1 percent increase in Net Assets Value (NAV) would increase profit before tax by approximately **Rs. 108.20 lakhs** (31st March 2023 : Rs 220.88 lakhs). A similar percentage decrease would have resulted equivalent opposite impact.

b) Currency Risk

The Company does not have significant foreign currency exposure. As a result, the Company is not exposed to currency risk.

c) Interest Rate Risk

The Company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day-to-day operations. Further, certain interest bearing liabilities carry variable interest rates.

Interest Rate sensitivity

The sensitivity analyses below have been determined based on exposure to financial instruments at the end of the reporting year. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting year was outstanding for the whole year. The following table demonstrates the sensitivity to a reasonably possible change in interest rates on the financial assets & liabilities.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings and floating rate advances given, as follows:

	Currency	Increase/ decrease in basis points	Effect on profit before tax	Effect on pre-tax equity
Year ended 31 March 2024	**INR**	**100**	**869.20**	**–**
Year ended 31 March 2023	INR	100	(1,149.24)	–

Offsetting of balances: The Company has not offset financial assets and financial liabilities.

ii) Credit Risk Management

Credit risk is the risk that the Company will incur a loss because its customers fail to discharge their contractual obligations. The Company has a comprehensive framework for monitoring credit quality of its loans primarily based on days past due monitoring as at a period end. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery are taken through follow ups and legal recourse.

Credit quality of financial assets

The following table sets out information about credit quality of loan assets measured at amortised cost primarily based on days past due information. The amount represents gross carrying amount.

Particulars	31 March 2024	31 March 2023
Gross carrying value of loan assets		
Neither Past due nor impaired	**5,72,963.28**	4,98,000.53
30 days past due	**23,018.05**	38,668.32
31 - 90 days past due	**59,835.58**	1,08,017.18
Impaired (more than 90 days past due)	**65,091.29**	75,306.73
Total Gross carrying value as at reporting date	**7,20,908.20**	7,19,992.76

The Company reviews the credit quality of its loans based on the ageing of the loan at the period end. Since the company is into retail home loan lending business, there is no significant credit risk of any individual customer that may impact company adversely, and hence, the Company has calculated its ECL allowances on a collective basis.

Inputs considered in the ECL model

In assessing the impairment of loan assets under Expected Credit Loss (ECL) Model, the assets have been classified into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses and the measurement of interest income.

The Company categorises loan assets into stages primarily based on the Days Past Due status.

Stage 1 : 0-30 days past due

Stage 2 : 31-90 days past due

Stage 3 : More than 90 days past due

(a) Definition of default

The Company considers a financial asset to be in "default" and therefore Stage 3 (credit impaired) for ECL calculations when the borrower exceeds 90 days past due on its contractual payments.

(b) Exposure at default

"Exposure at Default" (EAD) represents the gross carrying amount of the assets subject to impairment calculation. Future Expected Cash flows (Principal and Interest) for future years has been used as exposure for Stage 2.

(c) Estimations and assumptions considered in the ECL model

The Company has made the following assumptions in the ECL Model:

a. "Loss given default" (LGD) is common for all three Stages and is based on loss in past portfolio. Actual cashflows on the past portfolio are discounted at portfolio EIR rate for arriving at the loss rate.

b. "Probability of Default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD at 100%. This is calculated as an average of the last 60 months yearly movement of default rates and further adjusted for macro economic factors.

(d) Measurement of ECL

ECL is measured as follows:

– financial assets that are not credit impaired at the reporting date: for Stage 1, gross exposure is multiplied by PD and LGD percentage to arrive at the ECL. For Stage 2, future Expected Cash flows (Principal and Interest) for respective future years is multiplied by respective years Marginal PDs and LGD percentage and thus arrived ECL is then discounted with the respective loan EIR to calculate the present value of ECL.

– financial assets that are credit impaired at the reporting date: the difference between the gross exposure at reporting date and computed carrying amount considering EAD net of LGD and actual cash flows till reporting date;

– undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Company if the commitment is drawn down and the cash flows that the Company expects to receive.

(e) Forward Looking Adjustments

The Historical PDs are converted into forward looking Point-in-Time PDs using statistical model incorporating the forward looking economic outlook, as required by Ind AS 109.

The macroeconomic variables considered by the Company are robust reflections of the state of economy which result into systematic risk for the respective product categories.

Additionally, three different scenarios have been considered for ECL calculation. Along with the actual numbers (considered for Base case scenario), other scenarios take care of the worsening as well as improving forward looking economic outlook.

