(b) According to the information and explanations given to us, there are no dues of Income tax, sales tax, service tax, custom duty, excise duty, value added tax and goods and service tax and cess which have not been deposited with the authorities on account of any dispute.

(viii) In our opinion and according to the information and explanations given to us by the management, the company has not taken any loans or borrowings from a financial institutions, banks or government nor has issued any debentures during the year. Accordingly, paragraph 3(viii) of the Order is not applicable to the Company.

(ix) The Company did not raise money by way of term loans, initial public offer or further public offer (including debt instruments) during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.

(x) To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

(xi) According to the information and explanations given by the management, there was no remuneration paid by the Company to its directors during the current year and hence the provision of Section 197 read with schedule V of the Act are not applicable to the company and hence reporting under paragraph 3(xi) of the Order is not applicable and hence not commented upon.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us by the management, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act, where applicable and the details of such related party transaction have been disclosed in the Ind AS financial statements as required by Ind AS 24 Related Party Disclosures specified under Section 133 of the Act. The provisions of Section 177 are not applicable to the company and accordingly reporting under clause 3(xiii) insofar as it relates to Section 177 of the Act is not applicable to the Company and hence not commented upon.

(xiv) According to the information and explanations given to us by the management, during the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA ELECTRICAL STEEL PRIVATE LIMITED FOR THE PERIOD ENDED 31 MARCH 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Electrical Steel Private Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 Corporate information:

Mahindra Electrical Steel Limited ('the Company') was incorporated in India on 10 June, 2009 as a Public Company with authorised share capital of Rs.150,000,000. The Ministry of Corporate Affairs approved the change of name from Mahindra Electrical Steel Limited to Mahindra Electrical Steel Private Limited with effect from 13 January, 2012. The Company is a public Company by virtue of provision to Section 2(71) of the Companies Act, 2013 ("the 2013 Act") as it is a subsidiary of Mahindra Intertrade Limited a public limited Company. The Company's main object is to trade in or process non-ferrous/ferrous materials including various grades of steel.

2 Significant Accounting Policies followed by the Company

2.1 Statement of Compliance and Basis of preparation and presentation:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act 2013 and other relevant provision of the Act.

Going concern:

As at 31 March 2021, the Company's paid up capital stands at Rs 5,000,000 and correspondingly, the Company's accumulated loss aggregated Rs 76,959,258. The Company's current liabilities exceed the current assets by Rs 140,482,639. However, the financial statements have been prepared on a going-concern basis based on a letter of support from Mahindra Intertrade Limited, the holding company, stating that it will continue to provide such financial support to the Company as is necessary to maintain the Company as a going concern for the foreseeable future and to meet its debts and liabilities, both present as well as in the future (until 31 March 2022), as and when they fall due for payment in the normal course of business. Accordingly, these financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or to amounts and classification of liabilities that may be necessary if the entity is unable to continue as a going concern.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 23 April 2021.

2.2 Use of estimates and judgments:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

2.3 Property, plant & equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets up to the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

Depreciation is calculated on Straight Line method over the estimated useful life of all assets. These lives are in accordance with Schedule II to the Companies Act, 2013

Right-of-use assets are amortised over the period of lease.

2.4 Financial assets and Financial liabilities:

Financial instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit or Loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial liabilities and equity instruments:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit or Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities:

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit and loss.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit or loss.

Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.5 Cash and cash equivalents (for purposes of Cash Flow Statement):

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.6 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.7 Earnings per share:

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.8 Taxes on income:

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.9 Leases:

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee:

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.10 Provisions and contingencies:

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

2.11 Recent accounting pronouncements:

The following amendments to the existing Ind AS standards are not expected to have a significant impact on the Company’s financial statements.

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

Recent pronouncements

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013 revising Division I, II and III of Schedule III and are applicable from April 1, 2021. The amendments primarily relate to

a) Change in existing presentation requirements for certain items in Balance sheet, for e.g. lease liabilities, security deposits, current maturities of long term borrowings, effect of prior period errors on Equity Share capital

b) Additional disclosure requirements in specified formats, for e.g. ageing of trade receivables, trade payables, capital work in progress, intangible assets, shareholding of promoters, etc.

c) Disclosure if funds have been used other than for the specific purpose for which it was borrowed from banks and financial institutions.

d) Additional Regulatory Information, for e.g., compliance with layers of companies, title deeds of immovable properties, financial ratios, loans and advances to key managerial personnel, etc.

e) Disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency.

The amendments are extensive and the Company is evaluating the same.

The Company has not allotted any equity shares for consideration other than cash, bonus shares, nor have any shares been bought back during the period of five years immediately preceding the Balance Sheet date.

(ii) Terms and rights attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 10/- per share. Each shareholder has the following voting rights (i) On a show of hands: one vote for a member present in person and (ii) On a poll: in proportion to the share in paid-up equity share capital of the Company. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing annual general meeting, except in case of interim dividend. In the event of winding up, if the assets available for distribution are less/more than sufficient to repay the whole of the paid up share capital, the losses/excess shall be borne/distributed amongst the members in proportion to the capital at the commencement of the winding up, paid up or which ought to have been paid up on the shares held by them respectively.

Earnings per share [Basic/Diluted] (Rs.) (A/B)	**(50.67)**	(23.78)
Nominal value of equity share (Rs.)	**10.00**	10.00

Note 20

As at March 31, 2021 the Company is having negative net worth of Rs. 71,959,258 (FY 2020: Rs. 46,622,776). The Company has taken Leasehold land at Dahej (Gujarat) and is currently in process of evaluating options for its project. In view of the foregoing and on account of the continuing support from the holding company, the financial statements have been prepared on a going concern basis.

Note 21 - Financial Instruments

Financial Risk Management Framework

The Company's activities expose it to liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves and banking facilities by continuously monitoring forecast and actual cash flow, and by matching the monitoring profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flow.

Amount in Rs.

Particulars	Effective interest rate	Less than 1 Year	1–3 Years	3–4 Years	5 Years and above	Total	Carrying value
Non-derivative financial liabilities							
March 31, 2021							
Non-interest bearing		**20,737,359**	**–**	**–**	**–**	**20,737,359**	**20,737,359**
Variable interest rate instruments	**9.40%**	**122,000,000**	**–**	**–**	**–**	**122,000,000**	**122,000,000**
Total		**142,737,359**		**–**	**–**	**142,737,359**	**142,737,359**
March 31, 2020							
Non-interest bearing		2,854,684	–	–	–	2,854,684	2,854,684
Variable interest rate instruments	9.75%	116,000,000	–	–	–	116,000,000	116,000,000
Total		118,854,684	–	–	–	118,854,684	118,854,684

Sensitivity interest rate increase by 1%: Profit will decrease by Rs. 12,200,000 for the year ended March 31, 2021 (Rs. 11,600,000 March 31, 2020)

Sensitivity interest rate decrease by 1%: Profit will increase by Rs. 12,200,000 for the year ended March 31, 2021 (Rs. 11,600,000 March 31, 2020)

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Amount in Rs.

Total		**3,051,889**	**–**	**–**	**–**	**3,051,889**	**3,051,889**

Note 22 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 inputs

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 inputs

Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example
  - interest rates and yield curves observable at commonly quoted intervals
  - implied volatilities
  - credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 inputs

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

INDEPENDENT AUDITORS' REPORT

To the Members of Mahindra MSTC Recycling Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra MSTC Recycling Private Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we

are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
   i. the Company does not have any pending litigations which would impact its financial position
   ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
   iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company
   iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

   (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

   In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act read with Schedule V of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report – 31 March 2021

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) All fixed assets have been physically verified by the management during the year in accordance with regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given by the management, the Company does not own any immovable properties. In respect of leasehold lands, we have verified the lease agreements are duly registered with appropriate authorities.

(ii) The inventories have been physically verified by management at reasonable intervals during the year. In our opinion, frequency of verification is reasonable. No material discrepancies were noticed on such physical verification, discrepancies noted have been suitably dealt with in the books of account.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loan or made any investment or given any guarantee or security during the year. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.

(v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) According to the information and explanation given to us, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products/services of the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the books of account of the Company, the Company is regular in depositing undisputed statutory dues accrued / deducted including, Provident Fund, Employees' State Insurance, Income-Tax, Goods and Service Tax and other material statutory dues with the appropriate authorities. Further as informed to us, the Company did not have any dues on account of Sales-tax, Service tax, Customs Duty, Excise Duty, Value Added Tax and Cess.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-Tax, Goods and Service Tax and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable. Further as informed to us, the Company did not have any dues on Sales-tax, Service tax, Customs Duty, Excise Duty, Value Added Tax and Cess.

(b) According to the information and explanations given to us, there are no dues of Income Tax, Sales-Tax, Service Tax, Customs duty, Excise duty, Value Added Tax, Goods and Service Tax and Cess which have not been deposited with the authorities on account of any dispute.

(viii) In our opinion and according to the information and explanations given to us by the management, the company has not taken any loans or borrowings from a financial institutions, banks or government nor has issued any debentures during the year. Accordingly, paragraph 3(viii) of the Order is not applicable to the Company.

(ix) According to the information and explanations given to us by the management, the Company did not raise money by way of term loan, initial public offer or further public offer (including debt instruments) during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.

(x) To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

(xi) According to the information and explanations given by the management, managerial remuneration has been paid or provided is in accordance with the requisite approvals mandated by the provisions of Section 197 read with schedule V of the Act.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us by the management, the Company has entered into transactions with related parties in compliance with the provisions of Section 177 and Section 188 of the Act, where applicable and the details of such related party transaction have been disclosed in the Ind AS financial statements as required by Ind AS 24 Related Party Disclosures specified under Section 133 of the Act.

(xiv) According to the information and explanations given to us by the management, during the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under paragraph 3(xiv)of the Order is not applicable to the company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

Annexure B to the Independent Auditors' report on the financial statements of Mahindra MSTC Recycling Private Limited for the period ended 31 March 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra MSTC Recycling Private Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

1 Corporate information

Mahindra MSTC Recycling Private Limited is a private limited company incorporated in Mumbai, India on 16 December, 2016 under the Companies Act 2013. The registered office of the company is located at Mahindra Towers, P. K. Kurne Chowk, Worli, Mumbai - 400018.

The Company's main activity is carrying on the business of setting up, owning, maintenance and operation of shredding plants and facilities for purchase, storage, collection, segregating, processing, recycling and importing of end of life vehicles and end of life white goods and other materials and sale there from of shredded ferrous and non-ferrous metal scrap and all other types of scrap including E-waste scrap, plastics, rubber, spare parts and any other disposable items, within and outside India.

2 Significant accounting policies:

2.1 Statement of Compliance and Basis of preparation and presentation :

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act 2013 (the 'Act') and other relevant provisions of the act.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on April 24, 2021.

2.2 Use of estimates and judgments:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

2.3 Property, plant & equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

Depreciation is calculated on Straight Line method over the estimated useful life of all assets. These lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset class based on the Company's expected usage pattern:

(a) Building - over the lease period

(b) Plant & Machinery - 5 to 20 years

(c) Vehicles - 5 years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet is classified as capital advances and cost of assets not ready for use at the balance sheet date are disclosed under capital work-in-progress.

2.4 Intangible asset:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Advances paid towards the acquisition of intangible assets outstanding at each balance sheet is classified as capital advances and cost of assets not ready for use at the balance sheet date are disclosed under Intangible asset under development."

2.5 Impairment of assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing the value in use, the estimated future cash flows are discounted at their present value using the pre-tax discount rate that reflects current market assessment of time value of money and the risks specific to the assets for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss."

2.6 Inventories:

Inventories are valued at the lower of cost (on weighted average basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary.

Cost comprises of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Net Realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, taxes.

2.7 Foreign exchange transactions and translations:

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest cost on those foreign currency borrowings.

2.8 Financial assets and Financial liabilities:

Financial instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets."

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

Equity instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities:

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit and loss.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

2.9 Revenue recognition:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the transaction price as specified in the contract with the customer. It excludes taxes or other amounts collected from customers in its capacity as an agent. In determining the transaction price, the Company considers:

Significant financing component - Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

The accounting policies for specific revenue streams of the company is summarised below:

Sale of goods: Customers obtain control of the goods when the goods are delivered to and have been accepted.

Sale of Services: Service income is recognized over time based on as and when service is performed. "

Other income:

Interest income is accounted on time proportionate basis.

2.10 Employee benefits:

Retirement benefit costs and termination benefits:

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the return of plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the other comprehensive income is reflected immediately in retained earnings and is not reclassified to Statement of profit and loss. Past service cost is recognised in Statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the defined benefit liability or asset. Defined benefit costs are categorised as follows

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of Profit and Loss in the line item "Employee benefits expense". Curtailment gains and losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for the termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Short-term and other long-term employee benefits:

A liability is recognised for benefits accruing to the employees in respect of wages and salaries and annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange of that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of related service.

Liabilities recognized in respect of other long-term employee benefits are measured at present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employee upto the reporting date.

2.11 Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

2.12 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Provisions for the expected cost of warranty obligations are recognised at the time of sale of the relevant products, at the best estimate of the expenditure required to settle the Company's obligation.

2.13 Taxes on income:

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax:
The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax:
Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:
Current and deferred tax are recognized in the Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.14 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Bank overdrafts are shown within borrowings in other financial liabilities.

2.15 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating investing and financing activities of the Company are segregated based on the available information.

2.16 Earnings per share:

Basic earnings per share is computed by dividing the profit/loss after tax by the weighted average number of equity shares outstanding during the year.

2.17 Leases:

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:
At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property and equipment' and lease liabilities in the statement of financial position.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease."

3 Recent Indian Accounting Standards (Ind AS):

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

Recent pronouncements
On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013 revising Division I, II and III of Schedule III and are applicable from April 1, 2021. The amendments primarily relate to

a) Change in existing presentation requirements for certain items in Balance sheet, for eg. lease liabilities, security deposits, current maturities of long term borrowings, effect of prior period errors on Equity Share capital.

b) Additional disclosure requirements in specified formats, for eg. ageing of trade receivables, trade payables, capital work in progress, intangible assets, shareholding of promoters, etc.

c) Disclosure if funds have been used other than for the specific purpose for which it was borrowed from banks and financial institutions.

d) Additional Regulatory Information, for eg.,compliance with layers of companies, title deeds of immovable properties, financial ratios, loans and advances to key managerial personnel, etc.

e) Disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency.

The amendments are extensive and the Company is evaluating the same.

(ii) The Company has not allotted any equity shares for consideration other than cash, bonus shares, nor have any shares been bought back since its incorporation (i.e. 16 December, 2016).

Terms and rights attached to equity shares

The Company has only one class of equity share having a par value of Rs. 10/- per share. Each shareholder has the following voting rights (i) On a show of hands: one vote for a member present in person and (ii) On a poll: in proportion to his share in the paid up equity share capital of the Company. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing annual general meeting, except in case of interim dividend. In the event of winding up, the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

As laid down in Articles of Association of the Company, there is a restriction on transfer of Company's shares for a lock-in period of 3 years from the date of issue of share certificate(s) of the Memorandum of Association, during which period Shares of the Company cannot be transferred by the Parties. After the expiry of the Lock-in Period, the shareholders may transfer the shares in accordance with the provisions of the Articles of Association.

Note No. 26 - Employee benefits

(a) Defined contribution plan:

The Company has recognized, in the statement of profit and loss for the year ended, an amount of Rs 1,078,140 (2020: 1,051,162) pertaining to defined contribution plans.

Amount (Rs)

Particulars	For the year ended 31 March, 2021	For the year ended 31 March, 2020
Provident Fund	**6,87,148**	7,31,155
Pension Fund	**3,90,992**	3,20,007
Total	**10,78,140**	10,51,162

(b) Defined benefit plan:

(i) GRATUITY

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employees. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Nature of benefits:

The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for a gratuity plan in India. The trustees of the gratuity fund have a fiduciary responsibility to act according to the provisions of the trust deed and rules. Since the fund is income tax approved, the Company and the trustees have to ensure that they are at all times fully compliant with the relevant provisions of the income tax and rules. Besides this if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act.

Governance of plan:

The Company has setup an income tax approved irrevocable trust fund to finance the plan liability. The trustees of the trust fund are responsible for the overall governance of the plan. The plan is funded under Group Gratuity Scheme which is administered by LIC. The Company makes annual contribution to the plan.

Inherent risk

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

(ii) POST RETIREMENT MEDICAL BENEFITS

The Company provides post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

Nature of benefits:

The Company operates a defined benefit post-retirement medical plan. The benefits payable to the employees are post their retirement from the Company. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for such a post-retirement medical plan in India. The Company has chosen not to fund the post-retirement benefit liabilities of the plan but instead carry a provision based on actuarial valuation in its books of accounts.

Governance of plan:

The Company is responsible for the overall governance of the plan. Since the plan is unfunded, the governance of the plan is limited to employees being paid the benefits as per the terms of the plan.

Inherent risk

The plan is of a defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse increase in healthcare costs or demographic experience can result in an increase in cost of providing these benefits to employees in future. The benefits are also paid post retirement upto a specified age of the beneficiary and plan carries the longevity risks.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Note No. 26 - Employee benefits

Defined benefit plans – as per actuarial valuation as on 31 March, 2021

Particulars				**Amount (Rs)**
	Funded Plan	**Unfunded Plan**	Unfunded Plan	Unfunded Plan

(vi). The major categories of plan assets				
– List the plan assets by category here				
– Insurer managed funds	**25,63,079**	–	17,31,124	–
(vii). Actuarial assumptions				
1. Discount rate	**6.55%**	**6.50%**	6.50%	6.50%
2. Attrition rate	**8.00%**	**8.00%**	8.00%	8.00%
3. Medical premium inflation	–	**6.00%**	–	6.00%
4. Rate of increase in compensation levels	**7.00%**	**7.00%**	7.00%	7.00%
5. Mortality table	**IALM(2012-14)**	**IALM(2012-14)**	IALM(2012-14)	IALM(2012-14)

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(viii) Sensitivity analysis:

Gratuity

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key aerial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

The sensitivity of the gratuity benefits to changes in the weighted principal assumptions is:

Amount (Rs)

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	**31 March, 2021**	1%	23,96,540	28,24,740
	31 March, 2020	1%	22,01,267	25,98,416
Salary growth rate	**31 March, 2021**	1%	28,21,468	23,95,567
	31 March, 2020	1%	25,95,276	22,00,446

Post retirement medical benefits

The benefit obligation results for the cost of paying future hospitalization premiums to insurance company in future for the employee / beneficiaries during their lifetime is sensitive to discount rate and future increase in healthcare costs.

The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account changes in these three key parameters:

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

The sensitivity of the post retirement medical benefit obligation to changes in the weighted principal assumptions is:

Amount (Rs)

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	31 March, 2021	1%	3,55,113	5,04,677
	31 March, 2020	1%	3,05,941	4,26,302
Medical inflation rate	31 March, 2021	1%	5,04,292	3,54,222
	31 March, 2020	1%	4,25,960	3,05,243

(ix) Expected contributions for the next year:

The expected contribution payable to the plan next year is Rs. 194,877.

(x) Maturity profile:

Gratuity — Amount (Rs)

Maturity profile of defined benefit obligation:	31 March, 2021	31 March, 2020

Note:

1. The sales/provision of services to and purchases/provision of services from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables.

Note No. 28 - Financial instruments

[I] Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The capital structure of the Company consists of total equity of the Company.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Amount (Rs)

	31 March, 2021	**31 March, 2020**
Equity	**28,69,34,759**	22,39,48,201
Less:- Cash and cash equivalents	**(12,85,01,834)**	(4,00,48,379)
	15,84,32,925	18,38,99,822

[II] Financial risk management framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

(A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument leading to a financial loss. The Company is exposed to credit risk from its operating activities and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade and other receivables

As at 31 March 2021, the Company had receivables majorly from a single customer. The Company does not expect any credit loss.

Financial instruments and cash deposits:

Credit risk from balances with banks and financial institutions is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with banks and within credit limits assigned to each counterparty.

(B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Amount (Rs)

	Less than 1 Year	1-3 Years	3-5 Years	5 Years and above	Total	Carrying amount
Non-derivative financial liabilities						
31 March 2021						
Non-interest bearing	**1,46,53,360**	–	–	–	**1,46,53,360**	**1,46,53,360**

Fixed interest rate instruments	1,52,53,995	2,97,27,969	–	–	4,49,81,964	4,49,81,964
Total	2,60,53,883	2,97,27,969	–	–	5,57,81,852	5,57,81,852

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Amount (Rs)

	Less than 1 Year	1-3 Years	3-4 Years	5 Years and above	Total	Carrying value
Non-derivative financial assets						
31 March 2021

(iv) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Amount (Rs)

	31 March, 2021	31 March, 2020
Working Capital Non-Fund Based facility: (LC, BG, LUT, LER)		
Expiring beyond one year (unsecured)	**10,00,000**	10,00,000

(C) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Note No. 29 - Fair value measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 inputs

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 inputs

Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
- implied volatilities
- credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 inputs

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

Amount (Rs)

Financial assets/financial liabilities	Fair value hierarchy as at 31 March 2021

Total	–	4,84,47,617	–	4,84,47,617

Amount (Rs)

Financial assets/ financial liabilities	Fair value hierarchy as at 31 March 2020			
	Level 1	Level 2	Level 3	Total
Financial liabilities				
Financial liabilities held at amortised cost				
– trade payables	–	55,92,583	–	55,92,583
– lease liability	–	4,49,81,964	–	4,49,81,964
– creditors for capital supplies/ services	–	11,72,552	–	11,72,552
– employee related liabilities	–	40,34,753	–	40,34,753
Total	–	5,57,81,852	–	5,57,81,852

The fair values of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Fair value of financial assets and financial liabilities that are not measured at fair value

The Company considers that the carrying amount of financial assets and financial liabilities recognised in financial statements approximates their fair value.

Note No. 30 – Segment reporting

Segment Information

The company has identified 'Processing of End of life vehicles (ELVs) and Industrial steel scrap' as its only primary reportable segment. The Chief Operating Officer of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined under Ind AS 108. CODM reviews overall financial information of the Company together for performance evaluation and allocation of resources and does not review any discrete information to evaluate performance of any individual product or geography.

Geographical Information

All customers of the Company are located within India.

The Company operates and has its processing facilities based out at Greater Noida and Chennai in India.

There is only one customer (2020 : Nil) who is individually contributing to more than 10% of the Company's revenue. Total amount of revenue from such customer for the year ended on 31 March 2021 is Rs. 13,067,743 (2020 : Nil)

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
MAHINDRA AUTO STEEL PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Auto Steel Private Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with

reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. the Company does not have any pending litigations which would impact its financial position

   ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses

   iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company

   iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

   (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

   In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act read with Schedule V of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT – 31 MARCH 2021

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) All fixed assets are physically verified by the management in accordance with regular program of verifying assets once in a year which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification

(c) According to the information and explanations given by the management, the title deeds of immovable properties included in leasehold land are held in the name of the Company.

(ii) The inventories have been physically verified by management at reasonable intervals during the year. In our opinion, frequency of verification is reasonable. No material discrepancies were noticed on such physical verification, discrepancies noted have been suitably dealt with in the books of account.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loan or made any investment or given any guarantee or security during the year. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.

(v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Act, for maintenance of cost records in respect of products manufactured by the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the books of account of the Company, the Company has been regular in depositing undisputed statutory dues accrued / deducted including, Provident Fund, Employees' State Insurance, Income-Tax, Goods and Service Tax and other material statutory dues with the appropriate authorities. Further as informed to us, the Company did not have any dues on account of Sales-tax, Service tax, Customs Duty, Excise Duty, Value Added Tax and Cess.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-Tax, Goods and Service Tax and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable. Further as informed to us, the Company did not have any dues on Sales-tax, Service tax, Customs Duty, Excise Duty, Value Added Tax and Cess.

(b) According to the information and explanations given to us, there are no dues of income tax, sales-tax, service tax, customs duty, excise duty, value added tax, goods and service tax and cess which have not been deposited with the authorities on account of any dispute.

(viii) In our opinion and according to the information and explanations given by the management, the company has not defaulted in repayment of loans or borrowing to bank. The Company has not taken any loans or borrowings from a financial institutions or government nor has issued any debentures during the year.

(ix) According to the information and explanations given by the management, the term loans taken by the Company has been applied for the purpose for they were raised. The Company did not raise money by way of initial public offer or further public offer (including debt instruments) during the year.

(x) To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

(xi) According to the information and explanations given by the management, managerial remuneration has been paid or provided is in accordance with the requisite approvals mandated by the provisions of Section 197 read with schedule V of the Act.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us by the management, the Company has entered into transactions with related parties in compliance with the provisions of Section 177 and Section 188 of the Act, where applicable and the details of such related party transaction have been disclosed in the Ind AS financial statements as required by Ind AS 24 Related Party Disclosures specified under Section 133 of the Act.

(xiv) According to the information and explanations given to us by the management, during the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under paragraph 3(xiv) of the Order is not applicable to the company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA AUTO STEEL PRIVATE LIMITED FOR THE PERIOD ENDED 31 MARCH 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Auto Steel Private Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

1 Corporate information

Mahindra Auto Steel Private Limited ("the Company") is incorporated on December 12, 2013 under the Companies Act, 2013. The Company is a public company by virtue of proviso to Section 2(71) of Companies Act, 2013 (''the 2013 Act'') as it is a subsidiary of a public limited company. The registered office of the Company is located at Mahindra Towers, P.K. Kurne Chowk, Worli, Mumbai - 400018.

The Company's main activity is processing and trading of various grades of steel. The Company's steel processing plant is located at Chakan.

The Company is the subsidiary of Mahindra Intertrade Limited, Mumbai, a Company incorporated in India. The ultimate parent Company is Mahindra and Mahindra Limited.

2 Significant accounting policies:

2.1 Statement of Compliance and Basis of preparation and presentation:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016. For all periods upto and including the financial year ended 31 March, 2016, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013 (Previous GAAP) which includes standards notified under the Companies (Accounting Standards) Rules, 2006.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 22 April, 2021.

2.2 Use of estimates and judgments:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

Note No.2.3 Property, plant & equipment

Note No.2.10 Employee benefits

2.3 Property, plant & equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

Depreciation is calculated on Straight Line method over the estimated useful life of all assets. These lives are in accordance with Schedule II to the Companies Act, 2013, other than the following class based on the technical advise which has considered estimated usage and operating condition of the assets:

(a) Blanking line (plant and equipment) - 20 years

(b) Vehicles - 5 years

2.4 Impairment of assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing the value in use, the estimated future cash flows are discounted at their present value using the pre-tax discount rate that reflects current market assessment of time value of money and the risks specific to the assets for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit or Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit or Loss.

2.5 Inventories:

Inventories, except for stores and spares which are valued at cost, are valued at the lower of cost (on weighted average basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary.

Cost comprises of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Net Realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

2.6 Foreign Currencies:

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the Statement of Profit or Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest cost on those foreign currency borrowings.

2.7 Financial assets and Financial liabilities:

Financial instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit or Loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

Financial liabilities and equity instruments:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit or Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities:

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit and loss.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit or Loss.

Derivative financial instruments:

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts and cross currency swaps. Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately.

2.8 Revenue recognition:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the transaction price as specified in the contract with the customer. It excludes taxes or other amounts collected from customers in its capacity as an agent. In determining the transaction price, the Company considers:

Significant financing component - Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

The accounting policies for specific revenue streams of the company is summarised below:

Sale of goods:

Customers obtain control of the goods when the goods are delivered to and have been accepted.

Sale of services:

Service income is recognised over time based on as and when service is performed.

2.9 Government grants:

The Company is entitled to incentives from government authority in respect of manufacturing unit located in developing region. The Company accounts for its entitlement as income on an accrual basis.

2.10 Employee benefits:

Retirement benefit costs and termination benefits:

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the return of plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the other comprehensive income is reflected immediately in retained earnings and is not reclassified to Statement of profit or loss. Past service cost is recognised in Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the defined benefit liability or asset. Defined benefit costs are categorised as follows

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of Profit or Loss in the line item “Employee benefits expense”. Curtailment gains and losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company’s defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for the termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Short-term and other long-term employee benefits:

A liability is recognised for benefits accruing to the employees in respect of wages and salaries and annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange of that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of related service.

Liabilities recognized in respect of other long-term employee benefits are measured at present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employee upto the reporting date.

2.11 Stock appreciation rights (SARs):

For cash-settled share-based payments, a liability is recognized for the services acquired, measured initially at the fair value of the liability. At the end of each reporting period until the liability is settled, and at the date of settlement, the fair value of the liability is remeasured, with any changes in fair value recognized in the Statement of Profit or Loss for the year.

2.12 Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the Statement of Profit or Loss in the period in which they are incurred.

2.13 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

2.14 Taxes on income:

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.15 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.16 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating investing and financing activities of the Company are segregated based on the available information.

2.17 Earning per share:

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.

2.18 Leases:

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company presents right-of-use assets that do not meet the definition of investment property in ‘property and equipment’ and lease liabilities in the statement of financial position.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

3 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

Recent pronouncements

On March 24, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013 revising Division I, II and III of Schedule III and are applicable from April 1, 2021. The amendments primarily relate to

a) Change in existing presentation requirements for certain items in Balance sheet, for eg. lease liabilities, security deposits, current maturities of long term borrowings, effect of prior period errors on Equity Share capital.

b) Additional disclosure requirements in specified formats, for eg. ageing of trade receivables, trade payables, capital work in progress, intangible assets, shareholding of promoters, etc.

c) Disclosure if funds have been used other than for the specific purpose for which it was borrowed from banks and financial institutions

d) Additional Regulatory Information, for eg.,compliance with layers of companies, title deeds of immovable properties,financial ratios, loans and advances to key managerial personnel, etc.

e) Disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency.

The amendments are extensive and the Company is evaluating the same.

Note No. 30: Employee benefits

(a) Defined Contribution Plan

The Company has recognized, in statement of profit and loss for the year, an amount of Rs 874,603 (2020: Rs. 907,249) pertaining to defined contribution plans.

Amount (Rs)

Benefit (Contribution to)	For the year ended 31 March, 2021	For the year ended 31 March, 2020
Provident Fund	**556,423**	548,330
Pension Fund	**318,180**	358,919
Total	**874,603**	907,249

(b) Defined Benefit Plans:

(i) GRATUITY

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employees. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Nature of Benefits:

The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for a gratuity plan in India. The trustees of the gratuity fund have a fiduciary responsibility to act according to the provisions of the trust deed and rules. Since the fund is income tax approved, the Company and the trustees have to ensure that they are at all times fully compliant with the relevant provisions of the income tax and rules. Besides this if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act.

Governance of Plan:

The Company has setup an income tax approved irrevocable trust fund to finance the plan liability. The trustees of the trust fund are responsible for the overall governance of the plan. The plan is funded under Group Gratuity Scheme which is administered by LIC. The Company makes annual contribution to the plan.

Inherent Risk

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. since the benefits are lump sum in nature the plan is not subject to any longevity risks.

(ii) POST RETIREMENTS MEDICAL BENEFITS

The Company provides post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

Nature of Benefits:

The Company operates a defined benefit post-retirement medical plan. The benefits payable to the employees are post their retirement from the Company. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for such a post-retirement medical plan in India. The Company has chosen not to fund the post-retirement benefit liabilities of the plan but instead carry a provision based on actuarial valuation in its books of accounts.

Governance of Plan:

The Company is responsible for the overall governance of the plan. Since the plan is unfunded, the governance of the plan is limited to employees being paid the benefits as per the terms of the plan.

Inherent Risk

The plan is of a defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse increase in healthcare costs or demographic experience can result in an increase in cost of providing these benefits to employees in future. The benefits are also paid post retirement upto a specified age of the beneficiary and plan carries the longevity risks.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Defined benefit plans – as per actuarial valuation on 31st March, 2021

5.	Mortality table	**IALM(2012-14) ult**	**IALM(2012-14) ult**	IALM(2012-14) ult	IALM(2012-14) ult

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(x) Sensitivity analysis:

Gratuity

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

The sensitivity of the Gratuity Benefits to changes in the weighted principal assumptions is:

Amount (Rs)

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount rate	**2021**	**1%**	**3,363,017**	**3,872,728**
	2020	1%	3,103,181	3,598,325
Salary growth rate	**2021**	**1%**	**3,868,889**	**3,361,842**
	2020	1%	3,594,461	3,102,145

Post retirement medical benefits

The benefit obligation results for the cost of paying future hospitalization premiums to insurance company in future for the employee / beneficiaries during their lifetime is sensitive to discount rate and future increase in healthcare costs.

The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account changes in these three key parameters:

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

The sensitivity of the post retirement medical benefit obligation to changes in the weighted principal assumptions is:

Amount (Rs)

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount rate	**2021**	**1%**	**527,573**	**711,830**
	2020	1%	404,497	556,968
Medical inflation rate	**2021**	**1%**	**711,365**	**526,450**
	2020	1%	556,538	403,606

(xi) Expected contributions for the next year:

The Company expects to contribute Rs. 500,000 to the gratuity trusts during the next financial year.

This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Note No. 33: Financial Instruments

[I] Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The capital structure of the Company consists of net debt (borrowings as detailed in note 14 and offset by cash and cash equivalents and current investments) and total equity of the Company.

The Company monitors capital using a gearing ratio, which is Net Debt divided by total capital. The Company's policy is to keep the gearing ratio within 150%.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Equity	**966,674,612**	964,200,470
Gearing ratio	**24%**	6%

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

(A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by each business unit subject to the Companies's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on payment performance over the period of time and financial analysis including credit rating issued by credit rating agencies. Outstanding customer receivables are regularly monitored and any shipments to other small customers are generally covered by letters of credit.

The company follows expected credit loss method for determination of impairment of trade receivable. Additionally, an impairment analysis is performed at each reporting date on specfic case basis for major customers.

Financial instruments and cash deposits:

Credit risk from balances with banks and financial institutions is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with approved mutual fund or banks and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company on an annual basis, and may be updated throughout the year subject to approval of the Group's Finance Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

[B] LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

The following table details the Company's liquidity analysis for its derivative financial instruments. The table has been drawn up based on the undiscounted contractual net cash inflows and outflows on derivative instruments that settle on a net basis, and the undiscounted gross inflows and outflows on those derivatives that require gross settlement.

Amount (Rs)

	Less than 1 Year	1-3 Years	3-5 Years	5 Years and above	Total
Derivative financial instruments					
31 March 2021					
Gross settled:					
– foreign exchange forward contracts	**–**	**–**	**–**	**–**	**–**
31 March 2020					
Gross settled:					
– foreign exchange forward contracts	7,141,823	–	–	–	7,141,823

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

(iv) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Amount (Rs)

	31-Mar-21	31-Mar-20
Bank Overdraft/ WCDL facility	**100,000,000**	59,019,841
– Expiring within one year (Unsecured)	**100,000,000**	59,019,841
Working Capital Non-Fund Based facility: (LC, BG, LUT, LER)	**371,589,660**	362,076,600
– Expiring within one year (Unsecured)	**371,589,660**	362,076,600
Capex Rupee Term Loan	–	176,700,000
– Expiring within one year	–	176,700,000

[C] MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

(i) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12 month period for hedges of forecasted sales and purchases and for 36 months period for borrowings.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

	Currency	**2021**	2020
Trade payables/acceptance	USD	**108,921**	–
Creditors for capital supplies/services	USD	**267,000**	–

Of the above foreign currency exposures, the following exposures are not hedged by a derivative:

	Currency	**2021**	2020
Trade payables/acceptance	USD	–	–
Creditors for capital supplies/services	USD	–	–

(ii) Interest Rate Risk

Refer Note B (ii) for interest rate sensitivity

(iii) Raw material price risk

The Company does not have significant risk in raw material price variations. In case of any variation in price, same is passed on to the customer through appropriate adjustments to selling prices

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Note No. 34: Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 inputs

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 inputs

Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
- implied volatilities
- credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 inputs

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

Other Financial Assets						
Forward contracts	–	7,141,823	Level 2	Discounted cash flow. Future cash flows are estimated based on forward exchange rates (from observable forward exchange rate at the end of the reporting period) and contract forward rate that reflects the credit risk of various counter parties.	NA	NA
Total financial assets	–	47,231,328				
Financial liabilities						
Other Financial Liabilities						
Liability for Cash-settled share-based payments	**1,048,548**	2,705,043	Level 2	Black Scholes option model	NA	NA
Forward contracts	**245,463**	–	Level 2	Discounted cash flow. Future cash flows are estimated based on forward exchange rates (from observable forward exchange rate at the end of the reporting period) and contract forward rate that reflects the credit risk of various counter parties.	NA	NA
Total financial liabilities	**1,294,011**	2,705,043				

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

The fair values of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Fair value of financial assets and financial liabilities that are not measured at fair value

The Company considers that the carrying amount of financial assets and financial liabilities recognised in financial statements approximates their fair value.

Note No. 35: Earnings per share

Amount (Rs)

Note No. 36: Corporate Social Responsibility (CSR)

The CSR obligation for the year as computed by the Company and relied upon by the auditors is Rs. 2,599,712 (2020: 2,901,393). CSR amount spent during the year is Rs. 2,601,265 (2020: 2,938,927).

Note No. 37: Stock Appreciation Rights

In accordance with the directions and recommendations of the Remuneration Committee of the Company, the Company grants SARs to eligible employees/ directors. SARs granted would vest over a period of five years, or such period as stipulated by the Remuneration Committee, from the date of grant. Upon vesting of SARs eligible employees are entitled to earn cash benefits as prescribed.

