INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Manulife Investment Management Private Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the standalone financial statements of Mahindra Manulife Investment Management Private Limited ("the Company"), which comprise the standalone balance sheet as at 31st March 2024, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters ("KAM") are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of Key Audit Matters as per the requirement of SA 701 are not applicable to the Company as it is an unlisted company.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. The other information is expected to be made available to us after the date of this auditor's report.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by management and the Board of Directors.
- Conclude on the appropriateness of management and the Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- As required by Section 143(3) of the Act, we report that:

  a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

  b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

  c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.

  d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.

  e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

  f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

  g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

     i. The Company has disclosed the impact of pending litigation on its financial position in its financial statements-Refer Note 33 to the financial statements;

     ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

     iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

     iv. (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

     - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or

- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries

(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (a) and (b) contain any material mis-statement.

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024, which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of audit we did not come across any instance of the audit trail feature being tampered with.and according to the information provided to us, the audit trail has been preserved by the company as per the statutory requirements for record retention.

h. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act, as amended, in our opinion and according to the information and explanation given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT (REFERRED TO IN PARAGRAPH (1) UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' SECTION OF OUR REPORT OF EVEN DATE)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of Intangible assets.

(b) According to the information and explanations given to us, the Company has a regular programme of physical verification of its Property, Plant and equipment by which all Property, Plant and equipment are verified in a phased manner. In our opinion, the periodicity of physical verification is reasonable having regard to size of the Company and the nature of its assets. The property, plant and equipment have been physically verified by the management during the year and no discrepancies between the books records and the physical records have been noticed.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company do not hold any immovable properties. Thus, paragraph 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment (including Right-of-use assets) or Intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company's business does not involve holding of any inventories. Accordingly, paragraph 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3(ii)(b) of the Order is not applicable to the Company.

(iii) (a) In our opinion and according to the information and explanations given to us, during the year, the Company has not provided loans or provided advances in the nature of loans, or stood guarantee, or provided security to any other entity.

(b) In our opinion and according to the information and explanations given to us, the Company has not provided guarantees or given security. The investments made by the company is not prejudicial to the company's interest.

(c) In our opinion and according to the information and explanations given to us, the Company has not provided loans or provided advances in the nature of loans. Hence, this clause (iii) (c) to (iii) (f) are not applicable.

(iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loans or provided guarantees or security in connection with any director or any person in whom the director is interested which attract the provisions of sections 185 of the Act. The Company has complied with the provisions of section 186 of the Act, with respect to investments made by the Company.

(v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits as per the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.

(vii) (a) The Company has been regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, income tax, goods and service tax, cess and other material statutory dues applicable to it to the appropriate authorities. As explained to us, the Company did not have any undisputed statutory dues on account of sales tax, wealth tax, duty of customs and duty of excise value added tax, cess and any other statutory dues to the appropriate authorities. No undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, goods and service tax, cess and other material statutory dues were in arrears as at 31st March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records, there are no dues of income tax, goods and service tax, cess, provident fund, employees' state insurance and other material statutory dues that have not been deposited on account of any dispute other than those reported below.

Name of the Statute	Nature of Dues	Amount of Demand	Period to which amount relates	Forum where dispute is pending
The Integrated, Central and Maharashtra Goods and Services Tax Act	Interest and penalty on GST demand as per Assessment Order	26.26 Lakhs	Jul-17 to Mar-18	Joint Commissioner of State Tax

(viii) In our opinion and according to the information and explanations given to us, there is no transactions of the earlier year that was not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, paragraph 3(viii) of the Order is not applicable to the Company.

(ix) In our opinion and according to the information and explanations given to us, the Company does not have any outstanding loans or borrowings from banks, financial institutions or government. Accordingly, clause (a) to (f) of paragraph 3(ix) of the Order is not applicable to the Company.

(x) (a) In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, the Company has not raised any monies by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, Clause (a) of paragraph 3(x) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, Clause (b) of paragraph 3(x) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, Clause (b) of paragraph 3(xi) of the Order is not applicable to the Company.

(c) According to the information and explanations given to us and based on our examination of the records of the Company, no whistle-blower complaints, have been received during the year by the company;

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company as per the Act. Accordingly, clauses (a) to (c) of paragraph 3(xii) of the Order are not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) According to the information and explanations given to us and based on our examination of the records of the Company, we confirm that the company has an internal audit system commensurate with the size and nature of its business.

(b) The reports of the Internal Auditors for the period under audit provided by the company were considered by the statutory auditor.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, we confirm that the company has not entered into any non-cash transactions with directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Thus, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, the company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi)(b) of the Order is not applicable to the Company.

(c) According to the information and explanations given to us and based on our examination of the records of the Company, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, paragraph 3(xvi)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us and the audit procedures performed by us, we report that the Group has four Core Investment Companies.

(xvii) According to the information and explanations given to us and based on our examination of the records of the Company, the company has incurred cash losses of Rupees 2,495 Lakhs in the financial year and Rupees 2,429 Lakhs in the immediately preceding financial year.

(xviii) According to the information and explanations given to us and based on our examination of the records of the Company, there is no resignation of statutory auditor during the year. The erstwhile statutory auditor has retired during the year on completion of its appointment term.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged.

(xx) In our opinion, the provisions of section 135 of the Act regarding Corporate Social Responsibilities are not applicable to the Company. Therefore, reporting under sub clause (a) and (b) of clause 3(xx) of the Order is not applicable to the Company;

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT (REFERRED TO IN PARAGRAPH 2(F) UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' SECTION OF OUR REPORT OF EVEN DATE)

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

We have audited the internal financial controls with reference to financial statements of Mahindra Manulife Investment Management Private Limited ("the Company") as of 31st March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. CORPORATE INFORMATION

Mahindra Manulife Investment Management Private Limited ('the Company'), was incorporated under the Companies Act, 1956 on June 20, 2013 with its registered office in Mumbai, Maharashtra, India. The company is a joint venture of Mahindra & Mahindra Financial Services Ltd. and Manulife Investment Management (Singapore) Pte. Ltd. The Company has a license from the Securities & Exchange Board of India to provide investment management services to the schemes of Mahindra Manulife Mutual Fund. SEBI granted the certificate of registration to Mahindra Manulife Mutual Fund on February 4, 2016. The Company is primarily engaged to act as an investment manager to Mahindra Manulife Mutual Fund and was managing twenty two schemes of Mahindra Manulife Mutual Fund as on March 31, 2024.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

2.1. Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

The financial statements of the Company for the year ended March 31, 2024 were approved for issue by the Company's Board of Directors on April 18, 2024.

2.2. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

2.3. Basis of measurement

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair value.

2.4. Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5. Use of estimates and judgments

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities:

Fair value of financial assets, liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) require management's best estimate about future developments.

Defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

2.6. Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within other Ind AS.

The Company recognises revenue from contracts with customers based on five-step model as set out in Ind AS 115:

Step 1: identification of contract(s) with customers: A contract is defined as an agreement between two or more parties that create enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identification of the separate performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determination of transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocation of transaction price to the separate performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognition of revenue when (or as) the Company satisfies a performance obligation.

Investment management fees

Fees from management of mutual fund schemes are recognised on an accrual basis at specific rates, applied on the average daily net assets of the schemes of Mahindra Manulife Mutual Fund in accordance with the Investment Management Agreement between the Company and the Trustees of Mahindra Manulife Mutual Fund and SEBI (Mutual Fund) Regulations, 1996 as amended from time to time. Amount disclosed as fees are exclusive of Goods and Services Tax.

Investment Advisory Fees

Investment Advisory Fees are recognised on satisfaction of a performance obligation at a point in time in accordance with the respective terms of contract with counterparties.

Other Income

The gains / losses on sale of investments are recognised in the Statement of Profit and Loss on the trade day and it is determined on FIFO ('first in first out') method.

Recognition of Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Recognition of Dividend Income

Dividend from investments are recognised in the Statement of Profit and Loss when the right to receive payment is established.

2.7. Property, Plant and Equipment ('PPE')

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any.

Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets. Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date.

In accordance with Ind AS 116 - Leases, applicable effective from 01 April 2019, the Right-of-Use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-Use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis except for following assets in respect of which useful life is taken as estimated by the management based on the actual usage pattern of the assets.

- Motor vehicles where useful life is assumed at four years as against eight years as per Schedule II since the employees to whom these vehicles have been allotted, in accordance with the terms of their employment, are entitled to change their vehicles every four years
- Assets individually costing INR 5,000/- or less are fully depreciated in the year of purchase or acquisition.

Further, residual value for all assets is considered as zero due to the difficulty in estimating the same.

Accordingly, useful life of assets is estimated as follows:

Assets	Useful life
Vehicles	- 4 years
Computers	- 3 years
Furniture and fixtures	- 10 years
Office equipment	- 2 to 5 years
Leasehold Improvements	- Over the primary lease period or useful life, whichever is less
Right-Of-Use assets (Leasehold premises)	- Over the period of lease

PPE is de-recognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of Profit and Loss in the year the asset is de-recognised.

2.8. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment loss, if any.

Intangible assets comprise of computer software which is amortised over the estimated useful life. The maximum period for such amortisation is taken as 36 months based on management's estimates of useful life. Amortisation is calculated using the Straight line method to write down the cost of intangible assets over their estimated useful lives.

2.9. Cash and cash equivalent

Cash comprises of cash on hand and bank balances.

2.10. Foreign exchange transactions and translations

Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and the foreign currency on the transaction date.

Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

2.11. Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as - measured at:

— Amortised cost; or

— Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or

— Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or

— Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as amortised cost or FVTOCI are measured at FVTPL.

The financial assets held with the objective to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of interest on the principal amount outstanding are measured at amortised cost on the reporting date. Accordingly, the Company measures investment in Non-Convertible debentures at amortised cost. Interest income and impairment if any, is recognised in the Statement of Profit and Loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long-term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as FVTOCI as the Company believes that this provides a more meaningful presentation of medium or long-term strategic investments, than reflecting changes in fair value immediately in the Statement of Profit and Loss. Dividend income, if any, received on such equity investments are recognised in the Statement of Profit and Loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured as FVTPL. Subsequent changes in fair value are recognised in the Statement of Profit and Loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost. Interest expenses are recognised in the Statement of Profit and Loss. Any gain or loss on de-recognition is also recognised in the Statement of Profit and Loss.

De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

Impairment of financial assets

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

2.12. Security deposits measured at amortised cost

The Company's rent/lease agreements for the rented/ leased office premises are cancellable with a notice period of 2-3 months. All the agreements are considered to be short term in nature. Accordingly, the Company has not applied the provisions of Ind AS 109 - Financial Instruments for taking the effect of fair valuation of security deposits in the financial statements and the deposits.

2.13. Employee Benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Contribution paid / payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

Contribution to provident fund

Company's contribution paid/payable during the year to provident fund is recognised in the Statement of Profit and Loss.

Gratuity

The Company's liability towards gratuity scheme is determined by an independent actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains / losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in the Balance Sheet with corresponding debit or credit to other comprehensive income. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in the Statement of Profit and Loss.

Superannuation fund

The Company makes contribution to the Superannuation scheme, a defined contribution scheme, administered by Life Insurance Corporation of India, which are charged to the Statement of Profit and Loss. The Company has no obligation under this scheme beyond its contribution.

Leave encashment / compensated absences / sick leave

The Company provides for the encashment / availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

Employee Share based payments

Cash-settled share-based payments to employees are measured at the fair value of the equity instruments at each reporting date. Any change in fair value is recognized for the vested period in the Statement of Profit and Loss for the period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

2.14. Scheme related expenses

As per SEBI circular dated October 22, 2018, all scheme related expenses subsequent to that date are to be borne by the mutual fund schemes. As a result, the investment management fees subsequent to this date are received net of all scheme expenses. Expenses of schemes of Mahindra Manulife Mutual Fund in excess of the limits in accordance with the SEBI (Mutual Fund) Regulations, 1996 are borne by the Company and are recognised in the Statement of Profit and Loss.

New Fund Offer ('NFO') expenses

Expenses pertaining to NFO are charged to the Statement of Profit and Loss in the year in which these expenses are incurred which is in compliance with SEBI (Mutual Fund) Regulations, 1996.

2.15. Finance Costs

Finance costs include interest expense accrued on a time basis, by reference to the principal outstanding. Effective from 1 April 2019, on application of Ind AS 116 (Leases), interest expense on lease liabilities computed by applying the Company's weighted average incremental borrowing rate has been included under finance costs.

2.16. Income taxes

Current tax

Current tax comprises amount of tax payable in respect of the taxable income for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

2.17. Securities issue expenses

Expenses incurred in connection with the fresh issue of share capital are adjusted against Securities premium.

2.18. Impairment of non-financial assets

The Company reviews the carrying amounts of its tangible and other intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the assets is considered impaired, and is written down to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash generating unit) in prior years. The reversal of an impairment loss is recognised in the statement of profit and loss.

2.19. Accounting for provisions, contingent liabilities and contingent assets

Provisions are recognised in the balance sheet when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognised in the financial statements. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognise contingent asset.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.20. Leasing

Where the Company is the lessee

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises and certain IT equipment used for operating activities. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Company had adopted Ind AS 116 dealing with leases from April 1, 2019. Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. The Company recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

2.21. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit/ loss for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

26. Financial Risk Management

In the course of its business, the Company is exposed to certain financial risks: liquidity risk and market risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

Liquidity Risk Management

The Company manages liquidity risk by continuously monitoring forecast and actual cash flows.

Maturity profile of non-derivative financial liabilities

(Rs. in Lakhs)

Market Risk Management

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company invests in fixed rate instruments, units of mutual fund taking into account the current liquidity requirements. There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

28. Disclosure on Employee Share-based Compensation Scheme (Cash-settled phantom share based payments)

The Company has a Long Term Incentive Compensation Scheme ('LTIC') for eligible employees. The same was announced in Financial Year 2018-19. The LTIC payment calculation is based on a framework of phantom shares. The cash-settled share-based amount is measured at the fair value of the liability as per the requirements of Ind AS 102 Share-based payments. Until the liability is settled, the Company shall remeasure the fair value of the liability at the end of each reporting period and at the date of settlement, with any changes in fair value recognised in the Statement of profit and loss for the period. Accordingly, a charge to Statement of Profit and loss for the year ended March 31, 2024 is Rs. 659.37 lakhs (previous year Rs. 179.61 lakhs).

Summary of phantom shares

Valuation of the Company has been done by assigning a valuation percentage to the average assets under management of the company for March 2024 plus cash and cash equivalent as of 31st March 2024. A different valuation percentage was assigned to different asset classes. The total value of the company is divided by the total number of shares outstanding as on reporting date, to arrive at the fair value per share of the Company.

x) There was no Scheme of Arrangements approved by the Competent Authority in terms of sections 230 to 237 of the Companies Act, 2013 during the year.

xi) The Company has not been declared as wilful defaulter by any bank or financial Institution or consortium thereof, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

31. Operating Segments

The Company is in the business of providing investment management services to the Mahindra Manulife Mutual Fund and offshore advisory to clients. The primary segment is identified as investment management services. As such the Company's financial statements are largely reflective of the investment management business and there is no separate reportable segment as per Ind AS 108 on "Operating Segments" in respect of the Company.

32. Social Security code

The new Code on Social Security, 2020 has been enacted, which would impact the contributions by the Company towards Provident Fund and Gratuity. The effective date from which the changes will be applicable and the rules, are yet to be notified. The Company will complete its evaluation and will give appropriate impact in its financial statements in the period in which, the Code and the Rules become effective.

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Manulife Trustee Private Limited

REPORT ON THE AUDIT OF THE IND AS FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mahindra Manulife Trustee Private Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2024, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards as prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting

a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order;
2. As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
   c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
   d) In our opinion, the aforesaid Audited Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
   g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.
   h) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.
   i) (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly

lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provided any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provided any guarantee, security or the like on behalf of the Ultimate beneficiaries; and

(iii) Based on such audit procedures that the auditor has considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

(iv) No dividend (declared/paid/declared and paid) during the year by the Company and therefore the compliance with Section 123 of the Act is not applicable.

(v) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of **Mahindra Manulife Trustee Private Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE FINANCIAL STATEMENTS

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls system over financial reporting with reference to these financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date on the financial statements of **Mahindra Manulife Trustee Private Limited** for the year ended March 31, 2024.

Annexure to the Auditor's Report referred to in our report of even date:

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

(a) (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items during the financial year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) Company does not hold any immovable property and thus this clause is not applicable.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) Company is into service industry and does not hold any inventory, thus this clause does not applicable to the company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

xiv. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) As per Section 138 of the Companies Act, 2013, Internal Audit is not applicable to the Company.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has Four Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, Section 135 of the Companies Act, 2013 does not applicable to the Company. Accordingly, the reporting under Clause 3(xx) of the Order is not applicable to the Company.

xxi. According to the information and explanations given to us, the Company does not have any subsidiary companies. Accordingly, the reporting under Clause 3(xxi) of the Order is not applicable to the Company.

Notes forming part of the Financial Statements for the year ended March 31, 2024

1. CORPORATE INFORMATION

Mahindra Manulife Trustee Private Limited ('the Company'), was incorporated under the Companies Act, 1956 on July 10, 2013. The company is a joint venture of Mahindra & Mahindra Financial Services Ltd. and Manulife Investment Management (Singapore) Pte. Ltd. The Company is incorporated to function as a Trustee to Mahindra Manulife Mutual Fund. The Company has entered into Investment Management Agreement with Mahindra Manulife Investment Management Private Limited ('Investment Manager') for managing the schemes of Mahindra Manulife Mutual Fund.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

2.1. Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

The financial statements of the Company for the year ended March 31, 2024 were approved for issue by the Company's Board of Directors on April 19, 2024.

2.2. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency.

2.3. Basis of measurement

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values.

2.4. Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5. Use of estimates and judgments

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities:

Fair value of financial assets, liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) require management's best estimate about future developments.

2.6. Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within other Ind AS.

The Company recognises revenue from contracts with customers based on five-step model as set out in Ind AS 115:

Step 1: identification of contract(s) with customers: A contract is defined as an agreement between two or more parties that create enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identification of the separate performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determination of transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocation of transaction price to the separate performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognition of revenue when (or as) the Company satisfies a performance obligation.

Trusteeship Fees (net of tax)

Trusteeship Fees are recognised as revenue when the trusteeship services are performed for the schemes of Mahindra Manulife Mutual Fund. Amount disclosed as fees are exclusive of GST.

Other Income

The gains / losses on sale of investments are recognised in the Statement of Profit and Loss on the trade day and it is determined on FIFO ('first in first out') method.

Recognition of Dividend Income

Dividend from investments are recognised in the Statement of Profit and Loss when the right to receive payment is established.

Recognition of Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

2.7. Property, plant and equipment ('PPE')

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under long term loans and advances. Capital work in progress comprises the cost of Property, Plant and Equipments that are not ready for its intended use at the reporting date.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis except for following assets in respect of which useful life is taken as estimated by the management based on the actual usage pattern of the assets:

Notes forming part of the Financial Statements for the year ended March 31, 2024

Assets individually costing INR 5,000/- or less are fully depreciated in the year of purchase or acquisition. Further, residual value for all assets is considered as zero due to the difficulty in estimating the same. Accordingly, useful life of assets is estimated as follows:

Computer	– 3 years
Furniture	– 10 years
Office Equipment	– 5 years

PPE is de-recognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of Profit and Loss in the year the asset is de-recognised.

2.8. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment loss, if any. Intangible assets comprise of computer software which is amortised over the estimated useful life. The maximum period for such amortisation is taken as 36 months based on management's estimates of useful life. Amortisation is calculated using the Straight-line method to write down the cost of intangible assets over their estimated useful lives.

2.9. Cash and cash equivalent

Cash comprises of cash on hand and bank balances.

2.10. Foreign exchange transactions and translations

Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and the foreign currency on the transaction date.

Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

2.11. Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and subsequent measurement Financial assets

On initial recognition, a financial asset is classified as - measured at:

– Amortised cost; or

– Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or

– Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or

– Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

The financial assets held with the objective to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of interest on the principal amount outstanding are measured at amortised cost on the reporting date. Interest income and impairment, if any, are recognised in the Statement of Profit and Loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investments.

These investments in equity are not held for trading. Instead, they are held for medium or long- term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as FVTOCI as the Company believes that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in the Statement of Profit and Loss. Dividend income, if any, received on such equity investments are recognised in the Statement of Profit and Loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured at FVTPL. Subsequent changes in fair value are recognised in the Statement of Profit and Loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost. Interest expenses are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

De-recognition of financial assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

Notes forming part of the Financial Statements for the year ended March 31, 2024

If the Company enters into transactions whereby it transfers assets recognised on its Balance Sheet but retains either all or substantially all the risks and rewards of the transferred assets, the transferred assets are not de-recognised, and the proceeds received are recognised as a collateralised borrowing.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged, cancelled, or expires. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

Impairment of financial assets

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

Impairment of non financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier. The reversal of an impairment loss is recognised in Statement of Profit and Loss.

2.12. Employee Benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Remeasurement gains / losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in the Balance Sheet with corresponding debit or credit to other comprehensive income. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in the Statement of Profit and Loss.

Leave encashment / compensated absences / sick leave

The Company provides for the encashment / availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

2.13. Income taxes

Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods is accounted for using the tax rates and tax laws enacted or substantively enacted as on the balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.14. Securities issue expenses

Expenses incurred in connection with the fresh issue of share capital are adjusted against Securities premium.

2.15. Accounting for provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognised in the financial statements. Contingent liabilities are disclosed when there is a possible obligation

Notes forming part of the Financial Statements for the year ended March 31, 2024

arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognise contingent asset.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.16. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit/ loss for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares, etc that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

23 FINANCIAL RISK MANAGEMENT

In the course of its business, the Company is exposed to certain financial risks: liquidity risk and market risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

Liquidity Risk Management

The Company manages liquidity risk by continuously monitoring forecast and actual cash flows.

Maturity profile of non-derivative financial liabilities

Market Risk Management

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company invests in fixed rate instruments, units of mutual fund taking into account the current liquidity requirements. There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF MAHINDRA IDEAL FINANCE LIMITED

Report on the audit of the financial statements

Opinion

We have audited the financial statements of MAHINDRA IDEAL Finance Limited ("the Company"), which comprise the Statement of Financial Position as at 31 March 2024, and the Statement of Profit or Loss and Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and Notes to the Financial Statements, including a summary of Significant Accounting Policies.

In our opinion, the accompanying financial statements of the Company give a true and fair view of the financial position of the Company as at 31 March 2024, and of their financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Basis for opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants issued by CA Sri Lanka (Code of Ethics) and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information included in the Company's 31 March 2024 Annual Report

Management is responsible for the other information included in the Company's 31 March 2024 annual report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is lo read the. other information and, in doing so, consider whether the other information Is materially inconsistent with the financial statements, or our knowledge obtained In the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, actions taken to eliminate threats or safeguards applied.

Report on Other Legal and Regulatory Requirements

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024

1. CORPORATE INFORMATION

1.1 General

IDEAL Investment Limited is a limited liability company, incorporated on 24 January 2012 under companies Act No.7 of 2007 and then changed the name as IDEAL Finance Limited on 12 March 2012 and domiciled in Sri Lanka. The registered office of the company is situated at No.299, Dr. Colvin R De. Silva Mawatha (Union Place), Colombo 02. On 28th January 2022 the company changed its' name to MAHINDRA IDEAL Finance Limited.

MAHINDRA IDEAL Finance Limited is licensed by Monetary Board of the Central Bank of Sri Lanka under the Finance Business Act No. 42 of 2011, and also registered under the Finance Leasing Act No.56 of 2000.

1.2 Principal Activities and Nature of Operations

During the year, the principal activities of the Company were Acceptance of Deposits, Granting Lease, Loan Facilities and Gold Advances.

1.3 Parent Entity and Ultimate Parent Entity

Mahindra and Mahindra Financial Services Limited, India is the parent of MAHINDRA IDEAL Finance Limited. Further the company does not have any investments in the form of subsidiary, joint venture or associate.

1.4 Date of Authorization for Issue

The financial statements of MAHINDRA IDEAL Finance Limited for the period ended 31 March 2024 were authorized for issue in accordance with a resolution of the Board of Directors on 18 April 2024.

2. ACCOUNTING POLICIES

2.1 Basis of Preparation

2.1.1 Statement of Compliance

The Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows, together with Accounting Policies and Notes, ('Financial Statements'),as at 31 March 2024 and for the period then ended, have been prepared in accordance with Sri Lanka Accounting Standards (hereafter referred as "SLFRS"), laid down by the Institute of Chartered Accountants of Sri Lanka and in compliance with the requirements of the Companies Act No. 07 of 2007 and amendments thereto.

2.1.2 Responsibility for Financial Statements

The Board of Directors of the Company is responsible for these Financial Statements of the Company as per Sri Lanka Accounting Standards (SLFRSs and LKASs) and the provisions of the Companies Act No 7 of 2007.

2.1.3 Basis of measurement

The financial statements have been prepared on a historical cost basis except retirement benefits obligation, which was ascertained by an actuarial valuation.

2.1.4 Presentation of Financial Statements

In compliance with LKAS 01 on Presentation of Financial Statements, each material class of similar items are presented separately in the Financial Statements. Items of dissimilar nature or functions are presented separately, unless they are immaterial.

The company presents its Statements of Financial Position broadly in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 35.

2.1.5 Functional and presentation currency

The financial statements are presented in Sri Lankan Rupees, except when otherwise is indicated. No adjustments have been made for inflationary factors.

2.1.6 Materiality, Aggregation Offsetting and Rounding Off

In compliance with LKAS 01 on Presentation of Financial Statements, each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately, unless they are immaterial.

Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies.

The amounts in the financial statements have been rounded off to the nearest Sri Lankan Rupee, except where otherwise indicated as permitted by the Sri Lanka Accounting Standard (LKAS 1) – 'Presentation of Financial Statements'.

2.1.7 Comparative Information

The accounting policies have been consistently applied by the Company and, are consistent with those used in the previous financial year. Further comparative information is reclassified whenever necessary to comply with the current presentation in the Financial Statements. However, the Company has not restated comparative information for 2024.

2.1.8 Statement of Cash Flow

The cash flow statement has been prepared by using the indirect method in accordance with the Sri Lanka Accounting Standard - LKAS 7 (Statement of Cash Flows), whereby operating, investing and financial activities have been separately recognised. Cash and cash equivalents comprise of short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

Cash and cash equivalents include cash in hand, balances with banks, placements with banks (less than 3 months), net of unfavorable bank balances and securities purchased under repurchase agreement (less than three months).

2.1.9 Events After the Reporting Date

Events after the Reporting Date are those events, favorable and unfavorable, that occur between the reporting date and the date when the Financial Statements are authorised for issue. In this regard, all material and important events that occurred after the reporting period have been considered and appropriate disclosures are made in Note 37 to the Financial Statements.

2.2 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of Financial Statements of the Company in conformity with Sri Lanka Accounting Standards requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

i. Going Concern

The board has made an assessment of the company's ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the board is not aware of any material uncertainties that may cast significant doubt upon the company's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of the company. Further, the Directors have considered the potential downsides that the recent economic stress could bring to the business operations of the Company, in making this assessment. Therefore, the financial statements continue to be prepared on the going concern basis.

ii. Impairment losses on loans and receivables

The measurement of impairment losses under SLFRS 9 across all categories of financial assets requires judgement, in particular,

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- Number of days past due and the Guidelines issued by the Central Bank of Sri Lanka
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

iii. Fair Value of Financial Instruments

The determination of fair values of financial assets and financial liabilities recorded in the Statement of Financial Position for which there is no observable market price is based on using a variety of valuation techniques that include the use of mathematical models. The valuation of financial instruments is described in Note 34 to the Financial Statements. The Company measures fair value using the fair value hierarchy that reflects the significance of input used in making measurements. The fair value hierarchy is given in Note 34 to the Financial Statements.

iv. Financial Assets and Financial Liabilities Classification

The Company's accounting policies provide scope for assets and liabilities to be classified, at inception in to different accounting categories. The classification of financial instruments is given in Note 33 "Analysis of Financial Instruments by Measurement Basis".

v. Defined Benefit Plan

The cost of the defined benefit pension plan is determined using an actuarial valuation. The actuarial valuation involves making assumptions about discount rates, future salary increases, and mortality rates. Due to the long term nature of these plans, such estimates are subject to significant uncertainty. Assumptions used are disclosed in Note 28.

vi. Useful Life-time of the Property, Plant, Equipment and Intangible Assets

The Company reviews the residual values, useful lives and methods of depreciation and amortization of property, plant, equipment and intangible assets at each reporting date. The judgement of the management is exercised in the estimation of these values, rates, methods and hence they are subject to uncertainty.