(f) Assessment of significant increase in credit risk

When determining whether the credit risk has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the Company's historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort. The Company's accounting policy is not to use the practical expedient that the financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk. As a result, the Company monitors all financial assets and loan commitments that are subject to impairment for significant increase in credit risk (SICR).

As per Ind AS 109, loans are required to be moved from Stage 1 to Stage 2 if and only if they have been the subject of a SICR. A SICR occurs when there has been a significant increase in the risk of a default occurring over the expected life of a financial instrument. In case of government endorsed instalment moratoriums, it cannot be assumed that those borrowers that are granted moratoriums have suffered a SICR. In line with Basel guidance on ECL, the definition of default and the convention for counting days past due adopted for accounting purposes will be guided by the definition used for regulatory purposes. Therefore, we consider that use of

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

government-endorsed instalment moratoriums by a borrower would not on its own trigger the counting of days past due for the 30 days past due backstop used to determine SICR or the 90 days past due backstop used to determine default.

Moreover, the acceptance of such moratorium may indicate short-term liquidity or cash flow problems but is likely to provide little information to differentiate borrower's lifetime credit risk. Thus, the grant of such moratorium cannot be considered as the sole indicator that SICR has occurred or even as the basis to adjust the borrower's probability of default.

(g) Policy for write off of Loan Assets

The gross carrying amount of a financial asset is written off to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the customer does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the loan outstanding dues. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "bad debts/loss on termination" forming part of "impariment on financial instruments" in statement of profit and loss.

***(h)* Inputs to the Model**

a. Observed Default Rates (ODRs) over past 60 months for each product category

b. Macro economic variables provided by Economist Intelligence Unit (EIU)# for the past 5 years

c. Macro economic variables projected by EIU for the next 5 years

The Economist Intelligence Unit (EIU) is the research and analysis division of the Economist Group, providing forecasting, macro-economic analysis and advisory services through research and analysis, such as monthly country reports, five-year country economic forecasts, country risk service reports, and industry reports.

Model Process

a. Macro economic historical variables relevant for Housing industry as selected by Management are tested for statistical robustness and filtered

b. Variables that are acceptable are regressed with historical ODRs, considering 4 variables at a time.

c. These combinations are further tested for statistical robustness.

d. Those that pass the test are sorted on R squared (fitness) and the best fit is selected.

e. This combination is passed through the Vasicek model to derive project future Marginal PDs.

Impairment loss

The expected credit loss allowance provision for loans is determined as follows:

Particulars	Performing Loans - 12 month ECL	Under performing loans - lifetime ECL not credit impaired	Impaired loans - lifetime ECL credit impaired	Total
Gross Balance as at 31 March 2024	**5,95,981.33**	**59,835.58**	**65,091.29**	**7,20,908.20**
Expected credit loss rate	**0.27%**	**8.23%**	**32.36%**	
Carrying amount as at 31 March 2024 (net of impairment provision)	**5,94,388.57**	**54,910.90**	**44,030.35**	**6,93,329.82**
Gross Balance as at 31 March 2023	5,36,668.85	1,08,017.18	75,306.73	7,19,992.76
Expected credit loss rate	0.97%	8.75%	27.60%	
Carrying amount as at 31 March 2023 (net of impairment provision)	5,31,440.01	98,562.46	54,522.08	6,84,524.55

Level of Assessment - Aggregation Criteria

The Company recognises the expected credit losses (ECL) on a collective basis that takes into account comprehensive credit risk information.

Considering the economic and risk characterstics, pricing range, sector concentration, the Company calculates ECL on a collective basis for all stages - Stage 1, Stage 2 and Stage 3 assets.

(i) An analysis of changes in the gross carrying amount and the corresponding ECLs in relation to loans

Reconciliation of ECL balance on loan commitments

Particulars	Stage 1	Stage 2	Stage 3	Total
ECL allowance balance as at 1 April 2022	307.42	40.41	1.66	349.49
Changes due to loans recognised in the opening balance that have:				
– Transfers to Stage 1	(0.03)	0.03	–	–
– Transfers to Stage 2	1.18	(1.18)	–	–
– Transfers to Stage 3	–	–	–	–
– Loans that have been derecognised during the period	(300.27)	(39.21)	(1.66)	(341.14)
New loans originated during the year	334.06	0.42	–	334.48
Write-offs	–	–	–	–
Net remeasurement of loss allowance	(5.68)	0.18	0.07	(5.43)
ECL allowance balance as at 31 March 2023	**336.68**	**0.65**	**0.07**	**337.40**
Changes due to loans recognised in the opening balance that have:				
– Transfers to Stage 1	**(1.06)**	**0.92**	**0.14**	**–**
– Transfers to Stage 2	**0.09**	**(0.12)**	**0.03**	**–**
– Transfers to Stage 3	**–**	**–**	**–**	**–**
– Loans that have been derecognised during the period	**(298.74)**	**(0.32)**	**(0.07)**	**(299.13)**
New loans originated during the year	**90.29**	**0.33**	**–**	**90.62**
Write-offs	**–**	**–**	**–**	**–**
Net remeasurement of loss allowance	**(29.13)**	**2.37**	**2.32**	**(24.44)**
ECL allowance balance as at 31 March 2024	**98.13**	**3.83**	**2.49**	**104.45**