One SAR shall be entitled to a cash benefit which would be the difference between the Fair Value of one fully-paid Equity Share of the holding company on the exercise date less the Face Value of the Equity Share of the holding company on the grant date. Provided, however, that once SARs have vested, an eligible employee will have the option to exercise the same within a maximum period of three years from the vesting date during such periods of time as determined by the Company.

Once SARs are vested and exercised by an employee, the Company would, within a period of 90 days from the exercise date, compute the cash benefit due in respect of those SARs and pay the same to the employee after deducting the applicable income tax at source. The latest available Fair Value of the Company's Equity Share would be considered for computing the said cash benefit.

If an eligible employee fails to exercise the SARs within a period of three years as aforesaid, the unexercised SARs will lapse and the Company's liability for such unexercised SARs will cease.

The Company has granted Stock Appreciation Rights ("SARs") to eligible employees in accordance with the Stock Appreciation Rights Scheme 2015 (SARS-2015) during the year ended 31st March, 2015, 31st March, 2016, 31st March 2018 and 31st March, 2020.

Details of stock appreciation rights outstanding as on 31st March 2021

	Number of Shares	Grant Date	Expiry Date	Exercise Price (Rs.)	Fair value at Grant Date (Rs.)
Cash settled					
F'18 grant	205	28 Apr 2017	28 Feb 2025	10	125.38

INDEPENDENT AUDITORS' REPORT

To the Shareholders of Mahindra MiddleEast Electrical Steel Service Centre (FZC)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra MiddleEast Electrical Steel Service Centre (FZC) ("the Company"), which comprise the statement of financial position as at 31 March 2021, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2021, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Supplementary Information

We draw attention to Note 2(c) of the financial statements, which describes the fact that the United Arab Emirate Dirhams and Indian Rupee amounts in the accompanying financial statements are presented as supplementary information solely for the convenience of users which does not form part of the financial statements and have not been audited. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS and their preparation in accordance with the applicable implementing rules and regulations of Sharjah Airport International Free Zone, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

We further report that the financial statements comply, in all materials respects, with applicable implementing rules and regulations of Sharjah Airport International Free Zone.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1 Reporting entity

Mahindra MiddleEast Electrical Steel Service Centre (FZC) ("the Company"), was incorporated and licensed on 8 August 2004 at Sharjah Airport International Free Zone, Sharjah (FZ) with limited liability in the United Arab Emirates (UAE). Subsequently, the Company has entered into an agreement for subscription of capital by Nippon Steel Corporation (NSC) formerly known as Nippon Steel & Sumitomo Metal Corporation (NSSMC), Japan to reorganise the Company and manage it as a Free Zone Company (FZC). Consequent upon the induction of NSSMC as a shareholder, the status changed from Free Zone Establishment (FZE) to Free Zone Company (FZC) with limited liability with effect from 28 November 2005. The Company is engaged in processing of steel coils and supply of slit coils and laminations. The shareholding pattern as of 31 March 2021 is as follows:

Shareholders	Percentage
Mahindra Intertrade Limited	90%
Nippon Steel Corporation (formarly known as Nippon Steel & Sumitomo Metal Corporation)	10%

The ultimate holding company is Mahindra & Mahindra Limited.

2 Basis of preparation

The financial statements have been prepared under the historical cost convention.

(a) Statement of compliance

The financial statements have been prepared in compliance with International Financial Reporting Standards issued by the International Accounting Standards Board and the rules and regulations of the Sharjah Airport International Free Zone Authority (SAIF Zone).

(b) Functional and presentation currency

These financial statements are presented in United States Dollars ("USD"), which is the Company's functional currency.

(c) Convenience translation

In addition to presenting the financial statements in USD, unaudited supplementary information in United Arab Emirates Dirham ("Dhs") and Indian Rupee ("Rs") has been prepared for the convenience of users of the financials statements.

All amounts (including previous year information) are translated from USD to Dhs. and Rs. at the closing exchange rate at 31 March 2021 based on average of the telegraphic transfer buying and selling rates quoted by the Mumbai Branch of State Bank of India of Dhs. 3.67 to USD 1 and Rs. 73.59 to USD 1 respectively.

(d) Use of estimates and judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed by management on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in every future period affected.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

i) Impairment losses on trade receivables

The Company follows expected credit loss model for creating provision for loss allowance relating to trade receivables. Additionally, management review outstanding trade receivables on specific case to case basis at each year end to determine provision for loss allowance. The Company's credit risk is primarily attributable to its trade receivables.

ii) Provision for obsolete and expired inventory

The Company reviews its inventory to assess loss on account of obsolescence and expiry on a regular basis. In determining whether provision for obsolescence should be recorded in the profit or loss, the Company makes judgements as to whether there is any observable data indicating that there is any future saleability of the product and the net realisable value for such product. Accordingly, provision for impairment is made where the net realisable value is less than cost based on best estimates by the management. The provision for obsolescence of inventory is based on the aging and past movement of the inventory.

iii) Estimated useful lives of property, plant and equipment

The Company estimates the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets. In addition, estimation of the useful lives of property, plant and equipment is based on collective assessment of industry practice, internal technical evaluation and on the historical experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances.

(e) Impact of COVID-19 outbreak on the financial statements

The World Health Organisation declared COVID-19 as a pandemic in March 2020. Escalation of COVID-19 has impacted the global economic growth and business developments. Most countries have enacted protection measures against COVID-19, with a significant impact on the daily life, production and supply chain of goods in these countries and beyond.

The evolution of COVID-19 as well as its impact on the global economy, and more specifically, on the Company's business activities, is subject to levels of uncertainty, with the full range of possible effects unknown including but not limited to: the success of support measures introduced by governments, a smooth supply chain, customer behavioural patterns and sentiments, volume and velocity of tourism, ability of the wider economy to recover, timing and manner of the easing of restrictions (such as lockdowns and social distancing) and successful vaccination campaigns.

The Company has proactively introduced comprehensive measures to address and mitigate key operational and financial issues arising from the current situation. The Company continues to adopt strict social distancing safety measures and other hygiene practices across its office facilities, factory, warehouses and staff accommodations, enabling it to continue operations with minimal disruptions.

Management, based on its assessment, believes that the cashflows from operations will allow the Company to continue to operate and meet its liabilities whenever they fall due in foreseeable future.

3 Significant accounting policies

The accounting policies set out below, which comply with IFRS, have been consistently applied to all periods presented in these financial statements.

(a) Property, plant and equipment and depreciation

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation is calculated over the depreciable amount, which is the cost of an asset, less its residual value. Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. The estimated useful lives for the current and comparative periods are as follows:

Factory Building	18 years
Plant and Machinery	20 years
Vehicles	5 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Computers	5 years

Residual value of the property plant and equipments has been estimated at 5% of its capitalised value for the purpose of calculating depreciation.

Any gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

The components of an asset are identified and depreciated separately, if they have differing patterns of benefits and are significant to the total cost of the item. The overall value of an asset is split fairly between significant components and accounted for separately. The components' useful lives and the method of depreciation are determined on a reasonable and consistent basis.

(b) Inventories

Inventories are measured at the lower of cost and net realizable value, after making due allowance for any obsolete or slow moving items. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. Cost is determined as follows:

Raw materials

The cost of raw materials includes insurance, freight and other incidental charges incurred in acquiring the inventories and bringing them to their present location and condition. Valuation of the raw materials is determined on a weighted average cost basis.

Work-in-progress

The cost of work in progress includes cost of raw material and an appropriate share of production overheads based on normal operating capacity.

Finished goods

The cost of finished goods is arrived at on a weighted average cost basis and includes cost of direct materials and direct labour plus an appropriate share of production overheads based on normal operating capacity.

(c) Revenue from contracts with customers

Revenue is measured based on the consideration specified in a contract with a customer. The Company recognises revenue when it transfers control over a good or service to a customer. Revenue is recognised when the goods are delivered and have been accepted by customers at their premises. For contracts that permit the customer to return an item, revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical data for specific products. In these circumstances, a refund liability and a right to recover returned goods asset are recognised. The right to recover returned goods asset is measured at the former carrying amount of the inventory less any expected costs to recover goods.

(d) Finance income and finance costs

Finance income comprises interest income. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

Finance costs comprise interest expenses on borrowings and preshipment credit. Interest costs is recognised as it accrues in profit or loss, using the effective interest method.

(e) Foreign currency transactions and balances

Transactions in foreign currencies are translated to the functional currency ("USD") at the exchange rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on retranslation are recognised in profit or loss.

(f) Employee benefit

The provision for staff terminal benefits is calculated in accordance with the provisions of the UAE Labour Law and is based on the liability that would arise if the employment of all staff were to be terminated at the reporting date.

(g) Assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at lower of their carrying amount and fair value less cost to sale. Impairment losses on initial classification as held for sale and subsequent gain / losses on measurement are recognized in profit and loss. Once classified as held for sale, intangible assets and property plant and equipment are no longer amortized or depreciated.

(h) Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at: amortised cost; FVOCI – debt investment; FVOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets

i) Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

ii) Financial liabilities and equity instruments

Financial assets at amortised cost are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Derivative financial instruments

The Company holds derivative financial instruments (currency forward contracts) to hedge its foreign currency risk exposure.

Derivatives are recognised initially at fair value attributable transaction costs are recognised in profit or loss when incurred. Subsequent to initial recognition, derivatives are measured at fair value and changes there in are recognised in the profit or loss.

Financial liabilities

Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost and are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

i) Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

ii) Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(i) Impairment

Non-derivative financial assets

Financial instruments and contract assets

The Company recognises loss allowances for ECLs on financial assets measured at amortised cost. The Company measures loss allowances at an amount equal to lifetime ECLs, except for bank balances and other debt securities for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition. Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 180 days past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 180 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 180 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For its customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(j) Earning per share

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the reporting period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), if any occurred during the reporting period, that have changed the number of equity shares outstanding,without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year, are adjusted for the effects of all dilutive potential equity shares.

The number of shares and potential dilutive equity shares are adjusted retrospectively for all periods presented for any bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

(k) Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be measured reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

(l) Lease

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition of a lease in IFRS 16.

As a lessee

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased. Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments; and
- lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in the statement of financial position.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(m) Standards issued but yet not effective

Several new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 April 2020 and early adoption is permitted; however, the Company has not early adopted the new or amended standards in these financial statements.

The following amended standards and interpretations are not expected to have a significant impact on the Company's financial statements in the period of initial application:

- Onerous contracts – Cost of fulfilling a contract (Amendments to IAS 37);
- Property, plant and equipment: Proceeds before intended use (Amendments to IAS 16);
- Annual improvements to IFRS Standards 2018-2020;
- Reference to conceptual framework (Amendments to IFRS 3);
- Classification of liabilities as current or non-current (Amendments to IAS 1); and
- IFRS 17 *Insurance Contracts* and amendments to IFRS 17 *Insurance Contracts*.

During the year, the Company obtained several trust receipts, working capital demand loans, which are unsecured, repayable within 30-90 days and carry interest rate of USD Libor plus spread of 2.4%. The Company has also availed a bank overdraft facility during the year at USD Libor plus 1.5%

During the year the company has availed unsecured bank overdraft facility from BNP Paribas for short term working capital requirements. One of the covenant under the loan arrangement is for the Company to have a minimum net-worth of USD 3.50 milion. As at 31 March 2021, management has assessed that net-worth of the Company is marginally lower than prescribed threshold leading to a breach of covenant. Management has already reached out to the bank to obtain waiver for the said breach. Considering that borrowing facility is of short term nature, there is no implication on classification of loan in the financial statements at 31 March 2021.

20. FINANCIAL INSTRUMENTS

Overview

The Company has exposure to the following risks from its use of financial instruments:

– Credit risk
– Liquidity risk
– Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

The Company's Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

A) Credit risk

Credit risk is the risk of financial loss to the Company if counterparty to a financial instrument fails to meet its contractual obligations. Credit risk is mainly attributable to cash at bank and trade and other receivables.

Trade receivables

The exposure to credit risk on trade receivables is monitored on an ongoing basis by the management and these are considered recoverable by the Company's management. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the Company's customer base, including the default risk of the industry and country, in which customers operate, has less of an influence on credit risk.

Management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Purchase limits are established for each customer, which represent the maximum open amount.

The Company follows expected credit loss method for determination of impairment for trade receivable, additionally an impairment analysis is performed on each reporting date on specific case basis for major customer.

Exposure to credit risk:

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Impairment losses

Expected credit loss assessment

The Company applies the simplified approach to providing for expected credit losses prescribed by IFRS 9, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

NOTES TO THE FINANCIAL STATEMENTS AS AT 31 MARCH 2020 – (CONTINUED)

The age of trade receivables at the reporting date was:

B) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Liquidity risk mainly relates to amounts due to related parties, short term borrowings and trade and other payables. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of letter of credit facilities.

The following are the contractual maturities of financial liabilities (including estimated interest payments).

NOTES TO THE FINANCIAL STATEMENTS AS AT 31 MARCH 2020 – (CONTINUED)

C) Market risk

(i) Currency risk

Foreign exchange risk is limited since all significant transactions are either in USD or Dhs. (which is currently fixed to USD).

(ii) Interest rate risk

The Company has placed fixed deposits / margin money in form of fixed deposits with banks at normal commercial rates. Short term borrowings (Trust Receipts and working capital demand loans) carry interest at fixed rate linked to USD Libor.

Interest rate sensitivity analysis

A resonably possible change of 100 basis point in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. The analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

BOARD OF DIRECTOR'S STATEMENT LETTER RELATING TO THE RESPONSIBILITY ON THE FINANCIAL STATEMENTS OF PT. MAHINDRA ACCELO STEEL INDONESIA AS OF MARCH 31, 2021 AND FOR THE YEAR THEN ENDED

We the undersigned :

Name	: Mr. Dharmesh Vipinchandra Modi
Office Address	: Jl.Albasia Selatan block K6-09, Delta Silicon 8, Desa Sukasari, Kecamatan Serang Baru, Kabupaten Bekasi, Jawa Barat 17530
Position	: Director
Phone Number	: 062 - 8118201918

declare that:

1. We are responsible for the preparation and presentation of the Financial Statements PT. MAHINDRA ACCELO STEEL.
2. The Financial Statements have been prepared and presented in accordance with Indonesian Accounting Standard
3. All information contained in the Financial Statements are complete and correct, and the Financial Statements do not contain misleading material information or facts, and do not omit material information and facts.
4. We are responsible for the Company's Internal Control System.

April 24, 2021

For and on behalf of the Board of Directors

Mr. Dharmesh Vipinchandra Modi
Director

INDEPENDENT AUDITORS' REPORT

The Stockholders, Board of Commissioners, Directors

PT. MAHINDRA ACCELO STEEL INDONESIA

Preface

We have audited the accompanying financial statements of **PT. MAHINDRA ACCELO STEEL INDONESIA** as of financial position at March 31, 2021 and March 31, 2020, and the statements of profit and loss and other comprehensive income, changes in equity and satements of cash flows for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of such financial statements in accordance with Indonesia Financial Accounting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on such financial statements based on our audit. We conducted our audit in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risks assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose expressing an opinion on the effectiveness of entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of **PT. MAHINDRA ACCELO STEEL INDONESIA** as of March 31, 2021 and March 31, 2020, and their financial performance and its cash flows for the year ended, in accordance with Indonesian Financial Accounting Standards.

NOTES TO FINANCIAL STATEMENTS AS OF MARCH 31, 2021 AND FOR THE YEAR ENDED
(Figures in table expressed in Rupiah, unless otherwise stated)

1. GENERAL

a. Establishment and General Information

PT. Mahindra Accelo Steel Indonesia (“ the “Company”) was established based on deed No. 65 of Notary Mala Mukti, SH, LL.M, dated 18 December 2018. The deed of establishment of the company was approved by the Ministry of Law and Human Rights Republic of Indonesia based on Decree No. AHU-0060888.AH.01.01. Tahun 2018 dated 19 December 2018.

The articles of association of the Company have been amended based on deed No. 23 from Notary Hasbullah Abdul Rasyid, S.H, M.Kn, dated October 2, 2018, regarding the change in the composition of the Company’s board of directors.

In accordance with Article 3 of its Articles of Association, the Company conducts business within the scope of its activities, which primarily is steel processing.

PT. Mahindra Accelo Steel Indonesia (the “Company”) have been amended based on deed No. 355 from Notary Hambit Maseh, S.H. dated September 4, 2020 regarding changes to the board of directors and commissioners, the full address of the company. The deed of establishment of the company was approved by the Ministry of Law and Human Rights Republic of Indonesia based on Decree No. AHU-0148649.AH.01.11TAHUN 2020 dated 8 September 2020.

PT. Mahindra Accelo Steel Indonesia (the “Company”) have been amended based on deed No. 233 from Notary Hambit Maseh, S.H. dated March 4, 2021 regarding issuance of shares that are still in savings and changes in the board of directors and commissioners. The deed of establishment of the company was approved by the Ministry of Law and Human Rights Republic of Indonesia based on Decree No. AHU-0044178.AH.01.11 TAHUN 2021 dated 9 March 2021.

The company is domiciled in Jalan Albasia Selatan Blok K6-09 Delta Silicon 8, Sukasari, Serang Baru, Cikarang, Jawa Barat , Indonesia. The company is registered as a taxpayer at the Cikarang Selatan Tax Office (KPP) with a NPWP of 90.338.648.0-018.000..

b. Commissioners and Directors

The composition of the Company’s commissioners and directors as of March 31, 2021 and 2020 is as follows:

Commissioners	**2021**	**2020**
President Commissioner	Mr. Zhooben Dossabhoy Bhiwandiwala	Mr. Zhooben Dossabhoy Bhiwandiwala
Commissioner	Mr. Sumit Issar	Mr. Sumit Issar
Directors		
President Director	Mr. Vijay Arora	Mr. Vijay Arora
Director	Mr. Dharmesh Vipinchandra Modi	Mr. Dharmesh Vipinchandra Modi
Director	Tn. Rudy E. Tiendas	Mr. Rudy E. Tiendas
Director		Mr. Percy Dara Mahernosh

The number of Company employees as of March 31, 2021 and March 31, 2020 were 2 permanent employees (unaudited).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Preparation of the Financial Statements

Based on the requirements and criteria in the Indonesian Financial Accounting Standards, the Company fulfills the criteria as an entity consisting of Statements and Interpretations issued by the Financial Accounting Standards Board of the Indonesian Institute of Accountants.

The financial statements use the historical cost basis of accounting, except for certain accounts which are measured on the basis described in the related accounting policies. The financial statements have been prepared on accrual basis.

The statements of cash flows are prepared using the indirect method with classifications of cash flows into operating, investing, and financing activities.

The Company that chooses the reporting currency used in the preparation of the financial statements is the Rupiah. Unless otherwise stated, all figures presented in the financial statements are stated in full amount of Rupiah.

b. Changes to Statements of Financial Accounting Standards (PSAK) and Interpretations of Statements of Financial Accounting Standards (ISAK)

The adoption of the following new PSAK, amendments and improvements to PSAKs which are effective for periods beginning on or after January 1, 2019 have no material impact to disclosures or on the amounts recognized in the current and prior year financial statements:

– ISAK 33: “Foreign Currency Transactions and Advance Consideration”;

– PSAK 15: (amendment), “Investments in Associates and Joint Ventures: Long Term Interest In Associate and Joint Ventures”;

– PSAK 62: “Insurance Contract”;

– PSAK 71: “Financial Instruments”;

– PSAK 71: (amendment), “Financial Instruments: Prepayment Features with Negative Compensation”,

– PSAK 72: “Revenue from Contracts with Customers”, and

– PSAK 73: “Leases”.

All new PSAKs and amendments to PSAKs are effective for periods beginning on or after January 1, 2020, while the new ISAK is effective for periods beginning on or after January 1, 2019. Early adoption of the new PSAKs and amendments to PSAKs is permitted, while early adoption of PSAK 73 is permitted only upon early adoption of PSAK 72.

c. Financial Instruments

i. Financial assets

Initial recognition

Financial asset within the scope of PSAK No. 55 (Revised 2014) are classified as financial assets at fair value through profit and loss, loans and receivables, held-to-maturity investments and available for sale financial assets. The Company determines the classification of its financial assets at initial recognition and, where allowed and appropriate, re-evaluates this designation at each financial year end.

All financial assets are recognized initially at fair value plus transaction costs, except in the case of financial assets which are recorded at fair value through profit or loss.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way purchases) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the assets.

Initial recognition

As of March 31, 2021, the Company’s financial assets included cash and bank. The Company has determined that these financial assets are included in the loans and receivables category.

Subsequent Measurement

Loans and receivables are non-derivative financial assets with fixed determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest Rate (“EIR”), less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are an integral part of the EIR. The EIR amortization is included in the statement of comprehensive income. Losses arising from impairment are also recognized in the statements of comprehensive income.

NOTES TO FINANCIAL STATEMENTS (Continued) AS OF MARCH 31, 2021 AND FOR THE YEAR ENDED
(Expressed in Rupiah, unless otherwise stated)

ii. Financial liabilities

Initial recognition

Financial liabilities within the scope of PSAK No. 55 (Revised 2014) are classified as financial liabilities at fair value through profit and loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Company determines the classification of its financial liabilities at initial recognition.

Financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, include directly attributable transaction costs.

As of March 31, 2021, the Company's financial liabilities include account payable, other payable and accrued expenses. The Company has determined that all of these financial liabilities are included in the loans and borrowings category.

Subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method.

Gains and losses are recognized in the statements of comprehensive income when the liabilities are derecognized as well as through the EIR amortization process.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and the liabilities simultaneously.

iv. Fair value of financial instruments

The fair value of financial instruments that are actively traded in-organized financial markets is determined by reference to quoted market bid prices at the close of business at the end of the reporting year. For financial instruments where there is no active market, fair value is determined using valuation techniques. Such techniques may include using recent arm's length market transaction, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis, or other valuation models.

Credit risk adjustment

The Company adjust the price in the observable market to reflect any differences in counterparty credit risk between instruments traded in that market and the ones being valued for financial asset positions. In determining the fair value of financial liability positions, the Company's own credit risks associated with the instrument are taken into account.

v. Amortized cost of financial instruments

Amortized cost is computed using the EIR method less any allowance for impairment and principal repayment or reduction. The calculation takes into account any premium or discount on acquisition and includes transaction costs and fees that are an integral part of the effective interest rate.

vi. Impairment of financial assets

The Company assesses at the end of each reporting periods whether there is any objective evidence that a financial asset or a Company of financial assets is impaired.

For loans and receivables carried at amortized cost, the Company first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Company determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the asset is included in a Company of financial assets with similar credit risk characteristics and the asset is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognized, are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss has occurred the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flow (excluding future expected credit losses that have not yet been incurred). The present value of the estimated future cash flow is discounted at the financial assets' original effective interest rate. If a "loans and receivables" financial asset has a variable interest rate, the discount rate for measuring impairment loss is the current EIR.

The carrying amount of the asset is reduced through the use of an allowance accounts and the amount of the loss is recognized in the statements of comprehensive income. Interest income continues to be accrued on the reduced carrying amount based on the rate of interest used to discount future cash flow for the purpose of measuring impairment loss. Loans and receivables, together with the associated allowance, are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the Company. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized the previously recognized impairment loss is increase or reduced by adjusting the allowance account. If a future write-off is later recovered, the recovery is recognized in the statements of comprehensive income.

vii. Derecognition of financial assets and liabilities

Financial assets

A financial asset (or where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognized when: (1) the rights to receive cash flows from the asset have expired; or (2) the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement, and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognized in the consolidated statements of comprehensive income.

d. Fixed Assets

All fixed assets are initially recognized at cost which comprises their purchase price and any costs directly attributable in bringing the asset to its working condition and to the location where it is intended to be used. Costs of replacing part of fixed assets, which met the recognition criteria, is recognized as part of cost. Subsequent to initial recognition, fixed assets are carried at cost less any subsequent accumulated depreciation and impairment losses.

Fixed assets of direct acquisition are stated at cost less accumulated depreciation, except for land, which is not depreciated. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, as follows:

	Years
Computer	4

e. Revenue Recognition and Burden

The Company has transactions with certain parties who have related party relationship as defined under. PSAK No. 7 (Revised 2015) on "Related Party Disclosures". According to this PSAK

1) A person or a close member of that person's family is related to Company if that person:

NOTES TO FINANCIAL STATEMENTS (Continued) AS OF MARCH 31, 2021 AND FOR THE YEAR ENDED
(Expressed in Rupiah, unless otherwise stated)

(i). has control or joint control over the Company;

(ii). has significant influence over the Company; or.

(iii). is a member of the key management personnel of the Company or parent of the Company.

2) An entity is related to the Company if any of the following conditions applies:

(i). the entity and the Company are members of the same group;

(ii). the entity is an associate or a joint venture of the Company (or associate or joint venture of a member of a group of which the Company is a member);

(iii). the entity and the Company are joint ventures of the same third party;

(iv). in entity which is a joint venture of the Company and other entity which is an associate of the Company;

(v). the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company:

(vi). the entity is controlled or jointly controlled by a person identified in (1);

(vii). a person identified in (1) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or parent of the entity);

(viii). the entity, or a member of a group to which the entity is part of the group, providing services tothe key management personnel of the Company or to the parent entity of the Company.

All significant transactions and balance with related parties are disclosed in Notes to Financial Statements

f. Foreign Currency Transactions and Balances

Transactions during the year involving foreign currencies are recorded at the rates of exchange prevailing at the time the transactions are made. At financial position date, monetary assets and liabilities denominated in foreign currencies are adjusted to reflect the rates of exchange prevailing at that date. The resulting gains or losses are credited in or charged to current operations.

Exchange rates used were Rp 14,572.00/US$ and Rp 16,367.01/US$ as of March 31, 2021 and 2020, respectively.

g. Expenses

Expenses are recognized as incurred.

h. Taxation

Current Tax

Income tax expense represents the sum of the corporate income tax currently payable and deferred tax.

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that have been enacted or substantively enacted as of the reporting date.

Current income taxes are recognized in the statement of profrt or loss and other comprehensive income, except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions when appropriate.

Deferred tax is recognized using the liability method or temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

ii. In respect of taxable temporary differences associated with investment in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

ii. In respect of deductible temporary differences associated with investment in subsidiaries, deferred tax assets are recognized only to the extent that is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which temporary differences can be utilized.

Value Added Tax

Revenue, expenses and assets are recognized net of the amount of VAT except:

i, The VAT incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the VAT is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and

ii. Receivables and payables that are stated inclusive of the VAT amount.

The net amount of VAT recoverable from, or payable to, the taxation authorities is included as part of receivables or payables in the statement of financial position.

17. MONETARY ACCOUNTS

The following table shows the Company's liability in foreign currency as of March 31, 2021 and as of March 31, 2020 as follow :

	2021		2020	
	US$	Equivalent in Rp	US$	Equivalent in Rp
Accounts payable to related parties (see Note 10)	**2,774**	**42,406,847**	**12,931.59**	**210,914,233**

18. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following table sets out the carrying values, which also represent the estimated fair values, of the Company's financial instruments as of March 31, 2021, and 2020:

	2021	2020
Financial assets:		
Cash and bank	**6,049,560,947**	3,819,017,926
Total Financial Assets	**6,049,560,947**	3,819,017,926
Financial liabilities:		
Accounts payables	**4,317,200**	286,167,835
Other payables	**42,406,847**	210,914,233
Accrued expenses	**391,041,346**	75,893,966
Loans from Banks	**24,981,201,600**	-
Total Financial Liabilities	**25,418,966,993**	572,976,034

Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in a forced or liquidation sale.

The following method and assumption are used to estimate the fair value of each class of financial instruments is Short-term financial assets and liabilities. The fair value of cash and bank, trade payables, other payables and accrued expenses approximate their carrying values due to their short-term nature.

20. SUBSEQUENT EVENTS

a. Economic Environment Uncertainty

On March 11, 2020, the World Health Organization ("WHO") declared the outbreak of corona virus ("Covid-19") a global pandemic. This Covid-19 outbreak has caused global and domestic economic slowdown, which in turn affected the operations of the Company, its customers and vendors. While disruption is expected to be temporary, there is considerable uncertainly around the extent of the impact of Covid-19 on the Company's operations and financial performance. The extent of such impact will depend on certain future development which cannot be predicted at this moment, including the duration of the spread of the outbreak, economic and social measures that are being taken by the government authorities to eradicate Covid-19 threat, and the impact of such of factors to the Company's employees, customers and vendors. The management is closely monitoring the Company's Operations, liquidity and resources, and is actively working to minimize the current and future impact of this unprecedented situation. These financial statements do not include any adjustment that might result from the outcome of the aforementioned uncertainly.

b. The Government issued PERPU No. 1/2020, dated March 31, 2020, regarding State Financing and Financial System Stability Policies in handling Coronavirus Disease 2019 pandemic ("COVID - 19 Pandemic") and anticipating the critical threat towards the National Economy and the stability of Indonesia's financial system. The State Financing Policies cover State Revenues Policies, including policies in the taxation sector, which have brought plans to reduce Corporate Income Tax Rate for domestic corporate tax payers and permanent establishments from 25% to 22% for the 2020 and 2021 tax years, and 20% from the 2022 tax year onward

21. COMPLETION OF THE FINANCIAL STATEMENTS

The management of the Company is responsible for the preparation of the financial statements for the period ended March 31, 2021, which were approved by Directors and authorised for issue on April 24, 2021.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MAHINDRA HOLDINGS LIMITED

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of Mahindra Holdings Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its financial statements - Refer Note 22 to the financial statements

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company

   iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

   (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

   In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act read with Schedule V of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT – 31 MARCH 2021

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) The Company does not have any property, plant and equipment and accordingly, paragraph 3(i) of the Order is not applicable to the Company.

(ii) The Company is a Core Investment Company, not requiring registration, as per the Reserve Bank of India Act, 1934, primarily engagement in the business of acquisition of shares and other securities and does not hold any physical inventory and accordingly, paragraph 3(ii) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanation given to us, the Company has not granted any loans, or provided any guarantees or security to the parties covered under Section 185 and Section 186 of the Act. With respect to investments made in companies covered under Section 186, the Company has complied with the relevant provisions of the Act.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any activities conducted by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax, Goods and Services tax and other material statutory dues have been regularly deposited during the year with the appropriate authorities. As explained to us, the Company did not have any dues on account of Provident fund, Employees' State Insurance, Sales-tax, Duty of customs, and Duty of excise, Value added tax and Cess.

According to the information and explanations given to us, no undisputed amounts payable in respect of Income-tax, Service tax, Goods and Services tax and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of Income tax and Goods and Services Tax which have not been deposited with the appropriate authorities on account of any dispute, except for the following:

Name of the Statute	Nature of the Dues	Rupees in Lakhs		Period to which the amount relates	Forum where dispute is pending
		Amount demanded	Amount not deposited under dispute		
Income Tax Act, 1961	Income tax	138.42	40.28	AY 2007-08 to AY 2014-15	Bombay High Court

(viii) In our opinion and according to the information and explanations given to us by the management, the Company does not have any loans or borrowings from any financial institution or bank or government nor has issued any debentures issued during the year. Accordingly, paragraph 3(viii) of the Order is not applicable to the Company.

(ix) According to the information and explanations given to us by the management, the Company did not raise money by way of term loan, initial public offer or further public offer (including debt instruments) during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.

(x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any material instances of fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management

(xi) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by provisions of section 197 read with Schedule V of the Act.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us by the management, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act, where applicable and the details of such related party transactions have been disclosed in the Ind AS financial statements as required by Ind AS 24 Related Party Disclosures specified under Section 133 of the Act. The provisions of Section 177 are not applicable to the company and accordingly reporting under paragraph 3(xiii) insofar as it relates to Section 177 of the Act is not applicable to the Company and hence not commented upon.

(xiv) According to the information and explanations given to us by the management, during the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under paragraph 3(xiv) of the Order is not applicable to the company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA HOLDINGS LIMITED FOR THE PERIOD ENDED 31 MARCH 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Holdings Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. Background

Mahindra Holdings Limited ('the Company') is a limited company incorporated in India. The address of its Registered Office and principal activities of the Company are disclosed in the introduction to the Annual Report. The Company is a Core Investment Company, not requiring registration, as per the Reserve Bank of India Act, 1934. The principal activity of the Company is to make investments in group companies.

2. Significant Accounting Policies

(a) Statement of compliance and basis of preparation and presentation

These financial statements of Mahindra Holdings Limited have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These financial statements are presented in Indian Rupees which is also the Company's functional currency.

These are the standalone financial statement of the Company. The Ministry of Corporate Affairs has, vide its Notification G.S.R 742(E) dated 27th July, 2016, exempted a wholly owned subsidiary Company from preparation and presentation of Consolidated Financial Statements provided the Company meets the conditions as mentioned in the said Notification.

Accordingly, the Company has not prepared Consolidated Financial Statements since it has met all requirements mentioned in the aforesaid Notification.

These financial statements have been approved by the Company's Board of Directors and authorised for issue on 18th May, 2021.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value.

(c) Measurement of fair value

A number of the Company's accounting policies and disclosures require the measurement of fair value for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Management has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices. All methods of assessing fair value result in general approximation of value and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

(d) Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires Management to make estimates and assumptions that affect the reported amount of assets and liabilities, revenue and expenses and disclosure of contingent liabilities as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Fair value of financial assets, liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair Value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on Management's best estimate about future developments.

(e) Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification and subsequent measurement

Financial assets

All purchases or sales of financial assets are recognised and derecognised on a trade date basis except for those purchases or sales where delivery of assets are not on the trade date but on a subsequent date within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as measured at:

- Amortised cost; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or
- Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income and impairment expenses are recognised in profit or loss. Any gain and loss on derecognition is also recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of allocating interest income over the relevant period.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long-term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as at FVTOCI as the Company believes that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in profit or loss. Dividend income received on such equity investments are recognised in profit or loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured at FVTPL. Subsequent changes in fair value are recognised in profit or loss.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment of financial assets

The Company applies the Expected Credit Loss (ECL) model for recognising impairment loss on financial assets.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

(f) Investments in subsidiaries, associates and joint ventures

The Company accounts for its investments in subsidiaries, associates and joint ventures at cost less accumulated impairment, if any.

(g) Revenue recognition

i) Dividend income is accounted for when the right to receive payment is established.

ii) Interest income from financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

(i) Taxation

Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect included in the accounting for the business combination.

(i) Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of these cash flows (when the effect of the time value of money is material).

3. Recent accounting pronouncements:

IMinistry of Corporate ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1st April 2021.

15. Exceptional Item

Exceptional Item recognised in profit or loss account represents:

a) loss on sale of non-current investments in certain subsidiaries Rs. 13000.65 lakhs (2020: Nil) representing difference between its net carrying amount over the fair value of sale consideration received.

b) impairment provision on certain long-term investments Rs.7742.23 lakhs (2020: Rs. 22130.20 lakhs)

c) During the year, the Scheme of Arrangement (Scheme) between the Company's fellow subsidiary, Mahindra Two Wheelers Limited (MTWL) and Mahindra Automobile Distributor Private Limited (MADPL), an associate company, was approved by the National Company Law Tribunal (NCLT). Consequent to the scheme, the Company has received 18,68,53,800 equity shares of MTWL in exchange for the 2,10,000 equity shares of MADPL held by the Company. Accordingly, the Company has recognised a loss of Rs 23.10 lakhs, being lower of fair value of equity shares of MTWL over the carrying value of investment in MADPL.

16. During the year, the Company has sold its entire stake in Brainbees Solutions Private Limited and recognised a cumulative gain of Rs 1041.29 lakhs in "Other Comprehensive Income"

17. Capital management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders.

The Company determines the amount of capital required on the basis of its strategic investment plans. The same is funded through equity capital.

18. Financial Risk Management framework

The Company's activities expose it to a variety of financial risks namely credit risk, interest risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a Risk Management policy and a program that performs close monitoring of and responding to each risk factors. The ultimate responsibility vests with the Board of Directors.

a) Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objectives of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

b) Credit risk

Credit risk refers to the risk that a counterparty will default on its obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The credit risk on liquid funds is limited because the counterparties are Mutual Funds and banks with high credit- ratings assigned by credit- agencies.

c) Liquidity risk

The Board of Directors has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Maturity of financial liabilities

The following Table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the Table have been drawn up based on the

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The Table include both interest and principal cash flows.

(Rs. lakhs)

INDEPENDENT AUDITORS' REPORT

TO THE MEMBER OF MAHINDRA OVERSEAS INVESTMENT COMPANY (MAURITIUS) LTD

Report on the Audit of the Separate Financial Statements

Opinion

We have audited the separate financial statements of **Mahindra Overseas Investment Company (Mauritius) Ltd**, the "Company", which comprise the statement of financial position as at 31 March 2021 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying separate financial statements give a true and fair view of the financial position of the Company as at 31 March 2021 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Separate Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The supplementary information presented in Indian Rupee in the separate financial statements is solely for the convenience of the users of these financial statements. The supplementary information presented in Indian Rupee does not form part of the audited separate financial statements. We have therefore not audited the supplementary information and, accordingly, we do not express an opinion on this supplementary information. This paragraph has no impact on the audit opinion expressed in this auditors' report.

Information Other than the Separate Financial Statements and Auditors' Report Thereon ("Other Information")

Management is responsible for the Other Information. The Other Information comprises the information included under the Corporate Data and Commentary of Directors sections, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Separate Financial Statements

Management is responsible for the preparation of the financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The Company is licensed as an Authorised Company with the Financial Services Commission of Mauritius (FSC) and by virtue of this status, it does not have an obligation to file audited financial statements with the FSC.

Mahindra and Mahindra Limited, the parent company, is listed in the Republic of India and is required to submit consolidated audited financial statements to the Indian authorities. The Group Auditors of the parent company, in compliance with ISA 600, Special Considerations - Audits of Group Financial Statements (Including the Work of Component Auditors), require an audit to be performed on these separate financial statements and to communicate the results thereon to them. In this context, the directors have voluntarily appointed Grant Thornton to carry out an audit on these separate financial statements.