2.3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the Company in preparation of its Financial Statements are included in below.

2.3.1 SLFRS 09 Financial Instrument

SLFRS 9 –Financial Instruments replaces LKAS 39 for annual periods on or after 1 January 2018. The company has adopted SLFRS-09 Financial Instruments with an initial application date of 1 April 2018.

2.3.1.1 Classification & Measurement of Financial Assets and Liabilities

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised Cost,
- Fair Value through Other Comprehensive Income (FVOCI),
- Fair Value through Profit or Loss

Financial liabilities, other than loan commitments and financial guarantees, are measured at amortised cost or at FVPL or the fair value designation is applied.

2.3.1.2 Financial Assets and liabilities

2.3.1.2.1 Lease rental receivables, Loans and Receivables to Other Customers, Financial Investments at Amortised Cost.

The company only measures Lease, Loans and advances to customers and other financial investments at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The classification of financial liabilities under SLFRS 9 does not follow the approach for the classification on financial assets. Financial liabilities are measured at amortised cost or fair value through profit or loss.

The details of conditions of business model assessment and the SPPI test are outlined below.

(a) Business Model Assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment

(b) The SPPI Test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

An entity has a business model to hold the financial asset to collect the contractual cash flows. The characteristics of the contractual cash flows are that of solely payments of the principal amount and interest (referred to as "SPPI").

Principal for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

2.3.1.2.2 Reclassification of Financial Assets and Liabilities

The company does not reclassify its financial assets or liability subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. The Company did not reclassify any of its financial assets or liabilities in year 2023/24.

2.3.1.3 De-recognition of Financial Instruments

2.3.1.3.1 Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when the rights to receive cash flows from the financial asset have expired.

2.3.1.3.2 Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires.

2.3.1.4 Impairment of Financial Assets

Overview of the Expected Credit Loss (ECL) Principles

The Company's loan loss impairment method by using forward-looking Expected Credit Loss (ECL) approach. From 1 April 2018, the Company has been recording the allowance for expected credit losses for all loans and other debt financial assets not held at FVPL, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under SLFRS 9.

The ECL allowance is based on the credit losses expected to arise over the life of the asset. The 12 months ECL is the portion of Life time ECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Life time ECLs and 12 months ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Company groups its loans into Stage 1, Stage 2 and Stage 3.

Stage 1

When loans are first recognised, the Company recognises an allowance based on 12 months ECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

Stage 2

When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the Life time ECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.

Stage 3

Loans considered credit-impaired. The Company records an allowance for the Life time ECLs.

2.3.1.4.1 The Calculation of Expected Credit Loss (ECL)

The Company calculates ECLs under three staging approaches to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive. The mechanics of the ECL calculations are outlined below and the key elements are as follows:

Definition of default

The Company considers a financial asset to be in "default" and therefore Stage 3 (credit impaired) for ECL calculations when the borrower account becomes 90 days past due on its contractual payments.

Probability of Default (PD)

The Probability of Default (PD) is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously recognised and is still in the portfolio.

However, for placements with Banks and other financial investments classified as amortised cost and fair value through other Comprehensive Income the Company relies on external credit rating in determining their respective PDs.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

EAD

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

LGD

The Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive.

2.3.1.4.2 The mechanics of the ECL method are summarized below:

Stage 1

The 12 months ECL is calculated as the portion of LTECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR. This calculation is made for each of the three scenarios, as explained above.

Stage 2

When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above but PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3

For loans considered credit-impaired, the Company recognises the LTECL for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%. The Company recognises the interest income on loans classified under stage 3 at the effective interest rate on amortised cost.

Assessment of significant increase in credit risk

When determining whether the credit risk has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the Company's historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort. The Company's accounting policy is not to use the practical expedient that the financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk. As a result the Company monitors all financial assets and loan commitments that are subject to impairment for significant increase in credit risk.

As a part of the qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeliness to pay. In such instances, the Company treats the customer with an increased credit risk level, following are such instances:

- Stage 1 and Stage 2 facilities of a Stage 3 customer are also classified as Stage 3.
- Stage 1 facilities of a Stage 2 customer are classified as Stage 2.
- Facilities related to management identified risk elevated industries are classified as Stage 3.
- Rescheduled facilities are categorized based on their aggregate days past due, ie, the aggregate of the present age of the facility and the age prior to reschedule.
- Originated credit impaired assets :-These are financial assets that are credit impaired on initial recognition. They are recorded at fair value at initial recognition and interest income is subsequently recognized based on credit adjusted EIR. ECLs are recognized or released to the extent that there is subsequent change in expected credit losses.

Forward Looking Information

In its ECL models, the Company relies on a broad range of forward looking information as economic inputs, such as:

Quantitative	Qualitative
GDP Growth	Government Policies
Inflation	Status of the Industry Business
Unemployment	Regulatory Impact
Interest Rates	Global Economic Environment
Exchange Rates	

The inputs and models used for calculating ECLs may not always capture all the characteristics of the market at the date of the financial statements.

To reflect the uncertainties in the calculation of expected credit losses, the Company has changed the weightages assigned for multiple economic scenarios during the year. Weightages assigned for each scenario is given below along with the weightages used in 2022/23.

	2023/24	2022/23
Base case	50%	50%
Best case	10%	10%
Worst case	40%	40%

The inputs and models used for calculating ECLs may not always capture all characteristics of the market as at the date

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

To ensure completeness and accuracy, the company obtains necessary data primarily from publications of Central Bank of Sri Lanka.

2.3.1.5 Determination of Fair Value

The Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 -Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The disclosure of fair value of financial instruments is disclosed in Note 34 to the Financial Statements.

2.3.2 Lease

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

2.3.2.1 Finance Lease

Company as a lessor

Assets leased to customers which transfer substantially all the risks and rewards associated with ownership other than legal title, are classified as 'Finance Lease". Amount receivables under finance lease are included under 'Lease Rentals Receivables' in the Statement of Financial Position after deduction of unearned lease income and accumulated impairment losses. When assets are held subject to a finance lease, the present value of the lease payments, discounted at the rate of interest implicit in the lease, is recognized as a receivable. The difference between the total payments receivable under the lease and the present value of the receivable is recognized as unearned finance income, which is allocated to accounting periods reflect a constant periodic rate of return.

2.3.2.2 SLFRS 16 – Leases

Company as a lessee

SLFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract, i.e. lessee and lessor. SLFRS 16 supersedes Sri Lanka Accounting Standard - LKAS 17 (Leases) and related interpretations, SLFRS 16 introduces a single accounting model for the lessee, eliminating the present classification of leases in LKAS 17 as either operating leases or finance leases.

The company has adopted SLFRS 16 using modified retrospective method from 1 April 2019, without restating comparatives for the 2018/19 reporting period, as permitted under the specific transitional provisions in the standard. At the date of adoption, right of use was recognized as amount equal to the lease liability, adjusted by the amount of prepaid lease rentals.

Under this method, the standard is applied retrospectively and the cumulative effect as at initial date of application of the standard i.e 1 April 2019 has been duly adjusted. The company elected to use the transitional practical expedient to not reassess whether an existing contract forms a lease as at 1st April 2019, under the definitions provided in the standard. Instead, the company applied the standard only to contracts that were previously identified as leases applying LKAS 17 at the date of initial application.

The contracts which were previously classified as "operating leases" under the principles of LKAS 17 -Leases, have been recognize as "right of- use assets" with the adoption of SLFRS 16 -Leases.

2.3.3 Cash and cash equivalents

Cash and cash equivalents as referred to in the cash flow statement comprises cash in hand, and amounts due from banks on demand or with an original maturity of three months or less.

2.3.4 Property, Plant and Equipment

Property, plant and equipment is stated at cost excluding the costs of day–to–day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or method, as appropriate, and treated as changes in accounting estimates.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

Depreciation is calculated using the straight–line method to write down the cost of property and equipment to their residual values over their estimated useful lives. The estimated useful lives are as follows:

Category	Years
Furniture & Fittings	05
Office Equipment	05
Motor Vehicles	05
Computer Equipment	05

The depreciation method and residual values of assets are reviewed at each financial year-end and, if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset, the method shall be changed to reflect the changed pattern.

Property plant & Equipment is derecognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the assets (calculated as the difference between the net disposal proceeds and carrying amount of the assets) is recognized in 'Other Operating Income' in the Statement of Comprehensive Income (Profit or Loss) in the year the asset is recognized.

2.3.5 Right-Of-Use Assets

2.3.5.1 Basis of recognition

The Company applies Sri Lanka Accounting Standard SLFRS 16 "Leases" in accounting for all lease hold rights except for leases due to expire during the financial year and leases on which implications to the financial statements are not considered to be material. The company uses its judgment to determine whether an operating lease contract qualifies for recognition of right-of-use assets. The company applies judgements in evaluating the level of certainty whether the option of renewing the lease exits or otherwise. That is, it considers all relevant factors that create an economic benefits for it to exercise either the renewal or termination.

Basis of measurement

The company recognises right-of-use assets at the date of commencement of the lease, which is the present value of lease payments to be made over the lease term. Right-of-Use assets are measured at cost less any accumulated amortization and impairment losses and adjusted for any re-measurement of lease liabilities. The cost of the right-of-use assets includes the amount of lease liabilities recognised, initial direct cost incurred, and lease payments made at or before the commencement date less any lease incentives received. Right of use assets are amortised on the straight line basis over the lease term.

When measuring lease liabilities for leases that were classified previously as operating leases, the company discounted future lease payments due as of 1 April 2019 using the incremental borrowing rate as at 1 April 2019. The rate applicable was 14%.

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

2.3.6 Intangible assets

The company's other intangible assets include the value of computer software. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the company. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial yearend.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, and they are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of comprehensive income.

Computer System software is amortised over: 10 years

2.3.7 Other Assets

All other assets are stated at amortised cost less accumulated impairment losses.

2.3.8 Inventories

Inventories include stationeries and these are valued at the lower of cost and net realizable value.

2.3.9 Impairment of non–financial assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's fair value less costs to sell and its value in use. Where the carrying amount of an asset or cash generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre–tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the company estimates the asset's or cash generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceeds the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of comprehensive income.

2.3.10 Employee Retirement Benefits

Defined Contribution Plan Costs

Defined contribution plan is a post- employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to a defined contribution plan are recognized as a Personnel Expenses in the Statement of comprehensive income in the periods during which services are rendered by employees. Employees are eligible for employees' Provident Fund and Employees Trust Fund Contributions in line with the respective Statutes and regulations. Accordingly, the company contributes 12% and 3% of gross emoluments of employees to Employees' Provident Fund and Employee Trust Fund respectively and is recognized as an expense under "Personnel Expenses".

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

Defined Benefit Plan Costs

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The liability recognized in the Statement of Financial Position in respect of defined benefit plan is the present value of the defined benefit obligation at the reporting date. The defined benefit obligation is calculated using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash flows using interest rate that are denominated in the currency in which the benefit will be paid, and that have terms of maturity approximating to the terms of the liability.

Provision has been made in the Financial Statements for retiring gratuities from the first year of service for all employees, in conformity with LKAS 19-"Employee Benefits".

However, according to the payment of Gratuity Act No.12 of 1983, the liability for payment to an employee arises only after the completion of 5 years continued services. The liability is not externally funded.

2.3.11 Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

2.3.12 Other Liabilities

Other liabilities are recorded at the cash value to be realized when settled.

2.3.13 Foreign currency translation

Transactions in foreign currencies are initially recorded at the functional currency rate of exchange ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange at the statement of financial position date. All differences arising on non–trading activities are taken to 'Other operating income' in the income statement.

2.3.14 Recognition of income and expenses

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised.

(i) Interest income and interest expense

For all financial instruments measured at amortised cost, interest bearing financial assets classified as available-for-sale and financial instruments designated at fair value through profit or loss, interest income or expense is recorded using the Effective Interest Rate. Effective Interest Rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or financial liability. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the Effective Interest Rate, but not future credit losses.

The carrying amount of the financial asset or financial liability is adjusted if the company revises its estimates of payments or receipts. The adjusted carrying amount is calculated based on the original Effective Interest Rate and the change in carrying amount is recorded as 'Interest Income' for financial assets and Interest Expense for financial liabilities. However, for a reclassified financial asset for which the company subsequently increases its estimates of future cash receipts as a result of increased recoverability of those cash receipts, the effect of that increase is recognised as an adjustment to the Effective Interest Rate from the date of the change in estimate.

Once the recorded value of a financial asset or a group of similar financial assets has been reduced due to an impairment loss, interest income continues to be recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

(ii) Fee and commission income

The company earns fee and commission income from a diverse range of services it provides to its customers. Fee income can be divided into the following two categories:

– Fee income earned from services that are provided over a certain period of time.

– Fees earned for the provision of services over a period of time are accrued over that period. These fees include commission income and service charges.

Fee income from providing transaction services

Fees arising from negotiating or participating in the negotiation of a transaction for a third party are recognised on completion of the underlying transaction. Fees or components of fees that are linked to a certain performance are recognised after fulfilling the corresponding criteria.

(iii) Dividend income

Dividend income is recognised when the company's right to receive the payment is established.

(iv) Expenditure Recognition

Expenses are recognized in profit or loss in the statement of comprehensive Income on the basis of a direct association between the cost incurred and the earning of specific items of income. All expenditure incurred in the running of the business and in maintaining the property, plant and equipment in a state of efficiency has been charged to the statement of Comprehensive Income (Profit or loss). For the purpose of presentation of the statement of comprehensive Income, the "function of expenses" method has been adopted, on the basis that it presents fairly the element of the company's performance.

2.3.15 Taxes

a. Current Tax

The provision for the income tax is based on the elements of the income and expenditure as reported in the Financial Statements and computed in accordance with the provisions of Inland Revenue Act, No. 24 of 2017.

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

b. Deferred Tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credit and unused tax losses can be utilized.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

c. Value Added Tax on Financial Services and Social Security Contribution Levy

Value Added Tax on Financial Services is calculated at the rate of 18% in accordance with the provisions of the Value Added Tax Act No. 14 of 2002 and amendments thereto. The Social Security Contribution Levy is calculated at the rate of 2.5% on the turnover applicable for Value Added Tax on Financial Services with effect from 01st October 2022.

2.3.16 Regulatory provisions

a) Deposit Insurance and Liquidity Support Scheme

In terms of the Finance Companies Direction No.2 of 2010 "Insurance of Deposit Liabilities" issued on 27 September 2010 and subsequent amendments thereto, all Finance Companies are required to insure their deposit liabilities in the Deposit Insurance Scheme operated by the Monetary Board in terms of Sri Lanka Deposit Insurance Scheme Regulations No.1 of 2010 issued under Sections 32A to 32E of the Monetary Law Act with effect from 1 October 2010.The said Scheme was renamed as the "Sri Lanka Deposit Insurance and Liquidity Support Scheme" as per the Sri Lanka Deposit Insurance and Liquidity Support Scheme Regulation No. 1 of 2013.

The deposits to be insured shall include demand, time and savings deposit liabilities and exclude the following.

- Deposit liabilities to member institutions
- Deposit liabilities to the Government of Sri Lanka
- Deposit liabilities to shareholders, directors, key management personnel and other related parties as defined in Finance Companies Act (Corporate Governance) Direction No.3 of 2008 for Registered Finance Companies
- Deposit liabilities held as collateral against any accommodation granted
- Deposits falling within the meaning of abandoned property in terms of the Banking Act and dormant deposits in terms of the Finance Companies Act, funds of which have been transferred to the Central Bank of Sri Lanka in terms of the relevant Directions issued by the Monetary Board.

Registered Finance Companies are required to pay a premium of 0.15% on total amount of eligible deposits as at end of the month with in a period of 15 days from the end of the respective month.

b) Crop Insurance Levy (CIL)

As per the provisions of the Section 14 of the Finance Act No.12 of 2013, the CIL was introduced with effect from April 1, 2013 and is payable to the National Insurance Trust Fund. Currently, the CIL is payable at 1% of the profit after tax.

2.3.17 Related Party Transactions

Disclosure has been made in respect of the transactions in which one party has the liability to control or exercise significant influence over the financial and operating policies/ decisions of the other, irrespective of whether a price is being charged.

2.3.18 Segment Reporting

The Company's segmental reporting is based on the following operating segments identified based on products and services;

- Finance Lease
- Term Loans
- Gold Loans
- Others

A segment is a distinguishable component of a Company that is engaged in providing products and services. (Business segment, which is subject to risks and rewards that are different from those of other segments).

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The accounting policies adopted for segment reporting are those accounting policies adopted for preparing the financial statements of the Company.

2.3.19 Sri Lanka Accounting Standards Not Yet Effective as at 31 March 2024

- SLFRS 17 Insurance Contracts

SLFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. On effective, SLFRS 17 will replace SLFRS 4 (Insurance Contracts)

No material impact on the financial statements of the Company.

Amendments to LKAS 1 - Presentation of Financial Statements

Amendments to LKAS 1 relate to classification of liabilities with covenants as current or non-current. The amendments clarify that if an entity's right to defer settlement of a liability is subject to the entity complying with the required covenants only at a date subsequent to the reporting period ("future covenants"), the entity has a right to defer settlement of the liability even if it does not comply with those covenants at the end of the reporting period. The requirements apply only to liabilities arising from loan arrangements. The amendments are effective for annual periods beginning on or after 1 January 2024.

No material impact on the financial statements of the Company.

- Amendments to LKAS 12 – Income taxes

The amendments to LKAS 12 introduce a mandatory exception in LKAS 12 from recognising and disclosing deferred tax assets and liabilities related to Pillar Two income taxes. An entity is required to disclose that it has applied the exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes.

No impact on the financial statements of the Company.

	132,908,357	94,900,985

11. INCOME TAX EXPENSES

11.1 The major component of income tax for the period ended 31 March as follows;

Income Statement	2024 LKR	2023 LKR
Current Income Tax		
Income Tax for the Period	**91,687,602**	71,056,252
Due to rate reduction	**–**	–
Tax Adjustment with Final Payment	**248,879**	(258,011)
Deferred Tax (Note 29)		
Due to change in temporary differences	**5,962,017**	2,255,098
Due to rate change	**–**	(6,858,952)
Income Tax Expenses reported in the Income Statement	**97,898,498**	66,194,388
Statement of Other Comprehensive Income		
Deffered Tax related to items recognized in OCI during the year		
Net Gain/(Loss) on Actuarial Gains/Losses during the year	**(2,430,574)**	639,287
Income Tax Expenses reported in the Other Comprehensive Income	**(2,430,574)**	639,287
Total Income Tax Expense for the year	**95,467,924**	66,833,675
Income Tax Rate Applicable	**30%**	30%

11.2 Reconciliation of Accounting Profit and Taxable Income

A reconciliation between the tax expense and the accounting profit multiplied by Income tax rate for the year ended 31 March 2024 as follows.

	2024 LKR	2023 LKR
Accounting Profit / (Loss) Before Income Taxation	**201,190,201**	153,092,202
Aggregate allowable expenditure	**(69,686,692)**	(169,784,887)
Tax loss utilised	**–**	–
Aggregate disallowable expenditure	**174,121,831**	279,979,545
	305,625,340	263,286,860
Tax at statutory rates	**91,687,602**	71,056,252
Less : Due to rate reduction	**–**	–
Less : Tax Adjustment with Final Payment	**248,879**	(258,011)
	91,936,481	70,798,241
Deferred taxation charged/(Reversal)	**5,962,017**	2,255,098
Less : Due to rate change	**–**	(6,858,952)
	97,898,498	66,194,388
Effective Tax Rate	**48.66%**	43.24%

12. BASIC AND DILUTED EARNING PER ORDINARY SHARES

12.1 Basic and diluted earning per share is calculated by dividing net profit for the period attributable to ordinary share holders by weighted average number of ordinary shares outstanding during the period, as per LKAS-33-Earning Per Share.

12.2 The following reflect the income and share details used in Basic and Diluted Earning Per Share computation;

	2024 LKR	2023 LKR
Amount Used as Numerators		
Profit attributable to Ordinary Share Holders	**103,291,703**	86,897,814
Number of Ordinary shares used as Denominator		
Weighted Average Number of Ordinary Shares	**145,639,098**	145,639,098
Basic and Diluted Earning Per Ordinary Shares	**0.71**	0.60

13. CASH AND BANK BALANCES

	2024 LKR	2023 LKR
Cash in Hand	**102,627,472**	127,864,098
Bank Balances	**8,140,248**	37,719,598
	110,767,720	165,583,696

14. INVESTMENT IN GOVERNMENT SECURITIES

	2024 LKR	2023 LKR
Investment in Treasury Bills with original maturity less than 3 months	**–**	157,808,254
Investment in Treasury Bills with original maturity more than 3 months	**816,029,643**	300,329,263
Investment in Reverse Repurchase Agreements (less than 3 months)	**1,002,994,685**	–
	1,819,024,328	458,137,517

14.1 Financial Investments-Measured at Fair Value Through PL

	2024 LKR	2023 LKR
Investment in Unit Trust Funds	**1,001,278,217**	–
	1,001,278,217	–

15. PLACEMENT WITH BANKS AND OTHER FINANCIAL INSTITUTIONS

	2024 LKR	2023 LKR
Fixed Deposits placed with banks original maturity less than 3 months	**100,000,000**	–
Fixed Deposits placed with banks original maturity more than 3 months	**255,848,060**	445,268,915
	355,848,060	445,268,915

16. GOLD ADVANCES

	2024 LKR	2023 LKR
Gold Advances	**4,530,164,582**	3,971,326,248
Less : Allowance for Impairment Losses	**(25,002,009)**	(20,637,753)
Net Gold Advances	**4,505,162,573**	3,950,688,495

Collective Impairment	2024 LKR	2023 LKR
As at 1 April	**20,637,753**	8,665,477

Actuarial Gain on obligations	**8,101,913**	(2,130,956)
	20,775,483	7,319,857

28.4 The principal financial assumptions used are as follows

Messrs. Piyal S Goonetilleke Actuaries, carried out an actuarial valuation of the defined benefit plan gratuity on 31 March 2024. Appropriate and compatible assumptions were used in determining the cost of retirement benefits. The principal assumptions used are as follows:

	2024	2023
Discount Rate*	**12.30%**	19.60%
Future Salary Increment Rate	**12.00%**	15.00%
Retirement age	**60 Years**	60 Years
The weighted average duration of the defined benefit obligation	**8.2 Years**	6 Years
Mortality - GA 1983 Mortality Table issued by the Institute of Actuaries London		

* Discount rate used for the actuarial valuation changed during the year due to changes in market interest rates. Future salary increment rate too was revised to fall in line with the decrease in inflation rates.

28.5 Sensitivity Analysis

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

34. FAIR VALUE OF FINANCIAL INSTRUMENTS

34.1 Determination of Fair Value and Fair Value Hierarchy

The company use the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique.

Level 1 : Quoted prices in active markets for identical assets and liabilities.

Level 2 : Other technique for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

34.2 Financial Instruments regularly measured using Fair Value - recurring items

a) Financial Investments - Measured at Fair Value through Profit/ Loss

Investment in Unit Trust Funds	Fair Value Hierarchy	Carrying Amount LKR	Fair Value LKR
As at 31 March 2024	**Level 1**	**1,000,000,000**	**1,001,278,217**
As at 31 March 2023	**Level 1**	**–**	**–**

The Investment in Unit Trust Funds are measured at market value as on 31 March 2024 and hence are classified as Level 1 hierarchy.

b) Financial Investments - Measured at Fair Value through other comprehensive income

Investment in Unquoted Equity instruments	Fair Value Hierarchy	Carrying Amount LKR	Fair Value LKR
As at 31 March 2024	**Level 3**	**457,000**	**457,000**
As at 31 March 2023	**Level 3**	**457,000**	**457,000**

Equity instruments at fair value through OCI primarily consist of unquoted equity securities. Unquoted equity securities are carried at cost since it is the most reasonable value available to represent the price of such securities and hence classified as Level 3 hierarchy.

34.3 Fair Value of the Financial Instrument Carried at Amortized Cost

Set out below is a comparison, by class, of the carrying amount and fair value of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair value of non-financial assets and liabilities.

As at 31 March 2024	Level	Carrying Amount LKR	Fair Value LKR
Financial Assets			
Lease Rentals Receivable	Level 02	2,864,129,749	2,852,389,258
Loans and Advances	Level 02	1,173,631,285	1,176,194,388
Financial Liabilities			
Interest Bearing Borrowings	Level 02	2,941,375,336	2,964,853,047

As at 31 March 2023	Level	Carrying Amount LKR	Fair Value LKR
Financial Assets			
Lease Rentals Receivable	Level 02	2,374,025,383	2,095,629,218
Loans and Advances	Level 02	798,812,852	763,441,751
Financial Liabilities			
Interest Bearing Borrowings	Level 02	1,918,480,914	1,959,936,050

For the following list of Financial Instrument whose carrying amount is a reasonable approximation of fair value because, for example, they are short-term in nature or reprice to current market rates frequently.

Assets

Cash and Bank Balances
Investment in government Securities
Investment in Unit Trust Funds
Placements with Banks and Other Financial Institutions
Gold Advances
Other Financial Assets

Financial Liabilities

Bank Overdraft
Due to the Customers
Other Financial Liabilities

39. CAPITAL

The Company maintains capital in order to cover risks inherent in the business and meet the capital adequacy requirements of Central Bank of Sri Lanka . The adequacy of the Company's capital is monitored based on the measures, rules and ratios adopted by Central Bank of Sri Lanka.

39.1 Capital Management

The primary objective of Company's capital management policy is to ensure that the Company complies with externally imposed capital requirements and healthy capital ratios in order to support its business and to maximize shareholders' value.

Regulatory Capital

The Company manages its capital considering the regulatory capital requirements. The Central Bank of Sri Lanka(CBSL) sets and monitors capital requirements for licensed finance companies. Accordingly, finance companies in Sri Lanka need to maintain a minimum total capital adequacy ratio of 12.5% and a minimum core capital adequacy ratio (Tier I) of 8.5%.The Company has always maintained the Capital Adequacy Ratio above the minimum regulatory requirements. The company's Tier I and Tier II capital adequacy ratios as at the end of the financial year stood at 39.02% and 40.04% respectively.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

40. RISK MANAGEMENT

40.1 Introduction

Risk is inherent in the company's activities, but is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the company's continuing profitability and each individual within the company is accountable for the risk exposures relating to his or her responsibilities.

RISK MANAGEMENT FRAMEWORK

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board has delegated its authority to Integrated Risk Management Committee (IRMC) which is responsible for developing and monitoring Company's risk management policies. The Committee is headed by an Independent Non-Executive Director and is comprised of Executive and Non-Executive Directors and Officers performing Executive functions. Meetings of IRMC are held regularly, and the Board of Directors are duly updated of its activities.

RISK MANAGEMENT AND REPORTING

Monitoring and controlling risks is primarily performed based on policies, limits & thresholds established by the Company. These limits reflect the business strategy and market environment of the Company as well as the level of risk that the Company is willing to accept.

40.2 Credit Risk

Credit risk is the risk arise due to the uncertainty in counterparty's ability to meet its obligations. The risk of loss of principal or loss of a financial reward stemming from a borrower's failure to repay a loan or otherwise meet a contractual obligation. The company considers a financial instrument defaulted for impairment calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

40.2.1 Credit Quality of Financial Assets :

The following table sets out information about credit quality of leases and loans measured at amortized cost primarily based on days past due information. The amount represents gross carrying amount.

Particulars	31st March 2024	31st March 20223
Gross carrying value of Lease Rental Receivables		
Neither Past due nor impaired	**1,543,486,709**	665,189,258
Past Due but not impaired		
30 days past due	**571,069,761**	455,494,155

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 MARCH 2024 (contd.)

40.3 Liquidity Risk & Funding Management

Liquidity risk refers to the possibility of Company not having sufficient cash to meet its payment obligations. This arises primarily due to mismatches in the maturity profile of Company's assets and liabilities. Adequate liquidity is critical to meet the Company's financial commitment and to accommodate additional funding needs of the growing business volumes.

The Company's primary objective in liquidity risk management is to ensure adequate funding for its businesses throughout market cycles.