The increase in ECL of the portfolio was driven by an increase in the size of the portfolio, movements between stages as a result of increases in credit risk and due to deterioration in economic conditions.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

Significant changes in the gross carrying value that contributed to change in loss allowance

The Company provides loans to retail individual customers in rural and semi urban areas which are of small ticket size. Change in any single customer repayment will not impact significantly to Company's provisioning. All customers are being monitored based on past due and corrective actions are taken accordingly to limit the Company's risk.

Concentration of Credit Risk

Company's loan portfolio is predominantly to finance retail home loans. The Company manages concentration of risk primarily by geographical region in India. The following tables show the geographical concentrations of loans:

Particulars	As at 31 March 2024	As at 31 March 2023
Concentration by geographical region in India:		
North	**92,789.36**	77,761.12
East	**9,959.96**	10,151.74
West	**304,017.36**	289,509.64
South	**314,141.52**	342,570.26
Total	**720,908.20**	719,992.76

Maximum exposure to credit risk

The maximum exposure to credit risk of loans is their carrying amount. The maximum exposure is before considering the effect of mitigation through collateral.

(j) Collaterals

Narrative description of collateral

Collateral primarily include land and constructed/purchased house property by retail loan customers. Company generally does not obtain additional collateral during the term of the loan.

The below tables provide an analysis of the fair values of collateral held for credit impaired assets:

31 March 2024	Maximum exposure to Credit Risk	Land and Building	Surplus Collateral	Total Collateral	Net Exposure	Associated ECL
Loans:						
a) Loans against assets	**65,091.29**	**140,247.80**	**76,340.58**	**63,907.22**	**1,184.07**	**21,060.94**

The Company has provided for additional impairment for the shortfall in collateral value on its credit impaired assets.

Collaterals repossessed

Company did not obtain non financial assets during the year by taking possession of collateral it held as security.

Quantitative information of collateral - credit impaired assets

The company's concentrations of risk are managed based on Loan to value (LTV) segregation. The following tables stratify credit exposures from housing and other loans to customers by range of Loan to value (LTV) ratio. LTV is calculated as the ratio of gross amount of loan or the amount committed for loan commitments to the value of collateral. The value of the collateral for housing and other loans is based on collateral value at origination.

Gross value of total loans to value of collateral :

Loan To Value	Gross Value of total loans 31 March 2024	31 March 2023
Upto 50%	**284,502.58**	269,813.49
51 - 70%	**244,041.86**	268,479.76
71 - 100%	**192,268.43**	181,600.71
Above 100%	**–**	–
	720,812.87	719,893.96

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

Gross value of credit impaired loans to value of collateral:

	Gross value of loans in stage 3	
Loan To Value	**31 March 2024**	31 March 2023
Upto 50%	**30,004.80**	32,338.75
51 - 70%	**26,411.06**	32,964.47
71 - 100%	**8,675.43**	10,003.51
Above 100%	**–**	–
	65,091.29	75,306.73

iii) Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Company also has Inter corporate deposits line available from holding company and fellow subsidiary companies within its group to meet any short term fund requirements.

Maturity profile of non-derivative financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted contractual cash flows of financial liabilities based on the earliest date on which the Company may be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is calculated considering interest rate prevailing as at respective year end date.