As part of an audit in accordance with International Standards of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of this report

Our report is made solely to the member of the Company as a body in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to it in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member as a body, for our audit work, for this report, or for the opinion we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. GENERAL INFORMATION AND STATEMENT OF COMPLIANCE WITH INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRS")

Mahindra Overseas Investment Company (Mauritius) Ltd, the "Company", was incorporated in the Republic of Mauritius under the Mauritius Companies Act 2001 on 7 December 2004 as a private Company with liability limited by shares and held a Global Business Licence issued by the Financial Services Commission up to 22 March 2021. Pursuant to a Board meeting held on 2 February 2021, the Company had sought authorisation from the Financial Services Commission ("FSC") to be converted from a Global Business Licence Company to an Authorised Company. The Company was issued with an authorisation from the FSC to convert into an Authorised Company under Section 71A of the Financial Services Act 2007 on 22 March 2021.

The Company's registered office is Sanne House, Bank Street, TwentyEight, Cybercity, Ebene 72201, Republic of Mauritius. The principal purpose of the Company is to act as an investment holding company. The Company holds property, plant and equipment in the Republic of South Africa. In accordance with South African tax regulations, the Company has been registered as an external company.

Indian Rupee ("INR") amounts are included solely for convenience. These transactions should not be construed as representations that the USD amounts actually represent or have been or could be converted into INR. As the amounts shown in INR are for convenience only, the rate of USD 1= INR 73.59 has been used for the purpose of presentation of the INR amounts in the accompanying financial statements for the two years ended 31 March 2021 and 31 March 2020.

2. APPLICATION OF NEW AND REVISED IFRS

2.1 New and amended Standards that are effective for the current year

The Company has applied the following Standards, amendments and Interpretations to existing Standards for the first time for the annual reporting period commencing on 01 April 2020:

Various	Amendments to References to the Conceptual Framework in IFRS Standards
IFRS 3	Definition of a Business (Amendments to IFRS 3)
IAS 1 and IAS 8	Definition of Material (Amendments to IAS 1 and IAS 9)
IFRS 9, IAS 39 and IFRS 7	Interest Rate Benchmark Reform (Amendments to IFRS 9, IAS 39 and IFRS 7)

The directors have assessed the impact of these revised Standards and amendments and concluded that none of these has an impact on these financial statements.

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company

At the date of authorisation of these financial statements, several new, but not yet effective, Standards, amendments to existing Standards and Interpretations have been published by the IASB. None of these Standards, amendments or Interpretations have been adopted early by the Company.

Management anticipates that all relevant pronouncements, will be adopted in the Company's accounting policies for the first period beginning on or after the effective date of the pronouncement. Information on new Standards, amendments to existing Standards and Interpretations is provided below.

IFRS 16	COVID - 19 Related Rent Concessions (Amendment to IFRS 16)
Various	Interest Rate Benchmark Reform Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)
IFRS 3	References to the Conceptual Framework (Amendments to IFRS 3)
IAS 16	Proceeds before Intended Use (Amendments to IAS 16)
IAS 37	Onerous Contract - Cost of Fulfilling a Contract (Amendments to IAS 37)
IFRS 1, IFRS 9, IFRS 16 and IAS 41	Annual improvements to IFRS Standards 2019-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41)
IFRS 17	Insurance Contracts
IFRS 4	Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)
IAS 1	Classification of Liabilities as Current or Non-current (Amendments to IAS 1)

Management has yet to assess the impact of the above Standards, amendments to existing Standards and Interpretations on the Company's financial statements.

3. SUMMARY OF ACCOUNTING POLICIES

(a) Overall considerations

The significant accounting policies that have been used in the preparation of these financial statements are summarised below.

(b) Revenue

Dividend income is recognised when the Company's right to receive such dividend is established.

Interest income is recognised on the accrual basis unless collectability is in doubt.

(c) Expenses

All expenses are accounted for in the statement of profit or loss and other comprehensive income on the accrual basis.

(d) Taxation

Tax expense recognised in the statement of profit or loss and other comprehensive income comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

(e) Property, plant and equipment

Building and furniture and fittings are initially recognised at acquisition cost, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the Company's management. Building and furniture and fittings are subsequently measured using the cost model, cost less subsequent depreciation and impairment losses.

Depreciation is recognised on a straight-line basis to write down the cost less estimated residual values.

The following average useful lives are applied:

Building: 60 years
Furnitures and fittings: 10 years

Where the carrying amount of an asset is greater than its estimated amount, it is written down immediately to its recoverable amount.

The assets' residual values, useful lives and methods of depreciation are reviewed and adjusted, if appropriate, at each reporting date. Repairs and maintenance costs are expensed as incurred.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset. The gain or loss on disposal is credited or charged to the statement of profit or loss and other comprehensive income.

(f) Consolidated financial statements

The financial statements are separate financial statements which contain information about Mahindra Overseas Investment Company (Mauritius) Ltd as a company and do not contain consolidated financial information as the parent of a group.

(g) Investment in subsidiary

A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The Company has majority votimg rights in ten unquoted companies at the reporting date and which are considered to be subsidiaries in accordance with IFRS 10, *Consolidated Financial Statements*.

Consolidated financial statements have not been presented as the Company monitors the performance of the subsidiaries on an ongoing basis and their accounts are made available to the Company as and when required. The Company believes that consolidated information would add minimal value and also the costs of providing the information would exceed any benefits therefrom. The investments in the subsidiaries are measured at cost less any impairment charges in these separate financial statements. Impairment charges are recognised in the statement of comprehensive income. On disposal of the investment, the difference between the net disposal proceeds and the carrying amount is charged or credited in the statement of profit or loss and other comprehensive income.

(h) Investment in associate and joint venture

An associate is an entity over which the Company has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights.

The existence of significant influence by an entity is usually evidenced in one or more of the following ways: (a) representation on the board of directors or equivalent governing body of the investee; (b) participation in policy-making processes, including participation in decisions about dividends or other distributions; (c) material transactions between the investor and the investee; (d) interchange of managerial personnel; or (e) provision of essential technical information.

A joint venture is an arrangement that the Company controls jointly with one or more other investors, and over which the Company has rights to a share of the arrangement's net assets rather than direct rights to underlying assets and obligations for underlying liabilities.

Investment in associate and joint venture are initially shown at cost in these separate financial statements in accordance with IAS 28, *Investments in Associates and Joint Ventures*. Where an indication of impairment exists, the recoverable amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to the statement of profit or loss and other comprehensive income.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of profit or loss and other comprehensive income.

(i) Financial instruments

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost;
- fair value through profit or loss (FVTPL); or
- fair value through other comprehensive income (FVOCI).

In the current year, the Company does not have any financial assets categorised as FVTPL.

The classification is determined by both:

- the Company's business model for managing the financial asset.
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets are recognised in the statement of profit or loss and other comprehensive income.

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost using the effective interest method if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Discounting is omitted where the effect of discounting is immaterial. The Company's loans, other receivables and cash and cash equivalents fall into this category of financial instruments.

Financial assets at fair value through other comprehensive income ("FVOCI'')

The Company accounts for financial assets at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective is "hold to collect" the associated cash flows and sell; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in other comprehensive income (OCI) will be recycled upon derecognition of the asset.

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. For the Company, instruments within the scope of the new requirements included its loans and other receivables.

Recognition of credit losses is no longer dependent on the Company's first identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- Financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1"); and

- Financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low (“Stage 2”).

‘Stage 3’ would cover financial assets that have objective evidence of impairment at the reporting date.

‘12-month expected credit losses’ are recognized for the first category while ‘lifetime expected credit losses’ are recognized for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Classification and subsequent measurement financial liabilities

The Company’s financial liabilities include accruals, borrowings and derivative financial instruments.

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

Derivative financial instruments

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting date. The resulting gain or loss is recognised in the profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition of profit or loss depends on the nature of the hedge relationship.

The Company has not designated the derivative contracts (interest rate swaps) as hedging instruments.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(j) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and short term deposits. Cash equivalents are short term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

(k) Equity

Stated capital is determined using the value of shares that have been issued.

Accumulated losses include all current and prior years’ results as disclosed in the statement of profit or loss and other comprehensive income.

(l) Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

(m) Foreign currency translation

(i) Functional and presentation currency

The financial statements are presented in United States Dollars (“USD”), which is the Company’s functional and presentation currency. The Company has also presented the financial statements in Indian Rupee (‘INR”) for the convenience of users of financial statements.

(ii) Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the Company using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of profit or loss and other comprehensive income.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

(n) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be estimated reliably.

Provisions are measured at the estimated expenditure required to settle the present obligation based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. The increase in the provision due to passage of time is recognised as interest expense in the statement of profit or loss and other comprehensive income.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

(o) Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the year of the borrowings using the effective interest method.

Fees paid on loan facilities are recognised as transaction costs and amortised over the terms of the borrowings.

(p) Comparatives

Where necessary, comparatives figures have been adjusted to conform with changes in presentation in the current year.

4. SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgements

The following is the significant management judgement in applying the accounting policies of the Company that has the most significant effect on the financial statements.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the USD.

Going concern assumption

The directors have exercised significant judgement in assessing that the preparation of these financial statements on a going concern basis is appropriate. In making this assessment, the directors have considered the Company’s future business projects, future cash flows and future profitability.

In particular, the directors have assessed that certain investments in associate/subsidiaries, stated at cost in these financial statements, have higher fair values based on recent external valuation and available quoted price. The total fair value of these investments as at 31 March 2021 is more than the cost by USD 173 million. Consequently, the total asset size of the Company is deemed to be USD 418 million which is more than the liabilities of USD 260 million resulting into a comfortable safety margin of USD 158 million. The Company would therefore be able to repay all its liabilities should the need arise.

Furthermore, all Company's borrowings are secured by the corporate guarantee of the parent company, Mahindra & Mahindra Limited ("M&M").

Investments in associates

The directors have assessed the level of influence that the Company has on CIE Automotive S.A and The East India Company Group Limited and determined that the Company has significant influences even though the shareholdings are below 20% due to the representations on the board of directors and participations in policy-making processes. Consequently, these investments have been classified as associates.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Fair value of derivative financial instruments

The fair value of the derivative financial instruments is determined based on valuation performed by an independent valuer. The assumptions used to value the derivative financial instruments are given in Note 6. In applying the valuation techniques, the independent valuers makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument.

Impairment of investments in associates and subsidiaries.

In assessing impairment, management estimates the recoverable amount of each asset based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate. The directors have assessed the recoverable amount of the investments and confirmed that the carrying amounts of certain investments suffered impairment losses as reported in Notes 10 and 11.

Impairment losses on financial assets

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Fair value of unquoted investments

The Company holds investments that are not quoted on active markets. Fair values of such investments are determined using management's assessment including third party transaction values, earnings, net asset value or discounted cash flow, whichever, is considered to be appropriate. Changes in assumptions about these factors and the method adopted could affect the reported fair values of the financial instruments.

Useful lives and residual values of property, plant and equipment

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets.

Impact of COVID-19

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets.

The directors have considered the potential adverse impact of the COVID-19 pandemic on the Company's business activities.

5. FINANCIAL INSTRUMENT RISK

Risk management objectives and policies

The Company is exposed to various risks in relation to its financial instruments. The main types of risks are market risk, credit risk and liquidity risk.

The Company's financial assets and financial liabilities by category are summarised below.

	2021 USD	**2021 INR (Note 1)**	2020 USD	2020 INR (Note 1)
Financial assets				
Non-current				
Financial assets at fair value through other comprehensive income:				
Investments in quoted and unquoted securities	**39,123,408**	**2,879,091,595**	28,446,326	2,093,365,130
Financial assets measured at amortised cost:				
Loans	**–**	**–**	10,416,313	766,536,474
	39,123,408	**2,879,091,595**	38,862,639	2,859,901,604
Current				
Financial assets measured at amortised cost:				
Other receivables	**40,075**	**2,949,119**	297,576	21,898,618
Cash and cash equivalents	**27,685,885**	**2,037,404,277**	13,718,024	1,009,509,386
	27,725,960	**2,040,353,396**	14,015,600	1,031,408,004
Total financial assets	**66,849,368**	**4,919,444,991**	52,878,239	3,891,309,608
Financial liabilities				
Non-current				
Derivative financial instruments	**–**	**–**	661,911	48,710,030
Financial liabilities measured at amortised cost:				
Borrowings	**227,470,060**	**16,739,521,715**	162,877,606	11,986,163,026
	227,470,060	**16,739,521,715**	163,539,517	12,034,873,056
Current				
Derivative financial instruments	**–**	**–**	172,917	12,724,962
Financial liabilities measured at amortised cost:				
Borrowings	**32,847,374**	**2,417,238,253**	101,608,408	7,477,362,745
Accruals	**104,612**	**7,698,398**	154,496	11,369,360
	32,951,986	**2,424,936,651**	101,935,821	7,501,457,067
Total financial liabilities	**260,422,046**	**19,164,458,366**	265,475,338	19,536,330,123

The Company's risks are managed by its Board of Directors and the focus is on securing the Company's short to medium term cash flows by minimising the exposure to financial risks. The Company's investments are managed to generate lasting returns.

The Company does not actively engage in the trading of financial assets and derivatives for speculative purposes. The most significant financial risks to which the Company is exposed to are described below.

(a) Market risk analysis

Market risk is specifically comprised of currency risk and interest rate risk, which result from both its operating and investing activities. The Company is exposed to market risk through its use of financial instruments.

(i) Foreign currency sensitivity

Foreign currency risk, as defined in IFRS 7: *Financial Instruments: Disclosures*, arises as the value of future transactions, recognised monetary assets and monetary liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates.

The currency profile of the Company's financial assets and financial liabilities is as follows:

	Financial assets 2021 USD	**Financial liabilities 2021 USD**	Financial assets 2020 USD	Financial liabilities 2020 USD
United States Dollar (USD)	**20,427,863**	**16,119,337**	26,404,902	15,389,631
Euro (EUR)	**46,413,928**	**240,571,003**	26,465,650	246,892,774
Great Britain Pound (GBP)	**–**	**3,725,028**	–	3,185,402
South African Rand (ZAR)	**7,577**	**6,472**	7,687	7,531
Indian Rupee (INR)	**–**	**206**	–	–
	66,849,368	**260,422,046**	52,878,239	265,475,338

	Financial assets 2021 INR (Note 1)	**Financial liabilities 2021 INR (Note 1)**	Financial assets 2020 INR (Note 1)	Financial liabilities 2020 INR (Note 1)
United States Dollar (USD)	**1,503,286,438**	**1,186,222,010**	1,943,136,738	1,132,522,944
Euro (EUR)	**3,415,600,962**	**17,703,620,111**	1,947,607,184	18,168,839,239
Great Britain Pound (GBP)	**–**	**274,124,811**	–	234,413,733
South African Rand (ZAR)	**557,591**	**476,274**	565,686	554,207
Indian Rupee (INR)	**–**	**15,160**	–	–
	4,919,444,991	**19,164,458,366**	3,891,309,608	19,536,330,123

The Company's transactions are carried out in the United States Dollar (USD), Euro (EUR), Great Britain Pound (GBP), South African Rand (ZAR) and Indian Rupee (INR). Consequently, the Company is exposed to foreign currency risk on its financial liabilities and financial assets denominated in EUR, GBP, ZAR. and INR.

The table below illustrates the sensitivity of profit and equity in regard to the Company's financial instruments and the USD/EUR, USD/GBP, USD/ZAR and USD/INR exchange rates "all other things being equal".

It assumes the following percentage changes in the exchange rates:

	2021 % change	2020 % change
EUR	**17%**	2%
GBP	**10%**	6%
ZAR	**6%**	24%
INR	**2%**	–

These percentages have been determined based on the average market volatility in exchange rates in the previous 12 months. The sensitivity analysis is based on the Company's foreign currency financial instruments held at each reporting date.

If the foreign currencies had strengthened by the above percentages, then this would have the following impact on profit and equity:

	Loss 2021		Loss 2020	
	USD	**INR (Note 1)**	USD	INR (Note 1)
EUR	**(14,380,576)**	**(1,058,266,574)**	(4,756,822)	(350,054,531)
GBP	**(390,527)**	**(28,738,891)**	(191,124)	(14,064,815)
ZAR	**370**	**5,175**	(37)	(2,723)
INR	**(5)**	**(350)**	–	–

	Equity 2021		Equity 2020	
	USD	**INR (Note 1)**	USD	INR (Note 1)
EUR	**32,395,628**	**2,383,994,267**	4,408,542	324,424,606
GBP	**390,527**	**28,738,891**	191,124	14,064,815
ZAR	**(370)**	**(5,175)**	37	2,723
INR	**5**	**350**	–	–

If the foreign currencies had weakened by the above percentages, then this would have the same reverse impact on loss and equity.

(ii) Interest rate sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has interest bearing financial assets and liabilities in the form of loans and borrowings.

The Company is not exposed to changes in market interest rates on its interest-bearing financial assets having fixed interest rates.

As 31 March 2021, the Company has interest bearing financial liabilities in the form of bank loan from Bank of America, N.A.

The Company has taken the following loans from Bank of America, N.A, HSBC Bank (Mauritius) Limited and Societe Generale:

Loan from Bank of America, N.A

Pursuant to a Facility Agreement dated 05 June 2018, effective date being 10 September 2018, all the previous loans borrowed from Bank of America, N.A ("BOA") had been amalgamated into a single one amounting to EUR111,250,000. The loan carried interest at EURIBOR + 75 basis points and the interest was payable at the end of every 3 months. The loan facility had a maturity date of June 2021. However, anticipating an increase in finance costs due to EURIBOR trends, management made an early repayment of the total outstanding amount during the financial year ended 31 March 2021.

In addition, pursuant to Facility Agreement dated 20 March 2020, the Company borrowed an additional amount of EUR25,000,000. The loan carried interest at EURIBOR + 80 basis points per annum. The interest was payable at the end of the tenure which was of 1 month along with the principal amount. The loan was repaid on the maturity date during the current year.

During the year ended 31 March 2021, the Company entered into a new Loan Agreement with Bank of America, dated 24 March 2021, to borrow an amount up to EUR50,000,000. The loan carries interest at EURIBOR + 125 basis points. It is agreed that if the EURIBOR is negative, it shall be deemed to be zero for the purpose of this Facility. During the year under review, an amount of EUR28,000,000 was disbursed by the BOA. The first disbursement has a term of 30 days, maturing on 28 April 2021.

Loan from HSBC Bank (Mauritius) Limited ("HSBC")

Pursuant to a Facility Agreement with HSBC dated 05 February 2018, the Company borrowed EUR37,000,000 at an interest rate of 3 months EURIBOR + 0.70% margin per annum with the EURIBOR floored to negative 0.70%. The loan was unsecured and repayable in February 2021. As at 31 March 2021, the loan has been fully repaid.

Pursuant to a Facility Agreement with HSBC dated 26 June 2018, the Company borrowed an amount of EUR20,000,000 at an interest rate of 3 months EURIBOR + 0.70% margin. The loan was unsecured and repayable in June 2021. However, anticipating an increase in finance costs due to EURIBOR trends, Management made an early repayment of the total outstanding amount during the financial year ended 31 March 2021.

During the year ended 31 March 2020, the Company borrowed an additional amount of EUR30,000,000. Pursuant to term sheet dated 29 March 2020, the loan carried interest rate of EURIBOR + 1.55% margin. It was agreed that if the EURIBOR was negative, it shall be deemed to be zero for the purpose of this Facility. As at 31 March 2021, the loan was fully repaid.

Pursuant to board minutes dated 29 April 2020, a loan amounting to EUR25,000,000 was borrowed from HSBC at an interest rate of EURIBOR + 2.05 % margin. The loan had a repayment term of 180 days after disbursement. During the year ended 31 March 2021, the loan was repaid on the maturity date.

Loan from Societe Generale

During the year under review, the Company borrowed a short-term interest free loan of EUR25,000,000 from Societe Generale. The loan amount disbursed forms part of the Money Market Loan facility of EUR40,000,000 granted by Societe Generale. As at reporting date, the loan was repaid on maturity date.

The Company entered into interest rate swaps for an amount EUR37,000,000 with HSBC Bank (Mauritius) Limited and EUR111,250,000 with Bank of America, N.A. by using floating to fixed interest rate swap. Such interest rate swaps have the economic effect of converting floating interest rate borrowings to fixed interest rate borrowings and protecting the Company from potential future interest rate hikes. As at reporting date, both loans were repaid by the Company and therefore the swap agreements were terminated.

The Company is subject to market interest rate risk only for the bank loan amounting to EUR28,000,000 from Bank of America, N.A and the interest rate sensitivity are as illustrated below:

Interest rate sensitivity analysis

The following table illustrates the sensitivity of loss/profit and equity to reasonably possible changes in interest rates of +/- 1% for the years ended 31 March 2020 and 2021. These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on a change in the average market interest rates for each year, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

A 1% increase in interest rate will have the following impact:

	Loss for the year	Shareholder's deficit
	USD	**USD**
At 31 March 2021	**328,440**	**328,440**
	Loss for the year	**Shareholder's deficit**
	USD	**USD**
At 31 March 2020	823,831	823,831

	Loss for the year	Shareholder's deficit
	INR	**INR**
At 31 March 2021	**24,169,900**	**24,169,900**
	Loss for the year	**Shareholder's deficit**
	INR	**INR**
At 31 March 2020	60,625,690	(60,625,690)

A 1% decrease in interest rate would have the reversed impact.

(iii) Other price sensitivity

The Company is exposed to other price risk in respect of its listed security, which is listed on the Bolsa de Madrid in Spain. The average volatility observed in the share prices during the year ended 31 March 2021 is shown in the table below:

Name of investee company	% change in share price 2021	% change in share price 2020
Global Dominion Access S.A	**72%**	47%

	Other comprehensive income and equity		Other comprehensive income and equity	
	2021	**2021**	2020	2020
	USD	**INR**	USD	INR
Increase	**28,168,854**	**2,072,945,966**	8,184,571	602,302,580
Decrease	**(28,168,854)**	**(2,072,945,966)**	(8,184,571)	(602,302,580)

The listed security is classified as financial asset at fair value through other comprehensive income and therefore no effect on profit has occurred.

(b) Credit risk analysis

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers. The Company's exposure to credit risk is monitored by management on an ongoing basis. The Company limits its risk by carrying out transactions with related parties. The Company has significant concentration of credit risk as shown below.

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2021	2021	2020	2020
	USD	INR (Note 1)	USD	INR (Note 1)
ASSETS				
Non-current				
Financial assets at fair value through other comprehensive income ("FVOCI")	**39,123,408**	**2,879,091,595**	28,446,326	2,093,365,130
Loans	**–**	**–**	10,416,313	766,536,474
	39,123,408	**2,879,091,595**	38,862,639	2,859,901,604
Current				
Other receivables	**40,075**	**2,949,119**	297,576	21,898,618
Cash and cash equivalents	**27,685,885**	**2,037,404,277**	13,718,024	1,009,509,386
	27,725,960	**2,040,353,396**	14,015,600	1,031,408,004
Total assets	**66,849,368**	**4,919,444,991**	52,878,239	3,891,309,608

The Company holds investments in both quoted and unquoted companies. The directors have made assessment on the fair value of these investments and have recognised a fair value gain of USD10,677,083 (2019: USD28,985,396) in these financial statements.

During the year under review, the Company converted the loans to subsidiary companies along with the interest receivable into equity investments.

The Company measures credit risk and ECL using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any ECL.

Based on the assessment for other receivables, management considers the probability of default of the counterparty and as a result, no loss allowance has been recognised based on 12-month ECL as any such impairment would be wholly insignificant to the Company.

The credit risk for the bank balances and derivative financial instruments is considered negligible since the counterparties are reputable banks with high quality external credit ratings.

The disposal of the investments is subject to some restrictions as described in Note 12 to these financial statements.

None of the Company's financial assets are secured by collateral or other credit enhancements.

(c) Liquidity risk analysis

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding from the shareholder.

The Company's main cash inflows are in the form of dividend, interest on loans, proceeds from issue of shares and disposal of investment. The main cash outflows relate to repayment of loans and interest and capital investments.

The Company's liquidity risk is managed by securing credit facilities from financial institutions and also through shares issue. The Company also seeks financial support of its parent company where necessary.

The Company also manages its liquidity needs by carefully monitoring cash inflows and cash outflows due in day-to-day business as well as scheduled debt servicing payments for long-term financial liabilities.

At 31 March 2021, the Company has contractual maturities which are summarised below:

	Current		Non-current	
	Within 1 year	**Within 1 year**	Over 1 year	Over 1 year
	USD	**INR (Note 1)**	USD	INR (Note 1)
Borrowings	**32,847,374**	**2,417,238,253**	227,470,060	16,739,521,715
Accruals	**104,612**	**7,698,398**	–	–
Total	**32,951,986**	**2,424,936,651**	227,470,060	16,739,521,715

This compares to the maturity of the Company's financial liabilities in the previous reporting year as follows:

	Current		Non–current	
	Within 1 year	**Within 1 year**	Over 1 Year	Over 1 Year
	USD	**INR (Note 1)**	USD	INR (Note 1)
Derivative financial instruments	**172,917**	**12,724,962**	661,911	48,710,030
Borrowings	**101,608,408**	**7,477,362,745**	162,877,606	11,986,163,026
Accruals	**154,496**	**11,369,360**	–	–
Total	**101,935,821**	**7,501,457,067**	163,539,517	12,034,873,056

(d) Concentration risk analysis

The Company has invested in unlisted companies whose securities are considered to be illiquid. Such illiquidity may adversely affect the ability of the Company to acquire or dispose of such investments. These investments may be difficult to value and to sell or otherwise liquidate and the risk of investing in such companies is much greater than the risk of investing in publicly traded securities. On account of the inherent uncertainty of valuation, the estimated values may differ significantly from the values that would be used had a ready market for the investments existed. However the directors consider these investments to be strategic and the concentration risk is manageable.

6. FAIR VALUE MEASUREMENT

6.1 Fair value measurement of financial instruments

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: unobservable inputs for the asset or liability.

The following table shows the Levels within which the hierarchy of financial assets and financial liabilities measured at fair value on a recurring basis at 31 March 2021.

Level 1

	Level 1	**Level 2**	**Level 3**	**Total**
	USD	**USD**	**USD**	**USD**
Financial assets				
Investments at fair value through other comprehensive income	**31,823,401**	**–**	7,300,007	39,123,408
Financial liabilities				
Interest rate swaps	**–**	**–**	–	–
Net fair value	**31,823,401**	**–**	7,300,007	39,123,408

	Level 1	Level 2	Level 3	Total
	INR	INR	INR	INR
Financial assets				
Investments at fair value through other comprehensive income	**2,341,884,080**	**–**	537,207,515	2,879,091,595
Financial liabilities				
Interest rate swaps	**–**	**–**	–	–
Net fair value	**2,341,884,080**	**–**	537,207,515	2,879,091,595

The following table shows the Levels within which the hierarchy of financial liabilities measured at fair value on a recurring basis at 31 March 2020:

Level 1

	Level 1	Level 2	Level 3	Total
	USD	USD	USD	USD
Financial assets				
Investments at fair value through other comprehensive income	**17,413,980**	**–**	11,032,346	28,446,326
Financial liabilities				
Interest rate swaps	**–**	**(834,828)**	–	(834,828)
Net fair value	**17,413,980**	**(834,828)**	11,032,346	27,611,498

	Level 1	Level 2	Level 3	Total
	INR	INR	INR	INR
Financial assets				
Investments at fair value through other comprehensive income	**1,281,494,788**	**–**	811,870,342	2,093,365,130
Financial liabilities				
Interest rate swaps	**–**	**(61,434,992)**	–	(61,434,992)
Net fair value	**1,281,494,788**	**(61,434,992)**	811,870,342	2,031,930,138

There were no transfers between level 1 and level 2 in 2021 or 2020.

The method used for the purpose of measuring fair values of securities are detailed below:

Quoted company (Level 1)

The listed equity shares are denominated in EURO and are publicly traded on Bolsa de Madrid. The fair value has been determined by reference to their respective quoted closing prices at the reporting date.

Interest rate swaps (Level 2)

The fair value of financial instruments that are not traded in an active market (interest rate swap derivative) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves.

Unquoted companies (Level 3)

The fair values of the investments in the unquoted companies are determined using management's assessment including third party transaction values, earnings, net asset value or discounted cash flow, whichever, is considered to be appropriate.

Level 3- Fair value measurement

The reconciliation of the carrying amount of financial assets classified within level 3 is as follows:

	2021	**2021**	2020	2020
	USD	**INR**	USD	INR
At 01 April	**11,032,346**	**811,870,342**	14,629,958	1,076,618,609
Additions	–	–	9,221,471	678,608,051
Disposal	–	–	–	–
Fair value adjustments	**(3,732,339)**	**(274,662,827)**	(12,819,083)	(943,356,318)
At 31 March	**7,300,007**	**537,207,515**	11,032,346	811,870,342

6.2 Fair value measurement of financial instruments not carried at fair value

The Company's other financial assets and liabilities are measured at their carrying amounts, which approximate their fair values.

6.3 Fair value measurement of non-financial assets and non-financial liabilities

The Company's non-financial assets consist of property, plant and equipment, investments in associates, investments in subsidiaries, current tax asset and prepayments and non-financial liability consists of current tax liability. For these non-financial instruments, fair value measurement is not applicable since these are not measured at fair value on a recurring or non-recurring basis in the statement of financial position.

7. CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns to its member.

In order to maintain or adjust the capital structure, the Company may adjust the dividends paid to its member, buy back shares or issue new shares.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital.

The details of the gearing ratio are disclosed as follows:

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Total borrowings (i)	**260,317,434**	**19,156,759,968**	264,486,014	19,463,525,771
Less: cash and cash equivalents	**(27,685,885)**	**(2,037,404,277)**	(13,718,024)	(1,009,509,386)
Net debt	**232,631,549**	**17,119,355,691**	250,767,990	18,454,016,385
Total equity (ii)	**–**	**–**	47,447,351	3,491,650,560
Total capital	**232,631,549**	**17,119,355,691**	298,215,341	21,945,666,945
Gearing ratio (%) (iii)	**100%**	**100%**	84%	84%

(i) Borrowings include all short-term and long-term borrowings as detailed in Note 17.

(ii) Equity includes capital and retained earnings.

(iii) The Company was fully geared (2020: 84%) at the reporting date and the directors consider that this level of gearing is reasonable taking into account the Company's business activities.

8. TAXATION

(i) Income tax

For the period from 1 April 2020 to 21 March 2021, the Company held a Global Business Licence for the purpose of the Financial Services Act 2007 of Mauritius. Pursuant to the enactment of the Finance Act 2018, with effect from 1 January 2019, the deemed tax credit has been phased out, through the implementation of a new tax regime. Companies which had obtained their Global Business Licence on or before 16 October 2017, including the Company, have been grandfathered and would benefit from the deemed tax credit regime up to 30 June 2021.

For the period from 1 April 2020 to 21 March 2021, the Company was entitled to a foreign tax credit equivalent to the higher of the actual foreign tax suffered or 80% of the Mauritian tax ("Deemed tax credit") on its foreign source income resulting in an effective tax rate on net income of up to 3%. Further, the Company was exempted from income tax in Mauritius on profits or gains arising from sale of securities. In addition, there was no withholding tax payable in Mauritius in respect of payments of dividends to Shareholders or in respect of redemptions or exchanges of Shares.

The Company, has on 22 March 2021, obtained authorisation from the Financial Services Commission to act as an Authorised Company. The Finance (Miscellaneous Provisions) Act 2018 amended the Financial Services Act 2007 to introduce a new type of licence, the "Authorised Company". An Authorised Company is required to have its place of effective management outside of Mauritius. Accordingly, under this new regime, the Company has its control and management in India and it will be deemed to be non-resident for the period from 22 March 2021 to 31 March 2021 for tax purposes in Mauritius. By being non-resident for tax purposes in Mauritius, it will not be subject to tax on its foreign income. On the other hand, the Company will be liable to tax in Mauritius on any local-source income. Furthermore, an Authorised Company is required to file a return of income to the Mauritius Revenue Authority within six months of its accounting year end.

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

During the year under review, the Company submitted tax returns to the Mauritius Revenue Authority under the Advance Payment Systems (''APS'') for the quarters ended 30 June 2020, 30 September 2020 and 31 December 2020.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the balance sheet liability method.

At 31 March 2021, the Company has a current tax asset of USD Nil (2020: USD10,087) and a current tax liability of USD Nil (2020: USD3,000,000) with the Mauritius Tax authority and India Tax Authority respectively.

Statement of profit or loss and other comprehensive income

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Tax paid relating to previous years (Note 8 (iv))	–	–	22,743,783	1,673,714,991
Tax charge for the year (Note 8 (iv))	**209,807**	**15,439,697**	3,000,000	220,770,000
Withholding tax (Note 8 (iii))	**1,407,486**	**103,576,894**	1,385,696	101,973,369
	1,617,293	**119,016,591**	27,129,479	1,996,458,360

The tax charge for the year of USD209,807 relates to tax suffered in respect of Place of Effective Management ("POEM") (Note 8 (iv)).

Statement of financial position

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Current tax asset (Note (a) below)	–	–	10,087	742,302
Current tax liability (Note (iv))	–	–	3,000,000	220,770,000

(a) Movement in current tax asset:

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
At 01 April	**10,087**	**742,302**	1,113,226	81,922,301
Tax refund	**(10,087)**	**(742,302)**	(1,113,226)	(81,922,301)
Tax paid for the year	–	–	10,087	742,302
	–	–	10,087	742,302

During the year, total taxes paid to the Mauritius Tax Authority and India Tax Authority amounted to USD4,617,293 (2020: USD22,753,870).

(b) Movement in current tax liability:

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
At 01 April	**3,000,000**	**220,770,000**	–	–
Provision made during the year	–	–	3,000,000	220,770,000
Tax charge for the year	**209,807**	**15,439,697**	–	–
Tax paid for the year	**(3,209,807)**	**(236,209,697)**	–	–
	–	–	3,000,000	220,770,000

(ii) Income tax reconciliation

The income tax on the Company's loss before tax differs from the theoretical amount that would arise using the effective tax rate of the Company as follows:

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Loss before tax	**(203,171,164)**	**(14,951,365,960)**	(199,022,995)	(14,646,102,202)
Tax calculated at the rate of 3%	**(6,095,135)**	**(448,540,985)**	(5,970,690)	(439,383,077)
Capital allowances	**2,239**	**164,768**	(2,262)	(166,461)
Items outside taxation scope	**401,359**	**29,536,009**	289,193	21,281,713
Non-allowable expenses	**5,835,905**	**429,464,249**	6,760,094	497,475,317
Tax charge for the year (Note 8 (iv))	**(147,874)**	**(10,624,041)**	–	–
Foreign tax suffered	–	–	(1,076,335)	(79,207,492)
Tax expense for the year	–	–	–	–

(iii) Withholding tax

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Withholding tax	**1,407,486**	**103,576,894**	1,385,696	101,973,369
	1,407,486	**103,576,894**	1,385,696	101,973,369

During the year ended 31 March 2021, withholding tax of 19% was charged on dividend income from CIE Automotive S.A and Global Dominion S.A (Note 10), both quoted and incorporated in Spain.

(iv) Tax residency and Place of Effective Management ("PoEM")

During the year, the Company has paid tax in India amounting to USD3,209,807 and also submitted tax returns in India for the said period out of abundant caution. On the basis of such conduct for past years, no provision was made for tax in India in the accounts for financial year 2022 since the Company has tax losses (2021: USD3,000,000).

(v) Deferred tax

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Deferred tax liabilities are generally recognised in full, although IAS 12 'Income Taxes' specifies limited exemptions.

Deferred tax is calculated on all temporary differences under the liability method at the rate of 3%.

9. PROPERTY, PLANT AND EQUIPMENT

Details of the Company's property, plant and equipment and their carrying amounts are as follows:

	Building	Furnitures & fittings	Total
	USD	USD	USD
Gross carrying amount

(iii) The Company exercises significant influence with its 20% stake in The East India Company Gin (BVI) Limited and The East India Company Gin Ltd. For the remaining investee companies, although the Company has less than 20% shareholdings in these companies, the directors assessed the level of influence that the Company has on them and determined that it has significant influence over these investee companies through its representations on the board of directors and participations in policy-making processes. Consequently, these investments have been classified as associates and accounted at cost in these separate financial statements.

(iv) At 31 March 2021, the investment in CIE Automotive S.A. had a fair value of USD251,547,722 based on the closing market price listed on the Madrid Stock Exchange (Bolsa de Madrid), Spain.

(v) During the year ended 31 March 2021, the Company has appointed Ernst & Young Merchant Banking Services LLP to carried out the fair valuation of its investments in associates. As a result, no additional impairment was required and consequently there was no movement in the accumulated impairment losses.

(vi) The above companies are considered to be associates in accordance with IAS 28, *Investments in Associates and Joint Ventures*. Consequently, as required by IAS 28, the Company should adopt the equity method for these investments. However, these investments have not been equity accounted in these financial statements.

Total			**98,831,476**	183,392,037

(ii) During the year under review, the Company made additional investments as follows:

Name of Subsidiaries	**USD**
Mahindra Tractor Assembly, Inc (Note 11 (ii)(a))	**6,680,601**
Mahindra Automotive North America, Inc (Note 11 (ii)(b))	**65,900,000**
Hisarlar Makine Sanayi ve Ticaret (Note 11 (ii)(c))	**15,578,347**
Erkunt Traktor Sanayii A.S. (Note 11 (ii)(d))	**8,340,819**
	96,499,767

(a) The Company holds 100% of the share capital of Mahindra Tractor Assembly, Inc ("MTAI") and has subscribed to an additional 33,403,000 equity shares for a total consideration of USD6,680,601.