Furthermore the Company maintains the statutory liquid assets ratio at its required level as a method to measure and control the liquidity risk.

40.3.1 Analysis of Financial Assets and Liabilities by Remaining Contractual Maturities

40.4 Interest Rate Risk

Interest rate risk is a key constitute of the market risk exposure of the Company due to adverse and unanticipated movements in future interest rate which arises from core business activities; granting of credit facilities, accepting deposits and issuing debt instruments.

Due to the nature of operations of the Company, the impact of interest rate risk is mainly on the earnings of the Company rather than the market value of portfolios. Several factors give rise to interest rate risk; among these are term structure risk, which arises due to the mismatches in the maturities of assets and liabilities; basis risk which is the threat to income arises due to differences in the bases of interest rates.

Excessive movements in market interest rate could result in severe volatility to Company's net interest income and net interest margin. Company's exposure to interest rate risk is primarily associated with factors such as;

Interest Rate Risk Exposure on Financial Assets & Liabilities

The table below analyses the Company's interest rate risk exposure on financial assets & liabilities. The Company's assets & liabilities are included at carrying amount and categorized by the earlier of contractual repricing or maturity dates.

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Finance CSR Foundation

REPORT ON THE AUDIT OF THE IND AS FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Ind AS Financial Statements of **Mahindra Finance CSR Foundation** ("the Company"), which comprise the Balance sheet as at March 31, 2024, the Statement of Income and Expenditure, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policy and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Companies Act, 2013, as amended ('the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its financial performance, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Section 143(3)(i) mandates the auditor to comment on whether the Company has adequate internal financial controls over financial reporting of the Company and the operating effectiveness of such controls. In terms of paragraph 5 of Ministry of Corporate Affairs notification number G.S.R. 583 (E) dated June 13, 2017, and as amended from time to time, exemption has been provided to private limited companies fulfilling certain criteria mentioned in the notification, from the applicability of requirement of reporting in terms of section 143(3)(i). As the Company meets the relevant criteria specified in the said notification for the Financial Year 2020-21, the requirement of Section 143(3)(i) is not applicable to the Company and accordingly no report has been made under the said clause.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As requirements by the Companies (Auditor's Report) Order, 2016/2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, is not applicable to the Company, no comment on report specified in paragraphs 3 and 4 of the Order is made;
2. As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Statement of Income and Expenditure, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.

   e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

   f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

   g) With respect to other matters to be included in auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, we report that in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls with reference to financial statements Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Finance CSR Foundation** ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

1 COMPANY INFORMATION

Mahindra Finance CSR Foundation ('the Company'), incorporated in India, is a public limited company, headquartered in Mumbai dated April 2, 2019. The Company has received license under Section 8 (1) of the Companies Act, 2013. The Company is established to undertake, by itself or joining, collaborating with, or participating in, projects that, support, promote and enhance: education, including special education, especially among children, women, elderly and the differently abled; employment, vocational skills, and sustainable livelihood; curative and preventive healthcare measures; sanitation and availability of safe drinking water; measures eradicating hunger, poverty and malnutrition; sustainability environmental and ecological balance; protection of flora and fauna, animal welfare, agro forestry; conservation of natural resources; maintenance of quality of soil, air and water; including but not limited to, rehabilitation efforts prior, during and or after natural disasters. The objective of the Company is to work, contribute towards all activities outlined by, but not restricted to, Section 135, Schedule VII of the Companies Act, 2013, the related rules and the amendments thereto from time to time.

Further, the company received its registration under section 12AA of the Income Tax Act 1961 on 29 November, 2019 and certificate under section 80G of the Income Tax Act,1961 on 24 December, 2019 valid from 3 June, 2019.

None of the objects of the Company will be carried out on commercial basis. The Company is a subsidiary of Mahindra & Mahindra Financial Services Limited.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of accounting

These financial statements are the company's first Ind–AS financial statement. The financial statements have been prepared on a historical cost convention and on an accrual basis.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakh, unless otherwise indicated.

2.3 Revenue recognition

The revenue is measured on actual receipt basis of donations received.

2.4 Provisions

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Independent Auditor's Report
To The Members of Mahindra Lifespace Developers Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Mahindra Lifespace Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	**Carrying values of Inventories (Construction work in Progress and Stock in Trade)**	**Principal audit procedures performed:**
	There is a risk that the valuation of inventory may be misstated as it involves the determination of net realizable value (NRV) and estimated total construction cost of completion of each of the projects which is an area of judgement. Refer Notes 2.17 and 11 to the Standalone Financial Statements	Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: • We assessed the Company's process for the valuation of inventories. • Evaluated the design, implementation and tested the operating effectiveness of the internal controls relating to the valuation of inventories, including the management process for the review and approval of the estimated costs to complete the projects including construction cost incurred, construction budgets and net realizable value. We carried out a combination of procedures involving enquiry and observation, and inspection of evidence in respect of operation of these controls. Selected a sample of inventories and performed procedures around: • Construction costs incurred for the inventories by testing the supporting documents and wherever available, corroborated the same with the reports from external supervising engineers.

Sr. No.	Key Audit Matter	Auditor's Response
1	**Carrying values of Inventories (Construction work in Progress and Stock in Trade)**	**Principal audit procedures performed:**
		• Estimated total construction cost to be incurred for completing the construction of the project and wherever available, corroborated the same with the reports from external supervising engineers. Examined the detailed project reviews by senior operational and financial management to determine the total budgeted costs for the project. Assessed the significant judgements/ estimates adopted by the Company for the estimated total construction costs to be incurred for completing the construction of the project. Additionally, we carried out site visits for a number of projects during the year. • The Company's methodology and key assumptions for determining NRV of the inventories. Assessed the estimates used by the Company for the expected net amounts to be realized from the sale of inventories in the ordinary course of business. We examined the total projected budgeted cost to the total budgeted sale value from the project. We examined the NRV to recent sales in the project or to the estimated selling price applied in assessing the NRV. We assessed the NRV to the carrying value in books.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, Management Discussion and Analysis Report, Corporate Governance Report and Business Responsibility Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for matters stated in paragraph (i)(vi) below.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f) The modification relating to maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

   g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 37 to the standalone financial statements;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 41 (d) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 41 (d) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 42 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that:

a) in respect of an accounting software, audit trail was not enabled at the database level to log any direct changes, and

b) in respect of another software, since the audit trail log for direct data changes at database level in the software is being maintained at any given point in time only for a period of six months, we are unable to comment whether the audit trail feature was enabled and operating for the period the audit trail log is not available.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was operating and the log was maintained (refer note 41 (h) – to the standalone financial statements).

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of Mahindra Lifespace Developers Limited (“the Company”) as at March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Mahindra Lifespace Developers Limited on the financial statements of the Company for the year ended March 31, 2024.

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that,

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Capital work-in-progress.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) Some of the Property, Plant and Equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the Property, Plant and Equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

(c) With respect to immovable properties of acquired land and buildings, according to the information and explanations given to us and the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date. According to the information and explanation given to us, the Company does not have any other land or building other than administrative block and project facilities, temporarily constructed at the project sites and capitalised as Building.

(d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations and no discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions on the basis of security of current assets, and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) The Company has made investments in and granted unsecured loans to companies, during the year, in respect of which:

(a) The Company has provided unsecured advances in the nature of loans to Companies during the year and details of which are given below:

		(Rs. in lakhs)
		Loans
A.	Aggregate amount granted / provided during the year:	
-	Subsidiaries	2,350.50
-	Joint Ventures	6,325.00
B.	Balance outstanding as at balance sheet date in respect of above cases:	
-	Subsidiaries	1,750.50
-	Joint Ventures	2,975.00

The Company has not made any investments in and granted any loans or advances in the nature of loans, secured or unsecured, to firms, Limited Liability Partnerships or any other parties during the year. The Company has not provided any guarantee or security to any other entity during the year.

(b) The investments made and the terms and conditions of the grant of all the above-mentioned unsecured advances in the nature of loans provided during the year are, in our opinion, *prima facie*, not prejudicial to the Company's interest.

(c) In respect of advances in the nature of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.

(d) According to information and explanations given to us and based on the audit procedures performed, in respect of unsecured advances in the nature of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

(e) No unsecured advances in the nature of loans granted by the Company which have fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing advances in the nature of loans given to the same parties.

(f) The Company has granted unsecured advances in the nature of loans which are repayable on demand details of which are given below:

	(Rs. in lakhs)
	All parties
Aggregate of advances in nature of loans to related parties	
- Repayable on demand	6,300.50
Percentage of advances in nature of loans to the total loans	72.62%

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits. Hence reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance Fund, Income-tax, Sales Tax, Service Tax, duty of Customs, Value Added Tax, cess and other material statutory dues as applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Customs, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2024 for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to (a) above which have not been deposited as on March 31, 2024 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (Rs. in lakh)
Income Tax Act, 1961	Income Tax	Income Tax Appellate Tribunal	AY 2003-04	583.81
			AY 2009-10	19.20
			AY 2013-14	276.98
		Commissioner of Income tax (Appeals)	AY 2007-2008	561.99
Finance Act, 1994	Service Tax *	Appellate Authority- up to Commissioners/ Revisional authorities level	FY 2005 to 2010*	69.88
			FY 2010	450.79
			FY 2009 to 2014	67.70

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies.

(x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up-to the date of this report.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year and provided to us, when performing our audit.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered the internal audit reports issued to the Company (during the year), covering the period upto September 2023 for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group has more than one Core Investment Company (CIC) as part of the group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016). There are four CIC forming part of the group.

(xvii) The Company has incurred cash losses amounting to Rs. 9,000.89 lakhs in the financial year covered by our audit but had not incurred cash losses in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, the provision of sub-section (5) and sub-section (6) of section 135 of the Companies Act, 2013 are not applicable to the Company for the year. Accordingly, reporting under clause (xx) of the Order is not applicable.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

1. **General Information**

   Mahindra Lifespace Developers Limited ('the Company') is a limited company incorporated in India. Its Corporate Identification Number is (CIN) L45200MH1999PLC118949. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). Its parent and ultimate holding company is Mahindra & Mahindra Limited.

   The addresses of its registered office is disclosed in the introduction to the annual report. The Company along with its subsidiary, associates and joint venture companies is engaged in the development of residential projects and large formats developments such as integrated cities and industrial clusters.

2. **Material Accounting Policies**

2.1 Statement of compliance and basis of preparation and presentation

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act') and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 26th April, 2024.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical Cost: Assets are recorded at the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire them at the time of their acquisition. Liabilities are recorded at the amount of proceeds received in exchange for the obligation, or in some circumstances (for example, income taxes), at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

2.3 Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone financial statements is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102 – "Share based Payments", leasing transactions within the scope of Ind AS 116, "Leases" and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 – "Inventories" or value in use in Ind AS 36 – "Impairment of Assets".

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2: Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.4 Revenue from Contracts with Customers

2.4.1 Revenue from Projects

i. The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate unit to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate unit sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

ii. The Company invoices the customers for construction contracts based on achieving performance-related milestones.

iii. For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

iv. Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

v. Contract assets is the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time.

vi. The Company recognizes revenue at a point in time in each reporting period considering the estimates like reasonableness of collections from customers, disputes with the customer which may result in the cancellation of the contract, which are re assessed periodically by the management. The effect of these changes to estimates is recognised in the period when changes are determined. Accordingly any revenues attributable to such changes and the corresponding Cost of Goods Sold ("COGS") previously recognised are reversed and reduced from the current year's Revenue and COGS respectively.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements.

2.4.3 Revenue from Project Management fees and Rental Income

Revenue from Project Management Fees and Rental Income are recognized on accrual basis as per the terms and conditions of relevant agreements.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

2.4.4 Dividend and interest income

Dividend income from investments in shares is recognized when right to receive is established, which is generally when shareholders approve the dividend.

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 3 to 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current when it is:

— Expected to be realised or intended to be sold or consumed in normal operating cycle

— Held primarily for the purpose of trading

— Expected to be realised within twelve months after the reporting period, or

— Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is classified as current when:

— It is expected to be settled in normal operating cycle

— It is held primarily for the purpose of trading

— It is due to be settled within twelve months after the reporting period, or

— There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.6 Leasing

2.6.1 The Company as a Lessor

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as expense on a straight-line basis over the lease term. The respective leased assets are presented in the balance sheet based on their nature. The Company did not need to make any adjustments to the accounting for assets held as a lessor.

2.6.2 The Company as a Lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term and a corresponding lease liability at the lease commencement date i.e. the date at which the leased asset is available for use by the Company. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of right-of-use asset or the end of the lease term. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that, at the commencement date, have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

2.7 Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated using the closing rate prevailing at that date. Non-monetary items measured at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was measured. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognised in profit or loss in the period in which they arise except for:

- Exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- Exchange differences on transactions entered to hedge certain foreign currency risks.

2.8 Employee Benefits

2.8.1 Defined contribution plans

The Company's contribution to provident fund and superannuation fund is considered as defined contribution plan and is charged as an expense in profit and loss based on the amount of contribution required to be made. The Company has no further payment obligations once the contributions have been paid.

2.8.2 Defined benefit plan

Defined benefit gratuity plan is wholly or partly funded by contributions by the Company. The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using an actuarial technique, the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Net interest on the net defined benefit liability (asset) is the change during the period in the net defined benefit liability (asset) that arises from the passage of time.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

2.8.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet. Remeasurements of the net defined benefit liability (asset) recognised in other comprehensive income shall not be reclassified to profit or loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

2.8.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.8.5 Employee Stock Option Scheme

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

At the end of each reporting period the Company revises its estimate of the No. of equity instruments expected to vest. The impact of revision of the original estimate, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate with the corresponding adjustments to the equity settled.

2.9 Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.10 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the profit or loss attributable to ordinary equity holders of the Company for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit or loss attributable to ordinary equity holders of the Company for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until substantially all the activities necessary to prepare the qualifying assets for its intended use or sale are complete.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.12 Income Taxes

Income Tax expense represents the sum of tax currently payable and deferred tax

2.12.1 Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in Equity.

2.12.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

2.12.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.13 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture & Fixtures and Office equipment's are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Lease hold improvements are amortised over the period of lease/ estimated period of lease.

Vehicles used by employees are depreciated over the period of 48 months considering this period as the useful life of the vehicle for the Company.

Sales office and the sample flat/ show unit cost at site is amortised over 5 years or the duration of the project (as estimated by management) whichever is lower.

Computers, computer equipment's and furniture and fixtures are depreciated over the period of 1 year to 10 years.

Plant and equipment's are depreciated over the period of 1 year to 7 years.

Fixed Assets held for disposal are valued at estimated net realizable value.

2.14 Intangible Assets

2.14.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.14.2 Derecognition of Intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

2.14.3 Useful lives of Intangible assets

Estimated useful lives of the intangible assets are as follows:

Computer Software	5 years

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

2.15 Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

Investment property includes freehold/leasehold land and building. Depreciation on investment property has been provided on pro-rata basis, on the straight-line method as per the useful life of such property. Buildings are depreciated over the period of 60 years considering this period as the useful life for the Company.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.16 Impairment of tangible and intangible asset

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.17 Inventories

Raw materials are valued at lower of cost and net realisable value. Cost is determined based on a weighted average basis.

Stock of units in completed projects and construction work-in-progress are valued at lower of cost and net realisable value. Cost includes land cost, materials, contract works, direct expenses and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.18 Assets held for sale

Assets or disposal groups are classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. To classify as held for sale, the asset must be available for immediate sale in its present condition, its sale must be highly probable and is marketed for sale at a price that is reasonable in relation to its current fair value. The Company must also be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. Assets and disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

2.19 Cost of Construction/Development

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed Properties.

2.20 Dividend Distribution

Dividends paid (including income tax thereon) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

2.21 Provisions and contingent liabilities

2.21.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.21.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.21.3 Contingent liabilities

Contingent liability is disclosed in case of:

a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b) a present obligation arising from past events, when no reliable estimate is possible.

2.22 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

2.22.1 Classification and subsequent measurement

2.22.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

— Amortised cost; or

— Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or

— Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or

— Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain and loss on derecognition is recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Debt investment at FVTOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in Other Comprehensive Income (OCI). On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long term strategic purpose.

Equity investments that are not designated as measured at FVTOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in profit or loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

2.22.1.2 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.22.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2.22.3 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.22.4 Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Investment in Subsidiaries and Joint Ventures:

The entire carrying amount of the investment in subsidiaries, associates and joint ventures is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment.

2.22.5 Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/ or payable is recognised in profit or loss.

2.23 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been from April 01, 2024.

3. Use of estimates and judgements

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment, Investment Property and Intangible Asset

The Company reviews the useful life of property, plant and equipment, Investment Property and Intangible Asset at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to the financial statements.

C. Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

D. Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

E. Determination of the timing of revenue recognition on the sale of completed and under development property

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

F. Determination of performance obligations

With respect to the sale of property, the Company has evaluated and concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

G. Impairment of investments

The Company assesses impairment of investments in subsidiaries, associates and joint ventures which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the statement of Profit and Loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate

H. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonable certain to exercise that option and period covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of the lease.

The discount rate is generally based on increment borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Amounts utilised during the year	**(305.96)**	(94.00)
Closing Balance	**625.18**	931.14

Defect Liability Provisions:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units when control over the property has been transferred to the customer, the estimated cost of which is accrued during the period of construction, upon sale of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under the defect liability period limited to 5 years from the date when control over the property has been transferred to the customer.

(a) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as "Advances received from Customers" in note no. 22 - Other Current Liabilities. Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables in note no. 12.

(b) During the year, the Company recognised Revenue of Rs. 732.84 lakhs (31st March, 2023: Rs. 31,306.34 lakhs) from opening contract liability included in the balance sheet as "Advances received from Customers" in note no. 22 - Other Current Liabilities of Rs. 77,664.07 lakhs (1st April, 2022: Rs 48,267.00 lakhs).

(c) There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

(d) Amounts previously recorded as contract liabilities increased due to further milestone based invoices raised during the year and decreased due to revenue recognised during the year on completion of the construction.

(e) Amounts previously recorded as Trade receivables increased due to further milestone based invoices raised during the year and decreased due to collections during the year.

(f) There are no contract assets outstanding at the end of the year.

(g) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as at 31st March, 2024, is Rs. 3,53,734 lakhs (31st March, 2023: Rs. 1,82,714 lakhs). Out of this, the Company expects, based on current projections, to recognize revenue of around 16% (31st March, 2023: 19%). within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

(2) Reconciliation of revenue recognised with the contracted price is as follows:

(Rs. in lakhs)

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Contracted price	**1,311.75**	46,422.49
Adjustments on account of cash discounts or early payment rebates, etc.	**–**	–

Total		**7,592.01**	6,921.69

Share based payment

The Company has granted options to its eligible employees under the Employee Stock Options Scheme 2006 ("ESOS 2006") and the Employee Stock Options Scheme 2012 ("ESOS 2012). The options granted under both the schemes are equity settled.

ESOS 2006:- Options granted under ESOS 2006 vest in 4 equal instalments of 25% each on expiry of 12 months, 24 months, 36 months and 48 months respectively from the date of grant. The options may be exercised on any day over a period of five years from the date of vesting.

ESOS 2012 (Options granted till 16th March, 2021):- Options granted under ESOS 2012 vest in 4 instalments bifurcated as 20% each on the expiry of 12 months and 24 months, 30% each on the expiry of 36 months and 48 months respectively from the date of grant. The options may be exercised on any day over a period of five years from the date of vesting.

ESOS 2012 (Options granted from 17th March, 2021):- Options granted under ESOS 2012 vest in 3 equal instalments of 33.33% each on expiry of 12 months, 24 months, and 36 months respectively from the date of grant. The options may be exercised within a period of five years from the date of grant.

The other details of the schemes are summarised below:

Risk-free interest rate	4.82% - 5.69%	5.16% - 5.59%	5.47% - 5.88%	6.84% - 6.90%	7.23% - 7.27%

In respect of Options granted under the Employee Stock Option Plan the accounting is done as per requirements of Ind AS 102 - ‘Share Based Payments’ after adjusting for reversals on account of options forfeited.

The risk-free interest rate being considered for the calculation is the interest rate applicable for maturity equal to the expected life of the options based on the zero-yield curve for Government Securities

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

27 - Finance Costs

(Rs. In lakhs)

	Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
(a)	Interest costs:		
	Interest expense for financial liabilities at amortised cost	**4,959.11**	2,189.35
	Less: Allocated to projects	**(4,294.07)**	(1,367.23)

Total	**93.64**	80.39

29 - Tax (Credit)/Expense

(a) Tax (Credit)/Expense recognised in profit or loss

(Rs. In lakhs)

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Current Tax:		
In respect of current year	**–**	–
Deferred Tax:		
In respect of current year origination and reversal of temporary differences	**(3,129.22)**	(68.97)
Total	**(3,129.22)**	(68.97)

(b) Tax Expense/(Credit) recognised in Other Comprehensive income

(Rs. In lakhs)

Particulars	For the Year ended 31st March, 2024	For the Year ended 31st March, 2023
Deferred tax related to items recognised in other comprehensive income during the year:		
Remeasurements of the defined benefit plans	**9.51**	(0.43)
Total	**9.51**	(0.43)

(c) Reconciliation of estimated income tax (credit)/expense at tax rate to income tax expense reported in the Statement of Profit and Loss is as follows:

(Rs. In lakhs)

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Profit / (Loss) Before Tax And Exceptional Item	**(9,302.42)**	2,619.05
Income tax expense / (credit) calculated at 25.17% on above Profit / (Loss)	**(2,341.23)**	659.21
Effect of expenses that is non deductible in determining taxable profit	**(778.54)**	84.43
Changes in recognised deductible temporary differences	**(9.45)**	(812.61)
Income tax (credit)/expense recognised In Statement of Profit and Loss	**(3,129.22)**	(68.97)

30 - Earnings per Share

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
	Rs.	Rs.
Basic Earnings per share	**(2.51)**	9.78
Diluted earnings per share	**(2.51)**	9.77

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

(i) Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

(Rs. In lakhs)

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Profit /(Loss) for the year	**(3,881.96)**	15,125.29
Weighted average number of equity shares	**154,929,540**	154,576,310
Basic earnings per share (Rs)	**(2.51)**	9.78

(ii) Diluted earnings per share

The diluted earnings per share has been computed by dividing the net Profit /(Loss) after tax available for equity shareholders by the weighted average number of equity shares, after giving dilutive effect of the outstanding stock options for the respective periods.

(Rs. In lakhs)

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Profit / (Loss) for the year used in the calculation of diluted earnings per share	**(3,881.96)**	15,125.29
Weighted average number of equity shares used in the calculation of Diluted EPS	**155,081,194**	154,875,916

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of ordinary shares used in the calculation of basic earnings per share as follows:

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**154,929,540**	154,576,310
Add: Options outstanding under Employee Stock Option Plan	**151,654**	299,606
Weighted average number of equity shares used in the calculation of Diluted EPS	**155,081,194**	154,875,916

The Company has incurred a loss for the year ended March 31, 2024 and accordingly, the effect of potential equity shares to be issued would be anti-dilutive.

31 - Financial Instruments

Capital management

The Company's capital management objectives are:

- safeguard its ability to continue as a going concern, so that it can continue to maximise the returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

(Rs. In lakhs)

Particulars	As at 31st March, 2024	As at 31st March, 2023
Debt*	**87,213.81**	24,064.39

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

(i) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from trade receivables, cash and cash equivalents & other financial assets.

Trade Receivables:

The Company's trade receivables include receivables on sale of residential flats and rent receivable. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. The rent receivables are secured by security deposits obtained under the lease agreement. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats and rent receivables.

The concentration of credit risk is limited due to the fact that the customer base is large. The Company determines the allowance for expected credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. Basis this assessment, the allowance for doubtful trade receivables as at March 31, 2024 is considered adequate.

Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For Other Financial Assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. Other Financial Assets are considered to be low credit risk exposure assets.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Future specific market movements cannot be normally predicted with reasonable accuracy.

Currency Risk

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The Company undertakes few transactions denominated in foreign currencies only for availing certain services. Hence Foreign currency risk is not significant in comparison to company's operations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Increase / decrease in basis points	Currency	**As at 31st March, 2024 Effect on Profit / (loss) before tax (Rs. In Lakhs)**	As at 31st March, 2023 Effect on Profit / (loss) before tax (Rs. In Lakhs)

Balance as at 31st March	**441.50**	301.36

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

34 - Segment information

The reportable segments of the Company are 'Projects, Project Management and Development' and 'Operating of Commercial Complexes'.

The segments are largely organised and managed separately according to the organisation structure that is designed based on the nature of business. Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director regarded as the Chief Operating Decision Maker ("CODM").

Description of each of the reportable segments for all periods presented, is as under:

i) Projects, Project Management & Development: This Segment of the business includes income from sale of residential units across projects, project management and development in India.

ii) Operating of Commercial Complexes: This Segment of the business includes rental income from commercial properties at New Delhi

The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments. The measurement of each segment's revenues, expenses and assets is consistent with the accounting policies that are used in preparation of the financial statements. Segment profit represents the profit before interest and tax.

Information regarding the Company's reportable segments is presented below:

(Rs. In lakhs)

Revenue from type of products and services

The operating segments are primarily based on nature of products and services and hence the Revenue from external customers of each segment is representative of revenue based on products and services.

Geographical Information

The Company operates in one reportable geographical segment i.e. "Within India". Hence, no separate geographical segment wise disclosure is applicable as per the requirements of Ind AS 108 Operating Segments.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

Information about major customers

Revenues from transactions with a single external customer did not amount to 10 percent or more of the Company's revenues from external customers.

Segment revenue reported above represents revenue generated from external customers. There were no inter-segment sales in the current year as well as previous year.

35 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 423.08 lakhs (31st March, 2023: Rs. 341.58 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	As at	
	31-Mar-24	31-Mar-23
Discount rate(s)	**7.18%**	7.31%
Expected rate(s) of salary increase	**10.00%**	10.00%
Expected average remaining service	**4.00**	4.00
Attrition Rate	**21.21 % p.a. for all service groups.**	21% p.a. for all service groups.
Mortality rate	**IALM (2012-14) Urban**	IALM (2012-14) Urban

Defined benefit plans – as per actuarial valuation on 31st March, 2024

(Rs. In lakhs)

Particulars	Funded Plan Gratuity For the year ended 31st March, 2024	Funded Plan Gratuity For the year ended 31st March, 2023
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost		
Current Service Cost	**79.72**	69.26
Past Service Cost	**–**	34.28
Net interest expense	**7.69**	4.90
Components of defined benefit costs recognised in profit or loss	**87.41**	108.44
Remeasurement on the net defined benefit liability		
Return on plan assets (excluding amount included in net interest expense)	**0.98**	(1.47)
Actuarial (gains)/loss arising from demographic assumptions	**–**	(7.07)
Actuarial (gains)/loss arising from changes in financial assumptions	**2.60**	(14.45)
Actuarial (gains)/loss arising from experience adjustments	**34.19**	21.30
Components of defined benefit costs recognised in other comprehensive income	**37.77**	(1.69)
Total	**125.18**	106.75
I. Net Asset/(Liability) recognised in the Balance Sheet		
1. Present value of defined benefit obligation	**520.50**	420.05
2. Fair value of plan assets as at	**336.82**	314.79
3. Surplus/(Deficit)	**(183.68)**	(105.26)
4. Current portion of the above	**–**	–
5. Non current portion of the above	**(183.68)**	(105.26)
II. Movements in the present value of the defined benefit obligation.		
1. Present value of defined benefit obligation at the beginning of the year	**420.05**	383.70
2. Less: Transfer out liability for employees transferred to group companies	**–**	(22.92)
3. Add: Transfer in liability for employees transferred from group companies	**8.03**	26.59
4. Expenses Recognised in Profit and Loss Account		
- Current Service Cost	**79.72**	69.26
- Past Service Cost	**–**	34.28
- Interest Cost	**30.71**	23.23
5. Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	(7.07)
ii. Financial Assumptions	**2.60**	(14.45)
iii. Experience Adjustments	**34.19**	21.30
6. Benefit payments	**(54.80)**	(93.87)
7. Present value of defined benefit obligation at the end of the year	**520.50**	420.05
III. Movements in the fair value of plan assets are as follows.		
1. Fair value of plan assets at the beginning of the year	**314.79**	294.99
2. Actual Return on Plan Assets	**(0.98)**	1.47

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

(Rs. In lakhs)

Particulars	Funded Plan Gratuity For the year ended 31st March, 2024	For the year ended 31st March, 2023
3. Contributions by Employer	**–**	–
4. Interest Income	**23.01**	18.33
5. Fair value of plan assets at the end of the year	**336.82**	314.79
IV. The fair value of the plan assets at the end of the reporting period for each category, are as follows:		
- Issuer Managed funds (Non quoted value)	**336.82**	314.79

In respect of the plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2024 by K. A. Pandit, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Rs. In lakhs)

Principal assumption		Changes in assumption (%)	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount rate	**2024**	**1.00%**	**(19.30)**	**21.00**
	2023	1.00%	(16.11)	17.54
Salary growth rate	**2024**	**1.00%**	**20.25**	**(18.99)**
	2023	1.00%	16.94	(15.88)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year.