Particulars	**Less than 1 Year**	**1-3 Years**	**3 Years to 5 Years**	**5 years and above**

iv) Measurement of Fair Value

Valuation technique for fair value measurement

Fair value of loans and borrowings are calculated using a portfolio based approach, grouping them as far as possible into homogenous groups based on similar characteristics (such as tenor and rates of interest). Using the discounted cash flow approach, the values are then calculated for the portfolio considering all significant characteristics of the loans and borrowings.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

– Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

– Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Loss	Stage 3	210.05	210.05	–	204.17	5.88
Subtotal for NPA		139,811.07	26,278.66	113,532.41	23,649.47	2,629.19
Other items such as guarantees, loan commitments, etc. which are in the scope of Ind AS 109 but not covered under current Income Recognition, Asset Classification and Provisioning (IRACP) norms	Stage 1	47,707.32	336.68	47,370.64	–	336.68
	Stage 2	7.44	0.65	6.79	–	0.65
	Stage 3	0.26	0.07	0.19	–	0.07
Subtotal		**47,715.02**	**337.40**	**47,377.62**	**–**	**337.40**
Total	Stage 1	584,376.17	5,565.52	578,810.65	5,858.14	(292.62)
	Stage 2	108,024.62	9,455.37	98,569.25	11,040.53	(1,585.16)
	Stage 3	75,306.99	20,784.72	54,522.27	14,464.05	6,320.67
Total (Including commitments)		**767,707.78**	**35,805.61**	**731,902.17**	**31,362.72**	**4,442.89**

Since the total impairment allowances under Ind AS 109 is higher than the total provisioning required under IRACP (including standard asset provisioning) as at 31 March 2024, no amount is required to be transferred to ‘Impairment Reserve’ for the financial year. The gross carrying amount of asset as per Ind AS 109 and Loss allowances (Provisions) thereon includes interest accrual on net carrying value of stage - 3 assets as permitted under Ind AS 109. While, the provisions required as per IRACP norms does not include any such interest as interest accrual on NPAs is not permitted under IRACP norms.

The balance in the ‘Impairment Reserve’ (as and when created) shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision, RBI

ii) In terms of recommendations as per above referred notification, the Company has complied with Ind AS 109, Financial Instruments and the Board approved Expected Credit Loss (ECL) policy in the computation and measurement of impairment allowance. For the purpose of provisions as per IRACP norms the Company has adopted the definition used for regulatory purposes.

As at 31 March 2024 and 31 March 2023, there were no loan accounts that are past due beyond 90 days but not treated as impaired, i.e. all 90+ days ageing loan accounts have been classified as Stage-3 and no dispensation is considered in stage-3 classification.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2024

47 Disclosures pertaining to Fund raising by issuance of Debt Securities by Large Corporates as per SEBI notification no. SEBI/HO/DDHS/PoD1/P/CIR/2023/119 dated August 10, 2021

As per the definition given in above referred notification, the Company is a Large Corporate and hence is required to disclose the following information about its borrowings.

Annexure A

Initial Disclosure to be made by an entity identified as a Large Corporate

(To be submitted to the Stock Exchange(s) with in 30 days from the beginning of the FY)

SN	Particulars	Details
1	Name of the company	Mahindra Rural Housing Finance Limited
2	CIN	U65922MH2007PLC169791
3	Outstanding borrowing of company as on 31 March 2024	Rs. 6,34,394.98 Lakhs
4	Highest Credit Rating During the previous FY along with name of the Credit Rating Agency	a) Bank Borrowings – CRISIL AAA/ Stable/IND AA+/Stable b) NCD/Sub-Debt – CRISIL AAA/ Stable/IND AA+/ Stable, CARE AA+/ Stable, CRISIL PPMLD AAA/Stable', IND PPMLD AA+/ Stable' c) Short term external credit rating (Commercial Papers)- Crisil A1+, IND A1+
5	Name of Stock Exchange in which the fine shall be paid, incase of shortfall in the required borrowing under the framework	BSE Limited

Annexure B

1	Name of the company	Mahindra Rural Housing Finance Limited
2	CIN	U65922MH2007PLC169791
3	Report filed for FY	2022-23
4	Details of the current block	FY2022, FY2023 and FY2024

SN	Particulars	31 March 2024
(i)	3-year block period	FY2022, FY2023 and FY2024
(ii)	Incremental borrowing done (a)	183,127.05
(iii)	Mandatory borrowing to be done through issuance of debt securities (b) = (25% of a)	45,781.76
(iv)	Actual borrowings done through debt securities (c)	135,087.45
(v)	Shortfall in the borrowing through debt securities, if any, for FY carried forward to FY (d)	Not Applicable
(vi)	Quantum of (d), which has met from (c) (e)	NIL
(vii)	Shortfall, if any, in the mandatory borrowing through debt securities, for FY (f) = b- [(c) - (e)]	NIL

5 Details of penalty to be paid, if any, in resepect of previous block:

SN	Particulars	31 March 2024
(i)	3-year block period	FY2022, FY2023 and FY2024
(ii)	Amount of the fine to be paid for the block, if applicable. Fine = 0.2% ((d) - (e))	NIL

3	Other short-term liabilities	24,000.00	3.78%	3.56%	2.92%

Institutional set-up for liquidity risk management

The ultimate responsibility for liquidity risk management rests with the Board of directors, which has established Asset and Liability Committee (ALCO), Asset and Liability Management Commitee (ALMCO) for the management of the Company's short, medium and long-term funding and liquidity management requirements. The ALCO and ALMCO meets regularly to review the liquidity position based on future cash flows. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. The Company also maintains adequate liquid assets, banking facilities and reserve borrowing facilities to hedge against unexpected requirements.