(b) The Company holds 100% of the share capital of Mahindra Automotive North America, Inc ("MANA") and has subscribed to an additional 2,636,000 equity shares for a total consideration of USD65,900,000.

(c) The Company holds 86.8% of the share capital of Hisarlar Makine Sanayi ve Ticaret ("Hisarlar'') and has subscribed for additional 2,400,000,000 equity shares for a total consideration of Turkish Lira 120,000,000 (USD15,578,347).

(d) The Company holds 100% of the share capital of Erkunt Traktor Sanayii A.S.("Erkunt'') and has subscribed for additional 65,000 equity shares for a total consideration of Turkish Lira 65,000,000 (USD8,340,819).

(iii) During the year ended 31 March 2021, the Company has appointed Ernst & Young Merchant Banking Services LLP to carried out the fair valuation of its investments in subsidiaries. Consequently, these investments have suffered additional impairment of USD201,333,443 resulting to accumulated impairment losses of USD387,660,794.

(iv) The disposals of the following investments are subject to some restrictions, as more fully defined in the respective Agreements:

Name of investee companies	**Restrictions on disposal of shares**
Mahindra – BT Investment Company (Mauritius) Limited	As detailed in the Share Subscription Agreement signed between the Company, Mahindra – BT Investment Company (Mauritius) Limited and BT Holdings Limited on 23 June 2005.
Mahindra Europe S.r.l.	As detailed in the Credit Agreement with EXIM Bank and prior approval of Unicredit Bank and San Paolo Bank have to be obtained before any disposal of shares held.

(v) The above unquoted companies are considered to be subsidiaries in accordance with IFRS 10, *Consolidated Financial Statements*. Consequently, as required by IFRS 10, the Company should present consolidated financial statements. However, the Company has only prepared separate financial statements as it monitors the performance of its subsidiaries on an ongoing basis and their accounts are made available to the Company as and when required. The Company believes that consolidated information would add minimal value and also the costs of providing the information would exceed any benefits therefrom.

(vi) The proportions of the voting rights in the subsidiaries held directly by the Company do not differ from the proportion of ordinary shares held.

Balance at 31 March	–	–	10,416,313	766,536,474

(i) During the year 31 March 2021, the following transactions took place:

(a) The Company had previously fully impaired the loan along with the interest receivables to Mahindra Tractor Assembly, Inc amounting to USD9,479,685. During the year ended 31 March 2021, the Company had the opportunity to convert the loan into equity shares and therefore, pursuant to a Board meeting dated 25 September 2020, the impairment was fully reversed and the loan was converted into 47,398,425 equity shares.

(b) The Company had extended loans to Mahindra Automotive North America, Inc., which carried interest at the rate of 1-year LIBOR + 175 basis points per annum and receivable within 2 years. The loans along with the interest receivables amounting to USD10,793,430 were converted into equity shares.

(ii) During the year 31 March 2020, the following transactions took place:

(a) Pursuant to a board meeting dated 12 June 2019, the Company approved that convertible loan notes, inclusive of interest receivables, from Cloudleaf, Inc. will be converted into Series B Preferred Stock. Subsequently, on 26 June 2019, the convertible loan notes amounting to USD389,132 were converted into 284,239 Series B shares (Note 12(v)).

(b) Pursuant to Assignment and Assumption of Loan Documents dated 13 May 2019, the Company purchased the loan notes of Venture Lenders & Leasing VIII and Venture Lenders & Leasing IX in Scoots Network, Inc. ("SNI") for a total consideration of USD1,456,743.

Additionally, pursuant to board meeting dated 12 July 2019 the Company granted additional fund to SNI amounting to USD2,540,000.

Pursuant to a board meeting dated 03 December 2019, SNI was in process to wind up its operations and a Dissolution Plan was approved whereby the Company obtained 528,913 Series D-1 Preferred Stock in Bird Rides Inc. against USD6,832,339 loan notes held in SNI.

(c) The Company had granted a loan to Mahindra Two Wheelers amounting to USD56,065, which carries interest at the rate of 6-month Euribor + 250 basis point per annum. The principal amount and the interest receivable amounting to USD56,065 and USD599 respectively was fully repaid during the year ended 31 March 2020.

14. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of the following:

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Cash at bank:				
– USD	**13,087,782**	**963,129,877**	4,698,742	345,780,424

	27,685,885	**2,037,404,277**	13,718,024	1,009,509,386

15. STATED CAPITAL

The Company has issued shares to Mahindra & Mahindra Ltd as follows:

	No of Shares	**USD**
Issued and fully paid:		
301,429,209 Ordinary shares of USD1 each	**301,429,209**	**301,429,209**
171,043,477 Ordinary shares of USD0.46 each	**171,043,477**	**78,680,000**
157,142,857 Ordinary shares of USD0.28 each	**157,142,857**	**44,000,000**
	629,615,543	**424,109,209**

During the year ended 31 March 2021, the Company issued 301,166,769 shares (2020: 57,000,000 shares) amounting to USD115,030,000 (2020: USD 57,000,000). In addition, loan payable to the shareholder amounting USD16,500,000 was converted into 35,869,565 equity shares of USD0.46 per share.

(i) The movement during the year was as follows:

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
At 01 April	**292,579,209**	**21,530,903,990**	235,579,209	17,336,273,990
Issue of shares during the year	**131,530,000**	**9,679,292,700**	57,000,000	4,194,630,000
At 31 March	**424,109,209**	**31,210,196,690**	292,579,209	21,530,903,990

(ii) In accordance with the Company's Constitution, the main rights and obligations attached to the ordinary shares are as follows:

- confer to its holder the rights to attend and exercise one vote at meetings of members generally and class meetings of the ordinary shares;
- have a right to receive any dividend or distribution; and
- be entitled, on a winding up, to share in the assets of the Company available for distribution.

16. DERIVATIVE FINANCIAL INSTRUMENTS

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)
Non-current liabilities				
Interest rate swaps	–	–	661,911	48,710,030
Current liabilities				
Interest rate swaps	–	–	172,917	12,724,962
	–	–	834,828	61,434,992

The Company entered into interest rate swap agreements to manage interest rate risk exposure.

The interest rate swap effectively modified the Company's exposure to interest rate risk by converting the Company's floating rate debt to a fixed rate basis for the entire term of the debt, thus reducing the impact of interest rate changes on future interest expense. This agreement involves the receipt of floating rate amounts in exchange for fixed rate interest payments over the life of the agreement without an exchange of the underlying principal amount.

The notional principal amount of the outstanding interest rate swaps at 31 March 2021 was USD Nil. During the year under review, the loans were repaid and the swap agreements were therefore terminated.

Since the swap agreement with Bank of America, N.A was terminated earlier than the maturity date, the Company incurred an unwinding cost of EUR325,000 (USD 394,485) (Note 20.2).

As at 31 March 2021, the fixed interest rates and fair values based on the interest rate swaps are as follows:

Details	**Notional amount**	**Fixed interest rate**	**Start date**	**Maturity date**	**Fair value 2021**	**Fair value 2020**
	USD				**USD**	**INR**
HSBC Bank (Mauritius) Limited	–	**0.82%**	**22 February 2018**	**02 February 2021**	–	–
Bank of America, N.A	–	**0.75%**	**05 June 2018**	**08 June 2021**	–	–
	–				–	–

As at 31 March 2020, the fixed interest rates and fair values based on the interest rate swaps were as follows:

Details	Notional amount	Fixed interest rate	Start date	Maturity date	Fair value 2020	Fair value 2020
	USD				USD	INR
HSBC Bank (Mauritius) Limited	40,685,200	0.82%	22 February 2018	02 February 2021	(172,917)	(12,724,962)
Bank of America, N.A	122,330,500	0.75%	05 June 2018	08 June 2021	(661,911)	(48,710,030)
	163,015,700				(834,828)	(61,434,992)

(iv) In the prior financial years, the Company obtained loans amounting to USD9,345,000 and GBP1,600,000 from the parent company, Mahindra & Mahindra Ltd, a quoted company on the National Stock Exchange of India. The loans are unsecured, repayable on demand and carry interest rates ranging from 6.60% to 8.50%.

Pursuant to Term Sheet dated 28 July 2020, the parent company granted a loan facility of upto EUR22,000,000 to the Company carrying a fixed interest rate of 3.5% per annum. As per the conditions of the Term Sheet, the loan has a maturity period of 3 months from drawdown of each tranche and the Borrower may at any time during the tenure, with prior approval of the Lender, convert the loan principal amount along with interest accrued to equity shares of the Borrower. Alternatively, the Borrower can repay the interest accrued separately and opt for principal amount to be converted into equity. During the year ended 31 March 2021, an amount of USD16,500,000 was disbursed. Pursuant to board minutes dated 14 October 2020, the principal amount of USD16,500,000 was converted in 35,869,565 shares at USD0.46 per share.

In addition, during the year, the Company entered in another Term Sheet with the parent company dated 07 December 2020 to borrow an amount of upto EUR150,000,000. At reporting date, an amount of EUR146,650,000 has been disbursed. The loan is unsecured, has a maturity date of 07 June 2022 and carries interest rate at a fixed rate of 1% per annum. The interest is payable at maturity date along with the principal amount.

(iv) During the year under review, pursuant to board minutes and Term sheet dated 18 March 2021 and 23 March 2021 respectively, the Company was granted an amount of EUR30,000,000 by the parent company. The loan is unsecured, has a maturity date of 23 September 2022 and carries interest rate at a fixed rate of 1% per annum. The interest is payable at maturity date along with the principal amount.

(v) Summary of bank borrowings arrangements are as follows:

(a) Loan from Bank of America, N.A (“BOA”)

Pursuant to a Facility Agreement dated 05 June 2018, effective date being 10 September 2018, all the previous loans borrowed from Bank of America, N.A (“BOA”) had been amalgamated into a single one amounting to EUR111,250,000. The loan carried interest at EURIBOR + 75 basis points and the interest was payable at the end of every 3 months. The loan facility had a repayment date of June 2021. However, anticipating an increase in finance costs at the time of refinancing, Management made an early repayment of the total outstanding amount during the financial year ended 31 March 2021.

In addition, pursuant to Facility Agreement dated 20 March 2020, the Company borrowed an additional amount of EUR25,000,000 to take care of short-term requirement. The loan carried interest at EURIBOR + 80 basis points per annum. The interest was payable at the end of the term loan which was of 1 month along with the principal amount. The loan was repaid on the maturity date during the current year.

The Company also entered into a new Loan Agreement with BOA dated 24 March 2021 where an amount of EUR28,000,000 was borrowed which carries interest at EURIBOR + 125 basis point. It is agreed that if the EURIBOR is negative, it shall be deemed to be zero for the purpose of this Facility. This amount has a term of 30 days, maturing on 28 April 2021. The interest accrued on the loan outstanding at the reporting date amounted to USD 3,374 (EUR 2,877). Subsequent to reporting date this amount was fully repaid.

(b) Loan from HSBC Bank (Mauritius) Limited (“HSBC”)

Pursuant to a Facility Agreement with HSBC dated 05 February 2018, the Company borrowed EUR 37,000,000 at an interest rate of 3 months EURIBOR + 0.70% margin per annum with the EURIBOR floored to negative 0.70%. The loan was unsecured and repayable in February 2021. In the financial year ended 31 March 2018, the Company initially incurred transaction costs of USD70,857 in respect of this loan. These costs were amortised over a period of 3 years, which was the tenure of the loan. As at 31 March 2021, the loan was repaid on its maturity date.

During the year ended 31 March 2019, pursuant to a Facility Agreement with HSBC dated 26 June 2018, the Company borrowed at additional amount of EUR20,000,000 at an interest rate of 3 months EURIBOR + 0.7% margin. The amount was granted to the Company on several tranches. The loan was unsecured and repayable in June 2021. The Company incurred transaction costs of USD37,904 in respect of this loan and which were amortised over a period of 3 years, which was the tenure of the loan.

Anticipating an increase in finance costs due to EURIBOR trends, Management made an early repayment of the total outstanding amount. Consequently, the loans were repaid in three tranches on 17 December 2020, 28 December 2020 and 06 January 2021.

During the year ended 31 March 2020, the Company borrowed an additional amount of EUR30,000,000. Pursuant to Term Sheet dated 31 March 2020 the loan carried interest rate of EURIBOR + 1.55% margin. It was agreed that if the EURIBOR is negative it shall be deemed to be zero for the purpose of this Facility. The loan facility had a term period of 360 days. The loan was repaid by the Company on the maturity date.

Pursuant to board minutes dated 29 April 2020, a loan amounting to EUR25,000,000 was borrowed by HSBC at an interest rate of EURIBOR + 2.05 % margin to the Company. The loan had a repayment term of 180 days after disbursement. During the year ended 31 March 2021, the loan was repaid on the maturity date. On disbursement of the loan EUR25,000,000, an upfront fee of 0.40% of the loan facility amounting to USD108,200 (EUR100,000) was incurred by the Company.

(c) Loan from Societe Generale

During the year under review, pursuant to board minutes and Master Money Market Loan Agreement dated 07 January 2021 and 27 January 2021, the Company was granted a Money Market Loan of up to EUR40,000,000. As at reporting date, an amount of EUR25,000,000 was disbursed to the Company and had a repayment date of 31 March 2021. The loan facility is interest free and unsecured in nature. As at reporting date, the loan was repaid on maturity date.

The Company entered into an interest rate swap arrangements in respect of its borrowings of EUR37,000,000 from HSBC and EUR111,250,000 from Bank of America, N.A. During the year ended 31 March 2021, both loans were fully repaid.

During the year ended 31 March 2021, a loss of USD578,913 (2020: USD755,810) was also incurred on the swap arrangements in respect of its borrowings.

18. OTHER RECEIVABLES AND PREPAYMENTS

	2021	**2021**	2020	2020
	USD	**INR (Note 1)**	USD	INR (Note 1)

24. CONTINGENT LIABILITIES

The Company has received an Intimation under Section 143(1) of the Income tax Act, 1961 dated 28 March 2021 for the assessment year 2019-20 ('the Intimation'). The aforesaid Intimation requires the Company to pay a sum of INR572,047,720 (approximately USD7,773,444). In this connection, the Company has filed an appeal before the Honourable Commissioner of Income Tax Appeals online on 21 April 2021. The Company has also submitted a rectification application online on 22 April 2021. If the application for rectification is appropriately processed, it is likely that the aforesaid demand will not sustain and will be deleted.

25. EVENTS AFTER THE REPORTING DATE

The Company has evaluated all events subsequent through the date of these financial statements that were available to be issued on xxx and determined that the subsequent events that require disclosures are mentioned below:

- An additional investment aggregating to USD3,000,000 was made in Mahindra Automotive North America, Inc,.
- An additional investment aggregating to Turkish Lira 100,000,000 was made in Erkunt Tractor Sanayi A.S.

26. HOLDING COMPANY

The directors regard Mahindra & Mahindra Ltd, a quoted company on the National Stock Exchange of India, as the Company's holding company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBER OF Mahindra Automotive Mauritius Ltd.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Mahindra Automotive Mauritius Ltd.**, the "Company", which comprise the statement of financial position as at 31 March 2021, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 March 2021 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence and the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The supplementary information presented in Indian Rupee in the financial statements is solely for the convenience of the users of the financial statements. The supplementary information presented in Indian Rupee does not form part of the audited financial statements. We have therefore not audited the supplementary information and, accordingly, we do not express an opinion on this supplementary information. This paragraph has no impact on the audit opinion expressed in this auditors' report.

Information Other than the Financial Statements and Auditors' Report thereon ("Other Information")

Management is responsible for the Other Information. The Other Information comprises the information included in the Corporate data and Commentary of the Directors sections but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- we have no relationship with, or any interests in, the Company other than in our capacity as auditors;
- we have obtained all the information and explanations we have required; and
- in our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Use of this report

Our report is made solely to the member of the Company as a body in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to it in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member as a body, for our audit work, for this report, or for the opinion we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. GENERAL INFORMATION AND STATEMENT OF COMPLIANCE WITH INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRS")

Mahindra Automotive Mauritius Ltd. (the 'Company') was incorporated in the Republic of Mauritius under the Mauritius Companies Act 2001 on 27 August 2018 as a private company with liability limited by shares and holds a Global Business Licence issued by the Financial Services Commission. The Company's registered office is Sanne House, Bank Street, TwentyEight, Cybercity, Ebene 72201, Mauritius.

The principal activity of the Company is to hold investments.

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence.

Indian Rupee ("INR") amounts are included solely for convenience. These transactions should not be construed as representations that the EUR amounts actually represent or have been or could be converted into INR. As the amounts shown in INR are for convenience only, the rate of EUR 1 = INR86.13 has been used for the purpose of presentation of the INR amounts in the accompanying financial statements for the year ended 31 March 2021.

2. ADOPTION OF NEW AND AMENDED IFRS

2.1 New and amended Standards that are effective for the current year

The Company has applied the following Standards, amendments and Interpretations to existing Standards for the first time for the financial year commencing on 01 April 2020:

Various	Amendments to References to the Conceptual Framework in IFRS Standards
IFRS 3	Definition of a Business (Amendments to IFRS 3)
IAS 1 and IAS 8	Definition of Material (Amendments to IAS 1 and IAS 9)
IFRS 9, IAS 39 and IFRS 7	Interest Rate Benchmark Reform (Amendments to IFRS 9, IAS 39 and IFRS 7)

Management has assessed the impact of these new and revised Standards and Interpretations and concluded that none of the above has an impact on these financial statements.

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company

At the date of authorisation of these financial statements, several new, but not yet effective, Standards, amendments to existing Standards and Interpretations have been published by the IASB. None of these Standards, amendments or Interpretations have been adopted early by the Company.

Management anticipates that all relevant pronouncements, will be adopted in the Company's accounting policies for the first period beginning on or after the effective date of the pronouncement. Information on new Standards, amendments to existing Standards and Interpretations is provided below.

IFRS 16	COVID - 19 Related Rent Concessions (Amendment to IFRS 16)
Various	Interest Rate Benchmark Reform Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)
IFRS 3	References to the Conceptual Framework (Amendments to IFRS 3)
IAS 16	Proceeds before Intended Use (Amendments to IAS 16)
IAS 37	Onerous Contract - Cost of Fulfilling a Contract (Amendments to IAS 37)
IFRS 1, IFRS 9, IFRS 16 and IAS 41	Annual improvements to IFRS Standards 2019-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41)
IFRS 17	Insurance Contracts
IFRS 4	Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)
IAS 1	Classification of Liabilities as Current or Non-current (Amendments to IAS 1)

Management has yet to assess the impact of the above Standards, amendments to existing Standards and Interpretations on the Company's financial statements.

3. SUMMARY OF ACCOUNTING POLICIES

3.1 Overall considerations

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

3.2 Expenses

All expenses are accounted for in the statement of comprehensive income on the accrual basis.

3.3 Taxation

Tax expense recognised in the statement of comprehensive income comprises of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise of those obligations to, or claims from, fiscal authorities relating to the current period, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

3.4 Financial instruments

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instruments.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)
- fair value through other comprehensive income (FVOCI)

In the current year, the Company does not have any financial assets categorised as FVOCI and FVTPL.

The classification is determined by both:

- the entity's business model for managing the financial asset
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets are recognised in the statement of comprehensive income.

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost using the effective interest method if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows.
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents fall into this category of financial instruments.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities consist of accruals.

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3.5 Consolidated financial statements

The financial statements are separate financial statements which contain information about Mahindra Automotive Mauritius Ltd. as an individual company and do not contain consolidated financial information as the parent of a group.

The Company holds a Global Business Licence issued by the Financial Services Commission and has taken advantage of the exemption given in Section 12 of Part 1 of the Fourteenth Schedule of the Mauritius Companies Act 2001 from the requirement to prepare consolidated financial statements as it is a wholly-owned subsidiary of a quoted company incorporated in the Republic of India, Mahindra & Mahindra Ltd.

3.6 Investments in subsidiary

A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Investments in subsidiary is initially shown at cost. Where an indication of impairment exists, the recoverable amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to the statement of comprehensive income.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of comprehensive income.

3.7 Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank and cash in transit. Cash equivalents are short term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

3.8 Equity

Stated capital is determined using the value of shares that have been issued.

Accumulated losses include all current and prior years' results as disclosed in the statement of comprehensive income.

3.9 Share application monies

Share application monies represent amount received and / or cash in transit for equity shares in the Company and for which relevant shares were not yet allotted at the reporting date.

3.10 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation and the amount can be estimated reliably.

Provisions are measured at the estimated expenditure required to settle the present obligation based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. The increase in the provision due to passage of time is recognised as interest expense in the statement of comprehensive income.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

3.11 Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

3.12 Foreign currency translation

Functional and presentation currency

The financial statements are presented in Euro ("EUR"), which is the Company's functional and presentation currency. The Company has also presented the financial statements in Indian Rupee ("INR") for the convenience of users of financial statements.

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the Company using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of comprehensive income.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

3.13 Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered any impairment loss. When an indication of impairment loss exists, the carrying amount of the asset is assessed and written down to its recoverable amount.

3.14 Comparatives

Where necessary, comparatives figures have been adjusted to conform with changes in presentation in the current year.

4. SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgements

The following are the significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the EUR.

Going concern assumption

The directors have exercised significant judgement in assessing that the preparation of these financial statements on a going concern basis is appropriate. In making this assessment, the directors have considered the Company's future business projects, future cash flows and future profitability.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impact of COVID-19

In January 2020, the World Health Organization has declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets.

The directors have considered the potential adverse impact of the COVID-19 pandemic on the Company's business activities.

5. FINANCIAL INSTRUMENT RISK

Risk management objectives and policies

The Company is exposed to various risks in relation to its financial instruments. The main types of risks are market risk, credit risk and liquidity risk.

The Company's financial assets and financial liabilities by category are summarised below.

	2021	2021	2020	2020
	EUR	**INR (Note 1)**	EUR	INR (Note 1)
Financial assets at amortised cost:				
Current				
Cash and cash equivalents	**55,469**	**4,777,545**	1,015,639	87,476,987
Total financial assets	**55,469**	**4,777,545**	1,015,639	87,476,987
Financial liabilities at amortised cost:				
Current				
Accruals	**5,916**	**509,545**	10,534	907,293
Total financial liabilities	**5,916**	**509,545**	10,534	907,293

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company to set appropriate measures and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and in the Company's activities.

The Company does not actively engage in the trading of financial assets and derivatives for speculative purposes. The most significant financial risks to which the Company is exposed to are described below.

5.1 Market risk analysis

The Company is exposed to market risk through its use of financial instruments. Market risk is comprised specifically of currency risk and interest rate risk, which result from both its operating and investing activities.

(i) Foreign currency sensitivity

Foreign currency risk arises when the fair value or future cash flows of a financial instrument fluctuate because of changes in foreign exchange rates.

The Company's financial assets and financial liabilities are not exposed to any foreign currency risk as these are principally denominated in the EURO ("EUR").

(ii) Interest rate sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company does not have interest bearing financial assets and financial liabilities and it is therefore not exposed to interest rate on its financial instruments.

5.2 Credit risk analysis

Credit risk is the risk that counterparty fails to discharge an obligation to the Company.

The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2021	2021	2020	2020
	EUR	**INR (Note 1)**	EUR	INR (Note 1)
ASSETS				
Current assets				
Cash and cash equivalents	**55,469**	**4,777,545**	1,015,639	87,476,987

The credit risk for the bank balance is considered negligible, since the counterparty is a reputable bank with high quality external credit ratings.

None of the Company's financial assets are secured by collateral or other credit enhancements.

5.3 Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of the Company's financial liabilities:

	2021			2020
	Less than one year	**Less than one year**	Less than one year	Less than one year
	EUR	**INR**	EUR	INR
		(Note 1)		(Note 1)
Accruals	**5,916**	**509,545**	10,534	907,293
Total	**5,916**	**509,545**	10,534	907,293

6. FAIR VALUE MEASUREMENT

6.1 Fair value measurement of financial instruments

The Company has financial assets and financial liabilities and they are measured at their carrying amounts which approximate their fair values.

6.2 Fair value measurement of non-financial instruments

The Company's non-financial assets consist of investment in subsidiary and prepayments for which fair value measurement is not applicable since these are not measured at fair value on a recurring or non-recurring basis in the statement of financial position. At the reporting date, the Company did not have any non-financial liabilities.

7. CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns to its member.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to its member, buy back shares or issue new shares.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. For the year ended 31 March 2020 and 2021, the Company was not geared since it did not have any external borrowings.

8. TAXATION

(i) Income tax

The Company monitors proposed and issued tax laws, regulations and cases to determine the impact on uncertain tax positions. At 31 March 2021, there are no potential subsequent events, other than those described below, that would have a material impact on unrecognised income tax benefits within the next twelve months.

The Company holds a Global Business Licence for the purpose of the Financial Services Act 2007 of Mauritius. Pursuant to the enactment of the Finance Act 2018, with effect as from 1 January 2019, the deemed tax credit has been phased out, through the implementation of a new tax regime. Companies which had obtained their Category 1 Global Business Licence on or before 16 October 2017, including the Company, have been grandfathered and would benefit from the deemed tax credit regime up to 30 June 2021.

Accordingly, the Company is entitled to a foreign tax credit equivalent to the higher of the actual foreign tax suffered or 80% of the Mauritian tax ("Deemed tax credit") on its foreign source income resulting in an effective tax rate on net income of up to 3%, up to 30 June 2021. Further, the Company is exempted from income tax in Mauritius on profits or gains arising from sale of securities. In addition, there is no withholding tax payable in Mauritius in respect of payments of dividends to the Shareholder or in respect of redemptions or exchanges of shares.

Post 30 June 2021 and under the new tax regime and subject to meeting the necessary substance requirements as required under the Financial Services Act 2007 (as amended by the Finance Act 2018) and such guidelines issued by the Financial Services Commission, the Company would be entitled to either (a) a foreign tax credit equivalent to the actual foreign tax suffered on its foreign income against the Company's tax liability computed at 15% on such income, or (b) a partial exemption of 80% of some of the income derived, including but not limited to foreign source dividends or interest income.

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the balance sheet liability method.

At 31 March 2021, the Company has accumulated tax losses of EUR102,702 (2020: EUR68,250) and is therefore not liable to income tax.

(ii) Deferred tax

Deferred income tax is calculated on all temporary differences under the liability method at the rate of 3%. At 31 March 2021, no deferred tax has been recognised in respect of the accumulated tax losses carried forward as it is not probable that taxable profit will be available in the foreseeable future.

(iii) Income tax reconciliation

The income tax on the Company's loss before tax differs from the theoretical amount that would arise using the effective tax rate of the Company as follows:

	2021	2020
	EUR	EUR
Loss for the year	**(150,860,555)**	(46,750)
Tax calculated at the rate of 3%	**–**	–
Tax expense	**–**	–

9. INVESTMENTS IN SUBSIDIARY

	2021	**2021**	2020	2020
	EUR	**INR (Note 1)**	EUR	INR (Note 1)
(i) Unquoted and at cost:				
At 01 April 2020	**95,075,000**	**8,188,809,750**	30,525,000	2,629,118,250
Additions during the year (Note 9 (iii))	**55,750,062**	**4,801,752,840**	64,550,000	5,559,691,500
Impairment during the year (Note 9 (iv))	**(150,825,062)**	**(12,990,562,590)**	–	–
At 31 March	–	–	95,075,000	8,188,809,750

(ii) Details pertaining to the unquoted investments are as follows:

Name of investee company	**Type of investments**	**Carrying amount 2021**	**Cost 2021**	**Carrying amount/cost 2020**
		EUR	**EUR**	**EUR**
Automobili Pininfarina GmbH*	Equity	–	**130,300,062**	**74,550,000**
Automobili Pininfarina GmbH*	Capital contribution	–	**20,525,000**	**20,525,000**
		–	**150,825,062**	**95,075,000**

* The Company has 100% holding in Automobili Pininfarina GmbH, a company incorporated in Germany.

(iii) During the year ended 31 March 2021, the Company acquired additional equity shares amounting to EUR55,750,062 (2020: EUR64,550,000) in Automobili Pininfarina GmbH.

(iv) The directors made an assessment on the recoverable amount of the investment in Automobili Pininfarina GmbH and concluded that the carrying amount of the investment was fully impaired at the reporting date.

(v) The Company holds a Global Business Licence issued by the Financial Services Commission and has therefore taken advantage of Section 12 of Part 1 of the Fourteenth Schedule of the Mauritius Companies Act 2001 which dispenses it from presenting consolidated financial statements as it is wholly-owned subsidiary of Mahindra & Mahindra Ltd, a company incorporated in the Republic of India.

10. PROFESSIONAL FEES

	2021	**2021**	2020	2020

Issued during the year (Note 11 (i))	**54,830,000**	**4,722,507,900**	64,600,000	5,563,998,000
Conversion of share application monies into shares (Note 13)	**1,000,000**	**86,130,00**	–	–
At end of the year	**151,005,001**	**13,006,060,736**	95,175,001	8,197,422,836

(i) During the year ended 31 March 2021, the Company has issued shares to Mahindra & Mahindra Ltd as follows:

	No of Shares	EUR
37,830,000 Ordinary shares of EUR 1 each	**37,830,000**	**37,830,000**
128,571,428 Ordinary shares of no par value (Note 11 (ii))	**128,571,428**	**18,000,000**
	166,401,428	**55,830,000**

(ii) Pursuant to a written resolution of shareholder dated 17 November 2020, the par value shares of EUR1 each were converted to no par value shares. As at 31 March 2021, the Company has 261,576,429 shares of no value par amounting EUR151,005,001.

(ii) In accordance with the Company's Constitution, the main rights and obligations attached to the ordinary shares are as follows:

- confer to its holder the rights to attend and exercise one vote at meetings of members generally and class meetings of the ordinary shares;
- have a right to receive any dividend or distribution; and
- and be entitled, on a winding up, to share in the assets of the Company available for distribution.

12. CASH AND CASH EQUIVALENTS

	EUR	**INR (Note 1)**	EUR	INR (Note 1)
Cash at bank	**55,469**	**4,777,545**	15,639	1,346,987
Cash in transit	–	–	1,000,000	86,130,000
	55,469	**4,777,545**	1,015,639	87,476,987

13. SHARE APPLICATION MONIES

	2021	2021	2020	2020
	EUR	**INR (Note 1)**	EUR	INR (Note 1)
Balance at 01 April	**1,000,000**	**86,130,000**	–	–
Issued during the year	–	–	1,000,000	86,130,000
Conversion into shares during the year (Note 11)	**(1,000,000)**	**(86,130,000)**	–	–
	–	–	1,000,000	86,130,000

Share application monies represent payments made for equity shares by Mahindra & Mahindra Ltd and for which the relevant shares were allotted during the year ended 31 March 2021.

14. CONTINGENT LIABILITIES

The Company has no litigation claims outstanding, pending or threatened against it, which could have a material adverse effect on the Company's financial position or results as at 31 March 2021.

15. EVENTS AFTER THE REPORTING DATE

The Company has evaluated all events subsequent to the date when these financial statements were available to be issued on 25 May 2021 and determined that the subsequent events that require disclosures are mentioned below:

- Additional investment aggregating to EUR3,324,938 was made in Automobili Pininfarina GmbH.
- 23,750,000 ordinary shares of no par value amounting to EUR3,325,000 was issued to Mahindra & Mahindra Limited.

16. HOLDING COMPANY

The directors regard Mahindra & Mahindra Ltd, a company listed on the National Stock Exchange of India, as the Company's holding company.

AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MAHINDRA RACING UK LIMITED

Opinion

We have audited the financial statements of Mahindra Racing UK Limited (the 'Company') for the year ended 31 March 2021, which comprise the Statement of income and retained earnings, the Balance sheet and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or

- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- Enquiry of management and those charged with governance on management's assessment of risk and management's processes for identifying and responding to the risks of fraud in the entity;
- Enquiry of management and those charged with governance around actual and potential litigation and claims;
- Enquiry of entity staff in compliance functions to identify any instances of non-compliance with laws and regulations;
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias;
- Reviewing minutes of meetings of those charged with governance; and
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS AT 31 MARCH 2021

1. General Information

Mahindra Racing UK Limited is a private company limited by shares, incorporated in England and Wales within the UK.

The address of the registered office & the registration number are given in the compnay information page of these financial statements

2. ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102 , the financial standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied :

2.2 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period -end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of income except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of income within "other operating income".

2.3 Revenue

Sponsorship revenue is recognised evenly over each race season in line with the number of races that have taken place prior to the period end, or to the extent that it is probable that the economic benefits will flow to the Company in line with the sponsorship agreement. Sponsorship revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

2.4 Operating Lease: the Company as lessee

Rentals paid under operating leases are charged to the Statement of income on a straight line basis over the lease term.

2.5 Research and development

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research shall be recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised on a straight line basis over their useful economic lives, which range from 3 to 6 years. If it is not possible to distinguish between the research phase and the development phase of an internal project, the expenditure is treated as if it were all incurred in the research phase only.

2.6 Government Grants

Grants are accounted under accrual model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to the statement of income at the same rate as the depreciation on assets to which the grants relates. The deferred element of grants is included in creditors as deferred income.

Grants of revenue nature are recognised in the statement of income in the same period as the related expenditure.

2.7 Interest income

Interest income is recognised in the Statement of income and retained earnings using the effective interest method.

2.8 Finance costs

Finance costs are charged to the Statement of income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.9 Borrowing costs

All borrowing costs are recognised in the statement of income in the year in which they are incurred

2.10 Intangible Assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less and accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life, If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

2.11 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributed to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis :

Plant & Machinery - 33% straight line

Furniture & Fittings - 20% straight line

Office equipment - 33% straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and Losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of income & retained earnings.

2.12 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.13 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.14 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.15 Financial Instruments

The Company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Investments in non-derivative instruments that are equity to the issuer are measured:

- at fair value with changes recognised in the Statement of income if the shares are publicly traded or their fair value can otherwise be measured reliably;
- at cost less impairment for all other investments.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised In the Statement of income & retained earnings.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an assets' carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.16 Going Concern

The financialstatements have been prepared on a going concern basis. The Directors have considered relevant information, including the annual budget, forecast future cash flows and the impact of subsequent events in making their assessment. The COVID-19 pandemic and the ensuing economic shutdown has had a significant impact on the company's operations due to the postponement of the current season's races until the shutdown can be relaxed. In response to the COVID-19 pandemic, the Directors have performed a robust analysis of forecast future cash flows taking into account the potential impact on the business of possible future scenarios arising from the impact of COVID-19. This analysis also considers the effectiveness of available measures to assist in mitigating the impact.

Based on these assessments and having regard to the resources available to the entity, the Directors have concluded that there is no material uncertainty and that they can continue to adopt the going concern basis in preparing the annual report and accounts.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA SUSTEN PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Susten Private Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
    b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
    c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
    d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
    e. On the basis of the written representations received from the directors as on 31st March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
    f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
    g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its director during the year is in accordance with the provisions of section 197 of the Act.
    h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
        i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Susten Private Limited ("the Company") as of 31st March 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. In respect of Company's property, plant and equipment:

a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

b) The property, plant, & equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant, & equipment at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed agreements provided to us, we report that, the title deeds, comprising all the immovable properties of land which are freehold, are held in the name of the Company as at the balance sheet date.

ii. As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals. No material discrepancies were noticed on such verification.

iii. According to the information and explanations given to us, in respect of loans granted by the Company, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013:

(a) The loans are given to its subsidiaries in the interest of Company's business, the terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.

(b) The repayment of principal and interest is as per the terms stipulated in the agreement.

(c) During the year, the Company has made an allowance of Rs. 2,297 lakhs and Rs. 49 Lakhs to fully impair the loan given to its subsidiary and interest receivable thereon respectively.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

v. According to the information and explanations given to us, the Company has not accepted any deposits under the provisions of Sections 73 to 76 of the Act and the Rules framed thereunder.

vi. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. According to the information and explanations given to us, in respect of statutory dues:

a) The Company has been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Goods and Services Tax and other material statutory dues applicable to it to the appropriate authorities.

b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax and other material statutory dues in arrears as at 31st 2021 for a period of more than six months from the date they became payable.

c) Details of dues of Income-tax, Sales Tax, Value Added Tax, Entry Tax and Goods and services Tax which have not been deposited as on 31st March 2021 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum Pending	Period to which the Amount Relates	Amount Involved (Rs. in Lakhs)	Amount Unpaid (Rs. in Lakhs)
Income Tax, Act 1961	Addition on account of Disallowance	Commissioner of Income Tax (Appeals)	F.Y 2012-13	275.60	275.60
Central Sales Tax Act, 1956	Non Submission of Statutory Forms (Karnataka)	Joint Commissioner Appeals	F.Y. 2015-16	43.85	30.70
Income Tax, Act 1961	Addition on Account of Disallowance	Commissioner of Income Tax (Appeals)	F.Y. 2016-17	9.00	9.00
Income Tax, Act 1961	Addition on Account of Disallowance	Commissioner of Income Tax (Appeals)	F.Y. 2013-14	9.89	9.89
Central Sales Tax Act, 1956	Non submission of Statutory Forms (Karnataka)	Joint Commissioner Appeals	F.Y. 2016-17	142.16	99.51
Central Sales Tax Act, 1956	Non submission of Statutory Forms (Karnataka)	Joint Commissioner Appeals	F.Y. 2017-18	150.66	105.46

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Name of Statute	Nature of Dues	Forum Pending	Period to which the Amount Relates	Amount Involved (Rs. in lakhs)	Amount Unpaid (Rs. in lakhs)
Central Sales Tax Act, 1956	Non submission of Statutory Forms (Telangana)	Appellate Deputy Commissioner	F.Y. 2015-16	466.92	408.55
Central Sales Tax Act, 1956	Non submission of Statutory Forms (Andhra Pradesh)	Commissioner Appeals	F.Y. 2015-16	205.67	179.96
Central Sales Tax Act, 1956	Non submission of Statutory Forms (Telangana)	Appellate Joint Commissioner (State Tax)	F.Y. 2016-17	179.72	179.72
Central Sales Tax Act, 1956	Non submission of Statutory Forms (Gujrat)	Deputy Commissioner (State Tax)	F.Y. 2016-17	402.93	359.78
Central Sales Tax Act, 1956	Non submission of Statutory Forms	Deputy Commissioner (State Tax)	F.Y. 2017-18	116.23	103.53
Gujrat VAT Act, 2003	Non submission of Statutory Forms (Gujrat)	Joint Commissioner (Appeals)	F.Y. 2014-15	66.47	59.82
Rajasthan Entry Tax	Levy on entry tax on solar goods imported	Commissioner (Appeals)	F.Y. 2012-13	1,259.79	1,259.79
RGST Act, 2017 & CGST Act 2017	Non submission of Statutory Forms (Rajasthan)	Joint Commissioner (State Tax), Anti Evasion, Rajasthan	2017-18 and Apr 18-Dec18	11,725.84	11,725.84

viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions and banks. The Company has not taken any loans or borrowings from government and has not issued any debentures.

ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the Order is not applicable.

x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

xiii. In our opinion and according to the information and explanations given to us the Company is in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

1. Nature of Operations

Mahindra Susten Private Limited ('the Company') is a company limited by shares, incorporated and domiciled in India and is a subsidiary of Mahindra Holdings Limited. The Company is engaged in the business of providing services in the areas of Engineering, Procurement and Construction of power plants in renewable energy, operations and maintenance, analytics, energy management services, sale of power and sale of solar water pump.

The standalone financial statements were authorized for issue in accordance with a resolution of the Board of Directors on 12th May 2021

2. Statement of compliance

The accompanying standalone financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under Section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Company is exempt from preparing a consolidated financial statement (CFS)

a) being a wholly owned intermediate subsidiary;

b) not listed on any stock exchange and;

c) as its ultimate holding company files CFS with the Registrar of Companies which are in compliance with applicable accounting standards.

3. Significant Accounting Policies and Accounting Judgments and Estimates

A) Significant Accounting Policies

a) Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Financial statements

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities measured at fair value

b) Use of estimates and judgments

The preparation of the standalone financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

(i) Evaluation of percentage of completion :

Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentage of completion, costs to completion, the expected revenue from the project or activity and foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the standalone financial statements for the year/ period in which such changes are determined.

(ii) Recoverability of deferred tax assets :

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting year/ period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

(iii) Measurement of defined benefit obligations and other employee benefit obligations:

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compensated absences which are not expected to occur within twelve months after the end of the year/ period in which the employee renders the related services are recognised as a liability at the present value of the other long-term employment benefits.

The present value of the obligation is determined based on actuarial valuation at the balance sheet date by an Independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

(iv) Provision for obsolete inventory :

The Company reviews its inventory to assess loss on account of obsolescence on a regular basis. In determining whether provision for obsolescence should be recorded in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is any future salability of the product, including demand forecasts and shelf life of the product. The provision for obsolescence of inventory is based on the ageing and past movement of the inventory.

(v) Impairment losses on financial assets:

The Company reviews its financial assets to assess impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified loss event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows

(vi) Impairment losses on investment:

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

(vii) Estimation of provisions and contingencies :

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgement and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgement is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

(viii) Provision for product warranty:

The warranty provision represents management's best estimate of the Company's liability under warranties granted on products, based on prior experience and industry averages. Presently, company creates provision at 1% on Revenues.

c) Revenue Recognition:

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements

(i) EPC Contracts

Revenue from EPC contracts, where the outcome can be estimated reliably, is recognised under the percentage of completion method by reference to the stage of completion of the contract activity, hence revenue is recognized over the period of time. The stage of completion is measured by calculating the proportion that costs incurred to date bear to the estimated total costs of a contract. Determination of revenues under the percentage of completion method necessarily involves making estimates by the management.

When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration to be earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

Any variations in contract work, claims, incentive payments are included in the transaction price if it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company.

(ii) Sales of goods

An entity shall recognise revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

(iii) Service Income

Service income i.e Operation & Maintenance, is recognised as per the terms of the contract when the related services are rendered.

d) Current and Non-current classification

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current. An asset is treated as current when it is:

(i) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;

(ii) it is expected to be realised within twelve months from the reporting date;

(iii) it is held primarily for the purposes of being traded; or

(iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

All other assets are classified as non-current.

A liability is current when:

(i) it is expected to be settled in the Company's normal operating cycle;

(ii) it is due to be settled within twelve months from the reporting date;

(iii) it is held primarily for the purposes of being traded; or

(iv) the Company does not have an unconditional right to defer settlement of the liability for atleast twelve months from the reporting date.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out above which are in accordance with the Schedule III to the Act.

In respect of the engineering, procurement and construction services (EPC) segment & other operations of the Company, it has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

e) Property plant and equipment and Intangible Assets:

(i) Property plant and equipment:

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and recognised impairment losses.

Freehold land is stated at the cost of acquisition and is not depreciated.

Depreciation on tangible assets in respect of electricity business is provided at the rate as well as methodology notified by the Central Electricity Regulation Commission (Terms and Conditions of Tariff) Regulations, 2016.

Depreciation on other tangible assets is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives or as prescribed in schedule II to the Companies Act 2013 whichever is higher. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds (net of expenses incurred in connection with the sale) and the carrying amount of the asset and is recognised in profit or loss.

(ii) Capital work in progress and Capital advances:

Assets under construction includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use.

(iii) Intangible Assets:

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives.

The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Internally-generated intangible assets

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

(iv) Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/ external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the Company makes a reasonable estimate of the value in use.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

f) Borrowing Costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

g) **Inventories:**

Inventories are stated at lower of cost and net realisable value.

Cost of raw materials includes all costs of purchase, conversion and other direct attributable costs incurred for bringing the items to their present location and condition and is determined using the weighted average cost method.

The cost of contracts work in progress comprises costs directly attributable to the specific contracts and related overheads.

Traded goods costs includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

h) **Foreign Currency:**

Foreign currency transactions

Initial Recognition

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the standalone statement of profit and loss.

Measurement of foreign currency items at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Nonmonetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the standalone statement of profit and loss

Foreign operations.

The assets and liabilities of foreign operations (branches), are translated into INR, the functional currency of the Company, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

i) **Fair value measurement**

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for sale in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Company's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Valuation Committee after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The Valuation Committee decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Valuation Committee analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Valuation Committee verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Valuation Committee also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

j) Hedge accounting

The Company designates certain hedging instruments, which include derivatives, and non-derivatives in respect of foreign currency risk, as either fair value hedges, or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'Other income' line item.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in profit or loss in the line item relating to the hedged item.

k) Investments

Investments in subsidiary

Investments in equity shares of subsidiaries are recorded at cost and reviewed for impairment at each reporting date. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in Statement of Profit and Loss.

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the standalone statement of profit and loss. Cost of investments include acquisition charges such as brokerage, fees and duties.

Investment in joint ventures

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

l) Employee Benefits:

(i) Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus / ex-gratia are recognized in the period in which the employee renders the related service.

(ii) Post employment employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

a) Defined Contribution schemes

The Company's contributions to the Provident Fund and Employee's State Insurance Fund are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due.

b) Defined benefits plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

m) Share Based Payments:

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

n) Taxes on Income:

Income tax comprises current and deferred tax. It is recognised in the standalone statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax Uncertainty over Income Tax Treatments. The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatments. In assessing the uncertainty, an entity shall consider whether it is probable that a taxation authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainties over income tax treatments.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using applicable tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ('MAT')

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the standalone statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the year/period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

o) Provisions and Contingent Liabilities :

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

p) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

The Company follows ‘simplified approach’ for recognition of impairment loss allowance on Trade Receivable

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). The balance sheet presentation for various financial instruments is described below

- Financial assets measured at amortised cost, contractual revenue receivables and lease receivable , ECL is presented as as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan contract & financial guarantee contract, ECL is presented as a provision in the balance sheet, i.e as a liability.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

(ii) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a derivative financial instruments to manage its exposure to foreign exchange rate risks through foreign exchange forward contracts.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

q) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

r) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and,

Diluted earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for the effects of dilutive options.

s) Segment Reporting

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performances of the operating segments of the Company

t) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

u) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and / or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021

	8,720.93	(2,916.43)	5,804.50	(220.69)	(77.74)	5,506.06
Net deferred tax liabilities	(2,664.39)	–	(2,664.39)	(152.13)	(77.74)	(2,894.26)

*** Note 9(a):**
During the year, the Management has reconciled the deferred tax balances and the components thereof as appearing in the books of the account with the related claims and computations of taxable income as included in the Company's Income Tax Returns over the past years. The result of this exercise has led to a reclassification of the components of deferred tax referred to in columns 'C' and 'D' of above note. This reclassification does not affect the net balance of Deferred Tax Liability carried in the balance sheet as at 31st March 2020.

 # Note 9(b):
Several of the projects carried out by the Company take a considerable time to complete and could carry over for multiple financial years. Accordingly, the tax effects of temporary differences between the accounting of expenses in the books of account, mainly arising out of provisions and management estimates, and its allowability under the Income tax Act, 1961 could also carry over multiple financial years. While carrying out the exercise of reconciliation referred to in above note and on completion of the assessments in respect of certain prior years, during the year, the management reassessed the recoverability of its Deferred Tax Assets as at 31st March, 2021 and accordingly reversed an amount of Rs. 1984.74 Lakhs as a charge to the statement of profit and loss.

Balance at 31 March 2021	**6,920.83**	**324.83**	7,245.66

Warranty Claims:

Provision for warranty represents present value of management's best estimate of the future outflow of economic benefits that will be required in respect of sale of certain products, the estimated cost of which is accrued at the time of sale. Management estimates the related provision for future warranty claims based on historical warranty claim information and is adjusted regularly to reflect new information. The products are generally covered under a free warranty period upto 5 years. It is expected that most of these costs may be incurred in the next five financial years.

Note No. 17 - Current Borrowings

Rupees (In Lakhs)

Particulars	As at 31 March 2021	As at 31 March 2020
Secured Borrowings		
Loans repayable on demand		
(1) WCDL from bank	**2,360.00**	8,950.00

Note No. 27 - Earnings per Share

Rupees (In Lakhs)

Particulars	Year ended 31 March 2021	Year ended 31 March 2020
Basic Earnings per share	**0.31**	2.19
Diluted Earnings per share	**0.31**	2.15

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

Rupees (In Lakhs)

	Year ended 31 March 2021	Year ended 31 March 2020
Profit/(loss) for the year attributable to owners of the Company	**614.18**	4,183.02
Weighted average number of equity shares	**1,954.62**	1,909.90
Basic Earnings per share from operations	**0.31**	2.19

Diluted earnings per share

The diluted earnings per share has been computed by dividing the Net profit after tax available for Equity shareholders by the weighted average number of equity shares, after giving dilutive effect of the outstanding Warrants, Stock options and Convertible bonds for the respective periods. Since, the effect of the conversion of Preference shares was anti-dilutive, it has been ignored.

Rupees (In Lakhs)

	Year ended 31 March 2021	Year ended 31 March 2020
Profit/(loss) for the year used in the calculation of basic earnings per share	**614.18**	4,183.02
Weighted average number of equity shares	**2,000.11**	1,944.88
Diluted Earnings per share from operations	**0.31**	2.15

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of ordinary shares used in the calculation of basic earnings per share as follows:

Rupees (In Lakhs)

	Year ended 31 March 2021	Year ended 31 March 2020
Weighted average number of equity shares used in the calculation of Basic EPS	**1,954.62**	1,909.90
Add: Effect of Warrants, ESOPs	**45.49**	34.97
Weighted average number of equity shares used in the calculation of Diluted EPS	**2,000.11**	1,944.88

Note No. 28 – Financial Instruments

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a periodic basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2021 and 31 March 2020 is as follows:

	31-Mar-21	31-Mar-20
Debt (A)	**71,933**	46,627
Equity (B)	**99,828**	98,891
Debt Ratio (A/B)	**0.72**	0.47

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel , where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterpaty limits that are reviewed and approved by the risk management committee annually.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-agencies.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company based on its assessment has created provision of Rs.29 lakhs (Nil March 31, 2020) has been provided in the statement of profit and loss.

The loss allowance provision is determined as follows:

As at 31 March 2021
Rupees (In Lakhs)

	Not due	Less than 6 months past due	More than 6 months past due	Total
Expected loss rate..	**0.02%**	**0.21%**	**0.23%**	**0.07%**
Gross carrying amount.................	**33,386.12**	**7,179.46**	**3,731.60**	**44,297.18**
Loss allowance provision	**5.24**	**15.39**	**8.40**	**29.03**

Losses recognised in the year based on 12 month expected credit losses is Rs 29 lakhs (31 March 20: Nil)

LIQUIDITY RISK

(i) Liquidity risk management

The mangement of the Company has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

The following table details the Company's / Company's liquidity analysis for its derivative financial instruments. The table has been drawn up based on the undiscounted contractual net cash inflows and outflows on derivative instruments that settle on a net basis, and the undiscounted gross inflows and outflows on those derivatives that require gross settlement. When the amount payable or receivable is not fixed, the amount disclosed has been determined by reference to the projected interest rates as illustrated by the yield curves at the end of the reporting period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Rupees (In Lakhs)

Particulars	31-Mar-21 INR	31-Mar-20 INR
Secured Bank Overdraft facility		
– Expiring within one year................	**2,360.00**	8,950.00
– Expiring beyond one year..............	–	–
	2,360.00	8,950.00

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rupees (In Lakhs)

Particulars	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	5 years and above INR
Non-derivative financial assets				
31-Mar-21

Derivative Financial Assets	88.80	–	–	–
Fixed interest rate instruments	38,041.87	–	–	–
Total	1,02,658.16	–	–	–

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's / Company's exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging the transactions at the time the Company enters into a contract with its customers by passing the exchange risk to the customer. The foreign curency borrowings are entirely hedged for the entire period of the borrowing.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Rupees (In Lakhs)

Particulars	Currency	31-Mar-21	31-Mar-20
Trade Receivables.......................	USD	**678.16**	8,214.64
Trade Payables	USD	**5,313.90**	5,744.86
Secured Bank Loans	USD	**16,159.51**	3,367.28

Of the above foreing currency exposures, the following exposures are not hedged by a derivative:

Rupees (In Lakhs)

Particulars	Currency	31-Mar-21	31-Mar-20
Trade Receivables.......................	USD	**678.16**	8,214.64
Trade Payables (Refer Note 1).......	USD	**345.15**	640.65
Secured Bank Loans	USD	–	**664.86**

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges. The Company's exposure to foreign currency changes for all other currencies is not material.

	Currency	Change in rate	Effect on profit before tax	Effect on pre-tax equity
31-Mar-21	USD	+10%	33.30	–
	USD	-10%	(33.30)	–
31-Mar-20	USD	+10%	690.91	–
	USD	-10%	(690.91)	–

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Profit is more sensitive to movements in the INR/USD rates in 2021 than 2020 because of the increased USD denominated trade payables. Trade Payables on goods traded are hedged by way of a clause in the contract with the customers wherein the foreign currency risk is transferred to the customer.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase/decrease in basis points	Effect on profit before tax
31-Mar-21	**INR**	**+50**	**(242.60)**
	INR	**-50**	**242.60**
31-Mar-20	INR	+50	(129.13)
	INR	-50	129.13

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

– trade and other payables	–	–	35,270.80	35,270.80
Total	–	–	81,897.86	81,897.86

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparties.

Note No. 30 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating INR 240 Lakhs (2020: INR 144 Lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employees. The benefit vests upon completion of five years of continuous service and once vested it is payable

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-Mar-21	31-Mar-20
Discount rate(s)	**6.95%**	6.80%
Expected rate(s) of salary increase	**8.00%**	8.00%

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA RENEWABLES PRIVATE LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mahindra Renewables Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.
   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in

our opinion and to the best of our information and according to the explanations given to us:

i. The company does not have any pending litigations which will impact its financial positions.

ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Renewables Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Mahindra Renewables Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The title deeds of the freehold land are held in the name of the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) According to the information and explanations given to us, the Company has granted loan, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act.

   i) The terms and conditions of the grant of such loans are not prejudicial to the Company's interest;

   ii) The schedule of repayment of principal and payment of interest has been stipulated;

   iii) There is no overdue amount remaining outstanding as at the year end.

4) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to loans granted.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) According to the information and explanations given to us, dues of goods and service tax, income tax, sales tax, excise duty, customs duty and value added tax which have not been deposited on account of any dispute are as follows:

Name of Statute	Amount in Rupees	Period to which amount relates	Forum where pending
Income Tax Act	₹ 3,86,85,070	FY 2015-16	Commissioner of Income Tax (Appeals)

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. Nature of Operations

Mahindra Renewable Private Limited ('the Company') is a company limited by shares, incorporated and domiciled in India and is a subsidiary of Mahindra Susten Private Limited. The Company is engaged in the business as a producer and distributor of solar power by using solar cells, photo voltaic cells, wafers, photo voltaic solar modules, photo voltaic solar system/sub system, tracker or fixed tilt, concentrated solar power and to provide related services.

Statement of compliance

The accompanying standalone financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under Section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Company is exempt from preparing a consolidated financial statement (CFS)

a) being a wholly owned intermediate subsidiary;

b) not listed on any stock exchange and;

c) as its ultimate holding company files CFS with the Registrar of Companies which are in compliance with applicable accounting standards.

2. Significant Accounting Policies and Accounting Judgments and Estimates

a) Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Financial statements

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities measured at fair value

b) Use of estimates and judgments

The preparation of the standalone financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

(i) Recoverability of deferred tax assets :

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting year/ period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

(ii) Impairment losses on financial assets :

The Company reviews its financial assets to assess impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified loss event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows

(iii) Estimation of provisions and contingencies :

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgement and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgement is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

c) Revenue Recognition:

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements

The accounting policies for the specific revenue streams of the Company is:

An entity shall recognise revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

d) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) Property plant and equipment and Intangible Assets:

(i) Property plant and equipment:

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is stated at the cost of acquisition and is not depreciated.

Depreciation on tangible assets in respect of electricity business is provided at the rate as well as methodology notified by the Central Electricity Regulation Commission (Terms and Conditions of Tariff) Regulations, 2017.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds (net of expenses incurred in connection with the sale) and the carrying amount of the asset and is recognised in profit or loss

(ii) Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

In assessing value in use, the Company makes a reasonable estimate of the value in use.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

f) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

g) Foreign Exchange Transactions:

Initial Recognition

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the standalone statement of profit and loss.

Measurement of foreign currency items at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Nonmonetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the standalone statement of profit and loss

h) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for sale in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Company's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Valuation Committee after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The Valuation Committee decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Valuation Committee analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Valuation Committee verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Valuation Committee also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

i) Hedge accounting

The Company designates certain hedging instruments, which include derivatives, and non-derivatives in respect of foreign currency risk, as either fair value hedges, or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'Other income' line item

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in profit or loss in the line item relating to the hedged item.

j) Segment information

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performances of the operating segments of the Company. The Company operates only in one segment viz. sale of solar energy.

k) Leases:

At inception of contract, the Company assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

As a lessee:

i) Right-of-use assets:

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The Company presents right-to-use assets that do not meet the definition of investment property in 'Property, plant and equipment'.

ii) Lease liabilities:

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset. The Company presents lease liabilities under financial liabilities in the Balance Sheet.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

iii) *Short term leases and leases of low value of assets:*

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

l) Taxes on Income:

Income tax comprises current and deferred tax. It is recognised in the standalone statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax Uncertainty over Income Tax Treatments. The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatments. In assessing the uncertainty, an entity shall consider whether it is probable that a taxation authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainties over income tax treatments.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using applicable tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the year/period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

m) Provisions and Contingent Liabilities :

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

n) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/ agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

o) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

p) Government Grant

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset and are presented in the balance sheet by setting up the grant as deferred income. Such grant is not reduced from the value of assets.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

q) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and,

Diluted earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for the effects of dilutive options.

r) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

s) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021.

Note No. 22 - Financial Instruments

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2021 and 31 March 2020 is as follows:

Rupees

	31-Mar-21	31-Mar-20
Debt (A)	**16,92,99,09,508**	9,93,15,73,659
Equity (B)	**3,84,71,71,345**	3,47,37,94,206
Debt Equity Ratio (A / B)	**4.40**	2.86

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) *Credit risk management*

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel , where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated the equivalent of investment grade and above. This information is supplied by independent rating agencies where available and, if not available, the Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterpaty limits that are reviewed and approved by the risk management committee annually.

LIQUIDITY RISK

(i) *Liquidity risk management*

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) *Maturities of financial liabilities*

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Rupees

Particulars	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	5 years and above INR

Variable interest rate instruments	23,14,28,000	50,87,18,000	61,64,03,000	5,43,99,94,659
Fixed interest rate instruments	–	–	–	3,13,50,30,000
Total	4,21,88,64,218	50,87,18,000	61,64,03,000	8,98,46,11,036

(iii) *Maturities of financial assets*

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Particulars	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	Rupees 5 years and above INR
Non-derivative financial assets				
31-Mar-21				
Non-interest bearing	**1,72,29,32,030**	–	–	–
Fixed interest rate instruments	–	**10,00,00,000**	–	–
	1,72,29,32,030	**10,00,00,000**	–	–
31-Mar-20				
Non-interest bearing	93,05,30,010	–	–	–
Fixed interest rate instruments	–	14,25,00,000	–	–
	93,05,30,010	14,25,00,000	–	–

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase/ decrease in basis points	Effect on profit before tax
31-Mar-21	**INR**	**+100**	**(13,08,72,395)**
	INR	**(-) 100**	**(13,08,72,395)**
31-Mar-20	INR	+100	(6,79,65,437)
	INR	(-) 100	6,79,65,437

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Note No. 25 : Withdrawal of Scheme of Arrangement between Mahindra Renewables Private Limited and Martial Solren Private Limited

The Company had at its meeting held on August 31, 2020, approved the Scheme of Arrangement between the Company and Martial Solren Private Limited and their respective shareholders and creditors and the same was subsequently filed before the Hon'ble National Company Law Tribunal, Mumbai Bench.

The Management due to change in business environment, has decided not to proceed with the proposed Scheme of Arrangement between the Company and Martial Solren Private Limited and their respective shareholders and creditors

Note No. 26 - Sale of Investments

The Company has during the current period sold its investment in one of its Wholly Owned Subsidiary, Divine Solren Private Ltd on 16th April 2020. This Investment was accounted as held for sale in the Financials statement for the year ended 31st March 2020. As of reporting period, the Company has accounted a profit on sale of investment amounting to Rs. 48.42 lakhs. However this amount is subject to customary closing adjustments based on the conditions subsequent by the management and the profit is accordingly subject to change.

Note No. 27

COVID-19, a novel Coronavirus, has spread globally, including India and has significantly affected public health and economic activities worldwide. The Company has considered relevant internal and external sources of information to evaluate the impact on the financial statements for the year ended 31st March 2021 and has assessed the carrying value of the assets to be recoverable. However, the actual impact may be different from that estimated as it will depend upon future developments and future actions to contain or treat the disease and mitigate its impact on the economy. The Company continues to closely monitor impact of the pandemic on the future economic conditions and the operations of the Company.

Note No. 28

The financial statements have been approved for issue by Company's Board of Directors on April 26th 2021

The accompanying notes 1 to 28 are an integral part of the Financial Statements

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF
MAHINDRA TEQO PRIVATE LIMITED (FORMERLY KNOWN AS MACHINE PLUS TECH PRIVATE LIMITED)**

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mahindra Teqo Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.

(g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

(h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The company does not have any pending litigations which will impact its financial positions.

ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Teqo Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Mahindra Teqo Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The Company does not have immovable property.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. Nature of Operations

The Company offers turnkey asset management solutions which helps the Renewable Energy asset owners to maximize returns. Significant headway was made in portfolio diversification through initiation of international footprint (Middle East), Software solutions and Analytics platform development and Independent Testing & Due- Diligence services vertical to enhance offerings to self O&M clients.

2. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provision of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

3. Significant Accounting Policies and Accounting Judgments and Estimates

A) Significant Accounting Policies

a) Basis of Preparation of Financial Statements

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupees.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in India (Indian GAAP) requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements, which in management's opinion are prudent and reasonable. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognized prospectively in current and future periods.

c) Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(i) Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

d) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ noncurrent classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) Segment information

Operating segments are reported consistently with the internal reporting provided to the Chief Executive Officer. The highest decision-making executive is responsible for allocating resources to and assessing the performance of the operating segments. The maximum decision-making body is the Chief Executive Officer.

f) Taxes on Income:

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognized, subject to consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the, extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

g) Provisions and Contingent Liabilities:

(i) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

(ii) Contingent liabilities

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

h) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/ agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

(ii) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

i) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

j) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

B) Accounting Judgments and Estimates

In the course of applying the policies outlined in note 3(A) above, management makes estimations and assumptions that impact the amounts recognised in the financial statements. The Company believes that judgement and estimation have been made in the following areas:

Intended use, useful lives and residual value of property, plant and equipment

Based on technical evaluations, management makes its judgement when property, plant and equipment and intangible assets are capable to operate in the manner intended by them.

Management reviews the useful lives and residual values of property, plant and equipment and intangible assets, at least once a year and any changes could affect the depreciation rates prospectively and hence the asset carrying values.

Impairment of non-financial assets

The Company reviews its property, plant and equipment and intangible assets for possible impairment if there are events or changes in circumstances that indicate that carrying values of the assets may not be recoverable. In assessing the impairment, the management considers the fall in prices of power tariffs, increase in cost of capital etc.

The carrying value of assets is compared with the fair value of those assets, that is, the higher of net realisable value and value in use. Value in use is usually determined on the basis of discounted estimated future cash flows. This involves management estimates on market demand and generation of power, economic and regulatory environment, discount rate and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact on carrying value of assets.

Provisions and liabilities

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

Contingencies

Contingent liabilities are disclosed under notes on accounts but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the group does not expect them to have a materially adverse impact on financial position or profitability.

Tax

The Company is subject to tax in India. The current tax liability booked in respect of any period is dependent upon the interpretation of the relevant tax laws and rules as applicable to the Company. The amount of tax payable may remain uncertain until the position of the Company is agreed with/ assessed by the relevant tax authorities. Whilst estimates must be made of deferred tax positions of the Company, this may involve the exercise of a degree of judgement.

Fair value measurements

Management uses its judgement in selecting an appropriate valuation technique for financial instruments not quoted in an active market. Valuation techniques commonly used by market participants are applied. For derivative financial instruments, assumptions are made based on quoted market rates adjusted for specific features of the instrument. Other financial instruments are valued using a discounted cash flow method based on assumptions supported, where possible, by observable market prices or rates.

impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at each reporting date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial asset have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

Deferred tax assets

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Allowance for slow-moving inventories

Inventories are stated at the lower of cost or net realizable value. Adjustments to reduce the cost of inventory to its realizable value, if required are made at the product level for estimated excess, obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, technological changes, physical deterioration and quality issues.

Allowance for doubtful debts on trade receivables

Allowance for doubtful debts is determined using a combination of factors, including the overall quality and ageing of receivables, continuing credit evaluation of the customers' financial strength and collateral requirements from customers in certain circumstances. Management makes allowance for doubtful debts based on its best estimates at the reporting date.

Earnings per share from continuing operations - Basic and Diluted	**681.72**	164.07

Note No. 18 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 50,81,937/- has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(a) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-Mar-21	31-Mar-20
Discount rate(s)	**7.15%**	6.80%
Expected rate(s) of salary increase	**8.00%**	8.00%

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rupees

Principal assumption		Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
	2021	1.00%	(16.34%)	20.61%
Discount rate	2020	1.00%	(15.67%)	19.66%
	2021	1.00%	18.50%	(15.64%)
Salary growth rate	2020	1.00%	15.37%	(14.08%)

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

	2021	2020
Within 1 year	**1,28,562**	1,18,467
1 - 2 year	**1,52,542**	1,30,250
2 - 3 year	**1,95,566**	1,47,965
3 - 4 year	**2,41,321**	1,71,267
4 - 5 year	**2,21,552**	1,81,041
5 - 10 years	**9,33,461**	7,59,849
10 years & above	**2,76,23,261**	2,33,53,119

The weighted average duration of the defined benefit obligation as at 31 March 2021 is 18.29 years (2019: 19.16 years)

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit orloss of the expense for the year.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NEO SOLREN PRIVATE LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Neo Solren Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion

on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

   g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The company does not have any pending litigations which will impact its financial positions.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Neo Solren Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of Neo Solren Private Limited for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

iii) The title deeds of the freehold land are held in the name of the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

ii) According to the information and explanations given to us, dues of goods and service tax, income tax, sales tax, excise duty, customs duty and value added tax which have not been deposited on account of any dispute are as follows:

Name of Statute	Amount in Rupees	Period to which amount relates	Forum where pending
Income Tax Act	Rs. 5,83,892	FY 2015-16	Commissioner of Income Tax (Appeals)

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. **Nature of Operations**

Neo Solren Private Limited ('the Company') is a company limited by shares, incorporated and domiciled in India and is a subsidiary of Mahindra Susten Private Limited. The Company is engaged in the business as a producer and distributor of solar power by using solar cells, photo voltaic cells, wafers, photo voltaic solar modules, photo voltaic solar system/ sub system, tracker or fixed tilt, concentrated solar power and to provide related services.

Statement of compliance

The accompanying standalone financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under Section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Company is exempt from preparing a consolidated financial statement (CFS)

a) being a wholly owned intermediate subsidiary;

b) not listed on any stock exchange and;

c) as its ultimate holding company files CFS with the Registrar of Companies which are in compliance with applicable accounting standards.

2. **Significant Accounting Policies and Accounting Judgments and Estimates**

a) **Basis of Preparation of Financial Statements**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Financial statements

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities measured at fair value

b) **Use of estimates and judgments**

The preparation of the standalone financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

(i) **Recoverability of deferred tax assets:**

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting year/ period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

(ii) **Impairment losses on financial assets :**

The Company reviews its financial assets to assess impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified loss event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

(iii) **Estimation of provisions and contingencies:**

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgement and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgement is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

c) **Revenue Recognition:**

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements

The accounting policies for the specific revenue streams of the Company is:

An entity shall recognise revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

d) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) Property plant and equipment and Intangible Assets:

(i) Property plant and equipment:

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is stated at the cost of acquisition and is not depreciated.

Depreciation on tangible assets in respect of electricity business is provided at the rate as well as methodology notified by the Central Electricity Regulation Commission (Terms and Conditions of Tariff) Regulations, 2017.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds (net of expenses incurred in connection with the sale) and the carrying amount of the asset and is recognised in profit or loss

(ii) Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

In assessing value in use, the Company makes a reasonable estimate of the value in use.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

f) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

g) Foreign Exchange Transactions:

Initial Recognition

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the standalone statement of profit and loss.

Measurement of foreign currency items at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Nonmonetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the standalone statement of profit and loss

h) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for sale in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Company's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Valuation Committee after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The Valuation Committee decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Valuation Committee analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Valuation Committee verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Valuation Committee also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

i) Hedge accounting

The Company designates certain hedging instruments, which include derivatives, and non-derivatives in respect of foreign currency risk, as either fair value hedges, or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'Other income' line item.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in profit or loss in the line item relating to the hedged item.

j) Segment information

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performances of the operating segments of the Company. The Company operates only in one segment viz. sale of solar energy.

k) Leases:

At inception of contract, the Company assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

As a lessee:

i) Right-of-use assets:

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The Company presents right-to-use assets that do not meet the definition of investment property in 'Property, plant and equipment'.

ii) Lease liabilities:

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

purchase the underlying asset. The Company presents lease liabilities under financial liabilities in the Balance Sheet.

iii) *Short term leases and leases of low value of assets:*

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

l) Taxes on Income:

Income tax comprises current and deferred tax. It is recognised in the standalone statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax Uncertainty over Income Tax Treatments. The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatments. In assessing the uncertainty, an entity shall consider whether it is probable that a taxation authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainties over income tax treatments.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using applicable tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ('MAT')

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the standalone statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the year/period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

m) Provisions and Contingent Liabilities :

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

n) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/ agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

o) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

p) Government Grant

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset and are presented in the balance sheet by setting up the grant as deferred income. Such grant is not reduced from the value of assets.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

q) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and,

Diluted earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for the effects of dilutive options.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

r) **Events after reporting date**

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

s) **Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021.

Note No. 21 - Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2021 and 31 March 2020 is as follows:

	31 March 2021	31 March 2020
Debt (A)	**2,26,74,07,033**	2,46,57,59,367
Equity (B)	**74,69,12,122**	71,83,20,008
Debt Equity Ratio (A / B)	**3.04**	3.43

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has entered into a Power Purchase Agreement with the state DISCOM of Andhra Pradesh and it believes that it is a solvent debt and hence the risk is minimal.

Trade receivables consist of receivable from the state DISCOM of Andhra Pradesh.

Apart from Company A, the largest customer of the Company, the Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk related to Company A did not exceed 20% of gross monetary assets at any time during the year. Concentration of credit risk to any other counterparty did not exceed 10% of gross monetary assets at any time during the year.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-agencies.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables.

There is no change in estimation techniques or significant assumptions during the reporting period.

There is no Bad Debts in any of the financial year, hence not provided for any Bad Debts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the managment of the company, who have established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Rupees

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	INR	INR	INR	INR
Non-derivative financial liabilities				
31-Mar-21				
Non-interest bearing	6,26,22,832	–	–	–
Variable interest rate instruments	9,87,87,689	21,69,52,045	24,31,60,537	1,48,25,06,762

Total	**16,14,10,521**	**21,69,52,045**	**24,31,60,537**	**1,70,85,06,762**
31-Mar-20				
Non-interest bearing	7,88,61,480	–	–	–
Variable interest rate instruments	78,39,45,491	21,36,67,057	23,98,99,354	1,00,22,47,466
Fixed interest rate instruments	–	–	–	22,60,00,000
Total	**86,28,06,971**	**21,36,67,057**	**23,98,99,354**	**1,22,82,47,466**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	INR	INR	INR	INR
Non-derivative financial assets				
31-Mar-21				
Non-interest bearing	24,81,49,166	–	–	–
Variable interest rate instruments	8,07,87,512	–	–	–
Total	**32,89,36,678**	**–**	**–**	**–**
Non-derivative financial assets				
31-Mar-20				
Non-interest bearing	44,41,28,104	–	–	–
Variable interest rate instruments	4,98,10,000	–	–	–
Total	**49,39,38,104**	**–**	**–**	**–**

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

The Company has a policy of investing surplus cash balances in short term liquid debt funds which are subject to minimum market risk.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's / Company's exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12 month period for hedges of forecasted sales and purchases and for 36 months period for borrowings.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	31 March 2021	31 March 2020
Secured Bank Loans	USD	–	91,03,383

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company has a policy of investing surplus cash balances in short term liquid debt funds which are subject to minimum market risk.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.To manage this, the Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase / decrease in basis points	Effect on profit before tax
31 March 2021	INR	+100	(2,04,14,070)
	INR	–100	2,04,14,070
31 March 2020	INR	+100	(1,55,10,309)
	INR	–100	1,55,10,309

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Note No 25

COVID-19, a novel Coronavirus, has spread globally, including India and has significantly affected public health and economic activities worldwide. The Company has considered relevant internal and external sources of information to evaluate the impact on the financial statements for the year ended 31st March 2021 and has assessed the carrying value of the assets to be recoverable. However, the actual impact may be different from that estimated as it will depend upon future developments and future actions to contain or treat the disease and mitigate its impact on the economy. The Company continues to closely monitor impact of the pandemic on the future economic conditions and the operations of the Company.”

Note No 26

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MARVEL SOLREN PRIVATE LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Marvel Solren Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.
   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The company does not have any pending litigations which will impact its financial positions.
      ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Marvel Solren Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Marvel Solren Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The title deeds of the freehold land are held in the name of the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. **Nature of Operations**

   Marvel Solren Private Limited ('the Company') was incorporated in India on 10th October, 2015, having registered office at Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400018 Maharashtra, INDIA to carry on business as a producer and distributor of solar power by using solar cells, photo voltaic cells, wafers, photo voltaic solar modules, photo voltaic solar system/sub system, tracker or fixed tilt, concentrated solar power and to provide related services.

   The holding company is Mahindra Susten Private Limited.

   The standalone financial statements were authorized for issue in accordance with a resolution of the Board of Directors on 17th April 2019.

2. **Statement of compliance**

   The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

   The Company is exempt from preparing a consolidated financial statement (CFS)

   a) being a wholly owned intermediate subsidiary;

   b) not listed on any stock exchange and;

   c) as its ultimate holding company files CFS with the Registrar of Companies which are in compliance with applicable accounting standards.