The Company expects to contribute Rs. NIL lakhs (March 31, 2023 Rs. NIL Lakhs) to the gratuity trusts during the next financial year.

Maturity profile of defined benefit obligation:

(Rs. In lakhs)

	31st March, 2024	31st March, 2023
Within 1 year	**94.06**	62.60
1 - 2 year	**67.86**	64.24
2 - 3 year	**70.90**	58.94
3 - 4 year	**69.97**	56.58
4 - 5 year	**79.82**	52.89
5 - 10 years	**342.71**	300.73

Major Category of plan assets for Gratuity Fund is as follows:

	31st March, 2024	31st March, 2023
Asset category:		
Deposits with Insurance companies	**100%**	100%
	100%	100%

The weighted average age considered for defined benefit obligation as at March 31, 2024 is 34.44 years (March 31, 2023: 34.38 years)

The average expected future service considered for defined benefit obligation as at March 31, 2024 is 4 years (March 31, 2023 - 4 years)

40 - Financial Ratios

(Rs. in lakhs)

Particulars		**Numerator**	**Denominator**	**For the year ended 31st March, 2024**	**For the year ended 31st March, 2023**	**% Variance**	**Reason for material variance**
a)	Current Ratio	Current Assets	Current Liabilities	1.62	1.57	2.81%	–
b)	Debt Equity Ratio (Gross)	Debt (1)	Equity	0.57	0.15	278.86%	Increase in utilisation of working capital facility and term loan.
c)	Debt Service Coverage Ratio (DSCR)	Earning Available for debt service (2)	Debt Service (3)	(0.08)	0.22	(135.98%)	Decrease in earnings available for debt service and increase in utilisation of working capital facility and term loan
d)	Return of Equity	Profit/(Loss) After Tax	Average Equity	(2.46%)	9.75%	(125.25%)	Decrease in Operating Revenue as compared to previous year
e)	Inventory Turnover ratio	Revenue from Operations	Average Inventory	0.01	0.33	(97.75%)	Decrease in Operating Revenue as compared to previous year
f)	Trade Receivables turnover ratio	Revenue from Operations	Average Trade Receivables	0.22	5.70	(96.06%)	Decrease in Operating Revenue as compared to previous year
g)	Trade Payable turnover ratio	Cost of Sales	Average Trade payable	0.15	2.93	(94.87%)	Decrease in Cost of Sales due to Decrease in Operating Revenue as compare to previous year

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

(Rs. in lakhs)

Particulars		Numerator	Denominator	For the year ended 31st March, 2024	For the year ended 31st March, 2023	% Variance	Reason for material variance
h)	Net capital turnover ratio	Revenue from Operations	Average Working Capital (4)	0.02	0.55	(97.01%)	Decrease in Operating Revenue as compared to previous year
i)	Net profit ratio	Profit/(Loss) After Tax	Revenue from Operations	(207.74%)	32.05%	(748.14%)	Decrease in Operating Revenue as compared to previous year
j)	Return on Capital employed	Earning before interest & taxes (5)	Capital employed (6)	(2.62%)	8.60%	(130.44%)	Decrease in Operating Revenue as compared to previous year
k)	Return on investment	Income generated from Investment (7)	Average investments (Gross)	6.32%	21.29%	(70.30%)	Decrease in dividend income as compared to previous year

The company operates in real estate business and is governed by IND AS 115 for recording the revenue as per completion contract method. Accordingly, abovementioned ratios may not be strictly comparable

Formula used for calculation of Ratios and Financial Indicators are as below:

1) Debt = Borrowing + Lease Liabilities
2) Earning for Debt Service = Net Profit before taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc.
3) Debt Service = Borrowing + Interest Payment + Lease Liability Payment
4) Working Capital = Current Asset - Current Liabilities
5) Earning before interest & taxes = Profit/(loss) before Tax (incl Exceptional Item) + Finance Cost
6) Capital Employed = Equity + Borrowing - Intangible Assets
7) Income generated from Investment = Dividend Income + Interest Income + Net Gain/(loss) arising on Financial Assets measured at Fair Value through Profit and Loss

41 - Other statutory information

a) Security of current assets against borrowings

The Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. However, the quarterly returns or statements comprising quarterly financial results are not filed by the Company to such bank or financial institution as these are published financial results and are available on the Company's website for public including such banks or financial institutions. These quarterly financial results are in agreement with the unaudited books of account of the Company of the respective quarters

b) The company do not have any benami property, where any proceeding has been initiated on or are pending against the company for holding benami property.

c) Transactions with struck off companies

During the year ended 31st March 2024, the Company has entered into a transaction with an unrelated party Digipace Consulting (OPC) Private Limited towards brokerage services for an amount of Rs. 2.41 lakhs and closing payable balance was NIL as on 31st March 2024.

d) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the group (Ultimate Beneficiaries) or provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the group shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the ultimate beneficiaries

e) Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

f) Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2024

g) Registration of Charges or satisfaction with Registrar of Companies (ROC)

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period

h) Audit trail

As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014 the Company uses only such accounting softwares for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made and who made those changes within such accounting software. This feature of recording audit trail has operated throughout the year and was not tampered with during the year. However, in respect of an accounting software, audit trail was not enabled at the database level and in respect of another software the audit trail log for direct data changes at database level in the software is being maintained at any given point in time only for a period of six months. The company has established and maintained an adequate internal control framework over its financial reporting and based on its assessment, has concluded that the internal controls for the year ended March 31, 2024 were effective.

42. The Board of Directors of the Company has recommended a dividend of Rs. 2.65 per share on Equity Share of Rs. 10 each (26.50%) (31st March, 2023: Rs. 2.30 per share - (23%) subject to approval of members of the company at the forthcoming Annual General Meeting.

43. Events after the reporting period

No material events have occurred after the Balance Sheet date and upto the approval of the financial statements.

44. Previous Year Figures

The figures for previous year have been regrouped wherever necessary to confirm to current year's grouping.

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Infrastructure Developers Limited

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Mahindra Infrastructure Developers Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2024 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its Profit and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that if there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial statements;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
      iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in

any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (a) and (b) contain any material misstatement.

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

3. As regards the other matters to be included in the Auditor's Report, in accordance with the requirements of section 197 of the Act regarding managerial remuneration, the company has complied with the necessary provisions during the audit period.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

i. In respect of its Property, Plant and Equipment and Intangible assets:

As per information provided by the Company to us, it does not have any Property, Plant and Equipment and Intangible assets as on 31st March, 2024. Accordingly, paragraph 3 (i) of the Order is not applicable to the Company.

ii. In respect of its inventories:

The Company does not have inventory. Accordingly, clause 3 (ii) (a) of the Order is not applicable.

As per information and explanation provided by the Company to us, the Company does not have any sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company.

iii. Loans given by Company:

(a) According the information and explanations given to us, during the year the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

(b) The terms and conditions of the loans / advances granted are, in our opinion, prima facie, not prejudicial to the Company's interest.

(c) The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest is as per stipulations.

(d) As per information and explanation provided by the Company to us, there is no overdue amount remaining outstanding as at the year-end.

(e) As per information and explanation provided by the Company to us, No loan or advance in the nature of loan granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) As per information and explanation provided by the Company to us, the company has not granted any loans or advances in the nature of loans without specifying any terms or period of repayment.

Loans were granted at repayable on demand.

	Related Parties
Aggregate amount of loans/ advances in nature of loans	
- Repayable on demand (A)	16,32,52,740
- Agreement does not specify any terms or period of repayment (B)	
Total (A+B)	16,32,52,740
Percentage of loans/ advances in nature of loans to the total loans	100

iv. Loan to Directors and investment by the Company:

According to the Information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, Investments made, guarantees given and security as applicable.

v. Deposits:

The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there-under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. Cost Records:

The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

vii. Statutory Dues:

According to information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including income tax, Goods and Service Tax (GST), and other material statutory dues, as applicable, with the appropriate authorities and there are no outstanding as on the last day of the financial year concerned for a period of more than six months. The Company has no obligation under Provident Fund and Employee State Insurance Rules. Payment of Sales Tax, Wealth Tax, Customs and Excise duties and Value Added Tax is not applicable to the Company during the period of Audit period.

There are no dues of income tax, sales tax, wealth tax, service tax, GST outstanding for more than 6 months at the end of Audit period.

viii. Previously unrecorded income

As per information and explanation provided by the Company to us, there are no transactions which are not recorded in the books of account have been surrendered or disclosed as income during the Audit period in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence, relevant provision of the Order is not applicable.

ix. Repayment of Loans:

According to the records of the company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of any loans since it has not availed of any loans from any bank nor has borrowed from any financial institution. The Company has also not issued any debentures as at the balance sheet date.

x. Utilisation of IPO & further public offer:

The Company has not raised any money by way of initial public offer or further public offer and no term loan was raised by the Company.

xi. Reporting of Fraud:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance fraud by the Company or any fraud on the Company by its offices or employees, nor noticed or reported during the year.

xii. Nidhi Company:

The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Internal Audit system:

The Company is the private limited company and does not have turnover of two hundred crore rupees or more during the preceding financial year; or outstanding loans or borrowings from banks or public financial institutions exceeding one hundred crore rupees or more at any point of time during the preceding financial year. Hence, Section 138 is not applicable and so relevant clause is not applicable.

xv. Non – cash Transactions:

The Company has not entered into any non-cash transactions with directors or persons connected with any director of the Company.

xvi. Register under RBI Act 1934:

The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

xvii. Cash losses:

The Company has incurred cash losses in the Audit Period and in the immediately preceding financial year (FY 2022-23).

	FY 23-24	FY 22-23
Particulars	**Amount in Lakhs**	**Amount in Lakhs**
Profit/(Loss) before tax for the year	145.98	1,316.76
Add: Depreciation	–	–
Less: Interest on ICD	(155.22)	(131.99)
Cash (losses)/profit (in lakhs)	**(9.24)**	**1,184.77**

xviii. Resignation of statutory auditors:

During the year the no statutory auditors has been resigned, hence relevant clause is not applicable.

xix. Material uncertainty on meeting liabilities:

According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall dues.

xx. Transfer to fund specified under Schedule VII of Companies Act, 2013:

There were no amounts which were required to be transferred to fund specified under Schedule VII of Companies Act, 2013.

The company does not have net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year. Hence Section 135 is not applicable and so relevant clause is not applicable.

xxi. Qualifications or adverse auditor remarks in other group companies:

Clause (xxi) of the Order is not applicable to the Company since report is of Standalone Financial Statement.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MAHINDRA INFRASTRUCTURE DEVELOPERS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Mahindra Infrastructure Developers Limited** (“the Company”) as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Mahindra Infrastructure Developers Limited ("the Company") is a public company incorporated in India on 10 May, 2001 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is in the business of development of infrastructure projects and infrastructure related services.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Material Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 12th April, 2024.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method which is based on useful life indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2024

Note No. 22 As the Company can continue its current operations with its own cash resources for a period of atleast one year, the accounts of the Company for the period ended **31 March, 2024** have been prepared on the basis of going concern.

Note No. 23 - Financial Instruments

[I] Capital management

The Company's capital management objectives is to ensure the Company's ability to continue as a going concern

The capital structure of the Company consists of equity.

The Company does not have any borrowings.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primary trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(i) Trade receivables

Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date and the Company measures the loss allowances at an amount equal to lifetime expected credit lossess. The Company does not hold collateral as security.

(ii) Financial instruments and cash deposits:

Credit risk from balances with banks is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with bank.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(₹ in lakh)

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above	Total	Carrying Value
Non-derivative financial liabilities						
31-Mar-24						
Trade Payable	1.52	–	–	–	1.52	1.52
Total	**1.52**	**–**	**–**	**–**	**1.52**	**1.52**
31-Mar-23						
Trade Payable	1.49	–	–	–	1.49	1.49
Total	**1.49**	**–**	**–**	**–**	**1.49**	**1.49**

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have significant other price risk.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA WORLD CITY (MAHARASHTRA) LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra World City (Maharashtra) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards/Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended / the Companies (Accounts) Rules, 2014 as amended ("Ind AS" / "AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "Annexure B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which would impact its financial position;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management of the Company have represented to us respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management of the Company has represented to us that, to the best of their knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us nothing has come to our notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared any dividend during the year.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Mahindra World City (Maharashtra) Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024 based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.]

(i) The Company does not have property, plant and equipment and intangible assets. Hence, reporting under Clause 3(i)(a) / (b) / (c) / (d) of the order is not applicable to the Company.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) The Company does not have any inventory. Hence, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) (a) According to the information and explanations given to us, the Company has not provided loans or provided advances in the nature of loans, or stood guarantee, or provided security to any other entity. Hence reporting under Clause 3(iii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the investments made by the Company are not prejudicial to the interest of the Company.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly,the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961.Accordingly,the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us, the company has not raised any money by way of term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us and based on the audit procedures performed by us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

(xiv) The Company did not have an internal audit system for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company (add only if applicable) or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 6 Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 3.94 lakhs in the current financial year. The Company has incurred cash losses of Rs. 75.17 Lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) According to the information and explanations given to us, CSR is not applicable to the Company. Hence, reporting under Clause 3(xx) is not applicable to the Company.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

1. Corporate information

Mahindra World City (Maharashtra) Limited ("the Company") is a public company incorporated in 2005 (CIN: u45309MH2005P1Cl55225) under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is in the business of development of Multi product SEZ in Maharashtra as a joint venture with Maharashtra Industrial Development Corporation (MIDC).

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Material Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 13th April, 2024.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Financial assets and Liabilities

2.3 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.4 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.4.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.4.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.5 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.5.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.5.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.5.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.6 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.7 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.7.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.8 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.9 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In previous year, the Board of Directors had at its meeting held on 11th January, 2023, approved Rights Issue of 2,42,53,300 Equity Shares of Rs. 10 each aggregating to Rs. 2425.33 lakhs at par. The Company completed the Rights Issue by allotting on 25th March, 2023, 2,42,53,300 Equity Shares of Rs. 10 each aggregating to Rs. 2425.33 lakhs, to the holders of equity shares in proportion, to the paid-up share capital of the Company. The rights issue was fully subscribed. Consequently, the paid up equity share capital of the Company has increased to Rs. 2542.37 lakhs divided into 2,54,23,700 equity shares of Rs. 10 each. The Rights Issue proceeds have been fully utilised for the purpose of the Issue.

In previous year, the Company in accordance with the terms of 8.5% Non-Cumulative Redeemable Preference Shares, undertook early redemption of 1,77,500 8.5% Non-Cumulative Redeemable Preference Shares of Rs. 10 each at par on 27th March, 2023.

Notes:

1. During the year, there were no amounts required to be written off or written back in respect of debts due from or to related parties.
2. Related parties have been identified by the Management.

Note No. 19 - The accounts of the Company for the year ended 31st March, 2024 have been prepared on the basis of going concern.

Note No. 20 - Financial Instruments

Capital management

The Company's capital management objectives are:

– safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders

– maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt ratio which is determined as the proportion of total debt to total equity.

Debt ratios are as follows:	**As at 31st March, 2024**	As at 31st March, 2023
Debt (A)	**–**	–
Equity (B)	**1,532.24**	1,538.16
Debt Ratio (A/B)	**–**	–

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is not exposed to credit risk.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years
Non-derivative financial liabilities			
31 March 2024			
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	–
Non-derivative financial liabilities			
31 March 2023			
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	–

C) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchange fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have other price risk.

Note No. 21 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF KNOWLEDGE TOWNSHIP LIMITED
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying financial statements of **Knowledge Township Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2024 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its Profit and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However,

future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

    (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

    (e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

    (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company does not have any pending litigations which would impact its financial statements;

        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

        iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

        (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

        (c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (a) and (b) contain any material misstatement.

3. No dividend is declared or paid during the year, hence reporting as regards compliance with Section 123 of the Act is not applicable.

4. As required by Section 197(16) of the Act, based on our audit, we report that the Company has not paid remuneration to its directors for the year under audit. Hence, this clause is not applicable to the Company.

5. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

i. In respect of its Property, Plant and Equipment and Intangible assets:

As per information provided by the Company to us and examination of the books of accounts, the Company does not have Property, Plant and Equipment and Intangible assets, accordingly, the requirements under paragraph 3(i) (a), (b), (c), (d) and (e) are not applicable to the Company.

ii. In respect of its inventories:

The management has conducted physical verification of stock in hand at reasonable intervals during the year. With respect to inventory represented by development rights and construction work in progress having regards to the nature of inventory, physical verification is carried out by way of verification of title deeds, site visits by the management and certification of extent of work completion by competent persons at reasonable intervals. No material discrepancies were noticed on such verification of stock in hand, development rights and work in progress.

As per information and explanation provided by the Company to us, the Company does not have any sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3 (ii) (b) of the Order is not applicable to the Company.

iii. Loans given by Company:

As per information and explanation provided by the Company to us, during the year the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, paragraph 3 (iii) of the Order is not applicable to the Company.

iv. Loan to Directors and investment by the Company:

According to the Information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, Investments made, guarantees given and security as applicable.

v. Deposits:

The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there-under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. Cost Records:

The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

vii. Statutory Dues:

According to information and explanations given to us and the records of the Company, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees State insurance, Income Tax, GST and other statutory dues, as applicable, with the appropriate authorities.

According to the records of the company, there are no dues outstanding with respect to income tax, provident fund, employees' state insurance, GST and Cess, as applicable, on account of any dispute.

viii. Previously unrecorded income

As per information and explanation provided by the Company to us, there are no transactions which are not recorded in the books of account have been surrendered or disclosed as income during the Audit period in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence relevant provision of the Order is not applicable.

ix. Repayment of Loans:

a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or government authority.

c) According to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

d) According to the information and explanations given to us, we report that funds raised on short-term basis have not been utilized for long term purposes by the Company.

e) According to the information and explanations given to us, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(e) of the Order is not applicable.

f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(f) of the Order is not applicable.

x. Utilization of IPO & further public offer:

(a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, clause 3(x) (a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

xi. Reporting of Fraud:

(a) During the course of our examination of the books and records of the company, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company nor any fraud on the Company has been noticed or reported during the year nor have we been informed of any such instance by the management.

(b) During the course of our examination of the books and records of the company and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the order is not applicable to the Company.

(c) According to the information and explanation given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

xii. Nidhi Company:

The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Internal Audit system:

The Company is the unlisted public limited company and does not have paid up share capital of fifty crore rupees or more during the preceding financial year; turnover of two hundred crore rupees or more during the preceding financial year; or outstanding loans or borrowings from banks or public financial institutions exceeding one hundred crore rupees or more at any point of time during the preceding financial year; outstanding deposits of twenty five crore rupees or more at any point of time during the preceding financial year. Hence, section 138 is not applicable and so relevant clause is not applicable.

xv. Non – cash Transactions:

The Company has not entered into any non-cash transactions with directors or persons connected with any director of the Company.

xvi. Register under RBI Act 1934:

The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

xvii. Cash Profit / losses:

The Company has incurred cash profit in the Audit Period Rs. 1.62 Lakhs and cash losses in the immediately preceding financial year (FY 2022-23) Rs. 4.88 Lakhs.

xviii. Resignation of statutory auditors:

During the year the no statutory auditors' has been resigned, hence relevant clause is not applicable.

xix. Material uncertainty on meeting liabilities:

According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx. Transfer to fund specified under Schedule VII of Companies Act, 2013:

There were no amounts which were required to be transferred to fund specified under Schedule VII of Companies Act, 2013.

The company does not have net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year. Hence Section 135 is not applicable and so relevant clause is not applicable.

xxi. Qualifications or adverse auditor remarks in other group companies:

Clause (xxi) of the Order is not applicable to the Company since report is of Standalone Financial Statement.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF KNOWLEDGE TOWNSHIP LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Knowledge Township Limited** (“the Company”) as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS AS AT/ FOR THE YEAR ENDED MARCH 31ST, 2024

1. General Information

The company was incorporated on August 16, 2007 and is engaged in the business of development of Knowledge City in Pune, Maharashtra. Its parent and holding company is Mahindra Lifespace Developers Limited.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

2. Material Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has been passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortized upon recognition of revenue from the related property sale contract.

2.4.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised in temporary differences between the carrying amounts of assets and liabilities in the financial statements

NOTES TO THE FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31ST MARCH 2024

and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified into the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising from the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.8 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash- generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.9 Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31ST MARCH 2024

2.12 *Financial Instruments*

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 *Financial assets*

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.13.1 *Classification of financial assets*

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purpose of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of ‘Reserve for debt instruments through other comprehensive income’. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss. All other financial assets are subsequently measured at fair value.

2.13.2 *Effective interest method*

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.13.3 *Investments in equity instruments at FVTOCI*

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the ‘Reserve for equity instruments through other comprehensive income’. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 *Financial assets at fair value through profit or loss (FVTPL)*

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 *Impairment of financial assets*

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The

NOTES TO THE FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31ST MARCH 2024

Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair

NOTES TO THE FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31ST MARCH 2024

value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.14.2.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item. However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.5 Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.6 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Note No. 18 - Financial Instruments

Capital management

The company's capital management objectives are:

To ensure the company's ability to continue as a going concern

To provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Debt-to-equity ratio as of 31st March 2024 and 31st March 2023 is as follows:

(₹ in Lakhs)

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF INDUSTRIAL TOWNSHIP (MAHARASHTRA) LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Industrial Township Maharashtra Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards / Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its Profit and total comprehensive Income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) In our opinion, and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year and hence provisions of Section 197 of the Companies Act, 2013 are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      I. The Company does not have any pending litigations which would impact its financial position;

II. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

III. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

IV. (a) The management of the Company has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) , including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of their knowledge and belief, no funds have been received by the Company, any of such subsidiaries from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(C) Based on such audit procedures, that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

V The Company has not declared any dividend during the year.

VI Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Industrial Township Maharashtra Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.]

(i) The Company does not have property, plant and equipment and intangible assets. Hence, reporting under Clause 3(i)(a) / (b) / (c) / (d) of the order is not applicable to the Company.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the inventory comprising construction work in progress has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(c) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us, the company has not raised any money by way of term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

(xiii) (a) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

(b) The Company did not have an internal audit system for the period under audit.

(xiv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xv) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group 4 Core Investment Companies.

(xvi) In our opinion and according to the information and explanations given to us, the Company has not incurred any cash losses in the immediately preceding financial year and current financial year.

(xvii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xviii) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xix) According to the information and explanations given to us, CSR is not applicable to the Company. Hence, reporting under Clause 3(xx) is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

1. General Information

The company was incorporated on July 02, 2008 and is engaged in the business of development of Industrial Park in Roha, Maharashtra. Its parent and holding company is Mahindra Lifespace Developers Limited

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

2. Material Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.8 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.9 Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

2.12 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss. All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.13.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.14.2.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item. However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.5 Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.6 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2024

Note - 15 - Segment Reporting

The Company operates in one segment namely Project and Development activity, hence separate segment reporting has not been made under Indian Accounting Standard (Ind- AS 108)-"Operating Segment". The operation of company comprises a single geographical segment, India.

Note No. - 16 - Additional regulatory information

a) Details of benami property held

No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

b) Relationship with struck off companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

c) Wilful defaulter

The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

d) Utilisation of borrowed funds and securities premium

The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

e) Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

f) Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

g) Registration of Charges or satisfaction with Registrar of Companies (ROC)

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.

h) Whistle Blower-

During the year ended March 31, 2024 and till the date of adoption of financial statements by board of directors, the Company did not received any whistle blower complaints.

i) Discrepancies between books of accounts & quarterly statements submitted to banks

The Company has not availed any borrowings from Banks or financial institutions. Consequently the reporting under this clause is not applicable.

Note No. - 17 - Comparitives

The figures for previous year have been regrouped/reclassified wherever necessary to conform to current year's grouping/classification.

Note No. 18 - Standards issued but not yet effective

On 31st March 2024, the Ministry of Corporate Affairs (MCA) through a notification, The amendments rules to the Companies (Indian Accounting Standards) Amendment Rules, 2023 are applicable from 01 April 2024 (Financial Year 2024-2025).

The accompanying notes are an integral part of the Financial Statements

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
ANTHURIUM DEVELOPERS LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Anthurium Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards / Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended / the Companies (Accounts) Rules, 2014 as amended ("Ind AS" /"AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its Profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies) including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of their knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures, that we considered reasonable and appropriate in the circumstances, performed by us nothing has come to our notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared any dividend during the year.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Anthurium Developers Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.]

(i) The Company does not have property, plant and equipment and intangible assets. Hence, reporting under Clause 3(i) (a) / (b) / (c) / (d) of the order are not applicable to the Company.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) The Company does not have any inventory. Hence, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us, the company has not raised any money by way of term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on shortterm basis have not been utilised for long-term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

(xiv) (a) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding, or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has incurred cash profits of 0.03 Lakhs during current financial year. The Company has incurred cash losses of Rs. 0.04 Lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) According to the information and explanations given to us, CSR is not applicable to the Company. Hence, reporting under Clause 3(xx) is not applicable to the Company.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Anthurium Developers Limited ("the Company") is a public company incorporated in India on 02 June, 2010 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Material Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 13th April, 2024.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method which is based on useful life indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2024

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Weighted average number of equity shares	**50,000**	50,000
Earnings per share from continuing operations - Basic	**0.04**	(0.07)

Note No. 13 - As the Company can continue its current operations with its own cash resources, the accounts of the Company for the year ended 31st March, 2024 have been prepared on the basis of going concern.

Note No. 14 - Financial Instruments

Capital management

The Company's capital management objectives are:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt ratio which is determined as the proportion of total debt to total equity.

Debt ratios are as follows:	As at 31st March, 2024	As at 31st March, 2023
Debt (A)	**–**	–
Equity (B)	**13.06**	13.04
Debt Ratio (A/B)	**–**	–

Categories of financial assets and financial liabilities

The following tables shows the carrying amount and fair values of financial assets and financial liabilities by category:

(₹ in lakh)

Other Bank Balances	13.00	–	–	13.00
Other Financial Assets	0.09	–	–	0.09
Current Liabilities				
Borrowings	–	–	–	–
Trade Payables	–	–	–	–

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is not exposed to credit risk.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2024

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years
Non-derivative financial liabilities			
31-Mar-24			
Non-interest bearing			
Trade Payable	–	–	–
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	–
Non-derivative financial liabilities			
31-Mar-23			
Non-interest bearing			
Trade Payable	–	–	–
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	–

C) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have other price risk.

Note No. 15 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Fair value of financial assets and financial liabilities that are not measured at fair value

(₹ in lakh)

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of Mahindra Industrial Park Private Limited ("the Company"), which comprise the Balance sheet as at March 31, 2024, the Statement of Profit and Loss, including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards/ Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its Profit and total comprehensive Income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report and the related annexures but does not include the Financial Statements and our Auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 20224 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

   f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements;

   g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries except loan given to Mahindra Bloomdale Developers Limited in earlier years out of the loan borrowed from Mahindra Lifespace Developers limited in earlier years.

