INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF,
MAHINDRA HEAVY ENGINES LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Heavy Engines Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities or business activities included in the Financial Statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid/provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 29 to the Financial Statements;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the

Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The dividend (declared/paid/declared and paid) during the year by the Company is in compliance with Section 123 of the Act and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Heavy Engines Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1) i) A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

ii) The Company has a regular programme for physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment and investment properties are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. During the year, no physical verification was conducted by the management.

iii) According to the information and explanations given to us, the Company has no immovable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

iv) According to the information and explanations given to us, the Company has not revalued any of its property, plant, and equipment (including Right of use assets) or intangible assets or both during the year.

v) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2) i) According to the information and explanations given to us, the inventory comprising of raw materials, work-in-progress, finished goods, stores and spares has been physically verified at reasonable intervals by the management during the year. In our opinion, coverage and procedure of such verification is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

ii) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from HDFC Bank Ltd on the basis of security of Stock and Book Debts during the year. The Stock statement filed by the Company with bank on a quarterly basis are materially in agreement with unaudited books of account as certified by the management.

3) a) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or secured or unsecured loans to companies, firms, Limited Liability Partnerships, or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act for the products of the Company. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, specified by the Central Government under sub-section (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

7) i) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

ii) According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

iii) According to the information and explanation given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Service Tax, Income Tax, Provident Fund, Employees State Insurance, Duty of Customs, Duty of Excise, Value added tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited on account of any dispute. The statutory dues in respect of Sales Tax as at March 31, 24 which have not been deposited with the appropriate authorities on account of a dispute are as under

Name of the statute	**Nature of the dues**	**Amount (Rs in Lakhs)**	**Period to which the amount relates**	**Forum where dispute is pending**
Finance Act 1994	Service Tax	2.59	Financial year 2012-13 to 2016-17	CESTAT Appeal
Central Sales Tax Act, 1956 and MVAT Act, 2002	Central sales tax and Value added Tax	438.20	Financial Year 2015-16	VAT/CST Tribunal
Central Sales Tax Act, 1956 and MVAT Act, 2002	Central sales tax and Value added Tax	400.17	Financial Year 2016-17	Joint commissioner of state tax
Central Sales Tax Act, 1956 and MVAT Act, 2002	Central sales tax and Value added Tax	189.75	Financial Year 2017-18	Joint commissioner of state tax

8) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9) a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix) (a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

c) According to the information and explanation given to us, Company has not obtained any term loan during the year. Hence the reporting under clause (ix) (c) is not applicable.

d) In our opinion and according to information and explanations given to us and on overall examination of the Balance sheet of the Company, we report that company has not raised any short term or long-term loan during the year. Hence reporting under clause (ix) (d) is not applicable to company.

e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates, or joint ventures.

f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures, or associate companies. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

10) a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

b) According to the information and explanation given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially, or optionally convertible) during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

11) a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14) a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

15) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16) a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing finance activities Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

d) Based on the information and explanations given to us, we report that the Group has four Core Investment Companies.

17) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20) a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

Notes to the financial statements for the year ended March 31, 2024

Mahindra Heavy Engines Limited is subsidiary of Mahindra & Mahindra Limited having Corporate Identity Number U35914MH2007PLC169753, having it's registered office at Mahindra Towers, Dr. G.M. Bhosale Marg, P.K. Kurne Road, Worli, Mumbai 400 018. The Company is in manufacturing and sales of Engines and other auto components for vehicles and Genset applications.

Note No. 1 - Significant Accounting Policies:

1.1 Statement of compliance:

The financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013 (the "Act").

1.2 Basis of preparation and presentation:

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for the financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

1.3. Property, Plant & Equipment:

Property, Plant & Equipment are carried at cost less depreciation. Cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition and financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit or loss.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. :

Plant and Machinery	2 years, 5 years, 7 years, 8 years and 10 years
Vehicles	5 years
Roads	15 years
Assets below Rs. 5,000/-	1 year

1.4. Intangible Assets

Intangible assets acquired separately:

Intangible assets are initially recognised at cost.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets under development

The Company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Eligible development phase expenses are initially recognised as intangible assets under development until the development phase is complete. Once the development phase is complete, the eligible development phase expenses are capitalised as intangible asset.

Technical Know-how fees:

The expenditure incurred on technical services and other project/product related expenses are amortised over the estimated period of benefit, not exceeding six years.

Software Expenditure:

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

Internally-generated intangible assets - Research and Development expenditure:

Expenditure on research activities are recognised as an expense in the period in which they are incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

Product Development Expenditure:

The expenditure incurred on product development expenditure expenses are amortised over the estimated period of benefit, not exceeding five years.

Derecognition of intangible assets:

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Notes to the financial statements for the year ended March 31, 2024

1.5. Impairment:

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment based on internal/ external factors. Impairment loss is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

1.6. Inventories:

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. In determining the cost of purchased materials moving average method is used. Stores, spares and tools are carried at cost or estimated net realisable value, whichever is lower.

1.7. Cash and cash equivalents (for purposes of Cash Flow Statement):

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition).

1.8. Investments:

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments.

1.9. Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets at Fair value through profit or loss are measured at fair value at the end of each reporting period, with any gains or losses arising on re measurement recognised in profit or loss, The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in 'Other income'.

Financial liabilities and equity instruments:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

1.10. Revenue Recognition:

Revenue on satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Ind AS 115- Revenue from Contracts with Customers:

Company adopted IND AS 115 - Revenue from contracts with customers w.e.f. 1st April 2018. In view of that, Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenues, Company apply the following five step approach:

(1) identify the contract with a customer

(2) identify the performance obligations in the contract

(3) determine the transaction price

(4) allocate the transaction price to the performance obligations in the contract

(5) recognize revenues when a performance obligation is satisfied.

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation based on their selling price.

Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

Trade Receivables:

Trade receivables are initially measured at their transaction price, unless those contain a significant financing component determined in accordance with Ind AS 115 (or when the entity applies the practical expedient in accordance with para 63 of Ind AS 115).

1.11. Goods and Services Tax:

GST duty payable on finished goods is accounted for upon transfer of goods to the customers.

1.12. Custom Duty:

Custom duty payable on imported goods is accounted for when the goods enter the Indian shores.

1.13. Government Grants and Other Incentives:

The Company, directly or indirectly through a consortium of Mahindra Group Companies, is entitled to various incentives from Government Authorities in respect of manufacturing unit located in developing region. The company accounts for it's entitlement on an accrual basis.

Government grants related to acquisition of depreciable assets are recognised as deferred revenue in the financial statements and are transferred to statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

1.14. Export Benefits:

Export benefits under various schemes of Government of India are accounted on accrual basis except when there is an uncertainty in respect of the entitlement.

1.15. Foreign exchange transactions:

Transactions in foreign currencies (Other than company's functional currency) are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of Monetary items at the end of the year, is recognised as income or expense, as the case may be.

Notes to the financial statements for the year ended March 31, 2024

1.16. Employee Benefits:

(i) Defined Contribution Plan:

The Company's contributions paid/payable during the year to Provident Fund and Superannuation Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

(ii) Defined Benefit Plan/Leave encashment:

The Company's liability towards gratuity and leave encashment is determined using the projected unit credit method which considers each period of service as giving rights to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognised on straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the Statement of other comprehensive income as income or expense. Obligation is measured at the present value of estimated future cash flow using discounted rate i.e. determined by reference to the market yield at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

(iii) Other Benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

1.17. Borrowing Costs:

Borrowing costs that are attributable to the acquisition or construction of a qualifying asset are capitalised as part of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

1.18. Taxes on Income:

Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Financial statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.19. Warranty:

Provision for warranty represents present value of management's best estimate of the future outflow of economic benefits that will be required in respect of sale of certain products, the estimated cost of which is accrued at the time of sale. Management estimates the related provision for future warranty claims based on historical warranty claim information and is adjusted regularly to reflect new information.

1.20. Segment Reporting:

The Company's business activity falls within a primary business segment namely manufacturing of Engines and other auto components and there is no reportable geographical segment.

1.21. Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

1.22. Critical accounting judgements and key sources of estimation uncertainty:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, obligations relating to employee defined benefits etc. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

1.23. Ind AS 116 Leases:

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

1.24. Recent Accounting Pronouncements :

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

(i) Ind AS 1 – Material accounting policies :

The amendments mainly related to shifting of disclosure of erstwhile "significant accounting policies" in the notes to the financial statements to material accounting policy information requiring companies to reframe their accounting policies to make them more "entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS).

Notes to the financial statements for the year ended March 31, 2024

(ii) Ind AS 8 – Definition of accounting estimates:

The amendments specify definition of 'change in accounting estimate' replaced with the definition of 'accounting estimates'.

(iii) Ind AS 12 – Annual Improvements to Ind AS (2021):

The amendment clarifies that in cases of transactions where equal amounts of assets and liabilities are recognised on initial recognition, the initial recognition exemption does not apply. Also, If a company has not yet recognised deferred tax asset and deferred tax liability on right-of-use assets and lease liabilities or has recognised deferred tax asset or deferred tax liability on net basis, that company shall have to recognise deferred tax assets and deferred tax liabilities on gross basis based on the carrying amount of right-of-use assets and lease liabilities existing at the beginning of 1 April 2022.

*** Note:**

Represents cost reimbursed by the company towards ESOP's granted by the holding company, Mahindra & Mahindra Limited;

Certain employees of the Company are covered by Employee Stock Option Scheme (ESOP scheme) offered by Holding Company, Mahindra & Mahindra Limited. Under the scheme, eligible employees are granted an option to purchase shares of Mahindra & Mahindra Limited, in accordance with the terms and conditions of the scheme.

The Company recognises this scheme as an equity settled share based payments arrangement in accordance with IND AS 102 - Share Based Payment. Options granted under Parent's ESOP scheme vests in

i) 5 equal instalments on the expiry of 12 Months, 24 Months, 36 Months, 48 Months and 60 Months from the date of grant.

OR

ii) 4 instalments bifurcated as 20% on the expiry of 18 months, 20% on the expiry of 30 months, 30% on the expiry of 42 months and 30% on the expiry of 54 months.

OR

iii) 3 instalments bifurcated as 33.33% on the expiry of 12 months, 33.33% on the expiry of 24 months and 33.34% on the expiry of 36 months.

The options may be exercised on any day over a period of 5 years from the date of vesting. Number of vested options exercisable is subject to a minimum of 50 or number of options vested whichever is lower.

Such ESOP expense in respect of employees of the Company is charged by the Ultimate Holding Company over the vesting period. The charge is based on fair value of options calculated using Black and Scholes Option Pricing Model. The fair value charge is recognized as share based payment expenses under Employee Benefit Expenses.

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The Concentration of credit risk is limited due to the fact that the customer base comprises largely of Mahindra group entities.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the table have been drawn up based on the non-discounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Rs. In Lakhs

Particulars	Less than 1 year	1 year to 3 years	3 years to 5 years	5 years and above

Fixed interest rate instruments	92.79	69.30	72.70	219.49
	30,097.35	846.04	126.13	219.49

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rs. In Lakhs

Particulars	Less than 1 year	1 year to 3 years	3 years to 5 years	5 years and above
Non-derivative financial assets				
As at March 31, 2024				
Non-interest bearing	**44,197.65**	**7,882.05**	**2,497.22**	**17.69**
Variable interest rate instruments	**1,711.49**	**–**	**–**	**–**
Fixed interest rate instruments	**4,052.38**	**10.69**	**8.02**	**7.99**
Total	**49,961.51**	**7,892.74**	**2,505.25**	**25.68**
As at March 31, 2023				
Non-interest bearing	46,581.13	9,311.55	–	5.25
Variable interest rate instruments	6,848.92	–	–	–
Fixed interest rate instruments	742.60	11.06	11.21	24.18
	54,172.65	9,322.61	11.21	29.43

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Rs. In Lakhs

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Trade Receivables	USD	**0.04**	0.04
	INR	**3.29**	3.28
Trade Payables	USD	**2.82**	7.10
	INR	**234.28**	583.33
	KRW	**126.49**	–
	INR	**7.66**	–
	JPY	**–**	69.10
	INR	**–**	42.75

Notes to the financial statements for the year ended March 31, 2024

Of the above foreign currency exposures, the following exposures are not hedged by a derivative:

Rs. In Lakhs

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Trade Receivables	USD	**0.04**	0.04
	INR	**3.29**	3.28
Trade Payables	USD	**2.82**	7.10
	INR	**234.28**	583.33
	KRW	**126.49**	–
	INR	**7.66**	–
	JPY	**–**	69.10
	INR	**–**	42.75

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, KRW and JPY exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives.

Rs. In Lakhs

Particulars	Currency	Change in rate	Effect on profit/(loss) before tax
As at March 31, 2024	**USD**	**10%**	**(23.10)**
		(10%)	**23.10**
	KRW	**10%**	**(0.77)**
		(10%)	**0.77**
As at March 31, 2023	USD	10%	(58.01)
		(10%)	58.01
	JPY	10%	(4.28)
		(10%)	4.28

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Interest rate risk

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate loans and borrowings, as follows:

Rs. In Lakhs

Particulars	Currency	Increase/ (decrease) in basis points	Effect on profit/(loss) before tax
31-Mar-24	**INR**	**100**	**–**
	INR	**(100)**	**–**
31-Mar-23	INR	100	–
	INR	(100)	–

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Notes to the financial statements for the year ended March 31, 2024

Note No. 27 - Employee benefits

(a) Defined Contribution Plan

The Company makes Provident Fund and Superannuation Fund contributions to defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. Amount recognised as an expense in the Statement of Profit and Loss is **Rs. 127.84 Lakhs.** (Previous year Rs. 129.46 Lakhs).

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

1) Liability Risks

a. Asset-Liability Mismatch Risk:

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuations wings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk:

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk:

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

2) Asset Risks

All plan assets are maintained in a trust fund managed by a public sector insurer viz; LIC of India.LIC has a sovereign guarantee and has been providing consistent and competitive returns over the years.

The company has opted for a traditional fund where in all assets are invested primarily in risk averse markets. The company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claims settlement and hence 100% liquidity is ensured. Also interest rate and inflation risk are taken care of.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	As per March 31, 2024	As per March 31, 2023
Discount rate	**7.30%**	7.50%
Expected rate of salary increase		
Officers	**9.00%**	9.00%
Associates	**7.00%**	7.00%

Defined benefit plans as per actuarial valuation on 31st March, 2024

5. Benefit payments	**(19.97)**	(21.61)
6. Fair value of plan assets at the end of the year	**38.78**	29.91
IV. The Major categories of plan assets		
Fund managed by insurer	**100%**	100%
V. Actuarial assumptions		
1. Discount rate	**7.30%**	7.50%
2. Expected rate of return on plan assets	**7.30%**	7.30%
3. Attrition rate		
Officers	**12.50%**	12.50%
Associates	**0.00%**	0.00%
4. Medical premium inflation	**NA**	NA

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. In Lakhs

Principal assumption	Year ended	Changes in assumption	Impact on defined benefit obligation Increase in assumption	Decrease in assumption
Discount rate	As at March 31, 2024	1%/-1%	(419.16)	524.15
	As at March 31, 2023	1%/-1%	(406.97)	506.45
Salary growth rate	As at March 31, 2024	1%/-1%	518.53	422.87
	As at March 31, 2023	1%/-1%	501.13	410.52
Withdrawal rate	As at March 31, 2024	1%/-1%	465.86	469.19
	As at March 31, 2023	1%/-1%	451.84	454.30

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute Rs.15 Lakhs to the gratuity trusts during the next financial year ending March 31, 2025.

Mortality : It is assumed that the active members of the scheme will experience | in-service mortality in accordance with the Indian Assured Lives Mortality (2012-14) ultimate (IALM ult). A sample pick from this table is given below:

Age	Mortality rate
21	0.093%
22	0.094%
23	0.094%
24	0.093%
25	0.093%

Age of the members at the valuation date is taken as their nearest age at that date.

Maturity profile of defined benefit obligation:

Rs. In Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023
Within 1 year	**36.66**	36.85
1 - 2 year	**38.90**	40.11
2 - 3 year	**40.58**	42.55
3 - 4 year	**49.12**	44.66
4 - 5 year	**65.19**	52.97
5 - 10 years	**256.71**	294.08

Plan Assets

The fair value of Company's pension plan asset as of March 31, 2024 is as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Asset category:		
Cash and cash equivalents	**0%**	0%
Debt instruments (quoted)	**0%**	0%
Debt instruments (unquoted)	**0%**	0%
Equity instruments (quoted)	**0%**	0%
Deposits with Insurance companies	**100%**	100%
Total	**100%**	100%

Notes to the financial statements for the year ended March 31, 2024

VIII. Experience Adjustments :

Rs. In Lakhs

Particulars	Gratuity as at As at March 31, 2024	As at March 31, 2023	As at March 31, 2022	As at March 31, 2021	As at March 31, 2020
1. Defined Benefit Obligation	**466.94**	452.19	447.04	413.60	421.78
2. Fair value of plan assets	**38.78**	29.91	37.46	11.80	16.49
3. Surplus/(Deficit)	**(428.16)**	(422.28)	(409.58)	(401.80)	(405.29)
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**(59.12)**	(44.82)	(15.59)	(85.80)	74.18
5. Experience adjustment on plan assets [Gain/(Loss)]	**(0.58)**	(0.58)	(0.07)	(0.05)	0.06

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA ELECTRIC AUTOMOBILE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Mahindra Electric Automobile Limited** (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and,

based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 01 April 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) and paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company does not have any pending litigations which would impact its financial position.

   b. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 27 to the financial statements.

   c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   d (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 32(e) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 32(f) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. As stated in Note 12 to the financial statements, the Board of Directors of the Company has proposed dividend for preference shares for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA ELECTRIC AUTOMOBILE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets under development.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified once in three years. In accordance with this programme, no property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

(vi) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vii) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it. Accordingly, clause 3(vi) of the Order is not applicable.

(viii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Income-Tax, Duty of Customs or Cess or other statutory dues have been generally regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(ix) According to the information and explanations given to us and on the basis of our examination of the records of the

Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(x) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(xi) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any private placement of shares or fully or partly convertible debentures during the year. In our opinion, in respect of preferential allotment of preference shares made during the year, the Company has duly complied with the requirements of Section 42 and Section 62 of the Act. The proceeds from issue of preference shares in the previous year and partial proceeds from issue of preference shares in the year have been used for the purposes for which the funds were raised. The funds raised during the year have been fully utilised except for Rs 20,000 lakhs, which were unutilised as they were raised towards the end of the year.

(xii) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the year and shared with us while determining the nature, timing and extent of our audit procedures.

(xiii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiv) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xvi) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvii) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has four CICs as part of the Group

(xviii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xix) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xx) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xxi) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA ELECTRIC AUTOMOBILE LIMITED FOR THE YEAR ENDED 31 MARCH 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of **Mahindra Electric Automobile Limited** ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Mumbai, 10 May, 2024

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1 General information

Mahindra Electric Automobile Limited ('the Company') is a limited company incorporated in India. The address of its registered office is Mahindra Electric Automobile Limited, Mahindra Tower, Pandurang Budhkar Marg, Nr. Door darshan Kendra, Worli, Mumbai, Maharashtra - 400018 and principal activities of the Company are designing, developing, manufacturing, fabricating, assembling, selling, buying, re-selling, importing, servicing, exporting, supplying, trading, altering, marketing, acting as stockists, dealers, distributors, let on hire, buy or sell on hire-purchase or instalment system of, and all kinds of services related thereto or otherwise dealing in any manner with 4-wheel passenger electric vehicles (incl. parts) of all kinds and description.

2 Material Accounting Policies

a) Statement of compliance and basis of preparation and presentation

These financial statements of Mahindra Electric Automobile Limited have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These financial statements were approved by the company's board of directors and authorised for issue on 10 May, 2024.

b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values.

c) Measurement of fair values

A number of accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

– Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

– Level 3: Input for the asset or liability that are not based on observable market data (unobservable inputs).

d) Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Note No. 2 (e) Property, plant & equipment

i) Useful lives of property, plant and equipment and other intangible assets

The Company reviews the useful lives of property, plant and equipment and other intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation expense in future periods.

ii) Fair value of financial assets and financial liabilities

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate about future developments.

e) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Group's expected usage pattern supported by technical assessment:

Asset Class	Useful lives
i) Proto vehicles and Benchmarking vehicles	3 years

f) Intangible assets under development

The company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

g) Impairment of Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

h) Financial Instruments

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets: All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

Financial liabilities and equity instruments: Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual agreements and the definitions of a financial liability and a equity instrument.

Equity Instrument: An equity instrument is any contract that evidences a residual interest in assets of an entity after deducting all its liabilities. Equity instrument issued by the company are recognised at the proceeds received, net of issue costs.

Repurchase of company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the statement of Profit & Loss on the purchase, sale, issue or cancellation of the company's own equity instruments.

Financial liabilities: All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through Profit & Loss.

i) Revenue Recognition

Mutual fund and interest income

Mutual fund income is accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

j) Employee Benefits

Provident Fund

Contributions to Provident Fund are made to regional provident fund commissioners and are charged to profit or loss as incurred. The Company is liable for the contribution and any shortfall in interest between the amount of interest realised by the investments and the interest payable to members at the rate declared by the Government of India. The shortfall and remeasurement thereof, if any, based on actuarial valuation is recognised through Other Comprehensive Income (OCI).

Long term Compensated Absences

The liability towards long term compensated absences are determined by independent actuaries using the projected unit credit method.

Gratuity, post retirement medical benefit and post retirement housing allowance schemes

The liability towards gratuity, post retirement medical benefit are determined by independent actuaries, using the projected unit credit method. Past services are recognised at the earlier of the plan amendment/curtailment and the recognition of related restructuring costs / termination benefits.

The obligation on long term compensated absences and other defined benefit plan are measured at the present value of estimated future cash flows using a discount rate that is determined by reference to the market yields of Indian government securities for the estimated term of the obligations.

k) Income taxes

Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities arising from deductible temporary differences associated with such depreciation, retirals and investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss.

l) Provisions

Provisions are recognised when company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

3 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

25 Employee Benefits

General description of defined benefit plans

Gratuity

There is gratuity plan is covering all employees. The benefit payable is greater of the amount calculated as per the payment of Gratuity Act or the company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Inflation risk

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

27. Financial instruments

Financial Risk Management Framework

In the course of its business, the Company is exposed to a certain financial risks namely credit risk, market risk & liquidity risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the risk management policy as approved by Board of Directors of the Company.

(a) Market Risk Management

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

(b) Currency Risk

The Company's exposure to currency risk relates primarily to the company's operating activities i.e.. Purchases where the transactions are denominated in a currency other than the Company's functional currency.

The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company's hedges its foreign currency risk mainly by way of Forward Covers. Other derivative instruments may be used if deemed appropriate.

The carrying amounts of the company's foreign currency exposure at the end of the reporting period are as follows:

Rupees Lakhs

Particulars	**Euro**	**Pounds**	**Yen**	**Korean Won**	**USD Dollar**	**Total**
Financial Liabilities	**1,475.46**	**962.46**	**506.33**	**45.00**	**8,914.50**	**11,903.75**

The Company's outstanding forward exchange contracts are not accounted as hedges. Notional value of the same is as given below:

Sensitivity Analysis of unhedge foreign currency exposure

Foreign Currency Sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant

Rupees Lakhs

	10% Increase - Loss	**10% Decrease - Gain**
US Dollars	**84.28**	**84.28**
Pounds	**96.25**	**96.25**
Yen	**50.63**	**50.63**
Korean Won	**4.50**	**4.50**

(b) Credit Risk Management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company usually deals with creditworthy counterparties and obtain sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored.

(c) Liquidity risk management - Maturity profile of non - derivative financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

29 Issue of Compulsorily Convertible Preference Shares

Mahindra and Mahindra Limited (M&M), the holding company, executed a Securities Subscription Agreement and Shareholders' Agreement with British International Investment Plc ('BII'), whereby M&M and BII have agreed to invest upto Rs. 1,92,500.00 lakhs each, in tranches, subject to the terms and conditions as stipulated in the aforesaid agreement(s). Of this, M&M have invested Rs. 1,20,000 lakhs in equity share and BII have invested Rs. 0.01 Lakhs in equity shares and Rs. 1,20,000 lakhs Compulsorily Convertible Preference Shares ('CCPS') respectively, by 31st March 2024. (2023: Rs. 40,000 lakhs Equity Share invested by M&M and Rs. 40,000 lakhs in CCPS invested by BII)

Mahindra and Mahindra and Jongsong Investments Pte Limited (Temasek) have executed a binding agreement with Temasek. Till 31st March 2024, Temasek have invested Rs. 30,000 lakhs Series A Compulsorily Convertible Preference Shares.

CCPS is convertible compulsorily and automatically into such number of equity shares determined as per a pre-determined formula at the conversion date, as per terms and conditions of the agreement(s) entered between the Company, BII and Temasek. Since the CCPS is convertible into variable number of equity shares of MEAL, it has been classified as financial liability at fair value through profit or loss in the financial statements of the Company. The fair value of CCPS issued as at 31 March 2024 is Rs. 1,50,000 lakhs (2023: Rs 40,000 lakhs).

30 Commitment

The estimated amount of contracts remaining to be executed on capital account and not provided for as at 31st March, 2024 is Rs. 1,98,104.19 lakhs (2023: 1,10,084 lakhs)

INDEPENDENT AUDITOR'S REPORT

To the Members of NBS International Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of NBS International Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Change in Equity and the Statement of Cash Flows for the year then ended and notes to the Ind AS financial statements, including summary of material accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate

in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far, it appears from our examination of those books.
   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Change in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
   e) On the basis of written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024, from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls with reference to the financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
   a) The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 30 to the financial statements.
   b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
   c) There were no amounts required to be transferred to the Investor Education and Protection Fund by the Company.
   d) (i) The management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

      (ii) The management has represented, that, to the best of it's knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

      (iii) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e) The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

f) Based on our examination which includes test checks, the Company has used an accounting software for maintaining its books of accounts which has feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in software. Further, during the course of our audit we did not come across any instance of audit trail feature being tempered with.

4. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid or provided remuneration to its directors during the year. Accordingly, compliance with the provision of Section 197(16) read with schedule V of the Act is not required.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF NBS INTERNATIONAL LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)

1) (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of its Property, Plant and Equipment and relevant details of Right of Use Assets.

(B) The Company has maintained proper records showing full particulars of its Intangible assets.

(b) According to information and explanations given to us, and on the basis of our examination of the records of the Company, the Company has a regular program of physical verification of its Property, Plant and Equipment (including Right of Use Assets) so as to cover all the assets once every three years, which in our opinion, is reasonable having regard to size of the Company and nature of its assets. Pursuant to the program, certain Property, Plant and Equipment have been verified by the Management during the year and no material discrepancies were noticed on such verification.

(c) According to information and explanations given to us, and on the basis of our examination of the records of the Company, the Company does not have any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use Assets) and Intangible assets during the year.

(e) According to information and explanations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the "Benami Transactions (Prohibition) Act, 1988 (45 of 1988)" and Rules made thereunder.

2) (a) According to information and explanations given to us, the inventory has been physically verified by the management at reasonable intervals during the year and in our opinion the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in aggregate for each class of inventory were noticed on such verification by the Management.

(b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year. Accordingly, the provision of clause 3(ii)(b) of the Order is not applicable to the Company.

3) According to information and explanations given to us, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under clause 3(iii) of the Order are not applicable.

4) According to information and explanations given to us, the Company has not granted any loan, secured or unsecured, or provided any guarantee or security to the parties covered under section 185 of the Act during the year. With respect to investments provision of Section 186 of the Act have been complied with.

5) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits. Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.

6) According to the information and explanations given to us, the requirement for maintenance of cost records specified by the Central Government under Section 148(1) of the Act is not applicable to the Company during the year.

7) (a) According to the information and the explanations given to us, the Company has been regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues with the appropriate authorities. No undisputed amounts payable in respect of aforesaid statutory dues were outstanding as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to information and explanations given to us, and record of the Company examined by us, there were no statutory dues referred to in sub-clause (a) that have not been deposited on account of any dispute except following:

Name of the Statue	Nature of dues	Amount* (Rs. in lakhs)	Period to which the amounts relate	Forum where dispute is pending
Income Tax Act, 1961	Income tax	93.43	FY 2011-2012	Commissioner of Income tax (Appeals)

* net of amount paid under protest Rs. 50.00 lakhs

8) According to information and explanations given to us and on the basis of our examination of the records of the Company, no transactions which have not been recorded in the books of accounts, were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

9) (a) According to information and explanations given to us, the Company has not defaulted in repayment of dues to any lender. Accordingly, reporting under clause 3(ix)(a) of the Order is not applicable.

(b) According to information and explanations given to us, the Company is not a declared willful defaulter by any bank or financial institution or other lender.

(c) According to information and explanations given to us, the Company has not obtained any term loan and there are no unutilised term loans at the beginning of the year. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable.

(d) According to information and explanations given to us, and overall examination of the financial statements of the Company, we report that no funds raised on short term basis have been used for long term purposes by the Company.

(e) According to information and explanations given to us, the Company did not have any subsidiary or associate or joint venture during the year. Accordingly, reporting under clause 3(ix)(e) and 3(ix)(f) of the Order are not applicable.

10) (a) According to the information and explanations given to us, the Company has not raised moneys by way of public offer (including debt instruments) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable.

(b) According to information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable.

11) (a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanation given to us, we report that no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed in Form ADT- 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the management, there were no whistle blower complaints received by the Company during the year.

12) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, reporting under clause 3(xii) of the Order is not applicable.

13) According to the information and explanations given to us, in our opinion, transactions with related parties are in compliance with Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

14) (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company for the period under audit.

15) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with them during the year. Accordingly, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

16) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934). Accordingly, reporting under clause 3(xvi)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities.

(c) According to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

(d) According to the information and explanations given to us, the Group has 4 CICs.

17) According to the information and explanations given to us, the Company has not incurred any cash losses in the financial year covered by our audit and in the immediately preceding financial year.

18) There has been no resignation of the statutory auditors during the year. Accordingly reporting under clause 3(xviii) of the Order is not applicable.

19) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

20) According to the information and explanations given to us, the Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Act or special account in compliance with the provision of Section 135(6) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF NBS INTERNATIONAL LIMITED FOR THE YEAR ENDED 31 MARCH 2024

(Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of NBS International Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Notes to the financial statements for the year ended 31 March 2024

1. A) **General Information:**

NBS International Limited ('the Company'), is a wholly owned subsidiary of Mahindra & Mahindra Limited having its registered office at Mumbai. The Company is engaged in the business of sales & servicing of motor vehicles.

B) **Statement of compliance**

The financial statements of the Company have been prepared in accordance with and in compliance, in all material aspects, with the Indian Accounting Standards (Ind AS) (i.e the Companies (Indian Accounting Standards) Rules, 2015 as amended) notified under the section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

These financial statements of the Company for the year ended 31 March 2024 were approved by the Company's Board of Directors and authorised for issue on 17 April 2024.

2. **Basis of preparation, measurement and material accounting policies:**

a) **Basis of preparation and presentation**

The financial statements have been prepared on accrual and going concern basis in accordance with historical cost convention, except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The accounting policies are applied consistently to all the periods presented in the financial statements.

All assets and liabilities have been classified as current or non-current as per the Companies normal operating cycle and other criteria set out in the Division II of Schedule III of the Act. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when:

— It is expected to be realised or intended to be sold or consumed in normal operating cycle

— It is held primarily for the purpose of trading

— It is expected to be realised within twelve months after the reporting period, or

— It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

— It is expected to be settled in normal operating cycle; or

— It is held primarily for the purpose of trading; or

— It is due to be settled within twelve months after the reporting period; or

— There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency. All values are rounded to the nearest lakhs (and decimal thereof), unless otherwise indicated.

b) **Measurement of fair value**

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

— Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

— Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

— Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

c) **Use of estimates and judgements.**

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In the process of applying the Company's accounting policies, management has made the following judgements, estimates and assumptions which have significant risk of causing a material adjustment to the carrying amounts recognised in the financial statements:

(i) Useful lives of property, plant and equipment and intangible assets

The Company reviews the useful lives of property, plant and equipment and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation expense in future periods.

(ii) Provision for doubtful trade receivables

The Company is not significantly exposed to credit risk. At present, the Company provides for credit loss/ doubtful receivables as required under Ind AS 109 'Financial Instrument' on the basis of ageing of receivables and judgement about recoverability of amount on evaluation of individual receivables.

(iii) Deferred tax assets

Deferred tax assets are recognised to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets in respect of carry forward of unused tax losses or unused tax credit have been recognised to the extent of available taxable temporary differences.

(iv) Defined benefit plans

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increase and mortality rates, etc. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to change in these assumptions. All assumptions are assumed at each reporting date.

d) Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. MCA has not notified any new standards or amendments to the existing standards which are effective from 1 April 2024.

e) Material accounting policies

1. Property, plant & equipment and intangibles

Property, plant & equipment and intangible assets are carried at cost of acquisition or construction less accumulated depreciation/ amortisation and accumulated impairment losses, if any. Cost includes the purchase price (including duties & non-refundable taxes) borrowing cost, any directly attributable cost of bringing the asset to its working condition and location for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Depreciation/amortisation is provided on straight-line basis so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful life, except assets costing less than or equal to Rs. 5,000 which are depreciated fully in the year of purchase.

The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis. The management's estimate of useful lives is in accordance with Schedule II of the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Asset Class		Useful lives
(i)	Certain items of plant and machinery	1 - 15 years
(ii)	Office equipment	1 - 5 years
(iii)	Vehicles	5 years
(iii)	Intangibles – computer software	5 years

Leasehold Improvements are amortized over the period of lease or estimated period of useful life of such improvement, whichever is lower.

When an asset is scrapped or otherwise disposed off the cost and relevant accumulated depreciation are removed from the books of accounts and resultant profit or loss, if any, is reflected in statement of profit and loss.

2. Impairment of assets

At the end of each reporting period, the management reviews the carrying amounts of its property, plant & equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the management estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

3. Inventories

Inventories are measured at the lower of cost or net realisable value. The cost of inventory comprise of all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Finished goods (vehicles) cost is determined using specific identification of cost. Spare parts & accessories cost is determined using weighted average cost formula.

4. Employee Benefits

Short term employee benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present obligation and the amount can be estimated reliably.

Defined contribution plans – Provident fund, ESIC and Labour welfare fund

The Company's contribution paid/payable during the year to Provident fund, ESIC and Labour welfare fund are recognised in profit or loss.

Defined benefit plan - Gratuity

Company's liability towards gratuity is determined by independent actuaries, using the projected unit credit method. Past services are recognised at the earlier of the plan amendment/curtailment and the recognition of related restructuring costs/termination benefits. Remeasurement of defined benefit plans, comprising of actuarial gains or losses are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

Long - term compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

5. Taxation

Tax expense for the period comprise of current and deferred tax. Tax expense is recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(i) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

6. **Segment**

Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. The Company's business activity primarily falls within a single business segment, i.e., Automative as primarily segment. There is no geographical segment, thus there are no additional disclosures to be provided under Ind AS 108 - "Operating Segments". There have been no other reportable segments identified by chief operating decision makers.

Note No. 3 - Property, plant and equipment

Gratuity expense	**27.80**	24.07
Staff welfare expenses	**65.62**	62.15
Total	**1,679.27**	1,501.06

(a) Defined contribution plan

The Company's contribution to provident fund aggregating Rs.72.88 lakhs (31 March 2023 : Rs.67.78 lakhs) has been recognised in the statement of profit or loss under the head employee benefits expense.

(b) Defined benefit plans:

Gratuity

The Company operates a defined benefit final salary gratuity plan which is open to new entrants. The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company. There are no minimum funding requirements for a gratuity plan in India. The Company has chosen not to fund the gratuity liabilities of the plan but instead carry a provision based on actuarial valuation in its books of accounts. The only regulatory framework which applies to such plans is if the company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act. The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

Defined benefit plans – as per actuarial valuation as at year end

Note No. 27 - Financial Instruments

a) Capital management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of equity and debt as may be appropriate. The Company ensure adequate capital at all time and manage its capital so as to safeguard its ability to continue as a going concern and optimise return to its shareholders.

The Board of Directors monitors the return on capital as well as dividend, to shareholders. The Company will take appropriate steps in order to maintain or if necessary adjust its capital structure.

There is no change in the overall capital risk management strategy of the Company compared to last year. Total capital of the company is as under:

(Currency: Indian Rupees in Lakhs)

c) Financial risk management framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

(i) Market risk

Market risk is the risk that changes in market prices – such as interest rates will affect the entity's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. There has been no significant changes to the entity's exposure to market risk or the methods in which they are managed or measured.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's current debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period.

Particulars	Increase / decrease in basis points	Effect on profit / (loss) for the year
31-Mar-24	**+100**	**(3.00)**
	-100	**3.00**
31-Mar-23	+100	(2.00)
	-100	2.00

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

(iii) Credit risk

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date. The Company continuously monitors defaults of customers and the other counter parties, identified either individually or by Company and incorporates this information into its credit risk controls. The Company's management considers that all the financial assets are not impaired for each of the reporting date under review, are of good credit quality, including those that are past due.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. Concentration of credit risk to any counterparty did not exceed 10% of gross monetary assets at any time during the year.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. In respect of financial assets, the maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of financial asset.

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(Currency: Indian Rupees in Lakhs)

Particulars	Less than 1 Year Rs.	1-3 Years Rs.	3 Years to 5 Years Rs.	5 years and above Rs.
Non-derivative financial liabilities				
31-Mar-24				
-Borrowings	3,110.84	–	–	–
-Lease liability	338.02	371.06	22.93	17.56

Total	**4,942.24**	**553.49**	**169.13**	**26.94**

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(Currency: Indian Rupees in Lakhs)

Particulars	As at 31 March 2024 Rs.	As at 31 March 2023 Rs.
Unsecured bank overdraft facility		
- Expiring within one year	**3,470.34**	695.26
- Expiring beyond one year	**–**	–
	3,470.34	695.26

Note No. 28 - Segment information

(a) The Company's business activity falls within a single operating business segment viz. 'Automotive'.

This operating segment is reported in a manner consistent with the internal reporting provided to the Chief Executive Officer of the Company regarded as the Chief Operating Decision Maker ("CODM").

The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segment. The CODM reviews revenue and gross profit as the performance indicator for this segment. All other activities of the Company revolve around this operating segment. Hence there are no separate reportable primary segments. Company deals into trading and servicing of vehicles.

(b) All the non-current assets of the Company are located in India.

(c) Revenue from major products and services

(Currency: Indian Rupees in Lakhs)

Particulars	As at 31 March 2024	As at 31 March 2023
Sale & service of vehicles and other operating income	**47,968.78**	40,073.21

(d) Revenues from transactions with a single external customer does not amount to 10% or more of an entity's revenues during the year ended 31 March 2024 and 31 March 2023.

(e) Since there is single segment there is no difference in measurement of profit & loss and measurement of assets and liabilities.

INDEPENDENT AUDITOR'S REPORT

To the members of Mahindra Automotive Australia Pty Ltd

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Mahindra Automotive Australia Pty Ltd (the Company), which comprises the statement of financial position as at 31 March 2024, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information, and the directors' declaration.

In our opinion the accompanying financial report of Mahindra Automotive Australia Pty Ltd, is in accordance with the *Corporations Act 2001,* including:

(i) Giving a true and fair view of the Company's financial position as at 31 March 2024 and of its financial performance for the year ended on that date; and

(ii) Complying with Australian Accounting Standards – Simplified Disclosures and the *Corporations Regulations 2001.*

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Company in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001,* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the directors' report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Simplified Disclosures and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (http://www.auasb.gov.au/Home.aspx) at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf

This description forms part of our auditor's report.

BDO Audit Pty Ltd

Randall Bryson
Director
Brisbane, 10th May, 2024

DIRECTORS' DECLARATION FOR 31 MARCH 2024

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, the Australian Accounting Standards - Simplified Disclosures, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the company's financial position as at 31 March 2024 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

Sachin Arolkar
Director

AUDITOR'S INDEPENDENCE DECLARATION 31 MARCH 2024

DECLARATION OF INDEPENDENCE BY RANDALL BRYSON TO THE DIRECTORS OF MAHINDRA AUTOMOTIVE AUSTRALIA PTY LTD

As lead auditor of Mahindra Automotive Australia Pty Ltd for the year ended 31 March 2024, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

The above statement of cash flows should be read in conjunction with the accompanying notes.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Note 1. Material accounting policy information

The accounting policies that are material to the company are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

Mahindra Automotive Australia Pty Ltd (the company) has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Basis of preparation

These general purpose financial statements have been prepared in accordance with the Australian Accounting Standards - Simplified Disclosures issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities.

The company does not have 'public accountability' as defined in AASB 1053 Application of Tiers of Australian Accounting Standards and is therefore eligible to apply the 'Tier 2' reporting framework under Australian Accounting Standards.

Historical cost convention

The financial statements have been prepared under the historical cost convention.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

Revenue recognition

The company recognises revenue as follows:

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the company is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the company: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

(i) <u>**Sale of goods**</u>

Revenue from the sale of agricultural equipment, motor vehicles and parts and accessories is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

All other revenue is recognised in accordance with AASB 15 Revenue from contracts with customers (AASB 15), when performance obligation is satisfied and control is transferred. All revenue is stated net of the amount of goods and services tax (GST).

Other income

The company recognises other income as follows:

Interest

Interest revenue is recognised on a time proportional basis, taking into account the effective interest rates applicable to the financial assets.

Income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to be applied when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted, except for:

- When the deferred income tax asset or liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting nor taxable profits; or
- When the taxable temporary difference is associated with interests in subsidiaries, associates or joint ventures, and the timing of the reversal can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed at each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Deferred tax assets and liabilities are offset only where there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets against deferred tax liabilities; and they relate to the same taxable authority on either the same taxable entity or different taxable entities which intend to settle simultaneously.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the company's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the company's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Trade and other receivables

Trade receivables are initially recognised at transaction price, less any allowance for expected credit loss. The average credit period on sales of goods is 60 days. No interest is charged on outstanding trade receivables.

The company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Inventories

New vehicles

New vehicles are valued at the lower of cost and net realisable value on a unit by unit basis.

Spare parts and accessories

Vehicle spare parts and accessories and agriculture equipment are valued at the lower of cost and net realisable value.

Costs for vehicles comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Stock in transit is stated at the lower of cost and net realisable value. Cost comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line or diminishing value basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Plant and equipment	10-20%
Computer equipment	20-40%
Furniture and fittings	10-20%
Motor vehicles	20-30%

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Extension options on leases where appropriate are included in the useful life of the right-of-use asset. These are used to maximise operational flexibility in terms of managing the assets used in the company's operations. The extension and termination options held are exercisable only by the company and not by the respective lessor. Extension options are only included in the lease term if the lease is reasonably certain to be extended.

Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition, except for related party payables which are on terms of between 60 and 180 days.

Borrowings

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount and any consideration paid is recognised in profit or loss.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Provisions

Provisions are recognised when the company has a present (legal or constructive) obligation as a result of a past event, it is probable the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The liability for annual leave and long service leave not expected to be settled within 12 months of the reporting date are measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Issued capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Dividends

Dividends are recognised when declared during the financial year and no longer at the discretion of the company.

Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Revenue from contracts with customers involving sale of goods

When recognising revenue in relation to the sale of goods to customers, the key performance obligation of the company is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

Net realisable value of inventories

The provision for impairment of inventories assessment requires a degree of estimation and judgement. The level of the provision is assessed by taking into account the recent sales experience, the ageing of inventories and other factors that affect inventory obsolescence.

Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the company's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the company estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

Employee benefits provision

As discussed in note 1, the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Warranty provision

In determining the level of provision required for warranties the company has made judgements in respect of the expected performance of the vehicles, the number of customers who will actually claim under the warranty and how often, and the costs of fulfilling the conditions of the warranty. The provision is based on estimates made from historical warranty data associated with similar products and services.

Note 3. Revenue

Future lease payments		
Future lease payments are due as follows:		
Not later than one year	**700,623**	512,445
Later than one and not later than five years	**2,467,726**	1,825,022
	3,168,349	2,337,467

Significant leasing arrangements

Lease liabilities are secured by the assets leased and represent the discounted future rentals payable by the company. Leased assets include property, plant and equipment. These leases are negotiated for an average term of 10 years and are fixed for an average of 5 years with an option to extend for a further 5 years at the then prevailing market rate.

Note 16. Provisions

	2024 $	2023 $
Current liabilities		
Annual leave	**204,768**	170,970
Lease make good	**365,345**	150,000

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

	2024	2023
	$	$
Non-current liabilities		
Long service leave	**131,525**	**110,948**
	4,502,534	**3,684,447**

Marketing

The provision represents the estimated costs of marketing the company's new products. The marketing costs are allocated to profit or loss.

Lease make good

The provision represents the present value of the estimated costs to make good the premises leased by the company at the end of the respective lease terms.

Dealer support

The provision represents the present value of the estimated costs that will be incurred with respect to supporting the dealers as per the current dealer agreements. This provision covers a reimbursement to the dealers of registration and third party insurance costs, the estimated costs of signage to be installed at the dealers premises and other general incentives estimated to be payable to the dealers. Each dealer support provision is estimated based on current stock held with the dealers at the end of the period.

Warranties

The provision represents the estimated warranty claims in respect of vehicles sold which are still under warranty at the reporting date. The provision is estimated based on historical warranty claim information, sales levels and any recent trends that may suggest future claims could differ from historical amounts.

Movements in provisions

Movements in each class of provision during the current financial year, other than employee benefits, are set out below:

2024	Lease make good	Warranties	Dealer support- obsolete stock	Dealer support- registration	Marketing	Dealer support- signage	Other
	$	$	$	$	$	$	$
Carrying amount at the start of the year	150,000	721,005	316,500	1,204,513	100,000	270,000	640,511
Additional provisions recognised	–	–	–	9,414,080	–	–	1,026,100
Amounts used	215,345	–	–	(8,146,800)	–	–	(613,503)
Unused amounts reversed	–	(140,206)	(316,500)	–	(100,000)	(270,000)	(304,804)
Carrying amount at the end of the year	365,345	580,799	–	2,471,793	–	–	748,304

Note 17. Issued capital

	2024 Shares	2023 Shares	2024 $	2023 $
Ordinary shares - fully paid	4,575,000	4,575,000	4,575,000	4,575,000

Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the company does not have a limited amount of authorised capital.

Note 18. Dividends

There were no dividends paid, recommended or declared during the current or previous financial year.

Note 19. Key management personnel disclosures

Compensation

The aggregate compensation made to members of key management personnel of the company is set out below:

	2024	2023
	$	$
Aggregate compensation	383,014	375,120

In addition to this other directors and key management of the entity are paid compensation at ultimate parent level.

Note 20. Remuneration of auditors

During the financial year the following fees were paid or payable for services provided by BDO Audit Pty Ltd, the auditor of the company, and its network firms:

	2024	2023
	$	$
Audit services - BDO Audit Pty Ltd		
Audit of the financial statements	45,000	33,000
Other services - BDO Services Pty Ltd		
Preparation of the financial statements and tax return	10,400	9,800
Other accounting and advisory work	1,200	–
	11,600	9,800

Note 21. Contingent assets

At 31 March 2024, the company has no contingent assets (2023: $Nil).

Note 22. Contingent liabilities

In the opinion of the directors, the company did not have any contingent liabilities at 31 March 2024 (2023: $Nil).

Note 23. Commitments

At 31 March 2024, the entity had not entered into any contractual capital commitments (2023: $Nil).

Note 24. Related party transactions

Parent entity

Mahindra & Mahindra Limited is the ultimate parent entity, a publically listed company based in Mumbai, India.

Key management personnel

Disclosures relating to key management personnel are set out in note 19.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

Transactions with related parties

The following transactions occurred with related parties:

	2024 $	2023 $
Payment for goods and services:		
Purchase of goods from controlling entity and it's subsidiaries	124,616,205	54,858,829
Payment for other expenses:		
Other expenses paid to other related party	78,926	101,405

Receivable from and payable to related parties

The following balances are outstanding at the reporting date in relation to transactions with related parties:

	2024 $	2023 $
Current receivables:		
Trade receivables from controlling entity and it's subsidiaries	66,000	426,150
Current payables:		
Trade payables to controlling entity and it's subsidiaries	44,686,438	29,510,497

Loans to/from related parties

There were no loans to or from related parties at the current and previous reporting date.

Terms and conditions

All transactions were made on normal commercial terms and conditions and at market rates.

Note 25. Events after the reporting period

No matter or circumstance has arisen since 31 March 2024 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

Note 26. Non-cash investing and financing activities

	2024 $	2023 $
Addition to the right-of-use assets	2,071,391	880,556

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MAHINDRA TWO WHEELERS LIMITED

To the members of Mahindra Two Wheelers Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Two Wheelers Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of

the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid/provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 40 to the Financial Statements;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

(v) The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Two Wheelers Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1) i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

ii) The Company has a regular programme for physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment and investment properties are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the Company has physically verified certain property, plant and equipment and investment properties during the year and no material discrepancies were noticed on such verification.

iii) According to the information and explanations given to us, the Company has no immovable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

iv) According to the information and explanations given to us, the Company has not revalued any of its property, plant and equipment (including Right of use assets) or intangible assets or both during the year.

v) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2) i) According to the information and explanations given to us, the inventory comprising of traded goods, packing materials and stores and spare parts has been physically verified at reasonable intervals by the management during the year. In our opinion, coverage and procedure of such verification is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

ii) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3) a) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or secured or unsecured loans to companies, firms, Limited Liability Partnerships. During the year, the company has granted loans to other party, the details of which are as under –

Particulars	Loans given during the year Rupees
Aggregate amount during the year:	
- Subsidiaries	Nil
- Joint ventures	Nil
- Associates	Nil
- Limited liability partnership firm	Nil
- Other party	Rs 4 Crore
Balance outstanding as at the Balance Sheet date	
- Subsidiaries	Nil
- Joint ventures	Nil
- Associates	Nil
- Limited liability partnership firm	Nil
- Other party	Nil

b) According to the information and explanation given to us, the terms and conditions of the loans granted by the Company to other party is not prejudicial to the company's interest.

c) According to the information and explanations given to us, the other party has been regular in repayment of principal amounts and payments of interest as per the stipulated terms.

d) According to the information and explanations given to us, loan given to other party as mentioned in paragraph (c) above, there is no amount overdue for more than 90 days.

e) According to the information and explanations given to us, the loans granted to the parties mentioned in paragraph (a) above have fallen due during the year but have not been renewed or extended nor fresh loans were granted to settle any overdues of existing loans given to the same parties.

f) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted any deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under.

Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7) i) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted/accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

ii) According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

iii) According to the information and explanation given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Sales Tax, Service Tax , Duty of Customs, Duty of Excise, Value added tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited on account of any dispute. The statutory dues in respect of Income tax and other tax as at 31 March 24 which have not been deposited with the appropriate authorities on account of a dispute are as under

Name of the statute	Nature of dues	Amount (Rs in lakhs)	Financial year to which is it pertains	Forum where the disputes is pending
Income Tax Act, 1961	Income tax including interest	146	2014-15	DCIT
Income Tax Act 1961	Income tax including interest	441	2018-19	DCIT
Central sales tax Act	C Form liability	60	2017-18 Q1	Jt Commissioner appeal
West Bengal CST	C form liability	142	2016-18	Jt Commissioner Appeal
GST	Denial of transitional credit	44	2017-18	Commissioner Appeal

8) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9) a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix) (a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

c) According to the information and explanation given to us, Company has not obtained any term loan during the year. Hence reporting under clause (ix) (c) is not applicable.

d) In our opinion and according to information and explanations given to us and on overall examination of the Balance sheet of the Company, we report that company has not raised any short term or long term loan during the year. Hence reporting under clause (ix) (d) is not applicable to company.

e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

10) a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

b) According to the information and explanation given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

11) a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14) a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

15) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16) a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing finance activities. Accordingly, the reporting under this clause is not applicable to the Company.

c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

d) Based on the information and explanations given to us, we report that the Group has four core Investment companies.

17) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20) a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub section (5) of section 135 of the Act.

b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Note no. 1. GENERAL INFORMATION

Mahindra Two Wheelers Limited is in the business of trading in spare parts and accessories. It deals in parts required for the range of Two wheelers, passenger light motor vehicle and commercial vehicles manufactured and sold by its Holding Company, Mahindra & Mahindra Limited. The Company undertakes procurement, warehousing management, logistics and sale of spare parts and accessories. It has a network of dealers spread across India to ensure timely availability of spare parts to customers.

The Company has elected not to prepare consolidated financial statements, as Mahindra & Mahindra Limited being the Holding Company prepares consolidated financial statements at Group Level. Copies of the annual report of the Mahindra & Mahindra Limited can be obtained from the Company Secretary, Mahindra & Mahindra Limited, Mahindra Towers, Dr. G. M. Bhosale Marg, Worli, Mumbai, 400 018, India.

Note no. 2. MATERIAL ACCOUNTING POLICIES

2.1 Statement of compliance:

The financial statements of the Company ('financial statements') have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

2.2 Basis of preparation and presentation:

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

1. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
2. Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
3. Level 3 inputs are unobservable inputs for the asset or liability

2.3 Revenue Recognition:

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts, incentives, volume rebates, and outgoing taxes on sales.

2.4 Leases:

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

2.5 Foreign exchange transactions:

Transactions in foreign currencies (other than company's functional currency) are recorded at the exchange rates prevailing on the date of transaction. Monetary items are re-translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on re-translation of Monetary items at the end of the year, is recognised as income or expense, as the case may be .

2.6 Employee Benefits:

2.6.1 Defined contribution plan

The Company's contributions paid/payable during the year to Provident Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

2.6.2 Defined benefit plan/leave encashment

The Company's liability towards gratuity and leave encashment is determined using the projected unit credit method which considers each period of service as giving rights to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognised on straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the statement of other comprehensive income as income or expense. Obligation is measured at the present value of estimated future cash flow using discounted rate i.e. determined by reference to the market yield at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

2.6.3 Other benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

2.7 Taxes on Income:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and applicable tax laws. Deferred tax is recognised on temporary differences between the carrying amounts assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.8 Property Plant & Equipment:

Property Plant & Equipments are carried at cost less depreciation. Cost comprises the purchase price and other attributable costs.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on assets is calculated on Straight Line Method at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013, except in respect of the following categories of assets, in whose case the useful life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. :

Vehicles	5 years
Plant & Machinery	7 years

2.9 Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. Impairment loss is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

2.10 Inventories:

Inventories comprise all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Stock-in -trade are valued at lower of cost or net realisable value after provision for obsolescence and other losses, where considered necessary. Cost is determined on the basis of weighted average method.

2.11 Product Warranty:

In respect of warranties given by the Company on sale of certain products, the estimated costs of these warranties are accrued at the time of sale on the basis of technical estimate. These estimates are established using historical information on the nature, frequency and average cost of warranty claims. The estimates for accounting of warranties are reviewed and revisions are made as required.

2.12 Financial Instruments:

"Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value plus or minus transaction costs, as appropriate, unless they are financial assets in the form of trade receivables that do not contain a significant financing component. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial Assets:
All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial liabilities and equity instruments: Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

<u>Investments in equity instruments at FVTOCI</u>

A financial asset is held for trading if:

1. It has been acquired principally for the purpose of selling it in the near term; or
2. on initial recognition it is part of a portfolio of identified financial instruments or a financial guarantee
3. it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee

The Company has equity investments in one entity which are not held for trading. The company has elected the FVTOCI irrevocable option for this investment (see note no 4). Fair value is determined in the manner described in note no 30. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit and loss on disposal of the investment.

Dividends on this investment in equity instruments is recognised in profit or loss when the company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other Income' line item.

Trade Receivable: Trade receivables are initially measured at their transaction price, unless those contain a significant financing component determined in accordance with Ind AS 115 (or when the entity applies the practical expedient in accordance with para 63 of Ind AS 115). They are subsequently measured at amortized cost using the effective interest method, less provision for impairment.

2.13 Critical accounting judgements and key sources of estimation uncertainty:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, obligations relating to employee defined benefits etc. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

2.14 Cash and cash equivalents (for purposes of Cash Flow Statement):

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.15 Investments:

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non current investments.

2.16 Segment Reporting:

The Company has single reportable business segment namely Automotive vehicles-related spare parts. The Company has only one reportable geographical segment.

2.17 Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

i. Ind AS 1 – Material accounting policies - The amendments mainly related to shifting of disclosure of erstwhile "significant accounting policies" in the notes to the financial statements to material accounting policy information requiring companies to reframe their accounting policies to make them more "entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS).

ii. Ind AS 8 – Definition of accounting estimates - The amendments specify definition of 'change in accounting estimate' replaced with the definition of 'accounting estimates'.

iii. Ind AS 12 – Annual Improvements to Ind AS (2021) - The amendment clarifies that in cases of transactions where equal amounts of assets and liabilities are recognised on initial recognition, the initial recognition exemption does not apply. Also, If a company has not yet recognised deferred tax asset and deferred tax liability on right-of-use assets and lease liabilities or has recognised deferred tax asset or deferred tax liability on net basis, that company shall have to recognise deferred tax assets and deferred tax liabilities on gross basis based on the carrying amount of right-of-use assets and lease liabilities existing at the beginning of 1 April 2022.

The Company is currently assessing the impact of application of these amendments on its financial statements.

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash & cash equivalent as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

	As at March 31, 2024	As at March 31, 2023
Equity	**25,516.34**	24,105.65

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company . The Company has adopted a policy of only dealing with creditworthy counterparties, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management as and when required. The Company does not have significant credit risk exposure to any single counterparty.

The loss allowance provision is determined as follows:

As at March 31, 2024 — **Rupees in Lakhs**

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Rupees in Lakhs

Non-interest bearing	7,981.58	–	–	–
Total	**7,981.58**	**–**	**–**	**–**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Trade Receivables	USD	**–**	331.65
	INR (Rupees Lakhs)	**–**	0.12
	EUR	**–**	–
	INR (Rupees Lakhs)	**–**	–
Trade Payables	USD	**2,75,862.67**	1,980.00
	INR (Rupees Lakhs)	**229.97**	1.63
	EUR	**36,582.12**	1,02,914.04
	INR (Rupees Lakhs)	**32.87**	92.27

Of the above foreign currency exposures, the following exposures are not hedged by a derivative:

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Trade Receivables	USD	**–**	331.65
	INR (Rupees Lakhs)	**–**	0.12
	EUR	**–**	–
	INR (Rupees Lakhs)	**–**	–
Trade Payables	USD	**2,75,862.67**	1,980.00
	INR (Rupees Lakhs)	**229.97**	1.63
	EUR	**36,582.12**	1,02,914.04
	INR (Rupees Lakhs)	**32.87**	92.27

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EURO exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities . The Company's exposure to foreign currency changes for all other currencies is not material.

Rupees in Lakhs

For the year ended	Currency	Change in rate	Effect on profit before tax	Effect on pre-tax equity
March 31, 2024	**USD/EURO**	**+10%**	**(26.28)**	**(26.28)**
	USD/EURO	**-10%**	**26.28**	**26.28**
March 31, 2023	USD/EURO	+10%	(3.88)	(3.88)
	USD/EURO	-10%	3.88	3.88

Notes:

1. The amount outstanding is unsecured and will be settled in cash. No guarantee has been given or received. No expense has been recognised in current or prior years for bad and doubtful debts in respect of the amounts owed by the related party.
2. Related party transactions for the period are at arm's length.

Note no. 32 - Employee benefits

(a) Defined Contribution Plan

The Company makes Provident Fund contributions to defined contribution plans for qualifying employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised Rs.7.46 Lakhs (2023: Rs.8.08 Lakhs) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested, it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

1) Liability Risks

a. Asset-Liability Mismatch Risk-

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuation wings caused by interest rate movements. Hence, companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk-

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk -

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

2) Asset Risks

All plan assets are maintained in a trust fund managed by a public sector insurer viz; LIC of India.LIC has a sovereign guarantee and has been providing consistent and competitive returns over the years.

The company has opted for a traditional fund wherein all assets are invested primarily in risk averse markets. The company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claims settlement and hence 100% liquidity is ensured. Also, interest rate and inflation risk are taken care of.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at 31-Mar-24	Valuation as at 31-Mar-23
Discount rate(s)	**7.20%**	7.30%
Expected rate(s) of salary increase	**9.00%**	9.00%

5. Contributions by employer (including benefit payments recoverable)	**–**	–
6. Benefit payments		
7. Fair value of plan assets at the end of the year	**57.15**	54.35

IV. The Major categories of plan assets		
Fund managed by insurer	**100.00%**	100.00%

V. Actuarial assumptions		
1. Discount rate	**7.20%**	7.30%
2. Expected rate of return on plan assets	**7.30%**	6.30%
3. Attrition rate	**12.00%**	20.00%
4. Medical premium inflation	**NA**	NA

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rupees in Lakhs

Principal assumption	Changes in assumption	March 31, 2024 Impact on defined benefit obligation: Increase in assumption	March 31, 2024 Impact on defined benefit obligation: Decrease in assumption	March 31, 2023 Impact on defined benefit obligation: Increase in assumption	March 31, 2023 Impact on defined benefit obligation: Decrease in assumption
Discount rate	-1.00%		47.81		58.60
	1.00%	42.69		53.88	
Salary growth rate	-1.00%		43.11		54.39
	1.00%	47.31		58.01	
Withdrawal rate	-1.00%		45.37		56.32
	1.00%	44.87		55.98	

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as and when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Mortality : It is assumed that the active members of the scheme will experience in-service mortality in accordance with the Indian Assured Lives Mortality (2012-14) ultimate (IALM ult). A sample pick from this table is given below:

Age	Mortality rate
21	0.000934
22	0.000937
23	0.000936
24	0.000933
25	0.000931

Age of the members at the valuation date is taken as their nearest age at that date.