3. **Significant Accounting Policies and Accounting Judgments and Estimates**

A) **Significant Accounting Policies**

a) **Basis of Preparation of Financial Statements**

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupees.

b) **Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in India (Indian GAAP) requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements, which in management's opinion are prudent and reasonable. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognized prospectively in current and future periods.

c) **Revenue Recognition:**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(i) Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(ii) Dividend Income

Dividend income is recognized when the right to receive dividend is established.

d) **Current and Non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) **Segment information**

Operating segments are reported consistently with the internal reporting provided to the Chief Executive Officer. The highest decision-making executive is responsible for allocating resources to and assessing the performance of the operating segments. The maximum decision-making body is the Chief Executive Officer.

Since the operation in the Company has not started it has no reporting operating segment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

f) Taxes on Income:

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognised, subject to consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

g) Provisions and Contingent Liabilities :

(i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

(ii) Contingent liabilities

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

h) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt/equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

(ii) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

i) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

j) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and,

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

k) **First-time adoption – mandatory exceptions, optional exemptions, and overall principle**

The Company has prepared the opening balance sheet as per Ind AS as of 1 April 2015 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below.

Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

B) **Accounting Judgments and Estimates**

In the course of applying the policies outlined in note 3(A) above, management makes estimations and assumptions that impact the amounts recognised in the financial statements. The Company believes that judgement and estimation have been made in the following areas:

Intended use, useful lives and residual value of property, plant and equipment

Based on technical evaluations, management makes its judgement when property, plant and equipment and intangible assets are capable to operate in the manner intended by them.

Management reviews the useful lives and residual values of property, plant and equipment and intangible assets, at least once a year and any changes could affect the depreciation rates prospectively and hence the asset carrying values.

Impairment of non-financial assets

The Company reviews its property, plant and equipment and intangible assets for possible impairment if there are events or changes in circumstances that indicate that carrying values of the assets may not be recoverable. In assessing the impairment, the management considers the fall in prices of power tariffs, increase in cost of capital etc.

The carrying value of assets is compared with the fair value of those assets, that is, the higher of net realisable value and value in use. Value in use is usually determined on the basis of discounted estimated future cash flows. This involves management estimates on market demand and generation of power, economic and regulatory environment, discount rate and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact on carrying value of assets.

Provisions and liabilities

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

Contingencies

Contingent liabilities are disclosed under notes on accounts but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the group does not expect them to have a materially adverse impact on financial position or profitability.

Tax

The Company is subject to tax in India. The current tax liability booked in respect of any period is dependent upon the interpretation of the relevant tax laws and rules as applicable to the Company. The amount of tax payable may remain uncertain until the position of the Company is agreed with/ assessed by the relevant tax authorities. Whilst estimates must be made of deferred tax positions of the Company, this may involve the exercise of a degree of judgement.

Fair value measurements

Management uses its judgement in selecting an appropriate valuation technique for financial instruments not quoted in an active market. Valuation techniques commonly used by market participants are applied. For derivative financial instruments, assumptions are made based on quoted market rates adjusted for specific features of the instrument. Other financial instruments are valued using a discounted cash flow method based on assumptions supported, where possible, by observable market prices or rates.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at each reporting date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial asset have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

Deferred tax assets

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Allowance for slow-moving inventories

Inventories are stated at the lower of cost or net realisable value. Adjustments to reduce the cost of inventory to its realisable value, if required are made at the product level for estimated excess, obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, technological changes, physical deterioration and quality issues.

Allowance for doubtful debts on trade receivables

Allowance for doubtful debts is determined using a combination of factors, including the overall quality and ageing of receivables, continuing credit evaluation of the customers' financial strength and collateral requirements from customers in certain circumstances. Management makes allowance for doubtful debts based on its best estimates at the reporting date.

Lease

The Company has entered into a 25 year Power Purchase Agreement ("PPA") with its customer. In view of the management, the PPA does not convey to the customer any significant residual interest in the assets created by the Company for executing the PPA as envisaged by Appendix A of Ind AS 11, nor does this PPA satisfy the criteria in Appendix C of Ind AS 17 pertaining to determining whether an arrangement contains a lease. Accordingly, management has determined that neither Appendix A of Ind AS 11 nor Appendix C of Ind AS 17 is applicable to the Company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF

ASTRA SOLREN PRIVATE LIMITED

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Astra Solren Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

a. Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The company does not have any pending litigations which will impact its financial positions.

   ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Astra Solren Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of Astra Solren Private Limited for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The Company does not have immovable property.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. **Nature of Operations**

Astra Solren Private Limited ('the Company') is a company limited by shares, incorporated and domiciled in India on 14th October 2015 as domiciled in India and is a subsidiary of Mahindra Susten Private Limited. The Company is engaged in the business as a producer and distributor of solar power by using solar cells, photo voltaic cells, wafers, photo voltaic solar modules, photo voltaic solar system/sub system, tracker or fixed tilt, concentrated solar power and to provide related services.

Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

2. **Significant Accounting Policies and Accounting Judgments and Estimates**

A) Significant Accounting Policies

a) Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Financial statements

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities measured at fair value

b) Use of estimates and judgments

The preparation of the standalone financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

(i) Recoverability of deferred tax assets:

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting year/ period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

(ii) Impairment losses on financial assets:

The Company reviews its financial assets to assess impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified loss event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows

(iii) Estimation of provisions and contingencies:

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgement and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgement is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

c) Revenue Recognition:

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements

The accounting policies for the specific revenue streams of the Company is:

An entity shall recognise revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

d) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) Property plant and equipment and Intangible Assets:

(i) Property plant and equipment:

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is stated at the cost of acquisition and is not depreciated.

Depreciation on tangible assets in respect of electricity business is provided at the rate as well as methodology notified by the Central Electricity Regulation Commission (Terms and Conditions of Tariff) Regulations, 2017.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds (net of expenses incurred in connection with the sale) and the carrying amount of the asset and is recognised in profit or loss

(ii) Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

In assessing value in use, the Company makes a reasonable estimate of the value in use.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

f) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

g) Foreign Exchange Transactions:

Initial Recognition

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the standalone statement of profit and loss.

Measurement of foreign currency items at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Nonmonetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the standalone statement of profit and loss

h) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

held for sale in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Company's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Valuation Committee after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The Valuation Committee decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Valuation Committee analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Valuation Committee verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Valuation Committee also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

i) Hedge accounting

The Company designates certain hedging instruments, which include derivatives, and non-derivatives in respect of foreign currency risk, as either fair value hedges, or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'Other income' line item

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in profit or loss in the line item relating to the hedged item.

j) Segment information

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performances of the operating segments of the Company. The Company operates only in one segment viz. sale of solar energy.

k) Leases:

At inception of contract, the Company assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

As a lessee:

i) Right-of-use assets:

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The Company presents right-to-use assets that do not meet the definition of investment property in 'Property, plant and equipment'.

ii) Lease liabilities:

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset. The Company presents lease liabilities under financial liabilities in the Balance Sheet.

iii) Short term leases and leases of low value of assets:

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

l) Taxes on Income:

Income tax comprises current and deferred tax. It is recognised in the standalone statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax Uncertainty over Income Tax Treatments. The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatments. In assessing the uncertainty, an entity shall consider whether it is probable that a taxation authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainties over income tax treatments.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using applicable tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ('MAT')

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the standalone statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the year/period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

m) Provisions and Contingent Liabilities :

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

n) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

o) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

p) Government Grant

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset and are presented in the balance sheet by setting up the grant as deferred income. Such grant is not reduced from the value of assets.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

q) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and,

Diluted earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for the effects of dilutive options.

r) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

s) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021

Earnings per share from continuing operations - Basic and diluted (i/ii)	5.37	4.31

Note No. 20- Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has entered into a Power Purchase Agreement with the state DISCOM of Telangana and it believes that it is a solvent debt and hence the risk is minimal.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management of the company, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment years. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting year. The contractual maturity is based on the earliest date on which the Company may be required to pay.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rupees

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	INR	INR	INR	INR
31-Mar-21				
Non-interest bearing	211,644,177			
Variable interest bearing	104,660,193			
	316,304,370	–	–	–
31-Mar-20				
Non-interest bearing	213,711,653			
Variable interest bearing	112,684,505			
	326,396,158	–	–	–

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting year.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's / Company's exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12 month year for hedges of forecasted sales and purchases and for 36 months year for borrowings.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the year of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company has a policy of investing surplus cash balances in short term liquid debt funds which are subject to minimum market risk.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.To manage this, the Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting year. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting year was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase/ decrease in basis points	Effect on profit before tax
31-Mar-21	INR	+100	(28,756,874)
	INR	-100	28,756,874
31-Mar-20	INR	+100	(30,160,980)
	INR	-100	30,160,980

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Note No 24

COVID-19, a novel Coronavirus, has spread globally, including India and has significantly affected public health and economic activities worldwide. The Company has considered relevant internal and external sources of information to evaluate the impact on the financial statements for the year ended 31st March 2021 and has assessed the carrying value of the assets to be recoverable. However, the actual impact may be different from that estimated as it will depend upon future developments and future actions to contain or treat the disease and mitigate its impact on the economy. The Company continues to closely monitor impact of the pandemic on the future economic conditions and the operations of the Company."

INDEPENDENT AUDITOR'S REPORT

To the Members of Brightsolar Renewable Energy Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Brightsolar Renewable Energy Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The company does not have any pending litigations which will impact its financial positions.

ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Brightsolar Renewable Energy Private Limited** (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Brightsolar Renewable Energy Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The title deeds of the freehold land are held in the name of the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related partiescovered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

Notes to the financial statements for the year ended 31st March, 2021

1. Nature of Operations

Brightsolar Renewable Energy Private Limited ('the Company') is a company limited by shares, incorporated and domiciled in India and is a joint venture company between Mahindra Renewable Private Limited and Trina Solar (Singapore) Third Pte Limited. The Company is engaged in the business of Generation of solar power.

Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

The Company is exempt from preparing a consolidated financial statement (CFS)

2. Significant Accounting Policies and Accounting Judgments and Estimates

a) Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Financial statements

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities measured at fair value

b) Use of estimates and judgments:

The preparation of the standalone financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

(i) Recoverability of deferred tax assets :

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting year/ period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

(ii) Impairment losses on financial assets :

The Company reviews its financial assets to assess impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified loss event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows

(iii) Estimation of provisions and contingencies :

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgement and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgement is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

c) Revenue Recognition:

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements

The accounting policies for the specific revenue streams of the Company is:

An entity shall recognise revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

d) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) Property plant and equipment and Intangible Assets:

(i) Property plant and equipment:

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is stated at the cost of acquisition and is not depreciated.

Depreciation on tangible assets in respect of electricity business is provided at the rate as well as methodology notified by the Central Electricity Regulation Commission (Terms and Conditions of Tariff) Regulations, 2017.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds (net of expenses incurred in connection with the sale) and the carrying amount of the asset and is recognised in profit or loss

(ii) Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

In assessing value in use, the Company makes a reasonable estimate of the value in use.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

f) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

g) Foreign Exchange Transactions:

Initial Recognition

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the standalone statement of profit and loss.

Measurement of foreign currency items at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Nonmonetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the standalone statement of profit and loss

h) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for sale in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Company's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Valuation Committee after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The Valuation Committee decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Valuation Committee analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Valuation Committee verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Valuation Committee also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

On an interim basis, the Valuation Committee present the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

i) Hedge accounting

The Company designates certain hedging instruments, which include derivatives, and non-derivatives in respect of foreign currency risk, as either fair value hedges, or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'Other income' line item

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in profit or loss in the line item relating to the hedged item.

j) Segment information

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performances of the operating segments of the Company. The Company operates only in one segment viz. sale of solar energy.

k) Leases:

At inception of contract, the Company assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

As a lessee:

i) Right-of-use assets:

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The Company presents right-to-use assets that do not meet the definition of investment property in 'Property, plant and equipment'.

ii) Lease liabilities:

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset. The Company presents lease liabilities under financial liabilities in the Balance Sheet.

iii) Short term leases and leases of low value of assets:

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

l) Taxes on Income:

Income tax comprises current and deferred tax. It is recognised in the standalone statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax Uncertainty over Income Tax Treatments. The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatments. In assessing the uncertainty, an entity shall consider whether it is probable that a taxation authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainties over income tax treatments.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using applicable tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ('MAT')

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the standalone statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the year/period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

m) Provisions and Contingent Liabilities :

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

n) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the ‘Other income’ line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the ‘Finance costs’ line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

o) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

p) Government Grant

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset and are presented in the balance sheet by setting up the grant as deferred income. Such grant is not reduced from the value of assets.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

q) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and,

Diluted earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for the effects of dilutive options.

r) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

s) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021

(2) Depreciation on plant and equipment is provided at the rate as well as methodology notified by the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2014.

Note No. 5 - Current Tax and Deferred Tax

(a) Income Tax recognised in profit or loss

Particulars	Year Ended 31 March, 2021	Year Ended 31 March, 2020
Current Tax:		
In respect of current year	19,53,332.41	75,810.15
Minimum alternate tax credit entitlement	(19,53,332.41)	(75,810.15)
Deferred Tax:		
In respect of current period origination	35,09,020	1,09,617
Total Income Tax Expense on Continuing Operations	**35,09,020**	**1,09,617**

(b) Reconciliation of income tax expense and the accounting profit multiplied by Company's domestic tax rate:

Particulars	As at 31 March, 2021	Rupees As at 31 March, 2020
Profit before tax from continuing operations	**1,26,13,300**	**3,94,024**
Income tax expense calculated at 27.82%#	35,09,020	1,09,617
Reduction in tax rate	–	–
Effect of income that is exempt from taxation		
Effect of expenses that is non-deductible in determining taxable profit	–	–
Effect of reversel of deffered Tax assets for earlier years (Refer note 4 below)	–	–
Effect of Creation of deffered Tax liabilities for earliear years	–	–
	35,09,020	1,09,617
Income tax expense recognised In profit or loss from continuing operations	**35,09,020**	**1,09,617**

Notes:

(1)# The tax rate used for the quarter ended 31st March 2021 is the corporate tax rate of 25% plus Surhcarge @7% plus Health & education cess @ 4 % on Tax plus surchage amount (Previous year ended 31st March 2020 tax rate is corporate tax rate of 25% plus surcharge @7 % plus Health & Education cess @ 4%) payable by corporate entities in India on taxable profits under Indian Income Tax Laws.

(2) Deferred Tax Asset (DTA) has been recognised by the Company. The Company has a Power Purchase Agreement with the DISCOM for 25 years and based on the revenue generation model, the management believes that the Company will earn taxable profits in the future, and will be able to adjust the DTA against future profits.

Note No. 20 - Financial Instruments

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31st March 2021 and 31st March 2020 is as follows:

	31-Mar-21	31-Mar-20
Debt (A)	61,55,63,151	59,38,67,491
Equity (B)	22,26,59,539	21,35,55,258
Debt/ Equity Ratio (A / B)	2.76	2.78

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has entered into a Power Purchase Agreement with the state DISCOM of Andhra Pradesh and it believes that it is a solvent debt and hence the risk is minimal.

Trade receivables consist of receivable from the state DISCOM of Andhra Pradesh.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-agencies.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables.

There is no change in estimation techniques or significant assumptions during the reporting period.

There is no Bad Debts in any of the financial year, hence not provided for any Bad Debts

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the managment of the company, who have established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	5 years and above INR
Non-derivative financial liabilities 31-Mar-21				
Non-interest bearing	1,59,64,479	–	–	–
Variable interest rate instruments	2,81,96,163	6,68,41,952	8,80,64,272	32,35,60,764
Fixed interest rate instruments	–	–	–	10,89,00,000
Total	**4,41,60,643**	**6,68,41,952**	**8,80,64,272**	**43,24,60,764**
Non-derivative financial liabilities 31-Mar-20				
Non-interest bearing	47,60,534	–	–	–
Variable interest rate instruments	2,85,63,794	6,70,77,934	8,08,81,216	35,83,44,547
Fixed interest rate instruments	–	–	–	5,90,00,000
Total	**3,33,24,328**	**6,70,77,934**	**8,08,81,216**	**41,73,44,547**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	5 years and above INR
Non-derivative financial assets 31-Mar-21				
Non-interest bearing	24,71,47,794	–	–	–
Variable interest rate instruments	1,02,36,264	–	–	–
Total				
Non-derivative financial assets 31-Mar-20				
Non-interest bearing	14,41,54,198	–	–	–
Variable interest rate instruments	1,04,37,500	–	–	–
Total	**15,45,91,698**	–	–	–

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee. There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's / Company's exposure to currency risk relates primarily to the Company's borrowings when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging transactions for 36 months period for borrowings.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase / decrease in basis points	Effect on profit before tax
31-Mar-21	**INR**	**100**	(4,784,670)
	INR	**-100**	4,784,670
31-Mar-20	**INR**	**100**	(5,063,037)
	INR	**-100**	5,063,037

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Note No 23

COVID-19, a novel Coronavirus, has spread globally, including India and has significantly affected public health and economic activities worldwide. The Company has considered relevant internal and external sources of information to evaluate the impact on the financial statements for the year ended 31st March 2021 and has assessed the carrying value of the assets to be recoverable. However, the actual impact may be different from that estimated as it will depend upon future developments and future actions to contain or treat the disease and mitigate its impact on the economy. The Company continues to closely monitor impact of the pandemic on the future economic conditions and the operations of the Company.

Note No 24

The financial statements have been approved for issue by Company's Board of Directors on May 10th 2021

The accompanying notes 1 to 24 are an integral part of the Financial Statements

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

Mega Suryaurja Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mega Suryaurja Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The company does not have any pending litigations which will impact its financial positions.

ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mega Suryaurja Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Mega Suryaurja Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) According to the information and explanations given to us, the Company does not have fixed assets. Accordingly, the provisions of para 3(i) of the Order are not applicable to the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Nature of Operations

Mega Suryaurja Private Limited ('the Company') is a company limited by shares, incorporated and domiciled in India and is a subsidiary of Mahindra Susten Private Limited. The Company is engaged in the business as a producer and distributor of solar power by using solar cells, photo voltaic cells, wafers, photo voltaic solar modules, photo voltaic solar system/sub system, tracker or fixed tilt, concentrated solar power and to provide related services.

2. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

3. Significant Accounting Policies and Accounting Judgments and Estimates

A) Significant Accounting Policies

a) Basis of Preparation of Financial Statements

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupees.

b) Revenue Recognition:

Revenue from contracts with customers is recognised when control of the goods or services are rendered to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The accounting policies for the specific revenue streams of the Company are summarised below:

- Revenue from Power Supply is recognised in terms of the Power Purchase Agreements (PPA) entered with Central and State Distribution Companies and is measured at the value of the consideration received or receivable, net of discounts if any.
- The Company's contracts with customers for the sale of goods generally include one performance obligation. Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customers, generally on delivery of the goods.
- Interest income is recognised on Effective Interest Rate (EIR) basis taking into account the amount outstanding and the applicable interest rate. Dividend income is accounted for when the right to receive income is established.
- Delayed payment charges and interest on delayed payment for power supply are recognised based on conclusive evidence regarding ultimate collection.

c) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

d) Segment information

Operating segments are reported consistently with the internal reporting provided to the Chief Executive Officer. The highest decision-making executive is responsible for allocating resources to and assessing the performance of the operating segments. The maximum decision-making body is the Chief Executive Officer.

Since the operation in the Company has not started it has no reporting operating segment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

e) Taxes on Income:

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognised, subject to consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

f) Provisions and Contingent Liabilities:

(i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

(ii) Contingent liabilities

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

g) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

h) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

i) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

j) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

k) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

B) Accounting Judgments and Estimates

In the course of applying the policies outlined in note 3(A) above, management makes estimations and assumptions that impact the amounts recognised in the financial statements. The Company believes that judgement and estimation have been made in the following areas:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Intended use, useful lives and residual value of property, plant and equipment

Based on technical evaluations, management makes its judgement when property, plant and equipment and intangible assets are capable to operate in the manner intended by them.

Management reviews the useful lives and residual values of property, plant and equipment and intangible assets, at least once a year and any changes could affect the depreciation rates prospectively and hence the asset carrying values.

Impairment of non-financial assets

The Company reviews its property, plant and equipment and intangible assets for possible impairment if there are events or changes in circumstances that indicate that carrying values of the assets may not be recoverable. In assessing the impairment, the management considers the fall in prices of power tariffs, increase in cost of capital etc.

The carrying value of assets is compared with the fair value of those assets, that is, the higher of net realisable value and value in use. Value in use is usually determined on the basis of discounted estimated future cash flows. This involves management estimates on market demand and generation of power, economic and regulatory environment, discount rate and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact on carrying value of assets.

Provisions and liabilities

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

Contingencies

Contingent liabilities are disclosed under notes on accounts but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the group does not expect them to have a materially adverse impact on financial position or profitability.

Tax

The Company is subject to tax in India. The current tax liability booked in respect of any period is dependent upon the interpretation of the relevant tax laws and rules as applicable to the Company. The amount of tax payable may remain uncertain until the position of the Company is agreed with/ assessed by the relevant tax authorities. Whilst estimates must be made of deferred tax positions of the Company, this may involve the exercise of a degree of judgement.

Fair value measurements

Management uses its judgement in selecting an appropriate valuation technique for financial instruments not quoted in an active market. Valuation techniques commonly used by market participants are applied. For derivative financial instruments, assumptions are made based on quoted market rates adjusted for specific features of the instrument. Other financial instruments are valued using a discounted cash flow method based on assumptions supported, where possible, by observable market prices or rates.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at each reporting date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial asset have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

Deferred tax assets

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Allowance for slow-moving inventories

Inventories are stated at the lower of cost or net realisable value. Adjustments to reduce the cost of inventory to its realisable value, if required are made at the product level for estimated excess, obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, technological changes, physical deterioration and quality issues.

Allowance for doubtful debts on trade receivables

Allowance for doubtful debts is determined using a combination of factors, including the overall quality and ageing of receivables, continuing credit evaluation of the customers' financial strength and collateral requirements from customers in certain circumstances. Management makes allowance for doubtful debts based on its best estimates at the reporting date.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and / or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021

Note No. 4 - Current Tax and Deferred Tax

The earnings and weighted average number of shares used in the calculation of earnings per share are as follows:

Particulars	Year ended 31 March 2021	Rupees For the previous Year ended 31st March, 2020
Loss for the year	**(85,233)**	(2,97,256)
Weighted average number of equity shares	**1,50,000**	1,50,000
Earnings per share from continuing operations - Basic and Diluted	**(0.57)**	(1.98)

Note No. 17 - Financial Instruments

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31st March 2021 and 31st March 2020 is as follows:

	31-Mar-21	31-Mar-20
Equity	**1,15,363**	2,00,596
Less: Cash and cash equivalents	**10,47,353**	3,91,979
	(9,31,990)	(1,91,383)

Note No :- 20

COVID-19, a novel Coronavirus, has spread globally, including India and has significantly affected public health and economic activities worldwide. The Company has considered relevant internal and external sources of information to evaluate the impact on the financial statements for the year ended 31st March 2021 and has assessed the carrying value of the assets to be recoverable. However, the actual impact may be different from that estimated as it will depend upon future developments and future actions to contain or treat the disease and mitigate its impact on the economy. The Company continues to closely monitor impact of the pandemic on the future economic conditions and the operations of the Company."

Independent Auditor's Report

to the shareholders of Mahindra Susten Bangladesh Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Mahindra Susten Bangladesh Private Limited,** which comprise the statements of financial position as at 31 March 2021, and the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended 31 March 2021, and notes to the financial statements, including a summary of significant accounting policies and others explanatory information.

In our opinion, the accompanying financial statements give true and fair view, in all material respects, the financial position of the Company as at 31 March 2021, and its financial performance and its cash flows for the year ended 31 March 2021 in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 require the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charge with governance are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities to the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994 we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;

b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books; and

c) the Company's statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of accounts and returns.

NOTES, COMPRISING SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

As at and for the year ended 31 March 2021

1. Background information

1.1 Formation and legal status

Mahindra Susten Bangladesh Private Limited (hereinafter referred to as "MSBPL"/"the Company") is a 100% foreign owned company incorporated in Bangladesh in 19 April 2018 under the Companies Act, 1994 vide registration number C-144449/2018 and has its registered address at Navana Obaid Eternia, 28-29, Kakrail, Level-13, VIP Road, Dhaka-1000. The immediate parent of MSBPL is Mahindra Susten Private Limited, India.

1.2 Nature of business

The principal activities of the company are to carry on the business of engineering, procurement and construction contractors for power plants including renewable energy and water management sector and to enter into contracts, alliances and joint ventures to undertake assignments to erect, construct, supervise, maintain, alter, repair, pull down and restore, either on own or jointly with other companies or persons, to undertake turnkey projects and operations and maintenance of every description and supervision of any plant or factory with any Government or corporate or under public private partnership.

2. Basis of preparation

2.1 Statement of compliance

The financial statements of the entity have been prepared in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB) and adopted by The Institute of Chartered Accountants of Bangladesh (ICAB). IFRS comprise of:

– International Financial Reporting Standards (IFRS);

– International Accounting Standards (IAS); and

– Interpretations.

The titles and format of these financial statements follow the requirements of IFRS which are to some extent different from the requirements of the Companies Act, 1994. However, such differences are not material and in the view of management IFRS title gives better presentation to the shareholders.

The applicable IFRSs are as follows:

IAS 1: Presentation of Financial Statements

IAS 7: Statement of Cash Flows

IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors

IAS 10: Events after the Reporting Period

IAS 12: Income Taxes

IAS 16: Property, Plant and Equipment

IAS 24: Related Party Disclosures

IAS 36: Impairment of Assets

IAS 37: Provisions, Contingent Liabilities and Contingent assets

IFRS 13: Fair Value Measurement

IFRS 15: Revenue from Contracts with Customers

IFRS 16: Leases

Compliance with other regulatory requirements

The entity complied with the requirements of following laws and regulations from various government bodies:

i) The Companies Act,1994;

ii) The Income Tax Ordinance,1984 and amendment thereon;

iii) The Income Tax Rules,1984;

iv) The Value Added Tax Act, 1991;

v) The Value Added Tax Rules,1991;

vi) The VAT and SD Act, 2012;

vii) The VAT and SD Rules, 2016;

viii) The Stamp Act, 1899;

ix) The Bangladesh Labor Act, 2006 and amended in 2015; and

x) Any other applicable laws and regulations of the land.

2.2 Components of the financial statements

The financial statements comprises :

(i) Statement of Financial position as at 31 March 2021;

(ii) Statement of profit or loss and other comprehensive income for the year ended 31 March 2021;

(iii) Statement of changes in equity for the year ended 31 March 2021;

(iv) Statement of cash flows for the year ended 31 March 2021; and

(v) Notes, comprising a summary of significant accounting policies and other explanatory information as at and for the year ended 31 March 2021.

2.3 Basis of measurement

Financial statements have been prepared on going concern basis. Historical cost principal has been followed for the purpose of these financial statements.

2.4 Functional and presentational currency and level of precision

The functional currency of the company is Bangladeshi Taka (BDT) and these financial statements are presented in BDT as presentation currency of the company. Figures have been rounded off to nearest BDT, unless stated otherwise.

2.5 Use of estimates and judgment

i) Estimates

The preparation of financial statements in conformity of IFRS recognition and measurement of principles require the use of estimates and assumptions that affect the reported amounts of assets and liabilities and of revenue and expenses. Such estimates are prepared on the assumption of going concern, are established based on currently available information. Changes in facts and circumstances may result in revised estimates, and actual result could differ from the estimates.

Significant estimates made by the management in the preparation of the financial statements include assumption used for depreciation.

ii) Judgments

The accounting for certain provisions and the disclosure of contingent liabilities and claims at the date of the financial statements is judgmental.

2.6 Reporting period

The reporting period of the company is April to March each year. This financial Statements covers from 1 April 2020 to 31 March 2021 on yearly basis.

2.7 Materiality and aggregation

Each material class of similar items are presented separately in the financial statements. Items of dissimilar nature or function are presented separately unless they are immaterial.

2.8 Offsetting

The entity does not offset assets and liabilities or income and expenses, unless required or permitted by any IFRSs.

NOTES, COMPRISING SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION
As at and for the year ended 31 March 2021

2.9 Comparative information

Comparative figures have been regrouped, reclassified or restated wherever found necessary to conform to the presentation adopted in these financial statements.

2.10 Going concern assumption

The financial statements have been prepared on going concern basis. As per the management assessment, there is no material uncertainties related to events or conditions which may cast significant doubt upon the companies ability to continue as a going concern.

3. Summary of significant accounting policies

3.1 Property, plant and equipment

i) Recognition of property, plant and equipment

Initial measurement

Property, plant and equipments are generally initially recognized at cost and subsequently stated at cost less accumulated depreciation in compliance with IAS 16 "Property, Plant and Equipment". The cost of acquisition of an asset comprises its purchase price and directly attributable cost of bringing the asset to its operating condition for its intended use inclusive of inward freight, duties and non-refundable taxes.

During the reporting period the company did not acquire any property, plant and equipment.

ii) Subsequent measurement

Cost model

These are capitalized at cost of acquisition and subsequently stated at cost amounts less accumulated depreciation and accumulated impairment losses (if any).

iii) Subsequent costs

Subsequent maintenance and normal repairs are expensed as incurred while major renewals and improvements are capitalized.

iv) Depreciation

Depreciation is charged on property, plant and equipment on straight line basis over their respective useful lives. Rates of depreciation are adopted to reflect the true pattern of consumption of economic benefits of each asset and the nature of business and their usefulness.

3.2 Cash and cash equivalent

Cash and cash equivalents include cash in hand, balance and deposits with financial institutions that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

3.3 Payables and accruals

Liabilities are recognized for amounts to be paid in future for goods and services received whether or not billed to the Company.

3.4 Provisions

The Company recognizes provisions when it has legal or constructive obligation resulting from past events, the settlement of which would result in outflow of resources embodying economic benefits to the company.

3.5 Contingent liabilities

The entity does not recognize contingent liability but discloses the existence of contingent liability in the financial statements. A contingent liability is a probable obligation that arises from past events whose existence will be confirmed by occurrence or non-occurrence of uncertain future events not within the control of the entity or a present obligation that is not recognized because outflow of resources is not likely or obligation cannot be measured reliably.

3.6 Contingent assets

The entity does not recognize contingent assets but discloses the existence of contingent asset in the financial statements. A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

3.7 Revenue

Revenue is generally recognized in the Statement of Profit or loss and other Comprehensive Income after meeting the recognition criteria in accordance with the requirement of IFRS-15: Revenue from Contracts with Customers. Revenues are measured and recognized at net of VAT.

The Company have not started its commercial operation, hence no revenue was generated during the accounting period.

3.8 Cost of Sales

Cost of sales comprises the expenses that are directly related with earning the income. Cost of sales are recognized on accrual basis.

3.9 Income Tax

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the statement of profit or loss and other comprehensive income and accounted for in accordance with the requirements of IAS 12: Income Taxes. Income tax comprises both current tax and deferred tax expense.

Current Tax:

Income tax provision has been made in line with the provision of the Income Tax Ordinance, 1984.

Deferred tax:

Deferred tax asset has not been recognized as there is no significant temporary taxable/tax deductible difference.

3.10 Statement of cash flows

Statement of cash flows is prepared in accordance with IAS 7:Cash Flow Statements under direct method.

4. Property, plant and equipment

The company has not started its commercial operation yet, So no fixed asset was purchased during the year.

13. Events after the Reporting Period

No material events had occurred from the end of the reporting period to the date of issue of Financial Statements, which could materially affect the values stated in the Financial Statements.

14. Related party transactions

During the reporting period, the entity entered into a number of transactions with related party. The name of the related party, nature of the transactions and amount thereof have been set out below in accordance with the provisions of IAS 24: “Related party disclosures”.

Name of related party	Relationship	Nature of transactions	Opening balance 01 April 2020 Debit (Credit)	Transactions during FY 2020-2021 Debit	Transactions during FY 2020-2021 Credit	Closing balance 31 Mar 2021 Debit (Credit)
Mahindra & Mahindra Ltd.	Parent of Parent Company	Trademark expenses	(246,638)	–	27,763	(274,401)
	Total		**(246,638)**	–	**27,763**	**(274,401)**

15. Financial risk management

The Board of Directors has overall responsibility for the establishment and oversight of the Company’s risk management framework. The Company’s risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company’s activities.

- Credit risks
- Liquidity risks
- Market risk

- **Credit risk:**

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company’s receivables from customers.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

In monitoring credit risk, debtors are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile etc. Accounts and other receivables are mainly related to the Company’s buyers. The Company’s exposure to credit risk on accounts receivables is mainly influenced by the individual payment characterstics of credit purchaser. Credit risk does not arise in respect of any other receivables.

a) **Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Particulars	Note	31-Mar-21	31-Mar-20
Cash & cash equivalents (except cash in hand)	5.00	**2,902,542**	2,920,032
		2,902,542	2,920,032

- **Liquidity risk:**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities. The Company's approach to managing liquidity (cash and bank balances) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when they fall due, under both normal and stressed conditions, without incurring unacceptable losses.

Typically, the Company ensures that it has sufficient cash and bank balances to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of the financial obligation and accordingly arranging for sufficient liquidity/fund to make the expected payment within due date.

In extreme stressed conditions, the Company may get support from the shareholders in the form of shareholder's loan/capital contribution.

The following are the contractual maturities of financial liabilities :

Particulars	Note	31-Mar-21	31-Mar-20
Payables and accruals	7.00	**1,363,749**	742,149
Provision for expenses	8.00	**612,264**	280,590
		1,976,013	1,022,739

- **Market risk**

Market risk is the risk that any change in market conditions, such as foreign exchange rates, interest rates and commodity prices that will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable level.

Currency risk

Transaction risk

Transaction risk arises from risk of adverse exchange rate movements occurring in the course of normal international transaction.

Interest rate risk

Interest rate risk arises from movement in interest rates. The company needs to manage interest rate risk so as to be able to repay debts as they fall due and to minimise the risks surrounding interest payments and receipts.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

First part

Dear Sirs,

as you know, your Company was incorporated on March 21, 2019 with share capital of Euro 10,000, increased on July 15, 2019 to Euro 625,000.

Its purposes is the research, development and production of products or services with high technological value in the field of renewable energies.

The Financial Statements, second in the life of the Company, which refers to the financial year for the period from April 1, 2020 to March 31, 2021, close with a loss of Euro 220,877.01, after amortization and depreciation of intangibles for Euro 63,556.

As you know, on March 5, 2021 the voluntary liquidation of the Company was decided which took effect on March 9, 2021.

These Financial Statements have been drawn up on the basis of the provisions of the Civil Code, as amended by Legislative Decree 139/2015 (implementation of Directive 34/2013), supplemented by the Accounting Standards issued by the Italian Accounting Body (O.I.C.).

These Financial Statements comprise the Balance Sheet (prepared in the format prescribed by arts. 2424 and 2424-bis of the Civil Code), the Income Statements (prepared in the format prescribed by arts. 2425 and 2425- bis of the Civil Code) and these Notes. These Financial Statements were prepared in the short form, as allowed by art.2435-bis of the Civil Code. The Notes also contain the information required by nos. 3 and 4 of the art. 2428 of the Civil Code, if applicable. In this regard, it should be noted that there are no treasury shares, nor shares or quotas of parent companies owned by the Company, also through a trust company or third party, and that neither treasury shares, nor shares or quotas of parent companies have been purchased and / or sold by the company during the year, including through a trust company or third party.

The Explanatory Notes have the function of providing the illustration, analysis and in some cases the integration of the financial statements data and contain the information required by art. 2427 of the Civil Code, by other provisions of the legislative decree 9 April 1991 n. 127 or other previous laws.

Items not expressly reported in the Financial Statements are understood to be zero balances.

Valuation criteria

The items listed in the Financial Statements were valued according to general criteria of prudence and accrual in view of the liquidation of the Company and the presentation of the items has been made taking into account the substance of the transactions or contract.

Application of the principle of prudence required reporting only profits that had actually been earned at the closing date and all losses incurred for the period, even those that became known only after the closing date.

As required by the accrual method, the effects of transactions and of other events are attributed to the period to which such transactions and events refer, not to the period in which pecuniary movements materialize.

As already mentioned, it should be noted that on March 5, 2021 the voluntary liquidation of the Company was decided with effect from March 9, 2021.

The criteria applied in valuing the items in the financial statements and described hereinafter conform to the provisions of art. 2426 Civil Code. There were no exceptional cases that would have made it necessary to resort to the derogations referred to in art. 2423, number 4 of the Civil Code.

Fixed assets

The tangible fixed assets consist of the value of the specific equipment, the varied and minute equipment, the furniture and the electronic office machines. They are booked at their purchase cost which is then adjusted by the relevant depreciation charge. The cost of fixed assets, the use of which is limited in time, is systematically depreciated in each financial year in relation to their residual possibility of use.

The depreciation rates are the following, reduced of 50% for the first year:

- Specific equipment 20%;
- Varied and minute equipment 15%;
- Furniture 12%;
- Electronic office machines 20%.

If, regardless of depreciation already recorded, there is a permanent loss of value, the asset is impaired accordingly. If in subsequent years the reasons for devaluation is no longer applied, the original value is reinstated, adjusted only for depreciation.

Accounts receivables

The Company has availed itself of the faculty, provided in art. 2435-bis, paragraph 8 of the Italian Civil Code, to assess the receivables at their presumable realization value. Receivables are shown at their nominal value which is deemed to correspond to their expected realizable value.

Liquid assets

These are stated at the face value of the Company's bank account at the closing date of the period.

Accrued expenses and prepaid income

They include costs and income common to two or more years, the amount of which varies as a function of time.

Severance indemnity provision

The fund represents the actual debt accrued in conformity with applicable laws and employment contracts, considering all forms of remuneration paid on a continuing basis.

Accounts payable

In preparing the financial statements in short form pursuant to art. 2435-bis of the Italian Civil Code, the Company has made the option of assessing the debts at their nominal value without applying the amortizes cost criteria.