(b) The management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provided any guarantee, security or the like on behalf of the Ultimate beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The Company has not declared/paid any dividend during the year.

vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of **Mahindra Industrial Park Private Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE FINANCIAL STATEMENTS

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls system over financial reporting with reference to these financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date on the financial statements of **Mahindra Industrial Park Private Limited** for the year ended March 31, 2024

Annexure to the Auditor's Report referred to in our report of even date:

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(a) (B) The Company does not have any intangible assets. Hence, reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Company has a regular programme of physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 2 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property under Property Plant and Equipment. Hence, reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals and no material discrepancies were noticed on physical verification.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC bank on the basis of security of First ranking pari passu charge by way of charge on all the assets of the company except land. The Stock statements along with CA Certificate filed by the Company with HDFC bank on a quarterly basis are in agreement with the unaudited books of account as certified by the management.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared as a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) In our opinion and according to the information and explanations given to us, the term loans have been applied for the purpose for which the loans were obtained.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

xiv. (a) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

(b) In our opinion and based on our examination, Section 138 of the Act, does not applicable to the Company and thus, Clause 3(xiv)(b) of the Order is not applicable to the Company,

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash loss of Rs. 4.62 Crores during the current financial year and a cash profit of Rs. 6.86 Crores in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, the Company is not required to adhere to Section 135 of the Companies Act, 2013. Accordingly, the reporting under Clause 3(xx) of the Order is not applicable to the Company.

xxi. According to the information and explanations given to us, the Company does not have any subsidiary companies. Accordingly, the reporting under Clause 3(xxi) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS AS AT /FOR THE PERIOD ENDED 31ST MARCH, 2024

1. Corporate information

Mahindra Industrial Park Private Limited ("the Company") is a private limited company incorporated in India on 29th March, 2013 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is in the business of establishing, acquiring, developing and maintaining Industrial Parks, Technology Parks, Bio-tech Parks, Software Parks, Special Economic zones, Export Processing Zones, Industrial Areas, Industrial estates, Integrated Townships, Residential and/or Commercial Complexes, Housing Facility in India and outside India.

The Company is a joint venture of Mahindra Lifespace Developers Limited and International Finance Corporation (IFC).

2. Material Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016. For all periods upto and including the financial year ended 31st March, 2024

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 16th April, 2024

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed of, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

NOTES TO THE FINANCIAL STATEMENTS AS AT /FOR THE PERIOD ENDED 31ST MARCH, 2024

2.7.1 *Equity instruments*

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 *Financial liabilities*

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 *Derecognition of financial liabilities*

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 *Revenue recognition*

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 *Taxation*

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 *Current tax*

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 *Deferred tax*

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 *Current and deferred tax for the year*

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 *Minimum Alternate Tax (MAT):*

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 *Cash and cash equivalents*

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 *Cash Flow Statement*

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note No. 23 - Financial Instruments

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern
– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

NOTES TO THE FINANCIAL STATEMENTS AS AT /FOR THE PERIOD ENDED 31ST MARCH, 2024

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Actuarial (gains) / Losses	0.11	(1.52)
Total expenses	**0.17**	**0.12**
iii. Amounts recognized in other comprehensive income	–	–
iv. Change in present value of Defined Benefit obligation		
Present Value of the obligation at the beginning of the year	0.10	8.92
Past service cost	-	-
Current Service cost	0.05	1.04
Interest Cost	0.01	0.61
Actuarial (Gains) /Losses	0.11	(1.52)
Benefits Paid	-	(2.09)
(Liability Transferred Out/ Divestments)	-	(6.84)
Present value of the obligation as at the end of the year	**0.27**	**0.11**

(Amounts in INR)

	Gratuity (Un-Funded) 2023-24	Gratuity (Un-Funded) 2022-23
v. Principal actuarial assumptions		
Discount Rate	7.18%	7.31%
Salary Growth Rate	10.00%	10.00%
Attrition rate	21.21%	21.21%

vi. Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.
The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Amounts in INR)

	Year	Change in Assumption	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount Rate	2024	1.00%	(0.01)	(0.02)
	2023	1.00%	(0.01)	0.01
Salary Growth Rate	2024	1.00%	(0.02)	(0.01)
	2023	1.00%	0.01	(0.01)

Maturity profile of defined benefit obligation:

(Amounts in INR)

	2023-24	2022-23
Year 1	–	0.00
Year 2	–	0.00
Year 3	0.06	0.00
Year 4	0.05	0.02
Year 5	0.04	0.02
Next 5 Years	0.14	0.07

c) Compensated Absences

The key assumptions used in the computation of provision for long term compensated absences as per the Actuarial Valuation are as given below:

(Amounts in INR)

Particulars	For the period ended 31st March, 2024	For the period ended 31st March, 2023
Discount rate	7.18%	7.31%
Salary Growth rate	10.00%	10.00%
Attrition rate	21.21%	21.21%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

26 - Additional regulatory information

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

MAHINDRA WATER UTILITIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Water Utilities Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

    d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

    e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

    f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

    g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

    h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company does not have any pending litigations which would impact its financial position.

        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

        iv. (a) The Management has represented that, to the best of it's knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

        (b) The Management has represented, that, to the best of it's knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Water Utilities Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statement of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Mahindra Water Utilities Limited on the financial statements for the year ended March 31, 2024).

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company does not have any intangible assets, reporting under clause (i)(a)(B) of the Order is not applicable.

(b) The property, plant and equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties hence reporting under clause (i)(c) of the Order is not applicable.

(d) The Company has not revalued any of its property, plant and equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company does not have any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. The Company have not taken any disbursement during the year. According to the information and explanations given to us, the Company is therefore not required to file any quarterly returns and statements with such banks till balance sheet date.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Having regard to the nature of the Company's business/ activities, reporting under clause (vi) of the Order is not applicable.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities through there has been slight delay in few cases. We have been informed that the provisions of Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax and Cess are not applicable to the Company for the year.

There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax and other material statutory dues in arrears, as at March 31, 2024 for a period of more than six months from the date they became payable.

(b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2024.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, the funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies. Hence, reporting under clause (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and Section 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Act. Hence, reporting under clause (xiv) of the Order is not applicable.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of it's holding company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b), (c) and (d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of our knowledge of the Board of Directors and Management plans of obtaining finance from bank and borrowings from parent of holding company as per the terms as may be agreed between the parties or such other sources as may be available to the Company (refer Note 33 to the financial statements), nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note 1. Corporate information:

Mahindra Water Utilities Limited (the Company) is a public company incorporated in India on August 10, 1999, under the provisions of the Companies Act, 1956. The Company is engaged in the operation & maintenance of water and sewage system for M/s. New Tirupur Area Development Corporation Limited, Tirupur. The Company is a subsidiary of Mahindra Infrastructure Developers Limited and the ultimate holding company is Mahindra and Mahindra Limited.

Note 2. Material accounting policies:

2.1 Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis for preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Property, Plant and Equipment:

Property, Plant, and Equipment held for use in the supply of services or for administrative purposes, are stated in the Balance Sheet at cost less depreciation and accumulated impairment losses, if any. Costs comprise purchase price and attributable costs, if any.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives as determined by the Management, using the straight-line method. The estimated useful life as determined by the Management is in line with that prescribed in Schedule II to the Companies Act 2013. The estimated useful lives, residual values, and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets costing individually less than Rs. 5,000 are fully depreciated in the year of purchase.

An item of property, plant, and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant, and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.4 Impairment of tangible assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the asset's carrying amount is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.5 Revenue recognition:

Revenue is measured at the fair value of the consideration received or receivable.

i) Income for services is accounted for as and when services are rendered as per terms of the agreement at the contractual rate and there exists no significant uncertainty as to ultimate realisation.

ii) Dividend income from investments is recognised when the shareholder's right to receive payment has been established provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

iii) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.6 Employee benefits

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable), and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.7 Lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees. The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in the Statement of Profit and Loss except when they relate to items that are recognised in Other Comprehensive Income, in which case, the current and deferred tax are also recognised in Other Comprehensive Income.

2.9 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.10 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets at fair value through profit or loss (FVTPL)

Investments in units of Mutual Funds are classified as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

established, it is probable that the economic benefits associated with the dividend will flow to the Company, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety, the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Foreign exchange gains and losses on financial assets

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss.

(ii) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of the costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs, and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.11 New and amended standards

The accounting policies adopted and methods of computation followed are consistent with those of the previous financial year, except for items disclosed below:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

There were certain amendments to standards and interpretations which are applicable for the first time for the period ended 31 March 2024, but either the same are not relevant or do not have an impact on the financial statements of the Company

Note 3 Critical accounting judgments and key sources of estimation uncertainty:

In the application of the Company's accounting policies, which are described in Note 2, the management is required to make judgments, estimates, and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

At the end of the reporting period, there were no key assumptions concerning the future period that may have had a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Terms/rights attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 10 per share. Each holder of equity shares is entitled to one vote per share and dividend proportionate to their shareholding. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of the Interim dividend.

In the event of liquidation of the Company, the holders of the equity shares will be entitled to receive remaining assets of the Company. The distribution will be in proportion to the number of equity shares held by the shareholders.

Total	**2,251.08**	2,234.87

Note:

The company had, as per Operation and Maintenance Agreement between the Company and New Tirupur Area Development Corporation Ltd (NTADCL) and subsequent written confirmations received from NTADCL Board, raised operations and maintenance fees' invoices amounting to Rs. 2,907.30 lakhs (including GST of Rs. 443.49 lakhs) during the year for services rendered to NTADCL. Such fees invoices include fee escalation, effective from 01.04.2023, of 15% amounting Rs. 379. 21 lakhs (including GST of Rs. 57.84 lakhs). Part of such invoices remained overdue as the same is not released by NTADCL with certain reasons not known to the Company. However, the Company is confident that the invoices raised are as per the terms of OMA and confirmations received from NTADCL Board and accordingly, will recover all the overdues including the fee escalation amount of 15% in due course. However, as an abundant caution, Company has decided to recognize revenue towards this 15% fees escalation once the discussions and/or other actions towards the recovery of such amounts are concluded.

Note - 25 Financial Instruments

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

** The Company considers that the carrying amount of these financial instruments recognised in the financials statements approximate their fair values.

Financial Risk Management Framework

The Company's activities expose it to financial risks - credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The company has only one client for whom the operation and maintenance services are rendered. The Company has reached a settlement with its customers and has a approved payment schedule in place and also revenue terms for the future period.

The Company is not subject to any externally imposed capital requirements.

There is no change in estimation techniques or significant assumptions during the reporting period.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amounts disclosed in the table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	In Lakhs	In Lakhs	In Lakhs	In Lakhs
Non-derivative financial liabilities				
31-Mar-24				
Non-interest bearing	**168.31**	**–**	**–**	**–**
Total	**168.31**	**–**	**–**	**–**
31-Mar-23				
Non-interest bearing	157.99	–	–	–
Total	157.99	–	–	–

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Note - 26 Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 25.14 Lakhs (2023 : Rs.24.13 Lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increase in life expectancy will result in an increase in the plan's

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan particpants will increase the plan's liability.

Note: An entity shall disclose description of any plan amendments, curtailments and settlements.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-Mar-24	31-Mar-23
Discount rate(s)	**7.18%**	7.31%
Expected rate(s) of salary increase	**8.00%**	10.00%
Expected rate of return on plan assets	**7.18%**	7.31%

Attrition rate

	Valuation as at	
Age (Years)	**31-Mar-24**	**31-Mar-23**
21 - 30	**21.21% p.a for all service groups**	**10.00%**
31 - 40		**5.00%**
41 - 50		**3.00%**
51 - 59		**1.00%**

– Past Service Cost		–
– Interest Expense (Income)	**7.26**	7.09
4. Recognised in Other Comprehensive Income		–
Remeasurement (gains)/losses		–
- Actuarial Gain (Loss) arising from:		–
i. Demographic Assumptions	**–**	(5.26)
ii. Financial Assumptions	**(6.41)**	5.28
iii. Experience Adjustments	**15.70**	(3.39)
5. Benefit payments	**(6.10)**	(10.09)
6. Others (Specify)	**–**	–
7. Present value of defined benefit obligation at the end of the year	**115.30**	99.30
III. Change in fair value of plan assets during the year ended March 31,		
1. Fair value of plan assets at the beginning of the year	**96.43**	99.64
2. Add/(Less) on account of Scheme of Arrangement/Business Transfer		–
3. Expenses Recognised in Profit and Loss Account		–
– Expected return on plan assets	**7.05**	7.17
4. Recognised in Other Comprehensive Income		–
Remeasurement gains/(losses)		–
– Actual Return on plan assets in excess of the expected return	**0.32**	(0.66)
5. Contributions by employer (including benefit payments)	**23.73**	0.37
6. Benefit payments	**(6.10)**	(10.09)
7. Fair value of plan assets at the end of the year	**121.42**	96.43
IV. The Major categories of plan assets		
– Insurer managed funds (Non Quoted Value)	**121.42**	96.43

Notes:

The current service cost and net interest expenses for the year is included in the "Employee benefits expenses" line item in the statement of profit and loss.

The remeasurernent of the net defined benefit liability is Included-in other comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

V The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Impact on defined benefit obligation	
		Increase in assumption	Decrease in assumption
Discount rate	2024	**3.41**	**3.16**
	2023	3.15	2.91
Salary growth rate	2024	**3.35**	**3.16**
	2023	3.04	2.87

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

VI Maturity profile of defined benefit obligation:

	2024	2023
Expected benefits for year 1	**26.01**	21.78
Expected benefits for year 2	**31.76**	18.15
Expected benefits for year 3	**15.00**	22.91
Expected benefits for year 4	**12.04**	10.38
Expected benefits for year 5	**10.25**	8.51
Expected benefits for year 6 to 10	**33.98**	30.06
Expected benefits for year 11 and above	**18.43**	18.27

VII Plan Assets

The fair value of Company's pension plan asset as of March 31, 2023 and 2022 category are as follows:

	2024	2023
Asset category:		
Cash and cash equivalents	**–**	–
Debt instruments (quoted)	**–**	–
Debt instruments (unquoted)	**–**	–
Equity instruments (quoted)	**–**	–
Deposits with Insurance companies	**121.42**	96.43
	121.42	96.43

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at March 31, 2024 is 11.40 years (2023: 11.34 years)

VIII. Experience Adjustments :

	Year ended				
	2024	2023	2022	2021	2020
			Gratuity		
1. Defined Benefit Obligation	115.30	99.30	98.40	90.58	87.12
2. Fair value of plan assets	121.42	96.43	99.64	86.84	84.34
3. Surplus/(Deficit)	6.12	(2.87)	1.23	(3.74)	(2.78)
4. Experience adjustment on plan liabilities [(Gain)/Loss]	15.70	(3.39)	(1.75)	(5.16)	(5.67)
5. Experience adjustment on plan assets [Gain/(Loss)]	(0.32)	0.66	(0.18)	(0.10)	0.11

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note - 33

As at March 31, 2024, the Company's paid up capital was Rs. 10 lakhs and net current asset was Rs.1,849.99 lakhs which mainly comprises of trade receivables amounting to Rs.1,890.58 lakhs. Cash used in operating activities was Rs. 4.01 lakhs for the year ended March 31, 2024. The Management expects that the future cash outflows for next 12 months would be significantly met out of the outstanding collections from its customer. If there are further delays for such collections, management has plans to avail its unutilised working capital limit from bank amounting to Rs. 700 lakhs (comprising Rs. 500 lakhs overdraft facility and Rs. 200 lakhs bank guarantee) to meet shortfall, if any. Further, as per the board resolution dated April 21, 2023 the company is permitted to borrow (including from group companies), alongside existing loans, up to a maximum limit of Rs. 2,500 lakhs, the same has been committed by holding of parent company in form of inter corporate deposit.

The Board of Directors have assessed the above conditions and indicators and have come to the conclusion that no material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern taking into account the plans management has put in place and the other mitigating factors described above.

Note - 34 : Other Statutory Information :

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

INDEPENDENT AUDITORS' REPORT

To the Members of

MAHINDRA WORLD CITY DEVELOPERS LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mahindra World City Developers Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2024, the Statement of Profit and Loss, including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information. (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its Profit and total comprehensive Income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report and the related annexures but does not include the Financial Statements and our Auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

   f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to Financial Statements;

   g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year and hence provisions of Section 197 of the Companies Act, 2013 are not applicable.

   h) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements. (Refer Note 29 to the Financial Statements)

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to the Investor Education and Protection Fund by the Company.

      (iv) (a) The management of the company has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

      (b) The management has represented that, to the best of it’s knowledge and belief, other than as disclosed in the notes to accounts, no funds have been received by the company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provided any guarantee, security or the like on behalf of the Ultimate beneficiaries; and

      (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice or other auditors that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

      (v) The Company has not declared/paid any dividend during the year.

      (vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra World City Developers Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls system over financial reporting with reference to these financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. In respect of its Property, Plant and Equipment:

(a) (A) According to the information and explanations given to us, the Company has generally maintained proper records showing particulars, including quantitative details and situation of property, plant and equipment and investment properties. However, quantitative details and situation of certain property, plant and equipment and investment properties.

(B) The Company does not have any intangible assets. Hence, reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company

(b) The property, plant and equipment and investment properties are physically verified by the Company once in two years. The physical verification of property, plant and equipment and investment properties was conducted in the current financial year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) With respect to immoveable properties of land that are freehold, according to the information and explanations given to us and the records examined by us and based on the examination of the original title deeds/Land Delivery Receipts (LDR's) issued by Government provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.

ii. a) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deed, certificate received from third party confirming the inventory, site visits by the management and certification of extent of work completion by competent persons are done at reasonable intervals and no material discrepancies were noticed on physical verification.

b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC Bank Limited on the basis of security of the current assets of the Company excluding Inventories during the year. The Cashflow statements filed by the Company with HDFC Bank Limited on a quarterly basis are in agreement with the unaudited books of account as certified by the management.

iii. According to the information and explanations given to us, the Company has not made any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act with respect to investments made. The Company has not granted any loans or provided any guarantee or security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as at March 31, 2024 for a period of more than six months from the date they became payable.

(c) The details of dues of Service Tax, Income Tax & GST which has not been deposited as on March 31, 2024 on account of disputes are given below:

Name of Statue	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount Unpaid (Rs. in Lakhs)
Finance Act, 1994	Service Tax	CESTAT	2008-2017	455.23

Name of Statue	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount Unpaid (Rs. in Lakhs)
Income Tax Act, 1961	Income Tax	Income Tax Appellate Tribunal	AY 2012-13 to AY 2014-15	365.77
Income Tax Act, 1961	Income Tax	Hon'ble High Court of Madras	AY 2016-17	4,171.16
CGST Act, 2017	GST	Appellate Authority	2017-18	32.69
CGST Act, 2017	GST	Appellate Authority	2017-18	21.10

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. a) In our opinion and according to the information and explanations given to us and on the basis of our examination of books and records of the Company, the Company has not defaulted in the repayment of loans or borrowings or in payment of interest thereon to banks and debenture holders. The Company has not taken any loans or borrowings from Government.

b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

c) In our opinion and according to the information and explanations given to us, the term loans have been applied for the purpose for which the loans were obtained.

d) According to the information and explanations given to us and based on the audit procedures performed by us and on an overall examination of the Balance Sheet of the Company, we report that the Company has not utilised funds raised on short-term basis for long-term purposes.

e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

x. a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. a) During the course of our examination of books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

xiv. a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company, Associate, Joint venture or persons connected with them during the year and hence provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under (xv) of the Order is not applicable to the Company.

xvi. a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause (xvi) of the Order is not applicable to the Company.

b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current and in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

1. General Information

Mahindra World City Developers Limited ("the Company") was incorporated on February 19, 1997. The Company is in the business of land development for industrial, commercial, and residential use and township including residential infrastructure in Mahindra World City SEZ and giving it on perpetual lease. The Company acquires land and incurs expenditure on its development and related infrastructure facilities for lease/sale. The Company also maintains the Industrial Park for which it collects operation and maintenance charges from the lessees. The Company has developed and operates an integrated business city "Mahindra World City" at Chengalpattu taluk near Chennai.

Promoted in a Public Private Partnership by the Mahindra Group and Tamilnadu Industrial Development Corporation Limited (A Government of Tamil Nadu Undertaking), Mahindra World City surpasses the conventional definition of a business space - it is a business eco-system, carefully linked and integrated to function with efficiency. Mahindra World City, Chennai is India's first integrated City and Corporate India's first operational SEZ.

Etching its name on India's business map, Mahindra World City Chennai, has attracted corporate giants such as BMW, B. Braun, Capgemini, Marriot, Infosys, BASF, Lincoln Electric, Parker Hannifin, Renault-Nissan, Tesa SE, Federal Mogul, Fujitec, Pegatron, NTN Corporation, Timken, TVS Group of Companies and Wipro among others.

The Registered office of the company is located at Ground Floor, Mahindra Towers, 17/18, Patulous Road, Chennai, Tamil Nadu -600 002.

2. Material Accounting Policies

2.1 Statement of compliance

The Standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

2.2 Basis of Measurement

2.2.1 Basis of preparation and presentation

The Standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2.2 Exemption from preparation of consolidated financial statements

The Company has investments in a Joint venture. The Holding company, Mahindra Lifespaces Developers Limited, having its registered office at 5th floor, Mahindra Towers, Worli, Mumbai 400 018 are presenting the consolidated financial statements. The Company has therefore availed the exemption under paragraph 4(a) of Ind AS 110 having satisfied the conditions for exemption from preparing consolidated financial statements as per Companies (Accounts) Amendments Rules, 2016 and thereby does not present consolidated financial statements.

Consequently, the accounting policies mentioned herein relate to the standalone financial statements of the Company.

2.2.3 Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Standalone financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

2.2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 1 year for the purpose of Current – Non-Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

— Expected to be realised or intended to be sold or consumed in normal operating cycle

— Held primarily for the purpose of trading

— Expected to be realised within twelve months after the reporting period, or

— Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

— It is expected to be settled in normal operating cycle

— It is held primarily for the purpose of trading

— It is due to be settled within twelve months after the reporting period, or

— There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Sale of Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time i.e Completed contract method of accounting as per IND AS 115 when (a)the seller has transferred all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with the ownership, (b) The seller has effectively handed over the possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) it is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Group offers deferred payment schemes to its customers. The Group adjusts the transaction price for the effects of the significant financing component.

2.3.3 Sale of land

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts/ agreements.

2.3.3 Project Management fee

Project Management Fees receivable on fixed period contracts is accounted over the tenure of the contract/agreement. Where the fee is linked to the input costs, revenue is recognised as a proportion of the work completed based on progress claims submitted. Where the management fee is linked to the revenue generation from the project, revenue is recognised on the percentage of completion basis.

2.3.4 Income from Operation and Maintenance (O&M)

Income from operation and maintenance charges and water charges are recognized on an accrual basis as per terms of the agreement with the lessees.

2.3.5 Contract Cost

Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.3.6 Significant accounting Judgements, Estimates and Assumptions

2.3.6.1 Determining the timing of revenue recognition on the sale of completed and under development property.

The Group has generally evaluated and concluded that based on an analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Group has concluded that the overtime criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

2.3.6.2 Determination of performance obligations

With respect to the sale of property, the Group has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Group is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

2.3.7 Dividend and interest income

Dividend income from investments from Joint ventures and Associates is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.4.1 The Company as a Lessor

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

2.4.2 The Company as a Lessee

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. The assets given by the Company on operating leases are capitalised in the books as fixed assets. Lease rentals under operating leases **are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.**

2.5 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.5.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

2.5.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.5.3 Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture and Fixtures and Office equipment's are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

2.8 Investment Properties:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model. Investment property includes freehold/ leasehold land and building. Depreciation on investment property has been provided on pro-rata basis, on the straight-line method as per the useful life of such property. Buildings are depreciated over the period of 60 years considering this period as the useful life for the Company.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.9 Impairment of tangible and intangible asset other than Goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of profit and loss.

2.10 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Work in progress includes cost of land and all expenditure incurred in connection with, or attributable to the project, and, being a long-term project, includes interest.

2.11 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

2.12 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.13 Provisions, contingent liabilities and contingent assets

2.13.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.13.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.13.3 Contingent liabilities

Contingent liability is disclosed in case of:

a. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b. a present obligation arising from past events when no reliable estimate is possible.

2.13.4 Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.14 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

2.15 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets/liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain/loss arising out of such translation is adjusted to the statement of profit and loss.

2.16 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.16.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in statement of profit and loss for financial assets at fair value through other comprehensive income (FVTOCI) debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to statement of profit and loss.

All other financial assets are subsequently measured at fair value.

The Management assessed that fair value of cash and short-term deposits, trade receivables, other current assets, trade payables, book overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

2.16.2 The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The fair-value of the financial-instruments factor the uncertainties arising out of COVID-19, where applicable.

2.16.3 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at financial assets at fair value through profit or loss (“FVTPL”). Interest income is recognised in statement of profit and loss and is included in the “Other income” line item.

2.16.4 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right Offsetting Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.16.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

In addition, the Company has also considered credit reports and other credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19. The Company believes that the carrying amount of allowance for expected credit loss with respect to trade receivables, unbilled revenue and other financial assets is adequate.

2.16.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g., when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency, denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in statement of profit and loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

  For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.17 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.17.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.17.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.17.1.2 Financial liabilities subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.17.1.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

2.18 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

The Company's contribution to provident fund is considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.19 Earnings per Share

Basic/Diluted earnings per share is computed by dividing the profit/(loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.20 Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.21 Goods and Services tax input credit

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing/utilising the credits.

2.21 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods. The Company has used the principles of prudence in applying judgments, estimates and assumptions including sensitivity analysis and based on the current estimates, the Company expects to fully recover the carrying amount of trade receivables including unbilled receivables, goodwill, intangible assets and investments. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these Standalone financial statements.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the standalone financial statements.

Determination of the timing of revenue recognition on the sale of completed and under development property.

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

Determination of performance obligation

With respect to the sale of property, the Company has evaluated and concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after considering inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the standalone financial statements.

Fair value disclosure on Company's investment properties

(i) The Company's investment properties consist of land and building with current rentable area of 59,784 sq. ft. Management determined that the investment properties consist of two classes of assets − Land and Building − based on the nature, characteristics and risks of each property.

(ii) As at 31st March, 2024, the fair values of the properties are Rs. 1,836.00 Lakhs and Rs. 1,360.09 Lakhs respectively (Level 3). These valuations are based on valuations performed by V Dinakaran & Associates who is registered with an authority which governs the valuers in India and has appropriate qualification and experience in the valuation of properties.

(iii) The Company has mortgaged the above property to Axis Bank for the overdraft facility availed. There are no contractual obligations to either purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Description of valuation techniques used and key inputs to valuation on investment properties:

As at 31st March 2024, the fair values of the Mahindra world City Club, Chennai have been arrived at on the basis of a valuation carried out as on the respective dates by V. Dinakaran & Associates, independent valuer not related to the Group. V. Dinakaran & Associates are registered with the authority which governs the valuers in India and they have appropriate qualifications and experience in the valuation of properties in the relevant locations. The Fair value was determined using the market comparable approach based on recent market prices without any significant adjustments being made to the market observable data.

The depreciation methods used and the useful lives or the depreciation rates used are as per the Accounting policy. Refer notes 1 and 2.

Unused amounts reversed during the period	–	(116.52)
Balance at March 31, 2024	308.83	4,431.50

Defect Liability Provision:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units given under perpetual lease, the estimated cost of which is accrued during the period of construction, upon lease of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under a defect liability period limited to 5 year from the date of handover of residential units. It is expected that most of these costs will be incurred within two years after the reporting date.

** In the opinion of the management the above claims are not sustainable and the Company does not expect any outflow of economic resources in respect of above claims and therefore no provision is made in respect thereof

30. Employee Benefits

a) Defined Contribution plans

The Company makes Provident fund contribution to defined contribution plans for the employees. Under the scheme, the company is required to contribute a specified percentage of the payroll cost to the fund the benefits. The Company recognized Rs. 47.08 Lakhs (PY Rs. 56.71 Lakhs) for Provident fund & Other funds contributions in the statement of profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

b) Defined Benefit Plans

The Company's obligation towards gratuity is defined benefit plan. The gratuity expense is included under 'Employee Benefit Expenses' in Note 23 Employee benefits expense. The company has funded the gratuity Liability through LIC Scheme. The details of actuarial valuation are given below:

Gratuity:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund. Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

All amounts are in Rupees Lakhs unless otherwise stated

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

All amounts are in Rupees Lakhs unless otherwise stated

	Gratuity (Funded) 2023-24	2022-23
Attrition Rate	**21.21%**	20.00%
Mortality	LIC (2012-14) Ultimate mortality tables	
f. **Estimate of amount of contribution in the immediate next year**	**64.13**	67.12

g. Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

h. Basis used to determine expected rate of return - The Gratuity Fund is managed by the Life Insurance Corporation of India and they have not made available the information on major categories of plan assets and the expected rate of return on each class of plan assets.