Maturity profile of defined benefit obligation:

Particulars	March 31, 2024	March 31, 2023
Within 1 year	**10.91**	11.51
1 - 2 year	**8.39**	15.24
2 - 3 year	**4.54**	11.54
3 - 4 year	**4.71**	8.02
4 - 5 year	**9.29**	7.46
5 - 10 years	**22.73**	29.89

Plan Assets

The fair value of Company's pension plan asset as of March 31, 2024 is as follows:

Particulars	March 31, 2024	March 31, 2023
Asset category:		
Cash and cash equivalents	**0%**	0%
Debt instruments (quoted)	**0%**	0%
Debt instruments (unquoted)	**0%**	0%
Equity instruments (quoted)	**0%**	0%
Deposits with Insurance companies	**100%**	100%
Total	**100%**	100%

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Note no. 33 - Segment Reporting

The Company has single reportable business segment namely Automotive vehicles-related spare parts. All other activities of the Company revolve around its main business. Hence there are no separate reportable primary segments. The Company deals into trading of Spare parts. The Company has only one reportable geographical segment.

Geographic information	As at March 31, 2024	Rupees in Lakhs As at March 31, 2023
Revenue from external customers		
India	**37,177.40**	34,135.24
Outside India	**9.24**	15.11
Total revenue per statement of profit or loss	**37,186.64**	34,150.35

All the non-current assets of the Company are located in India.

Revenue from major products and services

The following is an analysis of the company's revenue from its major products and services:

		Rupees in Lakhs
Particulars	**As at March 31, 2024**	As at March 31, 2023
Sale of spares	37,186.64	34,150.35
Total	37,186.64	34,150.35

Revenues from transactions with a single external customer does not amounts to 10% or more of a Company's revenues during the year.

Since there is single segment there is no difference in measurement of profit & loss and measurement of assets and liabilities.

Note no. 43 - Employee stock option

Certain employees of the Company are covered by Employee Stock Option Scheme (ESOP scheme) offered by holding Company, Mahindra & Mahindra Limited. Under the scheme, eligible employees are granted an option to purchase shares of Mahindra & Mahindra Limited, in accordance with the terms and conditions of the scheme.

The Company recognises this scheme as an equity settled share based payments arrangement in accordance with IND AS 102 - Share Based Payment. Options granted under Parent's ESOP scheme vests in 4/5 instalments on expiry of 12 months, 24 months, 36 months, 48 months and 60 months from the date of grant. The options may be exercised subject to condition of minimum number of option vesting, on specified day over a period of 4/5 years from the date of vesting. Such ESOP expense in respect of employees of the Company is charged by the holding Company over the vesting period. The charge is based on fair value of options calculated using Black and Scholes Option Pricing Model. The fair value charge is recognised as share based payment expenses under Employee Benefit Expenses.

THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS AT 31 MARCH 2024

PURSUANT TO ARTICLE 14 OF LEGISLATIVE DECREE 39/2010

TO THE SHAREHOLDER OF MAHINDRA EUROPE S.R.L.

Report on the audit of the financial statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Europe S.r.l. ("the Company"), which comprises the Balance Sheet as at March 31st, 2024, and the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended.

In our opinion, the annual Financial Statements at 31 March 2024 comply with the provisions which discipline the criteria for the drafting of the same; they have been drawn up clearly and give a true and correct representation of the Company's equity and financial situation and economic result.

Basis of opinion

We carried out the audit in accordance with international auditing standards (ISA Italy). Our responsibilities under these standards are further described in the Responsibilities of the independent auditors for auditing the financial statements section of this report. We are independent of the Company in accordance with the rules and principles in matters of ethics and independence applicable in the Italian legal system to the auditing of balance. We believe that we have obtained sufficient appropriate audit evidence upon which to base our opinion.

Disclosure reminders

The automotive market, as set out in the Explanatory Note to which reference is made, continues to experience a significant change linked to European legislation which continues to favor engines that use renewable energy over traditional fuels. In this context, the Company had communicated to the sales network, made up of distributors and dealers, the termination of the commercial relationships with 24 months' notice which expired during the current financial year. The Company motivated this decision with the need to modify its business model in relation to the changed market conditions, favoring the large fleet and rental segment. From the information collected, the Company will continue to support customer needs as required by European and national legislation, therefore, through adequate support from the Shareholder and with the confirmation of existing credit lines, it is possible to maintain the assumption of business continuity even in this particular moment of transition.

Responsibility of the Directors and of the Statutory auditor for the financial statements

The Directors are responsible for preparing the financial statements that provide a true and fair view in compliance with the Italian regulations governing the accounting criteria, preparation and, within the terms established by law, for that part of the internal control they deem necessary to enable the preparation of financial statements that do not contain material errors due to fraud or unintentional behavior or events. The Directors are responsible for assessing the Company's ability to continue operate as a going concern and, in preparing the financial statements, for the appropriateness of the use of the going concern assumption, as well as for an adequate information on the subject. The Directors use the going concern assumption in preparing the financial statements unless they have assessed that the conditions exist for the liquidation of the Company or for the interruption of the activity or they have no realistic alternatives to such choices.

The Statutory auditor is responsible for supervising, within the terms established by law, the process of preparing the Company's financial information.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to acquire reasonable assurance that the financial statements as a whole do not contain significant errors, due to fraud or unintentional behavior or events, and to issue an audit report that includes our opinion. Reasonable certainty means a high level of certainty which, however, does not provide the guarantee that an audit carried out in accordance with international auditing standards (ISA Italy) will always identify a significant error, if any. Errors may derive from fraud or from unintentional behavior or events and are considered significant if it can reasonably be expected that they, individually or as a whole, are able to influence the economic decisions taken by users on the basis of the financial statements. As part of the audit performed in accordance with international auditing standards (ISA Italy), we exercised professional judgment and maintained professional skepticism throughout the duration of the audit. Furthermore,

- we have identified and assessed the risks of significant errors in the financial statements, due to fraud or unintentional behavior or events; we have designed and performed audit procedures in response to these risks; we have obtained sufficient appropriate audit evidence on which to base our opinion. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting a material misstatement resulting from unintentional behavior or events, as fraud may involve the existence of collusion, forgery, intentional omissions, misrepresentations or overrides of internal control;
- we have acquired an understanding of the internal control relevant for the purposes of the audit in order to define appropriate audit procedures in the circumstances and not to express an opinion on the effectiveness of the Company's internal control;

- we have reached a conclusion on the appropriateness of the use by the directors of the going concern assumption and, based on the audit evidence obtained, on the possible existence of a significant uncertainty regarding events or circumstances that may give rise to significant doubts on the ability of the Company to continue to operate as a going concern. In the presence of a material uncertainty, we are required to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to reflect this circumstance in the formulation of our opinion. Our conclusions are based on the audit evidence obtained up to the date of this report. However, subsequent events or circumstances may cause the Company to cease to operate as a going concern;
- we have evaluated the presentation, structure and content of the financial statements as a whole, including the information, and whether the financial statements represent the underlying transactions and events in order to provide a correct representation.

We have communicated to those charged with governance, identified at an appropriate level as required by the Italy ISAs, among other matters, the planned scope and timing of the audit and significant findings, including any significant deficiencies in internal control identified in the course of the audit.

Report on other laws and regulations

Judgment pursuant to art. 14, paragraph 2, letter e), of Legislative Decree 39/2010

The Directors of Mahindra Europe S.r.l. are responsible for preparing the management report of Mahindra Europe S.r.l. as at 31 March 2024, including its consistency with the related financial statements and its compliance with the law. We have carried out the procedures indicated in the auditing standard (SA Italia) n° 720B in order to express an opinion on the consistency of the management report with the financial statements of Mahindra Europe S.r.l. as at 31 March 2024 and on its compliance with the law, as well as to issue a statement on any material misstatements.

In our opinion, the management report is consistent with the financial statements of Mahindra Europe S.r.l. as at 31 March 2024 and is drawn up in compliance with the law. With reference to the declaration referred to in Article 14, paragraph 2, letter e), of Legislative Decree 39/2010, issued on the basis of the knowledge and understanding of the company and the related context acquired during the auditing activity, we have nothing to report.

“EURO amounts are translated for convenience into Indian Rupees at the exchange rate of Rs 90.2355 = Euro 1 which is the average of the telegraphic transfer buying and selling rates quoted by the Mumbai Branch of State Bank of India on 31st March 2024”.

A lakh is a unit in the Indian numering system equal to one hundred thousand (100.000).

This Financial Statement is in agreement with results of accountant records.

For The Board of Directors:

Sachin Arolkar

Chairman

Mumbai, 22nd April 2024

Notes to the financial statements at 31/03/2024

Indian Rupees at the exchange rate of INR 90,23 = Eur 1

A lakh is a unit in the Indian numeric system equivalent to one hundred thousand (100.000).

Introduction

Dear Quotaholder,

The financial statements for the fiscal year ended 31/03/2024 is submitted for your verification and approval. The fiscal year FY2024 ended with a profit equal to Euro 149.165 / INR 134,60 Lakhs, net of taxes and after amortization and depreciation for a total of Euro 39.750 / INR 35,87 and provisions for liabilities for a total of Euro 322.286 / INR 290,82 Lakhs.

Area of Business

Your company carries out its activities in the sector of distribution of motor vehicles and spare parts, as official importer of Mahindra vehicles in the European markets like Italy, Spain, & other Eastern Europe countries.

Major events occurred during the company's fiscal year

The significant events that occurred during the year are as follows:

The Company obtained the necessary type-approval extensions with related waivers from the Ministry of Transport for its entire range of vehicles, in line with the requirements of the applicable regulations. The Company obtained the renewal of the existing credit lines with Intesa Sanpaolo and Bank of America Merrill Lynch. The credit lines are mainly used to finance the import of vehicles and spare parts and to finance short-term cash flow. All credit lines are settled at market conditions and guarantee the Company adequate financial resources to run its business. The Company has renewed its agreement with Fiditalia to offer its customers retail financing options to support the sales of vehicles. During the financial year, the Company managed trade credit through the factoring company Ifitalia of the BNP Paribas Group.

The automobile market continues to experience a significant change linked to emerging European market preferences which continues to favor vehicles that use renewable energy source over traditional fuels. Various studies & analysis done by major trade associations, have not yet been able to identify a single consumer preference.

The Board of Directors had approved in February 2022 to re-evaluate and re-structure the European business model of Mahindra Europe over a period of 2yrs; in response to shifting market dynamics and changes in customer preferences. As per prevailing market practice in Europe, Mahindra Europe had given a 2 years notice to dealers / distributors for the termination of the existing relationship. The notice period will be ending on 15th March,2024 for Italian dealers, 14th April, 2024 for Spanish dealers & 28th April, 2024 for distributors in Eastern Europe countries.

The economic uncertainties brought forth during the unprecedented pandemic continues to impact the European Auto industry. The impact is also evident in Mahindra Europe vehicle sales performance for the current year. Consequently, Mahindra Europe is transitioning to a new business model focused on serving fleet customers on a transactional basis, while ensuring ongoing support for our existing customers. This change reflects our strategic pivot towards a more streamlined and focused approach to meet evolving market needs and consumer preferences.

Mahindra Europe will restructure its operations, continuing to provide high-quality service and parts support through a network of authorized service centres. This initiative is part of our broader commitment to uphold and enhance customer satisfaction and support, even as we evolve our business strategies.

Currently, the activities in progress are concentrated on the distribution of the vehicles in the catalog and on assistance activities for the sales network and customers, also through the distribution of spare parts. In this context, and taking into account the ongoing restructuring, as better explained below, it is believed that the assumptions of business continuity still exist.

In Financial Year 2023 major problems arose related to the supply of energy sources and the consequent strong growth in the inflation rate in Italy and in all European countries.

All this led to difficulties for our company in the initial period of the financial year but subsequently, thanks to the constant production of the Kuv100 model and the adjustment of the sales lists, the company achieved a good result in terms of sales and profit.

The Russian-Ukrainian conflict, which broke out in the middle of Europe in February 2022, has not had a negative impact on sales for our company and your company has not carried out activities in contrast with the community recommendations relating to the sanctions gradually imposed to the Russian Federation.

Layout criteria

The criteria adopted for the preparation of the financial statements at 31/03/2024 take into account the changes introduced into Italian legislation by legislative decree 139/2015, through which EU Directive 2013/34 was implemented. As a result Legislative decree 139/2015 amended the Italian accounting principles issued by the Italian Accounting Body OIC (*Organismo Italiano di Contabilità*).

The financial statements have been drawn up in accordance with arts. 2423 of the Italian Civil Code, as appears from these Notes, which have been prepared pursuant to art. 2427 of the Italian Civil Code and are an integral part of the financial statements within the meaning and for the purposes of art. 2423.

Financial statement figures are expressed in whole Euro and INR/Lakhs by rounding off the relevant amounts to the nearest whole number. Any rounding-off differences were recorded under the item "INR/Lakhs Rounding-off reserve" included among the Shareholders' equity. Pursuant to article 2423(6) of the Italian civil code, the notes were drawn up in units of thousands of Euro and INR/Lakhs/ (in whole Euro and INR/Lakhs).

The explanatory note presents the information of the balance sheet and income statement items in the order in which the related items are indicated in the respective financial statements.

Valuation criteria

(article 2427(1)(1) of the Civil Code, OIC 12)

The valuation of the items in the financial statements was made based on general criteria of prudence and competence, on going-concern basis.

The application of the prudence principle involved the individual valuation of the elements making up the individual items or items of the assets or liabilities, to avoid offsetting between losses that should have been recognized and profits that should not be recognized as unrealized.

In compliance with the accrual principle, the effect of transactions and other events has been recognized and attributed to the year to which these transactions and events refer, and not to the year in which the related cash movements take place (collections and payments).

In application of the principle of relevance, the obligations regarding recognition, evaluation, presentation and disclosure were not respected when their observance had irrelevant effects in order to give a true and correct representation.

The consistent application of accounting principles over time ensures the comparability of the company's financial statements drawn up in different fiscal years.

The recognition and presentation of the balance sheet items was made taking into account the substance of the transaction or contract.

The Company has not made use of the right to exempt from the ordinary rules relating to business continuity.

Exceptional cases pursuant to art. 2423, fifth paragraph, of the Civil Code
(article 2423 (5) of the Civil Code)

There have been no exceptional cases that have made it necessary to resort to exceptions pursuant to art. 2423 paragraph 5 of the Civil Code.

Changes in accounting principles

The Company has not changed the accounting principles.

As regards the application of the national accounting standards OIC 15 (credits) and OIC 19 (debts), relatively the application of the amortized cost criterion and the discounting of the expected cash flow of the correspondent nominal value of the credit / debit, the company makes use of the relevant presumptions of irrelevance for credits and debts with a maturity of less than twelve months, the effects being irrelevant with respect to the results that would be obtained with the pre-reform criteria, since the sale and purchase transactions are negotiated with deferred payments at market rates and with a negligible amount of transaction costs.

Problems of comparability and adaptation

The evaluation criteria adopted in the preparation of the financial statements closed on 31/03/2024 were the same used for the preparation of the financial statements for the previous fiscal year, therefore it was not necessary to calculate the previous cumulative effect of the change in principle.

Appraisal criteria applied

(Ref. Art. 2426, first paragraph, Civil Code)

Fixed assets

Intangible assets

These have been recorded at their historical purchase cost net of the relevant yearly amortisation charged to the individual items.

The costs relating to industrial patent rights and intellectual property rights, licenses, concessions and trademarks whose effects regard several different years are depreciated over a period of 5 business years, while the costs for the approval of vehicles are amortized over a period of 3 business years.

Software licenses were recorded in the assets and are amortized over a period of 2 business years.

Improvements to third party assets are amortized with rates depending upon the duration of the contract.

In the event that, regardless of the depreciation booked, a permanent loss of value occurs, the asset is written down accordingly. If in the following years the reasons for the write-down cease to exist, the original value, adjusted by depreciation, is restored.

Tangible assets

These have been recorded at their purchase cost and are adjusted by the relevant accumulated depreciation.

The book value includes any ancillary costs and the costs incurred for the use of the asset, less any trade discounts and any significant cash discounts.

The depreciation charged to profit and loss account has been calculated on the basis of the remaining useful life of the assets, taking into account their use, destination and economic-technical life, which we believe are well reflected by the following rates, unchanged compared to the previous fiscal year and halved in the year in which the asset has entered operation:

Type of Asset	**% Depreciation**
Specific Plants & Equipments	15%
Generic Systems	10%
Electronic Machines	20%
Passenger Vehicles	25%
Commercial Vehicles	20%
Office furniture & equipments	12%
Others	10%

In the event that, regardless of the depreciation booked, a permanent loss of value occurs, the fixed assets are written down accordingly. If in the following years the reasons for the write-down cease to exist, the original value, adjusted by depreciation, is restored.

The company has not made use of the right to suspend the depreciation rates for the 2020 financial year provided for in Article 60, paragraphs 7-bis to 7-quinquies of Law Decree 104/2020.

The company has not made use of the right to revalue tangible fixed assets as required by Article 110 of Law Decree 104/2020 (converted by Law 126/2020).

Finance lease transactions

Finance lease transactions are shown in the financial statements using the net asset method, by charging the lease payments to the profit and loss account on an accruals basis. The additional information required by the law on the representation of finance lease agreements under the financial method is contained in a specific section of the notes.

The Company did not take advantage of the suspension of the payment of leasing fees as provided for in Article 56, paragraph 2, letter c), of Law Decree no. 18/2020 (converted by law no.27 of 24 April 2020), therefore the Company has not rescheduled the duration of the financial lease.

Accounts receivable

The amortised cost method was not applied since its effects are immaterial for the purpose of giving a true and fair view. Therefore, accounts receivables have been recorded at their presumed realisable value, without prejudice for the possibility to apply time discounting. The adjustment of the nominal value of receivables to the assumed realizable value is obtained through a reserve for bad debts, taking into consideration the general and industrial economic conditions and country risk.

Accounts receivable recorded in the financial statements before the fiscal year starting 1 January 2016 have been recorded at their presumed realisable value since, as provided by accounting principle OIC 15, it was decided not to apply the amortised cost method and time discounting.

The nominal value of the accounts receivable was adjusted to the presumed realisable value by a bad debt reserve, having regard also to any indicators of permanent impairment.

Accounts receivable originally due within one year and subsequently transformed into long-term receivables were recorded in the balance sheet among financial assets.

Accounts receivables are written off when the contractual rights to receive the relevant cash flows have been extinguished or when the risks in connection with the payment of the receivables have been transferred.

Accounts payable

The amortised cost method was not applied since its effects are immaterial for the purpose of giving a true and fair view. Therefore, accounts payable have been recorded at their nominal value, without prejudice for the possibility to apply time discounting.

Accounts payable recorded in the financial statements before the fiscal year starting 1 January 2016 have been recorded at their nominal value since, as provided by accounting principle OIC 19, it was decided not to apply the amortised cost method and time discounting.

Accrued income/liabilities – pre payments / deferred income

These have been determined on an accruals basis.

With regard to accrued income / liabilities and prepayments/deferred income of a duration exceeding one year, we checked the conditions for their original entry and adopted any necessary changes.

Inventory

Raw materials, auxiliary materials and finished products have been recorded at the lower of purchase or manufacturing cost and realisable value as inferred from market trend, applying the weighted average cost method for spare parts and the specific cost method for vehicles.

Production cost includes the direct and indirect costs incurred during production, which are necessary for stocks to be in the current place and conditions.

On 31/03/2024 the company has not goods-in-process and work-in-progress goods.

The value thus obtained is then adjusted by the “provision for stock obsolescence” in order to take into account those goods which are expected to be realised at a value lower than cost.

Any stocks which were written down but in respect of which in subsequent years the reasons for the write-down to their realisation value ceased to exist, were restored to their original value.

Securities

The company does not hold any securities.

Shareholdings

The company does not hold any shareholdings in subsidiary and affiliated.

The shareholdings included among current assets, which do not represent a long-term investment, have been valued at the lower of purchase cost and realisable value as inferred from market trend.

Treasury shares

The company does not hold any treasury shares.

Derivative financial instruments

The company does not hold any derivative financial instruments.

Provisions for contingent liabilities and charges

These provisions are set aside for the coverage of losses or liabilities that are certain or likely to arise, but whose amount or date of occurrence could not be determined at the year-end.

The provisions have been measured on a prudential and accruals basis and no generic funds without economic justification were created.

Any potential liabilities were carried to the financial statements and recorded in the relevant provisions as they were considered likely to arise and their amount could be reasonably estimated.

Provision for employees’ leaving indemnity (TFR)

This consists of the amounts actually accrued in favour of the employees pursuant to the law and the current collective bargaining agreements, taking into account any elements of remuneration paid on a continuous basis.

The provision includes the total payments accrued for employees at the year-end net of any advances paid, and assuming termination of their employment relationship at such date.

The provision does not include any amounts accrued starting from 1 January 2007 that have been paid into complementary pension schemes pursuant to legislative decree no. 252 dated 5 December 2005 (or transferred to the special-purpose fund managed by the Italian social security authority - INPS).

Income taxes

The provision for taxes has been set aside on an accruals basis and includes the following:

- accruals in respect of the taxes paid or to be paid for the year, determined at the current rates and in accordance with the rules in force;
- the amount of deferred tax assets or liabilities in respect of temporary differences which arose or were written off in the year;
- any adjustments to the balance of deferred taxes to account for changes in the tax rates occurred/for the introduction of the new tax during the year.

Deferred IRES assets and liabilities are calculated on the temporary differences between the assets and liabilities determined in accordance with civil code principles and the corresponding tax values, solely with regard to the company.

Current IRAP and any deferred IRAP assets and liabilities are determined solely with regard to the company.

Recognition of income

Proceeds from sales are recognised at the time of the transfer of ownership which usually coincides with the delivery or forwarding of the goods;

Financial income and income from the provision of services is recognised on an accruals basis.

Revenue and proceeds, costs and charges related to transactions in foreign currency are determined at the exchange rate in force at the date when the relevant transaction takes place.

Only the accrued portion of the income and costs related to buy/sell-back transactions, including the difference between the spot price and the forward price, is recognised.

Adjustment criteria

The company not applied the adjustment criteria.

Criteria for the translation of accounts in foreign currency

Accounts payable and receivable denominated in foreign currency and recorded at the exchange rates in force on the date of the transaction, are retranslated at the exchange rates ruling at the year-end as determined by Bank of Italy.

In particular, assets and liabilities which constitute assets and liabilities in foreign currency are recorded at the spot exchange rate ruling at the year-end and the relevant exchange gains and losses have been taken to the Profit and Loss Account under item 17bis “Exchange gains and losses”.

Any net gain deriving from the adjustment of the items in foreign currency to the year-end exchange rates is included in the result for the year and, at the time of the financial statements approval and appropriation of the operating result to the legal reserve, the part which is not offset against the loss for the year, if any, is apportioned to a reserve which is not distributable until the gain is realised.

Non-current assets and liabilities in foreign currency are recorded at the exchange rate ruling at the time of purchase.

No significant effects of the changes to the exchange rates occurred between the year-end and the financial statements preparation date. (article 2427(1)(6-bis) of the Civil Code).

Commitments, guarantees and potential liabilities

Commitments, which are not recorded in the balance sheet, consist of obligations assumed by the company vis-à-vis third parties and arising from legal arrangements with mandatory effects but not yet implemented by either party. Commitments include both commitments in respect of which both the relevant execution and amount is known (for instance, on buy/sell-back transactions) and commitments which are definitely going to be executed but whose amount is unknown (for example, agreement with a price adjustment clause). The amount of the commitments is their nominal value as inferred from the relevant documentation.

The company didn’t provide guarantees include personal guarantees and collaterals.

INR

Description	Opening balance	Changes during the year	Closing balance
Finished products and goods	5.483,25	853,35	6.336,60
Total	**5.483,25**	**853,35**	**6.336,60**

Accounting policies have been applied consistently with the prior year as explained in the introduction to these notes.

The adopted assessment does not significantly differ from the one using the current cost approach.

The increase in vehicles in stock is majorly due to sales of the KUV100 model.

The item vehicles in stock refers to cars in storage at the Ariccia headquarters and at the depository company located in Livorno.

There are no commitments contractually undertaken for works and services still to be performed at year end.

The Company has not used its stock obsolescence provision.

Any contractual undertakings in respect of works and services to be carried out at the year-end.

II. Accounts receivable

EUR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
825.093	1.703.667	(878.574)

INR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
744,48	1.537,22	(792,74)

Changes and expiration of receivables entered in the circulating assets

Description	Opening balance	Changes during the year	Closing balance	Due within one year	Due after more than one year
					EUR
From customers	1.370.215	(663.053)	707.162	707.162	
From controlling companies	87.414	(72.095)	15.319	15.319	
Tax credits	44.217	(20.758)	23.459	23.459	
Deferred tax assets	152.608	(152.608)	0	0	
Other accounts receivable	49.213	29.940	79.153	30.766	48.387
Total	1.703.667	(878.574)	825.093	776.706	48.387

Description	Opening balance	Changes during the year	Closing balance	Due within one year	Due after more than one year
					INR
From customers	1236,34	(598,27)	638,07	638,07	
From controlling companies	78,87	(65,05)	13,82	13,82	
Tax credits	39,90	(18,73)	21,17	21,17	
Deferred tax assets	137,70	(137,70)	0,00	0,00	
Other accounts receivable	44,40	27,01	71,42	27,76	43,66
Total	1537,22	(792,74)	744,48	700,82	43,66

The company took advantage of the possibility not to follow the amortised cost method and not to time discount accounts receivable.

Therefore, accounts receivable have been recognised at their presumed realisable value.

The item “Credits towards the Controlling company” includes the credit for repairs and services rendered on behalf or to the benefit of the parent company.

The deferred tax assets of INR/Lakhs 137,70 Eur 152.608 used by the company relating to previous tax losses, of which INR/Lakhs 99,41 Eur 110,170 for the reduction on operating taxes and the remaining part equal to INR/Lakhs 38,29 Eur 42,438 for the reversal of deferred tax assets, as following the change of operating business, starting from the next financial year, the company have confidence in that the requirement of reasonable certainty of future taxable income such as to reabsorb the deferred tax assets no longer exists.

Break-down of the accounts receivable by geographical area

The following table shows a break-down of the accounts receivable at 31/03/2024 by geographical area (article 2427(1)(6) of the Civil Code):

Accounts receivable by geographical area	From customers	From controlling company	From Tax paid in advance	Deffered Tax Assets	Other accounts receivable	Total
						EUR
ITALY	691.942		23.459	0		794.554

Description	Opening balance	Changes during the year	Closing balance
Bank and postal deposits	565,02	182,95	**747,98**
Cash and cash equivalents	4,81	(1,62)	3,19
Total	569,83	181,33	**751,16**

The balance reflects the cash-in-hand, cash-at-bank and cash equivalents at the year-end.

D) Accrued income/prepayments

EUR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
66.714	80.816	(14.102)

INR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
60,20	72,92	12,72

They constitute the adjustment to costs and income pertaining to more than one fiscal year, incurred and earned before actual payment or collection and calculated on an accrual basis.

The criteria adopted for the recognition and translation of items in foreign currency have been reported in the first part of these notes.

At 31/03/2024, there were no accrued income/prepayments of a duration exceeding five years.

EUR

	Prepayments	Total
Opening balance	80.816	**80.816**
Changes during the year	(14.102)	**(14.102)**
Closing balance	66.714	**66.714**

INR

	Prepayments	Total
Opening balance	72,92	**72,92**
Changes during the year	(12,72)	**(12,72)**
Closing balance	60,20	**60,20**

This item can be broken down as follows (article 2427(1)(7) of the Civil Code):

EUR

Description	Amount
Insurance and road tax	**5.870**
Prepaid rate for lease	**44.817**
multifunction copier rental	**0**
Software maintanance	**4.834**
Maintenance expenses	**5.216**
Others	**5.396**
Advertisement expenses	**581**
TOTAL	**66.714**

INR

Description	Amount
Insurance and road tax	**5,30**
Prepaid rate for lease	**40,44**
multifunction copier rental	**0,00**
Software maintanance	**4,36**
Maintenance expenses	**4,71**
Others	**4,87**
Advertisement expenses	**0,52**
TOTAL	**60,20**

The maxi rent paid equal to INR 215,26 / Euro 254.745 relates to the financial leasing contract of the industrial building contract in 2009, for which reference should be made to the relevant paragraph of these notes to accounts.

Description	INR As at 31/03/2024
Fund for warranties	**25,14**
Fund for legal claim	**117,31**
Fund for tax claim	**173,49**
TOTAL	**315,94**

The increases relate to provisions for the year. The company set aside during the year:

Euro 130.007 INR/Lakhs 117,31 against legal risks arising in the Spanish market and to cover any claims raised by a former external professional of the company;

Euro 192.279 INR/Lakhs 173,49 for risks for tax assessment by the Revenue Agency for greater tax base relating to the financial year ended 03/31/2019 and relating to transfer pricing disputes with the Parent Company

The accrual to these provisions was justified by the fact that (i) the other provisions were made to the Warranty fund, because it has been considered not adequate to cover contract discrepancies between what has been acknowledged by the Company and what has been received by the Parent company.

During the year, the value of the provision for warranty was reinstated for a value deemed appropriate.

C) Indemnity for Employees leaving the Company
(article 2427(1)(4) of the Civil Code)

EUR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
159.674	148.613	11.061

INR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
144,07	134,09	9,98

The difference can be described as follows.

EUR

	Indemnity for Employees leaving company
Value at the beginning of the year	**148.613**
Changes in the year:	**13.012**
Decrease for utilization	**(1.951)**
Total changes	**(11.061)**
Value at the end of the year	**159.674**

INR

	Indemnity for Employees leaving company
Value at the beginning of the year	**134,09**
Changes in the year:	**11,74**
Decrease for utilization	**1,76**
Total changes	**9,98**
Value at the end of the year	**144,07**

The provision consists of the amounts payable at 31/03/2024 to the employees on the company's payroll at that date, net of any advances paid.

This consists of the amounts accrued in favour of the employees pursuant to the law and the current collective bargaining agreements, taking into account any elements of remuneration paid on a continuous basis.

The provision includes the total amounts accrued at 31 December 2006 for employees at the year-end, net of any advances paid, and assuming termination of their employment relationship at such date.

The provision does not include any amounts accrued starting from 1 January 2007 that have been paid into complementary pension schemes pursuant to legislative decree no. 252 dated 5 December 2005 (or transferred to the special-purpose fund managed by the Italian social security authority - INPS).

During the year, the company accrued € 34.009 INR/Lakhs 30,69 for this indemnity, of which € 22.948 INR/Lakhs 20,71 transferred to the complementary pension fund and € 11.061 INR/Lakhs 9,98 to the TFR fund. The use of Euro 1.951/ INR/Lakhs 1,76 refers to the liquidation of four employees who left the job during the year.

In the year after 31/03/2024 employees are not expected to receive an estimated employees' leaving indemnity as a result of incentivised dismissals and corporate reorganisation plans.

D) Accounts payable
(article 2427(1)(4) of the Civil Code)

EUR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
6.497.202	6.771.652	(274.450)

INR

Balance at 31/03/2024	Balance at 31/03/2023	Difference
5.862,43	6.110,06	(247,64)

The balance can be broken down by due date as follows (article 2427(1)(6) of the Civil Code):

EUR

	Value at the beginning of the year	Changes in the year	Value at the end of the year	Falling due within one year
Accounts payable to banks	904.032	(903.378)	654	654
Accounts payable to suppliers	1.431.673	(890.399)	541.274	541.274
Accounts payable to controlling companies	4.063.707	1.662.848	5.726.555	5.726.555
Taxes payable	200.121	(139.729)	60.392	60.392
Accounts payable to social security institutions	19.798	15.358	35.156	35.156
Other accounts payable	152.321	(19.150)	133.171	133.171
Total	**6.771.652**	**(274.450)**	**6.497.202**	**6.497.202**

INR

	Value at the beginning of the year	Changes in the year	Value at the end of the year	Falling due within one year
Accounts payable to banks	815,71	(815,12)	0,59	0,59
Accounts payable to suppliers	1291,80	(803,41)	488,39	488,39
Accounts payable to controlling companies	3666,68	1500,39	5167,07	5167,07
Taxes payable	180,57	(126,08)	54,49	54,49
Accounts payable to social security institutions	17,86	13,86	31,72	31,72
Other accounts payable	137,44	(17,28)	120,16	120,16
Total	**6109,79**	**(247,64)**	**5862,43**	**5862,43**

The balance of the accounts payable to banks at 31/03/2024, in an amount of NR/Lakhs 0,59 / Eur 654 total amount debit for credit card, corresponds to the full payable including principal amount, interest and ancillary charges which have come to maturity and can be collected.

The item "Advances" includes any advances from customers on goods and services not yet supplied or rendered; this item includes advance payments, as earnest money or otherwise, received in connection with the sale of tangible, intangible and financial fixed assets.

Accounts payable from suppliers are recognised at their nominal value of net of trade discounts; cash discounts are recorded upon payment. The nominal value of these payables has been adjusted in case of returns or allowances (invoice adjustments) by the corresponding amount agreed with the other party.

The company took advantage of the possibility not to follow the amortised cost method and/or not to time discount accounts payable since 2016.

The company adopted the following accounting policies: no time discounting of accounts payable due within one year; no time discounting of accounts payable if the effective interest rate does not significantly differ from market rate; no adoption of the amortised cost method for accounts payable due within one year, no adoption of the amortised cost method if transaction costs, commission fees and any other difference between initial value and value on expiry are of negligible amount.

Regarding the accounts payable to controlled companies and undertakings under control by the controlling companies, we note that they refer to vehicles' and spare parts' supplies under normal market conditions.

The item "Tax liabilities" only includes the actual taxes payable, while any likely tax liabilities or tax liabilities whose amount or date of occurrence is doubtful or deferred tax liabilities, are recorded in item B.2 of the liabilities section of the balance sheet (Provision for taxes).

The accounts payable falling due within one year does not include accounts payable backed by covenants. No significant changes occurred in the amount of Tax liabilities.

In the tax payables item are registered IVA debt € 31.283 INR/Lakhs 28,23 and WHT € 10.316 INR/Lakhs 9,31.

Breakdown of the accounts payable by geographical area

Costs of raw materials, subsidiary materials, consumables and goods and costs of services

They are closely related to the information provided in the Directors' report and to point A (Revenue) of the Profit and loss account.

Personnel costs

This item includes all employee costs, including bonuses, promotions, cost-of-living increases, untaken holidays and the provisions made pursuant to the law and the national collective bargaining agreements.

During the financial year the Company has not used help from Government to mitigate the adverse economic effect related to Covid-19 like extraordinary redundancy fund (C.I.G.S.).

The reduction in personnel costs is due to the leaving of 2 human resources.

Depreciation of tangible assets

Depreciation has been calculated on the basis of the useful life of the assets and their contribution to the production process.

The Company accrued the depreciation related the financial year closed as at 31/03/2024.

Other write-downs of fixed assets

The item is not reflected in the present financial statements.

Write-downs of accounts receivable included among current assets and of liquid assets

The item is not reflected in the present financial statements.

Accruals to provisions for contingent liabilities and charges

The company set aside during the year:

Euro 130.007 INR/Lakhs 11,74 against legal risks arising in the Spanish market and to cover any claims raised by a former external professional of the company;

Euro 192.279 INR/Lakhs 173,49 for risks for tax assessment by the Revenue Agency for higher tax base relating to the financial year ended 31/03/2019 and relating to disputes on transfer prices with the Parent Company.

Other accruals

The item is not reflected in the present financial statements.

Miscellaneous running costs

They refer to taxes other than income tax, subscriptions and other charges.

The company has not entered expenses for exceptional amount or incidence.

Pursuant to article 2427(1)(14) of the civil code, we set out below the required information on deferred tax assets and liabilities:

Deferred tax assets and liabilities

The main temporary differences that led to the recognition of deferred and prepaid taxes are indicated in the following table together with the related effects.

The company used deferred tax assets for Eur 152.608 INR 137,70 relating to previous tax losses, of which Eur 110.170 INR 99,41 for the reduction on operating taxes and the remaining part equal to Eur 42.438 INR 38,29 for the reversal of deferred tax assets, as following the change of operating business, starting from the next financial year, the company believes that the requirement of reasonable certainty of future taxable income such as to reabsorb the deferred tax assets no longer exists.

Recording of deferred tax assets and liabilities and relevant effects:

The company has not adjusted the credit for deferred tax assets to the higher value resulting from the tax return and deriving from carry-forward tax losses from previous years, in fact despite the existence of the conditions required by the accounting principles for the accounting of the future tax benefit, in particular reasonable certainty that in the future the company will achieve taxable income sufficient to allow the absorption of such losses, the amount recorded in the financial statements was deemed appropriate. The directors have approved the budget for the next financial year and consider it appropriate, for the reasons previously illustrated, to continue the existence of the business continuity assumption.

Employee information

(article 2427(1)(15) of the Civil Code)

Compared to the previous year the personnel broken down by category has changed as shown below:

Staff	31/03/2024	31/03/2023	Change

(article 2427(1)(16-bis) of the civil code)

As required by law, we set out below the amount of fees charged for services rendered by the audit company firm and by entities that are members of its network:

Description	EUR Fee
Audit of annual accounts	9.936
Total fees due to the auditor or audit company	9.936

Description	INR Fee
Audit of annual accounts	8,97
Total fees due to the auditor or audit company	8,97

The members of the Board of Directors renounced the remuneration due for the position held in the Mahindra group companies.

The independent Director's fee is Eur 5.469 INR/Lakhs 4,93.

Information on significant events which occurred after the end of the financial year

Overcome the emergency situation from the SARS Covid-19 infection, during 2022 the problems inherent in the Russian-Ukrainian military conflict and the explosion in the inflation rate arose at an international level, in particular as regards energy supply costs. Our company was not affected by the conflict, not being involved in the markets referred to, while the increase in the costs of raw materials and international transport were absorbed with adjustments to the sales price lists.

The Company has entered into commercial agreements with leading Italian rental companies to maintain and strengthen its position on the market.

In light of the information provided in these notes and in the Directors' Report, the Board of Directors believes that the adverse events will not affect the Company's ability to continue as a going concern over the next 12 months.

Information on the company which prepares the consolidated financial statements for the larger/smaller set of companies which the company is a member of in a capacity as controlled undertaking

Final considerations

These financial statements, composed of the balance sheet, profit and loss account and notes, are a true and fair view of the company's state of affairs and economic result for the year and are in accordance with the underlying accounting records.

We invite the Quota Holder to approve the financial statements in their current form and all the single items, year.

The Chairman of the Board of Directors
Sachin Arolkar

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements to the shareholder of Mahindra and Mahindra South Africa Proprietary Limited

Opinion

We have audited the financial statements of Mahindra and Mahindra South Africa Proprietary Limited (the company) set out on pages herein, which comprise the statement of financial position as at 31 March 2024, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Mahindra and Mahindra South Africa Proprietary Limited as at 31 March 2024, and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards and the requirements of the Companies Act of South Africa.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the financial statements section of our report. We are independent of the company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Mahindra and Mahindra South Africa Proprietary Limited annual financial statements for the year ended 31 March 2024", which includes the Directors' Report as required by the Companies Act of South Africa. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so

Auditors' responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the annual financial information of the entity or business activities to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

ACCOUNTING POLICIES

1. Material accounting policies

Management has considered the principles of materiality in IFRS Practice Statement 2 Making Materiality Judgements, and only those accounting policies which are considered material have been presented in these annual financial statements.

1.1 Basis of preparation

The annual financial statements have been prepared on the going concern basis in accordance with, and in compliance with, International Financial Reporting Standards ("IFRS") and International Financial Reporting Standards Interpretations Committee ("IFRS IC") interpretations issued and effective at the time of preparing these annual financial statements and the Companies Act of South Africa as amended.

The annual financial statements comply with the requirements of the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council.

The annual financial statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies which follow and incorporate the material accounting policies set out below. They are presented in Rands, which is the company's functional currency.

These accounting policies are consistent with the previous period.

1.2 Significant judgements and sources of estimation uncertainty

The preparation of annual financial statements in conformity with IFRS requires management, from time to time, to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Key sources of estimation uncertainty

Impairment testing

The company reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. When such indicators exist, management determine the recoverable amount by performing value in use and fair value calculations. These calculations require the use of estimates and assumptions.

Useful lives of property, plant and equipment

Management assesses the appropriateness of the useful lives of property, plant and equipment at the end of each reporting period. The useful lives of all assets are determined based on company replacement policies for the various assets. Individual assets within these classes, which have a significant carrying amount are assessed separately to consider whether replacement will be necessary outside of normal replacement parameters.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Computer equipment	Straight line	4 years
Computer software	Straight line	5 years
Furniture and fixtures	Straight line	3 years
Leasehold improvements	Straight line	3 years
Motor vehicles	Straight line	4 years
Motor vehicles - Held for rental	Straight line	4 years
Office equipment	Straight line	6 years
Plant and machinery	Straight line	3 years

Contract liabilities

The fair value of contract liabilities from service plans is management‘s best estimate of the company's future income and cost based on the estimated service cost that would occur for the selected models over a period of three to five years adjusted for inflation and possible price increases in parts and labour used in the service of the selected model.

Provision for warranties

Warranty provisions are management's best estimate of the company's liability (after the expected reimbursement from the manufacturer) on vehicles under two, three or five year warranties based on the current year warranty claims occurred. The cost per day calculated on those claims is used to estimate the future cost for the remaining warranty days under consideration.

The warranty provision has been discounted to present value and the incremental amount pertaining to the current financial year has been adjusted in cost of sales.

Fair value estimation

The fair values of financial instruments measured at amortised cost are disclosed should it be determined that the carrying value of these instruments do not reasonably approximate their value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities; or

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; or

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Recoverability of receivables

The company makes use of a provision matrix as a practical expedient to the determination of expected credit losses on trade and other receivables. The provision matrix is based on historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current and forecast direction of conditions at the reporting date, including the time value of money, where appropriate. Management has incorporated the effect of COVID-19 into the assessment of the recoverability of trade receivables.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

Determination of net realisable value of inventory

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. The write down is included in cost of sales.

1.3 Financial instruments

Financial instruments are recognised when the company becomes a party to the contractual provisions. They are measured, at initial recognition, at fair value plus transaction costs, if any, except for financial instruments at fair value through profit or loss which exclude transaction costs.

The material accounting policies for each type of financial instrument held by the company are presented below:

Trade and other receivables

Trade and other receivables, excluding, when applicable, VAT and prepayments, are measured, subsequent to initial recognition, at amortised cost.

The amortised cost is the amount recognised on the receivable initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

The accounting policy for impairment of trade and other receivables is set out in the loss allowances and write offs accounting policy.

Trade and other receivables include amounts which have been denominated in India Rupees and US Dollars, however these are minimal. Foreign exchange gains or losses are recognised in profit or loss.

Gains or losses arising on the derecognition of trade and other receivables are included in profit or loss in derecognition gains (losses) on financial assets at amortised cost, the details of which are included in note 19.

Impairment - Expected credit losses and write offs

Loss allowances are recognised for expected credit losses on trade and other receivables.

The company measures the loss allowance for trade and other receivables at an amount equal to lifetime expected credit losses (lifetime ECL).

A provision matrix is used as a practical expedient when determining expected credit losses. The provision matrix is based on historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current and forecast conditions.

The measurement of expected credit losses incorporates the probability of default, loss given default and the exposure at default, taking the time value of money, historical data and forward-looking information into consideration.

The movement in credit loss allowance is recognised in profit or loss with a corresponding adjustment to the carrying amount of the instrument through a loss allowance account.

The company writes off an instrument when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Instruments written off may still be subject to enforcement activities under the company's recovery procedures. Any recoveries made are recognised in profit or loss.

Trade and other payables

Trade and other payables, excluding VAT and amounts received in advance, are classified as financial liabilities subsequently measured at amortised cost.

Trade and other payables include amounts which have been denominated in India Rupees and US Dollars, however these are minimal. Foreign exchange gains or losses are recognised in profit or loss.

Cash and cash equivalents

Cash and cash equivalents are stated at carrying amount which is deemed to be fair value.

Bank overdrafts

Bank overdrafts are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

Derecognition

The company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the company retains substantially all the risks and rewards of ownership of a transferred financial asset, the company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

The company derecognises financial liabilities when its obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non- cash assets transferred or liabilities assumed, is recognised in profit or loss.

1.4 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax base used for taxation purposes.

A deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The deferred tax rate applied to assets is determined by the expected manner of recovery. Where the expected recovery of the asset is through sale, the capital gains tax rate is applied. The normal tax rate is applied when the expected recovery is through use. A combination of these rates is applied if the recovery is expected to be partly through use and sale.

Deferred tax assets are reviewed at each reporting date and are reduced if it is no longer probable that the related tax benefit will be realised. Such reductions are reversed when the probability of future taxable profits improves. The review by management has not resulted in the reduction of the deferred tax assets.

Tax expenses

The income tax expense consists of current and deferred tax and is recognised in profit or loss.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

1.5 Leases

The company assesses whether a contract is, or contains a lease, at the inception of the contract.

No contracts were identified that required specific judgement as to whether they contained leases.

Company as lessee

A lease liability and corresponding right-of-use asset are recognised at the lease commencement date, for all lease agreements for which the company is a lessee, except for short-term leases of 12 months or less, or leases of low value assets. For these leases, the company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability

Lease liabilities are initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect lease payments made. Interest charged on the lease liability is included in finance costs.

Right-of-use assets

Right-of-use assets are presented as a separate line item on the Statement of Financial Position.

They are measured initially at the initial amount of the lease liability plus upfront payments and initial direct costs.

Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated, from commencement date, over the shorter period of lease term and useful life of the underlying asset.

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting period. No material changes were made.

1.6 Inventories

Inventories are measured at the lower of cost and net realisable value on the net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories is assigned using the weighted average cost formula. The same cost formula is used for all inventories having a similar nature and use to the entity.

Write downs and reversals of write downs of inventories are included as part of the cost of goods sold.

1.7 Impairment of assets

Management assesses, at the end of each reporting period, whether there is any indication that an asset, such as property, plant and equipment, may be impaired. If any such indication exists, then the recoverable amount of the asset is determined.

The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. If the recoverable amount cannot be determined for an individual asset, then it is determined for the cash generating unit to which the asset belongs.

An impairment loss is recognised for an asset (or a cash-generating unit) if the recoverable amount of the asset or cash generating unit is less than the carrying amount. The impairment loss is determined as the difference between the two amounts. For cash generating units, the impairment loss is allocated to reduce the carrying amount of goodwill included in the cash-generating unit and then to the other assets on a pro-rata basis.

Impairment losses are recognised immediately in profit or loss.

1.8 Share capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are classified as equity.

1.9 Provisions and contingencies

Provisions are recognised when:

- the company has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement shall be recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement shall be treated as a separate asset. The amount recognised for the reimbursement shall not exceed the amount of the provision.

Provisions are not recognised for future operating losses.

If an entity has a contract that is onerous, the present obligation under the contract shall be recognised and measured as a provision.

A constructive obligation to restructure arises only when an entity:

- has a detailed formal plan for the restructuring, identifying at least:
  - the business or part of a business concerned;
  - the principal locations affected;
  - the location, function, and approximate number of employees who will be compensated for terminating their services;
  - the expenditures that will be undertaken; and
  - when the plan will be implemented; and
- has raised a valid expectation in those affected that it will carry out the restructuring by starting to implement that plan or announcing its main features to those affected by it.

After their initial recognition contingent liabilities recognised in business combinations that are recognised separately are subsequently measured at the higher of:

- the amount that would be recognised as a provision; and
- the amount initially recognised less cumulative amortisation.

Contingent assets and contingent liabilities are not recognised.

1.10 Revenue from contracts with customers

Revenue comprises consideration received or receivable on contracts entered into with customers for the sale of goods and services in the ordinary course of the entities' activities. The performance obligation is identified as the distinct goods and services as agreed in the contract(s). Revenue is shown net of trade discounts, volume rebates and value added tax and is recognised when the entity satisfies its' performance obligations as set out in the contracts entered into with its customers. Revenue is recognised at the amount of the transaction price that is allocated to each performance obligation and this is determined at the amount as depicted in the contract for the exchange of the goods and services. Where a contract has multiple performance obligations, the transaction price is allocated to the performance obligations in the contract by reference to their relative standalone selling prices.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

The principles of IFRS 15 are applied using the following five-step model:

- Identify the contract(s) with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Revenue streams

- Sale of spares
- Sales of vehicles
- Sale of service plan
- Sale of agricultural produce
- Sale of construction equipment
- Commission income and recoveries

Revenue is recognised when an entity satisfies a performance obligation as control is passed, either over time or at a point in time. The above revenue is recognised at a point in time, except for Service plans which is recognised over time. Service Plan is recognised by reference to the stage of completion of the transaction at the end of the reporting period.

Contract liabilities relates to Service Plan Revenue and is reflected under Liabilities in the Statement of Financial Position.

Amounts not yet invoiced, for which revenue has been recognised are reflected under trade and other receivables.

Costs incurred on assembly of vehicles which do not yet meet the revenue recognition criteria are capitalised to inventories as work-in-progress and are expensed when the five principles of IFRS 15 are met.

Interest is recognised, in profit or loss, using the effective interest rate method.

1.11 Cost of sales

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

The related cost of providing services recognised as revenue in the current period is included in cost of sales.

1.12 Borrowing costs

All borrowing costs are recognised as an expense in the period in which they are incurred.

1.13 Translation of foreign currencies

Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Rands, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are translated at the end of the reporting period using the closing rate.

Cash flows arising from transactions in a foreign currency are recorded in Rands by applying to the foreign currency amount the exchange rate between the Rand and the foreign currency at the date of the cash flow.

Refer to the individual accounting policies for financial instruments for the detailed foreign exchange accounting policies.

1.14 Levies

IFRIC 21 addresses the issue of when to recognise a liability to pay a levy. The Interpretation defines a levy, and specifies that the obligating event that gives rise to the liability is the activity that triggers the payment of the levy, as identified by legislation. The Interpretation provides guidance on how different levy arrangements should be accounted for, in particular, it clarifies that neither economic compulsion nor the going concern basis of financial statements preparation implies that an entity has a present obligation to pay a levy that will be triggered by operating in a future period. The company has inventory stored in a bonded warehouse where duties, levies and taxes are due once the inventory leaves the bonded warehouse, or 24 months, whichever are earlier.

2. New Standards and Interpretations

2.1 Standards and interpretations effective and adopted in the current year

In the current year, the company has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• Deferred tax related to assets and liabilities arising from a single transaction - Amendments to IAS 12	01 January 2023	The impact of the amendments is not material.
• Disclosure of accounting policies: Amendments to IAS 1 and IFRS Practice Statement 2	01 January 2023	Disclosure of accounting policies have been updated to only include material accounting policies applicable to the entity.
• Definition of accounting estimates: Amendments to IAS 8	01 January 2023	The impact of the amendments is not material.

2.2 Standards and interpretations not yet effective

The company has chosen not to early adopt the following standards and interpretations, which have been published and are mandatory for the company's accounting periods beginning on or after 01 April 2024 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• Lack of exchangeability - amendments to IAS 21	01 January 2025	Unlikely there will be a material impact
• Supplier finance arrangements - amendments to IAS 7 and IFRS 7	01 January 2024	Unlikely there will be a material impact
• Non-current liabilities with covenants - amendments to IAS 1	01 January 2024	Unlikely there will be a material impact
• Lease liability in a sale and leaseback	01 January 2024	Unlikely there will be a material impact
• Classification of Liabilities as Current or Non-Current - Amendment to IAS 1	01 January 2024	Unlikely there will be a material impact

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

3. Property, plant and equipment

	2024			2023		
	Cost or revaluation	Accumulated depreciation	Carrying value	Cost or revaluation	Accumulated depreciation	Carrying value

	12,506,918	21,996,748	(1,907,100)	(6,216,971)	26,379,595

During the year an amount of R26 316 040 (2023: R0) was included in the vehicle additions, which was transferred from Inventory to Property, Plant and Equipment and is excluded from the cash additions as well as the cash generated from operations in the statement of cash flows.

4. Right-of-use assets

The company leases various buildings as the need arises. Lease contracts are typically made for fixed periods between 3 years to 5 years. Lease contracts are negotiated on an individual basis and contain a wide range of different terms and conditions.

The lease contracts do not impose any covenants.

Details pertaining to leasing arrangements, where the company is lessee are presented below:

	2024			2023		
	Gross carrying amount	Accumulated depreciation	Net carrying amount	Gross carrying amount	Accumulated depreciation	Net carrying amount
Buildings and infrastructure	**7,475,668**	**(6,498,578)**	**977,090**	7,475,668	(5,058,355)	2,417,313

Reconciliation of right-of-use assets - 2024

	Opening balance	Additions	Terminations	Depreciation	Total
Buildings and infrastructure	**2,417,313**	**–**	**–**	**(1,440,223)**	**977,090**

Reconciliation of right-of-use assets - 2023

	Opening balance	Additions	Terminations	Depreciation	Total
Buildings and infrastructure	5,004,858	122,775	(894,268)	(1,816,052)	2,417,313

5. Deferred tax

Deferred tax asset

	2024	2023
Deferred revenue less Section 24C allowance	**1,518,299**	1,287,338
Lease liabilities	**455,553**	1,066,329
Prepaid expenses	**(410,937)**	(216,340)
Provisions	**19,613,142**	33,496,984
Right-of-use assets	**(263,814)**	(652,674)
Tax losses available for set off against future taxable income	**288,425**	–
Total deferred tax asset	**21,200,668**	34,981,637

Reconciliation of deferred tax asset

	2024	2023
	R	R
At beginning of year	**34,981,637**	30,076,134
Increases (decrease) in tax loss available for set off against future taxable income -	**288,425**	–
gross of valuation allowance Taxable / (deductible) temporary difference on interest on deferred revenue	**230,961**	292,757
Taxable / (deductible) temporary difference on lease liabilities	**(610,776)**	(199,884)
Taxable / (deductible) temporary difference on prepaid expenses	**(194,597)**	(146,681)
Taxable / (deductible) temporary difference on property, plant and equipment	**–**	(633,661)
Taxable / (deductible) temporary difference on provisions	**(13,883,842)**	5,158,515
Taxable / (deductible) temporary difference on right-of-use assets	**388,860**	434,457
	21,200,668	34,981,637

The deferred tax assets and the deferred tax liability relate to income tax in the same jurisdiction, and the law allows net settlement. Therefore, they have been offset in the statement of financial position.

Management expects sufficient future taxable income in the company to enable the company to realise the deferred tax asset.

6. Retirement benefits

Defined contribution plan

It is the policy of the company to provide retirement benefits to all its employees. A defined contribution provident fund which is subject to the Pensions Fund Act exists for this purpose. The scheme is funded

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

by company and employee contributions only, which are charged to the income statement as they are incurred. The total company contributions to such scheme in 2024 was R2 704 582 (2023: R2 718 398).

The company is under no obligation to cover any unfunded benefits.

7. Loans receivable

Loans receivable are presented at amortised cost, which is net of loss allowance, if any, as follows:

Supplier enterprise development loan	3,565,000	2,665,000

The loan is unsecured, interest free and repayable on demand.

Exposure to credit risk

Loans receivable inherently exposes the company to credit risk, being the risk that the company will incur financial loss if counterparties fail to make payments as they fall due.

Fair value of loans receivable

The fair value of loans receivable approximates their carrying amounts.

8. Inventories

	2024 R	2023 R
Agricultural produce	**621,345**	4,017,643
Goods in transit	**180,537,973**	21,868,840
Motor vehicles	**779,475,106**	1,318,979,385
Spares	**151,351,370**	152,467,090
	1,111,985,794	1,497,332,958
Provision for write down of inventories to net realisable value - motor vehicles, spares and agricultural produce	**(11,302,622)**	(17,799,573)
	1,100,683,172	1,479,533,385

Inventory pledged as security

Inventories were pledged as security for overdraft facilities of the company. Refer to note 29 for full details on the facilities granted to the company.

9. Trade and other receivables

	2024 R	2023 R
Financial instruments:		
Trade receivables	**145,344,707**	130,046,156
Deposits	**839,061**	1,106,275
Non-financial instruments:		
Prepayments	**47,376,313**	3,198,872
Total trade and other receivables	**193,560,081**	134,351,303

Financial instrument and non-financial instrument components of trade and other receivables

	2024 R	2023 R
At amortised cost	**146,183,768**	131,152,431
Non-financial instruments	**47,376,313**	3,198,872
	193,560,081	134,351,303

Trade and other receivables pledged as security

Trade and other receivables were pledged as security for overdraft facilities of the company. Refer to note 29 for full details on the facilities granted to the company.

Exposure to credit risk

Trade receivables inherently expose the company to credit risk, being the risk that the company will incur financial loss if customers fail to make payments as they fall due.

In order to mitigate the risk the company deals with reputed banks and customers and also demands bank guarantees or purchase credit insurance where applicable.

There have been no significant changes in the credit risk management policies and processes since the prior reporting period.

The average credit period on trade receivables is 9 days (2023: 9 days). No interest is charged on outstanding trade receivables.

The Company makes use of a provision matrix as a practical expedient to the determination of expected credit losses on trade and other receivables. The provision matrix has been applied to appropriate groupings of receivables based on shared credit risk characteristics. There is no material expected credit losses on application of the provision matrix for the businesses.

Furthermore, the company writes off a receivable where there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery. Receivables written off may still be subject to enforcement activities under the company recovery procedure, considering legal advice where appropriate. In the current year there has been no receivables that have been written-off.

Fair value of trade and other receivables

The fair value of trade and other receivables approximates their carrying amounts.

10. Cash and cash equivalents

	2024 R	2023 R
Cash and cash equivalents consist of:		
Cash on hand	**21,196**	51,956
Bank balances	**2,307,158**	76,864,619
Bank overdraft	**(117,937,739)**	(5,305,271)
	(115,609,385)	76,611,304
Current assets	**2,328,354**	76,916,575
Current liabilities	**(117,937,739)**	(5,305,271)
	(115,609,385)	76,611,304

There is a cession amounting to R125 139 (2023: R125 139) relating to the First National Bank Account (Account number: 74865277774).

The carrying amount of cash and cash equivalents reasonably approximates its fair value.

All cash balances are placed with reputable financial institutions which have positive credit ratings. Therefore, there is no significant credit risk associated with cash and cash equivalents.

11. Share capital

	2024 R	2023 R
Authorised		
70,000,000 Ordinary shares with no par value	**70,000,000**	70,000,000
Reconciliation of number of shares issued:		
Reported as at 01 April 2023	**52,000,000**	52,000,000
Issued		
52,000,000 Ordinary shares with no par value	**52,000,000**	52,000,000

12. Foreign currency translation reserve

The Kenya Branch operations in Shilling has been translated to ZAR based on the exchange rate. The foreign currency reserve is a result of the foreign currency translation.

	2024 R	2023 R
Kenya Branch operations	**(19,245,759)**	(17,447,252)

13. Lease liabilities

	2024 R	2023 R
The maturity analysis of lease liabilities is as follows:		
- within one year	**1,675,206**	2,189,769
- in second to fifth year inclusive	**16,365**	1,763,933
	1,691,571	3,953,702

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

	2024 R	2023 R
The lease liability classification at year end is as follows:		
Non-current liabilities	**16,365**	1,763,933
Current liabilities	**1,675,206**	2,189,769
	1,691,571	3,953,702

The lease liability relates to the right-of-use assets disclosed under note 4.

The company leases various buildings as the need arises under operating leases.

Lease contracts are typically made for fixed periods between 3 years and 5 years.

Interest is based on the incremental borrowing rate of 10.25% for the South African Office and the training centre leases.

Interest is based on the incremental borrowing rate of 9% for the basement parking rental.

	2024 R	2023 R
Analysis of movement in lease liabilities		
Balance on 01 April	**3,953,702**	5,727,078
New leases	**–**	122,775
Terminations	**–**	(333,888)
Capital repayments	**(2,262,131)**	(1,562,263)
- Lease payments	**(2,536,040)**	(1,994,923)
- Interest charges	**273,909**	432,660
Balance on 31 March	**1,691,571**	3,953,702

For details of the exposure to liquidity risk related to finance lease liabilities, as well as the maturity analysis of the gross amounts payable, refer to note 28.

14. Contract liabilities

	2024 R	2023 R
Summary of contract liabilities		
Service plan	**281,166,408**	238,395,968
Reconciliation of contract liabilities		
Opening balance	**238,395,968**	151,991,770
Raised in current year	**131,410,455**	151,815,700
Revenue in current year	**(88,640,015)**	(65,411,502)
	281,166,408	238,395,968
Split between non-current and current portions		
Non-current liabilities	**188,906,228**	163,824,013
Current liabilities	**92,260,180**	74,571,955
	281,166,408	238,395,968

Nature: Certain vehicles are sold with a service plan. This service plan then covers certain services for a predetermined number of years and kilometres travelled. The income from these service plans is deferred and recognised as these services are performed.

Assumptions: The fair value of contract liabilities from service plans is management's best estimate of the company's future income and cost based on the estimated service cost that would occur for the selected models over a period of three to five years adjusted for inflation and possible price increases in parts and labour used in the service of the selected model.

15. Provisions

Reconciliation of provisions – 2024

	Opening balance	Additions	Utilised during the year	Change in discount factor	Total
Provision for warranty claims	**116,141,131**	**2,484,504**	**(28,127,822)**	**(26,330,979)**	**64,166,834**

Reconciliation of provisions – 2023

	Opening balance	Additions	Utilised during the year	Change in discount factor	Total
Provision for warranty claims	99,001,649	29,477,042	(18,896,134)	6,558,574	116,141,131
Non-current liabilities				24,263,481	97,087,749
Current liabilities				39,903,353	19,053,382
				64,166,834	116,141,131

Nature: This provision is raised due to the fact that certain vehicles, Gensets and Tractors sold are sold under a warranty, thus this provision estimates cost that would occur in the future for repairs under warranties.

Assumptions: Warranty provisions are managements best estimate of the company's liability (after the expected reimbursement from the manufacturer) on vehicles under two or three year warranties based on three years actual historical sales and warranty claims occurred. The warranty period for Gensets and Tractors being a twelve month period from date of sale.