Shareholders' equity

It is the difference between total assets and total liabilities as determined according to the principles stated herein.

Recognition of costs and revenues

Costs and revenues are recognized according to the accrual method of accounting.

Taxes

No provisions have been made in current taxes. No conditions occurred for deferred taxes provisions.

Short explanatory notes, assets

Fixed asseets

Intangible fixed assets

These were reduced to zero during the year (Euro 45,000 in the previous year) due to the write-down of research and development costs in progress. The following table shows movements in Intangible fixed assets:

No remuneration is accrued to the Administrative body.

These Financial Statements, comprising the Balance Sheet, the Income statement and the Explanatory Notes, give a true and fair view of the Company's equity and financial position and the economic result of the period and correspond to the result of the accounting entries.

In conclusion, we invite you to approve the Financial Statements for the period ended at March 31, 2021 as they have been submitted to you and to carry forward the loss for the year of Euro 220,877.01.

The Liquidator
Angelantonio Molfetta

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDER OF MSPL INTERNATIONAL DMCC

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **MSPL International DMCC** (the "Company'') which comprise the statement of financial position as at 31 March 2021, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 March 2021 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates (UAE), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs, and for their compliance with the applicable provisions of Dubai Multi Commodities Centre Authority Regulations 2020, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related notes made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the notes thereto, and whether the Financial Statements represents the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

We further confirm that the financial statements comply with the applicable provisions of the Dubai Multi Commodities Centre Authority Regulations 2020. Also, in our opinion, the Company has undertaken only the activities permitted under its license.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. LEGAL STATUS AND BUSINESS ACTIVITY

a) On 9 April 2018, the branch of a foreign company, Mahindra Susten Private Limited India (the "Parent Company"), was registered in accordance with the applicable provisions of Dubai Multi Commodities Centre DMCC Company Regulations, 2020. On 8 October 2019, the branch was converted into a company, namely, MSPL International DMCC (the "Company"), which is a subsidiary of Mahindra Susten Private Limited, India.

b) The principal activity of the Company is renewable energy consultancy and trading of solar energy system and components.

c) The immediate parent company of the Company is Mahindra Susten Private Limited, India, intermediate parent company is Mahindra Holdings Limited and the ultimate parent company is Mahindra & Mahindra Limited, India, listed on a stock exchange in India.

2. BASIS OF PREPARATION

a) The financial statements are prepared in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB)and which are effective for accounting periods beginning on or after 1 April 2020, and with the applicable provisions of Dubai Multi Commodities Centre Authority Regulations 2020.

b) **Basis of measurement**

The financial statements are prepared using historical cost.

Historical cost is based on the fair value of the consideration given to acquire the asset or cash or cash equivalents expected to be paid to satisfy the liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) **Going concern**

The financial statements are prepared on a going concern basis.

When preparing the financial statements, management makes an assessment of the Company's ability to continue as a going concern. Financial statements are prepared on a going concern basis unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company incurred a loss of AED 5,651,398 for the year ended 31 March 2021 (previous year AED 10,776,088), and at that date, the Company's accumulated losses aggregated to AED 11,321,813 (previous year AED 5,670,415). However, the shareholder has agreed to continue with the operations of the Company and has agreed to provide continuing financial support to enable the Company to discharge its liabilities as and when they fall due. Accordingly, these financial statements have been prepared on a going concern basis.

The outbreak of Covid-19 continues to cause disruptions in normal lives and business in several ways. The uncertainty due to Covid-19 outbreak with regard to the future impact on the Company's business performance has also been considered as part of Management's assessment of the Company's ability to continue as a going concern. The Company is principally engaged in renewable energy consultancy and trading of solar energy system and components, however, the Company has not carried out commercial operations during the year, Covid-19 is not expected to have a significant impact on the Company. Hence, management has determined that there is no material uncertainty that casts doubt on the Company's ability to continue as a going concern.

Since the impact of Covid-19 continues to evolve, the Company will continue to monitor the situation and its impacts on the financial statements (refer Note 5).

d) **Adoption of new International Financial Reporting Standards**

Standards, amendments, improvements and interpretations effective for the current period

The following International Financial Reporting Standards, amendments, improvements and interpretations which became effective 1 April 2020 or after, did not have any significant impact on the Company's financial statements:

- Amendments to IFRS 3 - Definition of a Business
- Amendments to IAS 1 and IAS 8 - Definition of Material
- Amendments to IFRS 9, IAS 39 and IFRS 7 - Interest Rate Benchmark Reform
- Revised Conceptual Framework for Financial Reporting
- Amendment to IFRS 16 - Covid-19-Related Rent Concessions (early adopted)

The Company has not early adopted any other amendments, improvements and interpretations that have been issued but is not yet effective.

New and revised IFRSs in issue but not yet effective and not early adopted

The following International Financial Reporting Standards, amendments, improvements and interpretations that are assessed by management as likely to have an impact on the financial statements, have been issued by the IASB prior to the date the financial statements were authorised for issue, but have not been applied in these financial statements as their effective dates of adoption are for future accounting periods.

- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 – Interest Rate Benchmark - Phase 2 (1 January 2021)
- Amendments to IAS 37 – Onerous Contracts - Cost of Fulfilling a contract (1 January 2022)
- Amendments to IAS 16 – Property, Plant and Equipment – Proceeds before Intended Use (1 January 2022)
- Annual Improvements to IFRS Standards 2018-2020 (1 January 2022)
  - IFRS 9 Financial Instruments
  - IFRS 16 Leases
- Amendments to IAS 1 – Classification of Liabilities as Current or Non-current (1 January 2023)

e) **Functional and presentation currency**

The financial statements are presented in UAE Dirhams ("AED") which is also the Company's functional currency.

3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted, and which have been consistently applied, are as follows:

a) **Property, plant and equipment**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated from the date the asset is available for use until it is derecognised, using the straight-line method over the estimated useful lives of three year.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset as appropriate only when it is probable that future economic benefits associated with the expenditure will flow to the Company and such cost can be measured reliably. Such cost includes the cost of replacing part of the property, plant and equipment. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognise such parts as individual assets with specific useful lives and depreciate them accordingly. The carrying amount of replaced parts is derecognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

All other repairs and maintenance costs are charged to profit or loss during the financial Year in which they are incurred.

An assessment of depreciation method, useful lives and residual values is undertaken at each reporting date and, where material, if there is a change in estimate, an appropriate adjustment is made to the depreciation charge.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are recognised within 'sundry income / other operating expenses' in profit or loss.

b) **Impairment of tangible assets**

At the reporting date, the management reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss if any. Where it is not possible to estimate the recoverable amount of an individual asset, the acquirer estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

c) **Staff end-of-service benefits**

Provision is made for end-of-service benefits payable to non-UAE national employees at the reporting date in accordance with the local labour laws.

d) **Leases**

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

e) **Cash and cash equivalents**

Cash and cash equivalents comprise cash and bank current account, which are subject to an insignificant risk of change in value.

f) **Foreign currency transactions**

Transactions in foreign currencies are translated into UAE Dirhams at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into UAE Dirhams at the rate of exchange ruling at the reporting date.

Gains or losses resulting from foreign currency transactions are taken to profit or loss.

g) **Borrowing costs**

Borrowing costs are recognised as an expense in the year in which they are incurred.

h) **Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of receivable can be measured reliably.

i) **Current versus non-current classification**

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting Year. or,
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting Year.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting Year. or,
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting Year.

The Company classifies all other liabilities as non-current.

j) **Financial instruments**

Classification

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income ("FVTOCI") – debt investment; FVTOCI – equity investment; or fair value through profit or loss ("FVTPL").

The classification of financial assets at initial recognition depends on the financial assets' contractual cash flow characteristics and the Company's business model for managing them.

In order for a financial asset to be classified and measured at amortised cost or FVTOCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrumental level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

The business model determines whether cash flows will result from collecting contractual cashflows, selling the financial assets, or both.

Financial liabilities are classified as financial liabilities at FVTPL or at amortised cost. The Company determines the classification of its financial liabilities at initial recognition.

Recognition

Financial assets and financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the instrument. Regular purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset.

Derecognition

Financial assets are de-recognised when, and only when,

- The contractual rights to receive cash flows expire or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the Company has transferred substantially all the risks and rewards of the asset, or
  - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities are de-recognised when, and only when, they are extinguished i.e. when obligation specified in the contract is discharged, cancelled or expired.

Measurement

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition. Transactions costs of financial assets carried at FVTPL are expensed in profit or loss.

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL.

The following accounting policies apply to the subsequent measurement of financial assets:

Financial assets at amortised cost

Financial assets that meet the following conditions are subsequently measured at amortised cost less impairment loss and deferred income, if any using the effective interest method.

1. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
2. the contractual terms of the instrument give rise to cash flows on specified dates that are solely payments of principal and profit on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

The financial assets at amortised cost comprise of sundry receivables, due from related parties, other financial assets, and cash and cash equivalents.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at amortised cost comprise of sundry payables, due to a related party, shareholder's loans and current account.

Impairment of financial assets

Expected credit losses (ECLs) are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Loss allowances are measured on 12-month ECLs: ECLs that result from possible default events within 12 months after the reporting date

The Company measures the loss allowance on 12-month ECLs: ECLs that result from possible default events within 12 months after the reporting date.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportive information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 45 days past due.

The Company considers a financial asset to be in default when the financial asset is more than 45 days past due.

At the reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial assets have occurred.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the asset.

Offsetting

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

Equity

Share capital is recorded at the value of proceeds received towards interest in share capital of the Company.

k) **Fair value measurement**

The Company discloses the fair value of financial instruments measured at amortised cost.

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in their best economic interests.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

4. SIGNIFICANT JUDGMENTS EMPLOYED IN APPLYING ACCOUNTING POLICIES

The significant judgments made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as follows:

Classification of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them.

Impairment

At each reporting date, management conducts an assessment of property, plant, equipment, to determine whether there are any indications that they may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

The Company applies expected credit loss (ECL) model to measure loss allowance in case of financial assets on the basis of 12-month ECLs depending on credit risk characteristics and how changes in economic factors affect ECLs, which are determined on a probability-weighted basis.

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

Key assumptions made concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are as follows:

Carrying values of property, plant and equipment

Residual values are assumed to be zero unless a reliable estimate of the current value can be obtained for similar assets of ages and conditions that are reasonably expected to exist at the end of the assets' estimated useful lives.

Fair value of financial assets

The fair values of financial instruments that are not traded on an active market are determined using valuation techniques. The Company uses its judgement to select a variety of methods and makes assumptions that are mainly based on market conditions existing at the end of each reporting period. The key assumptions used and the impact of changes in these assumptions is provided in Note 3 (k).

Impairment

Assessments of net recoverable amounts of property, plant, equipment are based on assumptions regarding future cash flows expected to be received from the related assets.

Impairment of financial assets

The loss allowance for financial assets are based on assumptions about the risk of default and expected loss rates. The management have not used judgement in making these assumptions and selecting the inputs to the impairment calculations based on the past history, existing market conditions as well as forward looking estimates at the end of the reporting year. Details of the key assumptions and inputs used are disclosed in Note 3 (j).

Impact of Covid-19

Since the Covid-19 outbreak is evolving rapidly, the Company continues to assess the impact on its operations on a regular basis. The management does not believe that there exists a material uncertainty in respect of expected duration and its potential impact on the overall economy including the operations of the Company.

Management of risk

The management conducts and operates the business in a prudent manner, taking into account the significant risks to which the business is or could be exposed.

The primary risks to which the business is exposed comprise credit risks, liquidity risks and market risks (including interest rate risks and fair value risks).

Credit risk is managed by assessing the creditworthiness of counter parties and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

Exposures to the aforementioned risks are detailed below:

Credit risk

Financial assets that potentially expose the Company to concentrations of credit risk comprise principally cash and cash equivalents, dues from related parties, deposits with banks and outstanding receivables.

The bank account is placed with a high credit quality financial institution.

The management assesses the credit risk arising from amounts due from related parties and other receivables taking into account their financial position, past experience and other factors. Based on the assessment individual risk limits are determined.

At the reporting date 100% of amount due from related parties are due from a single related party (previous year 100% from two related parties).

Based on the assessment, the management believes that no impairment provision is required under IFRS 9.

Liquidity risk

The Company is provided funds on an on-going basis by the Parent Company to manage its liquidity risk.

Interest rate risk

Shareholder's loans are subject to fixed interest rates at levels generally obtained in the UAE and are therefore exposed to fair value interest rate risk.

Fair values

The management assesses the fair values of all its financial assets and financial liabilities at each reporting date.

The fair values of cash and cash equivalents, sundry receivables, due from related parties, sundry payables, due to a related party, shareholder's loans and current accounts approximate their carrying amounts largely due to the short-term maturities of these instruments.

CONSTITUTED ATTORNEY

INDEPENDENT AUDITOR'S REPORT

To the Members of Martial Solren Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Martial Solren Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)

(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.
   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. the company does not have any pending litigations which will impact its financial positions.
      ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Martial Solren Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Martial Solren Private Limited** for the year ended March 31, 2021.

Annexure to the Auditor's Report referred to in our report of even date:

1) According to the information and explanations given to us, the Company does not have fixed assets. Accordingly, the provisions of para 3(i) of the Order are not applicable to the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

1. **Nature of Operations**

   Martial Solren Private Limited ('the Company') is a company limited by shares was incorporated in India on 27 August, 2020 as domiciled in India and is a subsidiary of Mahindra Susten Private Limited. The Company is engaged in the business as a producer and distributor of solar power by using solar cells, photo voltaic cells, wafers, photo voltaic solar modules, photo voltaic solar system/sub system, tracker or fixed tilt, concentrated solar power and to provide related services.

2. **Statement of compliance**

   The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

3. **Significant Accounting Policies and Accounting Judgments and Estimates**

   A) Significant Accounting Policies

   a) Basis of Preparation of Financial Statements

   The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

   Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

   Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

   In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

   - Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
   - Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
   - Level 3 inputs are unobservable inputs for the asset or liability.

   The financial statements are prepared in Indian Rupees.

   b) Revenue Recognition:

   Revenue from contracts with customers is recognised when control of the goods or services are rendered to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services

   Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

   The accounting policies for the specific revenue streams of the Company are summarised below:

   – Revenue from Power Supply is recognised in terms of the Power Purchase Agreements (PPA) entered with Central and State Distribution Companies and is measured at the value of the consideration received or receivable, net of discounts if any.

   – The Company's contracts with customers for the sale of goods generally include one performance obligation. Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customers, generally on delivery of the goods.

   – Interest income is recognised on Effective Interest Rate (EIR) basis taking into account the amount outstanding and the applicable interest rate. Dividend income is accounted for when the right to receive income is established.

   – Delayed payment charges and interest on delayed payment for power supply are recognised based on conclusive evidence regarding ultimate collection.

   c) Current and Non-current classification

   The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

   - Expected to be realized or intended to be sold or consumed in normal operating cycle
   - Held primarily for the purpose of trading
   - Expected to be realized within twelve months after the reporting period, or
   - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

   All other assets are classified as non-current.

   A liability is current when:

   - It is expected to be settled in normal operating cycle
   - It is held primarily for the purpose of trading
   - It is due to be settled within twelve months after the reporting period, or
   - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

   The Company classifies all other liabilities as non-current.

   Deferred tax assets and liabilities are classified as non-current assets or liabilities.

   The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

   d) Segment information

   Operating segments are reported consistently with the internal reporting provided to the Chief Executive Officer. The highest decision-making executive is responsible for allocating resources to and assessing the performance of the operating segments. The maximum decision-making body is the Chief Executive Officer.

   Since the operation in the Company has not started it has no reporting operating segment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

e) Taxes on Income:

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognised, subject to consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

f) Provisions and Contingent Liabilities:

(i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

(ii) Contingent liabilities

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

g) Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All financial assets by regular way of purchases or sales are recognised and derecognised on a trade date basis. Regular way of purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in debt / equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights for each category of receivable. Credit loss is the difference between all contractual cash flows that are due to

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual/agreed terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of that financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss, if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

h) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statements include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

i) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

j) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

k) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

B) Accounting Judgments and Estimates

In the course of applying the policies outlined in note 3(A) above, management makes estimations and assumptions that impact the amounts recognised in the financial statements. The Company believes that judgement and estimation have been made in the following areas:

Intended use, useful lives and residual value of property, plant and equipment

Based on technical evaluations, management makes its judgement when property, plant and equipment and intangible assets are capable to operate in the manner intended by them.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

Management reviews the useful lives and residual values of property, plant and equipment and intangible assets, at least once a year and any changes could affect the depreciation rates prospectively and hence the asset carrying values.

Impairment of non-financial assets

The Company reviews its property, plant and equipment and intangible assets for possible impairment if there are events or changes in circumstances that indicate that carrying values of the assets may not be recoverable. In assessing the impairment, the management considers the fall in prices of power tariffs, increase in cost of capital etc.

The carrying value of assets is compared with the fair value of those assets, that is, the higher of net realisable value and value in use. Value in use is usually determined on the basis of discounted estimated future cash flows. This involves management estimates on market demand and generation of power, economic and regulatory environment, discount rate and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact on carrying value of assets.

Provisions and liabilities

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

Contingencies

Contingent liabilities are disclosed under notes on accounts but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the group does not expect them to have a materially adverse impact on financial position or profitability.

Tax

The Company is subject to tax in India. The current tax liability booked in respect of any period is dependent upon the interpretation of the relevant tax laws and rules as applicable to the Company. The amount of tax payable may remain uncertain until the position of the Company is agreed with/ assessed by the relevant tax authorities. Whilst estimates must be made of deferred tax positions of the Company, this may involve the exercise of a degree of judgement.

Fair value measurements

Management uses its judgement in selecting an appropriate valuation technique for financial instruments not quoted in an active market. Valuation techniques commonly used by market participants are applied. For derivative financial instruments, assumptions are made based on quoted market rates adjusted for specific features of the instrument. Other financial instruments are valued using a discounted cash flow method based on assumptions supported, where possible, by observable market prices or rates.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at each reporting date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial asset have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

Deferred tax assets

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Allowance for slow-moving inventories

Inventories are stated at the lower of cost or net realisable value. Adjustments to reduce the cost of inventory to its realisable value, if required are made at the product level for estimated excess, obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, technological changes, physical deterioration and quality issues.

Allowance for doubtful debts on trade receivables

Allowance for doubtful debts is determined using a combination of factors, including the overall quality and ageing of receivables, continuing credit evaluation of the customers' financial strength and collateral requirements from customers in certain circumstances. Management makes allowance for doubtful debts based on its best estimates at the reporting date.

Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new Indian Accounting Standards and / or amendments to existing Indian Accounting Standards. There is no such notification which would be applicable from 01 April 2021

Note No. 04 - Cash and Cash Equivalents

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

Note No. 11 – Withdrawal of Scheme of Arrangement between Mahindra Renewables Private Limited and Martial Solren Private Limited

The Company had at its meeting held on August 31, 2020, approved the Scheme of Arrangement with Mahindra Renewables Private Limited and their respective shareholders and creditors and the same was subsequently filed before the Hon'ble National Company Law Tribunal, Mumbai Bench.

The Management due to change in business environment, has decided not to proceed with the proposed Scheme of Arrangement with Mahindra Renewables Private Limited and has filed an application with Assistant Director / Registrar of National Company Law Board Tribunal for withdrawal of scheme of Arrangement post approval of Board of Directors via its resolution dated April 6th 2021. As on date of adoption of accounts, the Management is awaiting written order from National Company Law Board Tribunal Giving effect to the withdrawal.

Note No. 12 –

COVID-19, a novel Coronavirus, has spread globally, including India and has significantly affected public health and economic activities worldwide. The Company has considered relevant internal and external sources of information to evaluate the impact on the financial statements for the year ended 31st March 2021 and has assessed the carrying value of the assets to be recoverable. However, the actual impact may be different from that estimated as it will depend upon future developments and future actions to contain or treat the disease and mitigate its impact on the economy. The Company continues to closely monitor impact of the pandemic on the future economic conditions and the operations of the Company."

Note No. 13 –

This is the first year of operations of the Company hence previous year comparative numbers are not presented.

Note No. 14 –

The financial statements have been approved for issue by Company's Board of Directors on April 26th 2021

The accompanying notes 1 to 14 are an integral part of the Financial Statements

INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Engineering and Chemical Products Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the Ind AS financial statements of **Mahindra Engineering and Chemical Products Limited** ("the Company"), which comprise the balance sheet as at 31st March 2021, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The company's Board of Directors is responsible for the other information. The other information comprises the Board report.

Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016/ 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The company does not have any pending litigations which will impact its financial positions.
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Engineering and Chemical Products Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Mahindra Engineering and Chemical Products Limited** for the year ended March 31, 2021

<u>Annexure to the Auditor's Report referred to in our report of even date:</u>

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The title deeds of the freehold land are held in the name of the Company.

2) Physical verification of inventory has been conducted at reasonable intervals by the management and not material discrepancies were noticed.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) There are no disputed dues outstanding as on March 31, 2021 on account of sales tax, customs duty, income tax, service tax, GST and cess. except as follows:

Name of the Statute	Nature of dues	Amount	Periods to which amounts relates	Forum where the dispute is pending
Income Tax Laws	Income Tax	1,35,030	A.Y. 2015-16	CIT (A)
Income Tax Laws	Income Tax	24,91,676	A.Y. 2017-18	CIT (A)

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles -in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 **Corporate Information:**

Mahindra Engineering and Chemical Products Limited is a public limited company incorporated in Mumbai, India on 7 June, 1954 under the Companies Act, 1956. The Company's main activity is carrying on the business of trading / distributing of goods and offering services of boats and yachts of all kinds and engines and making investments in group companies.

The Company falls under the category of Core Investment Company (CIC) as it holds majority of its assets as investments in group company/ies and does not engage in financing activity other than that of investments/ guarantees/ loans mainly relating to its group company/ies. It is a Non-Banking Financial Company (NBFC) and does not engage in financing activity similar to other NBFCs.

The Company is exempt from registration with RBI under section 45IA of the RBI Act, 1934 in terms of Notification No. DNBS.PD.221/CGM(US)2011 dated 5th January, 2011 (issued under section 45NC of the RBI Act).

The financial statements were approved by the Board of Directors and authorized for issue on 5th May, 2021.

2 **Significant Accounting Policies followed by the Company:**

a) **Statement of compliance and basis of preparation and presentation of financial statements:**

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

b) **Basis of measurement**

The financial statements have been prepared on the historical cost basis except for certain financial instruments which can be measured at fair values.

c) **Use of estimates & judgements**

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities:

Fair value of financial assets, liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) require management's best estimate about future developments.

d) **Measurement of fair values**

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

e) **Revenue Recognition:**

Sale of stock-in-trade:

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

(i) the Company has transferred to the buyer the significant risk and reward of ownership of the goods;

(ii) the company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

(iii) the amount of revenue can be measured reliably;

(iv) it is probable that the economic benefits associated with the transaction will flow to the Company; and

(v) the cost incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services:

Sale of services are recognized in the year when services are rendered.

Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

Rental Income on investment property:

Rental income from operating leases is generally recognised on a straight-line basis over the term of the leave and licence agreement.

f) **Property, Plant and Equipment:**

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful life, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

Depreciation is calculated on Straight Line method over the estimated useful life of all assets. These lives are in accordance with Schedule II to the Companies Act, 2013. Below is Company's expected usage pattern:

1) Vehicles (Speed Boat)- 13 Years

2) Computer and data processing unit- 3 Years

g) **Financial Instruments:**

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit or Loss.

Financial Assets:

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit or Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

De-recognition of financial assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not de-recognised and the proceeds received are recognised as a collateralised borrowing.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss

Impairment of financial assets

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

Impairment of nonfinancial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier. The reversal of an impairment loss is recognised in Statement of Profit and Loss.

h) Investment Property:

Investment properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 40's requirements for cost model.

An Investment Property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognized.

i) Investments in Subsidiaries, Fellow Subsidiaries & Associates:

The Company accounts for its investments in subsidiaries, fellow subsidiaries & associates at cost less accumulated impairment, if any.

j) Inventory:

The company for its trading operations purchases items for resale to customers. These items held for resale are treated as inventory assets held in the ordinary course of business and are in the form of material or supplies to be entirely used in the trading activities of the company.

The company measures inventory as prescribed under IND-AS 2 wherein Inventories shall be measured at the lower of cost and net realisable value.

Cost for purpose of determining inventory is all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The company uses the First In First Out (FIFO) formula for assigning cost to inventory items.

Net Realisable Value will be determined for those inventory items which have become damaged, have become completely or partially obsolete or if their selling prices have declined. The amount of any write down of inventories to net realisable value shall be recognised as an expense in the period such a write down happens.

k) Impairment of assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted at their present value using the pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit or loss.

l) Taxes on Income:

Income tax expense represents the sum of the tax currently payable, short/(excess) provisions of earlier years and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax:

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

m) Provisions and Contingent Liabilities:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

n) Lease:

Lease are classified as finance leases whenever the terms of lease transfer substantially all the risk and reward of ownership to the lease. All other leases are classified as operating lease.

Company as a Lessor:

Rental Income from operating lease is recognized on a straight line basis over the term of the relevant lease.

o) Earnings Per Share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year.

p) Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

q) Cash flow statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

r) Segment Information:

The Company falls under the category of Core Investment Company (CIC) exempt from registration with RBI under section 45IA of the RBI Act, 1934, primarily engaged in the business of acquisition of shares and other securities in group companies. The Company's main segments are Trading, Investing activities and giving speed boat on hire.

Note 27 – Segment Reporting

a) Primary Segment - Business Segment

The Company has identified business segments as its primary segment and there are no geographical segments. Business segments are primarily Trading, Investing activities and Speed Boat. Revenues and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reportable segment have been allocated on effort estimate basis for the segment. All other expenses which are not attributable or allocable to segments have been disclosed as net of unallocated income. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable. Fixed assets that are used interchangeably amongst segments are not allocated to primary segment.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a system that performs monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company's exposure and credit ratings of its counterparties are monitored by the Company.

The credit risk on non-current investments are limited because the company's investments are of a strategic nature and are in group companies. The Company has also given loans, in nature of inter-corporate deposits, to group-companies.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management. The Company manages liquidity risk by maintaining adequate reserves, banking facilities by monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the cash flows of financial liabilities based on the date on which the Company can be required to pay. The tables include both interest and principal cash flows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Fixed interest rate instruments	–	–	–	–	–
Total	165.20	90.55	–	–	255.75

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rupees lakhs

	Less than 1 Year INR	1–3 Years INR	3 Years to 5 Years INR	5 years and above INR
Non–derivative financial assets				
31–Mar–21				
Non-interest bearing	317.43	–	–	317.43

Total	2,777.63	311.00	–	3,088.63
31–Mar–20				
Non-interest bearing	40.88	0.50	–	41.38
Fixed interest rate instruments	2,708.33	–	–	2,708.33
Total	2,749.21	0.50	–	2,749.71

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The company deploys its surplus funds in bank fixed deposits which have fixed interest rates. As on date of the respective balance sheets the company does not have any variable interest rate financial instruments.

OTHER PRICE RISK

The Company is exposed to equity price risks arising from equity investments. Equity investments are held for strategic investment purposes rather than trading purposes. The Company does not trade these investments.

Note No. 33 Corporate Social Responsibility (CSR)

The CSR obligation for the period as computed by the Company and relied upon by the auditors is Rs. 4.69 Lakhs (Previous Year Rs. 3.57 Lakhs). CSR Spend during the period was Rs.4.69 Lakhs (Previous Year Rs. 3.57 Lakhs)

Note No. 34 Impact of COVID–19 Pandemic

On 11th March, 2020, Covid-19 outbreak was declared a global pandemic by World Health Organisation. The extent to which Covid-19 pandemic will impact the company's performance will depend on future developments which are highly uncertain at the moment. In assessing the impact of Covid-19 on recoverability of trade receivables, inventories, investments etc.. the Company has considered both internal & external information upto the date of approval of these standalone financial statements. Based on current indicators of future economic conditions, the company expects to recover the carrying value of these assets & revenues recognised. The impact of the global health pandemic may be different from that estimated as at the date of approval of these standalone financial results and the company will continue to closely monitor any material changes to future economic conditions.

Note No. 35

Previous year's figures have been regrouped/ reclassified wherever necessary to correspond with the current year's classification / disclosure.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Retail Initiative Holdings Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Retail Initiative Holdings Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss, and the Cash Flow Statement for the year ended on that date and notes to the financial statements and summary of the significant accounting policies and other explanatory information (herein after referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and other accounting principles generally accepted in India , of the state of affairs of the Company as at 31 March 2021 , the loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of matter

Without qualifying our opinion, attention is drawn to Note 14 to the financial statements on preparation of these financial statements on a going concern basis despite substantial erosion of the net worth of the Company for the reasons stated therein.

Our opinion is not qualified in respect of this matter.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information at the date of this Auditor's Report comprises the information included in the Director's Report including Annexures, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing specified under Section 143 (10) of the Act will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("CARO 2016"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standard specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the Directors as on 31 March 2021 taken on record by the Board of Directors, none of the Directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (Refer Note 16 to the financial statements).
      ii. The Company did not have any long-term contracts or derivative contracts.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Retail Initiative Holdings Limited** ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls over Financial Reporting

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. The Company does not have any Property, Plant and Equipment and hence reporting under clause (i) of CARO 2016 is not applicable.

ii. The Company does not have any inventories and hence reporting under clause (ii) of CARO 2016 is not applicable.

iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of Act and hence reporting under clause (iii) of CARO 2016 is not applicable.

iv. The Company has not granted any loans or provided guarantees or securities and hence compliance of Sections 185 and 186 is not applicable. In our opinion and according to the information and explanation given to us, the Company has not made any investments during the year.

v. According to the information and explanations given to us, the Company has not accepted any deposits during the year. There were no unclaimed deposits outstanding at any time during the year.

vi. Having regard to the nature of the Company's business / activities, reporting under clause (vi) Maintenance of Cost records of CARO 2016 is not applicable.

vii. According to the records of the Company and information and explanations given to us, in respect of statutory dues:

a) The Company has generally been regular in depositing the undisputed statutory dues of Tax deducted at source and Goods and Services Tax, ('GST') as applicable and other material statutory dues, with the appropriate authorities.

b) There were no undisputed amounts payable in respect of Tax deducted at source and GST and other material statutory dues in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.

c) There are no dues as on 31 March 2021 on account of disputes other than as given below.

Name of the Statue	Nature of dues	Forum where dispute is pending	Period to which Amount relates	Amount unpaid (Rupees)
Income Tax Act 1961	Income Tax	Commissioner of Income Tax (Appeals)	AY 2015 – 16	18,13,600

viii. In our opinion and according to the information and explanations given to us, there are no interest or principal dues payable to debenture holders during the year as per the terms and conditions of the agreement. The Company has not taken any loans or borrowings from financial institutions, government and banks.

ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans during the year and hence reporting under clause (ix) of CARO 2016 is not applicable

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of such cases by the Management.

xi. In our opinion and according to the information and explanation given to us, the Company has not paid / provided any managerial remuneration and accordingly reporting under clause (xi) of CARO 2016 is not applicable.

xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of CARO 2016 is not applicable.

xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of CARO 2016 is not applicable.

xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding or subsidiary company or persons connected with them and hence provisions of Section 192 of the Act are not applicable.

xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. (Refer Note 1 of the financial statements).

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

1. **Summary of Significant Accounting Policies**

Corporate Information

Retail Initiative Holdings Limited ('the Company') is a Core Investment Company as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and is not required to obtain Certificate of Registration under Section 45 IA of the Reserve Bank India Act, 1934.

a) **i) Basis for Preparation of Financial Statements**

The financial statements are prepared under historical cost convention on an accrual basis of accounting to comply in all material respects with mandatory accounting standards as notified by the Companies (Accounting Standards) Rules, 2006 (as amended) issued by the Central Government in consultation with National Advisory Committee on Accounting Standards ("NACAS"), specified under Section 133 of the Companies Act, 2013 (the Act) read with rule 7 of the Companies (Accounts) Rules, 2014 and Companies Act, 2013 to the extent notified and applicable to the Company. (Accounting principles generally accepted in India).

All assets and liabilities have been classified and disclosed as current or non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle for the purpose of current / non-current classification of assets and liabilities as one year.

ii) Exemption from preparation of consolidated financial statement

The Company has investments in a subsidiary- Mahindra Retail Limited. The Holding company, Mahindra Engineering & Chemical Products Limited are presenting the consolidated financial statements. The Company has therefore availed the exemption and have satisfied the conditions for exemption from preparing consolidated financial statements as per MCA Notification G.S.R. 742(E) dated 27 July 2016 and accordingly the consolidated financial statement is not prepared.

b) **Use of estimates:**

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities as of the date of financial statements and reported amounts of income and expenses during the year. Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Actual results could differ from those estimates. Difference between the actual results and estimates are recognized in the year in which the results are known/materialized.

c) **Revenue recognition:**

Dividends from investments are recognized in the Statement of the Profit and Loss when the right to receive the payment is established.

Interest is recognized on time proportion basis.

d) **Investments:**

All long-term investments are valued at cost. Provision for diminution, if any in the value of each long-term investments is made to recognize a decline, other than of a temporary nature.

e) **Impairment of Assets**

The management periodically assesses using, external and/or internal sources, whether there is an indication that carrying amount of asset exceeds its recoverable amount. If any such indication exists, the management estimates the recoverable amount of the investment. If such recoverable amount of the investment is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss

f) **Cash & Cash equivalents**

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

g) **Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

h) **Income Taxes**

Income taxes are accounted for in accordance with Accounting Standard 22 (AS 22) on "Accounting for Taxes on Income" issued by the Institute of Chartered Accountants of India. Tax expense comprises both current and deferred tax.

Current tax is measured at the amount expected to be paid to/ recovered from the tax authorities using the applicable tax rates.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward of losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Deferred tax assets are not recognised to the extent that there is no virtual certainty or reasonable certainty, as the case may be, supported by convincing evidence that sufficient future tax income will be available against which such deferred tax assets can be realised.

i) **Provisions and contingencies**

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

j) **Earnings per share**

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

k) Goods and Services Tax

Goods Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits

Note 2

Share Capital:	As at 31 March 2021	As at 31 March 2020

Note 11. Amounts on which deferred tax asset has not been created:

There is no provision for current tax either under normal provision or as per Section 115 JB MAT provision in view of the losses in the current year.

In accordance with the accounting policy adopted by the Company, the Deferred tax asset mainly arising on unabsorbed business losses has not been recognised in these financial statements in the absence of virtual certainty supported by appropriate evidence regarding availability of future taxable income against which such deferred tax assets can be realised.

Note 12. Earnings Per Share

Earnings per Share (EPS) is calculated as follows:

Sr. No.	Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
1.	Loss attributable to equity shareholders (in Rs)	**(4,08,121)**	(4,73,836)
2.	Weighted Average No. of shares (in Nos)	**2,05,50,000**	2,05,50,000
3.	Nominal Value per share (in Rs)	**10**	10
4.	Earnings Per share: (in Rs) – Basic and Diluted*	**(0.02)**	(0.02)

* Since the zero coupon compulsorily convertible debentures are anti-dilutive in nature, the basic and diluted earnings per share are the same.

Note 13. The Company has equity investment of Rs.5,13,37,16,390 in Mahindra Retail Limited ("MRL"), a Subsidiary company representing 53% of the share capital of that Company. In view of the continuous losses incurred by MRL, the Company carries a provision for impairment of Rs.1,56,00,00,000 as on 31 March 2020 and the net carrying amount is Rs.357,37,16,390.

The management did an impairment analysis of this subsidiary as on 31 March 2021 and the following aspects were considered:

- MRL have terminated its store operations as of 31 March 2021. The store operations of MRL was loss making. Hence with this closure of operations the losses for MRL will significantly reduce.
- As per the current business plan MRL is expected to be profitable from F22 onwards.
- Further, MRL sold 0.98% of its shareholding in Brainbees Solutions Private limited during the year ended 31 March 2021. The sale consideration of Rs 125 Cr was received from sale of these shares. There is significant appreciation in the value of investments in Brainbees Solutions Private Limited.
- Taking into account this sale transaction of investments in BrainBees Solutions Private Limited. the management is of the view that the intrinsic value of its investment in MRL as on 31 March 2021 is more than the carrying value and hence no further provision needs to be considered for impairment of these investments.

Note 14. Going concern

The Company as at 31 March 2021 has an accumulated loss of Rs 1,57,79,73,712 and the net worth has been fully eroded. However the Holding Company has made an investment of Rs. 4,94,40,53,000 in the Company in form of Zero Coupon Fully Compulsorily Convertible Debentures, convertible into equity shares at any time after five years of allotment. Accordingly, these Debentures, have also been considered in evaluation of erosion of net worth. Also as explained in Note 13 above, the intrinsic value of the investments made by the Company in its subsidiary has increased recoverable value of the investments and would have positive impact on the net worth. Considering the above and the future business plan of BrainBees, the management is of the view that going concern assumption in preparation of these financial statements is appropriate.

Note 15. Related Party Disclosures

(a) *Ultimate Holding Company:-*
Mahindra & Mahindra Limited

(b) *Holding company:-*
Mahindra Engineering & Chemical Products Limited

(c) *Subsidiary Company:-*
Mahindra Retail Limited

Details of transaction between the Company and its related parties are disclosed below:

Amount in Rs.