All amounts are in Rupees Lakhs unless otherwise stated

i. Experience adjustment as provided by actuary:	for the years 2023-24	2022-23	2021-22	2020-21	2019-20
Present value of DBO	**97.82**	98.20	53.56	46.97	53.69
Fair value of plan assets	**33.69**	31.09	29.61	27.30	25.52
Experience gain/(loss) adjustments on plan liabilities	**(1.13)**	(1.13)	(2.85)	(2.01)	(1.44)
Experience gain/(loss) adjustments on plan assets	**0.34**	0.31	0.44	0.24	(0.32)

Long-Term Compensated Absences
Actuarial assumptions:

Particulars	For the year ended 31st Mar, 2024	For the year ended 31st Mar, 2023
Discount rate	**7.31%**	6.03%
Expected return on plan assets	**7.31%**	6.03%
Salary escalation	**10.00%**	10.00%
Attrition	**21.21%**	20.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	Year	Change in Assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount Rate	**2024**	**1.00%**	**(3.54)**	**3.85**
	2023	1.00%	(3.31)	3.59
Salary Growth Rate	**2024**	**1.00%**	**3.71**	**(3.48)**
	2023	1.00%	3.47	(3.26)
Employee Turnover	**2024**	**1.00%**	**(0.70)**	**0.75**
	2023	1.00%	(0.54)	0.58

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	As at 31st Mar, 2024	As at 31st Mar, 2023
Year 1	18.01	18.67
Year 2	15.66	16.48
Year 3	13.73	14.30
Year 4	12.57	12.45
Year 5	11.39	11.09
Next 5 Years	38.13	38.27

Plan of Assets

The fair value of Company's pension plan asset as of 31st March, 2024 and 31st March, 2023 by category are as follows:

Asset Category	As at 31st March, 2024	As at 31st March, 2023
Deposits with Insurance companies	100%	100%

31. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

32. Financial Instruments

Capital management

'The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

'The Company uses debt ratio as a capital management index and calculates the ratio as total debt divided by total equity. Total liabilities and total equity are based on the amounts stated in the financial statements.

The Company is not subject to externally enforced regulation.

Debt-to-equity ratio as of 31st March, 2024 and 31st March, 2023 is as follows:

All amounts are in Rupees Lakhs unless otherwise stated

	31st Mar, 2024	31st Mar, 2023
Debt (A)	**37,919.82**	44,667.94

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from trade receivables, cash and cash equivalents & other financial assets.

Trade Receivables

The company trade receivable includes Land leasing, Industrial park maintenance service, property leasing activities and sale of residential flats and plots as appearing in the balance sheet . Company executes Land leasing agreement with customers only, entire lease premium is paid by customers and hence no risk of credit loss in dues relating to Land leasing premium. Further, As per the company's policy, every customer has to deposit 3 to 6 months of Maintenance charges and/ or monthly lease rentals with the company and as per the terms of the agreement with the customer's, company is entitled to adjust the pending dues against the deposits taken from customer and as per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration and hence, company is not exposed to any credit loss risk.

The concentration of credit risk is limited due to the fact that the customer base is large. The Company determines the allowance for expected credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. Basis this assessment, the allowance for doubtful trade receivables as at March 31, 2024 is considered adequate.

Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For Other Financial Assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. Other Financial Assets are considered to be low credit risk exposure assets.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	Less than 1 Year	1–3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
31st March, 2024				
Non-interest bearing				
Trade Payables	**5,665.74**	**–**	**–**	**–**

Short term Borrowing - Principal	6,881.57	–	–	–
Loan term Borrowing - Principal	–	3,000.00	8,429.50	26,356.87
Total	11,194.46	3,000.00	8,429.50	26,358.62

The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the arrangement.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	31st Mar, 2024	31st Mar, 2023
Secured Bank Overdraft facility		
– Expiring within one year	**1,423.92**	2,234.75
Secured Bank Guarantee Limit (sub limit of CC Credit facility)		
– Expiring within one year	**100.00**	100.00
	1,523.92	2,334.75

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	Less than 1 Year	1–3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
31st March, 2024

31st March, 2023				
Non-interest bearing				
Non Current Investments	-	-	-	10,200.00
Trade Receivables	1,776.46	-	-	-
Cash and Cash equivalents	2,283.92	-	-	-
Cash and Bank Balances	683.70	-	-	-
Other Current Financial Assets	400.00	5.13	-	-
Total	5,144.08	5.13	-	10,200.00

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchange fluctuations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	All amounts are in Rupees Lakhs unless otherwise stated		
Year	**Currency**	**Increase/ decrease in basis points**	**Effect on Profit / (loss) before tax**
31 March, 2024	INR	+100	379.20
	INR	-100	(379.20)
31 March, 2023	INR	+100	446.68
	INR	-100	(446.68)

33. INDAS 115 Disclosures

1 Contract Balances

Amounts received before the related performance obligation is satisified are included in the balance sheet (Contract liability) as "Advance received from customers". Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables.

During the year, the Company recognised Revenue of Rs. 109.86 lakhs (FY 22-23 Rs. 5,407.72 lakhs) from Opening Contract liability included in the balance sheet as "Advance received from customers" in Note no 17.2 - Other Current liabilities of Rs.9,068.99 lakhs

There were no significant changes in the composition of the contract liabilities and trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

Amounts previously recorded as trade receivables increase due to further milestone based invoices raised during the year and decrease due to collections during the year.

There are no contract assets outstanding at the end of the year.

The aggregate value of performance obligations that are completely or partially unsatisfied as at March 31, 2024, is Rs. 15,309.62 Lakhs (as at March 31, 2023 Rs. 6,834.82 lakhs). Out of this, the Company expects to recognize revenue of 86% within the next year and remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

2 Reconciliation of revenue recognized with the contracted price is as follows:

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	Year ended 31st Mar, 2024	Year ended 31st Mar, 2023
Contracted price	**10,332.98**	5,407.72
Adjustments on account of cash discounts or early payment rebates, etc.	**–**	–
Revenue recognised as per Statement of Profit & Loss	**10,332.98**	5,407.72

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

3 Contract costs

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	Year ended 31st Mar, 2024	Year ended 31st Mar, 2023
Contract costs included in Prepaid expenses in Note no.7(d)- Other Assets	**364.76**	239.47

The Company incurs commissions that are incremental costs of obtaining a contract with a customer. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under Note no. 7(d) - Other Assets and amortises it upon completion of the related property sale contract.

For the year ended March 31, 2024, amortisation amounting to Rs. 193.80 lakhs (FY 22-23 Rs. 53.81 lakhs) is recognised as part of other expenses in the statement of profit and loss. There was no impairment loss in relation to the costs capitalised.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

36. Ratios

a) Current Ratio

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Current Assets (A)	**70,241.35**	61,073.44	
Current Liabilities (B)	**30,128.18**	19,736.69	
Ratio (A/B)	**2.33**	3.09	(25%)

Variance in current ratio is mainly on account of increase in amount received from customers (deferred revenue)

b) Debt Equity Ratio

Particulars	2023-24	2022-23	Variance %
Total Debt including interest accrued (A)	**37,925.78**	44,685.03	
Equity (B)	**17,065.74**	13,666.15	
Debt Equity Ratio (A/B)	**2.22**	3.27	(32%)

Variance is due Repayment of of NCD of Rs 45 Crores and long term borrowings of Rs 30.93 Crores.

c) Debt Service Coverage Ratio (DSCR)

Particulars	2023-24	2022-23	Variance %
Profit After Tax	**3,402.76**	2,537.81	
Depreciation	**257.19**	314.52	
Interest (Charged to P&L)	**3,626.05**	3,511.79	
Non Cash Expense	**-**	-	
Earnings available for Debt Service (A)	**7,286.00**	6,364.12	
Debt Service			
Interest Payments	**3,925.43**	3,911.99	
Pricipal Repayments	**37,919.82**	44,667.94	
Total Debt Serviced (B)	**41,845.25**	48,579.93	
Debt Service Coverage Ratio (DSCR) (A/B)	**0.17**	0.13	33%

Increase in Earning available for Debt Service and Debt service coverage ratio is mainly on account of profit recognised during the year and the repayment of the term loans and NCD during the year.

d) Return of Equity (ROE)

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Profit After Tax	**3,402.76**	2,537.81	
Networth	**17,065.74**	13,666.15	
Ratio (A/B)	**19.94%**	18.57%	7.37%

Increase in ROE is mainly on account of profit reported during the year

e) Inventory Turnover ratio

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Cost of Land leased (A)	**5,134.01**	10,232.75	
Average Inventory (B)	**57,712.63**	51,146.99	
Ratio (A/B)	**0.09**	0.20	100%

Reduction in Inventory Turnover Ratio is mainly on account of less cost of sales recognised in the current year

f) Trade Receivables turnover ratio

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Turnover (credit) (A)	**18,255.37**	17,617.17	
Trade Receaivables (Average) (B)	**3,654.32**	1,089.75	
Ratio (A/B)	**5.00**	16.17	(69%)

The Company has raised the handing over demand for two project on last week of March 2024

g) Trade Payable turnover ratio

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Project Development Expenses and other expenses (excluding interest) (A)	**9,209.67**	14,063.24	
Average Trade payable (B)	**4,748.90**	2,362.65	
Ratio (A/B)	**1.94**	5.95	(67%)

The decrease is due to Merger in the previous year

h) Net capital turnover ratio,

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Working Capital (A)	**40,113.17**	41,336.75	
Turnover (B)	**18,255.37**	17,617.17	
Ratio (A/B)	**2.20**	2.35	(6%)

No Major variance

i) Net profit ratio

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Profit After Tax (A)	**3,402.76**	2,537.81	
Revenue (B)	**18,255.37**	17,617.17	
Ratio (A/B)	**18.64%**	14.41%	29%

Increase in Net Profit ratio is mainly on account of Profit reported during the year.

j) Return on Capital employed

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Earnings before Interest and Tax (A)	**8,661.35**	5,546.87	
Net worth	**17,065.74**	13,666.15	
Borrowing	**37,919.82**	44,667.94	
Capital employed (B)	**54,985.56**	58,334.09	
Ratio (A/B)	**15.75%**	9.51%	66%

Increase in Return on Capital Employed is mainly on account of Profit reported during the year.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

k) Return on investment.

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	2023-24	2022-23	Variance %
Earnings before Interest and Tax (A)	**8,661.35**	5,546.87	
Capital employed (B)	**54,985.56**	58,334.09	
Ratio (A/B)	**15.75%**	9.51%	66%

Increase in Return on Investment is mainly on account of Profit reported during the year.

37 a Additional regulatory information

a) Details of benami property held

No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

b) Relationship with struck off companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

c) Wilful defaulter

The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

d) Utilisation of borrowed funds and securities premium

The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

e) Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

f) Details of crypto currency or virtual currency

37 b Security of current assets against borrowings

The Company has not been sanctioned working capital limits in excess of Rs 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. The company has complied with the requirement of filing of quarterly returns/statements of current assets with the banks or financial institutions, wherever applicable, and these returns were in agreement with the books of accounts for the period ended 30 June 2023, 30 September 2023 and 31 December 2023.

37. c Recent Indian Accounting Standards (Ind AS)

There are no standards that are notified and not yet efffective as on 31 March 2024.

38. During the previous year FY 2022-23, Merger of Mahindra Integrated Township Ltd (MITL) and Mahindra Residential Developers Ltd (MRDL) with Mahindra World City Developers Ltd (MWCDL)

a) Scheme of Amalgamation

The Scheme of Amalgamation ('Scheme') filed during the year ended 31 March, 2022 under the provisions of Section 230 to 232 of the Companies Act, 2013, for amalgamation of Mahindra Integrated Township Limited (MITL) ("Transferor Company 1") and Mahindra Residential Developers Limited (MRDL) ("Transferor Company 2") and Mahindra World City Developers Ltd ("Transferee Company") was approved by the Hon'ble National Company Law Tribunal vide its order dated 09 December 2022 with appointed date of 1 April 2022. Consequently the Company has given effect to the scheme as per Ind AS 103- Business Combinations (Aquisition method) in the standalone financial statements w.e.f. appointed date i.e. 1 April 2022 in accordance with General Circular No.09/2019 issued by Ministry of Corporate Affairs dated August 21, 2019. The Company received the certified copy of the said order on 09th December 2022 and filed the same with the respective Registrar of Companies on 30 December 2022.

b) Details of Consideration

The scheme provides for issue of non-convertible redeemable preference shares by the Transferee Company in the manner set out in the Scheme on amalgamation of the Transferor Companies with the Transferee Company. On the Scheme of amalgamation becoming effective, the Transferee Company issued 325 fully paid up 0.01% Redeemable Preference shares of Rs 10 each for every 100 equity share of Rs 10 each held by Mahindra Lifespace Developers Limited (MLDL) in MITL (Transferor Company 1) (after considering cancellation of shares on account of cross holding.)

Persuant to the Amalgamation of the Transferor Company 1(MITL), Transferor Company 2 (MRDL) becomes the wholly owned Subsidiary of Transferee Company (MWCDL) and accordingly, as regards the amalgamation of the Transferor Company 2 is concerned, no shared will be issued by the Transferee company in Respect of the same.

c) Fair value of Consideration Transferred

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
MAHINDRA WORLD CITY (JAIPUR) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra World City (Jaipur) Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 32 to the Financial Statements;
      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee,

security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The interim dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra World City (Jaipur) Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment and investment properties are verified by the management according to a programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the Company has physically verified property, plant and equipment and investment properties during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, in respect of the leasehold land on which the properties are constructed by the Company, based on examination of the registered lease deeds provided to us, we report that the lease agreements are in the name of the Company as at the Balance Sheet date where the Company is the lessee in the agreements.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment and investment properties or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of lease deeds, certificate received from third party confirming the inventory, site visits by the management and certification of extent of work completion by competent persons, is carried out at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC Bank Limited on the basis of security of accounts receivables during the year. The statements of accounts receivables filed by the Company with HDFC Bank Limited on a quarterly basis are materially in agreement with the unaudited books of account as certified by the management.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, specified by the Central Government under sub-section (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute. According to the information and explanations given to us and records of the Company examined by us, the particulars of dues of Urban Land Tax and Income Tax which have not been deposited as on March 31, 2024 on account of disputes are as under:

Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which the Amount relates	Amount unpaid (Rs. In Lakhs)
The Jaipur Development Authority Act, 1982	Urban Land Tax (Shahri Jamabandi)	Jaipur Development Authority	2006-2016	32,179.39
The Income Tax Act, 1961	Income Tax	Commissioner of Income Tax (Appeals)	Assessment Year 2011-2012	32.16

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(e) of the Order is not applicable to the Company.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) We have taken into consideration a whistle blower complaint received by the Company during the year and shared with us for reporting under this clause.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, there are no ongoing projects relating to corporate social responsibility. Accordingly, the reporting under Clause 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

1. General Information

Mahindra World City (Jaipur) Limited ("the Company") is engaged in the business of development of an Industrial Park with Special Economic Zone (SEZ) and Domestic Tariff Area (DTA). The Company acquires land under lease, incurs expenditure on its development and related infrastructure facilities and gives them on a long-term lease for industrial, commercial and residential use. The Company also maintains the Industrial Park for which it collects operation and maintenance charges from the lessees.

The registered office of the Company is located at 4th Floor, 411, Neelkanth Tower, Bhawani Singh Road, C-Scheme, Jaipur – 302001, Rajasthan.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2021 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Companies Act, 2013 ("the Act"). The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on April 15, 2024.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration, if any) allocated to that performance obligation.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Income from properties

Income from properties and other assets given under operating lease is recognised based on the terms of lease agreement on a straight-line basis over the non-cancellable lease period.

2.3.3 Income from Operations and Maintenance (O&M)

Income from operation & maintenance charges and water charges are recognized over time on an accrual basis as per terms of the agreement with the lessees.

2.3.4 Other income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of Current – Non-Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.5 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

2.5.1 The Company as a Lessee

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.5.2 Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the way the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.8 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.9 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties used in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Certain plant and equipment are depreciated over a period of 12 years based on technical evaluation of useful life by management.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.11 Investment Property:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, Investment properties are measured in accordance with requirement of IND AS 16 for cost model.

Investment property includes leasehold land and building. Depreciation on investment property has been provided on pro-rata basis, on the straight-line method as per the useful life of such property. Buildings are depreciated over the period of 60 years considering this period as the useful life for the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated at the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.12 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also, allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.13 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Provisions, contingent liabilities and contingent assets

2.14.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.14.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.14.3 Contingent liabilities

Contingent liability is disclosed in case of:

a. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b. a present obligation arising from past events, when no reliable estimate is possible.

2.14.4 Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.15 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.16 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.16.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for Fair Value through Other Comprehensive Income (FVTOCI) debt instruments. For the purposes of recognising foreign exchange

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.16.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.16.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument by- instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition, it is part of a portfolio of identified financial instruments.
- that the Company manages together and has a recent actual pattern of short term
- profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or
- a financial guarantee.

2.16.4 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right Offsetting Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.16.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.16.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency, denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.16.8 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.16.9 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.16.9.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.16.9.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

2.16.9.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.17 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the profit and loss account.

2.18 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.19 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences etc.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.20 Insurance Claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.21 Goods and Services tax input credit

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.22 Use of estimates and judgements

The Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

Management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Actuarial Valuation

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

Fair value disclosure on Company's investment properties

(i) The Company's investment properties consist of land and buildings with current rentable area of 4.30 Lakhs sq. ft. Management determined that the investment properties consist of two classes of assets − Land and Buildings − based on the nature, characteristics and risks of each property.

(ii) As at March 31, 2024 and March 31, 2023, the fair values of the properties are Rs. 21,340.50 Lakhs and Rs.19,025.24 Lakhs respectively (Level 3). These are based on valuations performed by Purshotam Khandelwal who is registered with an authority which governs the valuers in India and has appropriate qualification and experience in the valuation of properties.

(iii) The Company has no restrictions on the realisability of its investment properties and no contractual obligations to either purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Description of valuation techniques used and key inputs to valuation on investment properties:

Valuation technique- Income Approach Method

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

All amounts are in Lakhs unless otherwise stated

Capital Redemption Reserve: The Capital Redemption Reserve was created against redemption of Preference Shares.

Debenture Redemption Reserve: Debenture redemption reserve is a provision created against issue of debentures to protect investors against the possibility of default by the company.

Pursuant to Rule 18(7) of the Companies (Share Capital and Debentures) Rules, 2014 (amended vide Notification dated August 16, 2019), an amount of Rs. 109.14 Lakhs (PY - Rs. 407.28 Lakhs) being the excess Debenture Redemption Reserve in the books of account has been transferred to Retained Earnings.

Retained Earnings: This reserve represents cumulative profits of the Company and effects of remeasurement of defined benefit obligations. This reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

All amounts are in Lakhs unless otherwise stated

Note No. 28(c) Ratios

The following are analytical ratios for the year ended March 31, 2024 and March 31, 2023

Particulars	Numerator	Denominator	31st March 2024	31st March 2023	Variance (%)	Reason for Variance
Current Ratio	Current Assets	Current Liabilities	6.00	7.35	-18%	
Debt Equity Ratio	Debt	Equity	0.20	0.27	-26%	Due to repayment of NCD's by Rs. 1,091 lakhs
Debt Service Coverage Ratio (DSCR)	EBITDA [1]	Debt Service [2]	1.77	1.41	25%	
Return of Equity	Profit after tax	Net worth	27.08%	29.32%	-8%	
Inventory Turnover ratio	Cost of Sales [3]	Average Inventory	0.14	0.13	9%	
Trade Receivables turnover ratio	Turnover	Average Trade Receivables	14.07	30.54	-54%	Due to increase in trade receivables
Trade Payable turnover ratio	Cost of Sales [3]	Average Trade Payable	4.97	4.80	3%	
Net capital turnover ratio	Turnover	Working Capital	0.50	0.50	0%	
Net profit ratio	PAT	Revenue	51.42%	51.34%	0%	
Return on Capital employed	EBIT	Capital employed [4]	21.92%	22.21%	-1%	

Notes:

1. Earnings before interest, tax, depreciation and amortisation
2. Debt service = Current Borrowings + Non-Current borrowings + Interest charged to statement of profit and loss
3. Refer Notes 24 and 25
4. Capital employed = Net Worth + Current Borrowings + Non-Current Borrowings

Note No. 29 Current Tax and Deferred Tax

Income Tax recognised in Statement of Profit and Loss

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Current Tax:		
In respect of current year	**4,715.56**	3,581.48
Deferred Tax:		
In respect of current year origination and reversal of temporary differences	**(251.95)**	54.21
Total income tax expense	**4,463.61**	3,635.69

The total Income tax computation reconciled with book profit

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Profit before Tax	**18,631.94**	16,140.07
Income Tax FY 24 @ 25.17% and for FY 23 @ 29.12%	**4,689.66**	4,699.99
Effect of expenses that is non-deductible in determining taxable profit:		
CSR Expenses (In FY23 - Net of deduction under Section 80G allowed)	**64.44**	36.94
Deduction under Section 80IAB	**–**	(1,091.32)
Interest on Advance Tax	**14.60**	–
Others	**(305.09)**	(9.92)
Total	**4,463.61**	3,635.69
Income tax expense recognised in Statement of Profit and Loss	**4,463.61**	3,635.69

Note No. 30 Earnings per Share

Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

Particulars	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Profit for the year attributable to owners of the Company	**14,168.33**	12,504.38
Weighted average number of equity shares (Nos.)	**150,000,000**	150,000,000
Basic and diluted earnings per share (in rupees per share) of Face Value- Rs. 10 Per Share	**9.45**	8.34

Note: The Company has not issued any potential equity shares and hence, basic and diluted EPS are the same.

Note No. 31 Segment information

The Company operates in only one business segment, i.e. 'lease of land and properties constructed thereon' based on the nature of the services and products, the risks and returns, etc. This has been determined in a manner consistent with the internal reporting provided to the Chief Executive Officer of the Company who is regarded as Chief Operating Decision Maker ("CODM"). The Company operates only in India and considering that the conditions prevailing in India being uniform, no separate geographical disclosure within India is considered necessary.

Note No. 32 Contingent liabilities and commitments

Particulars	As at 31st March, 2024	As at 31st March, 2023
Contingent liabilities (to the extent not provided for)		
(a) Other Matters disputed:		
Shahri Jamabandi (Urban Assessment/Ground rent demanded by Jaipur Development Authority, Government of Rajasthan)	**32,179.39**	32,179.39

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

All amounts are in Lakhs unless otherwise stated

Particulars	As at 31st March, 2024	As at 31st March, 2023
Note : The above amount is based on demand raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of this claim would depend on the outcome of the decision of the appellate authorities and the Company's rights for future appeals. No reimbursements are expected.		
(b) Other money for which the Company is contingently liable (Income Tax Matter under appeal)	**32.16**	32.16

Note No. 33 Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

Particulars	As at 31st March, 2024	As at 31st March, 2023
Dues to Micro and Small Enterprises remaining unpaid	**33.81**	35.30
- Principal	**33.81**	35.30
- Interest	**–**	–

(i) Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information available with the Company.

(ii) There are no overdue amounts at any time during the year and hence, no interest amount is due or paid during the year.

Note No. 34 Leases

The Company has not applied the requirement of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. Amount recognised in Statement of Profit and Loss Account is Rs. 9.64 Lakhs (Previous year Rs. 10.10 Lakhs).

Note No. 35 Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 29.55 lakhs (31st March, 2023, Rs. 26.87 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Valuation as at 31st March, 2024	Valuation as at 31st March, 2023
Discount rate(s)	**7.18%**	7.31%
Expected rate(s) of salary increase	**10.00%**	10.00%
Attrition Rate	**21.21%**	21.21%
Average Longevity	**IALM (2012-14) Urban**	IALM (2012-14) Urban

Retirement age is considered to be 60 years.

Defined benefit plans (unfunded) – As per Actuarial Valuation

Particulars	Defined Benefit Plan (Unfunded) Gratuity 31st March, 2024	Defined Benefit Plan (Unfunded) Gratuity 31st March, 2023
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Current Service Cost	**6.56**	9.12
Net interest expense	**4.75**	4.49
Components of defined benefit costs recognised in profit or loss	**11.32**	13.61
Actuarial (Gain)/Loss on obligation	**3.14**	(6.73)
Components of defined benefit costs recognised in other comprehensive income	**3.14**	(6.73)
Total	**14.46**	6.88
I. Net Asset/(Liability) recognised in the Balance Sheet as at March 31		
1. Present value of defined benefit obligation as at 31 March	**70.67**	65.03
2. Surplus/(Deficit)	**(70.67)**	(65.03)
3. Current portion of the above	**13.61**	12.33
4. Non current portion of the above	**57.06**	52.70
II. Change in the obligation during the year ended March 31		
1. Present value of defined benefit obligation at the beginning of the year	**65.03**	61.10

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

All amounts are in Lakhs unless otherwise stated

Particulars	Defined Benefit Plan (Unfunded) Gratuity 31st March, 2024	31st March, 2023
2. Expenses Recognised in Profit and Loss Account		
- Current Service Cost	**6.56**	9.12
- Interest Expense (Income)	**4.75**	4.49
3. Liability transferred In/ Acquisitions	**2.71**	7.73
4. Liability Transferred Out/ Divestments	**(0.93)**	–
5. Recognised in Other Comprehensive Income		
Remeasurement gains/(losses):		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	(9.68)
ii. Financial Assumptions	**0.30**	2.15
iii. Experience Adjustments	**2.85**	0.80
6. Benefit payments	**(10.61)**	(10.68)
7. Present value of defined benefit obligation at the end of the year	**70.67**	65.03

The sensitivity of the defined benefit obligation to changes by in the weighted principal assumptions is:

Principal assumptions	Year	Impact on defined benefit obligation: Increase in assumption by 1%	Decrease in assumption by 1%
Discount rate	**2024**	**68.46**	**73.03**
	2023	62.93	67.29
Salary growth rate	**2024**	**72.95**	**68.49**
	2023	67.21	62.96

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous period.

Maturity profile of defined benefit obligation:	March 31, 2024	March 31, 2023
Within 1 year	**13.60**	12.33
1 - 2 year	**11.74**	11.08
2 - 3 year	**10.25**	9.57
3 - 4 year	**9.05**	8.35
4 - 5 year	**10.57**	7.37
5 - 10 years	**27.86**	28.26

- Other Financial Liabilities	–	3,187.09	–	3,187.09
Total	–	16,081.27	–	16,081.27

The fair values of the financial assets and financial liabilities included in the level 2 category above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Note No. 38 Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2024 and 31 March 2023 is as follows:

	31st March, 2024	31st March, 2023
Debt (A)*	**10,468.51**	11,541.41
Equity (B)	**52,314.96**	42,648.98
Debt Equity Ratio (A/B)	**0.20**	0.27

* Debt includes Borrowings (Note No. 16 Borrowings).

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counter party defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company enters into an agreement with each customer. The agreement has a termination clause by which the Company can terminate the agreement and secure the receivable. The trade receivables are also reviewed by the management regularly and necessary actions are taken in order to collect any amount outstanding from customers. Being a Developer, a unit needs certain NOC and permission in respect of commencement and operation of the business and as per the agreement signed with customer, the developer gives the required NOC and permission after clearing the outstanding dues along with interest.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Customer credibility is researched before leasing the land to ensure only credit worthiness of the clients.

The credit risk on liquid funds is limited because the counterparties are banks and debt mutual funds with high credit-ratings assigned.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	**Less than 1 Year**	**1 Year to 3 Years**	**3 Years to 5 Years**	**More than 5 years**
Non-derivative financial liabilities

INDEPENDENT AUDITORS' REPORT

To the members of Mahindra Bloomdale Developers Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Bloomdale Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of Material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Based on the work we have performed, we conclude that if there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 30 to the Financial Statements;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management of the Company have represented to us respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management of the Company has represented to us that, to the best of their knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies) including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us nothing has come to our notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The Company has not declared any dividend during the year.

(vi) As proviso to Rule 3(1) of the companies (Accounts) Rules, 2014 relating to Audit trail feature of company accounting software is applicable to the company with effect from financial year beginning April 1, 2023.