Further, the warranty provision has been discounted to present value and the incremental amount pertaining to the current financial year has been adjusted in cost of sales.

16. Trade and other payables

	2024 R	2023 R
Financial instruments:		
Accrued expenses	**104,852,213**	72,008,053
Accrued leave pay	**3,208,987**	3,388,774
Other payables	**1,445,415**	1,844,199
Sundry payables	**2,690,611**	2,395,197
Trade payables	**593,080,490**	1,123,019,761
Non-financial instruments:		
VAT	**2,979,363**	7,498,627
	708,257,079	1,210,154,611

Fair value of trade and other payables

The fair value of trade and other payables approximates their carrying amounts.

17. Revenue

	2024 R	2023 R
Revenue from contracts with customers		
Sale of goods	**3,576,422,814**	3,936,070,790

Capital risk management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial risk management

Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date.

Liquidity risk

The company manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash-outflows due in day-to-day business. Liquidity needs are monitored in various time bands, on a day- to-day and week-to-week basis, as well as on the basis of a rolling 30-day projection. Short-term liquidity needs for a 120-day or less are identified monthly.

Funding in regards to long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities.

The company has contractual maturities which are summarised below:

31 March 2024	Current	Within 6 months	Within 1 year	2 - 5 years
Trade and other payables	**705,277,737**	**702,389,649**	**–**	**–**
Lease liabilities	**–**	**–**	**1,675,206**	**16,365**
	705,277,737	**702,389,649**	**1,675,206**	**16,365**

31 March 2023	Current	Within 6 months	Within 1 year	2 - 5 years
Trade and other payables	1,202,655,984	1,200,114,404	–	–
Lease liabilities contractual maturities	–	–	2,189,769	1,763,933
	1,202,655,984	1,200,114,404	2,189,769	1,763,933

The above contractual maturities reflect the gross cash flows, which may differ to the carrying values of the liabilities at the reporting date.

Foreign currency risk

Most of the company's transactions are carried out in Rands. Exposure to currency exchange rates arise from the operations in Kenya, as well as the company's overseas purchases and sea freight, which are primarily denominated in US Dollars and Indian Rupees.

Foreign currency denominated financial assets and liabilities, translated in Rands at the closing rate, are as follows:

Foreign currency exposure at the end of the reporting period

	2024 R	2023 R
Assets (Included in Trade and other receivables and Cash and cash equivalents)		
Bank balance (2024: USD 24 203 EGP 5 407; 2023: USD 49 400 EGP 6 853 KES 4 671 298))	**472,975**	892,424
Mahindra and Mahindra Limited (2024: USD 528 818 INDR 498 912; 2023: USD 529 763)	**10,078,014**	9,519,735
Liabilities (Included in Trade and other payables)		
Deloitte India (2024: USD 10 000; 2023: USD 0)	**188,443**	–
Erkunt (2024: Euro 25 551; 2023: Euro 19 792)	**499,406**	386,851
Hoegh Autoliners (2024: USD 0; 2023: USD 313 692)	**–**	5,636,988
Mahindra and Mahindra Limited (2024: USD 704 939; INR 3 572 952; 2023: USD 198 575; INR 4 809 152)	**14,091,957**	4,618,265

Foreign currency sensitivity

The following table illustrates the sensitivity of the net result for the year and equity in regards to the company's financial assets and financial liabilities and the US Dollar Rand exchange rate.

It assumes a +3.2% and -1.7% change of the Rand / US Dollar exchange rate for the year ended 31 March 2024 (2023: +11.8% and -7.6%). This has been determined based on the average market volatility in exchange rates in the previous 12 months. The sensitivity analysis is based on the company's foreign currency financial instruments held at balance sheet date and also takes into account forward exchange contracts that offset effects from changes in currency exchange rates.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

If the Rand had weakened against the US Dollar by 1.7% (2023: 7.6%) then this would have had the following impact:

	2024	2023
	R	R
Net results for the year	**136,787**	17,466

If the Rand had strengthened against the US Dollar by 3.2% (2023: 11.8%) then this would have had the following impact:

	2024	2023
	R	R
Net results for the year	**(74,616)**	(27,096)

Exposure to foreign exchange rates vary during the year depending on the volumes of overseas transactions. Nonetheless, the analysis above is considered to be representative of the company's exposure to currency risk.

Interest rate risk

The following table illustrates the sensitivity of the net result for the year and equity to a reasonably possible change in interest rates of +2% and -2% (2023: +2% and -2%), with effect from the beginning of the year. These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on the company's financial instruments held at each balance sheet date. All other variables are held constant.

	2024	2024	2023	2023
Net results for the year	**3,192,527**	**(3,192,527)**	2,905,311	(2,905,311)

29. Banking facilities

The company avails credit facilities from First National Bank Limited which has sanctioned a ZAR facility of R 100 million for working capital borrowings. At the year end, the company has utilised R 117 486 693 of the facility from First National Bank. (2023: R 5 305 272).

The above facility has been secured as follows:

- General notarial bond over inventory.
- Cession of debtors.

30. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business. The entity has maintained a net asset position and holds sufficient funds to finance future operations. The directors are not aware of any new material changes that may adversely impact the company. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the company.

31. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

INDEPENDENT AUDITOR'S REPORT

To the Automobili Pininfarina GmbH, Munich

Audit Opinions

We have audited the annual financial statements of Automobili Pininfarina GmbH, Munich, which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss for the financial year from 1 April 2023 to 31 March 2024, and notes to the financial statements, including the presentation of the recognition and measurement policies. In addition, we have audited the management report of Automobili Pininfarina GmbH, Munich, for the financial year from 1 April 2023 to 31 March 2024.

In our opinion, on the basis of the knowledge obtained in the audit,

- the accompanying annual financial statements comply, in all material respects, with the requirements of German commercial law applicable to business corporations and give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2024 and of its financial performance for the financial year from 1 April 2023 to 31 March 2024 in compliance with German Legally Required Accounting Principles, and
- the accompanying management report as a whole provides an appropriate view of the Company's position. In all material respects, this management report is consistent with the annual financial statements, complies with German legal requirements and appropriately presents the opportunities and risks of future development.

Pursuant to section 322 paragraph 3 sentence 1 HGB, we declare that our audit has not led to any reservations relating to the legal compliance of the annual financial statements and of the management report.

Basis for the Audit Opinions

We conducted our audit of the annual financial statements and of the management report in accordance with section 317 HGB and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Our responsibilities under those requirements and principles are further described in the "Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report" section of our auditor's report. We are independent of the Company in accordance with the requirements of German commercial and professional law, and we have fulfilled our other German professional responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions on the annual financial statements and on the management report.

Responsibilities of the Executive Director for the Annual Financial Statements and the Management Report

The executive directors are responsible for the preparation of the annual financial statements that comply, in all material respects, with the requirements of German commercial law applicable to business corporations and that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles. In addition, the executive directors are responsible for such internal control as they, in accordance with German Legally Required Accounting Principles, have determined necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud (i.e., fraudulent financial reporting and misappropriation of assets) or error.

In preparing the annual financial statements, the executive directors are responsible for assessing the Company's ability to continue as a going concern. They also have the responsibility for disclosing, as applicable, matters related to going concern. In addition, they are responsible for financial reporting based on the going concern basis of accounting, provided no actual or legal circumstances conflict therewith.

Furthermore, the executive directors are responsible for the preparation of the management report that as a whole provides an appropriate view of the Company's position and is, in all material respects, consistent with the annual financial statements, complies with German legal requirements, and appropriately presents the opportunities and risks of future development. In addition, the executive directors are responsible for such arrangements and measures (systems) as they have considered necessary to enable the preparation of a management report that is in accordance with the applicable German legal requirements, and to be able to provide sufficient appropriate evidence for the assertions in the management report.

Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and whether the management report as a whole provides an appropriate view of the Company's position and, in all material respects, is consistent with the annual financial statements and the knowledge obtained in the audit, complies with the German legal requirements and appropriately presents the opportunities and risks of future development, as well as to issue an auditor's report that includes our audit opinions on the annual financial statements and on the management report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with section 317 HGB and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer (IDW) will always detect a material misstatement. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements and this management report.

We exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements and of the management report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our audit opinions. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting a material misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit of the annual financial statements and of arrangements and measures (systems) relevant to the audit of the management report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of these systems of the Company.
- Evaluate the appropriateness of accounting policies used by the executive directors and the reasonableness of estimates made by the executive directors and related disclosures.
- Conclude on the appropriateness of the executive directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the annual financial statements and in the management report or, if such disclosures are inadequate, to modify our respective audit opinions. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to be able to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements present the underlying transactions and events in a manner that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles.
- Evaluate the consistency of the management report with the annual financial statements, its conformity with German law, and the view of the Company's position it provides.
- Perform audit procedures on the prospective information presented by the executive directors in the management report. On the basis of sufficient appropriate audit evidence we evaluate, in particular, the significant assumptions used by the executive directors as a basis for the prospective information, and evaluate the proper derivation of the prospective information from these assumptions. We do not express a separate audit opinion on the prospective information and on the assumptions used as a basis. There is a substantial unavoidable risk that future events will differ materially from the prospective information.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS

General details relating to the financial statements

The company was formed based on the articles of association dated 05 February 2018

The financial statements have been prepared in accordance with the provisions of the German Commercial Code *[Handelsgesetzbuch - HGB]* applicable to business corporations and the Limited Liability Companies Act *[GmbH-Gesetz - GmbHG]*.

According to the size classes defined in Sec. 267 Commercial Code *[Handelsgesetzbuch – HGB]* the company falls into the category of a medium-sized corporation.

As in the prior year, the statement of profit and loss for the financial year 2022/2023 is prepared according to the nature of expense method pursuant to Section 275 (2) HGB.

The exemption options for medium-sized corporations pursuant to Sections 286 and 288 (2) HGB were exercised in part.

At the end of the financial year, there was a deficit of EUR 6,676,640.78 (prior year: EUR 8,057,286.36) not covered by equity, which is compensated by the contributions of EUR 6,400,000.00 (prior year: EUR 8,400,000.00) made to implement the resolved capital increase and the resolved contributions of EUR 3,600,000.00 which are not yet paid in.

Business name acc. to Court of Registration:	Automobili Pininfarina GmbH
Registered office acc. to Court of Registration:	Munich
Register entry:	Commercial Register
Registrar of Companies:	Munich Local Court
Register number:	HRB 239596

Details relating to accounting policies

Accounting and valuation principles

Purchased intangible fixed assets are recognised at acquisition cost and, if they have a limited life, are amortized subject to straight-line depreciation.

Internally generated assets are valued at manufacturing cost according to Sec 255 (2a) HGB, i.e. included as assets in the balance sheet with the expenses incurred as of development. After completion and from the beginning of sales, they are amortised over the expected useful life using the straight-line method. The expected useful life is determined based on the sales period of the developed vehicles. The Company did not make use of the option regarding the capitalisation of costs according to Sec. 255 (2) sentence 3 HGB.

The Company does not engage in basic research. Hence, a separation of research and development is not required. Occasionally, feasibility studies are conducted before the development of a vehicle which are not capitalised. After completion of the feasibility study, development costs recorded if the following criteria are fulfilled:

- It is very probable that the planned intangible asset is created
- The development costs can be attributed reliably to the specific intangible asset
- No prohibition within the sense of Sec. 248 (2) sentence 2 HGB

The Company starts capitalising the development costs as soon as these criteria are met.

Property plant and equipment were recognised at acquisition costs subject to straight-line depreciation. Straight-line regular depreciation was applied pro rata temporis in accordance with the expected useful life.

Low-value assets with acquisition costs of up to EUR 800 are expensed as incurred in the year of their acquisition, assuming that it is disposed of in the year of acquisition.

Financial assets were valued at acquisition cost.

If the value of fixed assets as determined based on the principles mentioned above is expected to exceed the fair value as of reporting date permanently, this is taken into account by an impairment.

Inventories were recognised at manufacturing costs in conformity with the lower of cost or market principle.

Receivables and other assets are valued at nominal value and reflect all identifiable risks.

Prepayments and accrued income include expenditures before the reporting date representing costs for a certain time after this date.

The option for recognising an asset for deferred tax assets according to Sec. 274 (1) sentence 2 HGB was not exercised.

Other provisions were created for all identifiable risks and contingent liabilities and are recognised at the settlement amount required, according to prudent commercial judgement.

Deferred income consists of payments received prior to balance sheet date and represents income for a certain period thereafter

Assets and liabilities denominated in foreign currencies are translated at the closing rate on the reporting date in accordance with Sec. 256a HGB.

Liabilities were reported at the settlement amount.

NOTES TO THE FINANCIAL STATEMENTS

Notes to the balance sheet

Development of assets for individual fixed assets items.

The depreciation applicable to the individual items for the financial year can be derived from the development of assets.

Research and development

The development expenditure incurred in the financial year was capitalised. It concerns the internally generated intangible assets described in the following. In the financial year, no research costs incurred.

Internally generated intangible assets

Expenses for internally generated intangible assets were capitalised at their manufacturing costs in the amount of EUR 14,062.00. The manufacturing costs amount to a total of EUR 120,798,559.25 (Prior year: EUR 120,784,497.25).

Due to a permanent impairment within the sense of Sec. 253 (3) sentence 5 HGB as of reporting date an extraordinary amortization of internally generated intangible assets in the amount of EUR 14,062.00 (prior year: EUR 5,290,488.44) were recognised.

Other liabilities - Customer advances

Payments by customers are recognised predominantly as other liabilities. The contributions do not constitute advances within the sense of German Commercial Law as they do not relate to a binding order. Advances made amount to a total of EUR 3,048,995.00 (prior year: EUR 1,770,000.00) of which EUR 190,000.00 (prior year: EUR 570,000.00) is reported under other liabilities. Other liabilities include liabilities to affiliated companies in the amount of EUR 4,155,332.11 (prior year: EUR 1,354,192.23) and are attributable to deliveries and services.

Share capital

The Company's share capital registered in the Commercial Register and fully paid up as of 31/03/2024 amounts to EUR 210,000,000.00. EUR 10,000,000.00 of an additional capital increase in the amount of EUR 6,400,000.00 in the past financial year were already paid in but not yet registered into the commercial register. Moreover, EUR 3,600,000 had been resolved but not yet paid in.

Authorized capital

The nominal amount of the authorised capital (resolution of the shareholders' meeting of 13/09/2021; Authorised Capital 2022/I) was EUR 25,000,000 and an additional EUR 5,000,000 (resolution of the shareholders' meeting of 30 August 2022; Authorised Capital 2022/II). By 31/03/2024 the authorized capital had been fully used.

Notes on provisions and deferred income

Other provisions amount to a total of EUR 7,540,743.00 (prior year: EUR 5,884,130.03). They include provisions for outstanding invoices and provisions for personnel. Income for dependent guarantees has been accrued since the financial year.

Remaining maturities

Payables due within one year amount to EUR 13,998,336.86 (prior year: EUR 15,262,255.52). Trade receivables and other assets have a remaining maturity of up to one year (EUR 5,701,700.71, prior year: EUR 1,883,974.90,).

Notes to the income statement

Notes on income and expenses in exceptional amounts or of exceptional incidence

Expenses in exceptional amounts or of exceptional incidence significant within the meaning of Sec. 285 No. 31 HGB include in detail:

- Event expenses in the amount of EUR 2,453,280.59 (prior year: EUR 2,668,838.71)
- External services in the amount of EUR 3,748,531.40 (prior year: EUR 4,907,383.37)

Income from currency translation is recorded in the statement of profit and loss under "Gross profit" in the amount of EUR 16,485.77 (prior year: EUR 145,299.52). Expenses from currency translation are recorded separately under "Other operating expenses" in the amount of EUR 177,908.87 (prior year: EUR 357,631.08) shown separately. In addition, the item "Other operating expenses" includes expenses relating to other periods in the amount of EUR 38,374.66 (previous year: EUR 99,232.90), while "Gross profit" includes income relating to other periods in the amount of EUR 488,977.80 (previous year: EUR 2,672.00).

Other disclosures

Average number of staff employed in the financial year

The average number of staff employed by the company during the financial year was 116 (prior year: 117).

	2024	2023
DESIGN & ENIGNEERING	**56**	58
OTHER DEPARTMENTS	**60**	59
Total	**116**	117

Other financial obligations

Other financial obligations within the meaning of Section 285 no. 3a HGB result from leasing contracts in the amount of EUR 502,466.00 and rent payments from long-term contracts in the amount of EUR 600,962.26.

Names of the managing directors

During the reporting year, the management of the company was in the hands the following persons:

Director: Dellacha, Paolo, CEO, *01.01.1975 (from 03.02.2023)

In accordance with Sec. 286 (4) HGB, the Company did not disclose the information pursuant to section 285 No. 9 characters a) and b) HGB.

Information on shareholding in other companies of at least 20 percent of the shares

In accordance with Sec. 285 No. 11 HGB, the following companies are included:

Company name, place of business	Share	Profit or loss	Equity
		EUR	EUR
Automobili Pininfarina Americas Inc. Delaware	100 %	(426)	7.960,41

Group affiliation

Automobili Pininfarina GmbH (based in: Munich) prepares consolidated financial statements for the smallest group of companies. Mahindra & Mahindra Limited (based: Mumbai) prepares consolidated financial statements for the largest group of companies. The consolidated financial statements are available on the homepage of the parent company (https://www.mahindra.com/investor-relations/reports).

Suggestion of the appropriation of profits

In accordance with the shareholders, the Company proposes the following appropriation of profits:

The net loss for the financial year amounts to EUR 18,619,354.42. It is carried forward to the next year.

Signature of management

Munich, 7 May 2024   Paolo Dellacha

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors,

Automobili Pininfarina Americas Inc.

Opinion

We have audited the accompanying financial statements of Automobili Pininfarina Americas Inc. (the "Company"), which comprise the balance sheets as of March 31, 2024, and March 31, 2023, and the related statements of (loss) income, stockholder's equity and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company, as of March 31, 2024 and March 31, 2023, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

KNAV CPA LLP

Atlanta, Georgia

Notes to Financial Statements

NOTE A – NATURE OF OPERATIONS

Automobili Pininfarina Americas Inc. (hereinafter referred to as “APA” or “the Company”) was converted to a Delaware corporation on January 23, 2019 through the conversion of a Delaware Limited Liability Company, under the name of Harkey Acquisition, LLC. The Company is a wholly owned subsidiary of Automobili Pininfarina GmbH (hereinafter referred to as “the Parent Company”).

The Parent Company acquired 100% membership interest of Harkey Acquisition, LLC (hereinafter referred to as “the LLC”) on January 15, 2019 from Oakland Standard Co., LLC (“the Seller”). No capital contribution was made by the Seller in the LLC. Post acquisition, a plan of conversion to a Corporation was adopted and the LLC was converted and renamed as “Automobili Pininfarina Americas Inc.”.

The Parent Company plans to provide business support services for the distribution, directly or indirectly, to retail customers, of a luxury vehicle known as the Battista. The distribution of Battista will take place in the United States of America.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. *Basis of preparation*

   a) The accompanying financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America (‘US GAAP’) to reflect the financial position, results of operations and cash flows of the Company.

   b) The financial statements are for the years ended March 2024 and March 31, 2023.

   c) All amounts are stated in United States Dollars, unless specified otherwise.

2. *Use of estimates*

   The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The management’s estimates for recognition of deferred tax assets and accruals at the balance sheet date represent certain of these particularly sensitive estimates. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Any revision in accounting estimates are recognized prospectively in the current and future periods.

3. *Cash and cash equivalents*

   Cash equivalents consist of highly liquid investments with a maturity of three months or less on the date of purchase. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments. Cash balances in bank accounts are insured by the Federal Deposit Insurance Corporation up to $ 250,000 for each insured bank for each account per depositor.

4. *Income taxes*

   In accordance with the provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 740 “Income Taxes,” income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The deferred tax asset is reduced by a valuation allowance if it is more likely than not that some portion or all of the asset will not be realized. . All deferred tax assets and liabilities, along with any related valuation allowance, are classified as noncurrent on the balance sheet.

5. *Revenue recognition*

   The Company provides business support services to the Parent Company. The Company determines the standalone prices using the expected cost-plus margin approach. Cost includes specific direct costs like professional charges and other charges like bank charges. Margin is computed using data related to historical margins and prevalent market conditions. Revenues from business support services are recognized over a period of time as the services are performed.

6. *Fair value measurements and financial instruments*

   Assets and liabilities recorded at fair value in the financial statements are categorized based on the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels that are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

   Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

   Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Notes to Financial Statements

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

The Company's financial instruments consist of cash and cash equivalents and other current liabilities. The estimated fair value of cash and cash equivalents and other current liabilities approximate their carrying amounts due to the short-term nature of these instruments. None of these instruments is held for trading purposes.

7. *Commitments and contingencies*

Liabilities for loss contingencies arising from claims, assessments, litigations, fines, penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

NOTE C – CASH AND CASH EQUIVALENTS

Cash and cash equivalents include the following:

	As of	
	March 31, 2024	March 31, 2023
Balances with banks	**1,428,104**	9,470,157
Total	**1,428,104**	9,470,157

NOTE D – PREPAID AND OTHER CURRENT ASSETS

Other current liabilities include the following:

	As of	
	March 31, 2024	March 31, 2023
State tax refund receivable	**121,107**	–
Prepaid expenses	**–**	137,130
Total	**121,107**	137,130

NOTE E – ADVANCES FROM CUSTOMERS

The Company has entered into contracts with multiple customers, wherein the Company will sell a Luxury Vehicle Batistta ("the vehicle") to the customers. The vehicle will be manufactured by the Parent Company and sold to the Company. The Company in turn will sell the vehicle to the customers through a dealer. Pursuant to the aforesaid arrangement the customer will pay advances on milestone basis to the Company. As of March 31, 2024, the aggregate advances received from the customers amounted to $ 5,762,489 (March 31, 2023: $11,029,975).

NOTE F – OTHER CURRENT LIABILITIES

Other current liabilities include the following:

	As of	
	March 31, 2024	March 31, 2023
Payables for expenses	**252,855**	–
Accrued expenses	**12,900**	12,325
Provision for taxation	**2,241**	300
Warranty provision	**2,738**	–
Total	**270,734**	12,625

NOTE G – INCOME TAXES

For the year ended March 31, 2024 and March 31, 2023, the Company will file federal and state tax returns as per regulations applicable to Chapter C corporations in the United States.

The components of the provision for income taxes are as follows:

	For the year ended	
	March 31, 2024	March 31, 2023
Current taxes		
Federal tax	**691**	–
State tax	**1,250**	720
Provision for income taxes	**1,941**	720

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's net deferred income taxes are as follows:

	As of	
	March 31, 2024	March 31, 2023
Non-current deferred tax assets		
Net operating losses	**–**	580
Startup costs	**6,404**	5,776
Total deferred tax assets	**6,404**	6,356

	As of	
	March 31, 2024	March 31, 2023
Deferred tax liability		
Unrealised forex gain/loss	**2,170**	–
Total deferred tax assets	**2,170**	–

	As of	
	March 31, 2024	March 31, 2023
Net deferred taxes	**8,574**	6,356
Less: valuation allowance	**(8,574)**	(6,356)
Total deferred tax assets	**–**	–

Notes to Financial Statements

Realization of net deferred tax assets is dependent upon the generation of sufficient taxable income in future years, benefit from the reversal of taxable temporary differences, and tax planning strategies. Management assesses the available positive and negative evidence to estimate whether sufficient future taxable income will be generated to permit the use of the existing deferred tax assets. The amount of net deferred tax assets considered realizable is subject to adjustment in future periods if estimates of future taxable income change.

Based on the current year and previous year losses, the management believes that it is more likely than not that the deferred tax assets may not be realized during the foreseeable future and accordingly, a valuation allowance of $8,574 and $6,356 has been recorded as of March 31, 2024 and March 31, 2023, respectively.

No deferred tax assets were recognized as of March 31, 2024, and March 31, 2023.

The Company has federal net operating losses of Nil and $ 3,429 as of March 31, 2024, and March 31, 2023, respectively.

Accounting for uncertain tax position

The Company recognizes the benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The Company has no unrecognized tax positions as of March 31, 2024, and March 31, 2023.

The tax years of 2020 and 2022 remain subject to examination by the taxing authorities.

NOTE H – RELATED PARTY TRANSACTIONS

Related parties with whom transactions have taken place during the year:

- Automobili Pininfarina GmbH- the Parent Company

	March 31, 2024	March 31, 2023
Transactions for the year		
Purchase of the vehicle	**21,354,422**	7,957,565
Purchase of the extended warranty	**1,051,983**	115,722
Amounts transferred to the Parent Company during the year	**25,454,642**	8,397,708
Balance		
Receivable from parent	**4,492,618**	1,444,381

NOTE I – COMMON STOCK

Common stock authorized, issued and outstanding

The authorized share capital of the Company consists of 2,000 common shares of par value $ 25 each as of March 31, 2024, and March 31, 2023.

Common stock issued as of March 31, 2024, and March 31, 2023, was 1,600 shares of $ 25 each.

Voting

Each holder of common stock is entitled to one vote in respect of each share held as per the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holders of common stock shall be entitled to receive all of the remaining assets of the Company, after distribution of all preferential amounts, if any. Such amounts will be in proportion to the number of equity shares held by the shareholders.

NOTE J – REVENUE, NET

The following table presents revenue disaggregated by source of revenue and classification:

	For the year ended	
	March 31, 2024	March 31, 2023
Business support services : Agency revenue	**31,060**	25,759
	31,060	25,759

NOTE K – FAIR VALUE MEASUREMENTS

Financial assets and liabilities held by the Company are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

NOTE L – RISK AND UNCERTAINTIES

The Company's future results of operations involve several risks and uncertainties. Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes and the Company's ability to execute on its business plan.

NOTE M – SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date the financial statements were available to be issued. Based on the evaluation, the Company is not aware of any events or transactions that would require recognition or disclosure in the financial statements.

AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MAHINDRA RACING UK LIMITED

Opinion

We have audited the financial statements of Mahindra Racing UK Limited (the 'Company') for the year ended 31 March 2024, which comprise the Statement of comprehensive income, the Balance sheet, the Statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2024 and of its profit for the year then ended
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- Enquiry of management and those charged with governance on management's assessment of risk and management's processes for identifying and responding to the risks of fraud in the entity;
- Enquiry of management and those charged with governance around actual and potential litigation and claims;
- Enquiry of entity staff in compliance functions to identify any instances of non-compliance with laws and regulations;
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias;
- Reviewing minutes of meetings of those charged with governance; and
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. General Information

Mahindra Racing UK Limited is a private company limited by shares, incorporated in England and Wales within the UK. The address of the registered office and the registration number are given in the company information page of these financial statements.

2. ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The Company's Statement of Financial Position has been adapted and prepared in accordance with Section 4.2A of Financial Reporting Standard 102.

The following principal accounting policies have been applied:

2.2 Financial reporting standard 102 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17{d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Mahindra & Mahindra Ltd as at 31 March 2024 and these financial statements may be obtained from Mahindra Towers, Dr. G. M. Bhosale Marg, Worli, Mumbai, 400 018, India.

2.3 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of income within "other operating income"

2.4 Revenue

Sponsorship revenue, apart from the parent company, is recognised evenly over each race season in line with the number of races that have taken place prior to the period end, or to the extent that it is probable that the economic benefits will flow to the Company in line with the sponsorship agreement. Sponsorship revenue received from the parent company is recognised when it is due. Value in kind sponsorship is recognised in accordance with fulfillment of conditions per sponsorship agreements. Sponsorship revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

2.5 Operating Lease : the Company as lessee

Rentals paid under operating leases are charged to the Statement of income on a straight line basis over the lease term.

2.6 Research and development

Expenditure on development is recognised as an expense when incurred and are not capitalised.

2.7 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.8 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.9 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2.10 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.11 Intangible Assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

2.12 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Long term leasehold property - Lower of lease period and useful life

Plant & Machinery - 33% straight line

Furniture & Fittings - 20% straight line

Office equipment - 33% straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.13 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment

2.14 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.15 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.16 Provisions for Liabilities

Provisions are recognised when an event has taken place that gives rise to a legal or constructive obligation, a transfer of economic benefits is probable and a reliable estimate can be made.

Provisions are measured as the best estimate of the amount required to settle the obligation, taking into account the related risks and uncertainties.

Increases in provisions are generally charged as an expense to profit or loss.

2.17 Financial Instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Investments in non-derivative instruments that are equity to the issuer are measured:

- at fair value with changes recognised in the Statement of Income and Retained Earnings if the shares are publicly traded or their fair value can otherwise be measured reliably;
- at cost less impairment for all other investments.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Income and Retained Earnings.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.19 Going Concern

The financial statements have been prepared on a going concern basis. The Directors have considered relevant information, including the annual budget, forecast future cash flows and the impact of subsequent events in making their assessment.

Based on these assessments and having regard to the resources available to the entity, the Directors have concluded that there is no material uncertainty that they can continue to adopt the going concern basis in preparing the annual report and accounts.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Dilapidations provision

Dilapidation provision has been recognised on a yearly basis in line with the signed lease contract which will be expiring in 2027.

Depreciation rates

Management apply judgement on the esimated useful life of each class of fixed assets and their useful lives.

4. Turnover

An analysis of turnover by class of business is as follows:

	2024	2023
	£	£
Sponsorship income and race prize monies	**27,785,946**	23,078,513
Sale of goods, services and support to third parties	**1,348,011**	2,145,534
	29,133,957	25,224,047

Analysis of turnover by country of destination:

	2024	2023
	£	£
Europe	**1,348,011**	4,598,319
Rest of the world	**27,785,946**	20,625,728
	29,133,957	25,224,047

5. Other operating income

	2024	2023
	£	£
R&D tax credit income	**1,253,276**	1,534,803
	1,253,276	1,534,803

6. Operating profit / (loss)

The operating profit /(loss) is stated after charging :

	2024	2023
	£	£
Research & Development charged as an expense	**1,928,117**	1,479,014
Exchange differences	**(17,085)**	(206,144)
Other operating lease rentals	**319,560**	47,624
Depreciation	**1,171,507**	807,794

7. Auditor's remuneration

	2024	2023
	£	£
Fees payable to the Company's auditors for the audit of the Company's financial statements	**16,000**	14,000

8. Employees

	2024	2023
	£	£
Wages & Salaries	**4,652,283**	3,282,062
Social security costs	**547,157**	437,625
Cost of defined contribution scheme	**264,352**	175,842
	5,463,792	3,895,529

The average monthly number of employees, including the directors, during the year was as follows:

	2024	2023
	Nos.	Nos.
Employees	**51**	42
Directors	**2**	2
	53	**44**

9. Directors' remuneration

	2024	2023
	£	£
Directors' emoluments	**617,914**	354,803
Company contributions to defined contribution pension schemes	**62,137**	17,119
	680,051	371,922

During the year retirement benefits were accruing to 2 directors (2023 - 2) in respect of defined contribution pension schemes.

The highest paid director received remuneration of £490,522 (2023 - £246,938).

The pension contributions paid in respect of the highest paid director amounted to £24,167 (2023 - £12,036).

10. Interest Receivable

	2024	2023
	£	£
Other interest receivable	**46,546**	81,969
	46,546	81,969

11. Interest Payable and Similar expenses

	2024	2023
	£	£
Bank interest payable	**137,408**	60,303
	137,408	60,303

12. Taxation

	2024	2023
	£	£
Total current tax	–	–
Deferred tax	–	–
Total deferred tax	–	–
Tax on profit	–	–

Factors affecting tax charge for the year

The tax assessed for the year is the same as (2023 - the same as) the standard rate of corporation tax in the UK of 25% (2023 - 19%) as set out below:

	2024	2023
	£	£
Profit / (loss) on ordinary activities before tax	**1,208,005**	2,973,434
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 25% (2023 - 19%)	**302,001**	564,953
Effects of:		
Capital Allowances for year in excess of depreciation	**222,410**	(238,749)
Utilisation of tax losses	**(566,586)**	(263,250)
RDEC claim	**(313,319)**	(291,613)
R&D expenditure	**420,908**	224,810
Capital items expensed	**–**	2,260
Other tax effects	**(65,414)**	1,589
Total tax charge for the year	**–**	**–**

As at 31 March 2024 there are trading losses of £846,012 (2023: £3,112,357) which can be utilised against future trading profits.

	10,077,171	10,014,582

The bank loans are secured by guarantee from the Company's ultimate parent company Mahindra & Mahindra Limited.

17. Provisions

	Dilapidation
At 1 April 2023	180,000
Charged to profit or loss	180,000
At 31 March 2024	**360,000**

18. Share Capital

	2024	2023
	£	£
Allotted, called up and fully paid		
20,000 (2023 - 20,000) Ordinary shares of £1.00 each	**20,000**	20,000

19. Reserves

Profit and loss account

The profit and loss account represents the net accumulated profits and losses, after the deduction of dividends and adjustments.

20. Prior year re-statement

The previous year R&D tax credit was incorrectly included as part of tax credit instead of as other operating income.

In addition, dilapidation provision was included in creditors instead of being disclosed as a provision.

None of the above has had any impact on the results of the year ended 31 March 2023 previously reported.

21. Pension commitments

The Company operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. The pension cost charge represents contributions payable by the Company to the fund and amounted to £264,352 (2023 - £175,842). Contributions totaling £47,889 (2023 - £33,705) were payable to the fund at the balance sheet date and are included in creditors.

22. Commitments under operating leases

At 31 March 2024 the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	2024	2023
	£	£
Not later than 1 year	**204,870**	204,870
Later than 1 year and not later than 5 years	**700,487**	905,357
	905,357	1,110,227

23. Related party transactions

The Company has taken advantage of the exemption available under paragraph 33.1A of the Financial Reporting Standard 102 not to disclose transactions with other wholly owned members of the Group.

24. Controlling party

The company's immediate parent undertaking is Mahindra Overseas Investment Company (Mauritius) Limited, a company incorporated in Mauritius. The ultimate parent undertaking is Mahindra & Mahindra Limited, a company incorporated in India.

The company's results are included in the consolidated financial statements of Mahindra & Mahindra Limited which are publicly available from Mahindra Towers, Dr. G. M. Bhosale Marg, Worli, Mumbai, 400 018, India.

INDEPENDENT AUDITORS' REPORT

To the Members of Mahindra Last Mile Mobility Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Last Mile Mobility Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the period from 29 May 2023 to 31 March 2024 ("the period"), and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive income, changes in equity and its cash flows for the period ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures

are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on various dates in April 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f. the modification relating to the maintenance of accounts and other matter connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) and paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 35 to the financial statements.

b. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 31 to the financial statements.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d. (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 41(d) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 41(e) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the period.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the audit trail was not enabled at the database level to log any direct data changes for such accounting software used for maintaining the books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current period is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA LAST MILE MOBILITY LIMITED FOR THE PERIOD ENDED 31 MARCH 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified once in three years. In accordance with this programme, no property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the period.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the period. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the period. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the period since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the period.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the period. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the period. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the period ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the period on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any private placement of shares or fully or partly convertible debentures during the year. In our opinion, in respect of preferential allotment of equity and preference shares made during the year, the Company has duly complied with the requirements of Section 42 and Section 62 of the Act. The funds raised during the year have been fully utilised except for Rs 20,000 lakhs, which were unutilised as they were raised towards the end of the year.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the period and shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has four CICs as part of the Group.

(xvii) The Company has not incurred cash losses in the current period.

(xviii) There has been no resignation of the statutory auditors during the period. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA LAST MILE MOBILITY LIMITED FOR THE PERIOD ENDED 31 MARCH, 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Last Mile Mobility Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

1. General Information

Mahindra Last Mile Mobility Limited ('the Company') is an unlisted public limited company domiciled in India and is incorporated under the provisions of Companies Act, 2013. The registered office of the Company is located at Mahindra Towers, Pandurang Budhkar Marg, Worli, Mumbai 400018, Maharashtra.

During the year ended 31 March 2024, the Company was incorporated by Mahindra & Mahindra Limited (M&M) as its wholly owned subsidiary company. The Company acquired assets/ business relating to Last Mile Mobility persuant to Business Transfer Agreement (BTA) and Asset Transfer Agreement (ATA) entered into with M&M as at 1st September 2023.

2. Significant Accounting Policies

(a) Statement of compliance and basis of preparation and presentation

These standalone or separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These standalone or separate financial statements were approved by the Company's Board of Directors and authorised for issue on 6th May 2024

(b) Basis of measurement

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values in accordance with Ind AS.

(c) Measurement of fair values

'A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities;

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly;

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

(d) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key sources of estimation, uncertainty, critical judgments and assumptions at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of the below:

(i) Useful lives of property, plant and equipment and other intangible assets - refer note 2(e) & 2(f).

(ii) Provision for product warranties - refer note 2(o).

(iii) Fair value of financial assets, liabilities and investments - refer note 2(j).

(iv) Impairment of tangible and intangible assets including investments - refer note 2(g).

(e) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any.

Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related accumulated depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Asset Class	Useful lives
i) Certain items of Plant and equipment	5 to 15 years
ii) Buildings	3 to 30 years
iii) Vehicles	2 to 5 years

(f) Intangible assets

Intangible assets under development

The Company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

Intangible assets

Intangible assets are initially recognised at cost.

Subsequent to initial recognition, intangible assets with definite useful lives are amortised on a straight line basis so as to reflect the pattern in which the asset's economic benefits are consumed and are reported at cost less accumulated amortisation and accumulated impairment losses, if any.

The intangible assets are amortised over the estimated period of benefit as below:

Asset Class	Useful lives
i) Development expenditure	3 to 5 years
ii) Brand and IP	3 to 30 years
iii) Computer software	3 to 4 years

The amortisation period for intangible assets are reviewed annually and changes in expected useful lives are treated as changes in estimates.

(g) Impairment of assets

At the end of the reporting period, the Company reviews the carrying amounts of its tangible assets and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier.

Intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

(h) Inventories

Inventories are carried at cost or net realisable value whichever is lower. Cost is determined on the basis of the weighted average method and comprises of all cost of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

(i) Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency of Indian Rupees are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the functional currency using exchange rates prevailing at that date. Non-monetary items measured at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

(j) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as measured at

- Amortised cost - debt instrument; or
- Fair Value through Other Comprehensive Income (FVTOCI) - debt instrument; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity instrument; or
- Fair Value through Profit or Loss (FVTPL)

The classification of debt instrument as amortised cost or FVTOCI is based on the business model and cash flow characteristics of such instrument.

Financial assets are not reclassified subsequent to their initial recognition, except if the Company changes its business model for managing financial assets.

A financial asset not classified as measured at amortised cost or FVTOCI is measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment expenses are recognised in profit or loss. Any gain and loss on derecognition is also recognised in profit or loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows from financial asset in a manner that substantially all the risks and rewards of ownership of the asset are transferred to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment of financial assets

The Company applies the Expected Credit Loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables and loans, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the Balance Sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

(k) Revenue Recognition

Sale of goods or services

Revenue from sale of goods are recognised upon satisfaction of performance obligation which is at a point in time, generally on delivery of the goods, when control of the goods is transferred to customers. Revenue from services are recognised upon satisfaction of performance obligation towards rendering of such services.

The Company recognises revenue from sale of goods or services at the amount of transaction price (excluding variable consideration that is constrained), that is allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects it to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of third parties.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

An amount of consideration can vary because of discounts, rebates, incentives etc. which are explicitly stated in the contract or are as per customary business practices. The consideration can also vary where the entitlement is contingent on occurrence or non-occurrence of a future event. The Company includes variable consideration as part of transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved. Variable consideration is estimated using the expected value method or the most likely amount depending on which method the Company expects to better predict the amount of consideration to which it will be entitled and is applied consistently throughout the contract.

Payment terms agreed with a customer are as per business practice and the financing component, if significant, is separated from the transaction price and accounted as interest income.

Dividend and Interest income

Dividend from investments are recognised in profit or loss when the right to receive payment is established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

(l) Government Grants

The Company, directly or indirectly through a consortium of Mahindra Group companies, is entitled to various incentives from government authorities. Government grants are recognised when there is a reasonable assurance that the same will be received and all attached conditions will be complied with.

Government grants that are revenue in nature, are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

(m) Employee Benefits

ESIC and Labour Welfare Fund

The Company's contribution paid / payable during the year to ESIC and Labour Welfare Fund are recognised in profit or loss.

Provident Fund

Contributions to Provident Fund are made to Regional Provident Fund Commissioners and are charged to profit or loss as incurred.

Gratuity, long term compensated absences, post retirement medical benefit and post retirement housing allowance schemes

The liability towards gratuity, long term compensated absences, post retirement medical benefit and post retirement housing allowance schemes are determined by independent actuaries, using the projected unit credit method.

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in Balance Sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

Share based payments

Share-based payments to employees are the charged by the Holding Company over the vesting period in accordance with the ESOP scheme and is recognized as share based payment expenses under Employee Benefit Expenses

(n) Borrowing Costs

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale except for the period the construction activities are temporarily suspended. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(o) Income Taxes

Current tax

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset, if entity has a legally enforceable right to set off recognised amounts and intends to settle on net basis or to realise the current tax asset and settle the current tax liabilities simultaneously.

Deferred tax

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities, and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax assets including that on unused tax losses and unused tax credits are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

(p) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of these cash flows (when the effect of the time value of money is material).

Provisions for the expected cost of warranty obligations are recognised at the time of sale of the relevant products, at the best estimate of the expenditure required to settle the Company's obligation. The provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

(q) Leases

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. The lease liability is initially measured at amortised cost at the present value of the future lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company as lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

(r) Business Combinations

Business Combination under common control are accounted under "the pooling of interest method" i.e. in accordance with Appendix C in Ind AS 103 - Business combinations, at carrying amount of assets and liabilities acquired and any excess of consideration issued over the net assets acquired is recognised as capital reserve on common control business combination.

(s) Non-current assets held for sale

Non-current assets or disposal groups are classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

3. Recent Accounting Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1st, 2023, as below.

4. Property, Plant and Equipment

Property, plant and equipment comprise of owned and leased assets that do not meet the definition of Investment property.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

Financial Instruments regularly measured using Fair Value - recurring items

Particulars	Financial Asset / Financial Liability	Category	Fair Value	Fair Value Hierarchy	Valuation technique(s)
Derivative asset for Compulsorily Convertible Preference Shares (Refer Note 42)	Financial Asset	Financial instruments measured at FVTPL	363	Level 3	
Investments	Financial Liability	Financial instruments measured at FVTPL	14,074	Level 1	Net Asset value
Compulsorily Convertible Preference Shares	Financial Liability	Financial instruments measured at FVTPL	52,172	Level 3	
Derivative liability for Compulsorily Convertible Preference Shares (Refer Note 42)	Financial Liability	Financial instruments measured at FVTPL	2,535	Level 3	

31.01 Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

31.02 Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The management is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board.

31.03 Financial Risk Management Objective And Policies

In the course of its business, the Company is exposed to a certain financial risks namely credit risk, liquidity risk, currency risk and interest risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the risk management policy which has been approved by Board of Directors of the Company.

31.04 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from the Company's trade receivables. Credit risk arises from cash held with banks and financial institutions as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company's trade and other receivables are actively monitored to review credit worthiness of the customers to whom credit terms are granted and also avoid significant concentrations of credit risks.

Reconciliation of loss allowance for Trade Receivables:

₹ in Lakhs

Particulars	**31-Mar-24**
Balance as at beginning of the period	–
Additions during the period	4
Amounts written off during the period	–
Amount of loss reversed/written back	–
Balance as at end of the period	**4**

The Company continuously monitors receivables from customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls.

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry section.

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

Information about major customers

During the period ended 31 March 2024, no revenues from transactions with a single external customer amount to 10% or more of the Company's revenues from external customers.

31.05 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

31.06 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

- Currency risk

Foreign Currency Exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in Foreign Currency Exchange rates. The Company's exposure to currency risk relates primarily to the Company's operating activities including sales and purchases where the transactions are denominated in a currency other than the Company's functional currency.

31.07 Capital Management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate.

The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio of the Company.

Net debt and Equity is given in the table below :

32. Leases

Details of leasing arrangements

As Lessor

Operating Lease

The Company has leased out power pack batteries on operating lease for a period of up to 5 years and such assets are to be returned to the Company at the end of lease term.

As Lessee

The Company has taken on lease land, building and vehicles during the period for its operation. Leases of land has a lease terms of 2 years, buildings have a lease term of 2 years while motor vehicles generally have lease terms between 3 and 5 years.

In accordance with the requirements under Ind AS 116, Leases, the Company has recognized the lease liability and ROU assets at the present value of the future lease payments discounted at the incremental borrowing rate prevailing during the period. Weighted average incremental borrowing rates of 7.11% (land), 7.18% (buildings) and 8.38% (vehicles) have been applied to lease liabilities recognised in the balance sheet at the date of initial recognition.

The movement in carrying value of right of use assets during the period ended 31 March 2024 is provided in Note 4.

The following is the movement in lease liabilities during the period ended 31 March 2024:

₹ in Lakhs

Particulars	31-Mar-24
Balance at the beginning of the period	**–**
Additions during the period	**1,456**
Finance cost accrued during the period	**55**
Payment of lease liabilities	**(376)**
Deletions during the period	**(22)**
Balance at the end of the period	**1,113**

The following is the break-up of current and non-current lease liabilities as at 31 March 2024:

₹ in Lakhs

Particulars	31-Mar-24
Current lease liabilities	**717**
Non-current lease liabilities	**396**
Total	**1,113**

The following are the amounts recognised in profit or loss

₹ in Lakhs

Particulars	31-Mar-24
i. Depreciation charge for ROU assets (Refer Note 4)	**393**
ii. Interest expense on lease liabilities (Refer Note 28)	**62**
iii. Expense relating to short-term leases (Refer Note 30)	**89**
iv. Expense relating to leases of low-value assets	**104**

The company had total cash outflows for leases of ₹ 571 lakhs, including cash outflow of short-term leases.

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

33. Earnings per share

(₹ in lakhs except per share data)

Particulars		31-Mar-24
Basic and Diluted Earnings per Share*

Weighted average number of Ordinary (Equity) Shares used in computing basic EPS	B	**575,241,071**
Basic Earnings per share of ₹ 10 each	A/B	**0.46**

**Since the EPS after considering conversion of CCPS will be anti-dilutive, Basic and Diluted EPS are same.*

34. Employee Benefits

(a) Defined contribution plan

The Company's contribution to Provident Fund aggregating ₹ 287 lakhs has been recognised in Profit or Loss under the head Employee Benefits Expense.

(b) Defined benefit plan:

Gratuity

The Company operates one defined benefit plan, viz., gratuity, for its employees. Under the gratuity plan, every employee who has completed at least five years of service gets gratuity on departure at 20 days of last drawn salary for each completed year of service.

Through the defined benefit plan the Company is exposed to the following risks:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets underperform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plan holds a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

The Company has chosen a suitable plan with Insurance, which augurs well with the Company's long term strategy to manage the plan efficiently

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings.

Life expectancy

Increase in life expectancy will result in an increase in the plan's liabilities, as the inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	₹ in Lakhs Actuarial Assumptions
Particulars	**31-Mar-24**
Discount rate	7.20%
Expected rate of salary increase	9.00%
Attrition rate	12.00%
Mortality Rates whilst in Service	Indian Assured Lives Mortality (2012-14) Ultimate

Defined benefit plan – as per actuarial valuation

(₹ in lakhs)

	Unfunded Plnn
Particulars	**31-Mar-24**
Amounts recognised in comprehensive income in respect of the defined benefit plan are as follows:	
Current service cost	148
Past service cost	–
Interest on net defined liability/ (asset)	59
Components of defined benefit costs recognised in the Statement of Profit and Loss	**207**
Remeasurement on the net defined benefit liability:	
Actuarial (gains)/ loss arising from changes in financial assumptions	10
Actuarial (gains)/ loss arising from demographic adjustments	7
Actuarial (gains)/ loss arising from experience adjustments	92
Components of defined benefit costs recognised in other comprehensive income	**109**
	316

(₹ in lakhs)

Particulars	31-Mar-24
I. Net Asset/(Liability) recognised in the Balance Sheet	
1. Present value of unfunded defined benefit obligation	1,458
2. Fair value of plan assets	–
3. Deficit	**1,458**
4. Current provision	181
5. Non-current provision	1,277
II. Change in the obligation during the period	
1. Present value of defined benefit obligation at the beginning of the period	–
2. Expenses Recognised in Profit or Loss	
- Current Service Cost	148
- Interest Expense	59
3. Recognised in Other Comprehensive Income	–
Remeasurement on the net defined benefit liability:	
Actuarial (gains) / loss arising from changes in financial assumptions	10

* On account of business transfer and asset transfer. (Refer Note 38)

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

III. The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

₹ in Lakhs

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligations	
			Increase in assumption	Decrease in assumption
Discount rate	2024	1.00%	(94)	106
Salary growth rate	2024	1.00%	103	(93)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

IV. Maturity profile of defined benefit obligation:

₹ in Lakhs

Particulars	31-Mar-24
Expected benefits for Year 1	**181**

All transactions with related parties are priced at arm's length basis and resulting outstanding balances are to be settled in cash within six months to one year of reporting date. None of the balances are secured.

37. Research and Development Expenditure

(a) In recognised Research and Development units: Nil

(b) In other units:

(i) Expensed to Profit or Loss, including certain expenditure based on allocations made by the Company, aggregate ₹ 1,614 lakhs [excluding depreciation and amortisation of ₹ 1,471 lakhs]

(ii) Development expenditure incurred during the year ₹ 18,715 lakhs.

(iii) Capitalisation of assets of ₹ 5,581 lakhs.

38. The Company has been incorporated on 29 May 2023. Thereafter, on 01 September 2023, the company acquired a business, on a going concern basis, by entering into a Business Transfer Agreement dated 01 September 2023 ("Business") with its parent entity Mahindra & Mahindra Limited. Pursuant to Appendix C of Indian Accounting Standard 'Ind AS 103 - Business Combinations', this transaction of business transfer is treated as business combination between common controlled entities. Consequently, the Company had to consider in its Financial Statements for the year ended 31st March 2024, all the business transactions relating to the said Business with effect from 29 May 2023 (date of incorporation of the Company) even though the actual business transfer has, contractually and legally, happened with effect from 01 September 2023. These financial statements include Rs 223 lakhs of profit, Rs 1,792 lakhs of cash flow from operations for the period 29 May 2023 to 31 August 2023. For the purpose of Tax Laws and all other applicable laws, the business transactions in respect of the said Business for the period 29 May 2023 to 31 August 2023 shall not form part of the Financial Statements of the Company for the year ended 31 March 2024 as the same have been transacted by the parent entity viz., Mahindra & Mahindra Limited and have been considered by it in its Financial Statements.

The Company entered into a Business Transfer Agreement (BTA) and Asset Transfer Agreement (ATA) with Mahindra & Mahindra Limited (Holding Company) as at 01 September 2023. Following are the details of assets and/ or liabilities transferred to the Company persuant to the said ATA and BTA:

₹ in Lakhs

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH, 2024

c. The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

d. The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

e. The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall : (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

f. The Company has not been declared as wilful defaulter by any bank or financial institution or government or any government authority.

g. The provision of Section 135 to Companies Act, 2013 on Corporate Social responsibility (CSR) are not applicable to the Company.

42. Issue of Compulsorily Convertible Preference Shares

Mahindra and Mahindra Limited (M&M), the Holding Company, executed a **Subscription Agreement and Shareholders' Agreement** with International Finance Corporation ('IFC'), whereby IFC has agreed to invest up to ₹ 60,000.00 lakhs in tranches subject to the terms and conditions as stipulated in the aforesaid agreement(s). Of this, IFC has invested ₹ 30,000.00 lakhs in Compulsorily Convertible Preference Shares ('CCPS'), by 31st March 2024.

Mahindra and Mahindra Limited (M&M), the Holding Company, Mahindra Last Mile Mobility Limited (MLMML) and India Japan Fund (IJF), executed a tri-party **Subscription Agreement and Shareholders' Agreement,** whereby IJF has agreed to invest up to ₹ 40,000.00 lakhs in tranches subject to the terms and conditions as stipulated in the aforesaid agreement(s). Of this, IJF has invested ₹ 20,000.00 lakhs in Compulsorily Convertible Preference Shares ('CCPS'), by 31st March 2024.

Unless agreed to, in writing, for an early conversion, each CCPS is compulsorily convertible into such number of equity shares as determined as per a pre-determined formula at the conversion date, as per terms and conditions of the agreement (s) entered between the Company, M&M, IFC and IJF. Further, in accordance with the shareholders' agreement, the Company and M&M shall take best efforts to provide IFC and IJF with a complete exit at fair value during the exit period, being the period between 5th and 7th anniversary from the date of IFC's first investment, through certain exit options as may be determined by M&M in its sole discretion. If IFC continues to hold any equity security of the Company after the expiry of the exit period, IFC shall have the right to require the Company to complete an initial public offering subject to favourable market conditions.

Since the CCPS is convertible into variable number of equity shares of the company, it has been classified as financial liability at fair value through profit or loss in the financial statements of the Company. The fair value of CCPS issued to IFC as at 31 March 2024 is ₹ 32,535.44 lakhs. The fair value of CCPS issued to IJF as at 31 March 2024 is ₹ 19,637.27 lakhs.

43. Since the company was incorporated on 29th May 2023, these are the first accounts of the company for the period 29th May 2023 to 31st March 2024. Hence there is no comparative information provided.

Notes to the accounts

Note 1 - General information

Mahindra Two Wheelers Europe Holdings S.à r.l., hereinafter the "Company", was incorporated on December 2, 2014 as a "société à responsabilité limitée" for an unlimited period. The Company is organised under the laws of Luxembourg, in particular the law of August 10, 1915 on commercial companies, as amended.

The registered office of the Company is established at 3 Rue Gabriel Lippmann L-5365 Munsbach (prior to December 12, 2023, the registered office was established at 68-70 boulevard de la Pétrusse, 2320 Luxembourg City) and is registered at the Trade and Companies register in Luxembourg under the number B 192 444.

The financial year of the Company starts on April 1 and ends on March 31 of each year.

OBJECT

The purpose of the Company is the acquisition of ownership interests, in Luxembourg or abroad, in any companies or enterprises in any form whatsoever and the management of such ownership interests. The Company may in particular acquire by subscription, purchase, and exchange or in any other manner any stock, shares and any other securities, including without limitation any bonds, debentures, certificates of deposit, trust units, any other debt instruments and more generally any securities and financial instruments issued by any public or private entity whatsoever, including partnerships. It may participate in the creation, development, management and control of any company or enterprise. It may further invest in the creation, acquisition and management of a portfolio of patents or any intellectual property rights of whatsoever nature or origin.

The Company may borrow in any form, except for borrowing from the public. It may issue notes, bonds, debentures and any other kind of debt and/or equity securities, including but not limited to preferred equity certificates and warrants, whether convertible or not in all cases. The Company may lend funds, including the proceeds of any borrowings and/or issues of equity/debt securities, to its subsidiaries, affiliated companies or to any other company. It may also give guarantees and grant security interests in favor of third parties to secure its obligations or the obligations of its subsidiaries, affiliated companies or any other company. The Company may further mortgage, pledge, transfer, encumber or otherwise hypothecate all or some of its assets.

The Company may generally employ any techniques and utilize any instruments relating to its investments for the purpose of their efficient management, including techniques and instruments designed to protect the Company against creditors, currency fluctuations, interest rate fluctuations and other risks. The Company may carry out any commercial, financial or industrial operations and any transactions with respect to real estate or movable property, which directly or indirectly, further or relate to its purpose.

The accounts of the Company are included in the consolidated accounts of Mahindra & Mahindra Limited, forming the largest body of undertakings of which the Company forms a part as a subsidiary undertaking. The registered office of that company is located at Gateway Building, Apollo Bunder, in Mumbai (400 001), where the consolidated financial statements are available.

Note 2 - Summary of significant accounting policies

Basis of preparation

The annual accounts are prepared under Lux GAAP with Fair Value option method. Accounting policies and valuation rules are, besides the ones laid down by the law of December 19, 2002, as amended by the law of December 10, 2010 (the "Law"), determined and applied by the managers of the Company (the "Board of "Managers").

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires Management to exercise its judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. Management believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Significant accounting policies

The main valuation rules applied by the Company are the following:

Financial assets

Shares in affiliated undertakings and Investments held as fixed asset are subsequently measured at fair value.

The fair value changes on those fair valued assets are recognised in the P/L section under the item "Value adjustments on financial fixed assets".

Debtors

Debtors are subsequently measured at fair value.

Foreign currency translation

The Company maintains its accounting records in Euro (EUR) and the balance sheet and the profit and loss accounts are expressed in this currency.

Transactions expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction.

Cash at bank is translated at the exchange rate effective at the balance sheet date. Exchange losses and gains are recorded in the profit and loss account of the year.

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and are recorded in the profit and loss account.

Prepayments

This asset caption comprises expenditures incurred during the financial year but relating to a subsequent financial year.

Creditors

Creditors are subsequently measured at fair value.

Current tax provisions

Provisions for taxation corresponding to the tax liability estimated by the Company for the financial years for which the tax assessments have not yet been received are recorded under the caption "tax authorities". The advance payments are shown in the assets of the balance sheet under the caption "Other debtors", if applicable.

Notes to the accounts

On January 27, 2023 the Company issued convertible bonds redeemable into Preferred A Shares each of them having a nominal value of INR 1 to which Mahindra & Mahindra Limited subscribed for an amount of EUR 74,131,611.00 for which the maturity date is January 27, 2033.

The interest rate is determined at 7.91% p.a. No interest for the year due to decrease in valuation.

Each bondholder of the Company may decide, at any time between the issue date and the maturity date, the conversion of all or part of the convertible bonds.

The number of shares to be issued is determined by the sum of the amount of the nominal value of the Bonds and the amount of compound interest not yet compunded divided by the fair market value as at conversion date of one share.

On March 31, 2023, ORA bonds were fair valued and a decrease of EUR 67,735,611.00 was booked (Note 4). As a result of this decrease, Mahindra & Mahindra Limited further fair valued their receivables from the Company, but considered the fair value of the securities in the Company as well (Note 4), given the Convertible nature of the loan. The above valuation has been disclosed under the audited consolidated accounts of Mahindra & Mahindra Limited filed on the stock exchange of India as at March 31, 2023.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
CLASSIC LEGENDS PRIVATE LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Classic Legends Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in

the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
   (g) Based on the records examined by us and according to information and explanations given to us, the Company has not paid/provided for managerial remuneration. Hence, the provisions of Section 197 of the Act related to managerial remuneration are not applicable.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements – Refer Note 38 to the Standalone Financial Statements;
      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      (b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes forming part the standalone financial statements, no funds have been received by the Company from

any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement.

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Classic Legends Private Limited ("the Company") as of March 31, 2024, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The property, plant and equipment are physically verified by the Company once in three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. The physical verification of property, plant and equipment was conducted during the year March 31,2022 and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee).

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the inventory comprising of traded goods have been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) and 3(iii)(c) to 3(iii)(f) of the Order is not applicable to the Company. According to the information and explanations given to us, the investment made by the Company during the year in its subsidiary is not prejudicial to the company's interest.

(iv) According to the information and explanations given to us, the Company has not granted any loans or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, in respect of deposits accepted by the Company or amounts which are deemed to be deposits, the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules made thereunder, where applicable, have been complied with. According to the information and explanations given to us, there is no order passed by the Company Law Board or National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal during the year.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2024, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Standalone Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Standalone Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company and subsidiary companies or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has four Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 7,940.40

Lakhs in the current financial year and Rs. 9,768.22 lakhs in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of Section 135 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xx)(a) and (b) of the Order is not applicable to the Company.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

1. Corporate Information

Company details

Classic Legends Private Limited (CLPL) was incorporated on 17th June'2015. On 18th October 2016, it became subsidiary of Mahindra and Mahindra Limited (M&M). However, w.e.f 1st July'2017 M&M became joint venturer of the Company. CLPL is engaged in Design, Development, Sales, Marketing and related activities for Motorcycles & Two Wheeled Products.

2. Method of Accounting

These standalone or separate financial statements have been prepared in accordance with the Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the latest annual financial statements of the Company prepared under the Act.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

These financial statements were approved by the Board of Directors and authorised for issue on 19th April, 2024.

3. Material Accouting Policies

3.01 Basis of accounting preparation and presentation

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

3.02 Use of estimate

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of assets, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Leases

Ind AS 116 requires lessees to determine the lease term as the non cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Provisions for product warranties

The Company recognises provision for warranties in respect of the products that it sells. Provisions are discounted, where necessary, to its present value based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. Provisions are reviewed at each balance sheet date, adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

3.03 Revenue Recognition

Revenue on satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Revenue is recognized upon transfer of control of promised products or services ("performance obligations") to customers in an amount that reflects the consideration the Company has received or expects to receive in exchange for these products or services ("transaction price"). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract.

The Company's contracts may include variable consideration including rebates, volume discounts and penalties. The Company includes variable consideration as part of transaction price when there is a basis to reasonably estimate the amount of the variable consideration and when it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

3.04 Foreign Currency

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks.

3.05 Employee benefits

1. Defined Benefit Plan:

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

– service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
– net interest expense or income; and
– re-measurement.

(i) **Gratuity:** The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15/26 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation.

(ii) **Compensated Absences:** The Company provides for the encashment of compensated absences with pay subject to certain rules. The employees are entitled to accumulate compensated absences subject to certain limits, for future encashment. Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit and the accumulated leave expected to be carried forward beyond twelve months is treated as long-term employee benefit which are provided based on the number of days of unutilised compensated absence on the basis of an independent actuarial valuation.

3.06 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term

3.07 Property Plant and Equipment

Property Plant and Equipment (PPE) are stated at cost of acquisition or construction less accumulated depreciation / amortisation and impairment loss, if any. All costs relating to the acquisition and installation of property plant and equipment are capitalised and include borrowing costs relating to funds attributable to construction or acquisition of qualifying assets, up to the date the asset / plant is ready for intended use. The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodies within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting derecognised. The cost for day-to-day servicing of property, plant and equipment are recognised in Statement of Profit and Loss as and when incurred.