Nature of Transactions	Ultimate Holding company (Mahindra & Mahindra Limited)	Holding Company (Mahindra Engineering & Chemical Products Limited)	Subsidiary (Mahindra Retail Limited)
Expenses Reimbursement	1,51,200 (1,65,200)	Nil (Nil)	Nil (Nil)
Debentures outstanding	Nil (Nil)	4,94,40,53,000 (4,94,40,53,000)	Nil (Nil)
Payables	10,67,356 (9,00,280)	Nil (Nil)	7,52,765 (5,56,290)

Amount in brackets represents previous year figures.

Note 16. Contingent Liabilities:

Contingent liabilities and capital commitments as of 31 March 2021 and 31 March 2020

Amount in Rs.

Particulars	31 March 2021	31 March 2020
Contingent Liabilities (Disputed Income Tax demand)	**18,13,600**	18,13,600
Capital Commitments	**NIL**	NIL

Note 17. Others

i. The Company did not have any pending litigation which would impact its financial position other than those disclosed in Note 16.

ii. The Company did not have any material foreseeable losses on long term contracts; the Company has not entered into any derivative contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. There are no imports or exports and there is no expenditure incurred in foreign currency during the year.

v. No material events have occurred after the Balance Sheet date and upto the approval of the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Mahindra Retail Limited**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Retail Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

    d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.

    e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.

    f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

    i. The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its financial statements – Refer to Notes 14 and 27 to the financial statements;

    ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

    iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

    iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

(C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the current year and hence reporting under Section 197 (16) is not applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA RETAIL LIMITED FOR THE YEAR ENDED 31 MARCH 2021

With respect to the Annexure referred to in paragraph 1 under Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31 March 2021, we report that:

(i) The Company has either sold or written off all its fixed assets during the current year. As a result, the Company does not have any fixed assets as on 31 March 2021. Thus, the paragraph 3(i) of the Order is not applicable to the Company.

(ii) The Company does not have any inventory as on 31 March 2021. Thus, the paragraph 3 (ii) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us, there are no loans, investments, guarantees and security given in respect of which provisions of section 185 and 186 of the Act are applicable. Accordingly, the provisions of clause 3(iv) of the Order are not applicable to the Company.

(v) The Company has not accepted any deposits from the public. Accordingly, the provisions of clause 3(v) of the Order are not applicable to the Company.

(vi) The Central Government has not prescribed the maintenance of cost records under Section 148 of the Act for any of the products of the Company. Accordingly, in our opinion, the provisions of clause 3(vi) of the Order are not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and services tax, duty of customs, cess and any other material statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employee state insurance, income-tax, goods and services tax, duty of customs, cess and any other material statutory dues were in arrears, as at 31 March 2021, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of income-tax or goods and services tax or sales-tax or duty of customs which have not been deposited by the Company on account of disputes, except for the following:

Name of statue	Nature of dues	Amount (INR lakhs) *	Period to which the amount relates	Forum where dispute is pending
Maharashtra Value Added Tax, 2002	Sales tax	62 (19)	AY 2012-13	Appellate Tribunal
Central Sales Tax, 1958	Sales tax	17 (15)	AY 2012-13	Appellate Tribunal
Jharkhand Value Added Tax, 2005	Sales tax	36 (27)	AY 2016-17	Deputy Commissioner of Sales Tax

* The amount in brackets represent taxes paid under protest.

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to banks. The Company did not have any outstanding dues to financial institutions, government or debenture holders during the year.

(ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause 3 (ix) of the Order is not applicable to the Company.

(x) According to the information and explanations given to us, no material fraud on the Company by its officers and employees or fraud by the Company has been noticed or reported during the year.

(xi) According to the information and explanations given to us and based on examination of the records of the Company, the Company has not paid/ provided managerial remuneration during the year. Hence reporting under the provisions of Section 197 read with Schedule V to the Act, is not applicable to the Company.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable, and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, clause 3(xv) of the Order is not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, clause 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA RETAIL LIMITED FOR THE YEAR ENDED 31 MARCH 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Retail Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Corporate Information

Mahindra Retail Limited (formerly Mahindra Retail Private Limited) ('the Company' or 'Mahindra Retail'), was incorporated in 2007. Mahindra Retail operates in the Mother and Childcare retail segment with its 'FirstCry.com a Mahindra Venture' branded stores. On 15 October 2016, Mahindra Retail entered into a business transfer agreement with Brainbees Solutions Pvt Ltd (FirstCry.com). Under the agreement the erstwhile franchisee business of the Company had been sold to FirstCry.com and Mahindra Retail would operate as a master franchisee of FirstCry.com. During the current year, Mahindra Retail decided to discontinue all its Retail operations and continues to hold investment in Brainbees Solutions Private Limited. Also refer to note 22.

The Company is an unlisted public limited company domiciled in India and is incorporated under the provisions of the Indian Companies Act. The registered office of the Company is located at Mahindra Towers, P.K.Kurne Chowk, Worli, Mumbai – 400018, Maharashtra. The CIN of the Company is U52190MH2007PLC173762

The Company converted from a private limited to a public company effective 6 April 2018 and the name of the Company was changed to Mahindra Retail Limited effective 6 April 2018.The Company's Holding Company is Retail Initiative Holding Limited ("the Holding Company"). Mahindra Engineering & Chemical Products Limited is the Intermediate Holding Company ("Intermediate Holding Company") and Mahindra & Mahindra Limited is the Ultimate Holding Company ("the Ultimate Holding Company").

2. Significant accounting policies

2.1. Statement of compliance

These Ind AS financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 ('the Act') and other relevant provisions of the Act as amended from time to time.

In the Board of Directors meeting held on 21 April 2021, the Board has approved to issue these Ind AS financial statements to shareholders of the Company.

2.2. Basis of preparation

a) Basis of measurement

The Ind AS financial statements have been prepared on the historical cost convention and on an accrual basis except for certain financial assets which are measured at amortised cost at the end of each reporting period.

b) Functional and presentation currency

These Ind AS financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

c) Use of estimates and judgements

In preparing these Ind AS financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected.

Going concern

The Company has been incurring losses for the past years and has accumulated losses of Rs. 52,766 lakhs as at 31 March 2021. The Company currently holds Bank Deposits to the extent of Rs 12,317 lakhs. As the Company has discontinued its Retail operations, its recurring and accumulated losses are expected to reduce. Furthermore, while the Company has closed all its stores and discontinued its Retail operations, as mandated by the Shareholders, the Company will continue to be in existence. Based on its future business plans, the Company is confident of funding its operating expenditure and continue its business operations in the foreseeable future. Hence, these Ind AS financial statements have been prepared on a going concern basis.

d) Measurement of fair values

The Company has an established control framework with respect to the measurement of fair values. Significant valuation issues, if any, are reported to the Company's management.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted (unadjusted) market price in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in note 2.3 (o) - financial instruments.

2.3 Significant accounting policies

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from its previously assessed standard of performance. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Borrowing costs directly attributable to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent these relate to the period till such assets are ready to be put to use.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss when the Property, plant and equipment is de-recognized.

Depreciation

Depreciation is calculated on a straight-line basis over the estimated range of useful lives of the assets as follows:

Class of assets	Management estimate of useful life in years	Useful life as per Schedule II
Office equipment	5	5
Furniture and fixtures*	5	10
Computer and peripherals*	3	3 to 6
Vehicles*	4	8

Leasehold improvements are amortized over the lease term or useful lives of assets, whichever is lower.

*The Company, based on technical assessment made by technical expert and management estimate, depreciates certain assets over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

c) **Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost and carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

The Management estimates the useful lives for its intangible assets as follows:

Class of assets	Useful life estimated (in years)
Computer software	3

De-recognition

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

d) **Impairment**

i. **Impairment of financial assets**

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off.

ii. **Impairment of non-financial assets**

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). The Company considers each store as separate CGU and each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in statement of profit and loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

e) **Revenue recognition**

The Company recognises revenue to depict the transfer of promised goods to customers in an amount that reflects the consideration to which the entity expects to be received in exchange for those goods. A 5-step approach is used to recognise revenue as below:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in the contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Sale of goods

Revenue from the sale of goods is recognised upon transfer of control of promised goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, discounts and volume rebates.

Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

f) Foreign currency transactions

Transactions in foreign currency are translated to the functional currency at the exchanges rates at the dates of the transaction or an average rate, if the average rate approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the functional currency using exchange rate prevalent at each reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated in to the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in statement of profit and loss for the period in which the transaction is settled.

g) Employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the reporting date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability. If the contribution already paid exceeds the contribution due for services received before the reporting date, then excess is recognized as an asset.

The Company operates a defined benefit gratuity plan which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined on the basis of on actuarial valuation at the year end, using the projected unit credit method. Defined benefit gratuity payments which are expected to occur within twelve months after the end of period in which employee renders related services, are considered as current liability and those which are not expected to occur within twelve months after the end of period are considered as non-current liability.

Compensated absences are not expected to occur within twelve months after the end of period in which employee renders related services, therefore compensated absences considered as non-current liability and are provided for based on the actuarial valuation carried out at year-end using the projected unit credit method.

Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income and are not reclassified to profit or loss in a subsequent period. Further, as required under Ind AS compliant Schedule III, the Company transfers those amounts recognised in other comprehensive income to retained earnings.

h) Leases

Effective 1 April 2019, the Company has applied Ind AS 116, which replaces the existing lease standard, Ind AS 17 Leases and other interpretations. The Company has applied Ind AS 116 using the modified retrospective approach and has accordingly not restated the comparative information. The Company at the inception of a contract, assesses whether a contract, is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Ind AS 116 introduces a single balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The Company has elected not to recognise right-of-use of assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets or variable lease payments. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. Lessor accounting remains similar to the accounting under the previous standard i.e. lessor continues to classify leases as finance or operating lease. This policy is applied to contracts entered into, or changed, on or after 1 April 2019. For contracts entered into before 1 April 2019, the determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life or the end of the lease term. The estimated useful life of the right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payment of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

In the comparative period, leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases, where the Company is a lessor, is recognised as income on a straight-line basis over the lease term.

i) Income taxes

Income tax comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the statement of profit and loss. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the balance sheet date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

j) Earnings/(loss) per share

The basic earnings / (loss) per share ('EPS') is computed by dividing the net profit / (loss) after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period unless issued at a later date. In computing dilutive earning per share, only potential equity shares that are dilutive i.e. which reduces earnings per share or increases loss per share are included.

k) Provision and contingent liabilities

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Ind AS financial statements.

l) Inventories

Inventories (traded goods) are valued at the lower of cost and net realisable value. Cost of inventories include cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs to sell. The comparison of cost and net realizable value is made on an item-by-item basis.

Inventories are stated net of write down or allowances on account of obsolescence, damage or slow moving items.

The provision for inventory obsolescence is assessed periodically and is created as considered necessary.

m) Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

n) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits net of outstanding bank overdrafts if those are considered an integral part of the Company's cash management.

o) Financial instruments

i. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at either at amortised cost, FVTPL or fair value in other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at investment level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for each of such investments and the operation of those policies in practice;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL - These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.

Financial assets at amortised cost - These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in the statement of profit and loss.

Equity investments at FVOCI - These assets are subsequently measured at fair value. Dividends are recognised as income in statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

iii. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

p) Investment in associates

An associate is an entity in which the Company has significant influence. Significant influence is power to participate in the financial and operating decisions of the investee, but not control on those policies. Investment in associates is recognised at cost and are accounted for using equity method until the date on which significant influence ceases. The Company has availed the exemption from applying the equity method of accounting as per para 17 of Ind AS -28 *"Investments in Associates and Joint Ventures"*.

On disposal of investment in an associate, the difference between the net disposal proceeds and the carrying amount of the investment in associate is charged or credited to the statement of profit and loss.

q) Discontinued operations

A discontinued operation is a component of the Company's business, the operation and cash flows of which can be clearly distinguished from those of the rest of the Company and which represents a separate major line to business or geographical area of operations and

- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographic area of operations; or
- Is a subsidiary acquired exclusively with a view to re-sale.

Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier.

When an operation is classified as a discontinued operation, the comparative statement of profit and loss is re-presented as if the operation had been discontinued from the start of the comparative period.

r) Recent pronouncements

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from 1 April 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.

- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in the name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

***Rights Issue - Tranche 1 (70,00,000 Equity Shares)**

During the year, the Company allotted 70,00,000 fully paid equity shares of face value of Rs. 10 each at par aggregating to Rs 700 lakhs pursuant to a rights issue. Equity shares were issued pursuant to a rights issue approved by the Board of Directors at their meeting on 24 September 2020. The shares under rights issue were offered in proportion to the shares held and are issued at par as on 25 September, 2020. The Holding Company declined their rights shares which were then allotted to the Intermediate Holding Company on 27 October 2020.

***Rights Issue - Tranche 2 (32,00,000 Equity Shares)**

During the year, the Company allotted 32,00,000 fully paid equity shares of face value of Rs. 10 each at par aggregating to Rs 320 lakhs pursuant to a rights issue. Equity shares were issued pursuant to a rights issue approved by the Board of Directors by passing circular resolution dated 26 November, 2020. The shares under rights issue were offered in proportion to the shares held and are issued at par as on 26 November, 2020. The Holding Company declined their rights shares which were then allotted to the Intermediate Holding Company on 5 January 2021.

(ii) Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

(iii) Particulars of shares held by each shareholder holding more than 5% shares:

(Rs. in lakhs except per share data)

Particulars of shareholders holding more than 5% of shares	As at 31 March 2021		As at 31 March 20220

Secretarial fees	**2**	6
	19	22

22. Discontinued Operations

Mahindra Retail Limited, incorporated in 2007, marked the entry of the Mahindra group into the organized retail segment. The Company started its operations in the Mother & Child retail segment with its Mom & Me branded stores. The Company continued to operate its business under multiple channels/verticals – Own stores, Franchisee Stores, Online Platform and Distribution. Being in retail industry, the Company continued to face tough competition from organised as well as unorganised retail operators. This resulted in continued losses being sustained by it. In 2016, the Company collaborated with Brainbees Solutions Private Limited ("Brainbees"). As a part of this transaction the Company transferred its Franchisee business to Brainbees Solutions Private Limited in consideration of shares in Brainbees Solutions Private Limited. The Company also consolidated its operations and discontinued loss-making business verticals/channels (online and distribution). The Company continued to operate its own stores as master franchisee of Brainbees Solutions Private Limited. The Company's management was working towards turning the owned store business profitable, as such multiple initiatives like relocation of stores, cutting costs, improving efficiency etc. were undertaken every year. As a result of these steps the losses declined but continued every year.

With the outbreak of Global Pandemic in March 2020, the after effects of which are expected to continue for couple of years for retail industry, particularly towards physical stores segment, the Company's management and the Board was of the view that the Retail store operations of the Company (which were incurring losses) should be discontinued. Accordingly, the Board approved the closure of its Retail store business in the Board meeting held on 19 January 2021. The Shareholders also in their General Meeting held on 8 February, 2021, granted their approval for closure of stores and operations of the Company (also refer to note 4 and 5). All the stores of the Company have been terminated as of 31 March 2021 and all Employees of the Company have also been released as of 31 March 2021 (also refer to notes 4 and 5).

Financial performance and cashflows of discontinued operations

24. Financial instruments

The carrying value and fair value of financial instruments by categories are as follows:

(Rs. in lakhs)

Particulars	Note	Carrying value As at 31 March 2021	As at 31 March 2020
Financial assets*			
Carried at cost			
Investment in an Associate Company**	6	**32,073**	35,548
Measured at amortised cost			
Loans	7	**–**	643
Trade receivables	11	**4**	483
Cash and cash equivalents	12 (a)	**12,099**	31
Other financial assets	8	**314**	38
Total financial assets		**44,490**	36,742
Financial liabilities*			
Measured at amortised cost			
Borrowings	15	**–**	660
Trade payables	16	**228**	1,412
Other financial liabilities	17	**–**	53
Lease liabilities	5	**–**	2,652
Total financial liabilities		**228**	4,777

* The Company has not separately disclosed the fair values for financial assets and liabilities because their carrying amounts are a reasonable approximation of the fair value.

** Investment in equity shares in an Associate Company is accounted at cost as per Ind AS-28.

24.1 Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

24.2 Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The management is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board.

24.3 Financial risk management objective and policies

The Company's principal financial liabilities comprise trade payables. The main purpose of these financial liabilities was to finance the Company's operations. The Company's principal financial assets include investments, loans, trade and other receivables, cash and short-term deposits.

The Company is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these IND AS financial statements.

24.4 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises from cash held with banks and financial institutions as well as credit exposure to clients, including outstanding accounts receivable and security deposit. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company's trade and other receivables are actively monitored to review credit worthiness of the customers to whom credit terms are granted and also avoid significant concentrations of credit risks.

Given below is ageing of trade receivables spread by period of six months.

(Rs. in lakhs)

Particulars	As at 31 March 2021	As at 31 March 2020
Outstanding for more than 6 months	**4**	23
Others	**–**	500
Total:	**500**	209

The Company continuously monitors receivables from customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. As the customer base is distributed economically and geographically, there is no concentration of credit risk.

The Company has considered possible effects that may result from COVID-19, a Global Pandemic, on the carrying amount of receivables. The carrying amount of the Company's trade and other receivables as at 31 March 2021 is not significant. The Company has balance of GST input credit receivable amounting to Rs. 256 lakhs as on 31 March 2021. As the Company's Retail stores operations have been discontinued, a full provision against the GST input credit receivable amounting to Rs. 256 lakhs has been created as of 31 March 2021. Also refer to note 9 (a).

Financial assets that are not credit impaired:-

The Company has financial assets which are in nature of cash and cash equivalents, security deposit, bank deposit, trade receivable which are not credit impaired. These are contractually agreed, and the probability of default is negligible.

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies.

24.5 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. While management expects to generate cash from the operations of the Company, to mitigate liquidity risk, the Holding Company is also committed to support the operations of the Company.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2021 and 31 March 2020:

(Rs. in lakhs)

	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
As at 31 March 2021					
Trade payables (refer note 16)	**228**	**–**	**–**	**–**	**228**
Total	**228**	**–**	**–**	**–**	**228**

(Rs. in lakhs)

	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
As at 31 March 2020					
Borrowings (refer note 15)	**660**	**–**	**–**	**–**	**660**
Trade payables (refer note 16)	**1,412**	**–**	**–**	**–**	**1,412**
Other financial liabilities (refer note 17)	**53**	**–**	**–**	**–**	**53**
Lease liabilities (refer note 5)	**220**	**616**	**1,544**	**272**	**2,652**
Total	**2,345**	**616**	**1,544**	**272**	**4,777**

24.6 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial investments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk

The Company is not exposed to significant currency risk as majority of the transactions are primarily denominated in Indian Rupees ("INR"), which is the national currency of India.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have exposure to long-term debt obligations with floating interest rates and hence does not foresee any significant risk arising from interest rate fluctuation.

24.7 Capital management

The Company's capital management objectives are:

– to ensure the Company's ability to continue as a going concern.

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. The Company is not subject to externally enforced capital regulation. The Company's capital requirements are substantially met through the issue of equity to the Holding Company and the Intermediate Holding Company.

There is no change in the overall capital risk management strategy of the Company compared to last year.

25. Employee benefits

(a) Defined contribution plan

The Company's contribution to Provident Fund and Employee State Insurance aggregating Rs. 47 lakhs (2020: Rs. 95 lakhs) has been recognised in the Statement of profit and loss under the head employee benefits expense.

(b) Defined benefit plan:

Gratuity

The Company operated one defined benefit plan, viz., gratuity, for its employees. Under the gratuity plan, every employee who had completed at least five years of service got gratuity on departure at 15 days of last drawn salary for each completed year of service. The scheme was funded with an insurance company in the form of qualifying insurance policy.

Through the defined benefit plan the Company was exposed to the following risks:

<u>Asset volatility</u>

The plan liabilities were calculated using a discount rate set with references to government bond yields; if plan assets under performed compared to the government bonds discount rate, this created or increased a deficit. The defined benefit plan held a significant proportion of equity type assets, which were expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

The Company had chosen a suitable plan with Insurance, which augured well with the Company's long term strategy to manage the plan efficiently.

<u>Changes in bond yields</u>

A decrease in government bond yields would increase plan liabilities, although this was expected to be partially offset by an increase in the value of the plans' bond holdings.

<u>Life expectancy</u>

Increase in life expectancy would result in an increase in the plan's liabilities, as the inflationary increases result in higher sensitivity to changes in life expectancy.

The Company does not have any employees, at the close of business hours on 31 March 2021. All the gratuity dues were settled by the Company as part of full and final settlement of these employees.

Actuarial assumptions

	As at 31 March 2021	As at 31 March 2020
Discount rate(s)	**–**	7.52%
Expected rate(s) of salary increase	**–**	10.00%
Average longevity	**–**	Indian Assured Lives Mortality (2012-14)

Defined benefit plan – as per actuarial valuation

(Rs. in lakhs)

Particulars	Funded Plan As at 31 March 2021	Funded Plan As at 31 March 2020
Amounts recognized in comprehensive income in respect of these defined benefit plans are as follows:		
Service cost:		
Current service cost	–	15
Net interest expense	–	2
Components of defined benefit costs recognized in profit or loss	–	17
Remeasurement on the net defined benefit liability:		
Return on plan assets (excluding amount included in net interest expense)	–	(2)
Actuarial gains arising from changes in demographic assumptions	–	(8)
Actuarial gains arising from changes in financial assumptions	–	(68)
Actuarial loss arising from experience adjustments	–	69
Components of defined benefit costs recognized in other comprehensive income	–	(9)
	–	8
I. Net Asset recognized in the Balance Sheet		
- Present value of defined benefit obligation	–	68
- Fair value of plan assets	–	(35)
Surplus	–	33
Current portion of the above	–	33
II. Change in the obligation during the year		
- Present value of defined benefit obligation at the beginning of the year	–	73
- Expenses Recognized in Profit and Loss	–	
- Current Service Cost	–	15
- Interest expense	–	4
Remeasurement (gains)/losses	–	
- Actuarial (gains)	–	(7)
Benefit payments	–	(17)
Present value of defined benefit obligation at the end of the year	–	68
III. Change in fair value of assets during the year ended 31 March 2020		
Fair value of plan assets at the beginning of the year	–	47
Expenses Recognized in Profit and Loss Account	–	
- Expected return on plan assets	–	3
Recognized in Other Comprehensive Income	–	
Remeasurement losses	–	
- Actual Return on plan assets in excess of the expected return	–	2
Contributions by employer (including benefit payments recoverable)	–	
Benefit payments	–	(17)
Fair value of plan assets at the end of the year	–	35
IV. The major categories of plan assets		
- Investment with Insurer	**0%**	100%

The Company's policy was driven by considerations of maximizing returns. The asset allocation for plan assets was determined by the Fund Manager based on investment criteria prescribed by the local regulators. The Company evaluated the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compared actual returns for each asset category with published benchmarks.

V. The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount rate	**2021**	**1.00%**	–	–
	2020	1.00%	(4.42)	5.10
Salary growth rate	**2021**	**1.00%**	–	–
	2020	1.00%	4.70	(4.15)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

VI. Maturity profile of defined benefit obligation:

(Rs. in lakhs)

	As at 31 March 2021	As at 31 March 2020
Within 1 year	–	–
1 - 2 years	–	9
2 - 3 years	–	7
3 - 4 years	–	5
4 - 5 years	–	4
5 - 10 years	–	16
Above 10 years	–	26
	–	68

Plan Assets:

The details with respect to the investment made by Fund manager (Life Insurance Corporation) into major categories of plan assets have not been disclosed, as the same has not been provided by the Fund manager to the Company.

VII. Experience adjustments:

(Rs. in lakhs)

	As at 31 March 2021	As at 31 March 2020
	Gratuity	
1. Defined Benefit Obligation	–	68
2. Fair value of plan assets	–	(35)
3. Surplus	–	33
4. Experience adjustment on plan liabilities loss	–	69
5. Experience adjustment on plan assets loss	–	(2)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation. The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(Rs. in lakhs)

Contingent liabilities	For the year ended 31 March 2021	For the year ended 31 March 2021
(a) Disputed Income Tax demand*..................	**–**	360
(b) Central Sales Tax and Value Added Tax matters under dispute*...............................	**99**	158

(c) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligations for past periods. Accordingly, based on legal advice the Company had made a provision for provident fund contribution from the date of Supreme Court order. There is no change in the above ruling during the year. During the current year, the Company has released all its employees and based on the provision created in the books, settled the Provident Fund dues as part of the full and final settlement.

* The Company is contesting the demands and the management believes that its position will likely be upheld in the various appellate authorities/courts and the ultimate outcome will not have a material adverse effect on the Company's financial position and results of operations.

Commitments

(Rs. in lakhs)

	For the year ended 31 March 2021	For the year ended 31 March 2021
Commitment relating to leases	**–**	158

28 Dues to micro, medium and small enterprises

The Ministry of Micro, Medium and Small Enterprises has issued an office memorandum dated 26 August 2008 which recommends that the Micro and Small enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum in accordance with the 'Micro, Small and Medium Enterprises Development Act, 2006 ('the Act'). Accordingly, the disclosure in respect of the amounts payable to such enterprises as at 31 March 2021 has been made in the IND AS financial statements based on information received and available with the Company. Further in view of the Management, the impact of interest, if any, that may be payable in accordance with the provisions of the Act is not expected to be material. The Company has not received any claim for interest from any supplier as at the balance sheet date.

The principal amount due and the interest due thereon remaining unpaid to any supplier at the end of each accounting year:

(Rs. in lakhs)

	For the year ended 31 March 2021	For the year ended 31 March 2021
(a) Dues remaining unpaid		
- Principle	**–**	–
- Interest on the above...............................	**–**	–

- Principle paid beyond the appointed date	**–**	–
- Interest paid in terms of Section 16 of the MSMED Act	**–**	–
(c) Amount of interest due and payable for period of delay on payments made made beyond the appointed day during the year.	**–**	–
(d) Further interest due and payable even in the succeeding years, until such date when the interest due as above are actually paid to the small enterprises..............................	**–**	–
(e) Amount of interest accrued and remaining unpaid	**26**	26

29 Segment information

During the year, the Company operated in a single reportable segment, i.e., in the business of retailing a variety of lifestyle and consumer products through its own branded stores in India. Consequently, the requirements for a separate disclosure under Ind AS 108 - "Operating Segments" is not applicable.

30 Long-term contracts

The Company does not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

31 Impact of COVID-19

The COVID-19 pandemic is rapidly spreading throughout the world. The event significantly affects the economic activity worldwide. The impact of the COVID-19 pandemic may be different from that estimated as at the date of approval of these financials statements and the Company continues to closely monitor any material changes to future economic conditions.

The Company's stores and offices were under complete lockdown since 24 March 2020 and the post release of lockdown restrictions, the Company had started closing all its Retail stores. All the Company's Retail stores are closed as on 31 March 2021. Accordingly, since the Company has discontinued its Retail stores operations, the impact of Covid 19 Pandemic on the operations and results of the Company is not likely to be significant.

Management has performed comprehensive assessment of the implications of COVID-19 on the financial statements of the Company for the year 31 March 2021 including specifically on the going concern assumptions, estimate of expected credit loss and revenue recognized during the year, significant estimates (including assumptions, data. method, & disclosures), and have accordingly concluded that there is no adjustment required in these Ind AS financial statements.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA DEFENCE SYSTEMS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Defence Systems Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report, but does not include the financial statements, and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are

appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

   In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position. Refer to note 39 (i) of the financial statements.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer to note 37 of the financial statements.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. Refer to note 38 of the financial statements.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date on the financial statements for the year ended March 31, 2021 of Mahindra Defence Systems Limited

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Mahindra Defence Systems Limited (“the Company”) as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on “the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

ANNEXURE “B” TO THE AUDITORS’ REPORT

Referred to in paragraph 2 under ‘Report on Legal and Regulatory Requirements’ section of our report of even date on the financial statements for the year ended March 31, 2021 of Mahindra Defence Systems Limited

(i) In respect of its fixed assets:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.

(b) The Company has a program of verification of fixed assets to cover all the items in a phased manner over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) Based on the examination of the registered sale deeds provided to us, we report that, the title deed, comprising all the immovable properties of land and Buildings which are freehold, are held in the name of the Company as at the balance sheet date. The Company does not have any immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the financial statements.

(ii) The inventories were physically verified during the year by the Management at reasonable intervals other than for inventories lying with third party at the end of the year for which confirmation have been obtained in most of the cases. The discrepancies noticed on physical verification of inventories as compared to book records were not material and have been properly dealt with in the books of account.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

(v) The Company has not accepted any deposits from the public. The Company does not have any unclaimed deposits and accordingly the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 are not applicable to the Company.

(vi) The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Companies Act, 2013.

(vii) According to the information and explanations given to us and the records of the Company examined by us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees’ State Insurance, Income-tax, Customs Duty, Goods and Services Tax, cess and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees’ State Insurance, Income-tax, Customs Duty, Goods and Services Tax, cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty and Value Added Tax as on March 31, 2021 on account of disputes.

(viii) The Company has not defaulted in repayment of loans or borrowings to bank. The Company has not taken any loans or borrowings from financial institutions and government and has not issued any debentures during the year.

(ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause 3(ix) of the Order is not applicable.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with schedule V of the Companies Act, 2013.

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause 3(xiv) of Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with its directors or directors of its holding or associate company or persons connected with him and hence provisions of Section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. **General Information**

Mahindra Defence Systems Limited is a Public Limited Company incorporated on July 30, 2012 under the Companies Act, 1956 ("the Act"). The Company is a subsidiary of Mahindra & Mahindra Limited. The Company is engaged in design, development, manufacture, supply, dealing, operating, trading, overhaul, repair, maintenance and service of all kinds of defence vehicle and other defence equipment including training to armed forces people through specific equipments. The Company is also engaged in business of consultancy, training, implementation, management, maintenance and audit in the areas of information security, physical security, homeland security, critical infrastructure security, IT systems & network security, applications security, web & software security, change management & training, business continuity, disaster recovery, governance, loss prevention, fraud risk management, forensics, third party assessment and other allied areas with the objective of derisking the business and mitigation of loss arising from such security risks. The address of company's registered office is Mahindra Towers, P.K. Kurne Chowk, Dr. G.M.Bhosale Marg, Worli, Mumbai-400018 and the address of its corporate office is Mahindra Towers, 1st Floor, 2-A, Bhikaji Cama Place, New Delhi- 110066.

2. **Basis of preparation and presentation**

2.1 Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended.

The financial statements are presented in rupees and all values are rounded to the nearest lakhs except when otherwise indicated.

2.2 Accounting convention

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.3 Operating Cycle

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3. **Significant Accounting Policies**

3.1 Revenue recognition

Revenue represents income derived from contracts for the provision of goods and services, over time or at a point in time, by the company to customers in exchange for consideration in the ordinary course of the activities.

Contract Identification

The contract between the Company and customer is identified which creates enforceable rights and obligations with defined payment terms.

Performance obligations

Upon approval by the parties to a contract, the contract is assessed to identify each promise to transfer either a distinct good or service or a series of distinct goods or services that are substantially the same and have the same pattern of transfer to the customer. Goods and services are distinct and accounted for as separate performance obligations in the contract if the customer can benefit from them either on their own or together with other resources that are readily available to the customer and they are separately identifiable in the contract.

Transaction price

At the start of the contract, the total transaction price is determined with respect to the contract. The total transaction price is allocated to the performance obligations identified in the contract in proportion to their relative stand-alone selling prices.

Revenue recognition

Revenue is recognised as performance obligations are satisfied as control of the goods and services is transferred to the customer. For each performance obligation within a contract, the company determines whether it is satisfied over time or at a point in time.

Performance obligations are satisfied over time if one of the following criteria is satisfied:

- the customer simultaneously receives and consumes the benefits provided by the Company's performance as it performs;
- the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Company's performance does not create an asset with an alternative use to the Company and it has an enforceable right to payment for performance completed to date.

For each performance obligation to be recognized over time, the Company recognises revenue using an input method and output method. Input method is used to recognize revenue on the basis of Percentage completion method applied on the company actual spent on the basis of resources consumed, labour hours expended, costs incurred, time elapsed or machine hours used while Output methods recognize revenue on the basis of direct measurements of the value to the customer of the goods or services transferred to date relative to the remaining goods or services promised under the contract. Revenue and attributable margin are calculated by reference to estimates of sale price and total costs.

<u>Significant financing component;</u>

In determining the transaction price, the company adjusts the promised amount of consideration for the effects of the time value of money if the timing of payments agreed to by the parties to the contract provides the customer or the company with a significant benefit of financing the transfer of goods or services to the customer.

The company recognises revenue at an amount that reflects the price that a customer would have paid for the promised goods or services if the customer had paid cash for those goods or services when (or as) they transfer to the customer (ie the cash selling price)

<u>Dividend, interest and rental income</u>

Dividend income from investments is recognized when right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the companies expected inflationary cost increases, such increases are recognized in the year in which such benefits accrue.

3.2 Leasing

Rental expense from operating leases is generally recognised on a straight line basis over the term of relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

The Company is Lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Separate lease components in the contract is accounted as Lease Income.

The Company did not need to make any adjustments to the accounting of assets held as lessor under operating leases as a result of the adoption of IND AS 116.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

The Company is Lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

ii) Transition

The Company applied Ind AS 116 initially on 1 April 2019, using the modified retrospective approach with Option 2 where an amount equal to lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease is recognised in the balance sheet as Right-of use asset immediately before the date of initial application.

The following is the summary of practical expedients elected on initial application:

Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application, Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

The difference between the lease obligation recorded as of March 31, 2019 under Ind AS 17 disclosed under Note 25 of financial statements for the year ended March 31, 2019 and the value of the lease liability as of 01 April 2019 is primarily on account of inclusion of extension and termination options reasonably certain to be exercised, in measuring the lease liability in accordance with Ind AS 116 and discounting the lease liabilities to the present value under Ind AS 116.

3.3 Foreign currency transactions and translations

In preparing the financial statements transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.4 Borrowing costs

Borrowing costs directly attributable to the' acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

3.5 Employee benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity, compensated absences and post-employment medical benefits.

<u>Retirement benefit costs</u>

Payments to defined contribution retirement benefit plans are recognised as an expense employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

Re – measurements, comprising actuarial gains and losses, the effect of changes to asset ceiling (if applicable) and the return on plan assets, is recognized in other comprehensive income in the period in which they occur. Re - measurements recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the companies defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

3.6 Taxes on income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Minimum Alternate Tax (MAT) paid as current tax expense in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as tax credit and recognised as deferred tax asset when there is reasonable certainty that the Company will pay normal income tax in the future years and future economic benefit associated with it will flow to the Company.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively

3.7 Property, Plant and equipment

Property, Plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses. Subsequent expenditure relating to fixed assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Such assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses.

Depreciation is recognised so as to write off the cost of assets (Other than free hold land and properties under contruction less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation is charged on a pro-rata basis at the straight line method as per the useful life prescribed in Schedule II to the Companies Act, 2013, other than certain assets which are depreciated as follows:

Estimated useful life of assets are as follows:

Plant and equipment	1- 10 years
Office equipment	1- 5 years
Furniture and fixtures	1-10 years
Vehicles	5 years

The above useful life has been assessed based on internal assessment and technical advice, taking into account the nature of the asset, the estimated usage of the asset, and the operating conditions of the asset and anticipated technological changes.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

3.8 Intangible Assets

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Intangible assets comprising of technical knowledge and development expenditure, etc. are amortised over a period of three years or less depending on the estimated useful life of the assets remaining as at balance sheet date. Intangible assets, comprising of software, expenditure on product design and prototypes incurred are amortised on a straight line method over a period of 5 years and 3-5 years respectively.

3.9 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is the higher of fair value less costs of disposal and value in use.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash- generating unit to which the asset belongs.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

3.10 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a moving weighted average. Finished goods and work-in-progress include appropriate proportion of overheads. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

3.11 Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

3.12 Warranties

In respect of sale of manufactured and traded goods, the estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures (except warranties backed by the supplier).

3.13 Financial instruments

Financial assets and financial liabilities are recognised when Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

3.14 Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Financial instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income:
- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset that meets the amortised cost criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the company right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Investment in Equity instruments

Investments in subsidiaries and joint ventures are carried at cost less accumulated impairment, if any.

3.15 Financial liabilities

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' Line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

3.16 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

4. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company accounting policies, which are described in note 3, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:-

Recoverability of intangible asset under development

During the period, the Company assessed the recoverability of the intangible assets under development.

Capitalisation of cost in intangible assets under development is based on management's judgment that technological and economic feasibility is confirmed and asset under development will generate economic benefits in future. This situation is closely monitored, and adjustments made in future periods if future market activity indicates that such adjustments are appropriate.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Useful lives of depreciable assets and intangible assets

Management reviews the useful lives of depreciable assets and intangible assets at each reporting. As at March 31, 2021 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

Investment considered Joint venture

The Company holds 51% equity share capital of Mahindra Telephonics Integration Systems Limited (MTISL) and the remaining 49% is held by Telephonics corporation USA (TC) (Joint venture partner). Based on the joint venture agreement between the Company and TC, decisions on certain relevant activities, which are significant in nature, require the consent of both the Company and TC. Company cannot take unilateral decision on those activities

The provision of output from operations, do not go to "both the parties" as MTISL does not sell its product to the Company and hence the Company does not receive economic benefits of the assets of the operations. The outputs of the MTISL are purchased only by TC. The MTISL is generating cash to contribute to the continuity of the operations. Therefore, the director of the Company decided to classify MTISL as joint venture.

Impairment of Investments

The Company assesses impairment of investments in joint ventures which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the statement of Profit and Loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate

Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.1 Recent Accounting pronouncements

i. On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021

   The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

ii. The Company has analysed it and concluded that there no recent accounting pronouncements which have material impact on the financial performance and position of the Company.