(vii) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Mahindra Bloomdale Developers Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

(a) (B) The Company does not have any intangible assets. Hence, reporting under Clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Company has a regular programme of physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 2 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property under Property Plant and Equipment. Hence, reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals and no material discrepancies were noticed on physical verification.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Five crore rupees, in aggregate, from HDFC bank on the basis of security of stocks and book debts – pari pasu charge on current assets during the year. The stock and book debts statements filed by the Company with HDFC Bank on a monthly basis are in agreement with the unaudited books of account as certified by the management.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to firms or any other parties.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, dues in respect of service tax as at 31 March 2024, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of the statute	Nature of the dues	Amount (Rs)*	Period to which the amount relates	Forum where dispute is pending
GST	ITC Credit Claimed	42,00,648	FY 2010-11	Joint Commissioner (Appeals)
GST	GST is demanded on retention of contractors	17,08,633	2017-2020	Principal Commissioner
GST	Excess transitional ITC	46,92,295	Transitional Credit	First Appellate authority

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account, which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us, the company has not raised any money by way of term loans during the year. Hence, reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

(xiv) In our opinion and according to the information and explanations given to us and based on our examination, the company is not required to have an internal Audit system as per the provisions of the act.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 160.70 lakhs during the current financial year and Rs. 1265.94 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) According to the information and explanations given to us, CSR is not applicable to the Company. Hence, reporting under Clause 3(xx) is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

1. General Information

Mahindra Bloomdale Developers Limited, a wholly own subsidiary of Mahindra Lifespace Developers Limited.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The principal activity of the Company is development of residential complexes in MIHAN Nagpur.

2. Material Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical Cost: Assets are recorded at the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire them at the time of their acquisition. Liabilities are recorded at the amount of proceeds received in exchange for the obligation, or in some circumstances (for example, income taxes), at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

- Costs to obtain contracts (“Contract costs”) relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder’s right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.8 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.9 Inventories

Raw materials are valued at lower of cost and net realisable value. Cost is determined based on a weighted average basis.

Stock of units in completed projects and construction work-in-progress are valued at lower of cost and net realisable value. Cost includes land cost, materials, contract works, direct expenses, provisions and apportioned borrowing costs.

2.10 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

2.12 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. However, trade receivables that do not contain a significant financing component are measured at transaction price.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of ‘Reserve for debt instruments through other comprehensive income’. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.13.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the ‘Reserve for equity instruments through other comprehensive income’. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.14.2.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.5 Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.6 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

2.14.2.7 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.15 Earning per share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the profit or loss attributable to ordinary equity holders of the Company for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit or loss attributable to ordinary equity holders of the Company for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

3. Significant accounting judgements, estimates and assumptions

3.1 Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on a careful analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has generally concluded that the overtime criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

3.2 Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2024

Defect Liability Provisions:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units when control over the property has been transferred to the customer, the estimated cost of which is accrued during the period of construction, upon sale of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under the defect liability period limited to 5 years from the date when control over the property has been transferred to the customer.

Capital management

The Company's capital management objectives are:

– safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders

– maintain an optimal capital structure to reduce the cost of capital.

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

Credit Risk

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents, investments carried at amortised cost, deposits with banks and financial institutions as well as credit exposures to customers including outstanding receivables.

Trade Receivables:

The Company's trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Balances with Banks, mutual funds and other financial assets:

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Rs. In Lakhs

Particulars	As at 31st March, 2024	As at 31st March, 2023
Secured Cash Credit facility		
- Expiring within one year	**520.73**	806.38
Total	**520.73**	806.38

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

28 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 3.24 lakhs (previous year Rs. 6.23 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Components of employee benefit expenses	**For the year ended 31st March 2024**	For the year ended 31st March 2023
Current service cost	**0.76**	1.40
Past Service Cost	**–**	–
Interest cost	**0.77**	0.85
Total expense recognised in the statement of profit and loss	**1.53**	2.25

Rs. In Lakhs

Components of other comprehensive income	**For the year ended 31st March 2024**	For the year ended 31st March 2023
Actuarial (Gain)/Loss on obligation	**0.09**	0.95
Components of defined benefit costs recognised in other comprehensive income	**0.09**	0.95

Rs. In Lakhs

Net Asset/(Liability) recognised in the Balance Sheet	**For the year ended 31st March 2024**	For the year ended 31st March 2023
Present value of defined benefit obligation as at 31st March	**7.65**	10.54
Fair value of plan assets as at 31st March	**–**	–
Surplus/(Deficit)	**(7.65)**	(10.54)
Current portion of the above	**(3.23)**	(2.05)
Non current portion of the above	**(4.42)**	(8.49)

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. In Lakhs

Principal assumption		**Changes in assumption**	**Impact on defined benefit obligation** PO as on Valuation date on account of increase in assumption	PO as on Valuation date on account of decrease in assumption
Discount rate	2024	1.00%	7.48	7.82
	2023	1.00%	10.16	10.96
Salary growth rate	2024	1.00%	7.82	7.49
	2023	1.00%	10.94	10.17

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

INDEPENDENT AUDITOR'S REPORT

To The Members of Mahindra Industrial Park Chennai Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Industrial Park Chennai Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's report, but does not include the financial statements, and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- Based on the work we have performed, We conclude that we have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the so far as it appears from our examination of those books except for not complying with the requirement of audit trail as stated in (i)(vi) below.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f) The modification/s relating to the maintenance of accounts and other matters connected therewith, is/are as stated in paragraph (b) above.

   g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, no remuneration has been paid/provided by the Company to its directors during the year.

   i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 35 to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 35 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that:

a) in respect of an accounting software, audit trail was not enabled at the database level to log any direct changes, and

b) in respect of another software, since the audit trail log for direct data changes at database level in the software is being maintained at any given point in time only for a period of six months, we are unable to comment whether the audit trail feature was enabled and operating for the period the audit trail log is not available.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was operating and the log was maintained. (Refer note 35 to the financial statements)

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph "f" under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Industrial Park Chennai Limited ("the Company") as at March 31, 2024 in conjunction with our audit of Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and capital work-in-progress

(a) (B) As the Company does not hold any intangible assets, reporting under clause (i)(a)(B) of the Order is not applicable.

(b) The Property, Plant and Equipment and capital work-in-progress was physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. No material discrepancy was noticed on such verification.

(c) According to the information and explanation given to us, immovable properties of land, whose title deeds have been mortgaged as security for loans are held in the name of the Company based on the confirmation directly received by us from the custodian.

(d) The Company has not revalued any of its Property, Plant and Equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations and no discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Having regard to the nature of the Company’s business / activities, reporting under clause (vi) of the Order is not applicable.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income-tax, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Employees’ State Insurance Act, 1948 are not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income-tax, cess and other material statutory dues in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on 31 March 31 2024.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.

(f) The Company did not have any subsidiary or joint venture or associate during the year and hence reporting on clause (ix)(f) of the Order relating to loans raised during the year on pledge of securities held in its subsidiaries, joint ventures or associate companies is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit report issued to the Company covering the period January 2023 to November 2023 and the internal audit report was issued in March 2024.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(d) The Group has more than one Core Investment Company as part of the group. There are four Core Investment Companies forming part of the group.

(xvii) The Company has not incurred any cash losses in the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

1. General Information

Mahindra Industrial Park Chennai Limited ("the Company") was incorporated on December 22, 2014. The Company is in the business of land development for industrial, commercial and residential use. The Company acquires land and incurs expenditure on its development and related infrastructure facilities for lease/sale. The Company is developing a 307-acre Industrial Park in North Chennai on NH 15.

The Company is a joint venture between Mahindra World City Developers Limited and Sumitomo Corporation SC of Japan.

2. Material Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with IND AS notified under the Companies (Indian Accounting Standards) Rules, 2015 to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 (to the extent notified and applicable). The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Income from Sub- Lease of Land

The agreement to long term sub-lease of land, including development and provision of infrastructure facilities/services, where substantial risk & rewards are conveyed to the sub-lessee, is considered as sale of land. The Land lease premium is recognised as income upon creation of leasehold rights in favour of the sub-lessee or upon an agreement to create leasehold rights with handing over the possession.

2.3.3 Income from sale of land

Revenue from sale is recognized upon transfer of title to the acquirer.

2.3.4 Income from Operation & Maintenance (O&M)

Income from operation & maintenance charges and water charges are recognized on an accrual basis as per terms of the agreement with the lessees.

2.3.5 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.4.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates applicable for the financial year.

2.4.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.4.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

2.5 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.6 Goods and Services Tax (GST)

GST credit on materials purchased/services availed for construction / Input services are taken into account at the time of purchase. GST input credit is accounted for in the books in the period in which the underlying service / goods received is accounted and when there is no uncertainty in availing/ utilising the credits. GST credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST credits so taken are utilised for payment of GST on lease of land. The unutilised GST credit is carried forward in the books.

2.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Work in progress includes cost of land and all expenditure incurred in connection with, or attributable to the project, and, being a long-term project, includes interest.

2.9 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.12 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the Statement of profit and loss.

2.14 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.14.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.14.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.14.3 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.14.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.14.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.15 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.15.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.15.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

2.15.1.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.15.1.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognized in the other comprehensive income is reflected immediately in the retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

	Benefits Paid	**–**	(1.05)
	Present value of the obligation as at the end of the year	**16.17**	12.21

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(Rs. In Lakhs)

	Gratuity (Un-Funded)	
	2023-24	2022-23
v. Principal actuarial assumptions		
Discount Rate	**7.18%**	7.31%
Salary Growth Rate	**10.00%**	10.00%
Attrition rate	**21.21%**	21.21%

vi. Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

			Impact on defined benefit obligation	
	Year	Change in Assumption	Increase in assumption	Decrease in assumption
Discount Rate **	**2024**	**1.00%**	**15.56**	**16.83**
	2023	1.00%	11.77	12.68
Salary Growth Rate	**2024**	**1.00%**	**16.81**	**15.57**
	2023	1.00%	12.66	11.78

Maturity profile of defined benefit obligation:

	2023-24	2022-23
Year 1	**2.42**	2.16
Year 2	**2.09**	1.87
Year 3	**1.92**	1.61
Year 4	**2.42**	1.43
Year 5	**2.18**	1.54
Next 5 Years	**8.38**	6.08

c) Compensated Absences

The key assumptions used in the computation of provision for long term compensated absences as per the Actuarial Valuation are as given below:

Particulars	**For the year ended 31 March, 2024**	For the year ended 31 March, 2023
Discount rate**	**7.18%**	7.31%
Salary Growth rate	**10.00%**	10.00%
Attrition rate	**21.21%**	21.21%

** The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

	31-Mar-23	(562.09)	(662.01)	–	–	(13.25)	–	(0.52)	(8.64)	–

(A) Mahindra & Mahindra entered into a Share Purchase Agreement with Artelia Holding SAS (Artelia) for sale of its entire stake in Mahindra Consulting Engineers, a subsidiary of the Company (MCEL) i.e. 60.88% of the Paid-Up Equity Share Capital of MCEL comprising of 11,51,000 Equity Shares of Rs. 10 each to Artelia, at a price of Rs. 89.66 per share for an aggregate consideration of Rs. 10,31,98,660. The relationship ceases between MIPCL and MCEL on 16th March, 2023.

(B) During the Previous year an Intercorporate deposit (ICD) has been obtained from Mahindra Bloomdale Developers Limited for an amount of 18 Crores. The ICD was disbursed on 30th September, 2022 with an interest rate carrying 8.00% p.a. and repayable after 3 months from the date of disbursement. As on 29th December, 2022 the Balance ICD payable of 13 Crores was rolled over for another 6 months and rate of interest was revised to 8.95% p.a. The ICD repaid along the interest on 7th February, 2023. The ICD was utilised by MIPCL for working capital purpose including purchase of land (Inventory).

(C) The 'Other services rendered" by Mahindra Lifespace Developers Limited for the FY-23-24 includes Rs. 1.48 Lakhs of KMP remuneration cross-charged to MIPCL.

27. Fair Values

The following tables show the carrying amount and fair values of financial assets and financial liabilities by categories:

(Rs. In Lakhs)

Particulars	Carrying Value 31-Mar-24	Carrying Value 31-Mar-23	Fair value as at 31-Mar-24	Fair value as at 31-Mar-23
Financial assets				
Cash and Cash Equivalents	**482.63**	104.02	**482.63**	104.02
Investments	**2,463.37**	–	**2,463.37**	–
Other Financial Assets	**44.57**	24.98	**44.57**	24.98
Trade Receivables	**8.70**	10,192.14	**8.70**	10,192.14
Total financial assets	**2,999.27**	10,321.14	**2,999.27**	10,321.14
Financial liabilities				
Borrowings	**–**	6,538.08	**–**	6,538.08
Short Term Loans	**–**	–	**–**	–
Trade Payables	**1,096.95**	1,409.01	**1,096.95**	1,409.01
Other Financial Liabilities	**1,185.03**	4,299.88	**1,185.03**	4,299.88
Total financial liabilities	**2,281.98**	12,246.97	**2,281.98**	12,246.97

The management assessed that the fair value of cash and cash equivalents, investments, trade receivables, other financial assets and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the Company's interest-bearing borrowings are determined by using discounted cash flow analysis.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

28. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the significant effect on the amounts recognised in the financial statements:

Estimates

Taxes

The Company has carried out necessary adjustments to the deferred tax balances as at 31 March 2024 based on applicable tax laws. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The provision for taxation for the current year has been determined by the Management based on the tax position to be considered for tax filing and its assessment of the probability of acceptance of the same by the taxation authorities.

Estimation of net realisable value for inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value of inventories under development is assessed with reference to the market prices at the reporting date less estimated costs to complete the development and less an estimate of the time value of money to the date of completion if material. The market prices bear reference to the recent selling prices. The costs to complete the development are estimated by management.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

29. Ratios

(Rs. In lakhs)

	Particulars	Numerator	Denominator	For the year ended 31st March, 2024	For the year ended 31st March, 2023	% Variance	Reason for material variance
a)	Current Ratio	Current Assets	Current Liabilities	8.01	3.62	121.31%	Increase in the Current Ratio is due to decrease in current liability. Current Liability has decreased because of repayment of interest accured and also because of COC Reverals.
b)	Debt Equity Ratio	Debt	Equity	–	0.42	–	Decrease in Debt equity ratio is mainly on account of repayment of borrowings during the year.
c)	Debt Service Coverage Ratio (DSCR)	Earning Available for debt service	Debt Serviced	0.24	0.13	82.33%	Improvement in DSCR is mainly on account of higher PAT as compared to previous year and repayment of borrowings during the year.
d)	Return of Equity	Profit/(Loss) After Tax	Average Equity	8.12%	4.07%	99.52%	Increase in PAT as compared to previous year.
e)	Inventory Turnover ratio	Cost of Sales	Average Inventory	0.33	0.73	(54.48%)	Decrease in Operating Revenue leading to decrease in cost of sales as compared to previous year.
f)	Trade Receivables turnover ratio	Revenue from Operations	Average Trade Receivables	1.81	4.01	(54.87%)	Decrease in Operating Revenue & Decrease in Trade receivables as compared to previous year.
g)	Trade Payable turnover ratio	Purchases	Average Trade payable	3.46	11.48	(69.91%)	Decrease in cost of sales as compared to previous year
h)	Net capital turnover ratio	Revenue from Operations	Average Working Capital	179.20%	104.15%	72.05%	Decrease in Operating Revenue & Decrease in Working Capital as compared to previous year.
i)	Net profit ratio	Profit/(Loss) After Tax	Revenue from Operations	15.92%	3.37%	372.01%	Increase in PAT as compared to previous year.
j)	Return on Capital employed	Earning before interest & taxes	Capital employed	10.91%	10.55%	3.42%	No Material Variance.
k)	Return on investment						Not applicable as the Company does not have any investments.

30. Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.

There are no overdue amounts payable to Micro, Small and Medium Enterprises, as defined in the Micro, Small and Medium Enterprises Development Act, 2006, as at the reporting date or anytime during the year and hence no interest has been paid or payable accordingly no additional disclosures have been made.

Particulars	As at 31 March, 2024	As at 31 March, 2023
Dues remaining unpaid		
Principal	121.91	57.52
Interest	–	–
Interest paid in terms of Section 16 of the MSMED Act along with the amount of payment made to the supplier beyond the appointed day during the year		
Principal paid beyond the appointed date	–	–
Interest paid in terms of Section 16 of the MSMED Act	–	–

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Amount of interest due and payable for the period of delay on payments made beyond the appointed day during the year	–	–
Further interest due and payable even in the succeeding years, until such date when the interest due as above are actually paid to the small enterprises	–	–
Amount of interest accrued and remaining unpaid	–	–

31. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company's objective when managing capital are to :

- Safeguard their ability to continue as a going concern, so that they can continue to provide return for shareholders and benefits for other stakeholders and
- Maintain an optimal capital structure to reduce the weighted cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares, or sell non-core assets to reduce the debt.

The company is not subject to any externally imposed capital requirements.

Debt-to-equity ratio as of 31 March, 2024 and 31 March, 2023 is as follows:

(Rs. In Lakhs)

	31-Mar-2023	31-Mar-2022
Debt (A)	**–**	7,252.60

32. Financial Risk Management Framework

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents that are directly derived out of equity.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company.

Credit risk related to financial instruments

Credit risk from balances with banks and financial institutions is managed in accordance with the Company's policy. The Company has not created any Investments of surplus funds in any other instruments as of date and hence the company is not exposed to any credit risk in this respect.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(Rs. In Lakhs)

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency Risk

The Company undertakes transactions denominated in foreign currencies only for Marketing commission payments to the Joint Venturer Sumitomo Corporation, Japan.

The company had not hedged its foreign currency risk by way of Forward Covers and other derivative instruments.

The Company had an unhedged foreign exchange exposure as at 31 March 2023 is as follows and it has been fully settled as on 31 March 2024:

(Figures In lakhs)

Particulars	Currency	Amount in Foreign Currency	Amount in INR.
Trade Payable as on 31 March 2024	USD	–	–
Trade Payable as on 31 March 2023	USD	8.95	–

Currency Risk Sensitivity

The following sensitivity analysis shows the effects on profit before tax of 1% increase/decrease in exchange rates versus closing exchange rates:

(Rs. In lakhs)

Particulars	Increase / decrease in basis points	Effect on financial statements (Increase)/Decrease
31-Mar-24		
INR	+100	–
INR	-100	–
31-Mar-23		
INR	+100	(7.35)
INR	-100	7.35

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

As at 31st March, 2023 100% of borrowings are at Variable interest rate.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Rs. In Lakhs)

	Increase/ decrease in basis points	Effect on financial statements* (Increase)/ Decrease
31-Mar-24		
INR	**+50**	–
INR	**-50**	–
31-Mar-23		
INR	+50	(33)
INR	-50	33

33. Capital & other Commitments

There are no contracts remaining to be executed towards construction of capital assets as at March 31, 2024 (As at March 31, 2023- NIL).

34. Segment information

Based on the internal reporting provided to the Chief Operating Decision Maker (CODM), business of acquiring, development and maintenance of industrial parks is the only reportable segment of the Company. Accordingly, the amounts appearing in these financial statements relate to this operating segment. Further the company does not have any separate geographic segment other than India.

35. Additional Regulatory Information

1) Details of benami property held

No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

2) Relationship with struck off companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

3) Wilful defaulter

The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

4) Utilisation of borrowed funds and securities premium

The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

5) Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

6) Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

7) Registration of Charges or satisfaction with Registrar of Companies (ROC)

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.

8) Whistle Blower-

During the year ended March 31, 2024 and till the date of adoption of financial statements by board of directors, the Company did not received any whistle blower compliants.

9) Discrepancies between books of accounts & quarterly statements submitted to banks-

The Company had availed term loan from HDFC towards project development activities which is secured by way of equitable mortgage by deposit of title deeds and accordingly no quarterly statements are to be submitted by the Company to HDFC. Also, the company has not availed any working capital facility during the year.

10) Audit Trail-

As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014 the Company uses only such accounting software's for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made and who made those changes within such accounting software. This feature of recording audit trail has operated throughout the year and was not tampered with during the year. However, in respect of an accounting software, audit trail was not enabled at the database level and in respect of another software the audit trail log for direct data changes at database level in the software is being maintained at any given point in time only for a period of six months. The company has established and maintained an adequate internal control framework over its financial reporting and based on its assessment, has concluded that the internal controls for the year ended March 31, 2024 were effective.

36. Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA HOMES PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Homes Private Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report (hereinafter referred to as "other information"), but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for matters stated in paragraph (i)(vi) below.

   c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f. The modification relating to maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

   g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

   h. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

      In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid or provided any managerial remuneration during the year, hence compliance with provisions of Section 197, read with Schedule V of the Act are not applicable to the Company.

   i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note- 35 to the financial statements;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. (a) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the note 38(c) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the note 38(c) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31st March, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that:

a) in respect of an accounting software, audit trail was not enabled at the database level to log any direct changes, and

b) in respect of another software, since the audit trail log for direct data changes at database level in the software is being maintained at any given point in time only for a period of six months, we are unable to comment whether the audit trail feature was enabled and operating for the period the audit trail log is not available.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was operating and log was maintained (refer note 38(g) to the financial statements.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31st March, 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Homes Private Limited ("the Company") as at 31st March, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Mahindra Homes Private Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that,

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) As the Company does not hold any Intangible Assets, reporting under clause 3(i)(a)(B) of the Order is not applicable.

(i) (b) Some of the Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant and Equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(i) (c) According to the information and explanations given to us, the Company does not have any immovable properties of freehold or leasehold land and building other than administrative block and project facilities, temporarily constructed at project sites and capitalized as Buildings, hence reporting under clause 3(i)(c) of the Order is not applicable.

(i) (d) The Company has not revalued any of its Property, Plant and Equipment during the year. The Company does not have any Intangible Assets.

(i) (e) No proceedings have been initiated during the year or are pending against the Company as at 31st March 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification is conducted by the management at reasonable intervals, by way of site visits and certification of extent of work completed by competent persons. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(ii) (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of certain current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising quarterly financial results, quarterly cash flow statements, Unhedged Foreign Currency Exposure certificates filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters ended June 30, 2023, September 30, 2023 and December 31, 2023 and no material discrepancies have been observed. The Company is yet to submit the above mentioned statements for the quarter ended March 31, 2024 with the bank.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3 (iii) of the Order is not applicable.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at 31st March, 2024 for a period of more than six months from the date they became payable.

(b) Details of Statutory Dues referred to in sub clause (a) above which have not been deposited as on 31st March, 2024 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount (Rs. in Lakh)	Period to which the Amount Relates	Forum where Dispute is Pending
Finance Act, 1994	Service Tax	153.76	FY 2015-16 to FY 2017-18	Joint Commissioner
Finance Act, 1994	Service Tax	74.58	FY 2014-15 to FY 2017-18	Customs, Excise and Service Tax Appellate Tribunal
Finance Act, 1994	Service Tax	51.20	FY 2014-15 to FY 2017-18	Additional Commissioner
Finance Act, 1994	Service Tax	1,885.00	FY 2013-14 to FY 2017-18	Principal Commissioner
Income Tax Act, 1961	Income Tax	30.06#	FY 2013-14	High Court
Income Tax Act, 1961	Income Tax	761.44	FY 2015-16	High Court
Income Tax Act, 1961	Income Tax	762.82^	FY 2016-17	High Court

Net of Rs. 7.51 lakhs paid under protest.

^ Net of Rs. 182.63 lakhs paid under protest.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) Loans amounting to Rs. 9,566.86 Lakhs outstanding as at 31st March 2024 are repayable on demand. According to the information and explanations given to us, such loans have not been demanded for repayment during the financial year. Considering the above, in our opinion, the Company has not defaulted in the repayment of loans (including loans repayable on demand) or in the payment of interest thereon to any lender during the year.

(ix) (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(ix) (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

(ix) (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, *prima facie*, not been used during the year for long-term purposes by the Company.

(ix) (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.

(ix) (f) The Company does not have any subsidiary or associate or joint venture and hence, reporting under clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(x) (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(xi) (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(xi) (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us, in terms of Rule 4 of the Companies (Appointment and qualification of Directors) Rules, 2014 read with Rule 6 of the Companies (Meetings of Board and its Powers) Rules, 2014, provisions of Section 177 of the Act are not applicable to the Company.

In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Companies Act, 2013, and hence, reporting under clause 3(xiv) of the Order is not applicable to the Company.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(xvi) (d) The Group has more than one Core Investment Company (CIC) as part of the group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016). There are four CIC forming part of the group.

(xvii) The Company has incurred cash losses amounting to Rs. 686.04 lakhs in the financial year covered by our audit but had not incurred cash losses in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

STATEMENT OF CASH FLOWS FOR THE YEAR ENDED MARCH 31, 2024

(Rs. in Lakh)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
A Cash flow from operating activities		
Profit Before Tax	**5,553.28**	23.11
Adjustments for:		
Depreciation Expense	**12.66**	10.33
Loss on disposal of Property Plant & Equipment (net)	**0.06**	0.24
Finance Costs	**705.62**	279.20
Interest Income	**(551.31)**	(361.36)
Profit on sale of current investments	**(117.03)**	(158.52)
Net (gain) arising on Investment measured at Fair Value through Profit and Loss	**(200.12)**	(4.04)
Operating Profit before working capital changes	**5,403.16**	(211.04)
Changes in working capital:		
Decrease in Trade payables	**(131.33)**	(828.29)
Increase in other current liabilities	**24,707.77**	12,909.11
Decrease in Provisions	**(126.08)**	(527.54)
Increase in trade and other receivables	**(4,945.04)**	(3,518.86)
Increase in inventories	**(4,117.99)**	(1,985.62)
Cash generated from operations	**20,790.49**	5,837.76
Income taxes paid (net)	**(315.88)**	(136.03)
Net cash generated from operating activities (A)	**20,474.61**	5,701.73
B Cash flows from Investing activities		
Payment to acquire property, plant and equipment	**(10.68)**	(17.50)
Interest received	**346.33**	473.91
Changes in earmarked balances and margin accounts with banks	**(114.06)**	463.54
Bank deposits (net)	**(10,912.68)**	14,431.01
Payment towards investment in mutual funds	**(6,901.66)**	(141.47)
Net cash (used in) /generated from Investing activities (B)	**(17,592.75)**	15,209.49
C Cash flows from Financing activities		
Proceeds from Short Term Borrowings (Net)	**4,689.49**	3,826.86
Inter-corporate deposit received	**3,200.00**	–
Inter-corporate deposit repaid	**(3,200.00)**	–
Buy Back of Equity Shares	**(5,469.26)**	–
Payment towards capital reduction of equity shares	–	(14,185.48)
Interest Paid	**(731.68)**	(10,164.22)
Net cash flow used in Financing activities (C)	**(1,511.45)**	(20,522.84)
Net increase in cash and cash equivalents (A + B + C)	**1,370.41**	388.38
Cash and cash equivalents at the beginning of the year	**676.09**	287.71
Cash and cash equivalents at the end of the year	**2,046.50**	676.09

Summary of Material Accounting Policies (Refer note 2)

The accompanying notes 1 to 41 are an integral part of these financial statements.

Notes

1 The above cash flow statement has been prepared under the ‘Indirect method’ as set out in “Indian Accounting Standard (Ind AS) - 7 Statement of Cash Flows”.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. **General Information**

Mahindra Homes Private Limited is a private company domiciled in India and was incorporated on June 2, 2010 under the provisions of the Companies Act, 1956 applicable in India. The registered office of the company is located at 5th Floor, Mahindra Tower, Worli, Mumbai – 400018. The company is engaged in the business of development of residential complexes. The Company is currently engaged in the development of residential projects in Gurugram and Bengaluru.

2. **Material accounting policies**

2.1 Statement of compliance and basis of preparation and presentation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the act.

These aforesaid financial statements were approved by Company's Board of Directors and authorised for issue in the meeting held on April 18, 2024.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical Cost: Assets are recorded at the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire them at the time of their acquisition. Liabilities are recorded at the amount of proceeds received in exchange for the obligation, or in some circumstances (for example, income taxes), at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

Measurement of Fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.3 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.4 Revenue from Contracts with Customers

2.4.1 Revenue from Projects

- The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate unit to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate unit sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.
- The Company invoices the customers for construction contracts based on achieving performance-related milestones.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

- For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.
- Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

  Contract assets is the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time.

2.4.2 Dividend and Interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Foreign exchange transactions and translation

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred

2.7 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

<u>Company as a lessee</u>

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term and a corresponding lease liability at the lease commencement date i.e. the date at which the leased asset is available for use by the Company. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant, and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.8 Employee Benefits

2.8.1 Defined contribution plans

The Company's contribution paid/payable during the year to Superannuation Fund and Provident fund is recognised in profit or loss.

2.8.2 Defined benefit plan

The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

2.8.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet. Remeasurements are not reclassified to profit or loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long-term benefits are recognised in profit or loss.