Depreciation is calculated on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc:

i) Plant and machinery – 3 years, 5 years, 8 years, 15 years
ii) Laptops – 3 years
iii) Vehicles – 3 years, 5 years
iv) Office equipment – 2 years, 5 years
v) Furniture – 10 years
vi) Assets costing less than Rs 5000 each - 1 year

3.08 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Following summarises the nature of intangible and the estimated useful life:

(a) Software Costs – The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

(b) Development expenditure – The expenditure incurred on technical services and other project/product related expenses is amortised over the period of benefit, not exceeding five years

Intangible asset with indefinite useful lives is reviewed annually to determine whether indefinite-life assessment continues to be supportable.

Intangible assets under development

The Company expenses cost incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible assets.

3.09 Impairment

(i) Financial assets (other than at fair value)

The Company assesses at end of each reporting period whether a financial asset or a group of financial assets is impaired.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit or loss.

3.10 Inventories

Inventories comprise all cost of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition

Finished goods purchased for sale, are carried at cost or net realisable value whichever is lower.

3.11 Financial instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Classification and subsequent measurement

Financial assets

a. Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net off direct issue cost.

Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

3.12 Borrowing Costs:

Interest and other costs incurred in connection with the borrowing of the funds are charged to revenue on accrual basis except those borrowing costs which are directly attributable to the acquisition or construction of those Qualifying assets, which necessarily take a substantial period of time to get ready for their intended use. Such costs are capitalised with the Qualifying assets.

4. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on March 31, 2024, MCA has not amended the Companies (Indian Accounting Standards) Amendment Rules, 2023 and hence reporting under this section is not applicable.

Note - 30 Financial Instruments

Capital management

The company's capital management objectives are:

The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

Debt-to-equity ratio is as follows:

Rs. in Lakhs

	March 31, 2024	March 31, 2023
Debt (Including Current Maturities and lease payables) (A)	**19,158.04**	15,104.48
Equity (B)	**1,432.43**	16,294.92
Debt Ratio (A / B)	**13.37**	0.93

Fair Value

Set out below is the comparison by class of the carrying amounts and fair value of the Company's financials instruments

Rs. in Lakhs

Total Financial Liabilities	**69,563.70**	28,466.46	**69,416.09**	28,189.62

At the end of the reporting period, there are no significant concentrations of credit risk for financial assests designed at fair value through profit & loss. The carrying amount reflected above represents the company's maximum exposure to credit risk to such financial assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are mutual funds and banks with high credit-ratings.

Trade receivables - The company applies the simplified approach to provide for expected credit loss prescribed by IND AS 109, which permits the use of life time expected loss provision for old trade receivable. The company has taken security deposit which are considered as collaterale and these are considered in determination of expected credit losses, where applicable.

There is no change in estimation techniques or significant assumptions during the reporting period.

Movement in the expected credit loss allowance:

Rs. In Lakhs)

Particulars	**March 31, 2024**	March 31, 2023
Balance as at beginning of the year	**18.82**	15.65
Additions during the year	**5.52**	3.17
Amounts recovered during the year	**–**	–
Balance at end of the year	**24.34**	18.82

LIQUIDITY RISK

(i) Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Rs. in Lakhs

	March 31, 2024			March 31, 2023		
Particulars	**Less than 1 Year**	**1-3 Years**	**3-5 Years**	Less than 1 Year	1-3 Years	3-5 Years
Financial liabilities						
Borrowings (including current maturities and lease payables)	**151.45**	**19,205.23**	**–**	179.70	15,034.64	–
Other Financial liabilities	**37,078.38**	**567.00**	**–**	784.99	579.00	–
Trade payables	**12,760.28**	**–**	**–**	11,997.99	–	–
Total	**49,990.11**	**19,772.23**	**–**	12,962.68	15,613.64	–

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

a) *Foreign Currency exchange rate risk*

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities.The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies. The information on derivative instruments is as follows.

Foreign currency exposures that are not hedged by derivative instruments

		As at March 31, 2024		As at March 31, 2023	
Particulars	**Currency**	**Foreign Currency Amount**	**Rupees Lakhs**	Foreign Currency Amount	Rupees Lakhs
Trade payables	USD	–	–	–	–
Trade receivable	USD	–	–	–	–
Trade payables	EURO	2,482	2.23	–	–
Trade payables	GBP	33,600	35.36	–	–
Trade receivable	GBP	4,101,796	4,316.46	5,235,818	5,283.90

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Rs. in Lakhs

Particulars	**Currency**	**Change in rate**	**Effect on profit / (loss) before tax**	Effect on pre-tax equity
31-Mar-24	USD	+10%	–	–
	USD	-10%	–	–
	EUR	+10%	(0.22)	(0.22)
	EUR	-10%	0.22	0.22
	GBP	+10%	428.11	428.11
	GBP	-10%	(428.11)	(428.11)
31-Mar-23	USD	+10%	–	–
	USD	-10%	–	–
	EUR	+10%	–	–
	EUR	-10%	–	–
	GBP	+10%	528.39	528.39
	GBP	-10%	(528.39)	(528.39)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Note - 31 Fair Value Measurement

Note - 32 Employee benefits

(a) Defined Contribution Plan

Amount recognised as an expense in the Statement of Profit and Loss in respect of Defined Contribution Plans is Rs. 90.51 Lakhs (March 31, 2023 Rs. 86.42 Lakhs)

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972, Gratuity is a benefit to an employee based on 15 days last drawn salary for each completed year of service. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Defined benefit plans – as per actuarial valuation on 31st March, 2024

Rs. in Lakhs

Particulars	Unfunded Plan Gratuity 2024	Unfunded Plan Gratuity 2023
Amounts recognised in profit and loss in respect of these defined benefit plans are as follows:		
Current Service Cost	**43.54**	38.86
Net interest expense	**9.49**	8.45
Transfer In/(Out)	**–**	–
Components of defined benefit costs reconised in profit or loss	**53.03**	47.31
Amounts recognised in other comprehensive income		
Remeasurement on the net defined benefit liability		
Actuarial (gains) and loss arising form changes in demographic assumptions	**(3.01)**	(6.30)
Actuarial (gains) and loss arising form changes in financial assumptions	**1.37**	(4.09)
Actuarial (gains) and loss arising form experience adjustments	**(42.99)**	(14.44)
Componenets of defined benefit costs recognised in other comprehensive income	**(44.63)**	(24.83)
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March		
1. Present value of defined benefit obligation as at 31st March	**122.19**	142.55
2. Fair value of plan assets as at 31st March	**–**	–
3. Surplus/(Deficit)	**(122.19)**	(142.55)
4. Current portion of the above	**(11.16)**	(9.20)
5. Non current portion of the above	**(111.03)**	(133.35)
II. Change in the obligation during the year ended 31st March		
1. Present value of defined benefit obligation at the beginning of the year	**142.55**	121.27
2. Trasfer in /(out)		
3. Expenses Recognised in Profit and Loss Account		
– Current Service Cost	**43.54**	38.86
– Transfer In/(Out)		
– Interest Expense (Income)	**9.49**	8.45
4. Recognised in Other Comprehensive Income Remeasurement (gains) / losses arising from:		
i. Demographic Assumptions	**(3.01)**	(6.30)
ii. Financial Assumptions	**1.37**	(4.09)
iii. Experience Adjustments	**(42.99)**	(14.44)
5. Benefit payments	**(28.74)**	(1.20)
6. Present value of defined benefit obligation at the end of the year	**122.21**	142.55

Particulars	Unfunded Plan Gratuity	Unfunded Plan Gratuity
	Rs. in Lakhs	
	2024	**2023**
III. Actuarial assumptions		
1. Discount rate (%)	**7.20**	7.40
2. Expected rate(s) of salary increase (%)	**10.00**	10.00
3. Attrition rate (%)	**15.00**	12.00

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. in Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
Discount rate				
	2024	1.00%	(6.58)	7.32
	2023	1.00%	(9.40)	10.64
Salary growth rate				
	2024	1.00%	5.89	(5.41)
	2023	1.00%	8.89	(8.04)
Attrition rate				
	2024	1.00%	(0.90)	0.99
	2023	1.00%	(1.38)	1.54

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

Rs. in Lakhs

	2024	**2023**
Within 1 year	**11.16**	9.20
1 - 2 year	**23.81**	12.67

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BSA COMPANY LIMITED

Opinion

We have audited the financial statements of BSA Company Limited (the 'company') for the year ended 31 March 2024 which comprise the profit and loss account, the balance sheet, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2024 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report. We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the directors' report and take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do So.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above and on the Financial Reporting Council's website, to detect material misstatements in respect of irregularities, including fraud.

We obtain and update our understanding of the entity, its activities, its control environment, and likely future developments, including in relation to the legal and regulatory framework applicable and how the entity is complying with that framework. Based on this understanding, we identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This includes consideration of the risk of acts by the entity that were contrary to applicable laws and regulations, including fraud.

In response to the risk of irregularities and non-compliance with laws and regulations, including fraud, we designed procedures which included:

- Enquiry of management and those charged with governance around actual and potential litigation and claims as well as actual, suspected and alleged fraud;
- Reviewing minutes of meetings of those charged with governance;
- Assessing the extent of compliance with the laws and regulations considered to have a direct material effect on the financial statements or the operations of the company through enquiry and inspection;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work over the risk of management bias and override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for indicators of potential bias.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non- compliance. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Company Registration No. 01531594

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024

1 Accounting Policies

Company information:

BSA Company Limited is a private company limited by shares incorporated in England and Wales. The principal place of business is Unit 14, Windmill Industrial estate, Birmingham Road, Coventry, CV5 9QE.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 “The Financial Reporting Standard applicable in the UK and Republic of Ireland” (“FRS 102”) and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared on the historical cost convention. The principal accounting policies adopted are set out below.

This company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The company has therefore taken advantage of exemptions from the following disclosure requirements:

- Section 7 ‘Statement of Cash Flows’: Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 ‘Basic Financial Instruments’ and Section 12 ‘Other Financial Instrument Issues’: Interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income;
- Section 33 ‘Related Party Disclosures’: Compensation for key management personnel.

The financial statements of the company are consolidated in the financial statements of Classic Legends Private Limited. These consolidated financial statements are available from its registered office, Mahindra Towers, P.K. Kurne Chowk, Worli, Mumbai - 400018.

1.2 Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The development of an electric motorcycle in the UK would be met through Capital infusion. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Turnover

Turnover is recognised at the fair value of the consideration received or receivable for goods and services provided in the normal course of business, and is shown net of VAT and other sales related taxes. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

1.4 Research and development expenditure

Research expenditure is written off against profits in the year in which it is incurred. Identifiable development expenditure is capitalised to the extent that the technical, commercial and financial feasibility can be demonstrated.

1.5 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Patents and licences	: Straight line over 15 years
Development Costs - Continuing	: Amortisation deferred

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Plant and Machinery	: Straight Line between 3 and 9 years
Fixtures, fittings & equipment	: Straight Line 10 years
Computer equipment	: Straight Line 3 years
Motor Vehicles	: Straight Line 3 years
Office equipment	: Straight Line 4 years

1.7 Fixed asset investments

Interests in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.8 Impairment of fixed assets

Where a reasonable and consistent basis of allocation can be identified, assets are allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

1.9 Stock

Stock are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct material and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stock to their present location and condition.

Stock held for distribution at no or nominal consideration are measured at lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

1.10 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.11 Financial instruments

Financial instruments are recognised in the company’s statement of financial position when the company becomes party to the contractual provisions of the instrument. The company considers all of its financial assets basic.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial Liabilities

Basic financial Liabilities, including creditors, and amounts owed to group undertaking are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liability if payments is due within one or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

1.12 Equity Instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs.

1.13 Employee Benefits

The costs of short term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.14 Retirement Benefits

Payment to defined contribution retirement benefit scheme are charged as an expense as they fall due.

1.15 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

1.16 Government Grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income on an accrual basis when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability as deferred income.

Government grant income relating to the funding of fixed asset additions is released over the life of the asset in line with the amortisation or depreciation policy of the asset. Unreleased income is recognised as a liability as deferred income.

Grants that are received in respect of expenses already incurred by the entity are recognised in the profit and loss in the period when the grant becomes receivable.

1.17 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

2 Judgements and key resource of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

INDEPENDENT AUDITORS' REPORT

To

The Members of

GROMAX AGRI EQUIPMENT LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Gromax Agri Equipment Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

(g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 36 to the Financial Statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management once in a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified property, plant and equipment during the previous year and no material discrepancies were noticed on such verification.

   (c) According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) According to the information and explanations given to us, the inventory comprising of raw materials, work-in-progress, finished and semi-finished goods, stores and spares, loose tools and stock-in-trade has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

   (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from Axis Bank Limited on the basis of security of inventory and trade receivables during the year. The statements of inventory and trade receivables filed by the Company with Axis Bank Limited on a monthly basis are materially in agreement with the unaudited books of account as certified by the management.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

   (b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

The statutory dues in respect of Income-tax as at March 31, 2024, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of Statute	Nature of dues	Amount (Rs. in lakhs)	Period to which amount relates	Forum where pending
The Income Tax Act, 1961	Income Tax	225.32	Assessment year 2014-2015	Commissioner of Income Tax (Appeals)

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

   (c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

   (d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

   (e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

   (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

   (b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

   (c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

   (b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

   (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

   (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

17. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 571.31 lakhs during the current financial year. The Company has not incurred cash loss in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Gromax Agri Equipment Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

All amounts are in Rupees Lakhs unless otherwise stated

Note Nos. 1 and 2 : Summary of Significant Accounting Policies

1. Corporate Information

Gujarat Tractor Corporation Limited (GTCL) a Public Limited Company domiciled in India and incorporated on 31st March, 1978 under the provisions of the Companies Act, 1956 (CIN : U34100GJ1978PLC003127) and a Government of Gujarat Undertaking. As a part of Disinvestment by Government of Gujarat, the Mahindra & Mahindra Limited. acquired 60% stake in Equity Shares of the Company in 1999-2000. The name of the Company changed to Mahindra Gujarat Tractor Limited (MGTL/the Company) in the year 2000. The name of company further changed to Gromax Agri Equipment Limited with effect from 24th August, 2017.

Currently Mahindra Group holds 60% and Government of Gujarat holds 40% Equity in the Company. The Company is mainly engaged in the Manufacture and Sale of Tractors under the brand name “Shaktimaan”, “Hindustan”, “Farm Plus”, “Trakstar” and spares of the same. The Company carries out its business activities in India and Nepal. The Factory and Registered Office of the Company is located at Vishwamitri, Vadodara, Gujarat and Sales and Distribution Offices and Yards in major States of India.

2. Material Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared taking into consideration all material aspects with Indian Accounting Standards (Ind-AS) notified under section 133 of the Companies Act, 2013 (the “Act”) [Companies (Indian Accounting Standards) Rules, 2015,as amended] and the other relevant provisions of the Act.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the value paid for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

The financial statements have been prepared on historical convention except Defined benefit plans.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below:

2.3 Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. Upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on a reasonable credit term. The Revenue is excluding taxes and after deducting various Dealer Incentives and Discounts.

2.3.1. Sale of goods

1) Timing of recognition- Sales are recognized when control parameters as laid down in IND AS 115 are satisfied. Control means customer has accepted the product, legal title has been transferred, transfer of significant risk and rewards, right to receive the payment and transfer of physical possession. Sales are recognised at a point in time based on the revenue recognition standard.

2) Measurement of revenue:-

A) Revenue is measured based on the consideration specified in a contract with a customer (net of variable consideration) and excludes amounts collected on behalf of third parties. The Company recognises revenue when it transfers control of a product.

B) Any change resulting in increase or decrease in estimated revenue or cost are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by Management.

C) Transaction price is the amount of consideration expected to be entitled to in exchange for transferring of goods and services excluding the amount collected from third party.

D) Revenue from sales is based on the price specified in the sales contracts (net of the variable consideration) and returns at the time of sale. Accumulated experience is used to estimate and provide for the discounts and returns. The volume discounts are assessed based on anticipated annual purchases.

2.3.2 Royalties

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably). Royalties determined on a time basis are recognised on a straight-line basis over the period of the agreement. Royalty arrangements that are based on production, sales and other measures are recognised by reference to the underlying arrangement.

2.3.3 Dividend and interest income

Dividend income from investments is recognised when the shareholder’s right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

2.4 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.5 Employee benefits

2.5.1 Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

2.5.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.5.3 Contributions from employees or third parties to defined benefit plans

Discretionary contributions made by employees or third parties reduce service cost upon payment of these contributions to the plan.

When the formal terms of the plans specify that there will be contributions from employees or third parties, the accounting depends on whether the contributions are linked to service, as follows:

If the contributions are not linked to services (e.g. contributions are required to reduce a deficit arising from losses on plan assets or from actuarial losses), they are reflected in the remeasurement of the net defined benefit liability (asset).

If contributions are linked to services, they reduce service costs. For the amount of contribution that is dependent on the number of years of service, the Company reduces service cost by attributing the contributions to periods of service using the attribution method required by Ind AS 19.70 for the gross benefits. For the amount of contribution that is independent of the number of years of service, the Company reduces service cost in the period in which the related service is rendered/ reduces service cost by attributing contributions to the employees' periods of service in accordance with Ind AS 19.70.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under lease are depreciated over the lease term of the ROU (Right of use).

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.7.1 Useful lives of tangible assets

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as prescribed in Part C of Schedule II of the Companies Act, 2013

Particulars	Life (Years)
Building - Non Factory	60
Building - Factory	30
Plant & Machineries, Jigs and Fixtures and Pattern & Moulds	15
Furniture & Fixtures, Electrical Installation	10
Motor Vehicles- Cars & Tractors	8
Computer-Servers and Network	6
Office Equipment	5
Computer-End-use devices (Desktop, Laptop, Printer etc.)	3
Assets Value < Rs.5000	1

2.8 Intangible assets

2.8.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.8.2 Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.8.3 Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Particulars	Life (Years)
Development Expenditure	5
Software	3

2.9 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.10 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Costs of inventories are determined on a weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Cost of raw material and traded goods comprises of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of Inventories also include all other cost incurred in bringing the inventories to their present location and condition. Cost of purchase inventory are determined after deducting rebates and discounts.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions are not recognised for future operating losses.

2.11.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.11.2 Warranties

Provisions for the expected cost of warranty obligations under local sale of goods legislation are recognised at the date of sale of the relevant products, at the directors' best estimate of the expenditure required to settle the Company's obligation.

2.11.3 Contingent liabilities acquired in a business combination

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.12 Financial instruments

Financial assets and financial liabilities are recognised when a entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.12.1 Cash and cash equivalents:-

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and

- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.13.3 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.14 Financial Liabilities

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Classification of financial liabilities

The company classifies all financial liabilities as subsequently measured at amortised cost.

2.14.2 Initial recognition of financial liabilities

Financial liabilities are carried at amortised cost using the effective interest method.

2.14.3 Subsequent measurement of financial liabilities

The measurement of financial liabilities depends on their classification (Refer Note 29)

2.15 Leases

2.15.1 Initial Recognition:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

2.15.2 Company as a lessee:

Leases, other than short term lease and low value assets, of property, plant and equipment are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

2.16 EPS

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

2.17 Cash flow statement

The Cash Flow Statement is prepared by the indirect method set out in Ind AS 7 on Cash Flow Statements and presents cash flows by operating, investing and financing activities of the Company.

2.18 Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.19 Current v/s Non-Current classification:-

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

a) Expected to be realized or intended to be sold or consumed in normal operating cycle

b) Held primarily for the purpose of trading

c) Expected to be realized within twelve months after the reporting period, or

d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

a) It is expected to be settled in normal operating cycle

b) It is held primarily for the purpose of trading

c) It is due to be settled within twelve months after the reporting period, or

d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

The Company has identified twelve months as its operating cycle for the purpose of current and non-current classification of assets and liabilities

2.20 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2.1 to 2.18, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Detailed information about each of these estimates and judgements included in relevant notes together with information about the basis of calculation of each different line item in the financial statements.

Areas involving judgements and estimations:

1) Provision for warranty and service coupon

2) Provision for ECL

3) Provision for Employee Benefits

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such Notification which is applicable from April 1, 2024.

STATEMENT OF CHANGES IN EQUITY FOR THE YEAR ENDED 31ST MARCH 2024

All amounts are in Rupees Lakhs unless otherwise stated

A. Equity share capital

	c) Employee Payables	**22.37**	14.81
	d) Expenses accruals	**220.54**	226.86
	e) Others	**3.78**	4.57
	Total Other Current Financial Liabilities	**2,283.76**	**2,351.52**

Note:

"5,000,000 8.5% Cumulative Redeemable Preference Shares of Rs. 10 each issued solely to Government of Gujarat (GOG) as fully paid up on 23rd May, 2000 consequent upon conversion of loan of Rs. 50,000,000.

These shares were redeemable at par at the end of fours years from the date of allotment i.e. 22nd May, 2004 and the terms of the issue of the shares can be varied with the express consent of the Company and the holders of the shares at any time during the period the shares are outstanding.

The Preference Shares issued have right to receive dividend from year to year as decided by terms of issue i.e. 8.5% per annum from the date of allotment.

The preference share holders will not be entitled to any of the rights and privileges available to the members of the Company including right to receive notice of or to attend and vote at general meeting or to receive annual reports of the company. If, however any resolution affecting the rights attached to the share is placed before the member of the Company, such resolution will first be placed before the preference shareholders for their consideration.

Considering book losses, the Board of Directors had not declared dividend on preference shares since allotment. Thus, no provision was made for 8.5% dividend, amounting to Rs. 631.46 Lakhs on preference shares for the period from 23rd May, 2000 (being the date of allotment) to the year ended 31st March, 2015 and additional tax thereon as per the accounting treatment under IGAAP.

Under IND AS, accrued Dividend on Preference Shares is defined as Other Current Financial Liabilities under Unpaid Dividends and are currently excluding taxes.

Note No. 18 - Provisions

Particulars	As at 31st March, 2024 Current	As at 31st March, 2024 Non-Current	As at 31st March, 2023 Current	As at 31st March, 2023 Non-Current
1. Provision for employee benefits

Note No. 28 - Earnings/(loss) per Share

Particulars	Year Ended on 31st March, 2024	Year Ended on 31st March, 2023
Basic Earnings/(loss) per share		
From continuing operations (in Rupees)	**(1.56)**	(0.42)
Total basic earnings/(loss) per share	**(1.56)**	(0.42)

Particulars	Year Ended on 31st March, 2024	Year Ended on 31st March, 2023
Diluted Earnings/(loss) per share		
From continuing operations (in Rupees)	**(1.56)**	(0.42)
Total diluted earnings/(loss) per share	**(1.56)**	(0.42)

Basic earnings/(loss) per share

The earnings/(loss) and weighted average number of ordinary shares used in the calculation of basic earnings/(loss) per share are as follows:

Particulars	Year Ended on 31st March, 2024	Year Ended on 31st March, 2023
Profit/(loss) for the year attributable to owners of the Company	**(844.87)**	(230.00)
Profit/(loss) used in the calculation of basic earnings/(loss) per share	**(844.87)**	(230.00)
Weighted average number of equity shares	**5,43,01,979**	5,43,01,979
Nominal value of Shares (in Rupees)	**10.00**	10.00
Earnings/(loss) per share from continuing operations - Basic (in Rupees)	**(1.56)**	(0.42)

Diluted earnings/(loss) per share

Particulars	Year Ended on 31st March, 2024	Year Ended on 31st March, 2023
Profit/(loss) for the year used in the calculation of basic earnings per share	**(844.87)**	(230.00)
Profit/(loss) used in the calculation of diluted earnings per share	**(844.87)**	(230.00)

The weighted average number of ordinary shares for the purpose of diluted earnings/(loss) per share reconciles to the weighted average number of ordinary shares used in the calculation of basic earnings/(loss) per share as follows:

Particulars	Year Ended on 31st March, 2024	Year Ended on 31st March, 2023
Weighted average number of equity shares used in the calculation of Basic EPS	**5,43,01,979**	5,43,01,979
Add:		
ESOPs	**–**	–
Convertible bonds	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**5,43,01,979**	5,43,01,979

Note:

The Company reports basic and diluted earnings/(loss) per share in accordance with Ind AS 33 on Earnings per share. Basic earnings/(loss) per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period. Diluted earnings/(loss) per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

Note No. 29 - Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio is as follows:

Particulars	As at 31st March, 2024	As at 31st March, 2023
Debt (A)	**1,758.38**	1,584.76
Equity (B)	**3,917.07**	4,771.74
Debt Ratio (A/B)	**0.45**	0.33

Financial Risk Management Framework

The Company's activities expose it to credit risk. In order to manage the aforementioned risk, the Company operates a risk management policy and a program that performs close monitoring of and responding to risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral (As on 31 March 2024: Rs. 175.50 Lakhs (31 March 2023: Rs. 284.62 Lakhs), where appropriate, as a means of mitigating the risk of financial loss from defaults. Credit exposure is controlled by counterparty limits that are reviewed and approved by the risk management committee periodically.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable. In case of Exports to Nepal credit guarantee insurance cover is purchased.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on as at 31 March 2024, an amount of Rs. 14.70 Lakhs (31 March 2023: Rs. 14.70 Lakhs) has been recognised as contingent.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. The Company has taken dealer deposit and bank guarantees of Dealer which is considered as collateral and these are considered in determination of expected credit losses, where applicable.

The financial instruments of the company mainly consist of trade receivables carried at amortised cost after providing for expected credit loss based on historical credit loss experience and adjusted for forward looking information.

In calculating expected credit loss, the Company has also considered other related credit information for its customers to estimate the probability of default in future.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

	As at 31st March 2024		
Particulars	**Less than 6 months past due**	**More than 6 months past due**	**Total**
Expected loss rate	**–**	**0.67**	**0.39**
Gross carrying amount (Unsecured)	**1,565.90**	**2,104.36**	**3,670.26**
Loss allowance provision	–	**1,417.78**	**1,417.78**

	As at 31st March 2023		
Particulars	Less than 6 months past due	More than 6 months past due	Total
Expected loss rate	–	0.61	0.33
Gross carrying amount (Unsecured)	1,471.01	1,756.96	3,227.97
Loss allowance provision	–	1,068.02	1,068.02

Reconciliation of loss allowance provision for Trade Receivables

Particulars	**As at 31st March, 2024**	As at 31st March, 2023
Balance as at beginning of the year	**1,068.02**	1,067.69
As per ECL in Opening Provisions	**–**	–
Impairment losses recognised in the year based on lifetime expected credit losses		
- On receivables originated in the year	**381.70**	220.31
Amounts written off during the year as uncollectible	**(31.95)**	(219.98)
Balance at end of the year	**1,417.78**	1,068.02

The loss allowance provision has changed during the period due to amounts written off as uncollectible.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
As at 31st March, 2024				
Non-interest bearing	**5,423.35**	–	–	–
Fixed interest rate instruments	**1,513.95**	–	–	–
Total	**6,937.29**	–	–	–
As at 31st March, 2023				
Non-interest bearing	5,446.04	–	–	–
Fixed interest rate instruments	1,471.45	–	–	–
Total	6,917.49	–	–	–

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	**As at 31st March, 2024**	As at 31st March, 2023
Secured Cash Credit facility		
- Expiring within one year	**2,000.00**	2,000.00
Secured Letter of Credit facility		
- Expiring within one year	**–**	**–**

Particulars	As at 31st March, 2024	As at 31st March, 2023
Secured Bank Guarantee facility		
- Expiring within one year	**–**	**–**
Working Capital Facilities with Bank	**2,000.00**	2,000.00
Commercial Card Facility		
Continuing Agreement till Termination	**–**	–
Credit Card Facility	**–**	–

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
As at 31st March, 2024				
Non-interest bearing	**4,102.96**	**–**	**–**	**–**
Total	**4,102.96**	**–**	**–**	**–**
As at 31st March, 2023				
Non-interest bearing	4,284.38	–	–	–
Total	4,284.38	–	–	–

(v) Unhedged Foreign Currency Exposure

Pursuant to the RBI guidelines on "Capital and Provisioning Requirements for Exposures to entities with Unhedged Foreign Currency Exposure" issued vide circular DBOD.No.BP.BC.85/21.06.200/2013-14 dated January 15, 2014, clarifications issued by RBI subsequently vide circular DBOD. No.BP.BC.116/21.06.200/2013-14 dated June 3, 2014 and RBI circular RBI/15-16/431 permitting writing of options dated June 23, 2016 The Company, as on March 31, 2024, does not have any Unhedged Foreign Currency Exposure (UFCE), as defined in the above mentioned RBI circulars.

Note No. 30 - Fair Value Measurement

Fair value of financial assets and financial liabilities that are not measured at fair value:

Particulars	As at 31st March, 2024 Carrying Amount	As at 31st March, 2024 Fair Value	As at 31st March, 2023 Carrying Amount	As at 31st March, 2023 Fair Value
Financial assets				
Financial assets carried at Amortised Cost:				
1) Trade and other receivables	**2,252.48**	**2,252.48**	2,159.95	2,159.95
2) Loans	**–**	**–**	–	–
3) Deposits and similar assets	**3,090.82**	**3,090.82**	2,746.50	2,746.50
Financial liabilities				
Financial liabilities held at amortised cost:				
1) Bank loans	**244.43**	**244.43**	113.32	113.32
2) Loans from Related Party	**–**	**–**	–	–

Note No. 31 - Segment information

Revenue from Major Geographic Location

Particulars	Year Ended on 31st March, 2024	Year Ended on 31st March, 2023
Revenue from India		
Revenue from External Customers	**17,979.52**	19,297.23
Revenue from Related Parties	**6,925.65**	252.56
	24,905.17	19,549.79
Outside India		
Nepal	**1.99**	34.37
Total revenue as per profit or loss	**24,907.16**	19,584.17

Revenue from major products

The following is an analysis of the Company's revenue from continuing operations from its major products:

Particulars	Year Ended 31st March, 2024	Year Ended 31st March, 2023
Manufactured Goods	**23,993.74**	18,781.61
Traded Goods	**913.42**	802.56
Total	**24,907.16**	19,584.17

Extent of the reliance on its major customers:

There is no Dealer whose revenue is more then 10% as against the total turnover of the company for the Financial Year 2023-2024.

Note No. 32 - Employee benefits

(A) Defined Contribution Plans:

Particulars	As at 31st March, 2024	As at 31st March, 2023
(a) Providend Fund	**80.66**	79.06
(b) National Pension Fund	**0.43**	0.66
(c) Employees' State Insurance (ESI)	**6.54**	5.33
(d) Gujarat Labour Welfare Fund	**0.01**	0.01
	87.64	85.06

(B) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

"The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
Particulars	**31-Mar-24**	31-Mar-23
Expected Rate of Return on Assets	**N.A.**	N.A.
Discount rate	**7.14%**	7.36%
Expected rate of salary increase	**6.00%**	6.00%
Employee Turnover	**10.00%**	10.00%
Mortality Rate During Employment	**IALM (2012-14) Ultimate**	IALM (2012-14) Ultimate
Retirement Age	**60 Years**	60 Years
Average Longevity	**20**	20

Defined benefit plans – as per actuarial valuation on 31st March, 2024

	Unfunded Plan Gratuity	
Particulars	**2024**	2023
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost:		
Current Service Cost	**27.87**	23.38
Net interest expense	**10.36**	9.90
Components of defined benefit costs recognised in profit or loss	**38.23**	33.28
Remeasurement on the net defined benefit liability:		
Actuarial gains and loss arising from changes in Demographic Assumptions	**–**	–
Actuarial gains and loss arising from changes in financial assumptions	**1.91**	(3.37)
Actuarial gains and loss arising from experience adjustments	**7.88**	(0.29)
Components of defined benefit costs recognised in other comprehensive income	**9.80**	(3.66)
Total	**48.03**	**29.62**
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March 2024		
1. Present value of defined benefit obligation as at 31st March 2024	**159.88**	142.21
2. Fair value of plan assets as at 31st March 2024	**–**	–
3. Surplus/(Deficit)	**159.88**	142.21
4. Current portion of the above	**31.33**	30.68
5. Non current portion of the above	**128.55**	111.52

	Unfunded Plan Gratuity	
Particulars	**2024**	2023
II. Change in the obligation during the year ended 31st March 2024		
1. Present value of defined benefit obligation at the beginning of the year	**142.21**	146.84
2. *Expenses Recognised in Profit and Loss Account*		
– Current Service Cost	**27.87**	23.38
– Interest Expense (Income)	**10.36**	9.90
3. *Recognised in Other Comprehensive Income*		
Remeasurement gains/(losses)		
– Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	–
ii. Financial Assumptions	**1.91**	(3.37)
iii. Experience Adjustments	**7.88**	(0.29)
4. Benefit payments	**(30.36)**	(34.25)
5. Present value of defined benefit obligation at the end of the year	**159.88**	142.21
III. Actuarial assumptions		
1. Discount rate	**7.14%**	7.36%

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	**2024**	**1.00%**	**-5.20%**	**5.86%**
	2023	1.00%	-4.54%	5.09%
Salary growth rate	**2024**	**1.00%**	**6.08%**	**-5.56%**
	2023	1.00%	5.34%	-4.87%
Withdrawal Rate	**2024**	**1.00%**	**0.08%**	**-0.12%**
	2023	1.00%	0.14%	-0.18%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

Particulars	**2024**	2023
Within 1 year	**32.42**	31.79
1 - 2 year	**25.85**	27.73
2 - 3 year	**16.63**	21.08
3 - 4 year	**19.89**	12.97
4 - 5 year	**11.32**	15.68
5 - 10 years	**57.04**	40.16

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at 31 March 2024 is 8.29 years (2023: 7.34 years)

Experience Adjustments :

Particulars	Gratuity Period Ended				
	2024	2023	2022	2021	2020
1. Defined Benefit Obligation	**159.88**	142.21	146.84	130.97	153.31
2. Fair value of plan assets	**–**	–	–	–	–
3. Surplus/(Deficit)	**159.88**	142.21	146.84	130.97	153.31
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**9.80**	(3.66)	14.82	3.20	(1.61)
5. Experience adjustment on plan assets [Gain/(Loss)]	**–**	–	–	–	–

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

vii)	Deletion on account of demerger/sale of subsidiary	–
viii)	Currency Translation adjustments	–
	Closing Balance	**269.12**

Note No. 35 - Leases

At inception of contract, the Company assesses whether the Contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

(i) Right-of-use assets: The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Area Office: "Put the life" On the basis of the tenure of the lease agreement

The Company presents right-of-use assets that do not meet the definition of investment property in 'Property, plant and equipment'.

ii) **Lease Liabilities:** At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

The Company presents lease liabilities in 'Financial Liabilities' in the Balance Sheet.

iii) **Short term leases and leases of low value of assets:** The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

A) The Company has lease contracts for area office in its operations. Details of amount recognised in profit and loss:

Amounts recognised in profit and loss	As at 31st March, 2024	As at 31st March, 2023
Depreciation expense on right-of-use assets	**6.10**	5.56
Interest expense on lease liabilities	**0.90**	0.44
Expense relating to short-term leases	**7.61**	8.84
Total	**14.62**	14.85

B) The following table set outs maturity analysis of lease liability to be paid after the reporting date:

Maturity Analysis	As at 31st March, 2024	As at 31st March, 2023
Not later than one year	**5.21**	3.73
Later than one year but not later than five years	**2.96**	1.91
Total	**8.17**	5.65

C) The total cash outflow for leases amount to Rs. 5.26 Lakhs during the year.

D) Below are the carrying amount of lease liabilities and the movement during the year:

Particulars	As at 31st March, 2024	As at 31st March, 2023
Opening Lease Liability	**5.65**	4.87
Additions	**7.79**	6.67
Accretion of interest	**–**	–
Payments	**(5.26)**	(5.89)
Cancelation of Lease during the year	**–**	–
Closing Lease Liability	**8.17**	5.65

E) Below is the breakup of Current and Non current lease liabilities:

Particulars	As at 31st March, 2024	As at 31st March, 2023
Current lease liabilities	**5.21**	3.73
Non current lease liabilities	**2.96**	1.91
Total	**8.17**	5.65

Note No. 36 - Contingent liabilities and commitments

Contingent liabilities (to the extent not provided for)

	Particulars	As at 31st March, 2024	As at 31st March, 2023
	Contingent liabilities

INDEPENDENT AUDITORS' REPORT

To the members of Trringo.com Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Trringo.com Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policy information and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013.
   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) With respect to other matters to be included in auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, we report that in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company does not have any pending litigations which will impact its financial positions.
      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
      (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
      (v) The Company has not declared/ paid/ declared and paid any dividend during the year.
      (vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Trringo.com Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

i. (a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(b) According to the information and explanations given to us, the Company does not have intangible assets.

(c) Property, plant and equipment have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment.

(d) According to the information and explanations given to us, the Company does not have immovable property held in the name of the Company. Accordingly, the reporting under Clause 3(i)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(f) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) According to the information and explanations given to us, the Company does not have inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

iii. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Income Tax, Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2024, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

ix. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanation given to us, the Company has not obtained any term loan during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanation given to us, the Company has not raised funds on short term basis during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under Clauses 3(ix)(f) and 3(ix)(e) of the Order is not applicable to the Company.

x. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

xiv. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act. Accordingly, the reporting under Clauses 3(xiv)(a) and 3(xiv)(b) of the Order is not applicable to the Company.

xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us and the audit procedures performed by us, we report that the Group has 4 Core Investment Companies.

xvii. In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 9.76 Lakhs during the current financial year and Rs. 19.45 Lakhs in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us, the Company is not required to spend any amount as per the provisions of Section 135 of the Act. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

1. Corporate Information

Trringo.com Limited is a 100 % subsidiary of Mahindra and Mahindra Limited and incorporated on 23rd May, 2016 under the provisions of the Companies Act, 2013 (CIN: U01409MH2016PLC281449). The Company is in the business of organized farm equipment rentals through a franchisee based model.

2. Significant accounting policies

(A) Statement of compliance

The financial statements of the Company have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended.

(B) Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis, presented in Indian rupees and rounded off to nearest lacs.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(C) Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

(D) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(E) Intangible assets

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

IT Software 3 to 6 years

(F) Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

(G) Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

(H) Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash and other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls).

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

(I) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Sale of Services

Revenue from the rental services is recognised when the service is delivered and completed, all the following conditions are satisfied:

- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the services rendered;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

(J) Government Grants

The Company directly or indirectly is entitled to incentives from government authorities in respect of custom hiring and service centers. The Company accounts for its entitlement as income on accrual basis.

Government grants are recognized in profit or loss on a systematic basis over the periods in which the Company recognizes as expenses the related costs for which the grants are intended to compensate. When the grants relates to an asset, it is recognized as income in equal amounts over the useful life of the related asset.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

(K) Employee benefits

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

(L) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(M) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(N) Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks & rewards of ownership to the leases. All other leases are classified as operating leases.

The Company as lessee:

The assets held under finance leases are initially recongnised as assets of the company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance expense and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policies on borrowing cost. Contingent rentals are recognized as expense in the period in which they are incurred.

Rental expense from the operating lease is generally recognized on a straight line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases, such increases are recognized in the year in which such benefits accrue.

(O) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position.

The capital structure is monitored on the basis of debt to equity and maturity profile of overall debt portfolio of the Company.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents, investments carried at amortised cost, deposits with banks and financial institutions as well as credit exposures to customers including outstanding receivables.

Trade Receivables:

The Companys trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Balances with Banks, mutual funds and other financial assets:

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) *Liquidity risk management*

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) *Maturities of financial liabilities*

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

(iii) *Maturities of financial assets*

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

INDEPENDENT AUDITOR'S REPORT

To the Stockholder and the Board of Directors,
Mahindra USA, Inc.

OPINION

We have audited the accompanying financial statements of Mahindra USA, Inc. (the "Company"), a Texas Corporation, which comprise the balance sheets as of March 31, 2024, and March 31, 2023, and the related statements of income, stockholder's equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2024, and March 31, 2023, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

OTHER MATTER

In our report dated May 1, 2023, we expressed a qualified opinion that the March 31, 2023 financial statements fairly present the financial position, results of operations, and cash flows of Mahindra USA Inc. in accordance with accounting principles generally accepted in the United States of America except for the effects of a departure from such accounting principles where the Company did not consolidate its wholly owned subsidiary and presented its investment in the wholly owned subsidiary at cost in the separate parent company financial statements. As described in Note B.1(a) and B.7, the Company has fully impaired its investments at cost and dissolved its wholly owned subsidiary, whereby the Company is not required to apply consolidation principles as at March 31, 2024. Further the effects of non-consolidation on the March 31, 2023 financial statements were not significant. Accordingly, our present opinion on the March 31, 2023 financial statements, as presented herein, is different from that expressed in our previous report.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional scepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

NOTE A - NATURE OF OPERATIONS

Mahindra USA, Inc. (the "Company") ("MAgNA") was incorporated on June 8, 1994 in the State of Texas and commenced business on March 15, 1995. The Company is owned by Mahindra and Mahindra Ltd. ("M&M"). M&M is a publicly traded corporation, headquartered in Mumbai, India, which, among other activities, manufactures farming equipment and automobiles. The Company sells tractors, parts, attachments, accessories and off-road vehicle in North America under wholesale distribution agreements.

The Company formed a subsidiary on August 9, 2016, Mahindra Mexico S de. R.L. de. C.V. ("MML"), to assemble and sell tractors, parts, attachments and accessories in Mexico and Latin America. MML commenced commercial operations in July 2018. The subsidiary company stands dissolved effective March 28, 2024.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. **Basis of preparation**

   a. The accompanying financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America ('US GAAP'), except for investments in its wholly owned subsidiary. The Company reported its investment in Mahindra Mexico S de. R.L. de. C.V. ("MML") using the cost basis until the dissolution of MML, for the reporting requirements of its ultimate parent company and shareholder; Mahindra and Mahindra Ltd. Accordingly, the financial statements for the year ended March 31, 2023, were presented as separate parent company financial statements.

   b. All amounts are stated in United States Dollars (USD), except as otherwise specified.

   c. The financial statements are presented for the years ended March 31, 2024, and March 31, 2023.

2. **Use of estimates**

   The preparation of financial statements in conformity with accounting principles generally accepted in US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management's estimates for determination of useful lives for property, plant & equipment, and long-lived assets for impairment, allowance for incentives and warranties, legal and tax contingencies, allowance for expected credit losses, accounting for leases and inventory valuation at the balance sheet date represent certain of these particularly sensitive estimates. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates prospectively in the current and future periods.

3. **Cash and cash equivalents**

   The Company's cash and cash equivalents comprise of cash and bank balances. The Company does not have any cash equivalents. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments. Cash balances in US bank accounts are insured by the Federal Deposit Insurance Corporation up to an aggregate of $250,000. The Company believes it is not exposed to any significant risk on cash and cash equivalents.

4. **Revenue recognition**

   The Company follows Accounting Standards Codification ('ASC') 606 – Revenue from Contracts with Customers for revenue recognition.

   Revenue from sale of tractors, parts, attachments, accessories, and off-road vehicle products is recognized when each of the following criteria is met:

   1. The Company and an independent dealer approve a contract with commercial substance.

   2. The sales price is determinable, and collectability of the payment is probable based on the terms outlined in the contract.

   3. Control of the goods is transferred to the dealer when the ordered goods are invoiced to the dealer and when the ordered items are ready for shipment.

   Transfer of control, and therefore revenue recognition is recorded at a point in time on the date when the tractors, parts, attachments, accessories, and off-road vehicle products are made available to the dealers.

   The Company participates in various retail sales incentives with its dealers. The Company records the estimated retail sales incentive programs offered to dealers as a reduction to revenue at the time of sale to the dealer. The estimate is based on historical data, announced incentive programs, field inventory levels, and retail sales volumes.

   <u>Revenue from sale of off-road vehicle products</u>

   The Company entered into a distribution agreement with Mahindra North American Technical Center, Inc. ("MNATC"), its related party, for sale of off-road vehicle and its parts and accessories manufactured by MNATC, in North America. During the year ended March 31, 2023, the Company recognized revenue from sales of these off-road vehicle and its parts and accessories on net basis as it is an agent in the transaction, in accordance with 'Principal versus Agent Considerations' guidance of ASC 606. Additionally, the Company receives reimbursements including a markup of certain directly related costs and expenses from MNATC which is recognized as 'other operating revenue' on the statements of income. The Company also has an arrangement to pass through sales incentive costs and warranty claims at actuals to MNATC.

   Effective April 01, 2023, the distribution agreement has been discontinued and the Company entered into a new arrangement with MNATC for supply of off-road vehicles whereby the Company has recorded sales from these vehicles on a gross basis, as it is acting as a principal in such sales.

   Product warranties

   The Company establishes reserves for product warranties at the time the related sale is recognized. The Company issues product warranties under which the performance of products delivered is generally guaranteed for a certain term. The accrual for product warranties includes the expected costs of warranty obligations imposed by law or contract, as well as the expected costs for policy coverage.

5. **Accounts receivable and allowance for expected credit losses**

   Accounts receivables are stated at the amount billed to customers. Prior to the Company's adoption of Topic 326, the Company followed the specific identification method for recognizing allowance for doubtful debts. Management analyzes composition of the accounts receivable aging, historical bad debts, current economic trends, internal assessments of credit quality and the economic conditions in the industry, as well as in the economy as a whole and customer credit worthiness of each account receivable when evaluating the adequacy of the allowance for doubtful accounts. Under Topic 326, accounts receivable are recorded at the invoiced amount, net of allowance for credit losses. The Company regularly reviews the adequacy of the allowance for credit losses based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates.

   Further, the Company has applied scope exception as per Accounting Standard Codification ("ASC") 326-20-15-3, for the accounts receivables balance from entities under common control. Therefore, the Company has not recorded any allowance for credit losses on receivables balance from entities under common control.

Changes in accounting policy

The Company adopted Accounting Standards Codification ("ASC") Topic 326, Financial Instruments—Credit Losses ("Topic 326"), effective April 01, 2023. As a result of the Company's adoption of this new standard, current expected credit losses ("CECL") are measured using lifetime "expected credit loss" methodology. The Company applied Topic 326 using the modified retrospective transition approach, which involves recognizing the cumulative effect of initial adoption of Topic 326 as an adjustment to its opening retained earnings as of April 01, 2023, however the cumulative effect on account of adoption of Topic 326 was considered as not material. Therefore, comparative information prior to the adoption date has not been adjusted.

6. Inventories

Inventories are stated at moving average price or net realizable value whichever is lower. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price less applicable selling expenses. The Company writes down obsolete or otherwise unmarketable inventory to its estimated realizable value.

7. Investment in subsidiary

The Company accounts for investment in its subsidiary using the cost method. The Company has fully impaired the value of investment in the wholly owned subsidiary considering the series of operating losses of the subsidiary, thereby resulting in absence of an ability to recover the carrying amount of the investment. The subsidiary company stands dissolved effective March 28, 2024.

8. Property, plant and equipment, net

Property, plant and equipment are stated at cost less accumulated depreciation and impairment. Cost of items of property, plant and equipment comprise cost of purchase, improvements and other costs necessarily incurred to bring it to the condition and location necessary for its intended use. Depreciation is provided over the useful lives of the related assets using the straight-line method for financial reporting and the modified accelerated cost recovery method for tax purposes. Leasehold improvements are amortized over the shorter of the lease term or their respective estimated useful lives.

The estimated useful life used to determine depreciation is:

Buildings and building improvements	7-10 Years
Furniture and fixtures	3-10 Years
Plant & Machinery	3-7 Years
Computer and software	3-5 Years
Vehicles	3-5 Years

Deposits paid towards the acquisition of property, plant and equipment outstanding as of each balance sheet date and the cost of property, plant and equipment not ready for use before such date are disclosed under capital work-in-progress. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts and the resulting gain or loss is a part of net operating loss.

Development costs related to internally generated software are capitalized once a project has progressed beyond a conceptual, preliminary stage to that of the application development stage. Costs of significant improvements on existing software for internal use, both internally developed and purchased, are also capitalized. Costs related to the preliminary project stage, data conversion and post-implementation/operation stage of an internal use software development project are expensed as incurred.

9. Leases

The Company follows Accounting Standards Codification ("ASC") 842 Leases which requires all leases to be reported on the balance sheet as operating lease right-of-use assets and lease obligations. The Company uses the practical expedients permitted under the standard that retained the lease classification and initial direct costs for any leases that existed prior to adoption of the standard. The Company has not applied the recognition and measurement requirements of ASC 842 to certain assets on lease where the Management believes it to be immaterial.

The Company's leases are classified as operating leases, which are included in operating lease right-of-use assets and operating lease liabilities in the Company's balance sheet. Lease arrangements, which effectively transfer control of the underlying leased item, are capitalized, and recognized as finance leases.

Right-of-use ("ROU") assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date for leases exceeding 12 months. Minimum lease payments include only the fixed lease component of the agreement, as well as any variable rate payments that depend on an index, initially measured using the index at the lease commencement date. Lease terms may include options to renew when it is reasonably certain that the Company will exercise that option.

The Company estimates its incremental borrowing rate for each lease based on the respective weighted average term of the agreements. This estimation considers the market rates of the Company's outstanding collateralized borrowings and interpolations of rates outside of the terms of the outstanding borrowings, including comparisons to comparable borrowings of similarly rated companies with longer term borrowings.

Operating lease expense is recognized on a straight-line basis over the lease term and is included in cost of revenue or general and administrative expense. Amortization expense for finance leases is recognized on a straight-line basis over the lease term and is included in cost of revenue. Interest expense for finance leases is recognized using the effective interest method. Leases with a lease term of 12 months or less from the commencement date that do not contain a purchase option are recognized as an expense on a straight-line basis over the lease term.

10. Income taxes

In accordance with the provisions of FASB ASC Topic 740 "Income Taxes," income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The deferred tax asset is reduced by a valuation allowance if it is more likely than not that some portion or all of the assets will not be realized.

11. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency at the rates of exchange prevailing at the date of the transaction. Monetary items denominated in foreign currency remaining unsettled at the end of the year are translated at the closing rates as at the last day of the year. Gains or losses, if any, on account of exchange difference either on settlement or translation are recognized in statements of comprehensive income, except those relating to acquisition of fixed assets which are adjusted to the cost of the respective asset.

12. Fair value measurements and financial instruments

The fair value hierarchy requires the use of observable market data when available. In instances where the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular item to the fair value measurement in its entirety requires judgment, including the consideration of inputs specific to the asset or liability. The following table sets forth by level within the fair value hierarchy, the Company's financial assets and liabilities that are accounted for at fair value on a recurring basis at March 31, 2024 and 2023, according to the valuation techniques the Company used to determine their fair values.

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices include in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are support by little or no market activity. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

The Company's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and related party dues. The estimated fair value of cash, accounts receivable, accounts payable and related party dues approximate their carrying amounts due to the short-term nature of these instruments. None of these instruments are held for trading purposes.

13. Advertising and marketing expenses

The Company subsidizes product advertising carried on by dealers within each dealer's local market and conducts dealer conferences. The Company also advertises in trade magazines, at trade shows and uses various other means of promotion, including product brochures and digital media to increase brand awareness and sale of products in the market. Expenditures without extended advertising value are expensed in the year accrued. The amount of advertising and marketing costs incurred by the Company for the year ended March 31, 2024, amounting to $3,671,166 (March 31, 2023: $2,650,743) is included in 'selling, general and administrative expenses' on the statement of comprehensive income.

14. Shipping and handling cost

The Company generally classifies freight billed to dealers as sales revenue. Shipping and handling activities are considered to be a separate performance obligation.

15. Commitments and contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

NOTE C – CASH AND CASH EQUIVALENTS

Cash and cash equivalents include the following:

	As at	
	March 31, 2024	March 31, 2023
Balances with banks	**43,451,054**	14,616,696
Total	**43,451,054**	14,616,696

NOTE D – ACCOUNTS RECEIVABLE, NET

Accounts receivable, net, include the following:

	As at	
	March 31, 2024	March 31, 2023
Accounts receivable from customers	**8,331,968**	1,646,936
Less: Allowance for expected credit loss	**(796,909)**	(848,250)
Accounts receivable, net of allowances	**7,535,059**	798,686

NOTE E – INVENTORIES, NET

Major classes of inventories include the following:

	As at	
	March 31, 2024	March 31, 2023
Finished goods	**59,537,563**	53,482,812
Raw materials	**80,374,337**	93,538,450
Total	**139,911,900**	147,021,262

NOTE F – PROPERTY, PLANT AND EQUIPMENT, NET

Property, plant and equipment, net include the following:

	As at	
	March 31, 2024	March 31, 2023
Building and building improvements	**5,970,238**	5,548,023
Vehicles	**65,519**	65,519
Furniture and fixtures	**1,166,809**	1,068,709
Plant & machinery	**2,435,614**	1,651,074
Computers and software	**11,689,359**	11,274,961
Less: Accumulated depreciation and amortization	**(15,869,407)**	(13,746,477)
Property, plant and equipment, net	**5,458,132**	5,861,809
Capital work-in-progress	**163,689**	59,007
Property, plant and equipment, net	**5,621,821**	5,920,817

Depreciation and amortization expense for the year ended March 31, 2024, amounting to $ 2,139,068 (March 31, 2023: $2,751,202) is included in 'other selling, general and administrative expenses' on the statements of income.

During the years ended March 31, 2024, and March 31, 2023, capital work-in-progress of $ 1,699,091 and $ 2,138,581, respectively, was completed and capitalized to computer and software, building and building improvements and the other property, plant and equipment.

NOTE G – NOTES PAYABLE

As at March 31, 2024, and March 31, 2023, there are no notes payable outstanding. The Company repaid all outstanding notes payable in September 2022. The average interest rate paid by the Company during the year ended March 31, 2023 was 3.02%. Facilities from banks did not contain any restrictive covenants.

As at March 31, 2024 there are no irrevocable standby letter of credit. As at March 31, 2023, the Company had an irrevocable standby letter of credit for $12,000,000. The Company had an unutilized line of credit facility of $ 110,000,000 which was terminated in January 2024.

NOTE H – ACCOUNTS PAYABLE

	As at	
	March 31, 2024	March 31, 2023
Trade payables	**19,175,534**	31,931,335
Total	**19,175,534**	31,931,335

NOTE I – OTHER CURRENT LIABILITIES

Other current liabilities comprise of:

	As at	
	March 31, 2024	March 31, 2023
Accrued payables	**88,403,376**	78,629,182
Total	**88,403,376**	78,629,182

Expenses accrued as at March 31, 2024, and March 31, 2023, include advertising, marketing program costs, retail rate buy-downs, cash discounts, state franchise taxes, payroll and payroll taxes, employee bonuses, salesmen and customer bonuses, legal fees and provision for claims, property taxes, insurance deductibles, other expenses and warranty reserves. The Company participates in various retail incentives with its dealers and has accrued for the costs of these programs in effect as of the date of these financial statements.

NOTE J – LEASES

General description of the lease

The Company has entered into noncancelable operating lease agreements related to facility, office equipment, and vehicles with varying terms.

Non-lease components: Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company used the following policies and/or assumptions in evaluating the lease population:

Lease determination: The Company considers a contract to be or to contain a lease if the contract conveys the right to control the use of identified property, plant, or equipment (an identified asset) for a period of time in exchange for consideration. The Company has not applied the recognition and measurement requirements of ASC 842 to certain assets on lease where the management believes it to be immaterial.

Discount rate: When the lease contracts do not provide a readily determinable implicit rate, the Company uses the estimated incremental borrowing rate based on information available at the inception of the lease. The discount rate is determined by asset class.

Variable payments: The Company includes payments that are based on an index or rate within the calculation of right of use leased assets and lease liabilities, initially measured at the lease commencement date. There are variable payments in the nature of origination fees for office equipment, machinery and equipment and therefore are not treated as a part of lease payments.

Purchase options: Certain leases include options to purchase the office equipment. The depreciable life of assets are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise.

Renewal options: Most leases include one or more options to renew, with renewal terms that can extend the lease term from one or more years. The exercise of lease renewal options is at the Company's sole discretion.

Residual value guarantees, restrictions, or covenants: The lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Short-term leases: Leases with an initial term of 12 months or less are not recorded on the balance sheet; the Company recognizes lease expense for these leases on a straight-line basis over the lease term and expense the associated operating lease costs to administrative expenses on the statements of income.

Right of use (ROU) asset relating to finance lease of $ Nil as of March 31, 2024 (March 31, 2023: $52,746), is included in "property, plant and equipment, net" and lease liability relating to capital lease is $Nil as of March 31, 2024 (March 31, 2023: $Nil).

The table below presents the classification of lease related expenses as reported in the statements of comprehensive income.

	For the year ended	
Particulars	**March 31, 2024**	March 31, 2023
Amortization of ROU asset on finance lease (a)	**52,746**	241,246
Interest on finance lease liability (b)	**–**	–
Operating lease expense (c)	**4,632,122**	4,161,592
Total lease expense	**4,684,868**	4,402,838

(a) Amortization of ROU asset relating to finance lease is included in 'selling, general and administrative expenses' in the statements of comprehensive income.

(b) Interest on finance lease liability is included in 'finance cost' in the statements of comprehensive income.

(c) Operating lease expenses are included in 'selling, general and administrative expenses' in the statements of comprehensive income. Operating lease expenses include short-term leases, variable lease costs and leases which did not meet the capitalization requirement of the Company.

Future minimum lease payments as of March 31, 2024, for operating leases having an initial or remaining non-cancelable lease term in excess of one year are as follows.

Year ended March 31,	Operating lease
2025, 2026 and 2027	10,515,289
2028 and 2029	6,556,327
2030 onwards	2,441,084
Total minimum lease payments	**19,512,700**
Less: Interest	2,793,014
Total lease liabilities	**16,719,686**

The following table presents the weighted-average remaining lease term and discount rates as of:

	March 31, 2024	March 31, 2023
Weighted-average remaining lease term (years)		
Operating leases	**6.52**	6.34
Weighted-average discount rate		
Operating leases	**4.42%**	4.36%

The following table presents supplemental information for operating and finance leases.

	For the year ended	
	March 31, 2024	March 31, 2023
Supplemental cash flow information		
Cash paid for amounts included in the measurement of lease liabilities		
Operating cash flows from operating leases	**4,314,372**	4,196,896
Non-cash lease assets obtained in exchange for new lease liabilities		
Operating leases	**–**	796,403

NOTE K – INCOME TAXES

The Company files state tax returns and federal tax returns at the standalone level. The components of the provision for income tax expense are as follows:

	For the year ended	
	March 31, 2024	March 31, 2023
Current taxes (benefit) expense		
Federal	**(2,613,775)**	834,612
State	**1,033,753**	1,045,278
Deferred taxes (benefit) expense		
Federal	**3,234,056**	1,469,519
State	**(92,976)**	(773,875)
Total	**1,561,058**	**2,575,534**

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

As of March 31, 2024 the Company has net deferred tax assets of $ 55,734,416. This is mainly attributable to three components, deferred tax on accrued dealer incentive of $15,776,132, accrued expenses of $7,735,406 and on net operating losses $28,665,833. Other components refer to deferred taxes on various other expenses, including slow moving inventory, warranty reserves and allowance for uncollectible accounts receivable. Out of total deferred tax assets, the Company has recognized deferred tax assets of $30,390,015 and created valuation allowance on the remaining balance of $25,344,401.

As of March 31, 2023 the Company has net deferred tax assets of $ 57,954,964. This is mainly attributable to three components, deferred tax on accrued dealer incentive of $12,070,266, accrued expenses of $6,983,122 and on net operating losses $34,694,287. Other components refer to deferred taxes on various other expenses, including slow moving inventory, warranty reserves and allowance for uncollectible accounts receivable. Out of total deferred tax assets, the Company has recognized deferred tax assets of $33,531,095 and created valuation allowance on the remaining balance of $24,423,869.

Realization of net deferred tax assets is dependent upon generation of sufficient taxable income in future years, benefit from the reversal of taxable temporary differences and tax planning strategies. Management assesses the available positive and negative evidence to estimate whether sufficient future taxable income will be generated to permit use of the existing deferred tax assets. The amount of net deferred tax assets considered realizable is subject to adjustment in future periods if estimates of future taxable income change.

Based on the evaluation of positive and negative evidence, the Company has determined that the entire amount of deferred tax assets may not be realizable in near future and accordingly created a valuation allowance of $25,344,401 and $24,423,869 as of March 31, 2024 and March 31, 2023, respectively.

As per the Coronavirus, Aid, Relief, and Economic Security act (CARES ACT) amended section 172(b)(1) to provide for a carry back for any net operating loss (NOL) arising in a taxable year beginning after December 31, 2017, and before January 1, 2021, to each of the five taxable years preceding the taxable year in which the loss arises (carryback period). The Company has availed the benefit and carried back the NOL's of $10,438,122 against which the refund amounting to $3,418,813 has been received during the year.

The Company has federal net operating losses of $111,588,319 and $124,793,960 as at March 31, 2024 and March 31, 2023, respectively. These net operating losses generated will be carried forward indefinitely. The Company has state net operating loss carryforwards of approximately $127,363,204 and $ 130,529,183 as at March 31, 2024 and March 31, 2023, which if unutilized will expire based on the statutes of various states.

Accounting for uncertain tax position

The Company recognizes the benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The Company has no unrecognized tax positions at March 31, 2024 and March 31, 2023.

The tax years 2020 to 2022 remain subject to examination by the taxing authorities.

NOTE L – EMPLOYEE BENEFIT PLANS

The Company adopted a 401(k)-retirement plan effective April 1, 1998. The total expense for employee retirement contribution plans for the year ended March 31, 2024, was $355,434 (March 31, 2023 – $339,704). The amounts have been included in selling, general and administrative expenses.

NOTE M – RELATED PARTY TRANSACTIONS

The Company had transactions relating to purchase & sales of goods and services, loans, advances, issue of shares and investments with following related parties:

A. Ultimate Parent Company

1. Mahindra and Mahindra Ltd.

B. Fellow Subsidiaries

1. Mahindra Integrated Business Solution Limited
2. Bristlecone India Limited
3. Bristlecone Inc.
4. Mahindra and Mahindra Financial Services Ltd
5. Mahindra Automotive Australia Pty Ltd.
6. Mahindra Vehicle Manufacturers Limited
7. Mahindra do Brasil Industrial Ltd.
8. Mahindra Overseas Investment Company Mauritius Limited
9. Mahindra Automotive North America Inc.
10. Mahindra North American Technical Center, Inc.