In order to achieve above, the Company also has an Investment Policy to ensure that safety, liquidity and return on the surplus funds are given appropriate weightages and are placed in that order of priority. Investments are as per the operational parameters and framework within the limits as may be set by the Board for investment. The Board approves revising the limit as and when required. The policy is also reviewed periodically in the background of developments in the money markets and the on the external factors proactively to reduce the risk in the investments. A well-defined front and back office mechanism is in place to ensure a system of checks and balances

Definition of terms as used in the table above:

a) **Significant counterparty**

A "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC's total liabilities.

b) **Significant instrument/product:**

A "Significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the NBFC's total liabilities.

c) **Total liabilities:**

Total liabilities include all external liabilities (other than equity).

d) **Public funds:**

Public funds" includes funds raised either directly or indirectly through public deposits, inter-corporate deposits, bank finance and all funds received from outside sources such as funds raised by issue of commercial papers, debentures etc. but excludes funds raised by issue of instruments compulsorily convertible into equity shares within a period not exceeding 5 years from the date of issue.

It includes total borrowings outstanding under all types of instruments/products.

e) **Other short-term liabilities:**

All short-term borrowings other than CPs and NCDs with original maturity less than 12 months.

Notes:

1) Prior to introduction of LCR framework, the company used to maintain a substantial share of its liquidity in form of fixed deposits with banks and investment in debt mutual funds. Post the introduction of LCR framework, the Company has consciously worked towards increasing its investment in High Quality Liquid Assets (HQLA) as per the RBI guidelines in order to meet the LCR requirement.

2) Components of High Quality Liquid Assets (HQLA)

Weighted values calculated after the application of respective haircuts (for HQLA) and stress factors on inflow and outflow.

The figures pertaining to December 31, 2023, September 30, 2023 & June 30, 2023 are unaudited and are as represented by the management.

Qualitative information:

The Company has implemented the guidelines on Liquidity Risk Management Framework prescribed by the Reserve Bank of India requiring maintenance of Liquidity Coverage Ratio (LCR), which aim to ensure that an NBFC maintains an adequate level of unencumbered HQLAs that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario.

LCR = Stock of High-Quality Liquid Assets (HQLAs)/Total Net Cash Outflows over the next 30 calendar days

HQLAs comprise of Cash*, Investment in Central and State Government Securities, and highly-rated Corporate Bonds and Commercial papers, including those of Public Sector Enterprises, as adjusted after assigning the haircuts as prescribed by RBI.

* Cash would mean cash on hand and demand deposits with Scheduled Commercial Banks.

Total net cash outflows are arrived after taking into consideration total expected cash outflows minus total expected cash inflows for the subsequent 30 calendar days. As prescribed by RBI, total net cash outflows over the next 30 days = Stressed Outflows - [Min (stressed inflows; 75% of stressed outflows)]. Total expected cash outflows (stressed outflows) are calculated by multiplying the outstanding balances of various categories or types of liabilities and off balance sheet commitments by 115% (15% being the rate at which they are expected to run off further or be drawn down). Total expected cash inflows (stressed inflows) are calculated by multiplying the outstanding balances of various categories of contractual receivables by 75% (25% being the rate at which they are expected to under-flow).

The Liquidity Risk Management framework of the Company is governed by its Liquidity Risk Management Policy and Procedures approved by the Board. The Asset Liability Committee of the Board (ALCO) and Asset Liability Management Committee (ALMCO) oversee the implementation of liquidity risk management strategy of the Company and ensure adherence to the regulatory norms.

The average LCR is computed at as simple averages of daily observations over the previous quarter.

The Company has implemented the LCR framework and has maintained LCR well above the regulatory threshold. The average LCR for the quarter ended March 31, 2024 was 90% and for the quarter ended December 31, 2023 is 73% which is above the regulatory requirement of 60% and for the quarter ended September 30, 2023 average LCR was stood at 87%, For the quarter ended June 30, 2023 average LCR was stood at 71%, which is above the regulatory requirement of 50%.