2.8.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.9 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

Current tax payable is determined as the amount of tax payable in respect of taxable profit for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.10 Property, plant, and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant, and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture and Fixtures and Office equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets is provided on pro-rata basis on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below

	Useful lives estimated by the management (years)
Computers	3 to 6
Furniture	5
Building - Office/Commercial constructed at site	5

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.11 Impairment of tangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.12 Inventories

Raw materials are valued at lower of cost and net realisable value. Cost is determined based on a weighted average basis. Stock of units in completed projects and construction work-in-progress are valued at lower of cost and net realisable value. Cost includes land cost, materials, contract works, direct expenses, provisions and apportioned borrowing costs.

2.13 Cost of Construction / Development:

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed Properties.

2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.15 Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'.

Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

2.16 Provisions and Contingent Liabilities

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.16.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.16.2 Contingent liabilities

Contingent liability is disclosed in case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- a present obligation arising from past events when no reliable estimate is possible.

2.17 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. However, trade receivables that do not contain a significant financing component are measured at transaction price.

2.17.1 Classification and subsequent movement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on their respective classification.

On initial recognition, a financial asset is classified as – measured at:

– Amortised cost; or

– Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All Financial assets are not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial Assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment loss. Interest income

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

and impairment loss are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

2.17.2 Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss on financial assets.

Loss allowance for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the party does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

2.17.3 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expires, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all the risks and rewards of the transferred assets, the transferred assets are not derecognised

2.18 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.18.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of directly attributable transaction costs.

2.18.2 Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.18.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled, or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.19 Offsetting

Financial assets and liabilities are offset and the net amount presented in the balance sheet when and only when, the Company currently has legally enforceable rights to set off the amount and it intended either to settle them on a net basis or to realise the assets and settle liability simultaneously.

2.20 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been from April 01, 2024.

2A. Use of estimates and judgements

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the following judgements, which have the significant effect on the amounts recognised in the financial statements.

A. Estimation of net realisable value for inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value of inventories under construction is assessed with reference to the market prices at the reporting date less estimated costs to complete the construction and less an estimate of the time value of money to the date of completion if material. The market prices bear reference to the recent selling prices. The costs to complete the construction are estimated by management.

B. Useful lives of Depreciable/amortisable assets

The Company reviews the useful life of depreciable/ amortisable assets at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

C. Taxes

Deferred tax assets are recognised for unused tax losses and other temporary differences leading to deferred tax assets to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

D. **Determining the timing of revenue recognition on the sale of completed and under development property**

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

E. **Determination of performance obligations**

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

F. **Actuarial Valuation**

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

This Note covers the equity component of the issued convertible preference shares

* Represents Rs 20/- (As at March 31, 2023 Rs 20/-)

(a) Terms/ rights attached to equity shares

The Company has three classes of equity shares. The details are as follows :-

Each holder of Class A Equity Share is entitled to one vote per share, shall not carry any dividend and shall not carry any economic rights. The Series A Equity Shares shall rank subordinate to the Compulsorily Convertible Preference Shares, the Series A OCRPS, the Series B OCRPS, the Series B Equity Shares and the Series C Equity Shares with respect to distribution rights and rights on liquidation, dissolution and winding up of the affairs of the Company.

Each holder of Class B Equity Share shall be non voting and entitled to dividend. The economic rights on Series B Equity Shares shall be for the entire Series B as a whole, with economic rights equal to 50% of the total economic rights of the Shareholders of the Company, until the Series B shareholder has achieved a 17% Internal Rate of Return (IRR) on the Investment Subscription Amount. On achieving 17% IRR by the Series B shareholder, the Series B Equity Shares to carry 35% share of the total economic rights of the Shareholders of the Company.

Each holder of Class C Equity Share shall be non voting and entitled to dividend. The economic rights on Series C Equity Shares shall be for the entire Series C as a whole, with economic rights equal to 50% of the total economic rights of the Shareholders of the Company, until the Series C shareholder has achieved a 17% IRR on the Investment Subscription Amount. On achieving 17% IRR by Series C shareholder, the Series C Equity Shares to carry 65% share of the total economic rights of the Shareholders of the Company.

(b) Terms of conversion/ redemption of Optionally Convertible Redeemable Preference Shares (OCRPS)

The Series A OCRPS shall carry a dividend, as and when declared, at the rate of 0.01% per annum ("Fixed Dividends"). The Series A OCRPS shall be non-cumulative and not carry any voting rights. One Series A OCRPS shall convert to one Series A Equity Share at the conversion Ratio at the option of the holder of the Series A OCRPS. The Series A OCRPS shall be optionally redeemable at par. In the event of liquidation of the Company, Series A OCRPS shall be deemed to have been converted into Series A Equity Shares.

(c) Terms of conversion/ redemption of Compulsorily Convertible Preference Shares (CCPS)

CCPS shall carry a dividend, as and when declared, at the rate of 0.01% per annum (Fixed Dividend). The CCPS shall be non-cumulative and shall not carry any voting rights. One CCPS Share shall convert to one Series B Equity Share. The CCPS shall be deemed to have automatically and mandatorily converted to Series B Equity Shares at the Conversion Ratio at the expiry of 12 years from the date of allotment. CCPS can be voluntarily converted to Series B Equity Shares at the option of the holder. In the event of liquidation of the Company, the CCPS shall be deemed to have been converted into Series B Equity Shares.

(d) Aggregate number of equity shares issued for consideration other than cash and shares bought back during the period of five years immediately preceding the reporting date:

Particulars	Aggregate Number of Shares	
	As at March 31, 2024	As at March 31, 2023

Leave Encashment	**3.26**	2.95
Other Current Provisions		
Provision for Defect Liabilities	**236.54**	364.84
Total	**242.90**	370.67

Defect Liability Provisions:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units when control over the property has been transferred to the customer, the estimated cost of which is accrued during the period of construction, upon sale of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under the defect liability period limited to 5 year from the date when control over the property has been transferred to the customer.

The movement in provision for defect liabilities is as follows:

(Rs. in Lakh)

Particulars	Provision for Defect Liability
Balance at March 31, 2022	**888.23**
Additional provisions recognised	–
Amounts utilised / reversed during the year	523.39
Balance at March 31, 2023	**364.84**
Additional provisions recognised	–
Amounts utilised / reversed during the year	128.30
Balance at March 31, 2024	**236.54**

17. Other Current liabilities

(Rs. in Lakh)

Particulars	As at March 31, 2024	As at March 31, 2023
Advances received from customers	**38,670.57**	14,140.68
Statutory dues payable*	**339.59**	233.47
Total	**39,010.16**	14,374.15

* There are no amounts due and outstanding to be credited to the Investor Education and Protection Fund.

18. Revenue from Operations

(Rs. in Lakh)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Revenue from Contracts with Customers		
Revenue from Projects	**656.13**	880.85
Total	**656.13**	880.85

Revenue from operations for the year ended March 31, 2024 is net of Rs NIL Lakhs (March 31, 2023 -Rs 7.98 Lakhs) towards input tax credit benefits passed on to the customers as per the provisions of section 171 on Anti-Profiteering of CGST Act, 2017. The treatment is as per the prevailing Indian Accounting Standards.

Notes:

a) **Contract Balances**

i) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as "Advances received from Customers" in note 17- Other Current Liabilities. Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables in note 8- Trade Receivables.

ii) During the year, the Company recognised Revenue of Rs. NIL lakhs from opening contract liability (after Ind AS 115 adoption) of Rs 14,140.68 lakhs (recognised in previous year- Rs. 658.91 lakhs out of Rs 868.40 lakhs).

iii) There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing, sales cancellations and revenue recognition.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

iv) Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

v) Amounts previously recorded as Trade receivables increase due to further milestone based invoices raised during the year and decrease due to collections during the year.

vi) There are no contract assets outstanding at the end of the year.

vii) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as at March 31, 2024, is Rs. 58,839.99 lakhs (March 31, 2023- Rs. 37,704.18 lakhs). Out of this, the Company does not expect, based on current projections, to recognize revenue within the next one year. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

b) Reconciliation of revenue recognised with the contracted price is as follows:

(Rs. in Lakh)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Contracted price	**656.13**	888.83
Adjustments on account of cash discounts or early payment rebates, deferred payment schemes etc.	**–**	(7.98)
Revenue recognised as per Statement of Profit & Loss	**656.13**	880.85

c) Contract Costs

(Rs. in Lakh)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Contract costs included in Prepaid expenses in Note 5- Other Assets	**2,090.68**	1,437.77

The Company incurs commissions that are incremental costs of obtaining a contract with a customer. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under note no. 5 - Other Assets and amortises it upon completion of the related property sale contract.

For the year ended March 31, 2024, amortisation amounting to Rs. 268.56 lakhs (Previous Year - Rs. 50.23 lakhs) was recognised as brokerage cost in note 22- Other expenses. There was no impairment loss in relation to the costs capitalised.

19. Other Income

(Rs. in Lakh)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Interest Income on Bank Deposits	**551.31**	361.36

Total	**160.60**	206.31

25. Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit/(loss) attributable to equity holders of the Company (after adjusting for dividend on preference shares) by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the profit/(loss) and share data used in the basic and diluted EPS computations:

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Profit after tax for the year (in Rs Lakh)	**5,413.78**	2,776.02
Weighted average number of Class A equity shares in calculating EPS*	**822,507**	822,507
Weighted average number of Class B equity shares in calculating EPS	**25,124**	40,912
Weighted average number of Class C equity shares in calculating EPS	**25,124**	40,912
Conversion of Compulsory Convertible Preference Shares	**1**	1
Conversion of Optionally Convertible Redeemable Preference Shares	**1**	1
Face Value of Class B Equity Shares	**10**	10
Face Value of Class C Equity Shares	**10**	10
Earnings per Class B Equity share - Basic (in Rs.)	**10,774.12**	3,392.67
Earnings per Class C Equity share - Basic (in Rs.)	**10,774.12**	3,392.67
Earnings per Class B Equity share - Diluted (in Rs.)	**10,773.91**	3,392.63
Earnings per Class C Equity share - Diluted (in Rs.)	**10,773.91**	3,392.63

The following reflects the profit and share data used in the basic and diluted EPS computations:

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Net profit for the year, used in the calculation of basic earning per share (in Rs Lakh)	**5,413.78**	2,776.02
Profit for the year used in the calculation of diluted earnings per share (in Rs. Lakh)	**5,413.78**	2,776.02
Weighted average number of equity shares used in calculating basic EPS	**50,248**	81,824
Effect of dilution:		
Convertible Preference Share (in nos.)	**2**	2
Weighted average number of equity shares in the calculation of diluted EPS	**50,250**	81,826

* As Class A Equity Shares does not carry any dividend and economic rights, therefore the same has not been considered in calculation of Basic & Diluted EPS.

26. Leases

The company did not have any leasing arrangement during the year ended March 31, 2024.

Total financial liabilities	**12,313.38**	7,683.45

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from trade receivables, cash and cash equivalents and other financial assets.

Trade Receivables

The Company's trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of directors who have established an appropriate liquidity risk management framework for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

(Rs. in Lakh)

Particulars	Less than 1 Year	1-3 Years	3-5 Years

Other financial liabilities	1,105.47	–	–
Total	7,683.45	–	–

Market Risk

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Future specific market movements cannot be normally predicted with reasonable accuracy.

Currency Risk

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The Company has not undertaken any transaction in foreign currency during the year ended March 31, 2024.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's financial statements are affected through the impact on floating rate borrowings, as follows:

(Rs. in Lakh)

Particulars	Increase/ decrease in basis points	Effect on financial statements*
As at March 31, 2024		
INR	**+100**	**(95.67)**
INR	**-100**	**95.67**
As at March 31, 2023

30. Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 17.01 lakhs (31st March, 2023- 16.81 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The scheme is unfunded as on March 31, 2024.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Discount rate(s)	**7.16%**	7.31%
Expected rate(s) of salary increase	**10.00%**	10.00%
Attrition Rate	**21.21% p.a. for all service groups.**	21.21% p.a. for all service groups.
Mortality	**Indian Assured Lives Mortality 2012-14 (Urban)**	Indian Assured Lives Mortality 2012-14 (Urban)
Retirement age of the employees is assumed to be 60 years.		

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Defined benefit plans – as per actuarial valuation on March 31, 2024

(Rs. in Lakh)

Particulars	Un-funded Gratuity Plan For the year ended March 31, 2024	For the year ended March 31, 2023
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost		
Current Service Cost	**3.11**	5.00
Past service cost and (gains)/losses	**–**	0.02
Net interest expense	**1.25**	1.51
Components of defined benefit costs recognised in profit or loss	**4.36**	6.53
Remeasurement on the net defined benefit liability		
Actuarial (gains)/loss arising from demographic assumptions	**–**	(0.27)
Actuarial (gains)/loss arising from changes in financial assumptions	**0.11**	(1.01)
Actuarial (gains)/loss arising from experience adjustments	**1.36**	(3.29)
Components of defined benefit costs recognised in other comprehensive income	**1.47**	(4.57)
Total	**5.83**	1.96
I. Net Asset/(Liability) recognised in the Balance Sheet		
1. Present value of defined benefit obligation	**19.66**	17.13
2. Fair value of plan assets	**–**	–
3. Surplus/(Deficit)	**(19.66)**	(17.13)
4. Current portion of the above	**(3.10)**	(2.88)
5. Non current portion of the above	**(16.56)**	(14.25)
II. Movements in the present value of the defined benefit obligation are as follows.		
1. Present value of defined benefit obligation at the beginning of the year	**17.13**	25.79
2. Transfer in liability	**0.94**	–
3. Transfer out liability	**(4.24)**	–
3. *Expenses Recognised in Profit and Loss Account*		
– Current Service Cost	**3.11**	5.00
– Past Service Cost	**–**	0.02
– Interest Cost	**1.25**	1.51
4. *Recognised in Other Comprehensive Income*		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	(0.27)
ii. Financial Assumptions	**0.11**	(1.01)
iii. Experience Adjustments	**1.36**	(3.29)
5. Benefit payments	**–**	(10.62)
6. Present value of defined benefit obligation at the end of the year	**19.66**	17.13

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Rs. in Lakh)

Principal Assumptions		Changes in assumption (%)	Impact on defined benefit obligation Increase in assumption	Decrease in assumption
Discount rate	**Mar-24**	**1.00%**	**(0.70)**	**0.76**
	Mar-23	1.00%	(0.62)	0.68
Salary growth rate	**Mar-24**	**1.00%**	**0.73**	**(0.69)**
	Mar-23	1.00%	0.65	(0.61)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

Maturity profile of defined benefit obligation:

(Rs. in Lakh)

Particulars	31st March, 2024	31st March, 2023
Within 1 year	**3.10**	2.88
1 - 2 year	**2.77**	2.74
2 - 3 year	**3.68**	2.43
3 - 4 year	**2.43**	2.22
4 - 5 year	**2.99**	2.06
Above 5 years	**11.89**	11.53

The weighted average age considered for considered for defined benefit obligation as at March 31, 2024 is 39.19 years (March 31, 2023 - 36.69 years)

The average expected future service considered for defined benefit obligation as at March 31, 2024 is 3 years (March 31, 2003 - 4 years)

31. Buy Back of Shares

The proposal of buyback of Equity Shares recommended by the Board of Directors in its meeting held on July 18, 2023 was approved by the shareholders at their Extraordinary General meeting held on July 31, 2023. The buyback of equity shares was completed on August 17, 2023 and the Company bought back and extinguished a total of 10,960 equity shares on

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

August 24, 2023 from the shareholders at buyback price of Rs 49,902/- per equity share comprising 1.25% of the pre buyback paid up equity share capital of the Company. The buyback resulted in a cash outflow of Rs 5,469.26 lakhs. The Company funded the buyback from its free reserves including Securities Premium as per Section 68 of the Companies Act, 2013. In accordance with section 69 of the Companies Act, 2013, the Company has created 'Capital Redemption Reserve' of Rs 1.10 lakhs equal to the nominal value of the shares bought back as an appropriation from Securities Premium.

32. Capital Reduction

The Board of Directors and shareholders of the Company in its meeting dated September 9, 2023 and September 11, 2023 respectively has approved reduction of the issued, subscribed and paid up equity share capital of the company from Rs. 86,85,930/- to Rs. 84,45,930 by cancelling and extinguishing 12,000 equity shares of Series B held by Actis Mahi Holdings (Singapore) Private Limited and 12,000 equity shares of Series C held by the Mahindra Lifespace Developers Limited. Each of the equity shareholder of Series B and Series C will be paid a sum of Rs. 5,998.80 lakhs (including premium) for the extinguishment of equity shares held by them. The valuation has been arrived based on an independent registered valuer's valuation report. The above is subject to the approval of National Company Law Tribunal (NCLT), Mumbai and other competent authorities based on application filed by the company with National Company Law Tribunal, Mumbai dated September 13, 2023.

The Board of Directors and Shareholders of the Company at its meeting held on May 13, 2022 and May 19, 2022 respectively had approved reduction of the issued, subscribed and paid up equity share capital of the Company from Rs. 91,35,530/- to Rs. 87,95,530 by cancelling 17,000 equity shares of Series B held by Actis Mahi Holdings (Singapore) Private Limited and 17,000 equity shares of Series C held by the Mahindra Lifespace Developers Limited ("Capital Reduction"). Consequent thereto, as per the petition filed by the Company in this respect on May 20, 2022 with Hon'ble National Company Law Tribunal (NCLT), order was pronounced by NCLT on November 30, 2022 approving the said Capital Reduction and subsequently after receipt of Certified Copy of the said Order on December 21, 2022, it was filed with Registrar of Companies on December 22, 2022. Thereafter, on December 28, 2022 each of the equity shareholder of Series B and Series C were paid a sum of Rs. 7,092.74 lakhs (including premium) to the extent of reduction of equity shares held by them.

33. Capital & other Commitments

At March 31, 2024, the company has commitments of Rs. 4,679 lakhs (Previous year Rs. 4,700 lakhs) relating to further security deposit payable towards Joint Development Agreement.

34. Segment information

The Company is engaged only in the business of development of property and related activities in India. It has no other reportable segments as per the terms of Indian Accounting Standards (Ind AS) 108 on Segment Reporting.

No single customer contributed 10% or more to the company's sales for year ended March 31, 2024 and year ended March 31, 2023

35. Contingent Liabilities

(Rs. in Lakh)

Particulars	As at March 31, 2024	As at March 31, 2023
Claims against the company not acknowledged against as debts-		
i) Claims received from parties not acknowledged as debts		
Represent cases filed by parties in the Consumer forum including RERA and Civil Courts disputed by the Company as advised by advocates. In the opinion of the management the claims are not sustainable..	**378.90**	401.34
ii) Income Tax matters under dispute		
Demand raised by Assessing Officer in respect of certain expenses disallowed. The company is pursuing the matter with Income Tax Appellate Tribunal		
- AY 2014-15	**37.57**	–
- AY 2016-17	**761.44**	–
- AY 2017-18	**945.44**	945.44
iii) Indirect Tax matters under dispute		
Demand raised by Service Tax Authorities claiming construction service provided by the Company under Collaboration agreement. The Company is pursuing the matter with the appropriate appellate authorities	**1,885.00**	1,885.00
Input Service Tax claims disallowed by the Service Tax Department for FY 2013-14 to FY 2016-17. The Company is pursuing the matter with the appropriate appellate authorities	**279.54**	279.54

Note:

(i) Pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above matters, timing of the cash outflows can be determined only on receipt of judgments/ decisions pending with various forums/ authorities.

(ii) The Company has reviewed all its pending litigations and proceedings and has made adequate provisions, wherever required, and disclosures are made for contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceeding to have a materially adverse effect on its financial position.

k)	Return on investment	Income generated from Investment (6)	Average investments (Gross)	**7.07%**	6.06%	16.67%	

Schedule III require explanation where the change in the ratio is more than 25% as compared to the preceding year. Accordingly explanation is given only for the said ratios.

The company operates in real estate business and is governed by IND AS 115 for recording the revenue as per completion contract method. Accordingly, abovementioned ratios may not be strictly comparable

Formula used for calculation of Ratios and Financial Indicators are as below :

1) Earning for Debt Service = Net Profit before taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc.

2) Debt Service = Borrowing + Interest Payment + Lease Liability Payment

3) Working Capital = Current Asset - Current Liabilities

4) Earning before interest & taxes = Profit/(loss) before Tax + Finance Cost

5) Capital Employed = Equity + Borrowing - Intangible Assets

6) Income generated from Investment = Profit on sale of investment + Net Gain/(loss) arising on Financial Assets measured at Fair Value through Profit and Loss

37. Expenditure on Corporate Social Responsibility (CSR)

The provisions of Corporate Social Responsibility (CSR) expenditure are not applicable to the company.

38. Additional regulatory information

a) Details of benami property held

No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

b) Relationship with struck off companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

c) Utilisation of borrowed funds and securities premium

The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries

d) Undisclosed income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

e) Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

f) Registration of Charges or satisfaction with Registrar of Companies (ROC)

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period

g) Audit trail

As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014 the Company uses only such accounting softwares for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made and who made those changes within such accounting software. This feature of recording audit trail has operated throughout the year and was not tampered with during the year. However, in respect of an accounting software, audit trail was not enabled at the database level and in respect of another software the audit trail log for direct data changes at database level in the software is

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

being maintained at any given point in time only for a period of six months. The company has established and maintained an adequate internal control framework over its financial reporting and based on its assessment, has concluded that the internal controls for the year ended March 31, 2024 were effective.

39. Discrepancies between books of accounts & quarterly statements submitted to banks

The company is required to submit quarterly unaudited financial results and unhedged foreign currency exposures. Further as part of additional covenants, the Company is required to submit various other requirements on annual basis. The Company has duly complied with all the requirements of providing data/certificates in relation to various covenants with the banks and the information provided is in agreement with the books of accounts for the quarter ended June 30, 2023, September 30, 2023 and December 31, 2023. The company is yet to submit the details for the quarter ended March 31, 2024 to the bank as the same is not due.

40. Events after the reporting period

No material events have occurred after the Balance Sheet date and upto the approval of the Financial Statements

41. Previous Year Figures

The figures for the previous year have been regrouped wherever necessary to confirm to current year's classification.

INDEPENDENT AUDITOR'S REPORT

To The Members of Mahindra Happinest Developers Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Happinest Developers Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report (hereinafter referred to as "other information"), but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for matters stated in paragraph (i)(vi) below.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f) The modification relating to maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

   g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid or provided any managerial remuneration during the year, hence compliance with provisions of Section 197, read with Schedule V of the Act are not applicable to the Company.

   i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 36 to the financial statements;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. (a) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the note 34(d) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of it's knowledge and belief, as disclosed in the note 34(d) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the year ended 31st March, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that:

a) in respect of an accounting software, audit trail was not enabled at the database level to log any direct changes, and

b) in respect of another software, since the audit trail log for direct data changes at database level in the software is being maintained at any given point in time only for a period of six months, we are unable to comment whether the audit trail feature was enabled and operating for the period the audit trail log is not available.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was operating and log was maintained (refer note 34(h) to the financial statements).

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31st March, 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Mahindra Happinest Developers Limited ("the Company") as at 31st March, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Mahindra Happinest Developers Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:-

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of Intangible Assets.

(i) (b) Some of the Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant and Equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(i) (c) According to the information and explanations given to us, the Company does not have any immovable properties of freehold or leasehold land and building other than administrative block and project facilities, temporarily constructed at project sites and capitalized as Buildings, hence reporting under clause 3(i)(c) of the Order is not applicable.

(i) (d) The Company has not revalued any of its Property, Plant and Equipment and Intangible Assets during the year.

(i) (e) No proceedings have been initiated during the year or are pending against the Company as at 31st March 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) Having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(ii) (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from bank or financial institution on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising raw material, construction work in progress, finished goods, debtors and creditors filed by the Company with such bank or financial institution are in agreement with the unaudited books of account of the Company of the respective quarters ended 30th June, 2023, 30th September, 2023 and 31st December, 2023 and no material discrepancies have been observed. The Company is yet to submit the statement for the quarter ended 31st March, 2024 with the bank.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3 (iii) of the Order is not applicable.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at 31st March, 2024 for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to (a) above which have not been deposited as on 31st March, 2024 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount (Rs. In Lakh)	Period to which the Amount Relates	Forum where Dispute is Pending
Central Goods and Service Tax Act 2017, Integrated Goods and Service Tax Act 2017 and Maharashtra State Goods and Service Tax Act 2017	Goods and Service Tax	10.27	FY 2020-21	Deputy Commissioner of State Taxes

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(ix) (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(ix) (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

(ix) (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(ix) (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.

(ix) (f) The Company does not have any subsidiary or associate or joint venture and hence, reporting under clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(x) (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(xi) (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(xi) (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us, in terms of Rule 4 of the Companies (Appointment and qualification of Directors) Rules, 2014 read with Rule 6 of the Companies (Meetings of Board and its Powers) Rules, 2014, provisions of Section 177 of the Act are not applicable to the Company.

In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on our examination, the Company is not required to and does not have an internal audit system as per provisions of the Companies Act, 2013.

(xiv) (b) The Company has established an internal audit system for the period under audit. As informed to us by the management, the internal audit is in progress and no reports have been issued. Hence, we have not been able to review any reports.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(xvi) (d) The Group has more than one Core Investment Company (CIC) as part of the group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016). There are four CIC forming part of the group.

(xvii) The Company has not incurred any cash losses in the financial year covered by our audit but had incurred cash losses amounting to Rs. 1,420.30 lakhs in the immediately preceeding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. General Information

Mahindra Happinest Developers Limited ("The Company") (Formerly known as Mahindra Happinest Developers Private Limited) was incorporated on 6th September, 2017 under the provisions of the Companies Act,2013. It was converted to a public limited company on 26th September, 2017.

The registered office of the company is located at 5th Floor, Mahindra Tower, Worli, Mumbai – 400018. The company is engaged in the business of development of residential complexes. The company is currently engaged in development of residential projects in Palghar and Kalyan near Mumbai.

2. Material Accounting Policies

2.1 Statement of compliance and basis of preparation and presentation

The Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 19th April, 2024. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical Cost: Assets are recorded at the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire them at the time of their acquisition. Liabilities are recorded at the amount of proceeds received in exchange for the obligation, or in some circumstances (for example, income taxes), at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

2.3 Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2 : Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.4 Revenue from contracts with customers

2.4.1 Revenue from Projects

i. The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate unit to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate unit sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

ii. The Company invoices the customers for construction contracts based on achieving performance-related milestones.

iii. For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

iv. Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.2 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

– Expected to be realised or intended to be sold or consumed in normal operating cycle

– Held primarily for the purpose of trading

– Expected to be realised within twelve months after the reporting period, or

– Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

All other assets are classified as non-current.

A liability is current when:

– It is expected to be settled in normal operating cycle

– It is held primarily for the purpose of trading

– It is due to be settled within twelve months after the reporting period, or

– There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax asset and liabilities are classified as non-current asset and liabilities.

Borrowings and investment are classified as current if they are due to be settled within 12 months after the reporting period.

2.6 Leasing

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

2.6.1 The Company as a Lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.7 Employee Benefits

2.7.1 Defined Contribution Plan

The Company's contribution paid/payable during the year to Provident Fund and Superannuation Fund is recognised in profit or loss.

2.7.2 Defined Benefit Plan

The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

2.7.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

2.7.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.8 Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise cash at banks and cash on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.9 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.11 Income Taxes

Income Tax expense represents the sum of tax currently payable and deferred tax

2.11.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantially enacted by the end of the reporting period.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.11.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.11.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.12 Property, plant and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Furniture & Fixtures and Office equipment's are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Lease hold improvements are amortised over the period of lease/estimated period of lease.

Vehicles used by employees are depreciated over the period of 4 years considering this period as the useful life of the vehicle for the Company.

Sales office and the sample flat/ show unit cost at site is amortised over 5 years or the duration of the project (as estimated by management) whichever is lower.

Fixed Assets held for disposal are valued at estimated net realizable value.

2.13 Intangible Assets

2.13.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.13.2 Derecognition of Intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

2.13.3 Useful lives of Intangible assets

Estimated useful lives of the intangible assets are as follows:

Software 3 years

2.14 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.15 Inventories

Raw materials are valued at lower of cost and net realisable value. Cost is determined based on a weighted average basis.

Stock of units in completed projects and construction work-in-progress are valued at lower of cost and net realisable value. Cost includes land cost, materials, contract works, direct expenses, provisions and apportioned borrowing costs.

2.16 Cost of Construction / Development:

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed.

2.17 Provisions and contingent liabilities

2.17.1 Provisions