C. Associates

1. Mitsubishi Mahindra Agricultural Machinery Co., Ltd
2. Mahindra Finance USA, LLC
3. Tech Mahindra (Americas) Inc

D. Subsidiary of the Company

1. Mahindra Mexico S de RL de CV (Dissolved effective March 28, 2024)

   The Company purchases tractors and parts from related parties, including M&M and Mitsubishi Mahindra Agricultural Machinery Co. Ltd., on an open account, which is paid when due. Accounts payable are net of amounts the Company has paid for warranty claims and legal fees.

The Company has the following payables:

	As at	
	March 31, 2024	March 31, 2023
Mahindra and Mahindra Ltd., Farm Equipment Sector	**49,142,927**	38,934,764
Mitsubishi Mahindra Agricultural Machinery Co., Ltd	**24,923,507**	14,933,048
Mahindra and Mahindra Ltd., Auto Sector	**330,079**	606,200
Mahindra and Mahindra Ltd., Head Office	**43,338**	124,313
Mahindra Integrated Business Solution Limited	**52,050**	16,250
Bristlecone India Limited	**52,193**	25,056
Mahindra North American Technical Center, Inc.	**5,840,111**	167,676
Mahindra Automotive North America Inc.	**58,523**	49,316
Total	**80,442,728**	54,856,623

In addition, the Company conducts business and records transactions with related parties for goods and services. As a result, the Company has the following receivables:

	As at	
	March 31, 2024	March 31, 2023
Mahindra and Mahindra Ltd., Farm Equipment Sector	**77,241**	24,628
Mahindra and Mahindra Financial Services Ltd.	**50,065**	44,952
Mahindra and Mahindra Ltd., Auto Sector	**810**	–
Mahindra Mexico S de RL de CV	**222,726**	–
Mahindra Automotive Australia Pty Ltd.	**–**	183,122
Mahindra North American Technical Center, Inc.	**3,165,411**	606,886
Tech Mahindra (Americas) Inc	**–**	131,153
Total	**3,516,253**	990,741

The Company entered into transactions with its related parties in the normal course of business. The Company's purchases of tractors and parts from M&M Ltd. and Mitsubishi Mahindra Agricultural Machinery Co. Ltd. for the years ended March 31, 2024, and March 31, 2023, were $172,317,114 and $ 179,391,802, respectively. The dealers of Mahindra USA, Inc. avail themselves of a financing facility from Mahindra Finance USA LLC.

NOTE N - FINANCIAL INSTRUMENTS AND CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to significant credit risk consist principally of cash and accounts receivable. Risks associated with cash are mitigated by banking with financial institutions that management believes to be of high credit quality. The Company performs ongoing credit evaluations of its dealers and maintains reserves for potential credit losses. To date, such losses have been within management's expectations.

NOTE O - RISK AND UNCERTAINTIES

The Company's future results of operations involve several risks and uncertainties.

Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes; the ability to attract and retain qualified employees and the Company's ability to execute on its business plan.

NOTE P - ASSEMBLY AND SERVICE AGREEMENT

The Company has entered into agreements with third party assemblers for the final assembly of tractors. These agreements stipulate that assemblers are to assemble the tractors in accordance with procedures provided by the Company so that the tractors are ready for sale to dealers. The assemblers store inventory owned by the Company in a secure location.

The assemblers are paid on a piecemeal basis at various rates depending on the respective model and related accessories. These rates are reviewed and negotiated at regular intervals.

NOTE Q - STOCKHOLDER'S EQUITY

Authorized common stock

The authorized Class A common stock is 460,000,000 shares with a par value of $ 0.25 and the authorized Class B common stock is 693,750,000 shares with a par value of $0.16 as at March 31, 2024 and as at March 31, 2023.

Common stock issued

Class A common stock issued and outstanding is 456,000,000 shares at $ 0.25 par value each and Class B common stock issued and outstanding is 672,500,000 shares at $0.16 par value each.

Voting

Each holder of common stock is entitled to one vote in respect of each share held by him in the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holders of common stock shall be entitled to receive all of the remaining assets of the Company, after distribution of all preferential amounts, if any. Such amounts will be in proportion to the number of equity shares held by the shareholders.

NOTE R - SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date at which financial statements were available for issue. There were no subsequent events or transactions identified which require disclosure.

NOTE S - COMMITMENTS AND CONTINGENT LIABILITIES

The Company is involved in various legal proceedings which are considered ordinary litigation incidents to its business. In the management's opinion, adequate provisions have been made for the contingencies and none of the current litigation will have a materially adverse effect on the Company's financial position.

As of March 31, 2024, and March 31, 2023, the Company did not have any capital commitment outstanding.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Mahindra North American Technical Center, Inc.

Opinion

We have audited the accompanying financial statements of Mahindra North American Technical Center, Inc. ('the Company') which comprise the balance sheets as of March 31, 2024, and March 31, 2023, the related statements of loss, stockholder's (deficit) equity and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2024, and March 31, 2023, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matter

As discussed in Note-B to the financial statements, the Company has suffered losses from operations and has generated negative cashflows from operations. The Company also has an accumulated deficit. Management's evaluation of the events and conditions and management's plans to mitigate these matters are also described in Note-B. Our opinion is not qualified with respect to this matter.

Other matter

The supplementary information presented in Indian Rupee in the financial statements is solely for the convenience of the users of these financial statements. The supplementary information presented in Indian Rupee does not form part of the audited financial statements. We have therefore not audited the supplementary information and, accordingly, we do not express an opinion on this supplementary information. This paragraph has no impact on the audit opinion expressed in this auditors' report.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a period of twelve months from the date the financial statements are issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

NOTES TO FINANCIAL STATEMENTS

NOTE A – ORGANIZATION AND NATURE OF OPERATIONS

Mahindra North American Technical Center, Inc. (hereinafter referred to as the "Company") was incorporated in the state of Delaware on December 18, 2013 and is a wholly owned subsidiary of Mahindra Automotive North America, Inc. ("MANA"). The Company engineers, designs, develops, assembles, and delivers parts and vehicles to the global automotive market, both for on and off-road use, as an Original Equipment Manufacturer ("OEM") headquartered in Auburn Hills, MI.

Ownership of the Company changed on April 30, 2017, when 100% of its stock was acquired by MANA from Mahindra USA, Inc. ("MAgNA").

In Michigan, when engaged in automotive manufacturing activities, the Company does business as ("d/b/a") Mahindra Automotive North America Manufacturing ("MANAM"). MANAM produces ROXOR, an off-road side- by-side vehicle. MANAM shipped 1,993 vehicles during the fiscal year ended March 31, 2024.

During the year ended March 31, 2021, the Company was engaged in litigation with FCA US, LLC over FCA's claims relating to unregistered "trade dress" of FCA's Jeep branded vehicles both at the International Trade Commission ("ITC") and at the United States District Court, Eastern District of Michigan. The ITC then issued a limited exclusion order prohibiting sale or import of the infringing vehicles and parts, as well as a cease-and desist order to the Company. The cease-and-desist order was effective from August 11, 2020. The company stopped selling Roxor Vehicles since then.

Considering the cease-and-desist order, the Company performed and prepared expedited proceedings to allow a significantly re-designed ROXOR to be excluded from the cease-and desist order. On October 20, 2020, the Administrative Law Judge ("ALJ") found that the re-designed ROXOR does not violate any trade dress and recommended that the re-designed ROXOR be excluded from the cease-and desist order. On December 22, 2020, the ITC agreed with the ALJ and ruled that the re-designed ROXOR is excluded from the cease-and desist order. FCA requested the United States District Court, Eastern District of Michigan to enjoin the post-2020 ROXOR based on the "safe distance rule". The Court denied the request on May 17, 2021. FCA appealed to the Sixth Circuit Court of Appeals.

During the year ended March 31, 2024, Sixth Circuit Court of Appeals issued its opinion on FCA's Renewed Motion to prevent the sale of the Post-2020 ROXOR in Accordance with the Safe-Distance Rule. Specifically the Court of Appeals remanded the case to the Eastern District of Michigan judge asking him to assess whether the "Safe Distance Rule" should have been applied when reviewing the post-2020 ROXOR.

The United States District Court, Eastern District of Michigan concluded that the "Safe Distance Rule" was not applicable and that the Post-2020 ROXOR was non-infringing. FCA did not appeal. The remaining issues were resolved without an award of damages, and the case was closed.

During the year ended March 31, 2022, the Company launched the redesigned ROXOR and started selling the redesigned ROXOR from November 2021 in the United States and Canada. Before the cease-and-desist order, the Company used to sell and distribute parts and vehicles to the distributors and dealers (collectively "dealerships") through its affiliate company Mahindra Vehicle Sales and Services, Inc ("MVSS") to its customers. However, effective September 01, 2021, ROXOR as well as its parts and accessories and services relating thereto (collectively with the ROXOR, the "Products") are distributed through Mahindra USA, Inc ("MAgNA").

The Company continues to supply the accessories and service parts to MVSS to honor the warranty or product liability on sales made through MVSS before the cease-and-desist order.

NOTE B – GOING CONCERN EVALUATION

The Company has reported loss amounting to USD 1,591,942 (INR 132,720,205) and USD 8,422,964 (INR 702,222,509) for the years ended March 31, 2024, and March 31, 2023, respectively. This has resulted in an accumulated deficit of USD 71,862,512 (INR 5,991,177,626) as at March 31, 2024 and USD 70,270,570 (INR 5,858,457,421) as at March 31, 2023. Additionally, the Company has negative operating cash flows amounting to USD 2,638,989 (INR 220,012,512) for the year ended March 31, 2024, and USD 3,712,593 (INR 309,518,879) for the year ended March 31, 2023. Although, these events and condition cast significant doubt on the Company's ability to continue as a going concern, the management considers that it is appropriate to prepare these financial statements on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. The Company has received funding from its parent company amounting to USD 7,470,751 (INR 622,836,511) and USD 500,000 (INR 41,685,000) during the years ended March 31, 2024, and March 31, 2023, respectively, for meeting the cash flow requirements. During the year ended March 31, 2024, the Company did not seek any additional funding from the ultimate parent company as the Company had reduced its costs which lead to the gross profit of the Company increasing from 7% for the year ended March 31, 2023, to 12% for the year ended March 31, 2024. The plans of the management to mitigate the adverse effects, inter alia are as follows:

1) Reviving its business operations through organizational restructuring.
2) The Company has implemented new business cost reduction plans resulting in reduction in cost for the ROXOR.
3) The Company expects a higher scale of volume of sale to MAgNA through expansion of MAgNA's dealer network.
4) With respect to the litigation, the matter was ruled out in favor of the Company and none of the parties appealed the verdict. The remaining issues were resolved without an award of damages. Hence the Company is positive with its future prospects.

Based on the above mitigating factors, the financial statements have been prepared on the basis that the Company is a going concern and that no adjustments are required to the carrying value of assets and liabilities.

NOTE C – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. *Basis of preparation*

    a. The accompanying financial statements are prepared on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of

America ("US GAAP") to reflect the financial position, results of operation and cash flows of the Company.

b. The financial statements are for the fiscal years ended March 31, 2024, and March 31, 2023.

c. Financial information in this report is in US dollars ("USD") and in Indian rupees ("INR"). For the fiscal years ended March 31, 2024, and March 31, 2023, dollar amounts are translated for convenience into Indian rupees at an exchange rate of 83.37 INR per dollar as on March 31, 2024. Within the notes to the financial statements, Indian rupee amounts are shown parenthetically following the U.S. dollar amounts.

d. Certain reclassifications, regroupings and reworking have been made in the financial statements of prior year to conform to the classifications used in the current year. These changes had no impact on previously reported net loss or stockholder's (deficit) equity.

2. *Use of estimates*

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affects the amounts reported in the financial statements. Significant items subject to such estimates and assumptions include the useful lives of plant, property and equipment, provision for inventory obsolescence, slow moving and non-moving items, valuation allowance for deferred tax assets and other contingencies. Management believes that the estimates used in the preparation of the financial statements are reasonable. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are adjusted prospectively in the financial statements.

3. *Cash and cash equivalents*

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash balances in bank accounts are insured by the Federal Deposit Insurance Corporation up to an aggregate per bank of USD 250,000 (INR 20,842,500). The Company believes it is not exposed to any significant risk on cash and cash equivalents.

4. *Inventories*

Raw materials, work in progress and finished goods inventories are stated at the lower of cost and net realizable value, with cost being determined on a weighted average basis. The measurement of inventories includes the direct cost of materials and labor as well as indirect costs (variable and fixed). A provision is made for obsolete and slow-moving raw materials, finished goods, spare parts and other supplies based on their expected future use and realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs for sale and distribution.

The Company makes additional adjustments to its inventory reserves based on the identification of specific situations and increases its inventory reserves accordingly. As further changes in future economic or industry conditions occur, the Company will revise the estimates that were used to calculate its inventory reserves.

5. *Income taxes*

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due, plus deferred taxes related primarily to differences between the basis of certain assets and liabilities for financial and tax reporting. The deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled, respectively.

The Company has determined whether any tax positions have met the recognition threshold and has measured the Company's exposure to those tax provisions. Management believes that the Company has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state taxing authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties from federal and state taxing authorities were recorded in the accompanying financial statements.

6. *Revenue recognition*

Sale of manufactured goods

The Company follows Accounting Standards Codification ('ASC') 606 – Revenue from Contracts with Customers for revenue recognition. The Company entered into a distribution agreement with Mahindra USA Inc ("MAgNA" or "affiliate"), its related party, for sale of its off-road vehicle and its parts and accessories.

Revenue from sale of off-road vehicles is recognized when each of the following criteria is met:

a. The Company approve a contract with commercial substance.

b. The sales price is determinable, and collectability of the payment is probable based on the terms outlined in the contract.

c. Control of the goods is transferred to the affiliate when the ordered items are shipped.

Transfer of control, and therefore revenue recognition is recorded at a point in time on the date when the off-road vehicle, parts and accessories are shipped to the affiliate.

The Company participated in various retail sales incentives and programs with its affiliate till year ended March 31, 2024. The Company recorded the estimated retail sales incentive programs offered to dealers as a reduction to revenue at the time of sale to the dealer. The estimate was based on historical data, announced incentive programs, field inventory levels, and retail sales volumes. Effective January 01, 2024, the Company is not responsible for sponsoring any retail sales incentives and programs for its affiliate.

7. *Product warranty*

The Company provides a limited warranty for redesigned ROXOR for a period of two years or 12,000 miles whichever is lesser. The warranty reserve is established at the time of sale to the distributorship based on management's best estimate using historical rates and trends. These amounts are recorded as a liability in the balance sheet until they are ultimately paid. Accrued warranty liability was USD 1,245,709 (INR 103,854,759) as on March 31, 2024 (March 31, 2023: USD 872,624 (INR 72,750,663)).

8. *Product liability*

The Company is subject to product liability claims in the normal course of business. Adequate insurance coverage is carried for catastrophic product liability claims. The Company self-insures product liability claims up to the purchased catastrophic insurance coverage. The estimated costs resulting from uninsured losses are charged to operating expenses when it is probable a loss has been incurred and the amount of the loss is reasonably determinable.

9. *Property, plant, and equipment*

Property, plant, and equipment are stated at cost less accumulated depreciation and impairment. Cost of items of property, plant and equipment comprise cost of purchase and other costs necessarily incurred to bring it to the condition and location necessary for its intended use.

The Company depreciates property, plant and equipment over the estimated useful life using the straight-line method except for production tools. Upon retirement or disposal of assets, the cost and accumulated depreciation will be eliminated from the accounts and the resulting gain or loss will be credited or charged to operations.

The estimated useful life used to determine depreciation is:

Particulars	**Useful life**
Computers	3-5 years
Furniture	5-7 years
Leasehold improvements	5-15 years
Machinery & equipment	3-5 years
Tooling	2-5 years

The cost of property, plant and equipment not ready for use before such date are disclosed under capital work-in- progress.

The Company expenses all capital expenses below USD 5,000. Expenditures for maintenance and repairs are charged to expense. Property, plant and equipment is reviewed for impairment whenever events or changes in circumstances indicate the carrying value of the asset may not be recoverable.

10. *Intangible assets*

Intangible assets are comprised of computer software which has been recognized at cost and amortized over a period of 3 years or its estimated useful life. Subsequent expenditure is capitalized only when it increases the future economic benefit from the specific assets to which it relates.

11. *Government incentives*

The Company receives incentives from the Michigan Economic Development Corporation ("MEDC") in the form of business development grants. These grants are recognized at their fair values in the statement of loss where there is a reasonable assurance that all grant conditions have been complied with and the grant will be received.

12. *Fair value measurements and financial instruments*

Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Some of Company's financial instruments, including cash and cash equivalents, accounts receivable and accounts payable are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

13. *Leases*

The lease standard requires all leases to be reported on the balance sheet as operating lease right-of-use assets and lease obligations. The Company elected the practical expedients permitted under the transition guidance of the new standard that retained the lease classification and initial direct costs for any leases that existed prior to adoption of the standard.

Right-of-use assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date for leases exceeding 12 months. Minimum lease payments include only the fixed lease component of the agreement, as well as any variable rate payments that depend on an index, initially measured using the index at the lease commencement date. Lease terms may include options to renew when it is reasonably certain that the Company will exercise that option.

Certain leases include options to purchase the office equipment. The depreciable life of assets are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise.

The Company has entered into noncancelable operating lease agreements related to facility, office equipment, machinery and equipment and vehicles with varying terms.

Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company estimates its incremental borrowing rate for each lease based on the respective weighted average term of the agreements. This estimation considers the market rates of the Company's outstanding collateralized borrowings and interpolations of rates outside of the terms of the outstanding borrowings, including comparisons to comparable borrowings of similarly rated companies with longer term borrowings.

Operating lease expense is recognized on a straight-line basis over the lease term and is included in cost of revenue or general and administrative expense. Amortization expense for finance leases is recognized on a straight-line basis over the lease term and is included in cost of revenue. Interest expense for finance leases is recognized using the effective interest method. Leases with a lease term of 12 months or less from the commencement date that do not contain a purchase option are recognized as an expense on a straight-line basis over the lease term.

14. *Expected credit losses*

Prior to the Company's adoption of Topic 326, the accounts receivable balance was reduced by an allowance for doubtful accounts that was determined based on the Company's assessment of the collectability of customer accounts. Under Topic 326, accounts receivable are recorded at the invoiced amount, net of discount and others and provision for credit loss. The Company regularly reviews the adequacy of the provision for credit loss based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates. Provision for credit loss was USD 39,511(INR (3,294,032)) as of March 31, 2024 and allowance for doubtful accounts was USD NIL (INR NIL) of March 31, 2023, and is classified within "Accounts receivable, net" in the balance sheets.

See "Recent accounting pronouncements adopted" section below for information pertaining to the adoption of ASU 2016- 13, Financial Instruments - Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instrume

15. *Commitments and contingencies*

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

16. *Recent Accounting Pronouncements Adopted*

In June 2016, the FASB issued ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. ASU 2016-13 requires measurement and recognition of expected credit losses for financial assets measured at amortized cost as well as certain off balance sheet commitments (loan commitments, standby letters of credit, financial guarantees, and other similar instruments). The Company adopted ASU 2016-13 on April 01, 2023 using a modified retrospective approach. Results for reporting periods beginning April 01, 2023 are presented under ASC 326 while prior period amounts continue to be reported in accordance with previously applicable GAAP. The adoption of this standard did not have a material impact on the Company's financial statements.

NOTE D – CASH AND CASH EQUIVALENTS

The cash and cash equivalents of the Company comprise of:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	2024	2023	2024	2023

The Company had entered into a distribution agreement with MAgNA for the sale of the Products on September 01, 2021. MAgNA was considered as an agent in the transaction in accordance with 'Principal versus Agent Considerations' guidance of ASC 606. Additionally, all the sales incentives and programs were sponsored by the Company. Effective April 01, 2023, the distribution agreement has been discontinued and the Company entered into a new arrangement with MAgNA for supply of off-road vehicles whereby the sale of the Product would be a principal-to-principal transaction and all the sales incentive, and programs would be sponsored by MAgNA. Additionally on January 01, 2024, the Company transferred its rebate liability and Co-op liability to MAgNA for all its earlier sales.

During the year ended March 31, 2024, the marketing cost was USD 100,000 (INR 8,337,000).

*Refer note R - government incentive and credits

NOTE K – LEASES

The Company has entered various facility and equipment operating leases with varying terms. In most circumstances, management expects that in the normal course of business, leases will be renewed or replaced by other leases.

The table below presents the classification of leasing assets and liabilities as reported on the balance sheet as of March 31, 2024 and March 31, 2023.

	USD		INR

Total	**–**	–	**–**	–

In assessing the realization of deferred tax assets, the likelihood of whether it is more likely than not that some portion or all the deferred tax assets will not be realized must be considered. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income during the periods in which temporary difference becomes deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. The management believes that it is more likely than not that the deferred tax assets may not be realized and accordingly, a valuation allowance of USD 17,148,071 (INR 1,429,634,678) is recognized as at March 31, 2024 (March 31, 2023 USD 18,096,991 (INR 1,508,746,140).

The Company has federal net operating losses (“NOLs”) carryforwards of USD 67,792,263 (INR 5,651,840,966) and USD 58,650,902 (INR 4,889,725,700) as at March 31, 2024 and March 31, 2023, respectively. Out of the total NOLs of USD 67,792,263 (INR 5,651,840,966), if unutilized, NOLs of USD 28,521,191 (INR 2,377,811,694) will begin to expire from the year 2035, whereas the remaining NOLs will be carried forward indefinitely.

The Company has state NOLs of USD 21,998,679 (INR 1,834,029,868) and USD 20,637,195 (INR 1,720,522,947) as at March 31, 2023 and March 31, 2022, respectively which if unutilized will begin to expire from the year 2026.

The Company recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination.

The tax years 2020, 2021 and 2022 remain subject to examination by the taxing authorities.

NOTE O – COMMITMENTS AND CONTINGENCIES

Litigation

During the year ended March 31, 2021, the Company was engaged in litigation with FCA US, LLC over FCA's claims relating to unregistered "trade dress" of FCA's Jeep branded vehicles both at the International Trade Commission ("ITC") and at the United States District Court, Eastern District of Michigan. The ITC then issued a limited exclusion order prohibiting sale or import of the infringing vehicles and parts, as well as a cease-and desist order to the Company. The cease-and-desist order was effective from August 11, 2020. The company stopped selling Roxor Vehicles since then.

Considering the cease-and-desist order, the Company performed and prepared expedited proceedings to allow a significantly re-designed ROXOR to be excluded from the cease-and desist order. On October 20, 2020, the Administrative Law Judge ("ALJ") found that the re-designed ROXOR does not violate any trade dress and recommended that the re-designed ROXOR be excluded from the cease-and desist order. On December 22, 2020, the ITC agreed with the ALJ and ruled that the re-designed ROXOR is excluded from the cease-and desist order. FCA requested the United States District Court, Eastern District of Michigan to enjoin the post-2020 ROXOR based on the "safe distance rule". The Court denied the request on May 17, 2021. FCA appealed to the Sixth Circuit Court of Appeals.

During the year ended March 31, 2024, Sixth Circuit Court of Appeals issued its opinion on FCA's Renewed Motion to prevent the sale of the Post-2020 ROXOR in Accordance with the Safe-Distance Rule. Specifically, the Court of Appeals remanded the case to the Eastern District of Michigan judge asking him to assess whether the "Safe Distance Rule" should have been applied when reviewing the post-2020 ROXOR.

The United States District Court, Eastern District of Michigan concluded that the "Safe Distance Rule" was not applicable and that the Post-2020 ROXOR was non-infringing. FCA did not appeal. The remaining issues were resolved without an award of damages, and the case was closed.

NOTE P – EMPLOYEE BENEFIT PLANS

The Company has voluntary 401(k) retirement plans. The Company may make annual contributions to the plans equal to a uniform percentage of participant compensation. The cost of the Company's contributions charged to expense related to 401(k) contributions was USD 25,660 (INR 2,139,274) and USD 37,677 (INR 3,141,131) for the years ended March 31, 2024, and March 31, 2023, respectively.

NOTE Q – COMMON STOCK

Common stock

The authorized share capital of the Company as of March 31, 2024, and March 31, 2023, was 5,000,000 shares, respectively of $ 25 each and 100,000 shares of $ 0.10 each. As at March 31, 2024 and March 31, 2023, total shares issued and outstanding was 2,880,539 and 2,581,709 shares, respectively.

The Company issued 298,830 shares and 20,000 shares for USD 25 each for years ended March 31, 2024, and March 31, 2023, respectively.

Voting

Each holder of common stock is entitled to one vote in respect of each share held by him in the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holder of common stock shall be entitled to receive all the remaining assets of the Company.

NOTE R – GOVERNMENT INCENTIVE AND CREDITS

Michigan Economic Development Incentive (MEDC)

The Company, during the year ended March 31, 2019, had recorded government grant incentive income received from MEDC amounting to USD 531,250 (INR 44,290,313). The Company had received this incentive on account of creation of 50 qualified jobs in State of Michigan. During the year 2022, the Company had additionally received USD 318,750 (INR 26,574,188). However, due to the onset of COVID and cease-and-desist order, the Company had furloughed approximately 86 employees and even terminated few employees during the year ended March 31, 2021. The Company terminated and furloughed few other employees in the current year as well on account of its plan of rightsizing and restructuring. Due to these uncertain circumstances, the management believes that it could have potentially violated the conditions stipulated based on which the Company had received the grant in FY 2018-19 and FY 2021-22. The Company is currently evaluating its exposure and is in continuous discussions with the MEDC authorities. The Company has therefore recognized an accrual amounting to USD 531,250 (INR 44,290,313) and USD 850,000 (INR 70,864,500) as at March 31, 2024 and March 31, 2023 for MEDC incentive received in FY 2018-19 and FY 2021-22.

NOTE S – RISK AND UNCERTANITIES

The Company's future results of operations involve several risks and uncertainties. Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes; the ability to attract and retain qualified employees and the Company's ability to execute on its business plan

NOTE T – SUBSEQUENT EVENTS

The net assets of Mahindra North American Technical Center, Inc. were merged with Mahindra Automotive North America, Inc. on April 1, 2024. The strategic rationale for the merger was to simplify the business, streamline operations, reduce overheads, and drive organizational efficiency. The Company evaluated all events and transactions that occurred after March 31, 2024, through the date the financial statements were issued. Based on the evaluation, the Company is not aware of any events or transactions except as disclosed above, that would require recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

Board of Directors

Mahindra Automotive North America, Inc.

Qualified opinion

We have audited the accompanying separate parent company financial statements of Mahindra Automotive North America, Inc. ("the Company") which comprise the balance sheets as of March 31, 2024, and March 31, 2023, the related statements of profit and loss, stockholder's equity and cash flows for the years then ended, and the related notes to the separate parent company financial statements.

In our opinion, except for the effects of not consolidating the wholly owned subsidiaries and except for the possible effects of the impairment adjustments to the carrying amounts as discussed in the Basis of qualified opinion paragraph, the separate parent company financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2024 and March 31, 2023 and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of qualified opinion

As discussed in Note D. 1 a, to the separate parent company financial statements, the Company reports investment in its wholly owned subsidiaries, Mahindra North American Technical Center, Inc. and Mahindra Vehicle Sales and Service, Inc., on cost basis.

Accounting principles generally accepted in the United States of America require that all majority owned subsidiaries be accounted for as consolidated subsidiaries. If the financial statements of these subsidiaries had been consolidated with those of the Company, total assets would have decreased by USD 137,976,357 (INR: :11,503,088,883) and USD 137,947,507 (INR 11,500,683,659) as on March 31, 2024 and March 31, 2023, respectively; total liabilities would have decreased by USD 24,993,119 (INR 2,083,676,331) and USD 24,363,666 (INR 2,031,198,834) as on March 31, 2024 and March 31, 2023, respectively; stockholder's equity would have decreased by USD 162,969,476 (INR 13,586,765,214) and USD 162,311,173 (INR 13,531,882,493) as on March 31, 2024 and March 31, 2023, respectively and net loss would have been reported as USD 1,083,018 (INR 90,291,211) and USD 8,321,471 (INR 693,761,037) for each of the years then ended

The Company has not reviewed its investments in Mahindra North American Technical Center, Inc. and Mahindra Vehicle Sales and Services, Inc as of March 31, 2024, and March 31, 2023, for impairment. We have not been able to obtain sufficient and appropriate evidence over the recoverable amounts of those investments as of March 31, 2024, and March 31, 2023. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the separate parent company financial statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matter

As discussed in Note-B to the financial statements, the Company has suffered losses from operations and has generated negative cashflows from operations. The Company also has an accumulated deficit. Management's evaluation of the events and conditions and management's plans to mitigate these matters are also described in Note-B. Our opinion is not qualified with respect to this matter.

Other matter

The supplementary information presented in Indian Rupee in the separate parent company financial statements is solely for the convenience of the users of these separate parent company financial statements. The supplementary information presented in Indian Rupee does not form part of the audited separate parent company financial statements. We have therefore not audited the supplementary information and, accordingly, we do not express an opinion on this supplementary information. This paragraph has no impact on the audit opinion expressed in this auditors' report.

Responsibilities of management for the separate parent company financial statements

Management is responsible for the preparation and fair presentation of these separate parent company financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of separate parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the separate parent company financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a period of twelve months from the date the separate parent company financial statements are issued.

Auditor's responsibilities for the audit of the separate parent company financial statements

Our objectives are to obtain reasonable assurance about whether the separate parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the separate parent company financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the separate parent company financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the separate parent company financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the separate parent company financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Restriction on use and distribution

This report is intended solely for use by the Company's management in connection with the reporting requirements of its ultimate parent company, Mahindra & Mahindra Limited for the year ended March 31, 2024, and March 31, 2023, and should not be used by, or distributed to, anyone in the Group, any of its components, or any other third party.

NOTES TO SEPARATE PARENT COMPANY FINANCIAL STATEMENTS

NOTE A - ORGANIZATION AND NATURE OF OPERATIONS

Mahindra Automotive North America, Inc. (hereinafter referred to as the "Company") was incorporated in the state of Delaware on March 27, 2017 and is a wholly owned subsidiary of Mahindra Overseas Investment Company Mauritius, Limited ("MOICML"). Both, the Company and MOICML are subsidiaries of Mahindra and Mahindra Limited ("M&M"). The Company engineers, designs, develops, assembles and delivers parts and vehicles to the global automotive market for off-road use, as an Original Equipment Manufacturer ("OEM") headquartered in Auburn Hills, MI.

The Company owns 100% of two separate business units ("Group"); Mahindra Vehicle Sales and Service, Inc. ("MVSS") which was previously engaged in the sales of off-road recreational vehicles and Mahindra North American Technical Centre, Inc. ("MNATC") which is involved in the manufacture of off-road vehicles. The Company's vehicle brand, ROXOR, is an off-road side-by-side vehicle.

NOTE B - SUBSIDIARIES OPERATIONS

On April 30, 2017, the Company acquired all the stock of MNATC from Mahindra USA, Inc., another wholly owned subsidiary of M&M.

On January 15, 2018, MNATC began producing ROXOR vehicles from its facility in Auburn Hills, MI. In Michigan, when engaged in automotive manufacturing activities, MNATC does business as "d/b/a" Mahindra Automotive North America Manufacturing ("MANAM").

MVSS was formed on May 13, 2017 to function as the sales and distribution business unit for ROXOR. MVSS used to purchase the ROXORs manufactured by MANAM and wholesale them to MVSS's dealerships. Effective September 01, 2021, ROXOR vehicles and its parts and accessories are distributed through Mahindra USA, Inc ("MAgNA").

During the year ended March 31, 2021, the Company was engaged in litigation with FCA US, LLC over FCA's claims relating to unregistered "trade dress" of FCA's Jeep branded vehicles both at the International Trade Commission ("ITC") and at the United States District Court, Eastern District of Michigan. The ITC then issued a limited exclusion order prohibiting sale or import of the infringing vehicles and parts, as well as a cease-and desist order to the Company. The cease-and-desist order was effective from August 11, 2020. The company stopped selling Roxor Vehicles since then.

Considering the cease-and-desist order, the Company performed and prepared expedited proceedings to allow a significantly re-designed ROXOR to be excluded from the cease-and desist order. On October 20, 2020, the Administrative Law Judge ("ALJ") found that the re-designed ROXOR does not violate any trade dress and recommended that the re-designed ROXOR be excluded from the cease-and desist order. On December 22, 2020, the ITC agreed with the ALJ and ruled that the re-designed ROXOR is excluded from the cease-and desist order. FCA requested the United States District Court, Eastern District of Michigan to enjoin the post-2020 ROXOR based on the "safe distance rule". The Court denied the request on May 17, 2021. FCA appealed to the Sixth Circuit Court of Appeals.

During the year ended March 31, 2024, Sixth Circuit Court of Appeals issued its opinion on FCA's Renewed Motion to prevent the sale of the Post-2020 ROXOR in Accordance with the Safe-Distance Rule. Specifically the Court of Appeals remanded the case to the Eastern District of Michigan judge asking him to assess whether the "Safe Distance Rule" should have been applied when reviewing the post-2020 ROXOR.

The United States District Court, Eastern District of Michigan concluded the so called "Safe Distance Rule" was not applicable and that the Post-2020 ROXOR was non-infringing. FCA did not appeal. The remaining issues were resolved without an award of damages, and the case was closed.

NOTE C - GOING CONCERN EVALUATION

The Company has incurred a loss of USD 424,715 (INR 35,408,490) during the year ended March 31, 2024. There is an accumulated deficit of USD 20,220,761 (INR 1,685,804,845) as at March 31, 2024 and USD 19,796,046 (INR 1,650,396,355) as at March 31, 2023. Although, these events and condition cast significant doubt on the Company's ability to continue as a going concern, in view of the continued support from the ultimate parent company, the management considers that it is appropriate to prepare these financial statements on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. During the year ended March 31, 2024, the Company did not seek any additional funding from the ultimate parent company as the Company generated positive operating cash flows amounting to USD 1,454,480 (INR 121,259,998). The plans of the management to mitigate the adverse effects, inter alia are as follows:

1) Reviving its business operations through organizational restructuring.
2) The Company have implemented new business cost reduction plans resulting in reduction in costs for ROXOR.
3) The Company expects higher scale of volume of sale to MAgNA through expansion of MAgNA's dealer network.
4) With respect to the litigation, the matter was ruled out in favor of the Company and none of the parties appealed the verdict, and the remaining issues were resolved without an award of damages. Hence the Company is positive with its future prospects.

Based on the above mitigating factors, the separate parent company financial statements have been prepared on the basis that the Company is a going concern and that no adjustments are required to the carrying value of assets and liabilities.

NOTE D - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. Basis of preparation

a. The accompanying separate parent company financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America ('US GAAP') to reflect the financial position, results of operations and cash flows of the Company. The Company reports investment in its wholly owned subsidiary, Mahindra North American Technical Center, Inc. and Mahindra Vehicle Sales and Service, Inc., on cost basis for the reporting requirements of its ultimate parent company, Mahindra and Mahindra Limited. Accounting principles generally accepted in the United States of America require that all majority owned subsidiaries be accounted for as consolidated subsidiaries. If the financial statements of these subsidiaries had been consolidated with those of the Company, total assets would have decreased by USD 137,976,357 (INR:11,503,088,883) and USD 137,947,507 (INR 11,500,683,659) as on March 31, 2024 and March 31, 2023, respectively; total liabilities would have decreased by USD 24,993,119 (INR 2,083,676,331) and USD 24,363,666 (INR 2,031,198,834) as on March 31, 2024 and March 31, 2023, respectively; stockholder's equity would have decreased by USD 162,969,476 (INR 13,586,765,214) and USD 162,311,173 (INR 13,531,882,493) as on March 31, 2024 and March 31, 2023, respectively and net loss would have been reported as USD 1,083,018 (INR 90,291,211) and USD 8,321,471 (INR 693,761,037) for each of the years then ended.

b. The separate parent company financial statements are for the years ended March 31, 2024, and March 31, 2023.

c. Financial information in the separate parent company financial statements is shown in U.S. dollars ("USD") and in Indian rupees ("INR"). For the fiscal years ended March 31, 2024, and March 31, 2023, dollar amounts are translated for convenience into Indian rupees at an exchange rate of 83.37 INR per dollar on March 31, 2024. Within the notes to the financial statements, Indian rupee amounts are shown parenthetically following the U.S. dollar amounts.

d. Certain reclassifications, regroupings and reworking have been made in the separate parent company financial statements of prior year to conform to the classifications used in the current year. These changes had no impact on previously reported separate parent company net profit or stockholder's equity.

2. Use of estimates

The preparation of separate parent company financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the separate parent company financial statements. Significant items subject to such estimates and assumptions include the useful lives of property and equipment, valuation allowance for deferred tax assets, and other contingencies. Management believes that the estimates used in the preparation of the separate parent company financial statements are reasonable. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are adjusted prospectively in the separate parent company financial statements.

3. Revenue recognition

Revenue of the Company comprise of fees for services rendered to its ultimate parent company and its subsidiaries. These fees have been accrued as the related services have been performed.

Revenue is recognized upon transfer of control of services promised to customers in an amount that reflects the consideration the Company expects to receive in exchange for these products or services.

4. Cash and cash equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash balances in bank accounts are insured by the Federal Deposit Insurance Corporation up to an aggregate per bank of USD 250,000 (INR 20,842,500). The Company believes it is not exposed to any significant risk on cash and cash equivalents.

5. Property and equipment

Property and equipment are stated at cost less accumulated depreciation. Cost of items of property and equipment comprises cost of purchase and other costs necessarily incurred to bring it to the condition and location necessary for its intended use.

The Company depreciates property and equipment over the estimated useful life using the straight-line method. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts and the resulting gain or loss is credited or charged to statements of profit and loss.

The estimated useful life used to determine depreciation is:

Buildings	39-40 years
Leasehold improvements	7 years or the lease period
Furniture	5-7 years
Computer equipment	2 years

Expenditures for maintenance and repairs are charged to statement of loss. Property and equipment is reviewed for impairment whenever events or changes in circumstances indicate the carrying value of the asset may not be recoverable.

The cost of property and equipment not ready for use before such date are disclosed under capital work-in-progress.

6. Intangible assets

Intangible assets comprise of computer software which has been recognized at cost and amortized over a period of estimated useful life. Subsequent expenditures are capitalized only when it increases the future economic benefit from the specific assets to which it relates.

Category	Useful life
Software	3 years

7. Income taxes

Income taxes are provided for the tax effects of transactions reported in the separate parent company financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of certain assets and liabilities for financial and tax reporting. The deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled, respectively.

The Company has determined whether any tax positions have met the recognition threshold and has measured the Company's exposure to those tax provisions. Management believes that the Company has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state taxing authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties from federal and state taxing authorities were recorded in the accompanying separate parent company financial statements.

8. Investments

Investments are carried at fair value and any upward and downward adjustments are adjusted through statement of profit and loss. Acquisition related expenditure if any, is expensed in the year of incurring the same.

9. Unbilled receivables

Unbilled receivables represent value of services performed in accordance with the contract terms but not billed.

10. Leases

Accounting Standard Update ("ASU") 2016-02, Leases

The Company adopted Accounting Standards Codification 842 and all the related amendments ("new lease standard") using the modified retrospective method.

Right-of-use assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date for leases exceeding 12 months. Minimum lease payments include only the fixed lease component of the agreement, as well as any variable rate payments that depend on an index, initially measured using the index at the lease commencement date. Lease terms may include options to renew when it is reasonably certain that the Company will exercise that option.

Certain leases include options to purchase the office equipment. The depreciable life of assets are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise.

The Company has entered into noncancelable operating lease agreements related to facility, office equipment, machinery and equipment and vehicles with varying terms.

Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company estimates its incremental borrowing rate for each lease based on the respective weighted average term of the agreements. This estimation considers the market rates of the Company's outstanding collateralized borrowings and interpolations of rates outside of the terms of the outstanding borrowings, including comparisons to comparable borrowings of similarly rated companies with longer term borrowings.

Operating lease expense is recognized on a straight-line basis over the lease term and is included in cost of revenue or general and administrative expense. Amortization expense for finance leases is recognized on a straight-line basis over the lease term and is included in cost of revenue. Interest expense for finance leases is recognized using the effective interest method. Leases with a lease term of 12 months or less from the commencement date that do not contain a purchase option are recognized as an expense on a straight-line basis over the lease term.

11. Commitments and contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the separate parent company financial statements.

12. Fair value measurements and financial instruments

Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Some of Company's financial instruments, including cash and cash equivalents, accounts receivable and accounts payable are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

13. Accounts receivable & allowance for doubtful debts

Accounting policy of expected credit loss – "Prior to the Company's adoption of Topic 326, the accounts receivable balance was reduced by an allowance for doubtful accounts that was determined based on the Company's assessment of the collectability of customer accounts. Under Topic 326, accounts receivable are recorded at the invoiced amount, net of discount and others and provision for credit loss. The Company regularly reviews the adequacy of the provision for credit loss based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates. During the year ended March 31, 2024 there was no material impact on adoption of this standard. See "Recent accounting pronouncements adopted" section below for information pertaining to the adoption of ASU 2016- 13, Financial Instruments - Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments".

14. Recent accounting pronouncements adopted

In June 2016, the FASB issued ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. ASU 2016-13 requires measurement and recognition of expected credit losses for financial assets measured at amortized cost as well as certain off balance sheet commitments (loan commitments, standby letters of credit, financial guarantees, and other similar instruments). The Company adopted ASU 2016-13 on April 01, 2023, using a modified retrospective approach. Results for reporting periods beginning April 01, 2023, are presented under ASC 326 while prior period amounts continue to be reported in accordance with previously applicable GAAP. The adoption of this standard did not have a material impact on the Company's financial statements.

NOTE E - CASH AND CASH EQUIVALENTS

The cash and cash equivalents of the Company comprise:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Bank balances	**2,744,285**	10,187,000	**228,791,040**	849,290,190
Total	**2,744,285**	10,187,000	**228,791,040**	849,290,190

NOTE F - PREPAID EXPENSES AND OTHER CURRENT ASSETS

Prepaid expenses and other current assets comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Prepaid software license fee	**336,406**	111,272	**28,046,168**	9,276,747

Unbilled revenue	**236,957**	–	**19,755,105**	–
Total	**765,508**	331,015	**63,820,402**	27,596,721

NOTE G - INVESTMENT IN SUBSIDIARIES

Investments comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Investment in MNATC, Inc.	**71,998,480**	64,527,729	**6,002,513,278**	5,379,676,767
Investment in MVSS, Inc.	**90,085,769**	88,735,770	**7,510,450,561**	7,397,901,145
Total	**162,084,249**	153,263,499	**13,512,963,839**	12,777,577,912

NOTE H - INVESTMENT

Financial asset	**Fair value as at March 31, 2024 USD**	**Fair value as at March 31, 2023 USD**	**Fair value as at March 31, 2024 INR**	**Fair value as at March 31, 2023 INR**	**Fair value hierarchy**
Investment	1,020,000	1,050,000	85,037,400	87,538,500	Level 3

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Opening balance	**1,050,000**	1,080,000	**87,538,500**	90,039,600
Fair value through earnings	**(30,000)**	(30,000)	**(2,501,100)**	(2,501,100)
Closing balance	**1,020,000**	1,050,000	**85,037,400**	87,538,500

Valuation technique(s) used and key input(s): Discounted cash flow method.

Key inputs-financial projections - These include forecasts of balance sheet, statement of profit and loss along with underlying assumptions.

Significant unobservable input(s): Financial projections and discount rates to discount future cash flows.

Relationship of unobservable inputs to fair value: Any change in the discount factor, financial projections, etc. would entail corresponding change in valuation of equity component.

NOTE I - PROPERTY AND EQUIPMENT, NET

Property and equipment comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**

Accrued accounts payable	**113,308**	310,894	**9,446,488**	25,919,233
Withholding payroll taxes	**12,669**	10,782	**1,056,215**	898,895
Others	**77,609**	107,045	**6,470,263**	8,924,345
Total	**1,032,494**	1,103,132	**86,079,025**	91,968,118

NOTE L - LEASES

The table below presents the classification of leasing assets and liabilities as reported on the balance sheet as of March 31, 2024 and March 31, 2023.

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	2024	2023	2024	2023
Assets				
Operating lease right-of-use assets	**844,637**	934,525	**70,417,387**	77,911,349
Total lease assets	**844,637**	934,525	**70,417,387**	77,911,349
Liabilities				
Current				
Operating lease liabilities	**212,129**	159,202	**17,685,195**	13,272,671
Long term				
Operating lease liabilities	**728,885**	876,270	**60,767,142**	73,054,630
Total lease liabilities	**941,014**	1,035,472	**78,432,337**	86,327,301

The table below presents the classification of lease related expenses as reported in the statements of income.

	USD		INR	
	For the year ended March 31,		For the year ended March 31,	
Particulars	2024	2023	2024	2023
Operating lease expense*	**295,699**	292,722	**24,652,426**	24,404,233
Total lease expense	**295,699**	292,722	**24,652,426**	24,404,233

*Operating lease expense are included in selling, general and administrative expenses in the statements of profit or loss. Operating lease expense include short-term leases, variable lease costs and leases which did not meet the capitalization requirement of the Company.

Future minimum lease payments as of March 31, 2024, for operating leases having an initial or remaining non- cancelable lease term in excess of one year are as follows.

Year ended March 31	Amount (USD)	Amount (INR)
2025	248,791	20,741,706
2026	224,523	18,718,483
2027	207,113	17,267,011
2028	207,656	17,312,281
2029	148,986	12,420,963
2030	–	–
Total minimum lease payments	**1,037,069**	**86,460,444**
Less: Interest	96,055	8,008,105
Present value of lease payments	**941,014**	**78,452,339**

The following table presents the weighted-average remaining lease term and discount rates as of March 31, 2024.

Weighted-average remaining lease term (years)	
Operating leases	4.47
Weighted-average discount rate	
Operating leases	4.43%

The following table presents supplemental information for operating leases for the year ended March 31, 2024, and March 31, 2023.

	USD		INR	
	Year ended March 31		Year ended March 31	
Supplemental information	2024	2023	2024	2023
Cash paid for amounts included in the measurement of lease liabilities				
Operating cash flows used in operating leases	**220,898**	197,781	**18,416,266**	16,489,002
	220,898	197,781	**18,416,266**	16,489,002

NOTE M - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company is subject to taxation in the United States and the State of Michigan. The income tax expense is as follows:

	USD		INR	
	Year ended March 31,		Year ended March 31,	
	2024	2023	2024	2023
Current and deferred tax expense	–	–	–	–
Income tax expense	–	–	–	–

The tax effects of significant temporary differences that resulted in deferred tax assets and liabilities and a description of the items that create such differences is as follows:

	USD		INR	
	Year ended March 31,		Year ended March 31,	
	2024	2023	2024	2023
Deferred tax asset (liability)				
Net operating loss – federal	**4,025,829**	4,048,163	**335,633,378**	337,495,382

Prepaid expenses	**(114,677)**	(72,921)	**(9,560,621)**	(6,079,424)
Fixed assets	**(6,675)**	(23,407)	**(556,495)**	(1,951,442)
Total	**4,445,743**	4,438,478	**370,641,608**	370,035,942
Less: valuation allowance	**(4,445,743)**	(4,438,478)	**(370,641,608)**	(370,035,942)
Total deferred tax assets	–	–	–	–

In assessing the realization of deferred tax assets, the likelihood of whether it is more likely than not that some portion or all the deferred tax assets will not be realized must be considered. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income during the periods in which temporary difference become deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. The management believes that it is more likely than not that the deferred tax assets may not be realized and accordingly, a valuation allowance of USD 4,445,743 (INR 370,641,608) is recognized as at March 31, 2024 (March 31, 2023 USD 4,438,478 (INR 370,035,911)).

The Company has federal net operating losses ("NOLs") carryforwards of USD 19,170,613 (INR 1,598,254,006) and USD 18,796,308 (INR 1,567,048,198) as at March 31, 2024, and March 31, 2023, which if unutilized, will be carried forward indefinitely.

The Company has state NOLs carryforwards of USD 5,662,791 (INR 472,106,886) and USD 5,603,498 (INR 467,163,628) as at March 31, 2024 and March 31, 2023, which if unutilized will begin to expire from the year 2028.

The Company recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination.

The tax years 2020, 2021 and 2022 remain subject to examination by the taxing authorities.

NOTE O - COMMITMENTS AND CONTINGENCIES

Long term purchase commitment

On September 24, 2019, the Company signed a Vendor Subscription Agreement(“VSA”) with Icon International Inc.(“ICON”), a subsidiary of Omnicom Media Group, for purchase of certain media advertising for 5 years in an amount not less than USD 2,263,022 (INR:188,668,144) each year. In addition, the Company signed an indemnity bond amounting to USD 1,600,000 (INR: 133,392,000) with Atlantic Specialty Insurance Company which bound Mahindra Automotive North America, Inc., and its subsidiaries to purchase media advertising through ICON. If the Company fails to place the minimum amount of advertising spend on the contract anniversary each year it will be assessed a penalty of 15% of the shortfall. ICON provides composition and consultation services at no charge for media placements. ICON’s placement services include broadcast, digital, and print media advertising which will be billed to the Company at a competitive market rate. During the term of the agreement the Company agreed to provide ICON with the right of first refusal on any media being placed.

Due to the cease-and desist order, the Company was prohibited to sell, market, import and manufacture the model year 2018, 2019 and 2020 ROXOR off-road vehicle in the US. Since the Company’s operations were paused and it could not carry out marketing activities, the management decided to opt out of long-term contracts and commitments entered by the Company. During the year ended March 31, 2021, the Company believed that it would be able to terminate the VSA by paying the penalty and thus created an accrual of USD 625,000 (INR: 52,106,250) as at March 31, 2021.

During the year ended March 31, 2023, the Company renegotiated the VSA with ICON and extended the agreement till March 31, 2025. MVSS accrued an amount of USD 1,062,319 (INR 88,565,535) as at March 31, 2023 as its best estimate for penalty liability mentioned in the VSA. However, during the current year ended March 31, 2024 the agreement was terminated and the liability was settled with payment of USD 1,040,099 (INR 83,713,066) by MVSS.

Litigation

During the year ended March 31, 2021, the Company was engaged in litigation with FCA US, LLC over FCA’s claims relating to unregistered “trade dress” of FCA’s Jeep branded vehicles both at the International Trade Commission (“ITC”) and at the United States District Court, Eastern District of Michigan. The ITC then issued a limited exclusion order prohibiting sale or import of the infringing vehicles and parts, as well as a cease-and desist order to the Company. The cease-and-desist order was effective from August 11, 2020. The company stopped selling Roxor Vehicles since then.

Considering the cease-and-desist order, the Company performed and prepared expedited proceedings to allow a significantly re-designed ROXOR to be excluded from the cease-and desist order. On October 20, 2020, the Administrative Law Judge (“ALJ”) found that the re-designed ROXOR does not violate any trade dress and recommended that the re-designed ROXOR be excluded from the cease-and desist order. On December 22, 2020, the ITC agreed with the ALJ and ruled that the re-designed ROXOR is excluded from the cease-and desist order. FCA requested the United States District Court, Eastern District of Michigan to enjoin the post-2020 ROXOR based on the “safe distance rule”. The Court denied the request on May 17, 2021. FCA appealed to the Sixth Circuit Court of Appeals.

During the year ended March 31, 2024, Sixth Circuit Court of Appeals issued its opinion on FCA’s Renewed Motion to prevent the sale of the Post-2020 ROXOR in Accordance with the Safe-Distance Rule. Specifically the Court of Appeals remanded the case to the Eastern District of Michigan judge asking him to assess whether the “Safe Distance Rule” should have been applied when reviewing the post-2020 ROXOR.

The United States District Court, Eastern District of Michigan concluded that the “Safe Distance Rule” was not applicable and that the Post-2020 ROXOR was non-infringing. FCA did not appeal. The remaining issues were resolved without an award of damages, and the case was closed.

NOTE P - STOCKHOLDER’S EQUITY

Common stock

The authorized share capital of the Company as of March 31, 2024 and March 31, 2023 was 8,000,000 shares and 8,000,000 shares, respectively, of $ 25 each. As at March 31, 2024 and March 31, 2023 total shares issued and outstanding was 7,773,737 and 7,773,737 shares, respectively.

The Company issued NIL shares and 356,000 shares for USD 25 each for years ended March 31, 2024, and March 31, 2023, respectively.

Voting

Each holder of common stock is entitled to one vote in respect of each share held by him in the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holder of common stock shall be entitled to receive all the remaining assets of the Company.

NOTE Q - RISKS AND UNCERTAINITIES

The Company’s future results of operations involve several risks and uncertainties.

Factors that could affect the Company’s future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company’s ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes; the ability to attract and retain qualified employees and the Company’s ability to execute on its business plan.

Contract assets

The Company's contracts with customers with dealer agreements and purchase orders. These contracts with customers typically consist of sale of products which represent performance obligations that are satisfied upon transfer of control of the product to the customer at a point in time.

The following table provides information about contract assets as at March 31, 2024 and March 31, 2023:

	USD		INR	
	As at March 31, 2024	**As at March 31, 2023**	**As at March 31, 2024**	**As at March 31, 2023**
Accounts receivable, related parties	**1,334,612**	3,344,035	**111,266,602**	278,792,198

NOTE S - EMPLOYEE BENEFIT PLANS

The Company has voluntary 401(k) retirement plans. The Company may make annual contributions to the plans equal to a uniform percentage of participant compensation. The cost of the Company's contributions charged to expense related to 401(k) contributions was USD 52,409 (INR 4,369,338) and USD 45,821 (INR 3,820,097) for the years ended March 31, 2024 and March 31, 2023, respectively.

NOTE T - ADVERTISING AND MARKETING EXPENSE

Advertising costs are presented as part of selling, general and administrative expenses in the statement of loss. Advertising costs are expensed as incurred. The amount of advertising and marketing cost incurred by the Company for the year ended March 31, 2024 and March 31, 2023 is USD 7,352 (INR 612,936) and USD 9,259 (INR 771,923) respectively.

NOTE U - SUBSEQUENT EVENTS

The net assets of MNATC. were merged with the Company on April 1, 2024. The strategic rationale for the merger was to simplify the business, streamline operations, reduce overheads, and drive organizational efficiency. The Company evaluated all events and transactions that occurred after March 31, 2024, through the date the financial statements were issued. Based on the evaluation, the Company is not aware of any events or transactions except as disclosed above, that would require recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

Board of Directors

Mahindra Vehicle Sales and Services, Inc.

OPINION

We have audited the accompanying financial statements of **Mahindra Vehicle Sales and Services, Inc.** ('the Company') which comprise the balance sheets as of March 31, 2024, and March 31, 2023, and the related statements of profit or loss, stockholder's deficit, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2024, and March 31, 2023, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

EMPHASIS OF MATTER

As discussed in Note-B to the financial statements, the Company has generated negative cashflows from operations and has a net capital deficiency. Management's evaluation of the events and conditions and management's plans to mitigate these matters are also described in Note-B. Our opinion is not qualified with respect to this matter.

OTHER MATTER

The supplementary information presented in Indian Rupee in the financial statements is solely for the convenience of the users of these financial statements. The supplementary information presented in Indian Rupee does not form part of the audited financial statements. We have therefore not audited the supplementary information and, accordingly, we do not express an opinion on this supplementary information. This paragraph has no impact on the audit opinion expressed in this auditors' report.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a period of twelve months from the date the financial statements are issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit

KNAV CPA LLP.

NOTES TO FINANCIAL STATEMENTS

NOTE A - ORGANIZATION AND NATURE OF OPERATIONS

Mahindra Vehicle Sales and Services, Inc. (hereinafter referred to as the “Company”) was incorporated in the state of Delaware on April 19, 2017 and is a wholly owned subsidiary of Mahindra Automotive North America, Inc. (“MANA”). The Company’s original purpose was to delivers parts and vehicles primarily to the North American automotive market for off-road use.

The Company used to sell and distribute parts and vehicles to distributors and dealers (collectively “dealerships”), the majority of which are independently owned. As at March 31, 2022, the Company has contractual relationships in North America with approximately 363 dealerships. Throughout the years ended March 31, 2023 and 2024, many such dealers voluntarily terminated their dealership relationship with the Company. The only vehicle sold by the Company to dealerships is ROXOR, an off-road side-by-side vehicle manufactured by Mahindra North American Technical Center, Inc. d/b/a Mahindra Automotive North America Manufacturing (“MANAM”). During the year ended March 31, 2022, the parent company MANA decided to sell the redesigned ROXOR through its affiliate Mahindra USA LLC (“MAgNA”).

During the year ended March 31, 2021, the Company was engaged in litigation with FCA US, LLC over FCA’s claims relating to unregistered “trade dress” of FCA’s Jeep branded vehicles both at the International Trade Commission (“ITC”) and at the United States District Court, Eastern District of Michigan. The ITC then issued a limited exclusion order prohibiting sale or import of the infringing vehicles and parts, as well as a cease-and desist order to the Company. The cease-and-desist order was effective from August 11, 2020. The company stopped selling Roxor Vehicles since then.

Considering the cease-and-desist order, the Company performed and prepared expedited proceedings to allow a significantly re-designed ROXOR to be excluded from the cease-and desist order. On October 20, 2020, the Administrative Law Judge (“ALJ”) found that the re-designed ROXOR does not violate any trade dress and recommended that the re-designed ROXOR be excluded from the cease-and desist order. On December 22, 2020, the ITC agreed with the ALJ and ruled that the re-designed ROXOR is excluded from the cease-and desist order. FCA requested the United States District Court, Eastern District of Michigan to enjoin the post-2020 ROXOR based on the “safe distance rule”. The Court denied the request on May 17, 2021. FCA appealed to the Sixth Circuit Court of Appeals.

During the year ended March 31, 2024, Sixth Circuit Court of Appeals issued its opinion on FCA’s Renewed Motion to prevent the sale of the Post-2020 ROXOR in Accordance with the Safe-Distance Rule. Specifically the Court of Appeals remanded the case to the Eastern District of Michigan judge asking him to assess whether the “Safe Distance Rule” should have been applied when reviewing the post-2020 ROXOR.

The United States District Court, Eastern District of Michigan concluded that the “Safe Distance Rule” was not applicable and that the Post-2020 ROXOR was non-infringing. FCA did not appeal. The remaining issues were resolved without an award of damages, and the case was closed.

The Company continued catering its services of warranty and selling the accessory & service parts under the warranty agreement of ROXOR previously sold.

NOTE B - GOING CONCERN

There were no sales of redesigned ROXOR in the current year by the Company. In the month of November 2021, the parent company, Mahindra Automotive North America, Inc. (“MANA”), launched the redesigned ROXOR, and management decided to sell ROXOR through its affiliate Mahindra USA Inc (“MAgNA”). However, the Company continued catering its services of warranty and selling the accessory & service parts under the warranty agreement with its dealerships pertaining to the ROXORs previously sold. The Company has an accumulated deficit of USD 1,131,306 (INR 94,316,981) as at March 31, 2024 and USD 3,414,947 (INR 284,704,131) as at March 31, 2023. Additionally, the Company has negative operating cash flows of USD 1,424,114 (INR 118,728,384) for the year ended March 31, 2024 and USD 2,000,460 (INR 166,778,350) for the year ended March 31, 2023. Although, these events and condition cast significant doubt on the Company’s ability to continue as a going concern, in view of the continued support from the parent company, the management considers that it is appropriate to prepare these financial statements on a going concern basis, which assumes that the Company will continue to be in operational existence for the foreseeable future. The Company has received funding from its parent company amounting to USD 1,350,000 (INR 112,549,500) during the current year in the form of capital contribution and the Company has reported profits in the current year ended March 31, 2024, amounting to USD 933,641 (INR 77,837650).

Even though the parent company has started selling redesigned ROXOR through its affiliate MAgNA, the Company will remain in existence because of the dealership obligations and the warranty services to be honoured. Based on the above factors, the financial statements have been prepared on the basis that the Company is a going concern and that no adjustments are required to the carrying value of assets and liabilities.

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. *Basis of preparation*

   a. The accompanying financial statements are prepared on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America (“US GAAP”) to reflect the financial position, results of operation and cash flows of the Company.

   b. The financial statements are for the fiscal years ended March 31, 2024, and March 31, 2023.

   c. Financial information in this report is in U.S. dollars (“USD”) and in Indian rupees (“INR”). For the fiscal year ended March 31, 2024, and March 31, 2023, dollar amounts are translated for convenience into Indian rupees at an exchange rate of 83.37 INR per dollar on March 31, 2024. Within the notes to the financial statements, Indian rupee amounts are shown parenthetically following the U.S. dollar amounts.

   d. Certain reclassifications, regroupings and reworking have been made in the financial statements of prior year to conform to the classifications used in the current year. These changes had no impact on previously reported net loss or statement of stockholder’s deficit.

2. *Use of estimates*

   The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Significant items subject to such estimates and assumptions include the useful lives of property and equipment, warranties, volume incentives, rebates, and co-operative advertising programs, valuation allowance for deferred tax assets and other contingencies. Management believes that the estimates used in the preparation of the financial statements are reasonable. Although these estimates are based upon management’s best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are adjusted prospectively in the financial statements.

3. *Operating leases*

   The Company adopted Accounting Standards Codification 842 and all the related amendments (“new lease standard”) using the modified retrospective method.

   The standard requires all leases to be reported on the balance sheet as operating lease right-of-use assets and lease obligations.

   Right-of-use assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date for leases exceeding 12 months. Minimum lease payments include only the fixed lease component of the agreement, as well as any variable rate payments that depend on an index, initially measured using the index at the lease commencement date. Lease terms may include options to renew when it is reasonably certain that the Company will exercise that option.

   Certain leases include options to purchase the office equipment. The depreciable life of assets is limited by the expected lease term unless there is a transfer of title or purchase option reasonably certain of exercise.

   The Company has entered into noncancelable operating lease agreements related to facility, office equipment, machinery and equipment and vehicles with varying terms.

   Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangement.

   The Company estimates its incremental borrowing rate for each lease based on the respective weighted average term of the agreements. This estimation considers the market rates of the Company’s outstanding collateralized borrowings and interpolations of rates outside of the terms of the outstanding borrowings, including comparisons to comparable borrowings of similarly rated companies with longer term borrowings.

   Operating lease expense is recognized on a straight-line basis over the lease term and is included in cost of revenue or general and administrative expense. Amortization expense for finance leases is recognized on a straight-line basis over the lease term and is included in cost of revenue. Interest expense for finance leases is recognized using the effective interest method. Leases with a lease term of 12 months or less from the commencement date that do not contain a purchase option are recognized as an expense on a straight-line basis over the lease term.

NOTES TO FINANCIAL STATEMENTS

4. *Revenue recognition*

<u>*Sale of manufactured goods*</u>

The Company follows Accounting Standards Codification ('ASC') 606 – Revenue from Contracts with Customers for revenue recognition.

Revenue from sale of off-road vehicles, service parts and accessories is recognized when each of the following criteria is met:

a. The Company approve a contract with commercial substance.

b. The sales price is determinable, and collectability of the payment is probable based on the terms outlined in the contract.

c. Control of the goods is transferred to the affiliate when the ordered items are shipped.

Transfer of control, and therefore revenue recognition is recorded at a point in time on the date when the off-road vehicle, service parts and accessories are shipped to the customer.

During the year ended March 31, 2022, Mahindra North American Technical Center, Inc. d/b/a Mahindra Automotive North America Manufacturing ("MANAM") launched and started selling the redesigned ROXOR from November 2021 in the United States of America and Canada. Before the cease-and-desist order, MANAM used to sell and distribute parts and vehicles to the distributors and dealers (collectively "dealerships") through the Company to its customers. However, effective September 01, 2021, MANAM entered into the Distribution Agreement ("the agreement") with Mahindra USA Inc. ("MAgNA") to distribute the redesigned ROXOR as well as its parts and accessories and services relating thereto (collectively with ROXOR, the "Products") under the brand name Mahindra and/or ROXOR through MAgNA's dealership network. Effective September 01, 2021, and onwards, the Company continues to honor the services of warranty and selling the accessory & service parts under the warranty agreement of the ROXORs previously sold.

The Company participated in various retail sales incentives and programs. The Company recorded the estimated retail sales incentive programs offered to dealers as a reduction to revenue at the time of sale to the dealer. The estimate was based on historical data, announced incentive programs, field inventory levels, and retail sales volumes.

Shipping and handling services

The Company also performs shipping and handling activities for its customers which is treated as a separate performance obligation as these activities are performed after the customer obtains control of the goods. The Company acts as an agent for shipping and handling services and recognizes revenue on net basis.

5. *Other income*

The Company records the following in the other income; (a) interest income and (b) liabilities written back. During the year ended March 31, 2024 and March 31, 2023, the Company has recorded USD 1,055,188 (INR 87,971,024) and USD NIL (INR NIL) respectively as other income on account of liabilities written back.

6. *Product warranty*

The Company provides a limited warranty for ROXOR for a period of two years or 12,000 miles whichever is lesser. The warranty reserve is established at the time of sale to the distributorship based on management's best estimate using historical rates and trends. These amounts are recorded as a liability in the balance sheet until they are ultimately paid. Accrued warranty liability was USD NIL (INR: NIL) at March 31, 2024 (March 31, 2023: USD 1,092,043 (INR: 91,043,623)).

7. *Cash and cash equivalents*

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash balances in bank accounts are insured by the Federal Deposit Insurance Corporation up to an aggregate per bank of USD 250,000 (INR:20,842,500). The Company believes it is not exposed to any significant risk on cash and cash equivalents.

8. *Property and equipment*

Property and equipment are stated at cost less accumulated depreciation. Cost of items of property and equipment comprises cost of purchase and other costs necessarily incurred to bring it to the condition and location necessary for its intended use.

The Company depreciates property and equipment over the estimated useful life using the straight-line method. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts and the resulting gain or loss is credited or charged to operations.

The estimated useful life used to determine depreciation is:

Computers	3 years
Vehicles	5 - 10 years

Expenditures for maintenance and repairs are charged to expense. Property and equipment is reviewed for impairment whenever events or changes in circumstances indicate the carrying value of the asset may not be recoverable.

9. *Intangible assets*

Intangible assets are comprised of computer software which has been recognized at cost and amortized over a period of 3 years or its estimated useful life. Subsequent expenditure is capitalized only when it increases the future economic benefit from the specific assets to which it relates

10. *Expected credit losses*

Prior to the Company's adoption of Topic 326, the accounts receivable balance was reduced by an allowance for doubtful accounts that was determined based on the Company's assessment of the collectability of customer accounts. Under Topic 326, accounts receivable are recorded at the invoiced amount, net of discount and others and provision for credit loss. The Company regularly reviews the adequacy of the provision for credit loss based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates. Provision for credit loss was USD 1,351 as of March 31, 2024 and allowance for doubtful accounts was USD 9,185 as of March 31, 2023, and is classified within "Accounts receivable, net of allowances" in the balance sheets. See "Recent accounting pronouncements adopted" section below for information pertaining to the adoption of ASU 2016- 13, Financial Instruments - Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments

11. *Income taxes*

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of certain assets and liabilities for financial and tax reporting. The deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled, respectively.

The Company has determined whether any tax positions have met the recognition threshold and has measured the Company's exposure to those tax provisions. Management believes that the Company has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state taxing authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties from federal and state taxing authorities were recorded in the accompanying financial statements.

12. *Fair value measurements and financial instruments*

Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

NOTES TO FINANCIAL STATEMENTS

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Some of Company's financial instruments, including cash and cash equivalents, accounts receivable and accounts payable are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

13. *Commitments and contingencies*

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

14. *Recent accounting pronouncements adopted*

In June 2016, the FASB issued ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. ASU 2016-13 requires measurement and recognition of expected credit losses for financial assets measured at amortized cost as well as certain off balance sheet commitments (loan commitments, standby letters of credit, financial guarantees, and other similar instruments). The Company adopted ASU 2016-13 on April 01, 2023, using a modified retrospective approach. Results for reporting periods beginning April 01, 2023, are presented under ASC 326 while prior period amounts continue to be reported in accordance with previously applicable GAAP. The adoption of this standard did not have a material impact on the Company's financial statements.

NOTE D - CASH AND CASH EQUIVALENTS

The cash and cash equivalents of the Company comprise:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Bank balances	**59,857**	133,971	**4,990,278**	11,169,162
Total	**59,857**	133,971	**4,990,278**	11,169,162

NOTE E - ACCOUNTS RECEIVABLE, NET OF ALLOWANCES

Accounts receivable, net of allowances comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Accounts receivable	**50,581**	20,179	**4,216,938**	1,682,322
Dealer financing receivable	**–**	108	**–**	9,004
Allowance for doubtful debts	**(1,351)**	(9,185)	**(112,633)**	(765,752)
Total	**49,230**	11,102	**4,104,305**	925,574

The movement in provision for expected credit loss/doubtful accounts during the year was as follows:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Balance at beginning of the year	**9,185**	9,086	**765,752**	757,500
Provision for expected credit loss for the current year	**2,423**	727	**202,007**	60,610
Bad debts expense	**(10,257)**	(628)	**(855,126)**	(52,358)
Balance at the end of the year	**1,351**	9,185	**112,633**	765,752

Interest expense on dealer financing receivable for the year ended March 31, 2024, was USD NIL (INR: NIL) and for the year ended March 31, 2023 was USD 256 (INR:21,343).

NOTE F - PREPAID EXPENSES

Prepaid expenses comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Prepaid software license fee	**–**	110	**–**	9,171
Total	**–**	110	**–**	9,171

NOTE G - PROPERTY AND EQUIPMENT, NET

Property and equipment comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Computers	**5,730**	16,361	**477,710**	1,364,016
Vehicles	**8,500**	8,500	**708,645**	708,645
	14,230	24,861	**1,186,355**	2,072,661
Less: Accumulated depreciation	**(14,230)**	(20,328)	**(1,186,355)**	(1,694,745)
Property and equipment, net	**–**	4,533	**–**	377,916

Depreciation expense for the year is USD 4,533 (INR: 377,916) (March 31, 2023: USD 850 (INR: 70,865). In the year ended March 31, 2024, the Company disposed off the computer equipment having net block of USD NIL (INR NIL) and gross block amounting USD 10,632 (INR 886,390) and accumulated depreciation of USD 10,632 (INR 886,390). No gain or loss was realized from the disposal of assets.

NOTE H - INTANGIBLE ASSETS, NET

Intangible assets comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Software	**–**	1,170,574	**–**	97,590,838
Less: Accumulated amortization	**–**	(1,170,574)	**–**	(97,590,838)
Intangible assets, net	**–**	–	**–**	–

Amortization expense for the year is USD NIL (March 31, 2023: USD NIL). In the year ended March 31, 2024, the Company disposed off the intangible assets having net block amounting to USD NIL (INR NIL) and gross block amounting to USD 1,170,575 (INR 97,490838) and accumulated amortization amounting to USD 1,170,575 (INR 97,490838). No gain or loss was realized from the disposal of assets.

NOTES TO FINANCIAL STATEMENTS

NOTE I - ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES
Accrued expenses and other current liabilities comprise the following:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2024**	**2023**	**2024**	**2023**
Accrued warranty	–	1,092,043	–	91,043,625
Accrued accounts payable	–	1,486,750	–	123,950,348

Particulars	2024	2023	2024	2023
Accounts receivable	**49,230**	11,102	**4,104,305**	925,574

NOTE L - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company is subject to taxation in the United States of America and the State of Michigan. The Company is a member of the federal consolidated tax group of its parent company, MANA.

The provision for income tax expense (benefit) for the year ended March 31, 2024 and March 31, 2023 is USD NIL and USD NIL, respectively.

The tax effects of significant temporary differences that resulted in deferred tax assets and liabilities and a description of the items that create such differences is as follows:

	USD		INR	
	As at March 31,		As at March 31,	
	2024	2023	2024	2023
Deferred tax asset (liability)				
Net operating loss - Federal	**18,157,476**	18,223,270	**1,513,788,774**	1,519,274,020
Net operating loss - MI	**1,063,815**	1,084,714	**88,690,257**	90,432,606
Interest expense limitation	**681,610**	707,625	**56,825,826**	58,994,696
Accrued warranty	**–**	245,962	**–**	20,505,852
Bad debts	**293**	2,069	**24,427**	172,493
Contributions	**7,719**	8,013	**643,533**	668,044
Lease assets	**–**	(189)	**–**	(15,757)
Previous year incentive accrual	**259,836**	162,963	**21,662,527**	13,586,225
Prepaid expenses	**–**	(25)	**–**	(2,084)
Property and equipment		(1,021)		(85,121)
Valuation allowance	**(20,170,749)**	(20,433,381)	**(1,681,635,344)**	(1,703,530,974)
Total	**–**	–	**–**	–

In assessing the realization of deferred tax assets, the likelihood of whether it is more likely than not that some portion or all the deferred tax assets will not be realized must be considered. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income during the periods in which temporary difference becomes deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. The management believes that it is more likely than not that the deferred tax assets may not be realized and accordingly, a valuation allowance of USD 20,170,749 (INR 1,681,635,344) is recognized as at March 31, 2024 (March 31, 2023 USD 20,433,381 (INR 1,703,530,974)).

The Company has federal net operation loss (“NOLs”) carry forwards of USD 86,464,173 (INR: 7,208,518,103) as at March 31, 2024 (March 31, 2023: USD 86,777,477 (INR: 7,234,638,257). Out of the total NOLs of USD 86,464,173 (INR: 7,208,518,103), if unutilized, NOLs of USD 28,738,274 (INR: 2,395,909,903) will begin to expire from the year 2037, whereas the remaining NOLs will be carried forward indefinitely.

The Company has state net operating losses carry forwards of USD 22,176,776 (INR: 1,848,877,815) as at March 31, 2024 (March 31, 2023: USD 22,489,261 (INR: 1,874,929,690), which if unutilized will begin to expire from the year 2027.

The Company recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination.

The tax years 2020, 2021 and 2022 remain subject to examination by the taxing authorities.

NOTES TO FINANCIAL STATEMENTS

NOTE N - COMMITMENT AND CONTINGENCIES

Long term purchase commitment

On September 24, 2019, the Company signed a Vendor Subscription Agreement ("VSA") with Icon International Inc.("ICON"), a subsidiary of Omnicom Media Group, for purchase of certain media advertising for 5 years in an amount not less than USD 2,263,022 (INR: 188,668,144) each year. In addition, the Company signed an indemnity bond amounting to USD 1,600,000 (INR: 133,392,000) with Atlantic Specialty Insurance Company which bound Mahindra Automotive North America, Inc., and its subsidiaries to purchase media advertising through ICON. If the Company fails to place the minimum amount of advertising spend on the contract anniversary each year it will be assessed a penalty of 15% of the shortfall. ICON provides composition and consultation services at no charge for media placements. ICON's placement services include broadcast, digital, and print media advertising which will be billed to the Company at a competitive market rate. During the term of the agreement the Company agreed to provide ICON with the right of first refusal on any media being placed.

Due to the cease-and desist order, the Company was prohibited to sell, market, import and manufacture the model year 2018, 2019 and 2020 ROXOR off-road vehicle in the US. Since the Company's operations were paused and it could not carry out marketing activities, the management decided to opt out of long-term contracts and commitments entered by the Company. During the year ended March 31, 2021, the Company believed that it would be able to terminate the VSA by paying the penalty and thus created an accrual of USD 625,000 (INR: 52,106,250) as at March 31, 2021.

During the year ended March 31, 2023, the Company renegotiated the VSA with ICON and extended the agreement till March 31, 2025. The Company accrued an amount of USD 1,062,319 (INR 88,565,535) as at March 31, 2023 as its best estimate for penalty liability mentioned in the VSA. However, during the current year ended March 31, 2024, the agreement was terminated, and the liability was settled with the payment of USD 1,040,099 (INR 83,713,066).

LITIGATION

During the year ended March 31, 2021, the Company was engaged in litigation with FCA US, LLC over FCA's claims relating to unregistered "trade dress" of FCA's Jeep branded vehicles both at the International Trade Commission ("ITC") and at the United States District Court, Eastern District of Michigan. The ITC then issued a limited exclusion order prohibiting sale or import of the infringing vehicles and parts, as well as a cease-and desist order to the Company. The cease-and-desist order was effective from August 11, 2020. The company stopped selling Roxor Vehicles since then.

Considering the cease-and-desist order, the Company performed and prepared expedited proceedings to allow a significantly re-designed ROXOR to be excluded from the cease-and desist order. On October 20, 2020, the Administrative Law Judge ("ALJ") found that the re-designed ROXOR does not violate any trade dress and recommended that the re-designed ROXOR be excluded from the cease-and desist order. On December 22, 2020, the ITC agreed with the ALJ and ruled that the re-designed ROXOR is excluded from the cease-and desist order. FCA requested the United States District Court, Eastern District of Michigan to enjoin the post-2020 ROXOR based on the "safe distance rule". The Court denied the request on May 17, 2021. FCA appealed to the Sixth Circuit Court of Appeals.

During the year ended March 31, 2024, Sixth Circuit Court of Appeals issued its opinion on FCA's Renewed Motion to prevent the sale of the Post-2020 ROXOR in Accordance with the Safe-Distance Rule. Specifically, the Court of Appeals remanded the case to the Eastern District of Michigan judge asking him to assess whether the "Safe Distance Rule" should have been applied when reviewing the post-2020 ROXOR.

The United States District Court, Eastern District of Michigan concluded that the "Safe Distance Rule" was not applicable and that the Post-2020 ROXOR was non-infringing. FCA did not appeal. The remaining issues were resolved without an award of damages, and the case was closed.

NOTE O - RISK AND UNCERTAINTIES

The Company's future results of operations involve several risks and uncertainties. Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes and the Company's ability to execute on its business plan.

NOTE P - ADVERTISING AND MARKETING EXPENSE

Advertising costs are presented as part of selling, general and administrative expenses in the statements of profit (loss). Advertising costs are expensed as incurred. The amount of advertising and marketing cost incurred by the Company for the year ended March 31, 2024 and March 31, 2023 is USD NIL (INR: NIL) and USD 1,849,058 (INR: 154,155,965), respectively.

NOTE Q - COMMON STOCK

Common stock

The authorized share capital of the Company as of March 31, 2024, and March 31, 2023, was 5,000,000 shares of $ 25 each. As at March 31, 2024 and March 31, 2023 total shares issued and outstanding was 3,603,431 and 3,549,431 shares, respectively.

The Company issued 54,000 shares and 74,800 shares for USD 25 each during the years ended March 31, 2024, and March 31, 2023, respectively.

Voting

Each holder of common stock is entitled to one vote in respect of each share held by him in the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holder of common stock shall be entitled to receive all the remaining assets of the Company.

NOTE R - EMPLOYEE BENEFIT PLANS

The Company has voluntary 401(k) retirement plans covering substantially all employees. The Company may make annual contributions to the plans equal to a uniform percentage of participant compensation. The cost of the Company's contributions charged to expense related to 401(k) contributions was USD NIL (INR NIL) and USD NIL (INR: NIL) for the year ended March 31, 2024, and year ended March 31, 2023, respectively.

NOTE S - SUBSEQUENT EVENTS

The Company evaluated all events and transactions that occurred after March 31, 2024, through the date the financial statements were available to be issued. Based on the evaluation, the Company is not aware of any events or transactions that would require recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

To
Officers of
Mahindra do Brasil Industrial Ltda.
Dois Irmãos - RS

Opinion

We have examined the financial statements of **Mahindra do Brasil Industrial Ltda**., which comprise the balance sheet as of March 31, 2024, and the related statements of income, changes in members' equity and cash flows for the fiscal year then ended, including material accounting policies and other explanatory information.

In our opinion, the financial statements referred to above fairly state in all material aspects the equity and financial position of **Mahindra do Brasil Industrial Ltda**. as of March 31, 2024, the performance of its operations, and its cash flows for the fiscal year ended on that date, in accordance with the accounting practices adopted in Brazil.

Foundation for Opinion

Our audit was conducted in accordance with Brazilian and international auditing standards. Our responsibilities, in accordance with such standards, are described in the following section titled "Auditor's responsibility for the financial statements audit." We are independent in regard to the Company in accordance with the relevant ethical principles set out in the Code of Ethics for Professional Accountants and professional standards laid down by the Federal Accounting Council and we comply with all the other ethical responsibilities in accordance with these standards. We believe the audit evidence we achieved is sufficient and appropriate to substantiate our opinion.

Governance and Management Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles in Brazil and the internal controls deemed necessary by Management for the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company ability to continue operating, disclosing, when applicable, matters related to its operational continuity and the use of this accounting basis in the preparation of the financial statements, unless Management intends to liquidate the Company or cease its operations, or has no realistic alternative to avoid closing its operations.

Those responsible for the Company governance are those responsible for supervising the preparation process of the financial statements.

Auditors' Responsibility for the Audit of the Financial Statements

Our goals are to obtain reasonable assurance that the financial statements are jointly free from material misstatement, whether caused by fraud or error, and to issue an audit report containing our opinion. Reasonable assurance is a high level of assurance, but not a guarantee that an audit conducted in accordance with Brazilian and international auditing standards will always detect any material misstatements. Such misstatements may occur due to fraud or error and are considered material when, individually or jointly, they can influence, from a reasonable perspective, the economic decisions of the users based on the referred financial statements.

As part of the audit conducted in accordance with Brazilian and international auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. In addition:

- We identify and assess the risks of material misstatement in the financial statements, whether caused by fraud or error, plan and perform audit procedures in response to such risks, and obtain appropriate and sufficient audit evidence to substantiate our opinion. The risk of not detecting a material misstatement resulting from fraud is greater than that of error, as fraud may involve circumvention of internal controls, collusion, counterfeiting, omission, or willful misrepresentation.
- We obtain understandings of internal controls relevant to auditing in order to plan appropriate audit procedures in given circumstances, but not for the purpose of expressing opinion on the effectiveness of the Company's internal controls.
- We assess the adequacy of the accounting policies used and the reasonableness of the accounting estimates and respective disclosures made by Management.
- We conclude on the adequacy of the Executive Board's use of the accounting basis for operational continuity and, based on the audit evidence obtained, whether there is a relevant uncertainty in regard to events or conditions that may cause significant doubt concerning the capacity for operational continuity of the Company. If we conclude there is material uncertainty when preparing our audit report, we will highlight the relevant disclosures in the financial statements or include modification in our opinion in the event the disclosures were inadequate. Our conclusions are based on audit evidence obtained up to the date of our report. However, future events or conditions may cause the Company to no longer be in operational continuity.
- We assess the overall submission, structure, and content of financial statements, including disclosures, and whether the financial statements represent the related transactions and events in a manner consistent with the appropriate submission goal.

We communicate with governance, among other aspects, on the planned scope, timing of the audit and significant audit findings, including any significant deficiencies in the internal controls identified during our work.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2024 AND 2023

IN THOUSANDS OF REAIS

1. Operational Context

Mahindra do Brasil Industrial Ltda is a company headquartered in Dois Irmãos-RS, at Rua 10 de Setembro, 1097, in Bairro Centro. The company was incorporated on January 14, 2016.

The company's main objective is the Manufacture of Agricultural Tractors, Parts, and Accessories, as well as the wholesale trade of new and used cars, vans, and utility vehicles; retail sale of new cars, vans, and SUVs; retail trade of used parts and accessories for motor vehicles; wholesale trade of machinery, apparatus, and equipment for agricultural use; parts and pieces; maintenance and mechanical repair services for motor vehicles; installation of industrial machines; manufacture of other equipment and devices not previously specified; wholesale trade of new parts and accessories for motor vehicles; other private-equity firms, except holding companies; Other service activities provided primarily to companies not previously specified; body shop or bodywork and painting services for motor vehicles.

2. Summary of the Main Accounting Policies

The main accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently in all the fiscal years presented, unless otherwise specified

The financial statements were approved by the Management as of April 19, 2024.

2.1 Basis for Preparation

The preparation of the financial statements requires the use of certain critical accounting estimates, as well as the exercise of judgment by the Company's management in the application of the accounting policies. The areas that require a higher level of judgment and are more complex, as well as those with assumptions and estimates that are significant for the financial statements, are disclosed in Note 2.15.

(a) Financial Statements

The financial statements were prepared in accordance with accounting practices adopted in Brazil, including the pronouncements, guidelines, and interpretations issued by NBC TG in accordance with Laws no. 6404/1976 and 11638/2007.

2.2 Foreign Currency Conversion

Functional and Presentation Currency

The items included in the Company's financial statements are measured using the currency of the main economic environment in which the Company operates ("functional currency"). The financial statements are presented in reais (BRL), which is the Company's functional currency.

Foreign Currency Transactions

Transactions in foreign currency are converted into reais at exchange rates on the dates of the transactions. Monetary assets and liabilities denominated and calculated in foreign currencies on the reporting date are translated into the functional currency at the exchange rate calculated on that date. The foreign exchange gain or loss on monetary items is the difference between the amortized cost in the functional currency at the beginning of the period, adjusted for interest and payments effective during the period, and the amortized cost in a foreign currency at the exchange rate at the end of the reporting period. Foreign currency differences resulting from the conversion are recognized in the income.

2.3 Balancing of Income

The income of operations is ascertained in consideration of the accounting accrual basis.

2.4 Cash and Cash Equivalents

They are comprised of financial resources held in cash, bank accounts, and financial investments. Financial investments are valued at cost, plus income earned through the balance sheet date. These financial instruments are intended for trading and are recorded at realizable values (Note 3).

2.5 Financial Instruments

Recognition and Measurement

The Company classifies its financial assets under the following categories: loans and receivables are measured at fair value through income. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets in the initial recognition.

Loans and Receivables

This category includes receivables that are non-derivative financial assets with fixed or determinable payments, not quoted in an active market. They are included in current assets, except for those maturing more than 12 months after the balance sheet date (these are classified in noncurrent assets). The Company's receivables comprise trade accounts receivable, other trade receivables, and cash and cash equivalents, except for short-term investments. Receivables are recorded at amortized cost using the effective interest method.

Financial Assets Measured at Fair Value Through Income

Financial assets measured at fair value through income are financial assets held for active and frequent trading. Assets in this category are classified in current assets. Gains or losses arising from changes in the fair value of financial assets measured at fair value through income are presented in the statement of income under "financial statement" in the period in which they occur. They basically refer to short-term financial investments.

2.6 Non-derivative Financial Liabilities

The Company recognizes debt securities issued and subordinated liabilities initially on the date they are originated. All other financial liabilities are initially recognized on the trade date, on which the Company becomes a party to the contractual provisions of the instrument. The Company writes off a financial liability when its contractual obligations are discharged, canceled, or expired.

Financial assets and liabilities are offset, and the net amount submitted in the balance sheet only when the Company currently has a legal right to offset the amounts and intends to liquidate them on a net basis or to realize the asset and settle the liability simultaneously. The Company has the following non-derivative financial liabilities: loans with related parties, suppliers, loans, and other accounts payable.

Such liabilities are initially recognized at fair value plus any attributable transaction costs. After initial recognition, such financial liabilities are measured at amortized cost using the effective interest method.

2.7 Inventories

This cost is based on the average price principle and comprises incurred expenses from inventory purchases, as well as their respective shipping costs.

The net realizable amount is the estimated sales price in the normal course of business, deducted from the estimated costs for completion and sales expenses.

2.8 Property, Plant, and Equipment

(a) Recognition and Measurement

The Company chose to revalue property, plant, and equipment at deemed cost on October 31, 2016. The effects of deemed cost decreased property, plant, and equipment against members' equity, net of tax effects (Note 8).

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2024 AND 2023

IN THOUSANDS OF REAIS

After the transition of the NBC TG's, property, plant, and equipment items are now measured at the historical cost of acquisition or construction, less accumulated depreciation and accumulated impairment losses.

Cost includes expenses that are directly attributable to the purchase of an asset. Software purchased to enable the functionality of a device is capitalized as part of such equipment.

Gains and losses on the disposal of property, plant, and equipment are determined by comparing the proceeds arising from the disposal with the book value of the fixed asset, and are recognized as net within other revenues in the income.

(b) Subsequent Costs

The replacement cost of property, plant, and equipment is recognized in the carrying amount of the asset in the event it is probable that the economic benefits incorporated into the asset will flow to the Company and provided that their cost can be reliably measured. The carrying amount of the asset that has been replaced by another asset is written off. Recurring maintenance of property, plant, and equipment are recognized in the income as incurred.

(c) Depreciation

Depreciation is recognized in the income based on the straight-line method in relation to the estimated useful life of each part of property, plant, and equipment, since this is the method that most closely reflects the consumption pattern of future economic benefits incorporated into the asset.

2.9 Reduction to Impairment

The Company analyzes the existence of evidence that the carrying amount of an asset will not be recovered. If such evidence is identified, the Company estimates the recoverable amount of the asset. The recoverable amount of an asset is the highest value between: (a) its fair value less costs that would be incurred to sell it and (b) its value in use. The value in use is equivalent to the discounted cash flows (before taxes) derived from the continued use of the asset until the end of its useful life.

When the residual book value of the asset exceeds its recoverable value, the Company recognizes a reduction in the book balance of this asset (impairment or deterioration). For assets recorded at cost, the impairment is recorded in the income for the period. If the recoverable amount of an individual asset is not determined, an analysis of the recoverable amount of the cash-generating unit to which the asset belongs is performed.

2.10 Provisions

Allowance is recognized due to a past event and if the Company has a legal or constructive obligation that can be reliably estimated, and it is probable that an economic resource will be required to settle the obligation. Provisions are calculated by discounting expected future cash flows at a pre-tax rate that reflects current market assessments of the value of money at that time and specific risks for the liability

Financial liabilities are classified as financial liabilities at fair value through the income, as the case may be. The Company determines the classification of its financial liabilities at the time of their initial recognition. The Company's financial liabilities include accounts payable to suppliers, tax and labor obligations.

2.11 Capital

The membership interests are all paid in and classified as members' equity. Mandatory minimum dividends, if any, as defined in the articles of association, are recognized as a liability.

2.12 Operating Revenue

Operating revenue from the sale of goods in the ordinary course of business is measured at the fair value of the compensation received or receivable. Operating income is recognized when there is convincing evidence that: i) the most significant risks and benefits inherent in the ownership of the goods have been transferred to the buyer, which in the Company's case is when the products are delivered to its customers, ii) that it is probable that the economic and financial benefits will flow to the Company, iii) that the associated costs and the possible return of goods can be estimated reliably, iv) that there is no ongoing involvement with the goods sold, and v) that the value of operating revenue can be measured reliably. If it is probable that discounts will be granted and the amount can be reliably measured, then the discount is recognized as a reduction in operating revenue as sales are recognized.

2.13 Financial Revenue and Expenses

Financial income basically comprises interest income, discounts, income from financial investments and gains from exchange variation.

Financial expenses include interest expenses, financial expenses, and loans and financing, as well as the respective passive exchange variations.

2.14 Income Tax and Social Contribution

Current and deferred income tax and social contribution are calculated based on the rates of 15%, plus an additional 10% on taxable income exceeding BRL 240,000 for income tax and 9% on taxable income for social contribution, and consider the offset of tax losses and negative basis of social contribution, limited to 30% of real profit.

Deferred income tax and social contribution are recognized about tax losses, negative base of social contribution and about temporarily differences and are disclosure on noncurrent assets according to it essentially and realization expectation. The accounting value of asset deferred income tax and social contribution is annually mensurated and a loss provision is established when the accounting value cannot recover with the taxable profit, present or future or for other ways to realize inside the standards. The Management there are recorded the taxes credits of income tax and social contributions about temporary additions, considering the expectation of generating future taxable profits.

2.15 Critical Accounting Estimates and Judgments

Estimates and accounting judgments are continuously evaluated and are based on historical experience and other factors, including expectations of future events, which are considered reasonable for the circumstances.

Based on assumptions, the Company makes estimates regarding the future. By definition, the resulting accounting estimates will rarely correspond to the actual related results. Estimates and assumptions which present significant risk and are likely to cause a material adjustment in the book values of assets and liabilities for the next fiscal year are included in the following explanatory notes.

3. Cash and Cash Equivalents

	03/31/2024	03/31/2023
Cash	**2**	1
Cash in bank account	**149**	189
Investments	**14,325**	40,938
	14,476	41,128

The Company makes financial investments in large financial institutions with the purpose of generating financial income while not using the resources. Investments in reais are made in CDBs and Investment Funds issued by the bank and repo (repurchase) operations, the repo (repurchase) is an investment in bank leasing debentures with daily liquidity and guarantee of repurchase by the bank.

The Lease Liability and right-of-use asset of Company are made up of vehicle rent agreement to administrative and commercial Department. On March 31, 2024 the management, according to the IFRS 16 Leases, recognized the assets and liabilities arising from its vehicle lease contracts renewed during the financial year 2023.

13. Contingencies

The Company is a party to labor and civil proceedings. For those lawsuits whose loss was considered probable, if applicable, the respective provision for losses was fully recorded. For the possible loss, 50% of the estimated amount was provisioned.

Civil provisions refer mainly to claims before representatives while labor provisions refer substantially to various labor claims involving former employees of the Company.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2024 AND 2023

IN THOUSANDS OF REAIS

As of March 31, 2024, the Company has the amount of BRL 3,419 (BRL 180 in 2023) in labor and civil lawsuits, involving risk of possible loss as classified by Management and its legal advisors.

14. Tax Losses and Negative Basis

The company has a balance of BRL 1,003 of tax loss and negative basis of social contribution (BRL 22,794 in 2023), these credits represent a right to set up deferred tax credits in the amount of BRL 341 (BRL 7,750 in 2023), which are not activated, based on the expectation of generating future taxable income. These credits are realized by offsetting their base, limited to 30% of taxable income in subsequent fiscal years. No tax credits were recorded on temporary tax differences, which are provision for inventory losses, provision for expected losses, provision for guarantees, miscellaneous provision, and long-term provisions.

Annually, management assesses this expectation of future taxable income and, when it identifies its recoverability, it will proceed with the necessary adjustments to bring the amount of said credits recorded to their probable realizable value. Deductible temporary differences do not expire in accordance with current tax legislation.

15. Members' Equity

a) Capital

On March 31, 2024, the paid-in capital, arising from foreign participation, was represented by 60,975,100 membership interests, with a par value of one real (BRL 1.00) each, distributed among the members as follows:

	03/31/2024	03/31/2023
Mahindra & Mahindra Ltd.	**60,911**	60,911
Mahindra Overseas Investment Company (Mauritius)	**64**	64
	60,975	60,975

b) Equity Valuation Adjustment

The reserve for equity valuation adjustments includes adjustments for adopting the deemed cost of the asset on the transition date.

c) Income Allocation

The Company's Articles of Organization determines the distribution of income in the proportion that the shareholders who hold the majority of the capital approve.

d) Legal Reserve

By legal determination, the Company recognized that 5% of current net profit to Legal Reserve. In the last exercises, this destination was not recognized, because the Company aimed to absorb the tax losses and negative base related previous exercises, firstly.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2024 AND 2023

IN THOUSANDS OF REAIS

21. Income tax and social contribution

a) Deferred taxes

Tax credits arising from temporary additions related to the included provisions, based on the expectation of generating taxable results in the future.

Basis	**03/31/2024**	03/31/2023
Provision for compensation	**670**	671
Provision for expected losses	**1,346**	1,346
Accumulated tax loss	**1,004**	22,794
Provision for slow turnover	**1,455**	1,502
Provision for warranty	**14,200**	10,296
Provision for bonuses	**685**	527
Other provisions	**1,790**	1,945
Calculation basis	**21,150**	**39,081**
Income tax 25%	**5,288**	–
Social Contribution 9%	**1,904**	–
Total deferred taxes recognized	**7,191**	–

Annually, management assesses this expectation of future taxable income and, consequently, makes the necessary adjustments to bring the amount of said credits recorded to their probable accomplishment value within a period of 3 years.

The projections of generating taxable income in the future are developed and based on internal proposals and economic scenarios that may change. The deductibles temporary differences do not prescribe in accordance with current tax legislation.

In exercise 2023, the deferred tax asset didn't recognize due to tax losses accumulated from previous years (Note 14).

22. Insurances

The Management of the Companies adopts the policy of taking out insurance for the headquarters of the Companies, whose coverage is considered sufficient by the Management and insurance agents to cover the occurrence of claims, and the management is responsible for defining the risk assumptions adopted.

23. Financial Risk Management

(a) Overview

The Company is exposed to the following risks arising from the use of financial instruments:

- Credit risks
- Liquidity risks
- Market risks
- Currency risks
- Operational risks

We present information on the Company's exposure to each of the aforementioned risks, the Company's objectives, policies, and processes for risk measurement and management, and the Company's capital management. Additional quantitative disclosures are included throughout these financial statements.

(b) Risk Management Structure

Management has overall responsibility for establishing and overseeing the Company's risk management framework. Risk management policies are established to identify and analyze the risks faced by the Company, to define appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are frequently revised to reflect changes in market conditions and the Company's activities. Through its training and management policies and procedures, the Company aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

(c) Credit Risks

Credit risk is the Company's risk of financial loss if a customer or the other party in a financial instrument fails to meet its contractual obligations, arising mainly from trade receivables and investment securities.

Trade Receivables and Other Credits

The Company's exposure to credit risk is influenced primarily by the individual characteristics of each customer. However, management also considers the demographics of the customer base, including the credit risk of the region where customers operate, as these factors can influence credit risk.

Management has established a credit policy in which all new customers have their creditworthiness analyzed individually before the Company's payment and delivery terms and conditions are offered. The analysis includes external assessments, when available, including a prior analysis of the bank records carried out by the financial institutions themselves. Purchase limits are established for each customer, guaranteed by financial institutions, which represent the maximum amount outstanding without requiring prior approval. Such limits are periodically revised. Customers who fail to meet the established credit limit may only operate with the Company on an advance payment basis. Once the transaction is approved by the financial institution, the sale is carried out and the risk becomes entirely with the financial institution.

In monitoring customers' credit risk, they are grouped according to their credit characteristics, including geographic location, maturity, and existence of previous financial difficulties.

(d) Liquidity Risks

Liquidity risk is the risk in which the Company will find it difficult to meet the obligations associated with its financial liabilities that are settled with cash payments or with another financial asset. The Company's approach in liquidity management is to ensure, as much as possible, that it always has sufficient liquidity to meet its obligations as they fall due, under normal and stress conditions, without causing unacceptable losses or risking damage to the Company's reputation.

Based on the calculation of the Liquidity ratios, the current liquidity ratio corresponds to 3.59 on March 31, 2024 (1.71 on March 31, 2023), a result that demonstrates balance in a possible settlement of short-term obligations.

(e) Market Risks

Market risk is the risk that changes in market prices, such as exchange rates, interest rates, and share prices, may have on the Company's earnings or the value of its holdings in financial instruments. The objective of market risk management is to manage and control exposures to market risks, within acceptable parameters while optimizing the return.

The Company complies with financial obligations to manage market risks. All these operations are conducted within the guidelines established by Management.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2024 AND 2023

IN THOUSANDS OF REAIS

(f) Currency Risks

The Company is subject to currency risk in purchases, loans, and financing denominated in a currency other than its functional currency, the real (BRL). The currency in which these transactions are primarily denominated is the US dollar.

With respect to other monetary assets and liabilities denominated in foreign currency, the Company ensures that its net exposure is maintained at an acceptable level to address short-term instabilities.

(g) Operational Risks

Operating risks are the risks of direct or indirect losses arising from a variety of causes associated with the Company's processes, personnel, technology, and infrastructure and from external factors, except credit, market, and liquidity risks, such as those arising from legal and regulatory requirements and generally accepted standards of business behavior. Operating risks arise from all of the Company's operations.

The Company's objective is to manage operational risks to avoid the occurrence of financial losses and damage to its reputation, as well as to seek cost effectiveness and to avoid control procedures that restrict initiative and creativity.

Primary responsibility for the development and implementation of controls to address operational risks is assigned to senior management. Accountability is supported by the development of the Company's general standards for the management of operational risks in the following areas:

- Requirements for proper segregation of duties, including independent authorization of operations;
- Requirements for reconciliation and monitoring of operations;
- Compliance with regulatory and legal requirements;
- Documentation of controls and procedures;
- Requirements for the periodic assessment of operational risks faced and the adequacy of controls and procedures to address the identified risks;
- Requirements to report operating losses and proposed corrective actions;
- Development of contingency plans;
- Training and professional development;
- Ethical and business standards;
- Risk mitigation, including insurance where effective.

(h) Capital Management

The Executive Board has been monitoring the loss generated by the operation, in order to mitigate its causes and generate returns on capital, which the Company defines as income of operating activities divided by total members' equity.

Shareholders provide advances for future capital increases when necessary and/or contributions to maintain cash flow and support investments, whichever is more profitable for the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE GENERAL ASSEMBLY OF ERKUNT TRAKTÖR SANAYI ANONIM ŞIRKETI,

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Erkunt Traktör Anonim Şirketi (the "Company" or "Erkunt Traktör"), which comprise the statement of financial position as at 31 December 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2023 and its financial performance and its cash flows for the year then ended in accordance with Turkish Accounting Standards ("TASs").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) that are part of Turkish Standards on Auditing issued by the Public Oversight Accounting and Auditing Standards Authority (the "POA"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements regarding independent audit in regulations issued by POA that are relevant to our audit of the financial statements in Turkey, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming the auditor's opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How the matter was addressed in our audit
Application of TAS 29 – "Financial Reporting in Hyperinflationary Economies"	
As disclosed in Note 2.02, the Company applied TAS 29 "Financial reporting in hyperinflationary economies ("TAS 29") in its financial statements as of and for the year ended 31 December 2023. TAS 29 requires financial statements to be restated into the current purchasing power at the end of the reporting period. Therefore, transactions in 2023 and non- monetary balances at the end of the period with prior year statements with comparative information were restated to reflect a price index that is current at the balance sheet date as of 31 December 2023. The implementation of TAS 29 leads to a change in several of the Company's control activities pervasively related to financial reporting. Applying TAS 29 results in significant changes to financial statement items included in the Company's financial statements as of and for the year ending 31 December 2023, which have been restated for comparative purposes as of and for the year ending 31 December 2022, including statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flow. In addition, considering the additional effort required to perform the audit of the application of TAS 29, we identified the application of TAS 29 as a key audit matter.	We performed the following audit procedures in relation to the application of TAS 29: - Understanding and evaluating the process and controls related to application of TAS 29 designed and implemented by management, - Obtaining detailed lists of non-monetary items and testing original entry dates and amounts on a sample basis, - Verifying whether management's determination of monetary and non-monetary items is in compliance with TAS 29, - Verifying the general price index rates used in calculations correspond with the coefficients in the "Consumer Price Index in Turkey" published by the Turkish Statistical Institute, - Testing the mathematical accuracy of non-monetary items, statement of profit or loss, and cash flow statement adjusted for inflation effects, - Evaluating the adequacy of disclosures related to the application of TAS 29 in the notes to the financial statements in accordance with TFRS.

OTHER MATTER

The financial statements of the Company as of 31 December 2022 and for the year ended were audited by another audit firm whose audit report dated 7 March 2023 expressed an unqualified opinion.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company management is responsible for the preparation and fair presentation of the financial statements in accordance with TAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with ISAs is a high level of assurance but does not guarantee that a material misstatement will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an independent audit conducted in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Assess the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Reports on Other Responsibilities Arising from Regulatory Requirements

1. No matter has come to our attention that is significant according to subparagraph 4 of Article 402 of Turkish Commercial Code ("TCC") No. 6102 and that causes us to believe that the Company's bookkeeping activities concerning the period from 1 January to 31 December 2023 period are not in compliance with the TCC and provisions of the Company's articles of association related to financial reporting.
2. In accordance with subparagraph 4 of Article 402 of the TCC, the Board of Directors submitted the necessary explanations to us and provided the documents required within the context of our audit.

The engagement partner who supervised and concluded this independent auditor's report is Ö. Soydan KESKİNER.

The accompanying notes are an integral part of these consolidated financial statements.

NOTES TO THE FINANCIAL STATEMENTS AS OF DECEMBER 31, 2023

(Currency – TL unless otherwise indicated)

1. COMPANY'S ORGANISATION AND NATURE OF OPERATIONS

Erkunt Traktör Sanayi Anonim Şirketi (the "Company" or "Erkunt Traktör") was established on 12 September 2003. The registered address of Erkunt Traktör is as follows:

Organize Sanayi Bölgesi Batıhun Caddesi No: 2-4 Sincan/Ankara

Erkunt Traktör's business activities include ensuring manufacturing, sales, maintenance and repair of agricultural machinery, engine and transmission units, machinery and equipment.

As of 31 December 2023 and 2022, the current issued share capital of Erkunt Traktör is amounting to TL 440.000.000 each with a nominal amount of TL 1.000,00 each representing 440.000 number of outstanding shares.

As of 31 December 2023 and 2022, the principal shareholders and their respective shareholding rates in Erkunt Traktör are as follows:

	Dec 31, 2023		Dec 31, 2022	
Shareholders	**Amount**	**Ratio (%)**	Amount	Ratio (%)
Mahindra Overseas Investment Company	**440.000.000**	**100**	440.000.000	100
Total	**440.000.000**	**100**	440.000.000	100

Total end of period and average number of personnel employed by Erkunt Traktör is 474 (31 December 2022: 450). These financial statements as of and for the year ended 31 December 2023 have been approved for issue by the Board of Directors ("BOD") on 2 April 2024. These financial statements will be finalised following their approval in the General Assembly.

2. BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.01 Basis of presentation

Erkunt Traktör Sanayi Anonim Şirketi maintains their books of account and prepares their statutory financial statements in accordance with the Turkish Commercial Code ("TCC"), tax legislation and the Uniform Chart of Accounts issued by the Ministry of Finance.

Statement of compliance with Turkish Accounting Standards ("TAS")

The financial statements of the Company have been prepared in accordance with Turkish Financial Reporting Standards ("TFRS") promulgated by the Public Oversight Accounting and Auditing Standards Authority ("POA") including additions and interpretations issued by POA.

In addition, the accompanying financial statements as of 31 December 2023 have been prepared in accordance with the "TFRS Taxonomy - 2022" published by POA on 4 October 2022.

Items included in the financial statements of Erkunt Traktör are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in TL, which is Erkunt Traktör's functional and presentation currency.

2.02 Adjusments of financial statements in hyper inflationary periods

Financial Reporting in Hyperinflationary Economies

In accordance with TAS 29 "Financial Reporting in Hyperinflation Economies" which requires entities whose functional currency is that of a hyperinflationary economy to prepare their consolidated financial statements in terms of the measuring unit current at the end of the reporting period. In a hyperinflation economy, it is not meaningful and useful to report operating results and financial position in the local currency without adjustment. Money loses its purchasing power in such a proportion that comparing the amounts of transactions or other events that occurred at different times is misleading, even in the same accounting period. Hyperinflation is determined by a country's economic characteristics, including, but not limited to:

- The general population prefers to keep its wealth in non-monetary assets or in a relatively stable foreign currency. Amounts of local currency held are immediately invested to maintain purchasing power.
- The general population regards monetary amounts not in terms of the local currency but in terms of a relatively stable foreign currency. Prices may be quoted in that currency.
- Sales and purchases on credit take place at prices that compensate for the expected loss of purchasing power during the credit period, even if the period is short.
- Interest rates, wages, and prices are linked to a "Price index"; and
- The cumulative inflation rate over three years approaches, or exceeds, 100%.

The restatement in accordance with TAS 29 has been made by using the adjustment factor derived from the Consumer Price Index ("CPI") in Turkey published by the Turkish Statistical Institute ("TURKSTAT"). As at 31 December 2023, the indices and adjustment factors used in the restatement of the consolidated financial statements are as follows:

Date	**Index**	**Adjustment coefficient**	**Three-year cumulative inflation rates**
31.12.2023	1.859,38	1.00000	268%
31.12.2022	1.128,45	1.64773	156%
31.12.2021	686,95	2.70672	74%

Entities applying TFRSs have started to apply inflation accounting in accordance with TAS 29 "Financial Reporting in Hyperinflation Economies" as of financial statements for the annual reporting period ending on or after 31 December 2023 with the announcements made by the Public Oversight Accounting and Auditing Standards Authority ("POA") on 23 November 2023. TAS 29 is applied to the financial statements, including the consolidated financial statements, of any entity whose functional currency is the currency of a hyperinflationary economy.

In accordance with the CMB's resolution numbered 81/1820 on 28 December 2023, issuers and capital market institutions subject to financial reporting regulations applying Turkish Accounting/Financial Reporting Standards are required to apply inflation accounting by applying the provisions of TAS 29 beginning with the annual financial statements for the accounting periods ending on 31 December 2023.

Based on the announcement made by Public Oversight, Accounting and Auditing Standards Authority ("POA") on 23 November 2023, entities applying Turkish Financial Reporting Standards ("TFRSs") are required to present their financial statements by adjusting for the material influence of inflation for the comparative annual reporting period ending on or after 31 December 2022 and opening balances starting from 1 January 2022, in accordance with the accounting principles specified in TAS 29.

Accordingly, the financial statements and relevant amounts for prior periods have been restated for changes in the general purchasing power of the functional currency. Thus, those financial statements and relevant amounts are expressed in the measuring unit effective at the end of the reporting period in accordance with TAS 29.

The main components of the Company's restatement for financial reporting purposes in hyperinflationary economies are as follows:

- As of the balance sheet date, all items other than those stated in terms of current purchasing power are restated by using the relevant price index coefficients. Prior year amounts are also restated in the same way.
- Monetary assets and liabilities are expressed in terms of the purchasing power at the balance sheet date and are therefore not subject to restatement. Monetary items are cash and items to be received or paid in cash.
- Non-current assets, subsidiaries and similar assets are indexed to their acquisition costs, which do not exceed their market values. Depreciation has been adjusted in a similar manner. Amounts included in equity have been restated by applying general price indices for the periods in which they were contributed to or arose within the Company.
- All items in the statement of profit or loss, except for the effects of non-monetary items in the statement of financial position and in the statement of profit or loss, have been restated by applying the multiples calculated over the periods when the income and expense accounts were initially recognised in the financial statements.

- The gain or loss arising on the net monetary position as a result of general inflation is the difference between the adjustments to non-monetary assets, equity items and profit or loss accounts. This gain or loss on the net monetary position is included in net profit.

The material influence and impact of the application of inflation accounting in accordance with TAS 29 are summarised below:

Restatement of the Statement of Financial Position

Amounts in the statement of financial position that are not expressed in terms of the measuring unit current at the end of the reporting period are restated. Accordingly, monetary items are not restated because they are expressed in the currency of the reporting period. Non-monetary items are required to be restated unless they are expressed in terms of the currency in effect at the end of the reporting period.

The gain or loss on the net monetary position arising on restatement of non-monetary items is recognised in profit or loss and presented separately in the statement of comprehensive income.

Restatement of the Statement of Profit or Loss

All items in the statement of profit or loss are expressed in terms of the measuring unit current at the end of the reporting period. Therefore, all amounts have been restated by applying changes in the monthly general price index. Cost of inventories sold has been restated using the restated inventory balance.

Depreciation and amortisation charges have been restated using the restated balances of property, plant and equipment, intangible assets and right-of-use assets.

Restatement of Statement of Cash Flows

All items in the statement of cash flows are expressed in terms of the measuring unit current at the end of the reporting period.

Consolidated financial statements

The financial statements of a subsidiary whose functional currency is the currency of a hyperinflationary economy are restated by applying the general price index before they are included in the consolidated financial statements prepared by the parent company.

Subsidiaries of the Group whose functional currency is other than Turkish Lira have been translated to the purchasing power of 31 December 2023. If financial statements with different reporting period endings are subject to consolidation, all items, whether monetary or non-monetary, are restated according to the measuring unit in effect at the date of the consolidated financial statements.

Comparative figures

Relevant figures for the prior reporting period are restated by applying the general price index so that the comparative financial statements are presented in the measuring unit applicable at the end of the reporting period. Information disclosed for prior periods is also expressed in terms of the measuring unit current at the end of the reporting period.

2.03 Consolidation Principles

Subsidiaries are companies over which Erkunt Traktör has the power to control the financial and operating policies for the benefit of Erkunt Traktör, either (a) through the power to exercise more than 50% of voting rights relating to the shares in the companies as a result of the ownership interest owned directly and indirectly by itself, or companies owned by them whereby Erkunt Traktör exercises control over the ownership interest of the shares held by them and shares to be used according to Erkunt Traktör preferences; or (b) although not having the power to exercise more than 50% of the ownership interest, Erkunt Traktör has power to control the investee due to the dispersed capital structure of the investee and/or Erkunt Traktör has rights or is exposed to variable returns from its involvement with the investee and when at the same time it has the power to affect these returns through its power over the investee.The As of 31 December 2023 and 2022, Erkunt Traktör has no subsidiaries.

Associates are accounted for using the equity method. Associates are companies in which the Company has voting power between 20% and 50% or the Company has power to participate in the financial and operating policy decisions but not control them. Unrealised gains or losses arising from transactions between the Company and its associates are eliminated to the extent of the Company's interest in the associates. Financial assets in which the Company has ownership interests below 20%, or over 20% but which the Company or which are not exposed to significant influence of variable returns or which are immaterial are classified as financial assets measured at fair value through profit or loss or financial assets measured at fair value through other comprehensive income in the financial statements, otherwise they are carried at cost in the accompanying financial statements.

Under the equity method, the investment in a joint venture is initially recognised at cost and the carrying amount is increased or decreased to recognise the investor's share of profit or loss of the investee after the date of the acquisition.

Affiliates	Capital	Participation Rate	Participation Amount	Accounting Method
Erkunt Sanayii A.Ş.	15.120.000	%35	32.002.099	Shares Received from Equity Method

Non-current assets are the assets that the total direct and indirect ownership of the Company are below 20% or are above 20% but the Company does not have a significant influence or do not constitute materiality in terms of financial statement and these financial assets that are not traded in organized markets and whose fair values cannot be measured reliably and that the Company does not intend to sell are recognised in the financial statements at cost, less provision for impairment. Available-for-sale financial assets that are traded in organized markets and whose fair value can be measured reliably are recognized at their fair value. The detailed information regarding financial assets is disclosed in **Note 7.**

2.04 Changes in Accounting Policies

Whether there are changes and errors in accounting policies and accounting estimates, the amended significant changes and the identified significant accounting errors are implemented retrospectively and the prior periods Company's financial statements are restated. Whether the changes are amended in accounting policies effect the previous periods, aforementioned policy is implemented retrospectively to the financial statements as it had been used in.

2.05 Comparatives and adjustment of prior periods' financial statements

Accounting estimates are based on reliable information and reasonable estimation methods. However, estimates are revised as a result of changes in circumstances, estimating new information or additional developments. If changes in accounting forecasts are related to only one period, amendments are made in the current period. If amendments are related to the forthcoming periods, changes are applied in both current period and forthcoming periods. The nature and amount of a change in the accounting estimate, which has an impact on the outcome of the current period or is expected to have an impact on subsequent periods, is disclosed in the notes to the financial statements,

The current period financial statements of the Company include comparative financial information to enable the determination of the trends in financial position and performance.

Comparative figures are reclassified, where necessary, to conform to the changes in the presentation of the current period financial statements.

2.06 Changes in the Accounting Estimates

Accounting estimates are based on reliable information and reasonable estimation methods. However, estimates are revised as a result of changes in circumstances, estimating new information or additional developments. If changes in accounting forecasts are related to only one period, amendments are made in the current period. If amendments are related to the forthcoming periods, changes are applied in both current period and forthcoming periods. The nature and amount of a change in the accounting estimate, which has an impact on the outcome of the current period or is expected to have an impact on subsequent periods, is disclosed in the notes to the financial statements, except when the estimation of the effect on the future periods is not possible. There are no changes in the accounting estimates and errors expected to have an impact on the results of operations in the current period.

2.07 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in accordance with TFRS requires management to make estimates and assumptions that are reflected in the measurement of income and expense in the statement of profit or loss and in the carrying value of assets and liabilities in the balance sheet, and in the disclosure of information in the notes to the financial statements. Managements do exercise judgment and make use of information available at the date of the preparation of the financial statements in making these estimates. The actual future results from operations in respect of the areas where these judgments and estimates have been made may in reality be different than those estimates.

The key assumptions concerning the future and other key resources of estimation at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and the significant judgments (apart from those involving estimations) with the most significant effect on amounts recognized in the financial statements are as follows:

a) Provision for employment termination benefits is determined by using actuarial assumptions (discount rates, future salary increases and employee exit rates). These estimates are reviewed at each balance sheet date and revised if deemed necessary (Note 24).

b) The Company depreciates its property, plant and equipment and intangible assets on a straight-line basis over their useful lives. Expected useful life residual value and amortization method are reviewed every year for possible effects of changes in estimates and are accounted for prospectively if there is a change in estimates. (Note 2.09.04).

c) The impairment on trade receivables has been determined considering the creditworthiness of the borrowers, past payment performances and restructuring conditions in case of restructuring. Provision for doubtful receivables reflects the amounts that the Company management believes will meet future losses as of the balance sheet date. Provision for doubtful receivables represents the amounts that the Company believes will compensate future losses of receivables which are present as of the balance sheet date but which are not subject to collection in current economic conditions. The past performance of borrowers assessed for impairment of receivables impairment, credits on the market and their performance from the balance sheet date to the date of approval of the financial statements are also taken into consideration. The necessary disclosures regarding provisions are presented in Note 10.

d) The physical properties of the inventories and the past are examined in relation to the inventory impairment, the availability of the personnel is determined according to the opinions of the technical personnel and provision is made for the items that are estimated to be unavailable. Average sales prices are used to determine the net realizable value of inventories (Note 13).

e) The Company has calculated the deferred tax in accordance with TAS and TFRS and reflected to the financial statements.

f) On the provision for lawsuits, the probability of losing these cases regarding collecting the receivables and the consequences to be faced if these cases are lost evaluated in accordance with the opinions of the Company's legal counsel as of 31 December 2023 and 2022.

2.08 Offsetting

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.09 Summary of Important Accounting Policies

Accounting policies used in the preparation of the financial statements are summarised below:

2.09.01 Cash and Cash Equivalents

In accordance with TAS/TFRS, cash and cash equivalents of Erkunt Traktör represent cash on hand and demand deposits, deposits held in banks with maturities of 3 months or less, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value (Note 6). If there are cash and equivalents classified to be used to pay a debt or for another reason within more than 12 months from the balance sheet date, they are included in non-current assets.

2.09.02 Trade Receivables

Trade receivables and notes and post-dated checks classified within trade receivables which are recognized at original invoice amount are measured at amortized cost using the effective interest rate method. Short term trade receivables without specified interest rate, are measured at invoice amount when the interest accrual effect is immaterial.

Notes and post-dated checks classified within trade receivables are carried at their discounted cost by discounting with the effective interest method on the balance sheet date.

Provision for doubtful receivables is recognised as an expense in the period which they incurred. Provision is the amount estimated by the Company management and to cover the possible losses that may arise from economic benefit or the risk in the account and the losses estimated to realise in the subsequent periods.

2.09.03 Inventories

Inventories are evaluated at either the lower of acquisition cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Those costs also include systematically distributed costs from fixed and variable general production expenses incurred in covering direct raw material to the goods. The cost of inventories is determined by the weighted average method. Net realisable value is the estimated selling price in the ordinary course of business, less the costs of completion and selling expenses.

2.09.04 Tangible Fixed Assets

Property, plant and equipment are carried at cost less accumulated depreciation as of 31 December 2004 for the items purchased before 1 January 2005 and for the items purchased as of 1 January 2005, less the accumulated depreciation. Depreciation is provided for property, plant and equipment on a straight-line basis over their estimated useful lives.

The depreciation rates for property, plant and equipment, which approximate the economic useful lives of such assets, are as follows:

Assets Held for Depreciation	Useful Life
Underground and surface layouts	5 - 25
Buildings	10 - 50
Machinery and facilities	3 - 25
Vehicles	4 - 14
Furnitures and fixtures	2 - 50
Other intangible assets	3 - 10
Special costs	5

Useful life and the depreciation method are constantly reviewed, and accordingly, parallels are sought between the depreciation method and the period and the useful life to be derived from the related asset and accounted prospectively.

Gains or losses on disposals of property, plant and equipment are determined by comparing proceeds with their net carrying amounts and are classified under "gains/(losses) from investing activities" in the current period under statement of other comprehensive income.

2.09.05 Intangible Fixed Assets

Intangible assets acquired before 1 January 2005 are carried at acquisition costs adjusted for inflation; whereas those purchased in and purchased after 1 January 2005 are carried forward at their acquisition cost less accumulated amortization.

They are initially recognised at acquisition cost and amortised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being recognized for on a prospective basis.

The depreciation rates for intangible assets, which approximate the economic useful lives of such assets, are as follows:

Assets Held for Depreciation	Useful Life
Liberties	2 - 15
Other intangible assets	2 - 10
Research and Development Expenses	2 - 7

2.09.06 *Borrowing Costs*

Borrowing costs capitalised in the period which they incurred and recognised as an expense in the statement of profit or loss. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets is substantially ready for their intended use or sale. The financing costs of borrowings attributable to ongoing investments are capitalised until the completion of the investments. All other borrowing costs are recognized in the statement of profit or loss in the period in which they are incurred. The Company has no capitalised financing cost during the period.

2.09.07 *Impairment of Assets*

Assets with an indefinite useful life, such as goodwill, are not subject to amortization. An impairment test is applied to these assets each year. For assets subject to amortization, impairment test is applied if the book value cannot be recovered. An impairment loss is recognized if the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non- financial assets except goodwill that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

2.09.08 *Foreign currency translation*

Foreign currency transactions are translated into Turkish Lira using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Turkish Lira using the exchange rates at the balance sheet date. Foreign exchange gains and losses resulting from trading activities (trade receivables and payables) denominated in foreign currencies of the Company have been accounted for under "other operating income/ expenses".

The financial statements are presented in TL, which is Erkunt Traktör's functional and presentation currency. Transactions in currencies other than functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign currency indexed monetary assets and liabilities are recorded at the rates of exchange prevailing on the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated to functional currency as Turkish Lira using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Currency translation differences recognized as profit or loss in the period which they incurred.

2.09.09 *Taxes Calculated on the Corporate Profit*

Income tax expense (or income) is the sum of the current tax expense and the deferred tax expense (or income).

Current tax

Current income tax liability is calculated over the taxable profit for the period. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it excludes items that cannot be taxed or deducted. The Company's liability for current tax is calculated using legal statutory tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax assets and liabilities are determined by calculating the temporary differences between the amounts shown in the financial statements and the amounts considered in the statutory tax base in accordance with the balance sheet method. Deferred tax liabilities are recognized for all taxable temporary differences, whereas deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized.

Deferred tax liability or asset is not calculated in respect of temporary timing differences arising from the initial recognition of assets or liabilities other than goodwill or business combinations and which do not affect both commercial and financial profit /loss.

Deferred tax liabilities are calculated for all taxable temporary differences related to the investments in subsidiaries and associates and shares in joint ventures, except in cases where the Company is able to control the discontinuation of temporary differences and in the near future it is unlikely that such difference will be eliminated. Deferred tax assets resulting from taxable temporary differences related to such investments and shares are calculated on the condition that it is highly probable that future taxable profit will be available and that it is probable that future differences will be eliminated.

The carrying amount of the deferred tax asset is reviewed at each balance sheet date. The carrying amount of a deferred tax asset is reduced to the extent that it is no longer probable that financial profit will be available to allow the benefit of some or that entire amount.

Deferred tax assets and liabilities are calculated over the tax rates that are expected to be valid in the period when the assets are realized or the liabilities are fulfilled and legalized or substantially legalized as of the balance sheet date (tax regulations). During the calculation of deferred tax assets and liabilities, the tax consequences of the methods that the Company expects to recover or settle the carrying amount of the assets as of the balance sheet date are taken into consideration.

Deferred tax assets and liabilities are recognized when there is a legal right to offset current tax assets and current tax liabilities, or if such assets and liabilities are associated with the income tax collected by the same tax authority, or if the Company intends to pay off the current tax assets and liabilities.

Current and deferred tax for the period

The deferred tax, other than those directly attributable to debt or liability recognized in equity (in which case deferred tax is recognized directly in equity) or deferred tax, other than those arising from initial recognition of business combinations, is recognized as income or expense in the income statement. In business combinations, the tax effect is taken into consideration in the calculation of goodwill or in determining the part of the purchaser that exceeds the acquisition cost of the share of the acquiree's identifiable assets, liabilities and contingent liabilities in the fair value. The taxes included in the financial statements include current period tax and the change in deferred taxes. The Company calculates current and deferred tax on the results for the period.

Offsetting in tax assets and liabilities

The amount of corporate tax payable is netted because it is related to prepaid corporate tax amounts. Deferred tax assets and liabilities are also offset in the same way.

2.09.10 *Trade Payables*

The financial income included in the borrowings is calculated by considering the effective interest method with relevant maturities, and the amounts are presented in the financial income in the accompanying financial statements.

2.09.11 *Leasing Transactions*

The Company - as a lessee

At inception of a contract, the Company assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company considers following indicators for the assessment of whether a contract conveys the right to control the use of an identified asset for a period of time or not:

- The contract includes an identified asset (contract includes a definition of a specified asset explicitly or implicitly),
- A capacity portion of an asset is physically distinct or represents substantially all of the capacity of an asset (if the supplier has a substantive right to substitute the asset and obtain economic benefits from use of the asset, then the asset is not an identified asset)

- The Company has the right to obtain substantially all of the economic benefits from use of the identified asset,
- The Company has the right to direct the use of an identified asset. The Company has the right to direct the use of the asset throughout the period of use only if either:
    a) The Company has the right to direct how and for what purpose the asset is used throughout the period of use or
    b) Relevant decisions about how and for what purpose the asset is used are predetermined
        i. The Company has the right to operate the asset (or to direct others to operate the asset in a manner that it determines) throughout the period of use, without the supplier having the right to change those operating instructions; or
        ii. The Company designed the asset (or specific aspects of the asset) in a way that predetermines how and for what purpose the asset will be used throughout the period of use.

The Company recognises a right-of-use asset and a lease liability at the commencement date of the lease following the consideration of the above-mentioned factors.

Right-of-use asset

At the commencement date, the Company measures the right-of-use asset at cost. The cost of the right-of-use asset comprises:

a) The amount of the initial measurement of the lease liability,
b) Any lease payments made at or before the commencement date, less any lease incentives received,
c) Any initial direct costs incurred by the Company, and
d) An estimate of costs to be incurred by the Company in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease (unless those costs are incurred to produce inventories).

When applying the cost model, Company measures the right-of-use asset at cost:

a) Less any accumulated depreciation and any accumulated impairment losses; and
b) Adjusted for any remeasurement of the lease liability.

The Company applies the depreciation requirements in TAS 16 “Property, Plant and Equipment” in depreciating the right-of-use asset. In the event that the supplier transfers the ownership of the underlying asset to the Company at the end of the lease term or if the cost of use rights indicates that the Company will use a purchase option, the Company depreciates the right of use asset from the effective date of the lease to the end of the useful life of the underlying asset. In other cases, the Company depreciates the right of use assets on the basis of the shorter of the useful life or the lease term of the asset, starting from the effective date of the lease.

The Company applies TAS 36 “Impairment of Assets” to determine whether the right-of-use asset is impaired and to account for any impairment loss identified.

Lease Liability

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted by using the interest rate implicit in the lease, if that rate can be readily determined, or by using the Company’s incremental borrowing rate.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

a) Fixed payments, less any lease incentives receivable,
b) Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date,
c) Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

After the commencement date, the Company measures the lease liability by:

a) Increasing the carrying amount to reflect interest on the lease liability,
b) Reducing the carrying amount to reflect the lease payments made, and
c) Remeasuring the carrying amount to reflect any reassessment or lease modifications. The Company recognises the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

The interest on the lease liabilities for each period in the lease term is the amount found by applying a fixed periodic interest rate to the remaining balance of the lease liabilities. The periodic interest rate, if easily determined, is the implied interest rate on the lease. If this rate cannot be easily determined, the Company uses the Company’s incremental borrowing interest rate.

After the effective date of the lease, the Company remeasures the lease liabilities to reflect changes in lease payments. The Company reflects the remeasurement amount of the lease liabilities to the financial statements as an adjustment to the right of use assets.

The Company remeasures its lease liabilities by deducting the adjusted lease payments at a revised discount rate if either of the following conditions occurs:

(a) A change in the lease term. The Company determines adjusted lease payments based on the adjusted lease term.
(b) Changes in the assessment of the option to purchase the underlying asset. The Company determines adjusted lease payments to reflect the change in the amounts payable under the purchase option.

The Company calculates the adjusted discount rate for the remainder of the lease term if the implicit interest rate in the lease can be easily determined; if it cannot be easily determined, the Company determines the alternative borrowing interest rate at the date of the revaluation.

The Company remeasures its lease liabilities by reducing the adjusted lease payments if either of the following conditions incurred:

(a) Changes in the amounts expected to be paid under a residual value commitment. The Company determines the adjusted lease payments to reflect the change in the amounts expected to be paid under the residual value commitment.
(b) A change in these payments as a result of an index or rate change used to determine future lease payments. The Company remeasures the lease liabilities to reflect the adjusted lease payments only when there is a change in cash flows.

The Company determines the adjusted lease payments for the remaining lease term based on the adjusted contractual payments. In this case, the Company uses an unchanged discount rate.

The Company recognizes the restructuring of the lease as a separate lease if both of the following conditions are met:

(a) The restructuring shall extend the scope of the lease by adding the right of use on one or more underlying assets; and
(b) The increase in the lease amount by the appropriate price adjustment to reflect the price of the increase alone and the terms of the relevant contract.

2.09.12 *Provision for employment termination benefits*

The provision for employment termination benefits, as required by Turkish Labour Law represents the present value of the future probable obligation of the Company arising from the retirement of its employees based on the actuarial projections. TAS 19 “Employee Benefits” requires actuarial assumptions (net discount rate, turnover rate to estimate the probability of retirement etc.) to estimate the entity’s obligation for employment termination benefits. The effects of differences between the actuarial assumptions and the actual outcome together with the effects of changes in actuarial assumptions compose the actuarial gains/losses and recognised in statement of other comprehensive income.

2.09.13 *Research and Development Expenses*

Expenditures for research and development are charged against income in the period incurred except for project development costs which comply with the following criteria:

- The product or process is clearly defined, and costs are separately identified and measured reliably,

- The technical feasibility of the product is demonstrated,
- The product or process will be sold or used in-house,
- A potential market exists for the product or its usefulness in case of internal use is demonstrated, and
- Adequate technical, financial and other resources required for completion of the project are available.

The costs related to the development projects are capitalized when the criteria above are met and amortized by straight-line basis over the useful lives of related projects.

2.09.14 *Financial Instruments*

TFRS 9 regulates the provisions regarding the recognition and measurement of financial assets and financial liabilities. This standard replaces TAS 39 Financial Instruments: Recognition and Measurement.

2.09.14.1 *Financial Assets*

Under TFRS 9, on initial recognition, a financial asset is classified as measured at: amortized cost; fair value through other comprehensive income (FVOCI) – debt investment; FVOCI – equity investment; or FVTPL. The classification of financial assets under TFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. Derivatives embedded in contracts where the host is a financial asset in the scope of the standard are never separated. Instead, the hybrid financial instrument as a whole is assessed for classification.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by- investment basis.

All financial assets not classified as measured at amortized for the FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized for the at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Trade receivables

Trade receivables and notes and post-dated checks classified within trade receivables which are recognized at original invoice amount are measured at amortized cost using the effective interest rate method. Short term trade receivables without specified interest rate, are measured at invoice amount when the interest accrual effect is immaterial.

A credit risk provision for trade receivables is established if there is objective evidence that the Company will not be able to collect all amounts due. The provision is an estimated amount which is difference between existing receivable and collectible amount. Collectible amount is the discounted value of trade receivables, all cash flows including collections from guarantees by using original effective interest rate.

Post dated cheques received with maturity dates exceeding the balance sheet date are classified in trade receivables and are rediscounted using the interest rates determined for government debt securities by considering the interest levels arising in the stock exchanges or other organized markets.

A credit risk provision for trade receivables is established if there is objective evidence that the Company will not be able to collect all such receivables. The provision for doubtful receivables is established through a provision charged to expenses. Provision is made when there is objective evidence that the Company will not be able to collect the debts. The provision is an estimated amount that management believes to be adequate to absorb possible future losses on existing receivables that may become uncollectible due to current economic conditions and inherent risks in the receivables. Bad debts are written off when identified. Provision for doubtful receivables is recognized as an expense when identified.

If a portion or the entire amount of a receivable is collected after provided for a provision, the collected amount is deducted from total provision and is recognized as an income in the comprehensive income statement.

The Company has preferred to apply "simplified approach" for the recognition of impairment losses on trade receivables, carried at amortised cost and that do not comprise of any significant finance component (those with maturity less than 12 months). In accordance with the simplified approach, Company measures the loss allowances regarding its trade receivables at an amount equal to "lifetime expected credit losses" except incurred credit losses in which trade receivables are already impaired for a specific reason.

Derivative instruments

Derivative financial instruments are initially recognised in the statement of financial position at cost and subsequently are re-measured at their fair value. The derivative instruments of the Company mainly consist of foreign exchange forward contracts and related transactions. These derivative transactions, even though providing effective economic hedges under the Company risk management position, do not generally qualify for hedge accounting, therefore treated as 'derivative financial instruments held for trading. Any gains or losses arising from changes in the fair value of such kind of financial instruments are recognized understatement of profit and loss.

Impairment of financial assets

Financial assets are assessed at each balance sheet date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that had occurred after the initial recognition of the asset and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. For loans and receivables impairment loss has been incurred the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows.

Except for trade receivables, which is reduced through the use of an provision account, impairment on all other financial assets are directly written-off in the related account. In case trade receivables cannot be collected, the related amount is written-off from provision account. The change in provision is accounted in the other comprehensive income statement.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and at banks and short-term highly liquid and the risk of value change is not material investments including time deposits generally having original maturities of three months or less.

Bank accounts consist of time and demand deposit accounts and the related interest accrued. The Turkish Lira balances are stated at face values and the foreign currency balances are translated into Turkish Lira at the foreign currency rate issued by the. Central Bank of Turkey as at the report date. Time deposit accounts are stated as calculated by adding accrued interest as of balance sheet date on the principal amount.

2.09.14.2 *Financial Liabilities*

TFRS 9 preserves the existing provisions in TAS 39 for the classification and measurement of financial liabilities. However, the previous TAS 39 classification categories for held-to-maturity financial assets, loans and receivables, and available-for-sale financial assets have been removed.

The adoption of TFRS 9 did not have a material influence on the Company's accounting policies regarding its financial liabilities and derivative instruments.

The Company's financial liabilities and equity instruments are classified according to contractual arrangements and the basis of definition of a financial liability and an equity instrument. The contract that represents the right to the remaining assets of the Company less borrowings is an equity-based financial instrument. The accounting policies applied for financial liabilities and equity-based financial instruments are as follows.

Financial liabilities are classified as financial liabilities at fair value through profit or loss or other financial liabilities.

a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss are recognized at fair value and revalued at their fair value at the reporting date in each reporting period. The change in their fair value is recognized in the income statement. The net gain or loss recognized in the profit or loss statement also includes the interest paid on the financial liability.

b) Other financial liabilities

Other financial liabilities, including financial liabilities, are initially recognized at fair value net of transaction costs. They are subsequently accounted for at amortized cost using the effective interest method, together with the interest expense calculated over the effective interest rate.

The effective interest method is the method of calculating the amortized costs of the financial liability and allocating the related interest expense to the related period. Effective interest rate is the rate that exactly discounts estimated future cash payments over the expected value of the financial instrument or a shorter period of time, to the net present value of the financial liability.

2.09.15 *Provisions, Contingent Liabilities and Assets*

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Contingent liabilities are consistently reviewed prior to the probability of any cash out-flow. In case of the cash outflow is probable, provision is allocated in the financial statements of the year the probability of contingent liability accounts is changed. A provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and reliable estimate can be made for the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the statement of financial position date, taking into account the risks and uncertainties surrounding the obligation.

Where the effect of the time value of money is material, the amount of provision shall be the present value of the expenditures expected to be required to settle the obligation. The discount rate reflects current market assessments of the time value of money and the risks specific to the liability. The discount rate shall be a pre-tax rate and shall not reflect risks for which future cash flow estimates have been adjusted.

Possible assets or obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company are not included in the financial statements and treated as contingent assets or liabilities.

2.09.16 *Related Parties*

For the purpose of these financial statements, shareholders, parents of Erkunt Traktör Sanayi Anonim Şirketi key management personnel and Board of Directors members, their close family members and the legal entities over which these related parties exercise control and significant influence, are considered and expressed as "related parties". The detailed explanation regarding related parties is disclosed in **Note 37.**

2.09.17 *Revenue recognition*

The Company adopted TFRS 15, "Revenue from Contracts with Customers" which proposes a five-step model framework mentioned below for recognizing the revenue.

- Identify the contact with customers
- Identify separate performance obligations in the contract
- Determine the transaction price in contract
- Allocate the transaction price to the performance obligations in the contract
- Recognise revenue

A contract with a customer recognized as a revenue will be within the scope of TFRS 15 if all the following conditions are met:

- the contract has been approved by the parties to the contract;
- each party's rights in relation to the goods or services to be transferred can be identified;
- the payment terms for the goods or services to be transferred can be identified;
- the contract has commercial substance; and
- it is probable that the consideration to which the entity is entitled to in exchange for the goods or services will be collected.

The Company assess the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. For each performance obligation identified, the entity determine at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If the Company transfers control of a good or service over time and therefore satisfies a performance obligation and recognises revenue over time. The Company recognise revenue when the entity satisfies a performance obligation by transferring a promised good or service to the customer. An asset is transferred when the customer obtains control of that asset or service.

The Company does not adjust the promised amount of consideration for the effects of a significant financing component since the Company expects, at contract inception, that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less. If the financing component is significant in revenue, future collections are discounted by the interest rate in financing component. The difference is recognised as income from operating activities in current period.

2.09.18 *Statement of cash flow*

Cash flows during the period are classified and reported by operating, investing and financing activities in the cash flow statements. Cash flows from operating activities represent the cash flows generated from the Company's activities.

Cash flows from investing activities represent the cash flows that are used in or provided from the investing activities of the Company (property, plant and equipment, intangible assets and financial assets).

Cash flows from financing activities represent the cash proceeds from the financing activities of the Company and the repayments of these funds.

Cash and cash equivalents comprise cash on hand and demand deposits, deposits held in banks with maturities of 3 months or less, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value.

2.09.19 *Earnings per share*

Earnings per share disclosed in the statement of profit or loss are determined by dividing net income attributable to equity holders of the parent by the weighted average number of shares outstanding during the period concerned.

In Turkey, companies can increase their share capital through a pro-rata distribution of shares ("bonus shares") to existing shareholders from retained earnings and inflation adjustment to equity. For the purpose of earnings per share computations, the weighted average number of shares in existence during the period has been adjusted in respect of bonus share issues without a corresponding change in resources, by giving them retroactive effect for the period in which they were issued and each earlier period as if the event had occurred at the beginning of the earliest period reported.

2.09.20 *Events after the reporting period*

Event after the reporting period is an event that which could be favourable or unfavourable, that occurs between the end of the reporting period and the date that the financial statements are authorised for issue. The Company adjusts the amounts recognised in its financial statements to reflect the adjusting events after the balance sheet date. If non- adjusting events after the balance sheet date have material influence on the economic decisions of users of the financial statements, they are disclosed in the notes to the financial statements **(Note 40).**

2.09.21 *Investment Property*

Properties held for rental yields or for capital appreciation or both, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business are classified as "investment property". Investment properties are carried at cost less accumulated depreciation and any accumulated impairment losses. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the balance sheet date. Daily repair and maintenance is not included in the aforementioned costs.

Investment properties are derecognized when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the statement of profit or loss in the year of retirement or disposal. Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss in the year in which they arise.

2.10 Going Concern

As of 31 December 2023, the Company has prepared its financial statements with the assumption on the Company's ability to continue its operations in the foreseeable future as a going concern basis of accounting.

2.11 New and Revised International Financial Reporting Standards

i) The new standards, amendments and interpretations and interpretations to the existing previous standards which are effective as of 31 December 2023 are as follows:

Amendments to TAS 8 - Definition of Accounting Estimates

In August 2021, the POA issued amendments to TAS 8, in which it introduces a new definition of "accounting estimates". The amendments issued to TAS 8 are effective for annual periods beginning on or after 1 January 2023. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amended standard clarifies that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors. The previous definition of a change in accounting estimate specified that changes in accounting estimates may result from new information or new developments. Therefore, such changes are not corrections of errors. This aspect of the definition was retained by the POA. The amendments apply to changes in accounting policies and changes in accounting estimates that occur on or after the commencement of the effective date. Earlier application is permitted. The amendments did not have a significant material influence on the financial position or performance of the Company.

Amendments to TAS 1 - Disclosure of Accounting Policies

In August 2021, POA issued amendments to TAS 1, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. In the absence of a definition of the term 'significant' in TFRS, the POA decided to replace it with 'material' in the context of disclosing accounting policy information. "Material" is a defined term in TFRS and is widely understood by the users of financial statements, according to the POA. In assessing the materiality of accounting policy information, entities need to consider both the size of the transactions, other events or conditions and the nature of them. Examples of circumstances in which an entity is likely to consider accounting policy information to be material have been added. The amendments did not have a significant material influence on the financial position or performance of the Company.

Amendments to TAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction

In August 2021, POA issued amendments to TAS 12, which narrow the scope of the initial recognition exception under TAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense). This judgement is important in determining whether any temporary differences exist on initial recognition of the asset and liability. The amendments apply to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for all deductible and taxable temporary differences associated with leases and decommissioning obligations should be recognized.

The amendments did not have a significant material influence on the financial position or performance of the Company.

Amendments to TAS 12 - International Tax Reform – Pillar Two Model Rules

In September 2023, POA issued amendments to TAS 12, which introduce a mandatory exception in TAS 12 from recognizing and disclosing deferred tax assets and liabilities related to Pillar Two income taxes. The amendments clarify that TAS 12 applies to income taxes arising from tax laws enacted or substantively enacted to implement the Pillar Two Model Rules published by the Organization for Economic Cooperation and Development (OECD). The amendments also introduced targeted disclosure requirements for entities affected by the tax laws. The temporary exception from recognition and disclosure of information about deferred taxes and the requirement to disclose the application of the exception apply immediately and retrospectively upon issue of the amendments. However, certain disclosure requirements are not required to be applied for any interim period ending on or before 31 December 2023.

The amendments did not have a significant material influence on the financial position or performance of the Company.

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the financial statements are as follows. The Company will make the necessary changes if not indicated otherwise, which will be affecting the financial statements and disclosures, when the new standards and interpretations become effective.

Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2017, POA postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted.

The Company will wait until the final amendment to assess the material influence of the changes.

TFRS 17 - The new Standard for insurance contracts

POA issued TFRS 17 in February 2019, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. The mandatory effective date of the Standard postponed to accounting periods beginning on or after January 1, 2024 with the announcement made by the POA.

The standard is not applicable for the Company and will not have a material influence on the financial position or performance of the Company.

Amendments to TAS 1- Classification of Liabilities as Current and Non-Current Liabilities

In January 2021 and January 2023, POA issued amendments to TAS 1 to specify the requirements for classifying liabilities as current or non-current. According to the amendments made in January 2023 if an entity's right to defer settlement of a liability is subject to the entity complying with the required covenants at a date subsequent to the reporting period ("future covenants"), the entity has a right to defer settlement of the liability even if it does not comply with those covenants at the end of the reporting period. In addition, January 2023 amendments require an entity to provide disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months. This disclosure must include information about the covenants and the related liabilities. The amendments clarified that the classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability for at least twelve months after the reporting period. The amendments are effective for periods beginning on or after 1 January 2024. The amendments must be applied retrospectively in accordance with TAS 8. Early application is permitted. However, an entity that applies the 2020 amendments early is also required to apply the 2023 amendments, and vice versa.

The amendments are not applicable for the Company and will not have a material influence on the financial position or performance of the Company.

Amendments to TFRS 16 - Lease Liability in a Sale and Leaseback

In January 2023, POA issued amendments to TFRS 16. The amendments specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognize any amount of the gain or loss that relates to the right of use it retains. In applying requirements of TFRS 16 under “Subsequent measurement of the lease liability” heading after the commencement date in a sale and leaseback transaction, the seller lessee determines ‘lease payments’ or ‘revised lease payments’ in such a way that the seller-lessee would not recognized any amount of the gain or loss that relates to the right of use retained by the seller-lessee. The amendments do not prescribe specific measurement requirements for lease liabilities arising from a leaseback. The initial measurement of the lease liability arising from a leaseback may result in a seller-lessee determining ‘lease payments’ that are different from the general definition of lease payments in TFRS 16. The seller- lessee will need to develop and apply an accounting policy that results in information that is relevant and reliable in accordance with TAS 8. A seller-lessee applies the amendments to annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted. A seller-lessee applies the amendments retrospectively in accordance with TAS 8 to sale and leaseback transactions entered into after the date of initial application of TFRS 16.

The amendments are not applicable for the Company and will not have a material influence on the financial position or performance of the Company.

Amendments to TAS 7 and TFRS 7 - Disclosures: Supplier Finance Arrangements

The amendments issued by POA in September 2023 specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity’s liabilities, cash flows and exposure to liquidity risk. Supplier finance arrangements are characterized by one or more finance providers offering to pay amounts an entity owes its suppliers and the entity agreeing to pay according to the terms and conditions of the arrangements at the same date as, or a date later than, suppliers are paid. The amendments require an entity to provide information about terms and conditions of those arrangements, quantitative information on liabilities related to those arrangements as at the beginning and end of the reporting period and the type and effect of non-cash changes in the carrying amounts of those liabilities. In the context of quantitative liquidity risk disclosures required by TFRS 7, supplier finance arrangements are also included as an example of other factors that might be relevant to disclose. The amendments will be effective for annual reporting periods beginning on or after 1 January 2024. Early adoption is permitted but will need to be disclosed.

Overall, the Company expects no significant material influence on its financial statements.

3. BUSINESS COMBINATIONS

As of 31 December 2023 and 2022, the Company has no business combinations subject to common control and relevant transactions.

4. DISCLOSURE OF INTERESTS IN OTHER ENTITIES

Total		**1.280.343.249**		

As of 31 December 2023 and 2022, the Company has no mortgages and restrictions on its assets.

23. COMMITMENTS

None. (December 31, 2022: None).

24. PROVISIONS FOR EMPLOYEE BENEFITS

The long-term provisions provided to employees as of December 31, 2023 and 2022 are as follows:

Account Name	**Dec 31,2023**	Dec 31,2022
Provision for employee termination benefits	**20.175.354**	18.211.710
Total	**20.175.354**	18.211.710

Under Turkish Labour Law, Erkunt Traktör and its associate incorporated in Turkey are required to pay termination benefits to each employee who has completed one year of service and whose employment is terminated without due cause, who is called up for military service, dies or retires after completing 25 years of service (20 years for women) and reaches the retirement age (58 for women and 60 for men). As of 31 December 2023, the amount payable consists of one month's salary limited to a maximum of TL 35.058,58 (31 December 2022: TL 19.982,83) for each year of service.

The liability is not funded as there is no funding requirement.

The provision has been calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees. TAS 19 ("Employee Benefits") requires actuarial valuation methods to be developed to estimate the entity's obligation under defined benefit plans. Accordingly, the following actuarial assumptions are used in the calculation of total liabilities:

The principal assumption is that the maximum liability for each year of service increases in line with inflation. Therefore, the discount rate applied represents the expected real rate after adjusting for future inflation effects. As of 31 December 2023, the provisions in the accompanying financial statements are calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees. As of 31 December 2023, the provisions at the respective balance sheet dates have been calculated assuming an annual inflation rate of 21% and an interest rate of 23%, resulting in a discount rate of 1.65%.

The movements of provision for employment termination benefits are as follows:

	1 Jan- Dec 31,2023	1 Jan- Dec 31,2022
1 January start of term	**18.211.710**	11.416.288
Payment (-)	**(7.897.598)**	(1.124.287)
Interest cost	**1.269.852**	1.459.443
Current service cost	**9.985.027**	1.261.759
Actuarial loss / (gain)	**5.765.462**	9.665.068
Monetary gain / (loss), net	**(7.159.099)**	(4.466.561)
December 31, end of period	**20.175.354**	18.211.710

25. TAX ASSETS AND LIABILITIES

As of 31 December 2023 and 2022, the breakdown of current income tax assets is as follows:

Account Name	**Dec 31,2023**	Dec 31,2022
Prepaid taxes and funds	**19.525.112**	63.642
Total	**19.525.112**	63.642

As of 31 December 2023 and 2022, the Company has no current income tax liabilities.

26. OTHER ASSETS AND LIABILITIES

As of 31 December 2023 and 2022, the breakdown of other current assets is as follows:

Account Name	**Dec 31,2023**	Dec 31,2022
Deactivated vat	**277.711.440**	221.039.560
Business advances	**1.134.298**	1.590.710
Personnel advances	**301.518**	188.459
Total	**279.147.256**	222.818.729

As of 31 December 2023 and 2022, the Company has no other non-current assets.

As of 31 December 2023 and 2022, the breakdown of other current liabilities is as follows:

Account Name	**Dec 31,2023**	Dec 31,2022
Taxes, duties and other deductions payable	**10.487.666**	7.194.421
Accrued expenses	**–**	3.086.396
Total	**10.487.666**	10.280.817

As of 31 December 2023 and 2022, the Company has no other non-current liabilities.

27. EQUITY

As of 31 December 2023 and 2022, the breakdown of equity items is as follows:

Account Name	**Dec 31,2023**	Dec 31,2022
Capital receipts	**440.000.000**	440.000.000
Total	**440.000.000**	440.000.000

i) Non-Controlling Shares

None.

ii) Capital Reserves

None.

iii) Restricted reserves

The legal reserves consist of first and second legal reserves, appropriated in accordance with the Turkish Commercial Code (TCC). The TCC stipulates that the first legal reserve is appropriated out of historical statutory profits at the rate of 5% per annum, until the total reserve reaches 20% of the Company's historical paid-in share capital. The second legal reserve is appropriated at the rate of 10% per annum of all cash distributions in excess of 5% of the historical paid-in share capital. Under TCC, the legal reserves are not available for distribution unless they exceed 50% of the historical paid-in share capital but may be used to offset losses in the event that historical general reserve is exhausted. The details of the restricted reserves are as follows:

Account Name	**Dec 31,2023**	Dec 31,2022
Restricted reserves allocated from profit	**31.682.917**	31.682.917
Total	**31.682.917**	31.682.917

iv) Profits / Losses for the Previous Year

Account Name	**Dec 31,2023**	Dec 31,2022
Retained years' profits or (losses)	**(251.449.347)**	(392.054.806)
Total	**(251.449.347)**	(392.054.806)

v) Accumulated Other Comprehensive Income or Expense that will not be reclassified to Profit or Loss

Account Name	**Dec 31,2023**	Dec 31,2022
Actuarial gains and losses (note:24)	**(15.430.531)**	(9.665.069)
Deferred taxeffect (note:35)	**3.857.633**	1.933.014
Profit (loss) from investments		
- shares in other comprehensive income	**(36.329.386)**	(27.588.233)
Will not be reclassified to profit or loss - accumulated other comprehensive income/(expense)	**(47.902.284)**	(35.320.288)

vi) Other

"Paid-in share capital", "Restricted reserves" and "Share premium" should be recognised at their amounts presented in the statutory records. In accordance with the implementation of the relevant communique, the differences are associated with in the accompanying financial statements (such as inflation adjustments) are as follows:

- If it arises from "Paid-in share capital" and has not been included to the share capital yet, it should be reclassified to the "Adjustment to share capital" to be recognised after "Paid-in share capital".
- If it arises from "Restricted reserves" and "Share Premium" and has not yet been subject to profit distribution or capital increase, it must be reclassified to "Retained earnings".

  Other equity items are carried with their amounts in accordance with Turkish Financial Reporting Standards ("TFRS") issued by POA.

28. REVENUE AND COST OF SALES

As of 31 December 2023 and 2022, the functional breakdown of revenue and cost of sales is as follows:

Account Name	Jan 1- Dec 31,2023	Jan 1- Dec 31,2022
Revenues	**5.506.263.845**	4.128.847.103
Domestic sales	**5.475.627.030**	3.643.146.346

Account Name	Jan 1- Dec 31,2023	Jan 1- Dec 31,2022
Current period provision for income taxes	104.504.159	–
Prepaid taxes and funds	(104.504.159)	–
Current period legal tax liability	**–**	**–**

According to Turkish Corporate Tax Law, losses can be carried forward to offset the future taxable income for a maximum period of 5 years. On the other hand, such losses cannot be carried back to offset prior years' profits.

According to corporate tax law article numbered 20, the corporate tax is imposed by the taxpayer's tax returns. In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their corporate tax returns between 1-25 April following the close of the accounting year. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

Income withholding tax

In addition to the corporate tax, it is required to calculate income tax withholding on any dividends, except for those distributed to all taxpayer entities and Turkish branches of foreign companies gaining dividend for such distribution and declaring these dividends within the corporate profit. The rate of income withholding tax implemented as 10% between 24 April 2003 and 22 July 2006. The rate of withholding tax has been increased from 10% to 15% upon the Cabinet decision No: 2006/10731, which was published in Official Gazette on July 23, 2006. Undistributed dividends incorporated in share capital are not subject to income tax withholding. In accordance with the decision of Cabinet numbered 2009-14592 dated 12 January 2009, the rate has been applied as 15%.

ii) Deferred Tax:

Deferred tax liability or asset is determined by calculating the tax effects of temporary differences between the amounts recognized in the financial statements of assets and liabilities and the amounts recognized in the calculation of taxable income, considering the legal tax rates according to the balance sheet method.

Deferred tax liabilities are calculated for all taxable temporary differences, while deferred tax assets arising from deductible temporary differences are calculated with the condition that it is highly probable that the benefit from these differences will be realized by generating taxable profits in the future. Deferred tax liability or asset related to temporary timing differences arising from the initial recognition of assets or liabilities in the financial statements, which do not affect both commercial and tax profit or loss, are not calculated.

Deferred tax assets and liabilities are calculated over the tax rates that are expected to be valid in the period when the assets are realized or the liabilities are fulfilled and legalized or substantially legalized as of the balance sheet date (tax regulations). During the calculation of deferred tax assets and liabilities, the tax consequences of the methods that the Company expects to recover or settle the carrying amount of the assets as of the balance sheet date are taken into consideration.

Deferred tax assets and liabilities are recognized when there is a legal right to offset current tax assets and current tax liabilities, or if such assets and liabilities are associated with the income tax collected by the same tax authority, or if the Company intends to pay off the current tax assets and liabilities.

As of 31 December 2023 and 2022, the breakdown of cumulative temporary differences and deferred tax assets and liabilities provided using principal tax rates are as follows:

	Accumulated temporary		**Deffered tax**	
	Dec 31,2023	Dec 31,2022	**Dec 31,2023**	Dec 31,2022
Tangible and intangible assets	**99.143.065**	136.732.715	**(19.828.613)**	(27.346.543)
Tangible and intangible assets	**1.608.640**	87.248.875	**(321.728)**	(17.449.775)
Loan effective interest provision	**141.510**	–	**(28.302)**	–

38. NATURE AND LEVEL OF RISKS DERIVED FROM FINANCIAL INSTRUMENTS

Financial Risk Management Objectives and Policies

The Company is exposed to variety of financial risks due to its operations. These risks include credit risk, price risk, foreign exchange risk, interest rate risk and liquidity risk. The Company's overall risk management strategy focuses on the unpredictability of financial markets and targets to minimise potential adverse effects on the Company's financial performance. The Company also has financial instruments such as trade receivables and trade payables that arise directly from its operations.

The Company has financial instruments such as bank borrowings, finance leases, cash on hand and short-term bank deposits which are applied on foreign exchange risk, interest rate risk, credit risk and liquidity risk. The Company management manages these risks as follows. The Company also monitors the market risk that may arise from the use of financial instruments.

Foreign Currency Risk

The Company, while trying to maintain the continuity of its activities in capital management on one hand, aims to increase its profitability by using the balance between debts and resources on the other hand. The capital structure of the Company consists of cash and cash equivalents disclosed in note 6, borrowings explained in note 8 and equity items containing respectively issued share capital, capital reserves, profit reserves and profits of previous years disclosed in note 27. Risks, associated with each capital class, and the senior management evaluates the capital cost. It is aimed that the capital structure will be stabilized by means of new borrowings or repaying the existing debts as well as dividend payments and new share issuances based on the senior management evaluations.

The Company monitors capital on the basis of the net financial debt/total equity ratio. This ratio calculated as dividing net debt by total capital. Net debt is calculated by deducting cash and cash equivalents from the total debt amount (includes borrowings, finance leases and trade payables as disclosed in the statement of financial position). Total capital is calculated as equity, as presented in the statement of financial position, plus net debt. General strategy based on the Company's equity does not differ from the prior period. The Company's overall risk management strategy focuses on the unpredictability of financial markets and targets to minimise potential adverse effects on the Company's financial performance.

Net financial debt/invested capital ratio as of 31 December 2023 and 2022 are as follows:

	Dec 31,2023	Dec 31,2022
Total debts	**1.868.750.994**	1.746.927.585
Liguid assets (-)	**144.969.201**	209.328.730
Net debt	**1.723.781.793**	1.537.598.855
Total equity	**2.239.229.621**	1.628.638.289
Total capital	**3.963.011.414**	3.166.237.144
Net debt/Total capital rate	**0.43**	0.49

The Company has no speculative financial instruments (including derivative instruments) and has no any operations related to the trading of such instruments.

Foreign Currency Risk

Foreign exchange risk arises from the fact that the Company has liabilities denominated in USD, EURO and GBP.

Foreign exchange transactions result in foreign exchange risk arising from foreign exchange denominated assets and liabilities into Turkish Lira. The Company's exposure to foreign exchange risk arises from its borrowings, finance lease liabilities, receivables and payables denominated in foreign currencies. In order to minimize this risk, the Company monitors its financial position and cash inflows/outflows with detailed cash flow statements as of 31 December 2023 and 2022.

The following table details the Company's foreign currency sensitivity as at 31 December 2023 and 2022 for the changes at the rate of 10%:

Exchange Rate Sensitivity Analysis Table (Current Period) Dec 31,2023

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. Total credit risk is presented in the statement of financial position.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Company seeks to manage its credit risk exposure through diversification of sales activities to avoid undue concentrations of risks with individuals or groups of customers in specific locations or businesses. The Company also obtains security when appropriate. It is the Company's policy to enter into financial instruments with a diversity of creditworthy counterparties.

Liquidity Risk

Liquidity risk is the risk that a Company will be unable to meet its funding needs. Prudent liquidity risk management is to provide sufficient cash and cash equivalents, to enable funding with the support of credit limits provided by reliable credit institutions and to close funding deficit. The Company provides funding by balancing cash inflows and outflows through the provision of credit lines in the business environment.

Undiscounted contractual cash flows of the non-derivative financial liabilities in TL as of 31 December 2023 and 2022 are as follows:

<u>**Dec 31,2023**</u> **Contract Term /Expected Term**	**Book Value**	**Total Cashout In Accordance With the Contract**	**0-3 month**	**4-12 month**	**1-5 year**	**More than 5 years**

Interest Risk

The Company is exposed to interest rate risk arising from the rate changes on interest-bearing liabilities and assets. The Company manages this risk by balancing the repricing terms of interest-bearing assets and liabilities with fixed and floating interest rate financial instruments and short-long term nature of borrowings.

As of 31 December 2023 and 2022, interest position of Erkunt Traktör is as follows:

Interest Position **Fixed interest financial instruments**	**Dec 31,2023**	Dec 31,2022
Financial assets	**–**	4.477.375
Financial Obligations	**381.149.590**	114.730.921

Variable interest financial instruments	**Dec 31,2023**	Dec 31,2022
Financial assets	**–**	–
Financial Obligations	**–**	–

Price Risk

Price risk include foreign exchange risk, interest rate and market risk. The Company manages this risk by balancing the repricing terms of interest-bearing assets and liabilities with fixed-floating interest. Market risk have been determined by the Company by using available market information and appropriate valuation methodologies.

Capital Management

The Company's main objectives for capital management are to keep the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The capital structure of the Company consists of cash and cash equivalents and equity items containing respectively issued share capital, capital reserves, profit reserves and profits of previous years.

Risks, associated with each capital class, and the senior management evaluates the capital cost. It is aimed that the capital structure will be stabilized by means of new borrowings or repaying the existing debts as well as dividend payments and new share issuances based on the senior management evaluations.

General strategy based on the Company's equity does not differ from the prior period.

Fair value of financial assets and liabilities

Fair value is the amount for which a financial instrument could be exchanged, or a liability settled between, willing parties during current transaction, other than in a forced sale or liquidation, and is best evidenced through a quoted market price, if one exists.

Foreign currency denominated receivables and payables are translated with the exchange rates prevailing as of the date of the financial statements.

The following methods and assumptions are used to estimate the fair values of financial instruments:

Financial Assets

Carrying values of cash and cash equivalents, accrued interests and other financial assets are approximate to their fair values due to their short-term nature and insignificant credit risk. The carrying values of receivables estimated that reflecting the fair value with the less provision for doubtful receivables.

Financial Liabilities

The fair values of trade payables and other monetary liabilities are considered to approximate their respective carrying values due to their short-term nature. Bank borrowings are carried at their discounted cost and transaction costs are added to the initial cost of the borrowing. The fair values of the borrowings after discount are considered to be approximate to their corresponding carrying values. In addition, it is considered that the fair values of the trade payables are approximate to their respective carrying value due to their short-term nature.

39. FINANCIAL INSTRUMENTS (FAIR VALUE DISCLOSURES AND HEDGE ACCOUNTING)

<u>**Fair value of financial instruments**</u>

The fair value of the financial assets and liabilities is determined as follows:

- Level 1: Financial assets and liabilities are valued at quoted prices traded on the active market for the same assets and liabilities.
- Level 2: Financial assets and liabilities are valued at inputs that are used to determine the price of the asset or liability that is observable directly or indirectly in the market, other than the quoted price at the first level.
- Level 3: Financial assets and liabilities are valued at inputs that are not based on observable inputs in the market for the fair value of an asset or liability.

There are no level classifications of assets and liabilities that are designated with their fair values (December 31,2018: None).

Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than a compulsory sale or liquidation, and is best determined by a market price, if any.

The estimated fair values of financial instruments are determined using available market information and appropriate valuation methodologies. However, in the interpretation of market data in the fair value estimation, discretion is used. Consequently, the estimates presented herein are not necessarily indicative of the amounts the Company could realize in a current market exchange.

INDEPENDENT AUDITORS' REPORT

TO THE GENERAL ASSEMBLY OF
ERKUNT SANAYI ANONIM ŞIRKETI,

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the financial statements of **Erkunt Sanayi Anonim Şirketi** (the "Company" or "Erkunt Sanayi"), which comprise the statement of financial position as at 31 December 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2023 and its financial performance and its cash flows for the year then ended in accordance with Turkish Accounting Standards ("TASs").

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (ISAs) that are part of Turkish Standards on Auditing issued by the Public Oversight Accounting and Auditing Standards Authority (the "POA"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements regarding independent audit in regulations issued by POA that are relevant to our audit of the financial statements in Turkey, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Issues

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming the auditor's opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	**How the matter was addressed in our audit**
<u>Application of TAS 29 – "Financial Reporting in Hyperinflationary Economies"</u>	
As disclosed in Note 2.02, the Company applied TAS 29 "Financial reporting in hyperinflationary economies ("TAS 29") in its financial statements as of and for the year ended 31 December 2023. TAS 29 requires financial statements to be restated into the current purchasing power at the end of the reporting period. Therefore, transactions in 2023 and non- monetary balances at the end of the period with prior year statements with comparative information were restated to reflect a price index that is current at the balance sheet date as of 31 December 2023. The implementation of TAS 29 leads to a change in several of the Company's control activities pervasively related to financial reporting. Applying TAS 29 results in significant changes to financial statement items included in the Company's financial statements as of and for the year ending 31 December 2023, which have been restated for comparative purposes as of and for the year ending 31 December 2022, including statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flow. In addition, considering the additional effort required to perform the audit of the application of TAS 29, we identified the application of TAS 29 as a key audit matter.	We performed the following audit procedures in relation to the application of TAS 29: – Understanding and evaluating the process and controls related to application of TAS 29 designed and implemented by management, – Obtaining detailed lists of non-monetary items and testing original entry dates and amounts on a sample basis, – Verifying whether management's determination of monetary and non-monetary items is in compliance with TAS 29, – Verifying the general price index rates used in calculations correspond with the coefficients in the "Consumer Price Index in Turkey" published by the Turkish Statistical Institute, – Testing the mathematical accuracy of non-monetary items, statement of profit or loss, and cash flow statement adjusted for inflation effects, – Evaluating the adequacy of disclosures related to the application of TAS 29 in the notes to the financial statements in accordance with TFRS.

Other matter

The financial statements of the Company as of 31 December 2022 and for the year ended were audited by another audit firm whose audit report dated 6 March 2023 expressed an unqualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company management is responsible for the preparation and fair presentation of the financial statements in accordance with TAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with ISAs is a high level of assurance but does not guarantee that a material misstatement will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an independent audit conducted in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

– Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
– Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
– Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
– Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
– Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Reports on Other Responsibilities Arising from Regulatory Requirements

1) In accordance with paragraph 4 of Article 402 of the TCC, no significant matter has come to our attention that causes us to believe that the Company's bookkeeping activities for the period 1 January - 31 December 2023 and financial statements are not in compliance with the code and provisions of the Company's articles of association in relation to financial reporting.
2) In accordance with paragraph 4 of Article 402 of the TCC, the Board of Directors of the Company submitted tous the necessary explanations and provided required documents within the context of audit.

The responsible auditor who conducting and finalizing of this independent audit is Ö. Soydan KESKİNER

GÜRELİ YEMİNLİ MALİ MÜŞAVİRLİK VE BAĞIMSIZ DENETİM HİZMETLERİ A.Ş.

An Independent Member of BAKER TILLY INTERNATIONAL

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD OF JANUARY 1 - DECEMBER 31, 2023

(The currency is expressed in Turkish Lira unless otherwise stated.)

1. COMPANY'S ORGANISATION AND NATURE OF OPERATIONS

Erkunt Sanayi Anonim Şirketi (the "Company" or "Erkunt Sanayi") was established in 1961. Erkunt Sanayi's business activities include ensuring the production and trading of wide variety of parts, machined parts and main products based on casting technology for tractors and construction equipment.

In addition to the Casting-1 and Processing-1 facilities in its head office, Etimesgut Ankara, Erkunt Sanayi has Casting-2 facility, which it established in Sincan Ankara ASO Industrial Zone in 1996, and Processing-2 facility, which it started to establish in the same region in 2008.

As of 31 December 2023 and 2022, the current issued share capital of Erkunt Sanayi is amounting to TL 15.120.000 each with a nominal amount of TL 0.01 bearer shares each representing 1.512.000.000 number of outstanding shares.

	December 31, 2023		December 31, 2022	
Shareholders	Amount in TL	Share (%)	Amount in TL	Share (%)
Mahindra Overseas Investment Company	**9.633.788**	**64**	9.633.788	64
Erkunt Traktör Sanayi Anonim Şirketi	**5.288.795**	**35**	5.288.795	35
Other	**197.417**	**1**	197.417	1
Total	**15.120.000**	**100**	15.120.000	100

Total end of period and average number of personnel employed by Erkunt Sanayi is 1.512 (31 December 2022: 1.521 TL).

These financial statements as of and for the year ended 31 December 2023 have been approved for issue by the Board of Directors ("BOD") on 2 April 2024. These financial statements will be finalised following their approval in the General Assembly.

2. Basis of presentation of financial statements and summary of accounting policies

2.01 Basic of Presentation

Erkunt Sanayi Anonim Şirketi maintains their books of account and prepares their statutory financial statements in accordance with the Turkish Commercial Code ("TCC"), tax legislation and the Uniform Chart of Accounts issued by the Ministry of Finance.

Statement of compliance with Turkish Accounting Standards ("TAS")

The financial statements of the Company have been prepared in accordance with Turkish Financial Reporting Standards ("TFRS") promulgated by the Public Oversight Accounting and Auditing Standards Authority ("POA") including additions and interpretations issued by POA.

In addition, the accompanying financial statements as of 31 December 2023 have been prepared in accordance with the "TFRS Taxonomy - 2022" published by POA on 4 October 2022.

Items included in the financial statements of Erkunt Sanayi are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in TL, which is Erkunt Sanayi's functional and presentation currency.

2.02 Adjustments of financial statements in hyperinflationary periods

Financial Reporting in Hyperinflationary Economies

In accordance with TAS 29 "Financial Reporting in Hyperinflation Economies" which requires entities whose functional currency is that of a hyperinflationary economy to prepare their consolidated financial statements in terms of the measuring unit current at the end of the reporting period. In a hyperinflation economy, it is not meaningful and useful to report operating results and financial position in the local currency without adjustment. Money loses its purchasing power in such a proportion that comparing the amounts of transactions or other events that occurred at different times is misleading, even in the same accounting period. Hyperinflation is determined by a country's economic characteristics, including, but not limited to:

- The general population prefers to keep its wealth in non-monetary assets or in a relatively stable foreign currency. Amounts of local currency held are immediately invested to maintain purchasing power.
- The general population regards monetary amounts not in terms of the local currency but in terms of a relatively stable foreign currency. Prices may be quoted in that currency.
- Sales and purchases on credit take place at prices that compensate for the expected loss of purchasing power during the credit period, even if the period is short.
- Interest rates, wages, and prices are linked to a "Price index"; and
- The cumulative inflation rate over three years approaches, or exceeds, 100%.

The restatement in accordance with TAS 29 has been made by using the adjustment factor derived from the Consumer Price Index ("CPI") in Turkey published by the Turkish Statistical Institute ("TURKSTAT"). As at 31 December 2023, the indices and adjustment factors used in the restatement of the consolidated financial statements are as follows:

Date	Index	Adjustment coefficient	Three-year cumulative inflation rates
31.12.2023	**1.859,38**	**1.00000**	268%
31.12.2022	**1.128,45**	**1.64773**	156%
31.12.2021	**686,95**	**2.70672**	74%

Entities applying TFRSs have started to apply inflation accounting in accordance with TAS 29 "Financial Reporting in Hyperinflation Economies" as of financial statements for the annual reporting period ending on or after 31 December 2023 with the announcements made by the Public Oversight Accounting and Auditing Standards Authority ("POA") on 23 November 2023. TAS 29 is applied to the financial statements, including the consolidated financial statements, of any entity whose functional currency is the currency of a hyperinflationary economy.

In accordance with the CMB's resolution numbered 81/1820 on 28 December 2023, issuers and capital market institutions subject to financial reporting regulations applying Turkish Accounting/Financial Reporting Standards are required to apply inflation accounting by applying the provisions of TAS 29 beginning with the annual financial statements for the accounting periods ending on 31 December 2023.

Based on the announcement made by Public Oversight, Accounting and Auditing Standards Authority "(POA") on 23 November 2023, entities applying Turkish Financial Reporting Standards ("TFRSs") are required to present their financial statements by adjusting for the material influence of inflation for the comparative annual reporting period ending on or after 31 December 2022 and opening balances starting from 1 January 2022, in accordance with the accounting principles specified in TAS 29.

Accordingly, the financial statements and relevant amounts for prior periods have been restated for changes in the general purchasing power of the functional currency. Thus, those financial statements and relevant amounts are expressed in the measuring unit effective at the end of the reporting period in accordance with TAS 29.

The main components of the Company's restatement for financial reporting purposes in hyperinflationary economies are as follows:

- As of the balance sheet date, all items other than those stated in terms of current purchasing power are restated by using the relevant price index coefficients. Prior year amounts are also restated in the same way.
- Monetary assets and liabilities are expressed in terms of the purchasing power at the balance sheet date and are therefore not subject to restatement. Monetary items are cash and items to be received or paid in cash.
- Non-current assets, subsidiaries and similar assets are indexed to their acquisition costs, which do not exceed their market values. Depreciation has been adjusted in a similar manner. Amounts included in equity have been restated by applying general price indices for the periods in which they were contributed to or arose within the Company.
- All items in the statement of profit or loss, except for the effects of non-monetary items in the statement of financial position and in the statement of profit or loss, have been restated by applying the multiples calculated over the periods when the income and expense accounts were initially recognised in the financial statements.
- The gain or loss arising on the net monetary position as a result of general inflation is the difference between the adjustments to non-monetary assets, equity items and profit or loss accounts. This gain or loss on the net monetary position is included in net profit.

The material influence and impact of the application of inflation accounting in accordance with TAS 29 are summarised below:

Restatement of the Statement of Financial Position

Amounts in the statement of financial position that are not expressed in terms of the measuring unit current at the end of the reporting period are restated. Accordingly, monetary items are not restated because they are expressed in the currency of the reporting period. Non-monetary items are required to be restated unless they are expressed in terms of the currency in effect at the end of the reporting period.

The gain or loss on the net monetary position arising on restatement of non-monetary items is recognised in profit or loss and presented separately in the statement of comprehensive income.

Restatement of the Statement of Profit or Loss

All items in the statement of profit or loss are expressed in terms of the measuring unit current at the end of the reporting period. Therefore, all amounts have been restated by applying changes in the monthly general price index. Cost of inventories sold has been restated using the restated inventory balance.

Depreciation and amortisation charges have been restated using the restated balances of property, plant and equipment, intangible assets and right-of-use assets.

Restatement of Statement of Cash Flows

All items in the statement of cash flows are expressed in terms of the measuring unit current at the end of the reporting period.

Consolidated financial statements

The financial statements of a subsidiary whose functional currency is the currency of a hyperinflationary economy are restated by applying the general price index before they are included in the consolidated financial statements prepared by the parent company.

Subsidiaries of the Group whose functional currency is other than Turkish Lira have been translated to the purchasing power of 31 December 2023. If financial statements with different reporting period endings are subject to consolidation, all items, whether monetary or non-monetary, are restated according to the measuring unit in effect at the date of the consolidated financial statements.

Comparative figures

Relevant figures for the prior reporting period are restated by applying the general price index so that the comparative financial statements are presented in the measuring unit applicable at the end of the reporting period. Information disclosed for prior periods is also expressed in terms of the measuring unit current at the end of the reporting period.

2.03 Group accounting

Subsidiaries are companies over which Erkunt Sanayi has the power to control the financial and operating policies for the benefit of Erkunt Sanayi, either (a) through the power to exercise more than 50% of voting rights relating to the shares in the companies as a result of the ownership interest owned directly and indirectly by itself, or companies owned by them whereby Erkunt Sanayi exercises control over the ownership interest of the shares held by them and shares to be used according to Erkunt Sanayi preferences; or (b) although not having the power to exercise more than 50% of the ownership interest, Erkunt Sanayi has power to control the investee due to the dispersed capital structure of the investee and/or Erkunt Sanayi has rights or is exposed to variable returns from its involvement with the investee and when at the same time it has the power to affect these returns through its power over the investee.

As of 31 December 2023 and 2022, Erkunt Sanayi has no subsidiaries.

Associates are accounted for using the equity method. Associates are companies in which the Company has voting power between 20% and 50% or the Company has power to participate in the financial and operating policy decisions but not control them. Unrealised gains or losses arising from transactions between the Company and its associates are eliminated to the extent of the Company's interest in the associates. Financial assets in which the Company has ownership interests below 20%, or over 20% but which the Company or which are not exposed to significant influence of variable returns or which are immaterial are classified as financial assets measured at fair value through profit or loss or financial assets measured at fair value through other comprehensive income in the financial statements, otherwise they are carried at cost in the accompanying financial statements.

Under the equity method, the investment in a joint venture is initially recognised at cost and the carrying amount is increased or decreased to recognise the investor's share of profit or loss of the investee after the date of the acquisition.

Affiliates	Capital	Participation Rate	Participation Amount	Accounting Method
Kumsan Döküm Malzemeleri San. ve Tic. A.Ş.	1.200.000	%25,1	1.213.453	Shares Received from Equity Method

Non-current assets are the assets that the total direct and indirect ownership of the Company are below 20% or are above 20% but the Company does not have a significant influence or do not constitute materiality in terms of financial statement and these financial assets that are not traded in organized markets and whose fair values cannot be measured reliably and that the Company does not intend to sell are recognised in the financial statements at cost, less provision for impairment. Available-for-sale financial assets that are traded in organized markets and whose fair value can be measured reliably are recognized at their fair value. The detailed information regarding financial assets is disclosed in Note 7.

2.04 Changes in Accounting Policies

Whether there are changes and errors in accounting policies and accounting estimates, the amended significant changes and the identified significant accounting errors are implemented retrospectively and the prior periods Company's financial statements are restated. Whether the changes are amended in accounting policies effect the previous periods, aforementioned policy is implemented retrospectively to the financial statements as it had been used in.

2.05 Comparatives And Adjustment of Prior Periods' Financial Statements

Accounting estimates are based on reliable information and reasonable estimation methods. However, estimates are revised as a result of changes in circumstances, estimating new information or additional developments. If changes in accounting forecasts are related to only one period, amendments are made in the current period. If amendments are related to the forthcoming periods, changes are applied in both current period and forthcoming periods. The nature and amount of a change in the accounting estimate, which has an impact on the outcome of the current period or is expected to have an impact on subsequent periods, is disclosed in the notes to the financial statements,

The current period financial statements of the Company include comparative financial information to enable the determination of the trends in financial position and performance.

Where necessary, changes in the reclassification of the current period are applied to the prior financial statements in order to be consistent.

Comparative figures are reclassified, where necessary, to conform to the changes in the presentation of the current period financial statements.

2.06 Changes in accounting policies

Accounting estimates are based on reliable information and reasonable estimation methods. However, estimates are revised as a result of changes in circumstances, estimating new information or additional developments. If changes in accounting forecasts are related to only one period, amendments are made in the current period. If amendments are related to the forthcoming periods, changes are applied in both current period and forthcoming periods. The nature and amount of a change in the accounting estimate, which has an impact on the outcome of the current period or is expected to have an impact on subsequent periods, is disclosed in the notes to the financial statements, except when the estimation of the effect on the future periods is not possible. There are no changes in the accounting estimates and errors expected to have an impact on the results of operations in the current period.

2.07 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in accordance with TFRS requires management to make estimates and assumptions that are reflected in the measurement of income and expense in the statement of profit or loss and in the carrying value of assets and liabilities in the balance sheet, and in the disclosure of information in the notes to the financial statements. Managements do exercise judgment and make use of information available at the date of the preparation of the financial statements in making these estimates. The actual future results from operations in respect of the areas where these judgments and estimates have been made may in reality be different than those estimates.

The key assumptions concerning the future and other key resources of estimation at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and the significant judgments (apart from those involving estimations) with the most significant effect on amounts recognized in the financial statements are as follows:

a) The retirement pay liability is determined using actuarial assumptions (discount rates, future salary increases and employee turnover rates). These assumptions are reviewed at each balance sheet date and revised if necessary. **(Note: 24)**

b) The Company depreciated its tangible assets by using the straight-line depreciation method in accordance with the useful life. Expected useful life residual value and amortization method are reviewed every year for possible effects of changes in estimates and are accounted for on a prospective basis if there is a change in estimates. **(Note: 2.09.04)**

c) Provisions for bad debt reflect the amounts which the Company's management believes to recover future losses for any receivables which are outstanding as of the date of balance sheet with a risk of non-collection in the framework of the current economic conditions. When impairment of receivables is evaluated, past performances of debtors, their credibility on the market and performances between the date of balance sheet and date of approval of the financial statements and renegotiated conditions are also considered. The information regarding the relevant provisions as of the date of balance sheet is given in **Note: 10**.

d) In the case of impairment of inventories, the physical characteristics of the inventories and how much they have come from the past are assessed, the utility of the inventories is determined based on the opinion of the technical staff and provisions are made for the items that are estimated to be unavailable. For calculating the net realizable value of inventories, average selling prices are used. (Note: 13)

e) The Company has made deferred tax calculation in accordance with TAS and TFRS and reflected to the financial statements.

f) Company management, In accordance with the best estimates in the light of legal advisors and expert opinion regarding cases described in detail at Note: 22, has made provision in the financial statements.

2.08 Netting / Offsetting

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.09 Summary of Important Accounting Policies

Accounting policies used in the preparation of the financial statements are summarised below:

2.09.01 Cash and Cash Equivalents

In accordance with TAS/TFRS, cash and cash equivalents of Erkunt Sanayi represent cash on hand and demand deposits, deposits held in banks with maturities of 3 months or less, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value (Note 6). If there are cash and equivalents classified to be used to pay a debt or for another reason within more than 12 months from the balance sheet date, they are included in non-current assets.

2.09.02 Trade Receivables

Trade receivables and notes and post-dated checks classified within trade receivables which are recognized at original invoice amount are measured at amortized cost using the effective interest rate method. Short term trade receivables without specified interest rate, are measured at invoice amount when the interest accrual effect is immaterial.

Notes and post-dated checks classified within trade receivables are carried at their discounted cost by discounting with the effective interest method on the balance sheet date.

Provision for doubtful receivables is recognised as an expense in the period which they incurred. Provision is the amount estimated by the Company management and to cover the possible losses that may arise from economic benefit or the risk in the account and the losses estimated to realise in the subsequent periods.

2.09.03 Inventories

Inventories are evaluated at either the lower of acquisition cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Those costs also include systematically distributed costs from fixed and variable general production expenses incurred in covering direct raw material to the goods. The cost of inventories is determined by the weighted average method. Net realisable value is the estimated selling price in the ordinary course of business, less the costs of completion and selling expenses.

2.09.04 Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation as of 31 December 2004 for the items purchased before 1 January 2005 and for the items purchased as of 1 January 2005, less the accumulated depreciation. Depreciation is provided for property, plant and equipment on a straight-line basis over their estimated useful lives.

The depreciation rates determined by considering the useful lives of the tangible assets are as follows:

Assets Held for Depreciation	**Useful Life (Year)**
Underground and surface layouts	17 - 50
Building	10 - 50
Machinery and equipment	4 - 20
Vehicles	4 - 5
fixed assets	4 - 50
special costs	4 - 10

Useful life and the depreciation method are constantly reviewed, and accordingly, parallels are sought between the depreciation method and the period and the useful life to be derived from the related asset and accounted prospectively.

Gains or losses on disposals of property, plant and equipment are determined by comparing proceeds with their net carrying amounts and are classified under “gains/(losses) from investing activities” in the current period under statement of other comprehensive income.

2.09.05 Intangible Assets

Intangible assets acquired before 1 January 2005 are carried at acquisition costs adjusted for inflation; whereas those purchased in and purchased after 1 January 2005 are carried forward at their acquisition cost less accumulated amortization.

They are initially recognised at acquisition cost and amortised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being recognized for on a prospective basis.

The depreciation rates for intangible assets, which approximate the economic useful lives of such assets, are as follows:

Assets Held for Depreciation	**Useful Life (Year)**
liberties	3 - 15

2.09.06 Borrowing Costs

Borrowing costs capitalised in the period which they incurred and recognised as an expense in the statement of profit or loss. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets is substantially ready for their intended use or sale. The financing costs of borrowings attributable to ongoing investments are capitalised until the completion of the investments. All other borrowing costs are recognized in the statement of profit or loss in the period in which they are incurred. The Company has no capitalised financing cost during the period.

2.09.07 Impairment of Assets

Assets with an indefinite useful life, such as goodwill, are not subject to amortization. An impairment test is applied to these assets each year. For assets subject to amortization, impairment test is applied if the book value cannot be recovered. An impairment loss is recognized if the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs to sell or value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non- financial assets except goodwill that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

2.09.08 Foreign currency translation

Foreign currency transactions are translated into Turkish Lira using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Turkish Lira using the exchange rates at the balance sheet date. Foreign exchange gains and losses resulting from trading activities (trade receivables and payables) denominated in foreign currencies of the Company have been accounted for under “other operating income/expenses”.

The financial statements are presented in TL, which is Erkunt Sanayi’s functional and presentation currency. Transactions in currencies other than functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign currency indexed monetary assets and liabilities are recorded at the rates of exchange prevailing on the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated to functional currency as Turkish Lira using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Currency translation differences recognized as profit or loss in the period which they incurred.

2.09.09 Taxes on income

Income tax expense (or income) is the sum of the current tax expense and the deferred tax expense (or income).

<u>Current tax</u>

Current income tax liability is calculated over the taxable profit for the period. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it excludes items that cannot be taxed or deducted. The Company’s liability for current tax is calculated using legal statutory tax rates that have been enacted or substantively enacted by the balance sheet date.

<u>Deferred tax</u>

Deferred tax assets and liabilities are determined by calculating the temporary differences between the amounts shown in the financial statements and the amounts considered in the statutory tax base in accordance with the balance sheet method. Deferred tax liabilities are recognized for all taxable temporary differences, whereas deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized. Deferred tax liability or asset is not calculated in respect of temporary timing differences arising from the initial recognition of assets or liabilities other than goodwill or business combinations and which do not affect both commercial and financial profit /loss.

Deferred tax liabilities are calculated for all taxable temporary differences related to the investments in subsidiaries and associates and shares in joint ventures, except in cases where the Company is able to control the discontinuation of temporary differences and in the near future it is unlikely that such difference will be eliminated. Deferred tax assets resulting from taxable temporary differences related to such investments and shares are calculated on the condition that it is highly probable that future taxable profit will be available and that it is probable that future differences will be eliminated.

The carrying amount of the deferred tax asset is reviewed at each balance sheet date. The carrying amount of a deferred tax asset is reduced to the extent that it is no longer probable that financial profit will be available to allow the benefit of some or that entire amount.

Deferred tax assets and liabilities are calculated over the tax rates that are expected to be valid in the period when the assets are realized or the liabilities are fulfilled and legalized or substantially legalized as of the balance sheet date (tax regulations). During the calculation of deferred tax assets and liabilities, the tax consequences of the methods that the Company expects to recover or settle the carrying amount of the assets as of the balance sheet date are taken into consideration.

Deferred tax assets and liabilities are recognized when there is a legal right to offset current tax assets and current tax liabilities, or if such assets and liabilities are associated with the income tax collected by the same tax authority, or if the Company intends to pay off the current tax assets and liabilities.

<u>Current and deferred tax for the period</u>

The deferred tax, other than those directly attributable to debt or liability recognized in equity (in which case deferred tax is recognized directly in equity) or deferred tax, other than those arising from initial recognition of business combinations, is recognized as income or expense in the income statement. In business combinations, the tax effect is taken into consideration in the calculation of goodwill or in determining the part of the purchaser that exceeds the acquisition cost of the share of the acquiree’s identifiable assets, liabilities and contingent liabilities in the fair value.

The taxes included in the financial statements include current period tax and the change in deferred taxes. The Company calculates current and deferred tax on the results for the period.

<u>Offsetting in tax assets and liabilities</u>

The amount of corporate tax payable is netted because it is related to prepaid corporate tax amounts. Deferred tax assets and liabilities are also offset in the same way.

2.09.10 Trade Payables

The financial income included in the borrowings is calculated by considering the effective interest method with relevant maturities, and the amounts are presented in the financial income in the accompanying financial statements.

2.09.11 Leases

The Company - as a lessee

At inception of a contract, the Company assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company considers following indicators for the assessment of whether a contract conveys the right to control the use of an identified asset for a period of time or not:

(a) the contract involved the use of an identified asset – this may be specified explicitly or implicitly.

(b) the asset should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, the asset is not identified.

(c) the Company has the right to obtain substantially all of the economic benefits from the use of an asset throughout the period of use; and

(d) the Company has the right to direct use of the asset. The Company concludes to have the right of use, when it is predetermined how and for what purpose the Company will use the asset. The Company has the right to direct use of asset if either:

The Company has the right to operate (or to have the right to direct others to operate) the asset over its useful life and the lessor does not have the rights to change the terms to operate or;

The Company designed the asset (or the specific features) in a way that predetermines how and for what purpose it is used.

The Company recognises a right-of-use asset and a lease liability at the commencement date of the lease following the consideration of the above-mentioned factors.

Right of use asset

At the commencement date, the Company measures the right-of-use asset at cost. The cost of the right-of-use asset comprises:

a) The amount of the initial measurement of the lease liability,

b) Any lease payments made at or before the commencement date, less any lease incentives received,

c) Any initial direct costs incurred by the Company, and

d) An estimate of costs to be incurred by the Company in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease (unless those costs are incurred to produce inventories).

When applying the cost model, Company measures the right-of-use asset at cost:

a) Less any accumulated depreciation and any accumulated impairment losses; and

b) Adjusted for any remeasurement of the lease liability.

The Company applies the depreciation requirements in TAS 16 “Property, Plant and Equipment” in depreciating the right-of-use asset. In the event that the supplier transfers the ownership of the underlying asset to the Company at the end of the lease term or if the cost of use rights indicates that the Company will use a purchase option, the Company depreciates the right of use asset from the effective date of the lease to the end of the useful life of the underlying asset. In other cases, the Company depreciates the right of use assets on the basis of the shorter of the useful life or the lease term of the asset, starting from the effective date of the lease.

The Company applies TAS 36 “Impairment of Assets” to determine whether the right-of-use asset is impaired and to account for any impairment loss identified.

Lease Liability

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted by using the interest rate implicit in the lease, if that rate can be readily determined, or by using the Company’s incremental borrowing rate.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

a) Fixed payments, less any lease incentives receivable,

b) Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date,

c) Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

After the commencement date, the Company measures the lease liability by:

a) Increasing the carrying amount to reflect interest on the lease liability,

b) Reducing the carrying amount to reflect the lease payments made, and

c) Remeasuring the carrying amount to reflect any reassessment or lease modifications. The Company recognises the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

The interest on the lease liabilities for each period in the lease term is the amount found by applying a fixed periodic interest rate to the remaining balance of the lease liabilities. The periodic interest rate, if easily determined, is the implied interest rate on the lease. If this rate cannot be easily determined, the Company uses the Company’s incremental borrowing interest rate.

After the effective date of the lease, the Company remeasures the lease liabilities to reflect changes in lease payments. The Company reflects the remeasurement amount of the lease liabilities to the financial statements as an adjustment to the right of use assets.

The Company remeasures its lease liabilities by deducting the adjusted lease payments at a revised discount rate if either of the following conditions occurs:

(a) A change in the lease term. The Company determines adjusted lease payments based on the adjusted lease term.

(b) Changes in the assessment of the option to purchase the underlying asset. The Company determines adjusted lease payments to reflect the change in the amounts payable under the purchase option.

The Company calculates the adjusted discount rate for the remainder of the lease term if the implicit interest rate in the lease can be easily determined; if it cannot be easily determined, the Company determines the alternative borrowing interest rate at the date of the revaluation.

The Company remeasures its lease liabilities by reducing the adjusted lease payments if either of the following conditions incurred:

(a) Changes in the amounts expected to be paid under a residual value commitment. The Company determines the adjusted lease payments to reflect the change in the amounts expected to be paid under the residual value commitment.

(b) A change in these payments as a result of an index or rate change used to determine future lease payments. The

Company remeasures the lease liabilities to reflect the adjusted lease payments only when there is a change in cash flows.

The Company determines the adjusted lease payments for the remaining lease term based on the adjusted contractual payments. In this case, the Company uses an unchanged discount rate.

The Company recognizes the restructuring of the lease as a separate lease if both of the following conditions are met:

(a) The restructuring shall extend the scope of the lease by adding the right of use on one or more underlying assets; and

(b) The increase in the lease amount by the appropriate price adjustment to reflect the price of the increase alone and the terms of the relevant contract.

2.09.12 Retirement and Provision for Severance Pay

The provision for employment termination benefits, as required by Turkish Labour Law represents the present value of the future probable obligation of the Company arising from the retirement of its employees based on the actuarial projections. TAS 19 “Employee Benefits” requires actuarial assumptions (net discount rate, turnover rate to estimate the probability of retirement etc.) to estimate the entity’s obligation for employment termination benefits. The effects of differences between the actuarial assumptions and the actual outcome together with the effects of changes in actuarial assumptions compose the actuarial gains/losses and recognised in statement of other comprehensive income.

2.09.13 Research and Development Expenses

Expenditures for research and development are charged against income in the period incurred except for project development costs which comply with the following criteria:

– The product or process is clearly defined, and costs are separately identified and measured reliably,

– The technical feasibility of the product is demonstrated,

– The product or process will be sold or used in-house,

– A potential market exists for the product or its usefulness in case of internal use is demonstrated, and

– Adequate technical, financial and other resources required for completion of the project are available.

The costs related to the development projects are capitalized when the criteria above are met and amortized by straight-line basis over the useful lives of related projects.

2.09.14 Financial Instruments

TFRS 9 regulates the provisions regarding the recognition and measurement of financial assets and financial liabilities. This standard replaces TAS 39 Financial Instruments: Recognition and Measurement.

2.09.14.01 Financial Assets

Under TFRS 9, on initial recognition, a financial asset is classified as measured at: amortized cost; fair value through other comprehensive income (FVOCI) – debt investment; FVOCI – equity investment; or FVTPL. The classification of financial assets under TFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. Derivatives embedded in contracts where the host is a financial asset in the scope of the standard are never separated. Instead, the hybrid financial instrument as a whole is assessed for classification.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

– it is held within a business model whose objective is to hold assets to collect contractual cash flows; and

– its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

– it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

– its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by- investment basis.

All financial assets not classified as measured at amortized for the FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized for the at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Trade Receivables

Trade receivables and notes and post-dated checks classified within trade receivables which are recognized at original invoice amount are measured at amortized cost using the effective interest rate method. Short term trade receivables without specified interest rate, are measured at invoice amount when the interest accrual effect is immaterial.

A credit risk provision for trade receivables is established if there is objective evidence that the Company will not be able to collect all amounts due. The provision is an estimated amount which is difference between existing receivable and collectible amount. Collectible amount is the discounted value of trade receivables, all cash flows including collections from guarantees by using original effective interest rate.

Post dated cheques received with maturity dates exceeding the balance sheet date are classified in trade receivables and are rediscounted using the interest rates determined for government debt securities by considering the interest levels arising in the stock exchanges or other organized markets.

A credit risk provision for trade receivables is established if there is objective evidence that the Company will not be able to collect all such receivables. The provision for doubtful receivables is established through a provision charged to expenses. Provision is made when there is objective evidence that the Company will not be able to collect the debts. The provision is an estimated amount that management believes to be adequate to absorb possible future losses on existing receivables that may become uncollectible due to current economic conditions and inherent risks in the receivables. Bad debts are written off when identified. Provision for doubtful receivables is recognized as an expense when identified.

If a portion or the entire amount of a receivable is collected after provided for a provision, the collected amount is deducted from total provision and is recognized as an income in the comprehensive income statement.

The Company has preferred to apply "simplified approach" for the recognition of impairment losses on trade receivables, carried at amortised cost and that do not comprise of any significant finance component (those with maturity less than 12 months). In accordance with the simplified approach, Company measures the loss allowances regarding its trade receivables at an amount equal to "lifetime expected credit losses" except incurred credit losses in which trade receivables are already impaired for a specific reason.

Derivative financial instruments

Derivative financial instruments are initially recognised in the statement of financial position at cost and subsequently are re-measured at their fair value. The derivative instruments of the Company mainly consist of foreign exchange forward contracts and related transactions. These derivative transactions, even though providing effective economic hedges under the Company risk management position, do not generally qualify for hedge accounting, therefore treated as 'derivative financial instruments held for trading. Any gains or losses arising from changes in the fair value of such kind of financial instruments are recognized understatement of profit and loss.

Impairments on financial assets

Financial assets are assessed at each balance sheet date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that had occurred after the initial recognition of the asset and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. For loans and receivables impairment loss has been incurred the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows.

Except for trade receivables, which is reduced through the use of an provision account, impairment on all other financial assets are directly written-off in the related account. In case trade receivables cannot be collected, the related amount is written-off from provision account. The change in provision is accounted in the other comprehensive income statement.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and at banks and short-term highly liquid and the risk of value change is not material investments including time deposits generally having original maturities of three months or less.

Bank accounts consist of time and demand deposit accounts and the related interest accrued. The Turkish Lira balances are stated at face values and the foreign currency balances are translated into Turkish Lira at the foreign currency rate issued by the. Central Bank of Turkey as at the report date. Time deposit accounts are stated as calculated by adding accrued interest as of balance sheet date on the principal amount.

2.09.14.02 Financial Liabilities

TFRS 9 preserves the existing provisions in TAS 39 for the classification and measurement of financial liabilities. However, the previous TAS 39 classification categories for held-to-maturity financial assets, loans and receivables, and available-for-sale financial assets have been removed.

The adoption of TFRS 9 did not have a material influence on the Company's accounting policies regarding its financial liabilities and derivative instruments.

The Company's financial liabilities and equity instruments are classified according to contractual arrangements and the basis of definition of a financial liability and an equity instrument. The contract that represents the right to the remaining assets of the Company less borrowings is an equity-based financial instrument.

The accounting policies applied for financial liabilities and equity-based financial instruments are as follows.

Financial liabilities are classified as financial liabilities at fair value through profit or loss or other financial liabilities.

a) Financial liabilities whose fair value difference is recognized in the profit/loss accounts

Financial liabilities at fair value through profit or loss are recognized at fair value and revalued at their fair value at the reporting date in each reporting period. The change in their fair value is recognized in the income statement. The net gain or loss recognized in the profit or loss statement also includes the interest paid on the financial liability.

b) Other Financial Liabilities

Other financial liabilities, including financial liabilities, are initially recognized at fair value net of transaction costs. They are subsequently accounted for at amortized cost using the effective interest method, together with the interest expense calculated over the effective interest rate.

The effective interest method is the method of calculating the amortized costs of the financial liability and allocating the related interest expense to the related period. Effective interest rate is the rate that exactly discounts estimated future cash payments over the expected value of the financial instrument or a shorter period of time, to the net present value of the financial liability.

2.09.15 Provisions, Contingent Liabilities and Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Contingent liabilities are consistently reviewed prior to the probability of any cash out-flow. In case of the cash outflow is probable, provision is allocated in the financial statements of the year the probability of contingent liability accounts is changed. A provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and reliable estimate can be made for the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the statement of financial position date, taking into account the risks and uncertainties surrounding the obligation.

Where the effect of the time value of money is material, the amount of provision shall be the present value of the expenditures expected to be required to settle the obligation. The discount rate reflects current market assessments of the time value of money and the risks specific to the liability. The discount rate shall be a pre-tax rate and shall not reflect risks for which future cash flow estimates have been adjusted.

Possible assets or obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company are not included in the financial statements and treated as contingent assets or liabilities.

2.09.16 Related Parties

For the purpose of these financial statements, shareholders, parents of Erkunt Sanayi Anonim Şirketi key management personnel and Board of Directors members, their close family members and the legal entities over which these related parties exercise control and significant influence, are considered and expressed as “related parties”. The detailed explanation regarding related parties is disclosed in Note 37.

2.09.17 Revenue recognition

The Company adopted TFRS 15, “Revenue from Contracts with Customers” which proposes a five-step model framework mentioned below for recognizing the revenue.

– Identify the contact with customers
– Identify separate performance obligations in the contract
– Determine the transaction price in contract
– Allocate the transaction price to the performance obligations in the contract
– Recognise revenue

A contract with a customer recognized as a revenue will be within the scope of TFRS 15 if all the following conditions are met:

– the contract has been approved by the parties to the contract;
– each party’s rights in relation to the goods or services to be transferred can be identified;
– the payment terms for the goods or services to be transferred can be identified;
– the contract has commercial substance; and
– it is probable that the consideration to which the entity is entitled to in exchange for the goods or services will be collected.

The Company assess the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. For each performance obligation identified, the entity determine at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If the Company transfers control of a good or service over time and therefore satisfies a performance obligation and recognises revenue over time. The Company recognise revenue when the entity satisfies a performance obligation by transferring a promised good or service to the customer. An asset is transferred when the customer obtains control of that asset or service.

The Company does not adjust the promised amount of consideration for the effects of a significant financing component since the Company expects, at contract inception, that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less. If the financing component is significant in revenue, future collections are discounted by the interest rate in financing component. The difference is recognised as income from operating activities in current period.

2.09.18 Statement of cash flow

Cash flows during the period are classified and reported by operating, investing and financing activities in the cash flow statements. Cash flows from operating activities represent the cash flows generated from the Company’s activities.

Cash flows from investing activities represent the cash flows that are used in or provided from the investing activities of the Company (property, plant and equipment, intangible assets and financial assets).

Cash flows from financing activities represent the cash proceeds from the financing activities of the Company and the repayments of these funds.

Cash and cash equivalents comprise cash on hand and demand deposits, deposits held in banks with maturities of 3 months or less, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value.

2.09.19 Earning / Loss per Share

Earnings per share disclosed in the statement of profit or loss are determined by dividing net income attributable to equity holders of the parent by the weighted average number of shares outstanding during the period concerned.

In Turkey, companies can increase their share capital through a pro-rata distribution of shares (“bonus shares”) to existing shareholders from retained earnings and inflation adjustment to equity. For the purpose of earnings per share computations, the weighted average number of shares in existence during the period has been adjusted in respect of bonus share issues without a corresponding change in resources, by giving them retroactive effect for the period in which they were issued and each earlier period as if the event had occurred at the beginning of the earliest period reported.

2.09.20 Events After Balance Sheet Date

Event after the reporting period is an event that which could be favourable or unfavourable, that occurs between the end of the reporting period and the date that the financial statements are authorised for issue. The Company adjusts the amounts recognised in its financial statements to reflect the adjusting events after the balance sheet date. If non- adjusting events after the balance sheet date have material influence on the economic decisions of users of the financial statements, they are disclosed in the notes to the financial statements **(Note 40)**.

2.09.21 Investment Property

Properties held for rental yields or for capital appreciation or both, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business are classified as “investment property”.

Investment properties are carried at cost less accumulated depreciation and any accumulated impairment losses. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the balance sheet date. Daily repair and maintenance is not included in the aforementioned costs. Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss in the year in which they arise. Investment properties are derecognized when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the statement of profit or loss in the year of retirement or disposal. The detailed information regarding investment properties is disclosed in **Note 17**.

Depreciation rates determined by considering useful lifes of Investment Property is follows

	Use Ful Life (Year)
Buildings	39-50

2.10 Going Concern

As of 31 December 2023, the Company has prepared its financial statements with the assumption on the Company's ability to continue its operations in the foreseeable future as a going concern basis of accounting.

2.11 New and Revised International Financial Reporting Standards

i) The new standards, amendments and interpretations and interpretations to the existing previous standards which are effective as of 31 December 2023 are as follows:

Amendments to TAS 8 - Definition of Accounting Estimates

In August 2021, the POA issued amendments to TAS 8, in which it introduces a new definition of "accounting estimates". The amendments issued to TAS 8 are effective for annual periods beginning on or after 1 January 2023. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amended standard clarifies that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors. The previous definition of a change in accounting estimate specified that changes in accounting estimates may result from new information or new developments. Therefore, such changes are not corrections of errors. This aspect of the definition was retained by the POA. The amendments apply to changes in accounting policies and changes in accounting estimates that occur on or after the commencement of the effective date. Earlier application is permitted. The amendments did not have a significant material influence on the financial position or performance of the Company.

Amendments to TAS 1 - Disclosure of Accounting Policies

In August 2021, POA issued amendments to TAS 1, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. In the absence of a definition of the term 'significant' in TFRS, the POA decided to replace it with 'material' in the context of disclosing accounting policy information. "Material" is a defined term in TFRS and is widely understood by the users of financial statements, according to the POA. In assessing the materiality of accounting policy information, entities need to consider both the size of the transactions, other events or conditions and the nature of them. Examples of circumstances in which an entity is likely to consider accounting policy information to be material have been added. The amendments did not have a significant material influence on the financial position or performance of the Company.

Amendments to TAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction

In August 2021, POA issued amendments to TAS 12, which narrow the scope of the initial recognition exception under TAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense). This judgement is important in determining whether any temporary differences exist on initial recognition of the asset and liability. The amendments apply to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for all deductible and taxable temporary differences associated with leases and decommissioning obligations should be recognized.

The amendments did not have a significant material influence on the financial position or performance of the Company.

Amendments to TAS 12 - International Tax Reform – Pillar Two Model Rules

In September 2023, POA issued amendments to TAS 12, which introduce a mandatory exception in TAS 12 from recognizing and disclosing deferred tax assets and liabilities related to Pillar Two income taxes. The amendments clarify that TAS 12 applies to income taxes arising from tax laws enacted or substantively enacted to implement the Pillar Two Model Rules published by the Organization for Economic Cooperation and Development (OECD). The amendments also introduced targeted disclosure requirements for entities affected by the tax laws. The temporary exception from recognition and disclosure of information about deferred taxes and the requirement to disclose the application of the exception apply immediately and retrospectively upon issue of the amendments. However, certain disclosure requirements are not required to be applied for any interim period ending on or before 31 December 2023.

The amendments did not have a significant material influence on the financial position or performance of the Company.

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the financial statements are as follows. The Company will make the necessary changes if not indicated otherwise, which will be affecting the financial statements and disclosures, when the new standards and interpretations become effective.

Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2017, POA postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted.

The Company will wait until the final amendment to assess the material influence of the changes.

TFRS 17 - The new Standard for insurance contracts

POA issued TFRS 17 in February 2019, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. The mandatory effective date of the Standard postponed to accounting periods beginning on or after January 1, 2024 with the announcement made by the POA.

The standard is not applicable for the Company and will not have a material influence on the financial position or performance of the Company.

Amendments to TAS 1- Classification of Liabilities as Current and Non-Current Liabilities

In January 2021 and January 2023, POA issued amendments to TAS 1 to specify the requirements for classifying liabilities as current or non-current. According to the amendments made in January 2023 if an entity's right to defer settlement of a liability is subject to the entity complying with the required covenants at a date subsequent to the reporting period ("future covenants"), the entity has a right to defer settlement of the liability even if it does not comply with those covenants at the end of the reporting period. In addition, January 2023 amendments require an entity to provide disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months. This disclosure must include information about the covenants and the related liabilities. The amendments clarified that the classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability for at least twelve months after the reporting period. The amendments are effective for periods beginning on or after 1 January 2024. The amendments must be applied retrospectively in accordance with TAS 8. Early application is permitted. However, an entity that applies the 2020 amendments early is also required to apply the 2023 amendments, and vice versa.

The amendments are not applicable for the Company and will not have a material influence on the financial position or performance of the Company.

Amendments to TFRS 16 - Lease Liability in a Sale and Leaseback

In January 2023, POA issued amendments to TFRS 16. The amendments specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognize any amount of the gain or loss that relates to the right of use it retains. In applying requirements of TFRS 16 under "Subsequent measurement of the lease liability" heading after the commencement date in a sale and leaseback transaction, the seller lessee determines 'lease payments' or 'revised lease payments' in such a way that the seller-lessee would not recognized any amount of the gain or loss that relates to the right of use retained by the seller-lessee. The amendments do not prescribe specific measurement requirements for lease liabilities arising from a leaseback. The initial measurement of the lease liability arising from a leaseback may result in a seller-lessee determining 'lease payments' that are different from the general definition of lease payments in TFRS 16. The seller-lessee will need to develop and apply an accounting policy that results in information that is relevant and reliable in accordance with TAS 8. A seller-lessee applies the amendments to annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted. A seller-lessee applies the amendments retrospectively in accordance with TAS 8 to sale and leaseback transactions entered into after the date of initial application of TFRS 16.

The amendments are not applicable for the Company and will not have a material influence on the financial position or performance of the Company.

Amendments to TAS 7 and TFRS 7 - Disclosures: Supplier Finance Arrangements

The amendments issued by POA in September 2023 specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. Supplier finance arrangements are characterized by one or more finance providers offering to pay amounts an entity owes its suppliers and the entity agreeing to pay according to the terms and conditions of the arrangements at the same date as, or a date later than, suppliers are paid. The amendments require an entity to provide information about terms and conditions of those arrangements, quantitative information on liabilities related to those arrangements as at the beginning and end of the reporting period and the type and effect of non-cash changes in the carrying amounts of those liabilities. In the context of quantitative liquidity risk disclosures required by TFRS 7, supplier finance arrangements are also included as an example of other factors that might be relevant to disclose. The amendments will be effective for annual reporting periods beginning on or after 1 January 2024. Early adoption is permitted but will need to be disclosed.

Overall, the Company expects no significant material influence on its financial statements.

3. BUSINESS COMBINATIONS

As of 31 December 2023 and 2022, the Company has no business combinations subject to common control and relevant transactions.

4. DISCLOSURE OF INTERESTS IN OTHER ENTITIES

Erkunt Traktör has no interests in subsidiaries, joint arrangements, associates and unconsolidated "structured entities".

Fixtures	Türkiye Sigorta	217.233.156	31.12.2022	31.12.2023
Total		**3.628.343.110**		

As of 31 December 2023 and 2022, the Company has no mortgages and restrictions on its assets.

23. COMMITMENTS

None. (December 31, 2022: None).

24. PROVISIONS FOR EMPLOYEE BENEFITS

As of 31 December 2023 and 2022, long-term provisions for employee benefits of Erkunt Sanayi is as follows:

Account Name	**Dec 31, 2023**	Dec 31, 2022
Provision for employee termination benefits	**163.009.010**	173.019.645
Total	**163.009.010**	173.019.645

Under Turkish Labour Law, Erkunt Sanayi and its associate incorporated in Turkey are required to pay termination benefits to each employee who has completed one year of service and whose employment is terminated without due cause, who is called up for military service, dies or retires after completing 25 years of service (20 years for women) and reaches the retirement age (58 for women and 60 for men). As of 31 December 2023, the amount payable consists of one month's salary limited to a maximum of TL 35.058,58 (31 December 2022: TL 19.982,83) for each year of service.

The liability is not funded as there is no funding requirement.

The provision has been calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees. TAS 19 ("Employee Benefits") requires actuarial valuation methods to be developed to estimate the entity's obligation under defined benefit plans. Accordingly, the following actuarial assumptions are used in the calculation of total liabilities:

The principal assumption is that the maximum liability for each year of service increases in line with inflation. Therefore, the discount rate applied represents the expected real rate after adjusting for future inflation effects. As of 31 December 2023, the provisions in the accompanying financial statements are calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees. As of 31 December 2023, the provisions at the respective balance sheet dates have been calculated assuming an annual inflation rate of 21% and an interest rate of 23%, resulting in a discount rate of 1.65% (31 December 2022: 18% and 23%, respectively).

The movements of provision for employment termination benefits are as follows:

	1 Jan- Dec 31, 2023	1 Jan- Dec 31, 2022
1 January start of term	**173.019.645**	107.676.643
Payment (-)	**(30.787.823)**	(7.682.882)
Interest cost	**10.602.473**	14.420.722
Current service cost	**39.269.585**	2.203.666
Actuarial loss / (gain)	**38.919.871**	98.529.404
Monetary gain / (loss), net	**(68.014.741)**	(42.127.908)
December 31, end of period	**163.009.010**	173.019.645

25. TAX ASSETS AND LIABILITIES

None.(December 31,20122: None)

26. OTHER ASSETS AND LIABILITIES

As of 31 December 2023 and 2022, the breakdown of other current assets is as follows:

Account Name	**Dec 31, 2023**	Dec 31, 2022
Deactivated vat	**45.450.697**	115.411.179
Personnel advances	**–**	322.995
Total	**45.450.697**	115.734.174

As of 31 December 2023 and 2022, the Company has no other non-current assets.

As of 31 December 2023 and 2022, the Company has no other non-current liabilities.

27. EQUITY

As of 31 December 2023 and 2022, the breakdown of equity items is as follows:

Account Name	**Dec 31, 2023**	Dec 31, 2022
Capital receipts	**15.120.000**	15.120.000
Total	**15.120.000**	15.120.000

i) Non-Controlling Shares

None.

ii) Capital Reserves

None.

iii) Restricted reserves from the Profit

The legal reserves consist of first and second legal reserves, appropriated in accordance with the Turkish Commercial Code (TCC). The TCC stipulates that the first legal reserve is appropriated out of historical statutory profits at the rate of 5% per annum, until the total reserve reaches 20% of the Company's historical paid-in share capital. The second legal reserve is appropriated at the rate of 10% per annum of all cash distributions in excess of 5% of the historical paid-in share capital. Under TCC, the legal reserves are not available for distribution unless they exceed 50% of the historical paid-in share capital but may be used to offset losses in the event that historical general reserve is exhausted. The details of the restricted reserves are as follows:

Account Name	**Dec 31, 2023**	Dec 31, 2022
Restricted reserves allocated from profit	**168.356.538**	168.356.538
Total	**168.356.538**	168.356.538

iv) Profits / Losses for the Previous Year

Account Name	**Dec 31, 2023**	Dec 31, 2022
Retained years' profits or (losses)	**861.419.117**	838.103.622
Total	**861.419.117**	838.103.622

v) Accumulated Other Comprehensive Income or Expense that will not be reclassified to Profit or Loss

Account Name	**Dec 31, 2023**	Dec 31, 2022
Actuarial gains and losses (note:24)	**(137.449.275)**	(98.529.404)
Deferred tax effect (note:35)	**34.362.319**	19.705.880
Will not be reclassified to profit or loss - accumulated other comprehensive income/(expense)	**(103.086.956)**	(78.823.524)

vi) Other Considerations

"Paid-in share capital", "Restricted reserves" and "Share premium" should be recognised at their amounts presented in the statutory records. In accordance with the implementation of the relevant communique, the differences are associated with in the accompanying financial statements (such as inflation adjustments) are as follows:

- If it arises from "Paid-in share capital" and has not been included to the share capital yet, it should be reclassified tp the "Adjustment to share capital" to be recognised after "Paid-in share capital".
- If it arises from "Restricted reserves" and "Share Premium" and has not yet been subject to profit distribution or capital increase, it must be reclassified to "Retained earnings".

Other equity items are carried with their amounts in accordance with Turkish Financial Reporting Standards ("TFRS") issued by POA.

28. REVENUE AND COST OF SALES

As of 31 December 2023 and 2022, the functional breakdown of revenue and cost of sales is as follows:

Account Name	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Revenues	**4.016.749.520**	4.295.582.655
Domestic sales	**1.022.009.690**	917.284.774
Export sales	**3.122.422.623**	3.499.389.039
Other income	**1.223.827**	1.308.782
Sales returns (-)	**(52.316.209)**	(56.999.233)
Sales deductions (-)	**(76.590.411)**	(65.400.707)

Total	**(646.207.300)**	(416.161.187)

31. OTHER OPERATING INCOME/(EXPENSES)

As of 31 December 2023 and 2022, the functional breakdown of other operating income/(expenses) is as follows:

Other income from main activities	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Foreign exchange gain	**314.305.735**	638.050.815
Provision for doubtful receivables that are no longer valid	**2.889.761**	3.800.614
Provision for unrelated lawsuits	**136.301**	128.854
Other income	**35.140.895**	165.721
Total	**352.472.692**	642.146.004

Other operating expenses (-)	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Foreign exchange losses	**(335.042.956)**	(651.998.118)
Non-operating expenses (personnel expenses)	**(30.669.718)**	(12.814.684)
Non-operating expenses (depreciation expenses)	**(3.954.648)**	(3.311.992)
Provision for doubtful debts expense	**(1.455.951)**	(4.761.544)
Litigation expense	**(4.273.216)**	(383.146)
Tax, duty and duty expenses	**(6.405.168)**	(385.702)
Other expenses	**(24.553.121)**	(1.635.403)
Total	**(406.354.778)**	(675.290.589)

32. GAINS/(LOSSES) FROM INVESTMENT ACTIVITIES

As of 31 December 2023 and 2022, the functional breakdown of gains from investment activities is as follows:

Income from investment activities	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Gain on sale of securities	**792.693**	539.913
Gain on sale of property, plant, and equipment	**14.979**	2.916.172
Total	**807.672**	3.456.085

Expenses from investment activities (-)	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Loss on sale of property, plant, and equipment	**–**	(802.283)
Total	**–**	(802.283)

33. FINANCIAL INCOME/(EXPENSES)

As of 31 December 2023 and 2022, the functional breakdown of financial income is as follows:

Finance income	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Interest income on deposits	**1.010.647**	403.105
Total	**1.010.647**	403.105

As of 31 December 2023 and 2022, the functional breakdown of financial expenses is as follows:

Finance expenses (-)	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Interest expenses	**(46.837.866)**	(26.865.147)
Total	**(46.837.866)**	(26.865.147)

The Company has no capitalised financing cost during the period.

34. NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

None. (December 31, 2022: None).

35. INCOME TAXES

The Company's tax expense (or income) consists of current period corporate income tax expense and deferred tax expense or income and the breakdown and details of income taxes are as follows:

Account Name	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Current period legal tax provision (-)	**(48.676.958)**	(58.997.576)
Deferred tax income / (expense)	**(54.097.013)**	(9.388.076)
Total tax income / (expense)	**(102.773.971)**	(68.385.652)

i) *Current Period Legal Provision for Tax*

Advance tax in Turkey is calculated and accrued on a quarterly basis. Accordingly, the Company has been calculated tax in accordance with the 2023 earnings in the first advance tax period, an advance tax rate of 25% was calculated on corporate earnings.

Account Name	Jan 1- Dec 31, 2023	Jan 1- Dec 31, 2022
Provision for corporate tax	48.676.958	58.997.576
Prepaid taxes and other liabilities of period profit	(45.106.836)	(47.769.948)
Current period legal tax liability	**3.570.122**	**11.227.628**

According to Turkish Corporate Tax Law, losses can be carried forward to offset the future taxable income for a maximum period of 5 years. On the other hand, such losses cannot be carried back to offset prior years' profits.

According to corporate tax law article numbered 20, the corporate tax is imposed by the taxpayer's tax returns. In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their corporate tax returns between 1-25 April following the close of the accounting year. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

Income withholding tax

In addition to the corporate tax, it is required to calculate income tax withholding on any dividends, except for those distributed to all taxpayer entities and Turkish branches of foreign companies gaining dividend for such distribution and declaring these dividends within the corporate profit. The rate of income withholding tax implemented as 10% between 24 April 2003 and 22 July 2006. The rate of withholding tax has been increased from 10% to 15% upon the Cabinet decision No: 2006/10731, which was published in Official Gazette on July 23, 2006. Undistributed dividends incorporated in share capital are not subject to income tax withholding. In accordance with the decision of Cabinet numbered 2009-14592 dated 12 January 2009, the rate has been applied as 15%.

ii) Deferred Tax:

Deferred tax assets and liabilities are determined by calculating the temporary differences between the amounts shown in the financial statements and the amounts considered in the statutory tax base in accordance with the balance sheet method. Deferred tax liabilities are recognized for all taxable temporary differences, whereas deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized. Deferred tax liability or asset is not calculated in respect of temporary timing differences arising from the initial recognition of assets or liabilities other than goodwill or business combinations and which do not affect both commercial and financial profit /loss.

Deferred tax liabilities are calculated for all taxable temporary differences related to the investments in subsidiaries and associates and shares in joint ventures, except in cases where the Company is able to control the discontinuation of temporary differences and in the near future it is unlikely that such difference will be eliminated. Deferred tax assets resulting from taxable temporary differences related to such investments and shares are calculated on the condition that it is highly probable that future taxable profit will be available and that it is probable that future differences will be eliminated.

The carrying amount of the deferred tax asset is reviewed at each balance sheet date. The carrying amount of a deferred tax asset is reduced to the extent that it is no longer probable that financial profit will be available to allow the benefit of some or that entire amount.

Deferred tax assets and liabilities are calculated over the tax rates that are expected to be valid in the period when the assets are realized or the liabilities are fulfilled and legalized or substantially legalized as of the balance sheet date (tax regulations). During the calculation of deferred tax assets and liabilities, the tax consequences of the methods that the Company expects to recover or settle the carrying amount of the assets as of the balance sheet date are taken into consideration.

Deferred tax assets and liabilities are recognized when there is a legal right to offset current tax assets and current tax liabilities, or if such assets and liabilities are associated with the income tax collected by the same tax authority, or if the Company intends to pay off the current tax assets and liabilities.

As of 31 December 2023 and 2022, the breakdown of cumulative temporary differences and deferred tax assets and liabilities provided using principal tax rates are as follows:

	Accumulated temporary differences		**Deffered tax assets / (liability)**	
	Dec 31, 2023	Dec 31, 2022	**Dec 31, 2023**	Dec 31, 2022
Inventory	**31.627.456**	48.279.200	**7.906.864**	12.069.800

38. NATURE AND LEVEL OF RISKS DERIVED FROM FINANCIAL INSTRUMENTS

Financial Risk Management Objectives and Policies

The Company is exposed to variety of financial risks due to its operations. These risks include credit risk, price risk, foreign exchange risk, interest rate risk and liquidity risk. The Company's overall risk management strategy focuses on the unpredictability of financial markets and targets to minimise potential adverse effects on the Company's financial performance. The Company also has financial instruments such as trade receivables and trade payables that arise directly from its operations.

The Company has financial instruments such as bank borrowings, finance leases, cash on hand and short-term bank deposits which are applied on foreign exchange risk, interest rate risk, credit risk and liquidity risk. The Company management manages these risks as follows. The Company also monitors the market risk that may arise from the use of financial instruments.

Capital risk management

The Company, while trying to maintain the continuity of its activities in capital management on one hand, aims to increase its profitability by using the balance between debts and resources on the other hand. The capital structure of the Company consists of cash and cash equivalents disclosed in note 6, borrowings explained in note 8 and equity items containing respectively issued share capital, capital reserves, profit reserves and profits of previous years disclosed in note 27. Risks, associated with each capital class, and the senior management evaluates the capital cost. It is aimed that the capital structure will be stabilized by means of new borrowings or repaying the existing debts as well as dividend payments and new share issuances based on the senior management evaluations.

The Company monitors capital on the basis of the net financial debt/total equity ratio. This ratio calculated as dividing net debt by total capital. Net debt is calculated by deducting cash and cash equivalents from the total debt amount (includes borrowings, finance leases and trade payables as disclosed in the statement of financial position). Total capital is calculated as equity, as presented in the statement of financial position, plus net debt. General strategy based on the Company's equity does not differ from the prior period. The Company's overall risk management strategy focuses on the unpredictability of financial markets and targets to minimise potential adverse effects on the Company's financial performance.

Net financial debt/invested capital ratio as of 31 December 2023 and 2022 are as follows:

	Dec 31, 2023	Dec 31, 2022
Total debts	**1.154.484.130**	1.075.052.835
Liguid assets (-)	**44.542.603**	56.132.945
Net debt	**1.109.941.527**	1.018.919.890
Total equity	**1.153.544.710**	1.190.803.667
Total capital	**2.263.486.237**	2.209.723.557
Net debt/Total capital rate	**0.49**	0.46

The Company has no speculative financial instruments (including derivative instruments) and has no any operations related to the trading of such instruments.

Foreign Currency Risk

Foreign exchange risk arises from the fact that the Company has liabilities denominated in USD, EURO and GBP.

Foreign exchange transactions result in foreign exchange risk arising from foreign exchange denominated assets and liabilities into Turkish Lira. The Company's exposure to foreign exchange risk arises from its borrowings, finance lease liabilities, receivables and payables denominated in foreign currencies. In order to minimize this risk, the Company monitors its financial position and cash inflows/outflows with detailed cash flow statements as of 31 December 2023 and 2022.

The following table details the Company's foreign currency sensitivity as at 31 December 2023 and 2022 for the changes at the rate of 10%.

The following table details the Company's foreign currency sensitivity as at 31 December 2023 and 2022 for the changes at the rate of 10% in the statement of financial position:

Exchange Rate Sensitivity Analysis Table (Current Period) Dec 31, 2023

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. Total credit risk is presented in the statement of financial position.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Company seeks to manage its credit risk exposure through diversification of sales activities to avoid undue concentrations of risks with individuals or groups of customers in specific locations or businesses. The Company also obtains security when appropriate. It is the Company's policy to enter into financial instruments with a diversity of creditworthy counterparties.

Liquidity Risk

Liquidity risk is the risk that a Company will be unable to meet its funding needs. Prudent liquidity risk management is to provide sufficient cash and cash equivalents, to enable funding with the support of credit limits provided by reliable credit institutions and to close funding deficit. The Company provides funding by balancing cash inflows and outflows through the provision of credit lines in the business environment.

Undiscounted contractual cash flows of the non-derivative financial liabilities in TL as of 31 December 2023 and 2022 are as follows:

Dec 31, 2023 **Contract Term /Expected Term**	**Book Value**	**Total Cashout In Accordance With the Contract**	**0-3 month**	**4-12 month**	**1-5 year**	**More than 5 years**

Interest Risk

The Company is exposed to interest rate risk arising from the rate changes on interest-bearing liabilities and assets. The Company manages this risk by balancing the repricing terms of interest-bearing assets and liabilities with fixed and floating interest rate financial instruments and short-long term nature of borrowings.

As of 31 December 2023 and 2022, interest position of Erkunt Sanayi is as follows:

Interest Position **Fixed interest financial instruments**	**Dec 31, 2023**	Dec 31, 2022
Financial assets	**–**	3.295.458
Financial Obligations	**182.844.316**	65.835.649

Variable interest financial instruments	**Dec 31, 2023**	Dec 31, 2022
Financial assets	**–**	–
Financial Obligations	**–**	–

Price Risk

Price risk include foreign exchange risk, interest rate and market risk. The Company manages this risk by balancing the repricing terms of interest-bearing assets and liabilities with fixed-floating interest. Market risk have been determined by the Company by using available market information and appropriate valuation methodologies.

Capital Management

The Company's main objectives for capital management are to keep the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The capital structure of the Company consists of cash and cash equivalents and equity items containing respectively issued share capital, capital reserves, profit reserves and profits of previous years.

Risks, associated with each capital class, and the senior management evaluates the capital cost. It is aimed that the capital structure will be stabilized by means of new borrowings or repaying the existing debts as well as dividend payments and new share issuances based on the senior management evaluations.

General strategy based on the Company's equity does not differ from the prior period.

Fair value of financial assets and liabilities

Fair value is the amount for which a financial instrument could be exchanged, or a liability settled between, willing parties during current transaction, other than in a forced sale or liquidation, and is best evidenced through a quoted market price, if one exists.

Foreign currency denominated receivables and payables are translated with the exchange rates prevailing as of the date of the financial statements.

The following methods and assumptions are used to estimate the fair values of financial instruments:

Financial Assets

Carrying values of cash and cash equivalents, accrued interests and other financial assets are approximate to their fair values due to their short-term nature and insignificant credit risk. The carrying values of receivables estimated that reflecting the fair value with the less provision for doubtful receivables.

Financial Liabilities

The fair values of trade payables and other monetary liabilities are considered to approximate their respective carrying values due to their short-term nature. Bank borrowings are carried at their discounted cost and transaction costs are added to the initial cost of the borrowing. The fair values of the borrowings after discount are considered to be approximate to their corresponding carrying values. In addition, it is considered that the fair values of the trade payables are approximate to their respective carrying value due to their short-term nature.

39. FINANCIAL INSTRUMENTS (FAIR VALUE DISCLOSURES AND HEDGE ACCOUNTING)

<u>Fair value of financial instruments</u>

The fair value of the financial assets and liabilities is determined as follows:

- Level 1: Financial assets and liabilities are valued at quoted prices traded on the active market for the same assets and liabilities.
- Level 2: Financial assets and liabilities are valued at inputs that are used to determine the price of the asset or liability that is observable directly or indirectly in the market, other than the quoted price at the first level.
- Level 3: Financial assets and liabilities are valued at inputs that are not based on observable inputs in the market for the fair value of an asset or liability.

The Company has no classification regarding its financial assets and liabilities at fair value (31 December 2022: None).

Fair value is the amount for which a financial instrument could be exchanged, or a liability settled between, willing parties during current transaction, other than in a forced sale or liquidation, and is best evidenced through a quoted market price, if one exists.

The Company determined fair value of financial instruments by using available market information and appropriate valuation methods. However, evaluating the market information and forecasting the real values requires interpretation. As a result, the estimates presented herein are not necessarily indicative of the amounts the Company could realize in a current market exchange.

AUDITOR'S REPORT

To the Annual General Meeting of Sampo-Rosenlew Oy

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Sampo-Rosenlew Oy (business identity code 0773638-7) for the year ended 31 March, 2024. The financial statements comprise the balance sheet, income statement, cash flow statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

– Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

– Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

– Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

– Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

– Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Reporting Requirements

Other Information

The Board of Directors and the Managing Director are responsible for the other information. The other information comprises the report of the Board of Directors. Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Our responsibility also includes considering whether the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

In our opinion, the information in the report of the Board of Directors is consistent with the information in the financial statements and the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

If, based on the work we have performed, we conclude that there is a material misstatement of the report of the Board of Directors, we are required to report that fact. We have nothing to report in this regard.

NOTES TO THE FINANCIAL STATEMENT 31 MARCH 2024

A. Basis of preparation

1. Valuation Principles

Deferred Tax assets:
The company's financial statements have included estimated tax receivables related to losses from old years confirmed in taxation. The deferred tax asset has been written down in the 31.03.2024 financial statements after the company's management determined that utilization of the deferred tax asset is not likely.

Valuation of Fixed Assets:
Fixed assets are carried at direct purchase cost with deduction of planned depreciations. Depreciation according to plan has been computed according to either the total useful lives of the fixed assets goods or with maximum reducing balance method. The depreciation principles are given as follows.

Depreciation plan prepared in advance has been used for determining the depreciation of the depreciable assets. The amounts of depreciation are based on estimated useful lives as follows:

intangible rights	5 and 10 years
machinery and equipment	25% reducing-balance method
other tangible assets	10 years

Valuation of Inventories:

Inventories have been entered at the amount of the acquisition cost or at a sales price if likely to be lower than the acquisition cost. Variable manufacturing expenses of goods have been included in the acquisition costs of inventories.

Receivables and Payables in Foreign Currencies:
Receivables and payables in foreign currencies have been converted into EUR using the average exchange rates of fiscal year closing date. With minor transactions, the rate of the recording date is used.

Research and Development Expenses:
The R&D expenses are entered in the year incurred for the part that is considered as yearly expense. Additionally company capitalizes R&D costs that are long term expenses. Capitalized expenses are depreciated within 5 to 10 years.

2. Financial Statements

Sampo-Rosenlew Oy is wholly owned subsidiary of Mahindra & Mahindra(M&M), Mumbai, India. M&M consolidates Sampo-Rosenlew Oy to group financial statement, which can be found at company head quarters in Mumbai.

Sampo-Rosenlew Oy has also branch in Sweden and joint venture in Algeria. The figures for the Swedish branch have been combined with those of Sampo-Rosenlew.

INDEPENDENT AUDITORS' REPORT

To the Members of
Swaraj Engines Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Swaraj Engines Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report:

KAM on Related Party Transactions	
Key Audit Matter	As a part of the business activity, the Company deals with entities which are related parties and significant revenue sources are from related parties only. The Arm's length pricing of the transactions with Related Parties, risks of material misstatement associated with related party relationships and transactions may have a significant impact on the interest of the Company, and true and fair presentation of related party relationships and transactions in the financial statements of the Company.
Principal Audit Procedures	We performed the following audit procedures relating to related party relationships and transactions. We inquired of management regarding: The identity of the Company's related parties, including changes from the prior period; The nature of the relationships between the Company and related parties; and the type and purpose of the transactions with related parties; Identify, account for, and disclose related party relationships and transactions in accordance with the applicable financial reporting framework; Confirmations obtained from related parties for an outstanding balances as part of our audit procedures; Performed appropriate substantive audit procedures relating to identified related parties and related party transactions; Evaluate the terms of the related party transactions that these are consistent with management's explanations; Ensured that all Related Party Transactions are placed before the Audit Committee for approval. Prior omnibus approval of the Audit Committee is obtained for the transactions which are repetitive in nature; Inquired that the Company has adopted a Related Party Transactions Policy approved by the Board and transactions are as per the policy.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report, and the related annexures, but does not include the financial statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

(g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid/provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its Financial Statements – Refer Note 2.31 to the Financial Statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(iii) There was no delay in transferring the amounts to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement; and

(v) The final dividend proposed in the previous year, declared, and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Swaraj Engines Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to the Independent Auditors' Report

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant, and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment and investment property by which the property, plant and equipment, and investment property are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment property. In accordance with the programme, the Company has physically verified property, plant and equipment, and investment property during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment and investment property or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations, and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the inventory comprising of finished goods, raw materials, stores & spares, components, and work-in-progress has been physically verified at reasonable intervals by the management during the year. Stock-in-transit as on March 31, 2024 has been verified by the management on subsequent receipt of the goods. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records. We have relied on confirmations and representations from third parties in case of inventory lying in their locations, wherever applicable.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act for the products of the Company. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, specified by the Central Government under sub-section (1) of Section 148 of the Act and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2024 on account of disputes are given below:

Statute	Nature	Forum where dispute is Pending	Period to which the Amount relates	Amount involved (In Lakhs)
Central Excise Act, 1944	Excise Duty	Appellate Authority - Tribunal Level	F.Y. 2004-05 to FY 2005-06	81.76
		Appellate Authority - Tribunal Level	F.Y. 2015-16 to FY 2017-18	94.82
Punjab Value Added Tax Act 2005	Sales Tax	Punjab VAT Tribunal	A.Y. 2012-13	56.18
		Dy. Excise & Taxation Commissioner (Appeal) Mohali	A.Y. 2013-14	30.77

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not obtained any loans or other borrowings. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution, or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not obtained term loan during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that no short-term loan is obtained by the Company during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(e) of the Order is not applicable to the Company.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle-blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities.

Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has four Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

S.A.S. Nagar (Mohali), April 18, 2024

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

1. COMPANY'S OVERVIEW AND MATERIAL ACCOUNTING POLICIES

1.1 Company's Overview

Swaraj Engines Limited (SEL) is a public limited company incorporated and domiciled in India. SEL has its works / principal place of business at Plot No. 2, Phase-IX, Industrial Area, S.A.S. Nagar (Mohali), Punjab, India and registered office at Phase-IV, Industrial Area, S.A.S. Nagar (Mohali), Punjab, India.

SEL is in the business of manufacturing diesel engines and hi-tech engine components. Diesel Engines are specifically designed for tractor application.

The Shares of the Company are listed on both BSE Limited and National Stock Exchange of India Limited.

1.2 Basis of Preparation and Presentation

These financial statements are prepared in accordance with Indian Accounting Standards ('Ind AS') under the historical cost convention on the accrual basis except for certain financial instruments, which are measured at fair values. The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013 as amended.

The financial statements are approved by the Company's Board of Directors and authorised for issue on 18th April, 2024.

1.3 Current and Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

i) expected to be realised or intended to be sold or consumed in normal operating cycle,

ii) held primarily for the purpose of trading,

iii) expected to be realised within twelve months after the reporting period,

iv) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, or

v) carrying current portion of non-current financial assets.

All other assets are classified as non-current.

A liability is current when:

i) it is expected to be settled in normal operating cycle,

ii) it is held primarily for the purpose of trading,

iii) it is due to be settled within twelve months after the reporting period,

iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, or

v) it includes current portion of non-current financial liabilities.

All other liabilities are classified as non-current

1.4 Property, Plant and Equipment

i) Property, plant and equipment are stated at cost of construction or acquisition, less accumulated depreciation and impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

ii) When an asset is scrapped, or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit (including capital profit) or loss, if any, is reflected in Profit and Loss Account.

iii) Depreciation on Tangible Assets (except Land) is provided on Straight Line Method, pro-rata monthly rests, as per the life prescribed in Schedule II of the Companies Act, 2013 except for fixed assets mentioned in para (iv) below, based on the Company's expected usage Pattern supported by technical assessment

Nature of Assets	Life adopted in Accounts
a. Patterns, Blocks and Dies	4 Years
b. Vehicles	4 Years

iv) The assets' residual value, useful lives and methods of depreciation are reviewed at each financial year end, and adjustment if any, is made prospectively.

1.5 Investment Properties

Investment Properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured at cost and the same is derecognized upon disposal or when it is permanently withdrawn from use with no future economic benefits are expected from the disposal.

Depreciation is provided on Straight Line Method, pro-rata monthly rests, as per the life prescribed for Building in Schedule II of the Companies Act, 2013.

1.6 Inventories

Inventories are valued at cost or net realizable value, whichever is lower. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads and is ascertained on weighted

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

average basis, net of recoverable taxes incurred in bringing them to their respective present location and condition. Cost of raw materials and stores and spares are determined on weighted average basis.

1.7 Foreign Currency Transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of transaction. Monetary foreign currency assets and liabilities outstanding at the close of the financial year are revalued at the exchange rates prevailing on the balance sheet date. Exchange differences arising on account of fluctuation in the rate of exchange is recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.8 Employee Benefit

Company's contributions paid/payable during the year to Employee's State Insurance Corporation and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

Company contributes to the appropriate authorities its share of the Members Provident Fund Account as per the Employees' Provident Fund Act, 1952.

Company contributes to a trust, which has taken Master Policy with the Life Insurance Corporation of India to cover its liability towards employees' gratuity. Provisions in respect of liabilities of gratuity and leave encashment are made based on actuarial valuation made by an independent actuary as at the balance sheet date. Gains and Losses through re-measurements of the net defined benefit liability are recognized in other comprehensive income. The actual return of the plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income.

In respect of Employee Stock Option Scheme:

The compensation cost of stock options granted to employees is measured by the Fair Value Method. The fair value, determined at the grant date of the underlying equity shares, is recognized and amortised on straight line basis over the vesting period.

1.9 Revenue Recognition

The Company's revenue recognition policy is aligned to the principles enunciated in Ind AS 115. The company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring a promised good or service to a customer. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price allocated to the performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract, if any.

Transaction price is the amount of a consideration to which the Company expects to be entitled in exchange for transferring good or service to a customer. Payment terms agreed with a customer are as per business practice and there is no financing component involved in the transaction price.

Sale of goods

Revenue from sale of goods is recognised when the control of the same is transferred to the customer and it is probable that the Company will collect the consideration to which it is entitled in exchange of goods.

Rendering of services

Revenue from rendering services is recognised when performance obligation is satisfied and customer obtains the control of the transferred services. Following criteria is required to be met for transfer of control of services:

i) the customer simultaneously receives and consumes the benefits from the services transferred.

ii) the Company has an enforceable right to payment for services transferred.

Other Operational Revenue

Other operational revenue represents income earned from the activities incidental to the business and is recognized when the right to receive the income is established as per the terms of the contract.

Other Income

Dividend income from investments is recognised when the right to receive payment has been established.

Interest income is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the deposits and at the interest rate settled with the Banks/ Financial Institutions.

1.10 Intangible Assets

Intangible assets are carried at cost and amortized on Straight line method, so as to reflect the pattern in which the assets economic benefits are consumed.

Intangible Asset under Development

The expenses incurred on development phase are initially recognized as Intangible assets under development until the development phase is complete, upon which the amount is capitalized as intangible asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Other Intangible Assets

i) Development expenditure:

Development expenditure incurred on technical services and other project/product related expenses are amortized over the estimated period of benefit, not exceeding five years. Amortization commences as and when the asset is available for use.

ii) Software Expenditure:

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

1.11 Taxes on Income

Current tax is determined as the amount of tax payable in respect of the taxable income for the year

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

1.12 Financial Instruments

Financial Assets

Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent measurement

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. For financial assets maturing within one year from the balance sheet date, the carrying amounts are approximate to fair value due to the short maturity of these instruments. Trade receivables that do not contain a significant financing component are measured at transaction price.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized at fair value.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company’s Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1.13 Impairment of Assets

The carrying value of assets at each balance sheet date are reviewed for Impairment. If any indication exists, the recoverable amount of such assets is estimated and impairment is recognized if the carrying amount of these assets exceeds their recoverable amount.

1.14 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

In respect of warranty on sale of engines, the estimated cost of warranty is accrued at the time of sale. The estimate for accounting of warranty is periodically reviewed and revisions are made as and when required.

1.15 Use of estimates and judgments

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Depreciation / amortisation and useful lives of property plant and equipment/ intangible assets:

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

Fair value measurement of financial instruments

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for product warranty

The Company recognizes provision for product warranties in respect of its products that it sells. Provisions are discounted, where necessary to its present value based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjust to reflect the current best estimates.

1.16 Earnings per share

Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year.

1.17 Cash and cash equivalents

Cash and cash equivalents includes cash in hand and deposits with any qualifying financial institution repayable on demand or maturing within three months from the date of acquisition and which are subject to an insignificant risk of change in value.

1.18 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate which is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Company recognises the lease payments associated with these leases as per expense on a straight-line basis over the lease term.

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments.

1.19 Accounting Policies not specifically referred above are consistent with generally accepted Accounting practices.

(iv) Employee Stock Option

Under the Employee Stock Option Scheme - 2015 (ESOS-2015), 31,000 Equity Shares of the face value of Rs. 10/- are available for being granted to eligible employees on the recommendation of the Nomination and Remuneration Committee. Under the first cycle (Dec. 2015 - Dec. 2019), options granted were vested in four instalments on the expiry of 18 months, 30 months, 42 months and 54 months respectively. Options granted effective January 2020 & onwards are vested in 3 instalments on the expiry of 12 months, 24 months and 36 months. These options may be exercised on any day over a period of 5 years from the date of vesting. Numbers of vested options are exercisable subject to minimum of 50 or number of options vested whichever is lower.

Further to grant given till previous financial years, the Company during the current financial year has given grant of 1409 Equity Shares at face value to the eligible employees.

Financial Risk Management Framework

Company's activities expose it to financial risks viz credit risk and liquidity risk.

Credit Risk

Majority of Company's receivables pertain to Mahindra & Mahindra Limited, a holding company. Based on the overall credit worthiness of Receivables, coupled with their past track record, Company expect No / Minimum Risk with regard to its outstanding receivables. Also, there is mechanism in place to periodically track the outstanding amount and assess the same with regard to its realisation. Company expect all the debtors to be realised in full, accordingly no provision has been made in the books of account.

Credit risk on cash and cash equivalents is limited as Company generally invest in deposits with banks, high rating financial institutions & debt based Mutual Funds. Ratings are monitored periodically for re-adjustment of Portfolio , if any required. Investment as on date of financial statement are as per latest available ratings.

Liquidity Risk

(i) Liquidity Risk Management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast & actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of Financial Liabilities

The following tables specifies the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amounts disclosed in the tables have been drawn up based on the earliest date on which the Company can be required to pay. Financial Liabilities includes Trade Payables, Capital Purchases, Unpaid/Unclaimed Dividend etc. which are in the normal course of business having maturity plan of less than 1 year and lease liabilities having maturity more than 1 year.

2.28 Fair Value Measurement

The fair values of the Financial Assets and Liabilities are included in the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique

Level 1 - Quoted (unadjusted prices) in active markets for identical assets or liabilities.

Level 2 - Other Techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 - Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Fair Valuation Techniques and Inputs used - recurring Items

2.37 Dividends

The Board of Directors, in their meeting held on 27th April, 2023, proposed a total dividend of Rs. 92/- per equity share and the same was approved by the shareholders at the Annual General Meeting held on 28th July, 2023, this has resulted in a cash outflow of Rs. 11174.54 lakhs during 2023-24.

The Board of Directors, in their meeting held on 18th April 2024, proposed a total dividend of Rs. 95/- per equity share for the financial year ended on 31st March 2024, subject to the approval of shareholders at the Annual General Meeting and if approved, would result in a cash outflow of approximately Rs. 11539.89 lakhs.

2.38 Previous year's figures have been regrouped, wherever necessary, so as to correspond with those of the current year.

INDEPENDENT AUDITORS' REPORT

To The Board Of Directors

Carnot Technologies Private Limited

Report on the Standalone Financial Statements

We have audited the accompanying Standalone Financial statements of **Carnot Technologies Private Limited**, which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended, and a summary of the significant accounting policies and other explanatory information **(hereinafter referred to as "the standalone financial statements")**.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the **IND AS** and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and presentation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the standalone financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March 2024, its Loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Report on other Legal and Regulation requirements

1. As required by the companies (Auditor's Report) Order, 2016, as amended, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
3. The Balance sheet, the Statement of Profit and Loss, and the Cash Flow Statement deal with by this report are in agreement with the books of account.
4. In our opinion, the aforesaid IND AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
5. On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2)of the Act.
6. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
7. With respect to the other matters to be included in the Auditor's Reporting accordance with Rule 11. of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
   I. The Company does not have pending litigation which would not impact its financial position.
   II. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
   III. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company.

"ANNEXURE A" TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CARNOT TECHNOLOGIES PVT LTD ON THE ACCOUNTS OF THE COMPANY FOR THE YEAR ENDED 31ST MARCH, 2024.

(i) a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property Plant and equipment;

b) Company is maintaining proper records showing full particulars of intangible assets.

c) The Property plant and equipment have been physically verified by the management at regular intervals; as informed to us and no material discrepancies between the books records and the physical Property plant and equipment have been noticed.

d) There are no immovable properties in the name of the company during the year under report.

e) Company has not revalued its property, plant and equipment and intangible assets during the year.

f) No proceedings have been initiated or are pending against the company for holding any Benami property under the Benami Transactions (Prohibitions) Act, 1988.

(ii) a) During the year, the Inventories have been physically verified by the management. In our opinion, the frequency of verification is reasonable. Also, there are no discrepancies of 10% or more in the aggregate of each class of inventory.

b) The Company has not been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable

(iii) The Company has not made any investments in, granted any loans, secured or unsecured guarantees to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (f) of the Order are not applicable.

(iv) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

(vii) a) According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company has been generally **regular subject to certain delay** in depositing undisputed statutory dues, including Income-Tax, Service Tax, Goods & Service Tax, Cess and other material statutory dues, as applicable, with the appropriate authorities.

The Company has no undisputed statutory dues, including Income-Tax, Service Tax, Cess and other material statutory dues, as applicable, payable to the appropriate authorities.

b) According to the information and explanations given to us and based on the records of company examined by us, the Company has outstanding GST demands for FY 2017-18 and 2018-19 amount to Rs. 24,74,680 and Rs. 33,33,224 respectively for which the company has preferred an appeal with the relevant appellate authority which is pending as on the date of Balance Sheet.

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.

b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

(x) a) According to the information and explanations given to us, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans.

b) During the year, the Company has not made any preferential allotment of preference shares.

(xi) a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

c) We have taken into consideration and noted that there were no whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 777 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) The provisions of internal audit committee as per clause 3 (xiv) (a) and (xiv) (b) are not applicable commensurate with the size of the Company.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has incurred cash losses amounting to Rs. 9,44,30,285 during the year, there were no cash losses incurred for the previous year (2022-23).

(xviii) There has been no resignation of statutory auditor during the year. The provisions of this clause are hence not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of CSR are not applicable to the company. Hence provisions of clause 3 (XX) (a) and (b) are not applicable.

(xxi) The provisions of consolidated financials and consolidated CARO report are not applicable to the company and hence the aforementioned clause is not applicable.
